

## Valkyrie 3501

### [Chapter 3501: Pry into the origin of destiny](#)

Zhuge Tuyang, Zhuge Feng and other masters of the Zhuge family were all taken aback, and then looked at the visitors.

"A master of the Kukai clan?"

A master master of the Zhuge family frowned: "You are Molan in the Void Tide Sea? No, we have received the news, are you dead? The family has sent a master to the Void Bazaar to confirm this news and is investigating your cause of death. , Why are you here?"

The Konghai Clan Molan, who was beheaded by Qin Chen, had been living in the void market near the Southern Heaven Realm. Naturally, there was a big name in this area. The Zhuge family wanted to take charge of the Southern Heaven Realm and look for Qin Chen's whereabouts. The masters in the void tide sea naturally have some understanding.

Therefore, as soon as Qin Chen appeared in Molan's posture, he immediately surprised the masters of the Zhuge family.

How is this going?

How could a person who was clearly dead appear here?

Zhuge Tuyang's eyes condensed, and he said coldly, "Are you deliberately feigning death? What is the purpose of your Konghai clan when you enter the Southern Heaven Realm quietly?"

"Yes, I am Molan. As for the news of my fall, it was just a game deliberately set by my Konghai clan. As for my purpose of quietly entering the Southern Heaven Realm, I don't need to know it. I heard that your Zhuge family is the top power in the Southern Heaven Realm. , Just so, killing you will help our Konghai clan operations."

The master of the Konghai clan that Qin Chen turned into laughed haha: "The \*\*\*\* of the Zhuge family, you will be caught obediently. You people in the Zhuge family have always claimed to be the sons of destiny. How can you not figure out that you are going to die here today? For your sake, kneel down, and I will at most abolish your cultivation skills, and I won't embarrass you."

"After abolishing the Zhuge family's cultivation base, I just want to see what the legendary destiny is."

The demon girl that Qingqiu Ziyi transformed into also laughed lazily, her temperament has also changed, and no one can tell the clue.

As for You Qianxue, shrouded in the mist, the ethereal ethereal body revolves, and the soul transforms into the glass \*\*\*\* lotus, which is extremely mysterious.

"Hmph, a guy from the Konghai clan is talking nonsense here. Three mysterious people appear here, and there must be secrets on them, or if you kill you, you can learn the secrets on you."

Zhuge Tuyang's divine mind moved, and with strong suspicion about the appearance of the three Qin Chen, his consciousness passed out and instantly fell into the minds of other masters such as Zhuge

Feng, "These three people appeared extremely strange. I suspect there is a conspiracy, listen to my orders, and directly shoot together, capture the Konghai tribe, and search for the truth."

Zhuge Feng and other masters, all of whom have experienced a hundred battles, have experienced too many battles, besides, this is the Southern Heaven Realm, facing the Qin Chen trio, they are not nervous at all, because none of them alone is not easy to match. , Not to mention so many people gathered together.

Especially the elder Zhuge Tuyang, the top powerhouse of the family, and the general peak holy master is not an opponent at all.

"kill!"

Zhuge Tuyang's body soared. Behind him, Zhuge Feng waited for six elder masters of the Zhuge family, all turned into a ball of fate-like impermanence, burst out the power of fate that shocked the sky, and practiced a The big formation killed Xiang Qin Chen.

This was a sudden attack, and the thunder could not cover the ears.

This destiny array, assisted by Zhuge Feng and other elders of the Zhuge family, is like a six-pointed star. In the center, Zhuge Tuyang turns into a destiny angry dragon, entrenched in the deepest core, suppressing the eyes. .

In the face of the Qin Chen trio who suddenly appeared, Zhuge Tuyang and the others seemed to be disdainful, but in fact they used all their strength.

In the sky, the power of destiny like big stars fell down, and they all turned into dragons of destiny. The dragons were flying and the river was mighty, showing a scene where hundreds of horses were fighting for the flow. This big formation was shocked. In the meantime, you can kill the late Saint Lord at will, and seriously injure the Peak Saint Lord, effortlessly.

It takes almost no time for the large formation to operate, and it will kill Qin Chen.

Behind Zhuge Tu Yang's huge body, a terrifying aura of fate appeared, his eyes turned dark and ferocious, and the aura in his body climbed up, as if it was about to change at any time.

"The three of you guys are dead today. I don't know where I got the news. You want to kill me and wait. I really think that people from the Zhuge family are so easy to deal with? How naive!"

Powerful spirits swept one side.

Hum!

At this moment, time seemed to have stopped, and a dazzling light burst out from the trident in Qin Chen's hand. A terrifying field filled out in his body, a rule of space, which evolved into a special field of the Konghai clan. At the same time, the power of the sky patching technique is permeating the trident.

Although Qin Chen urged the rules of space, the supernatural powers of heaven and earth, and even the power of formation, the power of origin, but under the cover of the sky patching technique, he changed at will. From the perspective of outsiders, he could not recognize what this was. power.

Whoops whoops!

In the trident, countless streamers burst out, and the light flickered. The lingering destiny power array was instantly pierced by these forces, the Saint Yuan was torn apart, and the void was penetrated by the terrible sky-filling technique. Over the ghost river, countless black water was thrown, causing a terrifying tsunami.

Qin Chen used the sky-repairing technique, drew the power of the sky-repairing hammer, and turned into an endless ocean, covering the sky and the sun. Suddenly, the sky was filled with the light of the trident Konghai tribe, piercing the six-pointed star formation.

Boom!

The two forces collided, the force of destiny furiously resisted, and Qin Chen's power suddenly couldn't penetrate.

"Good, good, such a powerful destiny, this Zhuge family's mastery of the way of destiny is truly extraordinary."

Qin Chen was not surprised and rejoiced. The deeper the Zhuge family mastered the power of destiny, the stronger his understanding of the way of fate. Suddenly, the book of origin in Qin Chen began to surge, and various mysterious powers of destiny Circulation, crashing, flipping through the book of destiny, combined with the technique of patching the sky, the various structures, forms, and laws of operation of the destiny array instantly reflected in Qin Chen's mind, extremely clear.

This is the horror of the book of origin and the art of patching the sky. The art of patching the sky can replenish the heavens and the earth, and can naturally simulate everything, and the book of origin can peek into the core civilization and power from any power. The combination of the two suddenly exploded with a far beyond normal ability.

Countless forces merged together, and the light of the trident that Qin Chen displayed instantly penetrated all the great formations of fate.

On the spot, the fate of the six-pointed star disintegrated, and the elders of Zhuge Crazy burst into blood, pierced by the streamer, screamed, and were seriously injured.

#### [Chapter 3502: Peerless Old Demon](#)

"you wanna die!"

Zhuge Tuyang was furious. In his body, a round of fateful sun rose up, and various years passed. You can see that there was Zhuge Tuyang's life. In addition, countless figures flowed, these figures' faces Suffering, wailing silently, as if facing the most painful moment of fate, their lives, in which they constantly appear, are bound to this light of fate one by one.

A cold expression appeared on Qin Chen's face. He saw that these figures were not vain, not ghosts haunted by the long river of fate, but real lives, countless powerful men killed by Zhuge Tuyang. Their fate was imprisoned by Zhuge Tuyang in their own magical powers, and there is no hope of escape for eternal life.

Zhuge Tuyang is even a god, imprisoning all his destinies for beheading the strong, and truly controlling the destiny of others.

"Molan, you are looking for death..."

When Zhuge Tuyang saw Zhuge Madness and others seriously injured one by one, he was suddenly frightened, and his whole body was murderous. The infinite power of destiny rose up. This power of destiny was not only his own, but also the countless slain in his life. The strong, blended into his supernatural powers.

The trident light released by Qin Chen thundered and fell on this person, but was blocked by the light of his destiny. This light of destiny formed a kind of regular barrier, and all the attacks fell by destiny. The strength of the force disappeared, and it was a mess.

"boom!"

The light of fate descended one after another, crackling! The breath of countless fate condenses on his body.

His breath soared at this moment!

Obviously, under Qin Chen's attack, he actually had a hint of sentiment at this critical moment.

