

Valkyrie 3511

[Chapter 3511: I am upset](#)

The intelligence network of the Zhuge family was very powerful. After a while, all the news about Zhuge Tuyang and the others had been passed on.

Battle of South Dou City!

Qingxue Family Warship!

The Lord Baqi reconciles!

Zhuge Tuyang tracking!

A series of news were passed to Zhuge Rulong, Zhuge Rulong's eyes suddenly became serious, and he said coldly: "Qingxue Family."

Zhuge Tuyang and Zhuge Crazy followed the Qingxue family members secretly, but now, they all died out. Could it be the Qingxue family's hands? But Zhuge Tuyang is the supreme elder of their Zhuge family. In terms of seniority, it is even higher than Zhuge Yao, the head of the Zhuge family. In the Zhuge family, he is also regarded as the top powerhouse. Even the Qingxue family can kill him. also not

there's a few. What's more, the Zhuge family mastered the rules of fate and was extremely sensitive to the interaction between heaven and earth. If there were real masters of the Qingxue family ambushing, with Zhuge Tuyang's methods, it would be impossible to detect it at all, at least they could feel the warning signs, even if they were affected.

It is not an opponent to ambush, but it may not be impossible to escape.

But now that Zhuge Tuyang's life incense has been extinguished, this matter immediately became weird.

"Ancestor."

Boom!

At this time, a rumbling roar resounded, and Zhuge Yaolong, the head of the Zhuge family, walked in with a cold look.

"You also know the news?" Zhuge Rulong looked at Zhuge Yao. "Yes, ancestor, the people of the Qingxue family dare to touch our Zhuge family. It is too arrogant, ancestor, please order that I will lead the masters in the clan to intercept the people of the Qingxue family. All Beheaded, in order to behave like you." Zhuge Yaohan

Soundtrack.

A supreme elder of the pinnacle saint master level, such a loss, even for the Zhuge family, is also a great loss.

"Are you here to lead the team?"

Zhuge Rulong looked at him.

"Yes, please ancestors give me this opportunity. The disciples will do their best to seek justice for the members of my Zhuge family." Zhuge Yao said murderously.

"Then you know, who killed Zhuge Tuyang?" Zhuge Rulong asked.

Zhuce Yao was taken aback for a moment, and said directly: "It's still worth asking, the elder Tu Yang followed the Qingxue family, he must be a member of the Qingxue family." "Hmph." Zhuge Rulong snorted coldly: "Idiot, The Qingxue family is indeed extremely powerful. It belongs to the same top power in the southern celestial realm as our Zhuge family, but I know that Tu Yang is very powerful. Compared with you, it is only slightly

It's not even weaker, even the realm is not weak, it's just that the old age is declining, the blood is weak, and the Qingxue family wants to ambush him, unless the Patriarch of the Qingxue family comes forward, and it is only 60% sure. "

Zhuce Yao was surprised: "Your ancestor is..."

Zhuce Rulong said in a deep voice: "If you want to kill Zhuge Tuyang, you can only rely on Qingxue Futian, the owner of the Qingxue family, and you can only be sure of 60%. If Qingxue Futian takes the shot, but if it is from the Qingxue family What about that old thing?" Zhuce Yao's face changed slightly. He naturally knew that the old things of the Qingxue family mentioned by the ancestors naturally referred to the ancestors of the Qingxue family. The Qingxue family could fight against the Zhuge family, and everything It's all because of Qingxuegu, the ancestor of the Qingxue family

Hua, respect the strong.

"Ancestor, Qingxue Guhua's old thing, didn't he always say that he is already sitting down?" Zhuce Yao said solemnly.

"Although the old thing hasn't appeared for many years, it is rumored that when he was renewing his life, he went into a madness, entered the five decay of heaven and man, fell directly, and disappeared, but who knows that this is the case?"

Zhuce Rulong squinted his eyes, "This is not what I worry about the most. What I am most worried about is that although Zhuge Tuyang followed the Qingxue family, if the one who killed Zhuge Tuyang was not from the Qingxue family What?"

"This...impossible, right?"

Zhuce Yao said in disbelief: "Except for the Qingxue family, there are very few forces in the Southern Heaven Realm that can kill the elder Tu Yang." "This is the most critical part of the problem." Zhuce Rulong's eyes were cold, in his pupils. There is a way of rotating the wheel of destiny, such as yin and yang tai chi, writing the wheel of all things, "If this is the case, then it will be troublesome. These days I feel destiny and divide my soul.

Walking in the long river of fate, I want to spy on the future of my Zhuge family, but found that the future of our Zhuge family is hazy and can't be seen at all. The most terrifying thing is that in the dimness, there is a chill that makes my heart palpitations. "

Zhuge Rulong looked extremely solemn, "This time, I have to investigate the cause of Zhuge Tuyang's death personally. I don't know why, I feel a little uneasy."

Zhuge Yao was startled, "Ancestor, isn't it such an exaggeration?"

"Huh, I don't know if you saw this message?" Zhuge Rulong suddenly pointed to a message. "In the Void Bazaar, Molan of the Konghai clan disappeared mysteriously after hunting down an unfamiliar young master at the strange trade fair." Zhuge Yao frowned as he looked at the information and said, "Old ancestor, it seems... Nothing to do with our Zhuge family

Relationship?" Zhuge Rulong sighed and shook his head: "It seems that you are on the destiny side, and you still lack too much. I read other information. When the Molan fell, the battleship of the Zhuge family happened to stay there. A void market, although it's sunny and snowy

The master of the family has never left, and there is no master who can kill the Kukai Clan Molan, but I have a feeling that there must be some connection between the two. "

"If I don't investigate it clearly, I feel uneasy."

Boom!

When the voice fell, Zhuge Rulong stepped out, tearing open the void immediately, and tracked towards the location where Zhuge Tuyang sent the last message.

Whoosh whoosh!

Behind Zhuge Rulong, Zhuge Yao and other masters of the Zhuge family also flew up and followed closely.

Qin Chen naturally did not know that the news that he had killed Zhuge Tuyang would attract the attention of the ancestors of the Zhuge family. At this moment, he had returned to the battleship of the Qingxue family with You Qianxue and Qingqiu Ziyi.

Seeing Qin Chen and the others came back safely, Qingxue Silan and others were naturally extremely excited. Before feeling such a terrible fighting atmosphere in the ghost river, Qingxue Silan was terrified, for fear that Qin Chen would encounter Danger.

Even Qingxue Silan still cared about checking Qin Chen's body to see if he was injured, making Qin Chen dumbfounded. After a simple greeting, Qin Chen directly bid farewell. Now that he has received some news from the Tongtian sword pavilion, Qin Chen naturally does not want to go to the Qingxue family and waste too much time. He wants to find the descendants of the Tongtian sword pavilion first, and then think of a way. hit

Explore the news of Ji's house.

Tongtian sword pavilion and Ji family are both the top forces in the ancient heavens. Perhaps there is news of Ji family in the Tongtian sword pavilion. When Qin Chen was about to leave, Qingxue Silan was shocked, her eyes filled with dismay: "Master, why are you leaving all of a sudden? You haven't come to our Qingxue family to be a guest yet, and see my father! "

[Chapter 3512: Sex Demon](#)

Qin Chen smiled and touched Qingxue Silan's head and said: "As a teacher, I also want to visit your Qingxue family, but there is still something to do as a teacher. You have to leave. If you have a chance, you will go as a teacher. Your Qingxue family are guests."

Qin Chen smiled and looked at Qingxue Silan. He really liked this innocent and romantic little girl, and he also recognized Qingxue Silan's apprentice.

Qingxue Silan looked at Qin Chen disappointedly. She wanted Qin Chen to go to her family. Even this time she had encountered too many things. She also wanted to tell her sister all this so that her sister could be with Qin. Chen knows, they are both strong, and they will definitely have a common language.

"Master, then you are careful along the way." Qingxue Silan said.

"Don't worry, I will." Qin Chen said with a smile.

"Then...I want to find you in the future, where should I go?" Qingxue Silan said suddenly, tears in her eyes.

Qin Chen glanced at Qingxue Silan gently, rubbed her white and flawless face, and thought for a while: "Go to Jianzhong, I may be in Jianzhong in the future, but where I am, I am now. do not know."

