

Valkyrie 3331

[Chapter 3331: Be kind](#)

This day, the Taoist Pill is related to his cultivation, how could he not be nervous and excited.

But he didn't speak, but looked at Qin Chen with scorching eyes.

"give."

As soon as Qin Chen raised his hand, he threw out a jade bottle in an instant. The man in Tsing Yi hurriedly took it, and then opened the jade bottle impatiently, and an astonishing breath of origin filled out in an instant.

The Tsing Yi man's face showed a hint of enthusiasm for an instant, and exclaimed: "Medium Heavenly Dao Divine Pill."

Although the Dao Shen Dan was only of medium quality on this day, the man in Tsing Yi did not dislike him, but was extremely excited, and his hands were trembling. Because he knew that the refining of the Heavenly Dao Divine Pill was too difficult, in his plan, Qin Chen only needed to refine the Heavenly Dao Divine Pill, even if it was only a low-level Heavenly Dao Divine Pill, he was already very excited, but what he got now was Medium-sized **** pill, this

It has exceeded his expectations.

"Well, your excellency really believed it, and there will be a period later."

The man in Tsing Yi arched his hand to Qin Chen, then without a word, he turned and walked out of the shop. Obviously he couldn't wait to go back to take this Heavenly Taoist Pill.

"I don't want to have a period with you. Also, be kinder in the future."

Qin Chen said lightly.

The man in Tsing Yi had a pause, but didn't turn his head back. Instead, he turned and left Qin Chen's shop quickly, disappearing instantly.

"Let's clean up, close the door and leave here."

Qin Chen faced Xing Tianya and You Qianxue Road.

After a while, Xingtianya and the others had packed up all their things and closed the door of Danpu with Qin Chen.

"You are the pill sage of Wu Dan shop this day?" Qin Chen and the others closed the shop door, and a middle-aged man with an eagle-eyed look appeared in front of them.

Latter Lord! Qin Chen's gaze just turned on the eagle-bird's middle-aged man, and he could see clearly the other's cultivation base. Don't look at this person's body without half-law fluctuations, and his eyes were dull, but Qin Chen saw it at a glance. Out of this person

The fusion of Jie Tian Dao makes this extremely introverted feeling.

"I am, this friend, are you looking for me?" Qin Chen arched his hands and asked calmly. "I am Yu Chengguang, the president of the Dongguang City Tianyu Chamber of Commerce. I have long looked up to the name of Sage Chenqing Dan. Before, Sage Chenqing Dan was refining medicine. Don't disturb Sage Chenqing Dan. Now Sage Chenqing Dan is just free. I don't know if Chen Qing Dan Sheng has time

Sit in my Tianyu Chamber of Commerce for a while?" The tone of the middle-aged eagle bird is also polite.

"Tianyu Chamber of Commerce? I don't know what Chairman Yu is asking for me? If you have anything to do, just say it here!"

There are too many chambers of commerce in Dongguang City, and it is impossible for Qin Chen to know them one by one. However, the president of the Fame Chamber of Commerce this day is a late-stage saint. It can be seen that this chamber of commerce should not be too small, at least in Above the destroyed Shenxing Chamber of Commerce. Seeing that Qin Chen did not agree, Yu Chengguang couldn't help but frowned, but still said: "I saw that your Tianwu Dan shop has just opened, with the power of Chen Qing Dan, your alchemy, sure Will have a career in Dongguang City,

However, there are many powers in Dongguang City, and there are also many Dandao powers. It is also very difficult for your Tianwu Danpu to develop. First of all, it is difficult to solve the problem of sales channels. Just relying on a store may not be sustainable." This Yu Cheng Guang smiled slightly: "It just so happens that my Tianyu Chamber of Commerce has been operating in Dongguang City for many years. I think Chen Qing Dan Sheng has refined a lot of Holy Master Pills before, and I want to have a lot of them. The pill will be sold by our Tianyu Chamber of Commerce. Our Tianyu Chamber of Commerce has many fixed and powerful customers. Naturally, there is no need to worry about the sales channels. The price will only be higher or lower than the market, and our Tianyu Chamber of Commerce will only charge 30% of the handling fee, and the remaining 70% will go to your Tianwu Dan

Shop, I don't know what the Chenqing Pill will do?"

It turned out to be a middleman.

Qin Chen was speechless.

The other party said it nicely. Why did his Tianwu Danpu just opened and there is no sales channel, when he has not opened Danpu? The general public pill may need to be sold through channels, and a stable sales channel would be a good way of shipping. But this kind of top holy master pill does not need a sales channel at all. It only needs to be sold out. It will be extremely popular. It can even be sold directly at the auction. There is no worry about not being able to sell it. Take away three

Is he an idiot when he becomes a profit?

If it is a top power such as the City Lord's Mansion or a chamber of commerce, Qin Chen may also consider whether or not to sacrifice some profits and win some partners.

But this day, the reputation of the Chamber of Commerce, I have never heard of it. Although the other party is a late-stage holy master, there are still many such chambers in Dongguang City. How can Qin Chen care. If it was before getting the source fruit of the Heavenly Dao, Qin Chen would not agree, but at least he was still interested in talking with the other party and sitting in the Chamber of Commerce

where the person was located. But now Qin Chen has refined the Heavenly Dao Divine Pill. The most important thing is to remove the virtual

Kong Tidehai improves his strength and restores the ghost formation holy masters and their cultivation so that he will not waste time and chat with others.

At least the terrifying alchemy level he showed before, these ordinary chambers of commerce are completely trying to fawn on him.

After Yu Cheng Guang finished speaking, Qin Chen said immediately: "It turns out that this is the case. I haven't considered this matter yet. Thank you for the invitation of Chairman Yu. Moreover, I have an appointment with others, so I will leave first. Come visit Chairman Yu when you are free."

When the words fell, Qin Chen directly took Qian Xue and Xing Tianya and quickly left the market.

Seeing that Qin Chen didn't even want to sit in his chamber of commerce, Yu Chengguang turned around and left, his face sank instantly. Although his Tianyu Chamber of Commerce is not the top chamber of commerce in Dongguang City, it is not an unknown person. Even if this Chenqing Dansheng is an alchemy master, he is only an alchemist of a new force. He has never seen so arrogant

For the brave person, he could feel the aura on Qin Chen, not as good as himself. Obviously he was not a late-stage holy master at all. If this was not Dongguang City, he would even go up and give Qin Chen a little bit of color.

"Brother Yu, the people in Wudanpu don't sell you any face this day!" At this moment, a man with a gloomy face and white shadows in his eyes came up and said with a gloomy smile.

Yu Chengguang, who was extremely depressed at first, saw this man, his face condensed slightly, and then he said indifferently: "What do you mean by brother Heizhan? Do you mock me at someone?" This person was named Heizhan Holy Master. He is also a well-known figure in Dongguang City. This person is a casual cultivator and does not depend on any forces, but he is a late-stage holy master. He has experienced treasure hunting in the void tide sea all the year round. He is a casual cultivator like him, with high strength and no concern. , Acting in Dongguang City has always been rampant, even figures such as Yu Chengguang don't want to provoke each other.

[Chapter 3332: Seeking wealth in insurance](#)

The man with white eyes chuckled and said, "Why would I laugh at Brother Yu, it's just that I heard that this person has been refining the pill for a month before, and he seems to have a lot of pill stock in his body, and he got it. Many materials and holy veins,

There are a lot of good things. "

"Why? Brother Hei Zhan, you fell in love with someone? Don't blame me for not reminding you that the other party has such a high level of alchemy, does it have the slightest origin? Don't get involved with the unprovoked existence." Yu Chengguang snorted coldly. "Hahaha, brother Yu, are you scared? That's right, brother Yu, your family is big and you still have a big family to raise, but I'm different, I'm alone and free, even if this person really has a big background , Anxious Lao Tzu, learn from that ghost array holy lord

As soon as you run to another heaven, can the opponent still chase after him? "Hei Zhan said with a sneer.

Yu Chengguang was shocked. Listening to this tone, the Hei Zhan Holy Master seemed to really intend to deal with this person. Thinking of the previous record and temper of the Holy Master Heizhan, it is really possible. If he succeeds, then the many materials and holy veins obtained before Wu Danpu this day will probably all fall into the hands of this person. How huge this will be. A fortune

?

