

## Valkyrie 341

### Chapter 341

"There is a little left."

Although he didn't know what Qin Chen was going to do, Zhang Han took out the remaining medicine packet.

After a closer sniff, a sneer appeared on Qin Chen's face.

"You were cheated."

Qin Chen said indisputably.

"what?"

Zhang Han and others frowned, staring attentively.

"This is not a potion to weaken the three-eyed newt at all, but a beast-attracting potion, which is generally used to attract blood beasts and does not weaken the effect of the three-eyed newt at all." Qin Chen said lightly.

"you sure?"

Zhang Han couldn't help whispering, his face was very ugly.

"Believe it or not!"

Qin Chen said.

With his insight, this is not a mistake.

"This....."

Zhang Han, Xu Yan and others looked at each other, their faces all very ugly.

If what Liu Cheng gave them was really just ordinary beast-attracting potions, it was not for them to hunt three-eyed salamanders at all, but for them to die.

It's just that they and Liu Cheng have never complained. Why did the other party do this?

With doubts, the hearts of several people are extremely low.

The group of people quickly left the Xuanzhong Mountain Range and went on for hundreds of miles. A dark city in front of them stood in Qin Chen's sight.

"Although this Wucheng is not big, it is extremely vicissitudes of life, and it has a certain momentum. I hope I will not be disappointed."

Qin Chen thought silently in his heart that if he couldn't find anything to solve the Curse of Hundred Ghosts in Wucheng, then he would be in trouble.

In and out of Wucheng, one person needs to pay a silver coin. Xu Yan and the others are familiar with the road and help a group of people to pay before entering the city.

Seeing the crowds coming and going, Qin Chen was secretly speechless. The cost of entering and leaving the city every day was probably an astronomical figure.

In Wucheng, all those who come and go are warriors wearing armors or robes, with swords hanging from their waists, with extraordinary aura.

It's extremely chaotic. Ordinary people rarely move here. Let alone whether it is necessary or not, the cost of living alone is not affordable for ordinary people.

"Qin Shaoxia, the previous life-saving grace, there is no return, I think where Shaoxia has not settled, it is better to settle down in our Xu family, so that we can have a banquet and be grateful."

Entering Wucheng, Xu Yan said expectantly.

"Yes, Qin Shaoxia, it's the first time you come to Wucheng. Let us be a guide for you."

"Although I don't know what the young man did when he came to Wucheng this time, our Xu family has also run a young man in Wucheng. Apart from other things, we still know everything about Wucheng quite well."

Zhang Han was also warmly invited.

Qin Chen is so young and possesses such a cultivation base. He must be a genius from a certain powerful force in the five northwestern countries. There is no wrong way to make friends with such a person. What's more, Qin Chen saved them before, so he should express it. .

"Alright." Qin Chen nodded.

In fact, he had already thought about it when he first helped Xu Yan and others. After all, his time is urgent and someone can help. It is much more convenient than trying to do it by himself.

Seeing Qin Chen's promise, Miss Xu's Xu Yan squeezed a fist in excitement.

The Xu family was located in the east city of Wucheng, and it took a short half an hour for everyone to arrive.

The area of this mansion is not too big, but it is not small. It can barely be regarded as a middle-class family, and there is still a long distance from the big family. It is a bit similar to Zhang Ying's status in the royal family.

From a distance, I saw a lot of people gathered around the entrance of the mansion, seeming to be pointing something.

"What's the matter? Why are there so many people at the gate of the mansion?"

Xu Yan and the others were puzzled and hurried forward.

Seeing Xu Yan, the faces of the people onlookers all showed different colors.

"Ms. Xu's family is back. When she comes back, isn't this looking for death?"

"It's okay to provoke the Sun family. Is the Sun family so easy to provoke?"

"This time the Xu family is probably going to be doomed."

Pointing sounds came from all around.

Xu Yan's hearts sank and they hurriedly came to the door. They saw that the door of Xu's house had collapsed halfway, and there were some blood stains at the door, but there were no guards.

"What's the matter? Where's the guard at the door?"

"No, something happened at home."

The few people were a little relaxed, and suddenly raised them.

boom!

At this moment, the entire Xu family trembled slightly, as if a small earthquake had occurred.

"Someone is fighting?"

Everyone woke up, the sound of shaking came from the Xu family mansion and rushed in.

Xu family hall.

At this time, the two groups are facing each other. The one on the inner side is the expert of the Xu family, and the one standing on the side outside the door is a group of people in black. The leader is a burly middle-aged man. There is a young man with a pocky face beside him.

On the Xu family's side, a middle-aged man fell to the ground, his chest and robe shattered, with blood on the corners of his mouth, he was obviously just injured by someone, and he was not injured slightly.

"Hey, Xu Zhengdong, you promised me to give your Xu family daughter to my Zhou family as a daughter-in-law. Why, now I don't look down on my Zhou family, and I am going to regret it? I told you a long time ago that I wanted to cheat My Zhou family, I have to see if you have this capability. Today, if you don't marry your Xu family daughter to my son, I will smash your Xu family mansion and see how long you can hold on."

The burly middle-aged man has a scar on his face, and his expression is extremely ferocious. He touched the black glove of his right hand and showed a grim smile.

The head of the Xu family is a gentle middle-aged man, his face pale and weak, he seems to be seriously injured.

He ordered people to lift up the injured Xu family martial artist, suppressing his anger and said: "My surname Zhou, when did I promise you to marry my daughter to your Zhou family, don't be silly."

"Hey, Patriarch Xu really forgets things too much. You told me that time after you were drunk. Did you forget it, but it doesn't matter, you forgot, I didn't forget it, so if Patriarch Xu really wants to cheat, it doesn't matter. , I'm still saying that, I just need your Xu family to transfer the few shops in the Wu city center to my Zhou family to apologize, and someone from Zhou will leave immediately.

Patriarch Zhou showed a cold smile on his face.

What kind of betrothal thing is purely nonsense by him, his purpose is to find an excuse for the Xu's several shops.

"Don't think about it, Zhou, don't deceive people too much."

Patriarch Xu was trembling with anger, and coughed up blood.

"Patriarch!"

The Xu family martial artists all around showed grief and anger.

"How is it? Patriarch Xu, can you hold on to the palm of the old man a few days ago? Would you like me to help you find a doctor to treat you." Patriarch Zhou smiled, his eyes cold: "I still said that. , Either your Xu family's daughter will be mated to my Zhou family, or you can transfer several Xu's stores in Wushi to my Zhou family. Choose one of the two, you choose."

Patriarch Zhou seemed to have taken the Xu family with his leisurely appearance.

Chapter 342

"Father, don't promise him."

At this moment, an anger sounded.

When everyone turned their heads and looked around, they saw Xu Yan and a group of people walking in angrily.

Seeing the chaos on the court, Qin Chen touched his nose. It seemed that the Xu family was a lot of trouble, but he didn't say anything, just stood in the crowd and watched the scene quietly.

"what?"

Qin Chen clearly saw that after seeing Xu Yan and the others return, the burly man on the opposite side flashed a stunned eye.

"Hehe, I heard that your Xu family went to the Xuanzhong Mountains to hunt the three-eyed newt, why, didn't you die inside?" Patriarch Zhou said without a smile.

"If you die, we won't die either." Xu Yan snorted coldly, a look of disgust flashed in her eyes.

"Yan'er, you are back." Xu Xiong said, "Come on for the father."

"Wait, since Miss Xu's family is back, it would be better. It's better to just marry Miss Xu's family to my Zhou's family, son, do you like it?" Zhou Patriarch smiled grinningly at the young Mazi next to her.

"Hey, father, I like it, not tonight, let the child's bridal chamber, after I have played, let father open the meat and experience the taste of a young body."

A look of lewdness flashed in the young Mazi youth's eyes, and he laughed. He looked up and down Xu Yan, laughing strangely, revealing a penetrating light.

"Zhou Mu, what nonsense are you talking about, keep your mouth clean."

Hearing that, everyone was furious, and Zhang Mingzheng couldn't help but draw his sword forward, just like an angry bull.

"Heh, there is also a flower protector, the elders are talking, are you talking about it? Do you understand the rules?"

Zhou Patriarch Zhou Xinhua's face sank, and he slapped Zhang Mingzheng with a palm, and the majestic infurience came out from his palm, ready to teach Zhang Mingzheng a severe lesson.

If this palm was shot, Zhang Mingzheng would be seriously injured if he didn't die.

"Zhou Xinhua, I advise you not to go too far."

Seeing that his son is in danger, Zhang Han roared and slashed outright.

boom!

