### [Chapter 3281: Spies](#)

The news that the Demon Race appeared in Guangyuetian spread throughout the Eastern Heaven Realm in a very short time.

The high levels of the heavens shook, and many top forces noticed this, causing an uproar.

It should be understood that the war between the heavens and the demons has lasted for countless tens of thousands of years, and the two sides have been fighting for a long time. It is not the first time that the demons have spies among the human race.

But a spy like this kind of late-stage holy master level spy is extremely rare, and the other party is so arrogant, directly appearing under the noses of Star God Palace and Tian Jiao, after being discovered, even thinking of killing people, so The arrogant behavior naturally caused the shock of countless forces in the heavens.

When did the demons in the territories of the human race be so arrogant?

Many high-level forces in the celestial realm were extremely shaken, and they paid attention one after another.

At the same time, all kinds of news were also transmitted in the Eastern Heaven Realm.

Some people say that the Demon Race has been operating in the Eastern Heaven Realm for many years, hiding many masters lurking here, and secretly targeting many forces in the Eastern Heaven Realm to carry out beheading operations.

It is also said that many of the heavens in the Eastern Heaven Realm have been secretly occupied by the Demon Race, and that many of the powers in the Eastern Heaven Realm are actually members of the Demon Race.

There are also rumors that the people of this demons are masters of Yaomie Mansion. The people of Yaomie Mansion secretly wanted to take control of Guangyuetian, but failed. They sent a master to Guangyuetian. They wanted to take control again. The Star God Palace and the people of Heavenly Work see through.

For a time, all kinds of news were surging.

However, the news about Yao Mie Mansion's collusion with the demon clan was very raging, and it became more and more mighty.

The entire Eastern Heaven Realm instantly fell into a panic.

While the whole heaven was surging, Qin Chen and others secretly observed the development of the whole incident, and even some news about Yao Mie Mansion was secretly released by them.

"Dust, what shall we do now?"

"Let's stay quiet and watch the development of the situation."

Qin Chen said solemnly.

"Could it be that there is nothing wrong with Yaomie Mansion?" You Qianxue said in disbelief, "Although Star God Palace and Tiangong did not have enough evidence to prove that the person who sneaked into Guangyuetian was actually a person from Yaomie Mansion, all discerning people should Can you tell it? And if the Yaomie Mansion is colluding with the Dead Demon Race, there will definitely be clues. As long as the high level of the heavens enters the Yaomie Mansion to investigate, they will definitely be able to investigate things."

"It stands to reason, but there is no absoluteness in the matter, so let's just wait and see what happens." Qin Chen shook his head.

Although the affairs of Yaomie Mansion attracted the attention of Star God Palace and Tianjiao, with the strength of Yaomie Mansion, it is certain that he will not be caught with his hands. Palace Lord Yaomie has been operating in the heavens for so many years and colluding with the dead demons. Your way out?

If he jumps out now, he will be noticed instead, and he can only add to the flames secretly, and the methods can not be fierce. Once the Yao Mie Mansion and the top forces of the heavens are aware that he is pushing in secret, then he will also be at risk.

Under Qin Chen's attention, as expected, within a few days, the people of the Star God Palace and the top leaders of Tianjiao arrived.

This time, several late-stage saint masters from Star God Palace and Tianwu came to Guangyuetian, and after listening to Guangyuetian's information, they set off directly to Yaomie Mansion.

Suddenly the whole heaven was rolled up with turbulent waves. Are Star God Palace and Heavenly Work going to deal with Yao Mie Mansion?

This is a big deal.

Yaomie Mansion, the dominant existence of the Eastern Heaven Realm, once the Yaomie Mansion is sanctioned, the entire Eastern Heaven Realm will change drastically, causing a violent sensation.

The gazes of all the forces gathered together, it depends on how Yaomie Mansion responds, whether it is resistance or war!

Qin Chen is also paying attention to the fact that Yao Mie Mansion is colluding with the dead demons. He is very clear. If the two major forces are allowed to enter the territory, they will inevitably find some clues. Then they will face sanctions from the entire celestial realm, only for reasons without evidence. , The people of the two major forces are prevented from outside the Yaomie Mansion, it is possible to turn around.

After all, Yaomie Mansion is also the top power in the Eastern Heaven Realm. It is definitely not something that can be checked if any power wants to investigate. Although the Star God Palace and Heavenly Work are strong, they cannot innocently search for other high-level powers in the Heaven Realm. Everyone is at risk.

Qin Chen guessed in his heart.

But what shocked him and the many forces in the entire celestial realm was that when the senior officials of the Star God Palace and Tiangong came to Yao Mie Mansion, the people of Yao Mie Mansion directly opened the door and said that they were innocent in Yao Mie Mansion. , You can let the two major forces investigate and restore your innocence.

Yao Mie Mansion is innocent?

Qin Chen sneered in his heart. If Yao Mie Mansion were all innocent, then the whole heaven would be guilty, but the actions of Yao Mie Mansion made Qin Chen's heart sink.

This is not in line with common sense at all. Yaomie Mansion should strive hard to escape the sanctions and allow the other party to enter. Do you think that the Star God Palace and the people from Tianjiao are all going through the scene?

There is definitely something weird.

Sure enough, the investigation of Star God Palace and Tiangong went on for a month, and after a month, Qin Chen was shocked that the investigation of Star God Palace and Tiangong returned without success. They did not find Yaomie Mansion. Any evidence of collusion with the demons.

This is impossible!

Qin Chen's heart sank, and his eyes exploded with cold light. There was definitely a problem with the Star God Palace and the people working in Heaven.

Yaomie Mansion colluded with the dead demons, he couldn't know better, how could he not collude with the demons? Moreover, with the means of the Star God Palace and Heaven's Work, even if the people of the Yaomie Mansion deliberately hide, how can they find some clues, how can there be no evidence at all.

Qin Chen felt an endless cold in his heart.

"Dust, there is absolutely a problem with the Star God Palace and Tianzuo, how can it be possible that no evidence has been investigated?"

You Qianxue also felt incredible.

"I know, I didn't expect that the situation of my human race against the demons would be so severe."

Except that there are spies from the Demon Race in the Star God Palace and Heavenly Work, who are covering up for Yao Mie Mansion, or for other reasons, Qin Chen can't think of any possibility.

"Dust, what shall we do next? Are you asking Hantian back?"

You Qianxue solemnly said, "If there is a problem with Tianjiao and Star God Palace, with the noise you make in the trial land of the heavens, then the Star God Palace and the people who work with Heaven will definitely drop by and ask Hantian to find you. I was afraid..."

"Ask Hantian can no longer return."

Qin Chen said solemnly, "It looks like we have to leave here."

If there is a problem with the work of the Star God Palace and Tian, then he returns to Ask Hantian, it will be a sheep's mouth.

"Then where are we going?" You Qianxue frowned, the heavens are huge, but they have nowhere to go.

"There are more places!"

Qin Chen thought, his eyes gradually lit up, "I thought of a place."

### [Chapter 3282: Dongguang City](#)

In the endless void, a battleship flies and swims in the heavens.

Among the battleships, Qin Chen sat cross-legged, lingering in the holy light on his body, and the laws of the great road lingered on his body, turning into a rune containing the essence of the heavens, pouring into his body.

Many runes represent the highest power in the heavens, even affecting time and space.

Countless laws formed a perfect reincarnation in Qin Chen's body, and finally they were restrained together, forming a simple rune, which was deeply restrained.

With a long breath, Qin Chen opened his eyes.

"Dust, your cultivation is over?" A soft voice remembered, You Qianxue poured Qin Chen a cup of fragrant tea, and gently sat beside Qin Chen.

Qin Chen drank it, tea pouring into his body, with a hint of fairy charm, and smiled and said: "Qianxue, your tea art is getting more and more exquisite."

You Qianxue smiled slightly, Qin Chen's praise made her feel warm, and she felt that her efforts were not in vain.

If someone sees You Qianxue's smile, they will definitely be jealous and go crazy. Such a beautiful woman, like a fairy, will show a childlike smile because of other people's praise, which is really heartbreaking.

"Qianxue, where have we been?"

"It's almost Dongguang City." You Qianxue looked at the map and said.

Time passed, and at this time, it had been three months since Qin Chen and the others left Guangyuetian.