Although Yu Chengguang didn't know how many treasures Qin Chen had on his body, a rough calculation showed that the materials, pills, and sacred veins Qin Chen had obtained in the previous month were definitely an astonishing astronomical number. "Brother Yu, you've seen it before. There are only these three people in Wu Danpu this day. I have carefully investigated the Chenqing Pill Saint. At most, it is the Holy Master at the mid-term peak. The main cultivation base has never broken through to the realm of the late saint master, and the little Nizi next to him and his subordinates have similar cultivation bases, even inferior to that dust blue pill saint, this seat shot, not to mention ten, nine It's completely okay to be sure of success." The Holy Master Heizhan smiled lightly at Yu Chengguang.

Tao.

"What are you telling me about? It's your business to do it. Just do it. I don't know how to do it with someone." Yu Chengguang said coldly.

He is different from the Holy Lord Black Zhan. If he makes a move, once he fails, everything he has operated in Dongguang City for many years will be destroyed. As if knowing the thoughts in Yu Chengguang's heart, Holy Master Heizhan sneered: "Relax, I don't want Brother Yu to do it. It's just that after I killed this person and took away the things from this person, there were many medicines and pills. I definitely can't use the materials myself, rely on

I sell it myself. It will definitely take time and it will be very troublesome. I just hope that Brother Yu can buy these materials back from me. How about 60% of the market price? "

Yu Chengguang was shocked. The other party wanted to eat his stolen goods, which was 60% of the market price, which means that he could write off his account and take 40% of the profit. Who wouldn't want such a good thing?

However, Yu Chengguang also had some worries in his heart. After all, this was a risky thing. Once someone knew that he had swallowed the stolen goods, the forces behind this person would be held accountable, and he would definitely get into some trouble.

Sage Master Heizhan was really wishful thinking. After realizing his one-time realization, he left Dongguang City directly, and he could go wherever he went. At least he was sure that the materials, pills and holy veins on Qin Chen's body were absolutely expensive. "How is it? Brother Yu, dare you? If you don't dare, I can find someone else. I believe there are quite a few **** people in Dongguang City, not to mention that you didn't do it yourself. The forces behind people will only pour out killing intent

It falls on me, I am not afraid, what are you afraid of? "

Seeing that Cheng Guang didn't say anything for a long time, Holy Master Heizhan couldn't help but sneered. "Okay, I'll sell the stolen goods for you, but I can only buy it at 50% of the market price, and you can't tell the outsider that you sold me things." Yu Chengguang said in a deep voice, he didn't need to do anything. Get half of Qin Chen's income, this is absolutely

It is the wealth that his chamber of commerce may not be able to earn for countless years. This transaction is really cost-effective.

Seeking wealth and danger, if he didn't have the courage, Yu Chengguang would not become a late-stage holy lord.

"Five achievements and 50%, I will take you as promised."

Holy Master Heizhan laughed, "Brother Yu, you should go back and reserve the holy veins and treasures, and look back and wait for my good news."

After the voice fell, the black master of the black Zhan shook his body and disappeared here in an instant. "Qianxue, Xingtianya, you two will enter my Universe Fortune Jade Plate first." Qin Chen said to You Qianxue and Xingtianya as soon as he left Dongguang City. When he left the market, he found that he had been killed. Stared at it, and was

In the later period, the Holy Lord stared at him, and his sense of crisis made him extremely cold.

He knew that what he did in Dongguang City would inevitably be watched by someone with a heart, but he didn't know who was staring at him or whether it was the same Yu Chengguang before. You Qianxue naturally felt a trace of tension. Although she didn't know the details of the matter, she knew that someone was watching them. Her cultivation level was too low, and He Xing Tianya couldn't help much, so Qin Chen was only Let them stay in the universe

Good luck jade dish.

"Dust, although the two of us have low cultivation bases, they are not people who can be slaughtered. It's better to stop the Holy Master of the Ghost Array. Even the late Holy Master may not be able to win us."

You Qianxue said coldly, with cold killing intent blooming on his body. "No, I'm afraid that not only one of us will be staring at us, and if the other party is close to Dongguang City, it will startle the people in Dongguang City. If the ghost formation holy master and the old man are exposed, then we Tianwu Dan The shop really cannot go on.

"

Qin Chen shook his head. He was not going to fight the other party hard. Who knew who was staring at them, Qin Chen would only hide himself before he figured it out. After all, the power he offended now was also the gilt fire castle, etc., and some things Never be exposed.

No matter who wanted to deal with him, Qin Chen still boasted that he could escape from the opponent. You Qianxue and Xing Tianya nodded, leaving Dongguang City, Qin Chen sacrificed a flying sacred treasure in an instant. The moment the three entered the sacred treasure, Qin Chen included You

Qianxue and Xing Tianya into the universe of good fortune jade discs. In, and then urge Sheng Bao, quickly

It flew faster and faster, and instantly entered the depths of the void tide sea.

Before half a day passed, a ray of light appeared within Qin Chen's divine consciousness. Qin Chen knew that it must be the late-stage Saint Master master who was staring at him, and he was not surprised. It is normal for a late-stage holy lord to catch up with him. Qin Chen still cannot reveal the power of time origin and space rules at this time. Although this can escape the opponent's tracking, it will only arouse the opponent's suspicion. Anyway, the ordinary late-stage holy lord Qin Chen is not afraid at all, and naturally has no plan to expose it.

[Chapter 3333: Strong confrontation](#)

A broken continent with no trace of humans appeared in Qin Chen's divine consciousness. This is a broken continent fragment, about the size of a planet, suspended in the void of the tide sea, like an ancient sacred mountain, more like a piece. The huge meteorite has no vitality.

Qin Chen fell on this broken continent for the first time, dropping several formation flags at the same time, and fighting a late-stage holy lord, even if it was a little bit of use, Qin Chen didn't want to give up.

A small part of the formation was not set up, and a man with a gloomy look and a mask fell on this broken continent.

Qin Chen sacrificed the green demon sword, staring at the late-stage holy master who hid his appearance in front of him and did not say anything. This person's eyes were gloomy, and his body was restrained by the waves of horrible rules, and his eyes looked around. Suddenly sneered.

"Unexpectedly, you dare to stop, how about your two men? When did you leave, I didn't even see it." This person frowned, and he didn't actually see You Qianxue and Xing Tianya leaving. The flying sacred treasure that had clearly seen these two people enter, now it has disappeared.

This person is the Holy Master Heizhan, as for blocking his face, naturally, it is to prevent others from knowing his identity.

However, he quickly sneered and said, "Since you are waiting here, it means that you have found me before? Then your two actions should be to move the rescuers for you. It's useless, wait until They brought the rescuers over, and I have killed you."

Without waiting for Qin Chen to speak, the Holy Master Heizhan sneered again: "Do you know why I didn't kill you immediately? Because I know you are a pharmacist, and you can even refine a special middle-grade holy master pill. For the sake of your extraordinary accomplishments in alchemy, you will be captured with your hands. I will not kill you. As long as you obey my orders for ten thousand years, when the time comes, I promise to let you go."

He even had plans to let Qin Chen refine a ten thousand year pill for him.

"Block me with a sword first, then make a noise."

Qin Chen didn't want to talk nonsense with the other party. The green demon sword in his hand suddenly shone with tens of thousands of feet of green sword light, and this sword light completely set

off the surrounding void into a dazzling green color, which was what Qin Chen felt. The eternal sword mastered after eternal sword energy.

And in this sword aura, Qin Chen also blended into the cracked sky divine mark.

A more dazzling black band of light suddenly appeared before the green sword aura, and almost at the same time when the two rays of light appeared, they blasted together. There was no pause, no interval, or even a half-minute time difference.

A dull roar of "bang" sounded, countless black rays of light were splashed, and Qin Chen's green sword aura was also torn apart.

With the powerful Saint Yuan backlash and terrifying void power coming, Qin Chen felt a dullness in his chest, as if he was hit hard by a sledge hammer, and was directly blown away, but the splashing black light following behind, tearing open the realm of Qin Chen's Saint Yuan Law, blasted to the place where Qin Chen was before, and exploded directly where Qin Chen stood.

The explosion sounded, this continent, which was originally broken but still intact, was now bombarded for a fraction of the time, and some of the void formation flags that Qin Chen had arranged before were completely turned into powder in this bombardment.

