

Valkyrie 3451

[Chapter 3451: Make arrangements](#)

Still not strong enough.

Qin Chen's eyes were cold, otherwise, would he be so embarrassed?

Regarding the chaos of the outside world, Qin Chen had already left behind at this moment, but devoted himself to healing.

This time his injury was too serious. Not only was his body damaged, but his soul was also severely injured. Fortunately, Qin Chen escaped safely, and he actually obtained the true cultivation method of the Nine Star God Emperor Jue.

Qin Chen felt that his Nine Star God Emperor Jue had only mastered the fur before, but this totem power was definitely the true cultivation method of the Nine Star God Emperor Jue.

However, Qin Chen is seriously injured now and does not have much time to study the totem method of the Nine Star God Emperor Jue.

With the acceleration of the power of time, three days later, that is, five months later in the jade disc of good fortune in the universe, Qin Chen's injury has eased a lot, but it is only about 30% better.

This time, his injury was too serious, and Qin Chen felt that without a few years of repair, he might not be able to return to the peak.

Fortunately, Qin Chen has time to speed up, but before that, he must arrange other things.

Therefore, after the injury slightly improved, Qin Chen immediately called out the forces such as the Condemnation of God Pirates and the King of War Zong, and asked them to leave the Universe Jade Plate and return to their respective sects.

"Dust, what are you doing?" After such a long time, You Qianxue's anger has disappeared a lot, and after hearing Qin Chen's order, she couldn't help being stunned.

Now that such a big thing has happened in the Void Tide Sea, You Qianxue also knows the seriousness of the situation. The major forces in the heavens must now be staring at the Void Tide Sea. Once the King of War Sect Masters appear, they will inevitably not cause trouble.

You know, Sovereign Warlord and the others had entered that secret realm. At that time, many people had heard the news in the Void Bazaar, and Qin Chen had displayed the Heavenly Poison Pill Venerable Treasure, and it was inevitable that he would not be caught. When people associate it together, it will be troublesome.

Qin Chen said solemnly: "It is precisely because of this that I want to let the Sect Masters of Zhan Wang leave."

Qin Chen's eyes were gloomy: "With the strength of the top powers in the heavens, if the King Sovereign and these bandits disappear with us, then the other party can definitely suspect that these people are related to me, and even entered the disappearing secret realm. As a result, the Sovereign of the King of

War and the others can only stay in the jade disc of good fortune in the universe. As long as they go out, they will be recognized by others, and then they will be paid attention to by the top forces in the heavens."

"But if they go out now, the other party will only have doubts and guesses, but they will never know that the King of War Sect Masters are really in contact with us, because at the time, the Void Bazaar heard that there were many people in the secret realm, but who I don't know if the Sovereign Lord of the Battle King has ever passed. After all, all the people who entered the secret realm, except us, are all dead."

"Therefore, the first one, no one knows the whereabouts of the King of War Sect Masters, and the second, no one knows whether the secret realm is related to the Sky Poison Pill Venerable. In this way, the Sect Masters of the King of War only have reasonable reasons. If it appears in time, it will not arouse suspicion."

"But if the Sovereign of the King of War and the Condemnation Thief disappear and do not appear, then everyone knows that they have a problem."

You Qianxue wondered: "But Chen, why do you have to let them out?"

Qin Chen said: "The appearance of the Demon Venerable Demon Race is very strange. Among the Human Race, there must be their internal response, or, in the Void Tide Sea, there must be a relationship with the Demon Race. If we want to survive, we must understand the void. The condition of the tidal sea."

"If the Sovereign of the Battle King and they have been following us, we will only have a few more masters at most, and it will not be able to bring practical effects to the Chendi Pavilion and Tianwu Danpu, but if the Sovereign of the Battle King can use their own identity, Hiding in this void tide sea, and relying on the things they obtained from the secret realm and the secret alliance between them, they will definitely be able to develop rapidly in this void tide sea in the future."

"At that time, at least the Void Tidal Sea near the Eastern Heaven Realm will be under our control. At least, no news will be missed."

Following Qin Chen's narration, You Qianxue finally understood Qin Chen's purpose. He wanted to connect the entire Void Tide Sea with Dongguang City and Chendi Pavilion through the Battle King Sect Master and others to form a huge Alliance of forces.

Under Qin Chen's arrangement, the Zhanwang Sect Master and others quickly left the Universe Good Fortune Jade Plate and returned to their own forces.

Although Qin Chen also knew that he took some risks in this move, it was a way to maximize the benefits. The Sovereign of the War King had incorporated the original power of the Ten Thousand Realms Demon Tree into their bodies, instead of being directly enslaved by the soul, Qin Chen believed that even if they were impossible for the venerable masters to see the clues. With this, even if the people of several major forces doubt them, they can't find the problem.

And behind the Void Bandits, in fact, there are top forces in the heavens as the backers, constantly making confessions, so Qin Chen is not worried about their safety.

As long as they can hide safely, Qin Chen is equivalent to having a dark hand in this void tide sea, and he can do more things than.

After the King of War Sovereign left, Qin Chen continued to heal and retreat in the jade disc of good fortune in the universe. His injuries were extremely serious. Fortunately, he received the inheritance of the Heavenly Poison Pill, and he also obtained the Heavenly Path God Tree, sitting in the Heavenly Path God. Under the tree, Qin Chen absorbed the endless aura of heaven, and ran the Nine Star Divine Emperor Art, his injuries were constantly repaired.

Three years later, Qin Chen's injuries finally healed.

At this time, it was only a month from the outside world.

Next, Qin Chen did not waste time, but continued to cross-legged among the jade discs of good fortune in the universe, feeling the power of that totem.

Qin Chen knew now that he lacked a lot of strength, at least the distance from the realm of the venerable was too big. In the face of not having enough strength, what Qin Chen needed most now was to keep a low profile.

The power of the totem of the vague figure, after the resonance of that breath, was deeply imprinted in Qin Chen's mind. While running the Nine Star God Emperor Art, Qin Chen felt and recalled the power of the totem.

One year.

Two years!

Three years!

In the jade disc of good fortune in the universe, the years have passed, and the years are unknown.

Qin Chen was completely immersed in the cultivation of the Nine Star God Emperor Jue. He seemed to have found a new continent, completely integrated into it. The power of the Heavenly Path formed by the Heavenly Path and the Divine Tree also nourished his body day and night, pouring into it. His body.

Decades have passed.

boom!

On this day, Qin Chen suddenly burst into a terrible aura, and his cultivation level suddenly entered the realm of the mid-level peak saint master.

At the same time, a vague totem phantom rose up in Qin Chen's body.

[Chapter 3452: Master the Totem](#)

Hum!

This totem is very vague, but it blooms with terrible light, suspended in the jade disc of good fortune from heaven and earth, shaking the whole world of good fortune jade disc.

"Master, you..."

"dust!"

You Qianxue and Sword King Mu Zhifeng were both startled, and they appeared here one after another, looking at Qin Chen in shock. They recognized that Qin Chen's body turned out to be the divine emperor condensed from the vague figure he had seen in the Xuhai. totem.

this is too scary.

Qin Chen hovered a vague totem light around his body. This totem light was very vague. It was too far behind the strong in the Void Sea. It could even be regarded as a rudimentary form, but it broke out that made the sword king Mu Zhifeng and the others very heart palpitating. Shining, the body seemed to explode.

Sword King Mu Zhifeng retreated immediately, breathing hard, and his soul was greatly oppressed, You Qianxue also urged the Nine Extremes of Water to resist this breath.

Wow!

The Devil Tree of Ten Thousand Worlds and the God Tree of Heaven also clashed, shaking endlessly.

"Is this the power of totem?"

Qin Chen opened his eyes and felt the power of his body in disbelief. This power was very peculiar, very different from the power of the laws of the heavens, like a brand new thing, somewhat similar to the power of darkness in the heavens.

The power of darkness is a power transmitted from outside the heavens, so it is repelled by the power of the heavens, and the power of this totem seems to be a force that is very different from the heavens, and is above the laws of the heavens.

too strong.

