

## Valkyrie 3341

### [Chapter 3341: Simple and rude](#)

After all, the holy energy of heaven and earth in the Void Tide Sea is very thin. If you want to guarantee the need for promotion, you can only use the holy veins.

Moreover, not only did he need to consume the saint veins, once the ghost array saint master really restored the later stage saint master realm, the saint essence needed to spit was definitely an astonishing number.

As soon as the fifty Celestial Master Saint Veins appeared, Qin Chen's heads heard a muffled thunderous sound, the heaven and earth's holy spirit suddenly turbulent, and the power of the law lingered around, forming a splendid picture.

Qin Chen and the holy master of the ghost array did not rush to break through, but began to arrange restrictions and formations around to prevent others from breaking into this area, while the old Huo and others excitedly began to kill the nearby void monsters. , Don't let the Void Monster Beast affect their cultivation.

After a few days later, after all the restrictions and the arrangement of the formation were over, the fluctuations of the world suddenly became calm, and all the aura of the holy veins of the heavenly master was covered by the formation.

After doing all this, Qin Chen sat cross-legged in the big formation one after another, and began to retreat one by one.

The most exciting thing is naturally the Holy Master of the Ghost Array. He has fallen in the Southern Heaven Realm. He has been looking for a way for these years, but he has never found a means to restore his cultivation. Now he can once again return to the later stage of the Holy Master realm. This kind of excitement can be imagined.

As for Huo Lao, Dao Wang Muzhifeng and Xingtianya, they are only one step away from the late saint master, but it is this one step away that they have stuck countless powerhouses in the heavens. Today they have such a glimmer of hope to break through. The natural excitement inside can't be added.

On the contrary, Qin Chen and You Qianxue were relatively calm.

The two sat cross-legged with each other, and Qin Chen directly took out a space-based Heavenly Dao Divine Pill and an Origin-based Heavenly Dao Divine Pill and swallowed them in one go.

Hum!

As soon as these two pills fell into Qin Chen's abdomen, Qin Chen instantly felt an astonishing force, and began to wander among his limbs, his body made an astonishing crackling sound.

In a short while, a large vortex appeared above Qin Chen's head. The vortex slowly rotated, gradually forming the shape of a black hole.

Rumble!

A series of terrifying origin powers began to wander in Qin Chen's body. After these powers entered Qin Chen's body, they immediately gathered at Qin Chen's holy master's origin, and then Qin Chen saw his Under this power, the source of the Holy Lord became more rounded, as if it was improving a little bit.

"Dao Shendan is really powerful this day."

Qin Chen was shocked. He had only heard about the power of this thing before, and it was the first time that he really took it. Now he felt the cohesion of this power, and he was also quite amazed. The vastness of this heaven really is boundless, Bao is simply too much.

It was the first time that he saw that there was a pill that could repair and improve the origin.

In addition to the origin of the Heavenly Dao Divine Pill, the effects of the Space type Heavenly Dao Divine Pill also began to diffuse. Qin Chen felt like he was in a mysterious void, and the space power surged in his mind. This was a space god. The power of space contained in the pill, this space allowed Qin Chen to instantly understand space to an unprecedented level.

If Qin Chen had mastered the rules of space in the past, but his prying into the rules of space was like in a cloud and mist, and it was rather vague, then Qin Chen now perceives the rules of space, just like a person with thousands of degrees of myopia suddenly With the glasses on, the things that were invisible in front of me became extremely clear instantly.

Of course, this kind of understanding is only the perception of the rules of space. It does not mean that you really have a complete grasp of the rules of space. How much you can master depends on the savvy of each person who takes the space \*\*\*\* pill. More, less understanding, less mastery.

But Qin Chen has the Book of Origins in his body. When Qin Chen realized the rules of space, the Book of Origins also recorded the rules of space between heaven and earth. This speed is simply faster than the speed at which ordinary Lord-level characters can perceive the rules of space. Improved by more than ten times?

It can be said that even if the Sleeping Dream Fairy who has mastered the rules of space comes to an astonishing level, it is difficult to reach Qin Chen's current comprehension speed even if he takes the space \*\*\*\* pill.

Rumble!

Various rules linger in Qin Chen's body. Qin Chen is already completely immersed in the sea of rules. The same is true for You Qianxue on the side. Both of them are Tianjiao figures, and You Qianxue has the inheritance of the supreme Lunar Glaze. With the body of her cultivation level, the inheritance power in her body is slowly releasing.

Compared with the two of them, Xia Houzun and the others are much rude and simple.

boom!

When the essence of Heavenly Dao Divine Pill entered Xiahouzun's body, Xiahouzun's body originally had a dark illness, but the dilapidated Holy Master Origin quickly began to repair.

Originally, Xiahouzun's damaged origin has been repaired a lot under the nourishment of the Devil Tree of the Ten Thousand Worlds, and now it has been nourished by this heavenly Taoist Pill, the original

dilapidated Holy Lord's origin quickly became rounded up, a complete mood. It emerged from Xia Houzun's body.

Rumble!

At this moment, the several middle-grade Saint Lord's Saint Veins surrounding Xiahouzun burst open at this moment. Accompanied by a burst of crackling, they turned into a stream of pure energy, which filled the surroundings, and then Condensed on the top of Xia Houzun's head.

On top of Xia Houzun's head, a sacred element vortex quickly formed, and the sacred element vortex grew at a speed visible to the naked eye, and the momentum was extremely shocking.

The surrounding heaven and earth sacred aura, which was not originally rich, has also become rich because of the supplement of a large number of sacred veins. This heaven and earth, with a radius of thousands of miles, and even tens of thousands of miles, have been attracted to the void. Surrounded by this piece of heaven and earth, forming a shocking spectacle.

Qin Chen and the others did not expect that their cultivation would create such a great spectacle. Elder Huo and others also showed terrible auras. Under the shroud of the surrounding sacred veins and countless sacred origins, a stream of terrible sacred origins was like a ghost. The initiation is normal, and it falls quickly toward the top of their heads.

boom!

Especially Xia Houzun, he himself had already broken through the realm of the late saint master, but later the origin was damaged, which caused his cultivation base to fall. Now that the origin is being repaired, his cultivation base aura naturally began to improve, even without need. Breakthrough, because he was just restoring his cultivation base.

The breath of a late saint master began to linger on Xiahouzun's body, and the whole person was like the same \*\*\*\* of war, and a terrible force swept away.

These powers are nothing else. It is the rules of the late Holy Lord mastered by Xia Houzun after breaking through the late Holy Lord. Heavenly Dao and his physical body reintegrated, as if renewed, and once again merged with Heavenly Dao.

#### [Chapter 3342: Tiantong Chamber of Commerce](#)

And this breath came out and poured into Huo Lao, Dao Wang Mu Zhifeng, Xing Tianya and others.

Huo Lao and Dao Wang Mu Zhifeng themselves are only one step away from the late saint master. If they swallow the original divine pill alone, at most they will only strengthen the cultivation base a little bit closer to the realm of the later saint master and want to break through. , That is absolutely impossible.

The difficulty of the later stage of the Holy Master's breakthrough is extremely high, and it cannot be solved by a pill. If it is that simple, the later stage of the Holy Master will not be a giant in the realm of the Holy Master.

However, under the leadership of Xia Houzun, the holy master of the ghost formation, countless late-stage holy master auras began to penetrate into their bodies. Originally, the two of them were

impossible to break through. They were following Xia Houzun's resonance and resonance, and shared understanding. After this process of integrating the body into the heavens and the rules, the source of the body fluctuates violently.

Rumble!

Above the two of them, a horrible vortex of holy energy began to form, and they started to rise towards the realm of the late Saint Master.

And the breakthrough of the two of them once again spurred Xing Tianya's breakthrough. Boom, Xing Tianya's body also had a breath of breakthrough, like a rebirth from a cocoon, and the breath of his body began to rise incredible.

Ring after ring.

In an instant, the aura of the few of them soared at the same time, resonating at the same time, merging with each other, and promoting each other. It is not only the breakthrough of the Holy Master of the ghost array that helped the breakthrough of the old man, the old man, the same from another angle. Promoted the improvement of the master of the ghost array.

