

Valkyrie 351

Chapter 351

"Who dare to make trouble in my Liu Pavilion?"

If Liu Ge hadn't reacted to such a big disturbance, then the price would be too low.

With a stern shout, a group of aggressive guards immediately walked out of the Liu Pavilion.

The leader is burly, lingering all over, with a kind of unspeakable majesty, and his eyes are extremely gloomy.

Beside him, two middle-aged men with indifferent expressions stood.

"Are you making trouble in my Liu Pavilion?"

When I came to the hall, I saw Qin Chen and the others. One of the two middle-aged men drew out the long sword with a clanging sound. Without a word, he slashed towards Qin Chen with a sword.

Chi Chi Chi Chi!

The sky full of sword aura, like a big net, woven the void, every sword aura is like a black silver thread, once it is cut from a person, it will probably be the end of a different place.

As soon as he came up, he killed himself regardless of the reason. From this, it can be seen that Liu Ge has always been strong and domineering.

boom!

When the sword qi net fell, a powerful fist rushed out, shaking the void into amazing ripples, flying out like a thick mountain, and smashing the sky full of sword qi net to pieces.

The black iron fist cast his momentum unabated, and after breaking through the sword-qi net, he squeezed the middle-aged man.

"not good!"

The middle-aged man looked shocked, holding a sword in both hands, and struggling to cut down.

Cang!

The flames bloomed, the blazing flames splashed, like gorgeous fireworks, the middle-aged man snorted, the tiger's mouth cracked, blood spilled from the corners of his mouth, and his figure kicked back several steps. As the footsteps fell, several deep lines appeared on the ground. footprint.

"Wow!"

After finally standing firm, another mouthful of blood spurted out, his expression wilted.

"So strong!"

When everyone saw this scene, their eyes condensed.

The middle-aged man was a master recruited by Liu Ge. He had a cultivation base, and he was also at the peak of the mid-day rank, and belonged to a hard hand.

Unexpectedly, he was severely injured by Xu Xiong's punch. When did Xu Xiong's cultivation become so terrifying?

"Qiangqiang!"

In an instant, a series of weapon unsheathing sounds rang, and many of Liu Ge's powerhouses all stared at Xu Xiong, shooting intense murderous intent all over.

"It turned out to be the Patriarch of the Xu family, why, after eating the bear heart and leopard, I dare to come to my Liuge to be wild?"

With a wave of his hand, let his subordinates not be impulsive, the burly man in the lead looked gloomy and drank in a low voice.

In addition to Liu Cheng himself, Liu Ge recruited a total of three powerhouses at the peak of the late stage of the sky. This burly man was one of them, known as the angry lion.

This person turned out to be a master of Liang Guo, because he fancy a young girl, and he broke into the other's family directly, wanting to rape.

That family is an aristocratic family in the Liang Kingdom. After discovering this person, it was naturally extremely angry and immediately rose up to resist.

Unexpectedly, the angry mad lion is cruel by nature. Seeing the deeds are revealed, instead of fleeing, but on the contrary slaying, beheading the entire family of the opponent.

This case alarmed the Royal Family of the Liang Kingdom and asked the Ministry of Criminal Affairs to conduct a thorough investigation. The angry lion couldn't stay in the Liang Kingdom, so he fled to Wucheng.

In the past two years, serving as the chief security guard at Liu Pavilion, the days have been very chic.

Facing the angry lion's question, Xu Xiong was expressionless, just looking at Qin Chen respectfully.

"Where is Liu Chengren? Let him get out of me."

Much lazy to look at each other, Qin Chen drank lightly.

"Who is Your Excellency?"

The angry mad lion looked at Qin Chen intently, his eyes gloomy.

At this time, he had received information and learned that the outside guard had been beheaded by the Xu family, and when the Xu family came this time, he seemed to obey the boy's order, and he couldn't help but feel a little jealous.

He is not an idiot, and Liu Ge's prestige is not a day or two. Not long ago, the Xu family came to ask for medicine with a respectful attitude. Now that he dares to come so arrogantly, he is bound to have nothing to do with this young boy. , He naturally won't do it arbitrarily.

"Don't worry about who I am, just let Liu Cheng get out of here." Qin Chen said indifferently.

"Your Excellency is too arrogant, then I want to see, what capital do you have, dare to be so arrogant."

The heart was irritated, and the angry lion yelled, banging, and his whole body muscles bulged, bursting his clothes instantly, revealing his strong muscles, and blasted Qin Chen with a punch.

Boom!

Void trembling, under the power of the fist, the whole hall roared, and the whole person was like a demon god, reaching out his magic claws.

"Humph!"

With a cold snort, Xu Xiong instantly appeared in front of the angry lion and stopped his punch.

Boom!

Two energies collided in the void, and the entire hall was shaking violently, and debris fell from the walls, like meringue.

Upon seeing this, all the martial artists who were onlookers backed back.

"The peak of the late heavenly rank?"

His eyes condensed, and the angry lion was shocked.

Isn't Xu Xiong not clear about Xu Xiong's cultivation base, he is at least a bit worse than himself, when did he also break through to the peak of the late Heavenly Stage?

"Unfortunately, still not enough to see."

"Mad Lion Angry Gang!"

With a burst of shout, an astonishing cyclone swirled on the fist of the angry mad lion, as if forming a huge vortex, swallowing all the true energy around, making Xu Xiong seem to be in a tornado, no matter how he resisted, he would be swallowed up. .

"broken!"

Xu Xiong slammed out with a punch.

Boom!

The two forces collided, an astonishing vigor swept in all directions, and some tables and chairs around were instantly shattered. In the vigor, Xu Xiong's face turned pale, and he stepped back several steps, his blood surged.

"Just this ability, is also arrogant here?"

The angry mad lion laughed out loud, and for a moment, his body became even stronger, as if it had doubled invisibly, like a demon **** swept across.

After all, he is a veteran late-stage peak powerhouse of the heavenly ranks, and Xu Xiong has just broken through, even if there is little difference in strength, there will be a gap in experience.

"Unfortunately, Patriarch Xu is too reckless."

"It's hard to break through the peak of the late stage of the heavenly rank, and I don't practice hard. I have to come over and make trouble. This is the end."

"Can Liu Ge deal with it so easily?"

The crowd sighed, thinking that Xu's family was still too reckless, and was completely hitting the rocks with pebbles.

boom!

With a roar, Xu Xiong was even more miserable this time, his figure almost flew out, and there was a sweet smell from his throat, almost vomiting blood.

"Kneel me down!"

Occupying the upper hand, the angry mad lion pursued the victory and suppressed it with one palm, desiring to completely defeat Xu Xiong.

"Xu Xiong, your fighting style is obviously wrong. Dealing with this guy is actually very simple. Take a good look."

At this moment, an indifferent voice suddenly sounded, and Qin Chen appeared in front of Xu Xiong instantly.

"This guy, want to fight against the angry lion?"

Everyone was still guessing who pretended to be so forceful, and they were all dumbfounded when they saw Qin Chen.

This kid is only sixteen or seventeen years old, how strong can he cultivate? Actually want to teach Xu Xiong to fight, and still deal with the angry lion...

Everyone fainted, all speechless.

Even if you are looking for death, you have to change it!

Chapter 352

"Hahaha, stinky boy, he is still arrogant in front of this uncle before he has dried up. Let this uncle see what you can do and dare to go wild in Liu Pavilion."

The angry mad lion laughed, and his true energy became more and more concentrated, and a palm pressed down towards Qin Chengui.

call!

The endless palm wind, like a vast ocean, instantly covered all the space of Qin Chen's body, pouring down frantically.

From a distance, Qin Chen is like a sailboat on the sea, surrounded by storms and wind and waves, and will be destroyed every moment.

"Give it to me."

The five fingers spread out like a dustpan, and the five fingers of the angry mad lion exploded with strong infuriating energy, winding towards Qin Chen like a poisonous snake.

This person looks arrogant on the surface, but in fact he is as careful as a hair.

From the very beginning, he didn't intend to kill Qin Chen, but was ready to capture him first, and after interrogating his origin, he could make a decision.

After all, he came to Liuge to serve as a guard, just looking for a place to stay. He didn't really give his life to Liu Cheng. As a young man, Qin Chen dared to bring the Xu family to Liuge to go wild. Maybe he would have a big background. When he was killed, he lost room for maneuver.

Qin Chen couldn't see the angry mad lion's behavior, and couldn't help but sneered: "In front of this young man, dare to keep his hands? Not to mention, today even if it's a favor for Wei Tianming, he will kill the country of Liang."

Cang!

