[Chapter 3551: Where the sword mound is](#)

Next to Qin Chen, Xiao Yi, Xiao Huo, Xiao Ling, and Su Xiao Xiao all appeared, greedily absorbing the power of Heaven.

Even the Devil Tree of the Ten Thousand Realms was dancing with joy, a large amount of the power of the Heavenly Dao poured into the jade disc of good fortune in the universe, and the Demon Tree of the Ten Thousand Realms and the Divine Tree of the Heavens were all changing together.

Under the aura of heaven, the soul power of Venerable Skyfire, Venerable Demon of All Souls, and Eternal Sword Master who had been sleeping was also nourished.

Although this breakthrough was only a breakthrough in the late Saint Lord, the transformation of Qin Chen was unique.

Boom!

Everyone is changing, and the original aura rises.

"What's the matter?" Suddenly, Qin Chen showed a look of shock, because he found that when everyone on the scene broke through, ninety-nine percent of the power of the heavens raised up was integrated into the rules of the heavens and grew stronger. The power of heaven, but the remaining one percent

, Actually entered his body.

On Qin Chen's body, the aura of Heavenly Dao became stronger and stronger, giving people a feeling as if he had become Heavenly Dao incarnate.

what happened?

Qingqiu Ziyi was also shocked. Not only Yan Yuanlong and the others, but even her, also had a trace of the power of heaven, which was integrated into Qin Chen's body. All the power was nourished in Qin Chen's body, making Qin Chen's origin more Deep and terrible. This surprised Qin Chen and was pleasantly surprised. He didn't understand what had happened, was it the effect of the Nine Star God Emperor Jue? Or is he from the Tianwu Continent of the Source Continent, the son of the plane of the Source Continent? Or, these people are the gods who have endured him

The power of Tao has only been promoted, making him a little heavenly Tao?

Qin Chen didn't understand, he only knew that all the people of the ancient Dao Sect and many demon clan forces who were present had entered his body and strengthened his origin.

And this feeling is very special, making him a little heaven, not only improves his power, but also makes his origin special.

I don't know how long it took before the world finally calmed down, and countless auras were restrained, surrounding Qin Chen's body for a long time before dissipating.

The holy atmosphere around the world also calmed down.

The world around the Ancient Dao Sect became extremely sacred, turned into a series of earth, water, fire and wind, between Qin Chen raised his hand, a place with a radius of tens of thousands of miles, unexpectedly evolved countless mountains, rivers and land, in the ground, water, fire and wind. Born in.

"This....."

Everyone opened their eyes and watched as Qin Chen raised his hands to evolve the mountains and rivers, the mountains and rivers that had been destroyed by the violent roar, unexpectedly resumed in Qin Chen's hands.

This method is almost like a **** of creation.

"Xiaotiandao, it really is magical."

Qin Chen's body has the power of many people's heavens, as if he has become some kind of small heaven. He has the ability to evolve everything between his fingers. This ability makes Qin Chen feel magical.

Everyone saw that the mountains and rivers that were originally here, under Qin Chen's breakthrough, the mountains and buildings, mountains and rivers destroyed by the power of the horror of heaven, are now actually reunited, and they still maintain their original appearance.

Every detail in this mountain and river has been reshaped, everything is restored, and the world is still the original world.

"Master...you are..."

Qingqiu Ziyi's eyes widened. "I have been promoted to the realm of the late saint lord, how about deducing the universe and reshaping the universe? This world is still the original world, I have made a mistake? One grass and one tree, one flower and one stone, one sand and one sand. There is nothing like the original dust

Different place. "Qin Chen said confidently.

"No... No..." Qingqiu Ziyi's throat also seemed to be stuck.

Venerable can't do this, right?

"Master, I can't describe your strength in words." Dao Wang Muzhi's mouth looked like he was about to swallow an elephant.

"A means of creation."

Su Xiaoxiao's eyes widened, dumbfounded.

boom!

The endless power in Qin Chen's body was restrained, and he saw everyone present admiring and looking at him, Feng Tianzhen and others all knelt on the ground, as if worshipping a god.

It was really that Qin Chen's changes were terrible, and the method of creation completely shocked them.

"Everyone, get up."

Qin Chen raised his hand, and immediately everyone raised him. He looked at the countless disciples present with a smile of joy. Because of this breakthrough, everyone had undergone earth-shaking changes. Only the late saint master showed more Seven or eight.

This is just a breakthrough for a while. Many people have already undergone transformation after accepting this baptism of Heaven. As long as they have enough resources, they can break through the realm of the late Saint Lord in one fell swoop.

What excited him the most was that You Qianxue also broke through.

"Qianxue, you also broke through."

Qin Chen came to You Qianxue and hugged her. After Qianxue broke through the late saint master, she became more and more noble, holy and holy, like a female emperor, with a dignified but inviolable temperament. Her whole body, the flow of the power of the yin, is the breath of the female emperor of the lunar glaze ,to

Supreme.

The two stood in front of everyone like this, just like a couple of gods.

"Sect Master Fengtian, the sword tomb has changed. Next, Qian Xue and I are going to the sword tomb."

Qin Chen said to Feng Tianzhen: "When I am away, you should be careful. It is best to hide it to avoid being caught." Find."

Qin Chen had a faint feeling that the sword mound had changed, that it would become dangerous here.

"Master, I will go with you too." Qingqiu Ziyi said.

Qin Chen pondered for a moment and said, "Okay."

Qingqiu Ziyi is a nine-tailed fairy fox, with extraordinary strength, and she is also the woman of the eternal sword master, so she can go naturally.

"Elder Mu, you can stay." Qin Chen said to the sword king Mu Zhifeng.

"Yes!"

Sword King Mu Zhifeng said respectfully.

Whoosh!

In the next moment, Qin Chen quickly left with You Qianxue and others, rushing towards the sword grave.

Sword Tomb, one of the most terrifying forbidden places in the southern heaven. The name is Sword Tomb. It's not that there are burial swords everywhere here, but countless sword intents are surging. Deep in the core, there is a terrible sword aura. Among them, **** sword intents are floating all year round, and there are also demons. Qi surges, in the deepest part of the sword grave

, There are many war swords and ancient swords.

There are two apparent dangers in the sword grave.

One is the magic shadow. The sword mound was the place where the magic shadows were born in the ancient times. There are a lot of magic shadows inside, and no one knows how many. For the magic shadow. Due to the vastness of the special power of the Sword Tomb Rule, the human masters of the Southern Heaven Realm could not erase the demon shadow in it, and could only let it exist, as long as the demon shadow did not come out.

[Chapter 3552: Cycle of life and death](#)

The second is the chaotic kendo will.

Staying in the sword mound for a long time will be attacked by the chaotic sword intent, combined with the invasion of the demon ghost from the remnant soul of the demon race, and become a lunatic, bloodthirsty and impermanence, and become a member of a different kind of demon.

Due to the existence of these two major dangers, even though there are rumors of a shocking heritage in the sword tomb, it is discolored because it is easy for anyone to break in.

Even the masters of the Tiandang Mountains are generally unwilling to enter the sword grave easily.

"Everyone, this is the second time we have come to Jianzhong after ten thousand years!"

At the entrance of the sword tomb, the space was shattered, and a group of demon clan powerhouses surging through the sky came out. "Yes, there are many crises in the sword tomb. It is rumored that there is a heritage of a top human race in the ancient times. It is a pity that we have searched here many times over the past tens of thousands of years, but we still found nothing. Remember 100,000 years ago That time, I had just fled from the territory of the Demon Race to the Southern Heaven Realm of the Human Race, and established a foothold in the Tiandang Mountain Range, just wanting to rise again here and return to the Demon Race. In order to become stronger, I waited for a dozen good brothers to break into the sword grave together. Among them, I want to search for the so-called ancient

It's a pity that the human race's top inheritance..."

A demon master with silver vertical eyes at the center of his eyebrows and silver fur all over his body sighed.

This demon is one of the five major sects of the demon race, the overlord of the Silver Eye Demon Wolf Sect, and one of the demon giants in the Tiandang Mountains.

It looked very emotional, and there was desolation in its eyes. "Ten thousand years of vicissitudes of life, we have been in the Southern Heaven Realm for more than one hundred thousand years, and we have established five great demon sects in the Tiandang Mountains, which are in charge of one party. Unfortunately, we still cannot return to the monster race, the lion head, the blue elephant king. , Xuepeng, Jiao Mukui, last time we had more than a dozen good brothers entered together, but when they came out, only seven were left. Later, the black bear and the giant crocodiles also offended the top of the Southern Heaven Realm. The forces fell in the battle of the Tiandang Mountains, time flies too fast

A hundred thousand years, fleeting, and five of us are also old. "

Silver Eye Wolf King said quietly.

