

Valkyrie 3521

[Chapter 3521: Soul is injured](#)

"Old stuff, where to run."

Qingxue Guhua roared with unparalleled might, rushing forward, chasing Zhuge Rulong, the void in front of him shook, the world burst open, and a terrifying torrent plunged into the endless void.

"puff!"

In the void, there was a loud roar, and at the same time a light of destiny came through, bursting at the battleship of the Qingxue family, blocking the pursuit of Qingxue Guhua, Qingxue Guhua had to turn around to resist this fate. The light, stature retreats violently.

He snorted, no one noticed that the blood in his body was surging, and blood overflowed from his mouth and nose, which was quickly evaporated by him.

He is like a lion, majestic and awe-inspiring in the heavens and the earth, just standing here, with a terrible breath surging from his body, suppressing the eternal sky, and covering the heavens.

In the distance, the masters of many forces in the Southern Heaven Realm spread this picture, which caused a lot of people to be shocked and shocked.

The Qingxue family is worthy of being the top power in the Southern Heaven Realm, too strong, where the Qingxue Guhua ancestor stood proudly, giving everyone a strong shock.

"Ancestor."

Qingxue Futian and the others flew up with excitement and saluted.

"Huh, Zhuge is like a dragon, if you run fast, today the old man will spare you. If next time, the old man will set foot on your Zhuge family and explode the ancestral shrine of your Zhuge family."

Qingxue Futian drank coldly, domineering over the sky, and then said lowly toward Qingxue Futian: "Let's go."

After the words fell, he brought many masters from the Qingxue family back to the battleship. Although the battleship had broken a hole, it was worthy of being the top Saint Master-class battleship. It continued to escape into the void and left quickly.

This battle has calmed down, but everything that happened here has already spread out with the monitoring arrays of many powerful masters, causing a sensation.

The significance of this stop is far-reaching.

At the same time, many forces in the Southern Heaven Realm had a certain understanding of the Qingxue Family and Zhuge Family.

In the battleship of the Qingxue family, Qingxue Futian and others were excited. In this battle, the ancestors repelled the ancestors of the Zhuge family, which will surely make the Qingxue family famous in the southern heaven.

however. As soon as Qingxue Guhua returned to the battleship, her face was suddenly pale, and he spit out a mouthful of blood. She almost stood unsteadily, causing Qingxue Futian and others to be anxious. In that blood, there was a breath of terrible laws, but it was in it. All rules

The fragments, even the power of the law in the body were shattered, and scarred.

"Ancestor."

Qingxue Futian and the others looked nervous, anxiously supporting the ancestor of Qingxue Guhua, and raised his heart. No one expected that the ancestor was so well before, and he was hurt so badly.

"Quickly, urge the warship, leave here, and return to the family."

Qingxue Guhua said in a low voice, almost standing unsteadily, her face pale as paper.

He was seriously injured, with scars on his body, and the whole person was very embarrassed. The previous battle seemed to have won, but it was actually extremely dangerous. Fortunately, he frightened Zhuge Rulong back, otherwise it would be dangerous if he continued to fight.

The members of the Qingxue family were very worried. They urged the warship to go to the Qingxue family quickly. However, the ancestors were here cross-legged at the moment. There was a horrible surge of blood on his body, and the broken laws flowed around him, making them Very upset.

Patriarch, what's wrong?

They were in a hurry, but couldn't solve the problem.

puff!

Suddenly, Qingxue Guhua vomited blood again, and the blood was unstable, and his soul was surging. His pierced body had the power of fate flowing, eroding his soul.

This state is too unstable, everyone is frightened and worried.

At this time, everyone was shocked and didn't know what to do. Their ancestors were injured now, their condition was very unstable, and their souls were corroded. Unfortunately, with their cultivation base, they couldn't help the ancestors at all.

"What is the solution?"

Qingxue Futian was worried and looked nervous. If the ancestor had a problem, it would be a thunderbolt for their Qingxue family, as if the Tianzhu collapsed.

Everyone clasped their hands, but couldn't find a way, because at the point of the ancestor, the injury could not be repaired simply, and ordinary healing pills were also ineffective.

By the way, healing pills?

Suddenly, Qingxue Silan's expression was shocked, and she hurriedly said to Qingxue Futian: "Father, don't you have the healing pill that your master gave to your sister? You can take one for the ancestor."

Qingxue Silan said excitedly. Others also remembered this, Qingxue Futian was startled, what is the healing medicine for Qingxue Siyun? This is a way. Siyun only needs one, even if she doesn't have the healing medicine given by Master Si Lan, she only relies on the fruit

It can also restore her injury, but is this medicine feasible?

He knows that the state of the ancestor is not only related to the shots of the ancestor Zhuge, but also to the age of the ancestor himself. What's more, the ancestor is a powerful person, and the injury on his body may not necessarily be caused by the average peak holy pill. Too many effects.

However, at this time, he can no longer care about so much, and can only treat the dead horse as a living horse doctor.

"Ancestor!"

Qingxue Futian whispered softly, opened the pill bottle, took out a pill, and delivered it to Qingxue Guhua.

Qingxue Guhua smelled the pill, her closed eyes suddenly opened, he was surprised, what is this?

"Ancestor, this is the healing pill that Silan's master left before. You can see if it works." Qingxue Futian said nervously. Qingxue Guhua was surprised, Silan's master? When did she find a master? But at this time, Qingxue Guhua has no time to think too much. He feels that his body is very bad, and the power of destiny is eroding his power.

, Although it won't let him fall, but if this continues, his injuries will definitely increase, and even affect his cultivation.

Once the soul is broken, it is not impossible to fall into the realm.

He picked up the pill, swallowed it in his mouth, and binged. What made him unbelievable was that a terrible medicinal power gushed out of his body.

This medicinal power permeated, like a ruin, it eliminated the power of fate, and it was integrated into his soul, and quickly nourished the power of the soul in his body.

What kind of medicine is this? He was shocked in his heart, but he didn't care too much. Under his excitement, he tried his best to refine this pill. Immediately, the power of fate was rejected by him, and the injury on his body slowly recovered, although the speed was not fast, but very clear

He recovered, and the power of his soul was also repairing, and the power of this healing pill had a huge nourishing effect on his soul.

I don't know how long it took.

Qingxue Guhua let out a long breath and opened her eyes again.

"Ancestor, how are you?" Qingxue Futian and the others leaned up nervously.

[Chapter 3522: Qingxue's son-in-law](#)

"I'm all right."

Qingxue Guhua exhaled for a long time. Although the injury on his body has never healed, the most dangerous moment has passed. I did not expect that the pill had such a huge medicinal effect before.

When Qingxue Futian and others saw Qingxue Guhua's ruddy complexion, all the stones in his heart fell.

"Grandpa Grandpa, you're fine, it's great." Qingxue Silan said happily.

"This is also thanks to the pill that you took out before." Qingxue Gu Hua has a lingering fear, otherwise, he was really dangerous before.

"Where did your pill come from? And what is going on with the master of Silan that I told you before?"

Qingxue Guhua asked, he was confused. "Grandpa Grandpa, it's like this..." Qingxue Silan said immediately, and Qing Xueming and others also explained to the side. Everyone was chattering, Qingxue Guhua finally figured it out, and she couldn't think of Silan. This time I went to the Western Heaven Realm and encountered

There are so many things.

"Ancestor, since this healing pill is effective for you, Si Lan's master gave a total of two pills. Originally, there was another one that was prepared for Siyun, but Siyun has the fruit of fusion, so it's not as good as your ancestors to continue taking it. Right."

Qingxue Futian hurriedly took out another healing pill. For the Qingxue family, Qingxue thinking about clouds is the future, while Qingxue Guhua is the present. Compared with the future, the present is naturally more urgent.

"No, I'll just take one tablet. Give the remaining one to Siyun. This kind of pill will definitely have an unprecedented effect on Siyun's injury."

Qingxue Guhua said in shock, he did not expect that the pill given by Qingxue Silan's master would be so powerful.

"Si Lan, your master is really good to you, our Qingxue family has inherited the great kindness of the other party!"

Qingxue Guhua exclaimed, and at the same time his gaze became solemn: "Before you said that people from the Zhuge family once hunted you down, but your master later solved it?"

"Yes, grandpa grandfather, is there any problem?" "Your master, it's not easy. In that case, he killed Zhuge Tuyang. It's amazing." Qingxue Guhua sighed, Zhuge Tuyang even him. I've heard that it's the Supreme Elder of the Zhuge Family, but that's a master at the pinnacle of the Holy Master.

, It is not easy to be able to kill him.

what?