It's no wonder that the fuzzy figure could easily crush the demon lord of the demon race, and even the dark power of the opponent was not afraid, because this was a power that was not inferior to the black power, and Qin Chen had seen it for the first time.

So far, in addition to his own thunder power that is not afraid of the power of darkness, this totem power is the second power that is not afraid of the power of darkness.

puff!

Suddenly, Qin Chen's body shook, and the power of the totem shook violently, and it shattered all at once, and then Qin Chen spouted out a mouthful of blood, and the light of the totem that haunted him instantly disappeared.

"Dust!" You Qianxue and Dao Wang Mu Zhifeng flew over anxiously.

"I'm fine!"

Qin Chen shook his head, but was excited in his heart. The power of this totem is so strong that his current strength can only be maintained for a moment, but with the improvement of his later cultivation

base and his understanding of the Nine Star God Emperor Art, he will maintain the totem in the future. Strength time will also be doubled.

At that time, he will have another assassin.

"Where are we?"

Qin Chen stood up and asked, after years of cultivation, he even forgot where he had been.

Sword King Mu Zhifeng took out a star map, took a look at it, and said, "Master, we are already near the southern edge of the Void Tide Hai. There should be one or two months away from the Southern Heaven Realm."

"So, coming soon?" Qin Chen nodded.

This speed is not slow.

You Qianxue said silently: "Dust, we have been wandering in the Void Tidal Sea for more than two years."

"Has it been so long?" Qin Chen was stunned. Under the acceleration of the power of time, although he had passed a long time, he still thought that the outside world hadn't passed too long.

Whoosh!

The three Qin Chen appeared outside the Void Tide Sea.

This place is close to the Southern Heaven Realm. The Void Tidal Sea of the Southern Heaven Realm is deeper and more aura than the Eastern Heaven Realm. It is rumored that among the four heaven realms, the Southern Heaven Realm is the most aura. , The history is extremely ancient and long, and many top families have been born.

In ancient times, the sects of the Ji family and the Tongtian sword pavilion were located in the southern celestial realm. There are so many masters born here, naturally, there are their reasons.

Although the celestial realm is now broken, the southern celestial realm is equally vast, and similarly, the treasures such as the elixir in the void tide sea outside the southern celestial realm should be more abundant.

"Mr Mu, are you familiar with the area here?" Qin Chen said lightly.

A trace of embarrassment appeared on the face of the sword king Mu Zhifeng: "Master, in fact, this void tide sea, I have only been here once. My Heavenly Sword Sect is the inland sect of the Southern Heaven Realm, but I know that it is not far ahead. There is a void bazaar where you can rest."

"Okay." Qin Chen touched his nose.

The group continued to fly with the flying sacred treasure, while at the same time, You Qianxue also told Qin Chen some things that had happened in the heavens in the past two years.

Qin Chen was chased and killed by the Demon Venerable Demon Race. Although the Demon Venerable Demon Race later fell into the Void Sea, many of the top powers in the heavens were still very angry and

blocked the cities and forces that entered the Void Tide Sea from all over the heavens. , Carry out strict investigation and control, to find out some clues about the Demon Race Demon Venerable.

It's a pity that the top forces of the heavens blocked off for a whole year, and finally found nothing. They still failed to find out how the demon demon had entered the Void Tide Sea, and even the top forces of the heavens took the information they knew about the Void Tide Sea. The big forces have also checked it out, and it is still no gain.

"No gain?" Qin Chen frowned slightly, "Is there any movement in the Eastern Heaven Realm Yao Mie Mansion?"

"Yao Mie Mansion did not move. What is strange is that since we got Yao Mie Mansion in Guangyue Tiangkeng, Yao Mie Mansion seems to have become very low-key. In the past two years, there has been no other response to East Heaven Realm. The forces have done anything, but two years are nothing in the heavens, so it can't explain much." You Qianxue said.

"You said, is the appearance of the Demon Venerable Demon Race related to Palace Master Yaomie?" Qin Chen said suddenly.

"Dust, why do you say that?" You Qianxue was startled, and immediately meditated: "It is not impossible. What we know is that Yaomie Mansion is in collusion with the demons, and Yaomie Mansion is one of the top forces in Eastern Heaven. One, in addition to the location where the Demon Venerable Demon Race appeared, it is also closer to the Eastern Heaven Realm, but this is possible."

Qin Chen said: "I have the same thoughts as you, and what is strange is that after experiencing the events of Guangyuetian, there is no movement at all, although this is a good thing for us, However, there must be a reason for something abnormal. Based on my understanding of Palace Master Yaomie, he will never give up, but he is now gone. There are only two possibilities. One is that he has more important things to do. One, that is, he can't show off for fear of being targeted."

Qin Chen couldn't help feeling a little depressed when he thought of this.

At the beginning, he broke through the mid-term Saint Lord, and enslaved the Zhanwang Sect Master and others. After getting the inheritance of the Heavenly Poison Pill Venerable, he even had the idea whether to give up going to the Southern Heaven Realm first and solve the Yaoxi Mansion first.

But later he was chased by the ancestor of the devil corpse, but he woke up. With his current strength, he may not be able to win the Yaomie Mansion with full confidence.

[Chapter 3453: Qingxue Family](#)

The Yaomie Mansion is definitely not as simple as it seems on the surface. The Lord Yaomie colludes with the demons, but can survive in the Eastern Heaven Realm. Behind him, there must be top forces to support him, at least, the Heavenly Work and the Star God Palace. In, it is very likely that there are also masters who are the internal response of the demons.

Palace Master Yao Annihilation is extremely mysterious. According to legend, tens of thousands of years ago, he was the cultivation master of the pinnacle. He has been trying to break through the realm of the nobleman, but he has never succeeded.

However, no one knows the real details, even Yao Wuming never knew. If Palace Master Yao Mie is not as simple as it seems, Qin Chen rushes to it, it is very likely that he will turn into a trap.

After experiencing the chase of the demon corpse ancestor, Qin Chen became more vigilant than before.

boom!

Feizhou drove in the desolate void and headed to the void bazaar ahead, because it has been many years since the sword king Mu Zhifeng left the southern celestial realm. He has been searching for the whereabouts of the holy lord of the ghost formation. The Lord was destroyed, alone, wandering in the void. Now, he is not familiar with the news of the Southern Heaven Realm, so he has to go to the Void Bazaar to search for some news.

Although the Void Bazaar here is still one or two months away from the Southern Heaven Realm, those who can pass this place either go to the Southern Heaven Realm to do business or come from the Southern Heaven Realm. It can be called a distribution center for news. , You can know a lot of things.

Under the control of the sword king Mu Zhifeng, the flying boat was flying at an extremely fast speed. In the past few years, the sword king Mu Zhifeng has cultivated rapidly among the jade discs of the universe. Although he dared to break through the late saint master not long, but With the acceleration of time, there is also a person who has been more than several decades old, and his cultivation has long been consolidated.

Moreover, he has experienced so much, and his temperament has long been different. This is something he had never imagined before. With his previous cultivation base, the mid-term peak saint master is barely a half-step late saint master, what kind of experience can he experience In distress?

Today, he has fought against the ancient demon clan, and the top master of the moon demon clan, and accompanied Qin Chen when he was chased by the demon clan. He has seen the eternal figure in the void, and his temperament has long changed. It's extraordinary.

The endless void is very barren. The flying boat that Qin Chen and the others are on has reached an extreme speed under the control of the sword king Mu Zhifeng. In the void, it is like a shadow that moves instantaneously, and there is no trace at all.

Even if there are no traces to be found, Feizhou will be exposed under the powerful divine consciousness. At this time, a divine knowledge has been swept on the flying boat of the sword king Mu Zhifeng, and even swept unscrupulously on Qin Chen and You Qianxue in the flying boat. Past.

This divine sense was extremely powerful and extremely powerful. Qin Chen's divine sense also swept the opponent immediately. What he saw was not a single person, but a group of people.