Beside it, there are the other four masters of the demon sects, the liger demon master, the golden blood penguin, the blue elephant king, and the Jiao Mukui. All of the five demon masters escaped from the demon clan to gain a foothold in the southern heaven.

"This time, Jian Tomb has unexpectedly moved, I must wait to come out alive." Silver Eye Wolf King said.

Among the five great demon masters, the lion tiger demon master has the most terrifying aura, and a series of terrifying auras surround it, and the suppression of the heavens is even slightly repelling.

"Definitely, our five brothers will come out alive. At that time, I will take out the demon wine I have treasured for many years and share it with you." The Green Elephant King laughed.

"You guy, more than 100,000 years have passed, and the wine brought from the Yaozu back then hasn't been drunk? I really miss it." Jinwen Xuepeng and Jiao Mukui said excitedly.

"I only have the last few altars left. When I drank it, it's really gone." Qing Xiang Wang shook his head.

"You guy, don't worry, we have to survive for your demon wine, or we will lose a lot." Silvereye Wolf King said.

"Relax, now that elder brother has broken through to the realm of half-step venerable, I will follow in the footsteps of elder brother and march towards the realm of half-step venerable. This time, we will be safe and sound." Jin Wenxuepeng said. The Lion Tiger Demon King shook his head, his eyes solemn:

"This time the sword mound has a very special change. I have waited for tens of thousands of years since I came to the Tiandang Mountain Range. I have never seen this before, and the sword energy that pierced the sky not long ago. The vastness enters the sky, straight into the sky,

I suspect that many powerhouses in the entire Southern Heaven Realm are aware of it, even those old antiques from top families..."

Silver Eyed Wolf King frowned and said, "Big brother, you mean the ancestors of those top families?"

The great demon kings were shocked. Comparing the forces of Jian Tomb and Tiandang Mountains, what they feared the most was not the crisis in Jian Tomb, but the ancestors of the top forces in the Southern Heaven Realm. The rumors were all inherited. The old fellow who came down. They are from the demon race, and they naturally know how terrifying the masters of the Venerable Realm are. For more than 100,000 years, the five great demon sects have been famous in the Tiandang Mountains, but they have never set foot in the territory of the southern heaven human race outside the Tiandang Mountains, even in the Tiandang Mountains. they

They just formed an alliance and didn't rule the roost. They directly drove away other human forces such as the Tianyuan faction because they knew that although the Southern Heaven Realm had a large number of people, it was ultimately the territory of the human race.

"Yes, this time the sword tomb is the biggest danger, not from the sword tomb, but may be the people of the top human race." The Liger Demon King said with a cold look. "However, I got news that some human masters appeared in our Tiandang Mountain Range and joined the Ancient Dao Sect and the

Ancient Dao Sect. These years, they have been suppressed by the Tian Yuan Sect. It is rumored that there was someone from the Southern Heaven Realm behind the Yuan Sect that day. Top world Home, I don't know who it is, dare to fight against Tianyuan faction. "

"Not only the Ancient Dao Sect, there seems to be a master of the demon race in the Tiandang Mountain Range recently, who has subdued some of the marginal forces under our five major demon sects. Now the Tiandang Mountain Range is becoming more and more chaotic. It is really windy and rainy. Come."

"It doesn't matter, after the visit to the sword tomb is over, let's check it carefully. The most urgent thing is to figure out what happened in the sword tomb."

"Go, go in, this time no matter what, you must go deep into the sword grave."

The liger demon lord's figure flashed, and he swept into the sword grave.

The Silver Eye Wolf King followed closely, and then, Jinwen Xuepeng and other monster masters flew all together and escaped into the depths of the sword grave.

Three days later, there was heavy rain outside the entrance of the Jian Tomb, the sky was gray and dark clouds were overwhelming.

call out!

A flying boat cut through the sky and galloped in.

Less than 10,000 meters away from the entrance, Feizhou stopped, and three figures appeared, with thick black hair and a large blue robe, but it was Qin Chen. By his side, You Qianxue and Qingqiu Ziyi followed him. .

After handling the affairs of Ancient Daozong, Qin Chen went to the sword tomb for the first time. After spending this time, he and You Qianxue and Qingqiu Ziyi finally arrived outside the sword tomb. Jian Tomb is located in the core of the Tiandang Mountains. In the Tiandang Mountains, the forest is prosperous, but the land of the Jian Tomb is a strange plain. It is not unreasonable to say that it is strange. The Jian Tomb and the Tiandang Mountains are formed. Contrasting painting

surface. Outside the Tiandang Mountains, there is lush greenery, but in the sword mound, there is no grass growing and it is extremely desolate, and there is no obvious dividing line between the two, because at this moment, this place is still green, the next moment, the green grass may wither instantly , Health

The opportunity dissipated, and in a desolate place, shoots sprout again in an instant, and the shoots grew at an astonishing speed. After a while, the green grass covered the ground.

Life and death!

Prosperity and failure! It's happening all the time here.

[Chapter 3553: Magic Shadow Essence](#)

And this area is the beginning of the forbidden area, and most people don't dare to break into it. It is called the entrance of the sword grave.

"This is... the breath of death in the sword grave, but why is there life emerging?"

The breath of death in the sword tomb Qin Chen understood that it was the ancient battlefield of humans and demons. After the war, the rules were broken, and a dead space was formed, deserted and understandable, after all, it was a forbidden place.

However, why is there a scene where the rules of life and death are constantly changing? This kind of change, even if he mastered the rules of death, couldn't comprehend it for a while, it was very natural, like the way of heaven.

There seems to be the cycle of life and death. Life is not the starting point, and death is not the end. Life and death are just a cycle.

Qin Chen had long obtained some information about the sword grave from Feng Tianzhen, the master of the ancient road, and knew the situation here. "The periphery of the sword mound is still safe. Saint master level masters can break through, but in the middle zone, the Saint master will not be able to break in in the later stage, and will die. As for the core zone, even the top noble family in the southern heavens. Ancestors of

Going deep, I don't know what it contains. "

Qin Chen thought silently.

"The chaotic sword intent in the sword mound can not be afraid of me. The devilish energy erodes, and it is nothing to me. As long as it is not too outrageous, it should not be enough to affect us. The only trouble should be the killing caused by the remnant soul. Demon shadow, can't help but guard." Demon shadow, transformed by the remnants of the ancient dead masters of the demons. These remnants have no will, only a killing instinct, and they are ever-changing and have no specific form. Against the enemy, he found a leak and turned the magic light into the body

Inside, even if you have great abilities, you can only die with hatred.

"You two follow me, be careful."

With a flicker, Qin Chen turned into a sword light and swept into the sword grave. Sword tomb, there are universe inside, at a glance, it is boundless, it is obviously raining outside, but there is no movement inside, the sky is red, the ground is covered by black air currents, black air currents ups and downs, like a continuous flow

The black sea, this sea, is still glowing with blood.

"What a strong rule."

As soon as Qin Chen entered the sword tomb, he immediately felt his body sink and fell tens of meters. The pressure on his body around him was a hundred times that of the outside world, and the gravity was also a hundred times that of the outside world.

As for the soul power, it can only spread out for hundreds of miles.

It should be understood that Qin Chen's soul power is as strong as Half-Step Venerable, and he was also strongly suppressed.

"Master, this sword grave is under a lot of pressure."

Qingqiu Ziyi frowned and said that when Qin Chen broke through, her cultivation had already recovered a lot, and her body actually revealed a kind of venerable taste.

This is when she began to restore the half-step Venerable cultivation base.

"Qianxue, can you still carry it?" Qin Chen glanced at You Qianxue.

A chaotic sword intent lingered, and combined with this rule suppression, Qin Chen was afraid that You Qianxue could not support it. "Dust, you underestimate me? I'm also a genius of swordsmanship. Back then, in the land of the Five Kingdoms, in the inheritance of the Demon Sword Sect of the Northern Heavens, I didn't inferior you much. How could this little sword intent affect you? My will." You Qianxue smiled softly,

Indifferent and elegant.

