

Valkyrie 3541

[Chapter 3541: Ancient Demon](#)

"Exterminate the stars?" "Master Huixing is a newly promoted elder in my Star God Palace. He just broke through the realm of the venerable one hundred thousand years ago. Killed a human disciple, and then beheaded by the terrorist existence that appeared in the virtual sea,

Venerable Star Destroyer was dispatched to Void Tide Sea to investigate the truth, and it should be near the Southern Heaven Realm now. "A master with a vast aura of stars hurriedly said.

"Xuhai?"

There was a hint of throbbing in the voice of Star Lord Rumble, and he said coldly: "The ancestor of the demon corpse is really seeking his own way, and the land of the virtual sea is also something he can break through..."

Everyone was shocked. Does Lord Star Master know some clues about Xuhai?

"Let the Exterminator go to the Southern Heaven Realm immediately!" The star master said, "The Southern Heaven Realm will have drastic changes in the near future, and the drastic changes will be in the Tongtian Sword Pavilion."

"A drastic change in the Southern Heaven Realm? Tongtian Sword Pavilion?"

Everyone changed color, and some people lost their voices: "Could it be the Heavenly Sword Pavilion in the ancient heaven?"

"Yes, the ruins of the ancient Tongtian sword pavilion are located in the southern heaven. Now, there seems to be a tendency to open." The eyes of other people flickered. As the upper level of the Star God Palace, they naturally knew the existence of the Tongtian sword pavilion. In the ancient times, even the top power above their Star God Palace, if they can get the inheritance of Tongtian Sword Pavilion

, For them, the senior officials of the Star God Palace, it is also a shocking wealth.

For a while, many people were moved.

"Let that Exterminating Star go to the Southern Heaven Realm to proceed carefully. If it is beneficial, he will occupy it for my Star God Palace. If things cannot be violated, remember not to be reckless, so as not to lead my Star God Palace into crisis."

"The Star Master, we..."

Some high-levels spoke. "You will stay here. How powerful is the ancient Tongtian sword pavilion? Are their ruins so easy to blend? It is bad or good, and even this constellation cannot be calculated. Let the Exterminating Star act carefully, and he fell. It's fine, if you lead me to the Star God Palace

It's **** to be in crisis. "

The star master's voice is cold, without a trace of emotion, with the aura of destruction.

When his voice fell, he fell into silence once again and returned to calm.

Many people looked at each other. In the Void Tide Sea, on a star bursting with scorching fire, the fire dragon roared like a doomsday, and in this endless fire dragon, sitting close to a towering figure, the endless star exploded, and the power of the flame formed by it was impossible. Bring him

Come the slightest harm.

This person is Venerable Star Destroyer.

call!

On his body, starlights flickered, consuming the power in this burning star.

Suddenly, Venerable Star Destroyer opened his eyes and took out a messenger engraved with endless complex runes. After the divine sense sensed the message, his whole person stood up suddenly.

"South Heaven Realm, the ruins of Tongtian Sword Pavilion?"

Venerable Star Destroyer's body suddenly trembled, and his whole body was full of excitement.

"Unexpectedly, I came to the Southern Heaven Realm and encountered such a good thing. Haha, God helped me. If I can get the treasure of the Tongtian Sword Pavilion and return to the Star God Palace, the status of the deity will definitely be greatly improved."

boom!

This Venerable Star Destroyer blasted into the star, and the whole star suddenly exploded. The origin of the star was instantly captured by the Master of Destroyer Star, and he swallowed it in his belly.

After losing the origin of the star, this huge star that was originally burning was instantly extinguished and turned into a piece of meteorite in the lonely universe, and the body of Venerable Star Destroyer suddenly disappeared.

At the same time, Venerable Yeguang and Venerable Jiuyu who were investigating elsewhere in the Void Tide Sea also moved and flew directly towards the southern sky.

Eastern heaven.

Endless void.

Rumble!

An ocean-like breath rose into the sky, and the vast surrounding heavens were crushed down by this force.

A figure like a demon **** slowly walked out of it.

"After working hard for so long, this seat has finally broken through the realm of the nobleman, haha, hahaha!"

This is a figure surrounded by endless black aura, and his eyes bloom with divine light. On his body, there are horrible dark powers, and this dark power is actually integrated with his body.

Moreover, it is also combined with the breath of the rules of heaven in his body.

It should be understood that the power of darkness and the heavenly realm were originally mutually exclusive, because they belonged to two different forces, but in this person, the two forces did not repel, but formed a certain balance.

"Sure enough, through the power of darkness to break through the realm of the nobleman, at the time of the breakthrough, you can integrate the heavenly way, so that the strength of this seat is enough to surpass some ordinary nobles."

boom!

This figure stepped out, turned out to be Palace Master Yaoni.

"Now this Venerable Breakthrough, no one in the world knows. It just happens to be an opportunity to unify the entire Eastern Heaven Realm in secret."

A divine rainbow flashed out in the eyes of Palace Master Yaomie, as if the stars of the universe were destroyed with it, exploding with all the power present in the scroll.

"Bright off!"

But at this moment, a magnificent voice suddenly spread to Palace Master Yaomie's ears.

"who?"

Palace Master Yao Mie suddenly raised his head and saw that a chaotic space suddenly appeared in the void in front of him. From that chaos, a pair of dark pupils opened.

A long river of darkness appeared in this world.

Cang Dang!

Above the sky, there was a roaring sound. The moment this dark river appeared, the heavens of the heavens were shaking. The terrifying force of the heavens was crazily suppressed, and the river and the figure were to be suppressed. live.

"God, also want to suppress this ancestor? Ridiculous!"

These eyes raised their heads, with all the aura, booming, endless dark aura surging, they actually suppressed the heavenly Dao directly, booming, a terrible thunder smashed down, but could not cause the slightest harm to the chaotic figure. . Palace Master Yaomie was shocked. He had just broken through the realm of the venerable and was in a time of incomparable confidence, but when this terrifying figure appeared, he obviously felt the power of darkness in his body, and he was madly suppressed. Have one

The impulse to surrender.

Being stared at by these eyes, Palace Master Yaomie actually felt like being stared at by Death, and his soul was trembling, about to shatter.

"you are....."

Palace Master Yao Mie was shocked, from this person, Palace Master Yao Mie felt an endless and terrifying atmosphere of the demons.

"The ancestor of this abyssal monster!"

This voice rumblingly, with a terrible force of oppression, instantly suppressed Palace Master Yaojie: "Why, Palace Master Yaojie, you have broken through the realm of the nobleman, and you are not afraid of this demon ancestor?" Mo Ancestor's voice was abusive, and his cold eyes looked at Palace Master Yaomie mockingly.

[Chapter 3542: Origin of Darkness](#)

"Yao Mie, I have seen Lord Demon Ancestor!"

Palace Master Yao Mie was shocked and hurriedly saluted and knelt on one knee.

"It's almost the same, Yaomie, don't forget, who made you break through the realm of the nobleman, without the power of darkness, do you think you can break through in just ten thousand years?"

The Demon Ancestor snorted coldly, his voice was like a bolt from the blue sky, blasting into Palace Master Yaomie's mind, shaking his soul rumblingly.

He was horrified and shocked. Is this the ancestor of the Abyssal Demon Race? Too strong, just a breath made him almost collapse, is this the gap between him and the top master of the heavens?

This is the tycoon of the Demon Race, truly in charge of the existence of eternity. Since ancient times, it has survived to this day, but it has come to the door?

It should be understood that he is only cooperating with the Dead Demon Race, but in front of the Abyss Demon Ancestor, the Dead Demon Race is nothing.

However, this ancestor of the Abyssal Demon suddenly appeared in front of him. Why?

"I don't know what the seniors have ordered?"

Palace Master Yaomie lowered his head, his eyes flickered, and said respectfully.

Last time, the Demon Race passed the ancestor of the Demon Corpse into the Void Tide Sea, and later suffered a fall. Could it be that this time the ancestor of the Abyss Demon came to ask the teacher?