Along the way, Qin Chen took the battleship and the teleportation array, transformed into two travelers, preparing to travel all the way to the southern heaven.

The reason why he would go to the Southern Heaven Realm was because the Ji family was in the Southern Heaven Realm. Moreover, in ancient times, the location of the sect of the Tongtian Sword Pavilion was also in the Southern Heaven Realm.

However, the boundaries of the ancient heavens are very vast, many times that of the current heavens. The so-called eastern and western heavens are actually only a small part of the ancient heavens.

Qin Chen is now stuck in the realm of the holy master of the initial peak. If he wants to continue to break through, and step into the realm of the middle holy master in one fell swoop, whether it is sentiment, understanding of the laws of the heavens, or the holy veins, an astonishing number is needed. If he stays in the Eastern Celestial Realm, Qin Chen must continue to conquer medium-sized regions like Guangyuetian, plunder their foundations, or enter the top powers like Yaomie Mansion, before they can get enough resources. Come, Qin Chen

The probability of exposure will also be greatly increased. Today's Eastern Heaven Realm has attracted the attention of the top powers of the Heavens, but the Yao Mie Mansion incident and the words of the Ancient Sacred Tower Tool Spirit made Qin Chen have certain doubts about the top powers of the Heavens such as the Star God Palace and the Heavenly Work. Qin Chen now,

He didn't dare to have too much contact with such high-level forces in the heavens.

In case there is a spy from the Demon Race, he is in danger. Qin Chen is okay. What he fears most is to ask the Chendi Pavilion in the cold sky. In the memory of the Eternal Sword Master, in the ancient Tongtian sword pavilion, there is a special sacred place for swordsmanship. As one of the top forces in the ancient heavens, the resources in the Tongtian sword pavilion must be extraordinary.

Lord's resource.

Of course, more importantly, the Ji family was the power of the Southern Heaven Realm in the ancient times. Although it has fallen and disappeared, the base camp is most likely in the Southern Heaven Realm.

Qin Chen didn't have enough strength to travel to the southern celestial realm before. Now he breaks through the holy master. Although Qin Chen can't be called the top power in the celestial realm, he can still travel in the celestial realm by virtue of Qin Chen's strength, and it is logical to find Ruyue.

"Dust, after we leave, Palace Master Guanghan will they really be okay?" You Qianxue said with some worry.

Without them, asked Hantian can he survive under the coveting of Yao Mie Mansion? Moreover, the Holy Master of Mietian fell to Yaomie Mansion, and You Qianxue also worried that Yaomie Mansion would start with Wen Hantian again. "There will be no problem in a short time. Today's Eastern Heaven Realm has been noticed by the top powers of the Heaven Realm. Although we don't know what method Yao Mie Mansion used to escape this catastrophe, we don't know the Star God Palace and What's in the day work

Question, but under the current circumstances, Yao Mie Mansion still dare not do so arrogantly, but it's hard to say for a long time. "

Qin Chen's eyes flashed coldly, "That's why we have to cultivate hard and strive for breakthroughs. Only when our strength is improved can we not be afraid of the crisis of the Yaomie Mansion."

In the following days, Qin Chen continued to practice hard in seclusion, and after a few days, Qin Chen stopped.

"Dongguang City is ahead."

Qin Chen looked at the void in the distance, and at the same time collected the battleship, and You Qianxue continued forward.

Half a day later, in the void ahead, a vast and huge city appeared in front of Qin Chen's eyes, suspended in this void, with people coming in and out from time to time, making it extremely prosperous.

Dongguang City is the city closest to the center of the Heaven Realm in the Eastern Heaven Realm. It is very old. Rumor has it that it already existed in the ancient Heaven Realm. It was once the center of the Heaven Realm and was very prosperous.

Later, the celestial realm was broken, the entire celestial realm was directly divided, and Dongguang City was also destroyed. Later, it was re-established and became a transit city from the eastern celestial realm to other heavens. It is said that the entire city wall of Dongguang City is made of Void Star Iron. Void Star Iron is extremely precious in the heavens and can withstand the impact of the void trend. The Void Star Iron used to build the entire Dongguang City. Uncountable

.

"the host!"

Xing Tianya appeared next to Qin Chen.

"Go, let's enter the city." Qin Chen chose to take Xingtianya into Dongguang City, mainly because Dongguang City is the fringe city of the Eastern Heaven Realm. It is very chaotic, especially because it can connect to other heavens through the Void Tide, and there are many strong ones. Tianya, as the ancestor of the sea of spirit, once came

After passing this Dongguang City, I have a good understanding of this place, and there is a trip to the world, which can save some trouble.

Of course, Xingtianya's identity can't be revealed, and it needs to be changed.

It is rumored that there are many treasures in this Dongguang City, and the transaction volume is very huge. Perhaps you can find some top-quality materials here to improve the quality of the jade discs, and find some top-notch pill.

Dongguang City has eight space entrances, and other places are not allowed to enter, nor can they enter.

Outside the Eastern Space Passage, Qin Chen and the three fell down.

Without too much inspection, the three Qin Chen were directly released and entered Dongguang City.

In other cities, the most prosperous ones are definitely restaurants, but in Dongguang City, the most enthusiastic thing is to trade materials. Walking on the street, you can see stalls selling materials everywhere. The goods on these stalls, some things are not seen. Over. When he first arrived, Qin Chen was not familiar with Dongguang City, so he walked around to see if he could find any treasures, materials, and special good things to improve his strength. It was even rumored that Lian Mozu in Dongguang City The core of the demons can be purchased.

[Chapter 3283: auctions](#)

Stepping into Dongguang City, Qin Chen immediately felt a mighty force, a palpating power hidden in this Dongguang City, making Qin Chen a little heart palpitated.

"Dust, such a strong breath." You Qianxue also palpitated, frowning.

Qin Chen nodded.

This Dongguang City is not simple.

With Qin Chen's current strength, even the holy lord of the late stage peak, Qin Chen can fight against, or even kill, but this strength can make Qin Chen feel the tremor from the depths of his heart, absolutely beyond the mid-term. Peak Holy Lord level. Think about it, this is the border city of the Eastern Heaven Realm, and one of the main cities that communicate with the other great celestial realms. How can there be no masters in charge? Even some of the top forces in the celestial realm will come and trade. Sell one

Some treasures and materials.

"It seems you need to be more cautious."

In the evening, the three Qin Chen came to a restaurant.

"Have you heard that another caravan was wiped out by thieves in the Void Tide recently. All the property was looted, the men were killed, and the women were taken away. It was extremely miserable." "This is no longer news. The uproar that has spread a few days ago caused the caravans in Dongguang City to dare not leave the city at will. They were all recruiting soldiers and daring to leave the city when they had enough personnel. When will the high-level forces of the heavens be able to manage one.

Just get out of this void tide sea. "It's not that they don't want to manage, but they can't manage it at all. The heavens were shattered back then. Although many top masters in the heavens repaired the heavens, the location of the Void Tide Sea was once one of the main battlefields of the human-devil wars. Yes

The broken power of the void and the chaotic atmosphere have caused the terrain here to be very complicated and chaotic. Otherwise, the areas of our great heavens would have been bordered long ago. How could this void tide sea be isolated for so many years. "Yes, this void tide sea is full of dangers, and there are so many turbulences. Some of the top forces and caravans in our celestial realm have only opened up some safer routes. They dare not enter other areas. I heard that On a safe road

Beyond the line, there are space wormholes everywhere, even wormholes leading to demons and demons, and there are demons lurking in this void tidal sea, which is impossible to prevent. "These are okay. The most important thing is that there are many thieves in the Void Tide Sea. They live by plundering the Chamber of Commerce. They have always been the most hateful force in the Void Tide Sea, and many bandit organizations are very powerful. Any one comes out. All

One party overlord. "It's none of our business, that's what the chambers of commerce need headaches. We just don't need to enter the Void Tide Sea. In comparison, I care more about the Yaomie Mansion. I never thought that there are demons in my Eastern Heaven Realm. When the clan appears, the demons are too arrogant

Up. "Who says no? There have been rumors before that Yaomie Mansion and the Demon Race colluded, but after careful inspection by the two major forces of Star God Palace and Tiangong, they found that they wronged each other. Where did it come from, rumors

, That is equivalent to the top master of the late Saint Lord. "

"Now our heaven is becoming more and more insecure."