"It really makes me unexpected. Back then, I competed with Zhuge Yao for the position of Patriarch, but my power of destiny was not pure enough. In the end, the family let Zhuge Yao become Patriarch, and I, at the end of that fate, have been cultivating hard and never made a breakthrough. , This battle gave him a little insight, who on earth are you? You can break the fate of my Zhuge family, and the people of the Konghai clan can't do it."

Zhuge Tu Yang roared, his eyes were like the scorching sun, and the divine glory bloomed.

He unexpectedly had a trace of epiphany at this time.

Ordinary people, who want to have an epiphany, generally need to find a quiet place, practice penance, and retreat for ten years or a hundred years. But this Zhuge Tuyang, after seeing Qin Chen break through his fate , There was a bright light in his mind, and some things that he had never snooped before were suddenly seen through by him.

This is the one who controls destiny all the year round, and swallows the destiny power of so many people, naturally there will be a certain amount of luck and blessings in the body.

But this kind of kung fu is also very vicious. Normal warriors are beheaded, even if their souls are destroyed, unable to reincarnate or reincarnate, but there is still this person in the destiny, and the past cannot be erased.

But this Zhuge Tuyang imprisoned and captured the fate of the beheaded, so that their existence in the long river of destiny, the past and the future, were wiped out, how cruel and violent this is.

This belongs to the peerless old demon.

And everyone who can do this is no small thing. They belong to the protagonist of an era. Qin Chen is sure that this Zhuge Tuyang can become the pinnacle of the Holy Lord, the supremely strong, who was in the Southern Heaven Realm back then. Invincible exists. He has experienced countless dangers, adventures, and fate under his feet in his life, before he reached the point he is now.

This is not much stronger than the strong men like Molan of the Konghai Clan, but in terms of combat, it is much more terrifying.

Because he belongs to the waver of fate, the power of fate is far stronger than ordinary power.

boom!

With the power of the heavens and human beings coming, Zhuge Tuyang instantly turned into a supreme divine emperor, and walked towards Qin Chenlong.

"Your Excellency, you can't even dream about it. Your ambush is actually an inspiration to my life, allowing me to see the infinite possibilities of destiny, hahaha, I also want to thank you, you can rest assured, waiting to kill you, I will deprive you of everything, let you disappear from your destiny, imprisoned in my destiny world, become a private property, a slave!"

Zhuge Tu Yang's body, the immensely vast rules of heaven, like giant dragons, flew out, crackling, turning into a vast river of fate, sweeping towards Qin Chen.

He grabbed it with a big hand, and all the trident streamers were wiped out. With one step, he approached the Konghai clan master who was incarnation of Qin Chen infinitely. Destiny opened his eyes and the stars turned.

"Be careful."

You Qianxue felt nervous for a while, screamed, and was about to kill.

"No, you have to deal with the other members of Zhuge's family, don't keep one, Zhuge Tuyang will leave it to me."

Qin Chen shouted in a low voice. Facing the overbearing change of Zhuge Tuyang, instead of any loss in his eyes, there was endless ecstasy and endless excitement.

After he broke through the mid-term peak holy master, he felt that his cultivation had stagnated, and it was too difficult to step into the late holy master realm.

Because there are too many treasures on his body, too many secrets, too strong body, and too many things to bear. Compared with the ordinary Holy Lord breakthrough, it is a hundred times, ten times more difficult.

The later Holy Lord, represents the body melts into the void, and represents the need to reach a new level of understanding of the heavens.

However, ordinary holy masters only need to comprehend to the extreme on a great road to break through, such as the wind of the sword king, the holy master of the ghost formation, the old fire, the ancestor of the martial soul, Xing Tianya, etc., they only need to be in their own domain, I felt it to the extreme, combined with the Heavenly Dao Divine Pill, and naturally broke through.

But Qin Chen?

Mastering the rules of time, space, and thunder, many powers, and the book of origin, this has made him invincible enough at the same realm, and even able to leapfrog, but the difficulty of breaking through has also increased by a hundred or a thousand times.

Qin Chen also beheaded many late-stage holy masters, felt their laws, and absorbed their origins. However, these later-stage holy masters can only be regarded as a little effect on Qin Chen's level of Tianjiao.

But now, Qin Chen finally met Zhuge Tuyang and other figures, who had reached an extremely profound level in the art of destiny.

These powerful people are enough to give Qin Chen a brand new change in the understanding of the way of fate.

This is simply a gift from God.

"kill!"

Qin Chen's eyes burst with a magical rainbow. Facing the mighty power of destiny, he did not evade, he stood at the forefront of destiny and greeted him forcibly. When Zhuge Tuyang's attack arrived, he raised his arm. , Hit it with a punch.

#### [Chapter 3503: Battle improvement](#)

boom!

Qin Chen's fist was the Origin God Fist. In the Origin God Fist, he carried countless strengths that he had merged. His powers merged together and burst out an unprecedented Origin God Fist. All around the body suddenly flew Numerous rotating pictures are the interpretation of the fate of civilization.

Qin Chen unexpectedly combined the power of origin and the power of destiny.

Zhuge Tuyang imprisoned the fate of countless people in his own body, but Qin Chen exaggerated it. He merged into the fate of countless civilizations.

His powers merged together at this moment, Origin Civilization seemed to have a brand new understanding and improvement, countless powers of destiny merged into his body, Qin Chen truly saw a vast river of fate at this moment, At the end of the long river of fate, he seemed to see a pair of eyes, a pair of eyes that represented the will of heaven and earth, the supreme eye.

boom!

This pair of eyes gave Qin Chen an incomparable sense of familiarity. In his body, countless powers erupted, and various civilizations could be seen on his fist. They were all firmly united. Kakaka, bursting out of the void. The sound of tearing.

The two forces collided.

哇!

The world is falling apart!

With the two as the center, a circle of concentric circles radiated out, it was a huge energy fluctuation, wherever it was transmitted, it turned into nothingness.

Above the endless ghost river, there were dark water vapor explosions everywhere. The whole ghost river exploded all at once, roaring roaring, and underneath, countless void monsters roared and shattered all at once, dripping with blood. The force was reduced to powder, and it was impossible to resist.

The world seems to be turned into ruins.

At the end of the Guihe River, the battleship of the Qingxue family suddenly swayed. It was the fighting power of Qin Chen and Zhuge Tuyang that had passed out, affecting everything in the entire ghost river. In the battleship, Uncle Ming and Qingxue Silan and the others looked at the depths of the endless ghost river with horror. There seemed to be a dragon roaring in the depths, and the world was turning around easily.

"What is that? The power of destiny, such a terrifying power, is it the master of the Zhuge family fighting?"

Above the Ghost River in the distance, even though it was a black mist and extremely hazy, Uncle Ming and the others still felt a subtle power of destiny, and each one was secretly shocked. The breath of the power of destiny was too terrifying, it just escaped. A little bit of it made their souls feel shocked.

"The pinnacle of the Zhuge family, and it's not the average pinnacle."

Uncle Ming's eyes were solemn, "This is definitely the best figure in the Zhuge family, who is it? Patriarch Zhuge Yao? Or who? Then who is fighting him? Could it be..."

Thinking of a possibility, Uncle Ming's face changed drastically.

"Master, it is the master who fought with the masters of the Zhuge family, isn't it?"

Qingxue Silan's eyes suddenly showed anxious expression, "Uncle Ming, Uncle Bing, let's turn around and help Master. These are the top masters of the Zhuge family. Master and the others will definitely be dangerous now, so turn around quickly."

Qingxue Silan said that he was going to control the warship, but Uncle Ming, Bingshu and others hesitated, and gritted their teeth and wanted to turn the warship back.

Although they return, in a battle of this level, they may also be dangerous to go back. The only thing they can rely on is to resist it with the formation on the battleship, but how can they make Qin Chen clear the snow for them? The family came here at the risk of life and death.

Their conscience is disturbed.

"Several people, don't have to turn around, just leave directly, the farther you go, the better."

At this moment, a chuckle sounded, it was the wind of the sword king Mu's body, and his body shook, stopping in front of Qingxue Silan and the others, preventing them from turning around.

"Mr Mu, what are you doing? Didn't you see? Master is fighting in the ghost river with the top masters of the Zhuge family. If we don't go back to rescue, Master is very likely to be in danger." Qingxue Silan yelled anxiously. Tao.

