

Valkyrie 3311

[Chapter 3311: Counter-control corpse puppet](#)

Before, he only vaguely felt that someone was lying nearby, so he deliberately brought people out. Now seeing the three of Qin Chen, his heart was completely let go.

"Since I dare to come, I naturally depend on it. Senior Xiahou has just had a battle, and it consumes a lot of money. It is not a wise decision to be an enemy of me at this time."

Listening to Qin Chen talking leisurely, Xia Houzun's eyes twitched a little, and he couldn't help laughing.

Only a mid-term Holy Master, what right does he have to dare to be so presumptuous in front of him? But he was also puzzled. Even if he was seriously injured, he still controls the corpse puppet formation. There is no panic on the faces of these three people. What are they relying on?

This caused Xia Houzun's heart to sink slightly.

Now he doesn't want to fight another battle. Although the injuries he suffered before were not fatal, but not light. The most important thing is that there is not much Saint Yuan left in his body. If he faces a master like Huo Lao, He is about to lie down.

However, Qin Chen and the others have been lurking here long ago, and it is obviously impossible to frighten away by just a few words.

Thinking of this, his heart felt cold, and his killing intent was everywhere.

"Okay, okay, no one has dared to be so presumptuous in front of this seat for a long time, boy, can you beat this seat if you are seriously injured? You think too much, let you see today, this seat is amazing ."

Boom!

Xia Houzun's voice fell, and he slammed his hands. In an instant, invisible power diffused out of his body, and instantly poured into the corpse puppets. The eyes of the corpse puppets opened suddenly, bursting out and infiltrating. The cold light.

"Boy, the biggest mistake you made was being too confident. After being discovered, you didn't do it the first time, and you still have time to listen to the gossip of this seat. Hahaha, the ancient sacred pill that you served before is enough For a long time, repair part of the power of this seat and die for this seat."

boom!

These corpse puppets instantly turned into a large formation under the urging of Xia Houzun, and fluttered at Qin Chen brazenly, erupting a terrible murderous intent.

The faces of Huo Lao, Dao Wang Mu Zhifeng and others all showed a sense of horror. They never expected that the Holy Master of the Ghost Array would have repaired so much power in such a short time. If this corpse puppet formation is now It was against them, and they couldn't resist it with their current strength.

But there was no panic on Qin Chen's face. Instead, he watched these corpse puppets rushing towards him with a smile, and said with a sneer, "Holy Lord of the Ghost Array, you don't want to be with you for

a long time, do you really think you are confident? It's because, when you recovered your cultivation base, the young master was also secretly comprehending your great formation."

Amidst the words, Qin Chen quickly squeezed his hands, buzzing, a series of terrifying death power swept out of his body, and suddenly submerged into the bodies of the corpse puppets.

These corpse puppets suddenly lit up with dazzling runes, these runes exuded a cold breath, and the continuous circulation was precisely the ban on the sacrifices of these corpse puppets, but under Qin Chen's urge, these runes fluctuate constantly, and the fierceness that originally rushed to Qin Chen's corpse puppets suddenly disappeared, the green eyes flashed, and he repeatedly fell into a certain struggle.

It seems to be being seized of control.

"how can that be?"

Xiahouzun was shocked. Under the interference of Qin Chen's power, he unexpectedly discovered that the corpse puppets he controlled seemed to break free from his shackles. You must know that these corpse puppets were made by hard sacrifices day and night, and every one was spent. Knowing how much treasure and hard work, they planted rune restrictions on them, forming a corpse puppet that obeyed his orders, but in an instant, Qin Chen was disturbed.

The horror in my heart can be imagined.

Qin Chen was also slightly surprised.

"There are indeed two ways to sacrifice and refine the corpse puppet."

Qin Chen masters the rules of death and also possesses the corpses of the war clan. He possesses the origin of death in his body. He has an extraordinary understanding of the rules of death. He is also a descendant of the Heavenly Patching Palace. , Extraordinary attainments.

Even if the ordinary puppet technique is strong, with Qin Chen's current cultivation skills, he can control it in a moment, but this corpse puppet technique, he was unable to reveal the true essence of this ancient rune in a short time. Only a slight interference, this in itself was something that surprised Qin Chen quite a bit.

"It's no wonder that the ghost formation holy master can cause such a disturbance in the southern sky. The formation inheritance this person has obtained is indeed extraordinary. It should be the inheritance of the power of an ancient formation formation."

Qin Chen thought in his heart, but his expression did not move at all, interfering with the corpse puppets, his figure shook, and he pressed down against the ghost array holy master.

"boom!"

A huge palm appeared in the void, and above the palm, an infinite flame was burning. It was the power of the sky fire. This ghost array holy master cultivated evil intentions, suppressing everything, and naturally had an excellent suppression on him.

With a blast, the air suddenly became extremely hot.

The power of this flame contains the magical powers of origin. Numerous origins of good fortune appear, with the artistic conception of killing, as soon as Qin Chen comes up, he will use his full strength to make a move, without any retention of hands.

If this palm can hit the opponent, this ghost array holy master will definitely be seriously injured.

But how could this ghost formation holy master be easily succeeded by Qin Chen? The moment he felt the corpse puppet formation was disturbed, he roared, and his body burned, and within a short time, the ghostly spirit that had dimmed, once again diffused out, The ghost king Fengdu's large formation turned into an endless phantom of skeletons, and pounced towards Qin Chen.

"Huh, Panlong Hei Yujia!"

Countless dark scale armor appeared on Qin Chen, crashing, and the scale armor surging like water turned into a ferocious pan-dragon, and his whole person, motionless, actually faced these skeleton ghosts viciously Pounce up.

This skeleton phantom can be seriously injured even by the sword king Mu Zhifeng and other masters close to the late Saint Lord. Although Qin Chen is confident, he naturally does not dare to underestimate it and directly urges the strongest defense.

"Banlong black jade armor? It's ridiculous. I dare to display defective armor."

Seeing that Qin Chen had displayed the black armor of the beaulieu, the ghost formation holy master who was still a little worried suddenly felt determined, and he also participated in the auction, naturally knowing that the defense of the black beauty armor was not at the mid-level peak of the holy master. Forget it, even, there are still flaws, Qin Chen displayed this armor at this time, obviously this thing is already his strongest defense.

With the sound of his smirk, he immediately urged his hand art, his eyes were cold, those phantom skeletons immediately rotated, and directly bite at the heart and the back of Qin Chen's battle armor. This is Panlong Heiyu Jia's. Where the damage is.

"dead!"

Boom boom boom!

Countless skeleton ghosts bite Qin Chen's Panlong Hei Yujia hard.

The next moment, the expression of the ghost array holy master suddenly solidified.

[Chapter 3312: Enslavement](#)

The sky full of phantoms of skeletons bite on the black armor of the benlong, and burst out a harsh roar. In the endless roar, the dragon armor on Qin Chen's body was towering and murderous, and these phantoms of skeletons were shaken away. , It didn't even hurt Qin Chen at all.

How is this possible?

For the first time, the heart of the ghost array holy master was shocked and dull. At this moment, Qin Chen's body was intact with the black beauties of the dragon, with the luster of black jade flowing, and there was still a little broken appearance.

However, the Holy Master of the Ghost Array clearly remembered at the beginning that the benlong black armor was damaged when it was auctioned at the City Lord's Mansion, so only the prices of the four middle-grade Saint Lord's Holy Veins were auctioned. In the past few days, this Panlong Heiyujia was repaired. How did this kid do it?

Not only was the Holy Master of the Ghost Array horrified, but also the heart of Huo Lao and Dao Wang Mu Zhifeng in the distance were endless shock. They stupidly watched Qin Chen rush out from the endless phantom of the skeleton, like a **** of war. .

"The aura on this child is obviously similar to that of the Young Castle Lord of the Fire Fort, but why is the strength so strong? Even with the guardian of the beautified black jade armor, it is impossible to resist it so easily!"

The shocked eyes of the sword king Mu Zhifeng were almost bursting. He clearly knew the power of the ghost king Fengdu's great formation, even he could not easily resist it. This kid's cultivation base is so weak, even if he is protected by a battle armor, It might be so easy.

A child, even holding a fine iron shield, cannot withstand the hacking of a strong man's epee. Although the shield is fine, the child's arm holding the shield will definitely be broken.

Compared with the ghost array saint master who was once the late saint master, Qin Chen, who had only the mid-stage aura saint master, was like a child.

