

Valkyrie 3571

[Chapter 3571: follow me](#)

Now, they finally stood here again, but they are no longer what they used to be, how can they fall here again?

They have no shame in their brothers who have died.

boom!

They moved forward, unmatched, and kept close to the ancient golden road.

Seeing this scene, many people's expressions changed.

"Go, we also set foot on the ancient golden road."

The Heavenly Yuan Sect Yunxiao Sect Master yelled, bringing the Supreme God Sect Master, the Blood Shadow Leader and the Ghost Bat Clan leader, his figure shook, and he fell on an ancient golden road, unwilling to be taken advantage of by the five great monster masters.

With them as role models, in a short time, the masters of other forces, many people also moved one after another, each looking for the golden ancient road, falling on it, and breaking through.

"dust!"

You Qianxue looked over.

"Don't worry, take a look first!"

Qin Chen frowned and stared carefully below. There were people on the nine golden ancient roads. At this moment, there were people on five golden ancient roads. The strength of the sword that bloomed on each golden ancient road was different, which obviously represented a different understanding of the sword.

This is a very peculiar assessment.

This kind of formations and rules do not necessarily require swordsmen to crack, but provide some additional cracking methods for practitioners of other rules.

Qin Chen was observing and observing the power of every kendo, not only Qin Chen's side, but also some powerful people, did not move, and apparently were watching.

"It's about to break the ancient road." At this moment, a voice came, and the crowd saw that the five great demon sects were on the old road. The five great demon masters joined hands and gradually reached the end of the old road, and they would be able to crack the formation. .

"Om!" At this moment, a group of figures flickered, and there was a master of a certain force, who instantly descended on the golden ancient road, taking advantage of the moment when the five demon masters were cracking in front, they quickly moved towards the end of the ancient road. Step on.

He actually wanted to possess the fruits of the five demon masters, relying on the ancient ways that the five demon masters cracked, and entered this tomb.

This scene naturally aroused the excitement and enthusiasm of many people.

This... is too shameless!

But it is undoubtedly a good idea. If you can't guarantee that you have enough strength to cross the ancient road, taking advantage of the opportunity of others to pass the ancient road, entering this tomb is undoubtedly an excellent method.

This is a shortcut.

"Death!"

When everyone was excited and greedy, the Sect Master Yunxiao on another ancient road coldly glanced at the few people on the ancient road where the five great demon masters were, showing a touch of sarcasm and sneer. Qin Chen stared at it, and saw that the five demon masters had finally reached the end of the ancient road. Boom, a dazzling light burst out from the end of the bone, and the entrance to the tomb at the end of the golden ancient road opened, and the golden light spread across the entire ancient road.

Above, the formation pattern changed, and the five demon masters stepped into it in one step and disappeared.

Before approaching, they coldly glanced at the master of the power who followed behind them, their eyes flashed with indifference, and then they caught a glimpse of Qin Chen, who had never set foot on the ancient golden road, showing a look of surprise.

Obviously, he had never expected that Qin Chen would never set foot on the ancient path.

The next moment, the five demon masters all entered the tomb sword grave. "Young Master, the five demon masters have entered." Qingqiu Ziyi said, her expression faintly anxious, apparently because Qin Chen had never taken any action until now, based on her understanding of Qin Chen and her cultivation level above kendo. Extraordinary, should never come

I dare not do it.

Whoosh whoosh! The moment the five demon masters entered the tomb of Jian tomb, the crowd flickered frantically, and they all moved towards the ancient road, especially the master of the power who entered the golden path of the five demon masters first, was already close to the entrance of the tomb of Jian tomb and was about to rush Out

among them. However, just as they were about to reach the entrance of the tomb, the golden ancient road pattern suddenly changed, with a muffled sound, the entrance door closed, and the terrorist killing intent burst out suddenly, and those who stepped on the golden ancient road stepped on the killing array. eye

There was a panic in the gods.

Puff puff!

Countless sword auras swept over, and the sharp swords in the entire Sword Tomb Sword Forest resonated. The murderous sword aura that broke out was more than ten times stronger than the sword aura that was evaluated before, a hundred times?

Boom! Endless sword aura shot at several masters of that power one after another. The eyes of these masters were full of horror, and even the screams were not even made in time. The whole person was suddenly penetrated by countless sword auras and directly obliterated. Nothingness, instant

Annihilated death, not even a drop of blood was left behind.

Those who can come here are the top powers in the Tiandang Mountains, at least the masters of the peak Holy Master level, but at this moment, under this sword aura, they are instantly crushed. These scenes are chilling and creepy.

"The ancient road is closed, the formation road is reopened."

Many people who have just stepped on the golden path shrank one by one, flickering and retreating, stopped, and did not dare to move forward rashly.

They can see that this golden ancient road has a test for everyone. If they forcibly break in and rub the results of others, the result will be like this, and they will be instantly beheaded, unless they can follow along and participate in the ancient road. Going in the assessment.

"Master, how do you know that this golden ancient road will have a crisis?" Qingqiu Ziyi asked Qin Chen. Even her just now had the idea of setting foot on this golden ancient road. If it weren't for Qin Chen's prevention, now it would be wicked. less. "I don't know, it's just a guess. You don't even think that Sect Master Yunxiao ever took advantage of the five demon masters. They are the forces that know this sword tomb best. It is strange that there is no weirdness." Qin Chen said lightly, and said immediately: "What's more, I simply

There is no need to rub the achievements of the five great demon masters, this golden old road cannot stop me. "

Qin Chen whispered, making Qingqiu Ziyi bitter, this is her young master, who is still so arrogant and proud. "Everyone, join hands." At this time, there was a voice. After the remaining people set foot on the golden ancient road, they no longer rushed forward, but were ready to join forces together. The five demon masters are all using the terrible strength of the five demon masters. Cooperation only cracked the golden

The old way, they must also work together.

Soon, those who had already set foot on the ancient golden path of the five demon masters reached an agreement and prepared to break the formation together. Saint Yuan surged over them, trying to copy the cracking method of the five demon masters and stepped into the tomb of the sword grave.

When the five great demon masters broke the formation before, they all stared at them and remembered everything, boasting that there were five great demon masters to try, and they would be much easier.

"The formation has changed."

However, before a few people took a few steps, their pupils condensed, and the formation of this ancient path was no longer the formation just now, and even the rules of sword energy had changed.

The assessment of the rules of these nine golden ancient roads changes all the time and is not static. If you want to take advantage of the predecessors, it is not easy.

At this moment, Qin Chen suddenly raised his head, frowned and looked at the location of the Tiandang Mountain Range outside the Jian Tomb, a faint uneasiness passed, as if danger was approaching.

"Come with me," Qin Chen said in a low voice, finally moving. He stepped out and instantly stepped onto one of the nine golden ancient roads that no one else had set foot on.

[Chapter 3572: Too close](#)

You Qianxue and Qingqiu Ziyi also followed Qin Chen and fell on this golden ancient road.

"Follow me."

Qin Chen whispered, and then he stepped straight forward, stepping out one after another, and suddenly the rays of light flickered, the rays of light were dissipated and melted, Qin Chen stepped directly on the first nine steps and walked forward.

boom! Countless rules of sword qi swept over and enveloped the three of Qin Chen, but Qin Chen remained unmoved under the rules of sword qi. The rules of the sword that are enough to make half-step venerable masters be careful. In front of Qin Chen, it was like a breeze.

In general, the sword light surrounded him, and it turned out to be a part of his power.

"Sure enough." Qin Chen murmured. He walked on the golden ancient road, clearly feeling that the golden ancient road was full of the power of the formation, and at the same time the vast sword rules surged, and the whole ancient road surged endlessly. The power of the sword, this rule and power is not a certain

This specific rule is like the eternal sword intent or the killing sword intent, but the endless rules of swordsmanship that are constantly changing.

All things in the world can be swords, and all things can be swords!

This Tongtian sword pavilion's attainments in kendo can be described as reaching its peak.

You Qianxue and Qingqiu Ziyi also walked beside Qin Chen. Under Qin Chen's resistance, the sword intent they felt was only a small part of it, but they could also feel the vastness of the formation. At this time, many people suddenly cast their eyes on Qin Chen, revealing a touch of surprise. They saw Qin Chen stepping forward, and every step he took changed the light pattern, surrounded by sword energy, and cracked the formation, which enabled him to continue. Walking towards the old road, one

Unravel the power contained in the ancient road layer by layer.