When the voice fell, Qin Chen's mysterious rust sword suddenly unsheathed, a sword light flashed in the void.

Puff!

The infuriating energy exploded from the five fingers of the angry mad lion was divided into two. The countless scattered infuriating energy turned into a hurricane and swept in all directions, and the blowing people backed back again and again.

"what?"

The angry mad lion looked shocked, with a dazed face.

Even if he didn't use his full strength in this palm, it shouldn't be a teenager who can break open.

Other onlookers around are also dumbfounded?

Even Xu Xiong, the head of the Xu family at the late stage of the Heavenly Rank, couldn't resist the attack, and was broken open by this kid with a sword. Wouldn't it be their dizziness?

"Xu Xiong, you are optimistic. This person's boxing method is mainly masculine, but he has not cultivated this kind of qi to the extreme, so that there is a gap in the process of real flow. You only need to find this. If you look at the gap, you can easily break his moves."

With a move to break through the angry mad lion's move, Qin Chen rubbed his body and explained it while doing it.

"Boy, do you really think I can't cure you?"

The angry lion is furious, what does this kid take him for? Are you martial arts experiment puppets?

"Angry Lion Wave Fist!"

Roar!

In the void, there seemed to be the sound of an angry lion roaring, and at the same time, there was also the sound of waves, a huge lion of innocence, stepping on the waves, opening a big mouth and tearing. Biting towards Qin Chen.

At this moment, the angry mad lion had already lost the heart to capture Qin Chen, but was thinking about killing Qin Chen on the spot.

"Roar!"

The angry lion roared wildly, with great energy, and the terrible attack had not yet fallen, and everyone in the distance felt the eardrum vibrated and breathing was not smooth.

From this it can be seen how much pressure will Qin Chen encounter under his fist?

But what shocked them was that Qin Chen was expressionless under the fist of the angry mad lion, his expression was still very indifferent, and the rusty sword in his hand swung out again.

Huh!

Everyone only felt that there was a flower in front of them, before they had time to react to what happened, the real angry lion blasted out of the angry lion, suddenly let out a scream, and then burst to pieces, and fell to pieces under the sword light.

"dead!"

In the next moment, a blazing sword light cut through the void and approached the throat of the angry lion.

"No, this sword is powerful."

The angry mad lion was shocked. Under Qin Chen's sword, his cold hair stood up, as if he was firmly stared at by the **** of death, he slapped a palm quickly, and then he retreated.

boom!

When the palm of the sword hit, Qin Chen's sword light burst into pieces, but the next moment, the power became even more powerful, and it burst into several sword lights in an instant, pouring out.

"not good!"

The angry mad lion was shocked and wanted to avoid it. It was too late. He could only stare at his frightened eyes, and watched the sky full of sword aura, slashing on his body.

Blood splashed, the angry mad lion let out a stern roar, his eyes dimmed instantly, and he fell heavily to the ground, completely silent.

With a sword, the angry lion died.

Pedal!

All the guards of Liu Pavilion standing behind the angry mad lion looked horrified, and backed one after another. The eyes that looked at Qin Chen were full of horror and horror.

As for the onlookers, their eyes widened, their eyes were about to fall off, all of them dumbfounded.

"Have you seen? Although the power of this person's boxing technique is amazing, it has many flaws. For example, the mad lion of true energy at the beginning, because the true energy was not condensed enough, it did not cover every part, just find the weakness of the true energy. Position, it can easily destroy his attack."

"Secondly, although this person's true energy is higher than you, he is practicing horizontal training. He has amazing strength, but his reaction speed is weaker than that of the average late-stage peak martial artist. If he uses moves to hit him by surprise, it is very It's easy to grasp its weakness and behead it."

Ignoring the dull gazes of those around him, Qin Chen turned around and taught Xu Xiong Chunchun.

"Yes!"

Xu Xiong nodded, and he had been mentally prepared for Qin Chen's horror, and felt that he had benefited a lot.

But everyone around him is going crazy. At this time, they are still explaining the moves. How big is the nerve to do such a thing?

However, the people of the Gale Expedition trembled with excitement.

They have no background, they have been in Wucheng for many years, knowing the benefits of the strong teaching, and now the appearance of Qin Chen has given them hope.

"Where is Liu Chengren? Why haven't they come out yet?"

Taking a step forward, Qin Chen coldly shouted at the remaining guards of Liu Ge and couldn't help frowning.

It's all like this, then Liu Cheng hasn't appeared yet, will he not run away?

"Who is your Excellency, making trouble in my Liu Pavilion, and still being so arrogant, do you really treat my Liu Pavilion as nobody?"

The next moment, an angry cold drink sounded, and a group of people walked out from inside the Liu Pavilion again.

The leader is a middle-aged man wearing a pharmacist robe, with a thin face and cold eyes.

Beside him, there were two extraordinary old men with a pair of hooked noses, deep-set eye sockets, like a dove.

As soon as the three of them appeared, their eyes all fell on the angry mad lion who was killed in the hall, and their faces looked extremely ugly.

"Pavilion Master!"

The guards and waiters present all saluted the leading middle-aged man in the robes of an alchemist, with pale faces.

"All back."

With a gloomy expression, Liu Cheng, who originally thought he would be furious, did not get angry, but looked at Xu Xiong instead.

"Patriarch Xu, what do you mean? I, Liu Ge, and your Xu family have never had any grievances or grievances. They even made plans and worked hard for your injuries. Are you afraid of going against the conscience of heaven and earth if you act like this?"

At this time, Liu Cheng could still sink his breath, which made Qin Chen feel a little surprised.

Chapter 353

"Hahaha, it's a good one to come up with a plan and work hard. Your Excellency is indeed a sinister villain. You can say that."

Upon hearing this, Qin Chen couldn't help laughing out loud.

"Who is your excellency? In my Liu Pavilion, I slay the precepts, and even rants, is there really no King Law in Wucheng? Today, if you don't give me an explanation from Liu Pavilion, don't want to leave safely."

Liu Cheng looked at Qin Chen, his eyes furious.

Qin Chen didn't expect that when encountering such a thing, Liu Cheng didn't do anything the first time, but was reasoning with him.

However, this also suits his mind.

"You are a quack, a swindler, and you are embarrassed to explain?"

"What do you mean?" Liu Cheng's expression sank.

"What do you mean, don't you know?" Qin Chen pointed at Xu Xiong: "This Patriarch Xu, you should know him."

"Naturally know." Liu Cheng sneered.

"That's good, then do you remember that the family master Xu was seriously injured a few days ago and asked to come and ask you to be treated?"

"I can't remember anything."

"Then can you tell me, what did you do at the time?"

"What's wrong with this?" Liu Cheng sneered: "A few days ago, this Xu Xiong was injured by a member of the Zhou family and was seriously injured, so he begged to come and ask me to help him treat. Be kind, so I promised him."

"Everyone also knows that my Liu Pavilion is healing and has to complete a task. It happens that Liu is preparing to refine a pill. I lack the compound eyes of a three-eyed salamander, so I handed it over to this Xu family. I got a three-eyed salamander with compound eyes, and I healed him."

"I was even worried that this Xu family was not the opponent of the three-eyed salamander, and gave them a package of potions to restrain the three-eyed salamander."

"Unexpectedly, this Xu family is awkward, not only didn't bring the three-eyed salamander's compound eye, but today it came to my Liuge to make trouble. It is really despicable and shameless."

Liu Cheng is righteous and impassioned.

"Fuck!"

There was a round of applause, but I saw Qin Chen, clapping his hands, and sneered: "It's really good. People who don't know will really be fooled by your acting skills."

"Your Excellency, what do you mean?" Liu Cheng frowned.

Qin Chen didn't talk nonsense, clapping his hands: "Bring people up."

"Yes!"

Someone immediately agreed, and then the crowd separated, and several elders from the Xu family walked in with a middle-aged man.

"Isn't this the elder Zhou Zhenglong of the Zhou family?"

"Why is he in Xu's hands?"

"The Xu family and the Zhou family have never been right. I heard that this morning, Zhou Xinhua, the Patriarch of the Zhou family, brought a group of elders from the Zhou family to the Xu family to make trouble. Why did they fall into the hands of the Xu family?"

"Hey, Zhou Zhenglong is the elder of Zhou Zhenglong. He has cultivated as high as the middle of the sky, and there is no real energy fluctuation in his body?"

"Yeah, it's still so weak, hiss, is it abolished, right?"

The crowd was frying pan and there was a lot of discussion.

Seeing Zhou Zhenglong, Liu Cheng's expression suddenly changed.

"Pump!"

