

Valkyrie 3271

[Chapter 3271: Had a good son](#)

Suddenly, the world was empty. The three powerful forces of Red Moon City, Fenghuizong, and Dragon King Island were severely beheaded by Qin Chen, refined and absorbed, and instantly annihilated. .

Such a scene stunned all the Guangcheng Palace Master, Death God Sovereign, and Guangyuetian's many forces from the outside world.

What did they see?

Is this still a human?

A deep fear filled everyone's heart.

Is this innocent in front of him really a holy lord at the mid-term peak? Not a late Lord? Domineering figure in heaven?

At this moment, fear emerged in everyone's heart, even if Qin Chen was with them, this fear could not be concealed.

Boom!

After Qin Chen beheaded the Red Moon City Lord and the others, he pointed to break the restriction of the True Dragon Spirit Pond, stepped forward in one step, and quickly came to Palace Lord Guangcheng and the others.

scare!

All the power saint masters of Guangyuetian looked at Qin Chen in horror, with deep fear in their eyes, for fear that Qin Chen would turn into gods and demons if he was not careful, killing them all.

Even City Master Red Moon and others such as heaven-defying masters were instantly beheaded and refined by Qin Chen, how could they resist these ordinary forces? I'm afraid you can kill it with your fingers, right?

"Brother Wudao, you...Xingtianya them?" Palace Master Guangcheng said tremblingly. Although she heard what Qin Chen said before, at this moment, there was still a hint of disbelief in her heart.

"Well, everyone, the threat of Guangyuetian has been cleared by the old man, and that Xingtianya and others, including the owner of the Dragon King Island, have been beheaded by the old man. From now on, the people of Guangyuetian are safe."

Qin Chen said lightly.

Although they were prepared in their hearts, everyone still sucked in air when they heard Qin Chen's words.

"Thank you Wudao brother."

Palace Master Guangcheng hurriedly saluted.

Although she knows that Qin Chen claims to be her guest of Guangcheng Palace, but in fact, Qin Chen and her Guangcheng Palace do not have a deep relationship. At this time, she is deeply impressed by Qin Chen and wants to win over. .

Even, the heart is pounding wildly, such an overbearing man, who is not heartbroken?

"Thank you Brother Wudao for the shot."

The Death God Sect Master was a bit arrogant before, but at this moment, he is full of fear for Qin Chen. He is strong, but he is only in the same position as the Dragon King Island Master. Even in this true dragon spirit pool, he is full of fear. Wandu is not the opponent of the Dragon King Island Master, but now, even the Dragon King Island Master is easily beheaded by Qin Chen. He, the Death God Sect Master, has the confidence to challenge Qin Chen.

"Everyone, I am innocent and a member of Guangyuetian, you are welcome."

Qin Chen waved his hand faintly, naturally there was a big man's demeanor, everyone present couldn't help lowering their heads, and didn't even dare to look directly at Qin Chen.

Under Qin Chen's domineering aura, everyone was shocked and convinced.

Qin Chen said lightly: "Although the old man beheaded the chief culprits such as the Dragon King Island Master, since Yao Mie Mansion has already focused on Guangyuetian, it is difficult to guarantee that they will not continue to do it. What's more, we also killed Xingtianya. , With Yao Miefu's temper, will never let go."

As soon as Qin Chen's words fell, everyone present was shocked, yes, they killed the people in Yaomie Mansion, can the people in Yaomie Mansion give up?

"Senior Wudao, please tell me what should I do later?"

Fairy Guangcheng of Guangcheng Palace spoke immediately.

"It's very simple, as long as you tell the viciousness of Yaomie Mansion to the heavens, when the time comes, the sky knows the actions of Yaomie Mansion, and under Yaomie Mansion's cast of rodents, even if he is angry, I am afraid that he will not continue to act on Guangyuetian. Yes." Qin Chen said lightly.

The hearts of everyone condensed, Qin Chen meant to make their Guangyuetian forces hostile to Yao Mie Mansion.

In this way, Yaomie Mansion will indeed be afraid to do anything to Guangyuetian because of some fears, but in the future, as long as there is a chance, he will definitely wait for Guangyuetian to be completely wiped out, thinking that he will offend such a terrifying existence. Everyone is panicked.

In fact, they never expected that Qin Chen could kill Xing Tianya. Their original purpose was to punish the three major forces. As for Yao Mie Mansion's people, it would be enough to drive them out at most, but now Qin Chen... ..

Many people have faint fear in their hearts.

"Well, since I have already offended Yaomie Mansion, then I'm in Guangcheng Palace, naturally and Yaomie Mansion are incompatible." Guangcheng Palace Master said coldly.

Qin Chen can be regarded as a member of her Guangcheng Palace, and she knows very well that with Yao Miefu's mind, she can only live without dying at this point.

But the other forces were silent, especially many people, looking at the Death Sect Master. Now the Dragon King Island Lord and the others are dead, and in the entire Guangyuetian, only the Guangcheng Palace and the Death God Sect are left.

The death master was bitter in his heart.

Let him and Yao Mie Mansion openly hostile?

Too dangerous.

Moreover, there is also a trace of unwillingness in his heart. Originally, the three major forces such as the Dragon King Island Lord colluded with the Yaomie Mansion. As long as they seized the opportunity to destroy the three forces, the entire Guangyuetian would become the territory of his Death Sect and Guangcheng Palace. And Guangcheng Palace is actually inferior to his Death Sect to a certain extent. By then, his Death Sect will become the first force of Guang Yuetian.

But now, Guangcheng Palace has Qin Chen, a strong man, and the entire Guangyuetian will probably fall into the hands of Guangcheng Palace Master in the future. When that time comes, there will be no share of his Death Sect.

"Sect Master of Death, I think you are a little unwilling, why, is it possible that the old man killed the people in Yaomie Mansion, do you still want to eat inside?"

Qin Chen said coldly.

"No, Senior Innocent, my father would never dare to do this. My Death God Sect is willing to obey the orders of Senior Innocent, and openly break with Yao Mie Mansion." At this time, Shao Jikang, the first arrogant of Guangyue Tian, immediately stepped up and said respectfully. Angry.

Shao Jikang shouted to everyone: "As one of Guangyuetian's five major forces, I not only failed to discover the plots of Dragon King Island and other forces, but also allowed the other party to infiltrate my Death Sect, my Deputy Sect Master, It is the responsibility of my Death God Sect to have already taken refuge in the Yaomie Mansion. My Death God Sect is willing to break with the Yaomie Mansion, and is willing to work with Guangcheng Palace to seek benefits for Guangyuetian and return Guangyuetian to a peaceful environment. "

Shao Jikang said loudly.

"Sect Master of Death, what do you say?" Guangcheng Palace Master said.

"I, naturally, would like to obey Brother Wudao, and work with Guangcheng Palace against Yao Mie Mansion."

At the moment, the Death God Sect Master felt the murderous intent faintly emanating from Qin Chen's body, and couldn't help feeling aroused.

"Sect Master of Death, you really gave birth to a good son."

Qin Chen said indifferently, this made the Death God Sect Master couldn't help but feel cold, apparently his actions made Qin Chen feel dissatisfied, and his heart suddenly panic.

"If this is the case, let the three major forces be completely annihilated first, and the rest, the Palace Master Guangcheng and the Sect Master of Death, will be handed over to your two sects."

Qin Chen said lightly.

"Yes!"

Palace Master Guangcheng and Sect Master of Death immediately agreed.

At the moment, the two major forces began to purge Guangyuetian.

And when Guangyuetian was killing, a terrifying aura suddenly awakened in the depths of Yaomie Mansion.

boom!

The heavens shook, the galaxy trembled, and the world collapsed.

[Chapter 3272: Dark Eye Lord](#)

The void on this side exploded directly, and the astonishing aura pervaded, shaking for nine days, and the world was roaring.

The entire void of Yaomie Mansion seemed to be caught in a doomsday storm.

"Who is it? Who is it? How dare you break the ban on this seat?"

In the endless darkness, a black figure stood up and stood upright. On his body, the horrible dark atmosphere lingered, turning into a vast ocean, like the same demon god.

He stood up, as if the Tianzhu of Heaven and Earth was suddenly erected.

"Dark Eye Holy Lord!"

Palace Master Yaomie spoke, and a rumbling roar passed out. Suddenly, a black figure appeared in the distance in the void, and suddenly, it came to this infinite world.

This is a strong man wearing a black robe, burly, majestic and majestic. His eyes are dark, without any white eyes, walking in the void, like a ghost.

His whole body is entwined with the laws of heaven and the law, wherever he goes, this void seems to be controlled by this person, becoming one of his unique fields.