"How did this person crack the ancient rules?"

Everyone was surprised. At this moment, Qin Chen walked on the golden ancient road with great ease. It seemed easier than the five major demon masters before. It shocked everyone that this guy was able to walk on the golden ancient road.

Even Sect Master Yunxiao and his party were surprised. Leng Mang and Divine Rainbow exploded in their eyes, staring at them, a little surprised and surprised, their brows furrowed, and Sect Master Yunxiao's eyes flickered, as if he had guessed something.

"Come on!"

The figures flickered one after another, and there were some forces who had not set foot on the golden ancient road at this moment. At this moment, they were all pleasantly surprised, their eyes flickering coldly, falling on the golden ancient road where Qin Chen was, and they wanted to approach quickly. This golden ancient road is wonderful. Once it is cracked, the formation will change again. Moreover, they must be very close to each other. They can be judged by the golden ancient road to break the formation together. They only need to get close to Qin Chen and follow Qin Chen. If you break the line, you will be gold

Segulu admitted that once the ancient road is opened, he can follow them into the palace of the tomb of the sword grave.

Suddenly, people from many forces followed. Who wouldn't want to seize this opportunity?

Everyone tried their best to keep up with Qin Chen. Qin Chen, who was cracking the formation, frowned slightly, turned his head and glanced at the people in Void, these people would pick up the bargain, if he breaks this formation, I am afraid that these people will not only **** into the ancient palace, but may even shoot directly. Attack

.

Seeing Qin Chen's movements stop, their pupils flashed a cold light, and then they only heard a cold voice from Qin Chen's mouth: "Retreat to the golden ancient road, or, stand or wait, Otherwise, Hugh will blame this young master for being rude."

"Huh?" Everyone raised their brows and flashed coldly.

"Your Excellency, I am all the forces of the Tiandang Mountain Range and the Southern Heaven Realm. This Sword Tomb forbidden area is clearly an ancient heritage and contains the opportunity for my human race to prosper. If the realm is in danger today, why should you be so careless?"

A powerful master frowned.

"Yes, we are all human races. If the world is in danger today, we need to help each other. I will not interfere with you, just follow your footsteps, and hope that you will not go too far."

Another person spoke. "Your Excellency is not the power of my Tiandang Mountain Range. Before the Tianyuan Sect and other forces were enemies to your Excellency, we did not obey the orders of the other party and oppose your Excellency. Now, we are just following your Excellency to crack this golden ancient road. Why so

Stingy? "

People of these forces said one after another.

Qin Chen sneered in his heart and cracked the golden ancient road together. Are these guys so shameless? Sure enough, there is no one who can become a top powerhouse.

"Don't blame this young master for not warning you, giving you three breathing times, stopping, or exiting the ancient road, otherwise, I don't guarantee that there will be any accidents."

Qin Chen said indifferently, not wanting to explain too much.

"Don't worry, I will just break the formation and will not affect your waiting!"

People of these forces said one after another, without taking Qin Chen's warning to heart.

"Qianxue, Ziyi, you are close to me, close to me."

Qin Chen said indifferently with a cold light flashing in his eyes.

You Qianxue immediately stepped forward and held Qin Chen in his arms. It was natural. Qingqiu Ziyi's face flushed when she saw it, and she pressed against Qin Chen. This... she was hesitating in her heart, but at this time, she was not pretentious. People also took a step forward to hold Qin Chen.

Suddenly, two completely different female body fragrance poured into Qin Chen's nose, with an inexplicable feeling.

"Zi Yi, just hold me, there is no need to stick so close." Qin Chen said embarrassedly.

Zi Yi was too mature, and the charm of a mature young woman made Qin Chen a little hot on his cheeks.

Qingqiu Ziyi's face turned red and embarrassed, and then realized that he was indeed too close to Qin Chen, and he was inexplicably restless in his heart, hurriedly loosening the distance from Qin Chen.

Qin Chen held the two of them with a cold light in his eyes, and stepped on again. Seeing this, several other powerful people behind the golden ancient road hurriedly followed.

Hum!

And when Qin Chen stepped on, Qin Chen's feet fell, and suddenly on the golden ancient road, a series of terrifying sword aura quickly condensed and formed, and suddenly a terrifying sword aura light pattern lit up from the golden ancient road, breaking through the air. To release the terrible pressure.

"Boom!"

A terrifying pattern of sword qi appeared behind Qin Chen, and the golden ancient road light pattern was still there, and the murderous intent was permeated. Suddenly, there seemed to be horrible golden sword qi smashed from the ancient road and swept down against the many forces behind that. go with. The expressions of the masters of the major powers following Qin Chen changed drastically. How could this golden ancient road be so easily urged by Qin Chen to move the formation, and the figure suddenly flew backwards, Qin Chen sneered, and his footsteps resumed again. Stomped out, suddenly vine

Yan's golden sword energy light turned into a prison of heaven and earth, and suddenly bound the void and wrapped it to everyone. This scene made everyone's complexion greatly changed.

"Sword Slash!" Qin Chen chuckled. This golden ancient road lit up, turned into endless murderous intent, and slashed directly to the prison in the void. Everyone felt the terror pressure and retreated, the void burst, and the horror gold Sword energy burst into the space, puff puff puff, the surrounded by several big power masters all vomiting blood and retreating, each of them turned pale, with endless horror and amazement, they were shocked out of the golden ancient road.

[Chapter 3573: Step into the grave](#)

This group of people landed on the ground outside the ancient road in embarrassment, with horror and amazement in their eyes. They looked up at Qin Chen on the ancient road, each with an ugly expression and a shock.

"This son can actually arouse the formation pattern on this ancient road?"

"Using the ancient road pattern and the rules of the sword as an attack, how do you do it?" Everyone was shocked, and they were all top masters, but even traversing this golden ancient road would require a lot of energy. But Qin Chen not only walks easily on this golden ancient road, but even the formation patterns on the ancient road can move

, So that they are not frightened, one by one pupils shrink.

On the other road, the masters of the Tianyuan Sect and other forces also had their eyes cold, and the eyes of the Sect Master Yunxiao burst into cold light, revealing a thoughtful color.

It has a relationship with the ancient Daozong and has a certain ability to control the golden ancient road in this sword tomb. Could it be...

His eyes flickered, vaguely guessing something.

"The deeper the golden ancient road, the more terrifying the rules of the sword and the power of the formation. If we wait rashly, once the opponent enters the depths of the ancient road, the power of the killing formation will be even more terrifying."

Many people were secretly surprised, staring at Qin Chen, resentful, but helpless.

Qin Chen sneered, looking at this group of angry people, no longer speaking, holding You Qianxue and Qingqiu Ziyi, walking with the beauty, step by step towards the depths of the golden ancient road, and never took the previous things to heart, and never Put these people in your eyes. "Arrogant guy." Many people in the crowd murmured with resentment, and one of them flashed fierce killing intent. The opponent was just three people. Even though he was strong, he humiliated them so madly. He is also the Tiandang Mountains One of the top

Power masters, naturally can't hold back at this moment.

"Roar!" A roaring roar sounded, and he was seen embracing his chest, his body was full of radiant light, his hair was crystal clear, his whole body burst into a rainbow, his palm suddenly shook, and a terrifying head appeared in the void. The phantom beast roars in the sky

, Squeezed out a bright road in the void, turning into a heaven-shattering divine rainbow and swept and killed the three of Qin Chen.

If this terrifying beast phantom fell on the golden ancient road, once Qin Chen's cracking was destroyed, it might be invaded by the formation and sword aura on the golden ancient road, and he died on the spot, and his body fell here.

"No!"

Unexpectedly, as soon as this person took the shot, an old man around saw it, and his expression changed greatly and exclaimed, but it was too late. He watched the mighty beast phantom, roaring and falling on the golden ancient road. on.

