[Chapter 3371: Top space magic](#)

It's just that as soon as the old man's heart was let go, he saw that the corner of Qin Chen's mouth covered by his flying bowl suddenly formed a sneer, and his eyes suddenly became extremely clear, and he did not appear to be confused at all.

"not good!"

Huang Yunsou's heart immediately felt a strong anxiety. He didn't know where the anxiety came from, but he instinctively felt that it was not good. He immediately shouted, "Everything."

As his voice fell, the casual cultivators behind him showed fierce expressions and rushed forward.

It was a pity that it was too late, and strong anxiety just emerged in the old man Huang Yun. When he didn't drink well, Qin Chen had already caught Huang Yun old man's place.

"Om!"

A terrifying space force suddenly wrapped up, Huang Yunman only felt a strong space-binding force enveloped him, and the next moment, he was shocked to find that his entire body was already unmovable.

"Space supernatural power, and it is also top-level space supernatural power."

There was a strong shock in Huang Yunsou's heart, and what shocked him was not that Qin Chen displayed the supernatural powers of space, but that Qin Chen, a person who was not a late-stage holy lord, had displayed the supernatural powers of space that could trap him. How terrible is Qin Chen's spatial attainments?

He was horrified in his heart. While trying to break away from Qin Chen's space supernatural powers, he frantically urged the flying bowl. As long as his flying bowl trapped Qin Chen, Qin Chen would be the turtle in his urn.

But as soon as he started urging his flying bowl frantically, Old Man Huang Yun saw Qin Chen face the flying bowl he was displaying, and suddenly blasted out with a punch.

"Killing Fist!"

This punch of Qin Chen directly spurred his strongest killing fist, and the endless killing aura swept through, Qin Chen's double fists bloomed with a mighty and ancient aura, and the terrible power almost exploded the void in an instant. Open.

The old man of Huangyun has traversed the Void Tide Sea for countless years, and this is the first time someone dared to bombard his flying bowl with his fist. His flying bowl is the top sacred treasure. How could his body resist it?

As soon as he came up with this idea, he heard a violent roar. Qin Chen's fist and his flying bowl had already smashed together firmly. There was a loud noise, everyone only felt the roar of their minds. , Dizzy, the sound of Qin Chen hitting Feibo with his fist was terrifying.

Those San Xiumen who were following Huang Yun, who were about to pounce directly, heard the terrible sound, and their minds were trembling, and they accelerated to pounce, but You Qianxue's body swayed, but stopped them. Before the person.

"Go away!"

These people roared frantically and used magical powers at You Qianxue one after another. In an instant, countless attacks turned into a torrent of water rushing to You Qianxue, all of them were to be wrapped in You Qianxue, but You Qianxue's body suddenly became transparent, like Melted into this void, the whole person turned into moonlight, puff puff puff, countless attacks swept across her body, and did not cause her the slightest harm.

This is the horror of Taiyin Hollow Spirit Body and Moonlight Divine Body. Originally You Qianxue's Tai Yin Hollow Spirit Body is already terrifying. When You Qianxue just broke through the Holy Lord, it was enough to fight against Palace Lord Xueyang and others. Now it breaks through the mid-term Holy Lord. Her Lunar Sky Spirit Body and Moonlight Divine Body were more perfectly presented.

Today's You Qianxue can arbitrarily transform between false and real, unless it is a master of the saint master level in the later stage, or a warrior at the peak saint master level in the mid-mid stage, does not even have the qualification to harm her.

"cut!"

You Qianxue's body is ethereal, like a nine-day goddess descending, a sharp ice sword suddenly appeared in his hand. This sharp ice sword was actually condensed by the rules of the ice and snow of the Taiyin. It was cut out with one sword, and the void was frozen. Those casual practitioners The opponents of You Qianxue were cut and flew out one after another, and even a few people were wiped out by the icy air, and directly turned into solid ice, exploded in the void, leaving no bones.

too strong.

You Qianxue alone, against dozens of mid-term peaks and masters close to the late-stage saint master level, is able to fly easily and easily.

On the other side, Huang Yunsou's flying bowl was struck by Qin Chen's fist. The flying bowl trembled violently and flew upside down. It trembled constantly. The power of the holy treasure on it was shattered instantly. The light dimmed.

Huang Yunsou, who was controlling the flying bowl, was immediately backlashed, spouting a mouthful of blood, and the strong backlash shook his soul sea for waves.

There was an unprecedented shock in his heart, and he knew immediately that it was not good. Which mid-term peak holy master could knock his cymbals back at once? But at this moment, he was completely in Qin Chen's space supernatural power, and he couldn't even move at all.

Qin Chen shook off his flying bowl with a punch, and his figure flew by in an instant. At the same time, it came with a punch.

"Hurry up."

Huang Yun's heart was truly horrified. He frantically brought out his other flying bowl, trying to resist Qin Chen's attack, and at the same time let out a stern scream at the depths of the valley.

With his roar fell.

In the mist of the valley, a terrifying holy light suddenly rose, rumbling, and countless arrays of light swept across the valley suddenly, and suddenly rushed out of the mist. A few silhouettes.

The leader of these figures is the burly man from the previous void bandits, who is called the second brother by the eagle-falcon man. His body exudes a terrifying and tyrannical aura, his eyes staring like copper bells. , Holding a pair of giant hammers in his hands, sneered at Qin Chen and smashed them.

And behind this burly man, there is a group of extraordinary bandits, each of these people is extremely fierce, although the cultivation base has not reached the level of the late saint master, but they are almost the same, each holding their weapons and beheading them.

"Old Mu, stop these people." Qin Chen snorted coldly.

The sword king Mu Zhifeng sneered and said, "Master, leave it to me."

boom!

The sword king Mu Zhifeng suddenly rose up with a sword intent to the sky, and aimed at the burly man and smashed it down.

But after Qin Chen gave a command, the fist surging with the terrifying wild ancient aura has once again blasted on the other flying bowl of Huang Yunsou.

"Crack..."

Once again, the terrifying loud noise blasted in my ears, and the other side of the cymbal was also smashed and flew out, the holy light was dim, and it was backlashed by his own holy treasure twice in a row. I already knew in my heart that he was not Qin Chen's opponent at all. The pharmacist at Tianwu Pill Shop was too terrifying. He had never seen such a terrifying pharmacist.

[Chapter 3372: Stay too](#)

"stop....."

Seeing Qin Chen's double fists smashed over again, he hurriedly shouted, really can't figure out why the other party faced his flying bowl's soul attack without any influence.

How could Qin Chen stop? After smashing the two cymbals with both fists, he did not slow down and grabbed the Huang Yun's throat.

He seemed to know that his yelling was useless. After Huang Yunshou yelled the word stop, a light mask suddenly appeared on his body, which seemed to be some kind of defensive treasure. At the same time, he finally started to break away from Qin Chen's supernatural power , It's just that his figure hasn't escaped from this space, Qin Chen's palm has already been reached.

Hearing a loud roar, Huang Yunsou watched as Qin Chen's palm shattered his Saint Yuan mask, and then fiercely grabbed his neck.

"what!"

The old man Huang Yun struggled fiercely, and his heart was unprecedentedly frightened. He was a dignified late saint master, a well-known master of Void Tide Sea, unexpectedly caught by a junior, picked up like a chicken, and his heart was frightened. One can imagine.

Boom boom boom!

The terrible Saint Yuan exploded in his body, and he wanted to break free from Qin Chen's capture. How terrible is the power of such a late-stage Saint Lord's crazy impact? No one can catch it.

But Qin Chen sneered, and the Zi Xiaodou Ligong aura in the Universe Fortune Jade Disk suddenly shook, and it was severely suppressed on Huang Yun's body. At the same time, Qin Chen urged the Universe to create the jade disk. Within the Ten Thousand Realms Demon Tree, in an instant, a series of invisible Tentacles of the Ten Thousand Realms Demon Tree pierced into the body of this Huang Yunshou fiercely through Qin Chen's palm.