Qin Chen took out several pill bottles from his body and handed them to Qingxue Silan, "You said that your sister was injured and needs melting fruit to heal her injuries. Here are some healing pills I prepared, which can be given to your sister. , And, there are some cultivation medicines that I left for you. You have to work hard, don't shame me as a master. Next time I see you, if your cultivation base does not increase, you won't be a teacher. You are polite, I will spank you!"

Qin Chen said solemnly.

Qingxue Silan's face turned red for a moment: "Master, sister Mengxue, they are all here, you..."

She blushed, bit her lip, her eyes shy, and she was speechless for a long time.

"It's okay, if he dares to spank you, I will beat him too." You Qianxue said with a smile.

Qin Chen smiled awkwardly, then bowed his hands to Uncle Ming and the others, and finally left the battleship, under the watchful eyes of Qingxue Silan and the others, he instantly escaped into the void and disappeared.

When Qin Chen's figure disappeared, Qingxue Silan's eyes surged with tears, and she couldn't hold back anymore, her tears rolled down all of a sudden, feeling very wronged.

"Uncle Ming, Uncle Bing, why don't you say Master doesn't go to our house? Are you worried about father and ancestors, father and the others are very nice?" Qingxue Silan pounced on Uncle Ming, crying aggrievedly.

Uncle Ming and Uncle Bing looked at Qingxue Silan, knowing that Qingxue Silan had already been familiar with this master, and sighed slightly: "Second Miss, Brother Chenqing has his own business to do. A strong man like him, It must be very busy. We can't delay people. You say if it's right, and he also said. He will come to our Qingxue family in the future. When the second lady is up, you can also go to Jianzhong when you want him. Find it, do you think it is."

"Ok."

Qingxue Silan nodded, sucking on her red nose, her eyes suddenly became extremely determined, for the sake of the master and the family, she must become stronger.

"Let's go, Brother Chen Qing said before that he solved some of the Zhuge family's following people for us, but he was worried that the Zhuge family's people would come up again, we have to return to the family as soon as possible." Qing Xueming said .

"I have communicated the matter here to the family, and now the Patriarch and others should be bringing the masters of the clan over, and they happen to meet Patriarch and them as soon as possible..."

The battleship of the Qingxue family moved and left quickly.

In the endless void, Qin Chen and the others rode the flying boat and swiftly went to the sword grave.

The sword king Muzhifeng drove the flying boat on the way, while Qin Chen entered the universe jade disc and began to retreat.

This time Qin Chen swallowed the origin of the fate of several elders of the Zhuge family, and gained a new understanding of the art of fate. Rumble, his body flashed with the light of fate, he closed his eyes tightly, and his soul seemed to enter In the vast river of fate, absorbed the power of fate.

On his body, there are great runes flickering, and it merges with the universe of the jade disc world, making a roar. Everyone in the jade disc of the universe has an illusion of being in the sea of destiny, drifting with the waves. .

"Awesome."

Qingqiu Ziyi stood beside Qin Chen, silently feeling the mighty power of Qin Chen's body, and there was a palpitation in his eyes.

Qin Chen's road of destiny is too strong, even she, the pinnacle holy master, is standing on the side, and she has an impulse to enter the opponent's destiny and let the opponent control it. What kind of position has this reached on the path of destiny?

It should be understood that Qin Chen is only a mid-term peak saint master, who has not achieved the avenue of body fusion at all, but can master this level in a rule, which is even beyond the extreme that the later saint master can comprehend.

"Hmph, this **** monster is just a bit lustful, and other aspects are still good."

Su Xiaoxiao appeared beside Qingqiu Ziyi, pouting.

Qingqiu Ziyi gave a wry smile, Su Xiaoxiao was good at everything, but he called Qin Chen the demon at every turn.

"I said it, it was not what you thought the last time."

"What do I think? He has taken care of your body, and you have spoken nicely for him. I will tell you that he must be uneasy and kind in accepting Qingxue Silan as a disciple. I suspect that he is greedy." Su Xiaoxiao concluded.

Qingqiu Ziyi was even more speechless, and looked suspiciously at Su Xiaoxiao, "Why do you have such a big opinion on him? Could it be that you were given something by him?"

Qingqiu Ziyi kept looking at Su Xiaoxiao, and had to say that Su Xiaoxiao looked like a loli, but she was actually quite expectant. She was hot enough to stir the flames in a man's heart.

"You...what nonsense." Su Xiao was impatient.

boom!

At this moment, the light of destiny on Qin Chen lingered for a moment. Suddenly, something in this jade disc of good fortune in the universe suddenly rose up after feeling the aura of fate on Qin Chen's body, bursting into brilliance. Light.

Boom!

A mighty force bloomed on the object, which turned into brilliant runes, which awakened Qin Chen in cultivation.

Qin Chen raised his head and was shocked to see that this token was floating in the void of the Universe Fortune Jade Disc. This token was actually glowing at this moment, exuding an astonishing atmosphere of the great avenue.

That was... the token that the Holy Master of the Ghost Array had obtained in a secret realm in the Southern Heaven Realm.

Qin Chen reacted instantly. At the beginning, he had subdued the Holy Master of the Ghost Array and found this token from the storage space of the Holy Master of the Ghost Array. The material was so strange that Qin Chen could not distinguish it. But at this moment, this one The token resonated with the fate aura on Qin Chen's body and began to shine.

There have been amazing changes.

[Chapter 3513: Scourge](#)

As soon as Qin Chen raised his hand, this token instantly fell into his hand. Then, he began to study the token. At this moment, the token glowed and exuded a mighty aura, as if it had communicated with the heaven and the earth. This token Above, two vague writings appeared unexpectedly.

"Secret!"

There was even a throbbing feeling in Qin Chen's mind. The mysterious ancient book that had been hidden in the depths of Qin Chen's soul, at this moment, seemed to be shocked and tremble slightly.

"This token can actually stir up mysterious ancient books!"

Qin Chen was taken aback. The mysterious ancient book was one of the greatest secrets of his rebirth. For a long time, Qin Chen was very curious about the origin of the mysterious ancient book, and even

evolved such treasures as the book of origin. But now, this one is engraved with "The token with the word "Tianji" can actually resonate with mysterious ancient books. What is the connection there?"

Qin Chen studied this token carefully. He felt that this thing contained extraordinary secrets. If he could study it thoroughly, he could even snoop out the secrets of a mysterious ancient book.

This side of the token is very smooth, with crystals, and there is no visible material. It glows at the moment, and it is very warm, giving Qin Chen a feeling of interaction between heaven and man. In the dark, Qin Chen seemed to see some shadows. The shadow is very vague, but it is related to his fate.

On the token, many lines appeared, causing changes, but there was no special performance. No matter how Qin Chen instilled energy, he remained motionless, but only slightly glowed, leaving Qin Chen clueless.

And when Qin Chen was studying this token.

Sorry for ghosts!

Boom!

A figure exuding a terrifying aura walked out of the void, quickly entered the ghostly sad area, and finally came to the sky above the ghost river.

"right here."

These people exude the mighty power of destiny, it is Zhuge Rulong ancestor.

"I felt it, Tu Yang and the others fell here."

Zhuce Rulong said in a deep voice, his gaze looked at the ghost river that had been extremely chaotic in the previous battle. Behind him, Zhuge Yao and the others also showed horror in their eyes.

The elder Zhuge Tuyang fell here?

Whoosh whoosh!

They swiftly swept into the ghost river, hum, and the force of destiny permeated out, capturing everything around, but the aura here almost disappeared, and no aura was captured at all.

"Old ancestor, someone cleaned this place, and it was cleaned up very cleanly, without any clues."

Zhuce Yao said that the operation of the destiny technique could not capture the slightest clue.

"let me do it."

Zhuce Rulong snorted coldly. He raised his hand and buzzed. Suddenly, a wheel of destiny appeared in his hand. In his eyes, a series of terrible lights of fate bloomed, and the writing wheel of yin and yang appeared in Zhuce Rulong's eyes. surround.

Although Xiaoyi and Xiaohuo have absorbed all the breath here, no matter how they absorb them, they can't eliminate their destiny. Immediately, a trace of destiny began to be captured by Zhuce Rulong.

"Hmph, I caught it, but I want to see who is the one who dared to kill my Zhuce family."

