[Chapter 3321: Opening big bargain](#)

Under the expectations of everyone, Qin Chen walked out under the eyes of everyone, and Xing Tianya and You Qianxue followed Qin Chen.

Seeing such a beautiful woman, many people began to whisper, but Qin Chen directly tore off the red cloth on the plaque, and the four characters of Tianwu Danpu appeared in front of everyone instantly.

"Tianwu Danpu?"

"Is this a pill store? I thought it was opened."

"There are many Danpus in Dongguang City. Almost many chambers of commerce have pill business. This day, Wu Danpu's name has never been heard, and he dares to open a shop here. Doesn't he know the Dans of Dongguang City? Is the drug competition fierce?" Seeing the name of Tianwu Danpu, many people were disappointed. They thought what the store would do. It turned out to be a pill shop, and it was still a pill that the family claimed was not obvious. Some people immediately lost interest in the shop

. In Dongguang City, many shops are scarce, but the only one that is not scarce is the pill shop. Because in the heavens, pill medicine is the most profitable, which also leads to many chambers of commerce and shops operating the pill medicine business. As long as there is an alchemist, where Just shop

To sell the pill business. Of course, the number of medicinal stores does not mean that there is no shortage of medicinal medicinal materials for the warriors present. There is always no end to the lack of medicinal medicinal pill by any warrior. It is just that the price of pill medicine is extremely expensive, and it is difficult for ordinary warriors to afford what they need. Of medicine, just

Even if there is a real shortage of pill, they usually buy it at some large pill shops and stores of the Chamber of Commerce.

Without him, just because these shops have a good reputation, and the supply is sufficient, and there are many types of medicine.

The most important thing is that there will be no pitfalls. After all, for the same pill, there will be huge differences in the efficacy of different pharmacists, and these large pill shops will at least not be invalid. The possibility of immortality.

Of course, there are also downsides to large pill shops, that is, they are expensive and most people cannot afford them. Therefore, although everyone is disappointed in their hearts, they still stop here. The Tianwu Danpu opened today on the first day. Generally, even the smallest Danpu has some pill that is the treasure of the town. Many people Also holding a glimmer of hope

, See if you can pick up the leak on the first day of opening today. Seeing the discussion below, Qin Chen smiled slightly and said to the many warriors at the entrance of the shop: "Everyone, today is the first day of the opening of my Tianwu Danpu. I am an alchemist. I heard that Dongguang City gathered In addition to the rare resources of the entire Eastern Celestial Realm, there are even many resources from other Celestial Realms. The warriors here have a lot of rare holy medicine on their bodies. At the

beginning of the opening of my Tianwu Danpu, there will be a grand opening ceremony for guests. I will
Take the town Danpu free for Dongguang City

'S friends perform alchemy. As for alchemy's revenge, two holy medicines are exchanged for a pot of
pill..."

Before Qin Chen's words were finished, the warriors present made a sensation. They all looked at Qin
Chen in disbelief. What did they hear? Free alchemy? Two holy medicines in exchange for a pot of pill?

Are the people at Wudanpu sure that they are right?

Two holy medicines and one pot of pill medicine, no matter how cheap an alchemist, would not offer
such a cheap price.

"What you said is true?"

"Two holy medicines in exchange for a pot of pill?"

"What if we only have one holy medicine?"

Although some people are still skeptical, many people have already inquired, and even prepared to let
Qin Chen refine the pill. You know, these warriors are not scarce of holy medicine. Many people enter
the Void Tide Sea and occasionally get some rare holy medicine. The only thing lacking is that the
alchemist can help them refine it. Now Qin Chen said

Can refining for them for free, who does not act?

Even if you are deceived, you will only lose two holy medicines. What's more, with so many twists and
turns, it is impossible for the other party to cheat. Otherwise, as long as the first person is cheated,
there will be no second person coming to practice alchemy. .

Moreover, the consequences of cheating in Dongguang City are very serious. "Everyone, what you have
heard is true. Two holy medicines are exchanged for a pot of pill. For example, if you need a
concentrating pill, you only need to take out two concentrating pill materials and you can exchange for a
pot of concentrating pill later. You only have one copy of the material, which is not impossible, but you
need to submit the holy veins of the value of this material, but here to explain, everyone also knows the
probability of errors in refining pills, so here is a furnace of pills Medicine means six, not twelve

I hope you can understand. "

Qin Chen said loudly. Generally, once a pot of elixir is successfully refined, the rate of pill production will
often be three to twelve, of which twelve are the most and three are the least. Therefore, when Qin
Chen said that a pot of elixir was only six, no one Have the slightest objection, they just

Worried about whether Qin Chen could refine the pill that they needed. After all, even the most
powerful alchemists dare not say that they can refine all the pills, and when most alchemists make pills,
the success rate is only about 50%, so they still refine themselves. Familiar medicine, not familiar

The success rate of this medicine is not even.

If they really exchange two materials for six pills, the other party will not only refine the medicine for free, but may even lose money. "I've made it clear. If anyone believes in our Tianwu Danpu, please register the materials. My Tianwu Danpu will only open for one month, and I will leave here in a month, but I am Tianwu Danpu. Will continue to drive

Go, free alchemy opportunities are rare and outdated. "

Qin Chen felt like a weird uncle who tricked the little girl, and even the tone of his words was deceptive. In fact, he is in need of a large amount of holy medicine to improve his alchemy level. With the inheritance of Venerable Tianhuo, he has no shortage of knowledge and attainments in alchemy. The only thing he lacks is experience. He has made a name for himself in the great bargaining party. Simultaneously,

Qin Chen also wanted to completely upgrade his pill cultivation base.

Seeing Qin Chen and the three people returning to the Danpu, the rest of the talents reacted. After some hesitation, some of them immediately entered the Danpu. When everyone entered the Danpu, they found that it had already been completely renewed, and there was a terrible formation restriction all over the hall. Those who spoke before were in this restriction, and seemed to be waiting for preparation.

Refining. "Xing Tianya, you are responsible for collecting materials and registering, Qianxue, you are responsible for bringing me the medicinal materials, and then sending the refined pills out." After setting up the alchemy site, Qin Chen immediately began to divide the work.

[Chapter 3322: The first furnace](#)

As soon as Qin Chen gave orders, nearly a hundred warriors had poured into the shop, and there were more warriors pouring in. Although many people had doubts about Qin Chen, who would want to miss this lively event? ? Many people are holding

The mood of watching the excitement squeezed in, and suddenly a lot of people stood in the shop.

And most of the warriors did not leave, obviously Qin Chen's conditions were too tempting.

No matter how much holy medicine is collected, if there is no alchemist to turn it into a pill, it is trash. As long as the warriors of Dongguang City get the holy medicine in the Void Tide Sea, most of them will go to some pill shops to sell, but the purchase price of these pill shops is not high. Of course, you can also ask the opponent's alchemist to refine the pill, but Such a price

The grid is too expensive, and it takes three to four pots of holy medicine to refine a pot of pill. Even many Danpus must give three to four copies of the materials before they are willing to give a pot of pill. If the materials are not enough, it is impossible to use the holy veins, because many holy medicines are very cherished. For Danpu , It's very incompatible with the holy veins

Forget it, if the refining fails, they have to use their own rare holy medicine to refining, and many pill shops are reluctant to do such a thing.

But now Wu Danpu actually said that if there is no double material, it would be fine if the other material is mortgaged with the holy vein. This is undoubtedly great news for many warriors present.

How can anyone resist alchemy at such a low price?

Even if some people doubt in their hearts, they don't dare to leave like this, they want to check it out first.

So after this group of warriors came in, no one came up to make alchemy for a while, obviously they wanted to see if the first person after alchemy was true or not, and then make a decision.

"You don't come, I'll come." A burly man, seeing that everyone did not take the initiative to come forward, was a little impatient while waiting, and took out two sacred medicines of 'Return to the Holy Pill' and delivered them. Returning to the Holy Pill is the most common holy master pill. It is a low-grade holy master pill, and it is not difficult to refining. However, the person who produced the materials is a mid-term holy master master. This person is obviously the first to come out. , I have some doubts, so I just let Qin Chenlian

The system returned to the holy pill, and he dared not come up with a better holy medicine.