Huang Yunsou was instantly suppressed by Qin Chen, unable to move at all, and all the power on his body was blocked, as if he had become a useless person.

In just a moment, Qin Chen's battle had already come to an end.

Accompanied by the scream of the old man Huang Yun, this late-stage Saint Master master was held in his hand by Qin Chen, his face was pale, the corners of his mouth were soaked with blood, and he was motionless, as if he had suffered a serious injury.

On the other hand, Qin Chen had a leisurely and relaxed face, as if he didn't consume much energy.

Just a dozen breaths, this veteran late-stage saint master who has been in the void and tide sea for thousands of years, Qin Chen was completely captured by Qin Chen less than half a cup of tea. Such a shocking scene completely stunned the valley. The rest of the void bandits in the game.

"Huangyun old man!"

The burly man was fighting against the sword king Mu Zhifeng. The battle roared. After seeing this, his face changed slightly. After the hammer fell, his figure quickly retreated, looking at the scene in front of him in anger, almost unable to believe his eyes.

On the surface, Huang Yunsou is a casual practitioner of Void Tide Sea, but in fact he is a member of their Void Bandits, who have been wandering away all the time, with the purpose of doing some trade and cover from the outside world.

Huang Yun old man hides very well, even some other void bandits don't even know that Huang Yun old man is actually theirs, so their original plan was to use Huang Yun old man to attract people from Tianwu Danpu and add Got him two late saint masters and took down the three of Tianwu Danpu.

But this burly man didn't expect that the other party could see through their strategy in an instant, and in a short moment, he captured Huang Yunshou.

In this way, one of their two great late saint masters was missing in an instant, causing the heart of the burly man to sink.

He looked at Qin Chen extremely resentfully and incredulously, how could he not think that his own strategy was so vulnerable.

Turning his head to look elsewhere in the valley, the burly man's face suddenly sank!

The few bandits that Huang Yun old brought with him, that is, the group of people who besieged You Qianxue, had already suffered heavy casualties, and only a few were left to chat, and the remaining group of people were all turned into blood and blood. The corpse, lying in the valley, blood flowed.

Fortunately, a group of bandits he brought, and the power of a battle, gathered at his side at this time.

The two sides separated quickly, but the battlefield became easing.

The burly man looked at Qin Chen with a gloomy expression, and said coldly: "Boy, you are so courageous. You dare to move our people and let Huang Yuns go."

His eyes were fierce, the terrifying Saint Yuan surged over his body, and on the pair of giant hammers in his hands, terrible runes flickered, containing terrifying power that made the heart palpitating.

"Haha, did your Excellency have a brain stroke? Let me let Huangyun old man go? Do you think it's possible?"

Qin Chen carried Huang Yun old man and said with a smile, he is not in a hurry right now, although the Huang Yun old man did not bring him to the place where Dao Yuan Guo was that day, but seeing this burly man, Qin Chen knew his distance. The falcon man is not far away, after all, the two have been together before.

Have you found this burly man, are you afraid that you won't find the eagle-falcon man?

"Boy, do you know who we are? Quickly let go of Huang Yunsou, maybe there is still a possibility to discuss, otherwise, it will anger me and wait, I promise to make you hard to move in the void tide sea."

The burly man said coldly, looking at Qin Chen fearfully.

He could not know the strength of Huangyun old man, and he was only slightly inferior to him, otherwise the boss would not send him over to seduce the people of this day Wudan shop, but he did not expect that in a short time, he would be punished by this day Wudan shop. The pharmacist captured it, and if the burly man hadn't seen that Qin Chen had the strength to rival the late Saint Lord, then he would be blind.

As a Void Bandit, he has seen too many battles, but he has never seen it before. A warrior who is clearly only a mid-stage saint master can capture a late-stage saint master in such a short time.

In fact, not only was he shocked, Qin Chen was also quite moved.

I remember that when he first entered the Void Tide Sea, he was still a little weak when facing the black master of Dongguang City. Before showing his trump card, he almost had to run away. Later, the Sleeping Dream Fairy shot for him. Beheaded the opponent.

But how long has it passed? Now facing the Huangyun old man whose cultivation level is almost the same as that of the Holy Master Black Zhan, Qin Chen can already capture the opponent easily.

And the biggest credit for this is Qin Chen's supernatural powers, otherwise, although he could suppress Huangyun old man with his opponent, he would never be able to capture the opponent so easily.

Thinking of this, Qin Chen sneered, "I don't care who you are. When you come here, don't even think about leaving, and stay."

"Boy, do you think this seat really can't take you down? Today, this seat wants to let you know and offend my fate."

At this point, this burly man urged his internal power, and a terrible roar suddenly surged from his majestic body, a force that destroyed the world and the earth suddenly soared into the sky.

boom!

He shook his double hammers, as if two ancient sacred mountains had been smashed up, and they crashed down towards Qin Chen.

[Chapter 3373: Eternal Warhammer](#)

This hammer, like the strongest sensation in the sky, is invincible, radiant and majestic, and the countless voids all around, under the power of this hammer, all collapsed. Even the entire valley is in this one. Under the force, it shook crazily.

"Compete with me for strength? Good come!"

Qin Chen laughed, throwing away the wild cloud old man, his whole body soared up into the sky, strong, he did not dodge or avoid, the ancient sacred body urged to the extreme, his fists were like Yin and Yang reincarnation, and his fists skyrocketed. Appeared, actually colliding with that huge warhammer.

what?

Use your fists to resist my warhammer treasure?

At this moment, even the burly man was shocked. He sneered in his heart, with a cruel smile on his face. Since the kid is looking for death, he can't be blamed.

He fully urged the Saint Yuan in his body, and the giant hammer in his hand fell crazily.

哐!

Just like a thunderbolt in the blue sky, there was a thunderous roar from the entire valley, and a terrifying explosion swept across the valley. The entire valley cracked with a crackling sound. In the mist, countless arrays of light flickered and the array of lights shook.

Under Qin Chen's blow, his whole body was shocked. I have to say that the strength of this burly man was a bit more terrifying than Huang Yun's old man. After a hammer blow, Qin Chen's blood surged and his body was shaken.

If it was Qin Chen who had just broken through the mid-term Saint Lord, even if it could be blocked by this hammer, he would still be injured. The meridians in his body would burst and vomit blood.

However, under the acceleration of the time of the jade disc of good fortune in the universe, he has already consolidated his physical body and mastered the supernatural powers of space. After experiencing the fight with the void crocodile dragon, Qin Chen's physical strength increased again. This blow only shocked him. , But it did not hurt him at all.

In terms of physical defense, Qin Chen now far surpasses any later Saint Lord.

"This is your confidence? But so!"

Qin sneered, and his whole body rose into the sky, magnificent.

"You, you weren't hurt?"

The burly man opened his eyes wide, shocked, and backed away several steps.

"I will get hurt? Hahaha, this young man knew you were in ambush here. If you couldn't deal with the ants, would you deliberately enter your urn?" Qin Chen sneered again and again, and shot vigorously all over.

"You knew we were in ambush here?" The burly man was shocked again, his eyes narrowed:

"Impossible, if you knew, how would you enter this valley?"

"It's ridiculous, do you really think that you can count Ben Shao by lying in ambush here? The reason why I came in was because I was afraid that you would run away and enter this place deliberately. That's fine, don't talk nonsense, since you don't tell other void bandits Where is it, Ben Shao doesn't bother to talk nonsense with you, just grab it and search for souls, not afraid of not knowing everything here."

Qin Chen rose into the sky and slammed back towards the opponent.

His tall and lofty body stood upright like a sacred mountain of ancient times. Among his big hands, countless storms of origin were spinning, the magical powers of origin emerged, and endless civilization suddenly appeared.

"What is this? This is countless civilizations in the heavens? How can it be possible that he alone has such a terrifying power of civilization? What a terrible power!"

The burly man almost fell out of his eye sockets.