"Boom!" As soon as the phantom of the fierce beast fell on the golden ancient road, it buzzed, and countless sword auras around suddenly surged. On the golden ancient road, golden horrors suddenly appeared. The light, countless sword lights skyrocketed, and the fierce beast emptied

The shadow was torn apart, the phantom of the fierce beast was torn apart and burst into pieces. At the same time, countless sword auras traced back to the source, and furiously fell towards the middle-aged man who threw out the phantom of the fierce beast. The eyes of the middle-aged man showed horror. Gu Yin blasted out, and his figure

Retreat violently, to resist the erosion of this sword energy.

However, the strength of the countless sword auras was like a ruin, tearing apart countless beast phantoms in an instant, piercing the middle-aged man suddenly.

puff!

The blood mist flew horizontally, and the middle-aged man was cut and exploded directly under the endless sword aura, and the bones were gone, turning into blood mist and floating away.

At this moment, a large area was empty all around, and everyone looked at the middle-aged man with horror, and everyone was terrified.

How terrible is a peak saint master torn in an instant?

"Hey, this golden ancient road is a test site for Jian Tomb. How can it be easily disturbed by others?"

The old man who had spoken before sighed, telling the truth of the matter, which was embarrassing.

Qin Chen ignored the other party, glanced at those people indifferently, then turned his head, and continued to slowly crack the formation in the golden ancient road, and kept moving inward.

"The more the golden ancient road goes in, the stronger the pressure is. The speed of this child really slows down. Let's go. I can only find the ancient road by myself."

Seeing Qin Chen deep into the ancient road, the others shook their heads, and then shook their bodies. Most of them stepped into other ancient roads, because they knew that if they continued to wait, there would be no other results. When the group of them set foot on the ancient road, they realized the terrifying power of the formation and swordsmanship on the ancient road, and they became more shocked at Qin Chen. They did not know how Qin Chen could advance quickly on this ancient road. But now that it's golden

Gulu, they can only bite the bullet and move forward.

But there are also a very small number of people who are still waiting and watching, staring at Qin Chen.

Because Qin Chen broke the formation too fast, making them wonder whether Qin Chen knew some secrets of this golden ancient road. As Lin Qinchen keeps moving forward, even some masters who have already set foot on the ancient golden road are staring at his ancient path, especially those who are slightly accomplished in formations, watching Qin Chen's every An action, at the moment they need

What needs to be done is to see how Qin Chen breaks the formation, and then integrate into his own method of breaking the formation to see if there is any effect. There are even some people staring at Qin Chen, trying to figure out the kendo rules on this golden ancient road. Although once the entrance is opened, the kendo rules on this road will change, but they will inevitably appear in others. On the ancient road

, Just by finding the right path, a breakthrough can be found.

really!

Under Qin Chen's gaze, the three Qin Chen entered the end of the golden ancient road second only to the five major demon masters, even faster than the road where the major forces of the Tianyuan Sect were located.

Boom!

Qin Chen walked to the end of the ancient road, a vast aura billowed out, and a golden light suddenly burst out from the end of the ancient road. At the same time, the entrance opened and Qin Chen stepped into the entrance of the tomb palace.

This time, with the experience of the five great demon masters, no one dared to rush into the entrance with Qin Chen, just watching that the ancient road closed again and the palace gate closed again, shutting everyone out.

"The golden ancient road is changing, look for where the ancient road just went." A master of formation said, preparing to follow Qin Chen's steps, using the rule of the golden ancient road just now as an incision and stepping into the tomb. among. "Well, as long as you can find that ancient road, the old man is more than 70% sure to be able to enter." I saw an old man speak, he has been staring at the light pattern under Qin Chen's feet just now, remembering the rules of this ancient road , To engrave it with the power of divine consciousness

Down.

Now, only the five demon masters and Qin Chen had stepped into the ancient temple.

boom!

And when Qin Chen just stepped into the ancient temple, a sharp breath suddenly descended from a distance.

"That back, it seems to be the master..." A low voice sounded, Qingxue Guhua arrived with Qingxue Silan and Qingxue Siyun, but only saw the back of Qin Chen disappeared.

[Chapter 3574: The arrival of the respect](#)

Qingxue Guhua brought Qingxue's two sisters down to the golden ancient road of Jianzhong.

Between the heaven and the earth, the breath of the infinite venerable descended, like a mighty ocean, drowning everything.

The Venerable, above the heaven, the Venerable descends, and the heaven retreats, which is enough to cause a terrifying vision. When the Venerable is angry, he can oppress the heaven and cause changes in the world.

However, when Qingxue Guhua descended on the sword tomb, the mighty power of the Venerable on him instantly restrained and disappeared, as if suppressed by the invisible aura in the sword tomb.

"The Sword Tomb Forbidden Land is really extraordinary."

Qingxue Gu Hua muttered, feeling the terrifying coercion of this world, his expression changed slightly. At this moment, he felt that the power of the venerable in his body was strongly suppressed here.

"Grandpa Grandpa, the figure just now looks like a master."

Qingxue Silan murmured, her eyes blurred, and his attention was still on Qin Chen, who had stepped into the golden ancient road before, unable to extricate herself.

"Oh? The figure that entered the golden road before then?" Qingxue Guhua frowned. He had a quick glance before, only to see a young figure from the back, holding two beautiful figures into this golden road, could it be Qing Xue Silan's master? If this person is indeed the case, wouldn't I be

Push his granddaughter into the fire pit?

"Silan, are you saying that the man who entered the tomb of the sword grave with two beauties is your master?" Qingxue Siyun also frowned, showing inexplicable disgust in her heart. He had been listening to Qingxue Silan saying how her master was doing before. , But who would have thought that when I came here, I saw a scene like that, a man and two women, both of them kissed me in this sword grave , Tired and crooked together, is that the peerless genius that Silan said?

"Go down and learn about it!" Qingxue Guhua chuckled and walked directly into the vicinity of the Golden Ancient Road in the Sword Tomb. When he arrived, whether it was the golden road or the strong man who failed to cross the golden road. , His face all changed, and only some of them have not yet entered the golden ancient road

Some of the power masters unexpectedly all flashed out, rushing towards the golden ancient road below.

Honorable master! Everyone changes color, whether they know Qingxue Guhua or not, but a master of the realm of exaltedness appears, enough to make them all change color in horror, and can't wait to enter the golden ancient road, because they know that they can only enter the golden ancient road in,

Only by being protected by ancient roads can they not be targeted by the masters of the realm, otherwise they will be in danger.

"Why are you so anxious when you see the old man?" Qingxue Guhua chuckled, and stepped forward, hum, although the venerable aura on his body was suppressed by the power of the sword mound, when he stepped out, the void was agitated. , This side of the void was suddenly blocked, and several masters of the peak Holy Master level were imprisoned

In the void, he couldn't move.

"The rules between the heavens and the earth have changed..." They changed their colors, all in amazement, the pinnacle saint master, the top master of the heavenly fusion, on top of the comprehension of the heavenly rules, reached the peak, but the noble masters surpassed the heavens. Existence, its own unique field, suppresses everything

, In this realm, even the Tao of Heaven will be suppressed.

Once the Saint Master level master fell into the domain of the noble realm master, it was equivalent to the fish leaving the river and losing the power of resistance.

They had only heard of these rumors before, but now, seeing them with their own eyes, it is still inevitable to be shocked and discolored.

Under the coercion of Qingxue Guhua, these peak holy masters did not dare to resist, but shivered and stared at Qingxue Guhua.

"Well, don't be nervous, the old man just wants to ask some questions."

Qingxue Guhua chuckled and asked what had happened here before and who had already entered the golden ancient road.

Hearing that, these masters did not dare to conceal what had happened before, and told Qingxue Guhua about everything.

"Oh? A young master from the ancient Dao Sect? The strength is so strong that even the patriarch of the ghost bat clan and other peak holy masters are not afraid and defeated?"

Qingxue Guhua chuckled, and it seemed that she had found the right thing. So, the three figures who entered the ancient golden road before were really the three of Qingxue Silan's master Chen Qing.

"Go ahead."

Qingxue Guhua raised his hand, and suddenly this world of heaven and earth dissipated. These masters released their shackles and left quickly, and immediately entered the golden ancient road.

