

Valkyrie 3531

[Chapter 3531: Mood enhancement](#)

Yan Yuanlong said calmly: "Since Junior Sister Liu has said it, I don't have to deny it. Indeed, my Yan family was destroyed by the Tianyuan faction, but it has nothing to do with my staying in Ancient Dao Sect. I like swords. Here I am. I can feel at home, but I don't

Revenge is not as noble as Sister Liu said, it's just that I don't have enough strength. "But what about your former fiancée, back then, her family apparently united with your Yan family. In fact, their family colluded with the Tianyuan faction and destroyed your Yan family. Today you have a chance to kill her, she too Joined Tianyuan faction

, But her strength is not as good as yours at all, you still didn't do anything, just afraid of causing trouble to the sect. I don't believe that Brother Yan, you are the kind of bloodless person. "

"Enough, don't talk about it."

Yan Yuanlong's eyes were blood red, staring at Liu Wushuang.

Liu Wushuang was frightened. She had never seen Yan Yuanlong show such a terrible expression.

"This Yan Yuanlong!" Qin Chen did not expect that this ancient Taoist Zong Yan Yuanlong carried such a deep hatred on his body. Indeed, as Liu Wushuang said, people like Liu Xingyu splashed on the spot with blood, not so brave, but like Yan Yuanlong's patience is the real

powerful.

"Dust, I didn't expect this ancient Dao Sect to be so miserable now." You Qianxue sighed slightly.

"Is this the eternal sect?"

Qingqiu Ziyi also sighed, how uncomfortable would it be to see this scene forever? She could not imagine. "Did the former Tongtian sword pavilion have fallen to this level?" The sword king Mu Zhifeng is also unbelievable, because from Qin Chen's narration, he also knows that the former Tongtian sword pavilion was at the top of the world in the ancient times. The power of

In comparison, it was even more terrifying than the current Tianjiao, and it was equivalent to the top power of Tianjiao's predecessor craftsmen.

But now, he was actually bullied into such a look.

Xiong Da, Xiong Er, and Xiong San kept their heads down and did not speak. The ancient Dao Sect was so miserable and they also had their share of power.

"Mid-term Saint Master cultivation base, this Yan Yuanlong's cultivation base is very strong, and talent is also extremely high, yes, yes, as long as there are sufficient resources, I will have the opportunity to make him break through the later Saint Master realm within a short period of time." Qin Chen could see that Yan Yuanlong's state of mind was very high. With his age and talent, if he had sufficient resources, he would have been able to break through to the late-stage sacred major. As for resources, it's easy to say that Qin Chen has a **** tree of heaven, fundamental Not afraid, but state of mind

Realm is rare, which is why many people need to experience.

"Father, mother, Haier can't do your **** enemies right now, don't worry, you will avenge you one day." Yan Yuanlong's eyes were full of pain, tears streaming down.

Seeing Yan Yuanlong struggling so, the first brother of Zongmen burst into tears for the first time, regret flashed across Liu Xingyu's face, he stood up and bowed deeply to Yan Yuanlong: "Brother Yan, I blamed you. Yes, you can beat and scold me."

"Do not blame you."

Yan Yuanlong shook his head, "I am not firm enough."

As he said, he turned his head to look at Liu Wushuang, "Sister Liu, thank you for staying with me all these years and keeping secrets for me."

"Thank me?"

Liu Wushuang was surprised. Yan Yuanlong said: "If I don't say these things, I can only hold them in my heart. I feel much better now when I say them. I know the sufferings of the Sect Master and Elder Wu. When I was the most miserable, it was the Sect Master who took them in. I will accept me as a disciple. I will never leave Gu Daozong. I will keep working hard until I can really avenge my family. Since I can persevere before, now there is no obstacle. I believe my parents They are in the spirit of heaven and will forgive

My cowardly. "

"what!"

Qin Chen suddenly discovered that Yan Yuanlong's will power had suddenly increased by a large amount. This was a breakthrough in his mood and was very rare.

"Yan Yuanlong, the lord also has difficulties." Elder Wu sighed and patted Yan Yuanlong on the shoulder. Even he didn't know that Yan Yuanlong was carrying such a deep hatred of blood.

"Senior Brother Yan, I'm sorry, I have decided. I will not leave Old Dao Sect. I will also work hard to practice and learn from you."

Liu Xingyu said.

"This is good."

The other Moriyama disciple punched him, haha laughed.

"Hahaha!"

Everyone also laughed. "Sister Liu, in fact, I have always known your intentions, but the grievances have not been reported. I don't want to face you. Now I figured it out. Instead of regretting in the future, I am willing to go forward with you. You know my life experience. , I don't know if you still want

Are you with me? "

Yan Yuanlong looked at Liu Wushuang and said sincerely.

Everyone looked at Yan Yuanlong in surprise. The former brother Yan was not close to each other, and they did not expect to confess to Liu Wushuang.

Liu Wushuang lowered his head, shy, and muttered: "Brother Yan, in fact, I have long liked you. I am willing to face it with you. No matter what I face in the future, I am willing to go along with you. "

"Hahaha, hold one."

Everyone shouted, with smiles on their faces.

"what!"

Qin Chen felt that the aura of this group of people had become different, as if they had undergone a certain transformation. Seeing the happy expressions of the juniors, Yan Yuanlong felt very satisfied. He liked Gu Daozong because it was like his home. The juniors and sisters enjoyed themselves and the elders of the sect cared him very much. For this, He can't

go away.

"Hahaha!" Suddenly, a burst of laughter rang out. On the mountain road, there was a gust of wind. This gust of wind came very suddenly, sweeping across the sky, and the wind and clouds changed color in the sky, and the flowing clouds accelerated a hundred times, not only on the mountain road. Disciples were shocked, even on the mountain

Some of the elders suddenly changed color, and their spiritual consciousness spread towards the bottom of the mountain.

Boom!

Everyone saw that on a mountain in the distance, several magnificent figures appeared, three huge bear monsters, and on this bear monster, there were several people standing, the sound of laughter was the leader From a young man.

In addition, behind the young man, there were also a few masters with invisible levels of cultivation.

After seeing the appearance of the three bear monsters, the expressions of the people of Ancient Dao Sect changed drastically.

"No, it's a master of the Tyrant Bear Sect. Are the five demon sects coming to trouble our Ancient Dao Sect again?"

Not to blame for their fuss, it was the Overlord Xiongzong who drove them away from the Sword Sect and occupied the land of their ancient Daoist sect. Now the other side is coming back, making them look no better.

Could it be that this time, they really are leaving again?

"Arrangement!" A roar came from the ancient Daozong, and then countless sword lights rose up, besieging the entire mountain gate.

[Chapter 3532: First salute](#)

A respectable master flew down from the mountain gate and looked at Qin Chen and others in anger.

"Ba Xiongzong, we have already given you the mountain gate, what else are you doing?"

"It's too much, do you still want to occupy our mountain gate this time?"

Elder Wu and others roared.

What shocked them was that the three bear monsters of the Overlord Bear Sect did not speak, and with a bang, they landed on the ancient Daozong Mountain Gate, but instead saluted the rear respectfully, waiting for those people to fall down. This changed the colors of the people of the Ancient Dao Sect. The Overlord Bear Sect is one of the top powers in the Tiandang Mountains. The Overlord Bear Sect Master and the master close to the later peak of the Holy Master, they are so respectful to those guys. Could it be that these guys belong to the five demon sects

people? What is the origin?

Huh!

A figure suddenly appeared in front of Yan Yuanlong and the others, it was Qin Chen.

"who are you?"

Yan Yuanlong was bursting with true essence, and he could see that Qin Chen's breath was a hundred times higher than him, and his strength was far above him, but he was fearless.

"Don't be nervous, I am a friend of Sword Destruction Sect."

Qin Chen said with a smile.

"Impossible, I have never seen you."

Liu Xingyu didn't believe it.

"What are you going to do?"

Elder Wu also snorted coldly, bursting out with sword anger, but he didn't dare to act rashly.

"If you don't believe me, just follow me up the mountain to see your suzerain. In fact, I'm an old friend of your Old Dao Sect."

Qin Chen smiled and walked up the mountain.

Hum!

He raised his hand and countless sword auras lingered out. The ancient Dao Sect's guarding mountain formation could not get close to his body. Many sword auras surrounded Qin Chen, as if they had become part of Qin Chen's body.

what?

Everyone was shocked. Their Ancient Dao Sect's Sword Sect guarding the mountains was a temporary construction, but it could also wipe out the late master masters, but this young man was able to ignore it. Who was he?

You Qianxue and others followed Qin Chen up the mountain one after another, while the three bear monsters of the Overlord Bear Sect followed, respectfully.