This means that this person has reached an extremely astonishing level of horror based on the comprehension of the law of heaven. This is the top supernatural power that the saint master of the later stage can master.

"Dark Eye has seen the Lord Palace Master."

This dark figure knelt on the ground, bowing his head in front of Palace Master Yao Mie, with a respectful look.

"Dark pupil, there is something important for you to do in this seat." Palace Master Yaomie said in a huff, his voice contained endless anger, and a pair of eye pupils bloomed with incomparable murderous intent.

"Palace Master, please give orders." The Dark Eyed Lord said respectfully, and his heart trembled under the killing intent of Palace Master Yao Annihilation. The Lord of the Palace became more and more terrifying, especially when working with the demons to absorb the darkness After the power, although he has not yet entered the realm of the venerable, the aura that exudes made him, the late saint master, shiver, and instinctively felt a trace of fear.

This is a terrifying will completely above him.

Lord Palace, I am afraid that within a short time, he will truly enter the realm of the nobleman and become the supreme being, right?

Enthusiasm emerged in the heart of the Dark Eye Lord.

"Dark pupil, this seat needs you to go to Guangyuetian!"

"Guangyuetian?"

The Dark Eyed Holy Master couldn't help but stunned, and said in astonishment: "Palace Master, that Guangyuetian, have you already sent Xingtianya to go? Although the Jiuyou Saint Master has lost the news, it is very likely that there was an accident, but Guangyuetian has already deployed the means. With Xingtianya's strength, it shouldn't be a problem to win Guangyuetian, why..."

The Dark Eye Lord felt incredible.

He is the late saint master, the real giant of the Yaomie Mansion. When the Lord Yaomie was in retreat all year round, it was the entire Yaomie Mansion controlled by him and the other two giants. They made various plans. The situation, very understanding.

Although Guangyuetian is important, the five major forces among them, the strongest one, are only the realm of the mid-term peak Saint Lord. Xingtianya alone is far enough, and there is no need to send him as a high-level person.

"Xingtianya has failed, and the soul restriction left by this seat on Xingtianya has been broken."

Palace Lord Yaomie said coldly.

"what?"

The Dark Eyed Holy Master was taken aback, and the soul restraint that the Lord Palace Master left on Xingtianya was broken by someone?

This is impossible!

"Palace Master, who exactly broke your prohibition?"

The Dark Eye Lord couldn't believe his ears.

In the entire Eastern Heaven Realm, he could not imagine anyone who could compare with the current Lord Palace Lord, and after the Lord Palace Lord absorbed the power of darkness, although he has not broken through the realm of the nobleman, he is already called a half-step nobleman, soul Power, unparalleled, who can compare with Lord Venerable?

"I don't know, that's why this seat needs you to go there in person, because the opponent is most likely a member of the Demon Race." Palace Master Yao Mie said coldly.

"People of the Demon Race?"

The Dark Eye Lord took a cold breath: "Why? Lord Palace, haven't I already cooperated with the Dead Demon Race among the Demon Race? The Dead Demon Race is among the Demon Race, and it is also one of the top Demon Races, why? Will there be demons against us? Moreover, even if we are waiting for the cooperation with the dead demons, it is very secretive, even other demons don't know it, but Xingtianya is now in Guangyuetian, how could it be directed against the demons?"

"This is exactly what I need you to figure out." Palace Master Yaomie's eyes were cold, and the black magical energy on his body fluctuated: "Recently, there have been a lot of troubles in my Palace, Su Quan and others are fighting in the lower realm. I arrived at the traces of the ancient source continent, and even found the origin of time, but there was no news. Moreover, the actions of my Yaomie Mansion have been watched by high-level people in the heavens. If it were not for the problem of the human-devil battlefield, I am afraid I Yaomie Mansion. It's more dangerous."

"Not long ago, Yao Wuming also disappeared in the place of trial in the heavens. Later, the Holy Master of Mietian took the Holy Master of Jiuyou and the Holy Master of Savage Desolation to ask Hantian, but also disappeared, making me extremely passive. This seat suspects that the trio of Sacred Masters are already ill-fortuned. Now Guangyuetian has a problem, and this seat has a faint feeling that there is probably some kind of connection between these..."

Palace Lord Yaomie had cold eyes, and the power of darkness surged in his pupils, full of evil and hideousness.

"This...impossible, right?"

The Dark Eye Lord said in a deep voice: "Palace Master, there seems to be no sufficient connection between these."

"Do not!"

Palace Master Yaomie said in a deep voice: "It seems that there is no connection, but it is the biggest connection. Therefore, this seat needs you to go to Guangyuetian immediately to find out the truth of the fall of Xingtianya, especially the eradication of the book. People who are restricted by the soul, I have to see who is against my Yaomie Mansion."

boom!

Palace Master Yaomie was full of anger and murderous intent.

"Yes, Lord Palace, the subordinates will leave immediately."

The dark-eyed holy master's eyes were cold, and the people of the demon race actually attacked the lord of the palace. This is indeed strange, and the dark-eyed holy master also felt that during this period of time, his actions in the Yaoni Mansion have indeed been inconvenient. .

"Boom!"

Immediately, the Dark Eyed Holy Master quickly withdrew, and then his pupils suddenly penetrated the void, and the void in front of him was directly opened a void passage. He stepped out and disappeared instantly.

Guang Yuetian, Qin Chen naturally did not know the arrival of the Dark Eye Lord, but after touching Palace Master Yaomie's soul restraint, Qin Chen also vaguely felt that Guang Yuetian was probably already unsafe.

As a result, under the instruction of Qin Chen, the news that Guangyuetian had been invaded secretly by Yaomie Mansion was quickly passed on under the deliberate spread of Guangcheng Temple and Death Sect.

boom!

One stone caused a thousand waves!

The whole heaven is suddenly boiling!

[Chapter 3273: Give a big gift](#)

Yao Annihilation Mansion, one of the top forces in the Eastern Heaven Realm, has actually been secretly subduing the major forces in the Eastern Heaven Realm. This matter is actually known to many surrounding forces.

In fact, it is not only the Eastern Heaven Realm, but some other forces will try their best to annex other forces secretly, which is quite normal.

But no one thought that Yao Mie Mansion would directly act on Guang Yuetian. Guangyuetian's position in the Eastern Heaven Realm is very extraordinary. It already belongs to the mid-level or higher Heaven Realm and occupies an important position. Once this Heaven Realm is annexed, it will change the entire Eastern Heaven Realm's structure.

Comparable.

But now Yaomie Mansion actually penetrated Guangyuetian directly, which caused many forces in the heavens to be in an uproar.

What does Yao Mie Mansion want to do? Do you want to be a public enemy of the human race?

For a while, all major forces turned their gazes through, causing a violent sensation, and Yao Mie Mansion was also under tremendous pressure in an instant.

Because some top forces in the heavens have also noticed here, and even sent masters to pay attention to these places.

Among them, like the close work of the sky, the Star God Palace, all giants came to ask what happened.

Qin Chen, the initiator of this incident, ignored the excessive gossip. Instead, he carefully hid in the secret realm of the true dragon on Dragon King Island and arranged something in secret.

Boom! The formation flags in Qin Chen's hand were quickly laid down, and a series of restrictions were set. These restrictions turned into dark magic runes, entered the void in front, and quietly fell down, in the space of Qin Chen. Under the impetus of force, hidden in

In the formation.

Moreover, on the other side, Lingyuan and Tu Moyu sat cross-legged with each other. A strange black demon aura emerged from them. These demon auras, very pure, turned into a figure of a demon race, and sneaked into the formation. Among.

"Dust, what are you doing?" You Qianxue appeared, and the moonlight flickered on her body. After absorbing the Guangyue Divine Body of Guangcheng Palace, You Qianxue's temperament became more ethereal and detached.

She opened her eyes wide and looked at Qin Chen, with doubts on her face.

"Leave a big gift for others." Qin Chen smiled slightly.

"Big gift?"

"Yes, if I guessed right, I'm afraid it won't be long before Yao Mie Mansion will have a master." Qin Chen squinted, "And he is a real top master."

You Qianxue was shocked, the top master of Yao Mie Mansion? Could it be that Palace Master Yaomie came here? If this is the case, it would be dangerous. If Palace Master Yaonii takes action, with their current strength, I am afraid that they cannot be opponents at all. It should be noted that Palace Master Yaonii is a master of the late peak Saint Master level, and the entire Eastern Heaven Realm truly The big character. "This is just a guess. Recently, I have been calculating through destiny, and vaguely feel that a crisis is coming. In addition, when I was enslaved and traveled to the horizon not long ago, I was already aware of the Yaomie Mansion and used the power of the Yaomie Mansion. Personality, surely

Send a master to come, when the time comes, just give them a big gift. "

A sneer appeared on Qin Chen's face, and a series of formation patterns descended, forming a strange big formation here, and then hidden into the space.