Someone got out first, and other warriors immediately surrounded them. They didn't all want to see if Qin Chen's first pot of pills would deceive people.

The materials of the holy pill were delivered to Qin Chen. Qin Chen smiled slightly. It was a good thing to him for the holy master pill that was refined from the first pot of pill.

He immediately entered the jade disc of good fortune in the universe, and began to spur the palace of Zixiao Dousizong. Although Qin Chen has just mastered the alchemy inheritance of Venerable Skyfire, it is not difficult at all to refine this pill. Moreover, in the jade disc, Qin Chen can control everything, plus the acceleration of the power of time, only half a column Fragrant Kung Fu,

You Qianxue walked out of the alchemy room behind the ban and sent out a pot of holy pill.

"Really good? So fast?" The burly man obviously did not expect that his pill was refined so quickly, and he called out in surprise.

Not to mention this burly man, but Xing Tianya and many alchemists on the side were a little surprised. It takes at least half a day for ordinary alchemists to refine the holy pill. Qin Chen took out a bottle of holy pill so quickly. It's super fast.

There is only one possibility, that is, Qin Chen's strength is far above the refining of the Guiyuan Pill, so it can be so fast.

The medicine alchemist in Wudanpu is a middle-grade saint master-level medicine alchemist?

Many people were surprised and shocked one by one.

"Open it and take a look." The burly man hasn't opened the jade bottle, and the warriors next to him can't wait, and have asked the burly man to open the jade bottle quickly.

Where did the burly man use it for others, he hurriedly poured the pill in the jade bottle into his palm.

Six of the holy pill with warmth fell in her hand, and the surface of the pill was still flowing with a faint charm of law.

At first glance, this pill was just refined, and the properties on it were not even completely restrained. Only the newly released pill would be like this.

"Superior return to the Holy Pill..." A warrior at the initial peak Saint Master level called out in shock, and his voice was immediately heard by everyone.

In fact, there is no need for him to call at all, and the rest of the martial artists around can also see that this burly man is holding the six Holy Pills, and they are still the best among the Holy Pills.

The martial artist in Dongguang City has a very high vision. No one has seen a high-quality pill, but such a bottle of high-quality pill is really shocking. It is still a pill refined with a half-pillar incense. medicine. In fact, Qin Chen can completely refine the special holy holy pill, but it takes too much time to refine the special holy holy pill. What he lacks now is time. Even with this strength, Qin Chen would not refine it, on the contrary is another material,

He refined it into a special grade holy pill, a total of ten pill, plus the furnace he sent out actually twelve pill. Qin Chen actually refined two furnaces of Holy Returning Pills. In addition to the six handed over, he finally got ten special grades of Holy Returning Pills and six medium-sized Holy Returning Pills. The pill, he will leave a part in Tianwu Pill

Shop, the rest will be sent back to the Chendi Pavilion by the Holy Lord of the Ghost Array for the development of Chendi Pavilion.

"I want to refine..."

"I also want....."

With an example in front, the warriors behind suddenly became a sensation and crowded up, almost overwhelming the hall of Tianwu Danpu.

"Wait, I am the first to find this alchemy master, can you line up?" The burly man had already put away the pill at this time and took out more than a dozen holy medicines. This time the holy medicine is of a better level. .

"You have already finished a furnace, give a chance to others." Someone immediately began to shout.

Xing Tianya and You Qianxue stared at the crazy group of people in front of them in shock, Xing Tianya quickly said loudly, "Everyone, be quiet, line up, and those who jump in the queue will not be given alchemy. There are not many people present at the moment. Everyone can queue up. ."

Even though Xing Tianya said so, the crowd was still agitated.

suddenly!

Hum! In the entire hall, a series of terrifying lights and restraints suddenly rose. These light restraints with a terrifying aura instantly suppressed everyone present, making everyone's body stagnant. , There is even a Chinese

The master master of the peak of the period was also a little immobile by the suppression of this burst of light and the force of restraint.

"What a powerful formation?" This mid-term peak holy master suddenly said in shock, revealing a shocked look. What is the origin of Wudanpu this day? The array placed here absolutely surpasses the middle-rank Saint Lord level, and even approaches the top-rank Saint Lord formation.

[Chapter 3323: Mixed fruit](#)

The others were also shocked by the strength of Tianwu Dan spreading out.

"Now we are queuing up. In order to let everyone enjoy the treatment of our Tianwu Danpu, everyone can refine three furnaces at most. If they are no longer refined, please maintain good order. If there is trouble, they will not be practiced. system."

Qin Chen's voice came from the restraint. The crowd that was still in the crowd immediately became quiet when Qin Chen said that people who did not line up to make trouble are not allowed to refine alchemy. If Qin Chen said that before, they might not care about it, but now Qin Chen has shown a strong alchemy. Attainments, and

Showing terrifying strength, for a while, everyone lined up behind. However, the burly man was still at the forefront. He hesitated, gritted his teeth, and took out a few more holy medicine materials. This time, all he took out were the middle-grade holy master holy medicine, and they were extremely rare. , Obviously do not want

Miss this opportunity.

This is also the reason for Qin Chen's quota, the purpose is to let everyone come up with the holy medicine materials they cherish the most. Seeing the holy medicine that this person had taken out, Xing Tianya's eyes could not help but brighten, because he could see that what the other party took out was a Hunyuan fruit that even the ancestor of the martial soul is extremely difficult to see. , Once refined into a pill, it can improve

The original source capacity allows the martial artist's original source to accommodate more holy yuan. Generally speaking, at the level of the saint master, there are almost endless sacred elements in the body, but that is only almost nothing. In fact, the number of sacred elements in each saint subject is limited, and the number of sacred elements depends on the body and Origin, and this chaos

Yuan Guo is something that can enhance the origin of the martial artist.

If this kind of treasure were to be contested by the late saint master, he would definitely fight for it.

Xing Tianya was shocked, immediately took the materials, registered them in the register, and gave them to You Qianxue, who then submitted them in. At this moment, Xing Tianya suddenly heard Qin Chen's voice transmission. After he was taken aback, he said to everyone present: "Please hand in the holy medicine and the medicine to be refined first, and then wait on the side. The alchemy master of our Tianwu Pill Shop said that he will refine them in order according to the difficulty of the refining and attribute classification. The first to refine is the low-grade holy master pill. If anyone has a low-grade holy master pill, But the middle-grade holy master pill was not called, so don't worry, as long as it is mentioned today

Handed in, it will start to everyone in three days. "

This is of course a request made by Qin Chen. Qin Chen has never refined a middle-grade holy master pill. He made this request to get acquainted with the lower-grade holy master pill first, and then begin to refine the middle-grade holy master pill. medicine. The first few furnaces of middle-grade holy master pill may not be perfect. Qin Chen will definitely not take out the high-grade pill, because it will ruin the reputation of Tianwu Pill Shop. Tianwu Pill Shop will not make it. That's all, do your best, and

In addition, even if the first few furnaces of middle-grade holy master's pill are perfectly unrefined, they can be sent to the Chendi Pavilion. Asking Hantian will definitely need it.

Moreover, there must be a lot of elixir collected this time, even if a few furnaces of elixir were scrapped, Qin Chen could replenish it from other places.

Hearing Xingtianya's words, some of the people present immediately hesitated again. Only then did they say to refine the lower-grade holy master pill first? Wouldn't Wu Danpu want to pit their holy medicine this day? I hesitated for a while.

"What's the matter with the previous one? Let us give in if we don't want to refine it. We still want to refine it."

"Yes, get out of the way if you don't refine it." The warriors at the back were unwilling. They were already behind, and they were very anxious. Seeing that the front was still there, they were anxious. As for the refinement first. The low-grade holy master pill, so what? Maybe the other party has his own plan

, After all, refining a furnace of middle-grade holy master pill is enough to refine several low-grade holy master pill. The most important thing is that Qin Chen refined the lower-grade holy master pill in half a time before, at least a middle-grade holy master-level pharmacist. Such masters of elixir are rare even in some top chambers of commerce. Can refine the pill for them, already

Why is there any hesitation when it comes to burning high incense?