Elder Wu and the others hesitated for a while, followed, and he could sense that Qin Chen was peaceful and there was no murderous intent.

Walking ahead, Qin Chen turned his head and said to the group of disciples: "You are very good, and your persistence also has value. From now on, Ancient Dao Sect will no longer be the old Dao Sect." Qin Chen didn't know the Tongtian sword pavilion. For some reason, I have been mixed up to this point, and I don't know how much the ancient Dao Sect and the Tongtian sword pavilion have, whether it is a direct lineage, but he appreciates the other party. Since he has come to the Old Dao Sect today,

Just because of the predestined relationship with the Old Dao Sect, he will not let the Old Dao Sect continue to fall, and he is willing to help the Old Dao Sect rise.

Striding forward, Qin Chen followed a group of disciples.

"Senior Brother Yan, who do you think he will be?"

On the side, Liu Wushuang Shengyuan said. "If it is an enemy, there is no need to be so polite with us. Therefore, the identity of the enemy can basically be ruled out. However, why this Xiongzong tyrant treats him with respect, I don't know." Yan Yuanlong shook his head. He is unclear

Who is Chu Qin Chen, he can only analyze a little based on his own guesses, but unfortunately, even if he wants to break his head, he cannot understand why Qin Chen said he is a friend of Gu Daozong, but there is no such horrible friend. .

"He's so young, and the few people around him seem to be very strong, are they all masters comparable to the Overlord Sect Master? Isn't this comparable to the Sect Master?!"

Liu Xingyu has always been straightforward and speaks more directly. Although the voice of this sentence is very soft, everyone has heard it.

It's okay for Liu Xingyu not to say anything. When I said that, everyone noticed Qin Chen's temperament. Before, because Qin Chen's aura was too strong, they were ignored.

Qin Chen didn't look big. This kind of not big refers to the breath of life. It can be seen that he is definitely not the kind of veteran powerhouse, even younger than Yan Yuanlong, but in terms of strength, he is far It is more terrifying than everyone present.

"Who is he?"

Including Yan Yuanlong, everyone was stunned and shocked. They didn't know how to guess Qin Chen's identity. Even the five major demon sects couldn't cultivate such strength.

But what they didn't know was that Qin Chen was a hundred times younger than they thought.

When Qin Chen and the others came to the middle of the mountain, all the masters of the Ancient Dao Sect gathered on the mountain peak. There were three masters in the late stage, seven masters in the middle stage, and more than 20 masters in the early stage. More than a dozen holy master level masters.

With so many masters, in the Eastern Heaven Realm, they are already regarded as a top-level powerful force, probably second only to the level of Yao Mie Mansion, but in the Southern Heaven Realm, they can only be regarded as medium. "Sect Master, the person here is very weird. It doesn't seem to be a person from the demon race, and it looks peaceful and has no intention of killing, but we have never seen this person, not like a master in the Tiandang Mountains, I don't know. What do you have?"

Foremost

In the hands of Fang's three late masters, an old man with gray hair said to the middle-aged man in the middle. The middle-aged man is the Sect Master of the Ancient Dao Sect, called Feng Tianzhen. He has a refined temperament and a trace of exhaustion that is difficult to detect between his brows. After a moment of silence, he said: "I have never seen this person, but don't be careless. Some people like to

After the salute, we can't help but guard. Moreover, it is difficult to tell the origin of the person with the Tyrant Bear Sect. "The lord is right. In the past, they used to directly hit the mountain gate and humiliate my Old Dao Sect, but in recent years, these people have become even more hateful. They always play those innocent tricks and tease my Old Dao Sect. Today I decided , If the other party is really

Against us, even if we die, we must fight him. "

"Elder Xu, don't be impulsive. When he goes up the mountain, he will know whether he is an enemy or a friend."

Feng Tianzhen's eyes were fixed on the way down the mountain, his nerves tightened.

Behind, many elders, deacons, and thousands of disciples of Gu Daozong looked at there with unblinking eyes, and some people sweated on their foreheads.

After about a cup of tea, Qin Chen came to the top of the mountain.

"So young?"

"The two women next to him are so beautiful."

"Look, the three bear monsters of the Tyrant Bear Sect are actually following behind like servants."

After all, Gu Daozong could perceive Qin Chen's energy and blood from a distance. It was a minority after all. When he got closer, seeing Qin Chen several people, they couldn't help but be surprised.

"Could it be the geniuses of the top forces in the Southern Heaven Realm, the Qingxue family, or the Zhuge family? No, even these forces cannot have such terrifying geniuses. It is impossible for the Overlord Bear Sect under the Five Great Demon Sects to be so respectful. Yes

Some top power in the heavens? "

Some disciples who have never seen the world secretly guessed.

"metropolitan."

On the mountain, Yan Yuanlong and others no longer followed Qin Chen, and returned to the Old Dao Sect camp, and everyone faced Qin Chen face to face.

boom! Between each other, the sword qi collided!

[Chapter 3533: Ancient Dao Sovereign](#)

Qin Chen looked at the group of people in the Old Dao Sect in front of him, looked at the opponent's lineup, frowned slightly, equivalent to a big power, there are already many masters in the Old Dao Sect, but the number of disciples under his command is fewer, and there are only a few. Thousand people.

In the Eastern Heaven Realm, just a Guanghan Mansion, how many subordinates does it have? It is simply incomparable. In addition, the strength of the Ancient Dao Sect can only be regarded as average, unable to be called the top level. The Southern Heaven Realm is different from the Western Heaven Realm. It is very prosperous. It has masters from all over the Heaven Realm, and the three late-stage holy masters. But here,

But it's not enough.

Among other things, the strength of the Ancient Dao Sect can only be compared with some of the top thieves in the Void Tide Sea, about the same level as the King of War Sect. Qin Chen's frown caused Feng Tianzhen to misunderstand, thinking that the other party was disdainful, and his tone could not help but aggravate: "Although I have a small number of Ancient Dao Sects, but I am not a mob, your Excellency arrived at Ancient Dao Sect, what is the matter? under

Mountain, I will not give it away. "

Qin Chen smiled and said, "Are you the Sect Master of Ancient Dao?"

"Yes, old man Feng Tianzhen." Feng Tianzhen said solemnly.

With a sigh of relief, Qin Chen smiled lightly: "What is the relationship between your Ancient Dao Sect and the Tongtian Sword Pavilion?"

what?

As soon as Qin Chen said this, many disciples' faces appeared suspicious, as if it was the first time they had heard of it. Qin Chen was taken aback. Could it be that the Ancient Dao Sect has nothing to do with the Tongtian Sword Pavilion? Otherwise, why would these disciples have this expression? Moreover, even the eyes of many elders showed doubts, but Qin Chen still saw that Feng Tianzhen was listening

After Qin Chen's words, his pupils shrank slightly, his expression was subtle, but Qin Chen still caught it.

"I don't know what you are talking about, what Tongtian sword pavilion, I have never heard of it." Feng Tianzhen said solemnly.

"Really? Then where did your ancient Dao Sect's eternal sword intent come from?"

Qin Chen said indifferently, he already had some understanding in his heart, he suddenly moved his hands, well, an eternal sword aura suddenly swallowed out of his hand, turned into a sword light, and slammed into Feng Tianzhen.

"Sect Master, be careful." Many elders and disciples of Ancient Dao Sect hurriedly exclaimed, Fengtian's expression changed, and in a hurry, suddenly shot, hum, a terrible sword light burst out of his hand, and Qin Chen displayed the sword The qi crashed together, two sword lights,

Melt each other.

Eternal sword spirit?

Feng Tianzhen said in shock, because what Qin Chen displayed was also the eternal sword intent, and it was much stronger than the eternal sword intent he had cultivated. It was above the sword intent and far above him.

"You..." He looked at Qin Chen with blinking eyes.

"Actually, seriously speaking, I am a disciple of the Heavenly Sword Pavilion!"

"What are you talking about?" Feng Tianzhen's eyes widened and his eyes lit up. The other party said that he was a disciple of the Tongtian sword pavilion. Does the Tongtian sword pavilion have a heritage outside?

After seeing the expression of the lord, everyone was stunned and couldn't help feeling a little restless. Could it be that their ancient Dao Sect is really related to the Heavenly Sword Pavilion?

Heavenly Sword Pavilion?

Some elders of Gu Daozong and Yan Yuanlong murmured, seemingly familiar with this name.

Suddenly, Yan Yuanlong said in shock: "This name, I seem to have heard of it in a certain ancient book of swordsmanship. The Tongtian sword pavilion seems to be the top swordsman power in the ancient heaven."

Suddenly!

