[Chapter 3421: Can't help it](#)

This dark cloud with mighty divine might, like a curtain of sky, covered the entire valley, and fell fiercely towards Qin Chen. The terrifying aura made the Zhan King Sect Master and the others change their colors.

"Finally can't help it?"

Qin Chen sneered. He had been waiting for the other party. Originally, Qin Chen held the green demon sword in his right hand, but when the black dark cloud descended, a black light flashed on Qin Chen's left hand and the mysterious rust sword also appeared. Qin Chen's hands.

The two sharp swords burst out with dazzling light at the same time, and they were sacrificed by Qin Chen instantly, but before Qin Chen cleaved the mysterious rust sword and the green demon sword, he felt the dullness of the whole body.

With an understanding of the laws of space, Qin Chen prides himself that he is no worse than any master master, even if he is facing the Sleeping Dream Immortal now, Qin Chen will not be inferior too much, but now he feels this terrible space constraint, Qin Chen was shocked immediately, he was actually restrained by the opponent's space power.

The space field shrouded by this black dark cloud seemed to have repelled the void where Qin Chen was from the valley. Qin Chen watched the black dark cloud come to the top of his head, suddenly snorted, his momentum skyrocketed, and the heavens and the earth were supernatural. It was displayed instantly by Qin Chen.

boom!

When two terrifying spatial forces collided, Qin Chen's expression immediately changed slightly. His heaven and earth magical powers did not tear apart the opponent's spatial domain at all, but were still firmly suppressed.

"Jie Jie Jie, brat, although your space supernatural powers are powerful, it is only the space rules of the heavens. In front of the deity, the laws of the heavens can be suppressed, let alone you!"

A stern voice came from the dark cloud, Qin Chen felt a chill all over his body, but Qin Chen did not panic. Although his heaven and earth magical powers did not tear open the opponent's space domain, they also gave him A chance to shoot.

"Eternal Sword Qi! Cut!"

In an instant, the mysterious rust sword and green demon sword in Qin Chen's hand were chopped out at the same time.

"Boom!"

At this time, the double swords in Qin Chen's hand and the black dark cloud had completely collided with each other, making a loud noise.

The black dark clouds collided with the sword aura of the mysterious rust sword and the green demon sword, but they did not even shake, let alone be defeated. On the contrary, it was the eternal sword aura that Qin Chen displayed, which was constantly being repelled.

"En? It actually blocked the demon field of the deity?"

Qin Chen's eternal sword aura was dissipating, but the figure in the dark cloud saw that Qin Chen was not restrained, and after directly beheading it, his eyes also showed surprise.

"No wonder you can pit me. I can't think that you are not only powerful in your soul, but also so extraordinary in your cultivation." Amidst the dark clouds, a figure exuding demon energy appeared, a master of the demon clan, with a faint light in his eyes. That soul aura Qin Chen was so familiar with, it was the soul demon who killed the Heavenly Poison Pill Venerable.

"Master Fire Demon Pill Saint?"

But when this figure appeared, the faces of the Moon Demon Clan people who were firmly suppressed by Qin Chen's several big flames showed shock.

When did a demon master ambush here?

The Sovereign of the War King and the others were still staring at Qin Chen and were full of hostility. At this moment, after seeing the Fire Demon Pill Saint, their expressions changed drastically. Dao's breath, before he took action against them, there was an illusion of suppressing them from the soul.

How is this possible?

They are all masters of the late stage holy masters. Even if they face the late peak holy masters, although they will be suppressed, they will not feel shocked from the depths of their souls, because in the great realm, they and the late peak holy masters will be suppressed. The Lord is actually the same, in the realm of the Holy Lord.

unless.....

The opponent is a master master.

hiss!

Thinking of this possibility, Zhanwang Sect Master and the others were all violently shocked, all of them were shocked like never before. Could it be that this Demon Race master is actually a powerful person in the realm?

Otherwise, how could there be such a coercive aura above their souls.

Yes, it is the Lord!

They were shocked.

In the heavens, the Venerable is an existence that transcends the laws of the heavens. Only the Venerable has this kind of overwhelming and invincible aura above the laws of heaven and earth.

Thinking that there is a demon venerable lurking in this valley, everyone feels unprecedented panic.

But...it's not right, if the other party is the Venerable, why can that kid be safe and sound?

They all became suspicious again, how powerful is your sire, surpassing the rules of the heavens, and can destroy the heavens and the earth at the touch of a finger. Even the holy master who faces the peak of the late stage can easily crush and kill, how can it be impossible to win A holy lord boy?

Even if Qin Chen had shown an extremely terrifying strength before, no one thought that Qin Chen could be compared with the venerable. These were completely two levels.

The masters of the Moon Demon Race who were suppressed by Qin Chen were also stunned. The Fire Demon Pill Saint Master was so terrible, they didn't even know before.

"Boy, there are two sons, you must be the top arrogant of the human race. No wonder the deity will look at you before. It is a pity that the deity will regain everything lost today."

'Fire Demon Pill Saint' grinned, and suddenly raised his hand, the black streamer rushed up again, but this time it was not a black cloud anymore. The black streamer completely turned into a densely dense black blade. With the power of breaking the void, the sharp blade completely enveloped the surrounding area of several thousand feet, which was astonishing.

In the eyes of outsiders, so many huge black blades are mixed together, even the black light will strangle the people in them, but Qin Chen knows that these huge blades are not only mixed with countless hidden magic lights, but also With the cooperation of the other's space domain, the area with a radius of a thousand feet has become a dead place.

This kind of sharp blade is bound to die even if some powerful late-stage saint master's warriors are stranded in it, but Qin Chen is fortunate that he possesses a powerful ancient sacrament and can barely resist it. These sharp blades can hurt him, but cannot kill him. he.

After all, the soul of the soul of the soul demon clan was severely damaged, and the fire demon pill saint who seized the house was only a master of the late saint master level, at most close to the later peak saint master, even if he absorbed a lot of blood, life and origin, he couldn't Let him return to his previous life's cultivation base.

Otherwise, the previous blow Qin Chen would have already fallen.

However, even if he could resist it, Qin Chen didn't want to be injured by these black sharp blades. At the moment when countless black sharp blades were about to enshroud Qin Chen, Qin Chen's Zixiao Dou Li Gong had already been sacrificed by him. The bombardment went out fiercely.

Seeing Qin Chen sacrificed Zixiaodou and wanted to block the sharp blade strangulation formation he had displayed, the corner of his mouth showed a sneer.

No matter who it is, he can't block his own strangulation formation by this method. If his strangulation formation can be blocked so easily, his soul demon clan Venerable will be too vulnerable.

This kid is just waiting to die.

[Chapter 3422: Really evil](#)

boom!

Zixiaodou led the palace surging and blasted out brazenly, landing like a palace falling from the sky above the palace.

The sky fires linger around the palace of the purple sky. These sky fires appear in various colors, or blue, or red, or blue, or purple, or green, or white, like a rainbow on the sky, turning into fire light. Annihilate everything.

boom!

When the two terrible forces collided, Qin Chen urged Zi Xiao Dou Li Gong to the extreme, and did not keep his hands at all. At this time, he would not keep his hands.

The person in front of him is not someone else, but the venerable person of the ancient soul demon clan, a person of the sky, even if his soul is only one ten thousandth of the ancient time, even if he only robs a demon clan's late saint master, Nor is it possible for ordinary people to be hostile.

These characters have lived for a long time, like elders who have walked out of the river of death, and those who dare to look down on them have almost all perished in the long river of history.