From Qin Chen's fist, he seemed to see the civilized power of the entire celestial realm, countless laws and civilizations, each of which had the magical effect of reversing the sun and the moon and infiltrating the mystery of ghosts and gods, shocking him.

"And you, a group of void bandits, so brave enough to besiege Ben Shao here." Qin Chen didn't answer the burly man's words, but turned his palm and punched three punches in the air.

Between the three punches, the waves were surging, and the energy was as strong as a mountain, and the void between the heaven and the earth was shattered, and the group of void bandit masters madly bombarded.

"No, get out! Get close to the second master!"

"This dog is fierce, offering a holy treasure and opening a big formation!"

"No matter how fierce, we can definitely kill him if we join hands!"

Those void bandits were shocked by Qin Chen's sturdiness and almost fainted. Qin Chen alone faced so many of them, and took the initiative to attack, one by one, they were frightened. They were all void bandits, and they were considered as experienced bandits. War, but at this moment, I was extremely panic, but in the rush, they forcibly joined forces, everyone united, changed continuously, and sacrificed many powerful sacred treasures, all with top sacred treasures, and rapid changes. , Reached the burly man.

Moreover, amidst the mist, a large array rose up, evolving a terrifying murderous intent, flashing in this valley, trapping everyone present.

It has to be said that these bandits have extraordinary methods, no wonder they will become a scourge in the sea of void tides, between shots, that powerful, earth-shaking, and murderous, very decisive, without the slightest hesitation, the methods are extremely cruel.

"dust!"

Upon seeing this, You Qianxue's face changed slightly, and she gave a low voice, and she wanted to help.

"Qianxue, don't move, just leave these people to me."

Qin Chen sneered. He had planned to verify his martial arts cultivation a long time ago. In the face of many attacks, he stood still and shot out like lightning.

"Hmph, kid, you are too crazy, if so, I will fight you to the death to see who is dead!"

The eyes of the burly man showed a fierce light, his body shook, and he stepped out in one step. On the giant hammer in his palm, the holy light was released. Between the violent rushes, the emperor descended, and the rules of the holy master were thick on all sides.

Every holy master's law is incredibly thick, turning into a dragon, roaring and surging, entangled on the giant hammer, madly and violently smashed down.

"If you don't see the coffin, you won't shed tears." Qin Chen watched the burly man once again shoot and kill him, he couldn't help but smile coldly, but he didn't stop in his hand. Killing fist.

"The origin of heaven and earth, far and unlimited, the true meaning of Tao, creating endless!"

Qin Chen took a step forward, and a civilization of infinite origin appeared behind him. In that civilization, countless laws containing the true meaning of the Great Dao were born. The power of countless laws around him turned into a huge kingdom of God, covering the four wilds. Even the entire valley must be shrouded in it.

"My kingdom, respect me."

On the one hand, Qin Chen spurred the Origin Divine Fist, and on the other hand, he spurred the endless killing aura to evolve the power of the space, and urged the ancient body to the extreme.

boom!

Countless forces cooperated with each other, collided, and punched directly, smashing all the light of law on the giant hammer.

Cang Dang!

A terrifying mood of killing swept over, and this mood, as if ignoring the distance of the void, instantly poured into the body of the burly man.

[Chapter 3374: Magic channel](#)

"What kind of supernatural power is this?"

The burly man screamed in anger, a mouthful of blood spurted out.

"Eternal Warhammer!" The burly man screamed again, spit out a mouthful of blood, and his eyes were fierce. Above the warhammer, he exerted his power again, and countless divine lights burst out of his body and condensed in his hand. The eternal kingdom.

This burly man tried desperately, his strength skyrocketed again in an instant.

However, Qin Chen's current strength has reached the point where it can be reduced by a single force, and he is not afraid of any attack.

Above the warhammer, the mighty light bloomed. Although layers of piercing through the void could tear the late-stage holy master's law, under Qin Chen's barren ancient body and the moonlight body, there was no use for it.

"Tear me all eternity! You are also worthy of eternity? See this young man's eternal meaning, under my eternity, your eternity, you must kneel down on your noble head."

As Qin Chen strode forward, a terrifying sword aura suddenly appeared in his body, an eternal sword aura, the terrifying heritage of the Heavenly Sword Sect, which was cut out with a powerful sword.

The sky-reaching sword energy turned into eternal power. The sword fell, and the void was directly torn apart. The eternal light on the warhammer was split apart, and the debris flew around. The power of the warhammer, It seems to have become a real existence.

boom!

At the next moment, everyone saw that the burly man flew out in embarrassment, and on his chest, a sword mark with deep bones appeared. On the sword mark, blood was dripping, and the law was constantly pouring into it.

The people of the Void Bandit were all stunned, and they sucked in air-conditioning.

Qin Chen is too strong. Although they were shocked when Qin Chen captured Huang Yunshou before, they did not feel much, because Huang Yunshou did not stay among the void bandits and was always outside, while this burly man was Their second master is one of the top masters in their group of void bandits, and the veteran late master.

Although the second master has never been ranked among the eighteen thieves like the boss, everyone knows that the eighteen thieves are just an imaginary number, just because of their group, the master is already one of the eighteen bandits. It was not included.

In fact, there is not much difference between the strength of the Second Master and the Void Eighteen Bandits.

But now, the second master was badly injured by the opponent, making everyone's heart beat wildly.

"Second master, are you okay?"

All the Void Bandits said with shocked expressions.

"Damn it, boy, this seat is fighting with you today, even if you die, this seat will let you know how terrible my empty bandit is."

This burly man has fierce eyes, and a terrifying wave of Saint Yuan suddenly swept through his body. He spouted another mouthful of blood and was about to pounce on Qin Chen.

Qin Chen sneered. At this time, has the other party still not figured out the gap with him?

Qin Chen sneered, just as he was about to do it again, his brow suddenly wrinkled, and then he saw a cloud of blood enveloping the burly man, and he could not be seen at all.

Immediately after that, the blood mist swayed and disappeared directly into the spot, turning into a rainbow light... Toward the inside of the valley, Qin Chen quickly fled in the opposite direction!

"This..." Qin Chen was stunned when he saw it, and for a moment he was actually stunned.

He didn't expect that this burly man shouted so loudly and so loudly. He really wouldn't make Qin Chen feel better even if he died. He wanted to fight with him and end up with him, but in the end, it was only for escape. Just cover.

"Old treacherous cunning!" Qin Chen said silently, his eyes full of contempt, and at the same time sneered condensing the power of the space in his hands, slammed into the void, and shouted: "Get up!"

Rumble!

In an instant, a terrible burst of light surged in the valley, and the burly man suddenly stopped in the valley.

"Formation?"

The burly man looked at the formation above his head in fright. When did the opponent set up the formation here?

On the other side, the other Void Bandits saw this scene, and their hearts were cold.

Even their second boss is ready to run away, what are the strengths of their subordinates to fight Qin Chen?

What made them chilling was that I tried my best here, and I didn't expect that at a time of crisis, my second master would not hesitate to abandon them, and ran away alone without even saying hello.

This is too much.

"Second master, you..."

Many people looked sad and angry.

They didn't have much confidence in defeating Qin Chen, and now the second master was like this, making them understand that if they stayed again, they would undoubtedly seek their own death.

"Fuck you, don't talk nonsense, enter the valley, urge the space formation, and go!"

The burly man flushed, and made a decisive shout.

Everyone hurriedly withdrew from the circle of battle and flew madly towards the flashing deep in the valley.

They think like the burly man, since they can't escape Qin Chen, they can only rely on the power of the space array. In addition to arranging the trapped array in this valley, they have also arranged the space array, as long as they can use the space array. If you leave here, you can escape.

Unexpectedly, Qin Chen didn't mean to stop him, but stood in the air with a calm expression, watching them flee.

Only the playful smile at the corner of his mouth made the burly man and others wary of Dasheng.

It's just that at this time, they had no other thoughts, but rushed into the mist deep in the valley, immediately urged the formations in it, wanting to leave here.

however.....

