[Chapter 3491: Whose attack](#)

Boom!

In the sky in the distance, a series of terrifying auras passed, all of them were the top masters of the Zhuge family, one by one exuding a ferocious light.

"People from the Zhuge family are here."

Qin Chen squinted his eyes, and the Zhuge family had arranged so many masters in this South Dou City.

"Dust, if this continues, Uncle Ming and the others may not be able to resist it at all." You Qianxue frowned.

On the sky, Uncle Ming and others also sank.

"stop!"

Uncle Ming's eyes sank and he shouted sharply, and all the members of the Qingxue family stopped their hands. Uncle Ming glanced at Qingxue Silan, and he was very clear in his heart that if he continued to fight, he would be fine, but the second lady would definitely be in danger. In his capacity, it would not be a big deal to die here, but if the second lady came out What's the matter, he can't

The young lady has a family account.

"Zhuge is crazy, you just want to target our Qingxue family through inspection." Ming Shu coldly snorted: "But our Qingxue family is not that easy to bully, Zhuge is crazy, are you doing enough now?" What's the trouble? Qing Xueming, I don't understand what you said. This seat is to replace the Southern Heaven Realm and conduct strict investigations on any forces entering and leaving Nandou City. If you resist so much, could it be that the Demon Lord of the Qingxue family let go , Today my Zhuge family must

Check the battleship of your Qingxue family well. "

Zhuge Madness knew very well that Qing Xueming was already scared and became increasingly arrogant. "Fart, our Qingxue family entered and exited Nandou City, and we have already submitted the clearance documents. You do it with ulterior motives." Uncle Ming said to the guard of the city lord mansion: "A few, I can't believe in the law enforcement team of the Zhuge family. , If several

On behalf of the city lord of Nandou City, I have to inspect the battleship of my Qingxue family, thinking that for the sake of the current crisis in the heavens, my Qingxue family is willing to set an example and let you enter the investigation. "

When several guards from the City Lord's Mansion saw this, the leader smiled bitterly, and said, "Since your Excellency has said so and submitted the filing documents, I will naturally trust the Qingxue family, so I won't check it."

Just kidding, it's a conflict between Zhuge Madness and the Qingxue family. People in their City Lord's Mansion don't want to intervene. Uncle Ming breathed a sigh of relief. He was also for the safety of the

clear sky and Si Lan, and there was no way to let the people of the City Lord's Mansion check, but the people of the City Lord's Mansion obviously understood the rules, and looked up and coldly said: "Zhuge is crazy, you also saw it. Since the people in the City Lord's Mansion are not

Checked, you still don't let go? "

Zhuge sneered wildly, seeing the Zhuge family masters who came quickly, his eyes were cold, the Qingxue family and their Zhuge family have never dealt with them, now they don't seize such a good opportunity, when will they wait? He said coldly: "The people in the City Lord's Mansion believe in your Qingxue family. I don't believe it in the Zhuge family. Now I have reason to suspect that your Qingxue family is in collusion with the demons. I have to personally check it, and you, Qing Xueming, you The Qingxue family disobeyed the prohibition,

Fighting hard, this seat represents several major forces in the heavens. Today, we need to take you down, take a thorough investigation, and ask you to cooperate, and take everyone from the Qingxue family to me. "

Zhuge waved his hand madly, and many masters from Zhuge's family rushed up.

"Zuge is crazy..." Uncle Ming said angrily.

boom! The two sides fought quickly. This time, the members of the Zhuge family were helped and quickly suppressed the members of the Qingxue family. Among them, several masters of the Zhuge family immediately trapped Uncle Ming and Uncle Bing, and Zhuge was crazy. Towards Qingxuesi

Lan caught and photographed it. A Qingxue Silan guard who was fighting near Qingxue Silan saw this and hurriedly stopped in front of Qingxue Silan in anger. Zhuge was crazy when he saw this, and a trace of hideousness flashed in his eyes. He snorted and watched. When he made a strong shot, he was abrupt

Sheng tore the guard apart and beheaded on the spot.

When other members of the Zhuge family saw this, they also took a strong shot. In an instant, many members of the Qingxue family were injured, and two of them were directly beheaded here.

It can be seen that the members of the Zhuge family did not want to capture the members of the Qingxue family at all, but were here to kill.

"Catch it with your hands, or kill it." Zhuge said frantically, and at the same time he spoke, his eyes flashed with coldness, staring at Qingxue Silan, flashing the faint cold light, obviously unkindly, toward Qingxue Silan grabbed it.

Ding Ding Ding! With countless sword lights flickering in dreams, Qingxue Silan made a frantic move, but briefly resisted Zhuge Mad's attack, which made Zhuge Mad's gaze even more hideous. Qingxue Silan was the second lady of Qingxue's family, and it was heard that it was Qingxue. Tianjiao

One, second only to her older sister, if she were to be abandoned here, there would probably not be any particularly powerful masters in the younger generation of the Qingxue family.

Thinking of this, his eyes became more ferocious and cold. Seeing that he was about to catch Qingxue Silan, Qin Chen's eyes were cold, and he faced the sword king Muzhi Feng and said, "Stop him."

"We also do things in the crowd, but don't expose ourselves too much."

Qin Chen's voice fell, and the rest of the Qingxue family guards on the battleship rose into the sky.

"cut!"

The sword king Mu Zhifeng screamed, the sword blazed into the sky, and with a bang, he immediately resisted Zhuge's attack. The terrifying sword aura and the power of destiny collided in the void, causing a terrifying roar.

"Huh? Second Miss, are you okay?" Dao Wang Muzhi said.

"I'm fine." Qingxue Silan shook her head with an ugly face, and said anxiously: "The other party is from the Zhuge family, Senior Mu Zhifeng, you and Master shouldn't get in."

"Haha, it's okay, from now on, we are also members of the Qingxue family, the second lady can remember." The sword king Muzhifeng said through the voice, and then slammed Zhuge crazy. The elder master of the Zhuge family, when he was in the Southern Heaven Realm, what a superior existence, the opponent sneezed, I am afraid that his Heavenly Sword Sect would be destroyed, but today, he actually fought with the opponent, all of this is Follow

I got it after the young master.

In the void, a series of terrible knife lights swept across, enveloping Zhuge madly.

"Broken!" Zhuge yelled frantically, blasted with a punch, shattering the endless blade light, staring at the sword king Mu Zhifeng with an ugly expression, why did this Qingxue family come out of another master? If it weren't for this person, he would have abolished Qingxue Silan before, as for the other party.

It doesn't matter how much waves will be caused later, anyway, the two big families have never dealt with them, and there are secretly fighting masters who died, I don't know how many.

The more masters of the Qingxue family, the greater the loss, and the more beneficial it is to their Zhuge family.

"Come on, kill!" Zhuge madly said that as the battle progressed, more and more people gathered around. Many forces were shocked to watch each other's fight, their faces frightened, anyone could watch. Coming out, with the continuous arrival of the masters of the Zhuge family, the Qingxue family obviously continued to fall into distress, people were constantly injured, and the situation was getting worse.

[Chapter 3492: Total chaos](#)

If this continues, the port of Nandou City will be ruined. Now the scene is in chaos. There must be demon spies, who have run out or broke into Nandou City. Is this Zhuge family really maintaining order?

He was angry and shouted continuously.

But his voice hadn't fallen yet, suddenly a few powers of fate swept over, and instantly fell into the team of the city lord mansion law enforcement team.

"No, hide."

When the law enforcement team leader saw this, his face changed drastically, and he hurried back with his subordinates, but there was no time to avoid him, he suddenly screamed, and several guards were injured one after another. "The Zhuge family is doing things, what are the dogs of your city lord mansion barking indiscriminately, if it weren't for your city lord's mansion's appointment by the top power in the heavens, you have your arrogance in Nandou City? Our Zhuge family is the real South Heaven Realm. Dominate, good

To maintain order for me, just do my duty faithfully, get out. "

In the chaos, I don't know who the Zhuge family snorted coldly, his voice mockingly, with aloft.

This is naturally Qin Chen's shot again.

In addition, Qin Chen's concealment was excellent, but his voice was extremely clear, clearly reaching the ears of many chaotic onlookers present.

by!