"Crack!"

Under the collision between Zi Xiaodou and the other's space restraint, bursts of cracking sounded. The space restraint was instantly torn open a gap. Although Qin Chen never tore all the space restraint, the space restraint Nor can he completely restrain him.

And at the moment when the constraints of space were torn apart, countless flames had already descended, endless flames swept in, swept out around Zixiao Dousidi Palace, turning this world into a sea of flames, a kingdom of flames. .

The Venerable Soul Demon Clan snorted, and he was secretly startled. Before Qin Chen used a sharp sword to tear apart his spatial restraint. It can also be said that he did not care. Now the other party once again broke his spatial restraint and let the soul demon Venerable Clan realized that the strength of Qin Chen in front of him indeed exceeded his expectations.

Although this son's cultivation is only in the mid-term, his strength is far superior to others.

"Boom boom boom..."

At this time, the countless black sharp blades were completely strangled on Qin Chen's Zixiao Palace. Qin Chen felt his Zixiao Palace sway, and Qin Chen also felt dizzy. He even felt the murderous aura from the black blades passing through Zixiao Dousidi Palace, and then hit him without any omission.

No wonder the other party was so confident before that even Zi Xiao Dou Li Gong couldn't completely resist the opponent's attack.

Qin Chen was slightly shocked. If it wasn't for his terrifying physique such as the ancient sacrament, the wild body, and the moonlight **** body, he had cultivated his physical body to the extreme, not to mention the murderous aura that was passed from the Zixiaodou Rate Palace, it was the murderous aura. The heavy soul impact was enough to hurt him and even fainted on the spot.

As soon as Qin Chen thought of this, he hadn't recovered yet, and there was another "boom". Those black sharp blades seemed to be endless, and once again hit Qin Chen's Zixiao pocket rate palace, Qin Chen I knew immediately that if he relied on this defensive method, he could only be beaten.

After understanding this truth, Qin Chen did not hesitate for a moment, and the mysterious rust sword and the green demon sword were powerfully split.

The Venerable Soul Demon Race was secretly alarmed by Qin Chen's resilience. When he was able to persist under his black sharp blade killer move, he saw two terrifying sword rainbows splitting from under the purple sky.

"boom!"

The two sword beams were extremely fast, and they just smashed out, and they collided with the black sharp blade he displayed. Venerable Soul Demon Clan had no idea that Qin Chen had the ability to resist at this time. live.

The eternal sword aura in that sword aura could not hurt him, but the two sword auras actually possess two completely different powers, one is the power of the extremely cold soul, directly bombarding his soul , To destroy his mind.

The other is the extremely terrifying power of the demon, which began to penetrate into his body to destroy his body.

The fusion of these two powers immediately caused great trouble to the Venerable Soul Demon Race.

puff!

He was suddenly knocked out and flew out, let out a muffled snort, blood overflowing from the corner of his mouth.

"Damn it, I was hurt."

The Venerable Soul Demon Race's eyes were frightened, and he squinted at Qin Chen, extremely cold, like a ghost who chooses people and eats away.

He had deliberately appeared very late, waiting to absorb the essence, blood, life and origin of a strong enough person, and even familiarized himself with this body, almost mastered all the power of this body, and even wanted to continue to hide Go down.

If it weren't for Qin Chen's constant formation, he vaguely felt that Qin Chen's formation would affect his plan, and he was forced to show up and start ahead.

But even so, he has mastered this body seven or eight times out of ten. Coupled with his insight into the realm of the venerable, it is easy to win any late-stage holy master, even the peak holy master in the later stage, he may not care about it. , But who knows how many times he came down, not only failed to win Qin Chen, but also injured.

"This kid is really evil."

Venerable Soul Demon Clan said with a stern look.

On the opposite side, Qin Chen struck Venerable Soul Demon Race with a sword. He was also uncomfortable. Under the sacred yuan surged, he was almost backlashed by a forceful shot. In order to avoid spouting blood like Venerable Soul Demon Race, Qin Chen took the initiative to fly backwards. Going out, calmed the surge of Shengyuan.

"Dust, are you okay?"

You Qianxue hurriedly stepped forward and asked anxiously, looking at Venerable Soul Demon Race with cold eyes. This is the ancient powerhouse hidden in this secret realm. Maybe the person who designed to frame them? No matter who it is, she will fight the opponent desperately if she wants to be disadvantageous to Qin Chen.

You Qianxue's eyes were cold, and the nine poles of water hovered beside her, exuding a mighty breath.

"I'm fine, Qianxue, stand back and protect yourself."

Qin Chen squinted his eyes and said, but in his heart he was quite shocked by the horror of the soul demon clan. The leader of the moon demon clan was strong enough, but in front of him, he could only be suppressed by the Zixiao Dou Ligong and the sky fire. It won't last long.

However, when facing Zixiao Dousili Gong, this Venerable Soul Demon Race was not afraid. If it were not for the weirdness of the mysterious Rust Sword, it would not be easy to repel him.

Ancient Venerable, really tough, this is only because the other party has lost his soul, if it is the heyday, how terrible would it be? I'm afraid I can kill myself with just my fingers!

It seems that you can only use the Magic Tree of Ten Thousand Realms!

boom!

Qin Chen stretched out, and the power of space lingered out of his body. The next moment, crashing, countless black branches swept out of his body like tentacles, toward the soul demon clan. The people rushed out, not giving him a chance to breathe.

In an instant, countless black tentacles danced wildly between the sky and the earth, and the mighty devilish energy covered the sky and the sun, as if to cover the world.

[Chapter 3423: Mozu Mother Tree](#)

As soon as the Ten Thousand Worlds Demon Tree came out, the entire valley was filled with mighty auras, and the devilish energy filled the whole valley, turning the entire valley into an ocean of devilish energy.

This kind of devil qi is not the evil devil qi in the souls of the soul demon clan and the moon demon clan, but the incomparably righteous and mighty devil qi. This is the purest devil qi without any attribute aura.

Countless dark tentacles danced like oceans frantically, sweeping towards the Venerable Soul Demon Race.

And Qin Chen, who was in the middle of the demon tentacles, seemed to have turned into a king of the devil in a flash, giving people a strong sense of shock.

"What the **** is this?"

When the Sovereign Lord of the War King and the Void Bandits saw this scene, their eyes showed incomparable shock, and their hearts shook wildly.

Why is this kid suddenly incarnate as a demon king, is he also a demon?

No, if Qin Chen was a Demon Race, then he would not have done anything against the Moon Demon Race members before, and even though Qin Chen was surrounded by demon energy, his aura was extremely pure, and it was still human power.

But the human race can also use the power of the demon race?

For a while, everyone on the court was going crazy, and Qin Chen's methods had completely exceeded their expectations, making them almost unable to believe their eyes and giving everyone a strong shock.

boom!

The endless devilish tentacles rushed to the Venerable Soul Demon Race frantically, the world collapsed, the void oscillated, like a big end, bringing endless destruction.

"It turned out to be the Demon Tree of the Ten Thousand Worlds, the supreme sacred tree of my Demon Race is actually in the hands of a human kid!"

The Venerable Soul Demon Race's eyes were ferocious, and his eyes flashed with unprecedented excitement.

The Demon Tree of the Ten Thousand Realms is of extraordinary significance to the Demon Race, and it is the mother tree of the Demon Race of the Heavens.

According to rumors, the universe opened up, chaos was born, countless creatures were born, and there was no demons in the world.