Uncle Ming also said solemnly: "Brother Mu, we have to go back quickly, otherwise Brother Chenqing will be in danger..."

"It's okay, since the young master asked you to go first, you are going to leave. The young master must have his confidence in doing this."

The sword king Mu Zhifeng didn't care at all. He knew what Qin Chen's purpose was for not allowing the Qingxue family to intervene. Everything was to not leave a trace and not expose too much in front of the Qingxue family. If Qingxue Silan and the others really When I went back, not only could it not help, but in case I saw something that I shouldn't see, it would be troublesome.

What's more, even the Demon Venerable of the Demon Race couldn't kill the young master at the beginning. What is the master of the Zhuge family, as long as it is not the master of the Zhuge family, the young master can be fearless.

Uncle Ming and Uncle Bing saw that the sword king Mu Zhifeng was so persistent, their eyes flashed, and finally, the two nodded and drove the warship away quickly.

Boom!

In the ghost river, the endless roar resounded, the power of fate condensed by Zhuge Tuyang suddenly split, the endless power of fate suddenly collapsed, and Zhuge Tuyang's body began to shatter like porcelain. , Blood flowed from the cracked traces.

puff!

He spurted blood, and his body was gushing with destiny.

In one blow, he was defeated by Qin Chen!

what?

In the distance, Zhuge Feng and others were shocked by this force and flew out, one by one showing horror. The elder Zhuge Tuyang was defeated?

"What's going on! The power of destiny, you also have the power of destiny, you are not indifferent, not even from the Konghai clan, who are you? Endless civilization? What magical power is this!"

Zhuge Tuyang trembled all over, and backed back again and again, trying to enter the gap of infinite space. In the eyes, the endless light of fate flowed. At the moment of shooting, he actually caught a hint of Qin Chen, from Qin Chen, He felt an incomparably young breath, and saw an extremely vague figure, which actually gave him a sense of familiarity.

boom!

Qin Chen made a hit and laughed happily. The power in his body was integrated, his thoughts were so masterful, and he pounced again.

"kill!"

He screamed, and a terrifying river of fate between heaven and earth was actually held in his hands. The power of fate became his weapon, and he slapped Zhuge Tuyang boldly.

"Ah! Boy, I'm fighting with you."

Zhuge Tuyang roared, and the breath of destiny continued to erupt all over his body, and the power like the scorching sun burst out of his body, his essence like a rainbow.

Boom boom boom!

The two sides fought wildly together, and Qin Chen did not mobilize other forces, but purely used the magical powers of fate, the more he fought, the more fun he fought.

Bang bang bang!

The space rules, and Qin Chen is like a giant god, suppressing Zhuge Tu Yang to the bottom.

#### [Chapter 3504: Gate of Destiny](#)

During his eruption, Zhuge Madness and others all flew directly into the Ghost River to avoid them. The aura from Qin Chen and Zhuge Tuyang made them almost unable to breathe.

Some people even start to teleport quickly and call for help, while others sneak into the bottom of the ghost river and flee.

However, Qin Chen remained calm and didn't care about these people at all, because he knew that the nine-tailed fairy fox Qingqiu Ziyi and You Qianxue could chase Zhuge Mad these people.

Boom!

Qin Chen and Zhuge Tuyang fought against each other frantically. As Qin Chen mastered the destiny art more and more powerful, the oppression of Zhuge Tuyang became stronger and stronger. In the end, Zhuge Tuyang's destiny art, it was no longer able to bring harm to Qin Chen, but Qin Chen walked between fate, like the \*\*\*\* of fate.

"Damn, do you think the old man is really afraid of you? The gate of destiny...the supreme descends!"

Zhuge Tuyang roared. Behind him, the fate of countless warriors imprisoned by him was burning, and the powerful men who had fallen into his hands let out a silent roar of pain, accompanied by the sacrifice of these destiny powers. , Zhuge Tuyang's head, a door of fate opened.

"Who is it that summoned this seat?"

From the gate of destiny, a few huge explosions were transmitted in the air. On the opposite side of the gate of destiny, power traversed, and a sky-shaking changhong, traversing the ages, riding the wind and waves, swept in.

In the Changhong, several huge palms appeared in an instant, with five fingers spread out, and each finger, like the great pillar of the sky, with the breath of vicissitudes, suppressed the ages and collapsed.

It turned out to be the recovery of some kind of ancient power, which merged with Zhuge Tuyang, and burst out all at once. Then every Changhong carried the breath of the Supreme Peak Holy Lord, not an ordinary Peak Holy Lord, but The pinnacle holy master like Zhuge Tuyang, who was the fallen powerhouse of the Zhuge family in ancient times, kept his power in his destiny. When the family master met a powerful enemy, he followed the legendary gate of destiny. From the endless ancient past.

"Senior Zhuge, kill the enemy with me!"

Zhuge Tuyang's eyes shook, and he roared, and suddenly displayed a mysterious and invincible magical power. His whole body's lifespan was violently burned, and his life was violent, and he was about to bombard Qin Chen!

At the same time, behind him, the life-span burning flames condensed into a huge ancient figure.

"Fist of Destiny!"

One of the most tyrannical martial arts in the Zhuge family's inheritance was displayed. In the art of destiny, the power of the endless ancient powerful was combined to strike out the real power of boxing.

Life! It is a wonderful existence.

Luck! It is the avenue where the world moves.

The combination of destiny runs through the universe.

These supernatural powers and powers cannot be displayed by anyone who has mastered the way of destiny. Only the Zhuge family inherited from the heavenly secret sect, who stole the secrets of heaven and peeped at the destiny, and possessed the power possessed by talents who passed on for hundreds of millions of years. .

Although Qin Chen also studied destiny, and condensed the civilization of destiny in the book of origin, it was absolutely impossible to create this invincible fist.

Zhuge Tuyang was covered in blood, and with this punch, the impermanence of fate was contained in it, oppressing Sheng Yuan and countering Qin Chen.

"Okay, well done!"

Qin Chen trembled with excitement when he saw such a terrible punch. He felt the power of destiny and felt the room for improvement.

He stepped out one step, like a divine king patrolling, roaring: "I want to see, how strong is destiny? I cannot help but the fate of the Zhuge family cannot oppress me."

boom!

Qin Chen attacked forcefully, the origin within his body was urged to the extreme, and the magical fist protruding from Zhuge Tuyang and the gate of destiny behind him, violently collided with him. The murderous spirit was awe-inspiring, and the mighty power of destiny was enveloped. Guihe They were all blown up all at once, and the ancient sacred mountain in the distance blazed and turned into nothingness under the power of fate.

puff!

Under this blow, Qin Chen's body shook violently, his ancient body split directly, the moonlight divine body was directly penetrated, and the whole body was shaken, spouting blood.

How powerful are the powers of several ancient peak holy masters combined with Zhuge Tuyang's burning life attack? Even Qin Chen couldn't resist, there were scars and blood dripping all over his body.

"Hahaha, good time, refreshing, so refreshing!"

Qin Chen's bones were all cracked, and he was washed away by endless fate, but he was very happy. This battle allowed him to see his shortcomings and found his way to the late saint master. It was worth it, and it was worth it.

"The power of the destiny of the Zhuge family, but so, you are all waste!"

His body almost split, but Qin Chen was full of energy, swept away his spiritual thoughts, and remained motionless, like a sacred mountain, standing still, eh! In his body, a mighty pill furnace appeared. It was the furnace of the ten thousand azure gold gods. It burst out suddenly and hit the gate of destiny above Zhuge Tuyang's head.

what is that?

Zhuge Tuyang was shocked, the ten thousand azure gold furnace appeared, the power of the venerable was permeated, he was shocked, the gate of destiny was trembling under this power, as if it was about to split, the fallen in the gate of destiny The ancient powerhouse seemed to have felt this infiltrating power, and he reached out from the gate of fate to stop Qin Chen.

boom!

But it was useless. Under the suppression of the Ten Thousand Dao Qingjin Sacred Furnace, the huge palm of fate was directly shattered by a smash, and Zhuge Tuyang was shocked to see.

With a single blow, Qin Chen broke a few big hands of fate, and then slammed on the gate of fate. With a boom, the gate of fate broke open and turned into dust.

puff!

Zhuge Tu Yang spouted blood again, and was backlashed by the power of fate, dazzling blood shed from the seven orifices.