"The ghost king is in a big battle, but so!"

Qin Chen gave a chuckle, the hideous palm that was lingering in the sky fire suddenly fell, and the Holy Master of the Ghost Array was not shocked, and suddenly two black tentacles burst out of his body. The two black tentacles turned into two thick vines. Like a dragon going out to sea, one swept towards Qin Chen, and the other stood in front of him for protection.

"boom!"

Under the palm of the flame, he saw a dazzling flame burning quickly on one of the tentacles, and the holy master of the ghost array uttered an angry roar under the pain.

At the same time, another vine swept in front of Qin Chen, bang, the void exploded, and the vine contained terrifying power swept down.

Qin Chen narrowed his eyes and dared not stay where he was, and immediately disappeared into the air with a flicker.

That vine took a moment!

The flame burned on the other vine that was bombarded by Qin Chen, but after a burst of black light flashed, the flame was extinguished, and the vine that was about to be broken was restored as before!

"How come?" Qin Chen revealed his figure again, also slightly surprised.

Under such circumstances, this ghost array holy master could even burst out such combat power, which made him amazed. Moreover, the two vines on the opponent's body seemed to be some kind of treasure-like treasures, not only had amazing attack power, but also The defensive ability contained in the crippled people caused Qin Chen quite a headache.

Qin Chen was taken aback, and the shock in the heart of the Holy Master of the Ghost Array was even more unspeakable. There were waves of dizziness in his mind. At this moment, the battle had exhausted most of his strength. The two tentacle black vines were He got it from a secret realm, it was his assassin, but he didn't expect that even his assassin could not take Qin Chen.

"go!"

At this moment, the Holy Master of the Ghost Array no longer has the desire to continue fighting with Qin Chen, his figure shook, and with a swish, he turned into a stream of light and wanted to flee here.

Qin Chen snorted and sneered, "Want to go? In front of this young master, you are afraid...you can't escape."

While speaking, Qin Chen's body space surged, and his figure suddenly disappeared in place.

In the next moment, he had appeared in front of the holy master of the ghost array, and a sharp sword appeared in his hand. It was a mysterious rust sword, hum, a cold power instantly diffused out, and the sword aura soared towards the holy master of the ghost array. Falling.

Rao is the ghost array holy master who knows well, and can't help being taken aback at this moment, and said in shock: "What kind of body is this? Space magic?"

Such a mysterious and inexplicable body speed, even oneself is not as good, if the other party keeps using the supernatural power of space, I am afraid that oneself can't escape at all.

The face of the ghost array holy master suddenly became gloomy.

Shoo!

At such a critical moment, the Holy Master of the Ghost Array could not think too much, two black vines instantly resisted the Holy Master of the Ghost Array, booming and sword-like, the Holy Master of the Ghost Array only felt that a terrible cold force was permeating. His face turned pale, and he opened his mouth to spit out a mouthful of blood.

If he was in his heyday, he might be able to withstand Qin Chen's mysterious rust sword, but when he was seriously injured, he would suddenly become extremely embarrassed.

"You are looking for death."

The Holy Master of the Ghost Array yelled angrily, "Do you really think there is nothing you can do with you? The ghost king Fengdu has a big array, explode me!"

After the words fell, countless cold powers suddenly fluctuated between this world and earth. In order to escape, this ghost array holy master had to explode the ghost king Fengdu array. Once such a large array exploded, how terrible would it be? It was even more terrifying than Huo Lao's glove exploding, and the saint master would be injured in the later stage.

"Want to explode?"

Qin Chen's eyes were fierce, and in his eyes, the divine rainbow skyrocketed and buzzed... and he saw the void, one after another array flags emerged. These array flags presented a unique posture, forming a strange wave. In the disintegration of this ghost king Fengdu large array.

As early as when Qin Chen was in the auction room, he knew about this battle, and he had sacrificed countless array flags long ago in order to disintegrate the formation of the Holy Lord of the Ghost Array.

As soon as this burst came out, the Holy Master of the Ghost Array felt that the strength of his Ghost King Fengdu Array was rapidly weakening.

"What? You are also a master of formation?"

The holy master of the ghost array was shocked, and even more fierce in his anger: "It's useless, your formation lacks a battle line, and my ghost king Feng is blew up in a big formation, there is not strong enough power to suppress it. You can't stop it."

"Enough strength?"

Qin Chen sneered, with a roar, a terrifying palace phantom appeared between the heavens and the earth. Boom, above the palace, the endless flame aura exploded, and all of a sudden, the ghost king Fengdu was suppressed.

It is the precious treasure of the Venerable Zixiao Dousui Gong.

The aura of Zi Xiao Dou Li Gong diffused, and the whole world was shaking.

"This is... Venerable Treasure? Could it be Venerable Skyfire's Purple Cloud Palace? Who are you?"

The ghost array holy master looked in horror, and watched Zixiao Dou Ligong suppress it, and severely suppressed the ghost king Fengdu array he displayed, and at the same time suppressed the ghost array holy master in this void.

"It's useless, you can't kill me." The ghost array holy master roared, his body fluctuated, and he wanted to explode.

"Blode? Too much thinking about the identity of the young man, you will know immediately."

Qin Chen snorted coldly, and suddenly appeared in front of the Holy Master of the Ghost Array. In his body, countless tentacles suddenly filled the body of the Holy Master of the Ghost Array. At the same time, Qin Chen's eyes , A misty soul power swept out.

Heavenly Soul Forbidden Technique!

Enslave Dafa!

[Chapter 3313: give it to me](#)

Hum!

The powerful soul power quickly diffused into the soul sea of the Holy Master of the Ghost Array. In a short time, Qin Chen felt a strong soul impact sweeping over him, and his soul power was trembling violently.

Want to enslave me? impossible!

The ghost array holy master's soul sea was boiling violently, and an astonishing soul impact erupted. At this moment, he also finally felt Qin Chen's true cultivation base, the early peak holy master, this turned out to be just an early peak holy master?

The horror in his heart has not been as much in one day as today. He is a late-stage holy lord. Even if his realm has fallen and his origin is damaged, he cannot be defeated and enslaved by an early peak holy lord, but Now, he actually felt that his soul sea was penetrated by Qin Chen a little bit.

Qin Chen's eyes were also cold and sharp. This ghost array holy master used to be a late-stage holy master, and his soul power was extremely strong. For a while, he could not be enslaved, but Qin Chen was not in a hurry. If he only relied on himself, he wanted to be enslaved. The Holy Lord of the Ghost Array is indeed difficult.

After all, the realm is too different.

But with the Devil Tree of Ten Thousand Realms, he was not afraid at all.

In the Tentacles of the Tentacles of the Devil Tree, the power of the devil tree constantly seeped into the mind of the Holy Master of the Ghost Array. Gradually, the eyes of the Holy Master of the Ghost Array became blurred, and Qin Chen's soul power began to be in the Holy Master of the Ghost Array. Forbidden and runes formed in my mind.

In the distance, looking at the struggling ghost array holy master, both Huo Lao and Dao Wang Mu Zhifeng were stunned. The two looked at each other, and there was a sharp light flashing in the depths of their eyes, and the figure flickered, instantly facing The void rushed away in the distance.

After repairing for this period of time, the origin within the two of them has been repaired so little. Faced with such a strange situation, wherever they dare to stay, they will flee here desperately.

Just as soon as their figures moved, You Qianxue and Xing Tianya also moved. Boom, they both stopped in front of Huo Lao and Dao Wang Mu Zhifeng at the same time, trying to intercept them.

"Go away."

Huo Lao and Dao Wang Mu Zhifeng were angry. On Huo Lao's gloves, a dazzling fire broke out. A country of flames appeared, representing the civilization of flames. In the country of flames, a Huo Luan soared into the sky and rushed straight. Xingtianya.

A fierce one flashed through the bottom of Mu Zhifeng's eyes, Qiang, the sword in his hand was suddenly lifted, the sword spirit lingering in the sky, blooming with black divine light, turning into a black sword that pierced the sky, right. Zhunyou Qianxue slashed down blatantly, the sword aura was pervasive, and it was unparalleled, as if to tear the sky apart and sweep everything.

"Hey, it's all this time, and I still dare to resist. If you are in your heyday, your ancestor would still be afraid of you, but now you are so embarrassed, and you dare to be rampant in front of your ancestor, obediently, and wait for the young master's death. "

Xing Tianya sneered, and above his head, a sea of martial arts appeared, and the power of terrifying martial arts spread out in an instant, covering the kingdom of flames. Suddenly, the kingdom of martial arts and the kingdom of flames collided with a bang. The person broke out with a shocking roar, Xing Tianya only felt that a monstrous force swept over him, his body was shaken out, and the blood in his body surged.