The Ancient Dao Sect shook up and down. Is their Ancient Dao Sect actually related to the ancient heavenly realm, the top kendo power? "Everyone is quiet." Feng Tianzhen coldly shouted at the surrounding disciples. He glanced at Qin Chen, then at the people around Qin Chen, and the three bear monsters of the Overlord Xiong Sect, his expression changed a few times, and he said: "Your Excellency, you said you are a disciple of Tongtian Sword Pavilion,

What is the evidence? There is also the Heavenly Sword Pavilion, that is the top kendo power in the ancient heavens, how can our ancient Dao Sect be qualified to be related to the Heavenly Sword Pavilion. "

Qin Chen frowned, Feng Tianzhen didn't even admit it.

Nothing.

Qin Chen smiled slightly, and suddenly aroused the nameless sword canon in his body. Suddenly, an invisible sword aura was released from Qin Chen's body. As soon as this sword aura came out, all the disciples of the Ancient Dao Sect present at the scene were actually aroused by the sword intent in their bodies. Qiang Qiang, in the void, countless swords. Angry to the sky, as long as

Those who have practiced the Ancient Dao Zong sword art can't help being controlled by Qin Chen's sword qi.

Especially Feng Tianzhen, with sword intent on his body, almost unable to control his body. "Sure enough, your sword tactics and sword intent are all inherited from the Tongtian sword pavilion. There is nothing wrong with it." Qin Chen said, restraining the power of the nameless sword canon, looking at Feng Tianzhen: "I don't know why you are so cautious. , But I came here without malicious intent , Just want to find the inheritance of Tongtian Sword Pavilion. "

"The supreme sword intent of the Tongtian sword pavilion..." Feng Tianzhen looked at Qin Chen excitedly. At this moment, he had completely believed in Qin Chen. The eternal sword intent could also be grasped by other means, but the innocence of the Tongtian sword pavilion The upper sword intent cannot be faked, otherwise it will not be possible to arouse them

The many forces of it.

"Your Excellency...No, little brother, you are the heir of the Tongtian Sword Pavilion? Then who is the master you inherited from, and where are the others?" Feng Tianzhen said excitedly.

The Tongtian sword pavilion has long since disappeared in the long river of history. Qin Chen is so young but can master the power of the Tongtian sword pavilion. Then there is only one possibility that Qin Chen has obtained the inheritance of a top powerhouse in the ancient Tongtian sword pavilion.

"I inherited it from the ancient eternal sword master, but he has fallen, and only a remnant soul remains." Qin Chen shook his head slightly.

"Eternal Sword Master?"

Feng Tianzhen murmured, his face was pale, and his expression was extremely lost when he heard that the other party had fallen behind.

That's right, if the Heavenly Tongtian sword pavilion survives the strong man in the ancient heavens, it is impossible not to come to the sword grave.

"It seems that you are indeed the inheritance of Tongtian Sword Pavilion." Qin Chen sighed. "It is true that our Ancient Dao Sect has a certain connection with the Tongtian sword pavilion, but it is not a direct inheritance of the Tongtian sword pavilion." Feng Tianzhen said to the many elders and disciples present, "I will also say that when things are up to now, we Ancient Taoism, practiced

Some of the swordsmanship techniques do come from the ancient Tongtian sword pavilion, but our line is not inherited from the ancient Tongtian sword pavilion. "

boom!

There was an instant sensation on the field, and Yan Yuanlong and the others were immediately excited. What he was practicing was the sword art of the strongest kendo force in the ancient heavens. "The reason why I didn't tell you all is because this is not a good thing. Once it spreads out, it will bring even a devastating blow to my Old Dao Sect. Even I suspect that the Tianyuan Sect and other forces are targeting our Old Dao Sect. Because of

Suspected. "Feng Tianzhen said.

[Chapter 3534: Sword Demon](#)

Qin Chen frowned suddenly. It seemed that Feng Tianzhen was hiding something because of something hidden.

"Since you have the inheritance of Tongtian sword pavilion, then come with me." Feng Tianzhen and Qin Chen walked into the sect.

Qin Chen nodded, just about to say something, suddenly, his eyes sharpened, and he looked at a tall mountain behind the large building.

"Where is the little thief, come to my ancient Taoist school to run wild." A phantom flew over at extreme speed. Before anyone arrived, it was a sword that stabs Qin Chen. This sword is as fast as lightning, swift as the wind, and clearly contains a space of terror. Profound meaning, the space has produced violent ripples, the wind is strong, and the void seems to be

Instantly penetrated the general.

"En! Gu Daozong still has the Peak Saint Lord? I didn't use my spiritual sense to observe it."

Qin Chen saw the opponent's cultivation level at a glance.

"Too elder, don't!"

Feng Tianzhen and the others were frightened. Although they also knew that Qin Chen's cultivation level was extraordinary and powerful, he was too elder, but they had been in the realm of the pinnacle holy master for more than tens of thousands of years. They had a deep cultivation base, excellent sword skills, and a sword demon. title.

After knowing Qin Chen's identity, they regarded Qin Chen as their own, how could they be willing to see the Supreme Elder assassinate Qin Chen with a sword.

"It's okay."

Qin Chen smiled faintly, stretched out two fingers, and pinched them.

"What does he want to do?"

Everyone frowned, feeling that Qin Chen was too big, but they couldn't stop the elders too, how terrible it was for a pinnacle holy master to go crazy.

The elder of Gu Daozong was a gray-haired old man. His speed was extremely fast. Almost instantly, he came to Qin Chen and stabbed him with a sword. The sword light was panic, fierce, and with a void and murderous intent. The gray-haired old man's attack speed was fast, Qin Chen stretched out his **** faster, and the second one came first, as if waiting for the gray-haired old man's sword, with a loud sound, Qin Chen's fingers were as hard as a diamond and ancient The Eucharist is urged, and the flesh is unmatched

Moreover, the sword glow in Qin Chen's body surged, and the nameless sword canon was urged, and the spatial rules flowed on his fingers, easily clamped the opponent's sword, and burst out a dazzling spatial impact.

boom! Sword energy swept across, and the power of space was permeated. Many disciples of the Ancient Dao Sect backed back. They only felt a sweet throat. Under this impact, they almost vomited blood. With a bang, the power of space swept out, and the distant mountains were out of thin air. Disappear

For the powder.

"What a powerful sword intent."

The sword king Mu Zhifeng was also shocked. The great elder of the ancient Dao Sect was extremely terrifying, and combined with the fierce sword aura, he was not inferior to the master of the Konghai clan.

Big Three Demon Xiong also looked up at the Supreme Elder, with a trace of fear in his eyes, as if he knew each other.

It's just that, although the Supreme Elder was strong, he was caught by Qin Chen's **** under a sword.

"Clamped?"

Feng Tianzhen and the others opened their mouths wide, and took a breath.

"I used my fingers to clamp the sword of Taishang Elder, how is this possible?" The many elders, deacons, and disciples behind Feng Tianzhen were dumbfounded, staring at Qin Chen's fingers dumbly. The two slender fingers were as long as jade. The fingers with sharp breath look very delicate, and the sword of the elder Tai

There was a sharp contrast, but it was the **** that caught the sword and was unharmed. The big three demon bears were also dumbfounded. The great elder sword demon of the Ancient Dao Sect was naturally acquainted with them. They had fought each other before, and were almost cut all over by the opponent. However, they were the forces of the five great demon sects. Do not

Dare to offend them, after the initial fight, he voluntarily retreated and moved away from the mountain gate, otherwise both sides would not stand here so peacefully.

However, Xiong Da, the Overlord Bear Sect Master, knew very well that if the Ancient Dao Sect had been desperately fighting with them, they would not have the upper hand under the Sword Demon's attack.

But now, the attack of the Supreme Elder of the Ancient Dao Sect was easily resisted by Qin Chen, and with two fingers, this kind of strong contrast made their big sand bowl eyes almost burst.

"The strength is probably about the same as that of the Konghai clan master Molan, and belongs to the middle level of the pinnacle holy master. Compared with Zhuge Tuyang and other big family elders, it is slightly inferior."

In an instant, Qin Chen analyzed the strength of this person.

In fact, even if Qin Chen claimed that he was extraordinary, he would not use **** to pinch it. This was not pretending to be forced, but seeking death. But this ancient Dao Zong inherited from the Tongtian sword pavilion, and cultivated the sword intent of the Tongtian sword pavilion. It was completely controlled and restrained by Qin Chen's nameless sword canon. Moreover, among the sword intent of

the sword demon supreme elder, the most powerful was the spatial sword intent. Qin Chen's rules in the space department

On top of that, it has reached the realm of peaking, and only then dared to make such a move.

"Void ripples!" Seeing that his sword was clamped by Qin Chen, the gray-haired old man shouted, his wrist flicked, and the tip of the sword trembling, bursting out a bright vanity destroying light, a strange vanity force passed through the holy soldiers, Passed to Qin Chen's fingers, wanting to take Qin Chen's

The fingers were crushed and broken.