This Zhuge family is too arrogant, right? Many onlookers only felt that Zhuge's family was incomparably overbearing. The City Lord's Mansion of Nandou City was the same as the City Lord's Mansion of Dongguang City. As the core edge city of the four celestial realms, the city lord inside was not held by the forces of the Southern Heaven Realm and the Eastern Heaven Realm. Tianjieding

Class forces are sent down.

And these city lord mansion guards were appointed by the city lord mansion, and to some extent, they also represented the face of the top power in the heavens, but now, the Zhuge family members even dare to insult the city lord mansion guards.

Although the Zhuge family was indeed the top power in the Southern Heaven Realm, it was too arrogant.

It is said that hitting a dog depends on the owner. When these words fell, the guard leader of the City Lord's Mansion had a pale face, and his flushing seemed to be bleeding. When did they endure such shame? And these days the Zhuge family is here, relying on being the top power of the Southern Heaven Realm.

Many things, the Zhuge family didn't pay attention to their guards of Nandou City.

"Zhuge family, you are too much, just aim at us Qingxue family, why hurt the innocent, come at us if there is a kind."

Sword King Mu Zhifeng shouted angrily: "Your Zhuge family is not the number one power in the Southern Heaven Realm. You are so lawless. You can't even consider the top power of the Heaven Realm. If you really let you rise, what will the Southern Heaven Realm be like? ?"

"You fart." Zhuge's face was pale, and the other elders of the Zhuge family also looked ugly. They looked for the **** of which clan, nonsense, isn't this killing the Zhuge family? Although their Zhuge family had such an idea,

Nor can it be said here.

kill!

They shot frantically and wanted to kill the Qingxue family members here as soon as possible to end the battle. However, with the retreat of the Qingxue family, many warriors who watched the excitement around were involved. Some warriors blocked the way of the Zhuge family to chase and kill the Qingxue family. Under the furious Zhuge family, they shot directly, These people have

Rip and kill.

There was chaos on the field for an instant. "People of the Qingxue family, don't resist, you Qingxue family also want to fight our Zhuge family. Blocking Nandou City is just our Zhuge family's means to fight against other forces and control Nandou City. Those who disagree with our Zhuge family

The forces of, took this opportunity to kill, a place like Nandou City, which belongs to our Southern Heaven Realm, should also fall into the hands of our Zhuge Family, so why should it be occupied by the City Lord Mansion established by the top forces of the Heaven Realm. "

In the chaos, this voice did not know where it came from.

"Shut up all to me."

Zhuge's face was blue, and he roared, unable to keep calm anymore.

Who is this, talking nonsense all the time?

He was frightened, and several elders searched frantically, seeming to find the person who spoke.

But the Zhuge family's such behavior has already caused anger and chaos on the court.

"Whizzing!"

In the distance, the guards of the City Lord's Mansion also came one after another.

"Stop them for me." The leader of the city lord mansion guards who was here first shouted angrily. Suddenly, this group of city lord mansion guards rushed into the crowds on both sides to stop the fight before continuing. I'm afraid the entire port of Nandou City. Are ruined, it will cause incomparable

Bad influence.

It's just that the current scene is extremely chaotic, how can it be easily blocked, especially since there have been many masters of other forces involved here, in order to survive, these people can only stand up.

And at this level, the members of the Zhuge family could not distinguish those from the Qingxue family at all, and those from other forces, and there was a burst of indiscriminate bombing.

Among the crowd, the nine-tailed demon fox Qingqiu Ziyi flew by in the chaotic battle, otherwise others would notice her, and at the same time, her eyes revealed strange invisible charm waves, which swept into the nearby crowd.

"Zhuge family, you will die if you do more unrighteousness. These days, you are doing evil here and deliberately targeting some forces. Everyone fights against them."

"Thinking about the previous Ji-Participating Chamber of Commerce, did something wrong, and if you missed a declaration, you would be slaughtered by your Zhuge family. It was too much."

"How many people have your Zhuge family killed these days? Where is this a serious investigation of Nandou City, it is clear that it is deliberately targeting many forces and establishing its own reputation."

"Think of us as ants, you guys, we fought with the Zhuge family."

"Fight, even the guards of the City Lord's Mansion have taken action. It can be seen that the Nandou City City Lord's Mansion does not recognize the Zhuge family, and we support the City Lord's Mansion."

Among the crowd of onlookers outside, some people roared in anger, which instantly triggered a righteous indignation on the court, and the same enemy. It is true that the Zhuge family is too arrogant here these days, especially that Zhuge is crazy. If he feels dissatisfied, he fought and slaughtered. I don't know how many forces were slaughtered by him, and most people, even if they were. Not by Zhuge Family

Targeted and slaughtered, but also received a lot of anger. At this moment, it was like a gunpowder barrel being lit, and it was out of control for an instant.

Suddenly, the scene was completely out of control. People from countless forces around had crazy eyes, new and old hatreds came together, and they all rushed up. It should be noted, which force can do business in South Dou City, which is ordinary? No matter how bad it is, the one who can cross the Void Tide Sea is considered a medium-sized force in the major celestial realms. When did he suffer such humiliation, let alone enter the South Dou City

, There are many void bandits who have been dissatisfied with the Zhuge family for a long time.

kill! In an instant, blood was flowing into a river, and many people took advantage of the chaos to plunder, and the scene was completely chaotic.

[Chapter 3493: Nanto Castle Lord](#)

"Master, how am I doing?"

In the chaos, Qingqiu Ziyi came to the vicinity of Qin Chen and quietly transmitted the voice.

"It's not your fault."

Qin Chen sneered, Qingqiu Ziyi's charm technique was extremely tyrannical, invisible and innocent, and immediately aroused the anger in the hearts of some people outside, causing the scene to be completely chaotic.

"Hehe, if it wasn't for too many masters here to do too obvious, so as not to be exposed, Ziyi could do better." Qingqiu Ziyi smiled.

"Enough is enough, then you will be more careful."

Qin Chen reminded that, at the same time, his figure had already sneaked into the crowd, his eyes fixed on the masters of the Zhuge family.

These few elder masters are killing wildly in the crowd at this moment. At this time, it has been completely chaotic. There are tens of thousands of people participating in the battle. Many of them are other forces, other races, and they are in chaos. There are more and more people watching outside, and at least tens of thousands have gathered. Even more people are still holding

Squeeze in.

Such a large-scale fighting, if it weren't in Nandou City, any place it was given would have been destroyed.

As for the guards of the City Lord's Mansion, they can't control the situation at all. Even in the chaos, they can only protect themselves.

In the various fighting lights, Qin Chen quietly approached the battlefield of Uncle Ming. At this moment, Uncle Ming's body was full of scars, and an elder of the Zhuge family stared at him. This elder didn't care about anyone else, just chasing and killing Uncle Ming. Obviously, he knew that no matter how many ordinary Qingxue family guards were killed, it would be better to kill a Ming. Uncle so tall

The hand is worth it.

Among their top powers, top masters like Uncle Ming are the real mainstay, and killing one gets too many benefits. At this moment, Uncle Ming's body is already scarred, blood is everywhere, and he keeps retreating. He was already at a disadvantage. He was besieged by some masters of the Zhuge family before. Now he is in chaos and seriously injured. He still can only let Zhuge go.

The elders of the family pursued and killed.

The elders of the Zhuge family were also full of blood, with his, but more of other people's. Anyone who tried to get close to him, but not the Zhuge family, was beheaded by him, just like the same killing god.

"Haha, Qing Xueming, die for me."

The elder of the Zhuge family seized the opportunity, taking advantage of the moment Uncle Ming was staggering, his eyes were cold, and he hit him with a punch.

Uncle Ming was seriously injured, and when he saw the opponent killing him madly, he was also mad, and he roared: "I'm fighting you."

boom!

The two were madly fighting together, and they were about to go shopping.

