

Valkyrie 3461

[Chapter 3461: Teaching swordsmanship](#)

After sitting down, all kinds of rare delicacies were delivered up, which was specially fired by the chef on the battleship, extremely delicate.

"Dust, were we too shabby before? People call it enjoyment."

You Qianxue couldn't help saying that when they were on their way, they stayed in the jade discs of good fortune in the universe, it was too hard, how could this starry sky restaurant be romantic.

Qin Chen touched his nose. Indeed, compared to the Qingxue family, they really had a hard time haha.

"Sister Mengxue, Brother Chenqing, and you must have spent a lot of time on cultivation. In fact, I haven't come to this starry sky restaurant many times. This is only the second time to come with you, because Uncle Ming They said, it's not easy for us to go out. The resources here are more used to transport goods."

"Isn't your Qingxue family the top family of the Southern Heaven Realm? You still need your second lady to deliver the goods?" You Qianxue asked in confusion.

Qin Chen was also very curious. The configuration of this warship was indeed a bit strange. Isn't there no one in the Qingxue family?

Qingxue Silan smiled bitterly: "Actually, the owner of this warship has always been my sister. My sister is the eldest lady of the Qingxue family. She is very good. I feel as good as Mengxue sister and Chenqing brother. It's just that she worked too hard. She was injured some time ago and couldn't go out. My Uncle Ming and Uncle Bing went to the West Heaven Realm this time to find the fruit of harmony for her, so as to treat her injuries."

Speaking of this, Qingxue Silan laughed again: "Fortunately, I found it. Sister, she will be very happy."

Qin Chen and You Qianxue glanced at each other. This clear sky Si Lan was too innocent, and she had said all these things. It seemed that she was really a young girl who had been living in a greenhouse.

"Big Brother Chenqing, did you and Sister Mengxue come out to travel? You are so good, you must be the same as my sister, who treats cultivation as the only thing, and ignores everything else. Unlike me, you don't understand anything."

Qingxue Silan sent someone a bottle of Dragon King Jade Brew, which was a fine wine produced by the Qingxue family. The quantity was very rare. She poured a glass for Qin Chen and You Qianxue, and also poured a glass for herself.

"This Dragon King Jade Brew is the top brew of our Qingxue family. It is not inferior to the Starry Sky Posing Tea. You two try it." Qingxue Silan blinked her eyes.

Qin Chen smiled and said: "Personal pursuits are different, and the path chosen is different, but for us, cultivation is part of our lives, but it is not the only one."

Qin Chen took a sip of the dragon king jade brew, only feeling that the dragon Qi in his body was boiling, and there was an illusion that he was evolving into an immortal, and even the realm in his body was consolidated, and he couldn't help being amazed.

This Qingxue family deserves to be a top family, there are too many good things.

"How about it, it's delicious? But this Dragon King Jade Brew can't be drunk too much. Drinking too much will affect the origin." Qingkong Si Lan said: "I envy you to be able to travel together. Your relationship must be very good. I appreciate this together. The beauty of the world and the splendid life. In fact, I also want to be able to walk in the heavens and see the scenery of the heavens like you. But my father, ancestors and sisters all said that the heavens are too dangerous, and my strength is not as strong as that of my sister, and he cannot share the worries for the family."

Speaking of this, Qingxue Silan's eyes brightened: "Big Brother Chenqing and Brother Mengxue, you two are swordsmen, your swordsmanship must be very powerful, can you help me out? I also want to be strong. Get up, when you encounter danger, you can share your worries with everyone, instead of standing stupidly on the side of the ship and just watching you fight."

Qingxue Silan said suddenly.

"You said." Qin Chen nodded.

With Qingxue Silan, both Qin Chen and You Qianxue felt very comfortable, as if they were looking at a little sister, which felt good.

"My cultivation base is not much different from others, but when I fight, I am always inferior to others. During this trip, I also want to make myself stronger, but after several battles, my kendo artistic conception is not a trace. improve."

Going to the West Heaven Realm, in addition to looking for Rong Shen Guo, is actually to train yourself.

Although she is very simple, after experiencing these, she also knows the incomparable dangers of the heavens. If she wants to share the worries of the family, she can't stay confused.

No one knew, she actually wanted to do something for the family, otherwise she wouldn't volunteer herself this time.

Qin Chen looked at Qingxue Silan, and said, "Your heart is not firm enough, you still have hesitation, swordsman, never move forward, no regrets, in fact, I can see that you don't like fighting very much, so you are not suitable. Be a swordsman."

"Uh!"

You Qianxue next to her was speechless. Qin Chen's remarks were too depressing. Besides, she was still a woman. Couldn't she be more tactful?

Although what he said is not unreasonable.

Qingxue Silan smiled bitterly: "Brother Chenqing, you and my sister said that she also thinks that I am not suitable to be a swordsman. However, I don't think that a swordsman must kill someone. A powerful swordsman only protects himself. Isn't it possible?"

Qin Chen smiled, "Of course it can, but obviously, how can a swordsman who can't kill can protect himself, because this is a paradox, otherwise, you would not come to me for advice."

"I can't tell you."

Qingxue Silan was speechless.

"Dust, I feel that Silan may not be able to protect herself." You Qianxue said with a smile, she couldn't understand Qin Chen hitting a girl like this.

"Yes, Sister Mengxue knows me best." Qingxue Silan suddenly laughed, as if she had found the Allied Army.

"Silan, in fact, everyone has their own style of swordsmanship, and the hidden meanings are also different. The points of integration are very different. If you want, my brother Chenqing and I can give you some pointers. , But you have to use the sword technique you cultivated first." You Qianxue said with a light smile.

"Really can?"

Qingxue Silan was very excited, Qin Chen and You Qianxue were actually willing to point her to her, but Uncle Ming and the two of them were amazing geniuses.

"Let's go."

Qin Chen stood up.

"Good, good!"

Qingxue Silan quickly got up and led the way.

The martial arts field arrived soon. After Qingxue Silan stood still, she quickly displayed her swordsmanship. Om, countless sword lights haunted her, beautiful and ethereal.

Qin Chen and You Qianxue glanced at each other. I have to say that Qingxue Silan's swordsmanship skills are still very strong, and this swordsmanship, from an extraordinary origin, gives people an astonishing sense of pressure, and is definitely a top-level sword. After a while, Qingxue Silan finished her display, and immediately looked at Qin Chen and You Qianxue.

Qin Chen asked, "What is the name of this sword technique?"

[Chapter 3462: I'm not jealous](#)

"Heaven Heart Sword Technique."

"Heaven Heart Sword Technique! Good name." Qin Chen continued: "Your Heaven Heart Sword Technique contains the rules of water, the rules of the starry sky, and the meaning of the heart. Use the power of the rules of the starry sky and the rules of water to shake the hearts of others and make If it creates flaws, then attack the opponent. However, the most important thing about this sword is that you have to be sincere and invulnerable enough. Moreover, you are too pursuing perfection, but neglect the practicality. In some places, there is no need to change. Too much change, in addition to wasting the holy yuan, it will also waste opportunities and reduce lethality. There are flaws to follow."

Qin Chen's eyesight is so vicious. Qingxue Silan's Heavenly Heart Swordsmanship makes it easy for people to indulge and shake the soul. An ordinary warrior encounters this set of swordsmanship, and he doesn't know how he died, but after all, ordinary warriors are ordinary warriors, Does not mean that all warriors will be confused. On the contrary, a truly powerful warrior will easily defeat Qingxue Silan by using the flaws of swordsmanship.

Qingxue Silan doesn't have that kind of murderous cruelty. If she can't shake other people's hearts, she will be invaded by others. No wonder her combat effectiveness improves.

In other words, Qingxue Silan's set of swordsmanship can only be used to bully the weak, and lose quickly when encountering the strong.

Qingxue Silan had a trace of frustration on her face, "My sister and ancestors also said the same. They said I was not suitable for practicing this set of swordsmanship, but I think this set of swordsmanship is very suitable for me, and I am very comfortable practicing, but The combat effectiveness just can't be improved. Maybe, I really don't suit this set of swordsmanship."

"I don't think so, but I think you are very suitable for this swordsmanship."

"Really?" Qingxue Silan's eyes widened.