But Huo Lao was not well, being so blocked by Xing Tianya, his body was stagnant, and he couldn't escape at all.

Bang bang bang!

The two sides started a war.

On the other side, You Qianxue faced the ultimate move of the sword king Mu Zhifeng, which was quite different. In her hand, a sharp sword appeared, the light of the sword flashed, and the cold air suddenly lingered between the sky and the earth, and the endless void, You Qianxue's body was in the color of moonlight, and it was as bright as a nine-day goddess, descending from the sky, and colliding with the ultimate move of the sword king Mu Zhifeng.

boom!

Countless sword qi passed over You Qianxue's body and shook her backwards. You Qianxue danced in the void like a fairy of Lingbo. This world is cold and the void seems to be frozen, and countless cold lights linger towards you. The sword king Mu Zhifeng wants him not to be here.

But at this moment, the sword king Mu Zhifeng also sensed You Qianxue's true strength, and couldn't help showing a look of horror: "Initial peak holy master?"

Although You Qianxue's strength is terrifying, but his aura seems to be only the initial peak realm, and even the mid-term Saint Lord has never reached it.

This... Damn it!

On the other side, Xing Tianya continuously displayed the power of Martial Spirit, entangled Huo Lao.

"The power of martial arts? Are you... the ancestor of the sea of martial arts in the Eastern Heaven World?"

Huo Lao looked furious. Although Xing Tianya's appearance had changed, his supernatural powers and soul power could not be changed. Huo Lao walked in Dongguang City for many years, and at this time he finally recognized Xing Tianya's identity.

But isn't Xing Tianya the ancestor of the Martial Soul Sea in the Eastern Heaven Realm? The Sea of Martial Souls is a place of casual cultivation. I have never heard of which power he submits to? So who is this boy?

"Hey, old stuff, I finally recognized you, Grandpa Xingtianya, but no prize!"

Xing Tianya sneered, not giving Huo Lao a chance to escape.

On the other side of the battlefield, Qin Chen, with the help of the Ten Thousand Realms Demon Tree, finally planted a soul restraint in the body of the Holy Master Xiahouzun of the Ghost Array.

Hum!

The eyes of the Holy Master of the Ghost Array quickly became blurred, and the next moment, he became clear again, and saluted Qin Chen respectfully: "Master."

call!

Qin Chen let out a sigh and shook his head before he came to Huo Lao.

"Master, you are here." Xingtianya was overjoyed.

"give it to me."

Qin Chen spoke indifferently, stuck out his big hand, and sternly grabbed and photographed Huo Lao.

"Young man, I have something to say." Huo Lao screamed in horror, but Qin Chen would give him this opportunity. The Gilt Fort was notorious and acted sinister. The innocent person who died in the hands of Huo Lao didn't know where he was, and since being seen by the other party, naturally cannot let them survive.

Qin Chen urged Zi Xiao Dou Li Gong to suppress Huo Lao instantaneously, and then the tentacle of the Devil Tree of Ten Thousand Realms surged and pierced Huo Lao's body instantly.

what!

Huo Lao screamed, and in panic, he felt a terrible shock rushing into his soul.

Although the strength of this old man is not much different from that of the Holy Master of the Ghost Array, after all, he is only half of his foot into the late Holy Master, and his soul has not been transformed. Compared with the Holy Master of the Ghost Array, it is so enslaved. After a while, Qin Chen had planted a soul restraint in his mind, and the origin of the Devil Tree of Ten Thousand Worlds also poured into his body.

After enslaving Huo Lao, Qin Chen did the same to the masters such as the sword king Mu Zhifeng.

Only a moment later, all the people who survived on the entire battlefield were enslaved. Among them, the old Huo, the holy master of the ghost formation, and the sword king Muzhifeng were personally enslaved by Qin Chen. The remaining two mid-level peak holy masters of the Gilt Fort, then it was through the Devil Tree of Ten Thousand Realms that Xingtianya was indirectly enslaved. As for the remaining guards of the Fire Fort, not only did Qin Chen look down on them, but even Xing Tianya had no eye on it, and directly killed him.

[Chapter 3314: Big Sun Star Iron](#)

At this point, the death of the Gilt Fire Castle and the Holy Master of the Ghost Formation, the enslavement of enslavement, the entire void, a mess, in this short half-day effort, Qin Chen suddenly got

three strong men close to the late holy master. Among them, the ghost array holy master itself is the late stage

The holy lord, only the origin is damaged, and he is also a master of formation, and his future role is unlimited.

Qin Chen's heart suddenly sighed.

Qin Chen breathed a sigh of relief after finding the black spirit of the nine-tailed fairy fox in the storage space of the ghost array saint master.

"Look and see if there is any storage space left." After Qin Chen gave a command, he searched for You Qianxue and others.

Not long after, Qin Chen had seven or eight more storage spaces in his hand. These storage spaces belonged to the warriors of the gilt-huobao. Qin Chen didn't take a closer look at what was stored inside. , It will not be too little.

"Dust, what about the flying boat of the gilded castle?"

"Naturally take it away. Although this flying boat is severely broken and the restrictions have been destroyed, it can resist even the attack of the Holy Master of the Ghost Array for a while, and the offense and defense are integrated. Once repaired, it is of great value."

Qin Chen waved his hand, and collected the broken flying boat into the jade disc.

"let's go!"

Then, after Qin Chen thoroughly inspected the void, he led Qian Xue and the others to leave quickly. Although the place was far away from Dongguang City, it might not have alarmed others. In case someone discovers himself, That would be troublesome. Not long after Qin Chen and the others left, a few tyrannical streamers suddenly flew over, and there were caravans approaching in other directions. This group of people was obviously attracted by the fluctuations here and looked at each other. At a glance, there is a look

Be vigilant.

"You guys were also attracted by the fluctuations here just now? I just arrived. Since everyone is a passerby, please keep some distance."

In the void tide sea, there are many dangers, unless they are familiar people, ordinary strangers dare not approach.

Fortunately, the caravan coming from behind is also a well-known caravan in Dongguang City, and there are also well-known masters in Dongguang City. It relieves everyone a lot. With these people, I want to come to some strangers. Don't dare to rush into action.

Everyone cautiously approached the battlefield, and then they felt the residual fluctuations here, and couldn't help being shocked. The residual fluctuations here were so strong that even the two mid-term peak saint masters felt strong heart palpitations.

Could it be that the late master masters who fought here just now?

"Look at it, the sign on this person is the sign of the gilded castle..."

"Yes, look at this piece of material. If I'm not mistaken, it's the material on the flying boat of Fort Lauderdale?"

"Hey, look at this place, it's a strong flame rule aura, is it the old man of the gilded castle?"

Many people entered the battlefield and all exclaimed, because many of the broken materials and aura left here are all from the gilt fire fort.

day!

Could it be that the people who fought here before were the people of the gilt fort? Gilt Fire Fort is one of the top forces in the Void Tide Sea. Who would dare to act on the people of Gilt Fire Fort? The caravan's steward's face also showed a solemn look. Suddenly, he raised his hand and grabbed a few broken formations. When he carefully observed these formations, he was shocked. Said, "This is the top set, only the top

Only the master of the formation can refine this kind of formation and arrange the void formation in the void. "

Everyone was stunned when these words came out, Master of Formation?

"Is it the Holy Master of the Ghost Array?"

Someone suddenly exclaimed.

"Yes, it's really possible that it is the Holy Master of the Ghost Array. You don't feel it. There is an astonishing power of the formation in the surrounding void. This type of formation cannot be deployed by ordinary people. Only the top master of the formation can do it. To."

"At the Dongguang City auction, the ghost array holy lord seemed to have had conflicts with the people in the Guiding Fortress. Is it really the ghost array holy lord who ambushed the Guiding Fortress?" "Hi, this ghost array holy lord? It's too arrogant. It's not counted that there was such a big storm in the Southern Heaven Realm, but those who dare to ambush the Fire Fort in the Void Tide Sea. I heard that the Zhuge family in the Southern Heaven Realm has been looking for this ghost array holy lord. Show up, this

People are too domineering. "

"I don't know who wins and loses between the two sides."