Nothing!

Amidst the fearful and anxious waiting of many Void Bandits, the Space Array that was supposed to be operational immediately was like a dead object, without making any sound, let alone sending everyone away.

"What's the matter?" The burly man asked with a deep face.

"The magic circle...no response!" A void bandit who knew a little about the formation method replied palely.

"How come there is no response? Let me try!" As he spoke, his face was pale, he hurriedly took a step forward and personally urged the formation.

But the result is still the same, this space magic circle seems to have lost its effectiveness and is not functioning at all.

A figure suddenly appeared out of the mist, with a weird laughter in his mouth, and step by step walked in. It was Qin Chen.

"Don't try, your big formation has already been destroyed by Ben Shao, otherwise, how could you give you a chance to leave."

Qin Chen sneered and opened his mouth, squeezing his hands, and suddenly a terrifying light rose up. The big formation in the mist turned into an attack formation at some unknown time, and it furiously bombarded the group of void bandits. .

Boom!

Suddenly, the sky-shaking roar resounded, and the entire valley finally couldn't bear this force, and countless gaps were opened.

"Ok?"

At this moment, Qin Chen's face suddenly changed slightly, because from the cracked gap, a terrible coldness swept over here, and a gap like a jet-black world channel appeared here, spitting out from it. A wave of black magic.

"Devilish energy? How can there be evil spirit here?"

Qin Chen's face suddenly changed.

[Chapter 3375: Kindhearted](#)

"Ok?"

Not only was Qin Chen's face changed, but the burly man and others were also shocked, apparently shocked by the sudden appearance of devilish energy.

These demons should have nothing to do with these void bandits.

Qin Chen understood it instantly. If this burly man and others had known that there was demon energy here, it would not have been such a performance, and Qin Chen himself had mastered the Dao of the Abyss Demon Clan, and these demon energy were extremely incomparable. It was pure, even more pure than the devilish energy of the Demon Land in the Heavenly Trial Land.

call!

As soon as these devilish energy appeared, they instantly enveloped the burly man and others in the formation.

The Void Bandits were frightened and wanted to escape the erosion of the devilish energy, but they were all trapped in this formation, and these devilish energy seemed to be everywhere, infiltrating them one after another.

Suddenly, these bandits felt intense pain. For the warriors of the human race, the power of demon energy is a kind of power with a strong repelling meaning. The normal demon energy does not have much to the warriors of the human race. Harm, but this devilish energy was extremely rich, and immediately produced a violent rejection with the Saint Yuan in these void bandits.

Fortunately, these void bandits are all top-level holy master masters, with extraordinary strength. If they are replaced by ordinary holy ones, they may be wiped out in an instant under this devilish energy.

"Damn it."

The burly man's face changed drastically, and now they were trapped in the formation, eroded by demonic energy, and suddenly fell into even more embarrassment.

The other bandits were ashamed, with complex and embarrassed expressions.

Boom boom boom!

They urged Sheng Yuan frantically to break the confinement of this formation, but to no avail, a formation mage among the void bandits suddenly became anxious with cold sweat and turned pale.

At this moment, they didn't understand that these formations beside them had already been controlled by Qin Chen.

And the previous posture of the burly man escaping alone made the hearts of these void bandits chill.

The burly man has a strong cultivation base, but he doesn't have much influence under the devilish energy. He looked at Qin Chen coldly and said coldly: "Master Chen Qing, this is the end of the matter. If you want to kill, you must smash it. What does it mean to trap us here, there will be a battle!"

He was still a bit sturdy, and he didn't intend to open his mouth to beg for mercy even in the face of desperate situation.

But even though he thought so, the other void bandits might not think so, because they had been heartbroken by this burly man running away alone.

Hearing what the burly man said, the expressions of several void bandits couldn't help but flicker. One of them gritted his teeth and immediately took a step forward, looking at Qin Chen with a pleased expression, and begged anxiously: "Pill Chen Qing, I wait I have no eyes, offended Alchemy Chenqing, and asked Master Alchemy Chenqing not to worry about me in general. Now I have repented, and I will definitely change my wrongs in the future and follow Alchemy Chenqing to imitate the dog and horse. labor!"

"Oh?" Qin Chen raised his brows. Showing a look of interest.

"you wanna die....."

The burly man was already angrily attacking his heart. At this moment, he couldn't help being furious, and with a thud, his backhand was slapped at the void bandit and caught it.

The void bandit seemed to have anticipated this scene a long time ago, and his stature retreated eagerly. At the same time, the several bandits around him shot strongly one by one, banging, this group of bandits unexpectedly stopped this burly man's attack instantly.

Although these bandits are not the late saint masters, they are all very different. Now this burly man has been seriously injured by Qin Chen, and now they have blocked the burly man's shot under their joint action.

The burly man's face flushed with anger, and he sternly shouted: "You group of greedy rats who are afraid of death are vain bandits."

The leading Void Bandit sneered: "Second Master, I don't like to hear that. Who gave up waiting before, pretending to be desperate, but actually the first one to escape? You old man, you're too long-winded, since you have abandoned us. , I'm still looking for a dead end when I wait? I'm still very young and have a bright future, but I don't want to die here for no reason! The so-called knowledge of current affairs is a master, second master, I advise you, if you are acquainted, Hurry up and join the Chenqing Alchemy Master. The Chenqing Alchemy Master has a kind heart, and you may not be able to kill you."

"That's good!" Qin Chen smiled slightly, looked at the void bandit approvingly, and said, "A person who knows the current affairs is a brilliant, not bad, not bad!"

The bandit quickly turned his head, put on a flattering and flattering expression, bowed slightly, and said with a flattering smile: "Pill Chen Qing praised it."

"But I really hate people who are greedy for life and fear of death!" Qin Chen's face suddenly turned cold.

The smile of the void bandit suddenly stiffened on his face.

"Okay, no more nonsense. Since this **** feud has already been forged, then...you all go well!" As he spoke, Qin Chen's expression gradually became cold, killing thoughts like a tide, and slowly stretched out a hand. , Pushed towards the void bandits in this big array.

The face of this group of void bandits changed drastically, they wanted to resist instinctively, but they were shocked to find that the surrounding space had solidified at some point, blasting and blasting, a burst of light combined with the power of the space enveloped them, no matter how hard they tried. Not only that, but the power in the body is also stagnated in the meridians, and it can't be activated at all.

What is the supernatural power of space? It's no wonder that senior Huang Yunshou couldn't escape this person's clutches before.

The face of this group of void bandits instantly turned gray, watching Qin Chen's palm move forward, and the breath of death pounced on his face.

Moreover, the Saint Yuan power in their bodies was imprisoned, and immediately a terrible demon energy began to seep into their bodies, causing them to crawl all over with demon energy, and each one let out a painful roar.

The leading Void Bandit was even more horrified: "Alchemy Chen, don't kill us. The Great Master and Third Master sent us over. As long as you don't kill us, we will tell you the whereabouts of the Great Master and Third Master, and Lurk next to the two masters for you and give them a secret blow."

In order to survive, these void bandits are crazy.

"No need, kill you, Young Master Ben can also search your soul and know everything you want to know."

Qin Chen smiled coldly, pressed his big hand, puff puff, and suddenly, these void bandits were torn apart under the constraints of Qin Chen's space, and immediately died.

boom!

Qin Chen grabbed it with a big hand, and the original power of these void bandits was instantly stored by Qin Chen and put into the jade disc of Universe Good Fortune.

"Only you are left."

Qin Chen sneered, and grabbed and photographed the burly man with his big hand.

[Chapter 3376: To the Devil](#)

"Want to capture me? Dreaming, even if I die, I won't be captured by you."

The burly man roared and said, letting him be captured like a Huangyun old man, knowing his life or death, it would be more uncomfortable than killing him.

When the voice fell, a mighty wave of Saint Yuan suddenly surged in his body, which was actually a method of burning the origin and wanting to die together.