Qin Chen landed in the corner of this broken continent, Sheng Yuan was still a little messy, he did not expect that a late-stage holy lord would be so tough, although he and the ghost array holy masters and old firemen who were close to the late-stage holy masters fought against each other, but they are only close to the late Saint Lord.

Even the ghost array holy master fell into the realm just as soon as he broke through the later stage holy master. It can be said that the later stage holy master with gloomy eyes in front of him was the first later stage holy master that Qin Chen faced after coming to the heavens.

"The late Saint Lord is really strong."

Qin Chen was secretly frightened. His current strength was enough to kill the average mid-term peak saint master in seconds, but in front of the opponent, there was a feeling that he could not focus at all. At this time, Qin Chen finally understood the terrifying of the later saint master, and reached this state. The comprehension of the laws of the heavens has reached a point where you can fully understand the laws, and it is definitely not an ordinary attack that can sneak and hurt.

Even Qin Chen hadn't seen clearly what sacred treasure this person displayed before.

"It's no wonder that you dare to wait here for me. There are indeed a few times, and you can escape in the realm of my law. Unfortunately, your cultivation level is still too poor. I really don't know which force you sent it. You actually let you, a holy master at the mid-term peak, dominate the overall situation. Do you really think you are a pharmacist and no one dares to move?"

The Sage Master Heizhan sneered and sacrificed the holy treasure in his hand. This time Qin Chen saw clearly that it turned out to be an ordinary black iron ruler.

"Give me a shot."

This person screamed and attacked Qin Chen again. At this time, his heart was even more eager. He was sure that the green demon sword in Qin Chen's hand was not simple, and when Qin Chen escaped his attack just now, there was room for fluctuations. Surging, obviously this person is a master who has mastered the rules of space.

Otherwise, the other party cannot withstand his attack at all.

Such a heaven-defying figure must have various treasures and magical powers, and these things will be obtained by him, which will definitely improve his strength.

The green demon sword was sacrificed again. This time the sword aura was completely lost and dazzling. There was only a terrifying mood that seemed to have emerged from the endless origin. This time Qin Chen sacrificed with all his strength, not only integrated into the eternal sword aura. , And even added the rules of extinguishing the sky and killing, death, etc., using the magical powers of the origin, and thoroughly integrated together.

This is Qin Chen's own trick. Even Qin Chen himself is not sure if he can integrate so many rules together, will it produce backlash, he only knows that if he faces this deity, his cultivation base is far superior to himself. The master of, in the case of unable to use the treasures such as Zi Xiao Dou Li Gong, if there are still some reservations, then it is looking for death.

"Hey..." The Sage Master Heizhan immediately felt the terrifying Qin Chen's sword aura, and his mind seemed to be drawn away by this sword. This magical power seemed to contain the beginning of the heavens. With a unique artistic conception, even he felt the slightest terror.

Thousands of feet of sword energy instantly swept the endless void around it. On the surface, this mighty sword energy was smaller than that of the previous sword, but the killing power range was wider than the previous tens of thousands of feet of green sword energy. The emptiness under the wave of the law was instantly bound, an intrusive destruction and killing intent penetrated all matter.

The Sage Master Heizhan, who hadn't seen Qin Chen in his eyes, trembled after seeing this mighty sword aura. At this moment, he felt that the dark green sword aura was staring at him. , An uncomfortable feeling of destruction emerged throughout the body.

[Chapter 3334: Lord of the Late War](#)

However, after all, he is the late saint master, and he gave a cold snort, ignoring the origin of Qin Chen's move. The black ruler in his hand turned into a dark abyss, as if it had turned into an endless black hole that swallowed all power. , The power of this black hole swallowed all the terrifying sword energy that Qin Chen had cleaved into.

"boom....."

The sound of an explosion that can almost burst the void sounded, and the bright green sword light and the black ruler and black hole of the black azure holy master blasted together, blasting the surrounding void into a series of cracks, an endless terrible force instantly swept away Opening, the horrible explosion continued.

With a bang, Qin Chen was blown away directly, his clothes were torn apart, and there were continuous clicks in his mind.

The powerful Saint Yuan impact blasted Qin Chen directly, and the broken continent where the two were fighting could no longer withstand this terrible aftermath and was directly torn apart by the explosion.

The terrible impact fell on Qin Chen, continuously pouring into Qin Chen's body, Qin Chen immediately mobilized the ancient saint body, and also urged the wild power, the physical defense became extremely terrifying in an instant, Kaka Kaka, cracks appeared directly on his body, but they were just cracks on the surface, and the true origin core was not damaged.

Even so, the agitated internal organs in Qin Chen's body were all tumbling, spouting a mouthful of blood.

And that Heizhan Saint Lord did not feel well under this explosion, the power of the law that tore everything poured out, and instantly tore apart the law domain of his whole body, he directly spouted a mouthful of blood, the same as his clothes. There were countless law scars on his body. Obviously, he also suffered a lot of injuries during this pair of blasts, which was nothing but Qin Chen.

"What a strong defense."

Qin Chen was secretly frightened. He was very clear about his defensive power. He who possessed the Desolate Ancient Eucharist was far more terrifying than the ordinary Saint Lord's defense. But this time, the opponent's injury was not heavier than his own. Is the defense of the late saints so terrible?

Qin Chen was shocked, and the heart of the Black Zhan Saint Master was even more shocked. Qin Chen, a mid-term peak Saint Master actually resisted his ultimate move, and there was not much injury, which completely subverted his imagination.

As the late saint master, shouldn't he take Qin Chen, the mid-term peak saint master, with just a few seconds? When did a mid-term peak saint master actually fight against such a late saint master like him?

It's a pity that he didn't know that Qin Chen's real cultivation base was only the early peak holy master, if he knew it, he would be shocked and go crazy on the spot.

Qin Chen was shocked for only a moment, and then he came to his senses. He knew that he could not win the opponent by relying on the law and Shengyuan, and the power of time origin and other forces, he could not use it at all. The Heavenly Soul Forbidden Technique was activated.

Hum!

A deep ray of light flashed across Qin Chen's pupils, and at the same time a terrifying soul impact, like an invisible arrow, shot fiercely towards the black master.

At the moment when the Heavenly Soul Forbidden Technique was operating, Qin Chen found that the tens of thousands of miles of void was clearly presented in his mind, and all the fluctuations around him could not escape his perception.

Then he felt that there was a power hidden in the nearby void. This power gave him a familiar feeling. He hadn't noticed it at all until after the Heaven Soul Forbidden Spell was operated. I felt the power lurking here.

Qin Chen was shocked immediately.

Who is this person, who has been hiding in the nearby void, and he himself didn't notice it at all. You know, even the black master in front of him, he had already noticed it when he was staring at him in Dongguang City. However, he didn't notice this power even when it came to him. It was only under the blessing of the Heavenly Soul Forbidden Technique that he had a faint perception.

Originally, Qin Chen had even thought about whether to use his hole cards such as Zixiao Doulu Gong, the mysterious rust sword, and the origin of time to kill this black master, and see if he could kill the late master master.

But now, Qin Chen put his thoughts down in an instant. He knew very well that even if he killed the Holy Master Heizhan, he could not kill this master hidden in the dark. This person's strength was definitely far superior to the black. Master Zhan.

This thought only flashed in an instant, Qin Chen's soul impact had already rushed into the head of the Black Zhan Saint Lord, and at the same time the green demon sword in his hand had already subconsciously slashed out.

boom!

The green sky-reaching sword surged like a mighty sky pillar, slashing towards the black master.

what?

Holy Master Heizhan was shocked. At this moment, there was a trace of stagnation in his mind. How could this be possible? He is a late-stage holy master, and will be hit by the soul of a holy master at the mid-stage peak? In his shock, a dark light suddenly burned above his body.

He is burning his soul.

boom!

As soon as the soul of the Holy Master Heizhan burned, he immediately awoke from that dizzy state. He raised his hand and grabbed a celestial rule. He actually swung the celestial rule into a dark chain, fiercely. Smashing on the sword light that Qin Chen cleaved, there was another shocking roar. That day, the Great Avenue was burst open, and the sword energy Qin Chen cleaved was also shattered.

"It still doesn't work. If you used the Time Origin before and then activated the mysterious Rust Sword, you might be able to injure the opponent or even kill it, but now..."