The blade was shattered, and Zhang Han was already seriously injured and unhealed. In addition, his cultivation base was too far away from Zhou Xinhua. Under a single move, he was seriously injured and vomited blood, kicking back.

"Such strength, show it out!" Zhou Xinhua showed disdain, and then he smiled: "Since your Xu family is unwilling to hand over the shop, it's okay. Today, my son will be in the bridal chamber of your Xu family directly, just to let you all , Feast your eyes, open your eyes, hahaha."

Amidst the grinning laughter, Zhou Xinhua's figure flickered and grabbed Xu Yan with a claw. An invisible suction force was born, ready to \*\*\*\* Xu Yan over.

"Bold!"

"presumptuous!"

The Xu family members were furious and stepped forward.

Boom!

However, the Zhou family had been prepared for a long time. They shot one by one, with grinning and arrogant expressions on each face, and stopped all the elders of the Xu family. They could only watch Xu Yan struggling and being sucked by Zhou Xinhua.

"The surname Zhou, you are too much."

Xu Xiong looked angry and rushed forward.

Zhou Xinhua sneered, and his left hand burst out.

Hearing a bang, how did Xu Xiong come, how did he fly back, fell heavily to the ground, vomiting blood in his mouth.

"Old Pifu, if you were in your heyday, the old man would still respect you, and now you are half dead, and you dare to do it. Isn't the old man daring to kill you?"

Zhou Xinhua laughed frantically, and the powerful Zhen Qi sucked Xu Yan's body, and was about to grab him.

laugh!

Sword Qi lased, cutting off Zhou Xinhua's true energy.

"Who? Dare to ruin the good deeds of the old man!" Zhou Xinhua's face was gloomy, following his reputation.

Qin Chen walked out of the crowd slowly, frowning and said, "You are so overbearing and arrogant, don't Wucheng have the slightest kingly technique?"

Zhou Xinhua thought he was a master. When he saw a 16 or 17-year-old boy who came out, he couldn't help but feel relieved. He sneered: "What kind of character I am, I turned out to be a stinky kid, and the old man is in charge of doing things. Return to the king's law, the Wucheng strong is respected, the old man's fist is the king's law."

The rest of the Zhou family also sneered: "It seems that the Xu family has nothing to do. He unexpectedly found such a kid to come forward. The kid, go out to inquire about our Wucheng Zhou family, dare to intervene, today you will undoubtedly die."

When Xu Yan saw Qin Chen, joy flashed across her face, and then worried again, and said, "How did you make the move?"

Although Qin Chen's strength is very strong, the Zhou family also has many masters. She is worried that with so many masters in the Zhou family, Qin Chen can't fight it alone, and will only drag him into the water.

Qin Chen couldn't say anything, frowned and said, "Who are they?"

Xu Yan said: "They belong to the Zhou family in Wucheng. The Zhou family, like our Xu family, has been operating in Wucheng for quite a long time. They have been fighting in secret to seize the property of our Xu family. A few days ago, the Zhou family did not know where to find it. After poisoning my father, he conspired with my father and severely wounded my father. We searched for the compound eyes of the three-eyed salamander, just to find someone to treat my father."

"Oh!"

Qin Chen nodded, expressing his understanding.

Xu Xiong saw that Qin Chen's cultivation was extraordinary, and said, "Yan'er, who is this young hero?"

"Father, we encountered danger in the Xuanzhong Mountain Range before, and it was Young Master Qin Chen who rescued us, otherwise I am afraid that none of us will return." Xu Yan said.

Xu Xiong didn't expect Xu Yan and the others to show pain since they encountered such a great danger, and said: "Since Young Man Qin Chen is a lifesaver, we will not take him to the backyard."

Although Qin Chen's cultivation is extraordinary, he is only one person after all. Xu Xiong doesn't want to involve others and bring the other side a murderous disaster.

"Oh? It turns out that this kid saved you? Boy, do you know the end of nosy in Wucheng? Now the old man gives you a chance to survive, kneel down and kowtow to admit your mistakes, and then obediently get out of Xu's house, otherwise, you will not think about it today Get out of here alive!"

Zhou Xinhua said viciously.

Qin Chen ignored him, but frowned and asked Xu Yan: "Is it illegal to kill in Wucheng?"

Xu Yan looked complicated and said: "Wucheng is relatively chaotic, and all the order is controlled by several top forces. However, these big forces are very loosely managed and do not prohibit murder, but they need to account for reason."

"I understand!"

Qin Chen nodded. There is often only one so-called account of truth, and that is to look at the fist. Big fist is the truth.

"Boy, you are crazy, do you really think I dare not kill you? Die to me!"

Originally, Zhou Xinhua saw that Qin Chen was young and his cultivation base was not weak, so he didn't want to kill anyone for fear of his background.

But seeing that the other party didn't care about him at all, he suddenly felt insulted, with a sullen expression on his face, he directly blasted him.

Boom!

A huge black fist shadow broke through the air, blasted fiercely towards Qin Chen's head.

"Young man, be careful."

Xu Xiong hurriedly exclaimed, if this punch hits, even if it is him, there will be a different place in his body and there will be no chance of survival.

Chapter 343

"Watch out!"

Xu Yan and others also raised their hearts with one heart and exclaimed.

Although they knew that Qin Chen's cultivation base was not weak, Zhou Xinhua, the master of Zhou's family, was also a person with a good face in Wucheng. Even his father was hurt by him, and they were not sure that Qin Chen would be the opponent.

Among the crowd, only Qin Chen looked cold.

Cang!

The mysterious rust sword came out of its sheath, and Qin Chen swung it out at random.

"Hahaha, this kid actually uses a broken sword!"

"I thought it was some kind of character, it turned out to be a pauper."

"I can't even afford a sword, and I'm still installing garlic here. What do you think of yourself?"

Seeing the rust sword in Qin Chen's hand, the Zhou family couldn't help but burst into laughter.

At the moment, their smiles all solidified.

laugh!

A bright sword light bloomed from the rusty sword, exuding a heart-puzzling breath, the air was instantly broken, and the sharp sword aura slashed on the black fist wind, cutting it open with a pop, like cutting a melon. dish.

"No, this sword is so powerful!"

Zhou Xinhua's face changed drastically, and he didn't care about killing Qin Chen, and hurriedly withdrew with both hands, forming a shield of true energy on the body surface, and at the same time crossed his hands into a cross, blocking his chest.

Puff!

The body guard in the late stage of the heavenly stage was like colored glaze, split into pieces, cut open instantly, and the bright sword light severely slashed on Zhou Xinhua's arm guard.

"Clang!"

A huge gap appeared on the dark and thick mysterious iron armguards, and the blazing sparks were like fireworks, jumping three or four meters away, and there was a burst of scorching smell.

boom!

Unable to withstand the huge force coming from the sword energy, Zhou Xinhua flew backwards, with his feet on the rocky ground, ploughing two long ravines, and only stopped after falling back seven or eight meters.

call!

He exhaled heavily, Zhou Xinhua's face turned blue and white, and the blood in his body surged.

Everyone in the hall was dumbfounded, and with a random sword aura, Zhou Xinhua, who was present at the highest cultivation level, flew out.

Moreover, Zhou Xinhua's armguard was a Tier 3 treasure soldier, but at this time, the opponent cut a deep sword mark with sword aura, almost breaking it with a sword.

If one more force is added and the armguard is cut through, wouldn't Zhou Xinhua's whole body be cut in half?

"Boy, you're so courageous!"

Zhou Xinhua was the most shocked. He took a deep breath, and the true energy in his body quickly mobilized to the extreme, and he rushed towards Qin Chen again.

Boom!

This time, he didn't dare to be careless. The cultivation of the late stage of the heavenly stage was revealed to the extreme, and a group of burning red light burst out from all over his body. Qin Chen blasted in the air.

The air pulsed and the void roared. Under this fist, the world changed color, and the entire Xu family hall rumbled. The strong air current shook the surrounding tables and chairs to bursts instantly. A terrifying flame wolf appeared in the sky, rushing towards Qin Chen. Bite down.

"Sirius Fighting!"

Zhou Xinhua didn't think that he was not Qin Chen's opponent. He was just careless before, and almost made a ugly look. This blow must be known to everyone and offended him.

"cut!"

Qin Chen's expression remained unchanged, holding a sword in both hands, and beheaded from top to bottom.

puff!

The radiant sword light was like a flying fairy from the sky, instantly slicing the scarlet infuriating wolf in half, and then shattered with a miserable howl.

Jianguang cast his momentum unabated, and slammed Zhou Xinhua again.

puff!