Palace Master Yaomie was nervous, lowered his head, his eyes flashed coldly. "The ancestor is not here to inquire about sins for Venerable Demon Corpse." It seems that he knows the thoughts of Palace Master Yaojie, the ancestor of Yuanmo faintly said, "The devil's corpse behaved nonchalantly and entered the Void Sea. Able to complete the mission of the original ancestor, but also exposed a

These heavenly secrets are really damn, this ancestor came across the void this time, wanting you to do something for this seat. "

"Please also the ancestors of the ancestor of the deep demon to give orders." Palace Master Yao Mie hurriedly bowed and saluted, but he was puzzled. Is the ancestor of the deep demon wanting to complete the task that the ancestor of the demon corpse did not complete, chasing and killing the human god?

"My ancestor needs you to go to the Tiandang Mountains in the Southern Heaven Realm to win the site of the ancient Tongtian sword pavilion for my ancestor, and prevent certain things from falling into the hands of the human race. Can you do it?"

"Tongtian sword pavilion ruins?" Palace Master Yao Mie sucked in cold air, short of breath. Characters like him, naturally heard of the Tongtian sword pavilion, which was one of the top forces in the ancient heavens and the human race. Later, during the war between humans and demons, Disappeared, could it be the ruins of the Tongtian Sword Pavilion

South heaven.

hiss!

This is a great opportunity.

"The younger generation has no hesitation."

Palace Master Yaomie said immediately, excited in his heart, that is the remains of the top power of the ancient human race, and I don't know how many treasures there are. Once he gets it, the future development is far beyond ordinary people. "Yes, the ancestor knows you will agree. Besides, the human Tianjiao that the ancestor is staring at should also appear near the southern heaven realm. The cycle of cause and effect, the reincarnation of the heavens, and even the appearance of the Tongtian sword pavilion are all related to this person. Have some connection, if

Kill it, this demon ancestor will bestow you the power of darkness from the source of darkness, which is enough to make your strength further and become a high-level among my demons. "

The power of original darkness?

Palace Master Yaomie was excited, he was even terrifying the power of darkness, and how strong would the power of origin from the forces of darkness be? He couldn't even imagine.

"Dare to ask Lord Demon Ancestor, who is the Human Race Tianjiao? Sir, why are you..." Palace Master Yao Mie asked cautiously.

He was full of doubts. The ancestor of the demon corpse came before, but it was enough. Now even the ancestor of the deep demon personally asked, what exactly is this person?

"You don't need to worry about the origin of this person, the ancestor will leave a guide on you, then you will be able to find the other person by following the guide."

Hum!

Those chaotic eyes stared at Palace Master Yaomie, whose head was hanging down, and suddenly an invisible black streamer suddenly burst towards Palace Master Yaomie. Palace Master Yaojie's body was cold, and his entire body was erected. There was a great horror rising between life and death. He looked at the black streamer in horror, like an invisible ghost, trying to swoop into his body, making him startled. Trembling, can't help but want to follow

Retreat.

However, under the aura of the ancestor of the abyss, he could not even move, watching this black streamer, directly submerged into his body, and then disappeared.

this is.....

Palace Master Yaomie was frightened, what did the ancestor of Abyss Demon leave in his body?

"You don't need to mind, this is a guiding force left by the ancestors in your body. With this guiding force, you can perceive the position of the Human Race's Tianjiao. In addition, this thing is dangerous when you encounter it. I will protect you once."

"Go, complete the mission of the ancestor, and you will have the supreme glory."

boom!

A rumbling roar resounded, and finally, the chaotic eyes of the ancestor of the abyss suddenly disappeared into the void.

The terrifying vision oppressed by the heavens disappeared. Palace Master Yaomie stood up, let out a sigh, his eyes surging with a hideous light, the ancestor of the abyssal demon directly crossed the void of the infinite universe, from the land of the demon race, came here, these other means, even if it is a breakthrough The extinction of the state of the Lord

Palace Lord, dare not imagine.

Although he was in collusion with the Demon Race, he didn't even think of becoming a subordinate and slave of the Demon Race. He never thought that the ancestor of the Abyssal Demon actually followed him and left a guide in his body. Thinking of the black stream of light in his body, Palace Master Yaomie's heart was gloomy. His eyes were ferocious, and the power of the terrifying Venerable surged and circulated in his body, trying to find the location of that stream of light. After searching for a long time, Quegan

This has no results.

He was dispirited, knowing that he could not find the slightest result if he searched for it. The ancestors of the Demon Race, such a worldly figure, survived for countless tens of thousands of years, even spanning an entire epoch, really terrifying.

"Southern Heaven Realm?"

boom! Palace Master Yaomie stepped out, stepped into the void in an instant, and swiftly rushed towards the Southern Heaven Realm. Palace Master Yaomie's heart was excited. The inheritance of Tongtian Sword Pavilion is the top human race that is not inferior to the demons in the ancient world. If you can get the Heavenly Sword

The treasure of the Pavilion, in the distant future, he may not be able to become the top master of the ancestor level of the abyss.

Qin Chen didn't realize that after the breakthrough of the rules of his sword, the resonance of the nameless sword canon and sword card in his body would cause the abnormal movement of the sword grave, causing countless masters from the heavens to gather.

At this time, he was still completely immersed in the resonance of the nameless sword canon and sword card. The two forces merged to form a unique sword talisman. Qin Chen seemed to see countless sword lights in reincarnation, like the cycle of life, life and death. The Yin and Yang are general.

A mysterious and mysterious aura appeared in Qin Chen's perception.

Hum! Suddenly, a majestic sword aura fluctuated and spread, and the cultivation site Qin Chen was in completely collapsed, the rubble flew randomly, and the air current was like a sword.

[Chapter 3543: Jian Qi Tongtian](#)

On the mountain peak of the ancient Daozong, a pillar of sword energy, straight up to the sky, connecting the sky to the earth.

Many people in Ancient Dao Sect looked up at that terrifying sword aura, shocked in their hearts.

call! Exhaling a fierce breath, Qin Chen opened his eyes, with horror in his eyes, "What is in this nameless sword classic and sword card? I actually felt a terrifying breath that I have never experienced before? That power is too palpating. Is it the respect

Power of the person? No, even the Venerable is not so terrible! "

Qin Chen surrounded the sword aura suddenly, snorting, the void shattered under his sword aura, cutting the void into trenches, turning the power in his body into an invisible blade.

Rumble! Qin Chen felt a horrible surge of sword intent in his body, an impulse to break through the saint master of the later stage, and the origin in his body surged involuntarily, the sword intent flowed, and his sword heart was bright. Body is transformed into

A sharp sword.

Buzzing!

In this sword aura, the power is amazing, as if it can travel through time and space and cut everything.

"Awesome."

Qin Chen was shocked. At this moment, although his realm hadn't broken through, his strength had been improved a lot, and his comprehension of swordsmanship had reached an unprecedented level.

It is daytime, and the people of Ancient Dao Sect dare not go down the mountain at will, so many people have noticed this scene, the suzerain, elders, and disciples are all paying attention.

"Sect Master, supreme Sect Master seems to have made a breakthrough?" The Great Elder of Gu Daozong, a fat old man, said excitedly to Feng Tianzhen.

Feng Tianzhen said with joy: "This is a good thing. The Taishang Elder is worthy of being a top expert. This level of realm makes me look up."

"The sword aura just now is amazing. The direction of the sword tomb seems to have changed before. You said, is it because the Supreme Sect Master drew the power of the sword tomb?" "This? It's not possible? The sword tomb is the whole There are several forbidden places in the Southern Heaven

Realm. The top powers in the Southern Heaven Realm have all entered the Sword Tomb, and even the core of the sword tomb. They wanted to get the treasure, but they all returned without success. The Supreme Sect Master returned

Isn't the Venerable that can actually arouse the power of the sword grave? "

"It's not necessarily, but the Jian Tomb has changed before, I am afraid that the major forces in the Tiandang Mountain Range have been alarmed."

Many disciples of Ancient Dao Sect talked and looked excited.

"What? There is a change in the sword grave?"

Huh!

During the discussion, Qin Chen suddenly appeared beside these elders.

"I have seen the Supreme Sect Master." Many people hurriedly saluted respectfully.

at the same time.

You Qianxue, Sword King Muzhifeng, Qingqiu Ziyi also quickly came to this mountain peak, and they were all happy to see Qin Chen leaving. "Returning to Sect Master Taishang, there was a change in the direction of the sword tomb before. It seems that there was a sword gas that pierced the sky. It pierced the sky of the southern celestial realm and entered the endless void. I am afraid that the entire Tiandang mountain range, and even the entire southern celestial realm, many people are Already known

. "An elder respectfully said.