Qingxue Futian and the others were stunned. Silan's master actually killed Zhuge Tuyang, the supreme elder of the Zhuge family?

It's no wonder that Patriarch Zhuge Yao was aggressive when he came up before, and he was inquiring about sin.

Qingxue Silan also murmured: "Master said before that he only solved a few small roles, but didn't he say that he killed Zhuge and Tuyang?"

Everyone was speechless, with a dull expression, Zhuge Tuyang, who was the Supreme Elder of the Zhuge family, was actually said to be a small character. If he is still alive, he will definitely be angry again.

"It's a pity that we didn't meet these characters." Qingxue Futian sighed, very regretful.

Qingxue Guhua took another healing pill and sighed: "This should be a genius from some of the top alchemy powers in the heavens. It's incredible. It's really...Is it from Zhurong Pavilion? Or from Pill God Mountain. genius?"

"Ancestor, are you talking about Silan's master or a master of alchemy?" Qingxue Futian and the others opened their eyes wide.

Qingxue Guhua said solemnly, "Yes, the master of Silan should be a pinnacle pill."

"What? How is this possible?" a group of people said in unison, and Qingxue Silan's eyes widened. Qingxue Guhua shook the pill in his hand and said: "This pill will never be refined for more than a hundred years, maybe even less, because the anger on it hasn't completely faded. Obviously it wasn't from Silan's master. From the relics of alchemy

, It is very likely that he refined it himself, so I suspect that he is a top peak Holy Master Alchemist. After speaking, Qingxue Guhua glanced at everyone and said: "A top genius, a master who can kill Zhuge Tuyang, and a top alchemist at the same time, do you think he is a genius among geniuses?" At least I have never seen it before, and also from

Never heard of it. "

"Master he..."

Qingxue Silan lowered her head silently, and she didn't expect that the master still had such an identity. Hearing the praise from the ancestor, she couldn't help being filled with pride for some reason.

Because that is her master. "This kind of person has a boundless future. Fortunately, he has become Si Lan's master, and he doesn't care about the senses of our Qingxue family. Otherwise, he won't give out this kind of medicine. It's a pity that he shouldn't like you. Won't be your master anymore, otherwise, I

Even let him be the son-in-law of my Qingxue family, let Silan you marry him. "

"Grandpa Grandpa!"

Qingxue Silan's face turned red, shy, and she was holding her clothes vigorously with her hands, not knowing what to say. "Haha, it seems that my Silan's heart is moving, but it's okay. You and your sister are both the pride of my Qingxue family and the jewels of the southern celestial realm. Maybe your master has been in love with you for a long time, and you don't necessarily like you. "Qingxue Gu Hua laughed

. "Grandpa Grandpa, if you make fun of people like this, Silan will ignore you." Qingxue Silan blushed and stomped angrily. She whispered: "How can I be worthy of the master, he is so good, my sister still Almost, and Master already has Mengxue

Sister, I can't sorry sister Mengxue. "

"Okay, Silan, I'm just joking. You can't ignore grandpa." Qingxue Guhua was in a surprisingly good mood, and said in a deep voice, "By the way, Silan, where is your master now? Wait for me. The injury is healed and I am going to visit him."

"Grandpa Grandpa, don't you really want to..." Qingxue Silan was really angry.

"Grandpa ancestor didn't mean that. I just suspect that the reason why the Zhuge family is staring at us may also have something to do with this dust. I am afraid that this person will be attacked by the Zhuge family." Qingxue Guhua said with serious eyes.

"What? The Zhuge family wants to target Master?" Qingxue Silan raised her head suddenly. Qingxue Guhua nodded and said with a deep gaze: "I can't understand Zhuge Rulong this old thing. He is not the kind of aimless person. If he is targeting our Qingxue family, he shouldn't have calculated his fate before shooting. In fact, he did calculate, and looking at his state, he was obviously injured, and it was a backlash from his destiny, but he didn't calculate me, so there is only one possibility, he calculated people who shouldn't. That person is most likely yours

Master, or related to your master. "

Everyone was shocked, there is still such a thing? They never thought of this before.

Thinking about it now, it is indeed possible. Everyone was shocked, shocked, who was that Chen Qing?

[Chapter 3523: Tiandang Mountains](#)

"Then Master, is he in danger?" Qingxue Silan said nervously, blurting out.

Qingxue Guhua shook his head: "I don't know, but if Zhuge Rulong really stares at him, then he must be dangerous. Zhuge Rulong's old thing is too insidious."

"Grandpa Grandpa, then you have to help Master quickly." Qingxue Silan was full of worry.

"Let's go back to the family first. When I have finished dealing with the family's affairs, I should also go out for a trip. The grievances with the Zhuge family should be understood sooner or later, and I can't delay it."

There was cold light in Qingxue Gu Hua's eyes.

On the other side, Zhuge Rulong also vomited blood, his face gloomy.

"Unexpectedly, Qingxue Guhua still has this kind of combat power. This old thing should have died long ago, and it hasn't died yet."

"Ancestor, what do we do next?" "It's okay. During the previous fight, I already felt that there was no fate of that person in the Qingxue family's battleship, which means that the person should not be in the Qingxue family. In his warship, so to speak, he should be in Heqing

The members of the Xue family separated, staring at the Qingxue family, and immediately notify me whenever there is a turmoil. The top priority is to heal my injuries first. "

Zhuge looked at the eagle and said in a cold voice: "It seems that next time, I have to find a foreign aid. Qingxue Guhua's old thing is not working, and the next time he fights, it will be his end."

Whoosh whoosh!

People from the Zhuge family left one after another.

Qin Chen didn't know what was happening here, he was rushing to the sword grave.

Jian Tomb is located in a mighty mountain range in the Southern Heaven Realm. This mountain range stretches for thousands of miles. Known as the Tiandang Mountain Range, it is vast in size, rich in materials, and dangerous in its environment. It is much wider than the general large-scale heaven.

However, because the Tiandang Mountain Range is not under the jurisdiction of any power in the Southern Heaven Realm, it has also led to the presence of power here, and many forces are established in this Tiandang Mountain Range.

Whoosh!

The flying boat on which Qin Chen and the four were riding directly entered the Tiandang Mountains. "Master, there are many forces in the Tiandang Mountains. Because the Southern Heaven Realm is an open place, many races will come to the Southern Heaven Realm to survive and trade, and many of the Southern Heaven Realm are actually controlled by top families and forces.

Many forces are located in this uncontrolled Tiandang Mountains. "This also makes the Tiandang Mountain Range very dangerous. The many forces here are fighting against each other. It is not like a place under the jurisdiction of some top forces in the Southern Heaven Realm. On the contrary, some are similar to the place where bandits like the Void Tide Sea, but it was born. A lot

Powerful forces. "

Sword King Mu Zhifeng explained: "Master, are you sure that the power you are looking for is here? This is not easy to find."

There is a long history in the Tiandang Mountains, and the powers come and go too fast. It is not easy to find a power in the vast Tiandang Mountains.

"I don't know the specifics. I can only use a dead horse as a living horse doctor." Qin Chen appeared outside the flying boat, standing on the bow of the flying boat, looking at the vast Tiandang mountain range, there was a weird roar inside, the demon The beast roars, the environment is dangerous, and there are occasional turbulence and cracks. It is indeed not a prosperous place.

square.

"Do you want to destroy the Sword Sect? This is just the speculation of the Zhuge family. I don't know if it is the inheritance of the Tongtian sword pavilion. This Tiandang mountain range is so dangerous, I hope it will not be destroyed." The Tongtian sword pavilion is the predecessor of the eternal sword master. Qin Chen once promised that Eternal Sword would mainly find the Tongtian Sword Pavilion and resurrect him. Since this time came to the Southern Heaven Realm, it is still unclear where the Ji family is, and Qin Chen can only find Tongtian first.

Jian Pavilion, and through the Tongtian Jian Pavilion, came to find the Ji family.

Of course, Qin Chen also had a yearning in his heart for the legendary top kendo power in the ancient world.

"Sword Tomb!"

Qin Chen murmured, expecting.

Huh! At this moment, You Qianxue and Qingqiu Ziyi also appeared together, standing on the left and right sides of Qin Chen. Qin Chen glanced at Qianxue and held her right hand. Qingqiu Ziyi also stood on Qin Chen's right side, close to him. With him, two beautiful women are just like this

Qin Chen is really like a couple of gods.

The sword king Mu Zhifeng also appeared outside the flying boat, but he quietly retreated to the back, like an old slave, with his head down and his eyebrows down, respectful.