This is a group of Void Bandits, surrounding a big purple flying ship, and constantly attacking the big purple flying ship. Among this group of Void Bandits, there are five masters of late stage saint masters and a large group of subordinates. Fierce.

When Qin Chen saw this purple ship, he was shocked, because it turned out to be a top-level holy lord treasure. The flying boat he got from Master Muhuo was only close to the level of the late holy lord. Of course, he later accepted it. After the Zhan King Sect Master and the others, with the strength of the

Zhan King Sect, there is a decent Saint Master Supreme Treasure Spaceship, but that is what the Zhan King Sect eats, and Qin Chen will naturally not plunder.

In the heavens, an ordinary flying boat is a treasure, it is very difficult to reach the high-grade holy master level, let alone this kind of large spacecraft. This kind of spacecraft is often only owned by extremely top powers.

At this moment, there are also two late-stage holy masters on this huge purple spaceship who are maintaining the defensive formation on the spaceship, and want to control the spaceship to leave here, but such a huge spaceship is naturally not as flexible as these void bandits. In a small area, Being constantly attacked, and that defensive formation will obviously not last long, and it may be defeated at any time.

In just a short time, the flying boat Qin Chen and the others were riding had already arrived nearby.

"That is a top-level Holy Master spaceship." You Qianxue and Qin Chen both came outside the flying boat. After seeing the spacecraft, she said in amazement.

"It is indeed a top-level holy master spaceship. It is just broken. It should be a refining product from ancient times. The formation on it is very old and a little broken, so it cannot escape the siege of these void bandits. Otherwise, this holy treasure The spaceship, when fully opening the formation, can throw away all siege, unless the opponent also has a treasure of the same level."

Qin Chen shook his head and said, he is a top refiner. Now if there are enough top-level materials, he can even refine the Holy Lord's Supreme Treasure, so any sacred treasure, in his eyes, is nothing. Retreat.

"Haha, I can't think of my Tiankui thief who has crossed the Void Tide Sea for thousands of years. I am doing errands here today. This is the first time I saw us and didn't want to escape, and talked about the level of our prey treasure."

At this time, a cold voice came from the void bandit. A man who was nearly ten feet tall had walked out of the bandit. He stared at Qin Chen and said with a sneer.

The people on the spaceship also saw Qin Chen at the moment, with joy in their eyes, but after seeing that there were only three people in Qin Chen, and only the aura of the sword king Muzhifeng was stronger, they immediately revealed their loss. color.

On the bow of the spacecraft, there appeared a beautiful woman in white gauze, and hurriedly shouted to the three Qin Chen: "A few friends, we are the Chamber of Commerce of the Southern Heaven Realm Qingxue Family. These are the Void Tide Sea Hehe. The famous Tiankui thief, a few hurriedly left. Not far in front is the Void Bazaar. As long as a few escape into the Void Bazaar, they are safe. If you have the opportunity, please let me know what happened here. Qing The Xue Family's resident on the Void Bazaar, let them rescue us."

The woman looked anxious and shouted at Qin Chen and the three of them.

The expressions of Qin Chen's trio were hard to look at, is this white-clothed woman an idiot? He yelled so, will the thief let them go these days?

Sure enough, when the woman in white gauze shouted, the faces of the people in the thief changed one after another. They all looked at the Qin Chen trio in an unkind manner, and a group of people had quietly surrounded them.

"Haha, want to go? Now that you are here, don't rush to go. I think some of the flying sacred treasures seem to be good." The void thief who flew out before looked at the three of Qin Chen and surrounded them with a group of people. Qin Chen said with a sneer.

"Master, what should we do now? I have heard that the Qingxue family is an extremely powerful ancient family in the Southern Heaven Realm. It has a long history and is one of the top forces in the Southern Heaven Realm. Unexpectedly, their people will also be vanished. Bandits intercepted." The sword king Mu Zhifeng immediately surprised.

[Chapter 3454: Who dies is not certain](#)

"Several people, I'm just passing by and don't have any interest in the dispute here!"

Qin Chen said lightly, he was too lazy to have a dispute with these people, and the faces of the people on the boat changed. With these words, Qin Chen didn't want the slightest involvement with them.

However, at this time, everyone can understand, but naturally still can't help feeling lost.

"Hahaha, no interest? Since it's here? I don't care if you are interested, and fight against my Tiankui pirates. Today, you don't even want to live. By the way, the girl looks good, and it doesn't seem to be better than the Qingxue family's. The second lady's posture is bad, and she just grabbed it, play with it."

"Hey, these three guys don't know which family's young master. They thought there was a master guarding him, so he dared to walk in the void tide sea. Didn't the adults in their family tell them that in the void tide sea, even a top power Be careful?"

The middle-aged Tiankui thief, the leader, looked cold, waved his hand, and said coldly: "Take these three people down to me. The women will live, and the men will kill them. It just so happens that this Qingxue family has been hiding. I didn't want to come out from the warship. Just like the tortoise, I killed this kid and opened the meat first."

With a wave of the tall and middle-aged hand, from the crowd of pirates that day, a group of masters immediately swarmed, sending out a powerful attack in the air and falling on the three of Qin Chen.

"I don't know whether you live or die, if you want to die, then it will fulfill you."

Qin Chen's eyes were cold. He didn't intend to make trouble. Void thief or Qingxue family had nothing to do with him. Just let him leave, but the opponent was so overbearing and killed people when he came up. The anger in Qin Chen's heart was naturally ignited.

When he was chased and killed by the Demon Clan Demon Venerable, he had already suffocated his stomach for a long time. Now that someone has sent him to the door to die, he just vents his anger.

"on!"

Qin Chen let out a low cry, and immediately, Qin Chen took the knife king Mu Zhifeng and You Qianxue together and flew out to face the enemy.

In fact, Qin Chen alone is more than enough to deal with these guys in front of him, but after all there are people from the Qingxue family here. The sensation caused by the appearance of the Demon Race Demon Venerable in the Void Tide Sea before has not been thorough in the entire universe. The dissipated, if he exposes too much strength, it is inevitable to be targeted by someone with a heart, causing huge troubles.

Whoosh whoosh.

The three of Qin Chen jumped out, and the dense bombardment fell into a void in an instant. Qin Chen faced the sword king Muzhifeng and You Qianxue's voice transmission and said: "Kill the precepts, Qianxue, don't expose your full strength."

"Okay, Chen, these people are really hateful, let me kill some people first."

A cold light flashed in You Qianxue's eyes, and her heart was suffocated. Someone happened to come up to vent her breath.

Whoosh!

You Qianxue's figure turned into a faint blue shadow, like a thunderbolt, and actually swept into the enemy's camp forcibly. The next moment, the blue sword light burst out, and every sword aura would take away counts. In human life, in the blink of an eye, more than a dozen bandits died in his hands, including a half-step late saint master, but he still couldn't stop her with a sword.

The middle-aged Void Bandit saw the canthus cracked and shouted: "Yue Po, what are you doing in a daze, go and stop her!"

You Qianxue's speed was too fast. The two sides broke into the enemy camp before they really came into contact. It was really heroic. It caused these void bandits to chaotic themselves. It was the first time they saw such a sturdy presence. The beauties actually rushed into their crowd directly, like a flock of hungry wolves, one person surrounded many of them.

Such a powerful shot caused many void bandits to fail to respond, and she killed more than a dozen people and lost a lot, and You Qianxue's strength also shocked these void bandits.

Yue Po is one of the five great late saint masters and one of the leaders of the thief of the day. She is very old, rickety, and very short, but her small eyes are cold and gloomy. She is stared at by her gaze. People are very uncomfortable.

Her weapon was a pair of sun and moon double hooks, the double hooks exuded a cold air, with a swish, she flickered, passed countless void bandits, and appeared in front of You Qianxue.

"Girl, you are looking for death!"

The sun and moon double hooks split, Yue Po laughed grinningly, and the power of the law soared into the sky, turning into invisible hooks and swept over.