Zhuge Rulong snorted coldly, opened his eyes, and in his eyes, the yin and yang writing wheel was spinning frantically, seeing the long river of fate, along the long river of fate, to pry into the fate of Zhuge Tuyang, and watch some of what happened here.

Just when he was about to capture the mystery of the long river of fate, suddenly...

puff!

He was madly urging the destiny, widening his fate, Zhuge Rulong, who was capturing and calculating, suddenly spewed red blood, and coughed up blood one after another.

"What's the matter with you, ancestor?" The people around were shocked, because they saw that ancestor Zhuge's eyes were bleeding, and the situation was quite serious.

What's wrong?

It is calculated that the master who killed the elder Zhuge Tuyang is only, why such a backlash occurred.

At this moment, Zhuge Rulong looked very embarrassed. He opened his mouth wide and gurgled out. He wanted to say something, but he couldn't say a word. He even screamed silently and painfully.

The ancestor Zhuge seemed to be dumb, his eyes were bleeding, his eyes seemed to be blind, he stopped talking, and let out a beast-like growl.

The people next to him were terrified. The ancestor's appearance at the moment was more terrifying than the last time when he calculated the ancestral land of the Zhuge family. The ancestor is a powerful person, even if he calculates his fate, he has never been like this. , Unexpectedly, they have been backlashed recently.

Zhuge Rulong's eyes were red and his ears were bleeding. His appearance was a bit scary. His body became more and more rickety, and he couldn't sit still, as if he was about to sit on the spot.

"Ancestor!" A group of people was anxious and very anxious.

Zhuge Yao quickly shot, injecting vigorous life energy into Zhuge Rulong's body to help it deal with bad luck. If this is completely returned to the heavens, he will be scary. The ancestor has encountered a divine condemnation and received unknown.

This situation is understood by those of them who master the way of destiny, because the Zhuge family's group training once said that the power of destiny can only be used to spy on the past, but it cannot be used to capture the secrets of the sky, because the secrets of the sky cannot be revealed. , Can't be counted, once touch the secret, will be condemned by the heavens, no matter how strong the master will fall.

"Oh..." Zhuge Rulong roared in pain, his eyes protruding, as if about to burst, his skinny body became more and more convulsed, and his body was twitching.

Many experts from the Zhuge family around were frightened, and they shot one after another, instilling their life force into Zhuge Rulong's body.

Zhuge Rulong is the pillar of the Zhuge family. Once the ancestors fall, then their Zhuge family will be over.

puff!

Countless vitality poured into his body. After a long time, Zhuge Rulong spit out another mouthful of blood, and then gradually calmed down and let out a long breath, the state eased, and he took it back from death.

"Ancestor, are you okay?" Zhuge Yao and others asked nervously.

Zhuge Yao and the others did not dare to keep their hands, all of them exuded a terrible aura, surrounded by amazing divine light and energy, and still injected a lot of vital energy into Zhuge Rulong's body.

"Tianji, I touched the secret!"

Zhuge Rulong had lingering fears, and said with difficulty, his eyes horrified.

"The secret?"

The others are shocked, how is it possible? Calculating that the death of the elder Zhuge Tuyang is over, how could it be offended?

It stands to reason that this should not be the case at all, not to mention that the elder Zhuge Tuyang is just the pinnacle holy lord, even if a venerable falls, it should not be the case.

A venerable person can't be regarded as a heaven at all, because it cannot change the operation of heaven and earth.

"It should be some kind of treasure. The person who killed Zhuge Tuyang had some kind of secret matter on his body. I have a feeling that it seems to be the treasure of the Tianji Sect."

[Chapter 3514: Secret Order](#)

Zhuge Rulong's eyes burst into light, a little excited.

"The treasure of the Heavenly Machine Sect?"

Others were shocked when they heard that the Heavenly Secret Sect, one of the top forces in the ancient heavens, was really a behemoth. It was claimed to be a heavenly secret. The ancestors of the Zhuge family also inherited from the Heavenly Secret Sect, but were expelled later. Zongmen, just an abandoned son, established today's Zhuge family.

So how powerful is the ancient Tianji Sect? They can't even imagine.

"The secret order may be the secret order that disappeared at the beginning." Zhuge Rulong said suddenly, his eyes burst out with a divine rainbow, and even a little excited: "Zhuge Yao, I remember you said that back then. In the secret realm, Xiahouzun got the inheritance of the formation, so he is very likely to get the secret order. At that time, it was only the guess of our Zhuge family. Now it seems that it is indeed the secret order."

Zhuge Rulong's voice trembled.

In ancient times, the battle between humans and demons. In order to fight against the demons, the Heavenly Mystery Sect calculated the secrets, but was retributed. Many masters fell, but they made great contributions to the war between humans and demons. Why was it so strong suddenly? It was the heavenly secret sect, who speculated the heavenly secret, knew the coming of the dark forces, and named the direction to the ten thousand races.

However, the Heavenly Secret Sect was also condemned by the heavens, suffered heavy losses, and was shot by the dark forces, because the dark forces felt threatened in the Heavenly Secret Sect and were eventually destroyed.

In this battle, the dark forces took their own hands to obliterate the Heavenly Secret Sect. That battle was dim and dark, and it was also the most important battle that led to the fragmentation of the heavens.

Later, the Heavenly Secret Sect was destroyed, but the Ten Thousand Tribes used the calculations of the Heavenly Secret Sect to target the dark forces. Only then did they resist the Demon Race, otherwise the Ten Thousand Tribes would have been destroyed in the ancient battle.

Therefore, Tianji Sect has an extremely important position in the hearts of the human race and even the ten thousand races.

This is also one of the most important things recognized by the top powers of the heavenly realm that Zhuge aristocratic family wants to return to the heavenly sect. As long as the top celestial powers recognize that Zhuge's family is the inheritance of the heavenly sect, then with the reputation of the heavenly sect, Zhuge aristocratic family has no fear at all. Others, it is enough to go sideways, this is a huge political capital.

However, the Zhuge family has been unable to find the secret order of the Tianjizong.

And now, the secret order has appeared.

It is rumored that as long as the Heavenly Secret Order is obtained, it is possible to open the inheritance of the Heavenly Mystery Sect in ancient times. The inheritance of the Heavenly Mystery Sect is too important to the Zhuge family.

"The person chased and killed by the Demon Race Demon Venerable is the same person who enslaved Xiahouzun and obtained the Secret Order, and the person who killed Zhuge Rulong."

Zhuge Rulong breathed quickly, and a faint light burst into his eyes.

Zhuge Yao and others around also took a breath of air-conditioning. If so, aren't they very close to each other?

However, why did the other party kill the Supreme Elder of their Zhuge family?

"The other party, staring at my Zhuge family."

Zhuge Rulong said solemnly, "Although I don't know what's going on, this person should know the origins of our Zhuge family and targeted our Zhuge family."

"Ancestor, what shall we do now?"

Zhuge Yao and others eagerly said.

"No hurry, let me calculate." Zhuge Rulong touched the blood at the corner of his mouth.

"Old ancestor, do you think about it in the long term?"

Zhuge Yao and the others were taken aback. If Zhuge Rulong's ancestor encountered the previous situation, they would suffer. There was no way for them to come to God's Scourge.

"Don't worry, I won't calculate this person directly. It's self-defeating. The old man is a master of the realm. If he doesn't have any means, how can he gain a foothold in this heaven."

Zhuge Rulong snorted coldly, he said that he had a profound cultivation, so he dared to act unscrupulously.

Moreover, he guessed that the opponent's strength was not strong. From the screen of the Battle of the Void Sea, it can be seen that the opponent is still a long way from the Venerable. Even if he really killed Zhuge Tuyang, he can only say that the opponent has The strength of the pinnacle holy lord is nothing more than that, and this person has a secret order that can blind Zhuge Tu Yang's perception, and it makes sense.

He changed a method of deduction to make calculations. This time, he did not trace his fate, but approached from some clues. This method is relatively safe, and once a problem occurs, he can avoid it in time.

However, then he began to cough up blood again, and it was bleeding from the seven orifices, and screamed in pain again, and his eyes were slightly loose.

"Ancestor!" The person next to him was frightened and frightened. What happened? Didn't he say it's OK? Why is it in danger again, and bleeding again.

"It's okay, this is due backlash, not enough to be fatal!" This time, Zhuge Rulong quickly recovered, he shook his head and recovered.