"Is this where the power of the eternal year was here?" Qingqiu Ziyi murmured. In the previous life, she and the eternal sword master loved each other, but never came to the Tongtian sword pavilion. After all, before the war of the demons invaded the heavens, the human race and the demon race It's not friendly, even one after another, until later, I didn't know

It is the provocation of the demons.

But no matter what, the hostility between the monster race and the human race was a fact back then, and the Tongtian sword pavilion even confined the Eternal Sword Master because of this, otherwise the Eternal Sword Master would not elope to the Desolate God Clan with Qiongxian.

Now, Qingqiu Ziyi followed Qin Chen to the Tongtian Sword Pavilion, she didn't know what it was like in her heart, and she didn't know what was going on with the current Tongtian Sword Pavilion.

Huh!

Su Xiaoxiao suddenly appeared on Qingqiu Ziyi's shoulders, frowning and saying: "This mountain range has such a complicated smell. There seems to be a lot of evil spirits." Dao Wang Muzhifeng suddenly smiled: "Because there are gathered here. There are a large number of powerful people of all races. If other cities in the Southern Heaven Realm are peaceful and prosperous, then the Tiandang Mountains can be described as dangerous and bad. There are experts of all races everywhere.

The monster race, the undead race, the bone race, the golden giant race, etc., all came to the southern heaven to develop. "In the first battle of the ancient heavens, the heavens were shattered, and the ten thousand races suffered heavy losses. Many races fell on the spot, and many lost their clan lands. Therefore, they can only coexist with humans. Among the four great heavens of mankind, the Southern Heaven is the most. Open,

Because many races have come to the Southern Heaven Realm. It's just that many heavenly domains in the Southern Heavenly Realm are not controlled by top families. Only a few places, such as the Tiandang Mountains, can survive. Therefore, there are many celestial forces away from here. "

That's it.

Everyone nodded. "However, because there are many forces gathered here, it seems to be lively, but in fact it is murderous. Human warriors will be morally restrained and restrained by top families. However, the forces and races here are more important to strength. They do whatever they want.

Frequent killings in order to fight for a place, so you must pay attention to safety when walking in the Tiandang Mountains. "

The sword king Mu Zhifeng reminded again.

"Quack, outsiders dare to break into the Tiandang Mountains. It seems that there is meat to eat again today!"

At this moment, in the distant space, a group of monster masters with weird fur, like monsters, stared at the flying boat that flew by, showing a hideous smile. Among the masters of this group of monster races, the leader of the two is in the realm of the late saint masters, and the others are weaker masters, a force that cannot be underestimated. They are stationed around the Tiandang Mountains all the year round, waiting for opportunities to sneak attack those who enter the Tiandang Mountains. The caravans and masters of the country have tried repeatedly.

[Chapter 3524: Demon Wolf Demon Race](#)

The Tiandang Mountains are rich in materials, and there are also forbidden areas like Jian Tomb that attract many kendo masters and strong men. Although sinister, there are not many caravans and masters who enter this place every year.

These people come from the same force, and they specialize in robbing business.

The Tiandang Mountains, the wilderness is very barren.

A stream of light pierced the sky, and it was a flying boat with Qin Chen and a few people standing on it. The beautiful flowers of You Qianxue and Qingqiu Ziyi were like flowers blooming in the dark, beautiful and charming.

Getting closer, these monster clan masters also saw You Qianxue and Qingqiu Ziyi, all of them stared out, showing a fanatical expression.

"Haha, boss, it seems that this time I have gained a lot. There are two other women, such beautiful women. I have seen them for the first time in the Tiandang Mountains for thousands of years."

"Hey, boss, don't rush to kill these two women, just play around and kill them."

"What to kill, I know how to kill. If I want to see, they should wear their bodies with Saint Yuan chains, and then raise them, quack, it must be so cool."

Many Yaozu masters' eyes released a green glow, and the saliva was almost left behind.

"Shut up, the other party is here, do it, don't let the fat sheep run away."

Whoosh!

The head of a late-stage Saint Lord Demon King, with his hands wide open, a yellow light burst out of his body, and then fell towards the front through the air.

"Void imprisonment!"

An invisible force filled Qin Chen's flying boat instantly.

Hum!

The resistance of the void suddenly increased a lot, and the flying boat controlled by Qin Chen slowed down.

"Boss, your natural ability is really convenient. You can keep the opponent every time." The monster master behind him laughed. The eagle-eyed bird, the late-stage Saint Lord Demon King with a wolf face coldly snorted: "Without this talent ability, even if we fancy the target, we may not be able to catch up. What's more, in case the opponent has an idea, we can also use it. Come to run away, otherwise you would not

I know how many times I have died. "

Stopping Feizhou, Qin Chen looked at these monster masters.

"People from the Demon Wolf and Demon Race, as well as from the Blood Eagle Race? They are all mixed blood!"

With Su Xiaoxiao's eyes wide open, the Monster Race can actually be seen here.

"Are you a native of the Tiandang Mountains?" Qin Chen said calmly while looking at each other.

"Master, these should be the bandits in the Tiandang Mountains. They are mainly from the demon race's casual cultivation. They often attack and kill passers-by for a living. Void bandits like the Void Tide Sea are many in the Tiandang Mountains." The sword king Muzhifeng embraces the sword. , Walked up.

"Interesting, stop us, you want to die?" Qin Chen actually felt the other party's existence long ago, but he didn't intend to make trouble, but the other party's special talents and abilities caused his flying boat to increase greatly. There is a way to leave, but since the other party has done it, Qin Chen naturally

Will not stand alone.

"Arrogant, kill him." Headed by the two late-stage masters of the demon clan, these powerful demon clan rushed towards Qin Chen and others, some of them have begun to become the main body, directly turning into a fierce demon wolf. Or a scarlet falcon, or a tiger body, etc., he

They displayed their abilities one by one and attacked Qin Chen overwhelmingly.

"court death!"

With the sword in his arms out of its sheath, the sword king Mu Zhifeng jumped out, and a shocking light of the sword slashed out at the group of monster masters.

Boom! The terrifying sword aura rushed into the sky and blood splashed. On the spot, more than a dozen monsters were severely injured and even burst into pieces on the spot. The two masters of the demon wolf monster and the blood eagle clan were shocked. They never thought of this group. There is this level among the guys

hand.

"I'll deal with this person."

The late Saint Master master of the Blood Eagle clan roared and let out a long howl, burning blood all over the body, and grabbed and photographed the sword king Muzhifeng.

"kill!"

And the master of the demon wolf demon clan grabbed Qin Chen directly with one claw, and his fierce claws were like a curtain of sky, to wrap Qin Chen.

"sad."

Qingqiu Ziyi gently shook his head, walked to Qin Chen, and suddenly smiled. Behind her, nine white foxtails grew out and turned into a white fox floating in the sky. A pair of endless temptation eyes stared at the demon. The master of the wolf monster clan.

"Nine-tailed fairy fox!"

The eye pupils of this demon wolf demon clan master showed horror. The next moment, its expression became dull, as if it had become a living dead.

puff!

On the other side, the sword king Mu Zhifeng slashed out, piercing the strong blood eagle clan, blood splashing across the void.

Behind him, a large number of monster clan corpses fell from the heights, and fell heavily to the ground. The blood stained the ground and was absorbed by the ground, making it dark red.

"Zi Yi, leave it to you, ask the location of Sword Extinguisher." Qin Chen said calmly, seldom calmly.

"Master, just leave it to me."

Qingqiu Ziyi smiled, full of charm, and a strong temptation. Even the sword king Mu Zhifeng did not dare to stare at Qingqiu Ziyi for fear of losing his mind.

After a while, Qingqiu Ziyi had inquired some information from the mind of the demon wolf demon clan.

"Master, the Sword Exterminating Sect is in the depths of the Tiandang Mountain Range, near the Jian Tomb, but the people of the Demon Wolf and Demon Race have only known that they have not entered the depths of the Tiandang Mountain Range in ten thousand years. I know it's still around." Qingqiu Ziyi

Yidao.

Qin Chen nodded.

"How to deal with these two monster clan masters?" Qingqiu Ziyi asked.

"Whatever you do."

Qin Chen said.

puff! Qingqiu Ziyi instantly squeezed the opponent's head, and an invisible monster soul light and blood came out, but it was absorbed by Su Xiaoxiao's blood hairpin. At the same time, the blood eagle clan expert was also beheaded. The soul light absorbed, Qin Chen saw the light above the blood hairpin

The light became more and more brilliant.

"Sister Ziyi, both from the Monster Race, did you kill that way?"