What's more, the other party also stated that they would start to give the middle-grade holy master pill within three days. Now they only have a headache because they have too many holy medicines. Which three should be refined? Hearing the urging of the people behind, the people in front were also anxious. Most of them gritted their teeth and handed over the holy medicine. Except for a few warriors who hid their most powerful holy medicine, most of the warriors had nothing. Scrupulously took out what I needed

To refine the holy medicine of pill. All kinds of top-level holy medicines were continuously sent into Qin Chen's alchemy room, and Qin Chen was also full of firepower in the jade disc of Universe Good Fortune, and then bottles of holy master elixir were sent out one by one. The warriors were shocked to find their

The pill were all first-class pill. No matter what low-grade holy master pill, as long as it was taken out of it, it was all first-class.

hiss!

At this time, everyone was affirmed that the one inside was definitely a middle-rank alchemist above the Holy Master level, and maybe even stronger, otherwise it would be impossible for all the pills to be of the upper level.

As time passed, more and more pills were delivered, and a new pill shop was opened here. There is a news that a middle-grade saint master-level alchemist will refining pills for everyone for free. It is also in Dongguang City. It spread quickly.

In an instant, the entire Dongguang City was a sensation.

A mid-level Saint Master Alchemist alchemy for free, this is simply a lifetime.

Coupled with the fact that the City Lord's Mansion had just held an auction not long ago, it attracted many masters. Most of these people had swarmed over before leaving Dongguang City.

After only half a day's work, the Tianwu Danpu has been surrounded by water.

And some top chambers of commerce and people from big powers also came to inquire secretly, wanting to find out which power Wu Danpu is supporting this day, after all, a middle-grade holy master-level alchemist, not any power can Please come.

But no matter how they searched, they didn't find the origin of Wudanpu this day, as if the other party appeared out of thin air. What shocked them even more was the prohibition placed around Tianwu Danpu. Because of the number of people, Qin Chen had to open a large formation. The vast array made some late-stage holy masters secretly shocked, because this day Wu Danpu Formation around the shop , It was actually a great array of holy masters close to the top grade, and it hurt them to a certain extent.

What's more frightening is that this formation was not available at the time of the Shenxing Chamber of Commerce before this formation. Obviously it was arranged by the people of Tianwu Danpu in this shop these days. This made many top forces shocked, this day Wu Danpu not only has a top alchemist, but also a top Array Master, otherwise it is impossible to explain the origin of this formation.

[Chapter 3324: Dongguang City sensation](#)

The top alchemists and formation masters of Tianwu Danpu made some big forces in Dongguang City instantly believe that this Tianwu Danpu was definitely supported by a certain top force in the heavens.

Otherwise, some ordinary forces, such as the force of the fire castle, although they are powerful, it is impossible to find two top alchemists and Array Masters at once. After learning this, many chambers of commerce and forces in Dongguang City carefully stopped investigating. There are too many top forces in the heavens. Who knows which top force Wudanpu belongs to this day, if the other party is good to talk, it's okay. In case not

Speaking well, annoys the other party, and causes conflicts and troubles.

Although the inquiries were stopped, the inquiries about the alchemy strength of Tianwu Pill Shop did not stop. Some top chambers of commerce secretly sent people to register, and then took the refined pills back to the chamber of commerce, and asked the alchemists in the chamber to investigate. .

A scene that puzzled them happened because different pharmacists gave different conclusions, and even the same pharmacist, when he saw two different pills, gave completely different opinions. Although all pill medicines are of superior level, each pill seems to have some shortcomings that do not affect the quality, as if the alchemist who refines the pill is a novice, and as time delays, this deficiency also Less and less, same

The pill that was refined in the morning and evening of the day was simply not what the same pharmacist refined.

This makes the top pharmacists of the Chamber of Commerce wonder, is this a novice, constantly improving himself through refining?

When this idea came out, they all shook their heads to veto it, which was impossible. First of all, even the most powerful alchemist can't have such an astonishing improvement in his technique in just one day. Secondly, the other party will take out the high-grade and low-grade holy master's pills, a novice refiner. Pharmacist, it is impossible to refine

Here are all the first-class elixirs.

But if it wasn't for this reason, what would it be? Is it true that the other party is actually a few pharmacists refining together?

When this idea came out, many top pharmacists in the Chamber of Commerce had their eyes bright. It's really possible, because Tianwu Danpu's rate of refining pill medicine is getting faster and faster. At the beginning, a half-pillar incense can be produced. Later, a small half-zhu incense can be produced at a time. This speed is even some top middle The Master Grade Alchemist is also completely

Can't do it?

Thinking that there are a few top pharmacists behind Tianwu Danpu, the pharmacists of these chambers of commerce are suddenly shocked, and they are even more afraid of the backstage of Tianwu Danpu. This is definitely a super-top power and it is no small thing.

While they were speculating indiscriminately, many warriors who came to refining in the Tianwu Pill Shop found that something was wrong.

Because on the first day everyone got the low-grade holy master pill, not a middle-grade holy master pill, but on the second day, it was still the same. Two days later, no one got a middle-grade holy master pill. Elixirs.

But many of the holy medicines they took out were middle-grade holy medicine?

Although the first-class lower-grade Holy Master Pills are precious, they can only have miraculous effects on the peak Holy Masters in the early and early stages, and the effect on the peak Holy Masters in the middle and mid-term peaks is not so great.

In addition, many early holy masters took out the rare middle-grade holy master's holy medicine that they had treasured for thousands of years, just to get the middle-grade holy master's pill to improve themselves. But even so, no one dared to ask anything for fear of offending Tianwu Danpu. Seeing that the third day was going to pass, finally there was a holy lord who was at the peak of the early stage and couldn't help it. He hesitated and walked to Xing Tianya. Said, "This ex

Generations, we haven't received a middle-grade holy master pill so far. You said before that you will definitely give us a middle-grade holy master pill in three days...Look..."

Xing Tianya's face sank, and he said coldly: "If you don't believe the alchemist in my Tianwu Danpu, then I will return your holy medicine to you immediately, otherwise, just sit and wait."

At that time, the pinnacle holy lord hesitated for a long time, but still clasped his fists and retreated to the side.

Qin Chen said that the middle-grade holy master's pill will be given within three days, and the three days are not over yet, if the middle-grade holy master's pill is not released by the end of today, others will definitely find it.

Now that Wudanpu has made such a big noise this day, not only are they watching here, even the City Lord's Mansion and some top chambers of commerce have also paid attention to it. If the other party does not speak well, it will definitely cause trouble.

Fortunately, the things that made everyone worried did not happen. At the end of the third day, the middle-grade holy master pill was finally delivered slowly. While all the warriors were relieved, they found another strange one. Case.

These warriors found that the quality of the pill by calling the name first was almost the same. Unlike the lower-grade holy master pill, many of the middle-grade holy master pill were medium at first. However, the middle-grade holy master pill is very precious, and the middle-grade holy master pill is already very rare, so everyone is not dissatisfied, but on the fourth day, the middle-grade holy master pill that came out gradually started. Became first class

.

By the sixth and seventh days, almost all the top-quality pills were taken out. If not everyone knows that the improvement of alchemy attainments requires tens of thousands of years of hard work to improve, they even think that the alchemists in Tianwu Pill Shop were not familiar with the middle-grade holy master pill at first, and then slowly improved. Of

.

Of course, this idea is too absurd. The other party just thinks about it. The most likely thing is that the other party refining the pill that he is not familiar with at the beginning, so it is medium. The latter pill is more familiar and becomes superior. . But Qin Chen is the kind of person they dare not think of. Qin Chen has a book of origins, can master various civilizations, and has time to accelerate. The outside world has actually passed one or two months in it, plus Qin Chen got The complete biography of Venerable Skyfire

He inherited, but he didn't practice it at the beginning, and there were indeed some mistakes. Later, he became more and more proficient, coupled with the acceleration of time and the book of origins to provide him with repeated scrutiny.

Qin Chen's accomplishments in alchemy can be described as a thousand miles in a day.