"How?" Zhuge Yao and others said nervously.

"Can't calculate it." Zhuge Rulong had a headache. This time, he tried to get closer, but before he could calculate it, he still suffered backlash.

"How can this be good?"

Zhuge Yao and others were very anxious. Before, they had always wanted to get the inheritance of the Heavenly Mystery Sect. In the eyes of Zhuge's family, they had always regarded themselves as the authentic heirs of the Heavenly Mystery Sect, but they have been unable to obtain the inheritance of the Heavenly Mystery Sect. I feel lucky and anxious.

"It's okay, don't calculate it." Zhuge Rulong said solemnly, with cold light in his eyes: "Zhuge Tuyang followed people from the Qingxue family. In other words, this person is very likely to be with the

Qingxue family. If you have a connection, let's go, we will go after someone from the Qingxue family, maybe we can find this person."

Zhuge Tu Yang said solemnly, his eyes faint.

His words made Zhuge Yao and the others abruptly overjoyed. Yes, although the ancestors could not calculate the position of the other party, it is very likely that this matter is related to the Qingxue family, although they do not know if it is true. There is a connection, but as long as you capture the Qingxue family, everything will be clear?

Whoosh whoosh!

Right now, Zhuge Rulong didn't even have time to recuperate, and his figure was like electricity, rushing towards the Qingxue family.

The battleship of the Qingxue family was flying in the void at this time.

Qingxue Silan and others didn't know that they had been targeted by the ancestors of Zhuge's family, but they also knew that they were vigilant, and the warship moved to the extreme, and quickly approached the Qingxue family.

The warship flew by at an extremely fast speed, and finally, a few days later, it approached the territory of the Qingxue family.

Suddenly, figures appeared in front of them.

"father."

Qingxue Silan suddenly came to the side of the ship with excitement.

This group of people exudes a terrifying aura. It is the Patriarch of the Qingxue Family, Qingxue Futian, who brought a group of masters.

"Haha, Silan, you are finally back!"

Qingxue Futian's figure shook, and she fell straight on the ship's side, excited.

[Chapter 3515: Rong Zedan](#)

"Father, you finally came!"

Qingxue Silan looked at Qingxue Futian excitedly. Although she was very excited, her expression remained calm and calmed a lot.

Qingxue Futian glanced at Qingxue Silan unexpectedly. In the past, when her second daughter saw herself, she would jump into her arms with excitement for the first time. He didn't expect to be so calm this time. He looked at Qingxue with a complicated expression. Silan, feeling Qingxue Silan's firm expression, sighed slightly.

My daughter has really grown up, and it seems that this time going out has indeed given her a great influence.

"A Ming, A Bing, you have worked so hard this time, the road is still going smoothly?" Qingxue Futian brought a group of experts from the Zhuge family and asked Uncle Ming and Uncle Bing.

"Going home, everything is going well, that is, when I was in Nandou City, there were some conflicts with Zhuge's family." Uncle Ming said respectfully immediately.

"I already know about this, huh, Zhuge Family, I'll settle this account with them." Qingxue Futian said with cold eyes, her body exuded a terrible aura, as if it had attracted the surrounding heaven, Provokes a sense of suffocation.

"By the way, what about the young man who saved you in your message? Why didn't you see it? I want to thank them." Qingxue Futian looked around and said.

Qingxue Silan said with a low expression: "Father, Master, he has left because he has something to deal with."

"Already gone?" Qingxue Futian was stunned, but when he saw Qingxue Silan's expression was very disappointed, he couldn't help but look at Uncle Ming and Uncle Bing in doubt. He is the daughter who knows the best, and he will show This kind of lost expression, and Qingxue Silan's opponent is actually the master, what is going on?

As if he knew Qingxue Futian's doubts in his heart, Uncle Ming immediately told what had happened along the way.

"So, the other party has saved you more than once?"

Qingxue Futian was taken aback. He didn't expect that Qingxue Silan and the others had encountered so many dangers along the way. Fortunately, they were shocked, otherwise he couldn't forgive himself.

"According to your description, does this young man come from some top power in the heavens?" Qingxue Futian muttered. If it was only Qingxue Silan, he might still suspect that the other party had deceived Silan, but there were Qingxueming and Qingxue. When Bing spoke on the sidelines, Qingxue Futian completely believed all this. With Qingxueming's and Qingxuebing's experience of navigating the world, it is generally not easy to be deceived.

"Father, how is my sister now? This time we went to the Demon Territory Forest of the Western Heaven Realm, and we found the Rong Shen Guo."

Qingxue Silan seemed to have thought of something. She immediately took out a jade box and handed it over. At the same time, she took out a few pills and said, "Father, this is the healing medicine that Master gave to her sister after she knew her was injured. There are some pills for me to cultivate. Look, what Master gave me should be able to help my sister."

Qingxue Futian took the pill bottle and wondered: "Is this the healing pill and cultivation pill given by the young man?"

Qing Xueming and Qing Xuebing nodded from the side.

"Father, look, what kind of pill is it? My daughter doesn't know much about pill, and I don't know if this pill can help my sister, but what the master gave should not be bad." Qingxue Silan said, She believed that what the master gave would be good.

Qingxue Futian smiled slightly. From Qingxue Silan's recount, he already knew that the one who saved his daughter and them should be a young master of travel from a top power. These masters are powerful and must have a lot of high-grade Dans. medicine.

However, these medicines are generally not too powerful, they are only used for daily practice and healing. His Qingxue family has developed in the southern heaven for so many years, and there are some top medicines in the clan. Siyun's injuries are quite special and absolutely It is not what ordinary healing pills can help.

What's more, the other party also said that it was given to Qingxue Silan for cultivation, and it was obviously the pill used by ordinary holy masters.

However, Qingxue Futian didn't say anything. Seeing Qingxue Silan's expectant expression, he poured out the two pills in the first jade bottle as two aura pills. When it appeared on Qingxue Futian's palm, everyone present was stunned.

A strong to the extreme rule aura permeated this cabin, and instantly everyone present felt that the power of the rules in the body was a little eager to move, as if to merge with the heavens.

"Rong Zedan!"

Qingxue Futian said in shock in an instant, spit out, and everyone else was shocked, it turned out to be Rong Zedan.

Rongze Pill is a top-level cultivation pill. Once it is taken, it will allow the martial artist to blend his own rules and heavenly principles more perfectly when he is practicing. This is the top pill in cultivation, extremely terrifying. Even for the late master masters, there is a certain amount of help.

This kind of pill, even a master of the late saint master, will be heart-shaped.

Moreover, because the refining of Rongzedan is extremely difficult, and the materials are extremely difficult to find, it usually rarely appears. Even if it occasionally appears at some top auctions in the Southern Heaven Realm, it is the rhythm of being instantly robbed.

But now, the other party actually gave two Rong Ze Dan to Qing Xue Si Lan.

What kind of handwriting is this?

Not only Qingxue Futian, but other top masters from the Qingxue family present were also dumbfounded and shocked.

Originally, some of them heard what Qing Xueming said, but in fact they still didn't take it seriously. They were even extremely dissatisfied with Qing Xue Silan's random recognition of a master. It was so easy to be the second master of their Qing Xue family. Things.

Some people even think that Qin Chen saved Qingxue Silan and the others because he wanted to get some benefits from their Qingxue family, so he deliberately approached them.

But now when they saw these two Rongzedans, they suddenly felt guilty and felt ashamed of their thoughts.

Using the other party's materials, randomly took out two Rong Zedan pens. Although their Qingxue family is strong, there may not be any good things that can make the other party's eye.

"Si Lan, this is Rong Ze Pill. With these two pills, you will be able to achieve the Way of Integrating Heaven in the future, combining the laws, and it will be much easier."

Qingxue Futian took a long time to come back, and said shockedly.

"This is the pill for cultivation that Master gave me." Qingxue Silan immediately collected the two pill. From the expressions of her father and the others, she knew the value of the two pill, and she couldn't help being moved. Clutching the pill bottle in his hand.

"Patriarch, what are the other three bottles of pills?"

Two Rongzedans were poured out at once, which shocked many people around, and someone immediately said.

[Chapter 3516: What kind of master did you find?](#)

Not to mention them, even after seeing Rongze Pill, Qingxue Futian also looked forward to the other three bottles of pill.