There is a noble temperament on her body. After breaking through the late saint master, she is in the way of fusion, and she has a more and more thorough understanding of the inheritance of the lunar glaze supreme, and her temperament has become more and more dusty.

"Yes."

Qin Chen remembered that when He You Qianxue was in the Demon Sword Sect back then, there was nostalgia in his eyes, but immediately, his eyes fell.

I remember that when I was passing on the Demon Sword, it was the first time I met Ru Yue and Si Si. Qin Chen felt a sudden pain in his heart, recalling what a wonderful period of time that year, and now, even though he came to the Southern Heaven Realm, He Ruyue still disappeared, as for Sisi, he was brought into the Demon Race by the Demon Princess. , Somehow

See each other when.

"Venerable."

Qin Chen said silently, waiting for the day when he breaks through the venerable, he will definitely break through the demon world and find Sisi.

Now, he has arranged for Qin Mo and Ling Yuan to enter the Demon Realm first, and go in ambush. I believe that one day, he will bring Sisi back, he swears.

A pair of gentle hands held Qin Chen's clenched fists, warm and relieved, it was You Qianxue.

She looked at Qin Chen tenderly, seeming to know what Qin Chen was thinking, leaning on Qin Chen, and muttering: "Chen, I believe Ruyue and Sisi will be fine."

Qin Chen hugged Qianxue, felt the scent of Qianxue's body, smelled her hair, and the irritability in his heart was slightly calmer.

He couldn't help being shocked, his mood had fluctuated before, and he didn't even notice it.

Is the chaos sword intent affecting you? But it shouldn't be!

Whoosh!

Suddenly, a black air stream condensed, turning into black light and rushing towards Qin Chen.

"dead!"

Qingqiu Ziyi pointed his finger, a demon's power condensed, shattering the black light, and the demon's power made the magic light unable to condense again.

"This is the magic shadow?"

Qin Chen looked at the black light exploded by Qingqiu's purple clothes. After the black light was exploded, it was still violently distorted, as if it were about to condense again.

"Master, you two will kiss me as soon as you come up. If you are in other places, it doesn't matter if I am a light bulb, but this is a sword grave, should you be more careful?" Qingqiu Ziyi faced Qin Chen He You Qianxue was speechless.

She was really melancholy after being sprinkled with dog food before.

You Qianxue's face blushed slightly. Qin Chen didn't take it seriously. He touched the black light of the demon shadow with his hand and frowned slightly. He had also felt the way of the deep demon. He had an extraordinary understanding of the rules of the demon clan, but in this demon shadow, he did not feel the slightest magic rules,

There is only some confusion of the magic way consciousness.

call! Qin Chen urged the Ten Thousand Worlds Demon Tree, and the power of the Ten Thousand World Demon Trees penetrated into this demon shadow. The demon shadow burst with a pop, then turned into ashes and dissipated. Part of the will of the Demon Path was swallowed by the Ten Thousand World Demon Tree. , There is still some power

The absorption of the Devil Tree of the Ten Thousand Realms dissipated in the air and turned into nothingness, even Qin Chen didn't see how this power disappeared.

strange?

What is this magic shadow?

Qin Chen wondered whether it was the ancient Dao Sect or what he had heard that these magic shadows were all ferocious intentions transformed by the remnants of the ancient masters of the demon clan after they had fallen, but after touching them, Qin Chen vaguely felt. This magic shadow should not be that simple.

"Let's go."

Qin Chen glanced at the front, took You Qianxue's hand, and quickly swept toward the depths of the sword grave.

"It's too much to hold hands at this time."

Qingqiu Ziyi raised his brows, a little speechless. At this time, outside the Tiandang Mountains, Qingxue Guhua, the ancestor of the Qingxue family, suddenly landed with Qingxue Silan and Qingxue Siyun.

[Chapter 3554: Relatively good match](#)

"Grandpa Grandpa, this is the Tiandang Mountain Range?"

Qingxue Silan looked at the Tiandang Mountain Range in front of her suspiciously. It was the first time she came to a place like Tiandang Mountain Range and was very curious about it.

In fact, before her sister was seriously injured, she had hardly been out of the Qingxue family's territory.

Qingxue Guhua glanced at the Tiandang Mountains and said, "Let's go, we should be here early. There should be many masters who were sensed by the sword mound's abnormal movement. We have to find your master first."

"Grandpa Grandpa, the Tiandang Mountain Range is so big, where can we find Master?"

"Go to Ancient Daozong first."

"Gu Daozong, what kind of power is it?"

Qingxue Silan was taken aback.

Qingxue Siyun on the side wondered: "Ancestor, do you mean that the reason why Silan's master came to the Tiandang Mountains is also for the inheritance of the ancient Tongtian sword pavilion?"

"Tongtian sword pavilion, what is it?" Qingxue Silan was confused again. Qingxue Siyun explained: "Tongtian Sword Pavilion is one of the top powers of our Southern Heaven Realm in ancient times. It is one of the top powers in the ancient celestial realm. It is extremely powerful. Later, because of the battle of ten thousand races, it disappeared. Left

The site is the site of the sword grave in the depths of the Tiandang Mountains. The Ancient Dao Sect was a force in the Tiandang Mountain Range. His predecessor was the Miejian Sect in the Tiandang Mountain Range. Because of oppression, he changed his name to Gu Daozong. "

"There are rumors that this ancient Dao Sect is most likely the remaining power of the Tongtian Sword Pavilion."

Qingxue Siyun is the future heir of the Qingxue family. Over the years, he has been in control of a lot of information about the Qingxue family, and naturally he knows far more than Qingxue Silan.

"The remaining power of the Tongtian Sword Pavilion? Sister, do you mean that Master may be the descendant of the ancient Tongtian Sword Sect?" Qingxue Silan was shocked. No wonder Master is so powerful. "This is just a guess. As for whether it is not, I don't know if it is. Actually, at first, my Qingxue family didn't know anything about this ancient Taoist school, or was it because I discovered that the Zhuge family had been secretly controlling the sky over the years. One of the mountains

For these forces, our Qingxue family only came up with a guess after investigating the former Sword Sect. "

Qingxue Guhua nodded and said: "It seems that this guess is still somewhat true. You should know if you go to Gu Daozong first."

Whoosh whoosh!

At the moment, Qingxue Guhua took Qingxue Silan and Qingxue Siyun quickly to Gudaozong.

Ancient Daozong.

After an unknown amount of time, with a bang, the void split, and Qingxue Guhua appeared in the void with her two sisters Qingxue Silan.

"Ancestor, the people of Gu Daozong don't seem to be there."

Qingxue Siyun looked at the empty sect with a look of surprise.

The sect in front of him was empty, without any disciples, as if it had been emptied overnight. Qingxue Silan flew down eagerly, trying to find her master, but in the Old Dao Sect, there was an empty space, and many things were taken away, and it can be seen that the Old Dao Zong walked in a hurry and almost did not leave. Too many marks

trace. She didn't know that before going to the Jian Tomb, Qin Chen was afraid of what dangers Gu Daozong would encounter, and had told Feng Tianzhen and others to leave early, and found a remote place in the Tiandang Mountains to hide, because Qin Chen had a feeling. This time

The mountain range will not be calm, not to mention that with Zhuge's destiny, it may not be impossible to calculate anything. He must be cautious.

After searching for a while, Qingxue Silan and Qingxue Siyun both returned to the sky in loss.

"Ancestor, the people of the Old Dao Sect have all been evacuated, but there are many traces of other sects around the Old Dao Sect. It seems that many demon races have gathered. Could this old Dao sect have been destroyed by the demon race?" Qingxue Siyun frowned.

"Will Master be in danger?" When she heard this, Qingxue Silan was suddenly worried, clenched her hands tightly, and said nervously.

Qingxue Siyun shook his head, her sister is really concerned and confused, her heart has long been confused by the master, then what is Qin Chen's ability to make her sister so addicted?