"Could it be that....."

Qin Chen's eyes burst into divine light. When he used the power of the sword card before, he felt a special force from the direction of the sword grave. Is it because of him.

"It seems that I have to go to Jianzhong."

Qin Chen's eyes flashed.

However, before leaving the Old Dao Sect for the Southern Heaven Realm, Qin Chen had to solve some troubles for the Old Dao Sect, otherwise once he left, people from the Tianyuan Sect and other forces would come and be in trouble.

However, before Qin Chen left, suddenly, in the distance, a rumbling cold shout sounded.

"Gudaozong people, get out of me and leave the Tiandang Mountains, otherwise, I will kill you without mercy."

Outside the ancient Taoist school, three groups of horses appeared in the mid-air. One group of horses were wearing **** black robes. On the robes were embroidered with blood-colored lights and shadows. The eyes were eagles and birds, and the lingering breath of the holy origin was exactly what the blood shadow taught. people.

The other group of people and horses come in all kinds of people. There are masters of various races. The leader is a master wearing a crimson blue martial arts robe. His five fingers are strangely thick, fierce and unmatched, and he has a mighty light on his body. Connecting heaven and earth, is the master of Extreme Shenzong.

As for the third centaur, unlike the human race, it has wings on its back, is short in stature, and exudes a cold breath. It stands in the void, like a ghost, and is a master of the ghost bat tribe.

On this day, the three powerful masters of Tiandang Mountains stood proudly and aggressively outside of the ancient Dao Sect, and came to ask their guilt.

The expressions of Feng Tianzhen and other masters suddenly changed.

People from the three major powers actually came directly, and the leaders are still a few top peak holy masters. Is this going to be directed at the people of their Ancient Dao Sect?

"Everyone, the Tiandang Mountain Range is a land without a master. Why should you let me leave? Any force in the Southern Heaven Realm can survive in the Tiandang Mountain Range. You are breaking the rules by doing so."

An elder of Gu Daozong stood up and said angrily.

Although Qin Chen has not been in the Old Dao Sect for a long time, it has already changed the aura of the Old Dao Sect. Everyone is full of confidence. Seeing people from the three major powers coming, he suddenly became murderous.

"Rules? The rules of our major forces."

The master of Extreme Shenzong sneered, glanced at Ancient Daozong, and at the same time saw the people of Qin Chen who were surrounded on the mountain peak of Ancient Daozong. For some reason, he always had a feeling that the Old Daozong in front of him seemed to be different.

In fact, their spies also learned about the changes in the Old Dao Sect these days, but they didn't know the depth. Later, after several major forces discussed it, it was decided that Guang Ming really came to check the changes in the Old Dao Sect.

"Asshole, die for me."

The true Sect Master Fengtian was just about to speak. Suddenly, a mountain of the Ancient Dao Sect split open, and the Supreme Elder Sword Demon of the Ancient Dao Sect flew out and swept a sword towards the leader of the Supreme God Sect.

Boom! This sword didn't play any skill. The leader of the Supreme God Sect was extremely terrifying, with a mighty divine light surging on his body. He grinned and smashed the sword energy with a punch. You have suffered a lot, this time, let you

Be stupid. "

"It's you."

The eyes of the Sword Demon Supreme Elder were red, and he was unconscious, but he was very impressed with this person, and he was impressed in his mind. At the beginning, it was the great masters of the Tianyuan faction who combined him and nearly injured him seriously. Beat him to death on the spot.

Roar!

The Sword Demon Supreme Elder had a crazy demeanor, desperately attacking the Supreme God Sect master, every sword was a killer move that would hurt both sides.

"Huh, looking for death."

Behind the Supreme God Sect master, a mighty phantom appeared. This phantom was huge as a mountain, and the waves of radiant divine spirit spread out, making the air extremely heavy.

Boom!

With a punch, the space is distorted. This punch seemed to condense the power of a huge mountain, as if the gods reached out their palms.

[Chapter 3544: Extreme One Holy Lord](#)

puff!

The Sword Demon Supreme Elder's fighting style was only to add a rumored sword mark on the chest of the Supreme Shenzong master, and he himself vomited blood and flew out.

"I can't help myself. You might still be able to fight me in your heyday. Now that you are unconscious and you are worthy to fight with me, you probably don't know. My ultimate magic has broken through again. It is easy to kill you."

The master of Extreme Shenzong sneered disdainfully.

"Hahaha, is Gu Daozong the only master left for you? It seems that Gu Daozong shouldn't exist in this world anymore." This master of Divine Sect sneered.

"Sword Demon Supreme Elder."

Many disciples of the Ancient Dao Sect have caught the Sword Demon Taishang Elder one after another, with an angry expression. The Sword Demon Taishang Elder wiped the blood from the corner of his mouth, and his expression became sober.

"The Supreme Sect Master?"

Feng Tianzhen and others all looked at Qin Chen with agitated expressions.

Before Qin Chen moved, he rumbling, he felt a lot of terrible auras emerging around the Ancient Dao Sect, swish, swish, a powerful master suddenly rose.

"Which **** ran wild in the ancient Daozong?"

The leaders are Xiong Da, Xiong Er, and Xiong San three brothers. Behind them, a master of the monster race rose up, mighty, and instantly surrounded the people of these three forces.

"Huh? People from the Tyrant Bear Sect? Also, the Sky Demon Sect and the Blood Wolf Sect? Could it be that the Five Great Demon Sects and the Ancient Dao Sect are united?"

Seeing many masters of demon sects, the expressions of people from the extreme gods sect and other forces, the five great demon sects are definitely a terrifying existence in the Tiandang Mountains. Could it be that the five great demon sects also guessed the identity of the ancient Dao sect?

What makes them puzzled is that among these sects, they are all medium-sized demon clan forces, and there is no one from the five major demon sects. What is going on?

For a time, there is no need for the Old Dao Sect to do anything, and many monster races stand proudly in the sky, staring at the people of the three major forces.

"Huh, you are just a few ordinary demon sects. Let the people of the five major demon sects come and talk to us. Do you want to tear up the peace agreement with our human tribes?"

The master of Extreme Shenzong said coldly.

"What is agreed or not, we are no longer members of the Five Great Demon Sects. Now, we are all chasing with Young Master. Young Master, leave these guys to us?" Xiong Da said respectfully to Qin Chen.

He knew that to slap Qingqiu Ziyi's flattery, he had to slap Qin Chen's flattery first.

"There seems to be a change in the forbidden area of Sword Tomb. I have to go to Sword Tomb as soon as possible. It is time to get it right once and for all."

Qin Chen's thoughts moved, huh, his figure shook, and he suddenly appeared in front of Tyrant Xiongzong and the others, and said lightly: "You all get back, here is it for me."

"Master Taishang is about to take action."

"With the Supreme Sect Master, I think they are still arrogant!"

"We helped Taishang Sect Master and fight with them."

Everyone was filled with righteous indignation, but they didn't even think about letting Qin Chen do it. In their opinion, the three major forces such as the Extreme Shenzong were also very strong, and Qin Chen alone could not have done it.

"Huh? Too Sect Master? It's you, so young?"

The master of the Extreme God Sect also knows some news. This time, I just want to see what kind of character the new Supreme Sect Master of the Ancient Dao Sect is. Now, he is so young.

This surprised them.

"Boy, I think it's not easy for you to cultivate. Don't come here to blend in. The water in the Tiandang Mountains is very deep, and you can't blend in with an outsider."

The master of Extreme Shenzong squinted at Qin Chen, and said coldly, not reckless.

"Give you a choice, kneel down and beg for mercy, and swear a poisonous oath. You will no longer do anything to Old Dao Sect in this life. People who see Old Dao Sect in the future will go around far away, hand over all the treasures on their bodies, and then abandon the cultivation base. , You can get out."

Qin Chen said lightly.

"Hahaha."

The people of the three major powers of the Extreme God Sect laughed. Is this guy crazy? This time, the three major powers and the top masters have all been dispatched. There are several peak holy masters. Where does the other party have the confidence to say this.

"Little beast, you don't know how to give you a chance, you are looking for death." The Supreme God Sect master was furious, and the deep shadow behind him suddenly shocked. The heavy divine wave swept towards Qin Chen, and he himself bowed and punched. Thunder blasted Qin Chen's head with a punch. If this punch is implemented, no matter how big the mountain is, it can be crushed.