As soon as the three of Qin Chen sat down, they heard many people talking about the thief of the Void Tide Sea, which made Qin Chen frown slightly, unexpectedly going to the Southern Heaven Realm would be so dangerous. But it's normal to think about it. Since this sea of void tides is a route that connects several celestial realms, there are bound to be many caravans and some thief forces will be born. This is unavoidable in any place, especially in places like the heavens. Respect

, Any martial artist needs a lot of resources to practice.

Qin Chen ordered some fine wines and dishes, and the three of them drank freely.

"Breaking news, because the Void Tide Sea thief is too rampant recently, Dongguang City City Lord's Mansion will hold an auction in three days to trade some treasures obtained by the major chambers of commerce from the great heavens and digest them directly here."

Suddenly, the crowd became restless, and someone came out with a shocking news.

"What you said is true? The City Lord's Mansion will hold an auction? Is there such a thing?" "I lied to you. This is a temporary decision by several major chambers of commerce and the City Lord's Mansion, rather than being snatched by bandits in the Void Tide Sea. , Several major chambers of commerce temporarily decided to auction some treasures here to digest them in advance, many of which are from the East Heaven

Treasures from the top powers will also be sold. This is a good opportunity, maybe you can miss it. "

"Hey, if it is really an auction decided temporarily by a few major chambers of commerce, there might be a real chance."

For a while, the crowd became agitated. Under normal circumstances, some chambers of commerce in Dongguang City will ship the treasures to other celestial realms for sale after receiving the treasures from the eastern celestial realm, because there are many unique treasures of the eastern celestial realm.

It's more than several times.

And there are also some other celestial forces after they transport the treasures to Dongguang City, they will choose their own channels and transport them to the top forces within the eastern celestial realm for sale.

But this time, several major chambers of commerce seem to have chosen to auction some of their items directly in Dongguang City because of the rampant thieves, which made countless warriors in Dongguang City excited. Because Dongguang City is a border city of the Eastern Celestial Realm, it naturally gathers many casual repairmen and some top power spokespersons. Even other Celestial powers are stationed. Here, general treasures can also be auctioned off.

The price, but it is equivalent to shipping to other heavens, there are some more variables, it is very likely to encounter the situation of missing.

How is this not exciting?

What's more, even if you can't auction things, you can see all kinds of treasures and open your eyes when you participate in such a large auction.

For a time, the whole restaurant was talking about it.

"This Dongguang City still has the City Lord's Mansion?"

Qin Chen's attention was different, and he cared about this City Lord's Mansion. Xing Tianya immediately explained: "Master, Dongguang City does have a City Lord's Mansion. Because of the special location of Dongguang City, the major forces in the heavens will arrange some spokespersons to come to Dongguang City to serve as the city lord. It's not a fief system, but it's mobile. Every ten thousand years, it will change its term. In fact, it is the result of some top forces in the heavens who compromised with each other. In addition to managing the order of Dongguang City, the City Lord's Mansion should not make any major mistakes Outside, is it right?"

The jurisdiction of the surrounding area. "

Qin Chen nodded. This is similar to the branch of Tianjiao in Guanghantian, which was dispatched by the major forces to take control, and did not have much real power.

But the significance is extraordinary. It means that Dongguang City will not cause too much chaos under the control of many top forces in the heavens.

#### [Chapter 3284: Tiandao Yuanguo](#)

"Is it three days later? You can go and participate."

Qin Chen drank a glass of wine and said with a smile.

Three days, fleeting. Next, Qin Chen and You Qianxue also walked around in this Dongguang City, and really found that this Dongguang City is extremely lively, masters are like clouds, and there are many treasures, but I don't know if it's because the auction is about to begin. Some ordinary in Guangcheng

The stalls were packed a lot, and people from the outside world arrived.

Qin Chen and You Qianxue casually strolled around, then returned to the restaurant and continued to practice in retreat.

Early in the morning of the third day, Xing Tianya came to Qin Chen's room.

"Master, it's time to set off, otherwise the time will be too late!"

"Let's go!"

Qin Chen and You Qianxue changed their clothes and walked out. "Master, my subordinates have already inquired about it. This time it is an auction organized by the lord of Dongguang City personally

and sponsored by several major chambers of commerce. In addition to the chambers of commerce, individuals can also sell treasures, so the location is in the city lord's mansion. And subordinate

I have heard that there are really many good things in this auction. "

Going to the City Lord's Mansion with Xing Tianya, Qin Chen knew that there were really some good things at the auction this time after listening to the inside information he inquired. It is rumored that the reason why the thieves of the Void Tide Sea fought against the passing caravan this time is because a secret realm before the Void Tide Sea was opened, which contained the Heavenly Dao Origin Fruit that could refine the Heavenly Dao Divine Pill. This kind of fruit, once refined, system

The Heavenly Dao Divine Pill can greatly speed up the cultivation speed of the Holy Masters, and even the directly born masters of the Holy Master level can be called Heaven-defying.

And it is rumored that a certain caravan passing by the Nether Tide Sea possesses the Origin Fruit of Heaven, which has attracted the madness of the bandits in the Nether Tide Sea.

And at the finale of the auction this time, there was one of the Heavenly Origin Fruits. In addition, there are many other treasures, especially the treasures of the Saint Master level. The number is not a few, attracting the attention of many Saint Master masters, and even some Saint Master masters in the heavens around Dongguang City. , There are many news

Rushed.

In short, this auction is unprecedentedly grand, and the masters of Dongguang City are looking forward to it, but it is conditional to participate in the auction. After all, there are so many warriors in Dongguang City, and the City Lord's Mansion cannot accommodate so many people even if it is large. Approach.

If you want to enter the auction, apart from the invitation from the City Lord's Mansion, there are only two kinds of people who can enter freely.

One is the strong above the holy master, and the second is the warrior with strong financial resources, otherwise it is not allowed to enter the auction floor.

And Xing Tianya, as the holy master of the mid-term peak, the ancestor of Wuhunzhilai, had already settled these things before, and set a box, Qin Chen and You Qianxue naturally did not need to be inspected. "Heavenly Dao Origin Fruit, that is a top treasure. I heard that different heavenly Dao Origin Fruits have different attributes, and the refined Heavenly Dao Divine Pills also have different effects. I don't know what the Heaven Dao Origin Fruit is this time. What attributes,

However, it is a pity that Tiandao Yuanguo wants to become Tiandao Divine Pill and needs a powerful Holy Master Alchemist. Such characters are also as rare as Tiandao Yuanguo. "

Xing Tianya said with emotion that, as the ancestor of the Sea of Martial Soul, it was the first time he saw the auction of this Heavenly Dao Origin Fruit. This kind of treasure is too difficult, and it is no wonder that it caused such a sensation.

Selling to some of the top powers in the heavens is the most worry-free, but again, the price will not be too high or low, because among the top powers in the heavens, there are definitely many such treasures, but at least it is safe. , Worry-free.

And in this Dongguang City auction, it is easy to have some changes, and I don't know what the purpose of those caravans do.

Perhaps it is a strategy that can build a reputation in the Eastern Heaven Realm.

Tiandao Yuanguo? Qin Chen smiled. Although such treasures are rare, he is actually okay. His book of origin can refine the origins of other powerful people and turn them into his own perception and civilization. This is more powerful than the source of heaven. Compelling things

It is not scarce either.

The three of them talked while walking, and soon came to the City Lord's Mansion. In front of the City Lord's Mansion, the crowd was full of hustle and bustle, and many warriors were rushing inward. The guards of the City Lord's Mansion were working hard to maintain order. There was a ban. Except for the people of the City Lord's Mansion, no one else could easily fly by.

Only the guards of the City Lord's Mansion flew from high in the sky from time to time, screaming at those who wanted to jump in.

"The warriors in the early days of Heavenly Sage also want to participate in the auction? Or go back and practice for a few years, what? Do you have a holy vein? Let me see, a dozen of the primary holy veins are also called holy veins? Go!"

There was a sound of cursing from the front, it was obvious that there was an unqualified warrior who wanted to get through the pass, but was caught by the guards and threw it away directly with a sullen face.

"Half-step saint master's martial artist, huh? You have a broken ancient saint master's holy veins? I barely have the qualifications, please, this friend."