The look of the sword king Muzhifeng and You Qianxue changed, and they stepped forward. This burly man is the saint master of the later stage. If he blew himself up, the explosion might cause this valley to be shattered. No matter how strong their cultivation is, they will inevitably be seriously injured. .

"Relax, this person wants to blow himself up? In front of Ben Shao, he can't even blow himself up."

Qin Chen's eyes were calm, how could he not see what this person wanted to do, with one hand, a huge palace appeared between heaven and earth in an instant.

It is the palace of Zixiaodou.

Suppress!

Zi Xiao Dou Liao Gong exudes a magnificent aura, and squeezes down the burly man. Keng Dang, together with the treasures of the Venerable, the world is shaking. Today's Qin Chen is not the little heavenly sage, Zi Xiao. He had already mastered part of the power of Dou Li Gong, and instantly suppressed the shocking sacred yuan fluctuations that erupted from the burly man.

This burly man showed a look of anger in his eyes, and said in amazement: "Venerable treasure?"

"No, this is...Zi Xiao Dou Li Gong, you are... Qin Chen? Chen Qing, Qin Chen? That Tianjiao of the Eastern Heaven Realm? Impossible!"

There was an incredible expression in the eyes of this burly man.

Celestial trials are actually nothing to his late-stage holy masters. Normally, he would not pay attention to such trials of juniors at all, but after all, this time the Celestial Trials had too much influence, the Eastern Emperor of the Eastern Royal Family. Unsurprisingly, the first son of Zhuge of the Zhuge family has mysteriously disappeared, and rumors have fallen among them, and the relics of the venerable human and demons appeared, naturally spreading in the sea of void tides.

It's just that this burly man couldn't predict that the alchemist in Wudanpu in front of him actually owns the Zixiao Dousui Palace. Didn't it mean that this thing was obtained by the Tianjiao Qin Chen of the Eastern Heaven Realm?

Under normal circumstances, this burly man would never be able to connect Qin Chen with the person in front of him. At best, he could only guess whether Qin Chen's treasure was taken away by this person. It can be associated with the person's name, Alchemist Chen Qing. , It was the homophonic that Qin Chen put over, how could there be such a coincidence?

Qin Chen smiled faintly: "I can't think of Ben Shao's name, everyone in this Void Tide Sea will know it."

As Qin Chen said, stepping into the depths of the valley, Zi Xiao led the terrifying power in the palace to surge, constantly crazily suppressing.

"Damn it, do you think that the Venerable Treasures must be able to suppress me? You are not even the late Saint Lord. How can you use the true power of the Venerable Treasures, the Eternal Warhammer, to tear me apart."

The burly man roared and danced the warhammer in his hand, banging, suddenly like a **** of anger, this burly man turned into a majestic body, smashed against Zixiao Dou Li Gong, to break the suppression of Zi Xiao Dou Li Gong.

"Ok?"

Qin Chen frowned. He did not think that the burly man would not give up, and he had no time to entangle him.

call!

Amidst all the eyes, Qin Chen stepped into the formation where the mist was, and walked into the area covered by the devilish energy. At the same time, in Qin Chen's body, whoosh, countless black tentacles swept out, and instantly passed through. Penetrating into the burly man's body.

"What is this?" The burly man was taken aback and hurriedly swung the hammer down, but Qin Chen raised his hand instantly, and the heaven and earth magic powers were used again, and the burly man's figure was instantly frozen, and he heard the sound of puff puff. Then, the tentacle of Ten Thousand World Demon Tree penetrated this burly man in an instant.

"what!"

Surrounded by the Devil Tree of the Ten Thousand Realms, the Saint Yuan in this burly man, like a punctured ball, slumped thousands of miles away.

"Come!"

As soon as Qin Chen raised his hand, he put the burly man into the jade disc of good fortune.

"dust!"

The sword king Mu Zhifeng and You Qianxue stepped forward, just about to speak.

And at this moment, the abnormal change came out!

The earth buzzed without warning, trembling violently, and after just a few breaths, there was a clicking sound from all sides, the sound was deafening, as if the end was coming.

Qin Chen's complexion changed, and his spiritual thoughts were released. After he noticed the changes in his surroundings, he even put away Zixiao's bag and shouted: "Go out of the valley first."

The three of them flickered, disappeared into the valley and appeared outside the valley.

Boom!

The next moment, I saw this valley with a radius of thousands of miles undulating violently like a wave, as if something was causing trouble underground. With this violent ups and downs, a series of canine-toothed ravines suddenly appeared in the field of vision. There are countless, and I don't know how far it stretches.

boom!

There were countless cracks in the valley, and from those cracks, a jet of darkness filled out.

A passage leading to the cold world filled the entire valley and appeared in front of Qin Chen.

After that passage, as if together with an extremely cold world, the terrifying demonic energy constantly penetrated from it, rolling in this valley, and it was still expanding.

"Master, what the **** is this?"

Sword King Mu Zhifeng frowned and said.

"It should be a certain Demon Realm tunnel, right..."

Qin Chen said, waving his hand suddenly, and in an instant, Qin Mo, Ling Yuan, and Tu Moyu appeared in front of Qin Chen.

"the host."

Lingyuan and Tu Moyu saluted immediately.

"You two, take a look at what this is?" Qin Chen pointed to the passage of demon energy in front of him, and at the same time he was a little frightened, because he felt that as soon as Mo Qin appeared near this valley, Mo Qin had something to break through. The Lord's impulse, the power in the body can hardly be suppressed.

Because the strength of the body is too strong, and the Qin Mo has cultivated in the Universe Fortune Jade Disk for so long, absorbed so much power, and has long reached the limit that cannot be suppressed. So, can it really be in front of him? The devil is not?

Lingyuan and Tu Moyu looked at the dark passage ahead, were shocked, and said, "Master, this is the passage to the Demon Realm."

"Is it really a Demon Realm Channel?"

Qin Chen was shocked. Doesn't this mean that the Demon Realm passage leads to the Demon Realm? Can the masters of the demon world go directly to the void tide sea through this channel?

"Do you know, where does this Demon Realm passage lead?" Qin Chen said solemnly.

Lingyuan and Tu Moyu looked at each other, they felt for a moment, and shook their heads and said: "Master, there is nothing to be seen right now, because the demon world is too vast, but judging from the concentration of demon energy escaping from this demon energy channel, This Demon Realm passage should not lead to the edge of the Demon Realm, but a certain demon area near the core area.

[Chapter 3377: Enter the channel](#)

The Demon Race, unlike the Human Race, the world of the Human Race is very even, and in the Demon Realm, there is a core place. The closer to the core place, the stronger the demon energy. The most core place is naturally the territory of the Abyss Demon Race. And the next level is the territories of top demon races such as Tu Moyu and Lingyuan. The further out, the lower the level of the demons.

The entire demons are extremely vast, so demonic energy is divided into many levels.

But at this moment, based on the concentration of the current demon energy dissipation, it is obviously the land of the demons not far from their two races, at least at the level of the third and fourth lines.

This is already a terrifying land of demons.

However, why is there a demon passage suddenly appeared here?

Although there is a Demon Race channel here, Qin Mo and the others can enter the Demon Realm for the first time to break through, but it also means that there is a high probability that a master of the Demon Race will enter here through the channel. If they are entering the void tide through this secret realm The sea, wouldn't it threaten the people of several heavenly realms?

What makes Qin Chen even more puzzled is the appearance of this Demon Race Channel. The Demon Realm Channel is different from others. It does not appear as soon as it appears. If you want to open such a channel, it is impossible for even a master of the demon class to do it. Qin Chen was most puzzled.

"This breath..."

At this moment, there was a flash beside Qin Chen, Su Xiaoxiao appeared next to Qin Chen, staring at the Demon Realm passage in front of him, revealing a look of doubt.

"There is Su Xiaoxiao, what did you find?" Qin Chen looked over.

"This Demon Realm Passage is very similar to the Demon Realm Passage I've seen before near this secret realm. Is there any connection between the two?" Su Xiaoxiao frowned.