When the other pill bottle was opened and the two pills were poured into Qingxue Futian's hands, the strong elders of the Qingxue family and Uncle Ming and others screamed almost simultaneously: "Enlightenment Pill!"

Even Qingxue Futian took a breath of air, and what he had in his hand turned out to be two Enlightenment Pills, and they were still the best Enlightenment Pills.

There are many different levels of enlightenment pills. Different levels of enlightenment pills have different appearances, but on this enlightenment pill, the pattern of the pill turns into clouds and neon, and it exudes an amazing Taoist rhyme. This is definitely the top level. Enlightenment Dan.

This kind of pill, even the saint master in the later stage would be heart-stricken, and even Qingxue Futian was a little excited, because this enlightenment pill was helpful even for a master of his level.

The Enlightenment Pill, once taken, can purify the soul of the martial artist, and increase his understanding of the way of heaven. It not only improves the purity and strength of the soul, but also makes it easier for the martial artist to understand the way of heaven, especially Qingxue Silan. A genius, once she breaks through the late-stage holy master, taking one enlightenment pill and Rongze pill can increase her probability of breaking through the late-stage holy master to more than 80%.

In other words, as long as there are enough resources, Qingxue Silan will hardly have any problems when breaking through the late Saint Lord.

This is definitely an anti-sky effect.

This kind of pill is too powerful, even for a top-level family like Qingxue's family, it's hard to get it, but it's hard to find, and at this moment Qingxue Futian has two Enlightenment Pills in his hands. How could he not be excited, even Inhale the air conditioner.

When he saw Rong Ze Dan before, he already felt that the other party was extremely majestic. Now when he sees the Enlightenment Pill, the other party is not only magnificent, but too bold. Don't say that this kind of pill is only given to Qingxue Silan. It was given to the Qingxue family, and their Qingxue family must also be extremely grateful, because this is definitely the pill that can give birth to top masters.

At this time, Qingxue Futian's gaze has fallen on the other two pill bottles. The first two pill bottles are Rongze Pill and Wudao Pill. What about the remaining two?

Qingxue Futian took a deep breath. The Patriarch of the Qingxue family looked a little nervous, and then slowly opened the third pill bottle. Suddenly, everyone's eyes were fixed on him.

Then everyone saw that Qingxue Futian had two more medicines exuding a strong atmosphere of heaven. As soon as these two medicines appeared, they immediately resonated with the breath of Qingxue Silan's body. Qingxue Silan even feeling that the Saint Yuan in his body is speeding up, the origin is full of excitement.

"Heavenly Way God Pill!"

Qingxue Futian and others who were present at this time no longer knew how to express their inner shock.

The Heavenly Dao Divine Pill turned out to be the legendary Heavenly Dao Divine Pill. The most important thing is that the breath of this Heavenly Dao Divine Pill is incomparably fused with the breath of Qingxue Silan's body. At this time, it seems to resonate. This is definitely an extreme Appropriate to Qingxue Si Lan's Heavenly Dao Shen Dan.

"An ethereal **** pill of heaven? Where did this person get the pill of this attribute?" Qingxue Futian's voice was even trembling. The **** pill of heaven was already extremely rare, and the other party took it even more. The attributes of the Heavenly Dao Divine Pill and Qingxue Silan are extremely similar, which is the most helpful for Qingxue Silan's cultivation.

"Si Lan, this is a heavenly **** pill with ethereal attributes. If I'm not mistaken, this should be given to you by your master for cultivation. However, for my father, here is a request, can you take these two pills? One of them, for your sister?"

Qingxue Futian looked excited: "You also know that your sister's origin was injured. Although Rong Shen Guo can restore her origin, it will take some time to completely repair it, but with this ethereal nature of heaven The **** pill is different. As long as your sister can take this ethereal nature **** pill, she can definitely reduce the time to repair her injuries, and it is even good for her cultivation."

"Father, what are you talking about? My pill is my sister's pill. If my sister needs it, you can just give her the two ethereal heavenly **** pill. I don't mind." Qingxue Silan said quickly.

"Good boy, I have to pass you through this matter, because this pill was given to you by your master, how can I make the decision by myself." Qingxue Futian shook his head and said, "However, one of your sisters is enough, and the other, it's better for you to practice cultivation."

Speaking of this, Qingxue Futian's eyes have fallen on the fourth bottle of medicine.

The eyes of everyone were attracted again. The first three bottles of pill were all cultivation pill. Obviously, the second lady's master gave her the pill, and the remaining bottle of pill must be Qingxue Silan's master. What kind of medicine is Siyun's healing medicine?

Boo!

The fourth pill bottle opened, and a strong fragrance instantly dissipated in the cabin. Everyone saw that a pill that exuded a soft and spiritual aura had appeared in Qingxue Futian's hands.

What kind of medicine is this?

Everyone looked at it attentively, but they couldn't recognize it, but everyone could feel the spirit aura contained in this pill, which made their souls feel like a fairy, and each spiritual platform is extremely clear. There was a lot of light of wisdom.

"This is definitely an elixir that nourishes the soul and the source of nutrition."

Qingxue Futian was shocked and said that after the emergence of this pill, the origin in his body was all about to move, and his soul was extremely comfortable, as if it had been moisturized.

It can be seen that the grade of this pill has definitely reached the level of high-grade holy master pill.

Qingxue Futian's hands were shaking with excitement. Although he didn't know what kind of pill this was, he had a feeling that as long as Qingxue Siyun took this pill, the heavenly **** pill that combines the properties of mellow fruit and ethereal properties Not only could Siyun's injury be repaired quickly, but it could even further her cultivation in a short time.

Feeling the many pills in the hands of the Patriarch, the many masters of the Qingxue family are already going crazy. What kind of master did the second lady find?

Qingxue Futian stored these pills in excitement, his face was full of excitement, and he was about to speak.

But suddenly, his face changed suddenly.

Hum!

A terrible aura quickly spread from his body, and instantly activated the guarding formation of the entire warship.

"Everyone, mobilize all the power to activate the battleship formation!"

Qingxue Futian's eyes were unprecedentedly furious, and with his stern shout, although many other masters on the scene did not understand what had happened, they still mobilized all their power for the first time.

boom!

In the next moment, a terrible light of fate penetrated the void and crashed on the battleship of the Qingxue family.

[Chapter 3517: Don't you think it's too much](#)

With a bang, the huge battleship shook violently, and the entire Qingxue family's battleship suddenly roared and rolled frantically in the void. On the battleship, many lights flashed and runes flowed inside. Many of the artifacts were shattered under this vibration.

Puff puff!

Inside the battleship, many guards of the Qingxue family fell to the ground, standing unsteadily under this huge force, an invisible force spread, and many people vomited blood under this attack, one by one. Furious.

All this happened so quickly that it was too late for people to react.

Whoosh!

Qingxue Futian's figure shook and flew directly out of the battleship, and beside him, many masters of the Qingxue family also flew out, and Qingxue Silan and Mingshu Bingshu also came outside the battleship.

I saw a hole on the battleship that was blasted out by the previous attack. It was charred, the formation was broken, and sparks continued to flow.

"Damn it!"

Qingxue Futian raised his head and looked at the distant sky with cold eyes. Above that sky, a group of people appeared, exuding a terrible light of fate.

"Zuge Yao!"

Seeing the leader, Qingxue Futian's eyes flashed with coldness.

"Qingxue Futian, you really are."

Zhuge Yao said with a chuckle, leading a group of masters from the Zhuge family, indifferently looking at the many masters of the Qingxue family in front of him, with a sneer at the corner of his mouth.

According to his information, Qing Xueming and Qing Xuebing were the only two elders in the Qingxue family's battleship. It was unexpected that even Qingxue Futian, the head of the Qingxue family, was also here.

So, does Zhuge Tuyang's death have something to do with this Qingxuefutian?

But that's all, just taking advantage of this opportunity, all the members of the Qingxue family were captured and killed.

On the battleship of the Qingxue family, many masters of the Qingxue family saw Zhuge Yao, their faces darkened, and their hearts burst into anger. They did not expect that the people of the Zhuge family actually made the shots in order to target them. The second lady and their information rushed here the first time, otherwise, it would be impossible to stop Zhuge Yao and the others by relying on the second lady alone.