Qin Chen moved and stepped out, all the water on the Ghost River evaporated, and masses of space debris were exploded everywhere. His footsteps, cloth gang fights, and countless stars appearing in the sky follow his body. Spin.

The majestic and powerful Sheng Yuan nearly shook Zhuge Tu Yang to pieces again, backing back again and again.

"No, let's go!"

Zhuge Tu Yang really felt the fear in his heart, "Fate is impermanent and escape from the invisible!"

When he shook his body, he was about to escape into the endless void and disappear here. He was really scared. This guy in front of him was definitely a monster.

But as soon as Zhuge Tuyang moved, Qin Chen immediately urged the rules of time. In an instant, the time in this world seemed to have stagnated. It was stronger than Zhuge Tuyang, and his figure suddenly stagnated.

"Die!"

Qin Chen reached out with his big hand, and directly grabbed and shot Zhuge Tuyang. The five fingers of his mighty palm burst into a magical rainbow, like a Tianzhu.

The circulation of time rules made Zhuge Tu Yang's eyes widened.

"you are....."

He pointed at Qin Chen, his fingers trembled. At this moment, he finally remembered why Qin Chen's figure made him feel familiar. The rules of time were not displayed by Xuhai's master who was chased by the Demon Venerable. Rules?

The ancestors kept asking them to search for this person. Who ever thought that this person would appear here?

#### [Chapter 3505: Two treasures](#)

"go!"

At this moment, endless fear emerged in his heart. This is a master that even the Demon Venerable of the Demon Race could not kill. He unexpectedly appeared here. No, this matter must be told to the ancestors immediately.

Whoosh!

He began to flee, his speed was extremely fast, a little flicker, layers of space mist enveloped him, the space gaps and mist, as well as the endless ghost river breath, made him disappear instantly and cleanly. Jing, lost his breath and entered the void.

Boom!

Qin Chen's five fingers grabbed the photo, and the void exploded layer by layer, and the naked eye could see that the void in front of him was fractured layer by layer, fragile and vulnerable, but this fractured void did not have the body of Zhuge Tuyang, and It is the power of fate that forms a barrier to stop it.

This Zhuge Tuyang was like a loach at this moment, constantly digging into the depths of the void, leaving people with nowhere to capture.

"Huh? Is this Zhuge family member of loach? Can you drill so?"

Qin Chen sneered at the corner of his mouth, without any worries, but urging his soul, and an invisible force quickly spread out in all directions.

In the next moment, in the space around the entire Ghost River, terrible arrays of light suddenly rose up, and these arrays of light quickly merged together, forming a cage of this world.

Then, Qin Chen was expressionless, grabbed his big hand in the air, and the black palm of his hand destroyed all the fog of space. Going deep into the deepest part of the space, those spaces were shattered and condensed layer by layer. The originally mighty fault space was immediately destroyed. The powerful rules turned into dust, and then merged with the endless light.

With a bang, finally, the endless void exploded, and Zhuge Tu Yang suddenly fell out of the void.

what?

Zhuce Tu Yang was shocked. He had already used his destiny to hide in the depths of the endless void, and he was still found out by Qin Chen. Also, when was the big formation set up here? He hadn't even noticed it before, thinking that in that void sea, the great formation Qin Chen arranged could frame even the Demon Venerable of the Demon Race, Zhuge Tuyang's heart was immediately stunned.

"Fate is invisible, the world is vast, everything returns to the ruins, and the gods descend to the earth!"

"Roar!"

At this critical moment, Zhuge Tuyang finally knew the danger. He roared, and the mighty power of destiny soared into the sky, and his body was entwined with the light of destiny. In these lights of destiny, countless souls were roaring silently, He showed an expression of great pain.

Zhuce Tuyang is extracting their power, cutting off their destiny, and eternal life will become a ghost without fate.

"Extremely despicable."

Qin Chen strode out, his body towering, hum, above his head, the ten thousand azure gold furnace shook, spinning away to suppress, the mighty power of the precious treasures covering one world.

"this is....."

Zhuce Tuyang's eyes widened. Before, he only suspected that Qin Chen was the young human race chased by the Demon Venerable in Xuhai. Now after seeing the Ten Thousand Dao Qingjin Sacred Furnace, he completely confirmed his thoughts. .

Unprecedented fear emerged in his heart. At the beginning, the young man was even entrapped by the Demon Venerable of the Demon Race. He was directly obliterated by the terrifying existence in the Void Sea. At this moment, Qin Chen was suppressed here. How could he not be shocked.

"go!"

Zhuce Tuyang didn't dare to face Qin Chen head-on. He had already seen that Qin Chen's cultivation was not as good as him. The reason why he was so strong was that he was helpless by relying on many treasures and special methods, and he could only resist in embarrassment. If he can escape here, Qin Chen will definitely not be able to catch up.

When the time comes, he will communicate with the ancestor for the first time. Once the ancestor arrives, this is not Xuhai. This kid will undoubtedly die, and everything on his body will become the treasure of his Zhuge family.

Thinking of this, his figure flew like lightning, fleeing madly.

"Want to go, have you gone?"

Qin Chen sneered. Facing a top expert like Zhuge Tuyang, he didn't dare to neglect, his body was shaken, and suddenly Zixiaodou Ligong also spun and flew out. The two great treasures of the venerable revolved around the world. , Like Yin-Yang Tai Chi, completely suppressed this place of heaven and earth together, and the terrifying power cover was suppressed, trapping Zhuge Tuyang's entire escape space.

Zhuge Tu Yang was so shocked that he was going crazy, looking at the two great alchemy furnaces above his head, his eyes showed unprecedented shock. What is this? Venerable treasure, and the two great treasures?

The two great treasures were suppressed, and Zhuge Tuyang's body suddenly cracked, as if the porcelain was about to break. In his body, the holy yuans madly resisted.

Boom boom boom!

In the palace of Zi Xiaodou, the heavenly fire spewed out, and endless heavenly fire, including disaster and underworld fire, quickly enveloped Zhuge Tuyang's body, even igniting the power of fate in his body.

Zhuge Tu Yang let out a scream, the flames all over his body burned, extremely tragic, and the power of his soul burned extremely.

"How can you, a fellow of the Konghai clan, have two great treasures of the Venerable? Who are you? Why is this treasure of the Venerable so familiar?"

The power of destiny in Zhuge Tu Yang's body was running and calculating. Suddenly, his eyes widened, and there was a look of anger in his eyes.

"The Palace of Purple Clouds, Venerable Skyfire's Palace of Purple Clouds, a treasure in the land of trials in the heavens, are you..."

Zhuge Tuyang's eyes were horrified. At this moment, all the clues were connected, and he also knew that Venerable Tianhuo's Zixiao Dousui Palace, after all, in the heaven trial ground, Zhuge Xu, the saint son of his Zhuge family, fell inside. , Later, it was rumored that the Zixiaodou led the palace was acquired by a holy son named Qin Chen who worked in the East Heaven Realm.

Could this person be Qin Chen, the Heavenly Work Son of the Eastern Heaven Realm?

But how is this possible?

It should be known that a few years ago, this Qin Chen was just a late-stage holy lord who participated in the trial of the heavens. How could it be so strong in just a few years?

The two great treasures were crushed to seal the void, the power of the space, combined with the light, completely trapped the world.

At this moment, Zhuge Tuyang felt an unprecedented panic in his heart. If this continues, he will inevitably die here. At this moment, his body is constantly burning with flames such as the infinite sky fire, the sky poison entropy fire and the catastrophe fire. Can't resist at all.

Whizzing!

At this moment, in the ghost river below, waves splashed, and the elders of the Zhuge family led by Qingqiu Ziyi and You Qianxue rushed out. After being seriously injured by Qin Chen, all these elders escaped into the ghost river. Among them, but in this ghost river, You Qianxue, who has the water of the nine poles, was like a fish in the water. Together with Qingqiu Ziyi, these elders were captured one after another, one by one, they were dragged up by You Qianxue and Qingqiu Ziyi.

#### [Chapter 3506: Really are.....](#)

Zhuge Tuyang, who saw this scene, was not surprised but delighted.