You Qianxue said with some doubts. Qingqiu Ziyi chuckled, "Qianxue, the Monster Race is an extremely large race like your Human Race. Although we are both Monster Race, we are actually quite far apart, especially among the Monster Race, there are many race wars. Just like your human race, you

If you meet someone from a human race who wants to kill you, will you let them go because they are from the same race as you? "

You Qianxue dumbly, this is really true. From the perspective of the human race, the monster races are the same race and should support each other, and in fact, let alone there are many different races of the monster race, even if they are exactly the same human race, they fight with each other no less than foreign races. , Even Terran

The war between ourselves is even more brutal.

Knowing the general location of Sword Extinguishing Sect, Qin Chen and the others continued their journey. After Qin Chen and the others left, some races in the distance who perceive the fighting here shivered. These magic stars finally left, and they killed the masters of the Demon Wolf Demon Race and the Blood Eagle Race in an instant. , What are these guys

people?

No matter what, the masters of the Demon Wolf Demon Race and the Blood Eagle Race have fallen, and their masters who have been oppressed here all these years are much safer.

Huh! Huh! Huh!

However, as soon as their thoughts fell, they saw several figures quietly appearing on that battlefield.

"A few guys, are you going to the Sword Tomb? This matter must be passed on to the adults!" A cold voice resounded.

[Chapter 3525: Tyrant bear](#)

"Huh, I didn't think that there are outsiders who are killing people in our Tiandang Mountains. These bandits have been supported by adults over the years. Who are those guys?" "What are they doing? These guys are powerful. They are all very strong, we are going to die, but the other party is obviously going to go deep into the Tiandang Mountain Range to the location of Jian Tomb. Just tell the adults the news, even the top of the Southern Heaven Realm.

People from the aristocratic family cannot escape death. "

"The adults have been acting secretly over the years, to control the entire Tiandang Mountain Range, and fight against several top families in the Southern Heaven Realm, and become another top power in the Southern Heaven Realm, and they must not be easily destroyed by outsiders."

"Hmph, no one can run wild in our Tiandang Mountains."

"go!"

Huh huh!

These guys flickered and disappeared here quickly.

Qin Chen and his party hurried to the depths of the Tiandang Mountains. This time, they were too lazy to cause trouble and restrained their aura. They just let Feizhou quickly shuttle through the void, which also caused Qin Chen and the others to not encounter too many attacks.

The speed of the flying boat controlled by Sword King Mu Zhifeng is so fast that even the ordinary late-stage holy masters can't pursue it. Even if many people feel Qin Chen and their flying boat, they have no chance to track it.

Along the way, Qin Chen learned more about the Tiandang Mountains. In the Tiandang Mountains, there are many forces. For countless years, an extremely large group has been formed. Among them, in the heavens, besides the human race and the demons, the number of the demons is the largest. It is also the ability of the ancient times and the human race. Contend for

One of the top races.

Therefore, in the Southern Heaven Realm, monsters have the most power, among which the five monster sects are the most powerful, and they are all one of the top powers in the Tiandang Mountains.

Of course, in addition to this, some human forces are also very strong, in addition to other race forces.

In general, the Tiandang Mountain Range does not have a unified power, but is complicated. Fortunately, the Tiandang Mountain Range only occupies a corner of the Southern Heaven Realm. In fact, the entire Tiandang Mountain Range is not one of the top forces in the Southern Heaven Realm, because in these years, the Tiandang Mountain Range has not yet given birth to a true Venerable Master. , Once there is

The appearance of a Venerable Master can form a top power that will confront the top powers of the Southern Heaven Realm, such as Zhuge Family and Qingxue Family.

In fact, the strongest place of the Yaozu in the human territory is the Western Heaven Realm, which borders the territory of the Yaozu. Among them, the Yaozu forest is the strongest force in the human territory. Therefore, although the power of the monsters in the Tiandang Mountains is strong, they still cannot occupy absolute power. After all, the Tiandang Mountains are also a human world. Although the number of monsters here is not less than that of humans, the masters of the monsters are even more powerful than humans. many,

But no matter where humans go, they are a force that cannot be underestimated.

As for the Swordsman Destruction, according to the memory of the masters of the Demon Wolf and Demon Race, more than ten thousand years ago, it also belonged to a relatively powerful force in the Tiandang Mountains.

The Tiandang Mountain Range was too vast and its location was intricate. A week later, Qin Chen finally came to the position of Sword Extinguishing Sect. This is an extremely luxuriant area in the Tiandang Mountains. It is rumored that it is rich in Xingyuan Stone and has a piece of Xingyuan Iron Ore. This is an excellent material for holding sword energy, feeling sword intent, and forging sharp swords. Occupied by the Extinct Sword Sect, became

The most ideal place to build the Sword Sect, at least the disciples don't have to worry about not having the trouble of taking advantage of the sword.

Coming to this area, out of caution, Qin Chen and the others did not fly in with great fanfare, but flew at low altitude along the open space between the peaks.

There are ridges and mountains, and there are mists everywhere, containing amazing sacred essence. It can be seen that there are many powerful sacred veins underneath that provide a steady flow of energy.

"En! Why are there so many monsters here?" During the flight, Qin Chen frowned. In this mountain range, there were monsters everywhere. There were countless sages, earth sages, and heavenly sages. There can't be too many monsters around the door, otherwise, brother

How the son came out, you can't deliberately make fun of the life of the disciple.

"Things don't seem right."

Qin Chen had a bad premonition in his heart, because these monsters seemed to be living organized, not a year or two. As top masters, Qin Chen's stealth abilities are extremely strong, at least not detectable by monsters in the realm of Heavenly Sage, even if they encounter some demon races and monsters at the Holy Master level, as long as Qin Chen hides them, the other Never want to find them

Traces, ignorant.

Passing one mountain after another, Qin Chen felt that he was not too far away from the central area of the mountain range, and there should be the address of Sword Extermination Sect.

"Master, there seems to be something wrong here."

Said the sword king Mu Zhifeng.

Not only Qin Chen, but other people also felt something was wrong, because there were too many monsters here, and there were so many varieties. How could it be the location of the human sect?

"Da Segui, there are a lot of monsters in it."

Su Xiaoxiao appeared on Qingqiu Ziyi's shoulder and also spoke.

"Go, go over and take a look."

Huh!

Qin Chen's figures shook, and they came to the top of a mountain and looked at a mountain range in the distance. According to the truth, there should be the address of Sword Sect Exterminator, but now, Qin Chen's eyes are condensed.

At the mountain gate of Sword Extinguishing Sect, where is the position of Sword Extinguishing Sect, but the power of the monster clan, on the huge stone tablet of the mountain gate, three characters are written: "Ba Xiong Sect!"

"How did it become the Tyrant Bear Sect here? Where did the Sword Sect go? Was it destroyed by this Tyrant Bear Sect?"

Qin Chen's heart sank. No matter what happened, the mountain range that originally belonged to the Sword Extinguishing Sect was actually occupied by another monster clan. This was definitely a bad sign.

"Dust, what shall we do?" You Qianxue frowned.

"What can I do? Since this place has become the territory of the Tyrant Bear Sect, it is most convenient to ask the people of this Tyrant Bear Sect."

Qin Chen's eyes were cold, he didn't have too much time to explore the root cause, and he didn't want to bother him, his figure shook, and Qin Chen went straight to where the Tyrant Bear Sect was.

boom! As they approached the position of Tyrant Bear Sect, among the entire Tyrant Bear Sect mountain gate, terrible arrays of light suddenly rose up, rumbling, and rows of sword aura light soared into the sky, seemingly sensed. The enemy stopped Qin instantly

Dust their entry.

"Huh? This Tyrant Xiong Sect actually has a Shouzong formation? And it's still a sword formation formation. Is this formation destroying the Sword Sect?"

Qin Chen's eyes condensed, and he saw countless sword auras floating around him. These sword auras turned into dense sword lights and shot towards him.

"Chop!" The sword king Mu Zhifeng jumped up, and the sword in his hand smashed down fiercely, and suddenly these sword auras flew away, but soon, a large amount of sword aura was born, as if it were endless, eternal and immortal.

[Chapter 3526: Eternal Sword Formation](#)

"Eternal mood!"

Qin Chen was shocked, this formation turned out to be an eternal mood. Although it was somewhat different from the eternal sword aura he inherited from the eternal sword master, it was extremely similar, as if from the same origin.

Qin Chen had a feeling that even if the Sword Extinguishing Sect was not inherited from the Tongtian Sword Pavilion, it had a great relationship with the Tongtian Sword Pavilion.

Buzzing!