"Why did you come to join in the excitement in the middle of the day? What, you are from the Ziguang Chamber of Commerce, say it earlier, you can enter."

The warriors of the guards are also very busy. Seeing that the auction is about to begin, there are still countless warriors who want to enter the arena, let them be the first two big.

Under the leadership of Xing Tianya, Qin Chen squeezed through the crowd and came directly to the VIP channel on the side, and then Xing Tianya showed a token.

"It's a VIP order."

The faces of several guards there instantly showed surprise, and immediately put on a smiley face, and under the envy and hatred eyes of other warriors around, they bowed directly to Xingtianya.

Those who can get this class of VIP orders are at least a saint master-level figure, and at least a master above the mid-term saint master, otherwise they are not eligible to buy box tokens. In this kind of place, the level of the warrior is still very strict.

"A few, after you get inside, as long as you show the token, someone will come to greet you." The captain of the guard respectfully said, this person is also a half-step holy master, but at the moment he is very respectful.

"Master, please!"

Xing Tianya immediately waved his hand and backed away slightly.

Qin Chen nodded and entered with You Qianxue.

"hiss!"

This made the captain of the guard even more shocked. He could feel the horror of Xingtianya. He originally thought it was the elders who brought the juniors to see and see, but he couldn't think of just being a servant. So what are the origins of these two people?

The other people around are already looking stupid. Damn, they can't get into the auction house with their hard work, but a servant can handle it. Why is the gap between people so big?

Everyone felt the crit of hundreds of millions of points in their hearts. After Xing Tianya brought Qin Chen and You Qianxue into it, soon, a maid came over, and Xing Tianya showed the token, and the maid immediately took the three to a box on the second floor of the auction house.

### [Chapter 3285: Sleeping fairy](#)

This box is located on the second floor of the City Lord's Mansion. The entire auction site is divided into three floors. Qin Chen still has one floor above his head, with a better view and a better location.

For this box, Xing Tianya seemed a bit surprised. After all, when he came to apply for the VIP order, although he did not reveal his identity as the ancestor of the Sea of Martial Spirit, he also slightly released the breath of the mid-term peak saint master, the mid-term peak saint master, it was in Guangyuetian and other mid-level forces, and they all could be called the number one master. Even if this Dongguang City was a border city of the Eastern Heaven Realm, it was as strong as a cloud and there were many chambers of commerce, so I wouldn't dare to underestimate it.

After all, the saint master of the later stage, each of them is a giant in the heavens.

But now, they were actually only assigned to the second-tier boxes. It can be seen that the third-tier boxes have people who are stronger than him or have a larger background.

Realizing this, Xing Tianya's brows couldn't help but frowned. This time the auction seemed to have attracted many top masters.

Qin Chen was also clearly aware of this, and his eyes flickered. He would never reveal his identity in the Eastern Heaven Realm. Otherwise, the news would be sent back to the Yaomie Palace and would be noticed by the Yaomie Palace Lord. At that time, asking Hantian would definitely be in danger.

However, Qin Chen couldn't help being excited by the appearance of so many big figures and masters. The more masters came today, the more amazing the treasures were auctioned, and even he became interested.

To be honest, after entering the Celestial Realm, Qin Chen has never participated in an auction here, and he does not know whether this Celestial Auction is different from the Tianwu Continent.

The auction site should have been temporarily remodeled using a large hall in the city lord's mansion. The area is quite large. The hall below is densely packed with people. Qin Chen scanned it roughly and felt that there were at least thousands of people. There are also dozens of private rooms.

That's it, there are still many people who have not been able to enter the venue. If it were not for Xing Tianya to deal with it in advance, even if the two could come in, I am afraid they would not enjoy the box here.

At this moment, there was noisy in the hall, and countless people whispered in groups and talked a lot. The auction had obviously not started yet.

Only in the second and third floors of the boxes, there is a quiet area, and there is no sound. Every box has a restriction to prevent ordinary spiritual scanning. Of course, I think it is a temporary construction. The restriction is not too strong, but it is enough to filter out. Most people's prying eyes.

Whether the warrior underneath swept across the box, all looked envious.

"Sit down." As Qin Chen spoke, the three of them had already sat down. The huge box was very spacious.

Soon, the maid came in and brought the tea and fruit trays, which were all relatively rare sacred fruits. When I took a bite, the juice was sweet and the Saint Yuan flowed in the body, and the whole body was warm.

Qin Chen and You Qianxue sat next to each other, and the two were seated, facing the auction table outside. Qin Chen smiled and said, "Qianxue, if you see something you like later, just ask for an offer."

"I'll just look at the excitement..." You Qianxue smiled lightly, and she didn't lack anything.

Not long after we talked, I heard a noise in the hall, and then an old man with a sloppy beard suddenly jumped up and came to the auction platform.

This man has a beard and shabby dress, looks very sloppy, and his hair is messy, as if he hasn't been washed for tens of thousands of years, dozing off, as if he can't wake up at all, he looks lazy, walking down the road, He will definitely be regarded as a beggar who is begging for a living.

As soon as the old man came onto the stage, he yawned, looking sleepy, and felt like he was going to fall asleep on the auction stage.

"This....."

Qin Chen looked at the old man speechlessly.

He has also participated in many auctions in the Tianwu Continent. Normal auctions are either a mature and respectful host, or enchanting and charming, with a deep career line, a beauty who can attract attention and mobilize emotions. This is the first time I see a beauty. Such a sloppy old man serves as the host, who looks like a beggar, and he is not afraid of running away when he rolls up the baby.

You Qianxue was also a little surprised, this Dongguang City auction was too independent and special.

"Master, you have never been to Dongguang City before, and I'm afraid you don't know this person." Xing Tianya laughed, and before Qin Chen asked, he explained, "This person is one of the three vice-lords of Dongguang City. , Known as the Sleeping Dreamer, it is rumored that this person is practicing in his sleep, but he can go a long way, so he has been sleeping all day, and he has the title of Sleeping Dreamer. As for the specific name, I forgot, and this person has a quirk, like sleeping in the beggar's den, he is normally not found in the city lord's mansion, and he can only be found in some shabby beggar dens in Dongguang City."

"Is there anyone who has such a hobby?" Qin Chen dumbfounded: "But as this person is the vice-lord of Dongguang City, isn't his cultivation extremely against the sky?"

From this person, Qin Chen felt a faint heart palpitations.

"Yes, this person's cultivation is said to be in the realm of the late saint master, no one has seen his true strength, but it is rumored that this person has extraordinary strength. Generally, the late saint master may not be his opponent, and it is said that this person Coming from a mysterious force with a strong background, even the lord of Dongguang City dare not neglect it." Xing Tianya said.

"Even so, he shouldn't be allowed to preside over the auction? Isn't there anyone in the Dongguang City City Lord's Mansion?" You Qianxue looked puzzled.

Xing Tianya laughed: "Young lady, because this person still has a terrible identity. Appraiser, any treasure that falls into this person's hands can be seen by him, even if it is some ancient artifacts, he can also Various effects have been identified, so as long as there are any treasures in Dongguang City unearthed, he will basically be found. As for this auction, the entire Dongguang City may not be more suitable than him, even some heavenly realms. The shopkeeper of a large chamber of commerce may not be shrewd in this regard."

Appraiser?

Qin Chen nodded, so that was the case, otherwise, this Dongguang City let him come to auction, it is undoubtedly too trifling.

However, ordinary appraisers are powerful because they are knowledgeable and deal with treasures all the year round, just like the treasurers of some chambers of commerce, practice makes perfect. Either you are a master refiner, and you have extraordinary methods in the refinery to be meticulous and see the extraordinary. Of course, there are some masters who have obtained some ancient secret techniques that can activate the holy treasure, and I don't know what method this person uses.

At this moment, the Sleeping Dream fairy opened his eyes slightly after swaying on the stage, as if it took a lot of hard work to finally stand firm, and sleepily looked at everyone on the court, and said, "Who is the little old man?" , I must know all the people present here, um, but it doesn't matter if you don't know each other. If you come to participate in the auction, no one likes to see me, this bad old man."

[Chapter 3286: Soul Pill](#)

As soon as this statement came out, many warriors present laughed, and Qin Chen also thought that this person was very interesting. He didn't have the air of a deputy city lord at all. He was so approachable, a normal late saint lord, looking at some ordinary characters. Basically it looks like looking at ants.