Qin Chen's eyes were cold. At the moment when the elder's attack fell on Uncle Ming, the heavenly soul forbidden technique quietly used, and an invisible soul power instantly permeated out, and suddenly disappeared into the elder's mind. The elder felt that his mind was dizzy, and his heart was shocked. Bang, his attack fell on Uncle Ming, but he didn't bring much harm to Uncle Ming. Uncle Ming was stunned. Although he didn't understand what happened, he was momentary. It reacted immediately,

A punch hit the chest of the elder Zhuge.

puff!

The elder's eyeballs were immediately blown open, blood spurted out of his mouth, and the sound of broken bones was heard, and he was blown out.

Master fighting, the focus is just a few minutes. Uncle Ming seized the opportunity to fight his badly injured body and shot frantically. The dense attack quickly fell on the elder, and he burst him in an instant.

In the void, Uncle Ming was panting heavily.

A patriarch of Zhuge's family has fallen.

Qin Chen walked away quietly.

Uncle Ming seemed to have noticed something, and quietly glanced at Qin Chen's previous position, but saw nothing. At this time Qin Chen has lurked near Uncle Bing. Uncle Bing's situation at this moment is even worse than that of Uncle Ming. However, with Qin Chen's secret help, the elder of Qingxueshi who is confronting Uncle Bing seems to have made a mistake Normally, be killed instantly by Uncle Bing

.

Quietly, Qin Chen had secretly let the three elders of the Qingxue family fall.

As the elders of the Zhuge family fell one after another, the members of the Zhuge family gradually discovered something was wrong. Why did they fight? There were fewer and fewer masters in the Zhuge family?

"Everyone, stop!"

And just as the two sides were fighting frantically and the scene was in chaos, suddenly a roar resounded from heaven and earth.

Boom!

Above the distant sky, a few terrifying auras suddenly descended, like the scorching sun suddenly rising, the extremely tyrannical aura swept like an ocean, and slammed into the fighting crowd.

boom! Qin Chen also felt an extremely terrifying force sweeping over him. When his figure shook, he felt a strong shock. When he looked up, he saw several silhouettes exploding with dazzling aura and landed on this port. On, one by one

cold.

Behind this group of people, with a group of guards from the City Lord's Mansion, surrounded them one after another.

However, the battle here has been extremely chaotic, how could it be possible to stop the battle with a roar from this person, and the fight could not be stopped for a while.

"Stop it, haven't you heard it?"

boom! These figures broke into the crowd in an instant. Wherever they passed, countless fighting crowds separated immediately, and the people of the Zhuge family had their eyes red, especially when they saw that the elders of the Zhuge family were all A few fallen

After that, it was even more angry and humming. In the sky, the vast river of destiny emerged and turned into a terrifying river, sweeping toward the leader who rushed into the battlefield.

"Hmph, the power of destiny, break it to me!" The figure snorted coldly, towering in the sky like a **** of war, shouted, and punched out. Suddenly, the punch came out like a sacred mountain of ancient times. Hit on the river of fate, tear the river of fate instantly

Splitting apart, countless powers of destiny exploded crazily, splashing in all directions.

Wow!

The many masters of the Zhuge family who united the long river of fate, snorted together, spit out blood, and looked at the people in amazement.

The chaotic scene calmed down for an instant, and only groans and gasping sounds were left on the field, a blood, and everyone looked up at the person who came, with shock in their eyes.

"The Peak Lord... and it's not an ordinary Peak Lord."

Qin Chen heard the solemn voice of Qingqiu Ziyi. Qin Chen could also see that the auras of the few people here were extremely terrifying. Even the weakest one had the level of a master of the Konghai Clan in the Void Bazaar, and this leader was even better than those of the Konghai Clan. The master of the pinnacle will be tyrannical

Many of the above, even Qin Chen felt a strong feeling of palpitations.

This is definitely not something that ordinary peak holy masters can have.

Qin Chen's eyes flashed, vaguely guessing the identity of the visitor. Sure enough, in the crowd, the guard of the City Lord's Mansion was covered with blood and a look of resentment. He hurriedly came to the visitor, took the people under his command, and said, "I have seen Lord Tyrant City Lord."

[Chapter 3494: Lord Tyrant](#)

The person here is not someone else, but the city lord of Nandou City, Tyrant.

Ba Qi walked in the crowd, his face was pale and he looked at the chaotic scene around him, his eyes were extremely cold.

boom!

An aura that frightened the eternal world spread out and suppressed everyone present, like a giant mountain, making everyone tremble. "Who can tell me what is going on here?" Ba Qi glanced at the scene, his tyrannical aura suppressed, and the scene was silent for an instant. The countless masters of the City Lord's Mansion have surrounded the entire battlefield, the entire port, and countless warships.

Destroyed, messy. "City Lord Tyrant, you are just right." Zhuge stepped up madly, and said in a deep voice, "My Zhuge family once again obeyed the orders of the top powers of the heavens, and strictly controlled any forces entering and leaving Nandou City, but this Qingxue family, Not following orders,

In desperation, my Zhuge family can only do something, ask the Lord Tyrant to capture this Qingxue family, and kill them on the spot, in order to emulate you. "

"Zhuge is crazy, **** your mother's ass, it's obviously your Zhuge family's opportunity to use this top power in the celestial realm to block the southern celestial realm, suppress dissidents, target my Qingxue family, Zhuge is crazy, my Qingxue family will definitely be with you Zhuge family. "

Uncle Ming spit out blood and roared, his eyes angry. "The family of Zhuge, the family of Qingxue." City Lord Ba Yun's face was livid, "You two big forces are so courageous, they have caused trouble in Nandou City. Whether right or wrong, everyone will follow me to the City Lord's Mansion to explain why, you, First investigate the tools here

Physical things. "

Ba Qi quickly ordered the humanity behind him. Concerning the two top powers, he was also extremely angry. Although he was dispatched from the top powers in the heavens, he could ignore other powers in this southern celestial realm, but the top powers such as the Zhuge family and the Qingxue family, he

Can not be ignored.

"City Master Tyrant, what else do we need to investigate?" Zhuge asked with a cold mad look: "As the City Master of Nandou, don't you know what you should do?"

"Zuge is crazy, don't be too presumptuous."

Ba Qi said coldly: "I respect you as a member of the Zhuge family, but if you make trouble again, don't blame me for being polite. You don't have enough to watch, let your Zhuge family's Patriarch come and talk to me."

A terrible murderous intent surged over Ba Qi, suppressing Zhuge Madness, suddenly turning his face pale and looking at eagles. The members of the Qingxue family saw that the battle on the field had ceased, and many people began to recuperate, and then began to heal their injuries, and all the people who had participated in the hands-on work were all taken care of by the guards of the City Lord's Mansion. Suddenly, many of them joined before. war

The power masters in the regiment were nervous and worried.

They had also secretly acted on the members of the Zhuge family before. Once they were known by the Zhuge family, they would be in trouble in the future, but at this time, there is no way to worry. The onlookers around the port saw this place and knew that the conflict between the Zhuge family and the Qingxue family had stopped temporarily, but the Qingxue family was indeed tyrannical. Not only did the Qingxue family clash with the Zhuge family and caused such a big disturbance, it also caused such a big disturbance. Come here

What a big riot, the Zhuge family also fell a lot of people, making many people present feel understanding.

You must know that in the days before, the members of the Zhuge family didn't know how arrogant they were. There were also several powers that were targeted by them. No matter which power they were, they could only swallow their anger in front of the Zhuge family. At this time, a late-stage holy master of the City Lord's Mansion has completed the inspection, and quickly stepped forward and said: "My Lord Tyrant, Zhuge's family and the Qingxue family were in conflict at the port of Nandou City's entrance to the city. In the first battle, the Qingxue family fell ten. Eight members, all

Thirty-seven members of the Ge family fell, and twenty-six members from other forces fell. Among them, the Zhuge family fell four elders. "

hiss!

As soon as this conclusion came out, many people around him breathed in air-conditioning, and Zhuge Feng and other surviving elders suddenly looked crazy.

What a hell.