With a kick on Zhou Zhenglong's knee, Zhou Zhenglong knelt down suddenly, his painful face twitching.

"Master Liu Cheng, Master Liu Cheng, save me!"

Seeing Liu Cheng, Zhou Zhenglong shouted in panic as if he had seen his parents.

Cang!

Putting the rust sword on Zhou Zhenglong's neck, Qin Chen said coldly: "Let's talk about it, tell me all about your Zhou family and Liu Ge's conspiracy, and I will let you go immediately, but if you talk nonsense, just stop. Blame me for being ruthless."

With a cold killing intent, Zhou Zhenglong trembled, not daring to move, but looked at Liu Cheng with hopeful eyes.

Because he knew that now, only Liu Cheng could save him.

"Thinking about someone else saving you?"

Qin Chen was speechless, it was the time, this guy still had expectations, should he really not kill him?

Huh!

The sword light flashed.

Zhou Zhenglong's right arm flew out.

"what!"

Zhou Zhenglong didn't expect Qin Chen to say that he would do it, and he let out a scream, blood spewing fatally at the broken arm.

Pointing out like a phantom with his hands, Qin Chen said indifferently, "Should you tell me now?"

"I said, I said!"

Zhou Zhenglong's painful tears almost shed, and he nodded his head in a panic.

He deeply knows Qin Chen's harshness. Even the Patriarch said to kill and kill. Just now in the Liu Pavilion, he was merciless. If he didn't say it, the other party was absolutely merciless and immediately demanded his own. Life.

Immediately, speak up.

"Your Excellency killed people in my Liuge, do you really not put my Liuge in your eyes?"

With a roar, Liu Cheng's figure moved instantaneously before Zhou Zhenglong could speak, and a claw caught Zhou Zhenglong.

"Hahaha, your Excellency won't let him speak, are you afraid that the conspiracy will leak?"

Qin Chen sneered and slashed out with a sword. The sharp sword light, like an immortal outside the sky, with an unparalleled sharpness, slammed on Liu Cheng's claws.

boom!

Liu Cheng retreated, his face turned blue, and his heart was shocked.

Qin Chen's sword seemed simple, but in fact it contained an astonishing kendo mood. If he insisted on making a move before, he would most likely be seriously injured.

When did such a villainous evildoer come in Wucheng?

Liu Cheng was extremely frightened.

However, he missed a move and kept his body in shape. He glanced at the two old men around him, and immediately let out a low drink, "Hands."

Boom boom boom!

Three terrifying auras soared into the sky at the same time, and the late peak masters of the three major heavenly ranks almost instantly rushed to attack Qin Chen.

"Young man."

Xu Xiong's expression changed, and he was about to step forward in a hurry.

"Xu Xiong, you step back!"

With a cold shout, Qin Chen didn't know Liu Cheng's thoughts, his figure shook, and the rusty sword in his hand instantly turned into a rain of swords.

Ding Ding Ding!

The dense and dense sword energy made everyone present a shocking scene. Liu Pavilion's three-day late peak masters did not even break Qin Chen's defense.

I saw that the Mantian Sword was densely airtight and intertwined into a big net. No matter where Liu Cheng and the three attacked from, they would be stopped, without any mistake.

"how can that be?"

"Oh my god!"

"Where is the evildoer from?"

The crowd shook wildly, and everyone was going crazy.

The trio of Liu Cheng are prestigious in Wucheng, and each of their cultivation bases are as high as the peak of the late heavenly rank, let alone a teenager, even if they are a veteran of the late peak of the heavenly rank, they will probably fall into desperation. Will be severely wounded and killed.

But now, Qin Chen, a young man, and also protecting a waste person, was so easy and effortless under the attack of the three masters that everyone was shocked instantly.

Is this kid a monster?

"Damn it!"

The onlookers were shocked, while Liu Cheng and the others were shocked.

Although they knew that Qin Chen was terrible, the three of them did not expect that Qin Chen would be so strong that he could not lose the wind in the hands of the three of them, and also protected Zhou Zhenglong.

This is so hell!

Chapter 354

How did they know that Qin Chen's soul power had already reached the point of gathering souls, and the attacks of the three looked like squally storms, but after all, they hadn't reached the stage of transformation. Qin Chen could easily distinguish the order of the three attacks. Order, then resist, completely effortless.

The three of them were frightened, and the attack immediately appeared flaws. Qin Chen grabbed them instantly and pierced two swords.

Puff!

The two old men couldn't dodge, blood blossoms on their chests, and they flew out.

"hateful!"

When Liu Cheng saw this, his heart sank, a trace of hostility flashed in his eyes, and when he lifted his hand, an invisible sound of breaking through the air suddenly sounded, and he went straight to the door of Zhou Zhenglong's face, which turned out to be a thin steel needle.

The steel needle was invisible, with a strong murderous intent, causing Zhou Zhenglong's pupils to shrink suddenly, and his entire body exploded, as if he had fallen into an ice cellar.

Seeing to be shot.

Ding!

The sword light flashed, and the steel needle was instantly knocked off, shot into the upper eaves, disappeared, leaving only a small hole that is almost invisible to the naked eye.

"Your Excellency is so anxious to kill people, are you afraid that the conspiracy will be exposed?" Qin Chen held the rust sword in his hand, pushed Liu Cheng back with another sword, and then sneered.

Upon seeing this, the crowd started talking to themselves in an uproar.

"Could it be that Liu Ge and Zhou's family really have any conspiracy?"

"Otherwise, why did Master Liu Cheng kill Zhou Zhenglong in such a hurry?"

The crowd couldn't calm down, and they were in an uproar.

You know, Liu Cheng didn't say that he would do it as soon as the angry lion was killed. But just now, when Zhou Zhenglong was about to speak, Liu Cheng couldn't help but it was indeed unreasonable.

For a time, the crowd couldn't help but speculate.

"Now let's talk about it, Liu Cheng wants to kill you, don't you still want to be loyal to him?"

With the Rust Sword in his hand slightly hard, Qin Chen sneered.

"I said, I said..."

At this moment, where he dared to conceal, Zhou Zhenglong hurriedly explained the collusion between the Zhou family and Liu Ge.

"What? The head of the Xu family was injured before, because he was poisoned by Liu Pavilion?"

"Intentionally used Xu Xiong as a reason to let the Xu family master go to the Xuanzhong Mountain Range to die?"

"Once the Zhou family takes the Xu family, half of the treasures will be given to Liu Pavilion?"

boom!

A dynamite packet seemed to be dropped from the crowd, and it exploded instantly.

Everyone was talking about it, unable to keep calm, and the whole scene was almost out of control.

You know, Liu Pavilion is very famous in Wucheng. Many people have chosen to complete the tasks set by Liu Pavilion in order to seek treatment for Liu Cheng.

But now, I heard that Liu Ge would set up traps in the mission, and even secretly collude with the healer's opponent, the purpose is to plunder the healer's property, and everyone immediately furious.

If so, it would be terrible.

"Huh, you guys, don't listen to Zhenglong's nonsense this week. My Liu Pavilion is upright and dedicated to treating everyone. How can I do such things? It is clearly the Xu family and the Zhou family who are spitting blood."

Liu Cheng's heart sank. What he didn't want to happen finally happened and he hurriedly explained.

"What a **** mouth, I believe you all understand people, who is lying, you can see at a glance."

Qin Chen smiled coldly, pointed at Zhou Zhenglong, and said: "When discussing the evidence, Zhou Zhenglong is the evidence, and when discussing the material evidence, the package of medicine in my hand is the material evidence. This medicine was given to the Xu family by Liu Cheng. The so-called potion used to weaken the three-eyed salamander is actually a special beast-attracting potion. Not only will it not weaken the strength of the three-eyed salamander, it will make the blood beast more manic, Liu Cheng, what else do you say? "

"Okay, it's no wonder that as soon as our Gale Expedition entered the Xuanzhong Mountain Range, we encountered the Heavenly Grade Blood Beast Sky-Eyed Ghost Cat. Maybe this Liu Pavilion made a ghost."

In the crowd, the gale expedition team who followed up also made a sound of fright.

"Too despicable."

"I don't know how my Gale Expedition team offended Liu Ge, so he deliberately framed me and waited."

"Yes, apart from the Xu family and our Gale Expedition, how many other forces are framed by their Liu Pavilion?"

"I remember the last time the Li family had to complete Liu Ge's mission, which caused heavy casualties. I don't know if there is Liu Ge's shadow inside."

The crowd boiled completely, filled with indignation.