"Yes, this set of swordsmanship is very powerful. Although your destructive power is not good enough, it is because your heart is not ruthless, not determined enough. Swordsman shots, and the heart is not determined. It is often impossible to be strong, but I think yours inwardly, it's not that you are not firm enough, but that you're too kind and don't want to kill. If you want to protect the people you want to protect, it might be different."

Qin Chen said.

This Tianxin sword technique has the effect of asking the heart, but Qingxue Silan asked the wrong question.

"Protect the person you want to protect in your heart?" Qingxue Silan murmured.

You Qianxue also smiled and said: "Yes, the swordsman's sword is not only used to kill, but also to protect, Chen, you should teach her by precept and deeds."

"Why don't you come?" Qin Chen glanced at You Qianxue.

"In terms of kendo, I believe you are more suitable for teaching than me." You Qianxue slyly said, "Don't worry, I'm not jealous."

Qin Chenhan, he touched his nose and said, "Si Lan, you and I should practice."

There are some things that cannot be conveyed in words. Normally, the master teaches his disciples in two steps, that is, preaching and teaching by example, which means to speak first, and then start to give instructions personally after speaking.

Qingxue Silan nodded and said excitedly: "Brother Chenqing, then you be careful, the first style of Tianxin Sword Technique."

Qingxue Silan's sword is a light blue superb sword. The sword is extremely thin, like a stream of blue water. When it passes through the air, waves of light blue ripples appear, which are born with the waves. , The position of the sword body moved in the void, and it was difficult to distinguish between the real and the virtual. I don't know from which angle she would attack.

Qin Chen didn't use his force to break the skill, so it would be boring. He raised his fingers and used the finger as a sword. Qin Chen pointed his sword in the center of the ripple, and it was like a sound of water. The ripples were completely messed up. With Qingxue Silan's swordsmanship, the next moment Qin Chen's sword pierced through the scattered ripples, the tip of the sword was only slightly different from Qingxue Silan's brow.

"The flaw of this trick is that it is not focused enough, the change is too early, your heart is not sincere enough, don't worry that I will be unable to stop it, and you don't have to worry that it will hurt me."

"Actually, you can respond to all changes with the unchanging, and you can regenerate many changes in a moment of fighting with your opponent. In that case, even if your opponent finds a flaw, there is no time to deal with it, and you will fall into the disadvantage in an instant."

Qin Chen's own swordsmanship is usually simplified and used according to rules. This is the reason for the high level of swordsmanship, but it does not mean that Qin Chen will not use multi-faceted swordsmanship. In fact, any set of swordsmanship has Many changes, there are changes in the changes, the so-called endless, but no matter how many changes, it is just a process, the goal is the same, that is to defeat the opponent.

"Is that right?"

Qingxue Si Lan stabbed with a flat sword.

Qin Chen raised his hand to meet.

Ding!

At the moment when the swords fought, Qingxue Silan's swordsmanship produced countless changes, and the ripples spread out, engulfing Qin Chen with the force of terrible rules.

"Yes, it seems you have a very high savvy!"

Qin Chen probed his left hand, and **** clamped the tip of the opponent's sword.

Qingxue Silan's face was startled, even her sister had to take this sword change seriously, but Qin Chen could easily catch it?

She immediately relieved her heart and began to make a full shot.

And when Qin Chen taught Qingxue Silan.

South heaven.

This is a magnificent realm, with endless fairy auras, and the spiritual auras lingering here like clouds and mists, very abundant.

This is the territory of the Zhuge family in the Southern Heaven Realm.

The Zhuge family, one of the top families in the Southern Heaven Realm, possesses amazing strength, has an extremely long history in the Southern Heaven Realm, and is a giant.

At this moment, in a mysterious space deep in the Zhuge family, the ancestors of the Zhuge family are sitting cross-legged, and the power of fate lingers around him, showing the impermanence of fate and the reincarnation of heaven and earth.

"The sky of this celestial realm seems to be changing. I feel the mighty power of destiny changing. It seems that the celestial realm will usher in drastic changes in the near future."

The ancestor of Zhuge's family opened his eyes, and in his pupils, there are thousands of reincarnations, showing infinite wisdom.

"The change of luck, the struggle of hundreds of birds, and every drastic change in reincarnation is a disaster, but it is also an opportunity. If you grasp it well, you can seize the opportunity and let my Zhuge family become the real top-level big in the heavens. The forces are in charge of the source of Qi Luck and absorb the aura of the world."

The ancestor of the Zhuge family murmured, "I saw a trace of the power of heaven from the ghost array holy master, but the person I sent out didn't even get back any news. What on earth will my Zhuge family do? Can you take the lead in this chaotic world?"

While he was thinking, suddenly, his heart jumped and he felt the coming of fate.

"Something has come to my Zhuge family, it seems to affect my Zhuge family's future luck, what is it?" Zhuge family ancestor raised his brows, this is the beating of his blessed soul, is a harbinger of the practice of destiny. Feel the fate approaching.

At the same time, a voice came from the outside world, one of his subordinates.

[Chapter 3463: Daewoo Mountain](#)

"Ancestor, there are a few seniors who want to come to see you, and they are in my Zhuge family now."

"Did they say who it is?" Zhuge's ancestor raised his brows, his eyes flashed, revealing the endless power of destiny, instinctively calculating.

"Back to the ancestor, the other party did not say, but the other party's momentum is very strong, disciple..."

The subordinate said, suddenly, the ancestor of the Zhuge family waved his hand and said: "Stop talking, I know who it is, you go back, they have already arrived."

Boom!

At the moment when Zhuge's ancestor's voice fell, the whole world suddenly shook, and the sky of Void Vibration seemed to be trembling, the rumbling heaven was repelled, and the power of endless rules dissipated.

The secret realm where the ancestor Zhuge retreats is the core secret realm of the Zhuge family. Except for his ancestor Zhuge, even the Patriarch of the Zhuge family is not qualified to enter, and cannot enter

at all. But now, the void of this secret realm has suddenly cracked. A big opening was opened, and several blazing sun-like figures came out from it.

"Hahaha, you deserve to be the ancestor of Zhuge's family, the technique of heavenly calculations, reaching the peak, it is a must in the heavens!"

Those who came were three majestic figures. As soon as they appeared here, the rules of heaven and earth in the entire Zhuge family's residence were disturbed, frantically rejected, as if Heaven's Dao had been stepped underfoot.

"what happened?"

"What happened?"

"Why can't I see the big sun in the heavens? I can't feel the breath of heaven?"

In the Zhuge family, many powerful men raised their heads in amazement. There were ordinary mortal saints, earth saints, heaven saints, and even saint master characters. But even Zhuge Yao, the Patriarch of the Zhuge family, the master of the pinnacle saints, felt it Endless depression, the origin of the body seems to be shattered.

"Three adults have come to my Zhuge family, and my Zhuge family is full of brilliance. However, please let the three seniors restrain their breath, otherwise my disciples of Zhuge family will suffer."

When the ancestor of the Zhuge family saw the three of them, his eyes were slightly surprised, and he immediately spoke.

"Easy to say, easy to say!"

The three of them laughed, and the aura on their bodies suddenly became introverted. In an instant, like the sky clearing, the endless aura instantly disappeared, and the tranquility was restored in the Zhuge family. These three fell into the secret realm of the Zhuge family, as if entering their own home. , Very comfortable, watching the surroundings.

"Unexpectedly, the ancestors of Zhuge's family found such a good place. It is really good."

One of them smiled slightly. If anyone sees these three people, they will be shocked, because of these two, one is Venerable Star Destroyer from Star God Palace, the other is Venerable Yeguang from Heavenly Work, and the other is also very aura. Profound, like a sacred mountain, towering majestic, obviously also a figure of venerable.

The three nobles came here, no wonder the ancestors of Zhuge's family were so shocked.

"The three are joking, I don't know if the three are here, what advice?"

The ancestor of the Zhuge family's eyes condensed, and he immediately stood up, and the three great powers came together, which seemed to be a major event.

Needless to say, Venerable Star Destruction and Venerable Yeguang, the other person is the Venerable Dayu Shenshan, which is also one of the top powers in the heavens, and it is extremely terrifying.

"Your Excellency is the ancestor of the Zhuge family, isn't it the purpose of waiting for me?"