Their Zhuge family obviously had the absolute upper hand in number and strength, but they actually lost four elders. Although Qingxueming and others were seriously injured, none of them fell, and they trembled with anger. After hearing this, City Lord Tyrant frowned. In fact, before he arrived, he already knew some of the events, so that he would berate Zhuge crazy, but the result of this fight was somewhat different from what he expected. The information he got

In the middle, isn't the Zhuge family having the absolute upper hand? How come so many people have fallen? But the Qingxue family is nothing serious? He said coldly: "South Dou City is the facade of the Southern Heaven Realm. You two powers, both the top forces in the Southern Heaven Realm, are now fighting each other in the Southern Heaven Realm. Since the Heaven Alliance has asked me to be the lord of the Southern Heaven Realm, I It is the duty to manage Nandou City. Those of you two major forces who participated in the battle will follow me to the City Lord's Mansion. I hope that all of you can explain to me clearly what happened? Let's look at how to handle things fairly and justly. , Your two major forces are both southern

The top forces in the world, I hope you can set an example for the southern world. "

City Lord Tyrant said finally, his tone turned cold, his eyes swept over the faces of the two major forces, with a severe warning. Qing Xueming and the others nodded, but she sneered in her heart, and did not pay attention to it. They won this battle. Although they themselves felt that the victory was inexplicable, since the tyrant has appeared, the next step is Two big

It's time for the forces to take control.

The meeting hall of the City Lord's Mansion was originally the most sacred place in Nandou City. Generally, only after the top powers came to Nandou City would they be entertained by the meeting hall of the City Lord's Mansion. Today, the meeting hall of the Nandou City Lord's Mansion has become a messy vegetable market. All those involved in the battle have been brought to the City Lord's Mansion. Even people from other forces have also been brought over, no matter what this matter is involved. many

If there are few forces, the whole process must be clarified and mediated.

In fact, if it weren't for this battle between the two major powers, with the temper of dominating the city lord, all the forces participating in the fight would have been imprisoned. Qin Chen is naturally on the side of the Qingxue family. In addition, the most important people in the Qingxue family are Qing Xueming, Qing Xuebing, and the two elders who have been stationed in Nandou City before. As the second lady, Xue Silan is naturally

Go in the first place. However, Zhuge's family was composed of Zhuge Mad and other elders. They looked at Qin Chen and others with cold eyes, as if they were about to breathe fire.

[Chapter 3495: Respective requirements](#)

After seeing the crowds, the two deputy city lord Baqi and Nandou City said in a deep voice, "This kind of thing happened in Nandou City, and it has a great impact on Nandou City. I hope this matter can have a happy ending, don't Affect us, Nandou

The reputation of the city in the heavens, Aoki, you are the guard leader of my city lord mansion. You were on the scene before, and you were the one who sent me the message. Let me tell you what happened before. "Na Qingmu is the guard leader of the city lord's mansion, and immediately stood up and clasped his fists and said: "City Lord Baqi, deputies, although everyone should have heard the cause of some things, I will tell the whole story again. Once again

..."

This leader Aoki told the matter exactly, and then sat down. No one disagreed with the words of Chief Aoki. Even Zhuge Madness of the Zhuge family had no disagreement. Don't say that this kind of thing was seen by so many people. Even if no one saw it, there was a huge monitoring formation at the port of Nandou City.

.

Despite this, after waiting for Chief Aoki to sit down, City Lord Baqi asked, "Does the Zhuge family have any objections to Chief Aoki's narration?" Zhuge Madness has recovered from his injuries at this time, and he stood up and said with cold eyes. "City Lord Tyrant, this is indeed the case, but my Zhuge family is not aimed at the Qingxue family, but is implementing the orders of several top forces in the heavens to strictly control Nandou City. The Qingxue family is at this critical moment. , In and out of Nandou City, I have reason to investigate them. On the contrary, the Qingxue family did not cooperate with the investigation. I now seriously doubt whether the Qingxue family is colluding with the demons.

In a melee, the Qingxue family killed the four elders of my Zhuge family. The method was very strange. My Zhuge family must have an explanation. If I can't get an explanation, my Zhuge family will never stop.

"

Zhugé furiously said, this time, obviously they seized the opportunity to give the Qingxue family a good look, but they did not expect that they had lost a few elders, and the anger in their hearts could be imagined.

Obviously Zhuge's family was unreasonable, but Zhuge's family dared to speak so rudely because of their strength. City Lord Baqi sneered in his heart. He would not care about the conflict between Zhuge's family and Qingxue's family. This is a bad debt. Even if it is managed, his identity cannot be controlled.

What he cares about is that he is extremely nervous in this kind of heaven. The critical moment, Zhuge Shi

The family and the Qingxue family should stop making trouble. At the same time, he was also dissatisfied with the Qingxue family. Although the Zhuge family deliberately provoked a conflict, the Qingxue family secretly killed four elders of the Zhuge family. Now it makes him a little hard to intercede, and he can bear it in his heart. Unstoppable fox suspect.

How did the four elders of the Zhuge family die? It's really strange, even if it's a melee, how can it be so easily beheaded with the strength of Zhuge's elders?

So City Lord Bayu looked at the Qingxue family's humanity: "Qingxue Family, what do you say about Zhuge's crazy words?" Qingxue Silan angrily said: "Bayu City Lord, my Qingxue family is also considered the top of the Southern Heaven Realm. The aristocratic family, even one of the managers of Nandou City, would violate the orders of the top powers in the heavens and maintain the order of the southern heavens. It is also part of the Qingxue family. This time our Qingxue family's warship has entered the port long ago A declaration was made, and even when the Zhuge family indicated that they would conduct a careful investigation, they also agreed to the people from the City Lord's Mansion to enter the investigation, but the Zhuge family insisted on investigating me.

The battleship of the Qingxue family. I have to wonder what purpose they have. "Also, when I heard this Zhuge family was fighting, their Zhuge family aimed at our Qingxue family, they wanted to dominate the southern heaven, and they also called the leader of the city lord mansion a dog in the city lord mansion. The government should also be left to them

In charge, I don't think our Qingxue family needs to explain anymore, right? This matter was entirely deliberately chosen by the Zhuge family. I now ask the Lord Tyrant to seek justice for the innocent forces in Nandou City. "

Upon hearing this, City Lord Baqi's expression was extremely ugly.

Naturally, he also inquired about these contents, and someone would tell him the first time. This is also the reason why he was very dissatisfied with Zhuge's family. Zhuge's family wanted to dominate the Southern Heaven Realm, but he should not make trouble in Nandou City.

Zhuge's face was stern: "We have investigated this matter. This is not what our Zhuge family said. No one in our Zhuge family has said that." Uncle Ming suddenly sneered: "Yes, it's not your Zhuge. The people of the aristocratic family said that even those other forces who were killed by you because they blocked your Zhuge aristocratic family were not killed by you. They were looking for death by themselves and attacked Xiang Qing.

The power of fate of the leader Mu was not intentional by the Zhuge family, it might be that they hit your attack. "Uncle Ming's words immediately made the people of other forces on the field very angry. No matter what, the Zhuge family killed a lot of people from other forces. It was true that they did not take them in their eyes at all, and even attacked the law enforcement team of the City Lord's Mansion. , Also everyone kisses

Seeing.

Zhuge Crazy had an ugly face. The scene was chaotic and he didn't know what was going on. But he had asked every member of the Zhuge family. Indeed, no one had said those things. Could the person who spoke it be dead?

However, Zhuge Madness also knew that the crux of the problem was not at all whether the Zhuge family had said this.

Faced with the raging situation of both parties, City Master Tyrant Baqi was also extremely cold in his heart, but in the face of the two major forces, he did not show it, just said: "Since the matter has been explained clearly, let both parties express their opinions. "

Zhuge said in a cold voice: "My Zhuge family's request is very simple. I ask the Qingxue family to surrender the murderer who killed my Zhuge family's elders, and let our Zhuge family investigate whether there is any collusion with the demons."

Everyone sneered, because everyone knew that the Qingxue family would definitely not agree.

This Tyrant City Lord didn't comment, but just nodded and said, "Qingxue family thinks what the elder Zhuge Crazy wants?"

Uncle Ming sneered: "He was dreaming. The Zhuge family jumped up and down like this. I now suspect that they are the ones who colluded with the demons. It's better to check them out first."