But in the chaos, a demon tree was born, that is, the Demon Tree of the Ten Thousand Worlds. Because the Demon Tree of the Ten Thousand Worlds absorbed the power of chaos and released infinite demon energy, the first demon race gradually appeared in the world.

The Ten Thousand Worlds Demon Tree is the tree of origin of the Demon Race, which is equivalent to the position of the Chaos Demon Nest in the Foreign Demon Race.

It's just that, in the ancient chaos, the heavens are chaotic, with various great witches, great demons and other powerful beings, and primordial ancestors and other chaotic creatures fighting each other. This is the oldest war. Since then, the magic tree of the world has disappeared. Only one seed of the Demon Tree was left, and it has been placed in the Holy Land of the Demon Race and handed over to the protection of the most powerful Demon Race ever.

However, this seed of the Demon Tree of the Ten Thousand Worlds had been lost long ago. It is rumored that it was stolen by a race of the Demon Race to challenge the position of the Abyss Demon Race.

Later, there was a battle in the heavens, and the search for the seeds of the Devil Tree of the Ten Thousand Realms was delayed by the Demon Race.

But now, the Ten Thousand Realms Demon Tree actually appeared in the hands of a human race, so that the Venerable Soul Demon Race was not excited.

"The Demon Tree of the Ten Thousand Worlds is the tree of the origin of my Demon Race. It contains the highest power of my Demon Race. As long as this tree is obtained, once the deity integrates into the body and absorbs the origin of the Demon Tree day and night, wouldn't it be possible to eventually become the superior one? The supreme demons above?"

The Venerable Soul Demon Race's eyes were fierce, like a faint hungry wolf, emitting an unprecedented faint light, staring at the tentacles of the devil tree that swept away frantically, extremely excited.

boom!

In his body, the endless demon energy rises, and in a short time, the world seems to have become a sea of demon spirit souls, and the power of terrible demon souls swept out, and the soul of the demon race veteran began to linger. With the power of the black magic plant, confronting the tentacle of the ten thousand worlds demon tree, it actually resisted the invasion of the ten thousand worlds demon tree.

The Ten Thousand Worlds Demon Tree danced wildly, and it was unable to penetrate the body of the soul demon.

"Hahaha, you didn't expect it, the deity is now a planted demon tribe. The planted demon tribe is the race that can communicate with elixir the most, because it is said that this demon planted tribe is one of the ancient times. A race derived from a demon tree, and that demon tree, according to legend, was transformed by a leaf of the Ten Thousand Realm Demon Tree!"

The Venerable Soul Demon Race laughed with excitement. In his body, the power of the Plant Demon Race lingered out, as if it had some resonance with the Ten Thousand Realm Demon Tree in Qin Chen's body, and resisted the Ten Thousand Realm Demon Tree. Devour and attack.

"Hey, boy, the deity already knew that you own the Devil Tree of Ten Thousand Realms, how could you not be prepared? Obediently hand over the Demon Tree of Ten Thousand Realms to the deity. This thing is not something that a human race can own."

With a bang, the infinite power of planting magic blooms on the Venerable Soul Demon Race, he squeezed his hands, and the power of planting magic quickly turned into a rune, which must be integrated into the tentacles of the Ten Thousand World Demon Tree, and, His Venerable Soul was also incorporated into this power of planting demon, and it was actually through the tentacles of the Demon Tree of the Ten Thousand Realms to directly compete for Qin Chen's control over the Demon Tree of the Ten Thousand Realms.

Qin Chen snorted coldly and frowned. He didn't expect this soul demon clan to be so cunning. Knowing that he owns the Ten Thousand Realms Demon Tree, he had waited long ago and was ready to fight.

However, the Venerable Soul Demon Race was prepared, thinking he didn't have it?

Hmph, this soul demon is a master of the demon race, and he has chosen to give up a master alchemist who planted the demon race, and replaced it with an ordinary human race to get the demon tree of the ten thousand worlds. He must have been contended by the opponent. It was me who arrived.

Comprehend more than the magic way, is it worse for you?

Qin Chen sneered. In his body, a mighty force of the Demon Race suddenly haunted him.

It is the power of the deep demon.

Although Qin Mo has entered the Demon Realm, Qin Chen's understanding of the Tao of Abyss Demon is still there. When the Dao of Abyss Demon is displayed, the power erupting from the Demon Tree of Ten Thousand Realms instantly becomes even more terrifying. Qin Chen is full of demon energy. It seems to have become a master of the demons.

This was not enough. While Qin Chen was urging the power of the Abyssal Demon, the Demon Hall of Life and Death in the Five Secrets was also urged out instantly by him.

boom!

The phantom of the palace of life and death of the Yan Luo Demon Race, suspended above Qin Chen's head, complemented each other with Zixiaodou and Gong, rising and falling each other. In a moment, a terrifying to the extreme demon energy swept out like a vast ocean and merged into the world. Among the devil trees, it slammed into the power displayed by the soul demon clan.

Boom!

Under the attack of the Ten Thousand Realm Demon Tree, which condensed the power of the deep demon and the power of the Yan Luo demon clan, the power of planting demon displayed by the venerable soul demon clan was instantly crushed by layers, a terrifying force of demon energy, suddenly Blasted into his body and blasted him out.

With a pop, he flew out and vomited demon blood. This blow was more terrifying than Qin Chen's mysterious rust sword attack before. The terrifying power of the deep demon directly penetrated into his body, disrupting his demon source.

"Ah, brat, the power of Yuanmo, how is this possible?"

Venerable Soul Demon Race looked at Qin Chen in disbelief, and let out a stern roar like Ye Xiao.

[Chapter 3424: Own person](#)

The Soul Demon Race is one of the top races among the Demon Races. It is the same as the Holy Demon Race and the Dead Demon Race, and surpasses the Moon Demon Race and other races.

However, in the face of the power of the deep demon race, the first race of the demon world, the power of the soul demon and the power of planting the demon of this soul demon tribe, were suppressed, and the line of defense was broken in an instant.

A terrible power erupted in his body, causing him to be seriously injured in an instant.

"Unexpectedly, I am a human race, and the demonic attack that I displayed is actually more effective than the power of the human race."

Qin Chen was also a little speechless, and murmured, although he had been prepared, he was still surprised by the attack of his own deep demon power combined with the ten thousand world demon tree.

"The power of the abyss, why do you have the power of the abyss, you are obviously just a human race!"

The Venerable Soul Demon Clan roared in anger, almost crazy.

If he hadn't personally entered Qin Chen's soul sea and knew that he was an out-and-out human master, he would even think that Qin Chen was disguised by a certain Abyssal Demon master.

"Power of Abyssal Demon?"

The only master of the Moon Demon Race left in the valley, after hearing the roar of the Venerable Soul Demon Race, also looked at Qin Chen in shock, obviously unable to understand why a human race had the power of the Abyss Demon Race?

Even the terrifying aura displayed by the Fire Demon Pill Sanctuary made their heart palpitations. Is this still the Fire Demon Pill Saint Master? Why does it feel so strange to them.

Boom boom boom!

Exerting the power of the deep demon, Qin Chen controlled the demon tree of the ten thousand worlds more freely, and countless tentacles swept away at the Venerable Soul Demon Race frantically, bang, this Venerable Soul Demon Race was directly blasted down and landed on In the valley.

Above the valley, the purple sky darts the palace, the palace of life and death, and the sky fire that revolves, forming a mighty scene of the doomsday, suppressed, and the masters of the moon demon clan in the valley are like the doomsday. At that time, ordinary people were ordinary, and there was a look of despair in their eyes.