It is because Liu Ge's reputation is so bad that he treats everyone who asks to come to the door without reason and a bad attitude. Even if he agrees, he will have to complete various harsh tasks before he can be treated.

However, Wucheng Alchemists are so rare that people have to agree to their demands.

Now I heard that there is such a thing, how can I not be angry.

"Everyone, don't listen to this kid's nonsense, there is a misunderstanding."

Liu Cheng sweated on his forehead and explained again and again.

Once this kind of thing really spreads out, his Liu Pavilion will be completely destroyed.

It's just that, at this moment, how can people believe Liu Cheng's words?

"Boy, I will kill you today."

With a loud shout, Liu Cheng was completely crazy, looking at Qin Chen bitterly, all of this was caused by the kid in front of him.

At this moment, in his heart, he wished to cut Qin Chen thousands of times.

"If you don't kill me, I will kill you too." Qin Chen narrowed his eyes. "Everyone in Liu Ge has listened carefully. Today, I, Qin, is going to punish and punish evil for Wucheng. Those who colluded with Liu Ge left quickly, and I won't be held accountable. Otherwise, I'll kill you."

"Hahaha, boy, do you really think you are invincible?"

Hearing that, instead of being surprised, Liu Cheng laughed aloud, full of murderous intent blooming all over his body: "I, Liu Pavilion, stand up Wucheng for a long time, and you want to destroy my Liu Pavilion, wishful thinking, today, I Liu will let you know that my Liu Pavilion stands tall as the capital of Wucheng."

boom!

With his right foot slammed on the ground, the entire Liu Pavilion suddenly swayed, and bright white lights rose to the sky, covering the entire Liu Pavilion in an instant. For a moment, everyone seemed to be in another world, and everything around them disappeared. Under the vast expanse of white.

"It's the formation."

The crowd exploded, completely panicked.

You know, many of the martial artists on the scene, their cultivation bases are all at the sky level, but even their perceptions cannot be released. It can be seen that the formation surrounding them at this moment is at least the formation of the third-order peak, and it is even more likely to be Fourth-order.

Such a formation, once activated, combined with Liu Cheng and other three heavenly late peak masters, it can completely kill everyone present.

"Smelly boy, dare to be wild in my Liuge, you will die today, and you Xu family, dare to frame my Liuge, and you will all die."

Amidst the white light, Liu Cheng's cold voice came with resentment and anger. At the same time, accompanied by a fierce wind, it instantly appeared behind Qin Chen's head and slammed it down.

In this white light, everyone's perception was limited, and Liu Cheng's attack came suddenly, too fast for people to react at all.

Liu Cheng could already imagine the appearance of Qin Chen's head exploding after his punch.

Chapter 355

However, Liu Cheng didn't expect it, but when he went down with this punch, the scene he imagined did not happen.

Cang!

The sparks splashed all over, like fireworks, jumping out three or four meters away at once.

At some point, the rust sword in Qin Chen's hand had already stopped behind his head, blocking Liu Cheng's powerful blow.

"how is this possible?"

Liu Cheng was shocked and blurted out.

The formation in his willow pavilion is called Sixiangdou Zhuan Array, the rank is as high as the third-order peak, and even the rudiment of the fourth-order formation is faint.

Not to mention a heaven-level martial artist, even if a fourth-order Xuan-level martial artist enters it, it will be restricted, confused, and blurred in perception.

But Qin Chen immediately discovered the direction of his attack, which completely exceeded his expectations.

"The mere four elephants are turning around and want to trap Ben Shao? It's ridiculous!"

Qin Chen's icy voice made Liu Ge's eyes widen instantly, and he said in amazement, "You...how do you know that this formation is the Four Elephant Fighting formation..."

A trace of badness suddenly rose in his heart, and he didn't care to figure it out, his figure retreated in an instant.

However, he still failed to avoid the arrival of death.

puff!

The sharp sword light flashed in front of his eyes, and the next moment, a **** thread suddenly appeared in Liu Cheng's throat, gurgling blood, splashing violently.

"you....."

With his eyes wide open, Liu Cheng fell heavily to the ground, never expecting that he would die in Qin Chen's hands, still so vulnerable.

"No, Master Liu Cheng is dead."

"How can this son be so strong?"

While the Four Elephants were in the battle, the other two senior elders of the late Heavenly Rank in Liu Pavilion saw this scene, and they were frightened and their souls were almost gone.

As Liuge masters, the two naturally have a way of not being affected by the four elephant battles, watching Qin Chen helplessly, slaying Liuge with a single sword, effortlessly, as if killing a chicken.

A cold sweat broke out from behind.

"go!

No longer had the courage to fight on, the two of them shook their bodies and turned hurriedly to flee.

"Want to go, stay!"

With the Four Elephants fighting for cover, Qin Chen didn't have to worry about exposing his strength at all, as a mental storm burst out instantly.

The figures of the two men suddenly stagnated during the flight. The next moment, two sword lights lit up, their heads rose into the sky, and blood splashed nearly ten feet away.

After putting away the storage rings of the three of them, Qin Chen stomped on the ground, buzzing, the invisible mental power filled, the four elephant buckets instantly calmed down, and the hall returned to tranquility again.

The whole process is a long one, but in fact it takes a moment.

Before everyone had time to react to what had happened, the formation disappeared, and then they saw the corpses of the three Liu Cheng lying on the ground, with the mysterious rust sword in Qin Chen's hand dripping with blood.

Dead... dead!

Master Liu Cheng is dead?

The young man and the Xu family are safe and sound, none of them are okay?

The crowd glanced at Qin Chen blankly, and then at the three corpses on the ground in amazement, each of them was completely stupid, confused, and didn't even know what happened.

This is the peak warrior in the late three heavenly ranks, and it is in the home court of Liu Pavilion, with the blessing of formation.

If they saw the bodies of Qin Chen and the Xu family, they would still accept it.

But now, it is Liu Cheng and Liu Ge's two masters who are dead...

Just a dozen breaths...

The three great masters of Liu Ge fell.

This.....

At this moment, everyone was shaking and unable to remain calm.

"Quickly, hit me twice and see if I am dreaming."

"Snapped!"

"Oh my god, I'm so hurt, it's not a dream!"

"Dreaming about your size."

Immediately afterwards, the crowd was in an uproar, completely boiling.

"From today onwards, Liu Pavilion will no longer exist. All of you, get out of here."

With a low drink, Qin Chen coldly looked at the many guards and waiters remaining in Liu Ge.

Cang!

The sword and the sword landed, and the guards of Liu Ge at the scene didn't even have the courage to stand down. One by one, his legs were weak, and he threw down his weapons, and ran away as if to escape.

Soon they were gone.

"Everyone, please leave, Liu Ge will be closed from today."

Qin Chen said in a deep voice to many onlookers.

"Yes, let's go."

"We will go right away."

The third-order formation was destroyed with a palm at the door, and now in a stronger formation, it is still safe and sound, killing the three Liu Cheng, let everyone understand that the young man in front of him is most likely a master of the formation.

Otherwise, even if the strength is strong, it is impossible to kill Liu Cheng under such a formation.

It's not easy to break the formation right now. If they don't leave, the other party opens the big formation again, and all of them will probably die here.

In an instant, everyone panicked and fled, leaving nothing.

"Go away, too."

After that, Qin Chen shouted to Zhou Zhenglong, who had been completely frightened and slumped on the ground.

It was said that this guy would be let go, and this person has been abandoned, Qin Chen naturally didn't bother to kill him again.

"Really, really let me go?"

Zhou Zhenglong suddenly raised his head and looked at Qin Chen in amazement.

"Why, do you still want to stay?"

"No, go, I will go..."

Standing up tremblingly, Zhou Zhenglong looked at Qin Chen in horror, cautiously walking out step by step.

Walking all the way to the door, he found that Qin Chen still had no idea of doing something, and then rushed out.

Outside Liu Pavilion, the dazzling sunlight shone on Zhou Zhenglong, making him feel like he was left behind, and he almost didn't cry.

If you give him another chance, he swears that even if he is killed, he will never trouble the Xu family again.

"Little Qin Chen, what shall we do now?"

Looking at the corpses of Liu Cheng dumbly, Xu Xiong and others were also dumbfounded, their brains were not enough.

The dignified figure of martial arts, the second-rank pinnacle alchemist, died here so easily, it felt like a dream in retrospect.

"Clean up here, and at the same time, search this Liu Pavilion, and all the things you find will be sent to me."

"Yes, Shaoxia Qin Chen."

Nodding respectfully, Xu Xiong didn't hesitate.

Anyway, his life was given by Young Master Qin Chen, and now that such a big incident has happened, for the present plan, I can only follow Young Master Qin Chen.