"At this time, I didn't want to come to the auction, but I couldn't stand the hospitality of the Lord Lord. I said that the chambers of commerce who helped us in Dongguang City, if I didn't come, I wouldn't be able to auction their things. , I have to be robbed by robbers when I look back. I have a good heart for the little old man, so I can only agree."

"Hahaha."

Everyone laughed.

Qin Chen was also speechless, this old man was too funny, there is no such thing as the demeanor of a master of the late saint master.

"Next, the auction will officially begin. I am still anxious to go back to sleep, so I invite you to bid early."

When the voice fell, the Sleeping Dream fairy waved his hand: "Don't charge too much, now the auction begins."

As the voice of the Sleeping Dream fell, a beautiful woman stepped onto the auction stage. This was a mature and charming woman. She was dressed exposed and her \*\*\*\* were mostly bare. Two tall and white legs like jade loomed under the tulle. Peach blossoms loomed in his eyes, with a hint of flattery, smiled lightly at everyone present, causing everyone to yell, and everyone was excited.

Such a beauty immediately aroused the atmosphere of the auction house.

There was a hint of flattery flowing around this woman, and she had obviously practiced some kind of flattery. She looked forward to the brilliance with a smile, making people linger, and Qin Chen was stunned.

When You Qianxue saw this woman, she was blushing and she secretly spurned. She secretly glanced at Qin Chen, only to find that Qin Chen was staring at her, and she was even more embarrassed.

"Is they pretty?" You Qianxue said bitterly.

Qin Chen sighed, "Seeing this woman practicing Mei Gong, I just thought of Sisi, I don't know how Sisi is in the Demon Realm!"

Qianxue stunned, nestled on Qin Chen, and took his hand, "Sister Sisi will be fine."

"Ok."

Qin Chen nodded.

At this time, the auction has already begun.

The first auction was a bottle of Soul Pill.

Divine Soul Pill is an ancient pill. Each pill is amazingly valuable. It can condense the divine soul. It also has certain effects on masters of the Holy Master level, especially for half-step masters. The effect is

better. If there is a Divine Soul Pill. Auxiliary, can make its soul condense earlier in the process of breakthrough, and it is easier to step into the realm of the Holy Master.

"Ancient Divine Soul Pill, there are three in total. This is the first one. The reserve price is one Heavenly Sage High-grade Saint Vein, and each increase in price shall not be less than one Heavenly Sage Middle-Rank Saint Vein, please." After the fairy Sleeping Meng finished speaking, he was quiet. Stay up.

"Divine Soul Pill, it is Divine Soul Pill? The first one is Divine Soul Pill? Then how many good things are there next?"

"It is said that after taking the Divine Soul Pill, it can condense the soul and accelerate the improvement of the soul. After half a step of the Holy Master's person, it can make the Divine Soul close to the Holy Master level, and it is easier to enter the Holy Master realm. I don't know if it is true or not."

"This is an ancient pill. The prescription is lost, and the general top powers can hardly refining it. Otherwise, it won't be so difficult to break through the Holy Lord. Such a pill is definitely needed by the Tianjiao of some big forces."

"Don't say it's a Tianjiao figure, even the master of the Holy Master cares very much."

As soon as I heard that it was the soul pill, the warriors present immediately became enthusiastic. After all, the power of the soul is related to the future of each warrior. If the soul is strong, whether it is to comprehend the law of heaven, break through the realm of the holy master, and confront the enemy, it will be amazing. Effect, this soul pill is useful to every warrior, but the most useful ones are those half-step holy masters.

"Two heavenly saints, high-grade saint veins!"

"Three!"

"Five!"

"Ten!"

The voices of price increase in the hall one after another, even the people in the box have taken action, and every time the price increases, there is almost no increase in the Holy Veins of the Heavenly Sage Middle Grade. , This bottle of Shenghun Pill broke through the ten Heavenly Sage High-Rank Saint Veins.

However, the ten Heavenly Saint High-Rank Saint Veins are almost the limit that an ordinary Saint Master-level power can readily take out. When someone called this price, some ordinary Saint Master powers and half-step Saint Masters had already begun to hesitate. .

"Ten items once, ten items twice, ten items three times. Okay, the deal is done. This bottle of Soul Pill belongs to the friend who just bid. Please also bring Qi Shengmai to the backstage to deliver the next bottle of Soul Pill!"

The fairy Sleeping Dream, who had been standing on the high platform with closed eyes and rested, suddenly finalized the deal with extremely fast speech, almost without giving others a chance to react, and entered the auction of the next bottle of Soul Pill.

"Damn, this is too fast, right?"

"How long did it last? Am I still hesitating?"

"Isn't it no longer to praise it? This is Divine Soul Pill. Although the ten Heavenly Sage High-Rank veins are precious, a half-step Holy Master gritted his teeth and may not be able to squeeze it out. I am afraid that some of the Holy Master characters have not exerted their power yet? "

"This....."

Everyone was speechless.

In general auctions, when the price is deadlocked, the auctioneer will be enthusiastic and promote vigorously. How can there be such a successful transaction as the Sleeping Dream?

This sleeping fairy is really speechless.

There was an uproar in the hall, and there was a lot of discussion. Many warriors, like Qin Chen, participated in the auction hosted by the Sleeping Dream for the first time, and they were too late to react.

But someone who is familiar with the fairy tales of Sleeping Dreams could not help but shook his head.

Qin Chen was also speechless. The Sleeping Dreamer was unexpected. Anyway, this item was not his. As long as he sold it, his duties as an auctioneer would be completed. When he finished sleeping, he wished to end it immediately.

For a while, the warriors who hesitated not to increase the price were extremely annoyed, but the guy who had successfully bid for the ten Heavenly Sage High-Rank Saint Veins stood up from his seat with joy, as if he had picked up something great and rushed towards the backstage. Obviously, the property is ready to be delivered.

After learning the impatient Sleeping Dream fairy, the auction of this second bottle of Soul Pill quickly fell into the passion, but anyone who wants to sell will never hesitate, and the rate of increase is faster than one, for fear Before it was his turn to bid, Sleeping Dream settled the auction price.

As a result, the auction speed of the second bottle of Divine Soul Pill suddenly became extremely fast, and within a few breaths, he was called to the point of fifteen Heavenly Saint High-Rank Ancient Saint Veins.

While others were still hesitating and pondering, the Sleeping Dream immortal made a final decision. Okay, the second bottle of Soul Pill was auctioned successfully, and there were fifteen heavenly sage top grade ancient sacred veins.

The others are speechless, damn, can you slow down a little bit?

There is no response time at all.

### [Chapter 3287: Shenliu Caiji](#)

Then there was the third bottle of Divine Soul Pill. This third bottle of Divine Soul Pill was quickly sold at the price of the 17 Heavenly Sage High-grade Ancient Sacred Veins.

Many people are wondering whether this Divine Soul Pill can shoot a Saint-Master-level ancient sacred vein, but the result is obviously unsuccessful. After all, the Saint-Master-level ancient sacred vein is very rare. Generally, there is only one Saint-Master-level power. At the beginning, when Qin Chen tried in the heavens, a group of Tianjiao fought for a holy master's ancient sacred vein. Although this soul pill was precious, compared with the holy master-class ancient sacred vein, everyone obviously still had to consider it.

After all, even if a Divine Soul Pill is obtained, a half-step holy master wants to really break through to the realm of the Holy Master, but the Holy Vessel is indispensable. If there is no Divine Soul Pill to assist, it is useless.

Under the fast auction of Sleeper.

In less than half an hour, more than 20 items were auctioned.

This is completely impossible for Qin Chen's previous auctions.

Pills, sacred treasures, exercises, and secret techniques appear one by one. Some of them were put in the auction by the warriors themselves, but most of them were taken out by the major chambers of commerce, and the treasures of the city lord's mansion. .

Some of the treasures brought by some of the major chambers of commerce from other heavens naturally attracted the most looting. The atmosphere of the entire auction site was extremely hot.

Qin Chen also got a rough idea of the items here.

In the beginning, it was only close to the treasures of the Saint Master level. Later, there were already ordinary Saint Master level treasures, and after ten lots, the Saint Master Level Saint Vessels occasionally shot.