With a hideous color on his face, he quickly exposed towards Qingqiu Ziyi and You Qianxue. The long river of fate surrounded his body and turned into a giant hand, quickly grabbing and shooting towards Qingqiu Ziyi and You Qianxue. .

"boom!"

Under the big hand, the void exploded directly, and the terrible river of fate engulfed everything. He wanted to capture Qingqiu Ziyi and You Qianxue. This was the only way he thought of. As long as the two of them were captured, the other party would definitely throw the mouse away. .

"Yep?"

Feeling the terrible pressure of fate, Qingqiu Ziyi immediately raised his head, and then saw Zhuge Tuyang's strong attack, and suddenly showed a sneer. Did the other party treat himself as a soft persimmon on the spot?

A terrible demon power permeated Qingqiu Ziyi's body. At the same time, behind her, nine misty foxtails floated, exuding a strong and strong pressure, and the breath on Qingqiu Ziyi's body suddenly became Hu Mei, powerful, slender and slender hand leaned out, agile Qiao Xi, the power of the demon soaring, and the palm of Zhuge Tuyang's destiny violently collided.

With a violent roar, Zhuge Tuyang was already suppressed by Qin Chen. His fateful palm burst open in an instant, and then he saw Qingqiu Ziyi's enchanting pair of eye pupils, which seemed to contain the most in the world. The beautiful things made Zhuge Tu Yang's mind dizzy for an instant, as if he was in a fairyland.

At this moment, Zhuge Tuyang saw that he had killed Qin Chen, gained many inheritances, became a venerable, and became the supreme powerhouse of the Zhuge family. He commanded the world to be charmed by Qingqiu Ziyi, and instantly invaded his mind. .

With Zhuge Tuyang's strength, even if Qingqiu Ziyi is a nine-tailed fairy fox, it is not easy to confuse such a master. What's more, the Zhuge family still mastered the existence of the destiny, but under the

attack of Qin Chen, Zhuge Tu Yang put the life-saving straw on Qingqiu Ziyi's body, and wanted to capture Qingqiu Ziyi, and immediately followed the way of Qingqiu Ziyi.

not good.

In a trance, he suddenly woke up suddenly, and when he came back to his senses, he saw that slender hand hit him in an instant.

puff!

Blood spurted from his mouth and flew out embarrassed.

Rumble!

In the next moment, Zi Xiao Dou Li Gong and Wan Dao Qing Jin Pill Furnace landed and instantly crushed on Zhuge Tu Yang.

what!

He screamed, his body split, blood splattered all over, the whole body flew out in embarrassment, the origin of the body suddenly collapsed, and the whole body was disheveled and blood was covered.

Qin Chen sneered again and again, and grabbed him like a goshawk catching a rabbit, directly pinching him, he could no longer resist, and Qin Chen was instantly included in the jade dish of the Universe.

The entire Ghost River also recovered calm, and Qingqiu Ziyi brought You Qianxue to Qin Chen instantly.

"Dust, is the matter here resolved?" You Qianxue said immediately.

Qin Chen nodded, and brought Zhuge Mad and others that You Qianxue and the others were holding to the Universe Good Fortune Jade Plate, staring at the chaotic Ghost River everywhere, his eyes condensed.

Here he exposed too much aura, even if it is covered, it is easy to be caught by the Zhuge family who possesses the power of destiny.

"There is a way."

Qin Chen's eyes condensed, and with a wave of his right hand, the gas-eater ants and fire-refining insects in the jade disc of good fortune in the universe flew out one after another.

"Boss Boss."

"Boss, you haven't let us out for a long time, we are all bored to death."

"Boss, what good baby do you want us to find this time?"

The little ants and little fire screamed one after another, buzzing with a large number of gas-eater ants and fire-refining insects.

"You swallow all the breath here, hurry up."

Qin Chen ordered immediately.

"So it's such a small matter? I gave it to us."

"Yes."

Xiao Yi and Xiao Huo took many of his men and flew across the ghost river. After a while, they swallowed the breath of the ghost river one after another, and they saw their mouths open, like a vacuum cleaner, with countless breaths. Converged in the body by them, digested completely.

In just a few moments, many auras here were swallowed completely, and calm was restored.

"Boss, it's done."

Xiao Yi and Xiao Huo came over excitedly and said.

"go!"

Qin Chen put away Xiao Yi and Xiao Huo and quickly turned and left.

And shortly after Qin Chen left, a powerful breath came across time and space, and arrived here in an instant. It was the Deputy City Lord of Nandou City who had followed him.

There was a terrible breath on his body, and the endless coercion lingered on him. Seeing this shattered ghost river, his eyes showed an incredible expression.

"What's the matter? Why did the aura of the many masters of the Zhuge family suddenly disappear? There was an extremely strong fighting atmosphere just now. Could it be that there were masters fighting here? Could it be that Zhuge Tuyang and others were ambushed by the Qingxue family?"

This city lord frowned, his eyes solemn.

"However, even if he is ambushed by the Qingxue family, that Zhuge Tuyang is the top elder of the Zhuge family, the master master of the pinnacle, in the entire Zhuge family, they are second to none, and they have the power of destiny, the methods are strange, and they are not Will fall here."

The deputy city lord of Nandou City walked here, his mind was agitated, although the little ants and the little fire had swallowed all the aura, but the broken ghost river, etc. could still let a master like him see some clues.

Want to ambush Zhuge Tuyang, is it the head of the Qingxue family? Even the ancestor of the Qingxue family who has not been born for thousands of years?

If this is the case, then this matter is serious, and it becomes a game for the Qingxue family.

"The current Southern Heaven Realm is becoming more and more chaotic. This matter, Lord City Lord must be notified, the current Heaven Realm is really..."

The Deputy City Lord of Nandou City raised his head and glanced at the end of the forbidden area, he hesitated, and finally gritted his teeth, turned and left here.

He didn't dare to continue tracking.

In a void mountain range outside the ghosts and sorrows, clouds and mists loomed dangerously.

In the Southern Heaven Realm, there are many such hidden places, the mountains are endless, and the scenery is picturesque. Because of this, there are a lot of casual cultivators here, and there are some small sects who settle in it, and there is no competition in the world.

Nevertheless, because the Southern Heaven Realm is too big, there are still some places with good environment where no one comes to live.

Qin Chen and the three did not return to the battleship of the Qingxue family for the first time, but landed in a beautiful place with no people.

Bang bang bang!

A group of elders from Zhuge's family were thrown here by Qin Chen, lying down like dead dogs, all blood dripping and embarrassed, looking at Qin Chen in horror.

### [Chapter 3507: Qi Qi Refining](#)

These guys were sealed all over, unable to transmit even a little bit of spiritual thoughts, and they all lay here like dead dogs, full of panic and extremely embarrassed.

You Qianxue and Qingqiu Ziyi stepped forward.

"Dust, why don't we go back to the battleship of the Qingxue family?!" You Qianxue doubted.

"There are so many people on the battleship of the Qingxue family, it is better to do things outside."

"What do these people do now?" Qingqiu Ziyi said: "They are all killed, or are they imprisoned? But then again, Master, I can't imagine that you actually reached that state, even the old Zhuge Tuyang was You defeated."

"This is not thanks to you. If you hadn't confused the other party's mind, I wouldn't have left the other party so easily." Qin Chen said with a smile. "This is not my problem." Nine-Tailed Fairy Fox shook his head, "Even without my charm, you can still solve the other party. Your cultivation is only the mid-term peak holy master, my Nine-Tailed Fairy Fox clan is also considered One of the most famous races among the monster races. For countless thousands of years, I have seen countless geniuses. Even I and Eternal are the top geniuses in the world. Back then, he was the most promising in the Heavenly Sword Pavilion. The younger generation who has entered the realm of the nobleman, but also far better than

Not on you. "

Nine-tailed fairy fox sighed: "I really can't imagine. Once you break through to the realm of the peak saint master, what strength will you have?"

Qin Chen's strength has exceeded her understanding. Although she was once a Half-Step Venerable Master, and now she also has the cultivation base of the Peak Saint Master, she has a feeling that even if she fights Qin Chen, it may not be Qin. Dust's opponent.

Even if she had the talent and magical powers of the Nine-Tailed Fairy Fox family, she couldn't confuse Qin Chen. Although she didn't know why she felt this way, this feeling was extremely strong.