"By the way, Young Master Qin Chen, I heard that Liu Cheng has a good relationship with the Zhu family, one of the four major forces. The Zhu family is a family of formations. It is very likely that the formation of the Liu Pavilion was arranged by the Zhu family. If the Zhu family learns the news here, maybe they will come to seek revenge, so be careful."

Then, Xu Xiong couldn't help but remind.

"Don't worry, I know."

Qin Chen nodded.

Seeing Qin Chen's expression unchanged, Xu Xiong left with confidence.

While Xu Xiong and the others searched for Liu Pavilion, Qin Chen found a quiet room and began to search for Liu Cheng's storage ring.

Chapter 356 First Pill Pavilion

When Qin Chen was cleaning up the mess.

Everything that happened in the Liu Pavilion was already spreading quickly in Wucheng like a gust of wind.

There was an uproar immediately.

The Liu Pavilion is different from the Zhou family and the Xu family. As an open Dan pavilion, the Liu Pavilion's reputation in Wucheng is much greater than that of the Zhou family and the Xu family.

After all, every martial artist may need a pill to cultivate. Regardless of whether he has ever traded with Liu Pavilion, at least every martial artist in Wucheng will pay attention to the power of the pill like Liu Pavilion.

But now, Liu Cheng, the master of the Liu Pavilion, was actually beheaded by the Xu family and a young man in the Liu Pavilion. This news immediately caused an earthquake in Wucheng.

Everyone was in an uproar.

Is the Xu family looking for death?

Everyone knows that Liu Pavilion and the Zhu family, one of the four major forces, have a very close relationship. The Xu family's doing this is not only aimed at Liu Ge, but from outsiders' eyes, it is even hitting the Zhu family in the face.

For a while, everyone turned their attention to the Zhu family, wanting to see what the Zhu family would do.

Zhu Family Mansion.

This is an extremely magnificent mansion, covering an area of hundreds of acres, located in the most prosperous part of Wucheng.

As one of the four major forces in Wucheng, the Zhu family is so powerful that in Wucheng, like a giant, it is daunting.

"boom!"

The exquisite mahogany wooden table was smashed into pieces by a huge palm, and Zhu Hongjun, the second master of the Zhu family, looked gloomily at the manager who came to report, with anger in his eyes.

"What are you talking about? Liu Ge was destroyed by the Xu family?"

He spoke in shock, with disbelief in his tone.

"Yes, my subordinates carefully inquired about the source. Just now, Liu Ge was indeed wiped out by a young man from the Xu family. Master Liu Cheng, the master of the Liu Pavilion, and his three major masters, all fell, and none of them survived. "

The steward knelt on the ground, trembling, his head drooping.

"How is it possible? The Xu family is just a small family, how can it be compared with Liu Ge?"

"What's more, in the Liu Pavilion, there are formations arranged by my Zhu family, not to mention the Xu family, even if it is an ordinary Xuan-level early warrior, it would never be easy to break through."

Even if it was confirmed, Zhu Hongjun still felt unbelievable.

"The subordinates heard that the young man brought by the Xu family seemed to be also a formation mage. With just one punch, he blasted through the formation outside the Liuge gate. The skill in formation was extremely terrifying."

"A punch blasted through the formation at the entrance of Liu Pavilion?"

Zhu Hongjun's eyes stared, and immediately snorted coldly: "Huh, I don't know where the news came from, it's nonsense."

Isn't he not clear about the formation at the entrance of Liu Pavilion, it was the formation at the third-order peak that he sent someone to arrange at the beginning, and it was hit by a young man. What's the joke?

It's Zhu Hongjun, he doesn't have this ability, right?

"In this way, you immediately take someone to Liuge to check, what is going on? Remember, don't be fooled by some rumors, and, whether Liu Cheng is dead or not, Liu Ge must be taken down for me. In that place, it took a lot of energy for my Zhu family to be built, and it must not easily fall into the hands of other people."

"Yes."

The steward immediately took the order and retreated.

"A young man? Humph, I want to see who is who dare to be wild in Wucheng."

Zhu Hongjun's face was gloomy, and his face was livid.

Qin Chen naturally didn't know that the Zhu family, one of the four major forces in Wucheng, had already focused on him, and even if he knew it, he would definitely not care.

At this time, he was in the Liu Pavilion, searching for Liu Cheng's storage ring.

I have to say that Liu Cheng is worthy of being a celebrity in Wucheng, a pharmacist who has been running Liu Pavilion for many years.

The number of treasures in the storage ring surprised Qin Chen. Various elixir and silver bills were scattered all over the place.

Among them, there are a large number of second-grade pill, but the appearance of these pill is relatively ordinary.

But even with this kind of pill, the people of Wucheng can still rush to it, which shows how scarce the alchemists are here.

Naturally, these medicines could not arouse Qin Chen's interest, so he continued to search in the storage ring.

"what!"

Finally, after seeing a bright Hualien in the storage ring, Qin Chen's face suddenly showed joy.

"It really is a colorful heart lotus."

This Hualien plant has seven colors, like a rainbow of seven colors, gorgeous and colorful.

"This colorful heart lotus has a good appearance. It has been under fire for at least a hundred years. It only needs to refine the medicinal properties, which is enough for my cultivation to go further."

Qin Chen looked more satisfied.

The reason why he came to Liu Pavilion to do something on Liu Cheng was because he saw that Xu Xiongzong was Heart Lotus Poison, and wanted to check whether Liu Cheng had a colorful heart lotus, but he did not expect that he had found it.

"The colorful heart lotus is very rare. If it can directly absorb the medicinal properties, although it can also improve my cultivation level, it can be said that at least nine out of ten of the medicinal effects will be wasted. The effect is maximized."

Treasures such as the colorful heart lotus should not be wasted casually, and the effect must be maximized.

It can be seen that Liu Cheng may also be afraid of wasting the medicinal properties of the colorful heart lotus, so he has not been refined, but carefully kept in the storage ring.

Qin Chen naturally would not do anything more violent than Liu Cheng.

"The refining of the heart lotus pill is very cumbersome. In addition to the colorful Hualien, at least five or six fourth-order mysterious level elixir are needed to fuse. I have to find a way to collect all the materials as soon as possible."

"Moreover, the Hundred Ghosts curse on me must be expelled as soon as possible."

"What's the method?"

Qin Chen frowned in thought.

Suddenly, a thought flashed through his mind.

"Since this Wucheng lacks pharmacists, it's better to..."

With his eyes bright, Qin Chen suddenly had an idea.

Immediately walked out.

In the hall, everyone in the Xu family has stood here respectfully.

"Young Master Qin Chen, this is the property we found in the Liu Pavilion."

In front of everyone, there was a mouthful box.

In this, the pill, elixir, etc. found from the various counters in the Liu Pavilion were so large that Xu Xiong and the others were simply astonished.

In terms of financial resources, even though their Xu family also operated a few shops in Wucheng, they were a thousand miles away from Liu Pavilion.

Without looking at the boxes in the hall, Qin Chen directly said to Xu Xiong, "Xu Xiong, I need you to do one thing now to reopen the Liu Pavilion as soon as possible. I am going to sell some medicine pills, and I will change the name.First Dan Pavilion!"

Xu Xiong was taken aback, "Young Master Qin Chen, are you planning to sell all Liu Ge's pills?"

Qin Chen shook his head and said: "Xu Xiong, you can call me Shao Chen from now on, don't call Shao Xia Qin Chen, it sounds awkward. Secondly, what I want to sell is not Liuge's medicine, but Liuge's garbage medicine. , Will not appear in the First Dan Pavilion!"

Rubbish medicine?

Hearing this, Xu Xiong and others couldn't help being dumbfounded.

Don't sell Liuge's pill, Shao Chen, what pill is this going to sell?

Moreover, Liu Cheng was also a second-tier pharmacist at any rate. He was so famous in Wucheng that he was even described as a **** pill. This is too exaggerated.

Chapter 357

"Little dust, don't sell Liuge's pill, then what pill are we going to sell?"

Can't help but ask.

"What I am going to sell is the third-rank True Qi Pill, Xuan-breaking Pill, and Concentration Pill..."

Qin Chen casually said a few pills.

Xu Xiong and the others were frightened by Qin Chen's words, each of them dumbfounded.

Three-rank True Qi Pill, Xuan-breaking Pill, and Concentration Pill?

is this real?

Xu Xiong and the others are going crazy.