.

Cang!

With **** in his right hand, Qin Chen smiled coldly and drew his fingertips.

Boom!

The void seemed to be divided in half, and the black arc-shaped sword light cut through the fist strength of the Supreme God Sect master and swept across the opponent's body.

With a clang, the armor worn by the Supreme Divine Sect master cracked a gap, and only felt the extremely strong sword energy, passed through the armor to his body, cutting his vitality, and the five internal organs showed scars that could not be ignored in an instant.

With one finger, he vomited blood and retreated.

"What, Jiyi Holy Lord was injured by a finger?"

When this scene happened, many people opened their mouths wide and couldn't close them.

The Supreme One Saint Lord is one of the two top masters of the Supreme God Sect, only the Sect Master of the Supreme God Sect, but this time the Sect Master of the Supreme God Sect has not come, but he does not know where he has gone.

Even so, Jiyi Holy Master is also a master of the Tiandang Mountains, the pinnacle Holy Master figure, Qin Chen can cut the Extreme Holy Master with one finger without using the magic weapon, how can he let people not be surprised.

This is the pinnacle holy master master, defeated in one move?

"Sure enough, my sword rules have improved a lot."

Qin Chen was surprised secretly. The power of his attack with this sword was so great that he was also surprised. It should be understood that he was only trying and did not use all his power.

"The Prison of Extreme God!"

Jiyi Holy Lord was wounded and suddenly roared, turning into anger, his hands were sealed, and the infinite divine power gathered at Qin Chen between heaven and earth, instantly forming a square black square, trapping him inside.

"It's the prison of the Supreme God, the top secret technique of the Supreme God Sect, it should be able to trap him for a while."

"The follow-up moves of Jiyi Holy Master are powerful."

"I just said, how could Jiyi Holy Lord be defeated by a single blow."

Amidst the people's discussion, Jiyi Holy Lord looked fierce, turned his right hand up, and crashed down, shouting: "The Jidao is turning the sky!"

Amidst the astonishing divine fluctuations, a magnificent pillar of divine light fell from the sky, like a meteor, smashing into the dark square.

This smash, even a star, will be smashed and exploded, but unfortunately, it depends on who it is.

boom!

Without waiting for the divine brilliance to fall, numerous cracks suddenly appeared on the pitch-black divine square, and then burst into bursts, and a large amount of sword light shot out from the sword mark.

Qin Chen rushed out like the same **** of war, his domineering body stunned everyone.

boom! Qin Chen shot, the sword aura soared, and instantly exploded the divine brilliance released by Jiyi Holy Master, and at the same time Qin Chen, like a savage god, slammed and killed Jiyi Holy Master.

[Chapter 3545: Blood Shadow God Map](#)

Ji Yi Holy Master had a look of anger in his eyes. He never expected that his secret technique would be instantly exploded by Qin Chen, his expression was shocked, and his figure retreated madly.

However, Qin Chen's figure seemed to have traveled through space, and in a sudden flash, he had already arrived in front of him, waved his right fist, shaking the stars of the universe, and bursting with brilliant light.

"Killing Fist!"

puff!

Qin Chen's fist marks shook, and the Supreme Lord suddenly disintegrated, his body turned into pieces, exploded here, blood was splashed, and the forest was red!

Jiyi Holy Lord was bombarded and killed like this, everyone can't believe it? This is horrible.

Qin Chen's figure is not tall, even a little thin, but at this moment, he is like the ancient **** of war, just like this one punch smashes a holy master, causing him to disintegrate and splashing the Tiandang Mountains.

This punch was too overbearing, it was a master of the pinnacle, and a top master of the Tiandang Mountains, so bombed!

This scene is amazing.

The blood and broken bones flew away, causing some mountains to explode, and many light clusters bloomed in the endless mountains, which shocked people's hearts. It was the power of the law in the extremely holy main body that was bursting.

The power of the Dao Principles burst into pieces, and the burst of divine power made many masters difficult to breathe. It can be seen that the Supreme Lord is terrible, but even so, the Supreme Lord was killed by Qin Chen easily. .

"Master, I am stronger again."

Even Qingqiu Ziyi and the sword king Mu Zhifeng were dumbfounded, a little shocked, let alone other people.

At this moment, the whole world was silent for a short time, and all the strong were suppressed.

"Dead, just disappeared from the world like this?"

"No, it's impossible. I must be dazzled. Such a powerful peak holy lord was directly killed by this person. Is he a Venerable?"

Everyone was furious and shocked, and the masters of the Ghost Bat tribe and the Blood Shadow Sect were even more frightened.

"kill!"

Suddenly, the high hand of the Blood Shadow Sect taunted, Boom, this is a figure lingering in the blood, and opened his mouth to spit out a blood picture.

"Blood Shadow God Picture!"

Buzzing, buzzing...

A stream of blood shot out of countless acupuncture points on his body, and a devil-like phantom behind him rose slowly. In the center of his eyebrows, head, ears, nostrils, and mouth, it flew out. Pieces of fragments of God's picture.

Finally, a circular picture scroll was formed. In the center of the picture scroll, painted a blood shadow god, a pair of **** eyes, staring at the front, surging with endless terrifying power.

"It's the blood shadow **** map of the Blood Shadow Sect."

"The Peak Sacred Treasure!"

"The blood shadow **** map shows its power, we are ready to kill with one blow, and join hands together."

The masters of the ghost bat tribe and other forces screamed together, each of them surged with terrible power, gathered in the blood shadow **** map, to kill Qin Chen.

"Huh? Bloodshadow **** map, a bit interesting? Is this the spirit of an ancient powerhouse?"

Facing this blood shadow **** map, Qin Chen's eyes were indifferent, he let out a long scream, his body was raised, his aura climbed steadily, he grabbed it with big hands, the cracks in the roads, the rules of heaven, and the blood shadow **** map in the sky. Up.

Actually he had to take the blood shadow **** picture abruptly.

If it were to master the way of fate and get a breakthrough in the rules of the sword, Qin Chen would definitely not dare to do so, but now, Qin Chen was full of confidence and made a strong move.

Ohh Ohh ohh.....

The ghost cries, the holy lord screams, Qin Chen is like an immortal **** of war, the **** lord walking in the world, without everything, can override him, and the **** map suppresses, he tears the **** map.

His body sprang up like a dragon, and the infinite wild power rose from his body, and the sword energy surged from his body instantly.

Tear!

The most precious treasure of the Blood Shadow Sect, the Blood Shadow God Picture, was firmly grasped by him, and under the burst of sword aura, it was torn apart abruptly.

"What? The blood shadow **** map was torn directly?"

Many people were shocked by the big hands, especially the masters of the three major forces, and their hearts trembled in shock.

"kill!"

The blood shadow sect master roared, and with countless blood shadow sect masters, he teamed up to play a lore, countless blood lights, one after another, slammed into Qin Chen, and all of them were blocked.

"dead!"

Among the ghost bat clan, a master bat king also appeared, turned into a black shadow, and sprayed out a bat poison to kill Qin Chen.

Countless ghost bat clan masters turned into black streamers to cut Qin Chen.

"Kill these people once and for all."

Qin Chen's gaze sank, and an endless phantom of sword light appeared above his head, urging his power with all his strength, the huge source ran away, the holy essence burned, and the mighty aura began to rotate around his body.

boom!

He grabbed it with a big hand, and the ancient aura surged, and he caught the blood shadow master's lore technique. At the same time, the attacks of many masters such as the Ghost Bat Clan also fell, but

the moment he approached his body, he was cut off by countless sword qi, and the crushing power could not bring the slightest injury to Qin Chen. The attack of the bat masters,

They were bounced back.

"What kind of power is this, so powerful! Our ghost bat clan teamed up with one blow and we were all shaken away!"

The face of the ghost bat clan master changed, "I don't believe it, the ghost bat is coming, I use the way of the ghost bat to summon my ancient ghost bat god!"

Boom! Above his head, a cold and dark cave was opened, in which boundless poisonous gas permeated out. In the poisonous gas, the palm of a **** of ghost bat stretched out. This is that he is using the supreme divine way to communicate the mysterious alien. Space, call away

The ancient tyrannical ghost bat **** came out to fight.

"kill!"

Carrying billowing poison gas, he beheaded Xiang Qin Chen.