Whizzing!

And when Qin Chen arranged the big formation, two figures also quietly appeared in the Dragon King Island.

"the host."

As soon as these two came in, they saluted respectfully. It was Shao Jikang and Fairy Guangcheng, the young masters of the Death Sect.

"How is Guangcheng Palace and Death Sect now?" Qin Chen asked. "Back to the master, Lord Palace Lord and Lord Sect Master, are now following your instructions and have searched all the holy veins and

treasures of the three major powers, but because the masters of the Heavenly Work and the Star God Palace are currently stationed in both of us. Big forces,

Therefore, Lord Palace and Lord Sect Master can't get out at the moment, they can only be delivered by us. "

Fairy Guangcheng and Shao Jikang brought out several space rings together. Qin Chen didn't even look at it. He directly earned the Universe Good Fortune Jade Plate. Qin Chen knew how many treasures were of the three powers without looking at it. Moreover, he believed that Guangcheng Palace and the Death Sect did not dare to risk deceiving himself. Otherwise the consequences will be two people

Can't afford it at all. Besides, what I ask for is only the sacred veins and treasures of the three powers. For a power, the treasures are important, but the territory is also very important. In the future, the two powers only need to annex the three powers such as Dragon King Island. ,

Don't worry about not having enough resources at all.

"Very well, you two go back and tell Palace Master Guangcheng and Sovereign Death, I will not see them anymore. After you leave, I will leave Guangyuetian directly."

"what?"

The faces of the two changed, "Master, are you leaving now?"

There were reluctant expressions in both eyes. "My existence has already been paid attention to by Yaomie Mansion. If it continues, I am afraid that Palace Lord Yaomie would rather be punished, he would secretly attack me, and even ask Hantian to do it. At that time, ask Hantian and Guangyue. God, including you

, All dangerous. "Qin Chen shook his head and said: "With our current strength, it is absolutely impossible to fight against the Yaomie Mansion. Therefore, it is time to disappear for a moment. You two, continue to stay in this Guangyuetian, with your two talents and strengths. , Will definitely be here in the future

Yuetian took control of one party, and even became the new master of Guangcheng Palace and Death Sect. "

"But master... we want to follow you!"

After Qin Chen planted the power of the Ten Thousand Worlds Demon Tree, they both agreed with Qin Chen from the depths of their souls.

Fairy Guangcheng even looked at Qin Chen with a pitiful look in her eyes, with tears in her eyes, as if she had been abandoned.

Qin Chen said: "Relax, Master Ben will not leave you behind, but at the first stage, you still need to sit in Guangyuetian. After all, Guangyuetian's position in the Eastern Heaven Realm is very important, and Master Ben still needs you here. Take control."

"Master, rest assured, I will definitely manage Guangyuetian for you." Fairy Guangcheng bit his lip and said firmly.

"Master, you will die." Shao Jikang also resolutely said. "Okay, I don't need you to die for me. You only need to look at Palace Master Guangcheng and Sect Master of Death. You don't have to worry about the others. As long as they don't do anything, you two will help you. Cultivation is just too little material

I don't think the two of them dare to betray, but you, if you can break through again, you can do more in the future. "

Qin Chen's voice fell, and his two hands slammed into their chests, "Well, before leaving, I will give you some more points."

boom! In Qin Chen's body, two terrifying forces suddenly poured into the two of them. It was Qin Chen's comprehension of the mid-term Saint Master realm after absorbing the Sage Master and others.

[Chapter 3274: Star Palace](#)

boom!

Two different forces poured into their bodies like a vast ocean, and suddenly, the breath of the two began to change. Shao Jikang practiced the rules of death, and Qin Chen had seen the underworld in the Death Canyon of the Tianwu Continent, and had fought with the guardians of the underworld. Naturally, his understanding of the rules of death far exceeded that of Shao Jikang. In addition, Qin Chen had a sense of extinction. Saint

The original law of the Lord and others, a force of tyrannical law, constantly penetrated into Shao Jikang's body.

Fairy Guangcheng cultivated the Moonlight Divine Body. Although Qin Chen didn't have enough mastery in this aspect, he understood more about the original law of the mid-term saint master.

Moreover, Qin Chen also instilled a trace of the power of the Demon Tree of Ten Thousand Worlds into the two of them again.

The Demon Tree of the Ten Thousand Worlds is the most precious treasure of the Demon Race, and it is one of the most heaven-defying treasures in the Heaven Realm. Although it is the treasure of the Demon Race, the most fundamental power is the purest power of the Heavenly Origin Continent. Therefore, using the Demon Tree of the Ten Thousand Worlds to control others will not be noticed by anyone at all, and the breath of the Demon Tree of the Ten Thousand Worlds is also Can make people faster

The feeling of the most original power of the heavens. Immediately, Fairy Guangcheng and Shao Jikang were surrounded by terrible auras. Although their cultivation bases were not improved, their understanding of the way of heaven was improved by several times. They only need enough resources. Human sudden

The speed of the mid-breaking saint master is definitely ten times faster, or even a hundred times faster.

On the contrary, it was Qin Chen. Although his cultivation was close to the mid-term Saint Lord, and his understanding of the origin of the Heavenly Dao reached an astonishing level, it might be even more difficult to break through.

"go!"

Sending away Fairy Guangcheng and Shao Jikang, Qin Chen quietly left Dragon King Island after the arrangement was over, concealed into the void, erased all traces of himself, and left quietly.

The current Guangyuetian is already at the center of the storm, and can only rely on Palace Master Guangcheng to deal with it by himself. If someone from the top powers such as Tianjiao and Star God Palace finds his trace, Qin Chen himself will be extremely troubled. .

And a few days after Qin Chen left Guangyuetian.

A certain void outside the Guangyuetian.

Hum!

A violent wave suddenly spread from the void, and a strong man with black eyes and pupils suddenly descended on the outer void of Guangyuetian.

It is the Dark Eye Lord.

"Guangyuetian? Humph, it's just a small middle-level sphere in the Eastern Heaven Realm, and it has made my Yao Mie Mansion so embarrassed."

The dark pupil saint master's eyes were shining brightly, exuding a terrifying sharp light, and his murderous aura rose.

In those eyes, there seemed to be six reincarnations. At first, after receiving the order of the Lord of the Yaomie Palace, the Dark Eye Lord set off from the Yaomie Mansion for the first time, and in order to speed up the time, the Dark Eye Lord went all the way to go, but it also took more than half a month. , Rushed from Yaomie Mansion to Guangyue

day.

This speed spread out, I am afraid it can shock the entire Eastern Heaven Realm. However, even so, the Dark Eye Lord still feels a little nervous. After more than half a month, no one knows what happened in the Guangyue Heaven, and in the middle of the journey, he frequently received messages from the Yaomie Mansion. Guangyuetian turned out to be public

Exposing the matter of their Yao Mie Mansion's actions, this made him feel so not angry.

"I hope I am not late."

The Dark Eye Lord's face was gloomy. As far as he knew, some of the top forces in today's world had already begun sending high-level officials to Guangyuetian to investigate the truth before. After all, he was very careful about what he did in Guangyuetian.

Otherwise, once he hits the top level of Tianjiao and Star God Palace, revealing his identity, the incident of Yao Mie Mansion invading Guangyuetian secretly, no matter how he defends it, it is impossible to explain clearly.

"Go to the nearest Fenghuizong here to find out what happened back then."

The dark pupil holy master's eyes flashed and disappeared into the sky above Guangyuetian. As far as the Dark Eye Sage Master knows, Yao Mie Mansion had previously controlled the three powers of

Longwang Island, Red Moon City and Fenghuizong in Guangyuetian, and also left Anzi in Guangcheng Palace and Death Sect. According to the truth, Come to Xingtianya, just need to cooperate secretly

It is enough to win Guangcheng Palace and Death Sect. It is almost impossible for such an easy thing to change.

But in the end, their Yaomie Mansion was exposed. Up to now, Xingtianya has all traced, so he must personally figure out what happened before.

After a while, the Dark Eye Lord had already arrived in the sky above Fenghuizong.

Looking at the messy Fenghuizong in front of him, the Dark Eyed Holy Master looked dull.