City Lord Baqi nodded and continued: "What does the Qingxue family want?" Qingxue Silan immediately said: "We ask Zhuge's family to apologize to our Qingxue family and compensate us for what they did. For all the losses, the most important thing is to apologize to all the major forces who were injured. Nandou City is the Southern Dou City of the Southern Heaven Realm. It belongs to all the forces in the Southern Heaven Realm, not one force."

[Chapter 3496: Peace treatment](#)

City Lord Baqi glanced at Qingxue Silan in surprise, saying that the second young lady of Qingxue's family was very simple, but now she seemed to be quite talkative. He nodded and said crazy to Zhuge: "The family of Zhuge said to Qingxue. What do you think of the family's requirements?"

"Apologize, he was dreaming, and our Zhuge family will not apologize." Zhuge sneered wildly.

"well."

City Lord Baqi slapped his palms and said, "Look, isn't this good? If there is any conflict, just say, why bother with swords and guns? Look, everyone understands their requirements. That's how it was solved."

"what?"

Everyone thought that their ears had misheard, so this thing was solved? The demands of both sides have not yet been met, and the words of Lord Tyrant made everyone present a little dazed.

Zhuge frowned and said solemnly, "City Lord Baqi, what do you mean by this? When did we agree to a settlement?"

"So? Does the Zhuge family disagree with the settlement?"

City Lord Tyrant stood up suddenly, his eyes burst out with cold light, and a force like a vast ocean swept out in an instant, and said coldly: "Come here, bring all the disciples of the Zhuge family into the prison of Nandou City. Go in."

His voice fell, and a terrifying force instantly suppressed everyone in the Zhuge family.

"City Lord Tyrant, what are you doing?" Zhuge shouted frantically.

"What do you do? The Zhuge family did not agree to reconciliation. Naturally, the city lord must investigate the matter clearly. Your Zhuge family slaughtered in Nandou City, causing huge losses in Nandou City and the fall of countless innocent people. As the Celestial Alliance, the city lord sent to Nandou. The city lord, naturally, wants to maintain the order of Nandou City, so he troubled the Zhuge family to feel wronged, and put it on for a period of time in the prison, so that the city lord can investigate the truth carefully."

"you....."

Zhuge's color changed madly, but his voice hadn't fallen yet. City Lord Tyrant had stepped forward and came to him. In the eyes of endless rules, with a palpable divine light, Zhuge's words were suddenly mad. It's stuck in the body.

"I don't know if the Zhuge family still has any objections, do they agree to reconciliation?" City Lord Baqi said coldly.

Zhuge mad suddenly stopped talking, and looked at the eagle bird with anger. He could see that City Lord Tyrant could really do such a thing.

"We... have no objection."

"So what about the Qingxue family?"

"We have no objections!"

Qingxueming said, he also knew that he would accept it as soon as he saw it. Anyway, the four elders of the Zhuge family had died, which was much greater than their loss.

City Lord Ba Yun instantly turned up with a happy face, and sat down again, "Look, isn't this great? Everyone can understand each other. Your two great families are both top powers in the Southern Heaven Realm, so naturally you must be the power of the Southern Heaven Realm. Let us set an example and hope that both parties will not make ups and downs in Nandou City in the future. At the same time, in view of the damage caused by both sides to Nandou City, each of you needs to pay 50 middle-grade holy veins as compensation for the damage to the Nandou City port. "

"As for the other forces participating in the battle, I won't be punished this time. I will go back and reflect. From now on, the city lord does not want to see this large-scale fight in Nandou City. Otherwise, he will be severely punished, no matter what force he comes from. This city owner will be merciless."

City Lord Tyrant's body was chilly, and he said to the other forces present: "Do you have any objections?"

"Am I waiting."

Where these ordinary forces dared to object, they all said one after another.

When Qin Chen walked out of the meeting room of the City Lord's Mansion, he was still a little speechless. This Tyrant City Lord looked so serious, he was actually a gentleman, and also, for him, as long as the Zhuge Family and the Qingxue Family were no longer in Nandou City. It's okay to make trouble. Whether the two sides really reconcile, for the Lord Tyrant, this is not something he wants to care about.

The only thing he cares about is that this kind of large-scale fighting will not happen again in Nandou City.

"Qing Xueming, our Zhuge family won't let this matter go. I heard that your ancestors of the Qingxue family haven't appeared for many years, right? You should be sitting down?"

At the gate of the city lord's mansion, the Zhuge family were waiting there, looking at Qingxue Silan and his party with cold eyes: "Sooner or later, our Zhuge family will come to your Qingxue family as a guest, and I'm afraid that your Qingxue family's The mountain gate cannot hold back the arrival of our Zhuge family."

There is no need for Qing Xueming to speak this time, Qing Xue Silan already coldly snorted: "Welcome to Zhuge family, but it is best to bring the coffin when you come, our Qingxue family will not prepare for you."

"The second young lady of the Qingxue family all said they were simple and cute. I didn't expect that the tone was so big today. Let's go."

Zhuge let out a cold snort, turned and left.

The Qingxue family also quickly turned and left.

The group soon returned to the residence of the Qingxue family in Nandou City.

"Master, thanks to you this time." After returning to the station, Qingxue Silan said respectfully to Qin Chen.

"Thanks for what we did, we didn't do anything this time." Qin Chen said with a smile.

Qing Xueming didn't say anything, but respectfully said: "Brother Chen Qing, what you have done is actually known to us. You are the great benefactor of our Qingxue family."

When Qing Xueming was fighting before, he couldn't understand why they were obviously in a weak position, but they didn't lose much. However, Zhuge's family had fallen to the four elder masters. He thought a lot along the way and thought of Qin Chenrang. They followed the things that they avoided together, but they were sure in their hearts, this was definitely Qin Chen's secret action.

Otherwise, it is impossible to explain some of what happened before.

Although I don't know why Qin Chen did this, Qing Xueming is still grateful. After all, his opponent is the Zhuge family, not the void bandits. By doing this, Qin Chen completely tied him and their Qingxue family together. Heaven offends the Zhuge family, not to mention that it is difficult to move, and it is bound to be extremely dangerous.

Qing Xueming and the others didn't know that Qin Chen himself had enemies with Zhuge's family.

Seeing that Qingxue Silan called Master Qin Chen, the two elders stationed in the Qingxue family in Nandou City were shocked. Later, after learning that Qin Chen had rescued Qingxue Silan and the others in the Void Tide Sea, they couldn't help but feel grateful.

Next, Qingxue Silan and the others negotiated at the resident. Although they won this battle, with the temper of the Zhuge family, they would definitely not give up. They would definitely ask the top experts in the clan for assistance to attack them. , If so, it would be very dangerous for them to stay in Nandou City. After all, they were traveling outside this time, going to the West Heaven Realm for business, and needed the first time to send the goods back to the clan.

[Chapter 3497: Zhuge Tuyang](#)

Soon, the agreement between the two parties was completed. I will make some rectifications here. After replenishing the supplies for the battleship, immediately set off secretly to the ancestral home of the Qingxue family. As for the wounded, they can rest on the battleship to prevent the Zhuge family from mobilizing top masters. Against them.

Several hours later, Qin Chen and the others quickly boarded the battleship, opened a secret passage, and left Nandou City.

As soon as the battleship of the Qingxue family left Nandou City, this news had quietly delivered to the resident of the Zhuge family in Nandou City.

"Elder Zhuge Madness, you are right. The Qingxue family hardly rested, but after supplementing some supplies, they left Nandou City for the first time." A spy from the Zhuge family reported back.

In the resident, Zhuge Mad and the elders of the surviving Zhuge family showed a sneer, "So eager to run, it seems that the Qingxue family does not have a master here, too, the ancestor of the Qingxue family has not appeared for tens of thousands of years. Maybe it's not necessarily because we've been sitting down a long time ago. We've been shrinking our power over the years. And this time our Zhuge family has put a lot of energy on the border of the southern sky, and the Qingxue family also knows that naturally they dare not head-on with us. But if they think they can escape our palms like this, it would be too whimsical."

"Huh." An elder beside Zhuge Madness sneered: "The Qingxue family also didn't want to think about how our Zhuge family established a foothold in the Southern Heaven Realm. In front of our Zhuge family, if we want to be unaware of it, why? may?"