The master of Dayu Shenshan smiled slightly, his eyes were very domineering, like two rounds of stars rotating, surging with the power to destroy the world.

The ancestors of the Zhuge family were slightly displeased. These three top powers broke in strongly, and did not put his Zhuge family in their eyes. His Zhuge family was also the top power of the Southern Heaven Realm anyway, and he was also Venerable-level figures, although the blood in the body is decayed, and no longer has the strength of the strong period, the strength is lost, and the strength is not strong enough, but it can't tolerate others to look down on it.

"Well, Venerable Jiuyu, don't waste time, Zhuge Rulong, this time I wait to come, and naturally I have something important to find you." Venerable Yeguang Tianzhu came up.

"Could it be that the three of them are for the void tide sea?" Zhuge's ancestor raised his head and said.

"Exactly, I am waiting for this time to come here, so that you can calculate for me, the matter in the sea of void tides." Ye Guang said.

The ancestor Zhuge's eyes flashed and he shook his head slightly: "Three, you are too high to see me like a dragon. Although the old man masters the art of fate, the old man is naturally concerned about what happens in the virtual sea. Horror exists, and even the ancestors of the demon corpse can be killed easily. The virtual sea is also one of the most terrifying forbidden areas in my heaven. If my Zhuge Rulong can calculate the virtual sea, I won't stay here."

Old Ancestor Zhuge shook his head and said.

Although Zhuge Rulong's destiny was at its peak, he did not dare to calculate and speculate indiscriminately for existence like the Xuanhai, otherwise the power of destiny would be able to make him fall on the spot.

"Ancestor Zhuge, don't worry, I'll wait for you to come. Naturally, it's not for you to calculate the empty sea, nor for you to calculate the ancestor of the devil, but the young man who was chased and killed by the ancestor of the devil."

"The young man?"

Zhuge Rulong's eyes lit up, "I see, do you want to find the reason for the ancestor of the demon corpse to chase and kill him through that young man?"

"Yes, your Zhuge family is a prestigious family of destiny in the Southern Heaven Realm. You can't even calculate it for a young man, right?" Venerable Jiuyu squinted his eyes.

Zhuge Rulong's eyes flashed, and said: "In this case, the old man will calculate for the three."

He knew in his heart that the other party wanted to find the young man, not only because he wanted to know the reason why the ancestor of the demon corpse was chasing him, but also because the young man could communicate with the horrible existence in the void. People from top powers come together?

Sitting cross-legged, he immediately spurred the wheel of destiny. In an instant, the endless light of fate surged in his body, and a vast river of fate appeared. Zhuge Rulong's eyes were concentrated, and his

body was surging with a vast talisman of fate, tracing back. The light of destiny began to search for the young man who was hunted down in Xuhai.

The power of destiny in the darkness began to seep into the void.

In the sea of void tides, Qin Chen and You Qianxue were teaching the clear sky to think about Lan, countless sword lights flickered, and suddenly, a strong sense of crisis appeared in Qin Chen's mind.

"Huh? Why is this?"

He was shocked, this feeling was very uncomfortable, as if something greasy was crawling on him, it was very uncomfortable, as if someone was watching him in the dark.

Whoosh!

He left the battle group and his face became ugly.

"Dust, what's wrong with you?"

You Qianxue immediately said in surprise, she saw Qin Chen's face very ugly, a little pale.

[Chapter 3464: Almost touched](#)

"Brother Chenqing?"

Sunny Sky Silan also said in surprise, worrying in her eyes.

"I'm fine, Si Lan, you go out first." Qin Chen said solemnly.

Although Qingkong Silan didn't know why Qin Chen said that, she didn't say anything, and immediately left the martial arts field and closed the door of the martial arts field.

Qin Chen raised his hand in an instant, and placed all restrictions in the martial arts field.

"Dust, what happened?" You Qianxue's eyes were serious, he knew that Qin Chen would never aimlessly.

"I don't know what's going on, but I feel that there is a crisis coming, and someone is spying on my existence."

In Qin Chen's body, the Book of Origins suddenly burst into light, and the pages of destiny began to appear, clashed, a force of destiny radiated from Qin Chen, and the Book of Origins also burst into light, blending into Qin Chen. whole body.

This is the technique of fate, which makes some things foreseeable. This feeling was felt by Qin Chen once when he was in Dongguang City, but that time, the feeling was very vague, but this time, the feeling was very Clear.

This is the feeling that often comes when danger comes.

"Spy on your existence?"

You Qianxue's eyes narrowed: "Is it a member of the Zhuge family?"

The Zhuge family in the Southern Heaven Realm was in charge of the destiny, and had mastered the abilities of heaven in the ancient times, making You Qianxue the first to think of the other party.

"possible!"

Qin Chen's eyes were cold, this member of the Zhuge family is really lingering.

Qin Chen immediately sat cross-legged, snorted coldly, used the technique of fate, resisted, and wanted to calculate him? It was not so easy. He urged the Nine Star God Emperor Art in his body, and a totem power rose up and surrounded Qin Chen.

Southern heaven, the secret place of Zhuge family.

In front of Zhuge Rulong, the terrible light of fate lingered around him, forming a terrible river of destiny. In the river of destiny, some figures began to emerge.

"As expected to be the ancestor of Zhuge, counted in the existence of the heavenly secret, this river of destiny, although I can also spy on it, but if I want to search for specific people in it, I can't do it."

Venerable Jiuyu narrowed his eyes, looked at the river of destiny and said in a deep voice.

"The River of Destiny records the fate of all people in the heavens. Although we have surpassed and surpassed the heavens, I will still leave a figure in the river of destiny. Only true detachment can be immortal."

"The Art of Destiny, one of the most vast divine art in the heavens, this Zhuge family was in the ancient times, but the disciple of the Heavenly Machine Sect, the Heavenly Machine Sect was in the ancient heaven, it was a much more terrifying force than our Star God Palace, it's a pity, Now the Palace of Heavenly Mystery is destroyed, and there is no Heavenly Mystery Technique in the world." Venerable Star Destroyer sighed.

They looked calm, because they knew that the young man chased by the Demon Race Demon Venerable was only at the level of the Holy Master. Based on the cultivation of Zhuge Rulong, the ancestor of the Zhuge family, although he has entered a period of decline, he is full of blood. Withered, the repair base began to fall.

However, he was also a powerful person in the respected realm many thousands of years ago, and there will be no problem in calculating a saint master.

But when Zhuge Rulong stared at the river of fate, trying to search for the human Tianjiao figure chased by the demon demon lord,

suddenly.....

boom!

In the long river of destiny, a terrible light of fate lased out, and vaguely, in the long river of destiny, there seemed to be a shadow emerging, trying to bite him back.

"Huh? It's strange, why this person's fate is so weird that I can't catch it at all. It seems that something is shielding my secret. It's interesting. The deity wants to see what is shielding my deduction."

He whispered, his gaze was even more triumphant, and the power of the old venerables filled his body, causing the whole world to roar.

As soon as Zhuge Rulong's power came out, the river of fate became clearer and clearer. Vaguely, there seemed to be a figure sneaking in the river of fate. Zhuge Rulong opened his eyes. Suddenly, above the figure, suddenly a weird totem rune rose up, and a terrifying coercion suddenly bloomed.

"not good!"

Zhuge Rulong's heart was startled, and a sense of danger descended on him. His expression changed drastically. He hurriedly backed away, trying to escape, but it was too late.

Puff, he spouted a mouthful of blood, and he coughed up blood one after another.

boom!

The evolution of the river of fate shattered in an instant at the same time, and the white hair was flying out of thin air.

"Zuge Rulong, what's wrong with you?"

The three big masters including Venerable Star Destroyer were shocked, because seeing Zhuge Rulong's eyes were bleeding, the situation was quite serious.

Isn't it just to deduct the whereabouts of a Holy Lord? Where is this?

"Cough cough..." Zhuge Rulong coughed up blood one after another and made a duck-like voice, even unable to speak.

The people next to them were shocked. Venerable Jiuyu and the others were not ordinary people. They had a wide range of knowledge. They naturally knew that Zhuge Rulong had hurt the origin. But how could this happen? Just a holy lord, how could it cause such a terrible backlash.

Even the venerable, with the destiny of Zhuge's family, this would not happen.