A mid-term peak saint master, but even the latter peak saint master feels jealous, even a master who has broken through to the half-step saint. Who can accept this if you want to say it? Who can believe it? Nine-tailed fairy fox didn't know that before Qin Chen got the totem of the Nine-Star God Emperor Jue God Emperor, he really had to face the peak holy lord, and it was really choking. He had to display all his hole cards before he could win. But now , Qin Chen's Nine Star God Emperor Jue

The transformation has made the origin in his body become more and more terrifying.

Of course, the most important thing is that Qin Chen gained an epiphany in the way of fate during the battle with Zhuge Tuyang. With a new insight, when facing Zhuge Tuyang, his strength can reach such a terrifying and frightening level.

"These guys, I keep them useful. The most important thing is to rob them of the law of fate and get the treasure of memory in his body."

Qin Chen said so, and then he shot, with one hand out, his palm was pressed out like a sky curtain, and he abruptly buckled Zhuge Crazy's head.

"what!"

Zhuce roared wildly, very miserable, being carried in the air by Qin Chen, extremely embarrassed, no longer the arrogant appearance in Nandou City.

At this moment, his eyes were fierce and crazy, and the power in his body was surging crazily. At this time, he was still struggling, and he was about to explode with a lore to escape Qin Chen's shackles and give Qin Chen a strong deterrent.

This is a madman and a cruel man. At this time, he is not reconciled and will not give up. He wants to fight Qin Chen desperately.

But it was useless, his head was held by Qin Chen, the Heavenly Soul Forbidden Technique was operating, and the mighty soul power flooded into this person's mind instantly, to know everything in this person's mind.

"what!"

He screamed, his expression was crazy, he knew Qin Chen's purpose, and he became more and more angry. The power of fate in his body was blazing wildly.

"Boy, I'll be a ghost and I won't let you go." Zhuge roared frantically.

"Hmph, death is imminent, and still resist, rest assured, you can't be a ghost!"

In Qin Chen's body, many black tentacles permeated out, and instantly pierced into Zhuge Madness's body, making him stop struggling. Tentacles of the Ten Thousand Realms Demon Tree crazily swallowed the power of fate in Zhuge Madness's body, and began to deprive Zhuge Madness of the cultivation in his body. for.

Boom! The power of destiny, like a mighty river, was swallowed by the Devil Tree of Ten Thousand Worlds, and poured into Qin Chen's body. These powers of destiny, extremely crystal-clear, with the

rune power of destiny, manifested in this world, and then were by Qin Chen. Refining the sky patching technique,

Among them, the purest force of destiny was swallowed by Qin Chen instantly and melted into the power in his body.

With a puff, Zhuge Madness shattered his whole body. On Qin Chen's body, Zi Xiaodou Ligong quickly flew out, and the raging fire of the sky started to refining Zhuge Madness. Too unscrupulous, too mad, Qin Chen directly refining a late-stage holy master master, like a refining medicine pill, under the gaze of everyone. The other elders of the general Zhuge family were frightened.

.

Many of the impurities were removed by Qin Chen, leaving only the purest power to be absorbed by Qin Chen.

A vastness of fate rose to Qin Chen, and Zhuge's crazy soul was quickly refined, and then Qin Chen explored and understood it under the Heavenly Soul Forbidden Technique.

Zhug Mad still wanted to resist, but how he could resist Qin Chen, Qin Chen spied on the many information in his soul.

After a long time, Qin Chen opened his eyes suddenly, and the power of fate on his body became deeper.

"The purpose of this Zhuge family staying in Nandou City is actually to find me. The other party knows that I will enter the Southern Heaven Realm. It seems that this ancestor Zhuge does have some means."

From Zhuge Mad's soul, Qin Chen knew something he wanted to know.

He did not expect that the Venerables of the Star God Palace, Tian Working, and Dayu Shenshan would approach the Zhuge family to find their whereabouts.

"It seems that the Battle of the Void Sea brought me into the sight of the high level of the heavens. If this is the case, then it will be troublesome." Qin Chen felt the heavy pressure, and several high-level forces of the heavens stared at him. Fear, fortunately, the other party didn't know his identity at all, and he didn't connect him with the inheritors of the Heavenly Trial Land at all.

People who work in heaven have never expected that the person they are looking for will turn out to be a holy son of their work in heaven.

At the same time, after searching Zhuge's soul, Qin Chen also learned some secrets of Zhuge's family, but to Qin Chen's regret, from Zhuge's mind, he did not get any information about the Tongtian sword pavilion and the Ji family. any news.

how could be?

Even the elders of the Zhuge family did not know the news of the Tongtian Jiange and the Ji family. This result was not only expected by Qin Chen, but also unexpected.

Puff puff! Next, Qin Chen shot one after another, refining the remaining few Zhuge elders, and at the same time searching for their souls.

### [Chapter 3508: Destiny approval](#)

No.

No.

still none.

After searching for the soul several times, Qin Chen still did not find the news of the Tongtian sword pavilion and the Ji family.

Boom! Qin Chen absorbed the destiny origins of the elders of these great Zhuge ancestors, booming, his body, the destiny civilization in the book of origin, became more and more clear and terrifying, and even formed a vast history of civilization, which became Qin Chen master The most powerful text

Ming one. The masters of the Zhuge family have practiced the art of destiny since they were young. According to the different talents of each person, the ways of destiny they mastered are also different. Although the same is the way of destiny, in fact, everyone has a deviation in understanding of destiny. All

Have their own things.

However, Qin Chen thoroughly integrated the destiny origins of the great elders of Zhuge's family, and under the Book of Origins, it integrated into Qin Chen's own things.

This method is simply magical. At this time, Qin Chen has far surpassed ordinary fate masters in his understanding of the art of destiny. After all, he can become a strong master of the elders of Zhuge's ancestors. Which one is Yi and his generation? Each is the late saint master, all in destiny. Has its own unique

Understanding and comprehension.

But now, their understanding and understanding have all become Qin Chen's things.

However, although Qin Chen's understanding of the way of fate became stronger and stronger, his expression became more and more ugly. In the end, his eyes fell on Zhuge Tuyang, as the supreme elder of the Zhuge family, he Maybe know something.

boom!

Qin Chen threw Zhuge Tuyang out of the jade plate of good fortune from the universe.

He reached out and grabbed it, and the seal of Zhuge Tuyang was lifted.

Zhuge Tuyang, who was originally like a dead dog, jumped up suddenly at this moment, and laughed a long time: "Boy, you idiot, you actually let go of the seal, how long have I waited for this moment, fate connects, and reaches the sky?" In the meantime, a fierce force of destiny emerged from him, and the whole person suddenly soared into the sky. He still had the strength. The moment Qin Chen unlocked the seal, he displayed special methods and rose to the sky. , Seems to be entering

In the endless track of fate, rushed into the clouds, disappeared, and it was incredible fast. Qin Chen's face remained motionless, and he didn't chase, just stretched out his hand, and the big hand extended out, the power of fate lingers, the space is condensed, the endless void seems to shrink in an instant, sinking into the sky, with a roar, and Zhuge again Tu

Yang caught it back.

Click! Zhuge Tuyang fell from the sky and was hit by a strong force directly on the ground. He was dizzy and he barely got up. Looking at Qin Chen, his face was cloudy and uncertain. After a few breaths, he roared, the fate in his body was evil. Condense again to form without

The destiny return of the number of strong men is revealed. Qin Chen moved his gaze and extended his arm again. No matter how Zhuge Tuyang changed, he couldn't escape. He caught the endless river of fate in the opponent's body, and the light of fate was released from Qin Chen. Come out and blend in

In this long river of fate. In this long river of destiny, there are the life and death fate of many powerful men and masters killed by Zhuge Tuyang. Being imprisoned here, immortality cannot be surpassed, but Qin Chen urges the destiny and civilization, pointing it out, and with a bang, the whole destiny instant explosion

.

These imprisoned countless powerful men and masters, like imprisoned prisoners, were relieved at once, and soared into the void one by one.

"puff!"

The long river of fate in the body was relieved, Zhuge Tuyang spit out a mouthful of blood, he felt the countless power of fate imprisoned in his body, and instantly moved away from him, completely lost contact with him, and no longer controlled by him.