You know that in Wucheng, the second-ranking pharmacist is already the top one. The third-ranking pharmacist, except for the Star Chamber of Commerce, does not even have the three powers of Song Family, Zhu Family, and Wu Xiu Mansion, but Qin Chen said he wanted It was beyond their imagination to take the three-pin pill for sale.

Does Chen Shao really have these medicines?

Seeing Xu Xiong's suspicion, Qin Chen didn't explain, and took out a real Qi Pill, a strong medicinal fragrance, which immediately spread.

"It turned out to be the third grade pill."

Sucking air-conditioning sounds, one after another, Xu Xiong and the others shook wildly, their expressions dull.

Even though they were prepared in their hearts, they were still shocked the moment Qin Chen took out the pill.

Originally, they thought that they had a certain understanding of Qin Chen, but now they discovered that what they saw was just some of the other party's fur.

"Little dust, are you sure these pills are really sold directly?"

After swallowing, Xu Xiong asked.

The pill that Qin Chen reported just now is too bad. In a place like Wucheng where there is a lack of alchemists, these three-grade pill is enough to be bid at the Tianxing Chamber of Commerce auction.

Now selling directly, how cruel is this?

"That's natural, do you have any questions?"

Qin Chen knew that if he wanted to get a real treasure out of the hands of the Wucheng warriors, he would definitely not be able to buy it with money. Only by replacing it with something better could it be possible.

And he doesn't have much time, so he can only use this extreme method.

"There is indeed a problem."

Calm down, Xu Xiong calmed down for a while, and couldn't help but speak in a deep voice.

"You said." Qin Chen looked over immediately.

"Although we killed Liu Cheng and occupied the Liu Pavilion, if Liu Ge really has a relationship with the Zhu family, the other party will definitely come and ask for trouble, and will definitely take Liu Ge back." Xu Xiongning said.

"Take Liu Pavilion back?" Qin Chen was stunned: "We killed Liu Cheng. What qualifications does the Zhu family have to go back? Could it be that any shop in Wucheng can be retrieved by the four major forces? Nothing?"

Qin Chen couldn't help but wonder.

Before the conflict between the Zhou family and the Xu family, he knew very well that the purpose of the Zhou family was to win several shops in the Xu family. According to what Xu Xiong said now, even if Liu Cheng was killed, the shops would still Back in the hands of the four major forces, what did the Zhou family do so painstakingly to deal with the Xu family?

"It's not that the four major forces can return to the store, but that after any one force has won another force's store and other physical industries, it must pay a transfer fee to Wucheng in order to obtain the official rights. This transfer The fee is generally 20% of the value of the physical industry. Normally, Wucheng will not interfere in the transfer of stores between the various forces. However, Liu Pavilion is

different. Wucheng was originally controlled by the four major forces including the Zhu family. Once the Zhu family is involved in it, there will definitely be problems with our ownership of Liu Pavilion."

"Twenty percent of the transfer fee? These four forces are really good calculations."

Hearing this, Qin Chen couldn't help but sneered. It's no wonder that Wucheng is so chaotic, and no one cares about the arbitrary actions among the various forces.

It turns out that there is still such a thing.

Any struggle between the forces will eventually have to pay protection fees to the four forces in charge of Wucheng. The four forces in charge of Wucheng are naturally happy. Without disrupting the order of Wucheng, they must hope that Wucheng will become more chaotic. The better.

"Don't care about this. When the time comes, the Zhu family will come to the door and talk about it. Here is a bottle of Third-Rank True Qi Pill. You can sell it first. Remember, the bigger the momentum, the better. It is best to let the whole Wucheng know that There are three products for sale here."

Qin Chen took out a bottle of Zhenqi Pill, handed it to Xu Xiong, and then said to Xu Yan: "Now you take me to Liu Cheng's refining room. I need to retreat and refine some things."

This time he came out, Qin Chen didn't have many third-grade pills, so he had to refine some by himself.

Fortunately, after searching Liu Pavilion and Zhou's family, there were a lot of Tier 3 elixir in his body, enough to refine a lot of Tier 3 elixir, and even Tier 4 elixir.

Holding the third-grade Zhenqi Pill, Xu Xiong watched Qin Chen hurriedly enter Liu Cheng's refining room, and even forgot to ask the price of one.

After Qin Chen's uproar, although all the people were driven out by Qin Chen, there was still a large group of people gathered outside the gate of Liu Pavilion, wanting to see the development of the next situation.

Among them, not only did the number of people outside have not decreased, but as the news spread, more people who had received the news ran over to inquire and wait and see.

It's a pity that after Qin Chen and Xu Xiong drove them out, there was no movement at all, which made people very disappointed.

Therefore, Xu Xiong walked out again. When the original plaque with the word "Liu Ge" was replaced with the "First Dan Pavilion" and it was announced that the third-grade pill was sold, all the onlookers were instantly bewildered.

With just a half-zhuxiang effort, the whole Wucheng was completely sensational.

The medicine shop of the original Liu Pavilion was changed to the domineering first pill pavilion, and there were real Qi Pills for sale, and it was also a third-grade true Qi Pill. This news instantly shocked people from all major forces.

Although the price of each third-rank Zhenqi Pill was as high as 50,000 silver coins, it still couldn't resist the crowds.

In just half an hour, the door of the first Dange shop was already surrounded by crowds.

Xu Xiong soon realized that his price was too low. For a family like Xu's family, the pill of fifty thousand silver coins was unimaginable, but for some big families in Wucheng, it was fundamentally unimaginable. It's nothing, nothing, it can be more popular than treasures that enhance strength.

In particular, the third-grade Zhenqi Pill that Qin Chen gave to Xu Xiong was still the top-grade pill of the third product. Each pill had a pattern on it, and it was a rare boutique.

Before Xu Xiong sold a Zhenqi Pill, the door of the first pill pavilion was already crowded by the crowd.

Some people even fought each other to get to the front.

"Everyone, listen to me, don't mess, don't mess."

Xu Xiong was sweating. Although he is the head of the Xu family, he has never seen such a big scene? The group of people who made the most trouble, the family power, but each one was more terrifying than his Xu family.

At a loss for a while, I didn't know what to do.

Chapter 358

"Everyone, if anyone starts at the door of my first pill pavilion, he will permanently deprive him of the right to buy pill."

In the end, Xu Xiong couldn't help but roared out in a hurry, and the fighting in the crowd stopped.

But even so, someone has been injured for this.

Seeing that the scene calmed down, Xu Xiongsheng was afraid that there would be chaos again later, and hurriedly sold ten third-grade true Qi pills.

In just over ten breaths, the income of half a million silver coins has been obtained.

"Everyone, today's ten True Qi Pills have been sold out, please leave in an orderly manner, don't mess..."

Xu Xiong's words immediately drew a commotion from the crowd, and some of the heavenly martial artists who finally rushed over and wanted to purchase the True Qi Pill were immediately anxious.

"What's the matter, it's sold out so soon?"

"Yes, we finally rushed over, and we didn't even see the shadow of the medicine."

"When will the next batch of Zhenqi Pills go on sale?"

The crowd's enthusiasm has not diminished, but it has become even more popular.

In the long history of Wucheng, this was the first pill pavilion to sell a third-grade pill. It was hard to see such an opportunity to let them not be nervous or mind.

"Sorry, everyone, Xu doesn't know when the next batch of third-grade medicine will be sold for the time being. Please don't mess around and leave first and wait for our notice."

Xu Xiong didn't expect the situation to be like this. The pills were all sold out, and the crowd still refused to disperse. The heat was really hot.

But he didn't know Qin Chen's plan, nor did he know when Qin Chen would sell the pill next time, so he could only say so vaguely.

It's just that Xu Xiong did not expect that, instead of dispersing the crowd, his words aroused people's dissatisfaction even more.

"What's the matter? I said before that there are three-ply pill for sale, but now I am uncertain about the time. Isn't this kidding us?"

"Your No. 1 Dange is too bullying."

"The Liu Pavilion was wiped out, and the name of the first pill pavilion was named. Why is it so unkind to do things."

"This Xu family is too much."

The crowd seemed to have exploded, causing even greater commotion. Some of the heavenly martial artists who had finally seen the third-grade pill to buy were even more emotional, and almost didn't demolish the first pill pavilion.

Just when Xu Xiong was at a loss, Qin Chen walked out and looked at Xu Xiong speechlessly: "Patriarch Xu, you can't do business, why are you messed up like this?"

"Little dust, I don't know..."

Xu Xiong's face was depressed, and he wanted to cry without tears.

In other words, his Xu family is also the No. 1 family in Wucheng, operating several shops, it can be said to be rich in experience.

But just now, his so-called experience was completely useless.