Zhuge Rulong's eyes were very red, and his ears were bleeding. His appearance was a bit scary. His body fluctuated violently and he was about to sit down.

"Zuge is like a dragon!"

The trio of Venerable Jiuyu shouted, and after looking at each other, the trio shot quickly and injected vigorous life energy into Zhuge Rulong's body to help him cope with bad luck. This triggered the secret of heaven and was backlashed by the secret of heaven. If not Timely assistance has disastrous consequences.

"Buzz..." Zhuge Rulong's breath fluctuated, constantly changing, and his body twitched.

After a long time, he spit out another mouthful of blood, and then gradually calmed down and let out a long breath.

"Zuge Rulong, are you okay?" Venerable Yeguang asked with a frown.

Both Venerable Star Destroyer and Venerable Jiuyu are motivating the power of the Venerable in their bodies. The mighty power is like a river, and the aura is fierce. They are all wrapped in amazing divine light and energy, and they still inject a lot of vital energy into Zhuge Rulong's body.

"It's amazing, I almost spoke!"

Zhuge Rulong had lingering fears. He said that he was careless and used a certain secret technique that is prone to problems with the destiny to forcefully deduct such a backlash.

At that moment, his whole thoughts were lost, and he was almost injured to the source, completely sitting down.

"That young man is not easy, he has terrible power, even I can't figure it out." Zhuge Rulong said in shock.

"How is it possible?" The three of Venerable Star Destroyer looked at each other in shock.

It's just a little holy lord, it's impossible to say that!

"Zuge Rulong, what have you calculated? It's just a holy lord, no matter how extraordinary, how can you be backlashed?" Venerable Jiuyu said in disbelief.

Zhuge Rulong looked shocked, but also a little excited, his dim eyes were shining, and the appearance made the three of Venerable Star Destroyer a little puzzled.

[Chapter 3465: Xuanming Law](#)

"I feel the general trend! The general trend of the heavens. There is a big secret in this person. This secret is not only about the virtual sea, but also about the future fortune of the heavens." Zhuge is like a dragon. He has mastered the art of fate for countless years, the first Encountered such a situation this time.

"Moreover, there is something extraordinary in this person, otherwise, even if it is combined with the general situation, it will not make me so embarrassed, this thing is against the sky."

The others were surprised, that young man could change the general trend of the heaven?

It is difficult for ordinary people to say such words, but it is Zhuge Rulong who is the only remaining disciple of the ancient Tianji Sect. Although Zhuge's family was expelled by the Tianji Sect, he has mastered a part of the Tianji Sect. Orthodox.

Combined with the devil corpse ancestor, a demon lord, unexpectedly forcibly entered the void tide sea, chasing and killing this saint master character, so that they all believed.

It's just that, what extraordinary thing is there in that young man that can make Zhuge Rulong suffer a great loss, and almost be beaten back to his original form? The eyes of all those present were shining brightly.

"Fortunately, there are three guardians, and my cultivation is far above that young man, otherwise I really dare not deduct it."

Zhuge Rulong said, he is a powerful person in the realm, and he has such confidence in deducing a holy master.

However, if his cultivation level is not enough, I am afraid that he will not be able to deduce it so clearly, maybe the backlash will not be so serious, it can only be said that blessings and misfortunes depend on each other.

"Zhuge Rulong, can you deduce in more detail again, what is the identity of that person, or where is he now?"

Venerable Star Destroyer said in a deep voice, as long as they can locate the young man, they can find out his existence.

"Three, I'm really sorry. The previous deduction has consumed a lot of my blood. You have seen it, and I want to continue the deduction. However, all three of you know that I am about to enter the soil. The Zhuge family only I am alone, and I can barely support it, and can still stand on the southern sky. If even the old man falls, then my Zhuge family will really be over in the sky."

Zhuge Rulong shook his head, unwilling to continue the deduction.

"I only know that this person is still in the Void Tide Sea and has not left." Zhuge Rulong sighed, his face turned pale, his eyes flushed, and his vitality was weak.

He is like a candle in the wind, dying, and may go out at any time.

Venerable Jiuyu was unwilling, and wanted Zhuge Rulong to continue his deduction, because Zhuge Rulong's deduction made them more absolutely terrifying that young man, and they had to find this person.

However, Zhuge Rulong said he didn't want to deduct anything.

"Zhuge Rulong, your Zhuge family is a disciple who was expelled from the ancient top power Tianjizong, and later established in the southern celestial realm. I know that your Zhuge family has always wanted to return to the orthodoxy of the celestial realm, and be defeated by the top powers of the celestial realm. Recognizing the inheritance of the Tianji Sect, I can assure you that if you can figure out the whereabouts of the young man for me, my Dayu Shenshan can recognize the orthodoxy of your Zhuge family's Tianji Sect."

Venerable Jiuyu continued, even the Venerable Star Destroyer on the side also discouraged him.

However, Zhuge Rulong kept shook his head, he said, today's Zhuge family only has him as a half-waste venerable figure. If he forces the deduction, he will inevitably be defeated and fall, even if he is recognized by many forces in the heavens? After losing his Zhuge family, he could only become an ordinary force in the Southern Heaven Realm.

The southern celestial realm is the most prosperous celestial realm among the four great celestial realms. In it, the powerful people of all races survive and their forces are extremely complicated. They are much more complicated than the other three celestial realms. Their Zhuge family is still unable to cover the sky in the southern celestial realm. Zhuge is like a dragon, and their Zhuge family is bound to face decline.

In the end, no matter how the three of Jiuyu Venerables tried to persuade them, Zhuge Rulong was reluctant to continue the deduction.

"Fine!"

Venerable Jiuyu could also feel the state of Zhuge Rulong's body, and he had no choice but to leave.

However, although they got some information from Zhuge Rulong, they hardly got any particularly effective content, except that the young man was still in the Void Tide Sea.

But the Void Tide Sea is so vast, not to mention, just a Void Sea is not something they can break into. If the young man enters the Void Sea, even if they know it, they will not dare to break in.

It's a pity that this time, they returned without success, but at least they knew that the purpose of the Demon Race Demon Venerable in chasing and killing the young man, this person, is actually related to the general trend of the heavens, so once this person grows up, he will A huge threat to the demons?

At least at this point, it is good for Human Race.

Moreover, knowing that the young man is still in the Void Tide Sea, if this person wants to go to any celestial realm, he must enter the border city of the four great celestial realms. As long as the borders of the four great celestial realms are taken care of and secretly investigated carefully, it may not be impossible. Find the clues of the other party.

After Venerable Jiuyu and the others left, Zhuge Rulong, who was dying, suddenly exploded into his eyes.

"Immediately let Zhuge Yao and all the top elders of our Zhuge family come."

An order went on, and soon Zhuge Yao and other top masters from the Zhuge family gathered in this secret place.

Hum!

As soon as Zhuge Yao and others came in, a terrifying light rose in this secret place. This was the most terrifying formation of the Zhuge family, the Jiu Xuan Hao Miao formation!

Zhuge Yao and others were shocked, the ancestor is...

"Everyone, listen to my command, give me a guardian, arouse my Zhuge family's mysterious life, instill the power of life, Zhuge Yao, you spur the wheel of fortune, help me, I want to deduct something."
Zhuge Like a dragon's eyes, the light flashes.

Zhuge Rulong's words shocked everyone in the Zhuge family. The method of profound life, that is the method of life renewal, is generally only used when facing life and death. What is the ancestor planning to do?

What is the deduction that the ancestors need to make such preparations? Everyone was frightened.

However, Zhuge Rulong spoke, and no one dared to follow it. Soon, all the top masters of Zhuge's family were ready, and Zhuge Rulong's eyes showed a fierce color, and he instantly spurred fate again.

In fact, his previous calculations did receive a strong backlash, but they weren't as powerful as the Venerable Jiuyu said. They had no calculation power at all. Although he could not directly calculate the existence of the young man, he could use something else. The angle is calculated.

This time, what he estimated was not Qin Chen's origin or identity, but the general changes in the heavens.

Hum!

The mighty power of destiny surges, how terrible is the fate formation formed by all the top masters of the entire Zhuge family? In an instant, in the vast river of fate, Zhuge Rulong saw a vast trend, and a vague figure emerged.

That is.....

His eyes went round suddenly!