"No." At this moment, the caravan's managerial consciousness suddenly swept away, and he had disappeared from here at the same time. The next moment, he appeared in a void thousands of miles away, raising his hand to grab a piece of debris.

"Da Ri Xing Chen Tie..." After the Chamber of Commerce manager said these five words, even his hands trembled slightly. How can he not know that this big sun star iron is the top fire type material, the treasures refined from this material, the worst is the mid-term holy lord supreme treasure, and it is even

possible to refine the late holy lord supreme treasure, and he knowing that there is always fire in the gilt fire

A pair of gloves is made of Da Ri Xing Chen Iron. Now there are fragments of the big sun and stars here, what does that mean? It means that the fire of the gilt fire castle is always determined, if it is not killed, it is about to fall to the point of being severely damaged, otherwise he is close to the late Lord

'S top master, how could the gloves be exploded?

No, according to the shape of this material, it doesn't seem to be bombed, but blew from the inside.

What kind of situation is it that will make the fire of the gilded castle grow old and explode his most beloved treasure?

Others also understood what this meant, and they were all horrified.

And I don't know if the old fireman of the giltfire is still alive. I heard that the young boss of the giltfire is also in the team this time, if the young boss of the giltfire is like this, then the giltfire will definitely not give up. Thinking of this, everyone on the scene beat Ji Ling, they didn't dare to stay here anymore, in case the people of the Fire Fort received news, or the masters who fought here before come back again, these people Not enough

Killed.

"Go, go back to Dongguang City."

Many people originally came up with the exploration and experience of the Void Tide Sea, but now they dare not go out at all. Such a big event has occurred, and many forces in Dongguang City must be informed.

Thinking of this, no one dared to stay here anymore, and disappeared after shaking their bodies.

At this time, in a hidden secret space in the depths of the Void Tide Sea, a continent was suspended. On this continent, surrounded by mountains and flames rising, it was the location of the gilt fire fort.

Surrounded by a vast sea of fire, there is a majestic color in the gilt fire fort. And in a hidden void in the middle of these mountains, a red-colored old man is sitting cross-legged. As he huffs and breathes, countless fires bloom on his body, evolving civilizations of many flames, and the power of flames on his body. As if possessing spirituality, the characters in the evolving Flame Realm are lifelike, as if the evolution of a world.

[Chapter 3315: Flame Saint Vein](#)

At this moment, the old man opened his eyes suddenly, the essence of his eyes was almost condensed into substance, which made people shudder.

"Huh, the old man said, don't bother me if it's okay, tell me, what's the matter this time? If it's a trivial matter, be careful of your head!"

The old man suddenly opened his eyes, and countless flame power poured into his body, forming a flame rune, which instantly gathered into his body, and he didn't know what terrifying technique he was practicing.

In the void in front of the old man, a middle-aged man wearing a soap robe immediately stopped when he heard the words. A cold sweat oozes from his forehead. He knelt and said with a trembled: "If you return to the castle master, the young castle master's life card Broken!"

Judging from the words of the middle-aged, the old man is impressively the Lord of the Gilt Castle.

"Mu Huo's life card is broken?" After hearing the words, the gilt master of the fire suddenly became cold, and the temperature on the mountain also dropped sharply.

"Yes." The middle-aged man dared not lift his head, and replied in a deep voice.

"Huh, that **** is really a short-lived ghost. If it is broken, it will be broken." The Lord of the Gilded Fort said lightly.

"Huh?" The middle-aged man was stunned. He didn't seem to expect that his son was dead, and his attitude as Laozi was so indifferent.

Isn't Muhuo Young Castle a wild species? The middle-aged man couldn't help thinking about it.

The gilt master continued coldly: "Mu Huo is dead, what about Huo Lao's life card? He is surrounded by Huo Lao, how can he fall easily, is Huo Lao back now? If he comes back, just look at him and ask. Knowing the situation, Mu Huo is dead, he is still alive, then kill Jitian."

"hiss."

The middle-aged man inhaled air-conditioning. Huo Lao is also one of the top masters in the gilt fort. Although he has never entered the realm of the late saint master, he is also the top powerhouse under the saint master of the later stage. Master Lord's ferocity, he felt a chill in his heart, but he did not dare to look up, and hurriedly said: "Huo Lao's life card is not broken, but the aura of Huo Lao's soul above has disappeared strangely, and his subordinates don't know what happened."

"Soul breath disappeared?"

The Lord of the Gilt Castle narrowed his eyes: "This is to dissolve the connection with the life card. However, once the life card is born, it can't be removed easily. Unless it falls, what happened to the old man?"

But he did not continue to think deeply, and coldly said: "No matter, since Mu Huo is dead, let his eldest brother Xuanhuo be the young castle master. You do this, you don't need to disturb the old man. The old man is in At the critical moment of the retreat, don't bother me with such trivial matters from now on. The old man doesn't have much else, but there are seven sons. If you disturb the old man with such trivial matters, you can come to see me."

Lihuobao said coldly.

The middle-aged man's forehead was dripping with cold sweat, and now it's certain that Young Master Mu Huo is not his biological person. Even if there are Lord Fortress and seven sons, he won't die. One

doesn't care at all. He lowered his head, didn't dare to neglect, and quickly nodded : "Yes, please follow the orders of the fortress."

"In addition... Although Mu Huo is not a weapon, he is also my son, the young castle owner of Fort Lauderdale, and this time he took a lot of resources from Fort Lauderdale to Dongguang City! Someone dared to ride in Laurel Castle. Huobao **** and pee on the head, you can check who did it, and what is the situation with Huo always. After you check it out, you mobilize your hands and lift his head to see me!"

"Yes!" the middle-aged man bowed again.

"Go." The owner of the gilded castle waved his hand and closed his eyes again. In the void under his command, countless restrictions rose up, and a fire dragon-like flame holy vein was imprisoned below, roaring and roaring, the billowing fire dragon. Force, poured into his body, creating the rules of fire.

That tyrannical breath made the middle-aged men feel endless fear.

The middle-aged man lowered his head, and immediately went back without saying a word.

The Zhuge family, the top family in the Southern Heaven Realm, a similar scene is happening.

In a closed void, a lingering old man was listening to the report of a middle-aged man in front of him. After listening to it, he frowned and said, "The line of Xiahouzun's fate is really broken?"

"If you go home, the line of fate for Xiahouzun is indeed broken, at least the disciple can't perceive this person's line of fate, so the disciple suspects that this person should be dead." The middle-aged man said respectfully.

"Hmph, even if the old man came to Xiahouzun's fate with great fortune, so he deliberately guided him into the forbidden area to explore, who knew that he was inherited from the ancient formations, and escaped from my Zhuge family's tracking, cleverly with Loach The same. Later, I waited for a plan to provoke him to the anger of the Southern Heaven Realm, so that my Zhuge family would return to the prosperity of the ancients. I didn't expect this person to escape the pursuit of my Zhuge family and escaped into the sea of void tides. Dongguang City in the Eastern Heaven Realm? Is it dead now?"

The old man shook his head, "The old man doesn't believe me. Even my Zhuge family failed to take him. How could he fall so easily? According to the old man's previous calculations, this person should have another big opportunity. It is impossible to die so soon. Who can? Change his fate?"

The middle-aged man was slightly surprised: "This person still has a big opportunity?"

"Yes, the purpose of the old man is to put a long line to catch a big fish, let me see what happened to this person."

The old man opened his pupils, and in his pupils, two round wheels were spinning. In his hand, a round-like treasure suddenly appeared. It was the most precious wheel of fortune in Zhuge's family and could calculate endless fate.

In an instant, a long river of fate appeared, and countless breaths of fate emerged in the old man's mind.

The mighty rune of destiny seems to be able to penetrate the years and count the future and future of anyone.

"Ok?"

Suddenly, the old man cried out in surprise.

"Patriarch, what's wrong?"

"The line of Xiahouzun's fate is indeed broken, but he does not seem to be dead, and his fate is actually obscured, as if someone has modified his future destiny. No, it should not be deliberately modified, but he has experienced it. After what happened, the destiny was changed. Who was it that could change the destiny of this person so that even I could not calculate it?"

The old man's eyes showed a dignified look: "I feel that this time his fate change seems to be the great opportunity I calculated last time. His chance actually met his noble person. No wonder I didn't calculate it anymore. I have not been able to figure out what chance it is, but what kind of noble person can change his fate, so that my Zhuge family's wheel of fortune can't perceive it at all? Even if the venerable changed his fate, The wheel of fortune can at least figure out some clues."