In a golden ancient road not far away, Sect Master Yunxiao of the Tianyuan Sect stared at Qingxue Guhua with a bit of gloomy eyes. I never thought that the master of Qingxue's family had already come first? "Grandpa Grandpa, didn't you say that the people of the Tianyuan Sect belonged to the Zhuge family? Those guys are the ones. Why don't you do it now and behead them here. It's a revenge for your master." Qingxue Silan Looking at the golden ancient road

Sect Master Yunxiao at the end said, a cold light flashed in Qingxue Siyun's eyes.

Upon seeing this, the Tianyuan Sect's Yunxiao Sect Master and others flashed their eyes but did not say anything. This place is the site of the Tongtian sword pavilion. Although Qingxue Guhua is strong, he is a master of the noble realm, but if he rashly moves, he will definitely be attacked and killed by the infinite sword energy, just like the previous masters, he will be killed by the infinite sword. Chi is here,

If you don't die, you will be seriously injured.

Qingxue Guhua shook his head slightly, and said, "No, this golden ancient road cannot be interfered. If you force it, you will be backlashed and you will not escape death."

"Is there anything else?"

Qingxue Silan changed color.

"Ok?"

Suddenly, Qingxue Guhua looked up and saw a terrifying river of fate swept across the sky and suddenly fell outside the sword grave in the distance between the heaven and the earth.

"It's the old dog Zhuge Rulong, Si Lan, Ruyun, walking, we are on the golden ancient road."

Qingxue Guhua's figure flickered, bringing Qingxue Silan and Qingxue Siyun quickly onto a golden ancient road.

"Qingxue Guhua, I didn't expect your old thing to come so fast, why, when I saw the deity, I was so scared that I couldn't choose the way?" A loud sneer sounded, Zhuge Rulong's figure shook, and suddenly came to this world. .

Sect Master Yunxiao and others all showed excitement, and the ancestors came. "Hahaha, Zhuge is like an old dragon dog, how could the old man be afraid of you, just worried that your old dog would not follow the rules and would take action against the descendants of my Qingxue family." Qingxue Guhua sneered and ignored Zhuge Like a dragon, walk straight towards the end of the ancient golden road go with.

"Huh, the old immortal thing."

Zhuce Rulong let out a cold snort and fell quickly. After seeing the people of the Tianyuan Sect, he did not hesitate to set foot on the golden ancient road where the Tianyuan Sect was located. There is no concealment.

[Chapter 3575: A figure](#)

When Qingxue Guhua and Zhuge Rulong and other masters arrived one after another.

Sword mound in the evening snow.

As soon as Qin Chen stepped into the ancient temple, he saw a layer of terrifying golden streamer crazily evolving into the void, turning into infinite coercion, like the path of the Tao, oppressing the three of them.

"Huh?" Qin Chen's eyes narrowed slightly, and he raised his head to look at the changing golden flowing clouds in the sky, revealing a strange color, what's the situation?

Looking around, this place is actually an empty place, but the five demon masters who entered this place before are not visible, just a barren area.

"Master, there seems to be a terrible sword power here, which is affecting our will." Qingqiu Ziyi said with a change of color, his face changed and he seemed to be in a state of extreme surprise.

Qin Chen raised his head, his eyes flickering, and said: "Indeed, the power in the void is suppressing our soul power!" "Suppressing the soul?" You Qianxue's pupils contracted slightly, staring around in surprise, and she felt it too. After this coercion, she felt extremely miraculous. Her various abilities did not feel imprisoned at all, but the soul power was indeed suppressed.

.

"Let's go, here should be some kind of place of inheritance." Qin Chen thoughtfully, his eyes flashed with an edge. At this moment, besides the stream of light in the void, there was a golden ancient road. The road seems to be an extension of the outside world, but this ancient road is more spacious, like a

Like a deep and boundless hall, I don't know where to lead.

"There seems to be someone in front." Qingqiu Ziyi whispered, and saw that there seemed to be a bridge across the ancient temple in the distance in front of the ancient temple. A figure stood there on the bridge, standing still.

"Go and see." Qin Chen's speed flickered suddenly, and he stepped forward along the golden ancient road, before descending to the bridge in a moment. A simple figure stood in the middle of the bridge, as if it had been standing here for hundreds of millions of years, and under the bridge, there was a river of sword aura, infinite sword aura permeated, the rules of infinite sword permeated, containing the sword of heaven and earth. The truth,

It seems that as long as you step into it, you can be obliterated by this infinite sword aura.

"It's not like the Five Great Demon Lords. Could it be that this Tongtian sword pavilion left over from the ancient times? Is it dead?" You Qianxue whispered, this figure motionless, as if lifeless. "I'll try." Qin Chen stared at that figure, and then he slowly stepped on the bridge. The moment he stepped on the bridge, suddenly there seemed to be a truly incomparable sword light towards the bridge. He blasted over and made his feet

Step back instantly, everything returned to normal again.

"What's going on, nothing?" After Qin Chen returned to the place, there was no fluctuation in the void and everything was calm as usual.

"Dust, what's wrong with you?" You Qianxue asked.

"The moment I stepped on this bridge, it seemed that I had encountered an attack. A powerful sword aura seemed to be virtual, and it was impossible to distinguish clearly." Qin Chen said suspiciously, a very strange situation. "Is it a will attack from the soul?" Qingqiu Ziyi said when he heard Qin Chen's

words. They did not see the attack at all, but Qin Chen obviously could not deceive them, so the only possibility was a will attack from the soul.

, This phantom is actually the will left by a top expert, leaving the figure of will on the bridge, as long as people step on the bridge, they will be attacked by the will of the soul level.

So, is this place of inheritance deliberately for suppressing their souls here?

"However, since it is a soul will attack, why is it seemingly virtual and real, only when you step on the bridge can you feel it, but you can't see it?" Qin Chen frowned. "Unless, this soul will attack comes from the Venerable..." Qingqiu Ziyi said suddenly, his eyes burning, "The Venerable realm, the power is above the heavens, the souls are also merged between the heavens and the earth, and they have the unpredictable. Yes, the attack power seems to be true

, The will can be an illusory attack, or a physical attack, even the will of a master of the realm, which can be transformed into substance and immortal. "" Turned into substance, immortal? "Qin Chen murmured. He also felt this point. Compared with the power of the soul of the master of the Holy Master and the master of the realm, it can last enough time, whether it is the Sky Poison Pill Venerable or the Venerable Soul Demon Race ,All

It shows this, and it is more powerful than the Holy Lord. "In this way, is this figure a master in the ancient Tongtian sword pavilion, leaving the soul will to guard this place, as long as we step into it, we will be attacked by real." You Qianxue interrupted, Qingqiu Ziyi pointed. Nodded

"That's it, but we seem to be able to reach the other side of the bridge only by passing this test." "I'll destroy it directly." Qingqiu Ziyi's voice fell, and his steps moved forward, and there was an invisible confusion immediately. The power swept out, she is a master of half-step venerable, the power of the soul has already begun to transform, the power of charm seems to be transformed

It did a substantive, and blasted towards that figure with violent power.

"Boom, boom, boom!" A series of attacks hit the figure, only to see that figure did not move, still standing there, it was obviously useless to do so. "When stepping into this tomb, the soul is suppressed, even if the strongest person comes in, the attack power displayed is limited, and it is impossible to blast the opponent. I am afraid that the ancient masters in this tomb have long been prepared. Attack is impossible

Those who blast past directly still have to go past. "I will try again. If this is a test, I am afraid that the nine golden ancient roads will have different tests, but I don't know what the purpose of this test is. "Qin Chen said, and then stepped forward on the bridge again, this time

He was already prepared, with the power of eternal sword energy wrapped around his body, and he threw forward violently, as fast as lightning.

Suddenly, a series of terror attacks came towards Qin Chen's overwhelming bombardment at the same time, his speed was fast, and the soul will attack of this figure was suddenly as fast as lightning, as strong as thunder.

Qin Chen blasted out with both hands together, and suddenly the sword aura soared into the sky, and the vast sword aura roared out like an ocean, accompanied by the soul power, and the mighty will to hit

this figure directly. However, this figure's soul will is extremely terrifying. Feeling Qin Chen's terrible attack, he stays still, invisible soul power invades, strands of it, even everywhere, with softness and strength, all Qin Chen's sword aura is sealed. countless

The will was frozen, and then another terrible soul will attack fell from the sky, containing infinite power, directly suppressing Qin Chen. With a rumbling sound, Qin Chen was forced to retreat and returned to the original point again, his complexion slightly cold.