"Huh? What an exquisite space sword mastery."

Qin Chen raised his brows, the space inside his body was surging regularly, his fingers trembled, and his power was relieved. At the same time, he bent his fingers into a fist and banged his fist on the sword.

Cang! The sword in the hands of the gray-haired old man is the pinnacle sage soldier. Naturally, it is impossible to be smashed by Qin Chen. However, under this blow, the sage soldier has not been broken, but the gray-haired old man cannot withstand the fierce strength, and the tiger's mouth flows out. Blood, the Saint Soldier almost shot away

Get out.

"Senior, let's stop!"

Qin Chen didn't take advantage of the victory and took the initiative to retreat, saying to the gray-haired old man. Unexpectedly, the gray-haired old man not only didn't give up, but instead roared, his eyes burst with tragic light, and once again attacked Qin Chen with a sword. The stern light of the sword pulled out a sharp sword light, and the void was cut with a big opening. Boom, one in the distance

The mountain was instantly shattered under the force of this sword air.

"This Gu Daozong Supreme Elder, seems to have some problems in his mind."

Qin Chen frowned, his face was not pretty. The space rules work, Qin Chen ignoring the opponent's sword aura attack, instantly appeared beside the gray-haired old man, and blasted out with a punch. This punch not only contained endless violent violence, but also carried a terrifying killing aura and originating power. , Domineering

match.

Boom!

The gray-haired old man flew out, full of vigor, his robes scattered, and his haircut.

"what!"

The gray-haired old man yelled, and he had to fight again, just like madness.

Upon seeing this, Qin Chen sighed in his heart. He could feel that the gray-haired old man was really abnormal, his spirits were scattered, and he seemed unable to condense, and he could not analyze the opponent's strength. He only knew how to attack until he died. Crazy in general.

"Elder Supreme, it's me, Feng Tianzhen." Taking advantage of Qin Chen's repulsion of the gray-haired old man, Feng Tianzhen seized the opportunity and opened his hands in front of the opponent, his eyes full of guilt.

[Chapter 3535: Supreme Sovereign](#)

"Naive...You are naive, I know you."

The gray-haired old man was slightly awake, and no longer rushed towards Qin Chen.

"Elder Taishang, he is a friend of our Old Dao Sect. He is not here to attack our Old Dao Sect. Don't worry."

Bong innocent and indulgent.

"Oh, it's a friend, not here to attack Gu Daozong, then I don't worry." The gray-haired old man giggled, his eyes became dull, as if he had lost his goal.

Seeing this scene, Feng Tianzhen's nose sore, tears almost fell, and the other disciples around also had moist eyes, slightly angry and sad.

"Sect Master Feng, what happened to this elder?" Qin Chen asked.

Turning around, Feng Tianzhen took a deep breath, and said, "The elder Taishang is a little delirious, it makes you laugh."

"So it is!"

Qin Chen was still a little skeptical. The gray-haired old man was unconscious, but there must be hidden feelings in it. Otherwise, the old Dao Sect people would not have sad and angry expressions.

Feng Tianzhen didn't want to be entangled in this matter, so he barely smiled and said: "Look at my hospitality, I don't even know the name of Young Xia, I don't know Young Xia's real name?"

"In the dust."

Qin Chen clasped his fists.

"Then I will call your name directly!" Feng Tian nodded, then looked at You Qianxue and others behind Qin Chen.

"These are my lovers and friends." Qin Chen said.

Feng Tianzhen glanced at You Qianxue, then at Qingqiu Ziyi, nodded and said, "I understand, it's normal for people like Shaoxia to have more female friends."

Then he said loudly to the people of Ancient Dao Sect: "Okay, Brother Chen Qing is not an enemy, everyone is gone!" Sect Master said, and the people immediately dispersed in twos and threes, and surrounded Qin Chen with numerous elders to discuss matters. The hall walked, as for the gray-haired old man, everyone ignored him, and flew back to his mountain with a smirk. After a while, Nuo Da

The square became empty.

In the meeting hall of Gu Daozong.

Feng Tianzhen thought about it and asked Qin Chen: "Brother Chen Qing, you have obtained the inheritance of the ancient eternal sword master of the Tongtian sword pavilion, which can be regarded as the inheritance of the direct line of the Tongtian sword pavilion. Here, I would like to call your senior brother."

Bong Tianzhen stood up and arched his hands.

"Don't be it."

Qin Chen said immediately, raising his hand, and immediately pressing Feng Tianzhen to sit down, making Feng Tianzhen secretly alarmed by Qin Chen's terrible strength. "Yes, there are no outsiders here. Since Brother Chenqing came to the door, I will tell the truth. The predecessor of my Ancient Dao Sect, Mie Jianzong, is indeed related to the Tongtian Sword Pavilion, but it is not a direct inheritance of the Tongtian Sword Pavilion. To put it simply, my grandfather, the first Sect Master of the Sword Exterminating Sect, once received the inheritance of the Tongtian Sword Pavilion. Like Brother Chenqing, you are the inherited disciple of the Tongtian Sword Pavilion. Therefore, my ancient Dao Sect practiced many The exercises and swordsmanship are all inherited

Tianjian Pavilion, but my grandfather. "

"So that's the case." Qin Chen nodded. No wonder this Ancient Dao Sect was not very strong. It turned out to be the master of the Ancient Dao Sect. Like himself, he had acquired a certain inheritance of the Tongtian Sword Pavilion. Think about it, even if the Tongtian Sword Pavilion fell again. It's impossible to fall into this

To the point, after all, the masters of the Heavenly Sword Pavilion who can be passed down from the ancient times are certainly extraordinary.

It is inevitable that Qin Chen felt a little lost.

"However, Brother Chen Qing shouldn't be from the Southern Heaven Realm? I don't know where Brother Chen Qing learned about our Old Dao Sect?" Feng Tianzhen frowned.

Qin Chen hesitated and said, "I also got it from Zhuge's family through a special channel."

Zhuge family?

Feng Tianzhen's eyes condensed, and a cold light bloomed.

"Huh?" Qin Chen looked at Feng Tianzhen suspiciously. "I have always suspected that my Ancient Dao Sect has been targeted by people over the years. It should not only be a matter of the Tianyuan Sect and other forces, but also a stronger force behind it. Now it seems that it is very likely to be related to the Zhuge family. Humph, according to me I know that the Zhuge family was a disciple of the top power in the heavens, Tianji Sect in ancient times. Later, because of violating the purpose of the Tianji Sect, he was expelled by the Tianji Sect. Over the years, I have always wanted to unify the Southern Heaven Realm and become the orthodox of the Tianji Sect. Now actually

Staring at me, the ancient Dao Sect, so to speak, it is also for the inheritance of the Heavenly Sword Pavilion. "

Feng Tianzhen's gaze was cold, he looked at Qin Chen, and said, "Brother Chen Qing is not only coming to our Old Dao Sect this time. Brother Chen Qing should also be looking for the inheritance of Tongtian Sword Pavilion."

Qin Chen nodded, but did not deny: "I want to return the remnant soul of the Eternal Sword Master to the ancestors. Of course, I also want to see how the Tongtian sword pavilion is now."

"I don't know if Brother Chenqing has any plans to stay?" Feng Tianzhen breathed out quickly. If he doesn't have expectations in his heart, it's impossible. Qin Chen's strength is much stronger than Taishang Elder. At least he is the top peak holy master. If there is a top peak holy master, Gu Daozong will undoubtedly be more powerful, no

Easy to be bullied.

However, the Ancient Dao Sect is also very dangerous now, because it has been targeted by the Zhuge family, it is one of the top forces in the Southern Heaven Realm. Qin Chen said truthfully: "I came to the Southern Heaven Realm. Actually, there are two important purposes. The first is to find the Tongtian Sword Pavilion, which seems to have not been completed yet, but Chen is not a ruthless person. No matter, if Sect Master Feng doesn't

If you mind, Chen can spend some time in Gu Daozong or take up a position to solve some problems for Gu Daozong. "

"You are willing to become a person of Ancient Dao Sect."

Feng Tianzhen's eyes lit up and his breathing was short. In the hall, the elders all showed joy. The current situation of Gu Daozong is too difficult, and it is urgent for a master to sit down.