And after understanding that the Tianwu Pill Shop became better with the pill that came out later, many warriors even wished that their pill came out at the very end. And with the emergence of the middle-grade holy master pill, Tianwu Danpu became popular again. The warriors and forces who had doubts about Tianwu Danpu came to refine the pill, and even some people from the top chambers of commerce arranged personnel Come in line, find

Qin Chen was refining. Although these top chambers of commerce have pharmacists, in many cases, it takes three parts of the middle-grade holy master pill to make one furnace, and sometimes it even costs more. Now this day, two holy medicines in Wudan Shop If you can get a pill, you can even give one part of the material, and the other part of the material is deducted by the holy veins, so that the advantage is not accounted for.

[Chapter 3325: Stop receiving holy medicine](#)

However, these chambers of commerce and alchemy forces are doing vague things, and obviously they don't want others to discover this.

How can the paper keep the fire out?

As these chambers of commerce and forces secretly sent more and more people, they were eventually discovered.

This time the entire Dongguang City boiled again.

When these warriors saw that the chamber of commerce and alchemy forces where they usually bought the medicine pill, they actually sent people to the Tianwu Pill Shop to line up, the shock was beyond words, this is simply the biggest advertisement.

All of a sudden, as long as there are strong people who have the elixir, they are crazy and come to line up. Even the alchemy powers have come to line up. Why do they have any doubts? In this regard, Tianwu Danpu seems to have no action. Although I know that many of the people in line here are people from other chambers of commerce and alchemy forces. These forces have the most holy medicines and are the rarest ones, but Tianwu Danpu did not drive them away. ,

It also didn't say that there was any dissatisfaction and harshness because the other party was a peer, and they were treated equally.

This made everyone more shocked by the background and strength of Tianwu Danpu. Obviously, the other party didn't care if it was an ordinary martial artist or some Dandao force or a chamber of commerce. In the eyes of Tianwu Danpu, the visitors are guests, not competitors. . And some of the warriors who had lined up before, just let the martial artist who refined the lower-grade holy master pill in the Tianwu Pill Shop secretly came over again. They had hidden some rare holy drugs because of suspicion. At this time, they saw that even the top chambers of commerce and the alchemy were all Coming since

Of course, I also want Tianwu Danpu to refine it for them.

It's a pity that as soon as they came in, they were recognized by Xing Tianya and drove out directly.

Tianwu Danpu doesn't care about the alchemy power and the people of the Chamber of Commerce, but the rules set will not be broken, saying that one person can only refine three times, which is definitely only three times. These warriors suddenly regretted and regretted that they suspected Tianwu Danpu at the beginning. They had no choice but to find friends to refine them. At this time, even if they exposed their secrets, they would not hesitate to expose their own secrets, but their friends also have them.

How could the pill that I wanted to refine to refine it for them?

On the tenth day, Tianwu Danpu issued a new rule, that is, starting from the tenth day, the lower-grade holy master pill will no longer be refined, and all the pill must be at least from the middle-grade holy master pill. Start refining.

This provokes another sigh. The best in many ordinary holy masters is only the low-grade holy master holy medicine. At first, they did not seize the opportunity and believed in Tianwu Pill Shop. Now they want to let the other party refine it, but it is too late. Up.

It was really ten days ago that you were indifferent to me, and ten days later, I made you unaffordable. This rule was naturally set by Qin Chen. After ten days of refining, his mastery of the middle-grade sacred pills has reached a new level. Since there is no problem in refining various middle-grade sacred pills, Qin Chen Naturally, I won't refining the lower grade saint

Lord Holy Pill. At the beginning, Xing Tianya was a little worried about Qin Chen's decision. After all, although there are many holy masters in Dongguang City, after all, the holy masters who occupy the majority are the holy masters of the early and early stages. By the mid-term holy master level, they are already considered as the holy master Not weak and high

Hand, the mid-term peak holy master, is a giant figure.

Does Dongguang City really have so many middle-grade holy master holy medicines that can be refined? But as the rare medium-grade holy medicines of the Holy Master continued to be sent in, and after the long line in front of Danpu got longer and longer, Xing Tianya finally knew that he still underestimated the power of Dongguang City, let alone the master refining One month, even if

It is estimated that there will be no problems after refining for one year.

And after that, all kinds of rare holy medicines appeared, making Xing Tianya, the ancestor of the martial soul, an eye-opener. These materials, if he heard of any of these materials, would have to fight for them, but now, these top-level materials have been sent to Tianwu Danpu by the many powerhouses of Dongguang City crazy, and I am afraid they will not accept them. This is Xingtianya

Before following Qin Chen, I couldn't even imagine it.

With the passage of time, the pill that came out of Tianwu Pill Shop became more and more powerful. Twenty days later, even a special middle-grade holy master pill appeared.

This immediately caused an uproar once again. The special middle-grade holy master pill, even some of the top chambers of commerce and alchemy masters of the alchemy powers are shocked. They refining for a lifetime, they may not be able to refine a batch of special middle-grade holy master pill. , But this day in Wudanpu

, The special-grade pill is just like no money, and they are sent out continuously.

Could it be that the pharmacist in Wudanpu of this day is not the middle-grade holy master peak pharmacist they imagined, but the high-grade holy master pharmacist is not successful?

hiss!

When this guess came out, everyone went crazy.

High-grade holy master alchemist, this is considered to be a great figure among some of the top forces in the heavens, and he is honored as the existence of a master.

Just when everyone thought that Tianwu Pill Shop would refine the high-grade holy master pill, one month's time had just arrived.

At the end of this month, many warriors once again took out the holy medicine and asked the Heavenly Martial Pill to make alchemy, and even under the temptation of the forces, they took out the high-grade holy master holy medicine equivalent to the late holy master.

"Okay, stop receiving holy medicine."

Just when Xing Tianya didn't know whether to take the next step, Qin Chen had already come out with the last refined pill, and decisively told Xing Tianya and You Qianxue not to continue receiving the holy medicine.

Refining the top-grade middle-grade holy master's pill is too much, if he refining the top-grade holy master's holy medicine, it will cause a greater sensation. Let's not say whether he can be refined at present, even if it is really refined, the sensation caused by a high-grade holy master alchemist will definitely attract many late-stage holy masters, although Qin Chen is not afraid of ordinary later-stage holy masters. But don't want

If you provoke these people, each of these characters is very terrifying, if you have any evil intentions on the Tianwu Pill, he will not be able to take care of it without Dongguang City.

Moreover, he has been refining for a long time. Although the outside world has only been refining for a month, Qin Chen has experienced many years under the acceleration of time, and Qin Chen feels that he is going crazy if he continues to refining it, it is time Take a break.

You Qianxue and Xing Tianya are not fools. Even if Qin Chen didn't say it, she planned to take the initiative to remind Qin Chen. Now that Qin Chen said it, she didn't say anything and stood silently. "Everyone, I'm sorry, one month has come, and the big bargain for the opening of our Tianwu Danpu is over here. Next, our Tianwu Danpu will continue to sell some elixirs and purchase various materials and holy medicines. I also hope that Everyone in the future

Support a lot. "

Qin Chen folded his hands and said loudly to the congested people outside Danpu. Everyone was shocked at Qin Chen's youth at first, and it was such a young fellow who refined the pill, but after hearing Qin Chen's words, they all froze.

[Chapter 3326: A big deal](#)

How can this work?

The reason why everyone present gathered here was to wait for Qin Chen's refining, but now Qin Chen said that he didn't refining, wouldn't they wait for nothing?

Many warriors who had just arrived in Tianwu Danpu were all excited when they heard this.

"Your Excellency, why not refining? There are still many people who have not been refined?"

"Yeah, how can this work, it's not my turn yet?"

"I didn't have my turn either, I've been waiting for a long time."

"This master, why didn't he refine it suddenly?"

Qin Chen announced that he would stop alchemy, which immediately caused an uproar. Qin Chen said again apologetically, "Everyone, my Tianwu Danpu has been refining for a month, and I have said before refining that my Tianwu Danpu will open a big bargain, and I will give you a month of refining pill. , It's time

, My spiritual consciousness has also consumed a lot, so please take it easy. "

"Then, when will you begin to refine alchemy?" someone immediately asked.

"I'm not sure about this. I will retreat when I go back this time. It may not be when I leave the customs. I also have my own business. Maybe one day in the future, my Tianwu Danpu will hold this kind of big bargaining event. ."

Qin Chen's words made everyone a little discouraged, and even regretted not finding here earlier.