"Huh? It is very similar to the Demon Realm passage you saw before, are you sure?"

"Very sure, my nine-tailed fairy fox is very sensitive to breath, huh, if I guess right, it is most likely that the opening of this secret realm has caused the passage of that realm to be transferred to this secret realm. If this is the case, then..." Su Xiaoxiao's face suddenly became difficult to look.

"What did you think of?"

Su Xiaoxiao said with a solemn expression, "If this is the case, it will be in trouble."

Her expression became extremely ugly: "Although there are many external passages in this void tide sea, it can even connect various areas of the heavens, not only can lead to the devil world, but also the land of the demon race, but in the chaotic void tide sea, Whether it is a demons, monsters or people of other races, it is extremely difficult to enter the void tide sea through the passage."

"Because the space of the Void Tide Sea is too chaotic, anyone who wants to enter it through the channel is not careful, it is very likely to fall, and the power of the chaotic space of the Void Tide Sea will cover the atmosphere of the demon gas channel, making The demons in the demon world cannot find this place."

"This is also due to the fact that although there are demons in the Void Tide Sea, but the number is very small, but if it is true that the external Demon Realm channel is transferred here, then the problem is troublesome, because the channel will not be transferred for no reason, only one It is possible that the external Demon Realm channel should have been connected to this secret realm, but because the space was chaotic after the heavens were broken, and after the void tide sea was formed, the channel shifted its position and appeared outside."

"And now that this mystery is opened, for some reason, the Demon Realm Channel has once again moved here and returned to its original position. This can also explain why the Demon Realm Channel appears in the Void Tide Sea."

"What?" Qin Chen's eyes suddenly sharpened: "You mean that this secret realm itself is a secret realm of a demon race?"

"It's possible."

"Impossible." Qin Chen shook his head, "Although I don't know how this secret realm was formed, and who the so-called Alchemy Power in the mouth of the Void Bandit is, it will never be the secret realm of the Demon Race. All the holy medicines here. The breath and the arrangement are not like demons."

Qin Chen had mastered the power of the Demon Race himself, and was also a master of alchemy, so he could naturally feel whether this place was the secret realm of the Demon Race.

"In this case, I am not sure, but I can be sure that if this Demon Realm Passage has been here since ancient times, then it means that the Demon Race behind the Passage must know its existence. Once connected to this secret realm, then..." Su Xiaoxiao's face was shocked.

Qin Chen's heart sank. Although Su Xiaoxiao didn't say anything, he also knew that once the demons on the opposite side knew the news of this channel connection, they would definitely enter here along the channel. At that time, the Void Tide Sea and the major Heaven is in trouble.

Once the power of the demons comes to the void tide sea, it can cause huge damage to the human race before the top forces in the heavens have not reacted.

You have to find a way to stop this.

Qin Chen suddenly turned his head and looked at the three of Qin Mo, "In this way, Qin Mo, you three enter this Demon Realm passage, and see what's inside!"

"dust."

Qianxue hurriedly looked over, showing a worried look. She knew very well that Mo Qin was actually Qin Chen's clone. The two were one and the same soul. If there is something wrong with this Demon Realm passage, Qin Mo and the others will most likely encounter it as soon as they enter it. Dangerous, once Qin Chen's clone had an accident, it would definitely have a great impact on Qin Chen's body.

"Don't worry, at present, we can only do this. With Qin Mo's strength, there will be nothing wrong with entering this Demon Realm channel. On the contrary, if the opposite is really the land of the Demon Race, then Qin Mo and others can make a smooth breakthrough and was able to discover everything about the Demon Race. Anyway, the purpose of coming to the Void Tide Sea this time was also for the Qin Demon and the others to enter the Demon Realm, which happened to kill two birds with one stone."

"Furthermore, if I don't find out where the lead is behind this, I feel uneasy."

You Qianxue sighed and showed concern, but she also knew that Qin Chen's decision would never be revoked, but she silently held Qin Chen's hand.

"Mother, please rest assured, as long as you enter the land of the demon race, that is the world I am waiting for."

Ling Yuan and Tu Moyu both said respectfully.

One of them is the demon child of the dead demon race, and the other is the demon child of the holy demon race. They are both the top races in the demon race. The clan really dare not do anything to them.

"go!"

Immediately, Qin Mo took the lead, and the three of Lingyuan and Tu Moyu flew towards the passage of the Demon Realm together, and disappeared under the sway of their figure.

[Chapter 3378: Really want to do this](#)

But the moment Qin Mo and the others entered the passage of the Demon Realm, Qin Chen frowned suddenly.

"Dust, what's the matter?" Qian Xue asked.

"My perception with Qin Mo disappeared." Qin Chen said solemnly.

"How is it possible?" You Qianxue was startled.

"But I can feel that Mo Qin is okay. It should have entered another void. This just shows that it is very likely that the Demon Realm is behind it. If it is the Demon Realm, then the connection between me and Mo Qin will definitely be Being cut off, after all, they are too far apart."

Qin Chen looked very open.

"Let's leave here first."

Qin Chen looked at the expanding Demon Realm passage, no longer staying, his figure flickered, and he immediately left here, and continued to swept toward the depths of the mystery. No matter what was

behind the Demon Realm passage, he believed that with his ability to clone everything, Can handle it well.

Qin Chen knew that time was tight. After leaving the valley, he immediately entered the jade disc of good fortune in the universe, and came in front of the imprisoned Huangyun old man and the burly man.

At this time Huangyun old man and the burly man have woken up, being imprisoned by the Demon Tree of Ten Thousand Realms, with a look of horror on their faces. Seeing Qin Chen appear, he furiously said: "Boy, let me go. Treasures of the Demon Race, you have the treasures of the Demon Race on your body, and this place is actually a small world. You collude with the Demon Race, so please let me go, otherwise the heavens will not be able to accommodate you."

The burly man roared.

"Can't tolerate me? At this time, I'm still struggling, nothing. Originally, I wanted to ask you where the Alchemy Mansion is located. Forget it now, I will search for you directly, and I will know everything."

Qin Chen stepped out and spurred the power of the Universe's Good Fortune Jade Disc. Suddenly, Huang Yun and the burly man were suspended. In this Universe's Good Fortune Jade Disc, everything was controlled by Qin Chen, and these two had no resistance at all.

"No, don't." The two people screamed hysterically, "Pill Chen Qing, Qin Chen, if you don't kill me, I can give you enough benefits. We condemn the God Thief organization, there are infinite treasures. , Infinite cheats, even, even, I can take you to see the master, let the master work with you, and evenly divide the treasure in this secret realm. You must know that there is the existence of the source of heaven, not one, but many At that time, with your alchemy attainments, you will definitely become the richest person in this void tide sea, and we condemn the thief can also grow rapidly, and then become the top power in the heavens, become your right-hand man, and take charge of you The boundless territory of this void tide sea."

"No, this young man can already become the top power in the heavens, why should I cooperate with you?" Qin Chen's smile made Huang Yun and the burly man feel more and more afraid: "Furthermore, your promise and Words, I don't believe it. As long as you refine your knowledge and search for your soul, you can know everything. Do you think I will live and let you leave here?"

"No! I want to guard against the sky! The sky is endless!" The burly man suddenly roared: "Old man Huang Yun, kill with me, I am destined to become the character of the Venerable in the future, how can I fall Here, the sky is endless, and I will definitely have a glimmer of life."

Boom!

Suddenly, an astonishing force burst out of the two of them. They united with each other to break away from the control of the jade disc, tear the void, and escape here.

"Humph!"

Qin Chen grabbed it with a big hand, covering the sky and the sun, and the dragon-shaped holy aura appeared. Zi Xiao Dou Li Gong appeared in the air without any scruples, and all the time and space were frozen.

Click!

The two masters were frozen in the air, unable to move.