"Let's go, let's follow right now, waited out of Nandou City and found a hidden place, and directly killed all the members of the Qingxue family, leaving none of them. When the time comes, we will destroy the corpses. Who knows that we moved? Hand?"

"This celestial turmoil is an opportunity for the rise of our Zhuge family. The first step is to attack the Qingxue family who dare to challenge our Zhuge family."

The powerhouses of the Zhuge family were all murderous. In the previous battle, they were extremely aggrieved, and they all wanted to kill.

"Don't worry, in the previous battle, my Zhuge family clearly had the upper hand, but the four elders fell inexplicably, and I always felt something was wrong."

Zhuge squinted his eyes madly. Others said he was crazy. He was just brave and arrogant, but he was not a brash man. He always felt that something was wrong in the previous battle.

"What do you mean? The Zhuge family hides the master?" The other Zhuge family elders were also shocked, feeling vigilant in their hearts, because they also felt suspicious and weird. It was obviously that they had the upper hand in the battle. Later, they were inexplicable. It suffered a big loss.

"The specifics are not known, but I might as well, I have passed the matter here back to the family. It happened that the elder Zhuge Tuyang was near Nandou City and was in charge of the affairs of the entire Nandou City border. He has arrived at the news. The elder is here, no matter what the Qingxue aristocratic family has, there is no escape."

Zhuge said crazy Senhan.

Hearing that, the faces of the other people present showed a hideous look. The elder Zhuge Tuyang all understood that the seniority was even higher than the current Patriarch Zhuge Yao. He was one of the top masters of the Zhuge family, the pinnacle saint master. The strong, the old antique.

This time when the ancestor spoke, all the strong of the Zhuge family came out, otherwise these old antiques would still be in retreat in the depths of time and space. With the elder Zhuge Tuyang, then they are all at ease, as long as they are not from the Qingxue family. Even if the Patriarch of the Qingxue family is here, the ancestors of the ancestors can turn around and even retreat.

"Go, let's follow up first, hang the battleship of the Qingxue family, and wait for the elder Zhuge Tuyang to come."

Whoosh whoosh!

After a while, in the residence of Zhuge Family, Zhuge Madness and a few elder powerhouses quietly preyed, left Nandou City, hidden into the void, and followed the past.

City Lord's Mansion.

In the endless depths of time and space, City Lord Tyrant was closing his eyes and restoring his mind, and his body was surging with terrible rules. The force of these rules, like chains, surrounds his body, exuding mighty power.

Suddenly, a figure appeared in this space and time. It was the deputy city lord of Nandou City, smiling at the city lord Baqi: "City lord Baqi, as you expected, the Qingxue family members are not in Nandou City. Staying, but leaving Nandou City for the first time. Following that, the members of the Zhuge family were also dispatched, seemingly following the Qingxue family."

"Oh?"

Ba Qi opened his eyes, his pupils seemed to be destroyed by the scorching sun and the stars were exploding.

"Hmph, these aristocratic families in the Southern Heaven Realm are so outrageous, when is this? The Demon Race Demon Venerable has already broken into the Void Tide Sea, and they are still fighting in secret, want to be the number one in the Southern Heaven Realm. , Our human race is really a race in a nest."

Tyrant's voice was cold, with a deep dissatisfaction: "Especially the Zhuge family, these days they behaved in Nandou City and made Nandou City smug."

"City Lord Tyrant, what should I do when I wait? Do you want to notify the boss to prevent their internal friction?" The city master frowned.

"Stop it? Can you stop it?" Ba Qi snorted, "This Zhuge family was an outcast of the Tianji Sect in ancient times. Later, the Tianji Sect committed a secret secret for the future of the human race, and finally destroyed it completely. He sacrificed himself for the future. The human race has given everything. Look at what this Zhuge family has done? No wonder they will become the abandoned disciples of the Tianji Sect. At this time, they are still in the nest. This Zhuge family wants to return to the family and rebuild the Tianji Sect. In my opinion, wanting to be one of the top forces in the human race is a wishful thinking."

"Then let them fight?"

"Then what can you do? Since this Zhuge family wants to be the number one in the Southern Heaven Realm, let him do it well, but I think that with the mind of this Zhuge family, he can't become the second Heavenly Secret Sect in this life."

Ba Qi snorted coldly, squinted his eyes and said: "The superiors have already given orders. The actions of the Zhuge family these days are really a bit weird. Before, the senior officials of the Star God Palace, Dayu Shenshan and Tiangong had visited the Zhuge family and asked Zhuge The ancestors of the aristocratic family calculated the secrets of Xuhai, but they returned without success, but the above suspected that the ancestors of Zhuge had already calculated something, so these days they would have such a move."

"The above request, let us stare at the Zhuge family, so I must sit here, but you can follow up and take a look to see what the Zhuge family is doing? If there is any weird behavior, be sure to report it as soon as possible. ." Tyrant said.

"Well, then I'll take a hard time."

This city lord chuckled, his figure shook, and suddenly disappeared into the void.

[Chapter 3498: Kill](#)

In the endless void, the battleship of the Qingxue family is flying quickly across the sky.

Nandou City is very far away from the ancestral land of the Qingxue family. It can be regarded as crossing countless celestial realms, even more vast than the eastern celestial realm.

But fortunately, the difference between the Southern Heaven Realm and the Eastern Heaven Realm is that all the major celestial realms in the Southern Heaven Realm have teleportation arrays, which can easily span many areas, so it will take about a month to reach the ancestral land of the Qingxue Family.

Although everyone had left Nandou City, they were still very vigilant, because they knew that the Zhuge family would never let it go. Once they had the opportunity, they would definitely counterattack.

fast! fast! fast!

The warship traversed the void and shuttled crazily in order to avoid the Zhuge family's pursuit, but Qing Xueming and the others knew that the Zhuge family possessed the art of fate, and it was really difficult to escape it if they wanted to track them down.

Therefore, the Qingxue family members are worried along the way.

"Master, I'm sorry, I didn't allow you to take a good stroll around Nandou City, so I left in a hurry." On the battleship, Qingxue Silan said disappointedly. She also wanted to take Qin Chen around Nandou City. It was destroyed.

"Silly girl, what are you afraid of? Are you afraid that Nandou City won't have a chance to visit in the future?" Qin Chen smiled and touched Qingxue Silan's head.

Qingxue Silan lowered her head shyly, unexpectedly Qin Chen would touch her head, her face looked like a ripe red apple, blushing, and the roots of her ears were red.

Uncle Ming and Uncle Bing on the side watched their noses and minds. They stopped talking, and were surprised. The second lady was not unhappy at all. You must know that except for the eldest, anyone met the second lady before. The second lady will be very unhappy.

"Dust, Silan is a big girl. If you touch people's head like this, you are not afraid that they will be embarrassed. You see that Silan's face is red." You Qianxue reminded from the side.

"No, Sister Mengxue, as long as the master likes it, I'll be fine..." Qingxue Silan blurted out, feeling that Qin Chen was electrocuted by touching her head. The action was so intimate that she had something indescribable. It felt like a little deer was jumping in her heart. She had never felt this way before, and she herself didn't know why it was like this.

I remember that anyone touched her before, she was very uncomfortable, but Qin Chen touched her head, but she was extremely relieved, as if there was a kind of safety and dependence.

It's just that as soon as she said this, her face suddenly became more feverish, and her face was red.

"Oh?"

Qin Chen was also stunned. He saw Qingxue Silan as a child, very cute, and couldn't help touching her head. It wasn't that he had any thoughts. Seeing Qingxue Silan's face flushed, he couldn't help taking it back. Hand, that's right, Qingxue Silan is also a big girl, not a child, nor is there Su Xiaoxiao, it seems not very good to be touched by him like this.

"Brother Chen Qing, I have to tell you something. We killed so many elders of the Zhuge family in Nandou. The Zhuge family will never let go. I suspect that the other party will follow us secretly and kill

us, so Our path may be unsafe. Although we have sent the news back to the family, our Qingxue family did not deploy much power near Nandou City. I am afraid..."

Uncle Ming looked a little embarrassed at the atmosphere, and hurriedly spoke.