Countless sword auras burst out, Qin Chen stuck out his right hand, and suddenly these sword auras were drawn by his power, turning into a sword light that swirled around him, lingering around him.

"who?"

Roar! At this moment, a roar came out from the bear sect of Naha. In the next moment, a few terrifying figures flew up, looking at Qin Chen with cold eyes. The leader was a burly figure, three feet tall. The huge monster beast turned out to be

A demon bear.

This demon bear was full of surging blood, bursting out an astonishing breath, giving people a strong sense of oppression.

"Who is your excellency, why do you want to trespass into my tyrant Xiongzong."

The master of the Overlord Xiongzong looked at Qin Chen and his group with gloomy eyes. Behind him, there were three bear monsters who were one point weaker than him, but their aura was in the realm of the late saint master, gazing at eagles and birds.

"Brother, talk nonsense with them, dare to trespass into my Overlord Xiongzong and just kill him."

A bear demon roared with a murderous aura. In an instant, countless masters of the demon clan appeared under the entire Tyrant Bear Sect, all looking at Qin Chen and the others fiercely, revealing a bloodthirsty aura.

"Xiong Er, don't be impulsive."

This leading Tyrant Xiongzong powerhouse had gloomy eyes, especially when he saw Qin Chen surrounded his sword aura, but was not afraid of it, he couldn't feel a trace of jealousy.

Moreover, when he looked at Qingqiu Ziyi, he felt a strong throbbing feeling in his heart for some reason.

The demon race, bloodline suppression is too strong, this bear demon is extremely strong, much stronger than the masters of the demon wolf demon race, naturally vaguely felt the terrible Qingqiu Ziyi, this is an instinctive feeling.

"Ba Xiong Sect? We are here to find Sword Destruction Sect. I heard that this place was once the territory of Sword Destruction Sect. Why is it now the sect of your Ba Xiong Sect?" Qin Chen said flatly, straight to the point, staring at the opponent.

"Huh? Are you from the Sword Slayer Destroying Sect?" The leading bear demon suddenly raised a cold look in his eyes: "So, are you here for trouble?"

"Big brother, I said, these humans are not good, they must come to take the lead in Mie Jianzong, kill them, all the people, listen to my orders and kill."

The giant bear behind the demon bear roared, and its huge body suddenly rushed towards Qin Chen. Boom, a khaki halo spread, and the palm of the giant bear turned into an ancient sacred mountain facing Qin Chen. It just fell down hard.

"Looking for death." When Mu Zhifeng saw this, the sword king immediately shouted and raised his sword to greet him.

boom!

The sword's energy skyrocketed, and it smashed into the palm of the giant bear's release. It was unable to split his attack and couldn't penetrate it at all.

"Huh, human kid, I dominate the bear line. The strongest is defense. With just such a combat power, I want to break the defense of this seat?"

This giant bear screamed coldly, and violently collided with the wind of the sword king Mu Zhifeng, rumbling, the two sides fought, and suddenly the sky was shaking.

"Open the big array!"

Upon seeing this, the other masters of the Tyrant Xiongzong urged the formations below, and immediately countless sword auras rose into the sky, turning into dense sword light, and once again wrapped in Qin Chen.

"Formation, you didn't urge you like this." Qin Chen snorted coldly and was too lazy to talk nonsense. He had already seen that no matter what the Sword Sect was destroyed, it was inseparable from this Overlord Bear Sect. Jianzong is okay, then you can talk about it, but now the other party is doing it

Qin Chen would not ignore it naturally.

Whoosh! He rushed directly into the sect, and at the same time, the source of his body urged, an eternal mood rose from his body, and suddenly the countless sword auras surrounded him and were in Qin Chen's hands. Form a sword qi that reaches the sky

, Slashed down towards the Tyrant Bear Zongmen below.

This sword aura was like the same pillar of heaven, with the power to destroy everything, the cover fell down instantly, causing the giant bear demon of the bear sect of Naha to change color, and his body was shaken to stop Qin Chen. But before it shot, a figure suddenly appeared next to it, and then a palm lightly blocked it in front of it, with a bang, its entire body was shocked and flew out, rumbling, A mountain in the distance

Directly smashed into an explosion, and fell into pieces.

"Chuck, your opponent is me." Qingqiu Ziyi chuckled lightly, stepping forward, with demon power haunting her body.

"Run!" When many masters of the Bear Sect below saw this scene, they were so scared that their souls were almost gone, and they flew like crazy. In the next moment, the endless sword energy in Qin Chen's hand suddenly fell down. Although the mountain gate is strong, it can't help Qin Chen condense

A blow of the eternal sword formation.

Qin Chen was a top-level formation mage, and he could easily see the weakness of this Overlord Xiongzong's sect, and the huge sword body crashed towards the mountain gate below.

Eternal sword aura, eternal and immortal, countless sword auras are endless and endless. When the Tyrant Bear Sect's mountain gate was first hit, it was already covered with cracks by the huge sword displayed by Qin Chen, and now the countless sword auras swept down again, and suddenly bursts of 'click' light. After a while, the whole building is huge.

The gate of the mountain has shattered like cracked tiles.

The Sect Master of the Tyrant Bear Sect and the other masters of the Tyrant Bear Sect, who rose to the sky from the broken mountains, all watched this scene in anger, looking at the shattered mountain guard in front of them, with a look of anger. In the Tiandang Mountains, only their Tyrant Bear Sect treats others like this, only Tyrant Bear Sect breaks other people's mountain gates, and only Tyrant Bear Sect occupying other people's territory. But today, the same fate has fallen on Tyrant Bear Sect. Zong's Mountain Gate

It was ruined by a human.

"Human, you, as someone who destroys the Sword Sect, should know that my Overlord Bear Sect is the sect of the Five Great Demon Sects. Today, you will definitely die." The Overlord Bear Sect master roared, and the whole person turned into a head. Hundreds of feet high, the giant bear restored its appearance. On the surface of the giant bear, a series of terrible rules emerged, surrounded by the rules of earth, and slapped Qin Chen boldly.

Come.

"Definitely?"

Qin Chen sneered, ignoring the attack of this Overlord Bear Sect Master, his figure flickered, and he came to the Overlord Bear Sect Master's body. Facing the Overlord Bear Sect Master's attack, he did not evade, and the killing fist instantly blasted out. .

boom! The endless rules collided, this Tyrant Bear Sect Master stepped backwards, crushing a lot of rocks, and the position of his palm was actually exploded by Qin Chen abruptly.

[Chapter 3527: Five Demon Sects](#)

"what!"

The tyrant Sect Master Xiong screamed, blood dripping from the palm of his hand, spewing terrible demon powers, these demon powers contained the breath of earth that permeated people, splashing everywhere, rumbling, and the earth was shaking.

It looked at Qin Chen in disbelief, widening its eye pupils the size of a boulder, and couldn't believe that Qin Chen exploded its palm defense with a punch. How could this human warrior have such a terrifying defense?

Roar! It roared, and the power of the demon light appeared again on its body. This power of the demon, extremely terrifying, turned into a phantom of the ancient giant behind it. The phantom was khaki, like Like an ancient earth god

, Instantly blessed a layer of halo on Sect Master Tyrant Bear, and, where Qin Chen's palm was bombarded by Qin Chen's palm, there were also halo flowing, quickly closing.

"Ok?"

Qin Chen was surprised. This Overlord Sect Master Xiong was really strong, and the power of the demon on his body was extremely special. He actually repaired his injuries in a moment. This ability surprised Qin Chen.

In terms of repairing ability, this Overlord Sect Master Xiong couldn't do more than him.

"Trendy boy, you are looking for death."

This Overlord Sect Master came to fight again, blasting, endless divine light surged from his body, and terrible attacks lingered, driving the power of the entire mountain range to rise and fall, and bombarded Qin Chen.

"interesting."

Qin Chen was surprised, and looked up. At the moment when Tyrant Xiongzong took the initiative, the power of the nearby mountains seemed to be attracted and integrated into the hit.

"Master, let me come."

Qingqiu Ziyi's figure flickered, and he was about to come up with a chuckle, but was stopped by Qin Chen. Boom, Qin Chen's figure flickered, and he faced the overlord bear, using his own power to fight the overlord bear. Collide together.

boom!