Qin Chen is a master alchemist who retreats, even if he retreats for thousands of years, it is normal for thousands of years. Who knows when he will come out?

Although Qin Chen looked very young, everyone guessed that Qin Chen, a master alchemist, was at least an old monster who had lived for tens of thousands of years, otherwise his accomplishments in the path of pill will not be so terrible. "Of course, although alchemy is not free, our Tianwu Danpu still sells some pills on a regular basis, and we will also purchase holy medicines and materials for a long time. Please take care of our Tianwu Danpu business." Qin Chen said to everyone. Arched

hand.

Qin Chen said so, and many people present sighed. They didn't dare to offend Qin Chen. After all, they could open such a big shop in Dongguang City, and the power behind such a terrifying Alchemy Master would be very powerful. terrible.

The warriors who had not obtained Qin Chen's alchemy had to put away the materials, and then left in disappointment.

"Dust, are we really not refining? These people still have a lot of materials, and many of them are very rare. If we can refine the pill, we will definitely make a lot of money." You Qianxue knows Qin very well. How much benefit Chen has gained in this month, according to the half-pillar incense burner, Qin Chen has refined at least thousands of pill furnaces in this month. This is only external. In fact, Qin Chen is in the universe. Good Fortune Jade Plate

There are even more medicines refined in it. In this item alone, Qin Chen earned even more treasures than the treasures he obtained after killing the three powers of Sage Master and Guangyuetian. many.

Qin Chen has tens of thousands of pills of the mid-level saint master level alone, besides various treasures such as the holy veins, this is simply a huge sum of money. "If you don't refine it anymore, if you continue to refine it, we estimate that we will collect some of the most rare materials in Dongguang

City. Then it will definitely arouse the dissatisfaction of other forces, even those who have been refined with us. The Chamber of Commerce and Dan Dao

The forces will also be jealous, after all, we have taken too much advantage. "

"And now I have a lot of materials left on my body. Next, I have to refine these materials into pills and send them to the Chendi Pavilion. It will inevitably delay some effort. Then I have to go to the Southern Heaven Realm. There is not much time to waste."

You Qianxue and Xing Tianya both nodded.

"Close the door, we will not be open today."

Qin Chen gave a command, and before he could close the door, he waited until a voice sounded.

"and many more....."

A slightly low voice stopped him. This was a man in a Tsing Yi robe with a hood on his head. He couldn't see his looks.

Qin Chen is also a master craftsman. As soon as he saw this man, he knew that there was something wrong with the hat on his face. This was a top hidden magic weapon. What makes Qin Chen even more strange is that the cultivation base of this man in Tsing Yi swayed back and forth between the late saint master and the mid peak saint master, as if this person could break through the later saint master realm at any time, but he has been deliberately not breaking through, just don't understand Why he

Come out after not breaking through the late Saint Lord.

"Are you looking for me?" Qin Chen asked while looking at the man in Tsing Yi.

The man in Tsing Yi still said in a low voice, "Yes, I am looking for you to negotiate a deal."

Qin Chen nodded, "Come in and talk."

After that, he looked back at You Qianxue and Xing Tianya, "You guys come in together."

There is nothing else outside now, Xing Tianya and You Qianxue don't need to stay in the lobby, and Tianwu Dan Shop will not be open to the public today.

"The two of them are outside, I'll talk to you alone." The low tone of the man in Tsing Yi became a little cold.

Qin Chen heard the man's displeasure in Tsing Yi, and said with a cold snort, "Then don't talk about it and see you off."

After speaking, Qin Chen directly raised his hand and ignored the other party. If it weren't for Qin Chen, he felt that this man was a little uncomfortable, and his cultivation level could also enter the later stage of the Holy Master at any time. Qin Chen didn't even have the desire to discuss business with him. This is Tianwu Pill Shop. He has just refined so many elixirs. What business can the other party talk about when they come to the door? It's nothing more than refining the elixirs. What Qin Chen has now is the materials and the elixirs, one more business and less business. No business at all

So-called.

Even if the other party just wants Qin Chen to refine the pill, Qin Chen is too lazy to refine it. Even if he receives the other party, he will only refuse in the end. This person saw Qin Chen's resolute attitude, his face immediately became difficult to look, "The business I want to talk to you is of great importance, and it is definitely good for you, but once it spreads out, it will bring you murder. Woe, you are sure to let these people

Hear? "

He obviously did not expect Qin Chen's attitude to be so determined.

"Talk if you want to talk, leave if you don't talk." Qin Chen said lightly, and the man in Tsing Yi hesitated for a while and immediately followed in.

Qin Chen took him to find a room in the Danpu and sat down, pointing to the opposite position and letting him do it well, and said, "Let's talk, what's the matter?"

He was also a little curious, what kind of business the other party said would definitely be good for this? As for the murderous calamity he said, Qin Chen didn't care about it at all.

The man in Tsing Yi did not refuse. He took out a jade box and put it on the table as soon as he sat down, and then said to Qin Chen, "Look at this first." Qin Chen opened the jade box, a kind of rich vitality. The breath came to his face, Qin Chen had already seen a dark green fruit in the jade box.

[Chapter 3327: Origin](#)

Tiandao Yuanguo?

Qin Chen recognized at a glance, this jade box turned out to be a source fruit of the Heavenly Path, but the aura of this fruit is not the same as the source fruit of the Space Element on the auction floor. It is obviously a fruit of another attribute. .

Moreover, this kind of fruit has a strong vitality breath, so that Qin Chen smelled that breath, and the whole body felt comfortable, and the origin of the body even felt more active.

This kind of heavenly origin fruit obviously has a great nourishing effect on the origin of the martial artist.

"The Origin Fruit of the Heavenly Path?"

Xing Tianya on the side showed a shocked expression, and immediately said aloud.

"That's right, it is the source fruit of the Origin System."

The face of the man in Tsing Yi showed pride. It's no wonder that he said he was going to make a big deal, an original source of Heavenly Dao Yuanguo, you must know the previous auction of the City Lord's Mansion, that space-attributed Heavenly Dao Yuanguo, directly sold 27 of them. The sky-high price of appreciating the Holy Veins

The Origin Fruit of the Heavenly Dao, once refined into the Heavenly Dao Divine Pill, can greatly improve the origin of the martial artist. In terms of efficacy, it is not under the Heavenly Dao Origin Fruit of the Space System.

But before this Shenxing Chamber of Commerce, it was rumored that it had obtained a Heavenly Path Origin Fruit in the Void Tide Sea and was directly destroyed by the Void Bandit.

No wonder the other party said that once this transaction spreads, it will cause a murderous disaster.

Even Qin Chen himself was a little excited. He was not excited for himself, but for the Holy Master of the Ghost Array. The Holy Master of the Ghost Array was initially attacked by the people of the Zhuge family, and after breaking through to the late Holy Master, he fell to the mid-term peak of the Holy Master. It was because the origin was damaged. These days, Qin Chen has been trying to repair the Holy Master of the Ghost Array. origin,

So that he can restore the realm of the late saint master. Although the Devil Tree of the Ten Thousand Realms has this effect, it takes a lot of time, but if it has the source of the source of the heavenly path and refines it into the **** of heaven, then the holy master of the ghost array can quickly repair the source and break through To the realm of the late Holy Lord

.

Not only the ghost array holy master, but even Huo Lao and Dao Wang Mu Zhifeng, as long as they swallowed this Origin System Heavenly Dao Divine Pill, they can also improve their origin, enough to make them more likely to break through to the later stage of the Holy Master realm.

Qin Chen was excited, but his face was calm, he immediately closed the jade box, and said to the man in Tsing Yi lightly, "Heaven's Origin Fruit of Origin?"

The man in Tsing Yi was only slightly surprised when he saw Qin Chen, and did not show a shocked look. He nodded with some appreciation and said, "Yes, this is the Origin Fruit of the Origin System." "I heard that the Origin Fruit of the Heaven came from the void. The secret realm in the tidal sea is very cherished. It is impossible for ordinary people to obtain the treasures chased by the major forces. How did you get it?" Qin Chen frowned, suddenly thinking of something, faintly

Said, "Are you a Void Bandit?"