"Ming stubborn." Qin Chen sighed, and with a move, the two of them were caught on the palm of Qin Chen's hands. This time Qin Chen didn't talk nonsense with them, but directly displayed the Heavenly Soul Forbidden Technique, ruthlessly Into their minds.

boom!

In the depths of their minds, the tyrannical soul sea completely collapsed.

"All memories are incorporated into my body! All soul powers are incorporated into my body! All laws are incorporated into my laws! All the holy treasures, fill the sky with the body!"

Qin Chen opened his mouth and sprayed out the power of the sky fire and the magic fire of disaster, haunting the bodies of this burly man and Huang Yun old man, the two tyrannical bodies began to melt in an instant, and a series of thick holy rules Flew out.

These Holy Master's laws are the original strength of the two, each of them is very powerful and powerful, it is shocking to the world, but now, it is absorbed by Qin Chen and integrated into himself.

Boom!

In Qin Chen's body, the Palace of Life and Death, the Sky-Swallowing Pot, and the most important sky-supplementing hammer, all vibrated and began to obliterate these original powers, forming the purest power, and blending into Qin Chen's body.

Qin Chen spent so many mid-level Saint Master Saint Veins before he broke through the mid-term Saint Master Realm. The next time he will break through, he still doesn't know how much resources he will absorb. The original power in the bodies of the wild old man and the burly man are both It was a great tonic, and it was immediately absorbed by Qin Chen, smelted, and transformed into pure power under the technique of patching the sky, laying a solid foundation.

"What a powerful rule of law, I am worthy of being a master of the late Saint Master, so tyrannical, it is equivalent to swallowing dozens of middle-grade Saint Master Saint Veins at once, especially the power of the later Saint Master, enough to make me It is of great help to the realm of the late Holy Lord and the integration of the heavens!"

Qin Chen was absorbing the mighty power of the origin, and he couldn't help but drip, and when he was absorbing, some holy treasures flew out of the bodies of Huang Yunsou and the burly man.

Those ordinary sacred treasures were refined by Qin Chen at once and melted into the most basic materials, while the better sacred treasures were refined by Qin Chen with the technique of patching the sky and could be used in the future.

As for the top flying bowls and eternal warhammers, Qin Chen once again sacrificed them and stored them. Then they could be given to others or sold at auction in Tianwu Danpu.

Originally, Qin Chen planned to stay with the bodies of these two people. In the future, it will be convenient for the Eternal Sword Master and Senior Nine-Tailed Fairy Fox to be resurrected after their souls have been nourished. However, Qin Chen thought about it. Never mind.

At least the souls of Senior Eternal Sword Master and Senior Nine-Tailed Fairy Fox want to condense again, and it will take a lot of time, at least until the Ten Thousand World Devil Tree transforms again, it will be impossible in a short time.

Boom!

After doing all this, Qin Chen got a big transformation in an instant, and his aura became even more terrifying, becoming more profound and vast.

Whoosh!

He appeared in the secret realm.

"Dust, have you found anything?" You Qianxue and Dao Wang Mu Zhifeng both looked over.

"I know where this condemned thief is, come with me."

Qin Chen narrowed his eyes, and flew up with You Qianxue and Dao Wang Mu's wind in an instant.

But when Qin Chen and the others rushed to the ancient ruins at the core of this secret realm, in a secret place in this secret realm, a group of Buyi people did not go to the ancient ruins, but in this extremely secret place. There were a lot of obscure formations in place, and if this formation made Qin Chen, he would be a little frightened, because it turned out to be a big formation with other voids.

"Patriarch, do we really want to do this?"

An expert of the Buyi tribe said worriedly.

[Chapter 3379: Moon Demon Clan](#)

In this hidden place, all the Buyi masters gathered here, each looking at their patriarch.

Because they know that once they activate the formation in front of them and take this step, they will never be able to look back. What they face will be a major event concerning the future of the race. At this moment, no one is uneasy, no Anxious.

"Patriarch, although I have not waited to deal with the demons, but I also know that the demons were deceived by the power of darkness, causing harm to the heavens, and even breaking the heavens. Although we Buyi are now surviving in the void of the tide sea, but After all, he is also a member of the heavenly realm. If you do this..."

The master sighed and shook his head.

The patriarch of the Buyi tribe is an old man with a deep breath. He looked at the people present and the many experts of the Buyi tribe, and smiled bitterly: "I know that everyone has doubts about what the old man is doing. Indeed, what we are doing now The thing is to betray the heavens and the human race. After this vast array of voids, the territory of the Moon Demon clan is connected. In fact, this place was in the records of my Buyi clan that was a powerful alchemy among the ten thousand clan. The dojo

of the venerable is therefore connected to all realms. Even if I don't wait to do so, the passage of the demon realm will definitely open somewhere in this secret realm..."

"But these are not the reasons for my Buyi tribe to deliberately open this passage. I know you don't want the heavens to fall, but you all take a look, look around, how many of our Buyi masters are left?"

Tears flickered in the turbid eyes of the old man, and he said with deep pain: "In ancient times, although my Buyi tribe was not considered a powerful race among the ten thousand races in the heavens, at least it was a huge ethnic group and talented people. But after the broken heavens, we Buyi The family suffered heavy casualties, what did they get back for?"

"Now my Buyi tribe has only sporadic tribes left. I can only live and breathe in this void sea of tides and be humiliated by others. My Buyi tribe is a race, but I can only compete with certain members of the warlord sect and the void bandits. When a force cooperates and becomes a tool, I am ashamed of the ancestors of the Buyi people."

The old man was full of tears, and the rest of the Bouyei masters were also heavy.

Yes, during these tens of thousands of years, what life did their Buyi tribe have lived, drifting away in the void of the tides, saying they were one of the ten thousand tribes, but in reality? Has become a small tribe in the Void Tide Sea.

If it weren't for the old patriarch and other late-stage master masters, and their Buyi tribe were born masters of formations, how could they survive in this void tide sea? Maybe it was the same as some of the micro-moon races back then, disappearing into the vast celestial realm with the shattering of the celestial realm, right?

"Although the demons have been bewitched by the power of darkness, they have become the enemies of the heavens, confronted and hunted down by the tens of thousands of races, but now? The demons have become the top races in the celestial world, and they need all the races to resist. And what did we get back from the race on the side of justice? Is the race on the verge of extinction?"

"The Moon Demon Clan has actually been contacting me all the time. Today, I made this decision with my determination to become a sinner. I know that you may not understand me, but for the continuation of the race, I am willing to bear this. infamy."

The old man knelt on the ground with a thump.

"Master Patriarch!"

The other Buyi experts hurried forward, tears flickering.

"Everyone, old Bukka, is a sinner of the Buyi tribe, but for the survival of my Buyi tribe and the survival of our race, I am willing to go to hell."

The old man knocked his head to the ground fiercely.

"Master Patriarch!"

The rest of the Bouyei masters also had their eye sockets moist, choking each one.

"Master Patriarch, I am willing to follow your orders, Lord Patriarch."

"Yes, you are not a sinner, you are the leader of my Buyi tribe. If this allows my Buyi tribe to survive, I am willing to be a sinner in the realm of the day."

"Yes, as long as I get this treasure of the alchemy power, my Buyi clan will surely be able to regain ancient glory in the heavens."

Many Buyi masters roared.

"Okay, then let me start the big array!"

The old man stood up, looked at the passionate Bouyei masters around him, his eyes flashed coldly and sharply said.

Hum!

With the fall of his voice, all the Buyi people glowed and walked into the vast array of voids. In an instant, every expert of the Buyi tribe turned into an eye in the array.

Boom!

This hidden place trembled suddenly, and the next moment, from the vast array of void, a black singularity began to appear, a deep and terrifying cold and cold aura, from the singularity, countless demonic energy Penetrating out, shaking violently.

The old patriarch of the Buyi tribe has a solemn gaze. He even squeezes his hands and spurs the big formation frantically. The bat ears of all the Buyi people are open, communicating with the formation.

finally!

boom!

A black space passage suddenly appeared in the vast array of voids, turning into a pitch-black space vortex, a terrifying demonic atmosphere, madly escaping from it.