"Chen also has power in other parts of the heavens, so it is impossible to join Old Dao Sect wholeheartedly, but you can regard me as a person in Old Dao Sect." "You are willing to join my Old Dao Sect. I am extremely happy, how can I care about others? Things, let's do this! If you don't mind, you can become the honorary master of my Old Dao Sect, and since you and I come from the same source, I am also willing to

Join Brother Chen in your power and become a member of your power." Feng Tianzhen would naturally not let Qin Chen be an elder or an elder. This is obviously unkind. Although Qin Chen is not old, he can at least serve as an elder regardless of Qin Chen's seniority or strength, but, Feng Tianzhen feels too good

Being old is not enough to win over Qin Chen. Because each of the masters around Qin Chen looked extraordinary. Such a character would certainly not have a simple influence. For such a character to serve as the Supreme Elder, Feng Tianzhen felt that sincerity was insufficient, so he directly proposed

Honorary Supreme Sovereign. This is in the name, even beyond his suzerain.

[Chapter 3536: Top Ten Forces](#)

"metropolitan!"

Feng Tianzhen spoke this way, and the other elders and Yan Yuanlong and others changed their expressions, and their expressions were shocked. They directly let Gu Daozong join the Chenqing power. Isn't the suzerain too reckless?

They all have feelings for Gu Daozong, and they also believe in Qin Chen, but they couldn't accept each other directly for a while. "Okay, I know what you want to say." Feng Tianzhen smiled bitterly, and then said to Qin Chen: "Brother Chen, don't refuse, I can see that Brother Chenqing is extraordinary, my ancient Taoist It looks okay, but it's actually

Embarrassed on all sides, if you continue, you will either move away or be destroyed by the Tianyuan faction and other forces. There is no second way, but where can you move? "

"So, I hope Brother Chen can accept my Old Dao Sect."

Feng Tianzhen respectfully saluted Qin Chen.

Qin Chen touched his nose, and the Dao Wang Mu Zhifeng and others were dumbfounded. When Shao Chen came here, he conquered a sect?

The three monsters of the Tyrant Xiongzong were even more stunned. This...somehow they fought and were beaten up, but what about the ancient Daozong? Isn't it too spineless? No, if the Ancient Dao Sect had no backbone, he would not endure the humiliation here. It should be noted that the Five Great Demon Sects gave the Ancient Dao Sect a chance to surrender and serve the Five Great Demon Sects.

Occupation of the Overlord Bear Sect.

"Never mind, but my supreme sect master just puts on a name, and the specific sect affairs are still handled by the master."

In the end, Qin Chen agreed, and he could see that Fengtian was sincere.

Feng Tianzhen's expression suddenly became excited: "Thank you Brother Chen."

Then he looked at the people and said: "Everyone, I know you have doubts, but everyone only needs to know that our ancient Dao Sect is actually inherited from the Tongtian sword pavilion, and Brother Chen is also the descendant of the Tongtian sword pavilion, which is considered to be in the same line." Qin Chen was confirmed. The post, the next topic is much easier, Feng Tianzhen said to Qin Chen: "Brother Chen, I know you are here, most likely to find the location of the Tongtian sword pavilion, in fact, you did not find the wrong place, Tongtian Jiange

The ruins of ancient times are located here. "

"what?"

Qin Chen looked surprised. "Our Exterminating Sword Sect is not the ruins of the Tongtian Sword Pavilion. The real ruins are in the sword tomb. My grandfather back then got the inheritance of the Tongtian Sword Pavilion from the sword tomb. Reasons for not wanting to move

, Because here is our root, our ancient Taoist school actually exists to protect the ruins of the Tongtian Sword Pavilion. "

really!

Qin Chen was stunned, because he had this guess in his heart that the sword grave was the inheritance of the Tongtian sword pavilion. "And I suspect that the reason why the Tianyuan faction and other

forces have been targeting my Old Dao Sect over the years is to guess something. Even, they are the doglegs of the Zhuge family and other top forces in the Southern Heaven Realm." Feng Tianzhen said coldly: "This secret

Secret, it has been buried in my heart for many years, and I have not told anyone that if you came today, Brother Chen, you have truly recovered the orthodoxy of the Tongtian Sword Pavilion, and I can speak out. "

"Furthermore, my Ancient Dao Sect is already like this. It doesn't make any sense to continue to hide it. Maybe my Ancient Dao Sect will be destroyed soon." Feng Tianzhen said bitterly.

The people of the Ancient Dao Sect looked at Feng Tianzhen, the suzerain was so hard to lie to everyone!

"With me, the Ancient Dao Sect will not appear on this day." Qin Chen said.

Feng Tianzhen said bitterly: "Brother Chen, don't you know the despicableness of the Tianyuan Sect? By comparison, the five demon sects are pretty good. Speaking of which, thanks to the five demon sects, we can recognize the Tianyuan faction and other forces. Face."

"What do you say?" Qin Chen looked over. "Back when my Ancient Dao Sect was still destroying the Sword Sect, occupying an excellent place in the Tiandang Mountain Range, it was considered a top power in the Tiandang Mountain Range. At that time, the Tianyuan Sect, Blood Shadow Sect and other forces wanted to fight We Gudaozong unite against five

The big demon sect, because everyone knows that in the Tiandang Mountains, the five big demon sects want to unify this place and become the real giants here. "

"At that time, in order to fight against the five great demon sects, the Tianyuan faction and other forces had a very good relationship with us. Looking back, their purpose is to find out about the Tianjian Pavilion from my ancient Dao sect." "Later, my old Dao sect was in the five great demon sects. Under the oppression, I decided to relocate, because my mission is to guard the sword grave, not to fight for the overlord of the Tiandang Mountain Range. Who knows that the Tianyuan faction could not test repeatedly, and actually secretly killer, in a meeting of several major forces, The masters of several major forces, such as the Tianyuan Sect and the Blood Shadow Sect, suddenly killed the Sword Demon Taishang Elder, and even secretly used poison, causing the Sword Demon Taishang Elder's soul to be damaged, go into danger, and kill in blood.

Become an idiot. "

"Fortunately, the elders of the Sword Demon Taishang still have memories of the Old Dao Sect. He has always guarded our Old Dao Sect. Once a strong enemy comes, he will kill him. They will never die and fight desperately. It makes them afraid of Tianyuan faction. It's too oppressive." "But over the years, Tianyuan sent them to encourage some forces in the Tiandang Mountains to suppress Ancient Dao Sect and prevent us from growing up. Our Ancient Dao Sect had already suffered a great loss of strength, so naturally it was very badly suppressed. , There are fewer and fewer disciples, to

Today, Gu Daozong went up and down, only a few thousand people remained. "

Qin Chen continued to ask, "Which forces are there?" "The most powerful ones around are the Tianyuan Sect, the Supreme Shenzong, the Blood Shadow Sect, the Ghost Bat tribe, and the Giant Tribe, among which the Tianyuan Sect, the Blood Shadow Sect, and the Supreme God Sect. In order to fight the five monster sects, the ghost bats have united, and they are also

Blocked our Ancient Dao Sect..." The Tiandang Mountain Range is very large, and such a large place naturally has many influences. The strongest top forces in it are the five great monster sects, as well as the Tianyuan Sect, the Supreme God Sect, the Blood Shadow Sect, Ten forces such as the ghost bat tribe and the giant tribe. Now, among them

There are four major forces all targeting the Old Dao Sect. One can imagine how much pressure the Old Dao Sect is under.

From Feng Tianzhen's mouth, I learned that the four powers are all very powerful.

Tianyuan Sect, Human Race Sect, the sect master is the pinnacle holy master master, there are three pinnacle holy masters, hundreds of thousands of disciples, and there is also a huge power outside the Tiandang Mountains, one of the top powers in the Tiandang Mountains.

The Extreme God Sect is a sect that accommodates various races and forces. There are also two peak saint masters in the sect, and there are hundreds of thousands of disciples under his command, each of which is amazing in strength. The Blood Shadow Sect is similar to the Supreme God Sect.

[Chapter 3537: Chendi Pavilion Branch](#)

The ghost bat clan is a force of the ghost bat clan. It appears ghosts and kills invisible, and it is not weaker than the Supreme God Sect and the Blood Shadow Sect.

In the face of the suppression of the four major sects, it is extremely rare for the ancient Daozong to survive. With a wry smile, Feng Tianzhen said: "The four great forces do everything they can do. Once the people of the Ancient Dao Sect go down the mountain and go out looking for opportunities, they will be hunted and killed. Over time, the old Dao Sect is trapped and killed in this little In the mountains, there are fewer and fewer resources. Many disciples have good talents. However, due to resource problems, the level of improvement is slow and there are few resources. Naturally, no one wants to become a disciple of the ancient Taoist school, and no one wants to join in. In recent years , New brother

There are almost no children, and the number will probably decrease soon. "

Resources are the root of a sect, and cutting off the channel to find resources is tantamount to cutting off the hope of this sect. It is really vicious!

"Sect Master Feng can rest assured that there are young masters here, and the four major forces shouldn't worry about it. In the future, there will be more and more disciples of Ancient Dao Sect."