"hateful."

With a single blow, the Venerable Soul Demon Race kept retreating and finally retreated to the side of the masters of the Moon Demon Race and others.

"Master Fire Magic Pill Saint!"

The leader of the Moon Demon Clan said nervously, once the Fire Demon Pill Saint was not Qin Chen's opponent, then they would not escape death.

Venerable Soul Demon Race's eyes suddenly flashed a hideous look, "Smelly boy, do you think you are determined to win?"

As the words fell, the Venerable Soul Demon Race suddenly turned his head, and looked at the Moon Demon Race master and others with a faint look. In his body, a series of dark planting demon aura rose suddenly, like a sharp blade, and instantly penetrated The body of these masters of the Moon Demon Race.

The remaining masters of the Moon Demon Race suddenly roared in pain, looking at the Fire Demon Pill Saint in disbelief, and their eyes were full of horror. The leader of the Moon Demon Race looked at the Venerable Soul Demon Race in horror, and said in fear: "Fire Master Devil Pill, what are you doing? Ah!"

The energy of planting demons penetrated into their bodies, and was actually absorbing the magic power in their bodies, causing these Moon Demon people to struggle in horror.

"Jie Jie Jie, what do you do? Naturally it is to devour your power. You have also seen that the strength of this human race is far beyond the expectations of the deity. There is no way, I can only take you. Don't blame me, just blame Blame this human kid."

Venerable Soul Demon Clan grinned and said that the power of Plant Demon Clan was urged to the extreme by him, and it crazily poured into the bodies of these Moon Demon Clan people, and immediately countless Moon Demon power was absorbed by him and swallowed into his body.

"Master Fire Demon Pill Saint, what are you doing?"

"Senior Fire Demon Pill Saint, we are our own."

Many Yue Mozu masters roared in horror.

"My own person? Jie Jie Jie, let's understand the reality, the deity is not the Fire Demon Pill Saint at all, in fact, you all can see it, but you just don't want to admit it."

The Venerable Soul Demon Race had savage eyes, and countless Moon Demon powers merged into his body, causing his breath to increase rapidly.

"Ah, I'm so cruel."

The leader of the Moon Demon clan roared angrily, and his voice was painful. Just as the Venerable Soul Demon Clan said, their Moon Demon Clan members are not idiots, how could they not see that there was something wrong with the other party, but they were simply not willing to admit it.

At this moment, he really hates and regrets that he didn't leave with Moli before, maybe Moli had seen something, but they were all blinded by their interests.

why?

At this time, the leader of the Moon Demon Race also recalled what Mo Li had said before, it was a good thing that the Fire Demon Pill Saint did not come back, and once it came back, it would be dangerous.

It's a pity that they didn't listen at all.

"Ah, no matter who you are, whether you are the strongest of my demons, it is not so easy to swallow me and wait."

The leader of the Moon Demon Race screamed angrily, booming, in his body, the power of the terrible Moon Demon lingered, combined with the remaining masters of the Moon Demon Race, to resist the devouring of this soul demon master.

However, the Venerable Soul Demon Race grinned, "I want to resist, it's useless, my Soul Demon Race can consume the souls of ten thousand demons, but this Fire Demon Pill Saint is a member of the Plant

Demon Race. , Can absorb the nourishment of ten thousand demons, strengthen yourself, the combination of the two, God will help me, not to mention, the deity has long established a large formation in this valley, all of you who break into this secret realm will become the deity's nourishment."

As the words fell, the entire valley trembled. Everyone was shocked to discover that in the valley, a large array of cold and evil bloomed with dazzling light. This large array has existed here for tens of thousands of years. The ancient breath is crazily suppressed on everyone.

At the foot of the valley, blood-colored array patterns appeared, devouring all the fallen blood, life and origin in the valley.

"what?"

Sovereign Warlord and the others looked around in horror. They have been fighting in this valley. They never expected that there should be such a terrifying formation in this valley. No wonder so many people have fallen before, the blood in this valley. The breath is not strong, and even the power of the law is completely dissipated, and it is unconsciously swallowed by this weird array.

Fortunately, they had never been seriously injured, otherwise they would have a feeling that they would be directly refined under this big formation.

"Jie Jie Jie, don't resist, and become the deity's nourishment. Don't worry, the deity will remember the contributions you made by the Moon Demon Race!"

Venerable Soul Demon Race said that he must consume these Moon Demon Race masters as soon as possible to fight Qin Chen.

"You are a member of the Soul Demon Race...I am ruthless!"

The leader of the Moon Demon Clan roared in pain, but there was no other way. He could only watch the magic flow in his body and quickly merged into the body of the Venerable Soul Demon Clan.

"Boy, wait, you will soon become a trophy of the deity, and you human races, don't worry, the deity will taste it bit by bit."

The Venerable Soul Demon Race licked his tongue with a hideous expression.

[Chapter 3425: Already prepared](#)

Such a shocking scene completely stunned everyone present. The King Sovereign and others only felt their scalp numb, and they were all frightened.

They entered this secret realm, obviously to obtain the inheritance of the ancient power in this secret realm, but they could not think of it, but they have become the prey of this ancient power.

Knowing this, they couldn't break in.

The falcon man who condemned the thief said in disbelief: "The last time I came in, why could I get out safely?"

If the other party's purpose is to swallow the blood of others and gain strength, how can he not leave.

"Idiot." The master who condemned the thief looked at him coldly, "The third child, you have become someone else's bait, you don't even know it, huh, when you could get Tiandao Yuanguo to leave, it must have been done deliberately by the other party. Yes, the purpose is only to allow more people to come in, but unfortunately, I was too idiot to wait, and I was actually played around by the other party."

Sovereign Lord Zhan Wang and others heard this and couldn't help but turned around in anger, saying: "You condemned the thief for entering here long ago?"

The condemned thief Grand Master had a gloomy face, and looked at the Zhan Wang Sect Master coldly, and said: "Everyone, now is not the time to care about these, everyone still think about how I will deal with and get out later."

boom!

In the entire large formation, the mighty array of light lingered, countless formation patterns rose up, causing the power of those Moon Demon Race masters to crazily flood into the body of the Soul Demon Race Venerable.

Moreover, this large formation was spinning frantically, and terrible forces continued to crush it, suppressing everyone in the valley.

"Huh, don't you think you are not prepared for this?"

Seeing this scene, Qin Chen sneered, and a terrifying force rose into the sky in his body, and in a short time, it aroused the many formation flags he had placed before.

Buzzing buzzing...

In the valley, another burst of light rose up. It was the formation flag that Qin Chen had placed before. It was blooming with light, and it seemed to burst out of divine might.

Venerable Soul Demon Clan laughed, his face grimaceous: "Boy, you can compete with the deity, you know, for countless years, the deity has been absorbing the experience of the Sky Poison Pill Venerable and mastering everything about him, although My soul demon race has no talent in the formation, but over the years, the deity's day-to-day cultivation has long been in the formation, reaching an astonishing level. You, a human kid, also want to fight Are you fighting on the way of formation?"

The Venerable Soul Demon Race's eyes were cold, without fear, he laughed loudly, constantly devouring the strength of the Moon Demon Race powerhouse, and the aura in his body continued to skyrocket.

Qin Chen sneered and said, "The formation is not based on time accumulation."

After the words fell, Qin Chen suddenly urged the sky-repairing hammer in his body, and with a thud, an invisible burst of light filled the valley.

