[Chapter 3482: What sky fire](#)

"How can your strength recover so much?" Qin Chen was still a little unbelievable.

"A lot?" Nine-Tailed Fairy Fox smiled slightly, full of emotion, "In fact, thanks to the many treasures of your benefactor, the Nine Immortal Blood Jade itself is the treasure of my monster race. It can quickly condense the flesh without worrying about the flesh. The strength is not enough, because the Nine Immortals Blood Jade is the top sacred treasure, otherwise how can it be called the top treasure."

"Besides, the medicinal liquid that you previously incorporated into the Nine Immortal Blood Jade contains extremely terrifying power. It not only allows my soul to perfectly blend with the Nine Immortal Blood Jade, but it can also activate my past in a very short time. If it's not that my soul is incomplete, it's just a fraction of the level of the previous life restored under the sacred fruit of the heavenly soul, maybe my current strength is even stronger."

The nine-tailed fairy fox was also extremely amazed by the efficacy of the spirit medicine liquid.

After hearing the words of the nine-tailed fairy fox, Qin Chen was also surprised. Indeed, what is the spirit medicine? That is after the Soul Demon Race Demon Sovereign took away the soul and body of the Heavenly Soul Pill Sovereign, he refined the divine liquid for countless thousands of years. It was specially used by him to enhance his strength after he had taken away the house, and even said He wants to bring back all his fallen friends.

This included almost the top materials of the Heavenly Soul Danzun back then. After so many years of refining, it is not an exaggeration to call it a noble medicine.

With such a magical medicine, it seemed that it made sense to restore the nine-tailed fairy fox to the peak Saint Master cultivation base.

At this moment, Qin Chen finally knew the power of this spirit liquid medicine. Before he knew it, he actually obtained a noble-level medicine liquid. Unfortunately, the spirit liquid medicine can only be used to fuse the flesh after seizing the house. Restore repair. If it were other venerable liquid medicines, it might even be able to make Qin Chen break through the realm of the late Saint Master in a short time.

"Senior Qiongxian, in this way, you have recovered your peak cultivation in your previous life?" Qin Chen exclaimed. No wonder Senior Nine-tailed Fox exuded such a strong aura.

Qiongxian shook his head and said with a smile: "Actually, my current cultivation base is far from my heyday, and there is still a lot of gap. It should only be restored to a tenth of the strength of my previous life."

"what?"

At this moment, You Qianxue and Daowang Muzhifeng were both dumbfounded, and even Su Xiaoxiaoyou looked at Qiongxian, the nine-tailed fairy fox in surprise.

one tenth? Now the aura from the nine-tailed fairy fox is already the pinnacle saint master, doesn't it mean that she was even stronger than the pinnacle saint master in her previous life?

Is it Venerable?

No, Qin Chen shook his head, but when he entered the altar back then, he clearly knew that the Lord of the Desolate God and the others did not break through the realm of the Venerable. The Lord of the Desolate God only swallowed all the members of the desolate ancient tribe in order to become the Venerable. , If the Lord of the Desolate God was the Venerable at the beginning, then even if Qin Chen had the Demon Tree of Ten Thousand Realms, he could not suppress the remnant soul of the Lord of the Desolate God with his cultivation base at that time.

Seemingly knowing Qin Chen's doubts, Nine-Tailed Fairy Fox smiled and said: "Back then, I and Eternal, one was the top genius of the Monster Race Nine-Tailed Fairy Fox, and the other was the top genius of the Human Sword Sacred Ground Tongtian Sword Pavilion. We have already broken through to the pinnacle of the Holy Lord realm, and our elder brother, the Lord of the Wild Gods. The cultivation base is similar to ours. The three of us have been practicing together, confirming that although we had not broken through the Lord at that time, we had actually touched a trace of the Lord's artistic conception."
."

"Later, the eldest brother, the lord of the desolate gods, wanted to devour the tribe and sacrificed me to become the Venerable. At that time, the eldest brother had swallowed countless lives of the tribe, half of his foot crossed the threshold of the Venerable, but then I sacrificed the nine-tailed immortal. The secret method of the fox clan, eternity is to burn lives, using the secret technique of the Tongtian sword pavilion to crack the conspiracy of the Lord of the Desolate God, and let our souls be suppressed in that altar. The three of us have been suppressed for countless years, our hearts In fact, in terms of realm, Eternal and I have never really stepped into the realm of the nobleman, but in fact they have already crossed the step of the pinnacle of the Holy Master, which can be called a half-step nobleman."

Half Step Venerable!

No wonder!

Qin Chen suddenly said that Senior Nine-Tailed Fairy Fox was actually stronger than he thought.

"Sister Ziyi, in this case, wouldn't you be able to step into the realm of half-step venerable as long as your soul is completely restored?" You Qianxue said excitedly.

The Nine-Tailed Fairy Fox smiled faintly, and said: "Actually, it is not that easy, because this Nine Immortal Blood Jade Body is itself the Peak Sacred Treasure, and it can only lift my body to the Peak Holy Master realm, so even if it is mine The soul is completely restored, and it takes a lot of penance to step into the realm of the half-step venerable, venerable, detaching from the heavens, how easy it is to cross.

"Of course, compared to other peak holy masters, I'm much easier."

Nine-Tailed Fairy Fox sighed that in her previous life, she had never really stepped into the realm of venerable, and she did not expect that there was hope in this life.

"Senior, where are you going next? Are you going back to the Nine-Tailed Fairy Fox family?" Qin Chen said.

"Men, don't call me senior, just call me Ziyi." The nine-tailed fairy fox's eyes showed a trace of loneliness, and Su Xiaoxiao looked at it: "Nine-tailed fairy fox family, I think I will be in a short time I can't go back. Even the most treasures of the Su clan have been left outside. My nine-tailed fairy fox line is probably already fragmented, not to mention that he is still in this small world for eternity. This life is You gave it to me. I want to stay by my side and work for me. I don't know whether you'd like me."

Qin Chen said happily, "It would be great if you would stay here, but if I call you Ziyi, don't call me gracious, just call me Qin Chen."

"Qin Chen? That's too fertile. I will call you Young Chen or Master, right?"

As Qingqiu Ziyi said, he suddenly chuckled, and said with emotion, "Master? Chen Shao? How do you feel like a maid? I never thought I would have this day in Qingqiu Ziyi. I didn't expect that you were a little earth sage back then. But it's already so terrible, maybe in the near future, you can change the general situation of the whole heaven."

Qingqiu Ziyi looked at Qin Chen, her nine-tailed fairy fox line also had a certain psychic feeling, and she could feel that Qin Chen's future was definitely not trivial.