According to my sister's previous account, his master shouldn't seem like someone who can easily get into trouble. "Sister, don't worry, your master should be fine. According to your description, even if your master is the top five demon sects in the Tiandang Mountains, he may not be able to easily kill him." Qingxue thought about it. Shaking his head: "Sister, if you really

If you like your master, don't be so obvious. I can tell you that if a woman is too active, she will not be cherished by a man. "

Qingxue Silan immediately blushed and said ashamed: "Sister, what nonsense are you talking about? I don't have any unreasonable thoughts about Master. I'm just worried about Master's safety, but it's sister. You and Master might be a good match." Qing Qing Xue Siyun's face became serious, and he said

in a deep voice: "Sister, you just need to talk about it in front of me. I really saw your master. I hope you never say such things. You know, sister is Won't like any man

, My sister's dream is to become the head of the Qingxue family and lead our Qingxue family to glory in the future. "

"But elder sister, aren't you tired like this?" "Tired?" Qingxue Siyun smiled, "As long as the Qingxue family can be resplendent and tired, what is it? The only thing I fear is that I don't have this. Ability and strength, as for the love between men and women, I have already forgotten them, and

There won't be any man in this world that will fascinate me. My man must be a peer who is above me in strength. So far, I have not met such a person. "

"That's sister, you haven't seen Master before." Qingxue Silan grumbled coldly. I don't know why, she was very angry when she heard her sister say that. "Okay, don't talk about it." Qingxue Guhua's eyes were shocked, "This world, there is a breath of heaven and earth, there should have been some major events here not long ago, and here I feel the strong Kendo means our

There should be no mistake in guessing, your master, Silan, should have been here not long ago. "

God?

Both Qingxue Siyun and Qingxue Silan were surprised.

"Ancestor, what do we do next?" Qingxue thought to herself.

"Go, go to Sword Tomb. No matter where the ancient Dao Sect people go, but there is no doubt that as long as Silan, your master is here, as a kendo master, you will be able to sense the abnormal changes in the sword tomb. Then I will definitely go to the Sword Tomb."

Qingxue Guhua's figure flickered, and quickly left here with Qingxue Silan and Qingxue Siyun. And when Qingxue Guhua and others went to Jian Tomb, outside the Tiandang Mountain Range, waves of mighty auras rose up, and waves of powerful auras kept rushing into the Tiandang Mountain Range.

[Chapter 3555: Don't call me grandpa grandpa](#)

These auras are filled with terrifying auras. They are some of the top powers in the Southern Heaven Realm. There are top powers comparable to the Zhuge family and the Qingxue family, and there are also powerful powers like the five great monster sects. Mizuka

attract.

"It seems that this time there will be a lot of forces coming to Jian Tomb? Almost the entire Southern Heaven Realm has moved."

A strong man murmured, he brought a group of masters, and his aura had reached the realm of the peak saint master, very powerful.

But in these countless faintly flying breaths, their group was not even very conspicuous.

"The land of the Sword Tomb is the top forbidden area in the Southern Heaven Realm. It is rumored that there is a heritage against the sky. Now that there is an abnormal change, how can we not come."

Some experts who knew him said that it was also a certain powerful force, and the experts gathered together like clouds.

At this time, the forces that know each other must naturally be prepared and unite in time. Outside the Tiandang Mountains, there seems to be a storm brewing.

As the breath swept into the Tiandang Mountains, many people's expressions became serious.

Among these breaths, two breaths are extremely special.

These are two people, a man and a woman, whose breath is extremely restrained, making it impossible for people to capture their specific cultivation.

The woman's breath is very ethereal and vast, like moonlight, it feels like nothingness. Her face has a special veil, it is some kind of top hidden treasure, which makes people unable to see the true face. . But even so, the sacred breath and holy light still make people throbbing, especially when she is wearing a pure white gauze, which is extremely ethereal, like the fairy skirt of the Nine Heavens Goddess, reflecting hazily The grace of this person

His body looks like a natural craftsmanship, not like it can be found in the world.

This woman carries a sharp sword on her back, her temperament is proud and outstanding, and she exudes a sharp sword intent. People can't help but guess what a face behind this veil?

Therefore, even with the veil, it still makes the hearts of many masters throb, and makes the forces in the Tiandang Mountains fall in love with it.

And the figure beside this woman is a man, but her breath is much older, and even a hint of twilight is surging, but in this twilight, there is yet another kind of ethereal, detached, and transcendent temperament that makes people unpredictable. well.

"Two friends, I don't know what forces they are from? The leader of the Tianyan Sect in the Southern Heaven Realm, Ni Juetian, seems to have never seen two in this Southern Heaven Realm."

From a distance, in this group of forces, a domineering, blatant middle-aged man flew over and said with a smile at the two, but his eyes were always staring at the woman carrying a sword, like a moonlight.

Pian Ruo is shocked, like a dragon, unspoken, and angry like an orchid! Ni Juetian, the leader of the Tianyan Church, exclaimed in his heart, making his heart itch inexplicably. He had 78 beautiful wives in his life. Even in today's Tianyan Church, there are still 36. Mrs. Master, each one is beautiful

Zi, but compared with the woman in front of him, that is really a far cry between Fanni and Jieyun.

This beautiful woman has a cold temperament and did not look at him, just staring at the sword grave.

"Sword Tomb!"

She murmured, thinking of some past events.

And the man next to her also said nothing, carrying his hands on his back, staring into the distance, but the aura on his body became colder and more ethereal.

"Two?" Ni Juetian frowned, his expression a little unhappy.

He is also one of the top forces in the Southern Heaven Realm. Although he is not as good as the Zhuge family and the Qingxue family, where there are venerables, he is also a top master who is close to touching the artistic conception of the venerable.

He stepped forward and was about to speak again.

But suddenly, the ethereal man turned his head, glanced at him indifferently, and uttered a word, "Get out!"

Boom! That day, the leader of Yanjiao only felt that in his mind, the world was roaring, everything was gone, only the endless darkness was left, puff, he spouted a mouthful of blood, kicked and kicked, and backed hundreds of steps, before his eyes were restored. After the light, the holy yuan in the body boils

Teng, looked at the twilight man in shock.

A look shocked him, and at the moment the other person looked over, he even saw the breath of death coming.

"Senior, excuse me."

He hurriedly bowed to salute, hurriedly backed away, and a look in his eyes shocked him. Who was the other party? Too strong, half-step Venerable, or Venerable?

Neither the woman nor the twilight man paid any attention to the retired Tianyan Sect leader.

Others looked at the two in shock. People from other forces also had their hearts. But at this time, they didn't dare to move one by one. Even the leader of Tianyan Sect was stunned. They might also go up to death. Portion.

"Grandpa, are we really okay when we come out?"

Seeing other people hiding far away, the beautiful woman said to the Qiqi man that the man was actually her grandfather, but his aura was clear but still very full of energy. Although the Qiqi was heavy, it was very ethereal. "As long as it is not discovered by those people, there should be no problem. Ruyue, the site of the sword tomb is the site of the ancient Tongtian sword pavilion. I have learned from the handbooks of my ancestors that there is a sky in this sword tomb. The heaven-shocking mystery that the sword pavilion was destroyed in the past, and it has a huge connection with my Ji family. Don't you always want to improve yourself? As long as you have the inheritance of the Tongtian sword pavilion, those guys in the clan may not dare to be here because I am only from the lower realm. , And bound us, Humph, I've long seen those old things upset. "

"Also, don't call me Grandpa Grandpa in the future. It's so terrible. Call me an old attitude. My true age is only three hundred years older than you. In this heaven, I can be considered a peer. Up."

"Unexpectedly, you actually got together with my good brother. Qin Chen, that kid, is too much. When I break through the realm of the nobleman, I will take you to the Eastern Heaven Realm to find him. I will ask him. Brother's granddaughter, too much!"

The man gritted his teeth and said, his voice was quite young.

"Grandpa Grandpa, you..." Ruyue was shy and flushed.

"Well, don't talk, keep your breath."

Suddenly, the man's tone sank and he hurriedly said. Suddenly, Ru Yue and the man's aura became restrained.

The next moment, booming, a terrifying figure appeared in the void.

Surrounded by the power of destiny, a long river of destiny emerges, covering the sky and the sun.

"The power of destiny is the ancestor of the Zhuge family."

"The Zhuge family is also here."

Many people changed their colors, and then they saw an old man walking out of the void, his eyes sharp, Zhuge Rulong. He glanced at the people present and saw countless masters of the Southern Heavenly Realm who were swarming in, he couldn't help but snorted coldly, "Huh, what a cat and a dog are really here."

[Chapter 3556: Alien Shadow](#)

The expressions of other people suddenly changed, cats and dogs, they were also the top forces in the southernmost celestial realm, it was too much.

However, in front of Zhuge Rulong, a Venerable Master, they are really a cat and a dog. Even if there are half-step Venerable Masters, they are far from the opponents of the Venerable Master.