"Yes, Brother Chen, everyone, for the sake of safety, if you want to leave the battleship of our Qingxue family, it's okay. After all, this matter has nothing to do with you. I have discussed with Elder Ming. , We will pass by some rare places, if you want to leave, you can leave halfway, so that it will not be noticeable."

As Uncle Bing said, he raised his hand and took out a jade slip, "There is a map of the Southern Heaven Realm surveyed and drawn by the Qingxue Family, and some precautions. It must be much more complete than the map of the outer realm. Several people should use it in the Southern Heaven Realm. Yes, as for how many help us..."

Uncle Bing smiled bitterly: "Although we have a lot of scarce good things on this warship, they are all the goods of our Qingxue family, and with the strength of Chen Qing brother, I am afraid that there is no special thing that can be seen. Brother Qingxue came to our Qingxue family, our Qingxue family will surely welcome each other and give us enough reward."

Qin Chen glanced at the jade slip, and it turned out that there was a big map of Southern Heaven Realm inside. He smiled and put it away.

A trace of loss flashed in the eyes of Qingxue Silan on the side, and she murmured: "Master, this time I have offended Zhuge's family. I'm afraid I can't take you back to our family's ancestors. But when we return to Qingxue's family, you must To come to the ancestral land to find us, the locations are marked on this map."

Qin Chen smiled and said, "Did you drive away so soon?"

"No." Qingxue Silan hurriedly waved.

Qin Chen laughed: "Since you know and know the danger, how can I rest assured to let you go."

"Master, aren't you leaving?" Qingxue Silan's eyes widened, and Uncle Ming and Uncle Bing were also taken aback. They had already made it clear the seriousness of the problem. Qin Chen and the others wanted to stay?

"When did I say I was leaving?" Qin Chen smiled lightly.

"But the Zhuge family..."

"If the members of the Zhuge family dared to come, it would happen that they will come back and forth again." Qin Chen squinted his eyes, exuding a faint cold light.

Qin Chen was not afraid of the masters of the Zhuge family coming, but was afraid that the masters of the Zhuge family would not come.

Because before he came to the Southern Heaven Realm, he had also investigated, and when he was in the void market, he had also inquired about, and even accidentally asked Ming Shu and Qingxue Silan about their information about the Tongtian sword pavilion and the Ji family.

What surprised Qin Chen was that they didn't even know any information about Tongtian Jiange and Ji's family.

But Qin Chen knew very well that the Tongtian Sword Pavilion was indeed located in the Southern Heaven Realm in ancient times, and when the people of the Ji family took Wuxue away, they also told the people in Guanghan Palace that they would return to the Southern Heaven Realm. The power is definitely in the Southern Heaven Realm.

It's just that the heavens are turbulent. After billions of years of vicissitudes, the news of these two forces has disappeared. If you want to find the Heavenly Sword Pavilion and the Ji family, it is useless to rely on chaos, only the Qingxue family and the Zhuge family can stand upright. Only the top forces in the Southern Heaven Realm for countless years can have some intelligence.

This is the reason why Qin Chen went to the Qingxue family. Qingxue Silan didn't know it, but the Qingxue family had an ancestor who had survived countless thousands of years. If he was still alive, he would definitely know something.

Or, Zhuge's family, as a destiny family, controls destiny, has an ancient history, and maybe knows something.

"Ok?"

And at this moment, Qin Chen frowned, and in his perception, a tyrannical fate aura emerged faintly, following behind their battleship with a strong killing intent.

[Chapter 3499: Jade bone ice muscle](#)

"It really came."

Qin Chen quietly sketched a sneer at the corner of his mouth. He was not easy to be exposed in Nandou City before, but what is he afraid of in this barren mountain?

Just what you think, what you come.

Qin Chen actually had a hint of excitement in his heart. Zhuge Madness must not dare to come alone. Since he dared to appear now, there must be foreign aid, most likely to be the top master of Zhuge's family, then the other party knows the news of Ji family and Tongtian sword pavilion. The probability is naturally greatly improved.

Qingqiu Ziyi also frowned suddenly and felt a faint power following them. She used to be a half-step Venerable Realm, a master who impacted the Venerable. Although her cultivation level has fallen, her perception of heaven and crisis remains So, I also vaguely felt a little uncomfortable in my heart.

This is the feeling in the dark.

"Uncle Ming, Si Lan, you are driving the warship to continue forward, looking for a remote place, we have to go out, you don't have to wait for us, we will catch up soon." Qin Chen suddenly smiled. Facing the sword king Muzhi Feng said: "You stay here."

With Qin Chen's current strength, he really wants to fight, the power of the sword king Mu Zhifeng is nothing, and it is easy to connect with each other if he stays here.

"Go out?" Qingxue Silan asked in confusion.

Uncle Ming and Uncle Bing constricted their eyes, "Brother Chen Qing? Did the Zhuge family follow?"

"Yes, the Zhuge family is already behind." Qin Chen smiled.

"Master, you are going to deal with the Zhuge family by yourself? That won't work." Qingxue Silan immediately became anxious. "You don't know the power of Zhuge family. Since they followed up, they must be prepared. You are like this..."

Qin Chen touched Qingxue Silan's head and said, "Don't worry, there will be nothing wrong with being a teacher, Uncle Ming, I'll leave it to you, Mr. Mu, you stay here and guard the battleship of the Qingxue family. "

"Yes."

The sword king Mu Zhifeng respectfully said, he is not worried about Qin Chen's safety at all, the young master can even escape the chase of the demon clan demon, what is a strong man in the Zhuge family?

Whoosh whoosh!

Without waiting for Qingxue Silan and the others to say anything, Qin Chen quickly left the battleship with Qingqiu Ziyi and You Qianxue, hiding in the void.

On the battleship, Qingxue Silan looked worried, "Master, there is no danger in this way, right?"

Uncle Ming and Uncle Bing were also very moved. They never thought that Qin Chen and the others would face the masters of Zhuge's family alone for their Qingxue family. They all felt immensely admired and grateful for their minds.

"Hey, Miss Silan, don't worry, Master will be fine with him."

The sword king Mu Zhifeng laughed, looking very calm.

In the endless void, after Qin Chen left with Qingqiu Ziyi and the others, they quietly hid in the void. After a while, he saw a stream of light flying in the distance, and these people were surging with a terrible ocean. Power, exuding a palpitating breath, the power of destiny surging, giving people a strong sense of deterrence.

Among these people, a strong man covered in blood and blood, like a scorching sun, is surrounded by the middle, his eyes are like thunder, endless rules surround him, and the heavens are perfectly integrated, as if He is the Way of Heaven, and the Way of Heaven is him.

Qin Chen could see clearly that in the endless void behind this person, there was a ray of scorching sun floating, vast and boundless.

Beside him, there was a group of top masters surrounded by the power of destiny, and the Zhuge madness that Qin Chen and the others had seen before was among them.

"The strong man surrounded by the scorching sun should be the pinnacle of the Zhuge family." Qingqiu Ziyi said with squinting eyes.

"Well, I feel the strong power of destiny. This person is a top expert, stronger than the peak holy master of the Nakonghai clan. After all, the destiny of the Zhuge family is extremely powerful and impermanent, and ordinary people cannot resist. ."

Qin Chen knows the power of the way of fate very well. He is the master of the rules of fate, but he is just the way of fate of the plundered Zhuge Xu. Under the deduction of the book of origin, he has mastered the rules of fate, but he is immersed in the rules of fate. It hasn't been many years since.

But this Zhuge family is different. For countless tens of thousands of years, the Zhuge family has been the master of destiny. They must have mastered many powerful tricks of destiny, and there are many unpredictable magical wonders.

Especially the destiny technique, able to see through the future and the past, Qin Chen wants to make a move, he must be extremely careful and calculate everything so as not to be discovered.

Although the void here is very secretive, it is still unsuitable for hands-on, so Qin Chen, You Qianxue, and Qingqiu Ziyi concealed their bodies and did not send out any killing intent to avoid being discovered.

This member of the Zhuge family followed the Qingxue family's battleship, hiding his figure, gazing around, very vigilant, but fortunately he did not find Qin Chen and others.