With the presence of Qingqiu and Ziyi, You Qianxue was also very happy and excited. The more powerhouses on their side, the safer they would be.

"By the way, master, you still have some troubles, but Ziyi can solve it for you." Qingqiu Ziyi also knew what would happen to Qin Chen in the strange things trade, and said with a smile.

"Hahaha, if you are here with purple clothes, then I can rest assured." Qin Chen laughed: "Time is almost up, and it's time to go out and meet the guy from the Konghai clan."

[Chapter 3483: Just play with you](#)

Qin Chen immediately released the Universe Good Fortune Jade Plate, ready to leave the void bazaar.

At this moment, Qin Chen's heart was full of confidence. He had already prepared so much, and Qingqiu and Ziyi were still there. It would be strange if he could not solve the peak Holy Master of the Konghai Clan.

After Qin Chen cleaned up, he immediately got off the inn and started to settle the bill and prepare to leave.

And when Qin Chen checked out in the inn, Qingqiu Ziyi came under the Ten Thousand Worlds Demon Tree, her hand was gently placed on the roots of the Ten Thousand Worlds Demon Tree, and suddenly, a white light of soul rose slightly. It is the remnant soul of the Eternal Sword Master.

"Eternal, you recover well. I will be waiting for you at the young master's side. When one day, when you also recover your physical body, we will work together to create a peaceful world that belongs to us with the young master. At that time, We can be together forever."

Qingqiu Ziyi's face was gently pressed against the light of the remnant soul of the Eternal Sword Master, muttering.

Outside the inn of the void bazaar, the blue-scaled man of the Konghai clan sneered at Qin Chen who had left the inn, his eyes were cold and said: "I didn't think this guy really only lived for one day and left, huh, it's so bold, I I have to see, what other tricks he has and where he is going."

The expert of the Konghai clan watched Qin Chen leave the inn, and did not enter other places in the bazaar, but walked directly towards the pier outside the bazaar. He was immediately taken aback. Does this kid want to enter the void tide sea? ?

The eyes of this Konghai clan powerhouse suddenly became cold. He thought that Qin Chen would have to play some tricks, but he did not expect that he would actually leave the void market directly. He did not believe that Qin Chen, a mid-level peak saint master, would never think he would Staring at him, but he still walked towards the outside world of Void Tide, which simply didn't put him in his eyes.

Could it be that his kid has already summoned the strong from Void Tide's overseas, or does he have any other players?

To be able to become the pinnacle saint master, the master of the Konghai clan is not an idiot, such an idea quickly popped into his mind, because apart from this possibility, he could not think of anything else.

"Hmph, no matter what master you summon, the person you want to kill has never been able to survive."

He snorted, and immediately followed, and left the Void Bazaar. When he arrived at the dock, he discovered that Qin Chen had taken out a flying boat and entered directly into the Void Tide Sea alone.

"Without his accomplices on the pier, it turned out that a person entered the Void Tide Sea alone?"

Doubts appeared in his heart again, and he sneered immediately: "I want to see what medicine you sell in the gourd."

He was also a daring master of art, directly offering a flying holy treasure, also entered the void tide sea, and quickly disappeared.

At the same time, several figures appeared vaguely on this pier. If Qin Chen was here, one of them was the enchanting demon woman. In addition, there were a few tyrannical auras around. , Had also appeared in the strange things trade before, this time also quietly appeared here.

In addition to the master of the Konghai Clan, there are many masters who have been secretly staring at Qin Chen.

It is true that Qin Chen's cultivation base is too weak, only the mid-term peak holy master cultivation base, if a peak holy master is so outstanding at the strange things trade fair, it will definitely not attract so many people, but a mid-term peak holy master, Who doesn't want to see if there is a chance to get a share?

The enchanting demon clan woman and other people also sensed each other, and immediately showed vigilance in their eyes. Everyone did not speak, but they were scattered and balanced.

The enchanting demon clan woman looked at the disappearing figure of the Konghai clan master, shook her head slightly, and said to herself: "That guy is too naive. If he really has a powerful backstage in the

Void Tide Sea to meet him, there may be a way to survive. Otherwise, after a mid-term peak holy master offends a peak holy master, he dared to enter the void tide sea alone. That is really looking for death. I don't know that it is a disciple of the large sect of the human race. It seems that he is usually arrogant. I'm used to it, now I can't stand even a little bit of grievance, and I lost my life for nothing."

Qin Chen didn't know anyone was worried about him. As soon as he left the inn, he knew that the Konghai clan master had already followed him, and even Qin Chen faintly felt that there seemed to be other auras around him. Paying attention to him, it's just that those people are far away, and Qin Chen can't fully tell.

After Qin Chen got out of the Void Tide Sea, he drove his flying boat to the fastest speed in an instant. The flying boat turned into an afterimage in the void. With the power of the terrifying space, it suddenly turned into a void shadow and disappeared into the void tide. region.

"Huh? There are even space rules? Is it any wonder that this kid has the guts to leave the Void Bazaar alone, thinking that by virtue of the space rules, he can escape from this seat?"

After the Konghai clan master felt Qin Chen's flight trajectory, he immediately muttered to himself in shock, and immediately showed ecstasy on his face. Even if he is a pinnacle holy lord, his comprehension of space rules has not reached the peak. At this point, Qin Chen, a mid-term peak saint master, actually mastered it. It can be seen that Qin Chen must come from a top-level big family, and the treasures on his body must be extremely amazing.

"It seems that my gains this time are probably beyond my own expectations."

Under the ecstasy of the master of the Nakong Sea Clan, he urged his flying sacred treasure to the extreme, chasing it up quickly, and quickly cleared Qin Chen and his traces while flying.

With his cultivation base, how can he not sense that someone is staring behind him? But he is not afraid at all. He is just a mid-term peak holy master. He can kill him in a few moments after he catches up. Even if someone else wants to track up, the battle is over when they are found. Eat ashes behind his ass.

Qin Chen flew madly. After a while, he had come to a barren meteorite colony, then stopped, collected the flying boat at the fastest speed, and then threw the refined formation flag and formation endlessly. After going out, just a dozen breathing hours, those formation flags and formation plates have disappeared into the void, and there is no longer any shadow.

After doing this, Qin Chen released You Qianxue and Daowang Muzhifeng once again, and the three of them stood in this void.

Qin Chen made You Qianxue and Sword King Mu Zhifeng appear, also to let the two feel the terrifying of the peak holy master, because in the future, they will personally face the peak holy master level masters. With this battle experience, then in the future You will have a lot of experience when you encounter enemies.