As soon as this voice fell, Xing Tianya and You Qianxue were shocked, and the atmosphere on the court instantly became serious. Void bandits, these are the characters most hated by the masters of the Chamber of Commerce and forces such as Dongguang City. There are too many bandits in the Void Tide Sea, and there are all kinds of races. It is their wanton killing that makes the Void Tide Sea even more dangerous.

, Countless chambers of commerce have fallen into it. "Hahaha, why, your Tianwu Danpu wants to kill people and win treasures?" The man in Tsing Yi sneered: "If you dare to come in, you have the confidence to get out. Besides, with your identity and status, you can't do it for the sake of heaven. Source fruit and kill more

Goods, let your newly established store just close its doors, right? "

The man in Tsing Yi looked proud and stared at Qin Chen coldly.

Qin Chen said indifferently, "My Tianwu Dan Shop will naturally not do killing people and surpassing goods." "Why? Is it because of the Void Bandits? Do you think the chamber of commerce and forces in Dongguang City are clean? In the Void Tide Sea, these so-called so-called Once the Chamber of Commerce and the forces see the treasure, it is no different from the ordinary Void Bandit.

"The Tsing Yi man sneered.

"Okay, you don't have to say this, I am not interested in your identity as a Void Bandit, what do you want to do with us?" Qin Chen waved his hand at Xing Tianya and You Qianxue, so that the two of them would not be nervous, and said lightly .

"That's good, I don't know that your Excellency is not interested in the Origin System's Heavenly Dao Yuan Fruit. If you are interested, we will trade this Heavenly Dao Yuan Fruit."

"What do you want to change?" Although Qin Chen himself is not very interested in Tiandao Yuanguo, for the sake of the ghost array holy masters, Qin Chen can't ignore it, and it's worth a deal.

"I heard that you are an alchemist. You have refined the pill for many people in the previous month, and you have also refined a lot of special middle-grade holy master-level pill? So it seems that your Excellency can also refine the **** of heaven Is it Dan?"

After the man in Tsing Yi asked these words, he was a little nervous, staring at Qin Chen without blinking his eyes.

Qin Chen nodded and said, "Yes, I am an alchemist, and it is not impossible to refine Heavenly Dao Divine Pill. Do you want me to refine this Heavenly Dao Source Fruit into Heavenly Dao Divine Pill?"

After the man in Qingyi heard Qin Chen's words, his expression became even more excited, and the aura of his cultivation became more vain, "Yes, this is the deal I want to make with you." Qin Chen frowned, God said. Although Yuan Guo is powerful, it is not enough to make a late-stage saint master so excited, right? The most powerful thing about this thing is that it can give birth to many new master masters, and it is a sought-after object by many big forces, but this void thief

Bandits, do you want to cultivate talents?

If the Void Bandit is so humane, then he won't be a Void Bandit, unless the Heavenly Taoist Pill is of great help to him.

Thinking of this, Qin Chen was startled and looked at the man in Tsing Yi carefully. This time, Qin Chen finally saw some clues and instantly understood in his heart. What kind of late-stage saint master is this person in front of him? Although his aura is at the level of later-stage saint masters, in fact, he is slowly falling all the time. It is obviously the same as the ghost-array saint master. After breaking through the later-stage saint masters, he encountered What is difficult,

The cultivation base is slowly weakening.

Under this circumstance, all other methods are very ineffective, and the other party obviously wants to rely on this heavenly Taoist Pill, stabilize his cultivation base, so that he will not fall into the realm, and return to the later stage of the Holy Master realm.

No wonder the other party is so excited.

This Heavenly Taoist Pill is not used to train their power descendants, but is used by this person himself.

After understanding this, Qin Chen's heart was completely let go, and he said indifferently: "How do you want to deal with me?" Since the other party desperately needs this Heavenly Dao Divine Pill, Qin Chen doesn't worry about it at all. I don't leave it to myself for refining, because besides myself, I'm afraid this person can't find anyone to refining for him in Dongguang City, otherwise he wouldn't risk coming to his pill shop, which has just opened. .

[Chapter 3328: See off](#)

In Qin Chen's original plan, as long as the counterparty's transaction was reasonable, Qin Chen was also willing to refine the original Heavenly Dao Divine Pill for the other party, and it was very difficult to refine the Heavenly Dao Divine Pill. To make this pill,

I naturally want to try it.

Therefore, in Qin Chen's calculations, as long as the other party is willing to give him the Heavenly Dao Origin Fruit for refining, it would be fine to split a pot of pills in half.

Although the refining of Taoist Pills on this day is very difficult, Qin Chen is sure that he will be able to refine twelve, but he is not sure what level of pill the refined is, medium, high, or It is a special class.

When the time comes, each will be divided into half, that is, one party has six pieces, the other party has provided the materials, and Qin Chen has provided the refining, which is considered as each taking what they need, which is very fair.

Of course this was just what Qin Chen wanted in his heart, and he also wanted to hear what the other party meant. At this time, the man in Tsing Yi had recovered his calmness. He seemed to know that he was a little excited before. He immediately became indifferent and said calmly, "Yes, I do want your Excellency to refine this Heavenly Dao Divine Pill, although I know your

The rule is that two materials are used to refine six for free, but I think the other party should also know the rarity and rarity of this heavenly Taoist Pill, so you need to make some compensation. "

Qin Chen nodded. He really knew that Heavenly Dao Divine Pills were extremely rare, so even if the other party didn't say anything, he was willing to change the rules. He only needed the other party to provide this original Heavenly Dao Origin Fruit, and he would give this person six pills.

Although this person is very eager for the Heavenly Dao Divine Pill, Qin Chen is not the kind of aggressive person, so that both parties will each get six pills, which is considered to be very happy and fair. Seeing that Qin Chen did not speak, and agreed with him, the man in Qingyi said immediately: "You have ten middle-grade holy master veins, plus fifty middle-grade holy master pills, and then you will use the heavenly origin source fruit in my hand to refine I will share it with you

Two Heavenly Dao Divine Pills. "

Qin Chen almost laughed angrily. This guy really dared to speak loudly. Originally, Qin Chen planned to have six Heavenly Dao Divine Pills for everyone, but this guy even knocked on his head, and Qin Chen's heart was immediately unhappy. stand up.

"Do you not realize that your asking price is too outrageous?" Qin Chen sneered. Xing Tianya and You Qianxue on the side also looked at the man in Tsing Yi in dismay. This person ran over to ask Chen Shao to refine the pill. In addition to only providing the source of heaven, he also wanted ten middle-grade holy veins and fifty. A medium-grade holy master pill, finally given to dust

Two less heavenly pill?

Dare to take all the big heads by this guy.

I'm afraid this guy is not a lunatic.

When they made a big bargain before their Tianwu Danpu, two materials were exchanged for six pills, and countless warriors swarmed. Although this guy took out such rare materials as Tiandao Yuanguo, the price was simply blackmail. . The Tsing Yi man seemed to be unable to hear Qin Chen's sarcasm at all. He said lightly: "My offer is not outrageous. You must know that a space-based Tiandao Origin Fruit was auctioned for a full 27 items. Appreciate the Holy Veins of the Holy Lord, and my one

The origin type of Heavenly Dao Origin Fruit is only stronger than that of the Space System in terms of attributes. What's more, those who have photographed the Heaven Dao Origin Fruit want to refine the Heavenly Dao Divine Pill, they have to spend a lot of money to ask a pharmacist Refining. "

"In other words, the value of the Heavenly Dao Divine Pill is much higher than the 27 middle-grade holy veins." "And you yourself are a pharmacist, in other words, you refine it yourself, not at all. The cost is required, and the materials are also provided by me. It's just that ten middle-grade holy master veins and fifty middle-grade holy master pills are exchanged for two heavenly **** pills.

Very cost-effective. "

"Don't say that you don't have so many Holy Master Pills. You opened the pill shop, and you have refined the pill for a month before. You will definitely be rich. My price is for you. It's very cost-effective." The man in Tsing Yi continued: "You also know why there are so few late-stage holy masters in this celestial realm. It is because after the holy master reaches the mid-term peak of the holy master, it takes chance to break through the late-stage holy master, and this origin system Heavenly Dao Shen Dan is this one

Chance is even more terrifying than the Heavenly Dao Divine Pill of the Space System, because it directly enhances the origin of the martial artist. With these two Heavenly Dao Divine Pills, you can even cultivate two late-stage holy masters in the future. "

"Those top masters who want to become the late saint masters are even willing to bankrupt their fortunes in exchange for an original heavenly **** pill."