Energetic engulfed, and there was a roar everywhere, Qin Chen and the Overlord Bear Sect Master collided with each other, just like meteorite impacts, erupting into a terrifying roar.

what? The Overlord Xiong was shocked, and he made his best effort, but he couldn't take the boy. It roared, grabbed and photographed Qin Chen with both hands, trying to trap Qin Chen to death in his own power, but with a bang, Qin The dust urges the ancient sacrament, like the same

Respecting the Primordial Demon God, he was no less inferior to the Tyrant Bear Sect Master. Both sides competed for strength, and Qin Chen's terrifying wild aura surged through his body, which suppressed the Tyrant Bear Sect Master. The strength of the Overlord Bear is indeed terrifying, but when Qin Chen faced the Void Crocodile Dragon, how could he be afraid of the violent force of the Overlord Bear Sect. Qin Chen waved his fist and slammed the Overlord Bear. Sovereign hit

Arrived in a mountain range.

Bang bang bang!

Qin Chen attacked violently and kept making moves, and he heard the rumbling roar constantly. The Overlord Bear Sect Master was constantly blasted into the ground by Qin Chen, his body was scarred and embarrassed.

"what!"

Sect Master Tyrant Xiong roared, the terrifying demon power that swept through his body constantly, Boom, he suddenly sat up, and the earthy-yellow light lingered on his palm, dazzling the sky, and his big hand came to Qin Chen. Squeeze Qin Chen into an explosion.

Qin Chen sneered, and at the moment the giant hand closed, he kicked the palm and flew away. At the same time, Qin Chen quickly jumped up, hugged a finger of the overlord bear, and shook it wildly. stand up.

Boom boom boom!

Qin Chen smashed the huge bear that was over a hundred feet high, smashing it down frantically, banging, and the earth roaring. The overlord bear was smashed by Qin Chen with blood and broken bones. It was as strong as its defense, everywhere in his body. They are all broken, coughing up blood.

In the end, Qin Chen threw the Tyrant Bear Sect Master into the depths of the earth with a loud bang, then stepped on his head and fell down.

"Can you tell me now? Where is the Sword Extinguishing Sect?"

Qin Chen said indifferently, with a cold voice, falling in the ears of Sect Master Naha Xiong, like a reminder from Jiuyou, making his heart palpitations and horror. The Overlord Sect Master raised his head with difficulty, trying to struggle, but Qin Chen stepped into the ground fiercely once again. Its colossal demon lord, the overlord of the Overlord Bear Sect, was a powerful man who was comparable to the peak of the Saint Master in the later period. People step on the ground so insultingly

In, that kind of humiliation, one can imagine.

But it also saw that its sect had been destroyed, and many subordinates fled frantically. As for the second-class Xiong, how could they be suppressed by others, extremely embarrassed.

"My Tyrant Bear Sect is the power of the Five Great Demon Sects. Don't you be afraid of death if you run wild in the Tiandang Mountains?" The Tyrant Bear Sect Master roared, his eyes red with killing intent. In the Tiandang Mountains, the five demon sects of their demon race can be regarded as the top power, and although his Domineering Xiong sect is not one of the five demon sects, it is also the top demon sect level power of the five demon sects. Provoke them to dominate the bear

, So bold.

The five demon sects?

"It seems you still don't understand your situation."

Qin Chen snorted coldly, and stepped down hard with a bang. With a bang, Sect Master Tyrant Xiong stepped into the ground once again, bloody.

"Give you one last chance. If you don't say anything, I will kill you, and then I will search for your soul. At that time, no matter how strong the five demon sects are, you will only become a lonely ghost when you die. Right." Qin Chen said coldly.

Hum! In his hand, the green demon sword appeared, and the power of the demon sword bloomed, reaching the eyebrows of Sect Master Tyrant Bear. Sect Master Tyrant Bear only felt that Dao Dao heart

palpitations came from the center of his eyebrows. The blood flowing out after he was seriously injured, unexpectedly flowed inexplicably

Above that weird demon sword, he had a vague feeling, as long as he said "no", he would really be slashed by a sword and his soul flew away.

"I said..." Sect Master Tyrant Bear said unwillingly: "The Sword Destruction Sect has been driven away by the five great demon sects. This place has become the gate of my Tyrant Bear Sect."

"I was driven away by the five demon sects? What is going on?"

Hearing this, Qin Chen actually let out a sigh of relief. What he was most worried about was that the Sword Sect had been destroyed, and now that he had only been driven away, a stone in his heart was naturally put down.

Sovereign Overlord said: "In the Tiandang Mountains, there are many forces. Everyone wants to be the top power in the Tiandang Mountains. As one of the most powerful races in the Tiandang Mountains, we naturally want to occupy this heaven. Mountain range..." Qin Chen also understood from the words of the Overlord Bear Sect Master. Although the Sword Extermination Sect is not weak in the Tiandang Mountain Range, it is considered one of the top powers, but it is only an isolated power. The extremely precious star in the Tiandang Mountains

The source iron mine naturally attracted the attention of the five demon sects. In order to have absolute dominance in the Tiandang Mountains, the five monster sects of the demon race teamed up to drive out the sword sect, and let the overlord bear sect occupy the gate of the sword sect. For thousands of years, they have been dedicated to mining stars for the five monsters. Source iron ore.

[Chapter 3528: Bear Clan](#)

So after Qin Chen and the others arrived, they never saw Mie Jianzong.

"What happened to Sword Slayer now?" Qin Chen frowned.

Sect Master Tyrant Xiong said: "After Mie Jianzong was driven away, it is no longer called Mie Jianzong. Instead, it is renamed Ancient Dao Sect. It has moved to another place in the Tiandang Mountains, outside the territory of our five major monster sects. "

"Where?" Qin Chen asked again. "In the Western Mountain Range of Sword Tomb, 16 million miles away from here, there is a mountain range. The Ancient Dao Sect is located here. Boy, I don't know what your relationship is with the Sword Sect, but my Overlord Xiong Sect is the five great monsters. Under the commander of the clan, you dominate the bear sect to me so, my monster clan will never spare you easily, even you will bring harm to the sword sect, destroy the friendly relationship between the human and the monster clan, if you now let go of me, and bring an apology to the Tyrant Bear Sect and compensation, maybe there is another

A way out. "

Sect Master Tyrant Bear was still stiff at this time.

"Five Great Demon Sects? Are they powerful?" Qin Chen sneered. He only knew that the Tiandang Mountain Range did not have a Venerable Power, otherwise the Tiandang Mountain Range would be

born with the same Southern Heavenly Power as the Qingxue Family and Zhuge Family. , As long as these five demon sects are not a noble-level power, he will

There is nothing to be afraid of.

"Furthermore, the five major demon sects are just certain demon clan forces, and how can they represent the demon clan? The demon clan, is it great? We are not people without the demon clan." Qin Chen said with disdain.

"What the young master said is, you bear demon, can you represent the demon race? My demon race does not have yours."

Qingqiu Ziyi chuckled and flew over. Her body was lingering with the power of Dao Yao, the power of charm lingering, full of beauty.

"Are you also a monster?" Sect Master Tyrant Xiong looked at Qingqiu Ziyi with palpitations. He had felt that Qingqiu Ziyi had an aura that made his heart palpitations, like a blood heritage. Unexpectedly, the opponent is really a monster. .

Moreover, he could feel that the demon aura on Qingqiu Ziyi's body was much stronger than him, definitely a demon race that far surpassed him.

However, how did this monster race mix with humans? Moreover, the kid who calls this human is Young Master?

Sect Master Tyrant Bear was full of jealousy.

"Unexpectedly, the Exterminating Sword Sect changed its name to Gu Daozong and moved to another place."

Qin Chen finally breathed a sigh of relief when he heard the news about the Sword Sect Slayer. As long as he knew the location of the other party, the trip went smoothly.

"Master, how do these clansmen of the Tyrant Bear Clan solve it?"

At this time, the sword king Mu Zhifeng said solemnly, with a cold light in his eyes: "Do you want to kill it directly?"

Beside him, the two late saint masters of the Overlord Xiong Sect lay there, staring at Qin Chen angrily, murderously, it was Xiong Er and them.

Sect Master Tyrant Xiong and the others had a chill, and hurriedly said: "Kill us, you and the five demon sects will no longer be able to turn around. Even if you are not afraid, you must consider destroying the sword sect."

"What a fool!"

Qin Chen shook his head, this Overlord Xiong looked burly, unexpectedly so embarrassed. "Young master, this tyrant bear sect master should be the savage bear clan of the monster clan. In ancient times, it was the guard of the savage bear clan. Judging from the aura, the blood of these savage bear clan is still authentic. It's better to subdue it as a mount

Not bad. "Qingqiu Ziyi said with a smile.