[Chapter 3576: Hold my hand](#)

"My soul power can't shake this figure at all. Is my soul power really so weak?" Qin Chen couldn't believe that his soul power was extremely powerful. Although it was only a late-stage holy master, it was far beyond ordinary. The pinnacle holy lord is even stronger than some half-step venerables, but he can't resist this attack of the soul will at all

. "No, don't you say that this figure is not to be defeated, but to adapt?" Qin Chen suddenly frowned, thinking of a possibility. If it is pure confrontation, let alone him, even a master of the realm may not be able to carry it. Then if this is true

It is the place of the Tongtian sword pavilion. Isn't the other party's purpose to prevent anyone from entering?

This clearly does not conform to common sense.

"Try again." Qin Chen stepped on once again. This time, he didn't use the power of the soul to attack, letting the horrible sword light soul will slash towards him, puff, that incomparably true soul will fell on him. On Qin Chen, Qin Chen snorted, spirit

The soul rumbling and roaring, as if to be cut. But he stared at the past carefully, only to find that this soul sword light was only vainly beheading his soul, not directly blasting his soul, in other words, the attack he endured was only at the level of soul vain. Even his spirit

The soul power has not received a real attack.

"Sure enough!" Qin Chen's eyes burst out with a divine rainbow, and he continued to step forward. The heavenly soul forbidden technique in his mind was running, and he immediately felt that the perception around him was extremely clear, that substantive soul will The sword qi slashed again, but

It was this time that Qin Chen felt a unique sword rule from this soul will sword energy attack.

Puff puff! Countless soul sword energy powers slashed at Qin Chen one after another. This Dao Sword rule permeated Qin Chen's soul. At this moment, Qin Chen seemed to see a golden gold. Avenue of Swords

, This avenue spreads to the depths of endless darkness, this is the real avenue of swords. It's just that today's sword avenue is still very vague, what appears to Qin Chen's eyes is only a very incomplete part, but when this soul sword intent attack continues to fall on Qin Chen, Qin Chen absorbs, understands, and carefully considers the perception. one of them

After the power, this path became vaguely clear.

And as Qin Chen's understanding of the Dao of Swords became clearer, the distance he could walk on this bridge also became more. "I understand that these soul will attacks are actually a test of a certain kind of test, a test of comprehension of the great sword of the sword. If you want to pass this place, you must not be impatient, you must perceive the power in it carefully. Once you understand the power in it, Can pass

Cross this bridge. "

Qin Chen said, then he continued to walk forward slowly.

This time, Qin Chen's speed was not fast, and the terrifying sword power surged through his body, and immediately, the power cut from the soul's will became more and more terrifying, instantly like an ocean, about to swallow Qin Chen. But Qin Chen did not move at all, his eyes were pure, like a naked child, immersed in the power of this infinite sword, puff puff puff, countless soul swords fell on him, but he didn't realize it. , Instead of resisting, instead

I was immersed in the pressure of this soul kendo, but felt everything in it. Sword light filled the air. When Qin Chen approached that figure, the sword light flashed, and a sword aura that reached the sky from the ancient road in front of him, buzzing, the vastness of the sword light instantly fell on Qin Chen's body. Qin Chen suddenly felt nothing in his body

The famous sword classics are shaking slightly, and they are absorbing and analyzing this force.

Boom!

At Qin Chen's feet, a series of terrifying sword runes flickered and evolved into a sword, covering Qin Chen on the bridge.

"Chen he stopped in the middle of the bridge. He is... comprehending the power of the soul will kendo?" You Qianxue was surprised. At this moment, Qin Chen stood directly on the bridge and did not move on. It is a careful understanding of everything here.

Rumble!

In Qin Chen's mind, the endless sword aura bloomed. He was immersed here, his whole body glowing. This was a baptism, the baptism of the sword heart and the bones, making Qin Chen a sharp sword in an instant.

"Go, let's go up too."

You Qianxue's eyes flashed, stepped onto the bridge, and suddenly a terrifying sword light fell down, but with Qin Chen's experience, You Qianxue remained motionless, she was also a genius of swordsmanship, she was icy and gloomy. The power of lunar glaze.

She groaned first, and under this power, her figure shook, because this soul attack was too terrifying, and her soul power was even somewhat difficult to resist. However, she withstood it abruptly, unmoved, and carefully comprehended the power of this sword aura. Suddenly, the light of sword aura surged across her body, and the rules of the sword surrounded her, instantly In the meantime, You Qianxue also looks like

It turned into a sharp sword, but compared to Qin Chen's aura of breathing and cutting the world, it looked very feminine. Immediately afterwards, Qingqiu Ziyi also stepped onto the bridge, booming, compared to soul power, Qingqiu Ziyi has already touched the realm of the half-step venerable. In terms of resistance, it is very extraordinary, but when this soul will power chopped off When her

The body is also shaking.

"Hey, this soul power is really extraordinary!"

Qingqiu Ziyi did not practice kendo, but in the attack of this soul's will, he felt the terrifying power of the realm.

boom!

In Qingqiu Ziyi's body, a series of terrible soul light radiated, and the power of the originally damaged soul, after tempering, actually returned to the realm of Half Step Venerable, which surprised her, and it was also an accident.

She realized that this was a great opportunity. Even in her previous life, she had never really stepped into the realm of the nobleman, but under the impact of this mysterious soul, she might really understand the power of the nobleman and step into The realm of the real Venerable.

She was excited and felt, and the power of the soul was changing. The three of them all transformed under this force, and You Qianxue and Qingqiu Ziyi gradually approached Qin Chen and came to the middle of the bridge. However, they did not practice the Heavenly Soul Forbidden Technique and could not fight on this bridge for a long time, even if they were Strong as Qingqiu Ziyi, here it is

In the middle of the bridge, it was a little shaky. The soul impact was too terrifying. All they could do was to rush across the bridge as soon as possible, not even the figure near the middle of the bridge.

But with such a rare opportunity for cultivation, they really want to stay for a while.

"Take my hand." At this moment, Qin Chen suddenly spoke, sensing the state of the two, stretched out his hand, and took the hands of You Qianxue and Qingqiu Ziyi.

[Chapter 3577: This sister is so beautiful](#)

The hands of You Qianxue and Qingqiu Ziyi are very soft. In comparison, You Qianxue's hands are slightly cold and have a sacred temperament, while Qingqiu Ziyi's hands are more gentle, as if holding a fox's tail. With softness and warmth

, Very comfortable.

Qingqiu Ziyi trembled slightly, being held by Qin Chen's big hand, an unspeakable feeling suddenly emerged.

Qin Chen held the hands of the two and diffused an invisible sword aura, covering Qianxue and Ziyi, so that the aura of the swordsmanship they both suffered was slightly relaxed. Qingqiu Ziyi had only held hands with the Eternal Sword Master before. At this time, Qin Chen was holding hands strongly, and the strong masculine aura lingered around her. Her face was blushing, and there was an inexplicable affection in her heart, as if stealing Little girl eating candy

Normally, the mind was pounding, and under the mood swings, he was instantly attacked by the terrifying soul will and invaded the body, making a muffled grunt.

"Zi Yi, what's wrong with you?"

Qin Chen was holding Qingqiu Ziyi's subdued, and said in doubt that he had blocked most of the sword rules for the two of them, why did Ziyi get injured?

"I...I'm fine!"

Qingqiu Ziyi hurriedly said, blushing like a ripe apple, she, a family of nine-tailed fairy foxes who have lived for so many years, is like a young girl at this moment, as if she was caught by the handle, she was embarrassed. .

She took a deep breath and let herself become ethereal. Her face, which was originally like a ripe apple, quickly became slightly ruddy and calmed down a lot.

Qin Chen shook his head. He didn't know why Qingqiu Ziyi was like this, but when she saw that she had calmed down, he also entered the feeling.

Buzzing! The three of them held hands. On this bridge, they felt the meaning of the endless sword rules. Everyone's soul power suddenly and quietly changed. This kind of quiet change is not a direct improvement of the soul level, but for them In the future

Breaking through the realm of the venerable has no small benefits.

And when Qin Chen and the three were constantly comprehending and practicing on this golden bridge. outside world!