They were all enslaved by Qin Chen, and they all received the original power of the Demon Clan's Supreme Treasure Ten Thousand Realm Demon Tree. The power in the body resonated with each other and communicated with each other, as if they had received some traction, beating regularly together, a kind of shocking world The terrifying power, crazy and wanton.

And they broke through the aura of the saint master in the later stage, and at the same time attracted Qin Chen and You Qianxue.

The two of them were obviously only in the initial stage of the peak of the Holy Master, but they seemed to be accepting the breakthrough of the later Holy Master, and they were sublimated in this kind of breath.

This is also the effect Qin Chen wants to achieve. Otherwise, why should he let everyone break through together, one by one, instead someone will help to guard and break everyone into this situation. Once a strong enemy comes, it will be fundamental No one guards.

The benefits of breaking through together are unparalleled, enough to give everyone an amazing improvement.

Rumble!

This side of the void tide sea completely boiled, and the void of tens of thousands of miles, or even a hundred thousand miles, was plunged into a terrifying scene. The void tide was surging, like the sea under a storm, stirring and rolling.

Although Qin Chen deliberately chose the Desolate Land as the place of promotion, and even before that, he spent some time clearing out the void monsters within a circle of tens of thousands of miles, and also placed restrictions here, but he did not expect it. , Their breakthrough would have caused such a terrifying vision.

The turmoil caused by their cultivation this time is so great that even if they are separated by tens of thousands of miles in the void, they will still be seen.

When the vortex vision that covered tens of thousands of miles in the void took shape, some caravans and ships passing by the void tide sea in the distance observed this spectacle. Naturally, they were curious and rushed to Qin Chen and their cultivation. I want to see what happened.

Generally, this kind of vision appears, the most likely to be the unearthed treasure or the birth of a secret realm.

But after they got close, they felt the terrifying aura inside, and then realized that someone was making a breakthrough here, and that the other party was swallowing the infinite Saint Yuan around the world and was being baptized by the laws of the heavens.

After discovering this, most of the caravans and warriors stopped moving, just looking at the distance through the void of tens of thousands of miles.

The strength of these caravans is not high. After all, this place is close to Dongguang City, only a few days away. The warriors who generally experience here are just ordinary saints, and there are even half-step saints and heavenly saints. Characters pass by.

Only in the true depths of the Void Tide Sea, will there be top caravans and real powerhouses.

Feeling the violent intensity of the power gathered in the sky, how dare they step forward? Just as it was just to watch the excitement, they gathered together, pointed at the direction Qin Chen and the others were in, and talked a lot.

Among the crowd, there was an innocent girl in Tsing Yi who was about twenty years old. Her cultivation was at the early stage of the Holy Master. She was obviously also the land of a large family. The Tianjiao figure, beside her, also guarded several mid-term Saints. The master-level master is already the top power here, driving a caravan and staring at the vision ahead.

After a while, a master of the mid-term peak saint master level flew over from a distance, returned to the team, and a few flashes came to the girl.

"Miss, I'm back." The mid-term peak holy master master said in a deep voice. This is an old man with gray beard and hair. His position in the caravan seems to be extremely high. When he came back, the faces of others showed respect.

"Feng Lao, have you found out? Who is being promoted?" The girl lightly opened her lips, her voice was very soft, very soft and very nice.

Lao Feng shook his head and said, "As entrusted by Miss Negative, Lao Yu entered the interior of the vision and couldn't get too deep at all. The energy of heaven and earth inside was too violent, and even seemed to be blocked by restrictions and formations. The subordinates are afraid of entering rashly and will disturb others' breakthroughs. They are regarded as enemies, and the power inside is very terrible. If the subordinates forcibly break in, they are also very likely to be restricted and counter-attacked, or even trapped inside. , So I didn't dare to get too close!"

"What? Even if the old wind enters, it might be trapped?"

Many people around took a breath of air-conditioning, and they showed surprise.

Feng is always the top master in their caravan, the holy master of the mid-term peak, such a character can't get close to the center of this vision, so what is the cultivation level of the people inside?

Could it be... someone is breaking through the late Saint Lord?

Many people thought of such a possibility, and their hearts were shocked.

The late saint master, the breakthrough of these characters is extremely rare, even in a place like Dongguang City, it is almost impossible to see it, now someone actually breaks through the late saint master in this void tide sea, I feel a little bit no matter how you think Magic and incredible.

"That's right, the people inside must be breaking through the realm of the late saint master."

The girl in Tsing Yi seemed to have expected it a long time ago, and her beautiful eyes became excited, "This is an opportunity for our Tiantong Chamber of Commerce."

"opportunity?"

Other people looked over, with doubts on their faces. When others broke through, what happened to them?

However, the old man couldn't help thinking after hearing what the Tsing Yi girl said.

#### [Chapter 3343: Soul Destroyer Lord](#)

The girl in Tsing Yi showed a contemplative look: "A normal person who breaks through the realm of the late saint master will inevitably choose a safe place. Please protect him from the upper clan and the strong, but this person chooses to break through in this place. It is very likely to be a casual cultivator, and there are no relatives or friends, and no background of big influence. If these characters can be drawn into our Tiantong Chamber of Commerce, it will be of great help to the improvement of our Tiantong Chamber of Commerce."

Hearing that, several mid-term saints who followed the Tsing Yi girl nodded slightly, expressing agreement with her.

If you have a sect background, if you have relatives and friends, who would be willing to break through the barriers of the great realm in the void of tides? Only the kind of lone ranger, there is no way to do it.

"That being said, miss, with all due respect, the late Holy Lord's breakthrough is extremely difficult. First of all, this person may not be able to succeed. Second, the movement here has attracted a lot of experts in the vicinity. Someone will inevitably take risks. Under the interference of people, it will be more difficult to break through. In such a realm breakthrough, a person who is not careful will go crazy and die on the spot."

The old man looked solemn and said in a deep voice.

"So serious?" The Tsing Yi girl looked at him.

"Miss, this is what I said to be polite." Feng Lao gave a wry smile, "The movement caused by this person is too great, you look at the holy spirits of the heavens and the earth nearby, you seem to be drawn tens

of thousands of miles around, so terrifying. Like, let alone the old man, even if he has never heard of it before, I am afraid that even if there is no interference, such a terrifying baptism of heaven and earth energy, this person is afraid that it will be more fortunate."

Upon hearing this, several mid-term holy masters could not help but nod their heads and looked up at the terrifying vision of the sky. Within a radius of thousands of miles, countless heaven and earth sacred auras have been drawn in. They have also broken through, but like this I have never seen a vision. Anyway, if I change to them, as soon as I enter the center of this vision, I will definitely live and die on the spot.

The girl in Tsing Yi frowned: "So, this person has little hope?"

Old Feng said: "These are just some of the old views. This person may also be able to survive this calamity, the Saint Yuan enters the body, and successfully breaks through. If it can be done, the strength of this person after the breakthrough is definitely not something we can figure out. ."

The girl in Tsing Yi nodded when she heard the words, pondered for a moment, and said, "Anyway, let's take care of him first. If he can be promoted, he will definitely recite our favor, and then try to win him over. ."

"Even if the other party does not accept the love, we have nothing to lose. It is considered to be a good deed. Now my Tiantong Chamber of Commerce only depends on the support of my father. The competition in Dongguang City is so fierce. In addition, the bandits are rampant in the Void Tide Sea, which is dangerous. The Chamber of Commerce will continue to continue like this, and I am afraid it will gradually decline. If there is more help from the later Saint Lord, it will be able to revitalize the channels of the Chamber of Commerce, without the need of my father to support it."

The girl in Tsing Yi sighed.

The other masters of the Chamber of Commerce were silent when they listened. The Tiantong Chamber of Commerce is also considered an old-brand chamber of commerce. There are also glorious days in Dongguang City. It is only in the past few years that the heavens have changed greatly, and the forces have risen and fallen. Although the channels in Dongguang City and nearby areas are good, it is a pity that the business is shrinking.

Because of the qualifications of the Tiantong Chamber of Commerce, it is difficult to find a suitable source of goods.