With blood blooming, Zhou Xinhua screamed, and flew out in the air. A sword mark several feet long appeared on his chest. The bones were deeply visible, almost running through his upper body, and blood spattered like death.

"father!"

"Patriarch!"

Everyone in the Zhou family was horrified. They didn't expect that even under the Patriarch's full strength, they would still be slashed by a sword. Is this guy a monster?

Even more furious was Zhou Xinhua.

He has the highest cultivation level, and he is the person involved, so he knows the best.

The power of Qin Chen's previous sword was actually not strong, but it was terrifying, but it spotted the flaw in his boxing technique at once, and easily dismantled his attack.

"Damn it, how did the Xu family find such a pervert?"

With a roar, Zhou Xinhua panicked, knowing that he was not Qin Chen's opponent, and his figure flipped in the air and grabbed Xu Yan, the nearest to him.

With such a strong presence, it is no longer possible for him to blackmail the Xu family today. Even going out alive is in great danger. You can only take a hostage first and leave here.

boom!

The terrible palm power enveloped Xu Yan, and she wanted to take it into her hand.

Xu Yan didn't expect Zhou Xinhua to suddenly shift the goal to herself, struggling to struggle, but could do nothing, she could only watch herself fall into the opponent's hands.

"Want to take hostages?"

Qin Chen sneered, and at the moment Zhou Xinhua made his move, he suddenly raised his sword.

puff!

The faint sword light flickered in the void, like thunder.

next moment!

"what!"

With a scream, Zhou Xinhua grabbed Xu Yan's arm and flew out of the sky, cutting it into two pieces.

puff!

Infuriated, Zhou Xinhua's severed arm turned into powder, and only half of the broken glove and storage ring were left in Qin Chen's hands.

Cang Dang!

Throwing the broken glove on the ground, Qin Chen put away the storage ring, didn't even look at it, and put it in his storage ring.

"My storage ring!"

Zhou Xinhua lost his arm and was in great pain, but his heart was even more painful.

Only at this time, he didn't even have the courage to make a move, and his figure flickered, and he rushed towards the outside of the Xu Family Mansion hall.

At this moment, there is only one thought in his mind-escape!

"Did I let you go?"

An icy voice sounded, and a sword light flashed through the void, "Ah", a scream sounded, Zhou Xinhua's legs were cut off, blood surged, and the whole person fell to the ground.

If he fought desperately to resist, perhaps he could still fight Qin Chen with two moves and wanted to escape, how could it be possible.

"father!"

"Patriarch!"

Everyone in the Zhou family was stunned, their faces pale.

As for the Xu family, they have long been dumbfounded.

After shaking his body, Qin Chen came to Zhou Xinhua with a mysterious rust sword, dripping blood on the side, and his whole person was like a demon.

"You can't kill me, you are an outsider who dare to kill people wantonly in Wucheng. Once you let the big forces know, you will definitely die." Zhou Xinhua roared.

At this time, the self-confidence on his face had long since disappeared, some were just anger and panic, and there was endless resentment.

"At this time, they threatened me!"

Qin Chen frowned.

Huh!

The sword light flashed, Zhou Xinhua's head rose into the sky, his eyes widened in horror, filled with disbelief, fell to the ground with a thump, and rolled twice.

Originally, Qin Chen didn't want to kill the opponent, but just wanted to cultivate Zhou Xinhua as a whole. After all, when he first came to Wucheng, he didn't want to go to war.

However, seeing the other party's resentful eyes, Qin Chen knew that even if he let his life go, using the other party's resentment towards him, he would try to find someone to deal with him.

That being the case, it's better to kill it!

Chapter 344

"Patriarch is dead."

"Father was killed!"

The Zhou family's pupils shrank suddenly, and they were filled with endless panic in an instant.

Qin Chen held the long sword and looked at the rest of the Zhou family present.

The expressions of everyone in the Zhou family were full of fear, their faces turned pale, and they had no courage to look directly at Qin Chen.

One of the elders who had mocked Qin Chen before said tremblingly: "Your Excellency, our Zhou family has no eyes on Mount Tai and offended the young man. Please raise your hands and return our Zhou family to a living. We promise that we will never again. Don't trouble the Xu family."

His voice trembled, and his tone was full of fear.

Even Zhou Xinhua's son was trembling, and he didn't dare to say more.

Qin Chen didn't say anything. After all, this matter is still the Xu family's business. He looked at the leader Xu Xiong and said indifferently, "Patriarch Xu, you have to decide what to do with the family this week!"

"Pump!"

Before Xu Xiong could speak, several elders of the Zhou family knelt down and said with a trembling: "Clan Master Xu, our two families have been operating in Wucheng for so long. We don't look at the face of the monk and the face of the Buddha. Give us a chance and let us go. Right."

Xu Xiong's eyes showed anger: "Let you go, why, why don't you think about how you treated our Xu family before?"

"It's our ghosts who have lost our minds for a while, Patriarch Xu, as long as you let us go, even if you speak, we will agree to any conditions."

"Yes, as long as you make the terms, we will definitely agree and we will never go back."

"Patriarch Xu, give us a chance."

The elders of the Zhou family knew very well what they should do now. No matter what, saving their lives was the first condition. As long as they returned to the Zhou family, they had no choice but to deal with them.

The Xu family did not know where to find such a master. Their Zhou family has been operating in Wucheng for so long, and they are not vegetarian anymore. Even if they spend a lot of money, they will find two killers and give them everything they eat. He spit it out.

And the young man who killed the Patriarch must die.

"Hahaha, Zhou Zhenlong, what do you think Xu Xiong is a three-year-old child? Let you go back, that is to let the tiger go back to the mountain, everyone obeys orders, surrounds the hall, and Zhou's family does not stay, and kills them all!"

Xu Xiong let out a loud shout and took the lead to kill Zhou's family.

"Yes!"

Everyone in the Xu family had been treating them seriously. Now Zhou Xinhua was dead. Although the remaining masters were not weak, they must not be allowed to go out alive.

After living in Wucheng for so long, the Xu family has long understood a truth. This is a cannibalistic place. If you are kind and let the tiger go back to the mountain, you will definitely die later.

In an instant, the whole hall roared endlessly, and the two sides brazenly fought each other.

Although Zhou Xinhua was missing, the remaining elders of the Zhou family had extraordinary cultivation bases, knowing that the other party would not forgive themselves, and fought hard.

On the other hand, on the Xu family's side, several leading figures were all seriously injured, and the two sides fell into a stalemate for a while.

"rush out!"

Several elders of Zhou's family retreated while fighting.

As long as he retreated outside and alerted the Wucheng patrol, there would be a way to survive.

At this time, their hearts were extremely depressed. They had known this kind of thing would happen, how could they break into the Xu family mansion?

Aside, Qin Chen nodded slightly.

The reason why he left it to Xu Xiong to make a decision was to see what Xu family thought.

If the Xu family let go of the Zhou family, then the status of the Xu family in his heart would definitely drop a lot. At this time, he didn't know that he would be chased by victory. Do a little help.

"dead!"

Seeing that the Zhou family was about to exit the hall, Qin Chen finally moved.

Huh!

An afterimage rushed across the two fighting parties, and the next moment, the sword light flashed, and several elders of the Zhou family instantly split their heads into two parts.

After losing a few masters, how could the rest of the Zhou family be opponents of the Xu family, one by one beheaded and screamed.

Especially the young Mazi from Zhou's family, was stared at by Zhang Mingzheng, piercing the heart with a sword.

In the end, only the strongest Zhou Zhenglong remained, still resisting.

But he was covered with blood, obviously he could not last long.

It's about to fall.

"Leave this for now!"

Qin Chen said suddenly.

The people of the Xu family were slightly startled, seeing Qin Chen opening his mouth, stopped attacking one after another, and stepped aside.

Looking at Qin Chen respectfully, he had long looked forward to his horse's head.

"What do you want to do?"

Zhou Zhenglong was full of blood, staring at Qin Chen, full of resentment, and spit out a mouthful of blood.

Even now, he didn't want to go back alive.

"Come on, what is the relationship between Liu Cheng and your Zhou family?"

All the members of the Xu family were taken aback, and looked at Qin Chen in a puzzled way. How could it involve Master Liu Cheng?

Zhou Zhenglong was taken aback, and then sneered: "Hahaha, am I Zhou Zhenglong who is greedy for life and fear of death? You want to know, dream!"

Knowing that it was all death, Zhou Zhenglong had already given up his heart long ago.

"Give you a chance, say it, I can save you a life, don't want to say, die!"

Qin Chen said indifferently.