Qin Chen's eyes were ugly, and the green demon sword and soul impact alone could not cause fatal damage to this person. However, there were people coveted by him. Although Qin Chen did not feel the slightest hostility from the opponent, he did not want to risk this. Risk, if the other party is holding the thoughts of the mantis catching the cicada and the oriole, then he is bound to be dangerous.

It seems that I can only find a way to leave here.

Qin Chen's thoughts were surging, thinking about how to escape here without letting the person hiding here see the clue.

Qin Chen was thinking about it here, but the gaze of the holy master Heizhan was gloomy as an abyss. After several shots, he failed to take Qin Chen, but almost turned over in the gutter, and the killing intent in his heart could be imagined.

"Princess Chenqing, I can't think of your small mid-term peak holy master, who can display such a terrible soul impact. It is a pity that in front of this seat, it is hard to escape death, death!"

The Sage Master Heizhan yelled, and a jet of dark light burst out of the black iron ruler in his hand. As soon as this dark light appeared, the void began to tremble, as if the laws of the heavens were trembling under this force. , Issued a sound of destruction.

[Chapter 3335: Why don't you run](#)

This Hei Zhan Saint Lord actually burned his origin, obviously he was desperate, striving to win Qin Chen in the shortest time.

Qin Chen's eyes sank, and he was about to perform the Heavenly Soul Forbidden Technique again. When he escaped from here, he heard a cold shout in the void: "Holy Master Heizhan, you are so bold. You dare to smash the place where the immortal sleeps, and you dare to run wild outside of my Dongguang City. You are a casual cultivator, and you actually acted as this void bandit. Do you really think I Dongguang City is blind?"

Because Qin Chen was far away, he could see clearly at this time, in the broken continent that was bombed, where Qin Chen had sensed the hidden aura before, a yawning old man staggered out. He was sloppy and sloppy, as if he had not taken a bath for many days, and even the laws of heaven and earth did not want to get too close to him, as if he would be infected.

"Sleeping Dream Fairy?"

Qin Chen couldn't help but uttered aloud, because the sloppy old man who came out was no one else. It was the Sleeping Dream Immortal, one of the three vice-lords of Dongguang City, and the auctioneer at the previous City Lord's Mansion auction.

At this moment, he staggered out, yawning, as if he had been awakened from his sleep, took out an old tree-rooted crutch in his hand, and knocked at the place of the black master. Going down, he coldly snorted: "You are a casual cultivator, and you are actually a bandit. It seems that no one remembers the laws of Dongguang City. Today, the old man will represent Dongguang City and kill you rubbish."

The Sleeping Dream fairy flew out of the broken air of the mainland, and knocked at the place of the Holy Lord Heizhan with a stick, just like an old scholar is teaching a schoolboy who doesn't listen carefully in the school. The attitude is more casual. .

Even Qin Chen could see Immortal Sleeping Meng's eyes were still squinted when he shot, and he didn't even see the position of Holy Lord Heizhan.

This was not what shocked Qin Chen. What shocked the shock was that after the Sleeping Dream fairy knocked down on this crutches, the Black Zhan Saint Lord who was in shock seemed to be completely stunned, and he didn't even move. The crutch like the root of this old tree smashed his head fiercely.

With a bang, the Sage Master Heizhan suddenly screamed, his head was bloodied, and under a crutches, the light on his body trembled and his whole body cracked. The origin in his body seemed to be shattered, and there were constant avenues. The light poured out.

Qin Chen was immediately shocked. Although he had heard from Xingtianya and countless people at the auction house, this Sleeping Dream Immortal was extremely terrifying. Although it was only a late-stage holy lord, he was able to compete with the late-stage peak of Dongguang City. The lord of the city is a little jealous of him.

Qin Chen didn't have any feelings at the time, but now he saw a late-stage holy lord unexpectedly unable to move in front of him, allowing him to damage the origin and the laws overflowing, and Qin Chen truly understood the terrible opponent.

Because he is also the master of the law of space, he clearly knows that Hei Zhan Sheng's active bomb had to be frightened and lost his spirit, but the moment this void was completely solidified at the moment Sleeping Dream Immortal took action, and a terrible law of sleep He quietly sneaked into the mind of Holy Master Heizhan, affecting his thinking. The combination of the two made Qin Chen look from the outside world, Holy Master Heizhan seemed to be too scared to move.

Qin Chen was horrified. This Sleeping Dream Immortal was simply terrifying. No wonder this person has such a reputation in Dongguang City, and the auction he presided over did not dare to make trouble.

Qin Chen had a feeling that even if he had displayed such treasures as the origin of time and the palace of the purple sky, before the cultivation base was broken, it was absolutely impossible to be the opponent of the Sleeping Dream Immortal. He met such masters and others. The means hardly make any sense.

Qin Chen was horrified, and the Holy Master Heizhan was horrified. He did not expect that he would be caught by the Sleeping Dream Immortal when he attacked Qin Chen.

Who is Sleeping Dream Fairy?

One of the three vice-lords of Dongguang City, and has a faint tendency to be the first vice-lord. He is jealous and likes to be with beggars. He has a surly and arrogant personality. The Lord of the City of Guangcheng stared at him, and he didn't want to be stared at by the Sleeping Dreamer.

He immediately shouted in horror: "Vice-City Master Sleeping Dream Immortal, listen to me..."

"What else do you want to explain? I can hear you clearly in my sleep, old man, you want to kill people and seize the treasure, behead the Chen Qing Dan in Wudan Shop this day, and plunder the treasures from him."

The Sleeping Dream fairy yawned and sneered: "If I'm not wrong, after you kill and win the treasure, you will run away and leave my Dongguang City? When outsiders talk about it, they will only say that Dongguang City is in chaos. , As soon as a pill saint showed his cultivation in Dongguang City, he was killed by someone in the void tide sea. You want my Dongguang City's life."

"Since you want my Dongguang City's life, then I have no choice but to kill you."

Sleeping Dream fairy fell, and his wistful eyes suddenly chilled, and a heart-palpitating breath suddenly lit up on the crutch in his hand like the root of an old tree, and it fell down again.

"No, Senior Sleeper, listen to me..."

The Holy Lord Heizhan roared, and a black halo lit up on his body. He burned his soul and Saint Yuan madly, trying to escape from the shackles of the Sleeping Dreamer, but on the crutches that the Sleeping Dreamer wielded, he released a terrifying space law. He completely restrained him.

Click! Click!

The countless laws of space that bound the Holy Master Heizhan broke apart under the madness of the Holy Master Heizhan, but just as he tore all the laws of space apart, the crutch in the hands of the Sleeping Dream fairy had already been smashed. On the body of the black master, the black master instantly smashed into pieces.

It was so arrogant before, the heavens and the earth seemed to be the only black master of the black master, a master of the late master, just died here, with no bones left.

哐!

The sky rang out with a thunderous roar, a late-stage saint master fell, and even the avenues of the heavens were crying.

As soon as the Sleeping Dream fairy raised his hand, he instantly put away the storage space of the Holy Master Heizhan, and he incorporated the power of the Holy Master Heizhan into his own space.

Qin Chen was shocked secretly in his heart, his face was extremely solemn, but he did not run away, because he knew that if this Sleeping Dream Immortal really wanted to do something to himself, he would have done it long ago, and his escape, the newly established Tianwu Danpu would also completely be unable to open.

Most importantly, Qin Chen didn't feel any hostility from this Sleeping Dream Immortal.

Qin Chen believed in his perception of the crisis.

Sure enough, after the Sleeping Dream Immortal put away the treasures of the Holy Master Heizhan, he suddenly looked at Qin Chen, with a trace of doubt on his face, "Sage Chenqing Dan, why don't you run?"

[Chapter 3336: Ask for something](#)

"Sleeping Dream Immortal Deputy City Lord joked, why should I run?"

Qin Chen smiled, and when he heard the words of the fairy Sleeping Meng, he calmed down completely, and said to the fairy, "Thank you, the deputy city lord of the Sleeping Dream, for helping me, let me establish a small force in Dongguang City. Martial artist, found the warmth of home."

"Hehe, you are a bit interesting." The fairy Sleeping Meng laughed when he heard Qin Chen's words. "The one who did you before was the Sage Master Hei Zhan of Dongguang City. I am afraid of Dongguang City. A casual cultivator, who has always been lawless, it's nothing more than usual. It's

really unforgivable to dare to kill you so much today. The old man killed it for the future of Dongguang City."