Qingxue Silan and Qingxue Siyun, under the leadership of Qingxue Guhua, have already embarked on the golden ancient road and walked slowly inward.

Hum! Qingxue Silan and Qingxue Siyun are full of sword light, both of them are practitioners of the way of swordsmanship. They have unique kendo powers. On this golden ancient road, they constantly feel the power of kendo. Union, turned into a sword

The formation is gradually moving forward on this golden ancient road. On the other hand, Qingxue Guhua stood aside, but did not say anything, did not make a move, but maintained the perception of the two, because he knew that the perception of this golden ancient road was a rare baptism, whether it was right Qingxue Silan also

As far as Qingxue Siyun is concerned, both have huge benefits. On the other side, Zhuge Rulong was lingering about the power of fate. He stepped out, and countless lights of fate flickered. The rules of the sword lingering all around seemed like nothing to him, constantly approaching Sect Master Yunxiao and others. Soon to the sky

In front of everyone from Yuan faction.

"Ancestor Zhuge!"

Sect Master Yunxiao and the others hurriedly saluted respectfully.

Zhuge Rulong nodded, and said through the sound transmission: "Just a few of you here? Did anyone else break into the tomb of the sword grave before?"

"Back to the ancestors, before you arrived, two groups of people had already entered." Sect Master Yunxiao hurriedly said.

"Two groups of people?"

Zhuge Rulong's eyes narrowed, "Who is it?"

Sect Master Yunxiao immediately said what had happened before. Hearing that, Zhuge Rulong's eyes narrowed: "Three of the ancient Dao Sect? A young master? I really guessed right."

In his eyes, a burst of divine light suddenly burst out, and he coldly glanced at Qingxue Guhua.

"Let's go!" The light of destiny bloomed on him, and the whole person was like a god, and quickly moved in. In an instant, he had come to the end of this golden ancient road. Om, the ancient road bloomed with divine light, and an entrance appeared suddenly. , And this Zhuge Rulong is already one

Step into it.

Whizzing!

Immediately after him, it was Sect Master Yunxiao who followed him quickly and disappeared. This speed caused the other masters in the Tiandang Mountains around to change color secretly. How long did Zhuge Rulong come here, and in a flash, he has already stepped into the tomb. This speed is simply staggering. Master, such strength

Is it terrible?

"Ancestor, that Zhuge Rulong has entered."

Seeing this, Qingxue Silan and Qingxue Siyun showed anxious expressions on their faces, and they spoke. Under the anxiety, the two of them became relaxed, and the sword energy around them immediately poured out, covering the three of them like a vast ocean.

"It's okay, you two can concentrate on understanding this kendo, it doesn't matter if the old dog of Zhuge goes in advance. In this sword grave, it is by no means easy to get into the depths."

"But if the ancestor Zhuge met the master first, then the master..."

Qingxue Guhua smiled: "Don't worry, Zhuge Rulong's cultivation is in the realm of the venerable, it should not be easy to meet."

Both Qingxue Silan and Qingxue Siyun were startled, looking at the confident expression of Qingxue Guhua, they were slightly surprised. The ancestor seemed to know something. Did the ancestor ever enter this sword grave?

"However, it does have to be stepped up."

Qingxue Guhua chuckled, his body surging with light, carrying Qingxue Silan and Qingxue Siyun forward.

With the passage of time.

Whoosh whoosh.

Outside this sword grave land, many masters gradually appeared, and these people fell here one after another. Seeing the changes here, a fiery light appeared in their eyes.

Golden ancient road!

These people looked excited. As the top masters of the Southern Heaven Realm, they naturally knew the situation here at a glance. This golden ancient road seems to be a certain kind of passage into the depths of the sword grave. If they can break into it, it must be huge. benefit.

Whoosh whoosh!

This group of people fell in an instant and set foot on the golden ancient road.

"Grandpa Grandpa, the land of the sword grave!"

At this time, Ruyue and the man also came to the golden ancient road. The two glanced at the scene and saw Qingxue Guhua on the golden ancient road, their eyes condensed.

It is also a master of respect. "Is this a twin sister? In one of the swordsmanships, is there such an accomplishment?" Ruyue looked at Qingxue Silan and Qingxue Siyun in surprise, her eyes showed a hint of surprise, but she saw it right away. , Qingxue Silan and Qingxue

Although Siyun is extremely similar, they are not really twins.

"This sister is so beautiful!" The arrival of Ruyue also attracted everyone's attention. Although Ruyue was wearing a veil, her figure and temperament instantly attracted everyone present, and Qingxue Silan couldn't help but blurt out amazement. Tao.

[Chapter 3578: Ji Wuxue](#)

The man beside Ruyue glanced at Qingxue Guhua, with a trace of dread in his eyes. He could see that Qingxue Guhua was also a Venerable. Obviously, many Venerables came to the land of Sword Tomb this time.

"It seems that you have to be a little more careful this time in the sword tomb. Let's go down too."

This man said to Ji Ruyue, and then landed on the golden ancient road with Ruyue. Om, Ruyue stepped on the golden ancient road, and the sword energy began to sweep in. This suddenly reminded Ruyue that he was there. Things in the inheritance of Demon Sword. I remember that when she met Qin Chen for the first time in the Northern Sky Territory Demon Sword Inheritance, she also regarded Qin Chen as an assessment on the path of the kendo inheritance. There was a misunderstanding between the two sides and even Qin herself was Chen sees through the spring, and fights it

Later, Qin Chen was also unclothed.

Thinking that both of them were dumbfounded after discovering that the other was not a simulation of Supreme Swordsmanship, Ji Ruyue couldn't help but laugh out loud.

"Ru Yue, what's the matter with you? Why do you laugh like an idiot?" The man next to Ru Yue asked in confusion.

"Grandpa Grandpa, you are an idiot." Ji Ruyue was so angry that her hair was about to stand up: "I just think of Qin Chen!"

She murmured, her voice full of loss. The man raised his eyebrows and said, "That stinky boy again? Oh, what kind of ecstasy soup my brother gave you. Back then, he was so fascinated by that fellow Shangguan Xier. I didn't expect to be so fascinated by my great-granddaughter now. I didn't say it, wait for it

The next time I break through the realm of the venerable, I will take you to the Eastern Heaven Realm to find that kid, and then the family may not be able to trap us. Hmph, when I see that guy, I have to teach him a lesson. "I remember back in the Tianwu Continent. Although he was the first genius of the Ji family, he has been suppressed by Qin Chen. Now he has reached the heavens more than 300 years earlier than Qin Chen. He is already a half-step venerable and powerful. It should be possible to teach Qin Chen well,

See how the kid resisted himself.

Thinking of this, the man couldn't help but laughed. "Grandpa Grandpa, are you willing? Back then, you didn't even want his life for Qin Chen, and went deep into Death Canyon. If it weren't for the power of your ancestors to make you ascend to the heavens, I'm afraid you would have already fallen for Qin Chen, a good brother. You can live without it,

Would you still teach him?" Ji Ruyue said with a smile.

This man is no one else, but a good friend of Qin Chen on the Tianwu Continent, Ji Wuxue, the first genius of the Ji family. In order to find Qin Chen's whereabouts, Ji Wuxue went deep into Death Canyon alone, and finally activated the power of ancestors and ascended to heaven. After Ji Ruyue ascended to the heavens, the Ji family brought him back from the eastern heavens. Only then did Ji Wuxue know that her good brother was not dead, and this Ji Ruyue was actually her great-granddaughter and became her brother's woman. Is good fortune

.

"If you don't want life, you don't want life, but now this guy actually soaks my great-granddaughter, can I not teach him?" Ji Wuxue snorted. Ji Ruyue chuckled, her grandfather was talented, and he was the first genius in the Ji family that year. After entering the heavens, he is even more talented. He is now one of the top geniuses in the Ji family. She came to the heavens more than 300 earlier than her. Years only,

He is now the top master of Venerable Half Step.

It's just that the character is a little bit funny, and I don't know how Qin Chen became a good brother back then. The two set foot on the golden ancient road. Numerous formation patterns and sword aura swept over them, but they couldn't stop Ji Wuxue and Ji Ruyue's pace. One was a genius of formation and the other was a natural sword. This golden ancient road The assessment is fundamental to them

There is no obstruction.