"Zhuge Yao, as the head of the Zhuge family, you attacked the battleship of my Qingxue family as soon as you came up, too much, right?"

Qingxuefutian said with a cold voice, a strong aura emerged from his body. He looked at Zhuge Yao's masters from the Zhuge family of various countries, and wondered how much he would win.

"Qingxue Futian, you and I are old acquaintances, should I ask you this? As the head of the Qingxue family, you secretly ambush Zhuge Tuyang, the supreme elder of my Zhuge family, and you are so swearing, Qingxue Futian, I won't say anything else. Today, your Qingxue family cannot escape death."

Zhuge Yao said with a cold voice.

"Only you?"

Qingxue Futian squinted her eyes and said with a sneer, but she was wary in her heart. This time, the Zhuge family came to many masters and it was not easy to deal with.

However, during this trip, he also brought many powerful family members to come, and he might not be afraid of the other party.

"Hahaha, Qingxue Futian, why this time to you, the ancestor of our Zhuge family also came here, Qingxue Futian, if you don't want your Qingxue family members to splash the sky, you might as well surrender."

Zhuge Yao's voice fell, leading the many masters of the Zhuge family to salute the void, shouting: "Welcome to the ancestors."

The next moment, Qingxue Futian and others' complexions suddenly changed, and they saw a magnificent figure walking out of the void. This figure appeared, and the sky was bent down, as if it could not bear the power of this person. The old man, surrounded by fate, descended like a god.

"Zhuge Yao, you are still talking nonsense with the other party, just take it directly."

Zhuge Rulong said coldly.

"Yes, ancestor!"

Zhuge Yao let out a cold scream and banged, and his body suddenly moved, leading many Zhuge family masters to fight out forcefully. In an instant, the power of fate soared into the sky, and the void burst directly, and countless black cracks appeared, Zhuge The master of the family is murderous, and he is full of blood.

At this moment, Zhuge Yao's rather old body exudes vigorous vitality, an aura that represents the pinnacle of the Holy Lord, even close to the half-step venerable, suppressed, forming an endless torrent of destiny, stimulating from his body Shot out, flooded the void of the Quartet.

He raised his hand, the palm of his hand reached the sky, as if the **** of fate reached out his palm, took control of the fate of others, shook it down, and slapped the master of the Qingxue family.

Void burst!

On the battleship, many masters of the Qingxue family were suffocated, and the void around them was constantly shattered. Is this the power of the Patriarch of the Zhuge family? too strong.

puff!

At this moment, the void split, Qingxue Futian moved, and his figure was shocked, like the ancient giant stepping out, with a punch, bursting the stars of the universe and destroying time.

Boom!

Two terrible forces collided, and accompanied by a terrifying roar, Qingxue Futian and Zhuge Yao fought together. The patrons of these two top Southern Heaven Realm forces fought wildly together and fought each other wildly.

Puff puff!

The terrible fist power and the light of destiny collided together, like the sky and the earth, it was too scary, and many of the surrounding Qingxue family guards retreated and did not dare to look directly.

"You go, get out of here quickly."

At the same time, Qingxue Silan and the others resounded in their minds with anger and stern shouting, admonishing them to keep them away.

His heart was chilling, because Zhuge Rulong, the ancestor of the Zhuge family, was watching from the side, staring at him, and the pressure exuding was too strong.

He was furious, and it was hard to imagine why the ancestors of the Zhuge family would come here. This Zhuge Rulong, who was in the Zhuge family, had not been out of the mountain for tens of thousands of years, so he hated the Zhuge family just to kill him. Qingxue Futian's second daughter, should she do it herself?

Also, why did he kill Zhuge Tuyang? Qingxue Futian was puzzled, but was shocked.

kill!

The battle between the two sides suddenly splashed the sky. The Zhuge family dispatched many masters this time. I thought that under the leadership of Zhuge Yao, the masters of the Qingxue family could be easily suppressed, but I never thought that Qingxue Futian also came with many masters. Support, you come and me at a time on both sides, they are equal.

"what!"

Qingxue Futian screamed, one side of his body was pierced by Zhuge Yao, and the blood flew across, which was very miserable, but Zhuge Yao was not well, and was hit by Qingxue Futian's chest with a punch, and his bones shattered.

"Trash, it's really useless."

Zhuge, who had been so leisurely, sat in the void like a dragon, but at this moment he gave a cold snort, his face was displeased, the next moment, his figure suddenly moved, like a frightened Hong broke through the sky, stepped out, facing Qingxue Futian with a palm. Falling.

boom!

The heavens and the earth were shaken, and the heavens were oppressed. Under this palm, the masters of the Qingxue family suffocated one after another. They all felt unable to breathe and looked terrified.

Uncle Ming and the others all had a feeling. Under this palm, they all The saint master in the later period will be crushed.

Is this the strongest person?

Can't resist at all.

Seeing that Zhuge Rulong's palm was about to fall, a misty sigh suddenly sounded in the distance.

"Zhuge Rulong, your dignified venerable, old predecessor, do you think it's too much to deal with these juniors?"

"Hey!"

At this moment, the void split, and a meteor-like streamer appeared. A fist light seemed to cut through the eternity of the universe, shining through the world, and rushing forward.

[Chapter 3518: Great war shocked the South](#)

boom!

This stream of light was too terrifying, the void split, and the rules of the heavens quickly avoided, forming a gully, and in a flash, it collided with Zhuge Rulong's palm.

☹!

The sky thunderbolt, the void directly left the big gully, and countless regular chains were directly exploded. This kind of scene is too scary. One world is turned into chaos, as if to return the universe to the state of nothingness of the big bang, detonating all quantum currents.

It is indescribable for such an impact, and the invisible fluctuations swept out, and the warships stronger than the Qingxue family were roaring, and the lights above flickered and they were about to disintegrate. A trace of regular power enveloped the world and formed their own domains. The clansmen of the Qingxue family and the Zhuge family all retreated madly, because this energy is too terrifying, and it is superior to the heavens and the sky. It is better than Zhuge Yao and Qingxue Futian. ,and also

Unable to bear it, the body seemed to explode.

The two sides retreated quickly, away from the battlefield of this side.

Even this side of the universe has endured this wave of fluctuations. Below, the mountains directly exploded, and the ancient sacred mountains burst and razed to the ground. Some sects and residences located here a million miles away felt this. A volatility. Hundreds of thousands of miles away from this place, there is a sect, which is not a weak force in the southern celestial realm. It is similar to the Tiandao Sect of the wind of the sword king and is located on a beautiful mountain. But now, their entire sect is All collapsed, Xu

Many figures rose into the sky, screaming again and again, countless disciples were shaken to the blood, and they were pressed by the spirit mountain and turned into a purgatory on earth. This is just a fight between the two, directly causing a top power to almost destroy the door. The sect master of this sect is

a mid-term peak holy master, flying to the sky, looking at the void in the distance with horror. There, the world is chaotic, and the way of heaven. Of the rules

They were all repelled, causing endless horror.

what!

He roared in his heart and his eyes bled. It took tens of thousands of years for his sect to flourish, but now, he has suffered from no vain disaster.

His heart was horrified, that breath, the power that repelled the rules of heaven and earth, Venerable, only Venerable could do this.

Who is fighting in that mountain range? He arranged for his deputy suzerain to immediately rescue the surviving disciple, but he himself shook his body and approached the place where the explosion passed. He wants to know who destroyed his sect, the battle at the level of the sacred. A strong man like him, one

You may not see it once in your life, so you can't miss it.

Not only him, but within a radius of millions of miles, all the masters who sensed this wave of fluctuations flew up and approached quietly, wanting to pry into the truth. Then, they approached and saw from a distance, the chaos of the heavens and the earth, the violent sacred origin, and a long river of destiny traversing the void, it was amazing, and on the periphery of the battle, a huge warship traversed, with scars on it. Law is weak, but

The logo of the Qingxue family can be clearly seen.

"The long river of fate, the Zhuge family, and... the Qingxue family."

Many people who approached were shocked, and only felt that their whole body was chilly. This result was expected, but unexpected. There are not many true top powers in the Southern Heaven Realm, and the Qingxue family of the Zhuge family are two of them. Only such forces can cause such astonishing fluctuations. According to rumors, both the Zhuge family and the Qingxue family Venerable

The ancestor-level masters exist, but most of the forces in the Southern Heaven Realm have never seen them before. Now, are the rumors going to be confirmed?