The price of one piece is soaring higher than one piece.

But Qin Chen didn't care. He had obtained the treasures from the Saint Master and others, and also plundered the wealth of the entire Guangyuetian. Although he did not dare to say that he was rich here, he still had some savings.

"The next item to be auctioned off is a godly colored dress."

The voice of the Sleeping Dream fairy on the stage suddenly increased a lot, and his sleepy gaze swept down below, and said lightly: "Friends who are bringing female companions or those who are going to give gifts to female companions, please pay attention, I can guarantee this absolutely It's the best gift."

Although the Sleeping Dream Fairy looked drowsy, but when the formal introduction, everyone who heard it showed interest. After all, the name of this Shenliu Caiyi is just a piece of clothing, and it can make Sleeping Dream Fairy. The introduction like this must be extraordinary.

It is impossible for ordinary clothes to be auctioned. Only some valuable artifacts are eligible to appear on the stage. Everyone is curious about what type of clothes this magical color suit is and what kind of power it has.

Under everyone's eyes, the charming beautiful woman walked from behind with a tray in her hand, and stood beside the Sleeping Dreamer. On the tray, a red cloth covered it, making it impossible to see the true face of the auction item.

The Sleeping Dreamer stunned his appetite, and then smiled slightly and stretched out his hand to uncover the red cloth. In an instant, a colorful stream of light suddenly flew up, bringing up a string of mysterious light from the starry sky, and the whole auction table was reflected in the details. Now, beautiful.

An exclamation sounded, and many women looked at the auction stage with wide-open eyes. This beautiful thing has always attracted women's attention.

After seeing it clearly, those women exclaimed again, because the mysterious light of the flying starry sky is nothing but a bright star light, as if someone had collected the aurora in the void and converged it together. , It makes people look dazzling.

After a while, the colorful light suddenly fell, turning into a translucent colorful star suit, as light as a tulle, as if it were infallible, making people feel endless mystery.

Moreover, this colorful star suit was very difficult to catch after carefully perceiving it, and the breath radiating from it was obviously at the level of the Holy Master.

Everyone was amazed, not only those women showed their love, but even some men were interested.

If such clothing accessories are bought back and given to women, they can definitely win the favor of the other party, and they may accomplish a good thing.

"This holy treasure is not just for decoration, right? Dare to ask what power?"

A low voice came from a box.

This question asked everyone's heart. Although this Shenliu Caiyi looks really good and beautiful from the outside, if it's just a piece of decorative clothing, the price must be greatly reduced.

Only some women will like the things that are not very useful, but it is the men who pay for it.

The fairy Sleeping Dream smiled slightly, and said: "This piece of divine flow color clothing was not made by a certain crafting master in the heavens, but from the demon world. It is rumored that it was formed by the power of the colorful starry sky in the demon world. How could it be possible? Just a decoration?"

"what?"

"This Shenliu Caiyi is a treasure of the Demon Realm? The formation of the power of the colorful starry sky?"

"Really?"

The words of the fairy sleeper caused the audience to explode, and there were bursts of exclamation. It should be noted that the colorful starry sky is a great power of the demon world in ancient times. It can

swallow the power of the stars, and it is condensed through the power of the stars. His clothes must be extremely defensive, and they all have peculiar effects.

"This Shenliu Caiyi is a defensive treasure, theoretically possessing a defense close to the mid-term peak of the Saint Master level."

Sleeping fairy's voice fell, everyone was deep-fried, with the defense of the mid-level peak Saint Lord? This... hell, if a holy master at the peak of the early stage is photographed, wouldn't it be able to withstand the defense of the holy master in the middle to some extent?

There are also many women who have lost so much. If they are so strong, they will definitely be robbed.

"Ahem, everyone pays attention to the old, it is only theoretically, because this thing is gathered from the power of the astral world, and it is condensed by the colorful starry sky, so it needs the power of the demon to activate, and it is best to be the star. The power of the Holy Master of the ordinary human race is difficult to activate successfully, so its basic defense is only equivalent to the level of the early Holy Master."

Sleeping Dream Fairy said with a smile.

As soon as this statement fell, everyone who was still amazing was depressed. They could only be activated with demon power, and preferably the power of the stars, and the secret method of the colorful starry sky. They are all human warriors, how to activate?

Many people suddenly lost interest.

"But in addition to defense, this divine liu Caiyi has other functions, that is, it can attract the power of the astral world, moisturize the body, and can isolate the detection of divine consciousness, even the old divine consciousness can Part of it is isolated, and this thing has the power of space, which can increase the speed of flight and conceal and hide the breath." The Sleeping Dream fairy said again.

The crowd was in an uproar again, able to isolate part of the spiritual consciousness of the Sleeping Dream Immortal, the Sleeping Dream Immortal is a master of the late stage saint master, isn't it that even the late stage saint master might not be able to see through this divine flow color garment?

Moreover, it also has the effect of increasing the flight speed and hiding and hiding the breath. This time, the crowd boiled again.

This is definitely a treasure.

### [Chapter 3288: Fairy Daofeng](#)

When the words fell, countless divine thoughts spread from all directions and landed on this divine flow colored garment. Qin Chen's divine thoughts were also in it. After a careful sweep, he found that it was like a sleeping dream fairy. Said that this divine flow color clothing can cover people's divine consciousness, and is condensed by the power of the star realm, containing the power of space.

"Dust, this Shenliu Caiyi is really extraordinary."

You Qianxue also exclaimed, and there was a stream of light in her eyes, any girl would be moved by such a stunning costume.

The auction floor was also noisy.

"Sure enough, it can cover the divine consciousness."

"It also has the aura of space, which can hide the figure and speed up the flight."

"There is no doubt that if this thing is in the Monster Race, it is definitely a secret treasure close to the level of the late Saint Master."

"Unfortunately in our human race, the effect is not so great, but the combination of all the effects is similar to the secret treasure of the initial peak Holy Master level. After all, the defense of this holy treasure is too weak, it is a flaw."

"Yes, I want this secret treasure."

"Your Excellency is very old, what's the use of this secret treasure? Leave the opportunity to our young people."

"The old man recently accepted a concubine in a new room. Why, young man, you are in a small grade and want to compete with the old man?"

On the high platform, the Sleeping Dreamer looked at the noise and nothingness below, and said lightly: "There are many treasures in this auction, which are specially suitable for the female saint, but they are very few. And this thing is indeed from ancient times. If you are interested, Don't miss it."

It was the first time that the fairy Sleeping Meng said so many words, but that was all.

"Okay, then we will start auctioning this divine flow color garment. The starting price for this item is a low-grade holy vein, and the price increase must not be less than one high-grade heavenly holy vein. Now we will start auctioning!"

As soon as Sleeping Dream fell, an offer rang.

In the blink of an eye, the price was increased to the price of one Saint Lord's Saint Vein plus 20 Heavenly Saint's High Grade Saint Veins, but it hasn't stopped.

After a while, the price has already risen to two low-grade holy veins, and even the price is still rising...

The whole scene immediately became extremely hot.

There are two low-grade Saint Master Saint Veins. It should be noted that in a place like Xueyang Mansion, there are only two low-grade Saint Master Saint Veins in total, and once they are taken out, there will be none in the entire Blood Sun Palace. A saint master's sacred vein sits in control and may even weaken.

It can be seen that the precious veins of the lower grade holy masters are precious.

A low-grade Saint Lord's Saint Vein, under tens of thousands of years of accumulation, is very likely to be able to give birth to a master of the Saint Master level, and this colorful dress, although the stars are shining, extremely gorgeous and stunning, but it rises in a moment. When it comes to the price of two low-grade holy veins, this is simply crazy.

It is absolutely irrational for a woman to do what she likes, and a man is sometimes very outrageous to win the favor of a woman.

"Qianxue, do you like this divine color dress?" Qin Chen said with a smile.

You Qianxue's expression changed endlessly, and she shook her head with a wry smile.

She naturally likes this colorful starry sky dress. There are no girls who don't like it. However, it has now risen to the price of two low-grade Saint Master Saint Veins, which is too expensive.

Although she knew that Qin Chen killed several great mid-term holy masters and obtained a lot of benefits after plundering Guangyuetian, in fact, there are two low-grade holy master's sacred veins, which is nothing, but she also knows very well. How many holy veins Qin Chen needs to break through, any one is extremely precious.