Even if Zhuge Rulong's vitality and blood had already decayed and entered the end of the decay period, the vitality in the body was not strong enough, but it was not something that half-step venerables could resist.

"Yep?"

Zhuge Rulong's gaze suddenly fell on Ruyue and the man, his eyes condensed.

Because his power of destiny couldn't pass through the two. It should be understood that he is the ancestor of the Zhuge family, the master of the power of destiny, and there are many masters present, even the half-step venerable figure, he can see some clues at a glance, but the breath of these two people seems to be hidden Of the hazy mist

In general, their fate makes Zhuge Rulong completely invisible.

"eccentric."

There was a cold light in Zhuge Rulong's eyes. He stepped forward and was about to question the two people. Suddenly, he pinched his fingers and calculated something.

"No, the old Qingxue Guhua had already entered the Tiandang Mountains before me."

At the moment, he ignored the man and the woman, and suddenly disappeared into the void.

The Qingxue family and his Zhuge family have been fighting for years. If Qingxue Guhua can take the lead, it will definitely be a blow to his Zhuge family.

"Grandpa ancestor, this is the ancestor Zhuge Rulong of the Zhuge family?" Ruyue said solemnly. "That's right, it's nothing more than a guy with a reputation. He is an outcast of the ancient Tianji Sect, but he wants to be orthodox. He really wants to be a **** and wants to set up a torii." The man snorted coldly: "But this person does have two sons. Should have seen it before

Fortunately, it seems to be attracted by someone. Otherwise, if we really want to make a move, we will be really in trouble. "

"Grandpa Grandpa, you're not his opponent?" Ruyue asked in confusion. "Your grandfather is only a half-step venerable, not a true venerable, but ordinary venerables, your grandfather can also fight a few times, but this Zhuge Rulong is not easy, I may not be able to Escape well, of course, if it's me

I'm not afraid, isn't you still here?" The man glanced at his mouth.

With the appearance of Zhuge Rulong, everyone present no longer has that kind of relaxed atmosphere. Everyone knows that this trip to the sword grave will definitely not be easy.

Some people even hesitated before turning around and left.

In front of the Zhuge family, they were completely unsure of vying for the treasure of the sword grave, but the other party, who had the power of destiny, would risk many dangers. Instead of this, they might as well leave now.

Although some forces have left, most of them have stayed. They flew up one by one, swiftly towards the land of the sword grave.

At this moment, Qin Chen brought Qingqiu Ziyi and You Qianxue quickly approaching the center of the sword grave.

One day later, Qin Chen learned about some details in the sword grave. The magical shadows in the sword mound are usually hidden in the black air currents. Once someone approaches and provokes the black air currents, they will turn into black lights and attack frantically. If you are unlucky, the black air currents are just the magic. Shadow body

Body, then you will be miserable, and your flesh and blood will be absorbed by the magic shadow immediately.

Qin Chen encountered it once. Fortunately, it was just an ordinary demon shadow, equivalent to a master of the saint master of the later stage of humanity, and Qin Chen possessed the demon tree of the ten thousand worlds that restrained the opponent, and the eternal sword intent and killing sword intent could also restrain the demons Shadow, the consequences can be imagined.

"It's a sword tomb, it's too dangerous." Qin Chen sighed in the black air current. The sword tomb is full of black air currents. In other words, there may be ghost shadows hidden everywhere. The magic shadow is okay, even if it is Qin Chen, there will be

Some trouble.

If it were the masters of the sword king Mu Zhifeng, once they went deep, they would almost die.

It's no wonder that there are few people in the sword grave.

Rumble!

There was a violent explosion in front, shaking the earth.

"Well, there are masters fighting!"

Qin Chen's eyes narrowed.

"Master, there seems to be a demon, he is a member of the demon clan." Qingqiu Ziyi also frowned.

"Let's take a look and beware in the future."

In addition to the dangers of the Demon Shadow, there are also those on the dark side. Qin Chen doesn't know much about it. It is necessary to understand more and strengthen his ability to survive.

The battle location was far from here, and the three Qin Chen followed the energy fluctuations.

It's not easy to get too close. From a distance, Qin Chen and the three stopped.

"open!"

Qin Chen urged the heavenly soul forbidden technique, opened a heavenly eye at the center of his eyebrows, and looked at it with lingering soul.

In sight, dozens of figures fought fiercely, swept across all directions with mighty energy, swept all the black air currents, and cleared a clearing.

The billowing demon energy soared into the sky, exuding surging power.

"There is a half-step demon's breath."

Qingqiu Ziyi took a breath of air, and she felt a half-step Venerable-level demon aura from it. Qin Chen also noticed that among the dozen figures, there were five masters of the monster race, a liger-like powerhouse, the strongest, and a golden-patterned blood peng, a blue elephant king, and a horned Mukui. And a silver-eyed wolf king. Besides, there are seven

The eight peak saint master-level demon shadows surrounded them, full of demon energy.

"The Lion and Tiger Demon Lord is a member of the Five Great Demon Sects." Qin Chen recognized him at a glance. It turned out to be a member of the Five Great Demon Sects. These materials were given to Qin Chen by the Overlord Xiong Sect and the Ancient Dao Sect. In the records of the sect, the sect masters of the five demon sects are all at the pinnacle level, at most just the beginning

Touch the master's cultivation. But now, these five masters of the demon sect have a vague power of venerable appearing, and they are obviously beginning to touch this realm. Among them, the liger demon master has already stepped into the half-step realm of the venerable. Breath lingers all over it

Go around.

The five demon sects are so strong?

Qin Chen's eyes were solemn, and with the strength revealed by these five demon sects, he even had complete control of the Tiandang Mountain Range, but the other party had never been exposed, but was hiding his power and biding his time.

Boom!

At this moment, these five masters of the demon sect were fighting with a group of demons, some of them transformed into human appearances, their appearances were extremely hideous and murderous.

"It's a different kind of magical shadow!" The chaotic will of the sword tomb will have a greater impact on the entrants in the later stage. If some top masters in the sword tomb cannot withstand the attack of the chaotic will, they will lose their nature and become only knowing to kill. Madman, after a long time, he was hacked

The invasion of the color current was slowly transformed into a different kind of magic shadow, and the danger was not under the magic shadow. This is an alternative danger in the depths of the sword grave.

[Chapter 3557: Want to fight](#)

It is necessary to know that the sword mound has existed for countless years, how many master masters entered inside, and were transformed into alien ghosts by the chaotic sword intent and black air currents. And most importantly, according to the observation of the minded people, the alien ghosts have a very long lifespan. seem

It will never fall, and the longer it survives, the more black air currents it absorbs, and its strength becomes more and more terrifying.

Therefore, the most dangerous thing in this sword mound is encountering the alien ghosts that survived the ancients. Once encountered, even the pinnacle holy master will die in nine deaths.

Boom boom boom! The alien ghost that was a human being is very powerful, much stronger than Zhuge Tuyang. It is one-on-one. Generally, the peak holy master is definitely not an opponent and can only run away. After all, to deal with this alien ghost, ordinary rules have been attacked. Nothing to do

Use, and the soul attack is also invalid. Their souls are originally very chaotic and become chaotic will. As for the flesh, it is even more invaded.

Heterogeneous Demon Shadow is powerful, and its opponent is not weak. It has encountered top masters from the five major demon sects.

"Zhentian!" After a **** battle, I saw the blue elephant king roar and showed its body. It was a huge blue elephant, towering majestically, tall and mighty, slamming down at the alien demon shadow. Bang, this alien ghost was directly suppressed deeply

Going into the ground, the whole body is full of demons.

"Split me!" The Silver Eyed Wolf King is not big in size, and his stature is very flexible. The silver eye on the center of his eyebrows opened, and a silver light burst out and fell on the demon shadow fiercely. This alien demon shadow Suddenly roared, the silver light seemed to carry the power of destruction together, constantly

Split the power of the alien ghost.

puff!

Then, this alien ghost was completely dismembered, and the magical energy splashed.

"Haha, Silver Eye, good job." Qing Xiang Wang laughed.

On the other side, the golden veined Xuepeng body was full of golden light, and countless golden blood qi surged, puff puff puff, and directly tore one of the alien ghost shadows.

The most terrifying thing is that Liger Demon Lord.

"Roar!"

It opened its huge mouth, and an invisible black hole appeared behind it. The black hole revolved and exploded with a terrible aura. It pulled one of the most powerful alien ghosts and instantly sucked it into the black hole.