Qingqiu Ziyi suddenly laughed.

"Four major forces, shouldn't you worry about it?" Feng Tianzhen stared at Qingqiu Ziyi in a daze, what kind of person is this, with such a big tone. Feng Tianzhen said bitterly: "Actually, these four forces are

okay. There are Sword Demon Taishang Elder and Brother Chen, at least some self-preservation. What I am worried about is the Zhuge family behind them, and you, Brother Chen. The bearers were enslaved , If you let the five major demon sects know about it, it will be in trouble. The strength of the five major demon sects must be higher than the four powers. "

"Is the Zhuge family? Don't worry, I have my own plans." Qin Chen squinted his eyes.

Qin Chen's promotion to the Honorary Supreme Sovereign of the Ancient Dao Sect was a major event. The next day Feng Tianzhen called everyone to the square in front of the Zongmen and announced the status of Qin Chen's Honorary Supreme Sovereign.

"Sect Master Taishang, so young?" As Feng Tianzhen expected, everyone was surprised when he heard the news, but no one doubted Qin Chen was qualified or not. You know, yesterday, Qin Chen used two fingers. Clamped the sword of the Sword Demon Supreme Elder and flew with a punch

he.

"With Supreme Sect Master and Sword Demon Supreme Elder, my life in Ancient Dao Sect will definitely be much better."

"This is for sure. The strength of Supreme Sect Master is stronger than that of Sword Demon Supreme Elder. If Sword Demon Supreme Elder can regain consciousness, my Old Dao Sect will be even stronger."

"Unfortunately, cultivation requires resources. Our Ancient Dao Sect has too few resources. Even if we have one more master, we can only not be oppressed, but it is too difficult to develop."

Many disciples talked a lot, and while excited, they were a bit disappointed.

If they can't get out, their Old Dao Sect cannot develop without resources. Once they can't develop, no matter how strong they are, there will be more and more forces.

This is the problem that Gu Daozong had to face.

Looking at thousands of ancient Taoist disciples and listening to everyone's comments, Qin Chen turned his head to Fengtianzhen: "Sect Master, I think most of these disciples are very high-spirited, but their cultivation level is low, so the holy crystals can give enough Feng Tianzhen said embarrassedly: "The ancient Dao Sect's holy crystals still have some inventory, but they are not too much. After tens of thousands of years, our holy crystals are becoming less and less, and our holy veins are also consumed a lot. It's not that our Old Dao Sect has a high-grade holy master

The Holy Vein has long been exhausted. "

Qin Chen couldn't think that the ancient Dao Sect was so miserable. Although the high-grade holy master's sacred vein was terrible, there might not be one holy master in the later stage, but the whole large sect, only this one, is really stretched.

"It won't work like this. If Ancient Dao Sect wants to develop, it must have enough holy veins and holy crystals to absorb." Qin Chen said. Feng Tianzhen gritted his teeth and said: "I will take out all the holy veins and holy crystals reserved by the sect, and then put them down. Indeed, if this continues, although it can last a little longer, it will still die, just dead. It's just slower, not as good

Just fight for the future. "

Feng Tianzhen didn't dare to do this before, but now that Qin Chen is here, Feng Tianzhen thinks that there should be some changes in Old Dao Sect.

"Hehe, that's not the case, Holy Vein, let me support some first."

Qin Chen chuckled lightly, and the voice fell, and one high-grade Saint Master's sacred vein and ten middle-grade Saint Master's sacred veins suddenly appeared in his hand. These eleven sacred veins, like eleven giant dragons, made a roaring sound instantly, and then fell into the mountain range in an instant, rumbling, and suddenly, the ancient Daozong gate began to change, and various sages Angrily lingers, original

The lifeless breath swept away.

Gosh!

On the square, all the disciples were stunned, including Feng Tianzhen's eyes widened in disbelief.

Ten middle-grade holy veins, one high-grade holy vein, and the holy veins Qin Chen took out were more than the inventory of the entire Ancient Dao Sect, giving Ancient Dao Sect a greater development prospect. "These are for you for the time being, you guys don't shy away. To me, it's nothing, but it's very important to the ancient Taoist school at the moment. However, you need resources in the future and you have to plunder them by yourself. Fight, i don't

Will always give you. "Qin Chen will not support the Old Dao Sect, but in the initial stage, he always has to give some support. After all, where is the Old Dao Zong going to find the Saint Veins, and the eleven Saint Veins are really nothing to Qin Chen. The most valuable is the high-grade holy vein

, But after the battle between Konghai Clan Molan and Zhuge Tuyang, he also got a few high-grade holy veins, which is not nervous.

"This....."

Feng Tianzhen and the others looked at all this with excitement, trembling, so many holy veins are not a small number, the sum of ordinary power inventory may not necessarily have this number, only powerful forces have such a terrible inventory.

Many disciples were even more excited with tears. With these resources, they will surely grow up quickly, and they believe in themselves.

Rumble!

But at this moment, a rumbling roar suddenly came from a distance, and everyone saw that above the sky and in the mountains, heads of monster race rushed forward, causing everyone to be shocked.

Could it be that people from the five major demon sects came to the door?

Everyone's hearts sank, the previous joy was swept away, and the reliability was near. Everyone suddenly saw that these monster races were actually bear monsters.

"Ahem, Master, the disciple of our Overlord Xiong Sect has arrived. You always think, how to arrange it?"

Xiong Da said embarrassedly.

"In this way, your Tyrant Xiong Sect will be located near the Ancient Dao Sect in the future, depending on each other."

Qin Chen said.

"That's right."

Xiong Da flew out immediately and shouted: "Little ones, come with me."

Rumble!

Suddenly, a nearby mountain was occupied by the bearers of the bear sect, and the large infrastructure was quickly started, which had a kind of enthusiasm. Qin Chen couldn't help but see the blood surging in his heart. He suddenly had an idea to establish a huge force in the Tiandang Mountain Range of the Southern Heaven Realm and become his Chendi Pavilion's branch in the Southern Heaven Realm.

[Chapter 3538: Sword Resonance](#)

In a flash, half a month passed. During the day, Qin Chen spent time researching the information of the sword tomb, and to understand the situation of the sword tomb, Feng Tianzhen gave him a sword card and told Qin Chen that this was obtained from the sword tomb by his grandfather. The secret of the mound has been tossed for countless years,

After spreading to his hands, he has been unable to decipher the profound meaning in it, only knowing that practicing with sword cards will greatly help the cultivation of swordsmanship.

Now, he gave this sword card to Qin Chen, hoping that Qin Chen could find the secret in it. Qin Chen was unwilling to accept it at first. After all, this thing was left by Feng Tianzhen's grandfather, but Feng Tianzhen resolutely gave it to Qin Chen. He said, Qin Chen helped Old Dao Sect so much, but Old Dao Sect did not. The only place to repay is this sword

, May be helpful to Qin Chen.

What's more, Qin Chen is also the heir of the Tongtian sword pavilion, this sword card is given to Qin Chen, and it is also the original owner of the thing. Qin Chen had no choice but to accept that these days, he was studying this sword card. The more he studied, the more he felt the vastness and mystery of this sword card, which seemed to contain the supreme meaning of swordsmanship, which made Qin Chen his own swordsmanship. The cultivation base is amazing

The promotion.

In the evening, Qin Chen went into the Universe Jade Plate with great concentration to cultivate, striving to improve his cultivation.

Under the acceleration of the power of the Universe's good fortune jade disc, Qin Chen has been in retreat for several years in just half a month.

That night, Qin Chen just finished his practice.

boom!

In his body, the endless mid-stage peak power of the Holy Master rushed quickly, turned into a terrifying Saint Yuan, and merged into his body.

On the sword card, the rays of light flowed, and the sword pattern flickered, showing an astonishing vastness, and it merged into Qin Chen's body. Suddenly, the terrible sword energy on Qin Chen's body soared into the sky, turning into a vast river surging.

"Huh? My sword rule has broken through, and the realm of the holy master is difficult to improve. After such a long time, I finally have the urge to break through the late holy master." Qin Chen showed joy on his face, and his cultivation was the best. If the potential is enough to improve, the goal will be reached sooner or later, but no matter how easy it is to improve, it will take a certain amount of time. It is necessary to fully integrate and integrate oneself and heaven.

.

The saint master in the later stage is a body that merges with the world, which requires Qin Chen to reach a terrifying position on top of various rules.

At the beginning, after Qin Chen absorbed the fate of the Zhuge family, he already had the feeling of breaking through the late saint master, but he did not break through rashly, because the fate alone was not enough for him to directly enter the later saint master realm.