The middle-aged man was taken aback, "Could it be that the strong above the venerable changed his fate?"

[Chapter 3316: The wheel of fate](#)

"Hmph, let the old man see, who can actually change the fate of Xiahouzun so vaguely, even under the wheel of destiny, I can't see clearly. The wheel of fortune opens the way to heaven and spy In the future, the Long River will show its fullness."

boom!

The wheel of fortune turned crazily, and the river of fate in front of him became more and more mighty. The old man followed Xia Houzun's fate and continued to deepen, trying to figure out the strong man who changed his fate.

"Sure enough, someone changed his fate. The old man is about to see it."

The old man opened his eyes wide, looking crazily into the depths of the long river of fate through the wheel of fortune, suddenly...

boom!

In the long river of destiny, a mighty force of destiny swept back and hit the wheel of destiny fiercely, and heard a click, Zhuge family's precious wheel of fortune vibrated violently, and it was forbidden to break. The breath fell sharply, and he was hit hard, as if to be broken.

"what!"

The Patriarch of the Zhuge family was also beaten back, screamed, and spouted a mouthful of blood. Two lines of scarlet blood were dripping from the eyes that could see through the endless fate.

boom!

The evolution of the river of fate was immediately shattered.

"Patriarch."

The middle-aged man exclaimed, and hurriedly stepped forward and supported the old man. He felt that the old man's breath was chaotic. The whole person seemed to have gone through a great battle, his breath was weak and he was hit hard.

"Patriarch, how are you?"

The middle-aged man was shocked. The Patriarch was just calculating the fate of Xiahouzun, how could this be the case.

"I'm fine, it's fate backlash."

The old man sat up, coughed up two mouthfuls of blood, his expression revealed an incredible expression, and his breath was weak: "Who is it, who is that person? Why do I reckon this person's fate will be so severely backlashed, no Possibly, even if the venerable is strong, with the wheel of fortune, I can retreat."

The old man said in anger.

"Is it a master who transcends the Venerable?" The middle-aged man was taken aback.

"It's not like, if it is a master who transcends the venerable, he has already exceeded the rules of the heavens, and he can completely defeat and kill the old man through the technique of fate, but I can feel that this person's cultivation level is not high, but the number of lives It's very special, as if it can affect the future of the heavens, who is it?"

The old man gasped and said, "No wonder Xia Houzun was able to escape from the old man, this person has such a great chance."

"Patriarch, then let's forget it? This kind of character, if my Zhuge family gets angry, wouldn't it be..."
The middle-aged man was shocked.

"Forget it?" The old man hummed, with a savage tone, and the only craziness in his eyes, he roared: "What do you know, idiot, this is an opportunity for my Zhuge family!"

"The disciple said something wrong, don't blame the Patriarch!" Hearing this, the middle-aged man immediately lowered his head, his expression stunned.

"Huh, my Zhuge family has played with destiny all my life. You don't understand. Destiny is like water, water is impermanent, and destiny is also impermanent. My Zhuge family has been involved with the other party, and now I want to retreat completely. I don't know what the origin of this person is, and why the fate is so strange, but I feel that this person is not strong enough. These are the big figures in the fate of the heavens. As long as my family of Zhuge swallows the fate of the other party, they can fly into the sky. In the future, it will definitely become the top power in the heavens."

"hiss!"

The middle-aged man took a breath.

"What's more, Xiahouzun also got a token in the forbidden land. This object is the key to the forbidden land. The old man can not dare to other things. Even the old man who inherits Xiahouzun's formation does not care, but that token, My Zhuge family must take it back." The old man said solemnly.

"Credit?" The middle-aged man was startled. Doubtful: "Dare to ask the Patriarch, what kind of token is it?"

The old man glanced at her lightly, and said, "If you can see it. Naturally, you will know what token it is. It is useless to say more now!"

"Yes, the disciple went to handle the matter quickly, and the Patriarch waits for the good news." The middle-aged man did not dare to say any more, and hurriedly withdrew from this hidden space.

After the middle-aged man left, the old man's pale complexion eased a little, his eyes were uncertain, and finally revealed a trace of madness: "This is an opportunity for my Zhuge family. Success, soaring to the sky, failure, hell. "

At this time in Dongguang City.

With the return of the caravan and some masters, the news about the Lord of the Ghost Array and the Lord of the Little Fortress of the Guild Array spread at an astonishing speed.

Instantly caused an uproar in the entire Dongguang City.

No one expected that the young gilt castle master and the ghost formation holy master, who were aggressive and competing in the Dongguang City auction floor before, would actually fight in the Void Tide Sea, and the life and death of both sides are uncertain. This kind of news spreads everywhere in Dongguang City.

Qin Chen, the initiator of the matter at this moment, naturally ignored the rumors and rumors from the outside. Instead, he came to a certain restaurant in Dongguang City and directly entered the jade plate of the universe.

He first asked You Qianxue to take Huo Lao and others to practice and repair the injuries on his body. Soon after, he took out dozens of storage spaces and began to organize the harvest.

Half an hour later, Qin Chen looked happily at everything organized in front of him.

In these dozens of storage spaces, he has gained a lot from the Holy Veins alone. Among them, there are more than ten medium-grade Holy Veins, which are supplemented at once. The Holy Veins belong to the Holy Vein of the Ghost Array. The veins are the most, nearly ten giants.

Think about it too. At the auction meeting, the Ghost Array Sage Master was competing with the owner of the Jiuhuobao Shaobao for the Nine-Tailed Fairy Fox Artifact, but he bid for nearly eight middle-grade Saint Master Sacred Veins, if he didn't have so many in his hand. Shengmai, how dare to speak casually?

There are also the young castle master and the old Huobao. Although they spent a lot of holy veins and purchased the spirits, they still have some savings. In addition, the holy veins on the sword king Mu Zhifeng are no longer in the minority.

In the end, there are almost seventeen or eight middle-grade holy veins.

So many holy veins made Qin Chen ecstatic.

He had worked so hard to accumulate before, but only had seven or eight middle-grade holy veins. After an auction meeting, he spent seven or eighty-eight, and now he has more than a dozen middle-grade holy veins in one go. .

It seems that for a long time in the future, Qin Chen won't need to worry about Chendi Pavilion's holy veins.

In addition to the huge number of holy veins, there are naturally some pills and the like, but these pills are of little use to Qin Chen. As an alchemist, he is not too unsightly, but he can also sell them. .

The harvest of the sacred treasure is not small, except for the flying boat in the gilt fire fort that needs to be repaired, Qin Chen has harvested a lot of the remaining sacred master-class sacred treasures.

As for the top sacred treasures, they are all needed by the Holy Master of the Ghost Array. Qin Chen has enslaved a few people and naturally will not take them away.

[Chapter 3317: Say it early](#)

Of course, apart from the weapons of the Ghost Array Saint Lord and their own weapons, the rest of the Saint Master's treasures are also very valuable together.

In addition, there are some materials, including materials for alchemy and ore for refining vessels, all of which are neatly arranged by Qin Chen.

All the things here, what Qin Chen cares most about, is something that looks like a token.

If Qin Chen remembered it correctly, it should have been found in the storage space of the Holy Master of Ghost Array. The token is not big, it's only the size of a palm. It is simple and simple. It is forged with no material. The front is carved with lines. These lines give people a very mysterious feeling. Qin Chen took a look. Saw a piece

The feeling of vast history contains endless ancient meanings.

"What on earth is this token? It gives me a sense of incomparable mystery? And the world's materials are extremely scarce that I don't know. I have never seen the refining materials of this token, strange?"

Qin Chen frowned. He urged his spiritual thoughts and used his own power to carefully inspect this side of the token, and found that he could not distinguish its material, searched for the information in his mind, and did not know what the token was used for. .

He immediately used his spiritual thoughts and called Xia Hou Zun over.

"the host."

Xia Houzun instantly appeared in front of Qin Chen with a respectful look. His injuries had recovered seven or eight, and the aura on his body became thicker again, and there was even a faint tendency to break through the late Saint Lord.

This is natural. Qin Chen checked Xiahouzun before and knew that after breaking through the late saint lord, he was hit by the Zhuge family with the destiny technique and injured the origin, then the realm

fell and the origin was damaged. However, under the nourishment of the origin of the Ten Thousand Realms Demon Tree, the damaged origin of Xiahouzun is slowly being repaired. The Ten Thousand Realms Demon Tree is the most precious treasure of the Demon Race. It contains unpredictable power to treat Xiahouzun's origin damage. Is extremely simple

Emotion, of course, this requires a process. If you want to repair it as soon as possible, it will require Qin Chen to spend a lot of energy.