The ancestors of the two top families compete? Could it be that the sky of the Southern Heaven Realm is about to change?

Everyone was shocked and horrified. The collision of the two top families was definitely a major event that could trigger a drastic change in the Southern Heaven Realm. Once confirmed, the many forces in the Southern Heaven Realm would not be able to take care of themselves and would be involved.

For a time, many powerful players released monitoring equipment, recorded them remotely, and passed them out for live broadcast.

This is a major event concerning the fate of the Southern Heaven Realm. In the surveillance picture, an old figure emerges, with a long river of fate on his head, his figure is very withered, like an old man

about to enter the earth, but the blood on his body is surging and exuberant, like the ocean, like a volcano, erupting ,

It is too strong, and it feels like a scorching sun, which is constantly burning, as if it contains endless power, suppressing endless void and rules.

Zhuge ancestor.

Many people breathed in air, and Zhuge's family had an ancestor in the realm of nobles, which turned out to be true.

They aimed at Zhuge Rulong, short of breath, to witness this historic moment.

In the center of the battle, Zhuge Rulong felt the top forces in the southern celestial realm watching and broadcasting from a distance. He frowned, but ignored it. He just looked coldly at a void ahead with cold eyes.

"Ahem!"

In that void, a dry cough sounded, and the next moment, all the strong men who approached here and were monitoring stopped breathing, staring at the distant scene.

Because, their surveillance array caught it, the void seemed to burn up, boiling, and in the depths of the void, a beam of light slowly lit up. This beam of light was too terrifying, so it crossed the void. Come.

It was a terrifying figure, huge and boundless, and suddenly walked out of the void.

On his body, strong blood rushed to the sky. This is a huge figure, a thin old man, but it contains endless aura of life. Standing there, the vastness and boundlessness, even the swing of the clothes, makes people Can't bear it.

At this moment, near the battlefield, the powerful people from far away were all shivering, their bodies out of control, trembling, and their bodies sifting through chaff, as if they were about to kneel down.

Even if they stood firm, they were all trembling, their souls shaking.

Hum!

The old man was full of light, coldly staring at Zhuge Rulong, and then gently glanced at Qingxue Silan behind him.

His figure is very thin, like a rotten old man, almost unable to walk, but his body bursts with extreme power, the oppressive heaven is retreating, and the crystal light flows through his body, as if he can penetrate everything. . The big powers were horrified, and the live broadcast images were quickly spread out, spreading around the southern heavens. Many forces who saw this scene calmed down and watched the spreading images nervously. Everyone knows. Super strong

The person has arrived.

"Ancestor!"

Qingxue Futian and a group of people from the Qingxue family yelled with excitement and trembling bodies.

At the critical moment, the ancestors of their Qingxue family arrived and rescued them. Otherwise, they must have been in danger just now. Under Zhuge Rulong's blow, Qingxue Futian couldn't guarantee that he could hold the slightest. But at the moment the ancestors came, all of their hearts were excited, like a big rock was put down.

[Chapter 3519: The old war](#)

"Grandpa Grandpa." Qingxue Silan also shouted excitedly. It was her grandpa. I remember that when she was young, she often played in the retreat of grandpa grandpa, and even pulled his beard. She and her sister often enter the forbidden area. The sister always

It was about spiritual practice, but she listened ignorantly, pulling the old man's beard, but she couldn't pull one off, because it was too strong to penetrate gold and cracked stones.

But later, Grandpa Grandpa didn't know what was wrong, and began to retreat. She hadn't appeared for many years. She also heard some rumors from the outside that Grandpa Grandpa had already sat down, but she didn't believe it.

Now, Grandpa Grandpa is here, she is the only one.

She was both excited and worried, with tears in her eyes.

"My little Silan."

Qingxue Guhua looked at Qingxue Silan kindly, with a gentle expression in her eyes, then turned her head and looked at Zhuge Rulong.

"Ahem!"

He couldn't help coughing, like a sick old man. Although he was full of blood, he felt very bad, as if he had returned to light.

"Qingxue Guhua, you old thing is really not dead." Zhuge said like a dragon, and his head was suspended in the long river of fate, in charge of fate, like a **** looking down on each other.

Qingxue Guhua was very indifferent, "You Zhuge Rulong is not dead, how could I die first."

Just two sentences.

Outside, many people were shocked, as if boiling over.

The two ancestors of Zhuge Rulong, Qingxue Guhua, Zhuge Family and Qingxue Family, are all alive. Rumor has it that these two people have not known how many years, at least, hundreds of thousands of years ago, the legend of them has been circulated in the Southern Heaven Realm. It is also the foundation of the Qingxue Family and the Zhuge Family becoming the top family in the Southern Heaven Realm, but these tens of thousands of years ,

There have been rumors that the ancestors of the two great families have already sat down.

Now, these two masters have appeared, shaking everything.

"Old thing, you should be dying, and see if you can still fight."

Without saying much, Zhuge Rulong moved directly, and at their level, there is no need to say more, after the fight, they can weigh each other.

Qingxue Guhua did not speak either, her figure moved.

boom!

The two collided violently. At this moment, there was a big explosion in the void, and boundless energy billowed, like a sea of anger boiling!

Huh!

Zhuge Rulong moved out, he was a little surprised, staring at Qingxue Guhua, because he could perceive that the opponent's vitality was insufficient, but under a fight, he was shocked, and the opponent's strength exceeded him. The expectation is very strong.

"It stands to reason that your energy and blood shouldn't be boiling like this!" Zhuge Rulong's long and narrow eyes stood up, as if two heavenly rivers released immortal brilliance, extremely shocking.

"kill!"

He waved the river of fate, the light of destiny all over his body bloomed, and the endless rainbow light was gushing. He took the initiative to attack and test Qingxue Guhua, discussing the evolution of the long river of destiny, and aimed at Qingxue Guhua.

"Roar!"

Qingxue Silan's grandfather, Qingxue Guhua, was also on the move, even more crazier, reaching out with his big hands, and directly shook an ancient sacred mountain in the distance, and smashed towards Zhuge Rulong.

boom!

In the battle between the two, the combat experience of both sides is very strong. The attack line and the fire conditions of the shot are grasped so well. In this level of battle, they can seize the opportunity.

The two shook the Taikoo Mountain and the Long River of Destiny respectively, and blasted them to the front of each other. In the sound of the earth-shaking roar, in an instant, countless voids in the surrounding area exploded directly, and spatial cracks and large holes appeared. The rules of heaven and law evolved on them, forming armor-like, turned into their strength, and the two played against each other. ,

It collided hundreds of times in an instant.

Without much words, the two were old opponents many years ago, and both knew each other's details, and were testing each other's bottom line and vitality at this moment.

Boom!

In one match, Qingxue Guhua stepped back, his body surged with blood, as if for a moment of weakness, Zhuge Rulong caught him. "Hahaha, I just said, Qingxue Guhua, old thing, you are using a secret method to force the life essence in your body. No wonder you can be so powerful, but are you really afraid of death like this? Keep burning your blood, Shouldn't live long

? "

Zhuce Rulong sneered, he spied something out, and his fighting spirit surged forward. In an instant, the power of destiny is eternal. He is the ancestor of the Zhuge family. He is in charge of destiny. His natural strength is terrifying. This is a true Southern Heaven Realm overlord level existence. If not for countless years, his energy and blood have declined, hundreds of thousands. Years ago, he

Even stronger.

Even so, as the years passed, his strength declined a lot, but now he is still vigorous. From his destiny, he has found a way to extend his life, so that he can be at the peak state as much as possible, and he will not age faster.

In the heavens, saints can survive for 100,000 years. The life span of masters in the realm of the venerable is almost endless, but it is almost, not representative of the masters of the venerable. They can really survive for countless years, because after the strong period, every battle will consume their blood and strength. ,let them

Sitting further away.

Therefore, the young masters dare to fight unscrupulously, but at the age of Zhuge Rulong and Qingxue Guhua, they are all conserving their strength, allowing themselves to escape the erosion of the years and live longer.

They are fighting with their lives.

Hum!

Stars poured out, the void trembled, the two men fought madly, Saint Yuan smashed everything, and all kinds of mountains were shattered and turned into powder. This scene was terrible.