The Buyi people all raised their heads and looked at the dark space vortex in amazement.

A piece of black jade pendant appeared in the hands of the old patriarch of the Buyi tribe, and then suddenly crushed, an invisible demon energy message instantly entered the black channel. The next moment, the black channel suddenly fluctuates, and the next moment, each body is slender. , The black devilish figure lingering all over, slowly walked out of the space channel.

Dozens of demon masters descended from the space channel and instantly entered this secret realm. As soon as they appeared, they looked around and felt the sacred aura of the world, and they couldn't help but show a quack of laughter.

"Is this the cave house of that old Alchemy Venerable Almighty Senior? The self-contained secret realm is really powerful." The leader of the expert looked at the eagle bird, and finally fell on a group of Buyi people in front of him, smiling Said: "Patriarch Buka, you made a wise decision."

Seeing the group of people in front of him, the old patriarch of the Buyi tribe couldn't help but frown and asked, "Why are you from the Moon Demon clan?"

He took refuge in the demons and betrayed the human race, not just for the people of the moon demons. The moon demons can only be regarded as the third and fourth lines among the demons. Although they are also extremely powerful, they take risks to the Buyi tribe. Words, but not enough.

The master of the demon clan that month grinned and said, "Don't worry about Patriarch Buca. Your Bouyei clan's refuge in my demon clan has already been reported to the upper echelons. However, this secret realm is of great importance. Besides, to prevent fraud, I will naturally have to inquire first, if I am sure that there is no ambush, then I can inform the higher level."

[Chapter 3380: Li Er](#)

The old patriarch of the Buyi tribe has an ugly face. What a character he can understand in an instant. Although the people of the Moon Clan have most likely reported the news of their refuge, the Demon Clan has been lurking in the Human Clan and other forces over the years, attracting corruption.

There is no doubt that more powerful people will be transformed.

However, the people of the Moon Demon Clan have never reported the secret realm. Otherwise, it is absolutely impossible that only the people of the Moon Demon Clan will appear. Even if it is to prevent fraud, why the people of the Moon Demon Clan dare to enter in a high-sounding manner. Here?

Obviously, the opponent covets the power inheritance of the alchemy in this secret realm, and wants to monopolize the secret realm first, and then informs the secret realm channel to the upper echelon of the demons and becomes a stronghold of the demons.

Even though the old patriarch of the Buyi tribe was angry at this careful thought of the Moon Demon tribe, there was nothing to do. He could only suppress the anger in his heart, and said in a deep voice, "Although there is no human top power who has entered this place, many masters of the Void Eighteen Bandits in the Void Tide Sea, as well as the King of War and other forces have also entered. Here you can

Guarantee that you Moon Demon Race can kill all these people?" The Demon Master of that month sneered: "It's just a few human warriors. What's more, this place is a relic of ancient alchemy power. To get his treasure, you need more than just cultivation. This time My Moon Demon also brought

A master of alchemy will surely win the treasure here. "

"Master Alchemy?" Bukka, the head of the Buyi clan, frowned, "When will your demons be able to give birth to top alchemy masters?" The elixir of the heavens is transformed with the holy energy of the heavens and the earth, and the demon world naturally contains demon energy. The unique elixir, but in fact, in the heavens, the human race has the most pharmacists. In addition, there are a few races who can also become pharmacists.

Among the demons, it is almost difficult to give birth to a powerful alchemist. Because if you want to refine the pill, you need to absorb flames and practice top-level flame techniques. The Sun Qi that refines the pill itself is in conflict with the devil. Although there are masters in the demons who practice fire power, But in many cases it is magic fire

, This kind of flame is difficult to refining top-level medicine. This is just one aspect. On the other hand, although the soul power of the demons is strong, they are relatively rough, and they cannot cope with the delicate operations required in alchemy. This also leads to the existence of alchemists in the demons. Much better than

More ordinary.

In ancient times, no real top alchemist was born in the demons.

And this ancient alchemy power, and also a human race master, the alchemist of the demon race wants to get the inheritance of the ancient human alchemy power, how he thinks it is a bit whimsical.

The master of the Demon Race of that month smiled confidently and said: "It seems that Patriarch Burka is still a little skeptical. I, the Moon Demon Clan, brought a top alchemy master of my Demon Clan this time, the Fire Demon Pill Sage Master. Come see me. Patriarch Buka."

Suddenly a demon master came out from the crowd, with a terrible demon energy surging from his body, he quacked and said, "I have seen Patriarch Buka."

"Fire Demon Pill Saint?"

Patriarch Buka looked at the other party, and there was a terrifying aura on the opponent, and there was also a trace of flame power, which made Patriarch Buka feel shocked.

It seems that the Demon Race is indeed here this month.

"Okay, Patriarch Buca, take me to wait, don't waste time, in case that human race gets the treasure, then it will be troublesome."

Patriarch Buka sighed, "Let's go."

Immediately this group of people quickly flew up and swept toward the depths of the secret realm.

Whoosh whoosh!

This master of the Demon Race, each aura is extraordinary, the Fire Demon Pill Saint is obviously extremely high, surrounded by the crowd, only the leader of the Demon Race of the month can follow him.

In addition, there are two people of the Demon Race who are also following the Fire Demon Pill Saint. One of them is not so strong in cultivation. Only the initial peak Saint Master cultivation base can actually follow the Fire Demon Pill Saint Body. beside.

What is even more peculiar is that this person is not a member of the Moon Demon Race. Seeing that, he is actually very similar to the Human Race. If it were not for the terrifying power of the Demon Race, he would even think he was a Human Race. . Beside this person, there is also a middle-aged master of the Demon Race who is covered in scales, like a demon, but the breath surging out of this person, with a fierce smell, and also surging with the slightest fear. The magic flame breath,

Although the cultivation base is only in the mid-term Saint Master realm, it feels very powerful and terrifying.

"Li'er, there are many dangers in this secret realm, remember to follow me." The Fire Demon Pill Saint turned his head and said to the human-like young Demon Race.

"Yes, Master." The young demon master lowered his head and said respectfully: "Master, your old man is a rare alchemy sage master of my demon race. If this time I get the inheritance of this ancient alchemy power, Master's alchemy base will surely be able to become my demons

The greatest alchemy master. "The Fire Demon Pill Saint is like a stranger to anyone, but he is surprisingly kind and patient with this young master of the Demon Race. He smiled and said: "Hehe, Li'er, don't take pictures. The teacher's flattery. Although your cultivation level is not high now, you have obtained at least half of the true teachings of your alchemy. I am afraid that it will not be long before my demons will have another top alchemy master. Your cultivation base is still a bit worse, but there must be many

Duozhibao, this time, being a teacher will definitely allow you to break through to the mid-term Saint Lord realm. "

"Thank you, Master."

The young master of the Demon Race said excitedly. The Fire Demon Pill Sage smiled slightly, then frowned and looked at the man who looked like a demon next to him and said: "You, you, when is it, actually brought this red flame into the secret realm, so I won't be in the devil world. I said you, but in this ancient power secret

In the realm, you carry Chi Yan, but it is troublesome. With a teacher to protect you, this Chi Yan can stay in the Moon Demon Race. "This young master of the Demon Race who is called Li'er smiled sly, "Master, I have been an orphan since I was a child. When I was in the Meteor Demon Realm, I was almost swallowed by other monsters several times. Almost taken abducted by other powerful demons this time

As a slave, Chi Yan saved me. Since I was a child, I have depended on each other for life, so I vowed to take Chi Yan with me no matter where I go, because he is my only relative in the devil world except you, Master. Up. "The Fire Demon Pill Saint shook his head, and said silently: "You are a genius of the Holy Demon Race, and you will definitely become a big man in the future. Treating this Earth Demon Dragon as a relative is really... it's nothing, it's up to you. Think about it, Chi Yan, in this secret realm, you have to protect the devil. If something happens to him, this seat is asking for you. "