"Where did you get this token?"

Qin Chen asked. "Back to the master, this token was obtained from an ancient mystery in the Southern Heaven Realm. The subordinate's formation skills, such as the Ghost King Fengdu Great Formation and the Corpse Puppet Great Formation, were also obtained from that restriction. This thing is located in the core of the forbidden land,

The subordinates don't know the specific purpose of this object, but the location of this object is more secretive than the subordinate's array inheritance, so the subordinate suspects that this should be some kind of special treasure. "

Xia Houzun respectfully said.

"Oh? It came from a secret in the Southern Heaven Realm?"

Qin Chen thoughtfully, "You tell me the location and information of that secret realm."

Qin Chen is about to go to the Southern Heaven Realm next, maybe he will have the opportunity to enter the forbidden area, and this thing is actually above the formation that Xia Houzun has mastered.

Qin Chen didn't study it anymore, but stored it in the jade disc of Universe Good Fortune, waiting to study it slowly in the future.

Afterwards, Qin Chen took out the black jade box from the jade disc of good fortune in the universe. As soon as this thing came out, the Nine-Tailed Fairy Fox under the Ten Thousand Worlds Demon Tree felt waves. If the soul of the Nine-Tailed Fairy Fox was still there, she would definitely jump out excitedly, but at this moment, she was only left. A remnant of the soul

Before the World Demon Tree was repaired, she could not be explicit, and could only transmit simple divine consciousness fluctuations.

"Om!"

Qin Chen immediately infiltrated the power of the soul into the black jade box. Inside this black jade box, there was a blood-colored hosta, very simple and complicated, and this nine-tailed fairy fox spirit was obviously the spirit of this hosta. Up.

"Well, Qi Ling, I know you can hear me, come out."

Qin Chen said lightly.

The hosta did not move.

"Dust, why doesn't this nine-tailed fairy fox spirit come out?" Qian Xue asked curiously from the side.

"Should be thinking we are some bad guys."

Qin Chen touched his nose, "Forget it, if you don't come out, do you think I can't help you?"

Qin Chen's twin pupils suddenly exploded and shot a divine rainbow, a terrifying soul power, and suddenly entered the jade hairpin. In a short time, Qin Chen felt the dense bans and runes in the jade hairpin, preventing Qin Chen's soul invasion.

"Hehe, the mind of resistance is quite strong, rest assured, I am not a villain." Qin Chen said with a smile, while a tyrannical soul force quickly broke through these restrictions, going deep into the hosta, the originally peaceful hosta, in a flash of blood surging through the sky, at the same time a figure of a nine-tailed fairy fox appeared

On top of the jade box, he said angrily: "You also said that you are not a villain. You humans are all very bad. My Nine-Tailed Fairy Fox family will never let you go."

The nine-tailed fairy fox grinned, his voice was immature, but full of murderous air.

In addition, a wave of terrible fluctuations would invade Qin Chen's mind and interfere with his soul. Unfortunately, these fluctuations were resisted by Qin Chen. In this jade disc of great fortune, this spirit wanted to charm Qin Chen, then it is impossible.

"Don't worry, I'm really not a bad person, don't believe me."

Qin Chen shook his head and raised his hand. In the distance, under the Demon Tree of Ten Thousand Realms, a light of soul rose, and it was the light of the soul of Senior Nine-Tailed Fairy Fox.

"We are members of the nine-tailed fairy fox family?!" Feeling the light of the soul of the nine-tailed fairy fox, the spirit of the nine-tailed fairy fox was stunned, and an angry look appeared in his eyes. How could the soul of the Nine-Tailed Fairy Fox Clan be imprisoned by you here, what are you?

people? This is the breath of the demon. Are you a member of the demon? "

The nine-tailed fairy fox spirit looked at Qin Chen angrily, his eyes suddenly became extremely fierce, and the immature voice contained endless killing intent, which shocked Qin Chen.

Qin Chen was full of black lines, "Look carefully, am I the remnant soul that imprisoned your senior nine-tailed fairy fox? It is the remnant soul of the senior who has been damaged, and Ben Shao is nourishing and reviving the remnant soul of senior It."

"Hey, it seems to be true. It's not right. You must be trying to deceive me. You humans are necrotic, but you can deceive people."

The Nine-Tailed Fairy Fox Spirit was skeptical at first, and suddenly grinned again, and snarled at Qin Chen, obviously not believing his words.

"Senior Nine-Tailed Fairy Fox, come and communicate with this spirit."

Qin Chen was speechless, and said to the remnant soul of the nine-tailed fairy fox.

The remnant soul suddenly showed excitement, and then radiated a series of unique monster race fluctuations, and came into contact with the nine-tailed fairy fox spirit.

Qin Chen didn't bother to care about the two of them, and continued to think about the next thing, but You Qianxue asked from the side: "Dust, do you think this senior nine-tailed fairy fox can explain the spirit of this tool?"

"Whether she can make sense or not, this young man has done his best to be benevolent. If this spirit doesn't believe us, there is no way."

Qin Chen shook his head.

At this time, the remnant soul of Senior Nine-Tailed Fairy Fox also consumed only a trace of power, and after talking for a while, he continued to immerse himself.

"You are the guy who wanted to auction me on the auction floor before. Say it earlier. I misunderstood it. I'm sorry!" Nine-Tailed Fairy Fox Spirit came to Qin Chen cautiously and said with a blushing apologetic face.

[Chapter 3318: Su Xiaoxiao](#)

After talking to Senior Nine-Tailed Fairy Fox, the hostility of the spirit of the Nine-Tailed Fairy Fox towards Qin Chen has completely disappeared, and her body glowed with light and turned into a young girl. Qin Chen once again saw the Nine-Tailed Fairy Fox. The humanoid state of the instrument can't help

I had to be taken aback. Regarding beauty, Qianxue, Sisi, Juyue, which one is not the top beauties, not to mention, Wei Siqing, Guanghan Palace Master, Guangcheng Palace Master and others in Guanghan Palace are also peerless beauties, each of which has its own characteristics. Attitude, some charming, some arrogant

, Some are gorgeous, some are pure, but like this nine-tailed fairy fox spirit, there is a loli figure, but in some places it is convex and backward, and it is the first time to see a woman who is plumper than some adult women. . Especially in close contact, this nine-tailed fairy fox spirit naturally carries a kind of fascination. This fascination is not her deliberate release, but the fascination of the nine-tailed fairy fox itself, which is even more impressive. Dry mouth, there is a strong

Desire to possess.

Qin Chen understood it now. No wonder that Lord Luhubao Muhuo dared to spend eight middle-grade holy veins to purchase the spirit of the nine-tailed fairy fox before he didn't know the specific abilities of the spirit. Seeing Qin Chen's eyes, Ji Ling could not help but groan in his heart. It turned out that all men were the same, but as soon as she came out of this idea, she realized that Qin Chen was taken aback and became calm again. , It seems completely

Not attracted by the breath of her. She immediately became curious, because she had seen too many people, no matter who it was, human race or monster race, as long as she saw her human form, there would be almost no one who was seduced by her. Dust is the only one that can instantly

Wake up.

How did she know that Qin Chen thought of Sisi when he felt the fascination on her body. Sisi's natural fascination was far more terrifying than the charm of the nine-tailed fairy fox spirit.

"If you said earlier, you might not believe me."

Qin Chen smiled.

"This is..." Nine-Tailed Fairy Fox Spirit scratched his head in embarrassment, and muttered a little shame. "Okay, presumably Senior Nine-tailed Fox has already told you about me. Don't worry, the reason I saved you is also to help Senior Nine-tailed Fox, but I am very curious. Excited, you used to be the predecessor of the nine-tailed fairy fox

Shengbao? "You mean Qingqiu Ziyi, she and I are not of the same race, so how could she be her treasure, but we belong to the Nine-Tailed Fairy Fox family, and I am the Nine-Tailed Fairy Fox family. , So she would be so excited to see me, honestly

Well, I haven't seen people of the same race for many years. "

Little Lori sighed, and there was an old-fashioned look on her immature face.

"So the name of the predecessor of the Nine-Tailed Fairy Fox is Qingqiu Ziyi?" Qin Chen said suddenly, but the Nine-Tailed Fairy Fox Spirit said that it was not of the same family, and that it was of the same origin, but Qin Chen didn't understand.