The people at the door were really crazy, and they couldn't stop without buying pills, leaving him completely helpless.

"Let me come."

Qin Chen knew that Xu Xiong could not be blamed for this. In fact, at the beginning, he did not expect that a mere bottle of Third-Rank True Qi Pill would make such a sensation.

Pushing Xu Xiong away, Qin Chen came to the door of the First Pill Pavilion.

"Everyone is quiet!"

A loud voice, accompanied by an astonishing mood, spread far away.

Qin Chen's voice contains a strong spiritual will, coupled with a unique artistic conception of sword intent, making everyone's mind roar, like a thunderstorm, making people's mind rumbling and having to be quiet. Come down.

He arched his hands, Qin Chen glanced at the crowds on the street, and said Hong Sheng: "My friends, everyone should know that Ben Shao is not from Wucheng, but he can't get used to Liu Pavilion's domineering and violent actions, so he took action to destroy him. Originally, according to Ben Shao's character, after things were done, he would definitely turn around and leave, but considering that Wucheng lacked a pharmacist, Ben Shao killed Liu Cheng again, bringing losses to everyone in Wucheng, so he decided , Temporarily changed the Liu Pavilion into the No. 1 Pill Pavilion, and sold some third-grade pill to make up for and give back to everyone in Wucheng."

"I believe everyone has seen the sincerity of this young man just now. This young man really wants to make money. The third-class Zhenqi Pill just now is definitely not priced at 50,000 silver coins. You can get it at the Tianxing Chamber of Commerce auction. It will go up for auction, and any one will definitely be more than this price."

"Ben Shao's purpose is to bring some happiness to everyone in Wucheng, so I hope everyone can be quiet. If the trouble is too much, Ben Shao would rather not want this first Dan Pavilion, turn around and leave. The elixir, let alone Wucheng, can be mixed in any force in the five northwestern countries."

"Secondly, I also hope that everyone will not embarrass the Xu family. The Xu family is just running errands for Ben Shao, and they can't be the master of Ben Shao. If you embarrass them, it will not help."

When Qin Chen said this, the crowd that had been tumultuous immediately calmed down, and no one dared to make a loud noise anymore.

Wucheng finally had a power that could sell the third-grade pill. If they drove away because of their recklessness, they would have nowhere to cry.

Seeing the quiet scene, Xu Xiong couldn't help being ashamed. He had to say that Shao Chen had too strong wrists. He shouted for a long time, and the scene was still noisy. Under his few words, he immediately became calm. Come down.

This ability is not something ordinary young people can do.

Seeing that everyone on the street had calmed down, Qin Chen nodded slightly, actually quite satisfied with the effect Xu Xiong had caused before.

The reason why he didn't give Xu Xiong's pill price at the beginning was because he didn't understand the Wucheng market, and his purpose was to make a sensation in Wucheng, not to make much money.

Although the price of Fifty Thousand One was lower, which caused chaos on the scene, the reputation was suddenly blown out.

"Seeing that everyone is so enthusiastic, Ben Shao also understands your desire for higher-order pill. Please rest assured that since Ben Shao opened this first pill pavilion, naturally he would not just sell a bottle of Zhenqi Pill. There will surely be even bigger deals in the future, but the sales of the following medicines, I'm afraid they won't be like Zhenqi Pills, each with five silver coins."

"Ah, is the price going up?"

"I just said, there is no such good thing about the third-grade pill of 50,000 silver coins."

"I will increase the price as soon as I sell it. That's too ridiculous. If the price is 100,000 silver coins, what shall we do?"

The crowd immediately fried.

The reason they came in a hurry is because they heard that there are three kinds of pills for sale here, and the price is cheap.

If the price rises to a normal level all of a sudden, even if they want to buy it, they will not have the financial resources.

The crowd rushed for a while, and there was noisy again, with anxiety on everyone's face.

Chapter 359

Qin Chen hurriedly waved his hands and said, "Don't worry, friends, since my first pill pavilion is to give back to everyone, how could I increase the price casually, and the next third-grade pill will still be 50,000 silver coins..."

When the crowd heard Qin Chen's explanation, many people heaved a sigh of relief immediately, but there were still many shrewd people who were still looking at Qin Chen, because they knew that since Qin Chen said so, there must be something else.

Sure enough, before everyone was relieved, Qin Chen said again: "However, we need to change the purchasing method."

"How to change the method?"

The crowd was taken aback, all staring.

"The pill we sold previously was a third-grade true qi pill. Everyone knows that the third-grade true qi pill is used to enhance the true qi in the martial artist. Therefore, many elixir can be refined. It was confiscated at the beginning, but what we are going to sell next are some special medicines in the third stage medicine, such as Poxuan Pill, Ningxin Pill..."

"Everyone knows that one reason why the third-grade pill is scarce is because high-level alchemists are relatively rare, and the other reason is the material."

"For the sale of Xuan Xuan Pill and Heart Concentration Pill, our first pill pavilion may not be sold like the True Qi Pill, but you need to provide the materials yourself."

Qin Chen said loudly to everyone.

"What? Poxuan Pill, Concentration Pill?"

"Does your first pill pavilion still have these two medicines?"

"Isn't it a lie?"

"Yes, Po Xuan Pill is a kind of pill that improves the chance of a martial artist's breakthrough, and the Heart Pill is a pill that enhances the martial artist's cultivation comprehension. These two kinds of pill are

extremely powerful among the third-class pill. The pill, even the Star Chamber of Commerce has not been auctioned, can the first pill pavilion be sold?"

Hearing that, the crowd fry the pan again, almost crazy.

Everyone's entanglement is not whether they charge material fees, but whether the first pill pavilion sells these two kinds of medicine.

You know, it's not that there are third-class alchemists who can sell all kinds of third-class pills.

The refining of each third-rank pill requires first the prescription and refining method, and then a third-rank alchemist. After a long time of refining and learning, it is possible to succeed, and according to the difficulty of refining, This time course is uncertain.

For example, the Tianxing Chamber of Commerce is one of the four major forces in Wucheng, and it cooperates with a third-rank alchemist, but there are only one or two third-rank pill that they sell at auction. It can be said that there are very few options.

Now that I heard that the first pill pavilion also has Po Xuan Pill and Ningxin Pill for sale, why are they not excited?

These two kinds of medicine, but every warrior, are dreaming of.

Feeling the heat and inquiries on the court, Xu Xiong couldn't help but admire again.

Xiao Chen is worthy of Xiao Chen, his own price is low, he did not directly increase the price, but used the method of providing materials to cleverly increase the price, and the increase was not even a little bit.

The most important thing is that, in order to prevent everyone from questioning, Shao Chen also proposed two pills, Poxuan Pill and Ningxin Pill, so that everyone's attention was focused on these two newly launched pills. On the contrary, no one paid attention to the price of the raised pill.

Facing everyone's doubts, Qin Chen smiled slightly and said, "Hehe, if there were no such two kinds of pills, how could this young master dare to say that."

He shook his right hand, two porcelain bottles immediately appeared in his hand, and gently poured them, and the two rounded pills also fell into the sight of everyone.

These two pills, one was light yellow and the other was off-white, with clear pill patterns on them. As soon as they appeared, a strong medicinal fragrance escaped at the entrance of the first pill pavilion.

"It's really Po Xuan Dan and Ning Xin Dan."

"Oh my God, and the two pills have pill patterns, at least they are the first-class pills."

"Pills of this level can improve our cultivation to the greatest extent without much sequelae."

"His, no, I must buy a Profound Breaking Pill. I have been stuck in the early days of the heavenly rank for many years, and have been unable to break through. If there is this Profound Pill, plus a Concentration Pill, it is best With the addition of a True Qi Pill, the probability of breaking through the mid-level of the sky is at least 80%."

The crowd was completely hot, and everyone was going crazy.

When these two elixirs really appeared in front of everyone, no one could resist the charm anymore.

"Bring it to me."

There was even a loud shout. A middle-aged man in black, with fiery eyes, couldn't help but rushed out of the crowd.

He spread his hands like a bat, turning into a black shadow, rushing to Qin Chen suddenly, about to **** the two jade bottles in his hand.

"So fast, it's Black Bat King Li Zongbo!"

"This person is so bold. Is this going to **** Po Xuan Dan and Ning Xin Dan?"

"Li Zongbo's cultivation base has already reached the peak of the middle stage of the heavenly stage. With these two bottles of pills, he may be able to reach the stage of the later stage of heaven in one fell swoop. This is a preparation to take the risk."

"Damn it, he took the lead."

The crowd exploded and everyone was shocked.