This is the first time that Qin Chen has truly urged the Heaven-Mending Palace's Inheritance Heaven-Mending Hammer. As soon as the Heaven-Mending Hammer came out, the entire valley roared and the formation flag Qin Chen had placed suddenly shined, an unprecedented array. Dao power rose up frantically, and collided with the formation arranged by the soul demon.

Click!

When the two large arrays collided, a violent roar broke out.

"how is this possible?"

Venerable Soul Demon Race was taken aback. How could Qin Chen, a mid-human saint master, have such a vast array of accomplishments?

Between the heaven and the earth, an ancient formation aura appeared, the twelfth heaven of the holy formation, which was released from the sky-filling hammer.

The twelve layers of the holy formation represent the twelve realms of the formation. It is a means by which Tiangong can test his disciples in the heavens. And Tiangong is one of the top refining powers in the heavens, and its accomplishments in formations. , Extremely terrible.

This breath lingers, combined with the sky patching technique, has actually blended into the great formation arranged by the soul demon clan.

boom!

The formations in the valley were mighty, and the large formations laid down by the Venerable Soul Demon Race were crushed.

puff!

Suddenly, the Venerable Soul Demon Race, who was frantically devouring the power of the Moon Demon Race, was backlashed by the formation and spurted out blood.

"Damn it, swallow me!"

The soul demon clan exalted roared, and a palm fell on the head of the moon demon clan leader, swallowing his power abruptly. Even though he lost his formation, the soul demon clan exalted is even more hideous, as long as it absorbs With enough magic power, he did not believe that it was not Qin Chen's opponent.

"what!"

Just heard the screams, the leaders of the moon demon clan and the masters of the moon demon clan burst open, turning into a terrifying source of magic power, and were swallowed by the venerable soul demon clan.

These Moon Demon Clan people are also pitiful, thinking they have everything in their hands, but in the end they didn't die in the hands of the Human Race, but instead died in the hands of their own Demon Race people.

"Hahaha." Venerable Soul Demon Clan laughed grimly, but his laughter did not fall, and suddenly his face changed drastically.

He kicked back, raised his palm, and looked at the terrifying poisonous gas in the origin of the Moon Demon Clan. The poisonous gas was leaking into his body, and he couldn't help but be furious: "What is this? Heavenly Poison Entropy Fire ?"

"Also, the terrifying power of disaster, you, what did you do to these moon demons?"

This soul demon veteran was extremely furious. He intended to absorb the original power of the master of the moon demon clan and improve himself, but he never expected that the original source of these demon clan was actually very poisonous. Now these virulent poisons, accompanied by the magic power of the Moon Demon tribe, have entered his body and spread crazily in his body.

"puff!"

Demon blood spurted continuously from his mouth, and he was extremely frightened.

Qin Chen finally showed a sneer on his face, haha said with a smile: "Venerable Soul Demon, you think you are in control of everything, but you don't know it. In fact, I have seen through your tricks a long time ago. Don't forget, you I swallowed up a large number of souls, and the power of these souls was absorbed by the Demon Tree of the Ten Thousand Worlds, and many of the memories were in my grasp. Therefore, although Ben Shao didn't fully understand everything you have arranged in this valley, but I also know a thing or two."

"Moreover, this young man knew that you were hiding near here, because this is your arrangement for thousands of years, and you must be reluctant to give up all these arrangements."

Qin Chen walked forward step by step, watching the frightened Venerable Soul Demon Race still rising from his body, and said with a sneer: "These Moon Demon Race people are indeed strong, but with the strength of this young man, I want How can it be so difficult to kill them? The reason why this young man kept them alive and was suppressed by Zi Xiaodou Liao Gong was to plant supreme poison in their bodies!"

"Impossible." The Venerable Soul Demon Race continued to suppress the poisonous laws in his body, and said in anger: "How could you expect that I would devour the origin of these Moon Demon Race people, and prepare early?"

[Chapter 3426: What a cruel scheming](#)

Qin Chen sneered: "Does this still need to be predicted? The virtues of your demons are much rarer. In order to improve yourself, what can't you do? These moon demons are the best nourishment, you will Are you willing to give up?"

"you....."

This Venerable Soul Demon Race finally had fear, and he never thought that everything he had arranged was actually in Qin Chen's calculations.

"You are so cruel!" he roared.

"Scheming? Huh, living in this celestial realm, there is no more bones left before you old monsters eat?" Qin Chen sneered.

"So what? Just relying on this mere poison, you can stop me, don't forget, I also got everything from the Sky Poison Pill, and the rules of poison in the world are in my control." The soul demon clan screamed. , The body flickered with black light, and it was actually suppressing the poisonous entropy fire in the body and the poison produced in the disaster.

"Hmph, these toxins are not meant to kill you, kill you, there are other things!"

Qin Chen's eyes condensed, and a terrifying thunder light suddenly rose above his body. This is Qin Chen's thunder bloodline. When these thunder lights appear, they haunt the mysterious rust sword in Qin Chen's hand like a punishment from the sky. He slashed down at the soul demon clan.

"The Law of Thunder?"

The soul demon clan screamed, and he was about to resist, but he could not resist the power of the thunder at all. With a sneer, the terrifying thunder light fell on him, and the devilish energy in his body instantly sneered. The sound is corroding crazily.

"Ah? This is not an ordinary law of thunder. What kind of power is this? Why is it with such a terrifying power of destruction?"

The soul demon clan was almost crazy, these powers entered his body, and they were quickly dissipating the demon energy in his body. Together with the law of poison, even the power of his nobles could not resist.

Qin Chen raised his brows. The Thunder Bloodline was his killer. He didn't expect it to be so effective at this time, even the power of the opponent's venerable could be eliminated.

"My thunderous power really comes from extraordinary, father, who are you?"

Qin Chen's heart trembled, but he kept attacking in his hands, refining the Venerable Soul Demon Race a little bit frantically. Under the envelope of thunder light and poisonous gas, he struggled painfully, and his aura continued to disappear.

In the valley, the Sovereign Lord of War and the Void Bandits were stunned. They could hardly believe their eyes. Qin Chen was actually pressing the opponent to fight. It was an ancient power, the demon's venerable. Even if there is only a trace of the ancient remnant soul, how can a mid-term Saint Lord easily obliterate it.

Everyone is going crazy seeing it, just feel that their brains are not enough.

"Ah, trying to kill me, it's not that easy, destruction!"

Finally, at the last moment, the sage of the soul demon clan roared, as if urging something secret, rumbling, the entire valley trembled, and even the entire mighty secret realm was shaking violently.

Between the heaven and the earth, cracks began to appear, and the entire secret realm seemed to collapse.

Knowing that he was defeated by Qin Chen, this elder of the Soul Demon Race actually detonated the entire secret realm. Once such a secret realm burst, what scene would it be?

boom!

In an instant, the aura of infinite destruction swept from all directions, and from the ten corners of this secret realm, black streamers flew out one after another, slashing down toward Qin Chen.

"Not good, dangerous."

A strong sense of crisis suddenly rose in Qin Chen's heart. He ignored the others, and hurriedly urged Zi Xiao to rush the palace, frantically resisting him.

There was a bang, these ten streams of light turned out to be ten dark nails, with infinite power, they slammed at Qin Chen, and slammed them on the palace of Zi Xiao Dou, with a bang. Zi Xiao Dou Li Gong vibrated violently, those ten fingers exploded, and Zi Xiao Dou Li Gong was trembling violently by the ten nails, and a terrible demon energy burst into Qin Chen's body.