Ji Ruyue comprehend countless sword qi and decomposed, while Ji Wuxue decomposed the surrounding formations. The two were extremely fast, and they came to the end of the golden ancient road in an instant, opened the entrance, and stepped in.

"So fast!"

All the masters around saw this scene with solemn expressions. Ji Wuxue and Ji Ruyue broke through the formation too fast, even a little slower than Zhuge Rulong, the ancestor of the Zhuge family. How did they do it?

"When did I have these two geniuses in the Southern Heaven Realm?"

Qingxue Guhua frowned, "Go, let's go in too."

He took Qingxue Silan and Qingxue Siyun, and speeded up, and quickly entered the tomb. Others also showed their magical powers to speed up. In order to prevent themselves from falling behind, the many powerful masters present have also joined forces. The land of the sword grave is the top forbidden area in the southern sky. Who knows how many good things are in this forbidden area? If you fall behind, I'm afraid all treasures will be

Captured by the strong who entered the forbidden land first, they will return empty-handed at that time.

For a time, many masters of the forces joined forces, and the speed of cracking this golden ancient road has increased greatly. Many masters have walked to the end of the ancient road and entered the tomb.

And when these people entered the tomb one after another.

Boom!

The void outside the tomb of Jian Tomb suddenly tore a terrifying gap, and a towering figure stepped out of it.

This person exudes the terrible power of stars, descending here like a god.

"What? Another Venerable?"

The remaining masters on the golden ancient road all raised their heads, seeing the people coming, their eyes were shocked, and they lost their voice: "Venerable Star Destroyer."

"The golden ancient road opened. As the master star said, the land of the sword mound has opened again. The Tongtian sword pavilion, unexpectedly, this place is actually the site of the Tongtian sword pavilion."

This majestic figure surrounded by starlight is the Venerable Star Destroyer of the Star God Palace. At this moment, he looked excited, staring at the nine ancient golden roads, and there was a sense of excitement in his heart. "En? A lot of people have arrived first, the Peak Lord? These should be the Tiandang Mountains, or some of the top powers in the Southern Heaven Realm. They actually arrived here before the deity, and yes, the land of the sword grave opened. Fluctuation, the top power of the Southern Heaven

Li will definitely know that it is normal to come before the deity. "

Venerable Star Destroyer squinted his eyes and looked at the top experts, his eyes exuded a faint cold light, and a trace of murderous intent surged over him. This is the ruins of the Tongtian Sword Pavilion, should we kill all these guys? Venerable Star Destroyer's heart surged with killing intent. He used to know the horror of the forbidden area of the sword mound, but he did not know that this place was actually the treasure of the ancient Tongtian sword pavilion.

Although there were some speculations before, but they have not been confirmed, now facing these ruins, greed inevitably emerged in his heart. The faint cold light in the eyes of Venerable Star Destroyer made the hearts of the rest of the forces present involuntarily chill. If they didn't know that this golden ancient road could not be attacked and was stared at by a Venerable Venerable, they couldn't wait to flee here.

[Chapter 3579: Things under the sword river](#)

Just when Venerable Star Destroyer hesitated, he seemed to sense something, suddenly raised his head and looked at the void behind him.

A terrifying aura came from the void again, and everyone saw that another master came out of the void, his body also exuding the aura of suppressing the heavens.

"Venerable Yeguang, Heavenly Work!"

Everyone exclaimed.

And with the appearance of Venerable Yeguang, another terrifying aura descended right afterwards, it was Venerable Jiuyu of Dayu Shenshan.

"Destroy the star, I can't think of you faster than I wait."

Venerable Ye Guang said with a smile.

Venerable Star Destroyer saw the two, his eyes condensed, and the two of them also came, and the three of them stared at the golden ancient road below, and they all showed vigilance between each other.

Venerable Jiuyu looked down, frowning and said: "Since I'm waiting, Zhuge Rulong and others from the Southern Heaven Realm shouldn't come later than me, right?"

The complexion of Venerable Star Destroyer changed, he ignored other things, and immediately asked. After learning that both Zhuge Rulong and Qingxue Guhua had entered first, the complexions of the three of Master Destroyer changed slightly, Zhuge Rulong. Waiting for someone to come so fast.

"go!"

The three of them didn't hesitate to step into the golden ancient road and disappeared.

Above the golden bridge, Qin Chen and the three were in sentiment, rumbling, endless soul will power bombarding Qin Chen's mind, Qin Chen's sword intent power honed.

Qin Chen felt that the rules of the sword in his body became more powerful.

After a long time, when Qin Chen could completely withstand the strength of the soul's will, and could no longer improve, he opened his eyes.

At this time, You Qianxue and Qingqiu Ziyi were still immersed in their sentiment, their eyes closed slightly, their eyelashes trembling, as if they were fighting the soul will, and the terrifying spiritual will surged in their bodies.

Qin Chen looked at the Jianhe under the bridge. I don't know if it was an illusion. He suddenly saw a shadow flashing at the bottom of the Jianhe, as if some kind of cold existence was staring at him.

But when he blinked, the shadow disappeared again.

what is that?

Qin Chen's heart was hairy, and his body trembled. This feeling was so realistic that he was a little shocked.

"Dust, what's wrong with you?"

You Qianxue immediately opened her eyes, Qingqiu Ziyi also woke up, and looked at Qin Chen suspiciously.

"I'm fine." Qin Chen shook his head, "There seems to be something at the bottom of Jianhe."

He said. Both You Qianxue and Qingqiu Ziyi looked towards Jianhe, the mighty river of rules of swords, containing terrifying murderous intent, flowing past, the killing intent made the hearts of the two chilling, even if Qingqiu Ziyi waited halfway through. Venerable Bu, there is also a kind of entry

In Jianhe, the feeling of being crushed to pieces is bound to be much stronger than the murderous aura on the golden ancient road in the outer realm, shattering everything.

"Master, this time Jianhe, even if the venerable enters, I am afraid he will be destroyed, how can there be anything in it."

"Maybe I was wrong."

Qin Chen shook his head. He was just an inexplicable illusion. When he perceived it carefully, he couldn't see anything.

"Go, let's cross the bridge."

You Qianxue and Qingqiu Ziyi could no longer improve under the strength of this kendo. The three raised their heads, resisting the power of the soul will, and walked towards the end of the bridge.

"Huh, what about the figure of will?"

You Qianxue suddenly exclaimed.

When everyone looked up, they saw the figure on the bridge, not knowing when it was gone.

Qin Chen was startled. When this figure of will disappeared, he didn't even notice it. What was it?

"Perhaps this is the assessment on this bridge. We passed the assessment, so this figure of will has disappeared." Qingqiu Ziyi said.

Qin Chen frowned, and he could only explain that way now.

However, the figure of will disappeared, but the power of the rules of the sword on the bridge still exists. The three of them held hands and moved forward carefully. After a while, they finally came to the opposite side of the bridge.

call!

The rule of the sword that was suppressed disappeared instantly.

"I'm finally here." You Qianxue smiled lightly, "Dust, if it weren't for you, we might have to spend a lot of effort here."

Qingqiu Ziyi also hurriedly withdrew his hand from Qin Chen's hand, his face flushed slightly.

"I was rude." Qin Chen said hurriedly. Qingqiu Ziyi is the woman of the Eternal Sword Master, so Qin Chen would not think too much. What's more, Qingqiu Ziyi has saved Sisi. In Qin Chen's mind, Qing Qiu Ziyi is a partner and a friend.

"It's okay."

Qingqiu Ziyi whispered. Next, the three of them continued to step forward. This golden ancient road spread to endless darkness. They didn't know where to lead. The three of them moved forward slowly, not knowing how long this ancient golden road was. For a long time, they suddenly

Liang, he saw a clearing in front of him. Above the clearing, a series of formation patterns emerged, surrounding the terrifying murderous intent, and condensed into a series of swords, which seemed to be true. Qin Chen and the three people stepped into this open space, looking towards the figure of the sword, and then only felt a terrible willpower blasting towards him, like a terrifying swordsman, holding a killing knife, turning into a sword. The **** of killing kills at him

Out. "Boom!" Qin Chen stepped out suddenly, and the origin inside his body roared and blasted towards the killing god. The physical collision caused the void to burst continuously, but there was still a terrible will penetrating Qin Chen's eyes. Pierced into his mind

In the middle, Qin Chen only felt that a powerful killing **** with a killing blade slammed into his head to destroy his will. Qin Chen's mind trembled, divine consciousness guarded the soul sea, the heavenly soul forbidden technique was operating, and the terrible soul impact rolled out. In his mind, the infinite soul power transformed into a godlike figure and the sword. The breath collides together, bringing

That terrible sword power suppressed it.