The river of destiny in Zhuge Rulong's hands, with thousands of rays of fate behind him, was simply incomprehensible, swept across, and he swallowed the world with anger.

Puff puff.....

The ancient sacred mountain in Qingxue Guhua's hands was constantly bombarded, as if it was shaved off. Even with the blessing of Qingxue Guhua's venerable power, it was also exploded.

boom!

In the end, accompanied by Qingxue Guhua's big killer move, the Sacred Mountain in his hand was completely shattered and turned into nothingness.

Huh!

It has to be said that Zhuge Rulong is too terrible, coupled with the destiny technique, possessing some of the ruined inheritance of the Tianjizong, can spur the long river of fate as a weapon and gain the upper hand. It really has incomparable combat power.

The mighty river of destiny moves, like countless oceans roaring, tearing apart the eternal void!

puff!

In the end, the tens of thousands of lights of fate surging behind him, as he shook the river of fate, they cut forward, and there was a section of Qingxue Guhua's abdomen, letting blood flow there.

boom! However, at the same time, Qingxue Guhua's fist marks were also smashed, Yang Qi boiled, hitting the long river of destiny, and the whole river suddenly rioted wildly. Zhuge Rulong coughed up blood through this long river and retreated far away. .

[Chapter 3520: Be seen through](#)

"Old thing, your energy and blood are declining, not as good as me, you are dead today!" Although Zhuge Rulong was injured, he still had some confidence in his heart, because the other party was more unbearable than him and was at a disadvantage.

"Ancestor!"

Qingxue Futian and the others were worried and nervous, Qingxue Silan also clenched her fists, grandfather grandfather was injured.

"Roar!"

Qingxue Guhua let out a loud roar, and above the endless void, the stars trembled, some even rustled down and exploded directly.

He was accumulating Yang Qi, and the Holy Yuan on his fist condensed into a sledgehammer. In an instant, he was extremely domineering, Yang Qi turned into a sledgehammer, and slammed forward. This is the supreme blast of heaven!

Bang bang bang...

His fist imprints collided with the long river of fate, and the force of fate poured into his body. To wipe out his vitality, he still did not retreat and attacked.

"Old things, don't sit still, but you want to come up to die, no matter what, I will cut off your head today and let you all the Qingxue family reunite!" Zhuge Rulong sneered and shouted.

Huh!

When another light of destiny flashed, Qingxue Guhua's shoulders were flowing like blood, and it almost hit him in the neck.

Zhuge Rulong continued to make strong shots, and the light of destiny soared into the sky. The scene was too scary, like a huge ocean, constantly blasting down on Qingxue Guhua.

Qingxue Guhua was bloodied and wounded, very tragically.

In the distance, the masters of many forces in the Southern Heaven Realm were shocked and inexplicable.

The ancestor of the Qingxue family, not good!

This is a thought that came out of the hearts of people from all forces in the Southern Heaven Realm. Once Qingxue Guhua falls, then the entire Qingxue family will inevitably be unlucky, and the entire Qingxue family will not be able to withstand the invasion of the Zhuge family, and will even die.

Is the Qingxue family going to be destroyed from the Southern Heaven Realm?

Everyone is terrified. The impact of this kind of war is too deep and wide, and it shocks them. Many people from the forces are calculating the evolution after this war and feel that they need to be laid out first. "Old stuff, don't resist, I already know that you are running out of time, you are like this, you are just seeking your own death. Don't worry, when you are killed, I will treat you from the Qingxue family well, then Qingxue Silan Is it your granddaughter? I heard that you are very affectionate

Your two granddaughters, you and I are of the same generation, you can rest assured that your granddaughter is mine, and I will treat them well. "

Zhuge Rulong's eyes were cold, indifferent like a god, and said with a smile.

This caused an uproar in the Southern Heaven Realm. This Zhuge Rulong is too shameless, right?

His words were clearly stimulating Qingxue Guhua.

Sure enough, Qingxue Guhua roared with murderous aura, and his fist marks were completely changed, like the same ancient god, the power of the ancient times emerged from his body, and the light of the gods seemed to be crazy.

He is inspiring the secret technique in the body to kill it forcefully.

With a bang, the two sides collided again, causing Zhuge to fly like a dragon, causing the corners of his mouth to bleed again.

"I don't believe it, you, an old thing about to get into the ground, can hurt me."

Zhuge roared like a dragon.

"boom!"

In the next moment, the Taikoo phantom reappeared, and Qingxue Guhua was unstoppable under the urging of the secret method.

puff!

When the two sides collided, each other vomited blood, and the sky was blood-stained. Both were injured and embarrassed.

The breath of Zhuge Rulong's body floated, and the river of fate that was moving in his hands was about to be unstable. Wow, he vomited blood, his eyes were ferocious, and he stabilized the river of fate for the first time, so that no one would notice.

However, it was captured by Qingxue Guhua. There was a strong light in his eyes, wiped off the blood from the corners of his mouth, and spoke for the first time, and said with a sneer, "Zhuge Rulong, stop talking nonsense, no amount of nonsense can cover your guilty conscience, you should have been not long ago Injured, is to calculate fate

Was it a backlash? No wonder you have been aggressive and want to use psychological tactics? Old stuff, I know you too well, do you really think you can fool me? "

Qingxue Guhua's eyes shone, and he felt it. Zhuge Rulong was injured at the beginning and has always been strong, but otherwise his injuries were discovered and he wanted to overcome his mental defense.

It's a pity that he knows the other person too much, how could he be frightened by a few words and lose his sense of measure.

Now that he finally found out the reality of the place, he was at ease.

The secret method urged Qingxue Guhua to display his magical powers, and with a boom, Zhuge flew like a dragon, causing the corners of his mouth to bleed again.

"Damn it!"

Zhuge Rulong roared, he really wanted to disturb Qingxue Guhua's mind. Who knew that this old guy was so cunning that he was discovered.

boom!

During the battle between the two sides, Zhuge Rulong calculated his fate several times. At this moment, he still had injuries on his body.

He looked embarrassed, but fell into a disadvantage.

Such a change has surprised everyone, incredible.

Knowing about Zhuge Rulong's problem, Qingxue Guhua was even more violent, unexpectedly courageous. In his body, chains of order flew out, full of runes, moving, releasing the immortal light, sweeping towards Zhuge Rulong .

Bang!

Zhuge Rulong's face changed, and he used the long river of fate to stop him.

However, the horrible scene appeared, and the runes on the chains of order were so dazzling that the power of the Venerable Class felt extremely painful, and the Yang Qi rolled in, terrifying.

With a bang, the fate of Zhuge Rulong's evolution was directly exploded.

Moreover, the huge energy hit, it was too strong, making Zhuge Rulong's palm feel unbearable, as if it was about to melt.

Roar!

Qingxue Guhua rushed forward, grabbed Zhuge Rulong's arm, and the two fought close to each other.

"Go away from me!" Zhuge Rulong felt bad, he was sipping.

However, how could he get rid of at this moment, with a puff, Qingxue Guhua made a frantic move, forcibly tearing his armor of fate, leaving a deep bone wound on his body.

"Ah..." Zhuge screamed like a dragon, and howled forever, releasing the endless light of destiny to confront.

boom!

Qingxue Guhua was shocked and flew out, and countless lights of fate pierced his body, splashing blood, it was too miserable.

However, Zhuge Rulong also encountered various blows from Qingxue Guhua, and his fists penetrated his body like a big day!

"what!"

Zhuge Rulong roared, the blow was too violent, both of them were seriously injured, covered in blood.

The two men were panting, standing up in the sky, bending over each other, coughing up blood, they were very embarrassed, too miserable.

"Ancestor!"

Zhuge Yao and others flew up.

Qingxue Futian and others also stepped forward, approaching Qingxue Guhua.

"Old husband Zhuge, continue to fight!"

Qingxue Guhua stood up, his skinny body seemed to contain supreme power, he said rumblingly.

Even with such a serious injury, he is still incapable of fighting.

Zhuge Rulong stared at Qingxue Guhua, knowing that there was no hope of killing the opponent this time. If he continued, even if he could kill the opponent, he would fall and lose both.

"Damn it, let's go!" He gritted his teeth, took Zhuge Yao and the others, quickly turned and left, not daring to fall in love again.