"Swallow the sky magical power!"

puff!

The alien ghost was dragged into the black hole, shattered directly, and screamed.

After a while, all seven or eight alien ghost shadows were beheaded.

"Haha, it's done."

Silver Eye Wolf King waited for the demon with a smile.

The Green Elephant King turned into a human form and also smiled: "The cooperation of the five of us is getting better and better."

These five monsters have cooperated many times, and they have formed a tacit understanding. Together, the five major monsters can defeat enemies that are much stronger than them.

"So clever fighting methods, it seems that they are fighting each other, but in fact they are all taking care of each other, and these demon masters have their own talents and supernatural powers, it is no wonder that the Overlord Xiongzong is only a small force under their command, the gap is too far. "

You Qianxue was lingering in the cold air, a little frightened, she also saw the special characteristics of the five great monster masters.

"The liger tribe, the silver eye wolf tribe, the golden blood peng tribe, the blue elephant tribe, and the Jiaomukui tribe are all fairly good races among the demon tribes. How could these demon tribes fall here? They have cooperated for a long time."

Among the monster races, there are many races, and the status of different races in the monster race is different, and the status of the liger race in the monster race is not as good as the nine-tailed fairy fox, but it is not a weak race.

"The opponent is extremely skilled in the battle with the alien demon shadow. It seems that this is not the first time to enter this sword grave." Qin Chen also said.

"Friend, after watching for so long, you can come out."

At this moment, the Liger Demon Lord suddenly looked at the location of Qin Chen and the others, and suddenly spoke.

"Ok?"

The Silver Eye Wolf King and several other demon masters immediately turned their heads and looked at Qin Chen and the others coldly.

Was discovered.

Qin Chen did not continue to hide, and walked out.

Two humans, and a monster race. The five demon lions, tigers, demon masters, saw Qin Chen and the three, all showing a suspicious look, what combination is this? But what shocked them was that the faint demon aura exuding from Qingqiu Ziyi's body had the aura of a superior person, which was obviously inherited by blood.

Above them, there is also a monster race above them.

What kind of race is this opponent? The five great demon masters are all shocked. If they encounter a demon race with blood power over them in the demon world, they will not be surprised at all, but here is the southern heaven realm, and their five demon masters are already extremely powerful demon races. , Even now

Having a demon master above them naturally surprised them.

"Big brother, I remembered, some of the powers of our five major demon sects in the Tiandang Mountains seemed to have been subdued by a master of the demon race, is it this demon?" Silver Eyed Wolf King said in a deep voice.

Suddenly, the aura on the surrounding Blue Elephant King and other demon masters became fierce, a strong killing intent lingered in the air, the smell of gunpowder was extremely strong, and an atmosphere of rattling swords spread across this world.

The cold eyes stared at the Qingqiu and Ziyi three people, revealing a solemn color.

The Liger Demon Lord frowned, staring at Qin Chen and the three people in a solemn voice: "Your Excellency, are the few powerhouses who have recently settled in Ancient Dao Sect?"

"Oh? Do you know us?" Qin Chen was surprised. Qingqiu Ziyi had conquered a lot of demon clan forces in Ancient Dao Sect. Among them, the Tiandang Mountain Range demon clan was respected by the five great demon sects, and many demon clan forces were actually the top five. Under the command of the demon sect, Qin Chen always thought that the five demon sects would

He came to ask for trouble, but until he left, he had never seen the five great monster sects.

Before, Qin Chen thought that the five great monster sects hadn't received much news, but now it seems that the other party already knew of their existence, but had never come. "Hmph, you have subdued so many demonic forces under our command, how can I not know, eldest brother, what nonsense with them, as soon as a few of them outsiders entered the Tiandang Mountains, they dug the corners of my five great demons, today Just take them down

Up. "

The Silver Eye Wolf King screamed and stepped forward. The silver eyes on the center of his eyebrows bloomed with silver light, which was uncertain and gave out a palpitation breath.

"Oh? Want to fight?" Qingqiu Ziyi chuckled lazily, walked in front of Qin Chen, stretched his posture, a breath of grace and luxury, but infinite charm lingers out, originally murderous Lingran, Jian The spirit is soaring, the gloomy sword grave knows it, and it's vaguely changed

It got ambiguous.

Silvereye Wolf King's eyes were slightly bewildered, and the strong killing intent was inexplicably reduced a lot. The eyes of the other big demon masters couldn't help showing a trace of confusion.

[Chapter 3558: Persuaded](#)

"Hmph, wake up!" Among the five great demon masters, only the liger demon master was not too confused. He suddenly shouted, and the eyes of the four great demon masters including the Silver Eye Wolf King suddenly became clear, recalling the previous ones. When things happened, I couldn't help but burst into a cold sweat, and I was shocked.

.

The five major demon masters had been confused before.

"Charm? Are you a fox?"

The Liger Demon Lord said solemnly, his eyes solemnly, "No, the ordinary fox clan can't confuse my brothers at all. What kind of fox clan are you?" "Chuck." Qingqiu Ziyi smiled lightly. The charm is infinite, "If you want to fight, fight, why so much nonsense, the liger tribe is also one of the top races in the demon tribe, it is unexpected that a half-step demon venerable has fallen into the territory of humans, don't you

Will he be expelled by the Liger clan? "

As soon as Qingqiu Ziyi's words fell, the liger demon master's eyes suddenly became sharp, and the aura of the silver-eye wolf king and the great demon masters also became sharp.

"Well, you guessed it?" Qingqiu Ziyi was taken aback.

"Okay, Qingqiu Ziyi, I don't think the other party has any malicious intentions." It was Qin Chen who came up with a chuckle and said lightly.

He could see that the other party had no intention of doing anything, and the murderous intent on his body was not strong.

"Qingqiu?" The five major demon masters including the Liger and Tiger were surprised: "Are you the Qingqiu clan in the line of the nine-tailed fairy fox, the royal family of the fox family?"

The fox tribe is an extremely large race in the monster tribe with a large number. Among the fox tribe, the most powerful is the line of the nine-tailed fairy fox, which is the royal family of the fox tribe and rules the world. In the line of the nine-tailed fairy fox, there are four surnames, Qingqiu, Tushan, Yousu, and Bai. Among them, the Bai family is also called the pure fox, but it has disappeared as early as the ancient times. In the days of heaven, the nine-tailed fairy fox had only three royal families, Qing Qiu Shi is one of them.

Today, the fox family in front of them is actually named Qingqiu Ziyi, and the one who can be named this name must be the Qingqiu family of the nine-tailed fairy fox.

This is definitely the top monster race above these races. No wonder the other party will give them such a strong oppression, and it is no wonder that their monster clan forces will be subdued by the other party. In the monster clan, blood is everything. The top monster clan has a strong shock to the lower level monster clan. This is derived from the soul and Ancestors,

immutable. "Hey, it's said that the Liger clan has the strength, but the brain is not good. Now it seems that it is true." Qingqiu Ziyi chuckled, hum, behind her, the nine fairy fox tails rose up, instantly setting off her Very charming, a kind of vastness

The spirit of the monster race pervaded.

"Seeing my line of nine-tailed fairy foxes, your five big monster races haven't come to see the royal family!"

Su Xiaoxiao suddenly appeared on Qingqiu Ziyi, akimbo, and said proudly.

It's another nine-tailed fairy fox.

"There is Su Xiaoxiao, come down and make trouble for me."

Qin Chen suddenly carried Su Xiaoxiao's ear, this guy was making trouble again.

"Oh, it hurts, you pervert, let me go."

Su Xiao said stingy with teeth and claws.

"There is Su Clan!"

The five great demon masters were even more shocked. I didn't expect to see the Qingqiu clan and the Su clan of the nine-tailed fairy fox in the demon clan's royal clan today. How to make them not shocked.

What shocked them even more was that Qin Chen's attitude towards Su Xiaoxiao directly pulled the other's ears, this...

What is the origin of the other party?

"Qingqiu Ziyi, the other party should not be malicious." Qin Chen frowned and stepped forward.

The five major demon masters are extraordinary in strength. Although Qin Chen has broken through, the purpose of his trip is to explore the sword tomb, not to unify the Tiandang Mountains, and unnecessary disputes naturally do not want to arise.

"Yes, master!"