"With someone like you, the deputy city lord of Sleeping Dream, Chen Mou is more and more confident in the future of Dongguang City."

Qin Chen said with a smile, no matter what, this Sleeping Dream Immortal also saved his life. Although he is not afraid of the Holy Lord Heizhan, if he continues to fight, he may not encounter trouble. But it was safe and sound.

At the same time, I was shocked at the Sleeping Dream Immortal. This person's strength was at its peak, absolutely comparable to a master at the peak of the late Holy Lord. With the flick of his fingers, he would behead a late Holy Lord. This strength is simply sensational.

"If there is nothing wrong with the deputy city lord, let's leave first."

Qin Chen arched his hands. In front of such a master, Qin Chen always felt a little uncomfortable, thinking about finding a chance to leave.

"Hey, why should the Sage Chenqing Pill be so anxious? The old man sees the Sage Chenqing Pill for some reason, just like seeing a close friend for many years. It is rare to have Yaxing today. It is better to drink the Sage Chenqing Pill here with the old man. How about a cup of homework?"

The fairy Sleeping Meng tried his best to invite Qin Chen.

Although Qin Chen was nervous, he still smiled helplessly, "Since the Vice-City Lord invited me, I'm better off with respect."

He could refuse Yu Chengguang of the Tianyu Chamber of Commerce, but he could not refuse Immortal Sleeping Dream, the vice-lord of Dongguang City, not to mention that others had indeed saved him before.

Seeing Qin Chen's promise, Immortal Sleeping Meng smiled excitedly: "Haha, Sage Chen Dan really saves face, in that case, come, we meet at a different time, this place is good, let's have a drink here."

As he said, when the Sleeping Dream fairy raised his hand, a huge fragment of the continent floated over on the broken continent that was exploded before. With a flash of his figure, he fell on the fragment, sat on the ground, and took it. A wine gourd was taken out, two jade cups were carefully taken out, and the wine was poured.

A strong fragrance overflowed in an instant, rippling waves in the void.

"Good wine!"

Although Qin Chen was not a good wine person, he knew that the wine was extraordinary as soon as he smelled the aroma of the wine.

As a master alchemist, he can naturally feel that all kinds of elixir and spirit fruit are added to this drink, which is of great value.

"Dust Pill Saint is also a good wine person? Haha, my drunk holy wine is refined by the old man using seven to seven forty-nine kinds of rare sacred fruits and elixir. It can be fermented for 10,000 years, and most people can't drink it." Sleeping Dream fairy laughed.

Qin Chen's heart suddenly felt so extraordinary, but instead of drinking it directly, he frowned and looked at the void in the distance.

Seeing Qin Chen's actions, Immortal Sleeping Meng suddenly turned around and said coldly to the void outside: "Everyone should watch enough of the excitement. Don't you even want to watch the old man and Chen Qingdan sage drinking? Don't blame the old man for getting angry."

As soon as his words fell, there seemed to be several fluctuations in the void in the distance, and the sense of being spied by Qin Chen disappeared instantly.

Qin Chen's heart was completely let go. He had already sensed it. When the Sleeping Dream Immortal started his hands, several masters with the strength of the Black Zhan Saint Lord's aura were also hidden in the distance. Obviously this time he left except for the black In addition to Saint Zhan's secretly following, there are top masters of other forces to follow, but they are all one step late.

Now that I saw Qin Chen and Immortal Sleeping Dream together, these masters of Dongguang City's many forces naturally did not dare to continue following them, and immediately retreated one by one.

"Sage Chen Dan, my Dongguang City is an extremely safe place. Don't worry, as long as I am here, there will never be any trouble between Sage Chen Dan and your Tianwu Danpu. Come and drink." The fairy Sleeping Meng said enthusiastically .

"Thank you Sleeping Dream Immortal, then." Qin Chen drank the wine in one sip, and the internal organs suddenly seemed to be on fire, the pores all over his body were relaxed, and the Saint Yuan in his body was once again improved.

"How is it?" Immortal Sleeping Dream looked at Qin Chen expectantly.

"Good wine!"

Qin Chen snorted.

"Hehe, that is, this wine is a recipe that I found after searching for a lot of ancient secrets." The Sleeping Dream fairy laughed and continued to fill Qin Chen with it.

After a few glasses of wine, Qin Chen only felt warm and uncomfortable.

"I don't know where are you going, Saint Chen Dan?" The Sleeping Dream fairy asked with a smile while drinking.

"Sleeping dream fairy, just tell me if you have anything, I believe you are waiting here specially, shouldn't it be just to buy me two glasses of water and wine?"

Qin Chen raised his head and smiled at the fairy Sleeping Dream.

"Hey, it seems that the Sage Chen Dan understands me. The old man made this shot. First, I can't bear to see someone destroying my Dongguang City's reputation, and second, I really have something to ask for."

"Say it."

Qin Chen thought at first that the Sleeping Dream Immortal was just passing by here accidentally, but after a few glasses of wine, Qin Chen knew that this Sleeping Dream Immortal must have something to do. Such a character, if nothing happened without going to the Three Treasure Hall, would he invite him for no reason. drink.

"I heard that Chen Qing Dan is a top-level Pill Saint. I have a Heavenly Dao Origin Fruit. I would like to ask Chen Qing Pill Saint to refine the Heavenly Dao Divine Pill for me. I don't know if Chen Qing Dan can do anything about it. Of course, if it doesn't work, it's okay. No matter what, your friend, I'm settled."

"Heavenly Origin Fruit?" Qin Chen looked at Immortal Sleeping Dream suspiciously, "Do you have Tian Dao Origin Fruit?"

"Why, don't you believe Chen Dan Sheng?"

Fairy Sleeping Meng smiled, and raised his hand, a jade box had appeared in his hand, the jade box opened, and it was a source fruit of heaven exuding a breath of transparency.

"Space is the Origin Fruit of the Heavenly Path, isn't this at the previous City Lord's Mansion auction, you auctioned the Vice City Lord?"

Qin Chen was startled, this Heavenly Dao Yuanguo turned out to be the Heavenly Dao Yuanguo where 27 middle-grade Saint Master Saint Veins were auctioned at the previous auction, and it actually fell into the hands of the Sleeping Dream Immortal.

[Chapter 3337: Refined here](#)

"Yes, it was that one, but although the old man was the auctioneer at the time, who ruled that the old man could not auction this heavenly source fruit?"

The Sleeping Dream fairy laughed.

Qin Chen was speechless, this Sleeping Dream fairy routine is too slippery, right?

At this moment, he already understands that, at the city lord's mansion auction, he spent 27 middle-grade Saint Lord's holy veins to auction this space system Heavenly Dao Origin Fruit. Obviously, it was the Sleeping Dream Immortal, who was just asking for someone. Just bid.

However, after thinking about it carefully, Qin Chen was suddenly stunned. The other Tiandao Yuanguo, the Sleeping Dream Immortal, may not be able to take action, but how could the Tiandao Yuanguo Sleeping Dream Immortal of the Space System let it go? This person himself is a top-level Space System. A master, if paired with this Heavenly Dao Origin Fruit, he might be able to improve his perception of space even more.

Although the strength of the Sleeping Dream Immortal may not be improved much, but at his realm, even a slight increase in the law is extremely rare. If this is the reason to enter the later stage peak Holy

Master realm, with this Sleeping Dream Immortal's own strength, I am afraid it will reach an extremely terrifying point.

It's just that those forces and masters who were staring at the source of the heavenly roots at the auction floor have suffered, and they have been tricked by the fairy sleeping.

Now Qin Chen understood that the fairy Sleeping Dream passed by accidentally, and he was waiting for him to appear.

"How about, Chen Dan, I don't know if you can refine this heavenly Tao Yuanguo?" The fairy sleeping dream looked at Qin Chen with fiery eyes, his eyes full of hope, just like a child looking at his beloved toy, and even brought it. With a trace of anxiety.

Qin Chen nodded and said, "Although it is extremely difficult to refine this Heavenly Dao Divine Pill, I can indeed refine it."

With the previous experience of refining the Origin System Heavenly Dao Divine Pill, Qin Chen has no pressure at all to refine this space system Heavenly Dao Origin Fruit.

"Haha, great."