In addition, there are many pirate bandits in the Void Tide, and many chambers of commerce are afraid to cross the Void Tide Sea. A chamber such as the Shenxing Chamber of Commerce will be destroyed if it is destroyed. The pressure in the Tiantong Chamber of Commerce is also great.

No, even the daughter of the president of the Chamber of Commerce has to personally lead the caravan, which shows the crisis facing the Chamber of Commerce.

"Since the lady has said so, I will naturally obey."

The people from the Tiantong Chamber of Commerce firmly said that the young lady paid so much for the Chamber of Commerce, and they naturally saw it.

Just as this group of people was about to disperse and protect Qin Chen's promotion, the old Feng suddenly frowned, stared in a certain direction, and shouted, "No, someone has broken into the vision zone and interfered with this person's breakthrough!"

"Who?" The girl in Tsing Yi was startled when she heard the words and looked in the direction of Feng Lao, and she saw a ray of light flying quickly towards the center of the vision. Not only did they not hide their figure, but even there is no plan to hide their intentions, one by one is aggressive and bad breath.

And among the rays of light, Zhuozhuo, a rough count, at least a dozen or so, the light on the leader is particularly dazzling.

The girl in Tsing Yi hesitated for a while, then gritted her teeth and said: "Come with me and see if you can negotiate a few!"

When the words fell, she shook her delicate body and flew over there.

Feng boss was shocked, and quickly chased up with a few others.

Not far away, among the group of warriors who were rushing towards Qin Chen and others to break through the center, someone soon discovered the movement of the people from the Tiantong Chamber of Commerce, and that person immediately shouted to the front: "Brother, someone is approaching us. coming."

At the very front, a thin old man with an eagle face, a goat beard, and a pair of inverted triangle eyes suddenly stopped when he heard the words. He turned his head and looked over. He quickly froze on the body of a group of people in the Tiantong Chamber of Commerce, coldly snorting. Said: "Several mid-term holy masters who are disabled, dare to come to ruin the good things of the old man, but they are not small.

"Brother, do you want to bring them all together..." The person who spoke before showed a gloomy light and cut his throat with his hand.

Hearing this, the old man sneered: "Don't worry, this person dared to come over, there must be some support, and there are so many people here, the old man would like to see what this group of people want to do?"

"Brother Wise."

The speaker immediately slapped him.

The movement here also instantly attracted many people present. These warriors did not dare to approach, but they all watched from a distance.

"Hey, isn't that a sign of the Tiantong Chamber of Commerce?"

"The opposite of them is the Soul Destroyer Holy Master."

"Hi, what are they trying to do?"

Among the crowd, there were masters from the Void Tide Sea, as well as masters from other celestial realms and Dongguang City. Seeing these two groups of people, they all showed surprise.

Not long after, the people from the Tiantong Chamber of Commerce, under the leadership of the Tsing Yi girl, had already arrived not far in front of the group of people.

It was not clear from a distance before. After the people of the Tiantong Chamber of Commerce approached and saw the appearance of this group of people, especially after the iconic goatee of the leader, Fenglao's face changed drastically, and he said in a low voice, "Miss Be careful, it is the Holy Master of Soul Destroying!"

As soon as the words Destroyer Saint Lord shouted out, the expressions of a group of people in the Tiantong Chamber of Commerce changed, and their expressions showed horror.

#### [Chapter 3344: Yang Yingying](#)

The beautiful eyes of the girl in Tsing Yi also sank, and a trace of panic flashed. Obviously, this name had a great impact on her, and she did not expect that this group of people turned out to be the team led by the Soul Destroying Lord.

The Soul Destroyer Holy Master is a strong man who has just broken through the late stage Holy Master, but he is very famous near the East Heaven Realm Dongguang City. This person is also considered a casual cultivator. He has a group of brothers. Rumor has it that this person used to be too. The bandits in the Void Tide Sea relied on plundering to make their homes, but after breaking through the late-stage holy masters, they instead washed themselves out, and they actually started an \*\*\*\* business in some cities near Dongguang City.

The so-called \*\*\*\* is to transport goods for the chambers of commerce such as Tiantong Chamber of Commerce, because many chambers of commerce have insufficient manpower and need to hire some foreign personnel.

Especially this Soul Destroyer Holy Master, who was rumored to have served as a bandit in this Void Tide Sea back then, has contact with many bandits, and knows the doorway inside, so as long as he comes to the door, those chambers of commerce will be angry and hate.

Because of the extremely high prices they charge, many ordinary chambers of commerce have almost no profit in their search, but they have to accept his escort, because as long as he comes to the door, the caravans that have not invited them will almost always encounter To the attack of the Void Bandits.

Many chambers of commerce even reported this person to the City Lord's Mansion secretly, but because there was no evidence, they had to stop.

This person is extremely vicious and vicious. Although he is a casual cultivator like the Holy Master Heizhan, he is much more evil than the Holy Master Heizhan in terms of notoriety. For ordinary small chambers of commerce, the name of the Soul Destroyer Lord is simply A nightmare, I met him, there must be nothing good.

Although the Tiantong Chamber of Commerce is not a small chamber of commerce, it is like walking on thin ice. Seeing the Soul Destroying Lord, it is naturally disturbed.

Hearing Feng Lao's exclamation, the Soul Destroying Lord had a gloomy smile on his face. He seemed extremely satisfied with the fear of others, and sneered: "Since you know the name of the old man, you dare to come over. This is Do you want to die?"

As soon as he spoke, the mid-term Saint Master's subordinates who were following him all looked over with an unkind look, and they were in a posture of besieging the Soul Destroying Master with an order.

Feng Lao's face changed slightly, and he didn't know what to do for a while.

However, the girl in Tsing Yi came back to her senses, and took a step forward. Although her heart was worried, her expression was generous, and she smiled lightly: "It turns out to be the famous Senior Soul Destroying Lord, please forgive me."

"Oh? Are you a little bit courageous?" The Soul Destroying Lord narrowed his triangular eyes, glanced at the green-clothed girl and the clothes on this group of people, he couldn't help but smiled: "It turned out to be the Tiantong Chamber of Commerce. It's no wonder that Lao Yang's people are a bit courageous. Who are you from Lao Yang?"

The girl in Tsing Yi shook her heart and said, "Junior Yang Yingying."

"Oh? It turned out to be Lao Yang's daughter. When did Lao Yang have a daughter like this? The old man had never heard of it before. He was misguided or misguided." The Soul Destroying Lord narrowed his eyes and licked it. Tongue, she looked at Yang Yingying with a weird smile, her eyes gleaming green, making people feel hairy.

"Hey, big brother, this woman is not bad, it's better to take this group of people down, the man killed, hey, leave the woman to the big brother as his wife, such a watery body, very white, it must be very comfortable to play."

Hearing his words, one of the subordinates beside the Soul Destroying Lord suddenly smiled gloomily.

"Shut up, what stinky shit."

The Soul Destroying Holy Master returned his hand with a slap, slapped the subordinate out with a slap, shaking in the void, his face was swollen, and the eagle stared coldly and shouted: "Are we such murderers? Remember, We are the guards of the Eastern Heaven Realm, and people who specialize in good deeds, how can we commit such acts of banditry."

"Yes, eldest brother, the subordinates are wrong."

The man covered his face and dared not say anything.

The Soul Destroying Lord looked at Yang Yingying with a smile: "It turned out to be a niece. I don't know what is stopping me waiting? Is it because the Tiantong Chamber of Commerce wants to cooperate with the old man and needs the old man to deliver the goods?"

Yang Yingying frowned, and she pondered for a moment: "Since the predecessor asked, the junior will just say it, is it the trouble of the senior who is going to find the breakthrough inside?"

The Soul Destroying Lord narrowed his eyes and said lightly: "So what?"

Yang Yingying said: "Senior can let that person go?"

The Soul Destroying Lord said lightly: "Give the old man a reason."

"That person is a guest from the Tiantong Chamber of Commerce, so..." Yang Yingying whispered: "So I ask seniors to be merciful, and my Yang family will definitely come to thank you someday."

"You the guest of the Yang family?" The Soul Destroying Lord laughed with a playful smile, and said: "Little girl, you are a smart person, but don't treat others as a fool. If this person is your guest of the Tiantong Chamber of Commerce, what? I will practice breakthroughs in such a place, not to mention why your old man Yang is not here to guard?"