In his understanding, Fenghuizong, who has been subdued by Yao Mie Mansion, should be one of Guangyuetian's five major forces, with amazing strength and prominent status.

But the scene in front of his eyes made him a little confused.

What happened to Fenghuizong? Why does it look like this?

The Fenghuizong in front of him, where is a top power, is in ruins, and he has obviously experienced a great battle.

Whoosh!

The Dark Eye Lord fell in the Fenghuizong, just about to search, suddenly, I felt a few breaths approaching, and the leader was actually a mid-level peak.

"No, this person is definitely not a Guangyuetian person."

The Dark Eye Lord's complexion changed slightly, and his figure suddenly disappeared.

At the moment he disappeared, a few breaths came quietly in the distance.

These are a few people wearing star robes, the leading one, with starlight lingering around their body, and their eyes shining like stars.

"My lord, what's the matter?"

Several holy masters following him asked in doubt.

"I just felt an extremely vague breath here. It seems that someone is staying here. Could it be that I felt it wrong?"

The man squinted his eyes and said in doubt.

"Someone is staying here? Impossible, I didn't even notice it."

Those few holy masters said with some doubts.

"Perhaps I felt wrong."

The leading mid-term peak saint master shook his head, turned and left.

In the distant void, the Dark Eyed Holy Master felt this scene and his face was ugly.

"It's a person from the Star God Palace. I didn't expect the Star God Palace to intervene in this matter so quickly. This is in trouble."

The Dark Eyed Holy Master's heart sank. With his strength, the previous mid-term peak Holy Master was not in his eyes at all, but what he feared was the identity of the opponent's Star God Palace.

The Star God Palace is one of the top powers in the heavens, it can be called a great power in the heavens, and it is far above his Yaonii Mansion.

In the heavens, those who can often be called top-level powers can only do so if at least a venerable person is in charge. Otherwise, at most, they belong to a certain area below the heavens, just like Yaomie Mansion. Only the power of the venerable can transcend other powers, truly freely, and enter any territory of the heavens for development.

[Chapter 3275: Chifeng School](#)

Just like working in heaven, you can set up branches in any heaven domain in the heavens. As long as you don't interfere with the development of local forces, you won't be criticized.

But he can't do it.

"People from the Star God Palace intervene, then I have to be careful, if it is discovered, it will cause trouble to the Lord Palace Master."

The Dark Eye Lord was wary in his heart.

Whoosh!

He stayed away from this area until he couldn't sense the existence of the Star God Palace master before leaving.

"Go find someone to search for your soul first."

The Dark Eye Lord's gaze flashed as he was thinking about it. A battleship was flying in the distance in the void, with a sneer on his face, and his figure shook before appearing in front of the battleship.

"Who, dare to stop me..." In the battleship, a furious voice rang out, but the voice hadn't fallen yet, and the dark-eye saint master's palm was already squeezed out. Bang, the flying battleship was directly squeezed out. , The original more than ten masters of Heavenly Sage, instantly turned into ashes

, Leaving only the strongest one and a half steps of the Holy Master.

"Holy...Holy Lord...sir, forgive me!"

During this half of the step, the Holy Master was firmly grasped by the Dark Eyed Holy Master, and hurriedly begged for mercy, but the words had not yet fallen, and a strange black light burst out of the Dark Eyed Holy Master's eyes, which suddenly fell into his mind.

Suddenly, the soul of that person was instantly captured by the Dark Eye Lord, and various memories echoed in the Dark Eye Lord's mind.

"Alliance Conference? Guangyuetian's top conference? Trash, other than that, I don't know anything."

The Dark Eye Holy Master squeezed the opponent out with a palm, his face was extremely gloomy and ugly. In the soul of this person, apart from some simple information such as the Alliance Conference, he knew nothing.

However, the Dark Eye Lord also learned something because of this, knowing that the crux of the matter happened at the Alliance Conference. "According to this person's memory, only when Guangyuetian possesses the top power of the early peak holy lord, is it eligible to participate in the alliance conference. It seems that one of the top powers of this Guangyuetian has to be visited. In that person's memory,

It seems that there is a top-level power called Chifeng Sect in the heavens thousands of miles away. He had participated in the Alliance Conference. What should the Chifeng Sect master know. "

After murmured, the dark pupil saint master shook his body and instantly disappeared on the spot.

The depths of Chifeng Sect.

After half an hour.

call!

A figure suddenly appeared outside the Chifeng Sect's sect.

Hum!

His pupils suddenly emitted a faint black glow, and the pupils of his eyes were like a deep pool, rotating deeply, making people unable to extricate themselves.

An invisible force burst out from his eyes, staring into the depths of the endless Chifeng Sect.

This Chifeng Sect's holy master's great array could not stop his gaze at all, and all the master auras in the entire Chifeng Sect appeared in his eyes.

"In the depths of the Chifeng Sect, there is the most powerful aura. It is the holy master of the initial peak. It should be the Sect Master of the Chifeng Sect. However, beside him, there are a few early holy master auras. This is for discussion. ?"

The Dark Eye Lord murmured, his pupils can peek through all the secrets and find out any clues. This is also the origin of his dark eye reputation.

After spying on the other party's existence, the Dark Eyed Saint Master shook his body and directly broke into this Chifeng Sect.

Hum!

The Chifeng Sect's Saint Master-level formation didn't even startle at all, so the Dark Eyed Saint Master had already crossed quietly and entered the depths of Chifeng Sect.

In the meeting room deep in the Chifeng Sect, several masters of the Holy Master sat here cross-legged, exchanging something with each other. As one of the forces that participated in the Alliance Conference at the beginning, Chifeng Sect knows that today's Guangyuetian is undergoing drastic changes. The

original five powers suddenly became the two major forces of Guangcheng Palace and Death Sect. Sub-power

Generally speaking, it is full of dangers, but also opportunities.

Therefore, the Chifeng Sect is here at the moment, discussing the strategy their sect will implement in the future.

But when they were halfway through their discussions, well, suddenly, a dark figure suddenly appeared in the entire meeting space.

"who?"

The faces of a group of Chifeng Sect masters all changed, and their faces showed anger.

Whoosh whoosh!

Several of the early masters of the holy master, with solemn expressions, flew out one after another, surrounding the dark-eyed holy master, feeling the breath of the dark-eyed holy master, and each one was vigilant.

How did this person quietly enter the core forbidden area of their Chifeng Sect?

"Who is your excellency? Why did you break into my Chifeng Sect?"

One of the early holy masters said in anger.

"You are the Chifeng Sect Master, a master who participated in the Alliance Conference?"

The Dark Eyed Holy Master simply ignored these people, just raised his head and looked at the forefront of the forbidden area, the Holy Master at the initial peak, said indifferently.

"Your Excellency is so courageous. Didn't you hear our question? If you don't give an explanation, please blame us for being impolite."

The faces of several masters of Chifeng Sect showed fierce expressions. Although they were shocked in their hearts, they also released a frightening atmosphere.

"Noisy!" There was a hint of sarcasm in the eyes of the dark-eyed holy master, and he looked at these early holy masters with disdain, and then an invisible impact suddenly shot from the eyes, spreading across the bodies of these holy masters. The terrible coercion of the stocks to suppress eternity, in this world

Rises from time to time.

Bang bang bang!

These early holy masters couldn't even react to the reaction, and let out a stern roar, and the back of the body exploded, turning into a **** mist and dissipating in the wind.

Large tracts of meat and blood poured down like a torrential rain, spilling into this space.

"not good!"

The Chifeng Sect Master was already fully focused when the Dark Eyed Sage Master broke in, and now seeing the Dark Eyed Sage Master's move, instantly beheading several of their Chifeng Sect masters, a frightened expression suddenly appeared in his eyes.

"go!"

His eyes were horrified, and he turned around and fled.

The Dark Eye Lord licked his tongue, and his eyes were cold and said: "Huh, I want to go, is it possible." The monstrous coercion was released from the Dark Eye Lord, and the black breath rose up, forming a wave between the heavens and the earth. The thick black fog, and the dark-eyed saint master's big hand protruded, suddenly, the Chifeng Sect master who was at the initial peak Saint master level was captured and photographed.

Here, a terrifying and strange dark power suddenly poured into the body of Chifeng Sect Master.

This Chifeng Sect Master suddenly showed a painful expression on his face. His soul was continuously searched by the Dark Eye Sage Master's supernatural powers, and some memories began to slowly appear in the Dark Eye Sage Master's mind.

"Guangcheng Palace Chief Guest Qing Wudao Sage Master? Dragon King Island True Dragon Spirit Pond? What? Yao Wuming Shengzi?" At first the Dark Eye Sage Master burst into cold light from his pupils, but suddenly his eyes were shocked. , Showing an extremely shocked color.