"What you said is true?"

Seeing Qin Chen's expression, Zhou Zhenglong was taken aback, and said grimly: "Why should I trust you?"

"Do I have to lie to you?"

Qin Chen's eyes were indifferent, and his expression was high, like a \*\*\*\* of death dominating living things, "If you don't want to say, I won't force you."

When Long Sword mentioned, murderous aura flashed by.

"Say, I say!"

Zhou Zhenglong's hard spirit, but he couldn't see the hope of living. If he could survive, he would naturally not want to die.

"This time, the idea was determined by Master Liu Cheng. The poison that the Patriarch severely wounded Xu Xiong was also given by Master Liu Cheng, and Master Liu Cheng also said that he would lead the Xu family to the land of the three-eyed salamander. Their people died in the Xuanzhong Mountains. By then, Master Liu Cheng will get half of the treasures we get from the Xu family."

"what?"

Zhou Zhenglong's words, like a bolt from the blue, struck Xu's mind hard.

"This \*\*\*\* Liu Cheng."

The Xu family never expected that Master Liu Cheng was involved in this incident, and he was one of the main murderers.

In vain, they thought that Liu Cheng could heal Xu Xiong's injury.

Zhang Han and the others looked at each other, and they were lingering. It turned out that Liu Cheng had such thoughts. No wonder the potion didn't work at all. If Qin Chen hadn't passed by, they would have all died under the mouth of the three-eyed salamander.

Qin Chen sneered. He had long felt that Liu Cheng was not right, but he did not expect to be one of the accomplices.

boom!

A palm hit Zhou Zhenglong's abdomen, and Zhou Zhenglong's dantian in his body was instantly exploded. The whole figure looked like a frustrated ball, instantly wilting.

"You...you abolished my cultivation..."

Zhou Zhenglong was frightened. In Wucheng, without the cultivation base, it was worse than the dead.

"I said I would save you for life, but I didn't say not to destroy you."

Qin Chen smiled coldly.

Chapter 345

"Okay, you are cruel!"

Zhou Zhenglong staggered to stand up, his eyes were bitter, he wanted to go out.

"Get him up." Qin Chen said.

Suddenly, two of the Xu family's children stepped forward to erect Zhou Zhenglong.

"You... what do you want to do? Just now you clearly said that you would let me go."

Zhou Zhenglong was detained by the Xu family, and he was furious, thinking that Qin Chen was going to regret it, and shouted angrily at him.

"Don't worry, I said that I will let you live a life, and I, Qin Chen, will not even say this credit, but I have to wrong you for the time being."

"you....."

Zhou Zhenglong was trembling with anger. He had known this earlier, he would rather die than promise Qin Chen, but now, even if his heart is ashamed, but the thoughts of struggling still make him unwilling to give up the hope of survival.

This is how people are. When they are capable, they are willing to make a desperate move, but after breaking the pot, they don't have the courage to die.

"Young Master Qin Chen, what should this person do now?"

Xu Xiong asked respectfully, at this moment, they had regarded Qin Chen as their backbone.

"Take people down first." Qin Chen said.

Soon, Zhou Zhenglong was taken away, and the bodies of the Zhou family head and many elders were also cleaned up.

"Young Xia, thank you very much this time. If it weren't for Young Xia, I'm afraid my Xu family would face the disaster of life and death. Such a great kindness, my Xu family is grateful.

Xu Xiong took the Xu family and bowed deeply to Qin Chen.

The other party not only saved his daughter, but also helped the Xu family solve the Zhou family's threat. Although the Zhou family's foundation is still there, losing these masters is tantamount to losing a fierce tiger with minions.

Qin Chen waved his hand and said, "It's nothing, it's just a matter of effort."

Xu Yan and the others listened, and they flickered and almost fell to the ground.

Raise your hand?

Qin Chen helped them repel the powerful enemies of the Zhou family, killed the Patriarch of the Zhou family and many elders, and solved the life-and-death crisis of the entire Xu family. He even said that it was just a matter of effort, and let people not live?

For Qin Chen, it was a matter of effort, but for the Xu family, it was related to the entire family.

At this time, the Xu family mansion had been cleaned up. Xu Xiong took Xu Yan and the others, and brought Qin Chen to a small living room inside the mansion.

As the time was approaching noon, Xu Xiong ordered a sumptuous luncheon to be prepared for Qin Chen.

During the luncheon, Xu Yan frequently toasted Qin Chen, his cheeks were flushed, and his eyes fell on Qin Chen from time to time, quite a bit shy of a young girl.

Everyone loves heroes, and Qin Chen's strength makes women like Xu Yan's heart beat.

Not far away, Zhang Mingzheng saw this scene with a sad expression.

"Mingzheng, don't worry, Young Master Qin Chen and we are not in the same world. Miss and him will have no results." After all, Zhang Han is rich in experience. Seeing his son's sad appearance, he could not help but comfort him, and at the same time warned: "At the same time, I also warn you, don't have any dissatisfaction with Qin Chen Young Hero."

Zhang Mingzheng nodded bitterly. He is now the pinnacle warrior of the late prefecture level. Within one or two years, it is not that he has no chance to enter the sky level. In Wucheng, he is also considered a genius.

But compared with Qin Chen, it was far worse.

"Father, don't worry, Young Master Qin Chen is our lifesaver. I'm grateful that it's too late. How can I have other ideas? I just hope that I can become stronger and strong enough to protect this family, so I pursue Xu Yan. Miss, I won't lose my confidence." Zhang Mingzheng said firmly.

"It would be better if you could think so." Zhang Han nodded.

"Young Master Qin Chen, I toast you a cup."

At the banquet, Xu Xiong raised his glass to Qin Chen.

He also saw how his daughter Xu Yan thought about Qin Chen, and at the same time knew Zhang Mingzheng's love for her daughter, but these were young people's matters, and he would not interfere.

"dry!"

Qin Chen also raised the wine glass.

"Cough cough cough!"

After a glass of wine, Xu Xiong couldn't help coughing, and his face was a sickly flush.

"Father, you drink less, your injury has not healed yet." Xu Yan worried.

"Yes, Patriarch, you are very toxic. Drinks will aggravate your injuries, so drink less."

The other elders of Xu's family also dissuaded them with a worried expression.

Qin Family

"Hey, Young Master Qin Chen solved a big problem for our Xu family today. How can I not give up my life to accompany me."

Xu Xiong waved his hand and said in a deep voice, but the voice fell, which affected the injuries in his body and coughed more severely.

A trace of blood spilled from the corner of his mouth.

"father."

Xu Yan almost cried.

The other elders also looked bitter.

Originally, they all placed their hopes on Master Liu Cheng, but from Zhou Zhenglong's mouth, after learning that Liu Cheng turned out to be one of the murderers of Xu Xiong, they were completely desperate.

Although Wucheng is big now, they don't know who to look for.

"Patriarch Xu, you might as well let me have a look at your injuries." Qin Chen said suddenly.

"Young Master Qin Chen, will you heal?"

Everyone stared in amazement.

Qin Chen laughed: "Understand a little bit."

Xu Xiong was skeptical, but stretched out his arm.

Qin Chen put his fingers on Xu Xiong's vein door, and his mental energy penetrated in, perceiving it carefully.

"what!"

Qin Chen suddenly let out a horror, his face was strange.

"Young Master Qin Chen, the poison in the old man is very special. I have visited many pharmacists in Wucheng, but they can't get rid of them. If Young Master Qin Chen cannot be treated, he doesn't have to worry about it."

Xu Xiong's face was bitter, but he looked very open.

"I didn't say it couldn't be cured!"

Qin Chen knew that Xu Xiong had misunderstood, and couldn't help but smile.

"Thank you Young Master Qin Chen for your concern. In fact, the old man has already looked away...what? What did you say? Can you cure it?"

Xu Xiong thought that Qin Chen was comforting him, and couldn't help but shook his head and said, but half-talking, he suddenly froze, his eyes widened and he almost didn't fall to the ground.

The others also looked at Qin Chen dumbfounded, thinking that they had misheard their ears.

"Hehe, the poison you are in is really special, but it's not incurable."

When the voice fell, a jade box appeared in Qin Chen's hand. The jade box was opened with dozens of golden needles in it.

"If you can believe me, Patriarch Xu just stay still." Qin Chen smiled.

"I believe, of course I believe!"

Xu Xiong nodded again and again. At this time, even if he didn't believe it, he could only be a dead horse doctor.

Before the words fell, Qin Chen moved suddenly.

Snapped!