"No!" He made a hysterical sound, and his body directly rushed up, hitting a long river of fate.

Boom!

Qin Chen grabbed Zhuge Tuyang's palm with one hand, flipped one hand, and directly pressed him into the ground, stretched out his limbs like a squashed toad.

Qin Chen looked at the fate of the countless powerful men scattered in the void, and their faces emerged. After they were beheaded, they were imprisoned here, unable to break free. At this moment, they finally returned to heaven.

However, they have been imprisoned for too long and have lost the ability to enter the river of fate. This is too sad. The powerhouses who can be imprisoned by Zhuge Tuyang are all the top masters in the heavens, who could have left their shadows in the long river of fate, but now, they can't return to the long river of fate, their souls are scattered. Like

Become a lonely ghost.

"May I become the supreme day, everyone can control their own destiny, and all spirits can return to their origin!"

Qin Chen said so, his voice was loud, and the light of fate flickered on his body, which connected the true river of fate.

Suddenly, the fate of these lonely and wild ghost-like powerhouses, as if they were guided, quickly merged into the long river of destiny in the heavens, turned into a shadow in the long river of destiny, and became a part of the long river of destiny.

They finally found their destiny. "Anyone should have their own destiny, they should not be oppressed, and they should not be imprisoned. Mastering the path of destiny should not be used to strengthen oneself and imprison others, but should allow everyone to control their own destiny. , Maintain life

The circulation of luck becomes the guardian of destiny. "

Qin Chen said Longlong, his voice contained the supreme rule of fate.

Boom!

In the long river of destiny in the heavens, it seemed to resonate with Qin Chen's ambition, and suddenly a gleaming force of destiny washed down, crystal clear, and instantly enveloped Qin Chen, setting off Qin Chen like the \*\*\*\* of destiny.

"Master, he actually resonated with the destiny of the heavens, how could it be possible?" The nine-tailed fairy fox Qingqiu Ziyi's eyes widened in shock. The destiny is the vast river of destiny that contains the destiny of the heavens, although only a trace now appears, But it is the most terrifying rule in the heavens, just like the years and so on

, The long river of destiny, represents the supreme destiny of the heavens and the way of heaven.

But now, he actually resonated with Qin Chen.

This is incredible. The nine-tailed fairy fox Qingqiu Ziyi felt a deep shock. Qin Chen was just the fate of the strong man who imprisoned Zhuge Tuyang and returned to the long river of destiny, but it attracted the backfeed of the long river of destiny. It can be seen that Qin Chen's actions are real Got fate

Recognition. Perhaps this is the reason why Qin Chen can be so terrible in his cultivation, because his heart, his will, have always been with the heaven and heaven, he will not do things that are sorry for the heaven and heaven, but will only help the heaven. Therefore,

Recognized by heaven and recognized by destiny.

"Quick holy law, melt heaven and earth!" And when Qin Chen was approved by the long river of fate and accepted the baptism of fate, Zhuge Tuyang, who was suppressed on the ground, melted suddenly and entered the ground in a flash.

[Chapter 3509: found it.....](#)

At this time, this Zhuge Tuyang turned out to run away again.

The light of destiny flickered on Qin Chen's body, and he stepped out, stepping on the ground.

Immediately, on the ground far away, like the sky and the earth cracked, everything returned to void, and a large hole appeared on the ground. A figure was vigorously shaken out. It turned out that Qin Chen shook Zhuge Tuyang out of the earth step by step.

"Zhuge Tuyang, it's useless. You have been branded by Ben Shao. In front of Ben Shao, you have no way to go to the sky or to the earth!"

The light of destiny in Qin Chen's hand was condensed, turned into a colorful chain, blooming with divine light, and directly swept Zhuge Tuyang back and threw it on the ground.

"Boy, who are you? Is it really the Qin Chen who killed my Zhuge family sage Zhuge Xu? But how did you cultivate to this level? At first, you obviously weren't even the Holy Master." The power in your body was imprisoned. Zhuge Tuyang completely lost the courage to resist. His eyes were very horrified. He looked at Qin Chen as if he had seen a ghost, "Why, the Demon Lord of the Demon Race is chasing you, and why is your destiny? And heaven

The general situation is combined, and even the ancestors cannot guess your existence. "You don't need to know these things. Your Zhuge family is too courageous. Originally, there is not much grudge between us. However, your Zhuge family has repeatedly calculated against me, you want to count me, huh, you can see from here. Come out, you guys

The Zhuge family did not really master the way of destiny, but only stolen the good fortune of fate. Those who truly master the way of destiny would only obey the destiny and destiny, but you want to go against the sky. "No, you are misunderstood. Our Zhuge family doesn't mean that. Actually, there is no grievance between us. All the struggles are just because of the Qingxue family. I can swear, as long as you let me go, let me go. I Zhuge

Family, you can be friends forever. "

Zhug Tu Yang was full of desire for survival. "At this time, you are still lying to me, huh, the elders of your Zhuge family have been searched by me. I have already understood everything about the Zhuge family. All their destiny power has been taken by me. Refining is under my control.

"Qin Chen said indifferently.

"you!"

Zhug Tu Yang gurgled in his throat, as if he was choked: "Damn it, you dare to search for the soul of our patriarch of Zhuge!"

"What about Elder Soul Search, even you today will not escape death." Qin Chen's voice fell, and he pressed a palm on the top of Zhuge Tuyang's head, absorbing it in his body like a search, with all kinds of magical powers. Zhuge's family's cultivation methods and the origin of destiny were all incorporated into his body, and his strength was full again.

full.

Especially Zhug Tu Yang's soul, the memory in the soul, was quickly searched by Qin Chen. At this time, Qin Chen discovered the terrible celestial soul forbidden technique. Although his strength is extremely

strong, under normal circumstances, it is difficult for a peak holy master to search for the soul of the late holy master, and Qin Chen is a mid-term peak. Holy Lord, actually to all

Ge Tuyang such a pinnacle holy lord searching for souls is simply rare in the world.

Suddenly, countless memories and experiences poured into Qin Chen's mind one after another, and the huge amount of information almost burst Qin Chen's mind. But Qin Chen urged the heavenly soul forbidden technique to exclude a large amount of messy information. Although his soul is very strong, but too many people's souls will be absorbed, and his soul will be confused. He uses most of the soul power, Let it be absorbed by the Devil Tree of Ten Thousand Worlds,

To become the soul nourishment of the Heavenly Fire Venerable and the Ten Thousand Spirit Demon Venerable, the only information Qin Chen left was the information he needed.

boom!

A large number of destiny techniques were controlled by Qin Chen, and the power in Qin Chen's body was tumbling, seeming to break through at any time.

There was a taste of promotion on his body. Zhuge Tuyang had a deep understanding of the way of fate. Although he violated the destiny itself, he was truly a strong man in the art of fate. At this moment, all the magical powers of fate were controlled by Qin Chen, and he immediately let Qin Chen stay in the destiny. Technical understanding, reach

To a whole new level.

On his body, the light of destiny lingers, and even merges with the Great Dao of Heaven.

"Shen Rong Dao, Chen is going to break through the late Saint Lord?"

Seeing this scene, You Qianxue was shocked and excited.

The nine-tailed fairy fox Qingqiu Ziyi also widened her eyes. She used to be a Half-Step Venerable. Naturally, she could feel that Qin Chen's aura was merging with the Heavenly Dao, and it seemed that she was really going to break through the late Saint Lord.

"Indeed, this is a sign to understand the Tao of Heaven, and to advance to the later stage of the Holy Master, but... the aura on the young master's body can't seem to be completely integrated with the Tao of Heaven. It seems that there is nothing lacking in the way of fate alone."

Qingqiu Ziyi frowned, her eyes were piercing, and she saw some clues.

Sure enough, after Qin Chen felt the condition of his body, he forcedly suppressed the fateful way of fate, completely converged the power of fate in his body, and turned his destiny into commonplace.