[Chapter 3276: Find the truth](#)

From the memory of Chifeng Sect Master, he actually saw the traces of Yao Wuming Shengzi. How could this be possible?

Didn't Yao Wuming Son disappear in the heaven trial?

"No, there is Su Quan, this... how can they be together?"

The shock in the heart of the dark-eyed saint master surging crazily like a raging wave, there is no way to calm it down.

Su Quan is just a half-step holy lord. In terms of strength, it is actually nothing at all in Yaomie Mansion, and it is not even ranked. It only belongs to the leading figures in the middle level. But in fact, Su Quan's status in Yaomie Mansion , But not low.

Because Su Quan can be regarded as the confidant of the Lord Palace Lord, and has even been sent to take charge of Yao Mie Palace's battle against the lower realms.

This is an ordinary saint, who may not be qualified to participate. Especially after learning that the origin of time might appear on a certain continent in the lower realm, the lord of the palace even used magical powers personally to send Su Quan to the lower realm. The purpose is to find the origin of time and help the lord of the palace break through the realm of the nobleman.

.

But who knew this, there was no news, no news at all.

It is very likely that something unexpected happened.

But now, Su Quan actually appeared in Guangyuetian and stayed with Yaowuming Shengzi, which made the Dark Eyed Holy Master almost couldn't believe his eyes.

If these news were not personally stripped from the Chifeng Sect Master's soul, he even suspected that someone was deliberately deceiving him.

"Impossible, Su Quan was sent to the lower realm, and Yao Wuming Shengzi disappeared in the heaven trial. There is almost no connection between the two, but why did the two appear here?"

The Dark Eye Lord frowned.

Moreover, no matter why the two appeared in Guangyuetian, as the two, as soon as they returned to the Eastern Heaven Realm, shouldn't they immediately report like the Lord Palace Master?

The Dark Eye Lord instinctively felt that there must be a certain secret in this, and even once the secret was figured out, it could even explain the news that someone from the Demon Race appeared here.

"Dragon King Island True Dragon Spirit Pool?"

The dark pupil saint master's eyes condensed, and there was a decision in his heart.

"It seems that if you want to find out the truth, you have to go to the True Dragon Spirit Pond." From the memory of the Chifeng Sect Master, the Dark Eyed Sage Master knew that Xingtianya and Yao Wuming Shengzi had all fallen to that Zhen. In the Dragon Spirit Pond, especially the Innocent Holy Lord who exposed the Yaomie Mansion's conspiracy and was about to slay Xingtianya.

Fighting in the True Dragon Spirit Pond, this person comes from an extraordinary origin. The Dark Eyed Saint Lord crosses the East Heaven Realm for the first time to hear this name. What's more, the dark-eye saint master was surprised that he found anything about the demon clan at all, but the lord of the palace personally said that the restriction he planted in the soul of Xingtianya was destroyed by the power of the demon clan. And what the Lord Palace Master said, definitely

There can be nothing wrong.

"No way, is this person a master of the demons?"

The Dark Eye Lord frowned, there was only one possibility, otherwise it would be impossible to explain all of this, but even if Wudao was a master of the Demon Race, Guangcheng Palace and other forces, including Guangyuetian's many forces, almost no one could see it?

After all, the Mozu shot, no matter how hidden it is, it will reveal some clues, not to mention that in the memory of Chifeng Sect Master, the Innocent Saint Master is only the mid-term peak Saint Master.

Unless it is a holy demons. "It is rumored that the Saint Demon Race among the Demon Race can evolve into the form of the Human Race, and the breath and power are almost exactly the same. It is difficult for ordinary people to see the clues. Is the Innocent Saint Lord a member of the Saint Demon Race? , Holy demons and death

The demons are not in harmony, so this can explain why the other party would act on the people in my Yaomie Mansion. "

There are various speculations in the Dark Eye Saint Lord's heart, but he also knows that this is just a speculation, the real truth needs to be discovered by himself.

He squeezed it lightly, and the Chifeng Sect Master was instantly squeezed and exploded, and disappeared.

"Is it true dragon spirit pool?"

The Dark Eye Lord snorted coldly, stepped out, and the whole person had disappeared in the secret space of Chifeng Sect.

In the empty hidden space, blood mist was floating, but no one outside Chifeng Sect knew that their Chifeng Sect's suzerain and many of the sacred master-level Supreme Elders had all fallen and turned into ashes.

After the Dark Eye Lord left Chifeng Sect, he flew all the way without any pause. With his cultivation base, although the journey was far away, it was only a day later and he had already appeared in the sky above Dragon King Island.

"This is the Dragon King Island, one of the five major forces of Guangyuetian?"

The Dark Eye Lord was hidden in the void, his face was slightly ugly, and the Dragon King Island in front of him was already in ruins.

After Qin Chen killed the Dragon King Island Master, the remaining Dragon King Island disciples and masters were beheaded by the Guangcheng Palace Master and the others. Naturally, after a great battle, there was a mess everywhere. But the Dark Eyed Holy Master was more depressed. He actually felt a few powerful auras in the Dragon King Island below. These auras are all in the mid-term peak Holy Master realm, which is obviously not something that Guang Yuetian can possess. , Naturally the Star God Palace and

Day working staff.

In order to investigate the truth, people from the Star God Palace and Heavenly Working Forces will naturally come here to inquire about the warriors at the bottom of Dragon King Island who have not been beheaded.

"These top celestial forces are really troublesome."

The Dark Eye Lord's face is ugly. With so many people, he naturally can't explore unscrupulously, and there will be a lot of trouble.

"However, how many juniors want to stump me? I think too much."

The Dark Eye Sage Master snorted coldly, and a little black light circulated on his body. For a moment, the whole figure of the Dark Eye Sage Master seemed to be nothing, and quietly flew towards the Dragon King Island. When the Dark Eyed Sage Master entered the Dragon King Island area, an invisible wave permeated. Obviously it was a restriction here. It was searching for people around, but the Dark

Eyed Sovereign body melted into the void, and the whole figure seemed to be like this. The world merges into one

Beginning, the prohibition in the Dragon King Island, unexpectedly did not find the slightest trace of the Dark Eye Lord. The Dark Eye Lord sneered secretly, relying on these guys, with his cultivation base, as long as they use some means, they will naturally not be noticed by the other party. Of course, Dark Eye Lord does not dare to expose himself, although he does not care about this. Lord of the Mid-term Peak , But the other party is from the top power in the heavens after all, if you discover your identity, it will be troublesome.

The Dark Eye Lord's figure turned into a stream of light, evading the detection and inspection of these top forces, and carefully entered the true dragon spirit pool in the depths of Dragon King Island.

"That's it!" The Dark Eyed Holy Master's eyes flashed, and he went deep into the true dragon spirit pool, and saw that the spirit pool below was empty. There was no fluctuation in the spirit pool rumored to have the blood of the true dragon. Only a dilapidated space was left.

[Chapter 3277: Devilish](#)

Fortunately, there is no one standing in this true dragon spirit pond, so it naturally gives the Dark Eyed Holy Master enough space to explore. "Huh, the people of the top forces in the heavens are really idiots. They don't know how to explore this true dragon spirit pool, but to ask the outer disciples of Dragon King Island. Those outer disciples know a fart, but it's okay, I gave it to this seat. Opportunity can destroy traces.

"

The Dark Eye Lord instantly came to the core of the True Dragon Spirit Pool. A strange power filled his eyes, and the power of this void instantly appeared in his eyes.

This is his unique skill, the Eye of Spirit, which can capture the power fluctuations a long time ago, but the dark pupil Holy Master is shocked that there is almost no residual power in this space.

impossible!

There was a big war here, how could there be no power fluctuations? Suddenly, the Dark Eyed Lord's eyes condensed, what is that? He vaguely felt that in the depths of the true dragon spirit pool, there seemed to be a strange power that was sealed, and he subconsciously pressed it down with a palm to see clearly what is in the spirit pool.

what.

boom!

It was just that when his palm just touched the seal power, the seal burst open, and a terrifying breath swept out of the seal. The Dark Eye Lord was shocked, and hurriedly backed away, only to find that he was already in a large formation. From the bottom of the true dragon spirit pool, a jet of dark demon energy burst out. These demon energy are incomparable. Pure, with a mighty demon atmosphere, fast He quickly entangled towards the Dark Eyed Holy Master.