With a slap on the table, his infuriating anger shook. In the jade box, more than ten gold needles suddenly jumped out. Qin Chen waved his right hand and flicked it lightly.

Chi Chi Chi Chi!

More than a dozen golden needles flashed in the void, and the next moment, all of them were submerged in Xu Xiong's body.

The moment the golden needle entered his body, an invisible qi flooded into Xu Xiong's body, causing him to snorted and spouted a mouthful of black blood.

Snapped!

After entering the body, the dozen or so golden needles burst into pieces at the same time and turned into powder.

At this time, Qin Chen had put away the jade box and put it back in the storage ring.

Chapter 346

The audience was silent.

Everyone looked at Qin Chen in a daze, their eyes bursting.

After all, the Xu family is also a big family. I have seen many doctors, and I have not seen golden needle pricking before, but I have never seen such a magical treatment. With a flick of my finger, more than ten golden needles instantly enter all acupoints, which is almost magical. general.

"Young Master Qin Chen, what do I need to do next?"

The hope in Xu Xiong's heart was burning like a flame at this time.

After seeing Qin Chen's methods, he faintly felt that the other party might really hope to heal his injury, and he couldn't help but look forward to it.

Not only him, but all Xu Jiaqiang in the room, all looked eagerly and excited.

"doing what?"

Qin Chen was taken aback, with doubts on his face, and said, "No need to do anything."

"what?"

The Xu family members are all dumbfounded.

What does this mean?

My heart couldn't help but sink.

Did Qin Chen Shaoxia find that the Patriarch's body was seriously injured after puncturing the acupuncture point with a golden needle?

This is not impossible.

After all, there were not ten pharmacists, but seven or eight. Except for Liu Cheng, no one was sure to treat Patriarch's injuries.

Seeing everyone's expressions, Qin Chen suddenly understood that the Xu family had misunderstood.

I couldn't help but smile and said, "Oh, don't worry, everyone, the toxins on the master Xu's body have been cured before."

"Cure... cured?"

Xu Yan and the others stiffened, their heads dizzy.

With just such a throw of the golden needle, the Patriarch's disease was cured?

Are you kidding me?

Everyone was depressed and almost didn't vomit blood.

"Hehe, in fact, the poison on Patriarch Xu's body is not so serious. It's just that this toxin is very strange and can penetrate every cell of the human body. Therefore, ordinary detoxification drugs are not effective at all, but before me, after the golden needle punctured the acupuncture point, Stimulated the true energy power in all the cells in his body, and in an instant, using the Master Xu's own true energy to force out the toxin instantly, it was all right."

Seeing everyone's doubts, Qin Chen explained.

The poison in the Xu family is actually not very strong, but it is a little special, it is the legendary heart lotus poison.

This toxin is extracted from the genius and different treasures of the colorful heart lotus. This colorful heart lotus is the fourth-order peak elixir. It is very precious and can purify the martial artist's true energy and improve the martial artist's cultivation level.

Therefore, the attack is very powerful, and it penetrates into every meridian and every cell of the body. The general antidote will not work at all.

However, it is not difficult to find the right way to get rid of it.

"Not serious? Is it all right?"

Listening to what Qin Chen said was simple, everyone in the Xu family in the hall was frantic.

If this poison was simple, it wouldn't have left the Xu family at a loss for so many days, and could only find other Liu Cheng.

You know, they saw at least seven or eight alchemists before, half of them, even the cause of Xu Xiong's injury could not be seen, and the remaining half, although they could see the cause, could not find a solution at all. Way.

Now that Qin Chen said so simple, everyone couldn't help but vomit blood.

Seeing everyone's expressions, Qin Chen understood that what he said would be difficult for everyone to accept.

Can't help but smile: "Clan Master Xu, you can run the true energy in your body to see if the injury has healed."

"it is good....."

Although he doubted Qin Chen's words, Xu Xiong couldn't help running the true energy in his body.

boom!

An astonishing breath erupted from his body, and the whole hall was like a whirlwind, and all the cups and cups were shaking violently.

"This this....."

Xu Xiong's eyes were almost bursting, and his whole expression was dull, and he couldn't believe his eyes at all.

"My injury was healed. Not only that, why do I feel that the true qi in my body is more mellow than before? At least it is at least half stronger!"

Xu Xiong muttered, his expression almost stunned.

In other words, before he was injured, his cultivation was in the late heavenly rank, but now, he clearly felt that he had already broken through the late heavenly rank, at least reaching the peak of the late heavenly rank.

This is like a pie in the sky.

The other experts in the Xu family were also dumbfounded, looking at Qin Chen stupidly.

"It's really cured... What is the origin of this Young Master Qin Chen, is it too bad?"

At this moment, no words could describe their inner shock, almost going crazy.

Upon seeing this, Qin Chen smiled faintly.

The colorful heart lotus is a legendary treasure for improving the cultivation of a martial artist. Although the lotus seed can extract heart lotus poison, once it is refined, the cultivation of the martial artist will also be greatly improved.

Therefore, Xu Xiong felt that he had made a breakthrough, it was only natural.

At this time.

The maid outside brought up a tray. In the tray, there were storage rings taken from the corpse of Zhou's parents and placed them one by one.

"Shao Xia, this is the storage ring of Zhou's parents and elders. Our Xu family hasn't moved anything. In addition, there is a little caution from my Xu family. Please accept it."

Xu Xiong stood up from his seat, picked up the tray himself, and handed it to Qin Chen respectfully.

Qin Chen not only rescued Xu Yan and the others, but also saved the entire Xu family. Just now, he even healed his injuries. Such kindness is no longer expressible in a few words.

What's more, such a master cannot be cultivated by ordinary forces. Xu Xiong has already decided to treat each other well.

"Alright!"

Qin Chen wasn't polite, he didn't even look at the storage ring in the tray, swept it slightly, and put it all in his storage ring.

"I don't know why Young Xia came to Wucheng at this time. If you have any need, please speak up. As long as my Xu family can help, I will die."

Wucheng was extremely chaotic, and it was the trading center in the northwest. Xu Xiong knew that the other party had come for a purpose, so he couldn't help asking.

"I'm here indeed to find something, but don't worry for the time being, you can tell me about Liu Cheng first." Qin Chen smiled.

After learning that Xu Xiong's poison was Heart Lotus Poison, Qin Chen was also interested in Liu Cheng.

Speaking of Liu Cheng, Xu Xiong's face sank. Before he had hoped that the other party could heal his injuries, but he did not expect that he and the Zhou family were the same as the Zhou family and almost killed his daughter in the Xuanzhong Mountains.

He gritted his teeth and said: "Then Liu Cheng is the alchemist of Wucheng. You know, Wucheng is extremely chaotic and is not under the jurisdiction of any of the five countries. Therefore, there are no alchemy pavilions and blood sacred places here, leading to refining. Pharmacists are extremely rare, and most of the pharmacists are casual cultivators, so every pharmacist is extremely valuable."

"And Liu Cheng is extremely talented in refining medicine. He is a second-rank pinnacle pharmacist, so he is quite famous and extremely high in Wucheng."

## Chapter 347

As Xu Xiong spoke, Qin Chen was aside, but nodded secretly.

A place like Wucheng is extremely chaotic, and there are naturally a lot of battles every day.

Under this circumstance, the status of the alchemist will naturally become higher and higher.

After all, fighting among warriors, those with a low cultivation base would definitely not be reconciled to improve their cultivation. At this time, the pill will definitely be indispensable.

In addition, fighting between warriors is also very easy to get injured. Once injured, it will naturally require healing pills or medical treatment. At this time, the identity of the alchemist becomes more prominent.

Therefore, when a place becomes more chaotic, the status of the alchemist will be more elevated.

This is an unchanging principle, not only in Wucheng, but also in other parts of the mainland.

What's more, there is no official alchemist organization like Pill Pavilion in places like Wucheng, and the identity of alchemist will naturally be even more terrifying.

"Then Liu Cheng belongs to the four major forces in Wucheng?" Qin Chen asked afterwards.

Before communicating with Xu Yan and the others, Qin Chen also understood that the order of Wucheng was in charge of the four most powerful forces.

These four powers were the Song Family, Zhu Family, Wu Xiu Mansion, and the Sky Star Chamber of Commerce. Each of these powers had a master of Xuan-level and was the overlord of Wucheng.

"That's not true. Liu Cheng didn't join any forces. Instead, he opened a pharmacist shop in the most prosperous area of Wucheng, named Liuge. It is well-known in Wucheng, and people seeking medical treatment are constantly coming. His rule is that anyone who wants him to make a cure must meet his specified requirements, otherwise he will ignore it at all."