"It's not certain who will die."

You Qianxue was holding a sharp sword, and the azure blue sword body, under the infusion of the holy yuan, emitted a faint blue air current, and the sword flashed out with great light, and fought together with Yue Po's sun and moon hooks.

Clang!

Yue Po couldn't stop her body, so she flew out, ka ka ka, a thin layer of solid ice spread on her body, and this solid ice carried a terrible ice law to invade her body.

"It's the law of cold ice, you have cultivated to the level of merging into the heavens, you are obviously not the late saint master!" Yue Po exclaimed, frowning, and the cold light of the law in her body bloomed, banging her body surface with a bang. The ice, the breath is disordered, and his face is pale, a little unbelievable.

She could feel that the aura on You Qianxue's body was clearly only at the mid-term peak Holy Master level, but it could actually bring harm to her late-stage Holy Master.

"Hmph, kill you, why do you need to break through the later stage Saint Master cultivation base?"

You Qianxue sneered, she didn't even display the inheritance of Lunar Glazed Glaze Supreme, exposing the water of the Nine Extremes, otherwise the previous blow would have severely injured the Yue Po without death.

In the cold snort, You Qianxue rushed to catch up. Along the way, those void bandits with a slightly poorer cultivation base were twisted into blood mist by the escaped sword energy, unstoppable.

"Ghost King, you go and help."

The tall and middle-aged bandit didn't expect a move, and Yue Po fell into the wind, and quickly said to a thin man wearing a black robe who was looking at an eagle.

"Hehehe, I just said, a woman like this should let me, Yuepo, you are too gentle enough, such a beautiful woman, should be treated with gentleness, first capture her, and then enjoy it, hehe, Yuepo ,let me help you."

The eagle and bird, the thin man, the King of Ghosts, gave a yin smile, his figure distorted, like a phantom, disappearing in the same place and reappearing behind You Qianxue.

You Qianxue has a keen sense. As soon as the ghost king appeared, she was aware of it, and the sharp sword swept back towards the ghost king's body.

"It's not good for a woman to be so fierce."

The ghost king fluttered away from the knife, his body seemed to be weightless, as if it had melted into the void, just a phantom.

"Young master, young lady, she will be fine, let's go there too, the subordinates will solve it early for you!"

Sword King Mu Zhifeng was not worried when he saw this scene. He and You Qianxue fought side by side in the secret valley. Even the masters of the Moon Demon Clan couldn't take down the young lady. It was not enough to look at these few void bandits. .

[Chapter 3455: Second Miss](#)

When the sword king Mu Zhifeng spoke, his figure jumped out, the long sword was out of its sheath, and the sword was held in both hands, and the sword smashed in the air with unparalleled power.

Boom!

A gigantic sky-reaching sword light appeared out of the sky, towering over the sky, and exploded with the sky-breaking sword energy that cut through the ages. A dozen enemies on a route were instantly smashed by this thousand-foot sword light, completely shattered, even their souls. All was wiped out, the sword king Mu's wind is unrivaled with the power of a knife. Following Qin Chen's practice in the jade discs of Qiankun's good fortune these years, the benefits he has received far exceed those of ordinary people.

"Asshole, where does this master come out."

The tall, middle-aged bandit was just about to start the murder, when he was taken aback by the sword king Muzhifeng.

The aura on this person is clearly just the beginning of the late stage holy lord, and there is a sense of immature. Obviously, the opponent should break through the late stage holy lord within a few hundred years. This immature feeling is no matter how fast the opponent's cultivation level improves, he can be sensitive I feel that this is an innate intuition, but now, such a late-stage Holy Lord who has broken through at most but hundreds of years of late-stage Holy Lord, almost cut his team in half with a single knife, let him How not to be surprised.

"I will meet you."

The tall and middle-aged bandit gave a cold shout, and a spear suddenly appeared in his hand. As soon as the spear appeared, the irritable breath almost tore the void of the void tide sea. He shot it out, and the dark gun shadow flew over. Out, attacking the wind of the sword king Mu.

He knew well that among the three, the sword king Mu Zhifeng had the highest cultivation base, so he stared at the sword king Mu Zhifeng and had to behead him first.

Jingle bells!

The strength of this person is actually very terrifying, close to the great master who condemned the thief and the king of war, on the same level with them, a shot swept through the void, and the two of the sword king Muzhifeng fought wildly.

"Hey, this guy is not weak!"

Qin Chen saw the battle between You Qianxue and the sword king Mu Zhifeng in his eyes, and glanced at their enemies, but didn't worry at all. The two of them have been cultivating for these years, and they just have to practice it. Only fighting It is the most important criterion for testing strength.

"That's right, second lady, you go into the cabin, and I will immediately urge the ship's prohibition and rush out."

When the woman in white gauze heard these words, she immediately said excitedly: "Okay, Uncle Ming and Uncle Bing, then you quickly urge the warship to leave here..."

At this point, the woman in white gauze was startled and said, "No, Uncle Ming and Uncle Bing, we rushed out, but where are these three?"

There was a slight embarrassment on the faces of the two late-stage holy masters, and they hurriedly said: "Second young lady, the three of them have the strength of the late-stage holy master, so there should be nothing wrong. As long as we kill out, the three of them should be able to escape. And, with such a good opportunity, if we don't go, if the three of you lose, then we're in danger."

"No." The woman in white gauze understood what they were saying, and said with an angry expression: "Uncle Ming and Uncle Bing, obviously the other side saved us and shared our pressure. How could we just leave like this? What? No way!"

"Second young lady, if we stay here, it will definitely be dangerous. That day, there were five late-stage holy masters, and each of them had extraordinary cultivation bases. Once they were freed up, we would be in trouble. Although the three of them are strong, they are also There are only three people."

"No." A resolute color appeared in the eyes of the woman in white gauze: "Uncle Ming, Uncle Bing, we are members of the Qingxue family, no matter what, we can't do anything to leave others alone. ."

The woman's eyes were firm, extremely firm.

"But... that day, there were five late-stage holy masters in the thief..." The two masters wanted to say something, but they were interrupted by the girl: "What about the five, isn't the other party already involved three people now? We can only resist because there are too many masters on the other side, but now, there are only two late-stage saints that surround our ship, Uncle Ming and Uncle Bing. You two are here, plus our Qingxue family. Under the same combat power, how can the other disciples of Wang be afraid of the other party and even escape?"

"Now, as the second young lady of the Qingxue family, I order that all the brothers of the Qingxue family will follow me to kill the enemy." Although the girl is very simple, her eyes are extremely determined, and said decisively.

When the voice fell, she was about to rush out of the battleship and get up on her own.

[Chapter 3456: A tragic death](#)

"Second Miss, stay..." The two masters are so scared that their souls are almost gone. If something happens to the Second Miss, how can they go back and explain, the two gritted their teeth and their eyes were determined, "Second Miss, If you stay here, the warship needs someone to command, and your cultivation level will not help much. If something goes wrong, it will affect all of us and cause all of us to be distracted. It is better to stay here and direct the battle. , Your Uncle Bing and I took the Qingxue family members out."

"Then... I will trouble Uncle Ming and Uncle Bing, you two be careful."

The girl said bitterly, as if she was feeling guilty for not being able to help.

When Uncle Ming and Uncle Bing saw this, they didn't want to say much. They screamed, and took the master of the Qingxue family on the battleship, and rushed out in an instant, and robbed the Tiankui who surrounded the battleship.

"Hmph, come out and die by yourself."

When the two masters of the pirates saw this that day, they sneered, and the two sides immediately fought, and in an instant, blood shot and the two sides quickly fought.

Not far away, how keen Qin Chen's consciousness is, he naturally knows everything that happened on the ship. If this Qingxue family dared to leave them and leave, Qin Chen would not forgive him regardless of who he was. Fortunately, he would not leave.

But Qin Chen understood now. The girl said those words before, not deliberately trying to leave the three of them in the midst of the Tiankui thief fighting, but because she really had no brains and didn't know what she said. Instead of letting them leave safely, it will frame them into danger.