Qingqiu Ziyi curled his lips, said something respectfully, and stepped back. Although the five demon masters in front of us are powerful, Qingqiu Ziyi is a member of the demon clan's royal family, so naturally they will not be afraid of them. Although the liger clan master is a half-step demon lord, Qingqiu Ziyi is a demon ancient powerhouse, and Back then, it was also half-step Venerable,

Even the masters who attacked the Venerable Realm have now recovered some half-step Venerable power under the power of the Heavenly Dao, and coupled with the suppression of the bloodline, they are not very afraid of the other party.

It was only Qingqiu Ziyi's gesture and words that made the five great monster masters even more turbulent waves.

Master?

Damn, fuck, fuck!

The Five Great Demon Lords can also be regarded as deep-minded, more serious and calm people, but at this moment, they can't help but explode in their hearts.

The line of the Nine-Tailed Fairy Fox is the imperial sequence of the Monster Race, and it actually calls a Human Race Young Master, this...

So what is the origin of human beings? The Lion and Tiger Demon Lord looked at Qin Chen deeply, and this time, it was shocked again. The aura on Qin Chen's body was very ordinary, as if only in the later stage of the Holy Master state, but for some reason, it faintly gave it a strong The meaning of shock, as if the other party can

Enough to threaten it in general.

"It seems that the three were also attracted by the abnormal changes in the sword tomb. Although the sword tomb is a forbidden place for your human race, it is a treasure in the world. Everyone knows that I have no grievances in the past, and I have no enmity in recent days. I don't want to have any disputes with you either." The liger demon master said solemnly: "The battle between your human races, my five demon sects don't want to blend in. You help the ancient Dao Sect against the Tianyuan faction and other forces, and I don't want to get involved. , My five demon sects just want to survive in the Tiandang Mountains, as for their

He, our five demon sects don't care. However, now that I have encountered it, this demon master still has to say, I hope you will not plunder the power of the demon clan under our five demon sects in the future, otherwise it will be difficult for my five demon sects to do it. "Of course, there is a sentence I have to remind you that the ancient Dao Sect you are helping should come from an extraordinary origin. Behind the Tianyuan Sect and Blood Shadow Sect in the Tiandang Mountains, there is the support of the top forces of the Southern Heaven Realm Human Race. I have been with that ancient Taoism for many years

Yes, you are involved in it rashly, I am afraid that there will be more ills, so you can say goodbye. "

The words of the liger demon master fell, and the five remaining demon masters left instantly.

"Even running away, I thought I would fight." Su Xiaoxiao said disappointedly.

"boom!"

Qin Chen gave him a violent shudder, "You know fights at a young age!"

Qingqiu Ziyi flew up and said in doubt: "Master, these five demon masters are very awkward, don't you say that the five demon sects are the top power in the Tiandang Mountain Range? It really embarrassing our monster race."

You Qianxue also had the same doubt in her heart. "No." Qin Chen shook his head, his eyes gleaming and said: "The five demon sects are not counseling, but hiding their powers. No wonder the other party can sit in the Tiandang Mountain Range for so many years and become the top power in the Tiandang Mountain Range. Very smart, it

We should have known that the Tianyuan faction is backed by Zhuge family and other forces, so they have been very low-key over the years. "After all, the Southern Heaven Realm is the territory of our human race. If we really want to unify the Tiandang Mountains, do you think the Zhuge family and the Qingxue family will agree?" I'm afraid they don't even have a chance to break through the Half-Step Demon Lord. "

[Chapter 3559: One-line sky](#)

In the endless void, the masters of the Five Great Demon Sects were swiftly plundering the depths of the sword grave.

"Big brother, why didn't you do it before, the aura on the Qingqiu nine-tailed fairy fox is not strong, you should be a little bit worse than that of the big brother?" Jiao Mukui asked in confusion among the five great monster masters.

"That's right, big brother, this nine-tailed fairy fox family has the blood of the royal family. If it can swallow her power, it will be of great benefit to my cultivation."

"What's more, these guys were everywhere in the Tiandang Mountains to subdue the demon forces under our command, without giving them a bit of color, how will our five major demon sects gain a foothold in the Tiandang Mountains in the future?"

The Blue Elephant King and the Jinwen Xuepeng also said with an urn. The liger demon master said solemnly: "This nine-tailed fairy fox imperial family has an astonishing half-step venerable power, and there is an ancient aura, although her cultivation base aura seems a little weaker than mine, But one may be half-step venerable

The nine-tailed fairy fox clan, are you sure we can win? "

"This is not the most important thing, the most important thing is that young man, I can't see through."

The Silver Eyed Wolf King and other demon masters were all shocked, the eldest brother couldn't see through the young man?

"That young man, isn't it only the realm of the late saint master?" Jiao Mukui frowned. The liger demon master shook his head: "The aura on his body is indeed the realm of the late saint master, but his true strength can't be seen at all. I have a feeling that the strength of this son is by no means as simple as I can see on the surface. Hands-on, the result is extremely difficult to predict

material. "Furthermore, this son actually supported the Ancient Dao Sect and opposed the Tianyuan Sect. I suspect that this son may not be completely aware of the support of the Tianyuan Sect, but he dares to do so and must have another purpose. At this time, We still have extra branches

it is good. The lion tiger demon master looked at the Silver Eye Wolf King and the others: "Back then, a dozen of our brothers rushed to the Southern Heaven Realm, with the purpose of killing them back to the Demon Realm. At the beginning, we also wanted to establish an immortal sect in this Southern Heaven Realm. The results of it? You have also seen it, the black bear and

How did the giant crocodile die? "

"This is the territory of the human race, can it be low-key or low-key, if this trip to the sword tomb can be harvested, when I am ready to break through the realm of the nobleman, I don't have to be afraid of anything." The liger demon master said in a deep voice. "Brother is still thoughtful." Silver Eyed Wolf King said solemnly: "Back then, I waited for more than a dozen brothers to smash the sword tomb many times, but not once went deep into the deepest point of the sword tomb. This time, the sword tomb has changed. Experience, I'm waiting enough to be on top of the Terran

Before the sharp master arrived, he came to the deepest part of the sword grave, so there was no need to waste too much time here. "

Whoosh whoosh!

The five demon masters urged their power and quickly went deep into the sword grave.

The sword tomb is vast, boundless, and vast, far beyond what the outside world can see.

As time passed, the three Qin Chen continued to deepen in the sword grave.

As Qin Chen and the others continued to deepen, they could clearly feel that a wave of fierce sword intent filled the sword mound. These sword intents cut their will and constantly impacted everyone's soul.

In addition, in this sword intent, there is also the terrible will of the magic way, which is trying to invade his soul sea and infect his soul. The soul film can only guard against the soul power, and it is somewhat helpless against this kind of magic will attack.

Under this dual power, the vast majority of masters cannot go deep into the sword grave. Fortunately, Qin Chen and the three of them have extraordinary strengths. Naturally, Qin Chen possesses the heavenly soul forbidden technique and masters the eternal sword intent. The oppression of the sword intent is nothing to him, and You Qianxue and Qingqiu Ziyi are also both. Is extraordinary strength, not afraid of will invade

. Demon Dao will is nothing to Qin Chen and the three of them. As the three of them deepened, they encountered real dangers twice. Once they were surrounded by demon shadows, and hundreds of demon shadows charged at them. Here, the devilish energy soars, once

Encountered a few alien ghost shadows wandering around the sword tomb, and their strength is no weaker than the alien ghost shadows that the five monster masters are fighting against.

Facing hundreds of demon shadows, Qin Chen urged the Ten Thousand Realms Demon Tree to suppress the opponent.

As for the alien ghosts, Qin Chen and the three teamed up, but at a critical moment, Qin Chen still urged the precious treasures such as Zixiao Dousiligong to completely kill these alien ghosts.

"In the sword grave, it is very chaotic, and there is no sense of direction. It is very difficult to find the right core position."

The three Qin Chen flew across the sword grave.

It was the first time they entered the sword tomb. After entering, they realized that the map in the sword tomb was useless at all, because there were black air currents everywhere, chaotic sword intent, and no sense of direction at all, and they could only move forward with experience.

Fortunately, Qin Chen possessed the nameless sword canon, and there were also jade plates in the jade disc of Universe Good Fortune, which could vaguely sense the powerful sword intent in the depths of the sword grave.

In addition, Qin Chen quietly captured the breath of the five demon masters and followed the path of the five demon masters.

"Dust, the breath of these five demon masters has been deepening, and they actually went straight to the depths of the sword tomb without wasting any distance. They are very precise. Have they ever entered the sword tomb?" You Qianxue said.