The man in Tsing Yi looked arrogant. "Don't even think about doing it to me." The man in Tsing Yi glanced at Xing Tianya and You Qianxue, "Outside your shop, there are my people. As long as you dare to do it to me, they will immediately have you. A news about the origin of the Heavenly Dao Origin Fruit spread. And I also planted a prohibition on this Heaven Dao Origin Fruit. Although I don't know which power you rely on and how powerful you are, I can guarantee that as long as you do it. , I can straighten this Heavenly Path Origin Fruit before you hold me

Take it and destroy it, leaving you empty and wealthy, but it will cause a commotion. "

"Are you threatening me?" Qin Chen's tone suddenly became gloomy. The man in Tsing Yi said indifferently: "I'm not threatening you, I'm just making a deal with you. After all, integrity is the most important thing in doing business in Dongguang City, right? And you should be very clear that this Dongguang Many forces gathered in the city,

There are also many alchemy powers. No matter which power I get, they are very willing to pay the price in exchange for two original heavenly **** pill. "

"Since you are so sure, then you can go to other forces and see off the guests."

Qin Chen stood up, waved his hand and said, not even looking at the Heavenly Dao Yuanguo in the jade box.

what? The man in Tsing Yi was stunned. He didn't really want to go to other forces. He just wanted to scare Qin Chen. After all, to a certain extent, compared to treasures like Tiandao Yuanguo, it is indeed a refinement. The number of pharmacists is greater than this day

Taoyuan fruit.

But who knew that Qin Chen had sent off the guests directly.

His face was cloudy and uncertain, and he didn't know what Qin Chen meant for a while, so he didn't have the first time to speak, and at this time, Xing Tianya had already come up to drive people. Seeing that Qin Chen said that he would chase people, he really didn't have any interest in the source fruit of the heavenly path in his hand, he immediately condensed, and said in a deep voice, "Then, ten middle-grade holy veins, plus ten more. Medium grade holy master pill in exchange for two heavenly **** pill

,how about it? "But Qin Chen ignored him. Instead, he went to the depths of the pill shop. The man in Tsing Yi immediately panicked, gritted his teeth and said, "No matter, as long as you can successfully refine, I can give you two Heavenly Dao Divine Pills for free. ,This is already the lowest price. "

[Chapter 3329: What do you want](#)

Qin Chen snorted and ignored it.

"Huh, the source of heaven is hard to find, is it hard to find alchemists too? You will regret it."

The man in Tsing Yi looked gloomy, picked up the jade box and turned around to leave here. "I will regret it?" Qin Chen suddenly raised his head and sneered, "In my Tianwu Danpu, you not only threaten me? You dare to be so arrogant? Do you really think my Tianwu Danpu is for charity? Xing Lao, drive people out , Remember, remember when you drove out

People outside said that this person was a void bandit, and there was a source of heavenly fruit on him. "

"you....."

The angry face of the man in Tsing Yi suddenly showed a look of anger, his footsteps stopped suddenly, he turned and looked at Qin Chen angrily, and said coldly: "Do you have to have trouble with me?"

"You know who can't get through with whom." Qin Chen waved his hand lightly. He knew very well that once the opponent was kicked out and Xing Tianya revealed his identity and things on his body, then this guy must be over. Although it is strictly forbidden in Dongguang City, the City Lord's Mansion will deal with it if there is a conflict, but the Void Bandit

Among them, killing the void bandits is politically correct for any warrior in Dongguang City, although they are most likely to play the role of void bandits behind them.

"And let me say one more thing, if your Excellency does not get the Heavenly Dao Divine Pill sooner, and the realm of your body drops completely, I am afraid that even if you have the Heavenly Dao Divine Pill, you will not be able to restore the later stage of the Holy Master state for a while." Qin Chen said calmly.

The man in Tsing Yi turned pale, and he didn't expect that Qin Chen actually saw his condition. At this moment, he finally showed a panic expression, gritted his teeth and said, "You...what do you want?" He never expected that the other party's eyes could be so harsh, and Wu Danpu's behavior was completely different from what he imagined. This kind of thing that took a huge advantage, the other party would not want him, and would rather let him be unlucky and let Tiandao Yuanguo fruit. Exposed,

I don't want to trade with him either.

He understood in an instant that when discussing business, he was definitely not the opponent of the Chengqing Alchemist in front of him. Everything about him had been seen through by the other party, and he wanted to take the initiative, which was really ridiculous. Thinking of this, he took a deep breath, forcibly stabilized the flustered mood, and said in a deep voice: "Your Excellency should also know the preciousness of this Heavenly Dao Divine Pill. Indeed, I need this Heavenly Dao Divine Pill very much, but as soon as I get out of this Door, this one

Tiandao Yuanguo has nothing to do with your Excellency. Since this matter is beneficial to us, why should everyone be so stiff? "

The man in Tsing Yi was also willing to go out. He knew very well that since he walked through this door, he didn't even think about going to other alchemy forces. It is impossible to shop around for this kind of thing.

Qin Chen didn't really care about the Origin Fruit of Heaven's Path. He listened to what he said to the man in Tsing Yi, and simply stopped and said, "Take out ten middle-grade Saint Master's Saint Veins, one Origin Fruit of Heaven's Path. When the refining is over, I will give you. Two Heavenly Dao Divine Pills."

After hearing Qin Chen's words, the man in Tsing Yi almost spit out blood.

"You are taking advantage of the fire."

He said angrily.

"It's you, not me, who robbed you of the fire. You don't have to accept the deal. I don't care.

Qin Chen waved his hand and said indifferently.

"you....."

The man in Tsing Yi was trembling with anger. He knew that Qin Chen had taken him down, and he could imagine the depression in his heart. "Quickly decide. The two Heavenly Dao Divine Pills are good enough. Do you think that alchemists are Chinese cabbage? You can meet them at random? Humph! And you are fortunate enough to meet me. Change to another chamber of commerce and pill. Dao forces, they only need to know you

The identity of the bandit, not only won't give you medicinal pills, I am afraid it is possible to kill people directly, you are still here. "

Qin Chen said with disdain.

"Damn it."

The man in Tsing Yi was depressed, but he also knew that what Qin Chen said would indeed happen. This was also the reason why he did not go to other forces, but came to the new force Tianwu Danpu.

"Fine, two are two."

The man in Tsing Yi hesitated for a moment, and gritted his teeth one last time, "However, it is impossible to have ten middle-grade Saint Lord's veins. I will give you five at most, and there are five remaining. I use this to exchange it. It's cheaper for you."

With a wave of his hand, the man in Tsing Yi took out a sheepskin roll and threw it to Qin Chen.

"what is this?"

Qin Chen took the sheepskin scroll and found that it seemed to be a map. The man in Tsing Yi coldly snorted: "This is a treasure map in the Void Tide Sea. It is said that there is an ancient alchemy cave mansion hidden in the void. This cave mansion is located in the Void Tide Sea. From the secret realm of the cave

It is enough to be worthy of the five middle-grade holy veins. "

"A powerful alchemy cave mansion?"

Qin Chen frowned, this guy would be so kind. "Hmph, if you don't believe it, then give it back to me. Anyway, I can only take out five of the middle-grade Saint Master's Saint Veins. The reason why I gave you the map is because it is extremely difficult for ordinary people to break into that place, and except for me. Besides, it has been given by others

I know, anyway, sooner or later, the news will be leaked. There is no point in knowing one more person and one less person. "

The man in Tsing Yi snorted coldly: "If you agree, sign the Soul Contract and start trading."

"Okay, you can take out the Heavenly Dao Yuanguo." Qin Chen waved his hand. The Soul Contract is a normal thing. In order to prevent him from not giving the medicine after refining successfully, but killing people, many large transactions will have this process. Once violated, the soul is damaged and will be punished by the law of heaven

Although it will not fall, it will have a serious impact on the future realm and cultivation.

Generally, people who have signed a soul contract rarely repent, and no one wants to be targeted by the law of heaven.