"Forget it, give them a little help too, and make a quick decision."

Qin Chen squeezed his hand, and in an instant, the eighteen sword qi did not disintegrate after beheading this group of bandits, but suspended in the void, trembling constantly, cutting the void.

"go with!"

Motivated by mental power, Qin Chen strengthened the control of each sword qi, and the eternal law urged, so that the eighteen sword shadows were divided into nine, and they entered the range of the battleship.

The masters of the Qingxue family instantly discovered that the enemy who had been fighting with him before had their heads flying and died on the spot.

The two masters of the Qingxue family were shocked, and they immediately discovered that Qin Chen was urging the sword energy to help them. They were overjoyed. With Qin Chen's help, their Qingxue family's masters faced the Tiankui thief with great pressure. Minus, the two remaining late-stage saint masters of Tiankui thief saw this, with a furious expression, and with a roar, they were about to kill Qin Chen.

"Hahaha, your opponent is us."

Then how could Uncle Ming and Uncle Bing let the two of them immediately urge the cultivation base to the extreme, and then forcefully beheaded to stop the late-stage holy masters of the two Tiankui thief and prevent each other from leaving, as for The remaining void bandits, the two didn't care at all, because the remaining bandits weren't opponents of this terrifying sword spirit at all.

Puff puff!

Without the target of the late-stage holy master, Qin Chen urged the eternal sword aura to kill all quarters in this void bandit. Eighteen sword auras were in the void, and the direction was invincible. As

long as the latter-stage holy master, almost no one could stop With a sword, his sword light flashed, and his heads kept rising into the sky.

This scene was repeated continuously, the enemy rapidly decreased, and later, the number was less than a hundred, which was extremely miserable.

"Ah! Why is this?"

The tall, middle-aged bandit was slashed back by the sword king Mu Zhifeng, and took time to take a look at the battle, but the battle situation left him stunned and roared in his heart.

The sword king Mu Zhifeng said with a smile: "Huh, if you want to deal with the young master, you just rely on these chickens and dogs, it's not enough."

"Ghost King, kill this kid first."

After gritting his teeth, the tall and middle-aged bandit sent a message to the ghost king and asked him to deal with Qin Chen first. He believed that Yue Po should be able to support you for a period of time under You Qianxue's hand. As long as the ghost king can kill Qin Chen during this period , Still promising.

"Take care of yourself first, and dare to be distracted in front of me."

The sword king Mu Zhifeng held the sword in both hands, and slashed it again. The sword lighted through the sky, opened and closed, opened up the world, and directly smashed the tall and middle-aged bandit away.

puff!

The tall and middle-aged bandit vomited a mouthful of blood, his expression frightened, thunderous, and booming, the holy yuan was boiling on his body, he had decided, burning the origin, to completely kill the wind of the sword king.

Over there, the ghost king and Yue Po separated and rushed towards Qin Chen.

"Boy, if you meet me, you are unlucky, my ghost king, I like killing stronger people the most."

When the ghost king spoke, a circle of transparent ripples spread out, forming a terrifying illusion, a soul attack.

"Use soul attacks against me."

Qin Chen sneered, pretending to be caught in the attack, his eyes dull.

"Haha, die!"

Taking this opportunity, the ghost king quickly approached and slapped Qin Chen's head with a palm, and Qin Chen's head would definitely explode if the palm was firm.

Suddenly!

The fierce sword light flourished, and a head spun into the sky.

With one sword, the ghost king died tragically.

It is the biggest mistake for the ghost king to deal with Qin Chen with the soul illusion. What kind of character Qin Chen, the soul power can resist even the remnant soul of the soul demon clan, and he wants to confuse him with the late-stage holy master of the ghost king?

If you don't use the soul illusion, Qin Chen wants to kill the opponent, perhaps he will have to contribute a little bit, but now, to deceive the opponent directly, he cut the opponent's head with a single sword.

"Ah! Forgive me!"

In the distance, Yue Po let out a screaming scream, fleeing quickly, extremely embarrassed, and You Qianxue caught up.

If You Qianxue used the Nine Extremes of Water, she could easily kill this Yue Po, but there were other people here, and she could not expose too much. Even so, after a moment of fighting, the Kui Thief's Yue Po was no longer able to carry that day. Living.

"Frozen Miles!"

Endless cold air burst out, and You Qianxue's figure was extremely ethereal, as if she had fallen into the void, she suddenly appeared beside Yue Po, the endless sword light lit up, illuminating Yue Po's frightened eyes, and her body was suddenly covered by ice. Sealed in the endless void, then exploded with a bang.

The power of the terrifying laws dissipated wildly, intertwined with a shocking roar.

On the other side, the wind of the sword king Muzhi urged the treasured sword, the sword surged into the sky, turning into an endless ocean, involving the tall middle-aged bandit.

Puff puff!

The tall and middle-aged bandit was stained with blood, but he still never fell.

This person is the strongest, with the strength of the sword king Mu's wind, he will not be able to win it for a while.

"Elder Mu, I'll help you."

After You Qianxue slayed Yue Po, she straightened her body and swept towards the wind of the sword king, at the same time, a sword was cut out boldly.

call out!

In this sword, You Qianxue showed a trace of Taiyin Liuli's inheritance technique, a terrifying physique blooming, and a terrifying force quietly flashed in the sword body.

[Chapter 3457: Starry Sky Posing Tea](#)

The tall and middle-aged bandit looked in horror, and he only felt a terrible pressure falling on him. This breath oppressed him and trembled, and he felt fear from the depths of his soul.

"what is this?"

He stared at You Qianxue with wide eyes, and wanted to say something, but it was too late.

Puff!

You Qianxue's sword light instantly penetrated his body, cutting him directly, and the vitality in the body was wiped out completely, and the dead could no longer die.

"What? The three chiefs are all dead?"

On Qin Chen's side, there were some bandits who did not fall because they were far away. They saw all the three leaders die tragically, and only the two leaders from the Qingxue family were left. They trembled with fright. It's about to explode.

What is the origin of these three masters? It's too scary.

On the Qingxue family's side, many masters saw this scene, and their excitement was suddenly overwhelming. Their fighting spirit was boiling, all with great aura, as if they had taken a big tonic, and pounced on the two remaining late-stage Holy Lord leaders.

The two late-stage holy masters finally couldn't help their horror, turned around and took a ray of light, and they were about to flee here.

The three of Qin Chen were too terrible, they killed the three masters of the Ghost King in a moment. The two of them were not afraid of the masters of the Qingxue family, but they had unprecedented fear in the hearts of the three of Qin Chen.

How could it be simple for such a master?

"Want to run, can you run away?"

Uncle Ming and Uncle Bing of the Qingxue family instantly tracked them up, leaving them behind.

The two of them were fierce in their hearts. After being besieged for so long before, they were suffocated with fire in their hearts, and even the origin was burning.

boom!

Suddenly, a late-stage holy master was stopped, but another late-stage holy master seemed to have some terrifying spatial method for cultivation. He took out an ancient rune in his hand and ignited it instantly, with a pop, and disappeared in an instant. Without a trace.

"what!"

The remaining late-stage saint master was besieged by the two great masters of the Qingxue family and many masters. After being covered with blood and screaming, he was beheaded to death.

The other Tiankui thief who was still alive saw the five chiefs dead and fleeing all the time, and they were all frightened and inexplicably fleeing.

On this day, the pirates were one of the top bandit gangs in the Void Tide Sea of the Southern Heaven Realm. Now that they are so embarrassed, the people of the Qingxue family are full of enthusiasm, chasing them madly, and are not afraid at all. In the end, blood is everywhere, most of them The bandits all fell in the pursuit, but some people still disappeared in the void tide sea.

In fact, Qin Chen can keep these people. Even the late-stage holy lord who fled before, Qin Chen has a way to stay, but in this way, too much is exposed, and Qin Chen is too lazy not to do anything. .

call!