Even the two low-grade Saint Master Saint Veins were enough for the black slaves to cultivate for countless years and break through to the Saint Master realm. If only for her to buy this divine flow color garment, You Qianxue would be uneasy.

With this holy vein, it is better to use it to enhance Chendi Pavilion's strength.

However, relative to the value of the Shenliu Caiyi, the two low-grade Saint Master Saint Veins are far from the bottom line. The appearance of this treasure immediately set off a peak of auctions. After the two low-grade Saint Master Saint Veins, The warriors sitting in the hall can no longer participate in the offer, only the guests in the boxes continue to compete.

Especially the old man who said that he had a concubine in the new house, and a woman with a stern voice, bid very quickly, and they were in a certain position.

When the price climbed to the terrifying three low-grade holy veins plus 20 heavenly holy high-grade holy veins, only two of them were left in the field to make an offer, and every increase in price seemed to have to be carefully thought out, not as refreshing as before. .

"Four low-grade holy veins! Old thing, are you going to fight the old lady to the end today? Huh, no matter what the price, this fairy liu colorful dress, my sword and phoenix fairy is going to fix it." An angry cold stern The voice came.

"That's... Fairy Daofeng?"

"It turned out to be her. No wonder she is so rich."

"This fairy sword and phoenix has a lot of background. He is the ancestor of one of the three great forces that melted into the sky near Dongguang City, and is close to the mid-term Saint Master level master."

"It looks like this is a battle."

The old man sneered when he heard Fairy Daofeng's self-report: "Fairy Daofeng, others are afraid of you, someone in my Zhou is not afraid of you, four low-grade holy veins, plus ten high-grade heavenly veins. ."

"Someone Zhou, do I have such a person in Dongguang City?"

"This voice, could it be Zhou Feng, the fierce Lord of the Ten Thousand Fierce Domain?"

"Hey, it really looks like, if it were him, Fairy Daofeng wouldn't take advantage."

"Zhou Feng, \*\*\*\* it, five low-grade holy veins!" Fairy Daofeng gritted his teeth.

The five low-grade holy master's holy veins are already the limit she can use. It's not that she doesn't have anything more valuable. As one of the three powers that merge into the sky, she is one of the mid-term masters of the holy masters. The holy vein of the saint master of the product, but that is the foundation of her power, how could it be auctioned unless she is crazy.

The fierce Lord Zhou Feng sneered and said with a haha: "Fairy Daofeng, this should be the limit of the price you can afford, five low-grade holy veins, plus ten high-grade heavenly veins."

"You..." Fairy Daofeng was mad, but after hesitating, she shook her head.

This one is more beautiful. In terms of efficacy, it is worth so much. Now the auction is only half way through, and there are still good things in the future. If you spend more, how will you bid later? ?

"you win."

Fairy Daofeng gritted his teeth.

"Hahaha, Fairy Daofeng has accepted it." The old man laughed and urged on the platform: "Senior Sleeping Dream fairy, can you count down? No one will bid anymore."

Everyone shook their heads, and they didn't expect that in the end, this female godly colored dress was actually photographed by an old man.

On the high platform, the Sleeping Dream fairy opened his wistful eyes and was about to speak.

Suddenly a voice sounded, "Six low-grade holy veins."

### [Chapter 3289: Crack the secret](#)

In the box, You Qianxue stared at Qin Chen in amazement. He didn't expect that Qin Chen, who had been silent, would speak at this time. Qin Chen would definitely not buy this dress for himself. It must be given to him. Distressed, but also happy.

The fierce Lord's laughter stopped abruptly, and turned to a little angrily: "Six low-grade Saint Lord's veins, ten Heavenly Saint high-grade Saint veins!"

The things that could have been captured by the five low-grade Saint Master Saint Veins, but Qin Chen's cross-cutting made them more expensive, and naturally they would not be in a good mood.

"Seven low-grade holy veins!" Qin Chen said calmly.

"Qin Chen, this is too expensive." You Qianxue persuaded from the side, "Don't buy it anymore."

"It's okay, just a few low-grade holy veins, I still took out." Qin Chen smiled.

When he was asking Han Tian, he could search for more than a dozen low-grade holy veins, but now he has searched all the treasures of the three top powers in Guangyuetian. Regarding the power, Guangyuetian is better than asking. The cold sky is more than ten times stronger? Qin Chen didn't pay attention to the few low-grade holy veins.

Moreover, with Qin Chen's current cultivation base, if he wants to make a breakthrough, the lower-rank Saint Master's Saint Veins has almost no use except to increase his number of Saint Yuan, only the middle-rank Saint Master Saint Veins. In order to give him enough help to condense his holy essence.

"Seven low-grade holy veins, plus ten high-grade heavenly veins!" The fierce holy master roared.

"Ten low-grade holy veins!" Qin Chen said directly.

He was too lazy to add one by one, and directly added to ten.

As soon as this statement came out, the audience was stunned. This was an addition of three items at once. The wealth is rich, it is really too rich.

Even the sleeping fairy on the auction stage raised his head and looked at the box Qin Chen was in. Of course, the box where Qin Chen was was blocked. As the host, it is naturally impossible for the fairy to snoop. Can't see anything.

But everyone could hear from Qin Chen's voice that this guy who offered ten low-grade Saint Master Saint Veins was absolutely very young.

Could it be that it was the son of a big family or a big chamber of commerce?

Many people talked about it in an uproar.

The fierce holy master has a fierce look, and he can't wait to swallow the living. With ten low-grade holy veins, the price is a bit expensive for him.

Moreover, he didn't know how much Qin Chen could give out? Although he has a great reputation, he also has a large family to raise, and the Holy Master's Saint Veins can't just throw out a lot.

Suddenly there was silence.

On the high platform, the Sleeping Dream fairy raised his head without talking nonsense, and said directly, "Ten items once, ten items twice, and ten items three times. Good, deal!"

"Congratulations to this friend. Next, let's look at the next lot."

The fairy Sleeping Dream was extremely decisive, only when the fierce Lord hesitated, he decided the auction result, as if he was afraid of wasting his sleep time.

In the box where Qin Chen was in, after the Xingtianya handover, the auction house sent Shenliu Caiyi. Qin Chen took the Caiyi and chatted about it. He is the descendant of Mending Heaven Palace. There are also unique accomplishments. Although they have not been refined, they can also feel that this divine flow color clothing is extraordinary, in which the star power is condensed, and it is extraordinary.

Hum!

Qin Chen used the technique of patching up the sky, and all the contents in this divine Liu Caiyi were immediately captured by Qin Chen and analyzed in his mind.

At the same time, in Qin Chen's book of origin, rays of light flickered, and the various data of this Shenliu Caiyi, many of the formation patterns, astral patterns, were all clearly presented.

"Qianxue, I gave it to you."

Qin Chen looked carefully for a long time, and then smiled and handed the Shenliu Caiyi to Qian Xue.

"Dust, this is too expensive!" You Qianxue smiled bitterly.

"Mrs. Young, it's actually not expensive. If it wasn't for the young master to auction it personally, to show my heart, I would like to auction off the old slave. This treasure can only be shown by the young lady to show its true temperament. Other people are like that. Fairy Daofeng, that's ruining my baby."

Xing Tianya said with a flattering smile.

"Xingtianya is right. You can accept Qianxue. Moreover, you have a moon \*\*\*\* body in your cultivation, and it complements the power of this star realm. Maybe it can inspire its true power." Qin Chen said with a smile: "Yours The stronger the strength, the more assured I will be."

"What's more, the ten low-grade holy veins are nothing. Xingtianya is the ancestor of the Martial Soul Sea. Even he can easily take out this wealth, let alone say."

"It's extremely, it's extremely, young master, young lady, old slave in the sea of martial souls, there are also a few middle-grade holy lineages, even the people of Yao Mie Mansion don't know where they are, young master and young lady if they need it, I can be delivered right away." Xing Tianya said respectfully.

"It's not necessary."

Qin Chen waved his hand. If Xing Tianya really transferred animal assets from the Sea of Martial Soul, he would be discovered by the people of Yao Mie Mansion if he wasn't sure.

"Then... I'll try!"