[Chapter 3484: Unknown evil soldiers](#)

In fact, even though he was bewildered by the nine-tailed fairy fox Qingqiu Ziyi in an instant, his strength could not even have the possibility of avoiding it, but at the moment when he was deceived, he felt like

in the sky. Time seemed to have stagnated, and he could only stare at that strange sword abruptly, and instantly penetrated himself.

He lowered his head, looked at Qin Chen, and saw what he would never forget, or the last thing he saw in his life.

This is a pitch-black sword, with a strange light shining on it. It is different from the green monster sword Qin Chen took out before. This pitch-black sword pierced him into the void forcibly. He tore his flesh easily.

"what!"

He felt a killing intent that tore through the void of the universe and took away his mind. The Taoist power that emerged from this mysterious sword caused the power in his body to continue to flow. He even saw the sword of this sword. There was a gloomy and cold power coming from him, devouring his mind.

At this moment, in his thoughts, the void disappeared, the universe disappeared, that is, the opponents disappeared, his whole body and mind, there is only one thing, and that is the pitch black sword in front of him.

"Just now that was... the time rule..."

In his mind, he thought of a figure inexplicably, and thought of some of the pictures he saw when he was walking on the Void Tide Sea before. It was a picture of a human celestial arrogant, using the rules of time to defeat the demon demon. , At this moment, the human Tianjiao's figure in that picture unexpectedly overlapped with Qin Chen's figure in front of him, and his pupils froze instantly.

"you....."

He wanted to say something, even wanted to break free, but he couldn't even move, because the sharp sword that pierced his body was devouring his blood madly, even shocking his soul. A gloomy aura completely imprisoned him here, in which terrible devouring power emerged constantly, devouring everything about him.

At this moment, even if his cultivation base is higher, it will not help. In other words, even if he was not seriously injured at this time, he could not escape.

He finally understood the endless methods Qin Chen had used before, and he didn't even fear that he was a peak saint master at all. It turned out that there were not only peak saint master level masters around the opponent, but even the demon demon can escape, although he did not know what was in front of him. Is Qin Chen really that person, but he has such a feeling, he is.

But what he didn't understand was that if the person in front of him was really a human Tianjiao who was chased by the Demon Race Demon Venerable, why didn't the peak Saint Lord of the Demon Race beside him help him?

This was what came out of his mind at this moment.

"Boom!" The mysterious rust sword penetrated the body of the holy master of the Konghai clan peak, bursting out with roars, the body of the Konghai clan expert exploded in an instant, and endless blood emerged from the body of the Konghai clan expert. Then, a puff of blood erupted.

But the blood mist did not spread out, but was completely swallowed by the mysterious rust sword. The mysterious rust sword let out a sharp scream, it seemed that there was a kind of extreme excitement jumping, unable to settle down, and the power of evil. Emerging quickly, the body of the mysterious rust sword buzzed and quaked.

In the end, the gaze of the peak holy master of the Konghai clan was completely dimmed, and his soul was madly swallowed by the mysterious rust sword in pain, screaming screaming, like a thousand souls cutting.

After the mysterious rust sword swallowed the soul of the peak saint master of the Konghai clan, it even wanted to consume the origin within the peak saint body of the Konghai clan.

"Humph!"

With a cold snort, Qin Chen directly used the Celestial Soul Forbidden Technique to suppress the mysterious Rust Sword. The mysterious Rust Sword trembles constantly, seeming to have to resist Qin Chen's suppression, but it is strongly suppressed by Qin Chen. In the jade dish, at the same time, Qin Chen raised his hand and quickly put away the origin, storage ring and the Saint Soldier's trident in the body of the Konghai clan expert.

The origin of a pinnacle holy lord is also very helpful to Qin Chen, not to mention that the opponent is still a master of the Konghai clan. Qin Chen also wants to know the difference between the people of the Konghai clan and the human race, and how the Konghai clan's talents and supernatural powers are. Cast.

"dust!"

"Master!"

At this time You Qianxue and Dao Wang Mu Zhifeng flew over for the first time, their expressions excited.

"This Peak Saint Lord was actually killed by you, Master."

The eyes of Mu Zhifeng, the sword king, were shocked. This is the true pinnacle holy lord. Even if it is placed in a place like the Southern Heaven Realm, it is a powerful force and can command countless heavens. This is more than a hundred times more powerful than any palace lord in the heavens. Thousands of times, even such a master is not an ordinary person in the entire Konghai clan.

But it was such a strong man who died in Qin Chen's hands, shocking the sword king Mu Zhifeng's heart. This was something he couldn't imagine when he was still the Sect Master of Heavenly Sword.

"Thanks to Qingqiu Ziyi, if it weren't for her charm, I wouldn't have succeeded so quickly." Qin Chen glanced at Qingqiu Ziyi. The charm of the nine-tailed fairy fox was really terrifying. The pinnacle holy master can be charmed, and the talents and supernatural powers of these monster races and other races seem to really not be underestimated.

Qingqiu Ziyi smiled softly: "Master, you are joking. Even without me, you can kill the opponent with your strength. It will take some time at most."

Qin Chen shook his head. He did have assassin skills that he didn't use, but he didn't have the charm of Qingqiu and Ziyi. Once the time rule did not succeed in a single blow, if the opponent was shocked and wanted to escape, there is no good way to take the other party.

"By the way, Master, the magic weapon you took out before seems very weird. There is an extremely terrifying cold force in it, and this cold force seems to have a backlash. You must be careful." Suddenly nine The tail fairy fox frowned and said: "I've heard that there are some evil soldiers in the heavens, and there is a possibility of killing the master. Many of those weapons are regarded as unknown. Master, you must pay attention."

She had felt the weirdness of the mysterious rust sword before, and even the scene where she swallowed the blood of the peak holy master made her a little heart palpitating.

"I know." Qin Chen nodded, "Well, let's not waste time here, and leave as soon as possible. It is estimated that those who are following us will also be coming soon."

Qin Chen said a few words immediately, and then raised his hand, countless intact formation flags here have fallen into Qin Chen's hands. As for the broken formation flags, Qin Chen has no time to clean up. After Qianxue and the others are collected into the universe fortune jade disc, Qin As soon as Chen moved, he immediately disappeared without a trace. As for the remaining battlefield, Qin Chen didn't bother to clean up.

[Chapter 3485: Really stupid](#)

After Qin Chen left this meteorite community, he quickly moved to another direction. This time, he was very cautious, and all the traces along the way were cleaned up by him, without the slightest residue. After going around a big circle, came to a place in the void on the other side of the void bazaar, and then stayed on his other flying sacred treasure flying boat.

After that, Qin Chen took out a jade slip for communication and began to send a message to Qingxue Silan.