"What? The power of the demon race? Could it be that there was a demon race here before?" The Dark Eye Lord was shocked and angry, his eyes were cold, and his big hand came out. I don't know who the power of the demon race was, but it was here. Formed a large array, but although this demonic power is very pure, it is not so powerful, only

It was only equivalent to the mid-term Saint Master level. Under the Dark Eye Saint Master's grasp, the power of the Demon Race was instantly exploded by him.

Rumble! However, just when the Dark Eyed Holy Master displayed his magical powers and was about to completely envelop this wave of fluctuations, the power of the demon clan that was bombarded by him actually flashed out a few pure magic talismans. Fu quickly infiltrated

It was impossible to stop the body of the Dark Eye Holy Master.

"Damn!" The Dark Eye Lord was frightened and angry. The power of this magic talisman was so special that it penetrated directly into his body. The Dark Eye Lord was shocked to urge the origin of the body to resist the destruction of this force. But what makes him strange is that this demonic power

He didn't attack his body, but with a trace of darkness, it merged with the Saint Yuan in his body.

It seemed... it was a kind of magic blessing, instead of attacking him, on the contrary, he was raising the holy yuan for him.

What the **** is this? When the Dark Eye Lord was confused, he heard a boom, the true dragon spirit pool below burst open, rumbling, the entire true dragon spirit pool rumbling under this force, and that A pure demon energy directly broke through him

The space was blocked and quickly spread out.

"not good!"

The Dark Eye Holy Lord was shocked, and such a violent sensation would surely shock the people of the Star God Palace and the Heavenly Work. Sure enough, before the Dark Eye Lord could find a way to suppress this power, such an astonishing fluctuation immediately attracted the attention of many powerful people on the Dragon King Island and the Star God Palace, and the whole Dragon King Island seemed to riot. , Accompanied by an angry shout

With the sound of the sound, a figure exuding a terrifying aura flew out one after another, instantly surrounding the true dragon spirit pond.

"It's demon energy? How can demon energy surge in this true dragon spirit pool on Dragon King Island?"

The master of the Star God Palace felt the power fluctuations in the true dragon spirit pool, and his face suddenly changed.

"Could it be that the demons invaded here?"

The expressions of the masters who worked in heaven also became serious. The complexion of the Palace Master Guangcheng and the Sect Master of Death also changed slightly. When they killed the many arrogances of Dragon King Island here, they did not see the trace of the Demon Clan at all. How suddenly, there was a surge of demonic energy here. Move, if let

The people in Star God Palace and Tianzuo mistakenly thought that Guangyuetian was in collusion with the demons, and that would be troublesome.

"My lords, there must be something weird in this, so let's break it open first."

Palace Master Guangcheng gave a cold shout, the power of moonlight surged from his body, and he slammed down towards the cave where the true dragon spirit pool was located below.

The true dragon spirit pool, which has lost the blood of the true dragon and the blessing of the true dragon sacred veins, is just a waste pool. It was exploded by the hand of the palace lord Guangcheng. The next moment, I saw a figure lingering in the black magic energy. Rushed out suddenly.

"Sure enough, someone."

"It's a member of the demons!"

The faces of everyone were shocked. How could the demons appear here?

"kill!"

"Take down this demons."

Boom!

Right now, the Palace Master Guangcheng and others yelled, and shot at the demon figure, suddenly the world collapsed, and the terrifying murderous intent turned into a vast ocean of Saint Yuan.

"Damn it!" In the void, the Dark Eyed Holy Master, who was regarded as a demon clan, was frightened and furious, and he never expected that he would be exposed in this way, and what is the purpose of this guy who has deployed the power of the demon clan ? Actually let the Saint Yuan on his body be stained with a trace of magic

The power of the clan can't get rid of it.

Although the strength of this demon race is not high, it is like a tarsal maggot and cannot be shaken at all.

The Dark Eye Lord was besieged by the crowd, but couldn't explain the truth, he could only cover his face, furious, and shocked the attacking body that swept through.

"Exit!" His eyes were indifferent, his deep and cold eyes did not carry a trace of emotion, and the corners of his mouth were filled with a hint of cold chill, and a palm was gently pushed out, the huge palm was overwhelming, like a **** beyond the sky, invincible and wide along the way Attack of the palace master and others

, Burst open one after another, a big explosion suddenly occurred in the void.

Puff puff!

Palace Master Guangcheng and the others only felt that a terrible force came back, and their bodies shook violently, backing one after another, the blood surged in their bodies, almost spewing out a mouthful of blood.

what? They were all frightened and furious. The demons were too strong. Under one palm, they not only broke all their attacks, but almost hurt them. If they hadn't reacted in time, this Recruit, you can make them

Seriously injured, even fallen. "A master of the demon clan at the level of the saint master of the later period? No, your aura, on the surface, is the demon clan, but in fact it is clearly the aura of my human clan, but why is there such a strong power of the demon clan? A human of the power of the demon?"

[Chapter 3278: Star Chart](#)

The leader of the Star Palace's eyes were cold, his body haunted by starlight, his pupils were like stars in the universe, as if he could see through all the illusions, and instantly felt the speciality of the dark pupil holy master Shengyuan, that Shengyuan carried a pure demon Power, but nuclear

The heart is the holy essence of the human race, clearly a human master who has cultivated the power of the demon race.

Who is it that secretly took refuge in the master of the demon clan and ran into this Dragon King Island?

"Huh, people from the Star God Palace, Haw, get out of here."

The Dark Eye Lord screamed coldly, shot suddenly, rumbling, his big hand rumbling over, turned into a sky curtain, severely caught and photographed the people in the Star God Palace.

At this moment, he had a murderous intent in his heart, and he decided to kill all the people here. Otherwise, if his identity was exposed, then he really had a mouthful and couldn't explain it, and he restrained the devilish energy in his heart. People are itching with hatred.

If you let him know who the other party is, he will definitely break that person into pieces.

"kill!"

The Dark Eyed Holy Master drank coldly, and grabbed and photographed the master of the Star God Palace.

"not good!"

"Everyone, listen to my orders, the stars are shining, the star map!" A pattern of shining bright stars rose suddenly in the void, and on the scroll, stars lit up, every star, Both represent a master of the Holy Master, under the blessing of the master of the Star God Palace, all the present

The power of the mid-term peak Saint Master master and other Saint Master masters instantly merged together, and the star map, with light blooming, swept past the palm of the Dark Eye Saint Master fiercely.

boom!

The huge palm of the Dark Eyed Holy Master fell fiercely on the star map. Suddenly, the Palace Master Guangcheng and the others below the star map snorted together, and blood spurted out one by one.

"Ah, the blood burns, the star power offers sacrifices, the sky is starlight, and the sky descends!" The master of the Star God Palace screamed, and the light of the stars on the star map lit up, forming a vast

constellation, far away In the dark sky, a magnificent palace appeared, as if in the depths of the infinite starry sky, it was the Star God

The location of the palace.

The star map is a secret treasure of the Star God Palace. Once it is displayed, it can attract a bit of power from the Star God Palace, which is enough to sign up when the Star God Palace disciples are in danger.

The power of that invisible star **** descended, instantly enveloping the Dark Eyed Holy Master. The Dark Eyed Holy Master only felt that the blood in his body was burning up, and an invisible force was about to seep into his flesh.

The dark pupil saint master was shocked, and hurriedly urged the power of the source, with a bang, his body was shaken, he was shaken out, and the blood in his body surged and he let out a muffled grunt.

"Damn it!" The Dark Eyed Holy Master was about to explode. His dignified late Holy Master, facing a group of mid-level peak Holy Masters, failed to win, and passed it out. He was completely embarrassed, even though the opponent was a Star God. People from the palace, but no matter what, he is the late Lord

, Should take the opponent easily. In fact, if he can spur his dark pupil power, even if the opponent has a star map, he will still be unable to withstand his attack. It's just that he has not yet revealed his identity. Once he displays the dark pupil power, he Will instantly

Exposure, if you can't kill everyone present at that time, the gain will not be worth the loss.

"dead!"

The Dark Eye Sage Master gave a low cry, circling the magical powers in his body, swish, his figure suddenly moved, and instantly disappeared in front of Palace Master Guangcheng and the others.

"Be careful!"

Palace Master Guangcheng was shocked and immediately exclaimed.

However, as soon as her words fell, the Dark Eye Lord had already appeared beside everyone, hum, a black ball of light was condensed in his palm, and it fell down with a strong palm towards the leader of the Star God Palace.

If this move hits, the opponent will not die or be disabled.