Wow!

Qin Chen's body shook wildly, and a mouthful of blood spurted out, and the Venerable Soul Demon Race finally seized the opportunity to burn his soul.

"Dakun Soul Magic Tome-Soul Escape!"

He roared, and the whole person turned into a magic light. Taking this opportunity, he rushed out of Qin Chen's siege, plunged into a void and disappeared suddenly.

"not good."

Qin Chen was shocked, and he was slowing down, and he was about to chase the soul demon clan venerable immediately.

The other Qin Chen is not worried. The key is that this person knows that he has the news of the Devil Tree of Ten Thousand Realms. Once it is passed on to the Demon Race, Qin Chen will be really in trouble, and the entire Demon Race will be chased and killed. I want to take away my treasure.

"burst!"

It's just that Qin Chen was just about to chase him out. From that void, a demon energy burst into the sky. The terrifying magic power swept Qin Chen back. Obviously, the soul demon master knew that Qin Chen would chase and kill him. When he came, he immediately displayed a secret method to block Qin Chen's pursuit.

"Let's go too!"

At this time, the Sovereign Lord of the War King, the Void Bandits and others saw it, felt the secret realm beyond the valley, looked at the secret realm that was about to be destroyed, hurriedly shouted, one by one rose to the sky, and they were about to leave here.

Before, they had no chance to escape at all. Now that they have a chance, they want to stay wherever they are, and can't wait to leave.

"Damn it."

Qin Chen's eyes were gloomy, so he could only let go of the pursuit of the soul demon, and when he raised his hand, the heaven and earth's supernatural powers were displayed, and the purple heavens led the palace to rotate rapidly. Many sky fires madly surrounded the world and blocked the war king. The escape of the lord and others.

If the Zhanwang Sect Master and others leave here, Qin Chen will also have endless trouble, after all, once the many treasures on his body are exposed, the heavens will be shaken.

"What do you want to do? We are all human races, so why bother to kill each other."

Sect Master Zhan Wang and the others changed their faces when they saw it. They looked at Qin Chen in anger, and their hearts sank. Qin Chen actually wanted to stop them from leaving. What are they going to do?

"Your Excellency, you and I are both human races, so why don't you follow the demons, and what do you leave me waiting for?"

The Dark Bat Lord also said in a deep voice, his eyes flickering.

"Huh, what do you do? Surrender Ben Shao, or die!"

Qin Chen was too lazy to talk nonsense, and said directly.

"Your Excellency is too much, let me wait to surrender, although your Excellency saved me before, but..."

The Sect Master still wanted to speak, but Qin Chen didn't bother to say anything. His eyes were cold, and countless black tentacles suddenly burst out of his body, blasting, and instantly attacking the masters left by these major forces.

"hateful!"

The dark bat holy master roared and prepared to flee, but in this valley, a large array of lingering, coupled with the Zixiao Dousui Palace, many sky fires, and the **** of the Ten Thousand Worlds Demon Tree, if the people of these major forces are in full bloom During the period, perhaps it was possible to fight against Qin Chen, but now that he was seriously injured, how could he be Qin Chen's opponent, and instantly penetrated the body one by one in the black tentacles swept out by Qin Chen.

"Come!"

In the next moment, everyone was suddenly included by Qin Chen into the Universe Jade Plate.

boom!

Then Qin Chen flashed along the void passage, and swiftly followed towards the location of the soul demon clan.

[Chapter 3427: Secret Destruction](#)

call!

In the endless void passage, Qin Chen flew quickly, capturing the breath of the soul demon.

Whoosh!

In the next moment, he appeared in a void of space. Around him, there were waves of voids, and he unexpectedly returned to the sea of voids.

But in front of his eyes, there was no trace of the soul demon venerable.

"Dust, it seems that Venerable Soul Demon Race is not here?"

Beside Qin Chen, You Qianxue and Sword King Muzhifeng appeared, with ugly expressions, and obviously knew the seriousness of the matter. Qin Chen had too many treasures to be exposed, otherwise he would only face people like Palace Master Yaomie. , Even some top venerables in the heavens will come.

"Yeah." Qin Chen nodded, his eyes sank, and said coldly: "Don't worry, that guy can't run away. He was attacked by my thunder bloodline before. Through the long river of fate, I can clearly feel his existence. , As long as he does not die, I can find his place."

Qin Chen said coldly, "In this Void Tide Sea, I don't believe where this guy can escape, huh?"

Qin Chen frowned suddenly, and saw streams of light flying in the depths of the void tide sea in the distance.

"Someone is coming." You Qianxue frowned.

Qin Chen squinted his eyes. Although these people are still far away, Qin Chen can feel that these people carry the unique aura of the Void Tide Sea, which is very similar to the King of War Sect Master and Void Bandits. It is obviously this Void Tide. A master born and raised in the sea.

"It should be the news from this void bazaar that people who came near this secret realm also wanted to get the treasures in this secret realm. Unfortunately, they came late and lost the opportunity to enter the secret realm." Qin Chen frowned and said. "Go, let's leave here."

Qin Chen didn't want to meet these people in the Void Tide Sea. He only wanted to chase and kill the Venerable Soul Demon Race, but his voice just fell...

At this moment, Qin Chen suddenly heard a creaking sound. At the same time, there was an extremely violent spatial fluctuation behind him, and even the surrounding space made a creaking sound. An extremely terrifying feeling of danger lingered in his mind, causing him to stand upside down all over his body.

"not good!"

Qin Chen turned his head and saw a secret realm looming in the Void Void Tide Sea in front of him. It was the secret realm where the Poison Pill Venerable was located that day. But at this moment, the secret realm was violently expanding, with an aura of destruction, expanding wildly.

Qin Chen's complexion suddenly changed. This savage method of the soul demon clan savage detonated the whole secret realm in order to escape by himself. Now the whole secret realm is on the verge of collapse, and it will explode in an instant.

Qin Chen felt the violent aura emanating from the secret realm in front of him became heavier and heavier, even with a trace of space collapse. Qin Chen felt that once the secret realm exploded, even his cultivation base would be broken. Fallen on the spot.

"Go, enter the Universe Good Fortune Jade Disk!" Qin Chen never dared to stay in the Void Tide Sea again, screamed at You Qianxue and Dao Wang Muzhifeng, raised his hand, and directly included them in the Universe Good Fortune Jade Disk , And the next moment, Qin Chen himself also entered the Universe Good Fortune Jade Plate.

"Huh? How about the few people here just now? Why did they disappear in the blink of an eye?"

When Qin Chen and the three of them entered the Universe Jade Plate, a lot of light flew in the distance. These people had different robes, some were caravans in the void tide sea, and there were void bandits in the void tide sea, just like Qin As Chen expected, these people were all the people who rushed over after hearing the news about the secrets here in the Void Bazaar.

It's just that they haven't been able to find the entrance to the secret realm. Before, a small number of people felt the spatial fluctuations here and rushed over immediately.

But who knew that after they arrived, the three guys they had seen before disappeared strangely.

"Boss, those three guys are gone, what shall we do?" One of the void bandits said to a burly late saint master with fierce eyes.

"Hmph, we have been sealed off here before. Anyone who wants to come here must pass our sight. But the three guys just appeared here suddenly, and they most likely ran out of that secret realm. Yes, they must be found. They must have treasures brought out of the secret realm. They must have hid after seeing us here. They are near here and they will definitely not be far away."

There was a faint cold glow in the eyes of the burly man, and he said sharply.