After doing all this, Qin Chen stayed in the flying boat and carried out the feeling of the previous battle.

And shortly after Qin Chen and the others left the meteorite group, where Qin Chen and the peak saint master of the Konghai clan were fighting, suddenly several figures quietly appeared here. If Qin Chen was here, he would immediately recognize it. These people are the many masters he has seen in the strange things fair before, and the enchanting monster girl is also here.

"Huh? There seems to be traces of fighting here."

After these people fell, they looked extremely alert to each other. Each of them knew the purpose of everyone here. Although there were risks, no one was willing to leave. After all, there was a possibility of a piece of the pie. Who would want to stand by?

It's just that when they fell, their eyes were condensed, because there seemed to be traces of battle here, and the water vapor of the Konghai Clan remaining in the void was very rich.

But no one remained in this meteorite group.

"Could it be that Molan has already killed the kid? It shouldn't be so fast? We came all the way and didn't waste much time. Since the kid dared to draw Molan out, he should have some hole cards, and he fell so soon?" The enchanting woman muttered to herself after standing on a meteorite.

Qin Chen, the pinnacle lord of the Nakong Sea Clan, doesn't know it, but many top experts in this Void Bazaar know that this person is called Molan. He has been roaming around here for years, and he is considered the top in this Void Tide Sea. The strong, and the Konghai clan also has a lot of background and strength.

So she didn't believe that Qin Chen could be Molan's opponent, even if she had a hole card.

However, after they tracked down here, Qin Chen and Molan seemed to have disappeared mysteriously, and they didn't know where they went.

"Molan is a member of the Konghai Clan, and he has the aura of the Konghai Clan. Even if he leaves here, with my sense of smell, I can still capture the direction of his departure. It is useless to hide it, but the Molan After arriving here, the breath disappeared, and there is no appearance of leaving at all. What is going on?"

The enchanting demon girl quickly came to the vicinity of the meteorite group, frowning and muttering to herself.

When other masters saw this, they also fell in the meteorite group, searching carefully. Who wouldn't want to eat a few bites of such a young bird with treasure on his body?

"No, you see... what is this?"

Suddenly a master whispered, attracting everyone's eyes. The enchanting demon girl's eyes flashed, and when she came there in an instant, she saw a broken flag floating in the void, which had been broken. Only a few fragments remained, but they were still shocked.

"This is... the top-level formation flag. Only the top-level formation holy master can refine it. Arrange the void formation in the void. As far as I know, Molan doesn't understand the formation at all. So, This top-level formation belongs to the holy master of the mid-term peak?"

After thinking of this, these people took a breath of air. This mid-term peak holy lord doesn't look very good. Is it still someone from a top formation force who thinks that relying on the formation can not be afraid of Molan?

However, even if it is the Peak Saint Master Formation, it can trap the average late Saint Master, it is difficult to trap the peak Saint Master like Molan, not to mention the Konghai clan has a unique domain and talent supernatural powers.

"wrong."

The spirit of this enchanting demon clan woman suddenly swept into the distance, and at the same time she had disappeared from here, the next moment, she appeared in a void thousands of miles away, raised her hand and grabbed a piece of cloth.

"Youhai Lanxingma..." When the enchanting demon clan woman said these words, her voice even trembled.

Other masters also landed nearby, carefully perceiving them, and their faces were extremely shocked, because there was an extremely strong **** atmosphere, and the unique atmosphere of the Konghai clan drifted in the void, which was obviously the smell of indifferent blue blood.

And Youhai Lanxingma is a unique material in Youhai. It has a very high defense. It is often worn in the innermost by the Kukai clan. Now there are many pieces of Youhai Lanxingma and the unique **** air of the Kukai clan. ,what does this mean? It means that Mo Lan is determined to have something wrong, if it is not killed, it is about to fall to the point of being severely injured, otherwise he is a peak saint master, it is impossible to even shatter the clothes he wears next to him.

But if Molan was only seriously injured, where could he escape? It is impossible for oneself to perceive the disappearance of Molan.

unless.....

Thinking of this, this enchanting demon clan girl gave a shock, and the other masters around obviously also thought of this, and all of them trembled.

Although I don't know what happened here, what is certain is that Molan is definitely not good enough, and has even fallen here.

hiss!

A hint of horror and horror appeared on everyone's face. Molan is considered the top master in this void market. Even he died here. What about them?

Many people couldn't help but shudder. They are greedy for other people's treasures and treat others as prey. But the real prey must be the mid-level peak Holy Lord? Is it really because of stupidity that the other party dared to offend Molan at the strange things fair so much?

Under the horror in their hearts, many people turned and left one after another, their hearts were shocked, and the others immediately turned and left without looking back.

Even Molan may have something wrong, and I am afraid that they will not end well, and they must tell their respective forces as soon as possible.

Moreover, Molan is a master of the Konghai clan, and once the news of his fall is passed back to the Konghai clan, it will definitely cause an uproar among the Konghai clan.

When they looked nervous, they returned to the Void Bazaar to tell the news.

On the periphery of the other side of the void bazaar, Qin Chen was sitting in the flying boat. He was awakened by the sword king Mu Zhifeng not long after he realized it.

"Master, the battleship of the Qingxue family is here."

"Oh?"

When Qin Chen came outside Feizhou, he saw the battleship of the Qingxue family appeared in front of him, while Qingxue Silan, Uncle Ming and Uncle Bing were standing on the deck watching here, as if looking for something, seeing Qin After Chen's flying boat, Qingxue Silan waved his hand excitedly.

[Chapter 3486: Nanto Castle](#)

"Go, go over."

Qin Chen smiled, retracted the flying boat, and flew to the warship with You Qianxue, the Wind of Sword King Muzhi and Qingqiu Ziyi.

"Master, Sister Qianxue, why didn't you wait for us at the Void Bazaar and came here in the Void Tide Sea? Before, I thought you left me and ran away. Fortunately, Master, you sent me a message. Of the Xue family, you are not allowed to shame, if you do shame, I will ignore you."

After Qin Chen got on the battleship, Qingxue Silan grabbed the arms of Qin Chen and You Qianxue, pouting her mouth. Uncle Ming frowned, smiling bitterly but didn't know what to say. it is good.

But Uncle Bing frowned and looked at Qingqiu Ziyi. When did Qin Chen have such a woman next to him?

Qin Chen smiled and said, "I happened to have something wrong, so I came out early."

"I knew that Master would not leave me behind. By the way, Master, who is this sister?" Qingxue Silan also saw Qingqiu Ziyi, her eyes widened and asked curiously.