The two parties signed the Soul Contract, and the man in Tsing Yi held back the anger in his heart, and handed Qin Chen the Heavenly Dao Origin Fruit in the jade box, "How long will it take you to refine?"

"For a long time, you are waiting here, and you are old enough to entertain you."

Qin Chen took the jade box, checked it, and walked into the refining room.

He entered the room, entered the universe jade disc for the first time, and once again sacrificed several great fires.

boom!

The raging sky fire began to burn Zixiao Dousizong to heat the tripod.

Qin Chen didn't have the first time to refine the Heavenly Dao Divine Pill. This class of pill was not comparable to other middle-grade holy master's pill, but was close to the top-grade holy master's pill. Even now Qin Chen didn't have full confidence.

He first took out the inheritance of Venerable Skyfire, and found the process of refining the Heavenly Dao Divine Pill. In the inheritance of the alchemy of Venerable Tianhuo, there is naturally a process of refining the heavenly **** pill. Qin Chen carefully speculates every process and every operation, and gradually becomes familiar with it. After all, there is only one source of heavenly fruit. If the system fails, it is over.

[Chapter 3330: Successfully refined](#)

With time accelerating, Qin Chen constantly felt the refining knowledge of Heavenly Dao Divine Pill.

As time passed slowly, Qin Chen seemed to have completely forgotten his original intention of coming here, and he was completely immersed in the world of absorbing alchemy knowledge. Venerable Tianhuo is a Venerable Alchemist. The alchemy information in the inheritance he left may be extremely difficult to understand for other alchemists, but Qin Chen has obtained his entire inheritance, and even his most precious treasure. Zixiao Dousui Gong is even more in

In the previous refining, I realized that there was a hint of elixir, plus Qin Chen's soul power, far surpassing ordinary warriors.

After a few days of accelerated time, Qin Chen finally figured out all the refining processes of the Heavenly Dao Divine Pill, and only a stick of incense was passed by the outside world.

After clarifying the process, Qin Chen finally came to his senses and started refining.

Hum!

The Zixiao Dousizong in front of him shook quickly after passing through the heat of the sky fire. Although Qin Chen is still unable to fully mobilize the Palace of Purple Clouds, but in the Universe Jade Plate, it is completely fine for Qin Chen to use it for refining, and the power of divine consciousness has poured into the Palace of Purple Clouds. In which the hot

breath.

The next moment, Qin Chen moved his fingers together, and the valuable adjuvants flew out from all around, and entered the Zixiaodou Rate Palace in an orderly manner, and gradually turned into liquid medicine under the burning of the sky fire. , Condensed into a ball. Each of the supplementary medicines of the Heavenly Path God Pill is extremely precious. Fortunately, Qin Chen refined so many Heavenly Pills and obtained countless top holy medicine materials. Otherwise, it would be impossible to refine directly, just collect supplements. Medicine will cost a certain amount

time.

As these medicinal liquids gradually merged, after a while, new medicinal materials were put in.

The fire of the sky licking Zixiaodou Ligong's time is big and small, and there is a hint of medicinal fragrance from time to time. Qin Chen's expression was not wavering from the ancient well, without the slightest nervousness or impatience. The action of putting the medicinal materials was also slow, but the control of the fire was only seconds to the peak. The spiritual formations needed for alchemy were carved in the seal of divine consciousness. Purple Xiaodou Rate

The disillusionment in the palace, the magical effect with the liquid medicine.

An hour later, Qin Chen flipped his wrist and a jade box appeared on the palm of his hand.

Under the surging of the holy yuan, the jade box opened on its own, revealing the dark green heavenly source fruit in the jade box.

It is the origin of the source of heaven and earth. There is only one source fruit of the Heavenly Dao. If he succeeds, Qin Chen will not only obtain the Heavenly Dao Divine Pill, but also improve his alchemy attainments again, reaching the point of refining the high-grade Holy Master Pill. If he fails, the precious Heavenly Dao Source fruit will

Become a ball of coke.

There is no backup for these treasures, and they can be met but not sought.

Therefore, after taking out the Heavenly Dao Origin Fruit, Qin Chen's always indifferent expression also became a little dignified, but without any hesitation, he cast the Heavenly Dao Origin Fruit into the Palace of Purple Clouds.

Immediately, his expression was solemn, and his hands changed like flowers and butterflies.

The Heavenly Soul Forbidden Technique was operating, and various powerful gods were quickly thrown into the Palace of Purple Clouds.

Along with the changes in divine consciousness and tactics, the liquid medicine in Zi Xiao Dou Li's palace was constantly tumbling, making a grunting sound.

The formations that were invisible to others were born and shattered in the palace of Zi Xiaodou, and the cycle continued.

Qin Chen's forehead also gradually oozes a trace of sweat, as if alchemy this time is also extremely difficult for him.

This situation lasted for three hours, and the long time of concentration caused Qin Chen to consume a lot of it, and his face paled slightly.

After three hours, he took a leisurely hand in his hand, took a deep breath, and quickly took out a few recovery holy pills from the void, plugged them into the mouth and took them.

Refining this furnace of pill is more difficult than refining hundreds of middle-grade holy master pill.

The pill furnace was still buzzing, and countless liquid medicines merged and transformed in it, and a miraculous change occurred.

At a certain moment, Zi Xiaodou led a strange sound from the palace, and along with the sound, a strong fragrance of medicine also diffused.

This scent of fragrance floated into Qin Chen's nose, sniffed into his body, and slightly loosened the bottleneck of his own critical point. The originally peaceful Saint Yuan in his body circulated wildly, and there was a kind of breakthrough to the mid-term Saint. The point of the Lord.

Qin Chen didn't expect the aura of the Heavenly Dao Divine Pill to be so powerful. He suddenly opened his eyes, stretched out his hand and patted Zi Xiao Dou Li Gong, the lid on his head quickly opened, revealing a hollow.

boom!

A mighty medicinal gas soared into the sky, forming a shocking vision in the jade disc of good fortune in the universe. But Qin Chen did not stop his actions, because he knew that the refining of the pill hadn't ended, and he hadn't collected the alchemy yet. He displayed the technique of the inheritance of Venerable Skyfire, and the seals changed one by one on his hand. Dao power poured into Zixiao Dousui Palace

in.

The hands seemed to disappear, and the voice of the great road evolved.

After a while, the noise in Zi Xiaodou's palace became more and more obvious, not only that, but there was also a movement of something slamming inside.

Hearing this sound, Qin Chen's eyes condensed suddenly, his hands suddenly lifted, and a terrifying soul power suddenly swept out.

"Come!"

He roared, and immediately twelve rays of light rose up into the sky, roar, roar, and roar, the vision was born in this jade disc of good fortune, and the twelve streams of light seemed to have turned into twelve divine dragons. Flying into the sky.

Fortunately, this place is among the jade disc of good fortune in the universe. If it is outside, the vision caused by these twelve pills will definitely shake the world, and even fly away from here.

Qin Chen had been waiting for this moment long ago, and he would not hesitate to see this situation. He stretched out his hand and grabbed all the lights in his palms.

He saw the twelve full and rounded pill in his palm, dripping and spinning, each pill contained the supreme aura of great grandeur, and there was a sense of agility that he wanted to soar.

Qin Chen's body throbbed, and there was an impulse to break through the mid-term Saint Lord.

Qin Chen looked at the Heavenly Dao Divine Pill in his hand in surprise. He felt that if this Heavenly Dao Divine Pill was combined with some other holy vein spiritual liquids, it might be able to make him enter the mid-term Saint Master realm. This was unexpected. Surprise.

But Dongguang City is obviously not a good place for breakthrough.

He lowered his head and looked, the pill pill pattern in his hand was flowing and beautiful. It was a perfect twelve pill, but six of them were medium-level, and six were high-level. As for the first-class pill. None of them.

Qin Chen shook his head, his alchemy attainments were still a little worse.

If someone knew what Qin Chen was thinking, he would definitely be mad.

For the first time refining this class of pills, 12 pills can be formed, of which six are medium and six are high-quality, which is already extremely defying, and Qin Chen is actually not satisfied.

Putting away the pill, Qin Chen didn't stop, and went directly to the pill shop. Seeing Qin Chen coming out of the restriction, the man in Tsing Yi immediately looked at Qin Chen with anxiety.