After coming to Gu Daozong, Qin Chen felt the fate of Gu Daozong. These days, he also studied the sword art inherited by Ancient Daozong, and finally blessed his soul. On the way of swordsmanship, he had a vague impulse.

This made Qin Chen ecstatic.

It takes time to break through the general cultivation base, and Qin Chen lacks time most, so he always feels that his progress is too slow.

And now, he finally has the feeling of breaking through the late saint master, indicating that his realm has improved again.

"It's still a little bit short, and there's still a chance, I can break through the realm of the late saint master, once I break through, my strength will definitely increase."

Qin Chen sighed.

"These days, I have handed over everything to Qingqiu Ziyi and Dao Wang Mu Zhifeng. I don't know how they have developed Ancient Dao Sect?"

Being idle and bored, Qin Chen suddenly released his soul power and swept the entire Ancient Dao Sect.

Qin Chen's soul power has essentially surpassed the realm of the pinnacle sage master, the soul power is released, and no one can detect it, and no one can detect it, and the general pinnacle sage is no exception.

At night, there were still many disciples who didn't sleep, most of them were working hard, or meditating, or practicing martial arts, and they were extremely diligent.

Of course, there are also some disciples who are tired of practicing and get together to chat.

"The new Supreme Sect Master is really amazing. At such a young age, he has the peak Saint Master cultivation base. If I can reach this level, I can protect the Ancient Dao Sect."

"You, work hard for a few more decades! This class of masters does not mean that it can be achieved, we are only in the early stage of the Holy Master cultivation."

"I'll just talk about it."

"Of course I know, but I don't want you to be too far-sighted." "Oh, our Ancient Dao Sect is really getting more and more prosperous. You don't know, with the help of Mr. Mu and Qingqiu Goddess, these days, we are suddenly more outside of the Ancient Dao Sect Many demon clan forces have actually combined with the Tyrant Bear Sect, bringing our ancient way

Zong's mountain gates are surrounded in the middle, and the stars are like the moon! "

"I don't know how the goddess Qingqiu did it. They can subdue a power in a day. Several of them are similar to the Tyrant Bear Sect and not weaker than our Ancient Dao Sect."

"When the Supreme Sect Master came, our Ancient Dao Sect really changed dramatically."

Curiosity flashed in Qin Chen's eyes, and there were many forces outside of Ancient Dao Sect?

Qin Chen's soul power escaped, and sure enough, outside of Ancient Dao Sect, at this moment, it was no longer the simple mountain range that used to be, but became extremely prosperous. Countless forces gathered here were actually some monsters.

"This Qingqiu Ziyi..."

Without even thinking about it, Qin Chen knew that it was Qingqiu Ziyi who used her nine-tailed fairy fox's identity to enslaved many monster races like enslaving the bear sect. If this continues, I am afraid that many monster forces in the Tiandang Mountains will To be drawn to her.

I just asked her to help develop the Ancient Dao Sect.

However, when Qingqiu Ziyi did things, Qin Chen was not too demanding.

Although this might provoke the five great demon sects, Qin Chen didn't care. The problem of the ancient Dao sect must be resolved once and for all. Only after dealing with the five great demon sects and the Tianyuan faction, can he enter the sword with peace of mind. mound.

At this time, Qin Chen took out the sword card and carefully felt the power in the sword card.

This time, Qin Chen had a breakthrough in the rules of the sword. At the moment that sword card was taken out, the dreadful brilliance of the sword lingered, and strange runes began to appear before Qin Chen's eyes.

In this sword card, ancient sword charm words began to appear vaguely.

Each of these sword talisman characters carried an astonishing aura, as if it contained life and death. At the same time, the nameless sword classic in Qin Chen's body felt this power, and it trembled quickly.

"There really is a secret in this sword card, and it resonates with the Wuming Sword Canon?"

Qin Chen was taken aback.

He had planned to wait for the Eternal Sword Master's soul to be repaired a bit before entering the Sword Tomb and asking the Eternal Sword Master the secret of the sword card, but now, Qin Chen's sword breakthrough was instinctively inspired.

boom! No one knew that at the moment Qin Chen's body resonated between the nameless sword canon and the sword card, a sword gas in the depths of the endless Tiandang mountain range suddenly exploded and shot straight into the sky.

[Chapter 3539: Qingxue sisters](#)

And while Qin Chen stayed in Ancient Daozong, studying the sword.

In the core heaven of the Qingxue Family, there is a huge manor-style mansion that is as large as a small city. The mansion is divided into five parts: east, west, south, north and middle. On the martial arts field in the south manor, two young women are discussing each other. Of these two women, one is Qingxue Silan, and the other is a bit like Qingxue Silan, but their facial contours are angular and look very cold.

This is Qingxue Silan's sister, Qingxue Siyun, the first arrogant of the Qingxue family, the late Lord Master, the first heir to the Patriarch of the Qingxue family.

Ding Ding Ding! The sound of sword and sword fighting continued to sound, sparks were splashing, and when the aftermath spread, mysterious ripples appeared around the martial arts field. These ripples had the effect of absorbing the aftermath, so the two-entry exchange looked fierce. Cause

The damage is quite limited.

"Sister, be careful, Daoxin!"

The blue misty sword aura erupted, covering Qingxue Siyun, with a flick of his wrist, the light blue sword in Qingxue Silan's hand, like a flowing spring, melted into the blue mist and rain, facing the opposite Qingxue Siyun invaded the past.

"Huh?" Qingxue Siyun was a little surprised when she took the previous sword move. Qingxue Siyun was even more shocked by this move. Her younger sister's strength was much worse than her. A few years ago, she even I also taught my sister's swordsmanship, but this time,

My younger sister's progress is so much that her sword skills have gradually caught up with her?

Although her cultivation is not as good as her, she has already walked her own way above the sword. Daoxin suppressed her too much. Each Daoxin seemed to infiltrate her soul and affect the fusion between her and the Dao of Heaven. Qingxue Silan could no longer remain calm, but at this moment, she burst into power. Sword power, break through with force,

A sword cut off Qingxue Silan's sword light.

"Hehe, sister, your cultivation base just broke out, but it surpassed me!"

Qingxue Silan said with a smile, their sisters have always used the same cultivation skills to compare with sword skills.

"You won this time."

Qingxue Siyun let out a suffocating breath and smiled, his eyes a little unbelievable.

Putting away the sword, Qingxue Silan said: "I can beat my sister in one and a half strokes. I am already satisfied. Next time, we will formally discuss it again."

The so-called competition is to verify each other's sword skills, just feed the moves, formally discuss, Qingxue Silan does not think that her sister will lose to her, the other party can disrupt her sword skills in the middle, rather than let her play .

"it is good."

Qingxue Siyun nodded and curiously said: "Unexpectedly, I haven't seen you in a few years. Your kendo has reached this level. Is my sister underestimating you?" Qingxue Silan said with a smile: "My sister has recovered from a serious illness. Let me know that my sister really wants to do it. I am definitely not an opponent. However, although Master has not taught me for a long time, I already feel that I have a better understanding of sword skills.

Deep sentiment. "

Qingxue Silan thought of Qin Chen, her eyes filled with longing. "I gave you the healing pill, so that I can quickly recover from my cultivation level these days?" Qingxue thought: "I heard from my father that he is still a sage alchemy master. Which senior in my southern heaven is not only a kendo? Amazing, or a pharmacist? Is it a certain

An invisible old man? "Qingxue Siyun has also heard some news about Qin Chen, but she has been in retreat for healing these days. She has just left the customs for these two days, and subconsciously believes that the master Qingxue Silan said is of a large generation. Alchemy Saint Master, and still a swordsman.

"My sister guessed wrong again. My master is not an old predecessor. He is very young and looks younger than your sister!"

Qingxue Silan seemed to like to see her elder sister deflated, blinking.

"What, younger than me? And is a master alchemy?" Qingxue Siyun was really surprised. She didn't suspect that Qingxue Silan was lying to her because Qingxue Silan had never fooled her.

Involuntarily, Qingxue Siyun became extremely curious about the master in her sister's mouth.

"Tell me about him."

Qingxue thought about it.

"it is good."

Qingxue Siyun did not sell Guanzi, and told Qingxue Siyun one by one what happened to Qin Chen in the Void Tide Sea.

When Qin Chen killed the Void Bandits and rescued them, Qingxue Silan's eyes flashed with intoxication, and Qingxue Siyun could see that her younger sister was very fascinated by the other party.

This made Qingxue Siyun even more shocked. Her younger sister, who has always been naive and romantic, would show such a warm and yearning smile.

"Si Lan, you don't like other people, right?" Qingxue Siyun couldn't help blurting out.

"No, not!" Qingxue Silan hurriedly shook her head and denied.

She hurriedly said: "Sister, listen to me."