Qin Chen smiled: "The five great demon masters have lived in the Tiandang Mountains all year round, and they have naturally entered the sword tomb, and seeing their proficient posture, perhaps they have entered the sword tomb no less than many times. They should be very familiar with this place."

Qin Chen's heart was a little relaxed. He didn't expect that after meeting these five demon masters, he would still have such benefits, so he could just follow the other party quietly, saving a lot of time to explore the forbidden area of the sword grave.

Even if the other party deliberately concealed the evil spirit on his body, under the calculation of Qin Chen's fate, the other party could not get rid of Qin Chen and the others.

"Well, there are mountains here!"

Qin Chen stopped, and his soul felt a mountain range a hundred miles away. In the sword tomb, there are few mountains. Most of them are plains and hills. They were flattened by ancient wars. Once mountains appear, there are often extremely terrible things buried here. Perhaps it is a certain ancient power. Where the body is, and

Or, it is the core place in the ancient battlefield.

Therefore, as long as you see the mountains in the sword mound, it is definitely no small matter, crisis and opportunity coexist.

"Mountains appear, then there must be something, go in!"

Eliminating distracting thoughts, Qin Chen's eyes were sharp and he cautiously swept towards the mountains.

Since Qin Chen's soul power can only spread out for hundreds of miles, after entering the mountain range, Qin Chen can't see how big the mountain range is, what the environment is, and can only count one step at a time. The place Qin Chen came in was a gorge, the gorge towering into the clouds, walking inside and looking up, only a ray of sky could be seen, which was very dark and quiet.

[Chapter 3560: Shadow King](#)

This line of sky seems to have been left from some ancient battlefield, exuding a palpable atmosphere, on the rock wall, there are actually sword-shaped weeds growing.

Qin Chen's hand lightly touched the sword grass, and suddenly a sharp sword aura shot out from it. With a pop, the sword aura soared into the sky. The sword aura exploded from the sword grass almost pierced the void, shocked. The void rolled up ripples.

"What a powerful sword intent."

You Qianxue sucked in air, and the sword intent erupted from this sword grass was comparable to the attack of a late-stage holy master.

But this is just a weed growing on the stone wall?

"Dust, these sword grasses are a little weird."

You Qianxue said, her palm touched the stone wall.

"Be careful." Qin Chen hurriedly yelled, but it was late, hum, a terrible sword intent suddenly surged above the stone wall, puff, You Qianxue snorted, as if being chopped by an invisible sword intent. When I hit it, the corners of my mouth suddenly overflowed with blood, kicking and kicking back.

A few steps.

Shattered, she suddenly lingered out of the Nine Extremes water, clearing this sword intent. You Qianxue's eyes were filled with horror. There was an extremely terrifying sword mood in this stone wall, which almost severely wounded her. If she hadn't been a genius of swordsmanship, she had just broken through the realm of the late stage holy master not long ago.

To be seriously injured.

"This stone wall is weird!"

Qin Chen touched the stone wall and buzzed. The terrifying sword intent in his body was vertical and horizontal. In this stone wall, there was an ancient sword aura, which was continuously passed on. After hundreds of millions of years, it was still preserved.

Qin Chen was shocked in his heart, what a strong sword intent. Although this sword intent has gone through countless years, it is already very weak, but if you carefully taste it, you can feel the horror of this sword intent.

Qin Chen raised his head, and suddenly there was a hint of speculation in his mind. The scene of this line of sky was very familiar. Could it be said that a certain strong person back then, directly cut this mountain range with a single sword?

hiss!

Qin Chen inhaled air-conditioning. If this is the case, then this stone wall contains a terrifying sword intent, and it can be made clear that a strong man in ancient times, a sword cut down, the sword energy naturally left traces in this stone wall, billions Years never die.

How can a strong person do this?

Venerable, at least the level of Venerable!

Qin Chen and the others carefully comprehended the sword intent on this stone wall, which gave Qin Chen some gains, but it is a pity that the sword intent in this stone wall has dissipated very powerfully, otherwise it will bring a lot of insight to Qin Chen. .

Next, Qin Chen and others continued to move forward.

Whoosh! Whoosh! Whoosh!

After walking about seven or eight miles, suddenly, dozens of magic lights suddenly rushed to Qin Chen.

"Empty Thunder Sword Domain!"

Qin Chen was not chaotic when he was in danger, and the empty thunder sword domain was released. With the powerful spatial force, huge sword pressure and spatial constraints, the speed of these magic lights was sharply reduced.

Pulling out the green demon sword, Qin Chen made one sword. The powerful sword aura tore the magic light. The eternal and destruction sword intent made the tearing magic light unable to gather. However, these magic shadows were still struggling, and faintly want to reconsolidate.

Because of being in this mountain range all the year round and suffering from the influence of sword intent, these demon shadows have a certain immunity to Qin Chen's sword intent.

"Jie Jie!"

The real threat came. The black air currents in front of Qin Chen gathered together to form a three-headed Demon King. This Demon King is burly and full of devilish energy. His fingers are very slender and his palms look like eagles. The claws are extremely sharp.

What shocked Qin Chen even more was that the body of the opponent was faintly filled with sword intent.

Surviving in this ray of sky all the year round, this Demon King actually grasped a trace of sword intent.
call out!

With the sound of breaking through the air, the three-headed Demon Shadow King rushed towards Qin Chen from three directions, his right arm quickly swung down, bursting out a terrifying magic light sword aura, and went towards Qin Chen. The center of his eyebrows is as fast as black lightning.

Ding!

The green demon sword raised, Qin Chen blocked the Demon King's surprise attack.

Boom!

You Qianxue and Qingqiu Ziyi also swayed, resisting each other's attack.

But the scary thing about the Demon Shadow King was that he could change his body at will. After the Demon Shadow King's fingers were loosened, it stretched again, like a thin black thread, wrapped around the three of Qin Chen.

"Exit!"

Qin Chen did not dare to neglect, the eternal sword intent was displayed, the black thin lines were all sealed in the void condensed by the power of space, and then shattered into thousands of pieces.

"Nine-pole water!" On the other side, You Qianxue found that her sword intent did not do much harm to the opponent, so she urged the top-level Nine-pole water, booming, and the terrible water light hit the opponent. Water is a treasure of heaven and earth, which immediately erodes the demon on the opponent

gas.

As for Qingqiu and Ziyi, she has a fluttering figure. She has rich combat experience and is not easy to encounter danger.

But Qin Chen was like a sword light, flying close to the ground, and after smashing the opponent's attack, a sword slammed out.

The Demon King Jiejie sneered, and actually ignored Qin Chen's sword, and his body quickly turned into a black magic ball. The magic ball exploded and shot out black magic lights, quickly entwining Qin Chen and attacking in a full range.

puff!

Qin Chen's green demon sword blasted the bodies of countless black tentacles first, and a burst of power instantly shredded many of the Demon Shadow King's tentacles, but still more black tentacles gathered and swept over.

"En? The effect of sword attack is greatly reduced!"

Qin Chen frowned, and in his body, countless tentacles of the Devil Tree of Ten Thousand Worlds suddenly burst out, puff puff puff, countless tentacles touched each other, and the Demon Shadow King suddenly screamed, his body violently twisted, thinking To shrink back.

The sword intent could not cause him harm, but the devouring power of the Ten Thousand Realm Demon Tree could consume the terrifying power in it.

"Exit!"

In the next moment, Qin Chen once again took out the sword, the art of origin surged, and Qin Chen incorporated a hint of thunderous judgment power into his sword intent.

Suddenly, the Demon King let out a scream, the green demon sword in Qin Chen's hand pierced into the opponent's body, the sword intent and the power of thunder were vented, and the Demon King's vitality was wiped out.

"Fortunately, my power of thunder has a special effect on these ghosts, and can destroy the structure of these ghosts."

Qin Chen had discovered in previous battles that many of his attacks did not suppress the Demon Shadow too much, such as toxins, sky fire and other powers, and even the effect of the Ten Thousand World Demon Tree was not very good. However, his own lightning power has a natural advantage over this Demon Shadow King, and can wipe out the power in it. Once Qin Chen's lightning power is concentrated, the demon energy in the opponent's body will quickly collapse, which can be described as a big killer. In addition, Qin Chen mastered the rules of death. Once the opponent's body collapsed, it would be impossible to reconsolidate the opponent's will.