These poisonous gases can easily poison the late saint master.

"Use poison in front of me?"

Qin Chen sneered: "Sky Poison Entropy Fire."

boom!

The boundless poisonous fire lingered around Qin Chen, instantly burning the poisonous gas cleanly. At the same time, Qin Chen's breath was majestic and incomparable. He stepped out in one step, covering the sky with his big hand, and squeezed it down.

boom!

Qin Chen instantly squeezed the alien space, and at the same time, Qin Chen punched into the alien space, exploding the **** of ghost bat.

puff!

The ghost bat clan master vomited blood, screamed sternly, and retreated violently. Qin Chen looked at him coldly, his right hand turned into a sharp sword, and the void was slashed. Well, a mighty sword aura soared, and when it appeared, the ghost bat clan master jumped up and escaped into the void, trying his best to avoid it, but he was still unable to dodge. The edge of the eternal sword

.

"Eternal sword spirit!"

Qin Chen uttered a long roar, and the light of sword aura slashed past, and the ghost and bat clan master instantly splashed blood and turned into two stages. A master of the pinnacle of the Holy Master, Qin Chen took two swords.

[Chapter 3546: Ghost Bat](#)

Qin Chen thoroughly unfolded his supernatural power.

In an instant, it was so mighty and outrageous, with a single sword, the peak holy lord of the ghost bat tribe was cut into two parts.

It was a mess.

"And you, die!"

Qin Chen screamed and reached the front of the blood shadow teaching master in one step. He punched it out with his big hands, his palms were sunken, and the heaven and the earth were one.

collapse!

The blood shadow master was shocked, before he had time to display his most powerful power, he was blown out with a palm, his clothes exploded, and his body smashed into pieces.

"what!"

His body split, the blood flew across, almost burst to pieces, and Qin Chen was beaten to pieces.

"Kill!" Many masters of the Blood Shadow Cult roared and furiously attacked Qin Chen, but it was of no avail when they fell on Qin Chen. Qin Chen's figure shook, and he directly came to the master of the Blood Shadow Sect who flew out. Reached out, pinched him hard, then

Then I squeezed.

puff!

A master master of the pinnacle was squeezed and exploded by Qin Chen abruptly. Qin Chen at this time is like a peerless **** walking between heaven and earth, like a hungry wolf rushing into the flock of sheep, killing frantically, no one can resist his peerless majesty, the top master of the three major forces of Supreme God Sect , In his hands

He couldn't resist for a moment, he was beheaded. This method is too powerful, dark clouds, and murderous, although the peak sage masters of the extreme gods and other forces are relatively ordinary among the normal peak sages, and they are only a line stronger than the overlord sect master Xiong, compared to Kukai Ethnic

Mo Lan was even worse than Zhuge Tu Yang.

However, no matter what, they are all peak Saint Master masters, outstanding in the Tiandang Mountain Range, and they can all serve as deputy city masters when placed in Nandou City.

But now, he was defeated by Qin Chen with a few strokes, beheaded, and the collapse was like a flood that bursts a bank, like a bamboo.

This kind of momentum is too strong to imagine, like a **** walking around the world, raising his hands, and harvesting lives crazily.

what! There were screams. After the blood shadow master and the ghost bat master were killed and squeezed, the Saint Yuan exploded, and the soul light burst into the sky, revealing the appearance of their soul, and the ghost Above the remnants of the bat masters,

The power of the cold and cold condensed, unexpectedly reunited into the body.

Rebirth from a drop of blood.

The special method of the ghost bat tribe, the bat tribe, is a race that lives in a dark place and carries terrible toxins. Their vitality is extremely tenacious. Different from the human race, if you want to kill them, you must kill them at the root. kill.

"Ah, the poison of ghost bats, the source of infection!" This ghost bat clan master Yuanshen roared, an invisible toxin permeated his body once again. This toxin has a strong infectious nature. Once someone is caught, Will spread quickly among the crowd, it can't be eliminated at all, only

Let it spread, unless you isolate this toxin, you can only watch it spread out.

At this moment, these toxins rushed to Qin Chen quickly, turning Qin Chen into a poison king.

"Kill! This son is fierce, we must not let him survive, kill him."

The other disciples also roared with murderous aura.

"This person actually beheaded the vice leader!"

"One move, just one move."

"Damn it, die, I don't believe it, he is really an invincible God of War, and fight him."

"Save the remnant souls of the vice-master."

Many masters of the three major forces roared and shot one after another, because they all knew that at the level of the peak saint master, as long as there is a remnant soul left, there is a chance of resurrection, but once the soul is broken, there is nothing left.

For a time, many masters shot one after another, unbeatable.

The Tiandang Mountains are full of dangers, and the battles between forces are immortal. Everyone is licking blood at the knife's edge and is fierce. Therefore, seeing this situation, while furious, they are not afraid of death, and they all rushed forward.

Boom!

No one can describe this scene. The many masters of the three major forces, in this case, surrounded Qin Chen frantically, all kinds of streamer attacks swept and rose into the sky, really like a fierce battlefield, endless endlessly.

"No, the Supreme Sect Master is surrounded."

Gu Daozong was shocked by his innocent look, and he was about to rise to the sky, leading the master of Gu Daozong to take action.

The sword king Mu Zhifeng and You Qianxue also looked down. Although they believed in Qin Chen, they saw Qin Chen surrounded by so many masters of the three major forces, but they also squeezed a cold sweat for Qin Chen and couldn't help but want to take action. Help.

However, no one moved, and everyone was stopped by Qingqiu Ziyi.

"Master, he is cultivating in battle, breaking through himself...!"

Qingqiu Ziyi's eyes were shocked, and she said aloud, not to let other people take action, because she felt that Qin Chen's aura became stronger and stronger and more terrifying during the killing, and even formed a certain peak of resonance. .

This state and change can only be clearly felt by a master like her who has been half-step Venerable and touched the realm of Venerable. At this time, Qin Chen is transforming and tempering himself in battle.

What's more, she couldn't understand Qin Chen's strength. There were still many methods on her body that she hadn't used. People from these three major forces and even the top masters didn't come. How could she be Qin Chen's opponent?

Under the eyes of everyone, countless attacks surrounded Qin Chen, smashing him and beheading him.

But Qin Chen's eyes were cold, the space was operating regularly, and an invisible space barrier appeared around him. No matter how fierce the masters of these three forces attacked, they could not reach him, and he was still one step away.

"This is... the rules of space? What a mysterious space supernatural power." The master of the three major forces was shocked and lost his voice in amazement.

"Space magical power, huh, can't resist the poison of the ten thousand bats in this seat." The ghost bat clan master screamed coldly, and the strange toxins quickly poured into Qin Chen's body and began to in his body. Spreading in, this toxin is extremely terrifying, with a strong contagious nature, this side is empty,

Infected by toxins, even the void began to corrode.

However, the ghost bat toxin released by the ghost bat clan master instantly fell on Qin Chen and quickly spread into his body.

Oh oh oh!

A large amount of toxins began to corrode Qin Chen's body.

"Haha, as long as people who are eroded by our family's toxins, they will not escape the end of their lives. This poison is the power of our race that has been passed down for hundreds of millions of years and integrated into our race's genes. Your human race is unstoppable." The primordial **** of the bat clan master roared wildly.

[Chapter 3547: Infectious toxin](#)

"En? This toxin is really powerful." As soon as Qin Chen's eyes condensed, he felt that the cells in his body, the crystal structure of various ridiculous bodies, were rapidly being soaked by the toxin, and the toxin had a strong The smell of infection, it only entered Qin Chen's body at first, but

Soon, it spread to Qin Chen's body and began to destroy various systems in Qin Chen's body.

This was the first time Qin Chen saw this strong toxin.

It's a pity that if it were Qin Chen before, he might have been harmed by this toxin, but he now has the inheritance of the ancient Sky Poison Pill, and he is the originator of the poison used in the heavens. How could he be defeated by this small toxin? .

"The civilization of poison."

The book of origin in Qin Chen's body instantly surged with the power of the poisonous civilization, and began to analyze the structure of the toxin. Suddenly, the power of civilization surged, and the poison of the ghost bat was clearly decomposed.

boom!

The toxin pouring into Qin Chen's heaven and earth not only could not harm Qin Chen, but instead became a power in Qin Chen's body and was controlled by Qin Chen.