Next, Qingxue Silan continued to say what she had experienced. As Qingxue Silan told her, Qingxue Silan was also full of curiosity about Qin Chen.

Especially after hearing that Qin Chen helped the Qingxue family kill Zhuge Tuyang and provoke the ancestor of the Zhuge family, Qingxue Siyun was even more shocked.

"Awesome, I really want to meet him." Qingxue Siyun's eyes rose with a strong will to fight. As a genius, no one does not want to fight against a powerful master. She has played against many veteran masters, but she did not let her. When the blood was boiling, but this time, she listened to her sister

, The blood in the body boiled unexpectedly.

"I also want to see Master. My sword art is one step closer. Unfortunately, Master is no longer here."

Qingxue Silan sighed, then raised her head and looked at Qingxue Siyun and said: "Actually, sister, I think you two match very well."

Qingxue thought speechlessly: "What nonsense are you talking about?"

She is destined to inherit the future of the Qingxue family, and talking about love is not in her life at all.

"Really sister, you two are masters. You must have a common language. Unfortunately, Master already has Sister Mengxue, and Sister Mengxue is also very good." Qingxue Silan murmured.

Qingxue Siyun could see that her own sister had been completely attracted by the other party.

What magic power does the other party have that can make my sister so obsessed? Qingxue Siyun couldn't help but want to see it.

Boom!

At this moment, a magnificent figure suddenly appeared on the martial arts field.

"Ancestor!" Qingxue Siyun hurriedly said.

"Grandpa Grandpa!" Qingxue Silan laughed and rushed forward.

The visitor was Qingxue Guhua. After these days, his injuries were finally healed, and there was a terrible breath surging through his body.

"You two prepare, we want to go out." Qingxue Guhua said with a smile when Qingxue Silan pulled her beard.

"Go out, where?"

Sisters Qingxue were puzzled.

"Go to Tiandang Mountains and meet your master."

Qingxue Guhua pinched Qingxue Silan's nose and said.

"Ah!" Qingxue Silan cried out excitedly.

[Chapter 3540: Star master](#)

"Ancestor, are we going to the Tiandang Mountains?" Qingxue Siyun also surprised, "Your body..."

The ancestors usually sit in the Qingxue family, and unless something big happens, they will not leave easily, because Qingxue Siyun, as the first heir of the Qingxue family, knows the physical condition of the ancestors. Today's Qingxue Guhua still retains a part of the fighting power that used to be. It's not that he has vigorous vitality, but that he retreats in the family every year, relying on family resources and inheriting spiritual pools to continue his life. That's it

.

Every battle and every breath of the ancestor was depleting his vitality, until one day, his life was exhausted and he sat down on the spot.

All current ancestors should stay in the family, close their vitality, understand the great road, and strive to extend their lives. Every trip will reduce his life.

But now, the ancestor is going to the Tiandang Mountains, what happened? "Siyun, I know what you think in your heart. Over the years, I have been in retreat in order to prevent myself from sitting down. But this time fighting against Zhuge Rulong and the old man made me understand that sitting and waiting for death will never last. Family approach.

"Qingxue Guhua sighed, "It is too difficult for our family to give birth to a Venerable. The heavens are shattered and the holy spirit disappears. Today's world is much more broken than in the ancient times, so it is more difficult to break through the Venerable realm. A lot, but fortunately the heavens

After being broken, the Heavenly Dao was also damaged. To break through the realm of the Venerable, it was necessary to transcend the Heavenly Dao and suppress the Heavenly Dao. The Heavenly Dao was damaged. However, the difficulty in this aspect was also reduced a lot. "But, even so, with the restoration of the heavens, it is now more and more difficult to give birth to the Lord. Perhaps, the ancestor, I can't wait for the day when Futian and you break through the Lord. Once I fall, it will be sunny. Xue Family, this behemoth must

It will collapse instantly. "

"In fact, I have been worrying about this all these years, until I heard of Silan's master not long ago." Qingxue Guhua's eyes burst into light: "The Zhuge family actually faces the same problems as my

Qingxue family, even, Zhuge's family was even more ambitious. Over the years, he has been trying to regain the title of the orthodox Tianjizong. For this reason, Zhuge Ru

Like me, the dragon has not been born for tens of thousands of years. "But this time, he personally led the clan master to target my Qingxue family. This matter is too weird. After thinking about it carefully, I discovered a secret. This Zhuge Rulong was staring at it, it is very likely that it was not me. Qingxue family, but Silan you

Master. "

Qingxue Silan was taken aback: "Master?" "Yes, my Qingxue family and Zhuge family have been enemies for thousands of years. Everyone knows the details between the two families. Over the years, Zhuge Rulong has never done it himself. Yes, but this time, he did it, so I guess his goal

The target is most likely your master, not us. "

"That's interesting..." Qingxue Guhua's eyes flickered, "Your master, apparently from outside the Southern Heaven Realm, went directly to the Tiandang Mountain Range where Jian Tomb is located. As far as I know, these years Zhuge's family had also infiltrated the Tiandang Mountains. It seemed to have discovered something, but I never paid attention to it. I thought Zhuge's family was a treasure in the forbidden area of the sword grave or something? Now it seems that the sword grave pole It's not simple, because in the early years, there have been rumors that the sword tomb is the ancient heaven

The site of a top kendo power. "

"Top kendo power?"

Both Qingxue Silan and Qingxue Siyun were slightly surprised. How terrible is it that the ancestors can call it the top kendo force?

"So, isn't Master in danger?" Qingxue Silan lost her voice. Zhuge's family had been staring at the Tiandang Mountain Range and Jian Tomb. If Master went to the Tiandang Mountain Range, Zhuge's family would most likely be known.

Qingxue Guhua nodded: "With the strength of Zhuge Old Pifu, if your master makes any movement in the Tiandang Mountains, he will inevitably calculate it. Then..."

Qingxue Guhua said solemnly: "So, I have to wait until I go to the Tiandang Mountains, and my time is running out. Before sitting down, I should find some help for our Qingxue family."

Before Qingxue Guhua spoke, suddenly, as if sensing something, he suddenly raised his head to look towards the sky.

Boom!

Above the sky in the distance, an inexplicable aura suddenly rose up, motivating the heavens of the southern heaven.

This is... the direction of the Tiandang Mountains?

Qingxue Guhua was shocked. The place where this sword light passed from was actually the location of the sword grave in the Tiandang Mountain Range. A vast sword light connected to the world and attracted everyone's attention.

Rumble!

At this moment, the entire Southern Heaven Realm was roaring.

"what happened?"

"That's... the direction of the Tiandang Mountains..."

"Sword energy? The sword energy that runs through the entire southern celestial realm, hiss. Could it be that what happened to the forbidden area of Jian Tomb?"

In the Southern Heaven Realm, the masters of many forces flew out one after another, and their eyes showed shock and horror.

The Sword Tomb Forbidden Ground is one of the top forbidden grounds in the Southern Heaven Realm. At this moment, the Heavenly Sword Qi penetrates through the heaven and the earth, forming a terrible vision. In the entire Southern Heaven Realm, many powerful people have felt this abnormal change.

This shocked everyone.

"go!"

Qingxue Guhua's complexion changed and rumbling, he took the two sisters of Qingxue Silan, and suddenly disappeared into the Qingxue family.

Zhuge family.

Zhuge Rulong's eyes closed tightly, and the breath of fate was vomiting in his mouth. The terrible power of fate was like a dragon, lingering in Zhuge like a dragon, undulating like an ocean.

Suddenly, he opened his eyes and looked towards the Tiandang Mountains.

"That is... Sword Tomb Forbidden Area."

Zhuge Rulong stood up suddenly, pinching his fingers.

"All the luck has gathered in the sword grave."

Zhuge, like a dragon, shook his body, like an ancient dragon awakening from a deep sleep, stepped into the void in one step, and disappeared.

Not only Zhuge Rulong and Qingxue Guhua, at this moment, all the powerhouses in the Southern Heaven Realm were alarmed.

At this time, in the depths of the heavens, in the vastest time and space, an ancient palace stands.

A figure hidden in the depths of the endless universe suddenly opened his eyes.

"Master Star!"

In this palace, countless strong men raised their heads with excitement.

This person is the Lord of the Star God Palace-Star Lord!

A top powerhouse who passed on from ancient times has been sleeping for countless tens of thousands of years, and now he has awakened.

In the Star God Palace, countless masters were excited, feeling the power in the depths of the endless void, and the flesh had a sense of explosion.

"South Heaven Realm, is there someone on duty in my Star God Palace?" the star master said rumbled.

"Master Returning Star, Venerable Star Destroyer is near the Southern Heaven Realm!" The experts in the Star God Palace hurriedly said.