"Yes, boss, those guys must be hiding around here, look for it...huh? boss, what is this..."

This group of people was about to explore the surrounding area. One of the bandits suddenly turned his head, looked at a huge gap that was suddenly torn apart in front, and said in a daze.

"what?"

The burly man frowned, turned his head, and was about to speak, but there was endless fear in his eyes, and he roared, "It's the space collapse, it's not good... to go..."

"boom....."

It's just that before they turned around, a terrible explosion suddenly sounded. The place where these people stood before has become nothingness. The terrifying space particles and the force of collapse radiate directly out. The group of people who originally stood here seems to be The foam shot by the tsunami was like a bubble, instantly turning into ashes and disappearing.

boom!

Within tens of thousands of miles in the Void Tide Sea, there was a shocking explosion. In this Void Tide Sea, a black hole of space appeared in an instant. All the warriors in this range fell and turned directly into ashes. , None of them survived.

Only a few got the news. The warriors who rushed over from the void market looked at the scene in horror, one by one was shaken by the shock wave and flew upside down, each vomiting blood, and then turned around in horror.

What kind of hidden treasure is this, it is clearly the abyss of death.

And the news that the secret realm that appeared in the void tide sea suddenly exploded and disappeared, like a gust of wind, quickly spread out in the void tide sea.

At this moment, where Qin Chen stood before, all the void had turned into nothingness.

Qin Chen's divine consciousness stretched out carefully, but found that the space outside the Universe Fortune Jade Plate was collapsed everywhere, and the space collapsed. If he is outside now, no matter how strong his body is, he will be torn into pieces, let alone a person. , Even his spiritual consciousness was swallowed by the terrible explosion outside.

Qin Chen was secretly surprised. If he hadn't avoided it in time, he would have entered the Universe Jade Plate for the first time. Maybe it would have been delayed by a few people outside before, as long as he hesitated, he would be exploded by that terrifying secret realm. When shocked, he still had two opinions on whether he could make a jade disc.

[Chapter 3428: Dare to pretend](#)

Even if you can enter, it is probably the end of a disability.

Moreover, this kind of terrible explosion can't be blocked by ordinary small worlds. Even some mighty space supernatural powers will be torn apart by this kind of explosion. Fortunately, he still has a jade disc, otherwise at this time he It's over.

The Venerable Soul Demon Race is really too insidious. The explosion of this secret realm is definitely calculated by him. This time is calculated too accurately. Whether it is used to kill the master or let himself escape, it is very accurate.

Now there are terrifying void turbulence and space collapse outside, and they will definitely not disappear for a while, Qin Chen naturally can't go out, but after Qin Chen can go out, the guy doesn't know where he has gone.

No, maybe in the eyes of the soul demon clan, Qin Chen couldn't avoid this explosion at all, maybe it wasn't necessarily if he believed that he had died here.

"Dust, are you okay?"

Qian Xue left and walked up, and the sword king Mu Zhifeng also came closer.

"I'm fine." Qin Chen shook his head, "It's impossible for us to go out in a short time. Let's recuperate here first, just to subdue those guys."

Qin Chen was in a gloomy mood. Now he let the soul demon race run away. Although he could find him based on the power of fate, the longer he walked, the more difficult it would be to find him. Qin Chen didn't know this. How long will the void collapse of this explosion last?

Fortunately, Qin Chen would not waste time either. He immediately came under the Ten Thousand Realms Demon Tree, and saw that the Sect Master and others were confined here, looking at Qin Chen in anger.

"Boy, where is this place? Let us go quickly, don't you be afraid to provoke the anger of Void Tidesea? Do you know who I am waiting for?"

As soon as Qin Chen came over, the dark bat saint master spoke coldly, staring at Qin Chen gloomily with the murderous intent in his eyes.

"Hmph, in my little world, I dare to be arrogant."

Qin Chen snorted coldly and raised his hand. The Dark Bat Sage Master was photographed by Qin Chen and brought him in front of him, struggling in horror in the void, but he was unable to break free, as if he was just ants here, and Qin Chen was just It is the gods here who can easily control their life and death.

"The little world, it really is your little world, you have such a perfect little world, who are you?"

The Sovereign Lord of War and the others watched this scene in horror. In fact, they had already guessed before, but they just couldn't believe it, but now they see that Qin Chen controls the rules here at will, and easily takes the Dark Bat Sage Master. After taking it, everyone was terrified.

Little World, they had only heard of it in the rumors. This was a terrible treasure that the venerable might not possess. They actually saw it from Qin Chen, a mid-term Saint Lord.

No wonder this kid was able to fight the remnant soul of the soul demon clan.

What if they could get this little world? In such a small world, they are the gods here, and they can control everything, and even nurture elixir, etc. How terrible.

"Your Excellency, what did you bring us into your little world? Do you know who we are."

The Dark Bat Lord's eyes flashed, and a trace of greed flashed deep in his eyes, and he said coldly, "I will admit that you are extraordinary, but, although I am a void bandit, I am not without background. Since you are from the top of the heavens The big powers should also know that behind us, the Void Bandits are actually supported by the top powers of the heavens. Otherwise, how could they have been in this Void Tide Sea for so many years..."

The Dark Bat Lord said proudly, "You saved me before. I'm naturally very grateful. As long as your Excellency is in the Void Tide Sea in the future, I can guarantee that my black crown thief will never be an enemy of my friends? And, I can still introduce my friends to the forces behind the black crown thief, like you, the proud man of heaven and the world's strongest, I have always admired the dark bat, believe in my strength behind, and I am happy to be friends with you!"

In Qin Chen's small world, the dark bat saint master still had a trace of pride.

Their eighteen thieves of the void can make such a name in the sea of void tides, looting the major chambers of commerce, and killing countless, but they are not destroyed by the top powers of the heavens, naturally they have their unique background.

The great master and others who condemned the thief also squinted, watching this scene, but did not speak.

Qin Chen couldn't help but sneer in his heart. These guys still want to negotiate terms with themselves in their own universe of good fortune jade discs, don't they feel too naive?

The Dark Bat Lord saw Qin Chen not speaking, and immediately frowned, "Why don't you speak..."

It's just that before he finished speaking, Qin Chen raised his hand, and suddenly the dark bat sage master's throat seemed to be restrained by an invisible force, and he couldn't say a word.

"I dare to pretend to be forceful in my little world."

Qin Chen waved his hand, and an invisible flame was born under the Dark Bat Lord. Boom, it was the Qinglian Demon Fire. The Qinglian Demon Fire burst out with a terrifying flame aura, which immediately burned the dark bat Lord's painful struggle. stand up.

Hum!

The dark bat saint master's body flickered, and it turned into a black bat, struggling in pain.

"Huh? This Dark Bat Lord actually has the blood of the bat clan of the monster clan?"

Qin Chen said in a bit of surprise, but he kept moving, just looking at Zhan Wang Sect Master coldly, "Who has anything to say?"

Sovereign Zhan Wang and others were frightened and said, "What are you trying to do?"

They knew very well that in Qin Chen's small world, they were like fish that were slaughtered, and they had no right to resist.

"Naturally let you surrender to Ben Shao and do things for Ben Shao in the future."

Qin Chen sneered, "Finally, don't talk nonsense with you, Ten Thousand Realms Demon Tree, plant its origin directly in their bodies."