Wucheng was extremely chaotic. Many of the warriors were wanted criminals from the major forces in the five northwestern countries. They were all cruel and had never done anything.

As soon as Qin Chen took out the Po Xuan Pill and the Ningxin Pill, he immediately attracted the coveting of many fierce bandits, and couldn't help but rob them.

Among them, Li Zongbo, the black bat king, is the fastest one, and many other warriors who have this idea secretly regretted it and blamed themselves for being slow.

It's just that Li Zongbo, the black bat king, has always been cunning, and he is known for his speed. Since he has made a move, he must have lost their share.

Under regret, everyone was concentrating, seeing Li Zongbo's palm about to grasp the jade bottle in Qin Chen's hand.

Abruptly--

call out!

The two pills in Qin Chen's hands had been put away for unknown time, and a dazzling sword light shining brightly between the sky and the earth, flooding the eyes of Black Bat King Li Zongbo.

"What? Not good!"

Li Zongbo was shocked. He didn't expect Qin Chen to react so quickly, and when he shook his figure, he would retreat.

But it's late!

Puff!

The sword light passed through, and the protective qi on his body surface was like a fragile piece of paper, which was cut to pieces in an instant, and then the whole body was split in half in the air, and blood was spilled on the ground.

"scare!"

For fear of being splashed with blood, the surrounding crowd dispersed in terror. They watched Yuan Zongbo's corpse, which was divided in two, fell to the ground, with wide-open eyes, full of horror and horror.

"hiss!"

The sound of inhaling air-conditioning sounded one after another on the court, everyone's eyes were shocked, and everyone was shocked.

Everyone came to their senses. The young man in front of him seemed young, but it was not a good thing. This was the top master who had killed all Master Liu Ge Liucheng and others. He dared to **** the medicine in front of him.

Chapter 360

Some people in Wucheng had heard of Qin Chen's deeds before, but they were still somewhat skeptical in their hearts.

I don't believe how capable a young boy can kill Liu Cheng and six of the three top players.

But at this moment, seeing the black bat king Yuan Zongbo be beheaded by one sword, one by one no longer had the slightest doubt.

Although the black bat king Yuan Zongbo is not the top powerhouse in Wucheng, he is also famous in Wucheng, especially his one-body skill, which is extremely fast. He was once chased by the martial artists at the peak of the two great heavenly stages. All escaped safely.

But now, it turned out not to be the enemy of this young boy Yijian.

How terrible is this son?

For an instant, many people on the court with malicious intentions all stood upside down, cold sweat oozing from their backs.

Fortunately, I hadn't been reckless before, stepping forward, otherwise, it would be me who died.

Can't help but have lingering palpitations one by one, and fear forever.

"Come on, dispose of this person's body."

With a light drink, Qin Chen waved his hand, and immediately someone from the Xu family cleaned up Yuan Zongbo's body, and the blood was washed away with water.

Lightly stepping on the ground, an invisible wave instantly enveloped everyone living in the field. Everyone felt the true qi in the body stagnated slightly, and then returned to normal. The surroundings returned to tranquility. Nothing happened, like an illusion.

"This is... the formation?"

"Liu Ge's formation was controlled by this young man so quickly?"

"Hi, this guy didn't show his full strength just now."

Feeling the formations lingering around, the warriors all over the street poured a basin of cold water on their heads again, and they no longer dared to be presumptuous.

"Everyone, my first pill pavilion, I just want to do business with peace of mind and give back to the majority of martial artists. If this happens again, my first pill pavilion will stop selling pills and leave immediately."

Qin Chen looked at the crowd and said coldly.

He just killed someone by Thunder just to deter everyone. Although he was not afraid, the Xu family was still helping him. If someone targeted the Xu family, it would be easy to get into trouble. After all, he couldn't protect the Xu family all the time.

Qin Chen was already thinking about whether to improve the Xu Family's cultivation level. After all, the Xu Family is still doing things for himself. The cultivation level is too low, which is not a problem.

Sure enough, after such an exit, the crowd immediately became much quieter.

However, it was only quiet for a while, and the crowd became noisy again.

"What if we don't have the materials for Po Xuan Dan and Ning Xin Dan?"

"Yes, the elixir for refining Poxuan Pill and Ningxin Pill is very rare, and it is difficult for us to collect them all."

"To be honest, although I know Poxuan Pill and Ningxin Pill, I don't know what kind of elixir is needed to refine these two types of pills, let alone provide raw materials."

The story of Li Zongbo, the black bat king, was just an episode, and everyone quickly turned their attention to the sale of the pill.

This is what they care about most.

"Hehe, you don't have to worry about it." Qin Chen laughed: "I have also considered this point. For the convenience of everyone, I made special adjustments."

"I ask everyone to prepare the materials. It is not that the materials for the Profound Pill and the Heart Pill are necessary. For example, to refine a furnace of Profound Pill, you need a Tier 3 Dzi Bead and two Tier 3 blue-patterned red fruits. As well as more than a dozen second-tier elixir, you only need to come up with the same-level elixir, that is, a third-order high-level elixir, to be eligible to purchase a Xuanxuan Pill."

When Qin Chen said this, everyone immediately understood, and they all breathed a sigh of relief.

It turns out that this is the case, and it is not necessary to come up with the materials of the Xuan Pill, only the materials of the same level can be eligible for purchase.

Suddenly, a big rock in everyone's heart suddenly fell to the ground.

To be honest, asking them to search for certain materials is extremely difficult and extraordinary. Very few people are likely to be eligible for purchase.

But if you only need materials of the same level, it's much easier.

After all, Wucheng was close to the Xuanzhong Mountain Range, and many warriors fumbled and crawled in it. Not to mention, there were still some materials for the third-order, and many heavenly-level experts still had some, and they might not be unable to come out.

"But what if there is no Tier 3 elixir? Are other things possible?"

At this time, someone asked again.

"Of course it's okay. In fact, it's not just a panacea. It can be any treasure of the same level. It's similar to real stones and other materials. But you need to pay attention to the fact that you don't need cheats, martial arts, weapons, etc., our first pill Ge, only special materials are accepted."

"However, although the materials are okay, everyone has to hurry up. After all, the number of pills is limited. If someone else has already exchanged it, I am afraid there will be no other person's share."

As soon as Qin Chen said this, everyone who was originally relaxed immediately became nervous again.

Yes, everyone lives in Wucheng. Can you find a Tier 3 panacea, can't others?

However, the number of pill is limited, and it is impossible to have an endless supply. If everyone takes out the third-order elixir to redeem, he will take less at the beginning and lose the eligibility for exchange. Once the pill is exchanged, he will definitely Will regret it for life.

Originally, some people thought about taking out some Tier 3 elixir to exchange the qualifications for purchase, but now they couldn't help but become nervous.

"Okay, everyone understands the rules. I will now open the purchase qualifications for the two bottles of Po Xuan Dan and Ning Xin Dan, and please submit your own materials, and I will choose the object of the transaction."

Seeing the atmosphere reached, Qin Chen immediately took out two bottles of pills and said: "Here I remind everyone that the more precious the materials, the sooner they will be eligible for purchase. If you can For the Tier 4 elixir, let alone, I was the first to sell you Poxuan Pill, let alone Poxuan Pill. What kind of pill you want, I will sell you any pill."

"What, besides the True Qi Pill, Poxuan Pill, and Heart Concentration Pill, can you sell other pills?"
Someone already asked in shock.

Qin Chen smiled slightly and said: "That's natural. As long as it is a third-rank pill, we can sell it here. No matter it is the third-rank detoxification pill, Rongmai Pill, Huayuan Pill, or Fire Spirit Pill, as long as you can come up with the materials, I They can be refined into pill for you."

"However, it takes some time to refine these pills. You may get the pills the next day after the materials are taken out."

Qin Chen came here to search for all kinds of materials. Naturally, he didn't want to be low-key, and although he understood that this would offend some forces, as long as he had enough materials, he refined the Heart Lotus Pill and eliminated the Hundred Ghosts Curse. , Even if they offended the four most powerful forces in Wucheng, they were not afraid.

"Leave aside these for the time being, now we are starting to sell these two bottles of pills."

As soon as Qin Chen's voice fell, the crowd rioted.

"I produce a third-order purple sunflower and buy Poxuan Dan."

"I produce a third-order alfalfa seed and buy a heart-forming pill."

"I have a Tier 3 Star Stone, and I want to buy a Heart Concentration Pill."

"All get out of the way, I have a Tier 4 sky star grass, and both Poxuan Pill and Ningxin Pill want to buy one."

For a time, the voices of various quotations were endless, and it almost exploded.