Qin Chen waved his hand, and the countless storage rings on these void bandits floated towards Qin Chen.

The many masters of the Qingxue family saw this scene with envy in their eyes. Although the thief was a Void Bandit this day, he survived in the Void Tide Sea all year round, and with this level of cultivation, he naturally had a lot of treasures, even more. The chambers of commerce are all rich, but if it weren't for Qin Chen, their Qingxue family would probably die here, so naturally no one would dare to ask Qin Chen for these storage rings.

"Thank you three for helping out."

Uncle Ming and Uncle Bing returned to the battlefield, arching hands to Qin Chen, showing gratitude.

"Three, please come on the boat. Our Qingxue family's warship is very comfortable. This time we also brought the top starry sky tea and dragon king jade brew from the Southern Heaven Realm. The three can come up and have a drink."

The second young lady from the Qingxue family shouted excitedly from the ship's side.

Hearing this, the expressions of Uncle Ming and Uncle Bing suddenly changed. Although they were also very grateful for Qin Chen's help, if it were not for Qin Chen's trio, their Qingxue family would be in danger, but now the second lady is not clear about each other. Under the premise of their status, these three people were actually allowed to board the battleship of their Qingxue family. If the other party's heart is unruly, isn't this leading the wolf into the room?

"Second Miss... Not right!"

Uncle Ming hurriedly said, but before he could finish speaking, the second young lady had already shouted again: "Sister, come up soon."

"Go, go up and see!"

Qin Chen chuckled, he could see that this white gauze woman really has no brains, it should be said that she is relatively simple and has a nerve.

"Master, you want to..." Dao Wang Mu Zhifeng looked over.

"Well, didn't you say that the Sunny Sky Family is the top family in the Southern Heaven Realm? We are going to the Southern Heaven Realm this time to find the ancient Ji family, but the Ji family is not marked on the map at all. If the Sunny Sky Family is really the Southern Heaven Realm If there is a top family in China, there may be some information but not necessarily."

Qin Chen said with a chuckle.

If the world is broken today, the location of the Tongtian sword pavilion, even if there is a map taught by the eternal sword master, Qin Chen is not very clear where it is, not to mention the Ji family, which has

always disappeared in the southern world. After entering the southern world, he wants to quickly To find the Tongtian sword pavilion and the Ji family, he still had to rely on external forces.

The three Qin Chen flew up and entered the battleship.

Uncle Ming and Uncle Bing suddenly showed a hint of vigilance in their faces, and their bodies were erected, and the Saint Yuan surged in their bodies, for fear that Qin Chen would do it. With the strength Qin Chen had shown before, once he did it on this battleship, They can't resist it at all.

"Uncle Ming and Uncle Bing, what are you two doing in a daze? Hurry up and ask the three benefactors to leave the ship. The eldest sister said that I am not sensible. Let me go out and listen to you in foreign affairs. Now the savior is here, you There is no response, I think you are not as good as me."

The white-clothed woman looked at Qin Chen three people excitedly, came to You Qianxue, and said excitedly: "Sister, your strength is so strong, thank you for saving us. If it weren't for you, the merchant ship of the Qingxue family would have been It's going to be dangerous. I'm the second young lady of the Qingkong family. My name is Qingkong Silan. What about you, sister?"

Sunny Sky Silan looked at You Qianxue excitedly and came to her, with a look of envy in her eyes.

Uncle Ming and Uncle Bing on the side all raised their throats with their hearts. At this moment, if Qin Chen and the others grabbed the second lady, their group would be over.

"Miss, quickly bring the three benefactors to the reception room, three, please follow us."

Uncle Ming hurriedly bite the bullet and walked forward, leading Qin Chen and the others towards the inside of the battleship.

This warship was extremely magnificent. After a while, Qin Chen and the others stepped into the interior of the warship, and they couldn't help being quite amazed. This warship was very vast and its interior space was huge and luxurious, and it was worthy of being a top sacred instrument.

After Qin Chen sat down, three cups of fragrant tea soon came up, and a refreshing fragrance instantly filled the living room.

"Good tea!"

Qin Chen looked at the tea in the cup and sighed.

"Starry Sky Posing Tea, this is the top tea in the Southern Heaven Realm. At the beginning, although I was the Sect Master of the Heavenly Sword Sect, I was not qualified to take it. I didn't expect to see it here today."

The eyes of the sword king Mu Zhifeng showed a sigh.

[Chapter 3458: Avenue of Stars](#)

The Heavenly Sword Sect in the Southern Heaven Realm can only be regarded as a relatively ordinary force, and it is not the top at all. At the beginning, the Sword King Mu Zhifeng was the supreme master of the Heavenly Sword Sect, but his wish was only to impact the realm of the later Saint Lord.

Starry Sky Posuo Tea grows in the endless starry sky of the Southern Heaven Realm. There is a unique land of avenues. That territory is unique to the Qingxue Family, and this Starry Sky Posuo Tea is also the exclusive product of the Qingxue Family, and it is the top of the Southern Heaven Realm. Luxury.

"Three please."

Uncle Ming said with a smile.

"Three benefactors, this starry sky tea is unique to my Qingxue family. From sprout, to growth, sun-drying, and then frying, it has a unique technique. It can only mature once in ten thousand years. One or two tea leaves are equivalent to A medium-grade holy vein of the Holy Lord, the most important thing is that it is scarce, so try it soon."

The white-clothed girl Qingxue Silan blinked Shu Lingling's eyes and looked at Qin Chen eagerly.

Qin Chen smiled slightly, picked up the tea cup, took a sip, and suddenly, an invisible breath wandered through his body. In an instant, his pores all over his body stretched out, and his mind was extremely transparent. For a moment, There are many inspirations in my mind, and there is an inexplicable qi to go straight to heaven.

"Good tea!"

Qin Chen couldn't help closing his eyes and exclaimed.

This is indeed good tea. The starry sky Posuo tea enters his body, not only the taste is intoxicating, the most important thing is that the starry sky contains the artistic conception of the starry sky, even Qin Chen's talent and cultivation can feel it. The boundlessness of the starry sky.

Hum!

On his body, the power of the starry sky naturally escaped, transforming into a galaxy ribbon, surrounding him.

"Avenue of Stars!"

Uncle Ming and Uncle Bing were taken aback and looked at each other.

Because Xingkong Posuo Tea grows in the starry sky, it contains endless rules of the starry sky. Especially for those who take it for the first time, the body will be agitated by the power of the starry sky, and the power of the starry sky will naturally surging, but like Qin Chen , It was the first time that they saw the avenue of stars formed directly on the body surface.

What talent is this guy?

Even in the entire Qingxue family, among the younger generation, only the young lady condensed the Avenue of Stars when she first consumed Xingkong Posuo tea, and even the second lady had never done it.

Hum!

And at this moment, another starry sky avenue filled out, and after taking the starry sky whispering tea, You Qianxue was also surrounded by colorful starry sky power, beautiful and magnificent.

"Damn, another one?"

Uncle Ming and Uncle Bing almost stared out, they were extremely surprised.

"Sister Mengxue, you and Brother Chenqing are actually condensing the Avenue of Stars. It's amazing." Qingxue Silan opened her mouth wide, Shui Ling's eyes widened, her long eyelashes trembling, and her eyes were full. Excited: "I heard my father and sister say that only the most talented Tianjiao can arouse the Avenue of Stars the first time you take Starry Sky Posing Tea. You two are really amazing."

Qingxue Silan looked at them admiringly, her eyes flickering.

"Starry Sky Posing Tea is indeed well-deserved. It is indeed the most unique tea of the Qingxue family and the top luxury of the Southern Heaven Realm. It is a wish to be tasted this time."

The sword king Mu Zhifeng opened his eyes, and his body was extremely comfortable. Stars flickered beside him, but they did not condense into the Star Avenue like Qin Chen and You Qianxue, but even so, the power of the stars is already extremely rare. Belongs to the top class.