Yang Yingying's face changed slightly, and she immediately said: "Senior, this person is indeed not the guest of my Tiantong Chamber of Commerce, but when he is finished, the junior will invite him, so..."

"roll!"

The Soul Destroying Lord suddenly coldly drank.

Feng Lao and the others were all shocked, one by one, they stepped forward and stopped in front of the Tsing Yi girl, watching the Soul Destroyer Holy Master vigilantly.

The Soul Destroying Lord showed a hideous smile on his face, and snorted coldly: "Don't think that the old man doesn't know what medicine you sell, and you want to use the old man to make a good relationship with the other party? If it's not for Old Man Yang, you stop him. It's already a capital offense to follow the old man's way, so let's get out of the way quickly, otherwise don't blame the old man for being rude."

"Senior Soul Destroyer Holy Master..." Yang Yingying wanted to say something, the eyes of the Soul Destroying Holy Master suddenly burst into coldness: "Let you go, you don't go, do you really have no temper?"

The soul-destroying holy master's voice fell, and suddenly raised his sleeves, and suddenly a terrifying force of the law turned into a Wang Yang and swept toward the Tsing Yi girl. The old Feng and other experts of the Tiantong Chamber of Commerce saw this, his face suddenly changed. One by one, they stepped forward with a bang, and the void shook. Feng Lao and others were shocked and flew out. Everyone showed an ugly color. With a muffled sound, the blood surged in the body and almost vomited a mouthful of blood.

"Go back and tell Old Man Yang that when things are done here, the old man will go to your Tiantong Chamber of Commerce to discuss business."

Soul Destroying Lord said with a gloomy smile.

The faces of Yang Yingying and the others became extremely ugly in an instant. She wanted to say something, but was hurriedly stopped by Feng Lao and pulled her away.

"Hahaha."

The Soul Destroying Lord laughed loudly, and quickly approached the place where Qin Chen and others had broken through with his subordinates.

"The wind is old."

Yang Yingying stamped her feet.

### [Chapter 3345: Eager to die](#)

Feng Lao and the others had lingering fears, and said bitterly: "Miss, it's not that we have to stop you, but this Soul Destroying Lord has a cruel heart. There are a lot of other people here, and he looks so talkative. If you continue to block it, you will not keep it. What will happen? Now that the chairman is not there, I am not his opponent at all. If we continue to fight, it will be a dead end."

Yang Yingying sighed, with a look of loss on her face: "I know this naturally, but... it's a pity that this person is."

She looked at the center of the vision, showing a sad color.

Feng Lao sighed: "I can only blame this person for finding a bad place. I just broke through here and shocked the Soul Destroying Lord. If it is other people, we can stop it, but this Soul Destroying Lord, There is really no way, we are also doing our best. Miss, this time it is good luck. The Soul Destroying Lord depends on the face of the president and the presence of many warriors, and then let us go. Next time, I'm afraid it won't be so lucky, and you must not be impulsive anymore."

"I see, I am the one who caused everyone." Yang Yingying said softly.

Seeing the loss of the young lady, everyone sighed, but they had nothing to do.

The others also knew the situation here at this time. The people who saw the Tiantong Chamber of Commerce did not stop the Soul Destroying Lord, all sighed and shook their heads, feeling a little pity for the person who broke through in the vision.

A late-stage holy lord, even in Dongguang City, is a big man. It is really embarrassing to fall here because there is no one to guard.

Huh huh!

Under the leadership of the Soul Destroying Lord, this group of people came to the center of the vision in an instant. The closer they were, the more terrifying the breath that impacted on them, and the faces of many masters behind the Soul Destroying Lord showed palpitations. , What kind of person is this person? The breath fluctuations caused by the breakthrough are so great. Several of them are masters at the mid-level peak, and they can't bear it.

"Brother, I'm afraid we won't be able to get close, the evil door, how can the fluctuation of the Saint Yuan here be so terrible? There seem to be restrictions and formations in it, brother, what should we do next?"

One of them said with an ugly expression.

Feeling the violent energy fluctuations in front of him, he raised his head to look at the huge Saint Yuan vortex in the sky and the forbidden aura that looked like a scourge in front of him, and his face changed slightly as strong as the soul-destroying holy master.

He also came from this step, but when he was promoted to the late Saint Lord, how could there be such a big movement? I'm afraid that even one-tenth of the other party's can't be compared, even if he is allowed to bear the baptism of the Heaven and Earth Saint Yuan now, he is not much sure that he can pass it safely.

Who is this breakthrough? A casual cultivator, there is such a fluctuation? Either this person is talented, or there must be some heaven-defying treasure on his body to attract such a breath.

Thinking of this, the eyes of the Soul Destroying Lord showed blood slightly.

"Boss, it's too scary here, or let's start and leave quickly." Not far from the side, a mid-term saint's forehead was trembling with cold sweat, and it seemed to be extremely painful to be suppressed by the might of the world.

The expressions of other people were not easy either. As they approached, they felt something was wrong. The power of the law lingering around was thick and chaotic, making the power in their bodies a bit difficult and chaotic.

Hearing this, the Soul Destroying Lord's eyes flashed, and he said to the people behind him: "You guys stay here to prevent others from breaking in, and at the same time preventing someone from breaking out. The old man rushed into this restriction. It seems that this person His breakthrough is not over yet, so I take this opportunity to kill him."

When the voice fell, the soul-destroying holy master's figure shook, and he was about to tear apart the terrifying Saint Yuan impact, breaking into the formation and restriction in front.

With the cultivation base of his later saint master, breaking into this restriction may not be impossible.

However, just as he was about to break in, boom...

From the forbidden formation, an extremely terrifying aura swept out. The next moment, a figure shrouded in darkness suddenly appeared outside the forbidden, and this person's face was covered by a strange aura. I live, I can't see my face clearly, but the pupils of his eyes are extremely bright, as if everything is in motion, bursting into a penetrating chill.

As soon as this person appeared, his eyes fell coldly on the Soul Destroyer Holy Master.

"you....."

The Soul Destroying Holy Master was startled by this person who suddenly appeared. He looked at him, but his heart sank. The human body in front of him was flowed by the principles of the heavens, and it was clear that he had entered the realm of the late Holy Master.

Bad luck, actually came a step late.

The soul-destroying holy masters felt icy in their hearts. They never thought that their breakthrough would have ended before they even made a move.

wrong!

But all of a sudden, the Soul Destroying Lord and the others were all taken aback, because after this person appeared, the sacred element whirlpool in the void did not stop, still exuding mighty pressure and aura, madly absorbing the sage between heaven and earth. Yuan, and the moment this person appeared, the Soul Destroying Lord vaguely saw that there were a vast array of holy veins in the formation, densely packed, and I didn't know how many there were.

The breath of those holy veins is extremely magnificent, and each one has the level of the middle-grade holy main holy veins. At first glance, there are at least dozens of them.

hiss!

This kind of wealth immediately made the Soul Destroying Saint Master very excited. There were dozens of middle-grade Saint Master Saint Veins, even if he was assembled, it was only a fraction of the Saint Vein in this formation.

Could it be that it is not this person who is breaking through, but he is guarding others' breakthrough?  
wrong!

The Soul Destroying Holy Master stared at the person in front of him carefully, and immediately felt that although the late Holy Master aura on this person was very strong, it was very fresh. It was clearly a posture not long after condensing. Obviously, this person must have just broken through. It didn't take long for the late Holy Lord.

Could it be said that this person has set up some big formation here, or blocked some heaven-defying treasure?

No matter what the reason, just the middle-grade holy veins seen by the Soul Destroying Lord is enough to drive him crazy.

"Who is your excellency?"

The Soul Destroying Lord stared at the opponent coldly, and immediately asked coldly.

This was not someone else who appeared outside of the big formation. It was Xia Houzun, the first ghost formation saint master who broke through the late saint master. He felt that someone was about to interfere with Qin Chen's breakthrough, and he immediately walked out of the formation. His eyes were cold and he didn't answer. The words of the Soul Saint Lord were just staring at the opponent coldly, and said coldly, "Why are there always people who think they live too long and are eager to die?"