Aside, Xu Yan and others nodded one after another.

Among the many pharmacists in Wucheng, although Liu Cheng's reputation is not the highest, he is also one of the best, otherwise they would not come to the door.

"Hehe, it's really strong." Qin Chen couldn't help but sneered, and stood up: "Let's go."

Standing up, Qin Chen was about to step out.

"Go...where to go?"

Xu Xiong was stunned, and Xu Yan a few people were also a little stunned.

"Naturally go to find Liu Cheng."

Qin Chen sneered at the corner of his mouth: "Then Liu Cheng dare to frame your Xu family in this way. I really want to know, what kind of character it is!"

"Young Master Qin Chen, don't you want to trouble Liu Cheng?"

Xu Xiong's expression suddenly became anxious, and he hurriedly said, "Young Master Qin Chen, I'm afraid you don't know. This Liu Cheng is no better than the Zhou family. The Zhou family is just a small family in Wucheng, and we have taken the precedence. Even if Zhou Xinhua is killed, no one will say anything, but Liu Cheng is different. Liu Cheng is very famous in Wucheng. Although he has never belonged to the four major forces, he has a good relationship with the Zhu family, one of the four major forces. If we rashly Finding the door is very likely to be dangerous."

Although he hated Liu Cheng so much, he didn't dare to ask Xu Xiong to trouble Liu Cheng.

After all, Liu Cheng's identity as a pharmacist was not comparable to that of the Zhou family.

"I know this naturally, but Liu Cheng framed the Xu family in such a way, and it was definitely me that I couldn't bear it. Today, I am going to the Liu Pavilion to ask for justice. If Patriarch Xu is willing, he can naturally come together. If you don't want it, it's okay, and I won't force it."

Qin Chen said lightly.

"Young Master Qin Chen, what are you talking about? If it weren't for you today, I'm afraid my Xu family would have been in disaster. The old man said this, just to remind him, since the young man must do this, the old man naturally has no objection. , Let alone the mere Liu Pavilion, even if the old man frowned, he would be a fool."

Qin Chen's remarks aroused Xu Xiong's blood, righteous words.

"In that case, let's go."

Qin Chen smiled slightly.

To be honest, he must be looking for Liu Cheng's troubles. After all, after knowing that Xu Xiong's poison was Xinlian Poison, Qin Chen was already curious about Liu Cheng.

This is the colorful Hualien at the top of Tier 4, if the other party really has such a kind of elixir, which is enough to improve Qin Chen's cultivation level, he will naturally not care.

But in the same way, Qin Chen was also testing Xu Xiong.

If the Xu family was really afraid of Liu Cheng and fearful of the head and tail, then Qin Chen would definitely turn around and leave without saying a word.

There is no point in staying with such a family.

Immediately, Qin Chen and a group of Xu family members walked toward the Liu Pavilion in a mighty manner.

"Xiaoxia Qin Chen, Liu Cheng, himself is the cultivation base of the late Heaven-level peak. In addition, his status as a second-rank peak pharmacist also allows him to recruit many masters, although there is no profound level expert. , But there are still two powerhouses at the peak of the late stage of the heavenly rank. You must be cautious if you can act afterwards."

Along the way, for fear of Qin Chen's recklessness, Xu Xiong took Liu Cheng's background and cultivation base one by one.

"Don't worry, I'm not a reckless person!" Qin Chen nodded and smiled.

The two sides walked quickly on the street. After walking about a stick of incense, they saw that the front was getting more and more lively, and at the same time a large attic appeared in front of everyone.

With red bricks, green tiles and golden glaze, this loft stands on the bustling downtown street. Compared with the shops on both sides, it has a unique style.

Above the gate of the attic, a gilded plaque was hung high, with two characters "Liu Pavilion!"

At the same time, in front of the attic, there were a few guards standing proudly and exuding a startling breath.

"A warrior in the early days of heavenly rank?"

After taking a look, Qin Chen's eyes narrowed.

The several guards guarding the door turned out to be heavenly powerhouses.

Such people in the Zhou family and Xu family are definitely elder-level masters and will not come out easily, but in this Liu Pavilion, they are actually just guards at the door.

"This is the Liu Pavilion of Pharmacist Liu Cheng. He sits in the Liu Pavilion every afternoon. Therefore, at this time, when the Liu Pavilion is the most lively, many warriors who want to ask him for treatment will come."

Xu Xiong reminded him secretly.

Sure enough, looking up, there were already a lot of people in the queue at the entrance of Liu Pavilion.

These people all have anticipation in their eyes and keep looking forward to it.

Several of the warriors, supporting a man covered in blood, were about to walk inside anxiously.

"Hey hey, what do you guys do?"

Before reaching the door, he was stopped by the guard.

"This eldest brother, we are from the Gale Expedition. We encountered a sky-level blood beast, Heaven-Eyed Ghost Cat in the Xuanzhong Mountain Range. In order to save us, our captain was severely injured after breaking it alone. Let's go in and ask Master Liu Cheng to save our captain."

Those warriors said eagerly, looking anxious.

The Gale Expedition is also somewhat famous in Wucheng, and the captain is a powerhouse at the mid-day peak.

"I'm sorry, our pavilion master has confessed that if you want to treat the illness, you have to queue up first, and then you can take up the task and complete the requirements before you can see the guests."

The lead guard glanced at a few people and spoke disdainfully.

Chapter 348

"A few big brothers, you see our captain has been injured like this, please do well, make way, we all understand the rules, but now the situation is urgent, please also ask some big brothers for convenience."

The speaker looked anxious, and at the same time took out a few silver bills from his body, secretly stuffed them into the hands of a few people, and said, "This is a little care, please don't dislike them."

"Sorry, the rule set by our pavilion master is an iron rule. No one can break it. It doesn't matter if you are in an emergency."

Several security guards glanced at the silver ticket handed over by the Gale Expedition, with an air of disdain, and sneered, "I want to buy some of our brothers for 10,000 silver coins to send a beggar?"

"you....."

"How can you be like this? The reason why our Gale Expedition team went to such a dangerous place as the Xuanzhong Mountain Range was because we took the task of your Liu Pavilion and looked for hydrangea. Otherwise, how could our captain get injured? It is too unkind. ?"

"Yeah, you got injured after receiving your Liu Ge mission, don't you Liu Ge completely care about it?"

Several members of the Gale Expedition were suddenly anxious and couldn't help but step forward.

"To shut up."

The person who had spoken before, even winked at the brother behind him. They were here to beg, not to make trouble. Once they offended Liu Ge's guard, the captain would be really hopeless.

"Brothers, our brothers were ignorant just now, don't worry about it, this is a small gift, not a respect."

Gritting his teeth, the guy from the Gale Expedition took out a few more silver tickets from his body and handed them over.

The face value of these banknotes is not low, at least 30,000 or 40,000 in total.

"Snapped!"

Raising his hand, he directly slapped away the silver ticket of the Gale Expedition. The leading guard had a cold expression and said indifferently, "I give you a face, you really treat yourself as a person, what Gale Expedition? A garbage expedition. That's all, it's also arrogant here. If you say you don't want to see you, you won't see you! Get out now, otherwise, don't blame us for being impolite."

The guard's face sank, his palms shook, and one after another raised their weapons.

"You are too much."

"Our captain, because your Liu Ge was injured, is this your attitude?"

"Seeing death and not saving, is this what your Liu Ge alchemist did?"

Hearing this, the members of the Gale Expedition almost exploded, one by one furious.

Other people seeking medical treatment around also showed pity on their faces.

The Gale Expedition, in Wucheng, can be regarded as a small celebrity. I didn't expect that it would become so miserable because of the task of Liu Ge.

The key Liu Ge's attitude is still so strong, which makes people embarrassed.

"What kind of eyes do you all have."

Seeing the pitiful gazes of many people present, several of Liu Ge's guards looked furious: "Our Liu Ge's mission did not force you to pick it up. You took it on your own initiative. Now we are injured, but we blame us. There is no such thing in Liu Ge."

"I see, all of you are guilty of being cheap. If you have the ability, don't come to our Liu Pavilion. You are all looking for it yourself."

The leading guard looked at the people of the Gale Expedition, with a mocking smile at the corner of his mouth.

"you....."

Hearing this, the members of the Gale Expedition team suddenly fried the pan, with an angry expression one after another, rushing up, and a terrible qi erupted all over the body, making a violent roar.

This violent wind expedition team can make a reputation in Wucheng. Naturally, it is not the idle generation. Except for the leader of the team, who is the strong at the mid-day peak, the rest of the team members are not weak. There are several, all of them. Early days of the day.