In fact, the talents of the sword king before Mu Zhifeng were naturally unable to condense the power of starlight, but after being enslaved by Qin Chen, he practiced under the Ten Thousand Worlds Demon Tree all the year round, and he also took a lot of Heavenly Dao Divine Pills. Naturally, it's a thousand miles.

"Listen to your Excellency, isn't your Excellency also a member of my Southern Heaven Realm?"

Uncle Ming and Uncle Bing looked over with a bit of surprise. Qin Chen and You Qianxue had already told Qingxue Silan their names before, but Chen Qing and Mengxue had never heard of these two names in the southern world, if The three people in front of them were really from the Southern Heaven Realm. With Qin Chen and their talents, they would not have heard of them.

The sword king Mu Zhifeng laughed and said: "This seat Mu Zhifeng used to be the lord of the Southern Heaven Realm Heavenly Blade Sect."

Heavenly Sword Sect?

The two looked at each other, and both were a little confused, is there such a sect in the Southern Heaven Realm?

"I remember, Heavenly Sword Sect, there seems to be one Fenghuitian in the Southern Heaven Realm, but the Sword Sect was just an ordinary force that day, the rumors are not already..." Uncle Ming was a little surprised, looking at the sword king Mu Zhifeng, he seemed a little surprised. .

The sword king Mu Zhifeng smiled slightly and said: "The two of you are right. It is the Heavenly Sword Sect of Fenghuitian. However, my Heavenly Sword Sect was destroyed by others, and I was the only one left in the entire sect, so I traveled the world. , Who knows that meeting the young master and the young lady will be regarded as a new life. It can be said that my life is given by the young master and the young lady."

"That's it."

Uncle Ming and Uncle Bing could not help but breathe a sigh of relief. They were quite wary of Qin Chen and others before, but now after contacting them, they have relaxed their vigilance against the three of them. At least when they brought tea, the three of Qin Chen I didn't care, nor worried about what was wrong with the tea, so I drank it directly, making Uncle Ming and Uncle Bing feel ashamed, and feel that they are treating a gentleman like a villain.

Now that they know the identity of the sword king Mu Zhifeng, the two are even more relieved.

The two of them didn't know that Qin Chen had the inheritance of the Heavenly Poison Pill, and You Qianxue had the inheritance of the Taiyin glazed glaze supreme, and he possessed Nine Extremes of Water in his body. It hurt Qin Chen and You Qianxue.

Several people talked for a while in the reception room, and after learning that Qin Chen and the others were going back to the Southern Heaven Realm, Qingxue Silan was immediately excited to invite the three to stay on the battleship and go back together.

After Qin Chen knew that the Qingxue family was going to the nearby void market first, he did not shirk.

Qingxue Silan was immediately excited, and soon arranged a room for the three of Qin Chen.

The luxurious room on this warship is indeed very luxurious and the space is large enough. There is even a huge bath in which you can soak in. The opposite of the bath is a five-meter square crystal. Through the crystal, you can see the void tidal sea outside, and from the outside, can not see the inside, while taking a bath while watching the starry sky, it can be called enjoyment.

Qin Chen and You Qianxue asked for a room, and the sword king Mu Zhifeng had a room.

After Qin Chen and Qianxue returned to the room, they checked and found that there was nothing wrong, they lay comfortably in the bath.

"Second Miss, you are too reckless this time."

At this time, in the control room at the front of the warship, Uncle Ming and Uncle Bing stood beside Qingxue Silan, looked at the starry sky through the crystal, and shook their heads.

[Chapter 3459: Belittle oneself](#)

"Uncle Ming, Uncle Bing, why is Silan reckless?" Qingxue Silan was a little confused.

"The origins of those three people are unknown. You invited the three of them to the battleship of our Qingxue family privately. In case the other party plots something wrong, with the opponent's strength, we can easily dismantle our battleship's defenses. When the time comes, if you come out What's the matter, how do we explain it to the eldest lady and the Patriarch."

"How come? Brother Chenqing and Sister Mengxue are good people at first sight, and if it weren't for them, we would have died at the hands of the thief that day. They are our life-savers. It is the most basic to invite them to sit down. The etiquette." Qingxue Silan blinked.

"Second Miss, you don't understand. The most terrifying thing in this world is nothing but the human heart. You will never know the sinisterness of others." Uncle Ming and Uncle Bing laughed bitterly: "Let's just say that the thief of this day is the void tide. The top bandits in the sea are good. They have always

robbed caravans for a living, but they are very good at doing things. They rarely get into the real top forces. Our Qingxue family is in the Southern Heaven Realm and is also one of the most prominent forces. They would actually find it's very strange to come on us."

"Is this weird?" Qingxue Silan asked in confusion.

"Of course, the route of our Qingxue family's battleship is very secretive. If the opponent accidentally ran into it, it would be okay, but this time, the thief is clearly prepared to come. The five leaders appeared together and almost robbed Tiankui. All the powerhouses have been brought here, and it seems that I knew the route of the Qingxue family a long time ago. This time, if it weren't for the appearance of Young Dust and Young Heroes, we would really be in danger."

"Let me just say, Brother Chenqing and Sister Mengxue are definitely not what you think, you guys, think too much." Qingxue Silan smiled.

Uncle Ming and Uncle Bing were speechless. They dared to talk for a long time, but they all said nothing.

"Well, Uncle Ming and Uncle Bing, isn't it all right? I'll just pay attention to it from now on." Qingxue Silan shook their arms and said with a smile, without the gesture of a lady at all.

The two looked at Qingxue Silan gently, and their eyes showed love, especially when they saw Qingxue Silan's innocent and clear eyes that day, they even sighed slightly in their hearts. Perhaps, they should let the second lady. It has been so innocent and pure, but unfortunately, the heavens are sinister. Although their Qingxue family is the top power in the southern heavens, they are also perilous.

This time, if it wasn't for the eldest lady who had some problems with her practice, she wouldn't have to let the second lady lead the team. The lady used to be so innocent and romantic in the family, how I hope she can continue to be so naive and romantic, always lively and lovely.

"Uncle Ming, how long have we been out this time?"

Qingxue Silan asked.

"Second Miss, it's about five years!" Uncle Ming said.

"Five years have passed so soon? It's finally time to see my sister again." Qingxue Silan's face showed a smile: "This time we got the fruit of melting spirit in the demon domain forest of the western heaven. If that happens, my elder sister will be able to recover, but unfortunately, the business route of the Western Heaven Realm is still not completely opened up."

"Second Miss, but we have not wasted in five years. The Western Heaven Realm and our Southern Heaven Realm are adjacent to the Monster Race Realm. Now the Monster Race is one of the top major races in the Heaven Realm. All major families are striving for business with the Monster Race. It's hard for us to get through some levels. Unfortunately, our Qingxue family has no contact with the Eastern Heaven Realm, the Northern Heaven Realm and other forces. In the past, our Qingxue family needed to contact other forces." Uncle Ming shook his head.

"Uncle Ming, don't worry, although the ancestors are old, the elder sister's talents will definitely bring our Qingxue family back to glory."

Qingxue Silan smiled.

"Yes, with the talent of the eldest lady, she should not have fallen so early. She is the most talented person in our Qingxue family over the years. If she can recover, she will be able to hit the realm of the venerable in the future and become one of the ten in my Qingxue family. In ten thousand years, the first newly promoted Venerable, in this way, my Qingxue family won't need to be so dangerous in the Southern Heaven Realm."

Speaking of the eldest lady of the Qingxue family, Uncle Ming and Uncle Bing couldn't help but admire them sincerely.

"Elder sister Tianzong Wizard, it must be possible. She has been a late-stage saint master character. She has been very powerful since the youngest sister. If it were not for an accident, she must have been stronger now. Even the ancestors said that she is very hopeful to become a venerable. Well, my sister and I are far behind, but she has also paid too much for the family, and this time she almost died. How I hope I can help her."

"Second young lady, don't be presumptuous. You have cultivated to the realm of the Holy Master at a young age. What you lack is just a lot of life and death battles."