All the master masters he was staring at, gave out a chill from their hearts for no reason, as if something bad was about to happen.

#### [Chapter 3346: Ghost wand](#)

Just as everyone lost their senses, Xia Houzun suddenly raised his hand.

Accompanied by the sound of scoffing, in this torrent of Saint Yuan, a series of weird lights suddenly rose up, and the lights were faint, turning into a series of sharp blades, shooting towards the soul-destroying saint master and others. Come.

"No, hide away!" someone yelled.

But the speed of the Blade of Light was so fast that it didn't wait for the time for these people to react before it hit him.

Although there are strong men who instinctively transported the Saint Elemental Barrier, these Saint Elementary Barriers were as paperless in front of the power of this formation, and could not withstand a single blow.

The dazzling array of light passed by, and the holy lord's muffled sound was heard.

There was no blood splattering, but the expressions of those holy masters changed greatly when they looked around.

Because the body of the companion next to him was cut apart in an instant, the whole person was cut into dozens of different sizes in an instant by countless bursts of light, and his eyes were panicked, and he had not had time to react even now.

Puff puff!

Until now, a dull tearing sound rang out, blood and laws flying across, amid the screams, many masters under the Soul Destroying Lord's command split instantly, and the whole person burst open and turned into blood. The fog was strangled into nothingness by the terrifying breath of Saint Yuan.

This frightening scene made everyone present horrified, trembling with horror.

Onlookers from a distance, the warriors who hadn't stepped forward saw this scene, and they all sucked in air-conditioning, and they couldn't help feeling chills.

The soul-destroying holy master and other people are coming violently. They were supposed to destroy the opponent's breakthrough, but unexpectedly, there will be masters from the breakthrough place before they make a move. With their fingers, they will slash the soul-destroying master's many masters. Killed half, this kind of accident naturally makes everyone feel chills, and the higher behind the Soul Destroying Lord is even more terrifying.

This is not over yet. Immediately after the light, the Holy Master of the Ghost Array continued to make a move, swept his hands, and instantly swept over countless restraining powers. For the remaining Holy Masters, before the attack, the fierce aura was already forced. Many people backed away one after another, their faces pale and sweating all over.

"The power of the formation? Are you a formation mage?"

The face of the Soul Destroying Saint Lord changed, and the opponent's fingers spurred a lot of array forces. What is it not an array mage? It's just that near Dongguang City, when did a late-stage saint master-level master formation master appear?

His heart was awe-inspiring, but his expression was suddenly solemn. With a low drink, an invisible and strange aura was instantly permeated in his thin body. The black aura exuded a hideous soul light, enveloping him.

Immediately, a series of terrifying black streamers appeared in his body. These black streamers were extremely cold and cold. Just perceiving them, it made people feel as if they were covered with cold poisonous snakes, covered with hair, and the soul was shocked.

This is the unique method of the Holy Master of Destroying Souls, and it is also the origin of the name of the Holy Master of Destroying Souls. This kind of weird energy can attack human souls, shatter the souls, and be extremely vicious.

At this moment, countless black streamers swept across and collided with the formation induced by the Holy Master of the Ghost Array.

Boom!

A series of roars resounded through the world, and the countless black streamers blasted by the Soul Destroying Lord were instantly strangled by the light, but at the same time, the sky light was also blocked, and it was not able to remain like before. The Holy Lord under the beheaded.

"Your excellency is a cruel method. As soon as I shot it, he killed my master. The method is cruel. Now the old man suspects that you are breaking through here. You have ulterior motives. It is most likely that you are a spy of a foreign race. There is still a way to survive, otherwise the old man will walk the way for the sky today and kill you wicked person here."

The Soul Destroying Lord screamed, and suddenly a scepter appeared in his hand. The scepter had a black skull on its head, and the ghostly light radiated from the pupils of the scepter. It was lifelike, like a ghost in the nine ghosts, extremely terrifying .

He urged Sheng Yuan, and the black skull suddenly emitted a faint black light, and the sound of ghost crying and howling reverberated here, making it feel like being in \*\*\*\* in an instant, with a cool breeze.

The waves of black light merged with the breath of the Soul Destroying Lord, causing his strength to skyrocket suddenly, looking extremely powerful.

Oh oh oh!

Amidst the howling ghosts, terrible black streamers quickly wrapped towards the Holy Master of the Ghost Array, trying to wrap him up instantly.

Upon seeing this, the holy master of the ghost array condensed slightly, but the corners of his mouth outlined cold murderous intent.

"Dare to destroy the young master's breakthrough, I think you are impatient to live."

He shouted coldly. Suddenly, the divine rainbows in his pupils bloomed out, booming, in the vortex of the holy origin, the dark rays of light burst out again, these rays of light, It shrouded the void in an instant, forming a unique field, which obviously prevented the attack of the Soul Destroying Lord from affecting the outside world.

At the same time, in the hands of the Holy Master of the Ghost Array, countless dark array of light power swept out once again, and his whole person became gloomy, like Yan Luo coming out of purgatory, wanting to dominate life and death.

boom!

The attacks of the two sides collided once again, countless black streamers, and instantly enveloped the Holy Master of the Ghost Array, bombarding his place into nothingness.

"Ok?"

The Soul Destroying Holy Master's gaze was stunned, and his eyes were full of surprise. It seemed that he did not expect to kill the Ghost Array Holy Master so easily. He knew the power of this holy treasure by himself, and he attacked the powerful and mysterious. With the secret technique he cultivated, it is not impossible to seriously injure other late-stage holy masters, especially the power of soul destruction, which is his assassin.

However, directly blasting a late-stage saint master still surprised him a bit.

But, for some reason, there was an inexplicable throbbing in his heart.

And the subordinates behind him, seeing this scene, all smiled, each excited, excited by the powerful strength of the soul-destroying brother.

It's just that their laughter hasn't stopped, just not far from them, a figure suddenly appeared, who is not the holy master of the ghost formation?

"The pearl of rice also shines?"

The ghost array holy master sneered. After his breakthrough, the ghost king Fengdu array became more mysterious. After his fall in the realm that year, this array could confuse the average late-stage holy master. Now his cultivation base has broken through, and his strength has increased several times. How can it be easily beheaded by this Soul Destroying Holy Master?

"what?"

The Soul Destroying Lord's eyes widened, his face looked incredible.

"It was you before, now it's my turn."

The voice of the Holy Master of the Ghost Array fell, and the body suddenly disappeared. The next moment, countless arrays of light rose up, and the whole void was ghostly, as if it had fallen into eighteen layers of hell.

Huhuhu!

Countless arrays of light turned into a gloomy black streamer, and instantly besieged the Soul Destroyer Holy Master.

[Chapter 3347: Another one](#)

"what!"

These black streamers are extremely cold and can swallow the holy yuan. After wrapping the soul-destroying holy master, they begin to corrode the holy yuan on his body, and even affect the power of his soul. He screamed, and endlessly spread from his body. The pain was shocked and angry in my heart.

"Soul Refining Ghost Wand! Break it!"

He screamed bitterly, and on top of the skeleton scepter in his hand, a violent halo suddenly burst out. Behind his body, a dark ghost rose up, tearing apart the black streamer that envelops him. Then, the whole person broke out of the siege of light.

It's just that his robes are already torn, and he is extremely embarrassed and miserable.

"Damn it!"

The Soul Destroying Lord stared sadly at the Ghost Array Lord, his heart was frightened, and he was almost taken down by the opponent just now.

Seeing the miserable appearance of the Soul Destroying Lord, all of his subordinates were terrified.

"Huh? You actually broke away from the big formation of this seat?"

The ghost array holy master frowned, this soul-destroying holy master had two shots, and he could actually tear his formation.

He smiled coldly, just about to continue his head, but suddenly, frowning, turning his head to look into the depths of the forbidden formation, suddenly there was a smile on the corner of his mouth.

call!

Then everyone saw that from the center of the sacred vortex, amidst the barriers of the formation, another figure came out. This figure was shrouded in hot flames, like a \*\*\*\* of flames. Going out of the sea of heaven and earth triggered the flame rule avenue of heaven and earth.