"This is a friend of mine. I didn't expect her to be near this void market. I came out to find her. She will follow us to the Southern Heaven Realm. Wouldn't you be unwelcome?"

Qin Chen smiled and said, Qingqiu Ziyi is a great force on their side. Qin Chen did not expect to summon Qingqiu Ziyi from the Universe Good Fortune Jade Disc when it was necessary. This would expose the existence of the Universe Good Fortune Jade Disc. , And staying in the jade disc of good fortune in the universe is not good for Qingqiu Ziyi's recovery.

"It turns out to be Master's friend, that is my friend, of course, welcome, hello, sister, my name is Qingxue Silan, how about you, sister?" Qingxue Silan smiled.

"My name is Qingqiu Ziyi." Qingqiu Ziyi smiled.

"Then I will call you Sister Ziyi from now on. Sister, your name is so nice." Qingxue Silan said happily: "It's the same as my name, it's all four characters."

Qin Chenhan.

You call her sister, she may be older than your ancestor in the Qingxue family.

Qingqiu Ziyi smiled and said, "Your name is also very nice."

After the exchange between the two sides, they immediately entered the warship, and the warship set off again, sailing into the endless void.

Because of Qingqiu Ziyi's arrival, Qingxue Silan immediately arranged another room for Qin Chen and the others.

In just a moment's effort, Qingxue Silan was already very familiar with Qingqiu Ziyi.

"Second Miss, the origin of that Qingqiu Ziyi is unknown, you should pay attention to it when you are with her in the future. She has a demon spirit on her body, she should be a member of the demon race."

After settling down, Uncle Ming pulled Qingxue Silan aside and frowned.

"Uncle Ming, what are you talking about? Sister Qingqiu Ziyi is very good, even if she is a member of the Monster Race? Our Southern Heaven Realm does not reject the Monster Race, and she is a friend of Master, so she must be a good person too, Uncle Ming. You are not allowed to say that about Master and his friends in the future."

Uncle Bing said from the side: "Second Miss, Ming Lao is also doing good for you. I don't know why. When I see the Qingqiu Ziyi, I always feel that the other party is very gentle and amazing. I have no other thoughts, even this person's cultivation. I can't see it, it's too weird. What can make us unable to see the cultivation base is either an extremely special late-stage holy master, or the cultivation base is above us..."

Uncle Bing and Uncle Ming glanced at each other, both showing solemnity. If Qingqiu Ziyi's cultivation base was above them, it would be terrifying. What's the purpose of such a demon clan master following them to the Qingxue family?

"I think you guys think too much. Master is so good. Sister Qingqiu Ziyi is a friend of Master. She must be very good too. Isn't that normal above you." Qingxue Silan said angrily: "Moreover, the other party is really good. It's so strong, do you want to make us so troublesome? Do you dare to go to our Qingxue family? Are they not afraid of the ancestors? Really."

Uncle Ming and Uncle Bing thought about it carefully, but they also felt that Qingxue Silan made sense. If the other party was really unpredictable, they would have already started it. How dare you follow them to the Qingxue family?

"Maybe we think too much."

The two laughed bitterly.

"interesting."

Qingqiu Ziyi's cultivation level is so far away, but he still heard the conversation between the two sides.

In the following days, Qin Chen practiced on the battleship every day, and occasionally pointed Qing Xue Si Lan.

One month later, the training ground!

Ding! Ding! Ding!

Phantoms swept one after another. On the martial arts field, Qingxue Silan's figure was like falling leaves flying in autumn. She pierced Qin Chen with a sword. After being blocked by Qin Chen, the ripples rippled and pierced Qin Chen's right again. On the shoulder, Qin Chen's wrist shook, the sword easily blocked many sword qi, the ripple continued to rippling, the third call came, piercing Qin Chen's

eyebrows, a sword is faster than a sword, a sword is faster than a sword, if you replace it with Ordinary swordsmen were already in danger, but Qin Chen was able to resist easily.

"Dao Xin!"

After several attacks were blocked, Qingxue Silan gave a low cry, and made a circle with the light blue long sword in his hand. As the circle took shape, the light blue ripples that had not dissipated before collapsed silently and turned into The misty blue mist and rain completely enveloped Qin Chen. These mist and rain, like dreams, but with amazing rules, even if you close your eyes, you can feel the beauty that does not exist in the world, as if this blue The fog and rain not only enveloped his body, but also enveloped his soul.

Even these rules can affect the human Taoist heart and affect the operation of the heavenly Tao.

This is the terrible swordsmanship of the Qingxue family.

In the mist of this rule, there are terrible sword moves that come quietly and silently.

Huh!

It's a pity that no matter how powerful a sword move is, there is nothing to do in the face of Qin Chen. Although this heart is strong, it cannot affect Qin Chen's way. Qin Chen cuts out the sword in his palm and instantly shatters the fog of countless rules of the opponent. The eyebrows of Qingxue Silan were closed.

what!

Qingxue Silan was so frightened that she took three steps backwards, and immediately pouted: "Master, I have lost again."

Qin Chen smiled: "You are already very good, these days, you have made great progress."

Qingxue Silan suddenly laughed: "Master, Uncle Ming and Uncle Bing also said the same, they both dare not accompany me to practice cultivation now, for fear of hurting me, hehe!"

Qin Chen laughed: "Although your strength has improved a lot, you still can't be proud of it. It's not perfect. You don't want to reach the pinnacle in one day. You need a tempered temperament. Then you can cultivate yourself."

As soon as Qin Chen finished speaking, suddenly, the battleship of the Qingxue family paused.

"Finally at Nandou City."

There were cheers from the battleship.

"Are you here so soon?"

Qin Chen was a little surprised. He had only been on the battleship for a little over a month. According to the truth, the nearest void market should be at least two months away from Nandou City.

Qingxue Silan explained: "Our Qingxue family's warship is extremely fast, twice as fast as the average top warship."

No wonder.

Qin Chen suddenly!

South Dou City, is it finally here? Qin Chen walked to the ship's side.

[Chapter 3487: Gokusan Shokai](#)

Above the ship's side, there was a joy.

Many members of the Qingxue family are extremely excited. They have been wandering outside for many years. Now that they have returned to Nandou City, they have truly returned to the South Heaven Realm. Although Nandou City is still a long way from the Qingxue family, at least Having reached the Southern Heaven Realm, many people are close to homesickness.

Nandou City is an extremely huge city. Looking at it, the endless void is boundless, and it is even a lot less than Dongguang City.

Among the four celestial realms, the southern celestial realm is the most prosperous and also the celestial realm with the most sacred aura, so it is very lively.