[Chapter 3466: Celestial trend](#)

Southern Heaven!

What he calculated this time was only the change in the general situation of the heavens, but he was shocked to discover that in the long river of fate, the fortune of the entire heavens had a tendency to slowly gather to the southern heavens.

"It turned out to be the Southern Heaven Realm where our Zhuge family is located!"

puff!

Zhuce Rulong suddenly groaned, coughing up blood again, and bleeding from the seven orifices, his breath was lost again, the life force collapsed, and his eyes were slightly loose.

He was backlashed again and suffered severe injuries.

"Ancestor!"

Zhuce Yao and others next to him were shocked and terrified. What happened? Didn't the ancestor say it's OK? Why was it suddenly in distress, this was backlashed again? Moreover, how is the figure he saw in the ancestor's previous deduction so familiar?

"It's okay, this is a proper backlash, not enough to be fatal!" Zhuce Rulong shook his head and recovered.

He said this, but he was secretly shocked, so powerful, just calculating the general trend of the heavens, almost let him fall here, can not continue to deduct it, otherwise he may not lose his life, but on the spot. Fallen.

This time, Zhuce Rulong did not dare to continue the deduction.

"Southern Heavenly Realm, this is an opportunity for my Zhuce family." Zhuce Rulong's eyes suddenly burst into divine rainbows. From the future he deduced, he knew the general trend of the heavenly

realm, and then there will be changes in this southern heavenly realm. What does this mean? ? There are only two possibilities, one is that the young man is already in his southern heaven

, Second, the opponent is very likely to appear in his Southern Heaven Realm.

The general trend of the heavens was caused by the young man, no matter what kind, his Zhuge family took advantage of the home court. "Listen to my orders." Zhuge Rulong said in a deep voice: "Immediately block the border cities of the entire Southern Heaven Realm, especially the core Nandou City. We must do our best to blockade them. Any young strong who comes from the Void Tide Sea, as long as it is unfamiliar. Must be

The origin of the investigation is clear, and the management is controlled. Those who are above the Holy Master must be notified to the old man. "

Everyone was shocked. What is the ancestor planning to do?

"Ancestor, this may not be appropriate. Although our Zhuge family is the top power in the Southern Heaven Realm, it is not our turn to take the initiative in the Southern Heaven Realm. If it provokes dissatisfaction from other forces, then..." Zhuge Yao warned carefully. . "Huh, can't you just use your brain? Because of the demon race's demon, the borders of the four great heaven realms have now been sealed off. As one of the top forces in the southern heaven realm, our Zhuge family naturally needs to share the worries for the heaven realm and send some masters. In nandou

Is it difficult for cities and other cities to cooperate with the blockade?" Zhuge Rulong said coldly.

Everyone nodded. This was an idea. If the power of the Zhuge family alone would definitely not be able to block the entire Southern Heaven Realm, it would be simple to cooperate with the orders of the top powers in the Heaven Realm.

"Furthermore, we have to do this matter in a more concealed manner, not too much, loosen on the outside and tighten on the inside, especially not to let some top forces in the heavens see the clues."

Zhuge Rulong said again.

Everyone is suspicious. While the ancestor wanted to seal off the city, he had to be careful not to let the top powers of the heavens know it. Isn't this too difficult?

Soon, many top experts in Zhuge's family dispersed after receiving the order, but Zhuge Yao did not leave.

"Zuge Yao, what else do you have?" Zhuge Rulong said solemnly.

"My ancestor, I have something to report to my disciple. Before I saw my ancestor you deduced the avenue of fate, there was a figure in it. This figure is familiar to the disciple. He seemed to have felt it before in a deduction." Zhuge Yao said immediately. .

"What?" Zhuge Rulong stood up suddenly, a terrifying breath rushed out of his body, and said in a deep voice, "Have you ever felt that figure?"

"Yes!"

Zhuge Yao hurriedly dismissed the spirit of the Holy Master of the Ghost Array, and informed him in detail about the deduction. "Ghost Array Saint Lord Xiahouzun? Is that the person who broke into the secret realm of Tianji Sect in my Southern Heaven Realm? Are you still staring at this person? Is this person in contact with the young man being pursued?" Zhuge Rulong squinted his eyes and kept thinking

Writing: "Are you sure, the figure calculated by the old man is the same person you calculated?"

"Ancestor, I am about 60% certain." Zhuge Yao affirmed.

"Okay, this is also a clue. How did you investigate the ghost formation holy master Xia Houzun?" Zhuge Rulong said. Zhuge Yao said: "Old ancestor, I have sent some masters from the clan to the Eastern Heaven Realm. According to their investigation, the last time the ghost lord Xiahouzun appeared, it was at an auction in Dongguang City, the border of the Eastern Heaven Realm. At that time, at that time, this person had a conflict with the Muhuo son of the Giltfire Castle, and he had competed for treasures, but after that, the Holy Lord of the Ghost Array disappeared. Strangely, the Muhuo son of the Giltfire Castle also disappeared. . And in the void tide sea outside the eastern sky, there was a battle

So we suspect that it was at that time when the Holy Master of Ghost Array was subdued. "

"In that case, the Holy Lord of the Ghost Array was subdued by the young man who was chased and killed by the ancestor of the Devil? They also killed the Lord Muhuo? No, when the ancestor of the Devil was chasing and killing the young man, The Holy Lord of the Ghost Array is not there." Zhuge Rulong squinted his eyes, the avenue of the heavens revolved in his hand, flicking gently: "If the facts are as you said, then the young man is the ancestor of the devil. The one who was chasing, and he was acting alone, the Holy Lord of the Ghost Array was not dead

Then, it should be in Dongguang City. "

Zhuge Rulong's eyes exploded with brilliant light, and suddenly stood up and stomped. Finally, he said solemnly: "You immediately notify the people who are sent to Dongguang City and let them investigate Dongguang City secretly. They must find the Holy Master of the Ghost Array, so that even if we have no gain here, we can still rely on the Holy Ghost Array. The Lord found out the true

Identity. "

"My ancestor, my disciple is already doing this." Zhuge Yao bowed his head and said, "It's just that Dongguang City is very vast. If the Holy Master of the Ghost Array deliberately conceals that it is difficult to find him, it will take a little more time." Hurry up, this matter will be handed over to you, Zhuge Yao, you have done a good job, and besides, this matter must not be known to the forces such as Dayu Shenshan and Xingshengong." Zhuge Rulong sneered: "This is it. An opportunity for our Zhuge family to rise,

Can't let these forces take a share. "

Following Zhuge Rulong's order, soon, the Zhuge family, one of the most powerful forces in the Southern Heaven Realm, quickly mobilized, like a war.

But Zhuge Rulong retreats once again to treat the injuries caused by backlash. At least for a period of time, he will no longer be able to spur destiny.

Void tide sea.

In the martial arts field, Qin Chen opened his eyes suddenly and let out a long breath.

"Dust, are you okay?" You Qianxue asked with concern. "I'm okay." Qin Chenhan said: "This Zhuge family is really lingering, and is actually calculating me. It seems that they should have speculated something."

[Chapter 3467: Void Bazaar](#)

"Zuge family?" You Qianxue frowned: "In the place of trial in the heavens, I remember that you once killed a saint son of Zhuge family?" "It was Zhuge Xu, the saint son of Zhuge family, but that was just Zhuge family. It's just a saint son of Zhuge's younger generation, just the best in the younger generation of Zhuge's family, and the future heir. This time I've been calculated, I feel like I should

He should be the top powerhouse in Zhuge's family, and it is very likely to be the powerhouse of respect. "

You Qianxue was taken aback, a noble person?

"Dust, then do we have to go to the Southern Heaven Realm?"

Being stared at by a noble master, You Qianxue felt dangerous no matter what she thought. "It's okay." Qin Chen was very confident: "Even if a powerful person wants to calculate me, it is not so easy. The way of fate is vague and impermanent, not to mention that I have the book of origin shielded and the Nine Star God Emperor Art. , Even the strongest person cannot push

Calculating my true identity, the art of destiny, is actually not as special as you think. "

"However, that Zhuge family is one of the top families in the Southern Heaven Realm. It is always troublesome to keep staring at me like this. It seems that you have to give the other party a little bit of color."