"You don't even know her name? Qingqiu Ziyi actually believes in you like that?" This spirit is also a bit speechless, and his grunting eyes look at Qin Chen, wondering what charm Qin Chen has in him that can make Qing Qiu Ziyi trusted him so much. "Our nine-tailed fairy fox is the royal family of the fox clan in the monster clan and rules the entire fox clan. However, in our line of the nine-tailed fox clan, it is divided into three branches, namely the Tushan clan, the Qingqiu clan and There is the Su clan, these three clans are the emperors of the fox clan

Clan, Qingqiu Ziyi belongs to the Qingqiu clan, and I have the Su clan. You can call me Su Xiaoxiao. "

Qin Chen was surprised. It turned out that the Nine-Tailed Fairy Fox was divided into these three ethnic groups. "Then how did you end up in our human race?" Su Xiaoxiao shook his head and said, "I have forgotten the details. When the patriarch went to the battlefield of the demon clan, he handed me over to our descendants who have the Su clan. Later, the heavens were shattered, our fox clan was torn apart, and the demon clan was chasing us.

At that time, there was chaos everywhere in the heavens. During the battle, my master and I were separated, and I fell asleep because of the wounds. When I woke up, I was already in the void tide sea of your human race. "

"Void Tide Sea?" Qin Chen asked in astonishment. According to what he knew, the Void Tide Sea belonged to the human race back then. Although the Nine-Tailed Fairy Fox was hunted down, it should be in the Monster Race region. How could it appear? Where is the sea of void tides? "Yes, it is the Void Tide Sea. At first, I was curious as to why it appeared in the domain of your Human Race. Later, I discovered that after the heavens were broken, many voids were in disorder. The Void Tide Sea of your Human Race is not only connected to your Human Race. There are many spatial impulses connected to other places in the heavens, and I can appear here because there are wormholes connecting our monster race. Not only our monster race, but also when I was in the void tide sea see

I've been to a wormhole that connects the demons. "

"With the demons?"

Qin Chen's eyes became serious instantly, "Are you sure?"

If the Void Tide Sea really has a wormhole connecting the Demon Race, it is really a big event, and the high level of the heavens should pay attention.

No wonder Qin Chen had heard many rumors in Dongguang City, saying that someone had encountered demons and even other races in the Void Tide Sea. Unexpectedly, there were wormholes connecting various regions.

"Of course it is true, I have seen one with my own eyes." Su Xiaoxiao said proudly.

"Then how did you end up in Dongguang City?"

Qin Chen said again, he made up his mind, if there is a chance, let Su Xiaoxiao take them to the wormhole, Lingyuan and the others break through the realm of the holy master, they must enter the area of the demon race, if there is a wormhole Everything is much easier.

"At that time, I was living in the Void Tide Sea. I also knew that my existence would easily arouse covetousness by others, so I kept hiding in Tibet and did not dare to show up in front of others."

"What happened later?" You Qianxue asked. "Later in that void tide sea, I fought with many monsters and human masters inside, and I was slowly restoring my strength. Some monsters seemed to want to devour me, but I escaped without any danger, huh, those The monster wants to devour me,

That is impossible, but I can absorb their demon power and restore myself. "But later, when I was fighting with a monster beast, I was discovered by a caravan passing by. The leader of the team had the cultivation base of the late Saint Master realm. Not only did I easily kill the monster beast, but also me. Grabbed it and sealed it in the black jade box

in. "Some Su Xiaoxiao recalled the recent experience, and seemed to be a little afraid of it. "Fortunately, the exercises that the human leader practiced completely contradict my attributes, and he can't easily refine me, so he didn't fight. My idea happened to happen when he heard that an auction meeting was going to be held here in Dongguang City, so he brought me over, and then was auctioned away by the guy from the Fire Fort. "

[Chapter 3319: Open a danpu](#)

"Hmph, that guy still wants to refine me, and doesn't look at using his cultivation base to refine me? Then I was acquired by you. When I was in the auction room before, I felt the same kind of breath. Unexpectedly, it is the breath of the Qingqiu clan in you

."

"Listening to you, it seems that I saved you." Qin Chen said with a smile. "I want to thank you for this, but if you want me to be refined by you, or to accompany you to do some of the most disgusting things of your human men, I will never agree, even if you are a friend of the Qingqiu clan, If you want to forcibly refine

I, then I would rather blew myself up than promise you. "

Su Xiaoxiao said while biting her red lips.

"What is the most disgusting thing about our human men?" Qin Chen was speechless.

"Don't worry about this, Young Chen would not do this." You Qianxue chuckled lightly.

"Then I can rest assured, but in order to repay you for saving me, I can also help you with something, as long as it doesn't go against my heart, because if it weren't for you, I'm afraid..." Su Xiaojing said with lingering fear. She knows that once an existence like her is caught, it will definitely not survive for too long. At that time, it will definitely be integrated into the holy treasure, or be directly swallowed by the martial artist to increase its own strength, even in the near future.

Before he died, he would be madly ravaged by human powerhouses.

Although she can resist even the late saint master for a while, she has not yet recovered her cultivation base. Under the continuous sacrifice of the late saint master, sooner or later, she will be refined by the opponent and become the opponent's forbidden.

"You don't need to repay me. It's okay if you don't cause me trouble." Qin Chen touched his nose, "You will stay here for a while, and I will go to the Void Tide Sea after a while, and I may be back in time. Need your help."

Qin Chen waved his hand, took You Qianxue and left the Universe Good Fortune Jade Plate, and appeared in the inn.

"Little dust, shall we not go to the Southern Heaven Realm now?" You Qianxue asked curiously. "Don't worry for the time being, I found that Dongguang City is a good place. In the future, if we want to develop, we must open up the passage with Dongguang City. Now that we have come here, we will establish a station here. Come and then i

They will let Xingtianya take charge of this place, establish a good relationship with the major chambers of commerce in Dongguang City, and channel resources for Chendi Pavilion. "

You Qianxue said in surprise: "Do you want to open a branch of Chendi Pavilion in Dongguang City?"

"Almost, but it can't be called Chendi Pavilion, otherwise it will attract Yao Mie Mansion's attention. You can change the name." Qin Chen thought.

Just thinking about it, a voice came from outside the door, Xingtianya was back.

"How is it?" Qin Chen asked when he opened the door, Xing Tianya arranged for him to handle the affairs.

"Master, it's all done. The subordinate bought a shop in the Dongguang City market. The other party had moved out a year ago. We can move in anytime as long as we want." Xing Tianya smiled. Tao.

"That's good, you didn't use any disgraceful means?" Qin Chen asked. "Don't worry, Master." Xing Tianya smiled: "You don't know, Dongguang City has many shops in the market, and the forces are complicated, because Dongguang City is an open city, and the City Lord's Mansion is just maintaining the surface. Public security, so Dongguang City is actually a bit chaotic, but no matter how chaotic, the market must be the safest, because the significance of Dongguang City's existence is the market, not just the forces of the Eastern Heaven Realm, the Chamber of Commerce, and even Chambers of commerce of other celestial forces,

Nor does it allow any problems in the bazaar. "The store I bought is in a good location, and the place is quite large. There are so many forces in Dongguang City, with a mixture of fish and dragons, and the Void Tide Sea is very dangerous. Remember the news we heard when we came? A chamber of commerce in Dongguang City was completely wiped out by the Void Bandit in the Void Tide Sea. The chamber of commerce was originally called the Shenxing Chamber of Commerce, and it can be regarded as a middle-level chamber of commerce in Dongguang City, but one damage caused the entire chamber of commerce to close down. Chang also fell into the Void Tide Sea. The store I bought was the headquarters of the Shenxing Chamber of Commerce. Because the president fell, the entire Chamber of Commerce lost the possibility of business, so the remaining shareholders sold their assets at a cheap price. It took a lot of middle-grade saint

The main holy veins were bought back. "Qin Chen and You Qianxue sighed when they heard that, the Void Tide Sea is a huge treasure, and countless human masters in the heavens are digging in it, looking for resources, but it is also extremely dangerous. A chamber of commerce will be destroyed. , Can be described as one time

On the eve, it was ruined.

In Dongguang City, some forces rise every day, some forces fall, and are placed in the entire heaven realm, but they are just a microcosm of them.

"Let's go, then we will go to that shop."

Under the leadership of Xing Tianya and others, Qin Chen and his team quickly arrived at the store of the Shenxing Chamber of Commerce.