"Dust, what are you?" You Qianxue asked in confusion. "I have a feeling that the art of destiny cannot allow me to enter the realm of the late saint master. If I enter rashly, I will definitely fail. At that time, my roots will be damaged, and my accumulation is not enough. I want to truly enter. The late Lord, still needs more

A lot of penance. "

Qin Chen knows his state very well. If he breaks through at this moment, once he fails, it will be even more difficult to think about impact in the future.

call! Looking at the corpse of Zhuge Tuyang who had lost his breath on the ground, Qin Chen waved his big hand, and suddenly a thick death rule lingered out, enveloping Zhuge Tuyang, and then the tentacle of the Ten Thousand World Demon Tree came out, and Zhuge Tu Yang's income instantly

In the jade disc of good fortune.

"Death rules, Chen, are you going to refine his body into a corpse puppet?"

You Qianxue doubted.

Corpse puppet?

Qingqiu Ziyi looked at Qin Chen in shock, isn't this a wicked technique?

The corpse puppet is definitely a sorcerer in the heavens. If Qin Chen does this, it will cause controversy.

"There is no righteousness or evil, I use it on the right way, that is right!"

Qin Chen said, his voice was full of confidence and pride.

"Regardless of righteous arts and sorcery, is it righteous when used in the right way?"

Qingqiu Ziyi's heart was shocked. Although she also understood this truth, it was the first time she saw what Qin Chen said so uprightly.

"Dust, have you found the location of Ji Family and Tongtian Sword Pavilion?" You Qianxue asked.

"Let me take a look."

Qin Chen's voice fell, and immediately began to search for the countless information that Zhuge Tu Yang poured in. After a while, Qin Chen's eyes suddenly burst out with divine light.

found it! Qin Chen was extremely excited and moved suddenly.

### [Chapter 3510: Sword Sect](#)

In Zhuge Tuyang's information, there is indeed some information about the Tongtian sword pavilion and the Ji family.

Tongtian sword pavilion, a top power in the ancient heavens, is very tyrannical, with many venerable powerhouses, is the most famous of the swordsman forces in the ancient heavens, and has supreme glory in the ancient times.

Later, in the battle between humans and demons, the Heavenly Sword Pavilion was one of the top human race forces. In that battle, as a new force, many powerful men died in battle, sprinkling blood for the future of human race, and suffered heavy losses.

In that battle, the heavens and the earth died, countless masters of the Tongtian Sword Pavilion fell, blood ran into rivers, and the blood stained the land of the Southern Heaven Realm. The Tongtian Sword Pavilion was almost destroyed, but the Tongtian Sword Pavilion persisted and survived. Later, the

demons invaded the heavens, and the war broke the sections of the heavens. Many territories of the human race were shattered and turned into powder. After endless years, the heavens were reunited again under the hands of the powers such as Xiaoyao Supreme, but it was related to the Tongtian sword pavilion. of

Where the sect was, but disappeared, the top kendo sect seemed to have disappeared out of thin air.

Some people say that the Tongtian sword pavilion has been destroyed under the attack of the demons, turned into powder, the sect is destroyed, and all the disciples have fallen.

It was also said that the Tongtian sword pavilion suffered heavy losses in the ancient battles, so the sect was dissolved and left.

However, Zhuge's family was a family inherited from the ancient heavens and possessed the art of destiny. After countless years of calculations, it came to a guess that the ruins of the Southern Heaven Realm Sword Tomb were located in the suspected ancient Tongtian sword pavilion sect.

Sword Tomb is a dangerous forbidden place in the Southern Heaven Realm. Inside, the sword aura is so powerful that it is murderous. There are countless grievances lingering and ruins everywhere.

In the sword tomb, it is extremely dangerous, even if the venerable enters, it is possible to fall, so it has always been one of the forbidden places in the southern heaven.

For countless years, many top forces in the Southern Heaven Realm have sent masters into the sword tomb, trying to find the source of the sword tomb crisis, but nothing has been achieved. However, outside the Jian Tomb, a very prosperous mountain range was born, in which many sects and powers lived. According to the calculations of the Zhuge family, it is extremely doubtful that one of the powers and sects is the surviving sect of the Tongtian sword pavilion.

And, the Zhuge family has already begun to investigate which of these forces is most likely.

Even, they have already locked down one of the forces and need to calculate.

Because if the sword tomb is really the site of the ancient Tongtian sword pavilion, once you control the descendants of the ancient Tongtian sword pavilion, it is very likely that you will be able to get the inheritance of the ancient Tongtian sword pavilion.

"Destroy Sword Sect!"

Qin Chen murmured, this is the name of that sect, it is most likely the inheritance of the Tongtian sword pavilion. However, Qin Chen, who found the information in Zhuge Tuyang's mind, sighed slightly. He didn't expect that the Tongtian sword pavilion might have been destroyed. Also, if the Tongtian sword pavilion was still there, how could it not be in the heavens? Fame?

No name? No matter how weak it is, it is very likely to be at the level of daily work.

The information of Tongtian Sword Pavilion is still complete, but the information of Ji family is even more obscure in the information of Zhuge Tuyang.

Ji family! Rumor has it that it is a family inherited from the celestial realm. In the ancient celestial realm, it was an extremely ancient family. In ancient times, the Ji family seemed to have offended a certain top power in the ancient celestial realm.

Standing in the wrong team, encountering unknown, as early as ancient times, he fell silent and disappeared.

It is rumored that the great enemy of the Ji family survived in the ancient war, and even developed rapidly in the war between humans and demons, and has now become one of the top forces in the heavens.

There are rumors that the Ji family offended is Dayu Shenshan, one of the top forces in the heavens.

As for whether it was specific, even Zhuge Tuyang's information was not included, and Zhuge Tuyang didn't know the current position of the Ji family. It is very likely that this aristocratic family had fallen or lived in seclusion.

Is the enemy of the Ji family Daewoo Sacred Mountain? Qin Chen's heart condensed, Dayu Shenshan, he had heard that it was a top power in the ancient heavens. It has been passed down to the present, and it has become more and more tyrannical. It is one of the top powers in the world today. If the Ji family really offends Dayu Sacred mountain, that

It is extremely dangerous. At least, as far as Qin Chen knows, the so-called top powers in the heavens definitely have the powers of the venerable level, and even the powers of the venerable level are not the only ones. As the top powers in the celestial world, they are only the most powerful. Basic, must have

There is an existence above the realm of the Venerable.

Qin Chen couldn't help feeling heavy in his heart.

"Dust, have you found Ru Yue?" You Qianxue asked nervously.

"Understand a little bit, this is not a place to talk, let's go."

Qin Chen packed everything in an instant, and quickly left with You Qianxue and others.

Although Qin Chen didn't know the location of Ji's house yet, Tongtian Sword Pavilion had at least learned about it. Even if he didn't know that Tongtian Sword Pavilion still existed, Qin Chen decided to take a trip.

Hum!

His figure flickered and quickly disappeared into this void.

When Qin Chen left here.

Zhuge's family is located.

The ancestor Zhuge Rulong is sitting cross-legged. On his body, the power of fate is swallowed, and the smoke surrounds himself, which is extremely mysterious and noble.

Above his head, a hidden long river of fate turns, spying on the secrets of heaven.

"Ancestor!"

At this moment, a panicked voice resounded, and at the same time, a disciple of the Zhuge family hurriedly stood outside the void, reporting in a panic expression.

Zhuge Rulong opened his eyes, and a cold light bloomed in his pupils: "What's the matter, such a flustered, how decent is it."

"The ancestor...the disciple has something important to report. In the family ancestral hall, the fate of the elder Zhuge Tuyang and the elder Zhuge crazy just suddenly disappeared." The disciple said in horror.

"What? The fate is gone?"

Zhuge's face changed slightly like a dragon, and his life was fragrant. It was one of the methods used by the Zhuge family to understand the life and death of members. It was made by special methods and lit.

The burning of Mingxiang means that the destiny of the members is still there. As long as anyone is alive, Mingxiang will continue to burn.

Only when it falls and fate is cut off will it go out.

But the fate of Zhuge Tuyang and the others are all extinguished, so there is only one possibility that Zhuge Tuyang and others are all dead.

"Who is it? I dare to move people from my Zhuge family!"

Zhuge Tu Yang stood up abruptly, his eyes bursting with cold light, rumbling, the sorrow of the heavens and the earth, the avenue of destiny felt the anger in his heart, rumbling.

"Where are Zhuge Tuyang and the rest? Report it quickly, and tell the truth about what happened where he is!" Zhuge Rulong said coldly.