Standing on the ship's side, Nandou City is like a pearl, embedded in the border of the Southern Heaven Realm. This is the place that must be passed to enter the Southern Heaven Realm. Because Qin Chen looks around and sees countless numbers outside the Southern Heaven Realm. The prohibition surged, because of the matter of the Void Sea, all parts of the Southern Heaven Realm had been blocked, and it was extremely strict to enter from several major ports.

In addition to the battleships of the Qingxue family, there are tens of thousands of battleships around the port of Nandou City at this moment. They are extremely magnificent. The ranks of various battleships are high or low. The Southern Heaven Realm is extremely prosperous and abundant in material. It also trades with several other great realms. There are frequent contacts and even trade with other races, so here is the most lively place in the four heavens.

However, among these warships, there are small, medium, and large. Of course, even the most large warships are close to the warships of the Haruyuki family at best, and very few.

"Start to slow down!"

In the Void Tide Sea, the resistance is very small, and the friction is also small. When you reach the Southern Heaven Realm, the resistance will be great. Without slowing down, the battleship of the Qingxue Family will knock out a big hole in the harbor of the Southern Heaven Realm.

The battleship of the Qingxue family slowly approached the port of Nandou City, and then slowly stopped. In fact, the battleship of the Qingxue family can not only fly in the void tide sea, but also naturally fly in the southern sky, but Nandou City The rules are strict, and no warship is allowed to fly directly over Nandou City.

That was just an ordinary time. At this critical moment, even the battleship of the Qingxue family could not directly rush into Nandou City.

Qingxue Silan introduced to Qin Chen: "Nantou City is the most prosperous frontier city in our southern celestial realm. Here, many of the top forces in the southern celestial realm have stations, and our Qingxue family also has it, whether it is from outside forces. To come to the South Heaven Realm to do business, Nantou City is the best, because it is the most prosperous here."

"Master, you see, these warships are all coming to Nantou City to do business, and more than half of them come from other celestial realms and forces. This is not seen in other celestial realms."

Through the hull of the warship, Qin Chen's soul power radiated out, and he saw that countless warships really looked different, from various races, and people came and went in the port, and even if they wanted to stop, they needed to queue up. .

Qingxue Silan smiled and said: "Because there are many battleships, it is necessary to enter the port one by one. Waiting is usually a waste of time, but our Qingxue family doesn't need it."

As Qingxue Silan said, their warship had already passed many warships and sailed directly to the largest port.

"stop!"

Suddenly there was a loud shout in the distance. Qin Chen and the others turned their heads to look. They immediately saw a battleship in the distance quickly turning around, trying to escape from here. At this moment, outside the battleship, a team Deep in the armor, powerful and powerful masters surrounded them all. These people were surrounded by terrible auras, and several of them had the power of destiny emerging from their bodies.

"A member of the Zhuge family."

Qin Chen's eyes were cold, and he felt the power of destiny, and immediately understood that he had actually met people from the Zhuge family. At this moment, these people were frantically attacking the battleship, but the battleship did not dare to resist and wanted to escape here.

"Hmph, defying inspection, dare to escape, take it, and kill it."

Boom, one of the top powerhouses, holding a battle knife, slashed out with a single knife. In an instant, the mighty sky sword was as long as ten thousand meters, rushing out violently, slashing crazily on the battleship, and the entire battleship burst out with an ear-piercing roar. Under the violent roar, the battleship burst open quickly, and there was a scream from the battleship, and many masters flew out at the same time.

"I'm only waiting to come to Nantou City to do business, you people from the Southern Heaven Realm, don't deceive others too much."

Among this group of people, there is a leader who seems to be the late saint master. At this moment, he shouted sternly, exuding fierce murderous intent, but under the pressure of this group of people in law enforcement uniforms, he did not dare to do anything, just a look. Anger, suffocated.

Here in Nantou City, how dare they conflict with the law enforcement team in Nantou City.

"Huh, just to do business? If the world is in danger today, there is a Demon Race Demon Sovereign who infiltrates my Human Race domain. Anyone who enters my South Dou City must be reported. You are

sneaky. I suspect now that there is a Demon Race among you. Spies." The group of masters in armor shouted coldly, their eyes cold and murderous.

"We are members of the Northern Heaven Realm Extreme Participation Chamber of Commerce, how could there be spies from the Demon Race." The leader shouted angrily.

"Huh, how do you explain this person?" The leader of the law enforcement team carried a corpse in his hands. The corpse was wearing a black robe and could not see his appearance. "This person is not on the list you reported, sneaky Oh, the origin is unknown, we have reason to suspect that this person is a spy of the demons."

"He is just a guide that our Ji Participating Chamber of Commerce is looking for in the nearby Void Bazaar. The reason for not reporting is because this person said that he is a Void Bandit, and he is not wanted by you in Nandou City, and he entered Nandou City by himself. It has nothing to do with me." The person who participated in the Chamber of Commerce angrily said.

"Huh, what do I care about your relationship with this person? This person is so sneaky and doesn't report, no matter what, it's taken to me." The leader waved his hand, and a group of law-enforcement experts suddenly surged behind him. Come up.

"You people in Nandou City, don't go too far."

The leader of the Naji Participating Chamber of Commerce roared, leading the caravan to resist.

"Excessive? There are even more excessive ones. They dare to resist, nothing more. You don't need to capture them, just kill them directly."

The leading Zhuge family master said with a cold voice.

Puff puff!

Suddenly, countless South Dou City law enforcement team masters made a strong move, screaming screams, and within a short while, this group of people participating in the Chamber of Commerce were quickly beheaded to death, only the blood was scattered in the void, showing the tragedy here.

In the presence, the people in countless battleships were shocked and frightened.

Everyone has heard of this extremely participating chamber of commerce, and it can be regarded as a rather powerful chamber of commerce in the northern celestial realm. When doing business between the two celestial realms all the year round, it was unexpected that this time it would be such a disaster.

[Chapter 3488: Zhuge Mad](#)

The major chambers of commerce will look for guides in the Void Tide Sea. This kind of thing is normal. After all, the Void Tide Sea is so vast. Many forces have only visited Nandou City for many years. They are not familiar with the changes in the Nandou City.

Find a guide familiar with Nandou City to enter the empty market.

In fact, many of these so-called guides are lonely empty bandits.

These void bandits have entered and exited Nandou City all the year round to write off their accounts. They are very familiar with the forces of Nandou City, and even, just like Dongguang City, many void bandit organizations will have residences in Nandou City. It's just that in the recent period, Nandou City's investigations have suddenly become stricter. The Ji Participation Chamber of Commerce only brought a lone void bandit. Without making a declaration, it was discovered by Nandou City's law enforcement team and directly detained.