At the critical moment, that huge star map suddenly flashed, and a star guardian appeared in front of him, forming a star shield, and blocking him. With a bang, under the move of the Dark Eye Holy Master, the shield of stars shattered instantly, and the leader of the Star Palace let out a painful roar, the huge body flew upside down in an instant, and the skin on his body cracked and ejected everywhere. Shed blood, fly upside down

During the process, a bright star appeared in its body and turned into a sphere, guarding him in the center.

It is the secret method of the Star God Palace, the art of fate!

The art of fate star can form a unique power of fate star and protect the owner of fate star, almost unmatched in the same level.

But the power of the Dark Eye Holy Master is too terrifying. Under the rumbling pressure, the life star ball, making a creaking sound, suddenly burst open, and the star **** palace master was covered in blood and another mouthful of blood. Squirted out wildly.

"grown ups!"

Everyone roared wildly, and they rushed up frantically one by one.

"Hmph, go to hell!" The Dark Eye Lord's gaze was cold, and when he hit, he got up and took another palm shot towards the leader of the Star God Palace. Above the palm, the storm of destruction was like the death knell of the end. , Flowing the brilliance of destruction, that tyrannical force has not yet touched

The opponent's body caused it to stand up with cold hairs, and chill everywhere.

"Heavenly Creations, a world-famous blow!"

boom! At the critical moment, a warhammer suddenly appeared in the hands of the powerhouse of Heavenly Work. This warhammer surged and burst out with thunderous power. In the void, a mysterious power descended and blessed the warhammer. On top of

The Dark Eye Lord's body suddenly collapsed, and the void was blasted through gaps, and the Dark Eye Lord's body was also slightly stagnated.

At the same time, Palace Master Guangcheng also took a palm shot, and the moonlight was as bright as water, sweeping out.

The Death Lord also moved, urging the rules of death. Between heaven and earth, the gate of the underworld seemed to be opened, and a ghost of death came out of it, and performed a peerless blow at the Dark Eye Lord.

They are all desperate, if they don't stop the sudden appearance of the master, all of them will be in danger, and they will even fall here.

"Huh, little bugs." Dark-eye Sage Master sneered. Except for the attacks of the Star God Palace and the special sacred treasures that made him slightly jealous, he simply ignored the attacks of the other mid-term peak Sage Masters, and gave a slight shock. These attacks They are broken one after another, the terror that exudes

The breath makes everyone change color.

This is because the Dark Eye Lord didn't use his real methods. If all the real methods were used, the Death Sect Master and others might not escape death, but the same, the risk is greater.

Puff puff!

These people vomited blood and flew upside down.

"Ah, star map, sacrificial star, star palace descends, give me strength."

The master of the Star God Palace went mad, the life star in his body appeared, and burst into the star map. Suddenly, a magnificent palace was directly suspended in the void, facing the dark pupil saint master below. Suppress it. The Dark Eye Lord only felt a strong sense of crisis rushing into his body, and he couldn't help being shocked. The mighty starlight fell into his body in an instant. At the same time, the demon energy that had penetrated into his body suddenly suddenly Backlash

.

puff!

The dark pupil saint master only felt the blood surging, and a mouthful of blood spurted wildly, the whole person was shocked and flew out, the demon energy on his body was shaken away, and the concealing power of the body's breath was almost shattered.

"Damn it, why is the secret method of the Star God Palace so terrible?"

The Dark Eye Lord is frightened and angry.

"Burning Star."

The rest of the Star God Palace masters also roared one by one at this time.

"Let's go!" Seeing this, the Dark Eyed Holy Master felt chills in his heart. He didn't dare to continue doing it, otherwise he would really be exposed.

[Chapter 3279: Chain of God](#)

Hum!

A weird black wave filled the body of the Dark Eyed Saint Lord, and he was about to rush out of the encirclement of this star map.

But how could the people of Star God Palace and Tianzuo allow him to leave so easily.

"Fate Star Burns!"

Many masters in the Star God Palace have a star-like pill in their hands. As soon as this pill appears, there is a strong stellar power lingering between the heavens and the earth, and the pill blooms with stars, just like the same Each of them is the same as the stars outside the domain, but shrunk countless times.

The many masters of the Star God Palace, Qi Qi swallowed this pill into the abdomen, booming, a terrifying power permeated from the body of the master of the Star God Palace, the power of countless stars lingered, madly integrated into That star map.

And the leading Star God Palace master burst out from his body a breath of the late saint master, and even vaguely grasped a trace of the power of the integration of the heavens that the later saint master might possess.

This force rushed into the star map instantly.

The star map suddenly exploded with a more mighty force of the stars, forming a large formation to encircle the Dark Eyed Holy Lord, and the Star God Palace above the sky was also rumbling down. This palace, Obviously, it was just a palace phantom evolved from the star map, but it burst out to suppress the eternal aura, making the Dark Eyed Holy Master feel a bit of panic.

"Xing Chen Dan!"

The Dark Eye Lord roared. He heard that there is a kind of Star Pill in the Star God Palace, which is very magical. The Star God Jue combined with the Star God Palace cultivation can make the Star God Palace disciples explode several times their strength in a short time. He had only heard about it before, but now he saw it with his own eyes, and couldn't help but change his color secretly.

Is this the bottom line of the top power in the heavens?

Let a holy master of the mid-term peak, in one fell swoop, possess the strength close to that of the late holy master, which is simply unimaginable among some forces in the Eastern Heaven Realm.

"kill!"

The masters of the Star God Palace roared, burning life stars one by one, this time, they were really angry.

The Dark Eye Holy Master was so arrogant, and the act of beheading them did not put the disciples of their Star God Palace in their eyes at all. This kind of provocative feeling, they have not realized the Star God Palace for many years? The anger in my heart erupted like a volcano.

They are the disciples of the Star God Palace, who cross the heavens, no one is afraid, but the person in front of him, relying on the cultivation base of the later saint master, cultivates magic skills, and even kills people, is lawless.

"kill!"

The masters of Heavenly Work also seized the opportunity at this moment, screamed, and spurred the warhammer above their heads. This warhammer burst into a mighty thunder light, turned into a Thor's hammer, and fell fiercely.

Boom boom boom!

The power of countless thunder and lightning swept across the sky and the earth, turning the entire sky into a sea of thunder. Combined with the star field formed by the star map, it crazily locked the dark pupil holy lord, wherever it passed, the sky was knocked out one by one. Void shocks.

The masters of Guangyuetian's native land, such as Palace Master Guangcheng and Sect Master of Death, all looked at the terrifying vision in shock, and each of them was frightened and avoided from a distance, but they did not leave the battlefield, but Blocking the surrounding void, one after another used their own tricks to interfere with the Dark Eye Lord on the battlefield.

Although their attacks can't hurt the Dark-eye Lord, as long as the opponent is jealous and obstructs the Dark-eye Lord's behavior to a certain extent, the attack of the Star God Palace and the Heavenly Work Experts can be made smoother and cause it Certain damage.

Rumble!

A deafening roar resounded throughout the world, and the entire Dragon King Island was beaten. A thunder light swept across the entire Dragon King Island. Not far away, a thousand-meter-high mountain rumbling down, filled with smoke and dust, terrifying power penetrated into the Dragon King Sea, and countless fierce beasts roared. , The huge waves are soaring, as if the end is coming.

At this moment, the monstrous breath is like a terrifying wolf smoke, rushing into the sky, and the terrifying breath makes it clearly audible from thousands of miles away. The entire Dragon King Island is roaring, and the water column is rising into the sky, constantly sinking.

"Damn, this star map has locked the Quartet Void?"

The Dark Eye Lord's face was pale, he was unable to display his dark eye magical powers, and suffered a great loss. Otherwise, how could he be so embarrassed?

Boom boom boom!

He patted it with a big hand, the heaven and the earth were dying, and the light of the stars continued to fall down, shook repeatedly by him, and the star map shook violently.

"Damn it, what are you waiting for? Haven't displayed the God Chain?"

The master of the Star God Palace screamed and shouted angrily at the master who worked in heaven.

After hearing the stern drink from the Star God Palace master, the team leader of Heavenly Work, gritted his teeth, and suddenly a dark chain appeared in his hand. As soon as this chain appeared, the law between heaven and earth trembled suddenly. The dark chain, only it was several feet long and was suddenly thrown into the void.

Clang!

I saw the black chain rising against the storm, and instantly turned into a horrible chain of hundreds of meters long in the void, crashing, the chain was like a black angry dragon, blocking the void, and blasting away towards the dark-eyed holy master. .

Chain of Gods?

The Dark Eye Lord was taken aback. It was rumored that this was a mysterious treasure that was refined in the work of heaven and was specially used to imprison the strong. It can block the void and confine the sacred yuan in the strong. Once it is bound by it, it is even stronger. Experts will also be caught in a hurry.