The Sleeping Dream fairy jumped up, just like a child who had gotten a baby, "Then there will be Laochen Green Pill."

Having said that, he hurriedly handed over the jade box, and at the same time there were a bunch of top-notch materials, and these materials were naturally the auxiliary materials for refining the Heavenly Dao Shen Dan.

"Don't worry." Qin Chen didn't pick it up immediately, but asked with doubts on his face: "Let me ask one more question. With the status and status of the vice-lord, I can find someone who can refine the Heavenly Dao Divine Pill The alchemist, isn't it difficult?"

It may be difficult for other people to find an alchemist who can refine the Heavenly Dao Divine Pill, but the Sleeping Dream Immortal should have no problem, not to mention that he himself was born from some top power, even if there is no such alchemist in Dongguang City. , Can also be refined by other methods.

"Hey, Sage Chenqing Pill, you don't know." The Sleeping Dream shook his head and whispered, "If I find an alchemist from another chamber of commerce to refine it, isn't it leaked that Dao Yuanguo was photographed by the old man this day? At that time, my reputation in the City Lord's Mansion's auction would have plummeted. Whoever has a treasure in the future would be willing to hand it over to my City Lord's Mansion for auction. Besides, as the Vice-City Lord of the City Lord's Mansion, I cannot afford to lose that person."

"Of course, there are other methods, but it is too troublesome, and the most important thing is the alchemists of the major chambers of commerce in Dongguang City. I know that the probability of successfully refining the heavenly **** pill is only 30%. In case they fail in refining. Now, where can I find another Heavenly Dao Origin Fruit of the Space System."

"But the elixir that you refined from the Sage Chenqing Pill, I also bought a few specially before, and I can refine the special middle-grade holy master pill, so the old man is also amazed. I am afraid that you don't know the Sage Chenqing. The appearance of has attracted the attention of other alchemy forces. Among the people who followed them before, there must be their people. Hmph, when these guys encounter threats, they are shrewd like something. "

Qin Chen was shocked. He never thought that he was already low-key enough, and he didn't expect that he would still be targeted.

How did Qin Chen know how big the sensation he had caused in Dongguang City was, the special middle-grade holy master pill, even some late holy master alchemists may not be able to refine it, but Qin Chen can do it all Out, this is not terrifying.

"But why do you believe in me so much, Vice-City Lord? You are not afraid that I will pass on the news? Besides, what if I fail to refine?" Qin Chen smiled.

"Hey, I naturally believe you. I have been paying attention to the situation of your Tianwu Danpu when it was opened. Your Excellency kept his promises, and he said that he would only make one month's pill. Medicine, in fact, the old man can feel that you can continue refining, but you can stop it in time. With this concentration alone, not ordinary people can do it, so I believe that you will never change I passed on the news of Tiandao Yuanguo, because this matter will not do you any good at all."

"Furthermore, if you want to develop in Dongguang City, you must cooperate with the city lord's mansion. In the future, if your Tianwu Dan shop needs to be auctioned, just leave it to the old man, and the old man will operate it for you, so that you can sell it at a high price. I believe It's good for you and me, you are not the kind of shallow-sighted person."

"As for the refining failure." Sleeping Mengren shook his head, "It can only be said that the time is also fate. Anyway, the probability of other pharmacists is only 30%, and the probability of Chenqing Pill Saint is higher than others. It is a failure. , I can only blame me for not having this life."

The fairy Sleeping Dream had a sincere tone, and Qin Chen could feel that what this person said was the truth.

"Hahaha, since the Vice-City Master you are all talking about this, then I can't help but give face." Qin Chen laughed and took the jade box and all the materials directly.

The Sleeping Dream fairy stood up immediately and said, "Go."

"Where to go?" Qin Chen smiled.

"Naturally it is Dongguang City, how can you refine it without going to Dongguang City?" The Sleeping Dream fairy was startled.

"Hehe, I don't need a special place to refine the pill. I can refine it anytime and anywhere. I won't go back to Dongguang City. I will build a refining cave in this broken continent. Please also the Vice-City Lord, be on your guard around you, and don't let anyone disturb me."

"Refining here?"

Immortal Sleeping Meng looked at Qin Chen in surprise. He knew that some pharmacists must have their own place in refining. He didn't expect that Qin Chen could refining in the void. Isn't this too exaggerated?

But Qin Chen had said so, he naturally wouldn't refuse, anyway, he also looked very openly, and immediately flew away from the surrounding area and became alert.

Qin Chen immediately opened up a cave mansion space inside this vast and huge meteorite, and then quickly used the sky-filling technique to place a series of restrictions. His restrictions were so profound that even the Sleeping Dream Immortal could not see through it.

[Chapter 3338: What do you know](#)

After doing all this, Qin Chen took out another flying sacred treasure, pretending to be a refining space, and after entering it, Qin Chen once again entered the Universe Jade Plate.

"Dust, are you okay?"

As soon as Qin Chen came in, You Qianxue and the others walked up nervously.

"I'm fine." Qin Chen said with a smile.

"Is the Sleeping Dream fairy reliable?"

Naturally You Qianxue also saw the things outside before, and asked a little worriedly, if these characters repent, Qin Chen and the others will be in trouble.

Qin Chen's eyes flashed, and he thought about it carefully, "It should be reliable. Whether it is the wind review or the person's work, they are extremely open and upright. More importantly, we really need such a person to help us in Dongguang City. Relationship, as long as this person is there, our Tianwu Danpu will not encounter any problems in the next operation. After I leave, I am completely relieved."

"Well, I will refine it first, and you will observe the outside for me."

Qin Chen's voice fell, and immediately devoted himself to the refining of the Heavenly Dao Divine Pill.

With the first experience, Qin Chen was naturally much more proficient in the second refining. Many materials were thrown into the Zixiao Dousui Palace by Qin Chen, and the flames were quickly controlled by Qin Chen. Take control.

Although at the same time, there are some differences in the process of refining the different attributes, but these naturally do not hinder Qin Chen.

Qin Chen's hands were like butterflies wearing flowers, dancing lightly. A few hours later, the whole pill furnace made a roar, a total of twelve streams of soaring light fell into Qin Chen's hands instantly.

On these twelve pills, each of them carries a pill pattern that seems to penetrate the highest principles of the universe, which is lifelike and beautiful, emitting a strong pill fragrance.

Qin Chen nodded in satisfaction. After the first experience, it was really easier. Not only did he successfully refine all the twelve pills in this furnace, two of them were of special grade, except for this. Besides, the remaining ten grains are all first-class, and none of them are medium.

It was much stronger than before when refining the Origin System Heavenly Dao Divine Pill.

This of course has something to do with Qin Chen's previous experience, and it is also very related to Qin Chen's own space law. It is precisely because Qin Chen himself has mastered the space law that he has a grasp of the shape of the pill during the refining process. Even more skilled and transformed into another pharmacist, even with the same cultivation level as Qin Chen, it is absolutely impossible to refine a pill of the same rank as Qin Chen.

Dividing the twelve pills into two equal parts, Qin Chen instantly came out of the Universe Jade Plate, then put away the flying holy treasure, lifted the restriction, and came to the broken continent.

Immortal Sleeping Dream really did as Qin Chen ordered, guarding outside, and he didn't even notice that Qin Chen refined it. It wasn't until Qin Chen sent the message that he came in an instant and landed on the meteorite, but his face was covered with With a hint of bitterness.

"Vice-City Master..." Qin Chen just opened his mouth, but he was interrupted by raising his hand, "Don't tell me, I already know."

Qin Chen was taken aback, what do you know?

"You don't have to blame yourself. Since I came to you, I have been fully prepared. After all, the other top alchemists in Dongguang City only have a success rate of at most 30%. It is not easy for your Excellency to agree. Although your refining failed, the previous agreement between you and me is still there. As long as there is one day when I sleep in the fairy tale, your Tianwu Danpu will not be squeezed out in Dongguang City. What will your Tianwu Danpu need in the future? You can also come to me."

Sleeping Mengxian said with a sense of excitement, and his mood seemed extremely low.

He asked Qin Chen to refine, naturally holding the mentality that Qin Chen could succeed in refining, but who would have thought that Qin Chen came out after only a few hours, if he didn't know that Qin Chen had failed in refining, Then he has lived so long in vain.

"Slow down..." Qin Chen silently interrupted Immortal Sleeping Meng's words, "Vice-City Lord, who said that my refining failed."