Qin Chen's eyes were cold: "No matter how strong the Zhuge family is, it is not that everyone is a master of noble realm. If I angered me, I made the Zhuge family regret that they were against me."

Always being stared at by people like this, Qin Chen couldn't understand his ideas, not to mention the fact that the other party was still a family that mastered the destiny, and it was too defensible.

Of course, it is not the time yet.

You Qianxue held Qin Chen's hand, "Dust, I will always be by your side."

After leaving the training ground, Qingxue Silan immediately walked up nervously, "Master, are you okay."

Qin Chen shook his head, just about to speak, he was taken aback, "When did I become your master?"

"Didn't you guide me before? That's my master." Qingxue Silan said with her eyes wide open, "Master is here, please be respected by the disciple!" As he said, he saluted directly.

Qin Chen hurriedly held up the other party, "I didn't promise to accept you as a disciple. You misunderstood."

He's still doing things right now, how can he be in the mood to accept someone as an apprentice?

"That won't work, Master, you have already pointed me. The so-called being pointed is a master and apprentice." Qingxue Silan said, breaking her finger.

"Then be a teacher for one day, and a father for life." Qin Chen said silently.

"Uh, Master, do you want to be my father?" Qingxue Silan shook her head and said, "I already have a father. Is it possible that you want to be my godfather?"

Puff!

You Qianxue couldn't help but laugh.

Qin Chen was speechless, what was Qingxue Silan's mind, but after her trouble, Qin Chen and You Qianxue couldn't help but become much more comfortable.

What are you afraid of.

Soldiers came to block the water and cover the earth, what about the Zhuge family? The big deal, the Zhuge family was destroyed!

In the next few days, Qin Chen did not rest and practiced frantically, and he felt strong pressure.

Boom!

Someday.

The battleship shook slightly.

"Huh?" Qin Chen opened his eyes, his spiritual consciousness filled out, and unexpectedly found that the battleship had come near a huge black shadow.

"Master, we are in the void market." Qingxue Silan came up to knock on the door for the first time. In the past few days, Qingxue Silan has always called Qin Chen his master, and arranged for Qin's family on the battleship to give Qin everywhere. Chen He You Qianxue prepares a variety of delicious dishes, including Dragon King Jade Brewing and Starry Sky Posuo Tea.

It has everything, and takes care of Qin Chen in every possible way.

On the side, the sword king Mu Zhifeng looked a little funny. After a while, the young master actually became the master of the second young lady of the Qingxue family, and the young lady became the teacher's wife. This is really...

But this is the second young lady of the Qingxue family. The Qingxue family is one of the most powerful families in the southern celestial realm. If the Qingxue family comes to an invitation conference, I am afraid that the strong in the southern celestial realm will crush the Qingxue family. The threshold is up. Seeing Qingxue Silan following me meticulously, Qin Chen shook his head. He had known that he would not give Qingxue Silan to the side. Now that it is like this, it is not that Qin Chen looks down on Qingxue Silan. , Qingxue Silan's talent is very strong, but

He came to the Southern Heaven Realm to find Ruyue and Tongtian Sword Pavilion, but not to recruit disciples. Not only Qin Chen was speechless, but Uncle Ming and Uncle Bing who followed were also speechless. How could they not expect that the second lady would recognize Qin Chen as a master, although the strength of Chen Qing in front of them is indeed extremely terrifying, even stronger than them, but two small

Sister apprenticeship is not that simple in the family.

Faced with the hospitality of the second young lady, Chen Qing was still indifferent and speechless, so that Uncle Ming and Uncle Bing didn't know what to say.

"This is the Void Bazaar?"

The huge warship drew ashore, Qin Chen said in disbelief as he looked at the land that existed like a mainland.

This place is a void bazaar, clearly a small continent.

Many warships docked at the port where Qin Chen and the others were located, with various powerful formations engraved on them, which were obviously owned by some caravans that were trading in the Void Tide Sea.

The battleship of the Qingxue family in this port is equivalent to a behemoth. As soon as it reaches the shore, many people will soon approach and give pointers.

However, the Qingxue family has its own station in this void bazaar, and immediately people from the Qingxue family came to respectfully lead everyone into the market. As for this battleship, there will be people from the Qingxue family to maintain .

"Master, we are still stopping at the Void Bazaar for three days, and we will leave after three days. If Master has any needs these days, the disciple can accompany you." Qingxue Silan said. Qin Chen just wanted to come to the Void Bazaar to have a look and buy some information about the Southern Heaven Realm. He nodded when he heard that the Qingxue family had only stopped for three days. Fortunately, it was only three days. If the delay is longer, he You may not wait

went.

"No, let's take a look at it for ourselves. You can go ahead and take care of your own affairs." Qin Chen said, while looking at this void bazaar. The whole bazaar is like a small continent and it is very vast. There is actually a huge place here. The city, all the shops and buildings are in this city, if it's not the void set

The city was suspended in the air, and Qin Chen even thought it was really a continent. When Qin Chen stepped on the Void Bazaar, he discovered that the Void Bazaar was actually constructed of countless meteorites. After the disintegration, a large number of huge stars were drawn here, and they were fixed in the Void by using formations. Meanwhile

After adding a lot of artificial refining things, such a continent was formed. At the gate of this city, there are people on duty. Qin Chen and others enter. Each person has to pay for the holy veins. According to

the truth, each person has one low-grade heavenly holy veins. These holy veins will be used to fix the void market and conduct the void market. Maintenance, years and months, but not a small amount.

[Chapter 3468: Wonder Fair](#)

Of course, those from the Qingxue family have already taken care of these costs for entering the city. In fact, the Qingxue family does not need to pay. As one of the top families in the Southern Heaven Realm, this void market near Nandou City also needs Of the Qingxue family

Sit down.

After Qin Chen went in, he found that the whole market was extremely lively, there was a lot of people everywhere, and I didn't know where so many warriors came from, but Qin Chen was quite surprised. Sword King Mu Zhifeng explained: "Master, this Void Bazaar is a place where countless caravans and Void adventurers often come. This Void Bazaar is the largest void bazaar closest to the Southern Heaven Realm. All go to the Southern Heaven Realm. Or from the southern heaven

The caravans that leave will all settle here, and the Void Tide Sea is so vast, but the Void Bazaar does not have too many seats, so each Void Bazaar is actually stationed by countless people. "

"Of course, more people here are actually Void Bandits."

"Void Bandit?" You Qianxue was surprised. The sword king Mu Zhifeng smiled and said: "Yes, there are many adventurers in the Void Tide Sea, there are also many bandits, and many powerful Void Bandits, such as the thief of the day. Although there is a base camp and a resident in the Void Tide Sea, the Void Tide Sea Central

The environment is very bad and changes often. Therefore, almost every Void Bandit has a residence in the nearby Void Bazaar. Many times, they will live here, so this place is very expensive. "

Qin Chen was surprised. He didn't expect that this Void Bazaar was home to many Void Bandits, and there were countless caravans. Isn't this, the thieves and the people are in a nest? "Master, fighting is not allowed in the Void Bazaar. This is not only set by the major forces in the Southern Heaven Realm, but also the rules of the top power in the heavens. So here, there is no need to worry about security issues, but the Void Bazaar City is not

It's easy to say. "Qing Xue Silan said from the side.

Qin Chen nodded, this void bazaar was really a strange product.

"Master, the residence of our Qingxue family is not far ahead." Qingxue Silan said. "I won't go to the resident of the Qingxue family. Let's walk in this void market by ourselves." Qin Chen said, he has his own things to do and can't stay with the Qingxue family members. , And many things are inconvenient

. "Master, are you going to be separated from us?" Qingxue Silan's eyes flushed suddenly, "I also want to take you to our Qingxue aristocratic family to sit down. If you save us, father and they will definitely repay you. , And sister knows that Master you are so tough

Harm, you will definitely be very happy, you can communicate and learn from each other. "

Speaking of Qingxue, Silan pulled You Qianxue's hand and said, "Mother, aren't you and Master traveling around? You can just go to our Qingxue family to sit and sit!"

"Okay, okay." Qin Chen was crying when he saw Qingxue Silan, and he was speechless, and said: "We are only separated temporarily, three days later, I will still take your Qingxue family's battleship, Southern Heaven Realm. of."

"Really?" Qingxue Silan cried with joy.