As soon as this chain of gods came out, it turned into a chain like a nebula and came imprisoned.

The Dark Eye Holy Master felt the emptiness of his body, and was instantly imprisoned, even his body shape was stagnant.

"Not good." The Dark Eyed Sage Master was taken aback. He didn't expect this chain of gods to be so terrible that even his Saint Yuan could be sealed off. His heart was violently shaken, but he had no time to think too much. , The warhammer that worked that day has exploded in his chest.

The terrifying power of thunder and lightning instantly smashed the Saint Yuan on his body, and the Dark Eyed Saint Master Puchi spewed a mouthful of blood again.

"Damn it!"

The Dark Eye Lord is going crazy, if it weren't for his own magical powers, how could he be so embarrassed.

Hum!

Seeing that the chain of the gods and the star palace were instantly suppressed, the Dark Eye Lord could no longer bear it anymore. Above the body, a strange dark power suddenly surged out. As soon as this power appeared, the heavenly way of the heavens There was a thunderous roar suddenly, as if he had sensed something that violated the heavens, a terrifying cloud of robbery aura condensed between the heavens and the earth.

It is the power of darkness.

At the critical moment, the Dark Eye Lord cannot display his dark eye magical powers, only the power of darkness can be exposed.

boom!

His whole body was full of black light, and before the Heavenly Dao completely locked him, he rushed out of the encirclement of the chain of the gods and the star map, and directly rose into the sky.

"This is... the power of darkness, this person has cultivated the power of darkness, and he has indeed colluded with the demons, where to go!"

The expressions of the masters of the Star God Palace and Tianzuo changed drastically, and with a roar, the chain of the gods and the star map rose to the sky, trying to imprison the Dark Eyed Holy Master.

[Chapter 3280: Scared away](#)

However, under the blessing of the dark power of the Dark Eye Lord, his strength has not only increased several times, and his own realm is far beyond the people present, under the sway of his figure, he can see a wave of spatial fluctuations flashing by. The whole person has disappeared into the void.

The Chain of Gods lost his goal and instantly returned to the hands of the Heavenly Work Expert, and the Star Chart also returned without success.

puff!

As soon as these two treasures converged, the Star God Palace and the many masters of Tianzuo vomited a mouthful of blood, and the whole person instantly wilted, and the breath on his body was extremely weak, as if he had lost his life.

Palace Master Guangcheng and Death God Sect Master changed their expressions and hurriedly flew up, leading them to lift them up with the masters under their command. They sensed the breath of the many masters in Star God Palace and Heavenly Work, and they showed shock.

The meridians in their bodies were broken a lot, and they were seriously injured one by one, so embarrassed that they had reached the end of the force.

After all, the Dark Eye Lord is a late-stage Holy Lord, a master far above them. Although they can spur at least the burning of life stars to increase their strength, it is a taboo. If the Dark Eye Lord can persist more in a moment, they may eventually fail.

It's a pity that the Dark Eyed Holy Master was frightened, but he had no intention of fighting again, and then he was frightened and left.

"The power of darkness, the power of darkness has appeared in my Eastern Heaven Realm. This matter must be reported to the higher level."

The Star God Palace and the people from Tianjiao vomited another mouthful of blood, sending out messages one by one, and then quickly took out the healing medicine from their bodies, sat cross-legged, and treated the injuries immediately.

Starlights surged from several people. This group of people from the Star God Palace and Heavenly Work were practicing here, while Palace Master Guangcheng and Sect Master of Death took their disciples and stepped aside, with shock on their faces. The color.

Palace Master Guangcheng looked extremely ugly, and said solemnly to the Death Sovereign:

"Unexpectedly, this Dragon King Island actually has a master of the Demon Clan sneaking into it, and it is also a late-stage holy master, if it weren't for the masters of Star God Palace and Heavenly Work We are here, our Guangyuetian forces will be in danger."

The Death God Sect Master also looked ugly, "The Demon Race has penetrated into my Eastern Celestial Realm so deeply, and now I somewhat believe what Brother Wudao said before. It is very possible that the Yaomie Mansion in the Eastern Heaven Realm has already cooperated with the Demon Race. , Do you think the masters who practiced magic arts before this are the people of Yaomie Mansion?"

"Yao Mie Mansion?" Palace Master Guangcheng condensed his gaze and snorted coldly, "Does this still have to be said? I think it is seven or eight. After all, the late Holy Master is the top powerhouse in my Eastern Heaven Realm, only Only the top celestial domains of the Eastern Heaven Realm may be possessed, and Yao Annihilation Mansion is the most likely force to infiltrate my Guangyuetian. It happens to be here at this time. There are so many coincidences in this world."

"Thanks to Brother Wudao, otherwise I would be in danger, Guangyuetian. If it is really controlled by Yaomie Mansion, I will be a subordinate of humans. The key is to become a running dog of the Demon Race and a sinner of the Human Race. It's more uncomfortable than killing me."

The two forces of Guangyuetian looked at each other, and there was palpitations in their hearts.

At this moment, they came to realize how much Qin Chen helped them.

"What should we do next? Although we all suspect that the person may be a master of Yaomie Mansion, there is no evidence. Even if Star God Palace has some guesses, they can't directly attack Yaomie Mansion, right?" Xu Xiong sighed Said.

Palace Master Guangcheng shook his head and said indifferently: "This is what Star God Palace and Heaven's Work have to do. All we can do is to strengthen ourselves. Now that Brother Wudao is gone, we must not be annihilated by the people of Yaofu Mansion. Triumphantly succeeded."

"Oh, now I know how powerful Brother Wudao is, he is broad-minded, and he doesn't know how he came from."

The Reaper Sect Master sighed slightly, his eyes showed power of admiration.

Before, they didn't understand why that Wudao would suddenly intervene in their Guangyuetian affairs. Is it just because they have an enmity with Yao Mie Mansion? Now that they knew that Yaomie Mansion might secretly cooperate with the Demon Race, they realized that the reason why Qin Chen helped them Guangyuetian was most likely to fight the Demon Race, which made them feel ashamed.

Because before, they even suspected that Qin Chen was trying to occupy them Guangyuetian.

It's really a gentleman's belly with the heart of a villain.

"Damn it!"

When the people working in the Star God Palace and Tian quickly passed the news to the headquarters, a figure suddenly appeared in an abandoned void outside Guangyuetian, his face flushed, and his body surged.

It is the Dark Eye Lord.

"Who arranged the power of the Demon Race, **** it, this constellation was so embarrassed and almost exposed his identity, it is really hateful!"

The Dark Eye Lord's blood surged, and he was so angry that he found a extinguished star, and instantly sneaked into the depth of the star at this moment, and then took out two pills and took it by mouth, cross-legged in the depth of the star.

Shining light flashed from his body, and a strong breath of life permeated. The body that was hit by the star map and the Tiangong warhammer healed in a very short time. Only a moment later, the originally injured Dark Eye Lord had recovered at least Bacheng breath.

It's just that the demon aura on him still faintly remains, and it can't be completely removed in a short time.

"Who arranged this devilish ban? It seems to be deliberately leading me in. Otherwise, how could this constellation be discovered by the people of the Star God Palace?"

A sharp light burst from the deep pupils of the Dark Eye Lord.

I didn't care too much before, but now when I look back, the Dark Eye Lord suddenly wakes up. He seems to be following the way of others. The power that the terrifying demon formation has exploded does not seem to cause much harm to him. It is to let yourself be tainted with the breath of the demon race, and exposed to the top powers such as the Star God Palace.

"The atmosphere of the war that remained in the True Dragon Spirit Pond was eliminated extremely cleanly. Even the power of the dark pupil of this seat has hardly captured too much. I can only sense that there was indeed a war there. ,and....."

The Dark Eye Lord felt the demon aura on his body, revealing deep fear. Although the demon aura is not very powerful and powerful, it cannot cause any harm to his body, but it is extremely pure and pure. As for his cultivation base in a short period of time, he can't easily eliminate it. This method is simply amazing.

"Now that I broke into Dragon King Island has been discovered by Star God Palace and other forces. Although my identity has not been revealed, but combined with the previous Guangyuetian announcement, Star God Palace and Tianjiao will definitely point the finger at my Yaomei Mansion, **** it, In this way, the Lord Palace Master's plan may be hindered."

"No, I have to go back immediately and notify the Lord Palace Master."

Thinking of this, the Dark Eyed Sage Master couldn't hold back anymore, and disappeared into the depths of the stars in a flash, rushing back to Yao Mie Mansion.