"Hahaha, this person has been invaded by the toxins of my ghost bat clan, let's start together and kill him."

The master of the ghost bat clan roared, rumbling, countless attacks, like a torrential rain, swept to Qin Chen densely.

However, as soon as their attack swept away, they saw Qin Chen who was wrapped in infinite poisonous mist, and a terrible light burst out of his eyes, booming, and the whole person walked out like a war god.

"This little bit of toxin is also suitable to poison me? Give me death."

Qin Chen blasted out with a punch, and the infinite poisonous light exploded. He reached out with one hand, and directly enveloped the shadow of the master soul of the ghost bat tribe, squeezing it tightly in his hand.

"Impossible, how could you resist the poison of my ghost bat tribe?"

The ghost bat clan master roared in disbelief.

"Hmph, what's impossible, I am the king of all poisons, what are you, die for me." Qin Chen squeezed his hand, ignoring the surrounding attacks, and suddenly squeezed the spirit of the ghost bat clan master. Suddenly, an evil source of all poisons permeated out, countless large peaks, the rules of the holy master, the rules of the ghost bat tribe, strength, and civilization.

, All merged into Qin Chen's body.

"The art of patching the sky."

Qin Chen roared, countless powers were smelted under the sky patching technique, and integrated into Qin Chen's own huge Optimus Prime, every crystal cell began to boil.

His strength increased again.

The poisonous civilization constantly appeared in Qin Chen. It has to be said that this ghost bat family is extremely terrible on the Poison Path. Qin Chen has already been inherited from the Sky Poison Pill Venerable. He has amazing accomplishments in the Poison Path. At this moment, the rules of poison in Qin Chen's body have been crazy. , Boom, he is in Poison

The continuous consummation of the rules will faintly merge with this heavenly way.

Following the Way of Destiny and the Way of Sword Qi, Qin Chen also reached a perfect state in the path of poison, enough to merge with the path of heaven, a feeling of breaking through the later saint master, once again rising in his body.

Under the technique of patching the sky, Qin Chen absorbed a lot of power and seemed to be brewing a peerless body.

Boom!

After Qin Chen refined the power of the ghost bat clan master, he stepped out again and arrived in front of the blood shadow master. At this time, the soul of this person was condensing and was about to be reborn in blood.

Seeing this, countless blood shadow masters roared and fought together, but they shattered after being hit by Qin Chen.

The Peak Saint Master of the Blood Shadow Sect was horrified, knowing that it was inevitable, and suddenly transformed into desperate anger, shouting: "The Blood Shadow is reborn, destroying the world and destroying the earth."

With a bang, a ray of blood blasted towards Qin Chen.

However, as soon as this **** light burst out, it was exploded by Qin Chen with a punch, directly squeezing his soul and exploding, unable to resist Qin Chen's round.

Then, the power of this blood shadow master was also melted by the sky patching technique, merged into the book of origin, and became Qin Chen's power. Qin Chen's power and power finally appeared at this moment. Every time he kills a person, his power increases a lot. At this time, the top masters of the three powers are almost completely killed by him. These have once bragged in the Tiandang Mountains. , Invincible

The master, in front of Qin Chen, was like an ant, and he was used as a stepping stone.

"Ah, the vice-master, we are fighting with you." The vice-master of the Blood Shadow Sect was beheaded by Qin Chen, and his soul was shattered. The other masters of the Blood Shadow Sect roared again. A high-level man suddenly appeared in his hand with a blood knife. This blood knife is not

Treasures seem to be made up of all the essence of ideas.

Kill Qin Chen with one sword!

"The blood knife is here, and the knife breaks through the ages!" This knife, without returning, was extremely tragic. At the moment when the knife was slashed, he breathed out blood and fire: "All of you are going back and taking things today. Report to the leader to tell the existence behind the Tianyuan Sect that I am Tiandang Mountain Range,

There is a peerless demon, and it must be killed. I will desperately stop this demon! "

"Can you stop it?"

Qin Chen walked in the void, his sleeves fluttering, and he flicked upwards, not only put the knife light into the sleeves, but even a large part of the void was included in the sleeves. The universe inside the sleeves, the space rules .

The moment Qin Chen took away the **** light of the sword, his hands made a complicated seal, and when they were combined, the laws of the void were distorted, as if thousands of dragons were transforming. As his hands raised, he shot out .

Boo!

The tall and mighty man who attempted to break was hit by Qin Chen in the air, and his whole body exploded, leaving no bones!

"Give me refinement!" Qin Chen walked around in a leisurely manner, grabbing directly, that broken blood shadow master, and many masters of the three major forces, were crushed by his burst of power. , Turned into a millstone of heaven and earth, crazily refining, in repairing the sky

Under the operation, it turned into the purest power, without dissipating at all.

Boom! Behind Qin Chen, there were countless visions. It was the soul will of many masters of the three major forces. The painful struggle, the power of fate, were refined by Qin Chen. These people will send you death, but their fate is the remnant soul. Are all revealed by Qin Chen

, What sets Qin Chen off is like a murderous god, it is really fierce and evil.

devil!

monster!

madman!

evildoer! This thought came to everyone's mind. Faced with the three top powers, they were able to kill a few peak holy masters with one person's power. This method and such harshness made everyone shocked. Those The demon clan who was subdued by Qingqiu Ziyi, at first symmetrically called Master Qin Chen a little disdain, but now, it is really frightened.

[Chapter 3548: All refining](#)

The young master of Master Qingqiu and Ziyi was really terrifying, they were indeed too naive before, and they don't know who is the real god. "You people from the three major powers are arrogant and overbearing in the Tiandang Mountains. Don't you always oppress the Old Dao Sect? Today, you came

here aggressively and regarded the Old Dao Sect as ants. I will let you know who is the real one. Ants, alive

Isn't it good? Have to die! "

In succession, Qin Chen killed many masters and entered his body, refining one by one. The huge essence, origin, laws, and magical powers continued to roll, and the power increased to a level that no one could imagine.

At this moment, Qin Chen's physical body was transforming, his killing intent was boiling, and the rules of killing were so comprehended by him. Boom, he had reached a completely new level, and he wanted to merge with Heaven.

"Go! Go!"

"Escape, get out of here."

"The leader and they went to investigate the sword tomb vision. We shouldn't have come here."

"Demon, this guy is a monster."

Almost all of the three remaining masters who are still alive are going crazy.

Originally, the masters of these three major forces were very determined, otherwise it would be impossible to protect their souls and fight Qin Chen even when the leader of their three pinnacles was bombarded. Because the Tiandang Mountain Range is very chaotic, and there are too many forces. Almost everyone of them has experienced countless killings before they can get to this point. The firm will not easily break down. Any fear, negative emotions in the soul, have been Eliminate

Lost in nothing, the spirit is strong enough to penetrate everything. But now, Qin Chen completely defeated their pride, their will, they did not expect that they were so fragile, all their pride was crushed, and they became the most humble existence of ants, so they were afraid

, The momentum fell a thousand miles away.

The masters of the three major forces have fully deployed their peerless bodies, all wanting to escape.

Boom!

In Qin Chen's gaze, murderous intent appeared, and with a sudden grasp, his palm expanded, boundless territory, boundless derivation.

"Supernatural powers of heaven and earth!"

This place of heaven and earth was suddenly captured by Qin Chen, forming an isolated island and a cage. No matter how much people from the three major powers escape, they cannot escape his control, as if every bird is trapped by a big net. , Struggling hard.

"The supernatural powers of heaven and earth, the territory of ten thousand heavens, are under my control, the light of destiny, no one can escape, refinement!"

Qin Chen grabbed the people of the three major forces alive, and the palm prints of fate were intertwined in his palm, and he began to cut.

"Ah, the force of destiny, who are you on earth?"

"We and Tianyuan faction are allies, don't kill us, Tianyuan faction is a member of your Zhuge family."

"No, don't kill us."

Many masters roared, panicked, their hearts collapsed, and they began to beg for mercy. They saw Qin Chen's power of destiny and even regarded Qin Chen as a member of the Zhuge family. Isn't that their own?

"Hmph, not the masters of all the arts of fate, they are members of the Zhuge family. The Zhuge family is just a pseudo-fate family, and I am the true **** of destiny."

Qin Chen was indifferent, like a high **** king, his power surged, his big hand overturned, crushed down, countless masters exploded, suddenly exploded with the power of origin and rules, and was refined by Qin Chen's sky patching technique. .