"Elder Zhuge Tuyang, you finally came here. This time the Qingxue family was too arrogant and killed many of our elders. It's totally unreasonable. I have to wait, so I asked the elder Tuyang to come personally."

"Yeah, this time, the Qingxue family doesn't know what's going on? There are obviously only Qingxueming and a few other guys, but it makes us so embarrassed. It's really evil."

"I heard that the second young lady of the Qingxue family left the southern world with the caravan this time because the eldest lady of the Qingxue family was seriously injured and was looking for healing treasures. If the second young lady is allowed to return to the Qingxue family, yes The interests of our Zhuge family do not match, so we must take them down."

"Hmph, this time the ancestor asked us to guard the southern heaven realm, because the ancestor calculated the traces of the man in the void and stayed here to wait for the rabbit. If you do this, if you destroy the ancestor's plan, see how you explain to the ancestor. ." Zhuge Tu Yang snorted coldly.

"Isn't there Elder Tuyang you there?" Zhuge smiled frantically: "With your strength, the elder Tuyang, capture the Qingxue family and take away their treasures. It is also considered to be a part of our Zhuge family. Enemy, the ancestor is too happy to be happy."

"Tai Shang elder, you are very talented, and you will surely become a venerable figure in the future. Maybe you will also become the ancestor of my Zhuge family in the future." An elder began to flatter.

"Elder Tai, this time we are targeting the Qingxue family. I heard that the second young lady of the Qingxue family is innocent and romantic. She is the jewel in the hands of the Qingxue family. The country is beautiful, and she is born with jade bones and ice muscles. I don't know if the ancestors are interested. Enjoy it, and replenish her jade bone and ice muscle body, which is of great benefit to cultivation."

An elder laughed lewdly.

[Chapter 3500: Sorrowful](#)

"Of course, the body of jade bone and ice muscle is also a rare physique. Among women, there are many physiques. There are no less than countless women that the old man has played with. There are all kinds of beautiful, shy, stray, all kinds of passion. Body, body of spiritual water, each of these women has its own taste, but like a young chicken like this, I have never tasted it before. This time I just taste it. This kind of woman, playing with it, must struggle desperately. That's cool."

Zhuge Tu Yang grinned and shook his big hand, as if to grasp absolute power in his hand, "The second young lady of Qingxue's family can't escape my palm."

"Then congratulations to the elder, and be the groom again."

"Haha."

A group of people laughed grinningly.

"Damn it!" Qin Chen heard everything into his ears, and his murderous intent came to life. "This elder Tu Yang is simply a beast. He is really looking for death. If you don't kill him today, you will not be a man."

Qin Chenhan said.

"Master, do you want us to do it now?"

Qingqiu Ziyi said murderously from the side, and You Qianxue also had cold eyes. This kind of beast is a waste of food to stay.

This time, if they weren't there, the members of the Qingxue family would be really dangerous, and Qingxue Silan would not be able to escape the clutches of the devil.

Qingxue Silan, a naturally beautiful woman with pure romance and jade bone and ice muscle, is the dream of countless men, especially for this kind of old stuff.

The Zhuge family is the top family in the Southern Heaven Realm, with great power in hand, invincible strength, lawlessness, and can do anything.

"It's not possible here, it's not secret enough. Have you seen that the master of the Zhuge family has tracked the Qingxue family's battleship, but has not done anything, you know why? Because this is not a perfect location, they are looking for a secret In the land, the killer suddenly came down, unconsciously, just in time, we quietly followed, and when they took action, it was also a good time for us to take action."

Qin Chen followed them quietly.

Not long after, everyone came to a chaotic void.

There are patches of pitch-black sacred mountain floating void here, which is the junction between several heavenly regions of the Southern Heaven Realm, and there are turbulent voids everywhere.

In the sacred mountain, fierce soaring to the sky, an astonishing black aura surged like a Jedi.

Here, the people in the Southern Heaven Realm say that the ghost sees the sorrow, which is very sinister, but it is the main traffic route of the Southern Heaven Realm. Crossing here can save a lot of time. However, most of the Southern Heaven Realm forces dare not go from here. So it's off the beaten track here.

But now, it has become an excellent location for ambush.

"This is a good place. I never thought that the Qingxue family would dare to go to a place like ghosts and sorrows in order to escape me. It's really a dead end. Fortunately, they have found a perfect burial for themselves. The land." Zhuge Tu Yang said grimly.

"Too elder, then shall we follow it up."

"Follow up, naturally follow up. This is their place of burial." Zhuge Tu Yang sneered and quickly flew up.

"Dust, the members of Zhuge's family seem to be about to do something, what shall we do?" You Qianxue and the others are always staring at Zhuge Tuyang's group closely.

"Go, we also shot, rushed in front of them, and intercepted halfway."

Qin Chen flickered fiercely, "But we have to pretend to be, the Zhuge family's destiny technique can predict the past and the future, and must be disguised, otherwise after these people fall, the Zhuge family's people will definitely conduct investigations, if it is traced back to us It's in trouble."

"How to pretend?"

"Naturally pretending to be another race."

Qin Chen suddenly operated the Nine Star God Emperor Art, his body changed his breath, and the book of the origin of his body evolved the original strength of the Konghai clan that he had previously absorbed, turning himself into the Konghai Clan Desert Blue appearance, and he also had a trident in his hand. The power of evil spirits permeated his body.

In an instant, he swaggered, like a killer of the Kukai clan, with murderous aura.

"Master, your changing technique..."

Qingqiu Ziyi looked stunned.

Seeing that Qin Chen instantly became a master of the Konghai clan, if they hadn't witnessed it with their own eyes, they would have thought that Qin Chen was really the master of the Konghai clan, at least the aura on his body was very similar, almost exactly the same.

At their level of strength, everyone knows the art of change, but in fact it is a tasteless one, because the more you practice to a high level, the less you can change your temperament. How a master can change, the core is there.

"My art of change can evolve its origin, huh, most people don't want to see it."

Qin Chen smiled and said, he has the book of origin, as long as it is the civilization in the book of origin, he can evolve, and it is very similar, and there is no clue.

"Qingqiu Ziyi, you can also disguise it. As for Qianxue, you need to display the Supreme Inheritance. With your Supreme Inheritance, Zhuge Family's destiny technique, you can't find out your true identity."

You Qianxue's supreme lunar glaze inheritance is extremely terrifying. Once it is displayed, it will be difficult to search for even the Zhuge family's destiny skills.

"it is good!"

During the conversation, You Qianxue and Qingqiu Ziyi changed instantly, their appearance changed slightly, and the aura on their bodies instantly became completely different.

"go!"

The three of them changed and flew quickly, Qin Chen, like electricity, followed closely.

Rumble!

The void is vast, and among the countless ancient sacred mountains, a black river flows, with infinite water vapor rising into the sky, the black mist is permeated, and it is endless.

"Elder Zhuge Tuyang, the battleship of the Qingxue family is just above the ghost river. This ghost river is a natural danger for ghosts and sorrows. The dark fog is so hard to get through. It contains millions of things. Space debris, natural formations, countless void monsters, ordinary people don't dare to enter, it is the best place to ambush."

A group of people from the Zhuge family reached the ghost river, looked at the depths, and stopped.

In the distance, the battleship of the Qingxue family is looming, and they have been tracked up.

"Okay, just start in this ghost river and kill all the members of the Qingxue family. The males are refined into nothingness, and the females play well and become female slaves!"

Zhuge Tuyang grinned and put one hand out, centering on himself, the river with a radius of thousands of miles suddenly shook, and countless black mist flickered, and many of the corpses of the void monsters floated and turned into blood mist.

"Elder Tu Yang is mighty, invincible from heaven to earth."

Zhuge Feng and others exclaimed, Guihe is vast and mysterious, even if their cultivation level, they can't show this hand.

"Really? Heaven and earth, invincible, so big..."

Suddenly, in the ghost river, a voice came out, and then a man from the Kukai tribe wearing a black robe and holding a trident slowly walked out, while on the other two sides, two were dimly formed, exuding monsters and strangeness. The woman of great strength walked out slowly.