Another master of the late saint master!

Feeling the breath of this person, the soul-destroying saint's heart chills, and his heart is violently shaken.

The others were also dumbfounded.

Oh my God.

what the \*\*\*\* is it? In the whirlpool of vision, it turned out not to be a late-stage holy master, but two? Are two masters breaking through at the same time?

Rely on!

When thinking of this possibility, these people are going crazy.

The birth of any late-stage saint master is enough to create a top-level power. It is extremely rare and rare for thousands of years. But now, there are actually two late-stage saint masters appearing at once. This kind of scene, the presence Everyone was shocked.

"Old ghost, your strength is not good. You haven't been able to kill these people who destroyed the breakthrough of the young master for a long time. No wonder you used to be so embarrassed when you were in other heavens."

The flame figure walked out, chuckled softly, so proud, naturally the fire was old.

Huo Lao's cultivation base is second only to the Holy Master of the Ghost Array, naturally a little later than the breakthrough of the Holy Master of the Ghost Array.

"You can do it."

The Holy Master of the Ghost Array said to the burning old man with disdain, extremely unhappy in his heart.

"I will come when I come, old ghost, look up, see how I kill people."

The old Huo voice fell, and his body suddenly moved.

boom!

The flames bloomed like a thunderbolt on a sunny day, and a flame figure flashed, suddenly appeared in front of the Soul Destroying Lord, and pressed it down with a palm.

Cang Dang.

The sky and the earth roared, it really was a punch. The sky and the earth were cracked. The fire old attack was completely different from the cold and cold of the holy master of the ghost array. It opened and closed, and was extremely violent, like a lit explosive barrel, bursting in an instant, and the sky-shaking flames flooded. Being a fire dragon, violently bombarded the Soul Destroyer Saint Lord.

"Damn, what the \*\*\*\* is going on?"

The soul-destroying holy master is going crazy, he just wants to take advantage of the breakthrough, how can he suddenly provoke two late-stage holy masters, and what frightens him is the mouth of the old man and the holy master of ghost formation. Young master, who did he provoke?

It's just that at this moment, he can no longer think too much. The spirit refining ghost rod instantly stopped in front of him. With a bang, the endless flame aura swept down, and his holy yuan was like a raging fire cooking oil, instantly burning, screaming and screaming. .

Buzzing!

On his body, soul light flickered, resisting the invasion of the law of flame with difficulty.

But the screams of the Soul Destroying Lord shocked the subordinates behind him. These people looked in horror, and then saw a body that was as hot as the scorching sun and plunged into their bodies. A vast ocean of fire swept over, swallowing them instantly.

"not good!"

These guys looked horrified and yelled in anger, and they wanted to disperse.

"Hey, you guys should be the spoils of the old man's breakthrough first. The flames go through the sky and burn!"

boom!

The endless flame is swallowed, how can these people evade the old flame rules and burn all over their bodies. This flame contains the supreme flame rules. When it falls on them, not only the body is ignited, but also the soul and the holy yuan It started to burn and it could not be extinguished.

Puff puff!

In an instant, the rest of the masters under the command of the Soul Destroying Lord screamed one by one, turning to ashes under the flames, and there was no bones left, only the space ring and the crystal of origin were left, and they were instantly income by the old man. Hands.

"Damn it, the old man is at odds with you."

The Soul Destroying Lord rushed out of the flame rules of the old fire, and he saw the scene of his masters falling one after another, and he suddenly cracked and roared in anger.

But endless fear also emerged in his heart. The two great late-stage holy masters, he turned his head and looked around with a grim face, and he couldn't help but hum...

At this moment, the masters he brought with him were dead, and there was no one left.

And the two late-stage holy masters, one after the other, surrounded him in time, with a playful look in their eyes.

This feeling of cat playing with a mouse was only felt when he molested others before, but he did not expect to become that mouse at this moment.

Two late-stage holy masters who just broke through, do you really think you are scared?

He was fierce in his heart and looked at the forbidden formation. From the conversation between the ghost array holy master and the old man, he heard that the two seemed to guard the breakthrough of the young master, as long as he could destroy the breakthrough of the young master. To capture that young master will surely make these two people lose their position.

Thinking of this, the Soul Destroying Lord's gaze condensed, and he glanced at the two of them bitterly, then turned around, and then flew outward, as if to escape from here.

When the ghost array holy master and Huo Lao saw this, they flickered and immediately surrounded them.

The Soul Destroying Holy Master was overjoyed. At the moment when the two of them left, he turned his head and swooped up against the formation restriction. At the same time, the spirit refining wand in his hand aimed at the restriction formation, which was a vicious split. Fell down.

"Hmph, capture your young master first, and then come to deal with you." Soul Destroying Saint Lord is stubborn.

It's just that as soon as he started doing this, the whole body flashed a wave of light, and countless arrays of light instantly bound him. At the same time, a sea of flames rose behind him, blocking his retreat. , It was Huo Lao and the Holy Master of the Ghost Array that were making the shots. As for the formation restriction in front of him, there was no blocking.

### [Chapter 3348: What a beautiful knife](#)

The Soul Destroying Lord was shocked. He saw the mocking smile blooming in the eyes of Huo Lao and the Ghost Formation Lord. He seemed to have known that he did this normally, but he didn't prevent him from attacking the forbidden formation. Isn't he afraid of killing him? Is there any young master inside?

As soon as he thought of this, he felt a sudden chill in the surroundings, and the Soul Destroying Lord fought a cold war for no reason, and a breath of death pounced on his face.

After a long battle, the Soul Destroying Lord realized that it was not good, and suddenly shouted, the thick black energy gushing out of his body again, wrapping him up, trying to resist the killing intent from nowhere.

Immediately after finishing all this, the Soul Destroying Lord saw that a sharp knife light was lit up in front of the formation restriction. The man holding the knife light was a magnificent strong man, and his body was filled with the breath of the late Holy Master. From that forbidden formation, he violently shot, the sword shined through the sky, tore the void, and came to his eyes in an instant.

"It's another late-stage holy master, what the \*\*\*\* did I provoke?" The soul-destroying holy master's eyes were almost protruding, and he couldn't help but make a loud noise.

What he has seen and heard today is beyond his lifetime experience.

First, it's fine to meet a late-stage holy master who is proficient in the formation. Although the master of the formation is rare in the heavens, it does not say that it is impossible to meet, but then, there is actually a later-stage holy master who practices rules. Look at the breath. It seems that it didn't take long to break through the late Saint Lord.

But now, from that formation space, there is actually another late-stage saint master who has been killed. What makes the soul-destroying master mad the most is that the late-stage saint master before him seems to have just broken through. Still very fresh.

Did he break into the lair of the late saint master?

What the \*\*\*\* is in this formation restriction.

The Soul Destroying Lord was completely shocked.

At the moment he was frightened and frightened, the sword aura of Mu Zhifeng, the sword king, had already slashed out, and the terrifying sword aura, as if crossing the distance of the void, came straight to him.

This knife contains the lifelong knack of the sword king Mu Zhifeng. At the moment of his breakthrough, he was attacked by foreign enemies. Under the blessing of his soul, he actually mastered the supreme knack of the sword like a god, and realized the meaning of the empty sword. What a trick.

puff!

A sharp blade of light passed by, like dreams, drunken lives, dreams, and death. The Soul Destroying Lord was completely immersed in this sword. This sword, as if not in this void, like a dream, he wanted

to break free, but in the ghost array Under the shackles of the Holy Lord and Huo Lao, he couldn't move at all, and could only let the light of the knife pass his body.

call!

The sword king Mu Zhifeng fell with a knife and stood with the sword in his arms, maintaining this proud posture, as if he had never shot.

On the opposite side, the Soul Destroying Lord stood dazedly.

"What a beautiful knife!"

His body was stiff, and he murmured, puff, the top of his head was suddenly splashed with blood, like a fountain, with the splash of blood, the body of the Soul Destroying Lord suddenly split into two, and the remnant body was red. The blood was constantly surging, and the five internal organs were scattered, and then under the knife gas, a little bit of annihilated into nothingness.