Sure enough, this shop is located in a better location in the market, and it covers a large area. Although it is not the best location, it is very quiet. Qin Chen liked it very much.

"Little dust, what business are we going to do next? This Dongguang city is full of chambers of commerce, and we don't actually have much advantage." Qin Chen had already planned. He heard that Qianxue was a little worried and immediately said, "Don't worry, Qianxue. , This is not only a residence of my Chendi Pavilion, but also a place for my Chendi Pavilion to develop and recruit masters. Now Huo Lao and the Holy Master of Ghost Array are still

After repairing their injuries and waiting for their injuries to be repaired, they will also sit here and ask Hantian to facilitate contact between the two parties. "

"Are you going to let Old Man Huo sit here?" You Qianxue asked in surprise.

You must know that Elder Huo and the others must know the Void Tide Sea very well, and the Holy Master of the Ghost Array also knows the Southern Heaven Realm very well. Next they will go to the Southern Heaven Realm, and You Qianxue thought that Qin Chen would take them all. "Lao Huo must sit here. In fact, what I am most worried about right now is Palace Lord Guanghan. With the Holy Lord of the Ghost Array, they can quickly establish the connection between Dongguang City and Wenhantian, and before I leave, I Find a way to make the ghost formation

When the cultivation base is restored, I will be more relieved when they are in charge. "Once the ghost formation holy master can restore the later stage holy master cultivation base, unless it is the Palace

Master Yaomie personally, ordinary later stage holy masters may not be able to easily break through the ghost formation holy master's defense, then Qin Chen does not have to worry about Guanghan at all. Palace Lord and their safety

"There is little dust, what business are we going to run?"

Qin Chen pondered for a while, and then smiled: "I plan to open a pill shop."

"Danpu?"

"Yes, under the guise of Danpu, I will run various other businesses in the future. After I got the inheritance of Senior Skyfire Venerable, I haven't had time to try it out. I just take this opportunity to learn the inheritance of Senior Skyfire Venerable. "What Qin Chen didn't say was that Danpu is one of the most profitable businesses in the heavens, and this is something that is universal in any place.

[Chapter 3320: Tenbudan](#)

Although he believes in Qin Chen's alchemy level, You Qianxue still has some worries, because Dongguang City is different from other cities in the Eastern Heaven Realm. There are too many alchemy masters and chambers of commerce here, and many come from the Southern Heaven Realm, the Northern Heaven Realm and the West. Quotient of heaven

Yes, they transport different materials from various celestial realms, and there is a powerful force behind every chamber of commerce to support them.

These powerful forces almost all have a level similar to the Yaomie Mansion. Even behind the forces like the City Lord Mansion, there are the top forces in the heavens to support it. It is too difficult for Qin Chen to open up a place here. .

After hearing You Qianxue's worry, Qin Chen smiled.

Because Qian Xue really considered too much, the reason why Qin Chen established such a pill shop was not to compete with those chambers of commerce and the forces, but to develop the power of Chendi Pavilion.

Everything he did was just to increase the power of Chendi Pavilion, and to increase the power of Palace Lord Guanghan. Everyone became stronger in the subtle, and eventually formed a powerful force. People like Huo Lao are actually very capable. If they are brought around to serve as their own guards, they will indeed be guarded by many masters, but they are actually subjugated. Such characters should be put outside to experience and play They really

Positive effect.

In Qin Chen's vision, once his power in Dongguang City is established, he will continuously send resources to Chendi Pavilion, to Wen Hantian, and even establish a good cooperation with the many chambers of commerce forces present.

In this world, just grabbing the cake is definitely not enough. It will only offend more and more people. Only by making the cake bigger can we welcome everyone's support.

And the Danpu established by Qin Chen was not for competition with other chambers of commerce, but for cooperation.

In the next few days, Qin Chen stayed in the jade disc of good fortune in the universe. Under the frenzied acceleration of the power of time and the origin of time, Qin Chen continued to absorb the knowledge of the alchemy inherited by Venerable Skyfire, like a fool. Drunk.

In addition, the old Huo, Xiahouzun, the holy lord of the ghost formation, and the two mid-term peak holy lords of the gilt fire castle, are repairing their injuries and changing their appearance and breath under the acceleration of time.

Especially the old Huo and the holy master of the ghost array, who will be in Dongguang City in the future, there will be too many people who know them. Once they are recognized by the people in the fire castle, it will be troublesome and they must hide their identity information.

The aura of a strong man is generally constant, which is extremely difficult to hide, but under the influence of the origin of the Devil Tree of the Ten Thousand Worlds, the two of them quickly changed their aura. As for the appearance, they can pass a special disguise technique. change.

A few days later, Qin Chen had already mastered the many alchemy knowledge taught by Venerable Tianhuo, and had become fully integrated.

The injuries of Huo Lao, Ghost Array Saint Lord and others have also recovered seven or eight, and their auras have become completely different, becoming more and more deep and restrained.

Under the influence of the origin of the Demon Tree of the Ten Thousand Worlds, the temperament of several people became extremely deep and secluded, like the same Wang Shentan, without bottoming out.

Next, it's time for Danpu to open.

"Xingtianya, are you ready?"

Qin Chen came out of the jade disc of good fortune in the universe and asked Xing Tianya.

"Master Hui, everything is ready, the subordinates have renovated the shop these days, and the plaques you need are all ready."

Xingtianya took out a gilt plaque with four large characters engraved on it: "Tianwu Danpu!"

This is the name Qin Chen thinks of. Although it is a bit clichéd, in the future, anyone who has ascended from the Tianwu Continent will be attracted by this name.

Qin Chen smiled slightly, "From now on you don't call my young master, just call me Chenqing Alchemy Master, so as not to be suspected."

"Yes, master."

Qin Chen: "..."

Xing Tianya scratched his head and said with a smirk: "Uh, young... Alchemy Chen, when will we start business?"

"Open today, now!" Qin Chen said.

Xing Tianya was stunned for a moment, and You Qianxue was also stunned.

Open now?

But what about the pill?

They do have some medicines, but these medicines are all obtained from Huo Lao, the Holy Master of Ghost Array, and Guangyuetian. Although there are some high-end medicines, if they are sold out, Not enough.

"Chen, didn't you say that the medicines you got were sent to Chendi Pavilion? If you sell them here, then..." You Qianxue asked in confusion.

"Who said I want to sell the pill?" Qin Chen laughed.

"that?"

"Our Tianwu Continent is a custom-made pill. We use other people's elixir to refine the pill and earn it, instead of simply selling it."

Qin Chen knew clearly that the reason why Heavenly Realm's pill was rare was that alchemists were scarce, and he, a holy master-level alchemist, was the most scarce. If the silly refined pill was sold again, he would be an idiot.

He has just received the inheritance of Venerable Skyfire. In fact, he doesn't have much experience in the refining of the real Holy Master Grade pill. He just took this opportunity to make money while refining the pill while improving his alchemy attainments.

Under Qin Chen's instructions, Xingtianya and the others moved quickly, and the door of the store that had been closed finally opened.

"Hey, isn't this the store of the Shenxing Chamber of Commerce? Not long ago, the Shenxing Chamber of Commerce encountered bandits in the Void Tide Sea and suffered heavy losses. It is said that it has been dissolved. Why are there still people in the shop?"

"This is not the Shenxing Chamber of Commerce for a long time. I heard that this store has been sold to other forces a few days ago. I guess which chamber of commerce or force wants to develop in Dongguang City?" "Can you buy this? The shops in this area should not be small forces. The shops in the core area of Dongguang City are all expensive. For such a shop, the selling price must at least start from the middle-grade Saint Lord's Holy Vessel, and ordinary forces cannot afford it. , And some general trends

Li has already had his own shop in Dongguang City. "

"Yes, I don't know what will be operated here in the future." The location of the store is good, and the effect is different. In addition, the experience of the Shenxing Chamber of Commerce is worthy of sympathy. Therefore, Qin Chen's Danpu has not yet opened. Seeing the door opened, many warriors passing by stopped, and they were curious about it.

5.

Then they saw that the people in the shop took out a plaque covered by a red cloth and hung it at the door of the shop.

At this time, there are more warriors gathered here, and they all want to see what this new store does. It seems that today is a posture to open, otherwise the plaques will not be hung up. This is also the location of Qin Chen's shop. If they changed to a corner shop, it was estimated that there would be no movement after they opened.