Inwardly, Uncle Ming and Uncle Bing didn't think that the second lady was worse than the eldest lady, the only difference was that the eldest lady was so strong, the second lady was too kind and didn't like fighting.

"I don't know which force the two people are from, they must be the arrogance of a certain top force in the heavens, otherwise it would not be so terrible."

Uncle Ming and Uncle Bing exclaimed, seeing for the first time a genius who can compare with Miss Bing.

Of course, the Holy Master master can easily change his life aura. Qin Chen and You Qianxue look young, but the actual age is not clear. Maybe they may not be so young or not necessarily.

In the luxurious room, Qin Chen and You Qianxue took a bath, feeling very comfortable.

The two closed their eyes for a moment and began to examine their own cultivation.

Today, Qin Chen has just broken through the mid-term peak of the Holy Master. Although many years have passed in the Universe Fortune Jade Plate, the Holy Master is not in a hurry to hit the late stage. Qin Chen knows that every breakthrough he needs a lot of resources. If you make a rash breakthrough, once the resources are not enough, it is easy to attack and fail. In this way, it will have huge damage to his future.

This is a hidden danger that cannot be ignored.

In this world, there are many Tianjiao who are eager to break through and rush through the barrier. Once they fail, it is easy to leave a shadow. If you make a mistake in the next few crossings, you can only stay in this state for the rest of your life.

So Qin Chen was not in a hurry, and although his realm could not be improved, it did not mean that his strength could not be improved.

However, the most important thing for Qin Chen now is to find a physical carrier for Venerable Skyfire.

Although Qin Chen has enslaved many powerful people, there are no real masters. Venerable Skyfire and the others are truly powerful. They can never recover their souls by relying on the Demon Tree of Ten Thousand Worlds to restore their souls. They can only get their body and spirit. Only after the flesh is united can they be restored to their peak.

After being chased by the Demon Venerable Demon Race, Qin Chen also felt a strong sense of crisis in his heart.

[Chapter 3460: Starry Sky Restaurant](#)

"Let's go, go out and go around."

Qin Chen and You Qianxue left the room, walked outside, watching from the battleship.

The entire warship is extremely huge, and there are many warriors doing their own work, and most of them are urging the warship, because this warship needs too much energy to fly, although the warship There are a lot of holy pulses, but the holy pulse alone consumes huge amounts and is not flexible enough.

Therefore, at every moment, almost half of the people in this warship are urging the warship, and they can mobilize in their own room, or even in the special formation room, to provide the warship with enough energy.

Of course Qin Chen and the others don't need to be like this.

In addition to urging the warship, there are many places in the entire warship, including training rooms, recreation rooms, dining restaurants, and even various meeting rooms, etc.

Of course, the most central place is still in the control room behind the warship. Here is the core control system of the warship, and it is also the place where the warship stores top cargo.

Qin Chen carefully observed this warship. If Chendi Pavilion had several such warships, it would be much more convenient to trade in the void, not to mention crossing the sea of void tides, even in the Eastern Heaven Realm. Within the mainland, when trading and migrating can also greatly improve efficiency and speed.

Because once this class of warship is mobilized, the speed is comparable to that of a late-stage holy lord, and the defense is not weak. The most important thing is that it only needs enough energy, and you don't want these powerful men to sit in town. In terms of it, it is undoubtedly the best.

If you place a few more late-stage holy masters on the ship, the speed can be even faster.

If Chendi Pavilion had such a few warships, it would be able to run wild in the entire Eastern Celestial Realm. No matter where to do business, there was no need to worry.

The more Qin Chen looked at it, the more pleasant it was. However, it was extremely difficult to refine such a warship. Obviously it was not the work of a personal refiner, at least it was a product of a top-level refinement force in ancient times. Heavenly work and so on, gathered many refiners together to refine.

Because the entire warship is too complicated, and many things inside need to be perfectly combined, which is not so easy to do.

Qin Chen walked in the side of the ship, watching everything here, silently remembering that the structure of this warship was familiar to him, and the formation patterns and runes inside gave Qin Chen some time to replicate. The only thing that is complicated is the materials and engineering.

Because there are too many aspects involved, if Qin Chen refines it alone, it will take a lot of time. As a result, his cultivation time will be reduced a lot, and it is inevitable that some of the gains outweigh the gains.

"It would be great if Chendi Pavilion had a few warships like this. Are you worried about going to other places?"

You Qianxue also sighed, obviously knowing Qin Chen's purpose, and silently accompanied Qin Chen to watch in the cabin.

Along the way, all members of the Qingxue family saw Qin Chen respectfully, and their expressions showed gratitude.

Obviously, they all knew that Qin Chen and You Qianxue rescued them.

"These people from the Qingxue family are pretty good."

You Qianxue sighed, these people are strictly disciplined and have spirituality in their eyes. Seeing them, they salute respectfully, but don't say much. The kind of gratitude is from the heart, which makes people feel very comfortable.

Soon, Qin Chen and You Qianxue walked to the core area of the battleship, and then inside, it was the battleship's control system, which was the control core.

At the door, there are a few masters from the Qingxue family standing guard. After seeing Qin Chen and You Qianxue, they first thanked and saluted, and then said: "Two seniors, this is the control center of the warship, so..."

"Let them in."

Before the few people had finished speaking, they heard an excited voice, and then saw Qingxue Silan jumping over.

"Sister Mengxue, Brother Chenqing, do you want to go in for a visit? I saw you visiting our battleship in the formation system before, so I came over immediately. This is the control center of our battleship. It's more strict, but it's okay if I bring it."

Qingxue Silan said with a smile.

"Is this convenient?" Qin Chen smiled. He really wanted to see the control core of this battleship. Only when he saw the control core would he know the entire refining process. Of course, if it would bring it to the Qingxue family Trouble, he won't force it.

"It's okay, it doesn't matter if I'm there." Qingxue Silan smiled, revealing two cute dimples.

You Qingxue Silan took it, and the people at this door immediately bowed and saluted, and then stepped aside.

When the hatch opened, Qingxue Silan led Qin Chen and You Qianxue into the control core, and was immediately shocked by the scene in front of her.

In the entire control core, countless arrays of light flickered, and sacred origin surging one after another. Underneath this, there are obviously countless extremely terrifying holy veins, providing energy.

If this place is destroyed, the entire warship will be scrapped in an instant. This is the heart of this warship.

In the control room at the front of the battleship, Uncle Ming and Uncle Bing were standing. Through the control room of the battleship, they could naturally see Qin Chen being brought into the control core by Qingkong Silan.

"We let Miss she do it too carelessly?" Uncle Bing said with a wry smile.

Uncle Ming shook his head: "I have figured it out now. Perhaps the young lady is right. We are old and have seen too many sinisters. We have been guarding people. If these two people want to occupy my Qingxue family's battle Ships can be done without entering the control core. They just want to know about our warships. Sometimes, we can't think too much."

"Yes, we will get old after all, and the future will belong to Miss Bingshu." Bingshu sighed.

"Sister Mengxue, Brother Chenqing, when I came here for the first time, I was also shocked, it was spectacular." Qingkong Si Lan smiled.

Qin Chen carefully looked at the formations in the control core. One ring was inlaid with one ring. It was indeed very delicate. After a while, these formations were completely imprinted in his mind. He believed that as long as he was given time, he would be able to replicate them. .

"Let's go!"

Qin Chen said.

"Go, Brother Chenqing, Sister Mengxue, I haven't treated you well when you came to the boat. Go, I'll take you to a big meal."

Sunny Sky Silan excitedly took Qin Chen and You Qianxue to the restaurant of the warship. The restaurant here was extremely luxurious, really like a restaurant outside. It was indistinguishable from the warship at all, and the top of the restaurant and There were arrays arranged around them. As soon as Qin Chen and the others took their seats, the surrounding walls disappeared instantly, and the vast starry sky outside was all projected, making people feel like they were in the starry sky of the universe.

"How about? This is the only starry sky restaurant in the warship."

Qingxue Silan said excitedly: "It's too romantic."