This started, with great energy, all kinds of infuriating attacks, overwhelming.

"You gale expedition team, dare to run wild in our Liu Pavilion?"

The speaking guard sneered and was not afraid.

"What about Saye? It's a big deal, we're looking for someone else and won't come to your Liuge. You Liuge, all of you are white-eyed wolves."

The people of the Gale Expedition were all about to explode in anger, no matter how the deputy captain stopped them, they all rushed forward with great energy in their hands.

They have made up their minds that even if they suffer a bit of a loss, they have to ask for justice.

"Hehe, we Liu Pavilion can stand in Wucheng for so long, really think we are vegetarian? Since we want to do it, then wait for death!"

Liu Ge's guard sneered, and then took a sudden step.

Buzzing!

An invisible white light enveloped the entrance of the entire Liu Pavilion, enclosing all those who were seeking medical treatment.

"you....."

The few members of the Gale Expedition were hit by the attack swept out of the white light before they had time to react. Blood was sprayed from their chests, and they fell to the ground and suffered serious injuries.

"what?"

Seeing this scene, all the people who were seeking medical treatment in the scene changed their expressions and backed away one by one.

At the entrance of the Liu Pavilion, a powerful formation was arranged, which enveloped all the people seeking medical treatment, and they never knew it.

It's too much.

Fortunately, it is not them that the opponent wants to attack. Otherwise, they, who are enveloped by the formation, will not end up much better than the Gale Expedition.

"Don't worry, you guys, the reason why we Liu Pavilion set up the formation at the door is not to deal with you, but just to deal with some troublemakers. As long as everyone stays safe and guards themselves, there will naturally be no danger. This gale expedition is your end..."

Speaking of this, the guards, with grinning smiles at the corners of their mouths, rushed up one by one.

"Puff!"

"what!"

Although the members of the Gale Expedition are not weak, under this formation, they are not the opponents of the guards of Liu Ge at all. They can only hear the screams, continuous and continuous. In an instant, all of them were seriously injured and fell to the ground. .

If they didn't agree with each other, they would fight hard, and they would start fiercely. This Liu Pavilion person is indeed vicious.

"Everyone, do you dare to make trouble in my Liu Pavilion?"

Several Liuge guards sneered again and again.

"This....."

Speaking of trouble, in fact, it took a few breaths. Several members of the Gale Expedition were seriously injured. It was terrible to watch. Qin Chen's eyes were cold.

This Liu Pavilion person is simply too hot.

"Everyone, everything is my Wang's fault. I would like to invite a few adults to have a lot of them. For the sake of my Wang's face, let go of my team members."

Seeing this scene, the severely injured captain of the Gale Expedition opened his eyes with difficulty and said in pain.

While talking, he coughed up blood.

"Captain Wang, it's in your face? You are an explorer, what qualifications do you have? You deserve me to give you face?"

The leading guard sneered and kicked the seriously injured Captain of the Gale Expedition.

boom!

This person flew out heavily, drew the sorrowful roar of the members of the Gale Expedition, and watched their captain and fell to the ground.

Originally, Captain Wang was seriously injured, and this time he was immortal and disabled.

At this moment, a figure appeared and held the opponent.

"I said, are you too much?"

An indifferent voice sounded with displeasure.

It was Qin Chen.

"Hey, where's the little bunny from where the hair doesn't grow up, so why are you acting here?"

Hearing this, Liu Ge's guard furiously stepped forward with a sneer.

Chapter 349

Today, they originally wanted to teach the Gale Expedition a lesson, so as to kill the chickens and monkeys, and see if anyone would dare to run wild in the Liu Pavilion in the future.

Unexpectedly, when the lesson was halfway through, there was a teenager who ran out and pretended to be forceful, which made them bear it.

"Boy, which family are you from? The hair is not all grown, come to die."

With a sneer, the guard's face was cold.

One lesson is a lesson, and two lessons are also lessons. It's better to solve this young man together so that everyone can see what place Liu Pavilion is.

"Several people, misunderstandings, all misunderstandings."

Seeing Qin Chen's early days, Xu Xiong was shocked, and hurriedly came to Qin Chen and said to several guards and Yan.

But there was no words in his heart. Young Master Qin Chen said that he was not reckless. Is this his not reckless?

The other Xu Jiaqiang members were also speechless.

Young Hero Qin Chen is strong, so he doesn't have to think about doing things. Even if he wants to make trouble, he has to change the place. This place is covered by the Liuge formation. Isn't this dangerous?

Of course, without hesitation in his heart, he stopped in front of Qin Chen one after another.

"Hey, isn't this the Xu Family Patriarch?"

"Yes, there are many elders in the Xu family!"

"Why are they here?"

"I heard that not long ago, the Patriarch of the Xu family was seriously injured and came to Liu Pavilion to ask for medicine. Now he is so alive and kicking. Could it be healed?"

"Master Liu Cheng deserves to be Master Liu Cheng, his medical skills are indeed brilliant."

Xu Xiong was also the Patriarch of the Xu Family anyway, and when he appeared, many martial artists around him were surprised.

"It turned out to be Patriarch Xu, why, do you want to fight against my Liuge?" The guard saw Xu Xiong coming forward and couldn't help but his face sank. The corner of his mouth was sneered. He glanced at Qin Chen and said coldly: "Patriarch Xu, Is this kid from your Xu family?"

"Haha, a few, this person is the benefactor of my Xu family. If you offend, please forgive me, but we are here this time because we are looking for something important to Liu Cheng."

Although he was upset with the people in Liu Ge, Xu Xiong was still cautious and not daring to be too presumptuous.

"Is something important? That's why you have something to do? Patriarch Xu, don't blame us for not giving you face, hand over this kid, we don't care about this matter, otherwise, don't blame us for being merciless ."

Several guards sneered, and did not put Xu Xiong in their eyes at all.

"Xu Xiong, talk nonsense with them, just won it."

Hearing Xu Xiong chatting with a few guards, Qin Chen's face sank, and immediately said displeased.

Xu Xiong is good at everything, but he has less courage.

A stagger, Xu Xiong almost cried.

Benefactor, can you say a few words less, you are finally trying to calm the situation down, your sentence has ruined all the hard work just now.

Sure enough, hearing this, the people of Liu Pavilion were furious.

"Patriarch Xu, don't blame us for not giving you face, today this kid must die."

Several guards looked ugly and rushed towards Qin Chen.

"Ugh!"

With a sigh, Xu Xiong knew that it would be difficult if he didn't do it today.

boom!

A frightening aura bloomed in his body, Xu Xiong's figure shook, and he instantly came to Qin Chen, his palms fluttering suddenly.

Bang bang bang!

The toxin in Xu Xiong's body was lifted, and his cultivation base broke through to the peak of the late stage of the heavenly stage. Although those guards were not weak in cultivation base, how they were Xu Xiong's opponents, they still didn't realize what was happening, only felt that a huge force was coming. , Has been severely shaken out.

"Patriarch Xu, you are so bold."

"Dare to make trouble in Liu Pavilion, don't you want to live?"

"Well, you don't want to leave safely today."

Several guards were furious, but Xu Xiong didn't expect Xu Xiong to dare to do something against them, stepping on his feet, and hurriedly igniting the formation.

Buzzing!

An invisible white light enveloped Xu Xiong and the others, and the amazing real air flow made Xu Xiong feel a strong sense of crisis and swept over him.

"Young Master Qin Chen, stand back and I will deal with it here."

After swallowing a mouthful of saliva, Xu Xiong's face was solemn, and the formation that made him feel threatened was absolutely extraordinary, at least the formation of the third-tier peak.

With his current cultivation base, it is not easy to crack it. If he is not careful, it is very likely that he will fall into a crisis, leading to the destruction of the entire army.

"Young Master Qin Chen, if I encounter danger later, you don't care about me, as long as possible, escape from this formation."

Although he knew that Qin Chen's cultivation base was terrible, Xu Xiong was still nervous.

"Don't be so troublesome."

After taking out a few golden needles and putting a few needles on the leader of the Gale Expedition, Qin Chen stepped forward slowly and patted the formation in front of him.

boom!

Only a violent roar was heard, and the formation at the entrance of the Liu Pavilion mansion shook violently, and then shattered under the shocking eyes of everyone.

The sense of crisis in Xu Xiong's perception disappeared in an instant, and the surrounding formations fluctuated, completely silent.

The formation... the formation broke?

Looking at this scene stupidly, Xu Xiong just felt that his brain was not enough?

He knows Qin Chen is great, but he shouldn't be so great, right? The formation that even he felt threatened was blasted by a palm, which completely exceeded his expectations.