"Huh? The late saint master's wild bear as a mount? It's kind of interesting." Qin Chen smiled and killed directly, which is a pity. Moreover, Qin Chen currently does not know the situation of the five major monster sects, just like this overlord bear. It is said that killing them directly will surely anger the five great monster sects. He is not afraid, but the sword sect will be destroyed.

It will be dangerous, so it's better to subdue it first.

"What do you want to do! You want us to be mounts, don't think about it."

Roar!

The Overlord Bear roared, struggling frantically, and booming, a terrifying bear force swept out, the entire mountain range was rumbled and trembled, and the rules of the earth between heaven and earth danced wildly.

Let them become mounts, it is more uncomfortable than killing them.

"Yeah, I still don't want to, Master, I'll take this matter."

Qingqiu Ziyi chuckled. Facing the monster clan, she had some means. Whoosh, she came to the front of Sect Master Tyrant Bear, and nine foxtails suddenly appeared behind her, dancing wildly.

"Nine-tailed fairy fox, you are a family of nine-tailed fairy foxes..." Sect Master Overlord felt the supreme aura on Qingqiu Ziyi's body, and he shivered suddenly. This was the fear from the root of their blood.

In ancient times, the nine-tailed fairy fox family was very mysterious and terrifying, and in the bloodline rank, it also belonged to the imperial level of the monster race.

Unexpectedly, the woman following this Human Race kid turned out to be the Nine-Tailed Fairy Fox. No wonder she was not the opponent before.

"Su Xiaoxiao, it's your turn to take action."

Qingqiu Ziyi did not activate the charm, but lifted her hand, a blood hairpin appeared in her hand instantly, above the blood hairpin, a series of strange and obscure deep runes immediately appeared, floating in the air. in.

"Nine Immortals Blood Jade!"

Overlord Xiong said in shock.

"You have a bit of eye for this wild bear." Su Xiaoxiao flew out of the blood jade in an instant, suspended in front of the rune, and said to the overlord bear: "Since you know the blood jade of the nine immortals, you should also know the effect of the runes I have displayed, hand in your blood and sign the contract,

Becoming a servant of our clan, it is estimated that there is still a way to survive, otherwise, the big **** will be cruel, but the methods are very cruel. "Sect Master Tyrant Bear has an ugly face. As a monster, he naturally knows the horror of the Nine Immortal Blood Jade. It is the treasure of the Nine-Tailed Fairy

Fox Clan. Once he sacrifices his blood, he will truly become the Nine-Tailed Fairy Fox Clan Attached to the race, you must not betray, otherwise,

The soul flies away and even affects the luck of their wild bear clan.

"Why, still not willing?" Su Xiaoxiao saw that Sect Master Xiong hesitated, and a fierce light suddenly appeared in his eyes. I don't like it, now let you surrender and wait, it's a chance for you

You will be good, don't toast or eat fine wine. "

The face of the overlord bear is not ugly. In fact, what Su Xiaoxiao said is indeed true. In ancient times, the Nine-Tailed Fairy Fox had a special identity, and their wild bears wanted to become a subsidiary race of the Nine-Tailed Fox. May not accept.

"Fine, my wild bear clan, after the battle of the heavens, the group withered, at least in this southern heaven, we are the only ones left." The overlord sighed, don't look at him looking majestic in the Tiandang Mountains. In fact, they are also being oppressed by the five great demon sects. The reason why the five great demon sects will give them to the mountain gate that destroys the sword sect is to let them dominate the bear sect for mining.

[Chapter 3529: Gu Daozong](#)

Thinking of this, Sect Master Tyrant Bear immediately instilled a trace of his own blood into this rune.

"Big Brother."

Xiong Er, the two late saint masters of the wild bear clan, shouted one after another.

"You surrender too, we are not with the human race, but the nine-tailed fairy fox family, which is not ashamed."

Sect Master Overlord has a deep knowledge of the truth that current affairs are wise men. In fact, in today's world, there are many crises. The monster races who don't know this truth have long been killed and injured, even extinct. Those who can survive must be smooth.

Sometimes, it is necessary to admit counseling, or to admit counseling.

In the end, all the three late stage holy master bear demon were branded with essence and blood, and the blood contract signed with Su Xiaoxiao.

Hum!

A layer of blood lingered on the three bear monsters instantly, bringing with them the aura of the nine-tailed fairy fox family.

"Master, it's okay." Qingqiu Ziyi came to Qin Chen and smiled, "As long as the monster clan that has signed a contract with the Nine Immortal Blood Jade, he cannot betray."

Qin Chen glanced at Su Xiaoxiao: "Unexpectedly, you are still useful."

"Huh, that is." Su Xiaoxiao said proudly.

"These are a few healing pills, you three have taken them."

Qin Chen took out three healing pills and distributed them to the Overlord Sect Master Three Demon. The three demon hurriedly swallowed them, and said respectfully: "Yes."

They were also extremely awkward in their hearts. It was clear that they had surrendered to the line of the Nine-Tailed Fairy Fox, but now the Nine-Tailed Fairy Fox line seems to be also under the command of this Human Race boy, then didn't they become the subordinate of the Human Race? It's just that they didn't wait for them to think too much, and suddenly a tyrannical medicinal power spread, and the three monsters suddenly felt a terrible power flooding into their bodies. Combined with their natural defense and healing talents, they were originally. Injury

The momentum was healed at a speed visible to the naked eye, and in just a few moments, it had recovered seven or eight.

"This....."

The three big bear demons were very excited, and this was too abnormal. They had always heard that the alchemists of the human race were extremely powerful, and they didn't expect to be so powerful.

"Let's go."

After conquering the three bear monsters, Qin Chen didn't waste any time. He immediately sat on the bear monster's shoulders. Even Feizhou was too lazy to take it out. He said directly, "Take us to the sect of Ancient Dao Sect."

"Yes!" Sect Master Tyrant Bear instantly flew up, carrying Qin Chen on his body, and the remaining two bear monsters followed closely. As for the other bear monsters of Tyrant Bear Sect, Qin Chen was too lazy to subdue, but The overlord bear has already sent out the call, asking all bear demon

To destroy the Sword Sect, turn around to converge at the Sword Sect. As for the mountain gate here, it is completely unnecessary.

call!

On the Tiandang Mountain Range, Qin Chen and the others were sitting on the Overlord Bear, and they really felt very safe.

"What do you three call?" Qin Chen asked on the way.

"Back to Master, this seat...Uh, my name is Kuishi, Old Xiong."

"Master, my name is Kui Mu."

"My name is Kuishui."

The remaining two bear monsters also hurriedly said.

Qin Chen was speechless, what are these names.

"Kui Shi, Kui Mu, Kui Shui? This name is too bad."

Qin Chen shook his head, "Let me give you three new names."

Sect Master Overlord and the others were suddenly excited, Master, is this to give a name?

Among the demons, it is a very glorious thing for the upper demons to give the lower demons a name, and Qin Chen is the young master of the nine-tailed fairy fox family, even more glorious.

In the jade disc of good fortune in the universe, Xiaoyi, Xiaohuo and Xiaoling all shake their bodies. The boss is named? This bear sect person probably doesn't know the seriousness of the matter.

Sure enough, Qin Chen pondered for a moment and said, "You all called you Xiong Er just now. I think this name is good. From now on, you will be called Xiong Da, you will be called Xiong Er, and you will be called Xiong San. Well, the name is good."

The forehead of the Overlord Xiong's forehead was instantly black, Xiong Da...This name is really hard to describe.

"Thank you young master for giving the name."

The three-headed bear demon's expression is the same as constipation, as weird as it is.

More than sixteen million miles is not too far for the Overlord Bear Sect Master.

A day later, they approached this mountain range.

From a distance, Qin Chen saw a large mountain range. For some reason, the mountain range was full of vegetation and beautiful mountains, but it gave people the feeling of depression. It seemed that he was a late and old man, who would swallow his last breath at any time, and the lamp would go out.

"Sword Extinction Sect is here?"

Qin Chen frowned. At first glance, this place was much worse than the mountain gate of the Overlord Xiong Sect. How terrible was the Extermination Sword Sect? Not only was it changed to the Ancient Dao Sect, the scene of the gate was also very miserable.

The sect has a lot of luck, which is strong, and there are many natural scenes. If the luck is dim, it will appear dull. "Because of the Eternal Sword Master, I can comprehend the eternal sword intent, and I can walk step by step in Guanghan Palace to this day. Although the nameless sword canon and eternal sword intent are not the main reasons, they should not be ignored. Be kind to me, me

It is impossible to ignore it, otherwise I would be ashamed of the Eternal Sword Master and make my mind inaccessible. "Originally, Qin Chen just wanted to visit the Heavenly Sword Master, find out where his power was for the Eternal Sword Master, and learn about the Ji family's information. If the Heavenly Sword Pavilion is very strong and the master is like a cloud, he will return the Eternal Sword Master's soul. ,silent

Leave silently without causing any trouble to the other party.