"Ahem, of course it is true, your master will lie to you." Qin Chen smiled bitterly.

"Then Master, why don't you go to the residence of our Qingxue Family? The inns here are very expensive, and the accommodation is not comfortable, there is no need." Qingxue Si Lan said.

"I just want to find a place to rest for a few days, and then see if there are any special good things in this void market." Qin Chen said, since this is the distribution center of the entire Southern Heaven Realm, there should be a lot of good things here.

Uncle Ming had been looking at Qingxue Silan speechlessly, and suddenly said: "If Brother Chen Qing wants to find good things, I suggest you go to the Wonder Fair in the Void Bazaar."

"Fantastic Fair?" Qin Chen asked suspiciously. Uncle Ming nodded affirmatively and said: "Yes, it is the Wonderful Object Fair. On the surface, the Void Bazaar is a place where some chambers of commerce and void bandits settled, but in fact it is a place where stolen goods are sold. It is carried out in Nandou City, but because of its strict management, taxes and fees, and numerous eyes and ears, there are no secrets. Therefore, many void bandits and caravans are not willing to enter Nandou City. Instead, there are a lot of transactions here. Turn here

Yi, not much less than Nandou City. "However, those large transactions have their own channels. Brother Chen Qing should not appreciate the deals of those caravans, and this strange thing fair is a place in the void bazaar for trading the top treasures of the heavens. It will be held once a month. Tomorrow is the day to be held. There are masters and holy masters from all races. In addition to leading caravans to make accidents, they also have the need to exchange the top treasures they need, so there is this kind of small trade fair, take it

The things that come out are all top-notch good things, nothing bad. "Where is the strange trade fair?" "Qin Chen knew that this kind of place was exactly where he wanted to go. For him, no matter how many holy veins and treasures, it would only be a waste if he couldn't use it. When he reached his realm, what was really useful was not

It is the holy vein, but the treasure of heaven and earth.

"The Wonder Trade Fair is in the center of the Void Bazaar. You will know when you ask, but to enter the Wonder Trade Fair, everyone needs to pay a middle-grade Saint Lord's Holy Vein." Uncle Ming continued.

The sword king Mu Zhifeng took a breath of air. It was the first time he heard of this strange trade fair. He had never entered such a place last time. The entrance fee was actually a middle-grade holy vein. This is simply crazy.

You must know that at the Dongguang City auction, Su Xiaoxiao, a member of the Nine-Tailed Fairy Fox Clan, sold more than a dozen middle-grade Saint Lord Saint Veins. The most expensive Tiandao Yuanguo was only sold for 27. A middle-grade holy vein of the Holy Lord.

It's no wonder he hasn't heard of it. The last time he came here, he was just passing by, and it was only the mid-term peak holy lord. It is estimated that he went to such a place, and he couldn't afford it.

"Then let's get together again in three days."

Qin Chen arched his hands and said.

The group separated immediately.

"Dust, will we really go with the Qingxue family in three days?" You Qianxue asked, she knew that Qin Chen always liked to walk alone.

"Qianxue, don't you want me to get closer to the Qingxue family? If you don't want to, just go straight away."

"I didn't say that." You Qianxue said with a smile: "You won't be a guilty conscience anymore."

Qin Chenhan.

"How can I be a guilty conscience."

He curled his lips and said, "Actually, I am still considering whether to go with the Qingxue family."

The three of them said, directly entering a restaurant in the void market.

I have to say that the restaurants in this void bazaar are very luxurious, and Qin Chen actually saw a lot of people from other races here. From here, it can be seen that the Southern Heaven Realm is much more open and prosperous than the Eastern Heaven Realm.

"It's too much trouble entering and exiting Nandou City now. The control is too strict. As long as you see any unfamiliar solo traveler, you must review it. That posture is absolutely necessary to find out the eight generations of ancestors."

As soon as Qin Chen sat down, he heard an unhappy voice from someone nearby. Qin Chen's brows suddenly frowned.

[Chapter 3469: Am i that kind of person](#)

He stared attentively, there were a few adventurers, communicating there.

These people are full of vitality. Obviously, they are all empty bandits, and they are very murderous. They are very unhappy wherever they are. "I don't know what's going on. Since the great event of the Void Sea, the border cities of our Southern Heaven Realm have been blocked one after another. It is said to be investigating the truth about the appearance of the Demon Race Demon Lord. Has loosened control,

It's about to be unblocked, but the management has become stricter in a few days. "

"I have also heard that any solo travelers who enter Nandou City will be strictly investigated. It's a ghost. How can we Void Bandits stand such a strict investigation!"

"I heard that it seems that a certain top family in the Southern Heaven Realm is secretly making trouble. I really saw a ghost."

"Okay, don't talk about it, the more we talk about it, the more upset it gets. Anyway, we won't go to the Southern Heaven Realm. If we go there, we will find ourselves dead."

"Come, take one."

The Void Bandits cursed, but didn't say much.

But the speaker has no intention, and the hearer is tempted.

Qin Chen's heart condensed instantly.

If something goes wrong, there must be a demon, and Nan Dou Cheng's sudden strict control made him feel something wrong.

"A few."

Qin Chen walked up and sat down.

"Boy, what are you doing?" The Void Bandits were taken aback, seeing a young man, their eyes loosened, but then they saw the sword king Mu Zhifeng on the side, their eyes condensed again.

"Hehe, don't worry, you guys, I just listened to a few people who said before that Nandou City's strict management is not just what's going on? I want to inquire."

"It turned out to be this, why? Are you going to Nandou City too?" Several people looked at Qin Chen warily.

"Yes." Qin Chen smiled and said, "I saw a few people who were very kind, and as soon as I saw it, I would ask for this table, and some of them just take care of them."

Qin Chen waved his hand and said to the shopkeeper: "The shopkeeper, this table is on my account."

"Haha, hurry up, shopkeeper, put some pots of the best Huadiao wine in your restaurant, and your restaurant. I have the best dishes." These bandits are also people who lick blood. Hearing what Qin Chen said, they just

shouted.

Seeing that Qin Chen had no objection, the shopkeeper suddenly smiled and said, "Come on, come on!"

Soon, all kinds of rare delicacies came to the table.

The sturdy bandits ate while saying: "Little brother, I think you have a good eye. In that case, you can ask what you want, just ask."

Qin Chen was not polite immediately, and after asking carefully, he gradually understood the truth of the matter.

After a while, Qin Chen returned to his desk with gloomy eyes.

"Dust, what's the matter?" You Qianxue Ning said.

"Hmph, I didn't expect that Zhuge's family started doing it so soon. This is a bit troublesome." Qin Chen muttered. He had previously inquired that since the Xuhai incident, Nandou City has been strictly managing this matter. Qin Chen later received information from the Sovereign of the King of War and others. Naturally, he knew that this was the case in the entire celestial realm. Not surprisingly, it was the highest in the realm. Top potential

Command under force.

But in the past few years, after careful investigation by the top forces of the heavens, no clues were found. Therefore, the control of the heavens has been deepened, but not long ago, the control of Nandou City suddenly became severe.

According to those void bandits who secretly inquired, they also vaguely inquired that it seemed to be a powerful force in the Southern Heaven Realm secretly agitating.

This made Qin Chen think of Zhuge's family in an instant.

Because this time was too coincidental, it just so happened that not long after he was deduced by Zhuge's fate, Nan Dou City carried out strict control, which made him have some doubts.

If Nandou City is under strict control now, then he and Qianxue will enter privately, which would be troublesome.

They are strangers. Once they enter Nandou City, they will definitely be strictly controlled by the Zhuge family to conduct investigations, which is almost inevitable.

"Master, if it is really done by the Zhuge family, I don't think I need to worry too much." The sword king Mu Zhifeng suddenly laughed. "Although the Zhuge family is strong, it cannot cover the sky with one hand in the Southern Heaven Realm. At least, the Qingxue family is a top family that is not inferior to the Zhuge family. If we follow the battleship of Miss Qingxue Silan into Nandou City, forgive the guards of Nandou City.

We dare not investigate strictly." The sword king Mu Zhifeng said with a smile.

"Hey, this is a way." Qin Chen looked at it, but originally he planned to part ways with the Qingxue family, but he couldn't think of it.