The soul-destroying saints who had troubled Dongguang City and the East Heaven Realm, the void and tide sea for many years, died unclearly.

"The two of you are really useless. You almost let this person ruin the young master's breakthrough."

The sword king Mu Zhifeng stood holding the sword and said coldly, as cold as a statue.

In that formation restriction, there was even more earth-shattering aura, as if there was something terrifying, and a boundless big move was brewing.

In the distance, the onlookers were in an uproar.

Everyone's eyes widened and looked at what happened in the distance.

Although they couldn't see clearly because they were too far away, and didn't know what had happened, the deaths of the dozens of master masters and the fall of the soul-destroying masters were really true.

Such a strong visual impact made them feel like a ghost in the day. Everyone couldn't believe what they saw, and some people kept rubbing their eyes, as if they wanted to see more clearly.

"The Soul Destroyer... is dead?"

After a long while, someone murmured and asked, the tone was so uncertain.

"The Soul Destroying Lord is really dead, killed by the two masters who came out of the forbidden formation."

"No, no, no, the Soul Destroying Lord was not killed by those two masters, but by another powerful swordsman who walked out of the forbidden formation."

"Yes, the aura on these three people is too terrifying, the late-stage holy masters are definitely the late-stage holy masters, who are these people? Three late-stage holy masters, am I dazzled? Or crazy."

"The Soul Destroying Lord still wants to take advantage of someone else's breakthrough. The other party has three late-stage holy masters guarding them. It's really looking for death by themselves. Fortunately, we didn't pay attention to the restriction formation just now, otherwise..."

Many onlookers trembled all over, shivering constantly, and secretly rejoicing, quite a feeling of escape.

Not to mention the three late saints, even if there is only one, they will only have to wait to die.

Perceiving the vision here is not alone in the promotion and breakthrough, but after the later saint masters secretly guarding, how can these onlookers dare to stay in place? Almost after discussion, Qi Qi withdrew thousands of miles back, watching from a farther position, for fear of annoying the three masters who killed the Soul Destroyer...

Even the strong like the Soul Destroying Lord will kill if you kill them. If you change to them, it will be even more deadly. There can be three masters guarded by the late Holy Lord, even in the strong Dongguang City. Be respected by many top powers.

The only thing they want to know now is who the other party is.

On the other side, a group of people in the Tiantong Chamber of Commerce were also dumbfounded.

When the Soul Destroying Lord and the others passed by, they were violent, but no one thought that the final outcome of those people would be the annihilation of the entire army.

"The three late saints, we still want to win each other, this is really..."

Yang Yingying showed a bit of bitterness on her face, and shook her head. She thought that the other party was just a casual cultivator. Even if she broke through the late-stage holy master, she wouldn't have any power to back her. Maybe she could win them to the Tiantong Chamber of Commerce, but who ever thought, The other party turned out to be such a terrifying behemoth.

Such a character, how would he care about their wooing by the Tiantong Chamber of Commerce.

"Old Feng, do you recognize these three? This class of masters will certainly not be unknown in the Void Tide Sea. Although our Tiantong Chamber of Commerce looks down on the other side, if we can get to know it, it might be an opportunity ."

Yang Yingying's beautiful eyes burst out with strange light, staring at the old three of Huo in the distance, and asked a little excitedly.

#### [Chapter 3349: None of them are right](#)

Originally, she wanted to win the opponent, but now, she knows that it is impossible to win the opponent. In the eyes of such masters, although their Tiantong Chamber of Commerce is an old force in Dongguang City, it is nothing at all, but even if they can't win , If it can

Get acquainted with the other party, maybe there will be some cooperation someday in the future. Hearing her question, the other masters of the Tiantong Chamber of Commerce all looked towards Feng Lao. Feng Lao is the master who has followed the President for the longest time, and is also the steward of the Tiantong Chamber of Commerce. He has traveled north and south for tens of thousands of years, and even other heavenly realms. Have been there many times, although

The cultivation base is only the mid-term peak holy master, but in terms of knowledge and knowledge, I am afraid that no one in the entire Tiantong Chamber of Commerce can be stronger than him. Facing everyone's gaze, Feng Lao frowned slightly: "Miss, one of these three is a top-level formation mage, the other is a late-stage fire master, and the last is a swordsman. Although there are many near us, Dongguang City Master, but no

It's totally right. "

"None of them are right?" Yang Yingying asked in surprise.

"It's not completely wrong. For example, this is the first late-stage holy master master who used the formation technique. I have some late-stage holy masters in Dongguang City, but the formation mage is extremely rare, but there is no one who can correspond to this person. "I've heard of one person. The ghost array holy master of the southern heaven realm can match this person to a certain extent in the formation and realm. It is just that the ghost array holy master fell and fled after breaking through the late stage holy master. When I arrive at Dongguang City, I am always alone.

In the past, it was extremely difficult to repair this kind of state drop, and more importantly, the old man of the ghost array saint master had also seen it, and there were still some differences with this person.

"A holy master master, it is very simple to conceal his appearance, and even to a certain extent, he can conceal his breath, but when he really fights, he will inevitably perform his own tricks, but this person has previously released Breath, me

It feels very strange. "Furthermore, these two fire masters, the fire system is one of the most perennial laws in the heavens. There are countless masters who practice the laws of the fire system, and even the top craftsmen basically have unique knowledge of the fire system, but Analyze the Dongguang city carefully

Inside, there are not many famous fire masters, and they seem to be easy to match, but they are almost not in line with this person. "

"It's the Giltfire Fort in the Void Tide Sea. It is rumored that there are many masters of the fire element, but there are no masters of the formation in the Giltfire Fort. It is obviously impossible for the three people to come from the Fortress!"

"As for the third master of swordsmanship, there are more people practicing swordsmanship in the heavens, and the old man is even more clueless."

Feng Lao smiled bitterly and shook his head. Hearing Feng Lao's words, Yang Yingying and others also showed thoughtful expressions, and after a long time they shook their heads and said: "It seems that it's not the local forces near my Dongguang City, but the outsiders, otherwise as long as they are Master of Dongguang City, how old is Feng?

You can also hear about one or two. "

The others nodded when they heard it.

It's just that they are also very puzzled as to why there are outsiders breaking through here, which is totally unreasonable. Not only Yang Yingying and the others were puzzled, but the other warriors who were onlookers were also confused, especially now that they can see that the vision of heaven and earth

here has not disappeared, Huo Lao and they seem to be guarding something in the forbidden formation. Not in mind

You are more curious, who is breaking through in this forbidden formation?

Could it be the young master and the heavenly arrogant among the top forces in the heavens that can be guarded by the three late saint masters?

As they were thinking about it, everyone heard a sound of laughter, and from that forbidden formation, another master unexpectedly came out.

This is a pitch-black master, exuding a weird soul aura, and tyrannical auras of the late saint master diffused out of him, giving people a strong shock.

"It's another late-stage holy lord, is this person guarded by their three masters?"

Everyone's eyes widened, and excitement emerged in their hearts. They wanted to see the person's true face, but it was a pity that this person's face was also enveloped by a unique aura, and he couldn't see the true face at all.

"No." Immediately, everyone was shocked again, because with the appearance of this pitch-black master, although the vision between that day and the earth shrank a little, it did not completely disappear. In the forbidden formation, there was still terror. Surging, it seems that

Someone is breaking through.

Rely on!

These people are all going crazy, is there anyone in this forbidden formation? This black person is also guarding?

Sure enough, everyone saw the man in black standing with the three previous masters of the late saint masters, guarding them outside the forbidden formation.

The four late-stage holy masters, like the four heavenly kings and four door gods, guard the four directions and block some foreign enemies.

This posture stunned everyone.

boom! And in the shock of everyone, the Saint Yuan between the heavens and the earth suddenly became violent. The horror of the aura, as if to attract the Saint Yuan in this 100,000-mile void, everyone felt the world around him. Shengyuan, in Xun

Disappeared quickly, condensed into the forbidden formation.

At the next moment, the Saint Yuan vortex, which had been spinning over the restriction formation, suddenly rushed into the restriction formation below.

Boom boom boom...