"Pill Sage Chenqing, I said you don't have to blame yourself, what? What did you say..."

As the Sleeping Meng fairy talked, he was suddenly taken aback, then looked at Qin Chen in disbelief, his voice even trembled: "You...what did you say? You did not fail in refining?"

"Here is the pill, you can see for yourself."

Qin Chen said too lazily, and threw out two jade bottles.

Fairy Sleeping Dream took the jade bottle with incredible expression in his eyes, but he dared not open the jade bottle for the first time because he was afraid that what he heard and saw was an illusion.

You know, it takes at least a whole day to refining pills such as the Heavenly Dao Divine Pill normally, even if it is a powerful alchemist, it is absolutely necessary for more than half a day, like Qin Chen's a few hours. Didn't it fail to refine it?

how can that be?

He cautiously opened one of the jade bottles, and suddenly a strong pill fragrant filled the jade bottle, his spiritual sense swept into the jade bottle, and he saw five heavenly **** pill lingering around the pill pattern, and they turned out to be five high-quality pill. The heavenly **** pill.

Oh my god, is it dazzled by yourself?

Fairy Sleeping Meng ignored the image in front of Qin Chen, and pinched himself severely, only to realize that it was not an illusion at all, it turned out to be real.

And it is also five top-class Heavenly Dao Divine Pills.

Wait, what's in the other jade bottle?

The Sleeping Dream fairy subconsciously opened another jade bottle, and suddenly another strong fragrance rose to the sky, and even a series of space gods were formed in front of his eyes. The power of this gods even connected him as the late saint master who controls the rules of space. All feel profound.

"Special Heavenly Dao Shen Dan."

"I fuck"

Fairy Sleeping Meng almost swears at this moment, what did he see? The superb Heavenly Dao Divine Pill, the whole person couldn't help taking a breath.

The first-class Heavenly Dao Divine Pill is already very surprising, but who knows that there is also a special-class Heavenly Dao Divine Pill, don't think that these two immortals are the same medicine, but they are different by one level, but they are completely different. Significantly, the superb Heavenly Dao Divine Pill has completely released all the medicinal properties in the material, and it has reached an extreme, a perfect level.

It is especially important for people in the realm of Sleeping Dream Fairy.

Even among the top powers he is in, it is extremely difficult to see the special pill. Now he has a special space heavenly **** pill in his hand. If nothing else, it can at least increase his space power. Can not be agitated, even take a cold breath.

"Pill Sage Chenqing, no, Master Chenqing, Brother Chen, thank you so much, thank you so much, really..."

The Sleeping Dream fairy is a little incoherent.

While he was talking, he quickly took out a jade bottle, poured in three top-grade heavenly gods, and handed them to Qin Chen: "Master Chenqing, I understand the rules. If the refining is successful, you and I will divide half the pill. Here are three top-grade pill. You take it first. As for this top-grade pill, it's a bit important to me, it's really..."

Sleeping Dream Fairy looked embarrassed.

"Take all of these, I have already taken half of mine, and all six are for you..."

"How do you do it, the rules are the rules, you have to take half..."

Before he finished speaking, the fairy sleeping dream was stunned again.

[Chapter 3339: Sky Pit Rock](#)

What does it mean that he has already taken half of it, and all these six are for himself?

"You mean..."

The Sleeping Dream fairy opened his mouth and his eyes were round, and there was still the look of sleepy eyes before. This look is no different from an idiot.

After a long time, he recovered from the shock and thoroughly understood the situation.

Dare to love that what Qin Chen has refined is not only the six pills in his hand, but the perfect twelve pills? Thinking of this, the Sleeping Dream fairy couldn't help but breathe in another breath.

If it weren't for the Heavenly Dao Divine Pill in front of him with the pill fragrance that was just refined, he would even think that Qin Chen had given it to himself with a pill he had obtained from another place.

In just a few hours, he refined a furnace of Space System Heavenly Dao Divine Pill, and even contained at least one special-grade pill. The Sleeping Mengxian thought he had overestimated Qin Chen, but now I think about it. , I still think of Qin Chen too simple.

"Brother Chen, hey, I don't know what to say. Daen doesn't say thank you. From now on, you will be my brother..."

Immortal Sleeping Dream really admires Qin Chen, not only because Qin Chen has refined the Heavenly Dao Divine Pill for himself, but because ordinary people are facing the three pills given by him, they must take them directly, and even only need it is enough to give himself three high-quality pills, after all, no one knows how many pills he can refine in one furnace.

This level of pill, between three to nine pills in a furnace is considered normal, but Qin Chen directly gave himself six pills, including one special-grade one. This kind of magnanimity made the Sleeping Dream immortal full of emotion.

Regardless of his bluffing, it seems a little fussed. It is true that he has seen too many profit-seeking people. At least the alchemists of the top chambers of commerce in Dongguang City would never be so honest.

This shows how precious Qin Chen's quality is.

"Vice-City Master, you are welcome. I am an alchemist, so I naturally want to maintain the principles of the alchemist." Qin Chen said with a smile. He didn't think much. He deserved half of the pill. As if he had taken what he needed, he didn't pay anything, and he got six Space System Heavenly Dao Divine Pills, which was already a huge gain.

"What Vice City Lord? In front of Brother Chen, I am not a Vice City Lord. From now on Brother Chen will call me Brother Sleeping, otherwise I will be angry." Immortal Sleeping angrily said.

"Well, Brother Sleeping, you can call me Brother Chen from now on." Qin Chen smiled bitterly and shook his head. He was also polite. From this it can be seen that the Sleeping Dream fairy is really a sweetheart.

After hearing this, the fairy Sleeping Dream smiled and raised his hand. A piece of ore emitting extremely blue light appeared in his hand. Qin Chen was shocked when he saw the ore. He was not a person without knowledge. The ore is called Skyfire Marrow Rock, just like its name, it is one of the most rare materials for Skyfire promotion.

These materials can make the Heavenly Fire of the Holy Master level unconditionally upgrade to a level, and it is almost one of the treasures that all refiners dream of.

This thing is undoubtedly the most rare treasure for a refiner like Qin Chen. Qin Chen didn't know what the fairy Sleeping Meng meant by taking out such rare materials. Although he was surprised, he did not speak.

The Sleeping Dream fairy smiled and said: "Then I'm not welcome, Brother Chen, how old are you in my idiot, just ask me, have you seen this brother mineral?"

Qin Chen nodded and said, "If I'm not mistaken, this should be Skyfire Marrow Rock, which is extremely precious. It is formed by condensing the core of the Earth's marrow fire after countless stars burst, and fused over a long period of time. It's hard to see ordinary people at all."

The fairy Sleeping Meng said admiringly: "My brother has a good vision. This is indeed the sky fire marrow rock. I accidentally obtained it for my brother. This thing is not very useful to me, but it is extremely precious. I have never been willing to be a brother. Take it out and sell it, and I will give it to you, my brother today."

After speaking, Immortal Sleeping Dream threw the Sky Fire Marrow Rock in his hand to Qin Chen.

"Brother Sleeping Meng, you are..." Qin Chen took the sky fire marrow rock, and a scorching meaning permeated through. Qin Chen immediately knew that this was not an ordinary sky fire marrow rock, it was a top-quality sky fire. Suiyan, as soon as he received his hand, the many sky fires in the jade disc of good fortune were about to move, as if to fight.

If it were other treasures, Qin Chen said that he didn't want it, but Qin Chen couldn't refuse the fire marrow rock.

"Brother Chen, don't say anything, I know your rules. Refining a pot of pill requires at least two materials, or one material plus the holy vein treasure of the same level. I only gave you one material before. This Sky Fire Marrow Rock can be considered as a supplement for the cost of refining, and it can't make you break the rules."

The fairy Sleeping Dream said boldly.

Qin Chen was slightly moved in his heart. He did have such a rule, but it was an ordinary pill, but this Heavenly Dao Divine Pill was different, and the Heavenly Dao Origin Fruit was extremely rare. Generally, the refining of this pill was negotiated. It is impossible to say that you really have to take out two copies.

Before Qin Chen got the six medicine pills, he had already made a lot of money. In addition to this day's fire marrow rock, he had already gained a lot of benefits, not to mention that he would not have to bear losses if the refining failed.