Screaming again and again.

What kind of a miserable picture? Many masters from the three major forces were all dead, and they were inhaled by Qin Chen. The infinite essence turned into a billowing dragon, wrapped around Qin Chen's body. With Qin Chen as the center, the space with a radius of thousands of miles turned into a thick lightning and thunder. , That is the Holy Master of Spirit

By law, all the laws of the holy master, once again transformed into optimistic pillars!

Boom!

Many of the origins and laws cannot be easily refined and integrated by Qin Chen, even with the sky patching technique. However, the rules of thunder in Qin Chen's body refine these powers and become Qin Chen himself The essence.

The countless masters of the three major forces were completely destroyed by him, all killed, and turned into their own essence! How abnormal is this? How incredible is it? Every disciple of the three major strengths is a prominent figure. He has survived to the present, has experienced many killings, and even has masters of the peak Holy Master level. But now, these superb people

All the objects were killed by Qin Chen, refining, like ants.

Everyone was dumbfounded, their eyes widened, like a ghost.

Countless essences, rolling, the essence of so many masters, too rich, quickly poured into Qin Chen's body.

call!

The origin of Qin Chen's body was surging, and the surging power inside his body kept tumbling, as if he was about to be promoted to the realm of the later stage holy master anytime and anywhere.

Qin Chen killed Zhuge Tuyang and mastered the real destiny. When he sensed the token of the Heavenly Secret Sect, he was already about to break through the late-stage holy master, but he didn't dare to break through.

Because he was too powerful to break through the rules required by the late Holy Lord.

Previously, Qin Chen felt that the nameless sword canon and sword card were also integrated into the realm of heaven in terms of the rules of the sword, and once again had the impulse to attack the late saint master. Now, under the blessing of the rules of poison, the rules of killing, and other forces, Qin Chen surgingly kills, gains insights, absorbs the power of countless rules, all kinds of powers are charged, and they are transformed in the flesh, Qin Chen controls the sky The power of rules

To begin to disintegrate, melt, and change into liquid, it must be combined with a huge force of heaven in the depths of the void.

"This is a sign to be promoted to the saint master of the later stage..."

Qin Chen had seen the sword king Mu Zhifeng break through the late-stage holy master, and naturally knew what it felt like to break through the late-stage holy master. At this moment, the power in his body was surging and could hardly be suppressed, which also made Qin Chen understand that he was truly about to break through.

To suppress it will only damage his root cause. "Okay, very good. I heard from the people of the three previous forces that the core masters such as the Yuan Sect and the Blood Shadow Sect all went to the Sword Tomb that day. It happened to be the land of the Sword Tomb. Lord, it is the blessing of heaven, destiny revolves, water arrives

It becomes. "

"But before that, I have to fuse all the strengths together."

Qin Chen immediately knew what was about to happen, and forcibly suppressed the eager Sheng Yuan, the Nine Star God Emperor Art in his body suddenly turned around.

Boom!

Under the operation of the power of the Nine Stars Divine Emperor Jue, countless powers of rules have all merged, and countless powers of the holy source begin to surging into Qin Chen's body.

"Master, this is going to break through the realm of the late saint master."

Qingqiu Ziyi said in surprise, excited. "Dust is going to break through the late Saint Lord?" You Qianxue also looked excited.

[Chapter 3549: Humanoid heaven](#)

"Everyone protects the law!"

The sword king Mu Zhifeng flew directly in the air, horizontally here, shouting to the surroundings.

"Everyone gathers to protect the Supreme Sect Master."

The Ancient Dao Sect Master Feng Tianzhen also screamed, banging, and saw that countless disciples in the Ancient Dao Sect flew out one after another. Yan Yuanlong and the others were so excited that they crossed their knees in the void to protect Qin Chen.

"Young Master breaks through, how can I wait for a shot."

Xiong Da, Xiong Er, and Xiong San also yelled. They were completely convinced by Qin Chen, especially now that they knew that Qin Chen was not even the late Saint Lord, they were shocked and about to convulse.

The young master is not even the late saint master, he can actually kill the peak saint master, once he breaks through the late saint master realm, how strong will he be?

unimaginable.

Everyone was very excited, one by one rising up to take up their own practice rules and strengths, countless late-stage holy masters worked together with their supernatural powers, connected to the rules of heaven, and helped Qin Chen.

Between the world and the earth, the power of countless rules surged into Qin Chen's body. Qin Chen threw out countless sacred veins from the jade disc of good fortune of the universe, one by one, like a blue dragon, roaring in the void, but was caught by Qin Chen. Imprisoned, constantly absorbed.

These holy veins were all the holy veins of the Holy Lord, but they were swallowed by Qin Chen like a billowing river.

Qin Chen's strength increased again, and the long-depressed realm spurted out again like a volcano.

This time, Qin Chen's savings have truly reached the peak. Since the middle of his promotion, Qin Chen has been practicing continuously, encountering countless experiences, chasing and killing the demon venerable, and beheading many masters to master their power.

There are many sacred masters of the late stage, including the Molan of the Konghai clan, Zhuge Tuyang, and Zhuge Mad, etc. There are countless, and now there are masters of the three major forces.

All these things add up, how terrible is the power?

Their rules are all controlled by Qin Chen, and so many terrifying powers are generally combined. Not to mention a mid-term peak holy master, even the peak holy master will be blown up, and there is no bones, but Qin Chen can accommodate it, now Make a change.

From quantitative change to qualitative change.

Realm improved.

In addition, Qin Chen's rules are getting stronger and stronger with every opportunity.

Waves of heavenly aura came down, and the original power in his body was ignited and burned automatically.

The aura of the heavens that contained the power of the heavens rolled down and burned frantically, turning Qin Chen's whole body into a huge torch, comparable to the great sun in the sky.

There was a dull air among the endless mountains, but when Qin Chen's power was agitated, it boiled, everything revived, and the mountains awakened. When this power came, Yan Yuanlong and others roared, Feng Tianzhen and others also felt the power of heaven, and only felt that their scalp was numb. Under this power, the Saint Yuan in their bodies was surging crazily. Got great

Place.

"Why is the movement of the Supreme Sect Master breaking through the late Saint Master so big?"

Feng Tianzhen himself is the late saint master, but he has never seen that a breakthrough of the late saint master can cause such a terrible movement, which is more than a hundred times stronger than when he broke through? Thousand times!

The sword king Mu Zhifeng was also very excited. After he broke through the late-stage holy master, although his strength was improving these days, his realm has been trapped, but at this moment, Qin Chen broke through the later-stage holy master realm, and he had something to break through the peak holy master. feel.

God, how is this possible, how long did he break through the late Saint Lord? What was even more shocking was that Qingqiu Ziyi, Qin Chen's power of heaven, shocked her. The power in her body was about to move. Originally, she didn't have much time to reconsolidate her body and wanted to return to the state of half-step venerable. , Also need to be big

Measured time, but now, when Qin Chen broke through the late-stage holy master, the power of the heavens drew so that the power in her body was also eager to move, and couldn't help but return to that half-step noble state.

It is simply unimaginable.

Boom!

At this moment, the wind and clouds changed color, the earth turned into nothingness, and infinite power continuously poured into Qin Chen's body, billowing and burning, Qin Chen's body was faintly fused with the heavens, and it was completely transformed into the aura that the later Holy Lord should have.

Moreover, Qin Chen's physical body is even more powerful, an ancient body, fused with the heavens, and the power of the Nine Stars Divine Emperor Jue perfectly merges all the power of the rules.

Cang Dang!

Suddenly, in the sky, the Heavenly Dao vibrated and thunder roared, and everyone was shocked to see that there were ghosts on the infinite Heavenly Dao.

"what is that?"

"Thunder Tribulation?"

"Isn't it? How could the thunder calamity occur in the later Saint Lord breakthrough?"

Many people raised their heads in shock. Above the infinite horizon, the power of heaven was hazy, and there were phantom shadows haunting the sky.

It's just that they have never heard that the saint master will encounter thunder robbery in the late breakthrough stage.

In the later stage, the Holy Lord, who is the Tao of Harmony, can cause thunder robbery?

When they were able to get in, the people were shocked to find that what was falling was not the thunder robbery, but actually the light of heaven, transformed into a human form, evolved into a variety of regular avenues, and fell down towards Qin Chen.