The sky vibrated and the void buzzed. The huge Saint Yuan vortex and the restraining formation were quickly combined together. Unimaginable heaven and earth powers followed the vortex and crazily poured into the restrained Qin Chen's body. !

"Hey!"

The heavens and the earth roared, and everyone felt a pressure from the soul, descending, as if the heavens were all surrendered under the breath of the other side.

"It's impossible!" Feeling such a breath, Feng Lao and the others all exclaimed, showing amazement.

This breath is too terrifying, unprecedented, they have never felt such an astonishing breakthrough pressure, and it seems that the heavens have been suppressed, how can there be such a person in this world? In the forbidden formation, Qin Chen and You Qianxue's breakthrough also reached the final critical moment. Om, the bodies of the two men were remodeled, and the body of the moon \*\*\*\* lingered. Realm, in an instant, all stepped into

To the mid-term Saint Lord realm.

Happiness! Dozens of middle-grade holy veins burst together, and countless holy origins crazily poured into their bodies, and when Qin Chen and You Qianxue broke through, a terrifying void storm struck out, like Like a tsunami, moving in all directions

All directions spit.

"Miss, be careful."

Feng Lao's expression changed, and many masters of the Tiantong Chamber of Commerce hurriedly took action, blocking Yang Yingying's face, all showing horror.

Many warriors in the distance also retreated one after another, their expressions frightened.

boom!

The endless breath dissipated, and in the middle of the explosion, two figures slowly walked out, turning out to be a man and a woman.

"Haha, congratulations to the young master, congratulations to the young lady." Huo Lao and others felt the aura of Qin Chen and You Qianxue, and they all showed surprise, and they saluted respectfully, excited.

#### [Chapter 3350: Finally saw](#)

Saw it, finally saw it. At this moment, Yang Yingying and others all looked up in shock, and finally saw Qin Chen and You Qianxue in the crowd. The endless aura disappeared. The two figures looked very young, but the aura on the two of them was impressive. A strong pressure

The feeling of pressure, like this heavenly way, made everyone afraid to look at it.

hiss! Many people were shocked and looked at the front in disbelief. They did not expect that these four late-stage holy masters were guarded by these two seemingly young powerhouses, although they could not see the cultivation of the two. How, but exudes

The breath frightened everyone extremely.

"It's not easy to break through."

Qin Chen and You Qianxue glanced at each other and smiled slightly at each other. In order to break through the mid-term Saint Master realm, Qin Chen didn't know how much energy was spent until he finally managed to break through after encountering the Heavenly Dao Divine Pill of the Space System and the Origin System.

In order to make a breakthrough, the nearly fifty middle-grade holy master veins that Qin Chen had hardly earned before, also consumed seven or eighty-eight, almost nothing left.

But even so, what Qin Chen felt at this moment was endless excitement. Especially looking at the four ghost array holy masters who have broken through the late-stage holy masters in front of them, they can't help but smile, and they can make money without the resources. Now that there are a few ghost array holy masters, Qin Chen is against Tianwu Danpu and Chendi Ge is completely relieved, in his own

After going to the Southern Heaven Realm, as long as Palace Master Yaomie didn't do it himself, he didn't need to worry about the safety of Chendi Pavilion.

"Yes, all of you are good." Qin Chen nodded in satisfaction and looked at the four ghost array holy masters. Originally, in Qin Chen's calculations, it was reasonable for the ghost array holy masters to break through the late-stage holy masters after the original source was restored. But Huo Lao and Dao Wang Mu Zhifeng have only half the probability of breaking through.

And Xingtianya, the ancestor of Wuhun, only has a chance of less than 30% to directly break through.

These three people need at least dozens or hundreds of years of consolidation before they can break through. But what Qin Chen didn't expect was that the formation ban he had placed was surprisingly effective. Under the guidance of the ghost array saint master's breakthrough breath, like a chain reaction, the four masters all broke through the late saint master and became Qin Chen is the most solid now

power.

"Thank you, Master, and Madam, if it wasn't for Master, I wouldn't be able to break through." Huo Lao and others said excitedly.

The late Saint Lord, it was almost their dream in this life, and this dream came so suddenly that they themselves couldn't believe it and were very excited.

"Hey, these two people seem to be a little familiar..."

At this moment, where the Tiantong Chamber of Commerce was located, Feng Lao suddenly frowned.

"Old Feng, do you know them?" Yang Yingying and others looked over in shock.

"Not knowing, but a little familiar. These two people, let me think about it. When I think about it, they seem to be the same as the newly opened Pill Pavilion in Dongguang City not long ago. Yes, Tianwu Danpu, the medicine in Tianwu Danpu. The masters are very similar..."

Old Feng suddenly thought of something and said suddenly.

Everyone in the Tiantong Chamber of Commerce looked over in shock, Tianwu Danpu? They have also heard of this force. A few days ago, Tianwu Danpu made alchemy for free in Dongguang City, and there was a lot of noise, and their Tiantong Chamber of Commerce naturally knew about it. "Feng Lao, but I also went to the Chamber of Commerce that day, and I was in the queue and exchanged three furnaces of medicine for the Chamber of Commerce. There were three people in Wudan Shop that day. Except for a young master alchemist, there were indeed A woman who specializes in delivering materials and pills

, There is a shopkeeper, the age seems to be right, but there should be some difference in breath?" A master questioned.

"There is indeed a difference in breath, but when I look at people, I have a unique intuition. I can feel that these two people are somewhat similar to the two in Tianwu Danpu. Of course, I am not sure." Feng Lao frowned.

This is his unique ability, and it is also where his trump card lies, but it is placed on Qin Chen, and he is puzzled again.

"Look, the other party is coming towards us."

Suddenly, a master of the Tiantong Chamber of Commerce screamed nervously, and everyone turned around hurriedly, and saw the mighty figures flying towards them.

"Miss, Feng Lao, what should we do now?"

The four late-stage holy masters, and two top masters with the same terrifying aura, these six people are slowly approaching, where can they be eaten, tension and cold sweat are coming out, and the whole body is weak.

Yang Yingying swallowed, her heart was also nervous. She squeezed the sweaty palms and said: "Don't be nervous, we didn't do anything before. These seniors shouldn't do anything to us, at most they are questioning. That's it."

When the voice fell, Yang Yingying looked up.

At the same time, Qin Chen and his party approached with a smile on their faces, Qin Chen's eyes and Yang Yingying's pupils suddenly looked at each other, like a Wang Shentan, blooming with the luster of an endless road.

On the other side, Yang Yingying was moved by Qin Chen's gaze, and she screamed, her Jiao body involuntarily stepped back several steps, her face pale.

"Miss!" The boss of Feng was shocked and hurried to Yang Yingying's side, stretched out his hand to support her, and asked with concern: "Miss, what's wrong with you?"

He didn't notice what Yang Yingying did just now, and he didn't know what happened to her.

There was a thin layer of cold sweat on Yang Yingying's forehead, she shook her head, and said: "I'm fine, don't talk, a few seniors are here."

When the voice fell, Yang Yingying stepped forward and immediately bowed and saluted, saying: "Junior Yang Yingying, I have met several seniors."

Qin Chen and others stood firm in front of Yang Yingying's group of people, and the terrifying aura that naturally escaped made Yang Yingying and others pale, their bodies swayed, and they could not stand firmly. This kind of coercion, even if the father is here, you have to feel palpitations. After all, there are six top masters on the opposite side. Although your father is a late-stage holy master, if you really want to fight, I am afraid it will be like the previous soul-destroying holy master. Same, basically support  
It won't last long.

Thinking of this, Yang Yingying's expression couldn't help but become more respectful.

"Are you from the Tiantong Chamber of Commerce?" Qin Chen chuckled lightly. Although he was breaking through before, all the movements of the outside world could not escape his perception, and he naturally knew what was happening outside.

"Yes, the juniors and others are from the Tiantong Chamber of Commerce. They offended several seniors. Please forgive the seniors, and the juniors will leave now." Yang Yingying kept reminding herself not to be nervous, but her body still became nervous involuntarily, her face flushed. , Her voice trembled, her delicate body shook, and she was uncomfortable, especially when Qin Chen's eyes fell on her body, which made her feel like being watched all over her body.