As Qin Chen's voice fell and swish, countless black tentacles on the Devil Tree of Ten Thousand Worlds suddenly rushed out, and instantly penetrated the Sect Master and others, the origin of the Demon Tree of Ten Thousand Worlds, and quickly merged into it. In their bodies, there was a trace of Qin Chen's soul aura, which made them become Qin Chen's slaves from the depths of their souls.

Of course, Qin Chen chose to enslave some top masters, at least the characters of the late saint masters. As for ordinary void bandits and disciples of the King of War, Qin Chen didn't bother to enslave them, but let the King of War and others turn around. Go to slavery.

The origin of the Ten Thousand Worlds Demon Tree is very precious, and Qin Chen does not want to waste it on some ordinary warriors.

And when Qin Chen enslaved the masters such as Zhanwang Sect Master, there was a hidden void in the Void Tide Sea.

Huh!

A shadow covered with blood quietly appeared.

"Ahem!"

This person was seriously injured and covered in blood. He was the Venerable Soul Demon.

"Damn it, why is the thunder power displayed by that kid so terrifying, that even the power of the deity's nobleman can be eliminated."

Venerable Soul Demon looked at the eagle bird, exuding a cold light: "Fortunately, the deity is decisive and directly detonated the entire secret realm. Even if the kid is strong, he is probably already dead under the explosion of the secret realm, right?"

[Chapter 3430: It really is that demon](#)

Venerable Soul Demon's eyes exudes a faint cold light.

The power of the explosion of the secret realm is so terrible, it can definitely kill any master of the late Saint Master realm level, no matter how strong it is, even he can't survive that explosion unless he is in its heyday.

Therefore, although he knew that Qin Chen's physical defense was extremely terrifying and almost invincible, he was still confident that Qin Chen would definitely not be able to escape.

"Ahem, it's really cheap that kid, but unfortunately, I'm afraid that kid's body is also destroyed. This kid is really an excellent carrier. If you can win the house, it can be compared to this master alchemy master of the planting demon clan. The body is much stronger."

Soul Demon Soul Sovereign still regrets Qin Chen's fall.

"Fortunately, the Treasures of the Ten Thousand Worlds Demon Tree will not be easily wiped out. They should still be preserved. We have to hurry up and seize the Ten Thousand World Demon Tree in the first time. I am now seriously injured. It's not much stronger. If someone finds out, it will be very troublesome."

"Once I get the Demon Tree of Ten Thousand Worlds, the speed of my strength recovery will definitely be ten times, a hundred times faster."

The Venerable Soul Demon Race sat cross-legged, an invisible soul light permeated his body and turned into a series of runes. The simple and obscure runes flashed between the sky and the earth. He was actually calculating Qin Chen's existence, thinking To seize the Ten Thousand Worlds Demon Tree from him.

"Huh? Someone is calculating me?"

Qin Chen opened his eyes suddenly in the jade disc of good fortune in the universe. In front of his eyes, a long river of fate appeared. From the river, he saw a pair of cold eyes, as if searching for something, looking for himself.

But the moment Qin Chen opened his eyes, he immediately met with the cold eyes.

"Hmph, it's the sage of the Soul Demon Race, who even dared to inquire about this young master's position."

Qin Chen sneered, spurring destiny, and an invisible force of destiny swept out and merged into those eyes.

The Venerable Soul Demon Race who was calculating Qin Chen's position in the secret void suddenly opened his eyes, a look of horror appeared in his eyes, and a mouthful of blood spurted out.

"Damn, that kid isn't dead yet?"

His cold hair stood up, a strong sense of crisis haunted his heart, his scalp was numb, and his body was about to explode.

"How is it possible that after the explosion, even the peak saint master of the later stage will fall, unless it is a Venerable master who has transcended the heavens, can it not be affected, how did this kid survive?"

Venerable Soul Demon Race was terrified and frightened. He vaguely saw that Qin Chen was in a very safe place, staring at him. The look in his eyes made him feel endless fear, as if being the master of heaven and earth. Stared like.

As soon as he touched his forehead, his face was full of cold sweat and wet, as if he was shocked.

It's evil.

The soul of the Venerable Soul Demon Race had a chill in his heart. It was a **** of a ghost. He could not even kill the kid like this. He could feel that the other party seemed to be staring at him and was also looking for himself. .

Is there anything more stupid in this world?

Walk around.

You have to leave here quickly.

This Venerable Soul Demon Race was shocked and left the original place in an instant, never daring to stay here any longer.

He flew quickly in the void, but this is the void tide sea of the human race, where can he go? Now he urgently needs to absorb a lot of life and strength to supplement himself, repair his injuries, and improve his strength, but this is the territory of the human race. If he kills too many human races, not to mention he will be detected by Qin Chen. , In case it provokes a powerful person from the top human race, then he is completely finished.

"It seems that I still have to find a way to return to the demon world."

Venerable Soul Demon was annoyed. If he had not exploded the secret realm before, there would be a way to return to the demon world, but now, he wants to return to the demon world, how easy is it?

"Ok?"

Just when he was anxious and a little depressed, suddenly, he vaguely felt the breath of a demon in the distance.

How come there are people of the demon race here?

He was curious in his heart, and quickly approached, approaching the past, his eyes were green, the current demons seemed to him like a big tonic.

After a while, the Venerable Soul Demon came outside a meteorite suspended in the Void Tide Sea, and at the same time saw two figures in the depths of the meteorite. The two figures are now cross-legged in a hidden space in the meteorite. After seeing these two figures, the eyes of the Venerable Soul Demon Race suddenly burst into cold light.

"It turned out to be this kid."

Venerable Soul Demon gritted his teeth, because the two people on this meteorite were really members of the Demon Race. It was the two Moli and Chi Yan who were in the secret realm before and left in time.

"Unexpectedly, after these two guys left the secret realm, they didn't go to the Demon Realm. Instead, they practiced in this void tide sea." There was endless fiery light in the eyes of Venerable Soul Demon. He didn't want to disturb anyone, but suddenly thought. When he got up, Moli had swallowed a lot of his soul power before, if he could swallow it now, he would definitely be able to recover his cultivation faster.

Thinking of this, his heart instantly became excited.

After his eyes flashed, he quickly found a way.

"Wow."

Venerable Soul Demon immediately flew towards the meteorite below, and after a while, fell on the meteorite.

"who?"

At the moment when Venerable Soul Demon fell on the meteorite, Mo Li and Chi Yan in the depths of the meteorite awakened instantly and appeared on the surface of the meteorite. After seeing Venerable Soul Demon appear, Mo Li and Chi Yan was suddenly taken aback.

"Master, why are you?" Mo Li said in shock immediately.

"Apprentice, I finally found you for the teacher, cough cough..." Venerable Soul Demon breathed a sigh of relief after seeing Demon Li, with a frightened expression on his face: "It's so miserable to find you for the teacher. ."

"Master, what's wrong with you?"

Mo Li hurriedly stepped forward and anxiously raised the Venerable Soul Demon. At this time, the Venerable Soul Demon looked exactly like the Fire Demon Pill Saint. His body was quite embarrassed and bloody, and the Mo Li was distressed.

"Why did you leave first? It was so hard to find you for the teacher. Now we can't go back to the Demon Realm at all, but we are finally reunited again." Venerable Soul Demon sighed.

"Senior Fire Demon Pill Saint, what is going on in the end?" Chi Yan also stepped forward to ask at this time.

Venerable Soul Demon smiled bitterly, "I have to ask you about this, Mo Li, I waited to enter the secret realm together before, and then entered the inheritance space as a teacher, passed all the inheritance, but entered a weird space. After the reaction happened, it was invaded by a strange soul..."