You Qianxue took the Shenliu Caiyi and refined it, and a starlight suddenly appeared on her body. Combined with her Moon God Body, her temperament was even more outstanding.

Moreover, the power of the moonlight on You Qianxue's body actually caused this divine Liu Caiyi to emit an astonishing light, which has surpassed the defense of the initial saint master level, and even approached the mid-term saint master level.

"Sure enough, the power of the Moon God Body and the Star Realm can complement each other."

Qin Chen thoughtfully, "Qianxue, you can try to use this secret technique to spur you."

The secret texts came into You Qianxue's mind instantly.

"this is?"

You Qianxue murmured, subconsciously urging this secret method.

"Om!"

On her body, countless stars shone, and a deep breath seemed to be awakened, and the whole person turned into a fairy of stars, glowing brightly.

"hiss!"

You Qianxue sucked in air-conditioning: "Dust, I feel that this \*\*\*\* Liu Caiyi has completely awakened, what's the matter? Didn't it mean that the power of the demon can be activated? The secret method just now..."

"Hehe, this is the secret method that I condensed based on the pattern structure in this divine Liu Caiyi, and it really succeeded."

Qin Chen was also shocked. The combination of the sky patching technique and the book of origins was too bad for the sky. He actually directly simulated the activation secret method of the \*\*\*\* Liu Caiyi, and even without the power of the demon, he could use this one. The true power of Shenliu Caiyi was released.

These ten low-grade holy veins, flowers are really worth it.

With this secret method, Qianxue can release the defensive power of this divine Liu Caiyi to the highest level. The average Heavenly Sage mid-stage peak holy master would never want to break Qianxue's defense in a short time.

Qianxue was really advancing and attacking, but retreating and defending.

Qianxue didn't dare to activate it for too long. After all, the prohibition here was just a temporary construction. If someone perceives fluctuations, it will inevitably be troublesome.

She put away the colorful clothes, her heart was very happy, nestled on Qin Chen, her heart was warm, thinking about when she was wearing this colorful clothes alone in the Universe Jade Plate to show Qin Chen, her face couldn't help but become extremely red.

And then, the auction continued.

"The flame pill furnace at the early stage of the Holy Master has three low-grade Saint Master Saint Veins once, twice, and three times! Okay, friends who bid please bring the Saint Master Saint Veins to the backstage to deliver items and see the next auction item."

Sleeping Dream Fairy auctioned extremely fast. Various lots were auctioned like running water seats. Soon hundreds of auction items were sold, with varying values. This speed is simply ridiculous. If you change to another auction house, so many. It's impossible to sell the baby without taking pictures for a few days and nights.

But at this auction of Sleeping Dreamers, everyone quickly bid for what they wanted, lest the Sleeping Dreamers directly set the price.

"Next, let's take a look at the next auction item." The Sleeping Dream fairy stood by after speaking.

From the backstage, the plump young woman with Shuangfeng walked out again, but this time, she actually carried a huge box in her hand. Looking at the posture, this box seemed very heavy, and was affected by the heavenly power of this young woman. Holding it, there is a feeling of difficulty.

The whole person is sweating, panting, and cheeks are ashamed, as if after a big job, everyone's eyes are straight.

"hiss!"

Everyone's eyes widened.

What kind of treasure is this? The plump young woman is also an overlord figure in the late Heavenly Sage. She is carrying this big box with all her strength, and she feels a kind of laborious feeling. This thing is definitely not simple.

Boom, the box fell to the ground and it was extremely heavy. After the young woman who was waiting put the box down, the Sleeping Dream fairy came up, her sleepy eyes also increased a little more: "The next auction is one of our top treasures at this auction. ...The mid-level peak saint master-level treasure-Panlong Heiyu Jia!"

When the voice fell, thousands of pairs of eyes were looking towards the high platform, and secretly, many people's breathing became rapid.

"It turned out to be a treasure of the mid-level peak saint master level!"

"hiss!"

"Defensive armor is precious, but it should be even more unusual if it can be introduced by the Sleeping Dreamer."

"Up to now, there should be some final treasures."

"The mid-level peak treasure armor is enough to cause madness!"

There was a lot of discussion, all of them were extremely excited and excited, even those who couldn't afford it, were all excited. Many people showed their spiritual thoughts and prodded toward the high platform from all directions, wanting to see them first.

The defensive armor itself is more precious than ordinary treasures, and the name of this benlong black armor should be related to the benlong in the ancient dragon clan, at least it is also the meaning, and it is also the treasure of the peak of the middle class. , Who is not tempted?

However, it was a pity for everyone that the box, which looked like an ordinary black iron cast, isolated everyone's spiritual detection, causing everyone to return without success.

On the high platform, the fairy Sleeping Dream looked around and smiled slightly and said: "This precious armor was not made by today's master craftsmen, but from an ancient relic. It is a very old thing. It was accidentally made by a friend. Found in the middle, and sent to our city lord mansion for auction."

With a word, envy and jealousy appeared on many faces.

Ancient ruins are common in the heavens, but not everyone can encounter them, and even if they encounter them, they may fall into the forbidden formations, unable to escape from them, or even fall into them, let alone get treasures from them. Up.

Moreover, most ancient relics have been explored by predecessors.

You can find the ancient ruins, retreat from it, and get such a treasure, you can imagine how powerful that person's luck is.

Why is this kind of good thing not my turn?

Everyone asked themselves with hatred. If you can encounter such a good thing, I am afraid that you will not have to worry about the training materials for a few lifetimes.

"Because of the age, although this piece of Saint Lord armor is the pinnacle of mid-range, it has some flaws!"

When the fairy tale fell silent, the auction venue suddenly fell silent.

After a while, a voice came from a box on the third floor of the auction house: "Dare to ask, what kind of flaw is it?"

Many Saint Master level masters come for this kind of treasure. Just the middle-rank Saint Master's armor is enough to make their heart move, because armor is too scarce in the heavens, and it is also the most easily destroyed thing. Not to mention the mid-term peak saint master, even the late saint master may not have a mid-level peak saint master armor, which shows how rare it is.

However, now the Sleeping Dream fairy said that this treasure was flawed, so that everyone was not nervous.

If it is broken, the effect will be greatly reduced.

At this moment, the Sleeping Dream fairy smiled and said: "You will know in a moment, and now the old man is here to give you a test of the power of this treasure."

When his voice fell, he suddenly urged Sheng Yuan, and pointed his hand at the dark box. Accompanied by the sound of smashing through the air, the dark box suddenly opened, and the treasure was soaring, and quickly flew out chunks of black jade the size of a thumb. A piece of armor, this piece of armor exudes a pitch-black metallic luster, and on each piece of armor, there is a rune light shining, and many pieces of armor are fused, thousands of them, unexpectedly strung out a black giant dragon toward the sleeping fairy Summoning the past.

After a crackle, those pieces of thumb armor-sized pieces were covered on the Sleeping Dream Immortal's body very regularly, and they were tightly stitched to form a black armor that started from the top of the head and covered the soles of the feet.

Even the cheeks of the fairy Sleeping Dream were covered by pieces of black dragon armor.

Wow!

The audience instantly exclaimed that this was actually a battle armor that could cover the whole body.

It should be noted that general defensive treasures, such as shields and armor, can only protect the front of the body, or the torso, such as this one that can cover the whole body is extremely rare, but this kind of armor often depends on flexibility. Regardless of the sex, if it affects the action during the battle, it will also bring a little inconvenience.

Although at the level of the saint master, most of the powerhouses fight against the law and compete with the understanding of the law of heaven, but there are also some secret methods, magical powers, and flexibility.

On the high platform, the Sleeping Dreamer was wearing armor, his temperament suddenly became incomparably powerful, like a \*\*\*\* of war, awe-inspiring, bang, a domineering breath swept away, the whole world seemed to have become his world, It feels unmatched.

Is this the master of the late saint master?

Qin Chen sucked in the air, felt the breath of the fairy sleeping, and he was shocked. He could feel that the fairy had deliberately reduced a lot of breath in order to better display this armor, but even so, it was vague. The escaping power still makes people stunned, and the heart is extremely depressed.

Some Heavenly Sage masters were shocked, and their thinking was stagnant.

call!

Suddenly, the aura on the Sleeping Dream fairy changed, became domineering, and the coercion became more vigorous, but the aura became much softer, which eased everyone a lot.