Humanoid heaven.

Each of those humanoid heavenly Dao represents a certain kind of avenue, exuding a mighty aura, and smashed off the top of Qin Chen's head.

"Heaven, the human form of heaven, what is going on? There are no people in the past, no one to come!"

"Unheard of, what is this?"

"Back then, I broke through the realm of the saint master of the later stage. I just suffered the fusion oppression of the heavens and absorbed the power. There was nothing at all. How could the breakthrough of the Supreme Sect Master be so terrible?"

Each of these humanoid heavenly realms is comparable to the pinnacle holy lord, and represents the top rules of a certain avenue. How can you resist it with all your strength? This blow, I am afraid that the pinnacle holy master will be seriously injured, or even exploded.

Moreover, this humanoid Heavenly Dao was not a single statue, but countless statues, which suddenly shattered, as if Heavenly Dao was testing, launching a fierce attack on Qin Chen.

Everyone was shocked, shivering under the aura of heaven, almost afraid to move. "This is... the test of the Dao of Heaven to the Young Master, how could it be so? Even if I and Eternal were in the realm of the enlightened sage, and wanted to transcend the Dao of Heaven, we never faced such a test of the Dao of Heaven. Will be so

Mutation. "

Qingqiu Ziyi gasped, and was taken aback. At this moment, the humanoid heavenly Dao, like a thunderstorm, slammed into Qin Chen one after another. Every time they touched Qin Chen's body, there was an earth-shattering explosion. The space on all sides exploded into fragments, and glass fell like glass.

Come down.

puff!

Many guarding masters vomited blood one after another, flying upside down one by one, unable to resist under the power of this heavenly way, one after another squatted on the ground, unable to move.

Just the breath of Heavenly Dao caused them to be seriously injured, which shows the terrifying power of this Heavenly Dao.

[Chapter 3550: Everyone is like a dragon](#)

The power of heaven is too strong, suppressing everything! But Qin Chen remained unmoved. Every time the impact of the humanoid heavenly Dao, he opened his mouth to spit out a mass of airflow. This airflow smashed the humanoid heavenly path and turned it into the power of the heavenly path to penetrate into Qin Chen's body. Middle, for his ancient body

Added strength, making the origin of it stronger.

This is a tribulation in disguise.

The power of Heavenly Dao, washing Qin Chen's physical body, not only could not bring him any harm, but on the contrary, it helped him to enhance the aura of Heavenly Dao in his body.

Hundreds of humanoid Heavenly Dao rushed down before and after, but they were all defeated by Qin Chen's breath, swallowed into the body, and every time Qin Chen swallowed, Qin Chen's whole body was shining.

Boom, a breath of the late saint master suddenly burst out from Qin Chen's body.

At this moment, Qin Chen absorbed the infinite aura of heaven, he felt that he and heaven were fused together, at this moment, heaven was him, he was heaven.

Qin Chen was completely immersed in the aura of heaven, his body seemed to have disappeared. Vaguely, Qin Chen felt a chaos in the depths of the universe. In the chaos, there was a mysterious power that attracted himself and filled it with Familiarity.

Heavenly. This is the heaven of the heavens. It is a group of rules that exist in the unnecessarily void. It maintains the operation of the heavens and the survival of the entire universe. The heavens have no emotions. They are just the rules of the heavens and the earth. But at this moment, Qin Chen has This

In the realm of heaven, I felt a familiar taste, as if he and the realm of heaven should have known each other in ancient times.

An inexplicable feeling passed into Qin Chen's mind.

"What the **** is... what's going on?" Qin Chen opened his eyes and looked at the heavenly path in the endless chaos. He saw the operation of the chaotic rules, but couldn't see clearly, even if he had reached the path of destiny. It is extremely terrifying, but still unable to see through the destiny of heaven,

Indeed, heaven itself is the existence that maintains the operation of destiny, how can it be easily seen?

He just felt the way of heaven inexplicably, felt familiar, like an old friend.

Rumble!

Above the heavens, the ruthless avenue of light fell.

what is that?

Everyone saw that Qin Chen stood proudly between the heavens and the earth, his whole body was surrounded by a terrible chaotic light, and the heavens entangled his body, setting him off like a **** king.

This kind of scene is too scary. Everyone is terrified. Many of them have broken through the late saint lord. However, there has never been such a scene. Heaven surrounds the body, like becoming the lord of heaven. person?

In addition, the terrifying power of Heavenly Dao poured down, and the rolling power of Heavenly Dao was also integrated into the bodies of many people present.

The power of the heavens in the sky is like pouring down and instilling in a big river.

Rumble!

A lot of divine light appeared on many people, and even started a breakthrough. Yan Yuanlong, who was originally the mid-term Saint Master cultivation base, shook his body suddenly, and his state of mind was already great. In addition, under Qin Chen's resources these days, the cultivation base has been advancing by leaps and bounds, and he has already begun to try to touch the later Saint Master state. , Just haven't touched

That's it, but at this moment, under the heavenly aura of Qin Chen's body, the power in his body was inexplicably boiling, and with a bang, he also broke through the later stage of the Holy Master realm and merged with the heavenly way.

When Yan Yuanlong broke through, Qin Chen instantly felt that a force in Yan Yuanlong's body was completely integrated with the heavenly path when he was in the body, and then was absorbed by the heavenly rules in the depths of the chaos and grew stronger. Heaven itself.

"Any martial artist who breaks through the saint master of the later stage will strengthen the heavenly path of the heaven." Qin Chen suddenly had a clear understanding in his heart. He had only heard of such things before, and only knew that the martial artist broke through the saint master of the later stage. , Will make Heavenly Dao powerful and transcend the realm of the Venerable, it will also suppress Heavenly Dao, and now, Qin Chen finally

Yu understood this process.

In the later process of the Holy Lord's fusion of the Dao of Heaven, a part of the original power will become the power of the Dao of Heaven and integrate into the Dao of Heaven itself.

In other words, in the heavens, the more powerful, the stronger the heavens. In this way, it can also explain why the Heavenly Dao today is not as powerful as the ancient times. Because of the invasion of the dark forces and the war of thousands of races, the powers of the various races in the heavens have suffered heavy losses and have fallen a lot. This also caused the power of the heavens and the heavens to become

Become weak, and finally in the ancient battle, the heavens were shattered and everything turned into ruins.

Today, although the heavens are restored, the power of the heavens has not been restored to its peak. Only when more and more masters appear in the heavens, the heavens will become stronger and stronger, and the restoration of the heavens will become more and more perfect.

This is a positive cycle.

"I hope everyone in this heaven is like a dragon."

Qin Chen said in his heart, he finally understood all of this and made a great wish to make everyone in the heavens like a dragon, and to make this heavenly Dao stronger and stronger against foreign enemies.

Boom!

Heavenly Dao was delighted, as if he knew Qin Chen's great wish, and the power of Heavenly Dao was pouring crazily.

Suddenly, the realm of the entire Ancient Dao Sect was shrouded by countless heavenly auras, the power of the rolling heavenly path poured down, and many masters had undergone transformation.

"Om!"

You Qianxue levitated, and her body was full of mighty divine light. Behind her, a benevolent but majestic figure emerged. She was a woman, like the ancient god, who suppressed everything, and it was the ancient Taiyin glazed empress.

In terms of talent, You Qianxue is not much worse than Qin Chen, even before Qin Chen's realm breakthrough, after realizing the power of this heavenly Dao at this moment, You Qianxue also broke through in an instant, stepping into the realm of the late saint master in one fell swoop. .

A mighty force entered into the origin of Heavenly Dao when You Qianxue's body melted into Heavenly Dao.

Boom boom boom! At this moment, many people were transforming. Qin Chen saw it and took out the remaining sacred veins in the Universe Good Fortune Jade Plate, and the masters of other demon races such as the Tyrant Xiongzong and the ancient Daozong, this In a moment, all the holy veins are

Take it out.

Boom!

Thousands of sacred veins are flying horizontally and horizontally in the void, forming a mighty picture, and the holy energy is pouring into everyone's body.

Everyone's body is changing. Qingqiu Ziyi was also excitedly absorbing the breath of Heavenly Dao. Om, the aura of the venerables emerged from her body. Originally, the strength that took years to recover, unexpectedly recovered in this short moment. A lot, and once again touched the realm of Venerable.