The Chamber of Commerce just rebelled slightly and killed it here.

Many people present felt a sense of sadness.

This is truly a disaster.

"Remember." The master of the Zhuge family stood proudly in the void and said coldly to the countless battleships around him: "The Void Tide Sea has mixed into the Demon spies. Now I have reason to suspect that the spies are still near the Void Tide Sea. The forces entering Nandou City must undergo inspections. Anyone must be reported, and no one can be missed, especially strangers who walk alone. They must be strictly investigated. You can rest assured, as long as you don't fight against our Nandou City, I can guarantee, It won't hurt you a cent, but

If someone wants to conceal it, don't blame my Nandou City law enforcement team for being rude. "

"go!"

The law enforcement team leader gave a cold cry and began to fly past the other warships to investigate.

"People from the Zhuge family, why are they here?"

At this moment, Uncle Ming walked over the side of the ship and frowned slightly when he saw this scene.

"Uncle Ming, do you know him?" Qingxue Silan turned her head. "Zhuge is crazy, an elder of the Zhuge family, who has a bad temper, so he is also called a lunatic. However, although the Zhuge family is a top power in the Southern Heaven Realm and has branches in Nandou City, it has rarely participated in the management of Nandou City.

Doucheng is generally managed by personnel dispatched by the top forces in the heavens as the city lord. When did this Zhuge family be so active for the safety of the heavens? "

Uncle Ming frowned: "There is weirdness." His Qingxue family is also a top power in the Southern Heaven Realm. He naturally knows Zhuge's family very well and can be called a competitor. Zhuge's destiny is very famous in the Southern Heaven. The general forces don't want to be hostile to them, any family,

They are all unprofitable and cannot afford to be early. The other party is so active in Nandou City, there must be some purpose, and it will never really be looking for spies for the South Heaven Realm.

Aside, Qin Chen's eyes were gloomy, and You Qianxue looked at each other, both showing solemn expression.

Qin Chen knew very well that what Zhuge family was looking for was most likely not the spies of the Demon Race, but himself. Unexpectedly, this Zhuge family had such a great authority in the Southern Heaven Realm. They even united with Nandou City to conduct a rigorous investigation of any battleship entering and leaving Nandou City. If they came alone, they would definitely be targeted by them and strictly inquired about their origins.

At that time, even if he could escape, he would not be stared at by the top masters of the Zhuge family. In this way, he would really be exposed.

The more he knew about the art of fate, Qin Chen felt the more the vastness of the art of fate, once he was exposed, it would be easier for the Zhuge family to estimate himself.

"Dust, the Zhuge family won't find us, right?"

You Qianxue held Qin Chen's palm and whispered.

"It's okay." Qin Chen said lightly.

Boom!

But at this moment, the battleship of the Qingxue family shook suddenly and stopped quickly.

Everyone looked up, what's the matter?

At this time, a warship steward rushed over and hurriedly said: "Second young lady, Ming Lao, Bing Lao, the Nandou City law enforcement team stopped us and want to inspect our warship."

"Check the battleship of our Qingxue family, so dare to go, take me over!" Uncle Ming coldly snorted, and a group of people quickly walked to the head of the battleship deck. At this moment, over the battleship, a team of law enforcement The team has stopped the entire warship, and said coldly: "Don't move everyone. Our law enforcement team is now investigating your warship.

Give me a good cooperation. "

With that said, this group of law enforcement teams will fall on the battleship.

Hum! But before they landed on the battleship, the entire battleship suddenly filled with terrible formations. The defensive formation on the battleship was activated instantly, blocking the law enforcement team. The vast formations Force, covering the opponent, as if out

The sharp blade of the sheath.

The movement on the battleship of the Qingxue family quickly attracted many battleships around.

"What happened there?"

"This warship has actually opened a defensive formation. Didn't they see the end of the Chamber of Commerce before?"

"So courageous, you dare to be so arrogant in Nandou City at this time, aren't you afraid of death?"

"Afraid of your size, look at the level of the opponent's battleship."

"Hi, the top holy master battleship? What kind of battleship is this?"

Many forces were startled and stared.

The law enforcement team in front of the Qingxue family battleship changed suddenly, and shouted: "You are so brave, you still don't withdraw from the defensive formation, dare to stop me from waiting for inspection, are you looking for death?"

"Hmph, I think it's you who will kill you, the old man wants to see, who would dare to check the battleship of our Qingxue family!"

Uncle Ming gave a cold snort and walked up.

"Qingxue Family?"

Hearing this name, many forces around were in an uproar.

The Qingxue family is in the Southern Heaven Realm, it is an absolute top power, a behemoth. Unlike the Eastern Celestial Realm, the Yaomie Mansion is the only one, annexing many territories, and there may be some powerful forces that can wrestle with the Yaomie Mansion version, but these forces are very low-key. Therefore, in the Eastern Celestial Realm, it is almost the Yaomie Mansion. Mastered the absolute

the power of. In the Southern Heaven Realm, many aristocratic powers gathered, because in ancient times, this was one of the most prosperous places in the Heaven Realm and one of the most powerful territories in the Heaven Realm. As a result, after the Heaven Realm was broken, the top forces in the Southern Heaven Realm depended on

Quite old.

The Zhuge family and the Qingxue family were among the best, and no one could suppress them. They were all known as the top powers in the southern celestial realm, and they were not the same.

It's no wonder that the warship is so domineering, and in the face of inspection, it has released a large defensive formation. It is unexpected that it is from the Qingxue family.

"Are you from the Qingxue family?"

When this group of law enforcement teams heard the words, their expressions changed slightly. They were the law enforcement team of Nandou City and belonged to the city lord's mansion. They naturally knew the status of the Qingxue family in the Southern Heaven Realm. They were indeed a bit reckless when they dared to check the battleship of the Qingxue family.

"Everyone, please!"

The law enforcement captain's face changed, and he saluted immediately.

"Humph."

Uncle Ming snorted coldly and waved his hand to let his subordinates urge the warship to move on, but at this moment, a sneer suddenly sounded.

"Wait!" The cold voice resounded. In the distance, Zhuge's family of Zhuge who was checking was crazy. Hearing the movement here, he sneered and flew over.

[Chapter 3489: Fire and](#)

"Master Zhuge Mad!"

The law enforcement team hurriedly saluted the people who came.

Although everyone is a member of the law enforcement team, Zhuge Madness is the elder of the Zhuge family, the top power in the Southern Heaven Realm, and they are just the guards of the City Lord's Mansion. They have the same identity, but their status is different.

"It's that lunatic."

"The members of the Zhuge family stopped the battleship of the Qingxue family. What is this going to do?"