But now, it is difficult to destroy the Sword Sect, if the opponent is really the inheritance of the Heavenly Sword Pavilion and it is changed to the Ancient Dao Sect, he can't ignore it.

call!

Taking a deep breath, Qin Chen stood on Xiong Da and stared at the distant mountains.

In the center of the mountain range, there is a majestic mountain with beautiful mountains and clear waters, above the mountainside, it seems to be cut off by a single cut, smooth and wide in section.

On the mountain peak, there are large blocks of buildings with ups and downs. Excluding the dull scene, it is actually a good place.

Under the mountain peak, stands a huge stone stele with three large characters-Ancient Daozong.

Two rows of disciples were guarding the gate, chatting one by one.

At this moment, a few streams of light came from a distance, and it was a few young people with blood on their bodies, men and women, one by one with wounds, and they were quite embarrassed, and they quickly fell in front of the mountain gate.

"Senior Brother Yan, Sister Liu, what's wrong with you?"

When the two Shoushan disciples saw this, their complexions changed drastically, and they hurriedly stepped forward to help a few people.

"We're all right..."

The headed young man with sword eyebrows shook his head with a wry smile.

"Senior Brother Yan, could it be those forces again..."

The disciple Moriyama looked angry, as if he had guessed something. The young man didn't speak, and the delicate woman next to him gritted her teeth and said: "Our Old Dao Sect has already hid here, but they still don't let us go. There are other forces in the medicine fields near our Old Dao Sect. Don't allow me at all

Let's get involved, if this continues, our Old Dao Sect will really be over." She frowned and said, biting her teeth.

[Chapter 3530: Tengen school](#)

"Damn it!"

The two Shoushan disciples roared in anger, punched out, and the ground rumbling.

"what's up?"

At this moment, a few streams of light fell, and it was a middle-aged man surrounded by sword aura. Seeing the blood on Senior Brother Yan and Senior Sister Liu, his expression changed slightly.

"You are injured, what is going on?" the middle-aged man changed color.

"It's the Tianyuan Sect and the Blood Shadow Sect. Their people are stationed near our ancient Dao Sect. We are not allowed to go out to pick the holy medicine and holy crystals, nor are we allowed to enter the sword tomb range." Liu Shimei said immediately.

"Tianyuan faction? And Blood Shadow teaches them..."

The middle-aged man clenched his fists and creaked, murderously all over his body.

"Elder Wu, take us out, Brother Yan, where were the Yuanpai people that day? Let Elder Wu take us to fight against each other, I don't believe it, the other party was beaten with iron." A Shoushan disciple shouted. . "Enough, don't be silly, have you forgotten the teachings of the lord?" Elder Wu sighed coldly, looked at Yan Yuanlong and Liu Wushuang, and sighed: "You two, go back to heal your wounds, don't Act recklessly, this time you do

Yes, I will tell the Sect Master about this matter, and let the Sect Master think of another way. Perhaps, it is time for our Ancient Dao Sect to move again. "

A disciple's expression changed and gritted his teeth, "Elder Wu, our Old Dao Sect has already moved here, do we want to move to another place?" Senior Brother Yan said in a low voice, "Yes, Elder Wu, our Old Dao Sect is here. It's true that I can't stay here anymore. The other party is getting closer and closer. When you turn around, you will report to the Sect Master. Leave here and stay here. Sooner or later, our ancient Dao Sect will be trapped

Die here. "Leaving here, where can I go?" "The straight-natured Shoushan disciple shouted: "We have moved here from the core of the sword tomb. If we continue to move, there is no way to solve it. Those forces just want to trap our ancient Taoist school.

If you want me to see, just fight with them, we have been hiding, it is simply not a way. "

The older young man in front of him shook his head, "Junior Brother Liu, let alone, Elder Wu and Sovereign should also have their own difficulties." "Difficulties, what are the difficulties, now our Old Dao Sect is not as good as each day, and has been affected by other forces. Bullying? Is it useful to hide? Now everyone else is bullying. Although my talent, Liu Xingyu, is not very good, I know the grind in front of me.

Difficult, it will only make me work harder. The resources are not better than others. I will spend twice as much time to compensate. Being insulted by others will stimulate my fighting spirit. One day I will grow Old Dao Sect and look at us and smile Proud of the world. "However, we have been hiding. We can only make Old Dao Sect weaker and weaker. Elder Wu, you have all seen it. Other forces have bullied us. Even Senior Brother Yan and Senior Sister Liu are injured. Still bear? Want me to see

Fighting with them, I, Liu Xingyu, is willing to take the lead, even if it is dead, I also want to let the other party know that I am not a fool. "

Liu Xingyu roared unwillingly, tears in his eyes.

"Junior Brother Liu!" Yan Yuanlong looked at Liu Xingyu in a daze. In his impression, Junior Brother Liu had always been an optimist. He always laughed when talking to people. He didn't look serious. He was laughed at by the seniors before, who Unexpectedly, deep inside the other party, there is

So many ideas.

"I..." Liu Xingyu was speechless. He was considered a great genius in Ancient Dao Sect. When he joined the Sword Extinguishing Sect, he secretly swore that one day, he would use his talent to let Sword Extinguish Sect. Flourishes, but who knows, these years,

Sword Extinction Sect became more and more miserable, and even the name was changed to Gu Daozong.

To this day, he has forgotten his original vow, because the reality is too cruel. No matter how high his talent is, he has no resources, and he can't compare to people with less talent than him.

"Elder Wu, you can take Brother Yan back. I am Liu Xingyu's recklessness, but I have already decided. I will withdraw from the sect when I look back..."

Liu Xingyu gritted his teeth.

"Retire?"

Others changed color.

"Yes." Liu Xingyu looked resolutely, "After retiring from the sect, I will fight against the forces of the Tianyuan Sect in my own name, as well as the Blood Shadow Sect and the Five Great Demon Sects. Even if it is dead, I will gnaw off them. a piece of meat."

"Junior Brother Liu, why are you doing this?" Yan Yuanlong sighed.

The other Moriyama disciples sighed, and also stopped talking.

"Senior Brother Yan, you used to be my idol, but now, you disappoint me too much." Liu Xingyu shook his head.

"This disciple has an upright temperament, but his loyalty is commendable. Although it is only a half-step holy master cultivation, he may not be able to be alone in the future."

On a mountain peak, Qin Chen stood there with Xiong Da and others.

With his strength, as long as he is not unscrupulous, these people are unlikely to find him, and even Elder Wu, who is the mid-term peak holy master, cannot perceive his existence.

Crunch.

Holding his fist tightly, Yan Yuanlong's eyes flashed with pain, but this painful expression was hidden so deeply that it was difficult for others to see.

"Don't talk about it."

Liu Wushuang beside Yan Yuanlong cried out.

Uh!

Everyone looked at Liu Wushuang, Sister Liu had always liked Brother Yan Yuanlong, and everyone knew in their hearts.

Liu Wushuang cried as he said: "What do you know, you know how much Brother Yan paid in order not to leave Gu Daozong, you don't know anything, what are you shouting here."

"Sister Liu!" Yan Yuanlong strictly stopped Liu Wushuang.

Liu Wushuang looked at Yan Yuanlong and said loudly: "Brother Yan, I have always liked you. I used to like you, but now I also like you. So, there are some things, I can't help but say why you are always injured. Can't go down."

"Sister Liu, what happened?"

A Shoushan disciple asked. Liu Wushuang said angrily: "You should all know that Brother Yan's family is also considered a middle-class family in the Southern Heaven Realm. Back then, Brother Yan was annihilated and joined the Sword Sect. Behind the force that dropped Brother Yan's family was the people of the Tianyuan Sect. They joined hands with people outside of the Yan's family to slaughter the Yan's family in order to occupy the resources of the Yan's family. It can be said that the Tianyuan Sect belongs to the Yan's family. Blood feuders, but

In order not to cause trouble to the sect, Senior Brother Yan never said that even when he was bullied by the Tianyuan Sect, he could only bear the burden. "Liu Xingyu, do you think that working hard with others is noble?" Is it amazing? No, that's just a reckless man, just being brave, like Brother Yan, facing the enemy, but also considering the sect is the real carelessness. I can't report to the enemy

Qiu, do you know how uncomfortable Brother Yan is? But he never said that he didn't want others to share his pain. "Everyone was stunned.