However, this was not enough. The invisible sword energy slashed on Qin Chen's body, and immediately made a clanging sound, as if it were real.

"The attack of this sword is terrible. It is both visible and invisible, double attack."

Qin Chen said solemnly. He had already seen that the figure of the sword condensed by this formation could turn into two kinds of illusory and physical attacks, and they had to be restricted.

If you want to pass this place, you must overcome this attack. Thinking of this, Qin Chen's aura burst out, stepped forward firmly, and said to You Qianxue and Qingqiu Ziyi: "Qianxue, Ziyi, I will open the road ahead, you two guard both sides. Especially attacking you

When we have our will, we must hold on tightly. This should be a dual tempering of will and body. "You Qianxue and Qingqiu Ziyi immediately stepped forward, and stood side by side with Qin Chen, their bodies bursting out, welcoming the sword figure on the opposite side.

[Chapter 3580: Eternal awakening](#)

Boom!

Terrible power poured out, and the two changed colors at the same time.

"What a strong attack." The two people trembled secretly.

"Take an attack." Qin Chen yelled, waved a dazzling sword aura, and cut the figure of a sword that had killed him. Nine poles of water appeared all over You Qianxue, and Qingqiu Ziyi was an incarnation of charm. , Destroy the will of the sword in front of you, while several people

Protecting his mind with divine thoughts, his will is terrifying, and his tenacity is unshakable. Fortunately, they had just passed the golden ancient road and golden bridge before, and the tests they received in the previous two levels made them have a certain resistance to the will attack of the figure of the sword, otherwise they would encounter this at first glance. Attack, two

It's definitely hard to resist.

But even so, the three of them are extremely strenuous, and their hearts are ups and downs. The figure of a sword can possess such a powerful and terrifying attack power, and it is constantly urged, which shows how powerful the formation itself is.

Is it the venerable formation? At least it's half a step.

"Cut!" Qin Chen roared, a horrible sword light seemed to split the void, cut off the will attack, and blasted on the sword figure in front of him, suddenly a crack appeared.

You Qianxue blasted out with the nine-pole water, causing the void to be turbulent, with a bang, the figure of this sword shattered, and more figures of the sword formed.

"go!"

Qin Chen screamed and moved forward quickly, wanting to quickly pass through this open space, but these countless sword figures did not give the three people a chance to pass quickly, they appeared in an instant, killing one after another.

Looking around, the whole ancient road is endless, it seems that all are the silhouettes of swords, extending to the distance.

"There is going to be a tough fight." Qin Chen trembled slightly when he saw this scene.

With so many silhouettes of swords, each of them is equivalent to the attack of the peak holy master, or even stronger, how can ordinary warriors pass?

I am afraid that only the masters of the half-step venerable realm have the power to compare, unless the figure of the sword will be adjusted according to the strength of the coming person, otherwise this level alone can stop the vast majority of masters.

So far, Qin Chen hasn't seen the figures of the five demon masters, even their bodies, which shows that they probably haven't touched them yet.

"Hmph, empty thunder sword body!"

Qin Chen snorted coldly, with endless sword aura surging through his body. At this moment, he urged the nameless sword canon in his body. In an instant, the sword aura roared, and Qin Chen stood in front of You Qianxue and Qingqiu Ziyi like a **** and demon. Leading the two quickly to the front.

Shoo!

There was a sudden sound of breaking through the sky, and the silhouettes of terror swords blasted towards Qin Chen, a sword of light and cold pouring down like nine stars, piercing Qin Chen directly. Qin Chen's heart moved, and suddenly a heavy and terrifying kendo mood appeared, like a Taishan mountain, I saw the light in Qin Chen's body flashing, and suddenly the heavy sword soared into the sky, slashing fiercely on the countless sword lights. Stop, another sword blooms again

When it was released, the void became fierce and manic.

Boom!

Eternal sword intent, killing sword intent, origin in sword intent.

Qin Chen's top comprehension in the way of swords was revealed one after another.

At the same time, You Qianxue and Qingqiu Ziyi also moved. The two of them knew what was happening here, accompanied by Qin Chen, and displayed the power of destroying the sky and the earth. There was a bang, and the figure of a sword burst and shattered. Drop.

As the group of people continued to move forward, the surrounding figure of the sword made a shocking attack, and a terrible battle suddenly broke out. Qin Chen was dressed in wild aura, wrapped around the rules of the sword, bombarded wildly, using these sword figures as trials, constantly tempering his various supernatural powers, and dazzling sword lights swayed out. Or as the sun shines for nine days

, Or like smashing a cloud peak vigorously, uninterrupted, like a raging sea, as if his law power never ceases.

Both You Qianxue and Qingqiu Ziyi became more and more violent as they fought. You Qianxue himself was a swordsman with sword aura, while Qingqiu Ziyi was the incarnation of a nine-tailed fairy fox, who became more brave in the battle. However, as their footsteps moved forward, Qin Chen suddenly discovered that these volitional attacks had faintly evolved with formations, cooperated with each other, possessed infinite coercion, and continuously divided their lineup. When they came back, they arranged the formation. Already

The scriptures are scattered, each fighting each other.

A muffled hum came out, Qin Chen glanced away, and saw You Qianxue was blasted back, a mouthful of blood overflowed from the corner of his mouth, and a terrifying figure still blasted towards You Qianxue.

Qin Chen's figure flickered like the wind, and suddenly flickered in front of You Qianxue. The terrifying flesh body attached to the avenue of swords, burst out like a wild behemoth, and slammed fiercely on the rushing sword figure.

puff!

A cluster of blood blossoms appeared on Qin Chen's body, and a slight wound was cut.

"Kill!" Qin Chen yelled, and stomped fiercely, and suddenly the sword of anger rolled out, completely submerging the figure of the sword, and instantly shattered.

"Are you okay?" Qin Chen turned his head and looked at You Qianxue.

"It's okay, Chen, I can handle it by myself." You Qianxue said, with a faint look, she actually had a murderous intent: "Just take care of yourself."

"Right."

Qin Chen was taken aback, then smiled, You Qianxue, why should he worry?

"kill!"

You Qianxue drank softly, his figure shot out, and the power of the supreme lunar glaze diffused, fighting with the figure of the sword. Qin Chen laughed too, the figure was like the wind, and his body fists rushed out, repelling a figure in front of him, and said heartily: "Have a good fight, this kind of extreme combat experience is a rare opportunity. Here we can enjoy it. Great fight, what else

What an insatiable. "

"The young master is right, the figure of the sword here is an excellent experience."

Qingqiu Ziyi's figure shook, and her half-step Venerable's cultivation was also tempering herself.

Boom boom boom!

The three of them fought frantically, while fighting each other, while rushing forward.

"Jianxin Streaming Killing Array!"

At this moment, a weak voice suddenly sounded in Qin Chen's jade disc.

Hearing this figure, Qingqiu Ziyi's body was shocked, "Eternal!"

Qin Chen also looked at the Universe Good Fortune Jade Plate, and saw that above the Devil Tree of Ten Thousand Realms, a soul light rose up, exuding a unique sword power, which was the soul of the Eternal Sword Master.

After resting in the Ten Thousand Realm Demon Tree for so many years, his soul power finally recovered some. At this moment, under the agitation of the terrible sword aura in the sword mound, the Eternal Sword Master finally awakened.

It's just that his soul is still very weak at the moment.

He felt the scene beyond the jade disc of good fortune in the universe, and couldn't help but say.

"Senior Eternal Sword Master, are you awake?"

Qin Chen said excitedly.

"Qin Chen, thank you for taking care of Qiongxian for me." The Eternal Sword Master is very weak, and his soul perceives the outside world, and said in shock: "Why are you in the sword heart stream light killing array?"