Combined, Qin Chen can be regarded as taking a lot of advantage from Sleeping Dream Fairy.

And the fairy Sleeping Meng said that, he just wanted to make Qin Chen feel more at ease when he took the Sky Fire Marrow Rock, and he did have a superior demeanor.

"Brother Sleeping Dream, this thing is indeed what I need, so I'm not welcome." Qin Chen put away the fire marrow rock that day.

"Haha, you don't have to be polite, by the way, Brother Chen, are you going out?" asked the fairy Sleeping Meng.

Qin Chen nodded and said, "If Brother Sleeping Meng has nothing else to do, I'm going on my way."

Qin Chen knows that Immortal Sleeping Dream is easy to talk, but now he has received so many benefits, he also wants to retreat and practice well, adjust his state, and attack the middle stage of the Holy Master. Now he has obtained the Space Element Heavenly Dao Divine Pill, plus the Heavenly Fire Marrow Rock, Qin Chen I am more confident about breaking through the mid-term Saint Lord realm.

"Alright, then I won't keep you, brother. If you return to Dongguang City anytime, come to me. I'm not in the City Lord's Mansion. This is my message jade slip. You just need to send me a message."

Sleeping Dream Fairy took out a jade slip for communication, and then said: "By the way, you can ask the people from your Tianwu Danpu to look for me when you are away. I will watch for you when you are away, and so can I. Serving as the guest clerk of your Tianwu Danpu, anyway, I have nothing to do."

"How does this make..."

Qin Chen's heart was suddenly very excited. The Sleeping Dream fairy wanted the guest of Wudanpu that day? As the deputy city lord of the city lord's mansion, he really wanted to serve as a guest clerk, so no one in Dongguang City would dare to mess with him.

[Chapter 3340: Really big](#)

The words of Immortal Sleeping Meng made Qin Chen extremely grateful, and at the same time he knew that Immortal Sleeping Meng really thought for himself, otherwise he would not raise this issue.

"Okay, don't say anything if you refuse. I'm determined to be a brother of Keqing. It just happens that I am usually more casual, and I have a good base in multiple places. Then I won't disturb your time on the road, brother, please Come on, as for the tail that follows, I have already driven you clean."

Qin Chen nodded, and suddenly took out a jade bottle and handed it to the fairy Sleeping Meng, and said, "Brother Sleeping, I admire your uprightness, brother. It is Chenqing's honor to make friends like Brother Sleeping, but I do have something to leave and cannot accompany you. Brother Sleeping, you drank, there is nothing good, this bottle of medicine will be given to Brother Sleeping. It can be regarded as a meeting gift between you and my brothers."

"Also engage in this meeting ceremony!" The fairy Sleeping Meng shook his head. He knew that Qin Chen was paying back to the Heavenly Fire Marrow Rock before him. Although he was speechless in his heart, he took it and didn't care.

Qin Chen saw that Immortal Sleeping Meng had received his pill, clasped his fists, the flying sacred treasure under his feet brought a stream of light, and disappeared into the void in an instant.

Seeing Qin Chen's figure disappear, Sleeping Mengxian shook his head: "Unexpectedly, I have another hero in Dongguang City. The key is that it fits my Sleeping Mengxian temperament, and it is better than those of the Chamber of Commerce. The guys are so much stronger."

"But when my brother first saw me, although he was a little wary and worried, he was not afraid. Obviously he has a way to escape. If there is no way to escape, he would not even meet me in a later stage. , Certainly will not have that kind of calm."

"No matter, maybe he has some escape methods on his body, but it is also true. Such a top alchemist does not dare to walk in the void tide sea."

The Sleeping Dream fairy kept shaking his head.

correct.

It suddenly occurred to him that Qin Chen had given himself a bottle of elixir before he left, and immediately opened the bottle and poured out the medicine in the bottle.

This was actually a pill with a strong pill pattern, and as soon as it appeared, it exuded amazing laws and powers. When this pill appeared in the hands of the sleeping fairy, the sleeping fairy was even stunned. .

"Heavenly Dao Divine Pill? And it is the Heavenly Dao Divine Pill of the Origin System."

Sleeping Dream Fairy took a breath of air, and was shocked in his heart. He finally took a picture of the Heavenly Dao Origin Fruit of the Space System, and then refined a furnace of Heavenly Dao Divine Pill, but where did this Chen Qing get this origin? The Heavenly Dao Divine Pill?

Could it be said that this person also has a source of heavenly origin?

And there is also a strong pill breath on this Heavenly Dao Divine Pill. Obviously, this pill was just refined not long ago. No wonder Qin Chen was so confident before, but successfully refined it within a few hours. It turns out that this person already has experience.

This is an original Heavenly Dao Divine Pill. When you reach the realm of Sleeping Dream Immortal, naturally you will not directly break through and improve because of a single pill. But an Origin System Heavenly Dao Divine Pill combines the six spaces in his body. The Heavenly Dao Divine Pill, although it may not allow him to break through the late peak Saint Lord realm in a very short time, but at least it can save him thousands or even tens of thousands of years of hard work.

Even with good luck, he will be able to break through to the realm of the late peak Saint Lord within a few years.

"My little brother, it's really a big deal."

Immortal Sleeping Meng gave a wry smile. When he gave Qin Chentian Fire Marrow Rock, he thought that Qin Chen would be shocked by his big hand, because Sky Fire Marrow Rock was indeed extremely rare.

But now seeing Qin Chen returning one of his original Heavenly Dao Divine Pills, the fairy Sleeping Dream even turned red.

In his opinion, the reason why Qin Chen gave him the Heavenly Dao Divine Pill was because he saw his idea of breaking through. This was the right medicine and gave him this pill.

In comparison, since Qin Chen had been able to refine the Heavenly Dao Divine Pill before, he obviously didn't have that desire for the improvement of Sky Fire. Although the Sky Fire Marrow Rock he sent out was rare, he seemed to have fallen behind in his mind.

"That's all, take care of my little brother's Tianwu Danpu in the future."

The Sleeping Dream fairy shook his head speechlessly, then turned around and left here quickly, eager to go back to retreat and practice.

After bidding farewell to the Sleeping Dream Immortal, Qin Chen quickly turned into a stream of light and disappeared into the void tide sea. He was riding a flying holy treasure and let Xing Tianya control the flying boat. After several days, he found that he had entered the void. It stopped after the depths of the tidal sea were deserted.

"This place is good."

After Qin Chen came out of the jade disc of good fortune in the universe, he looked around and found that the surrounding was barren. He couldn't help but nodded. He naturally couldn't break through in the jade disc of good fortune in the universe. Drawing on the power of the void, the fluctuations will definitely be great, so you must find a very remote place to be more assured.

In the past few days, Qin Chen has also been in retreat and realized that his whole body condition has been adjusted to an extremely perfect point.

"Break through here, Huo Lao, Holy Master of Ghost Array, Blade King Mu Zhifeng, Xing Tian Ya, and Qian Xue, you all come out."

Qin Chen waved his hand, Qian Xue and others appeared one after another.

"This is the Heavenly Dao Divine Pill of the Origin System, one for each of you five."

Qin Chen handed out the five original Heavenly Dao Divine Pills. He had only ten in total, but now he has sent out six, and he only has four left.

But four Heavenly Dao Divine Pills are enough.

As for the Qin Mo clone and others, they must wait to enter the depths of the Void Tide Sea, find the entrance of the Demon Race, and send them into the Demon Race, before they can break through the Holy Master Realm. Qin Chen can only see if he can be left behind. Some heavenly pill.

With Qin Mo's talents, once they break through the realm of the holy master, the next breakthrough in the realm will be very fast.

In the void tide sea, there are void waves and surgings everywhere, and there are pieces of continental fragments and ruins floating, which are the wreckage left after the fragmentation of the heavens.

Qin Chen found a place. When he was in Dongguang City before, Qin Chen refined a month's pill and obtained a lot of middle-grade Saint Master Saint Veins, combined with the original body of the Ghost Array Saint Master and others, and Qin Chen roughly calculated the five middle-rank Saint Master's sacred veins obtained during the refining of the Void Bandit, and the middle-rank Saint Master's sacred veins on his body had already surpassed the fifty mark.

However, for the promotion of himself and the Ghost Array Saint Lord at this moment, he threw out all these fifty Heavenly Saint Lord Saint Veins.