"I heard that several top powers in the Southern Heaven Realm are in conflict with each other. Isn't this Zhuge family member trying to block the battleship of the Qingxue family?"

"This guy really might be able to do it." Many surrounding forces looked over and talked about it, especially Zhuge Madness these days during this inspection, he is extremely domineering, he is simply a lunatic, even before, he killed him. Many people who participated in the Chamber of Commerce naturally provoked many people

talk.

The collision of the two top forces in the Southern Heaven Realm will naturally attract more people's attention.

Zhuge stood proudly in the void, with a team of guards behind him, sneeringly at the people like Uncle Ming, Uncle Bing and others.

"Who am I? It turns out that it is Qing Xueming and Qing Xue Bing you, the two slaves of the Qing Xue family. They dare to be presumptuous here."

The faces of Uncle Ming and Uncle Bing changed slightly.

"Hmph, you are not allowed to explain Uncle Bing and Uncle Bing." Qingxue Silan said angrily.

"Oh? It turned out to be the second lady of the Qingxue family, disrespectful and disrespectful."

Zhuge stared at a group of people on the boat frantically, squinting, his eyes faint, like a hungry wolf.

Uncle Ming coldly snorted, "Zhuge is crazy, what do you want to do? Leave quickly and don't cause trouble for yourself." "Hahaha, what do you do?" Zhuge squinted crazy and said: "According to the rules of the top forces in the heavens, any All forces entering and leaving South Dou City must be inspected. Naturally, I want to inspect the situation on the warships like You. Everyone, lift the defensive shield.

Open the cabin and let the old man check it carefully. If there is no problem, he will naturally wait and leave. "

Uncle Ming squinted his eyes and said, "Zhuge is crazy, you're too much, my Qingxue family's warship, no one is qualified to check, leave quickly, don't make mistakes." Would he not know the purpose of Zhuge's crazy? Zhuge's family and Qingxue's family are both top forces in the southern celestial realm. The other party did this because they wanted to humiliate them, and at the same time, they also checked their Qingxue family's goods to find out what happened.

Let the other party do what they want.

"Then it's no wonder me, what about the Qingxue family? Any forces have to be checked, you guys, go straight, if the Qingxue family dared to stop, directly do it." Zhuge mad at the guards on the side with a cold voice Tao.

"This....."

The captain of the guard's eyes flickered, but his behavior was a bit hesitating. Zhuge was not afraid of the Qingxue family. In fact, as the guard of the city lord's mansion, he was not very afraid, but there was no need to offend the other party.

But now Zhuge is crazy to let him go up and tear his face with the Qingxue family, isn't this using him as a shield? "Why, don't you dare?" Zhuge snorted frantically, making the captain of the guard look ugly, "I'm waiting here to look for the spies of the Demon Race, and the Demon Race Demon Lord appeared in the Void Tide Sea. Who knew this Qingxue family had

Did not collude with the demons. "

Cang! A battle sword suddenly appeared in Zhuge's mad hand, and a cold light bloomed on the sword. He pointed at the Qingxue family warship below, "Quickly open the defensive shield, otherwise you will not blame me for waiting. When the time comes, you The Qingxue family against the heavens

Many top powers, the top powers of the heavens have condemned it, but I can't blame it. "

On the battleship, the faces of Qingxue Silan and others were extremely ugly. Uncle Ming and Uncle Bing looked at each other, their eyes were extremely gloomy.

Zhuce Madness was clearly putting a big hat on the Qingxue family, but if they really resist indiscriminately, it is indeed not very appropriate, but it is absolutely impossible to let Zhuce Madness check.

"Hahaha." Uncle Ming suddenly laughed, swished, and flew directly out of the battleship, "Zhuge is crazy, your Zhuge family wants trouble with my Qingxue family, even if it is clear, what hides the demon spy, My Qingxue family has been based in Southern Heaven for so many years, since

Come or not do this kind of thing. "In that case, I will take you down first. Zhuge sneered wildly, swish, his figure was like electricity, and he immediately flew towards Uncle Ming, booming, his sword in his hand was like an electric light, slammed down towards Uncle Ming, hum, this battle sword was extremely terrifying.

Passing across the sky, a terrible ripple was formed, directly in front of Uncle Ming.

Uncle Ming snorted coldly, the rules bloomed in his body, and he fisted towards Zhuge with a fist. The fist flashed, shook the sky, banged, and collided with Zhuge's sword.

As soon as he heard a click, Uncle Ming's face changed slightly, his figure retreated, and his face showed a look of horror. On the face of his fist, a **** mouth appeared, and blood flowed horizontally.

"Strange shocking power." Qin Chen narrowed his eyes.

"This Zhuge Madness is so strong." Uncle Ming's eyes sank, and he didn't expect that Zhuge Madness was so strong. No wonder he won the master of the extremely participating chamber of commerce just a moment ago.

"Hahaha, the Qingxue family, but so."

Zhuge gave a frantic smile, "Take it."

Whoosh!

He was in the shape of electricity, and with a few masters from the Zhuge family, he quickly swept towards Uncle Ming.

"Ming Lao." Uncle Bing shouted coldly, rising into the sky, booming, and the two sides quickly fought together.

"This Zhuge family member is too much."

On the battleship, a member of the Qingxue family rose into the sky, yelling, Qingxue Silan also looked angry, and said to Qin Chen: "Master, you stay on the battleship, and you will go back when you go." When the voice fell, Qingxue Silan also joined the battle group. This group of Qingxue family masters joined forces and immediately suppressed Zhuge Madness and the guards of Zhuge family. As for the guards of the City Lord's Mansion, they have long been aside. Don't want to mix

This kind of thing.

"Dust, what shall we do?" You Qianxue said, Qingqiu Ziyi and Dao Wang Mu Zhifeng also looked over.

"Look at it," Qin Chen said with squinting eyes.

"Dare to resist." Uncle Ming and Uncle Bing shot together, and Zhuge Madness immediately fell into the wind. He snorted coldly, his eyes were ferocious, and a jade slip of communication appeared in his hand, sending out messages one after another.

After a while, there was a sudden sound of breaking through the air in the distance, and one could see a wave of tyrannical auras flying quickly from Nandou City.

These people, with the power of haunting fate, were actually masters of the Zhuge family.

In order to strictly control Nandou City, Zhuge's family dispatched many masters in Nandou City. Nearly half of the masters were sent over. At this moment, they received Zhuge Madness's information and rushed over.

"Hey, the members of the Zhuge family are here!" When many powerful people around saw this scene, they were all horrified and horrified. Is this the rhythm of the two major forces going to merge?