"What are you still doing, why don't you start?"

Being shocked, Qin Chen's indifferent voice came from the side.

"Yes!"

With a sharp spirit, Xu Xiong awoke instantly, rubbing his body abruptly.

Losing the blessing of the formation, how these few early guards of the heavenly ranks were Xu Xiong's opponents, they were severely injured and fell to the ground, vomiting blood.

"Xu Xiong, your Xu family dared to be wild in Liuge, do you know if you are dead?"

"Master Liu Cheng will not let you go."

"Believe it or not, Master Liu Cheng will destroy you Xu family."

Even at this time, these guards still showed resentment and roared angrily.

At this moment, there was only one thought in their minds, and that was why the formation that had been extremely strong before, after being slapped by the boy, suddenly lost its effect.

"Also nonsense!"

Puff!

The sword light flashed.

The guard at the forefront had a blood stain in his throat, and his eyes went wide in anger, completely silent.

When he died, he stared his eyes, never staring, and couldn't imagine that the other party dared to kill him openly at the gate of Liu Pavilion.

"Shao Xia Qin Chen."

Xu Xiong and the others were also shocked.

Injuring someone is only a provocation, and there is still room for negotiation and reconciliation.

But killing people directly like Qin Chen would be like tearing the skin and dying endlessly.

"Why, do you still want to settle with Liu Cheng peacefully? If Patriarch Xu is scared, he can leave now."

Qin Chen glanced at him, his eyes full of displeasure.

Xu Xiong was a joke, he knew that Qin Chen was dissatisfied with his approach.

Think about it, Liu Cheng has treated himself this way, and he is still cautious, even if the opponent has accumulated prestige for a long time, but he is a bit too foolish.

"Young Master Qin Chen joked."

After gritting his teeth, Xu Xiong burst into laughter, and then slapped each of the seriously injured guards with a palm.

boom!

Several guards were instantly photographed into mud, and there was no sound on the spot.

"Young Master Qin Chen, what should we do now?"

When he came to Qin Chen respectfully, Xu Xiong completely straightened his posture.

"What else can I do, of course, is to score."

Lifting his head, Qin Chen couldn't help but smile coldly as he looked at the magnificent Liu Ge in front of him.

A group of people immediately moved into the Liu Pavilion and entered strongly.

Chapter 350

Boom!

The plaque of Liu Pavilion was instantly shattered under Qin Chen's palm, countless fragments flew up, and the entire pavilion door was torn apart.

Qin Chen, Xu Xiong and others stepped into the Liu Pavilion.

Before leaving, Qin Chen threw it away, and a jade bottle had already fallen into the hands of the deputy captain of the Gale Expedition.

"This bottle of medicine will be given to you for healing."

Then, the figure has disappeared.

"Oh my God, who is this boy?"

"You dare to act on Liu Ge's guards, do you want to die?"

"Patriarch Xu still followed him to play mischief. This is to drag the entire Xu family into the water!"

"This battle seems to be going to happen."

The crowd was in an uproar, looking at the slain Liu Ge's guard, everyone was dumbfounded, almost crazy.

Although Liu Pavilion is not a top power in Wucheng, because of his special status as a pharmacist, Liu Cheng's identity far exceeds that of ordinary families.

Every year there is an endless stream of people who come to the door, let alone someone else.

What's more, it is said that Liu Cheng has a good relationship with the Zhu family, one of the four major forces. Even a big family will sell Liu Cheng for a bit of face.

This is also the reason why Liu Ge's guard was so arrogant before.

But before, the Xu family dared to act on Liu Ge's guard, and directly killed several people.

This is no longer an ordinary trouble, it is simply to seek revenge.

However, although the Xu family is not weak, it is still a bit worse than Liu Ge, not to mention that Liu Cheng is still a pharmacist and has many friends.

Where does he come from?

"Quickly, go in and take a look."

"Don't miss this important event."

"Dare to trouble Liu Ge, the Xu family really eats Xiongxin Leopard."

For a while, there was a loud voice, and everyone frantically poured into the Willow Pavilion to find out.

At the entrance of Liuge.

After taking the pill given by Qin Chen, the members of the Gale Expeditionary team healed one by one and stood up.

With shock on their faces, they looked at the jade bottle in the hands of the deputy captain, revealing an incredible color.

The healing pills that the teenager gave them before were simply too bad. Not long after they took it, their injuries recovered almost at a speed visible to the naked eye, shocking everyone in the Gale Expedition.

As adventurers, there are not a few healing pills they have ever taken, but this is the first time they have encountered such amazing effects.

"This is definitely a Sanpin's pill, and it is very likely to be the top pill among the Sanpin healing pills."

Everyone thought in shock.

"By the way, the captain was seriously injured before, and I don't know if he will recover after taking this medicine."

Suddenly, thinking of the seriously injured captain, the members of the Gale Expedition were shocked.

"Brothers, are you all right?"

Before he had time to act, he heard a familiar voice, and when he turned his head, he saw their captain standing there, his face ruddy, and he no longer looked like he was seriously injured at the beginning.

"Captain, how are you..."

The people on the Gale Expedition are almost stunned.

"It was the young hero who made the shot just now and healed my injury."

Wang Feng explained that he was also extremely shocked.

After Qin Chen punctured several acupuncture points on his body with gold needles, an inexplicable zhenqi force immediately emerged in his body. Wherever he passed, the damaged meridians healed, just like a dream.

They had never heard of such miraculous medical skills before.

"Captain, what shall we do now?"

After healed from the injury, everyone in the Gale Expedition was alive and well, and couldn't help asking.

Wang Feng's face was serious, and he said in a deep voice: "The young man who didn't know me before, dared to call Bandan Pavilion and rescued us. Although our Gale Expedition is not a big power, we know how to know the grace. According to the reasoning of the graphic report, now, the benefactor is about to fight against Liu Ge, and naturally I cannot wait to stand by. If you are willing, follow me in."

"The captain is right. If it weren't for the benefactor's action before, I am afraid that all of us would have died in the hands of the Liuge guard. Now that we can stand here safe and sound, it is the benefactor's credit. How can we turn around and leave?"

"Go, go in and take a look."

At the moment, a group of members of the Gale Expedition, each with serious faces, hurried towards the interior of the Liu Pavilion.

Qin Chen came to Liu Pavilion for the first time, walked in, and saw a large luxurious counter presented in front of him.

On the counter, there are a lot of elixirs. At the same time, there are a lot of warriors around the counter, choosing the things inside. Beside them, a few maids in bright clothes are introducing them carefully.

Qin Chen didn't believe that the people in the Liu Pavilion would not hear the movement outside. He thought that he would encounter obstacles, but he didn't expect that no one would come up.

How did he know that Wucheng was extremely chaotic, and apart from the top four forces, the other forces had no so-called peace at all.

Similar to the Xu family, they have been operating here for quite a while, and it is not a big or small force, but they are often in danger of extermination.

Although Liu Ge's status is extraordinary, it is not completely safe and sound. Basically, some people make troubles every other time.

This is how such a terrifying formation was arranged outside.

Under this formation, there are a few more guards on duty, and it is almost impossible to rush in without a strong person above the fourth-order mysterious level.

Therefore, even though they heard the noise outside, the service staff in the Liu Pavilion had long been used to it, so they were so calm.

"Young Master Qin Chen, what do you do now?"

Turning to look at Qin Chen respectfully, Xu Xiong is now looking forward to Qin Chen's horse.

"Smash everything here, and all the pills will be confiscated."

Pointing to the counter in front of him, Qin Chen sneered.

I thought that I would encounter obstacles, but I didn't expect to be ignored at all, but this happened to Qin Chen's intentions.

"Smash, smash?"

A stagger, Xu Xiong, Zhang Han and others, almost did not go crazy.

This is too amazing.

First he killed the opponent's guard, and now he smashed the counter directly. Is this an endless rhythm?

But through the previous events, everyone already knew Qin Chen's character. Although they were stunned, they stepped forward without hesitation.

"How many people are here, why? Is there an appointment?"

Seeing Qin Chen and others walk in, there was a waiter next to him, who immediately greeted him.

When the words were spoken, I heard a loud bang, all the counters in the hall were smashed to pieces, and the elixir inside was looted.

After training, all the waiters present were instantly confused.

Then one after another screamed sharply.

Many customers who are choosing medicines are also shocked.

"My God, this is too hot, right?"

At the entrance of Liu Pavilion, a large crowd of onlookers also swarmed in at this time. Seeing the scene in front of him, they almost fainted on the spot.