"Dust, how do I think you seem to be very happy?" You Qianxue's voice suddenly came from the side, and You Qianxue looked at Qin Chen with a smile.

"Am I?" Qin Chen was stunned, and immediately cold sweat on his forehead: "Qianxue, am I that kind of person? What do you think of me?"

Qin Chen's speechless expression caused You Qianxue to chuckle.

"Okay, I was joking with you, but I originally thought it would be no problem to enter the Southern Heaven Realm with the Qingxue Family. At least with them, we can save a lot of trouble in the Southern Heaven Realm." You Qianxue said.

"It can only be so now." Qin Chen shook his head, his eyes indifferent, this Zhuge family is really lingering.

Next, Qin Chen and the others found an inn to stay at the Void Bazaar. As expected by Qingxue Silan and the others, the prices in the Void Bazaar were extremely expensive, but for Qin Chen, it's nothing.

And in this void bazaar, Qin Chen also saw many people of other races, even the monster race. Among the four great heaven realms, the Western Heaven Realm is the closest to the Yaozu territory. Therefore, the Western Heaven Realm has the most Yaozu powerhouses, but the Southern Heaven Realm is the most prosperous. Therefore, the Southern Heaven Realm not only gathers the Yaozu masters, but also many other races. Master

, Very lively.

There were even some half-human and half-demon existences, which made Qin Chen quite strange.

One day passed quickly, and early the next morning, Qin Chen went to the strange things fair.

In order to avoid unnecessary troubles, Qin Chen changed his face, and at the same time included You Qianxue and Sword King Muzhifeng into the Universe Good Fortune Jade Plate, and then went to the Wonder Fair.

If you want to enter the Wonder Fair, you must be above the Holy Master. Individual warriors below the Holy Master are not eligible to enter it. According to the Wonder Fair, even the Holy Master is not even the Holy Master. What good things can you have? The Fantastic Objects Fair is extremely famous in the Void Bazaar. As long as you are the top masters in the Void Bazaar, there are few who have never been to the Fantastic Objects Fair. You can exchange for anything you want here, as long as you have good things. Bring it, the top sacred fruit

, Holy medicine, treasures, and even wonders of heaven and earth have appeared. At this time Qin Chen stood in front of the strange things fair.

[Chapter 3470: Black Heart Lotus](#)

The gate of the Wonder Fair is not big, it looks even a little ordinary, only an early Holy Lord who seems to be asleep sits at the gate.

At that initial stage, the Holy Master saw Qin Chen coming over, and he just said lightly: "Know the rules, a middle-grade Holy Master's line."

Before the other party could finish speaking, Qin Chen took out a storage ring and handed it over. At that time, the holy master took the storage ring and swept it, then nodded and said: "It's okay."

A middle-grade Saint Master Saint Vein is not a small number for any mid-term Saint Master, but at this initial stage, the Saint Master didn't care about Qin Chen's ability to easily produce a middle-grade Saint Master Saint Pulse. I didn't take it to heart, because this holy vein was nothing to him.

After Qin Chen walked in through the small door of the Wonderful Object Fair, he found that it was magnificent, not only extremely spacious, but also extremely luxurious in every location, much more luxurious than the auction of the Dongguang City City Lord's Mansion.

Moreover, this should be a relatively small trade fair, not in the form of an auction, but formed a circle around the middle, all luxurious locations are surrounded into a circle, like a private small meeting space general.

On each seat, there are all kinds of sacred fruits and high-quality holy tea holy wine. Next to each seat, there is a beautiful maid, and each of these maids have no expressions, and they are all erased. A puppet who only obeys orders after thinking out of thinking, obviously serves every guest who comes in.

Qin Chen came in early, and the strange things trade fair had not yet begun. There were only a few mid-term and late-term saints inside. After Qin Chen casually found a seat and sat down, the beautiful maid next to him immediately began to take the initiative. Qin Chen poured wine.

Although Qin Chen's aura is not so fierce, no one here is surprised, and he doesn't care about those who come in. At the Wonder Trade Fair, as long as the holy master is above, and a middle-grade holy master's holy vein is paid You can come in. As for what cultivation level, no one has ever asked.

But everyone knows that those who can take out a middle-grade holy vein as a ticket to enter here, at least have treasures to trade.

Not long after Qin Chen sat down, people had already come in one after another, and every breath was very fierce. When a man in a black robe hugged his face and a man who was quite enchanting, he exuded a strong enchantment. After the woman walked in, there was no voice in the venue.

Qin Chen's eyes also condensed. These two people are definitely the best among the late-stage holy masters, and they are most likely the peak holy masters. The aura on their bodies is too strong, and they are not on the same level as ordinary later-stage holy masters.

Qin Chen looked around in secret, but didn't get too far ahead, realizing that the Southern Heaven Realm was more prosperous than the Eastern Heaven Realm, and this strange thing fair was in the Void Bazaar, far safer than in places like Nandou City and Dongguang City. Therefore, the fierce men who came here are also extremely terrifying.

Just glanced at the venue, and found that there are many late-stage holy masters here, and there are even five or six late-stage peak holy masters with extremely strong aura.

In addition to the two before, there is an old man in a white robe, who gives people a strong feeling that they cannot be seen. Of course, there is also a man with a vague aura, his face is very dark, and he did not hide himself. His face was full of strong moisture, and there were several blue scales on his face.

In addition, there was another person, who was covered in black robe, with a ghostly feeling, and it didn't feel like a human at all.

Among the five or six top-level late peak holy masters, more than half are not like human races. No wonder there are so many masters here, and it is really a gathering of all races.

For example, that enchanting woman, at first glance, is a master of the demon clan, with a demon-like atmosphere on her body. Although she has an enchanting body, the whole person looks like a deep pool, without bottom.

Originally, there were still some conversations in the trading floor, and many people here seemed to have some knowledge, but when these experts appeared, the voice of discussion on the floor was instantly much smaller.

They all come here to trade things, and if they offend a certain senior while discussing, they are going to die.

After many powerful people came in, they still used masks to cover their breath, or changed their face directly. Looking at it, Qin Chen felt that at least half of the people had changed their breath and appearance, obviously not wanting to provoke others. Trouble.

Qin Chen also understood this, because he himself had changed his face. Although he was still very young, he had grown a lot, like the top class children of a big family.

After seeing the great power here, Qin Chen has made up his mind. Unless it is something he particularly needs, he will never show too much limelight. If he shows the limelight here, it is inevitable that he will not be watched. The city is very close, in case it attracts the attention of Zhuge's family.

After half a stick of incense, the seats here were almost 90% full. When it was noon, the gate of the strange things trade fair was slowly closed.

An elder with an extremely terrifying breath, equivalent to the master of the pinnacle, stood up and said loudly: "Welcome everyone to participate in the once-a-month wonder trade fair. The trade fair is now starting. I won't say much about the rules. You can leave midway. , But can't come in after leaving."

The old man was obviously the one presiding over the trade fair, but after only one sentence, he sat down and stopped speaking.

A human man with eagle eyes and a sacred treasure mask that can cover his breath stood up first, arched his hands to the surroundings, and then took out a black lotus-like treasure, and said: "Hei A Yanxinlian flower, exchange for a healing top sacred fruit or a high-grade sacred master defense treasure. If it is good, I can increase the price."

Black Flame Heart Lotus Qin Chen knows that it is a terrifying black lotus growing in the stars of the universe. It is the peak sacred treasure, top material, and this black flame heart lotus is suitable for cultivating cold attribute techniques or magic skills.

Although Qin Chen can't use this thing, this kind of treasure can be encountered but not sought. It can be used when refining certain magic pills. The most important thing is that this black flame heart lotus contains flame power and can be disaster. Swallowing Netherfire can make Calamity Netherfire recover its original power faster.

If this thing falls into Qin Chen's hands, it will be of great use to Qin Chen.

However, Qin Chen didn't quote at the beginning, he also wanted to see the process of the transaction.

What surprised Qin Chen was that after a few breaths, no one said anything. This black flame heart lotus is indeed good. Unfortunately, the top sacred fruit and defensive treasures of the healing category are also extremely rare, and they are not available to ordinary people. , These things that can be used to save lives, who would have too many? In addition, there were not many people who could use Black Flame Heart Lotus, and it actually encountered a cold spot.
