[Chapter 3581: Jianxin Streamer Killing Array](#)

"Jianxin Streaming Killing Array?"

Qin Chen and the three people gathered together, all said in doubt. "Yes, this is the Jianxin Streaming Killing Formation. This formation is the unique formation of my Heaven-Tall Sword Pavilion. It is the figure of the sword condensed by the power of the unique sword. It can hone the will of the sword masters. However, this formation is extremely powerful. Terrible, ordinary people can't communicate

However, under normal circumstances, it is used by my Heavenly Sword Pavilion to assess disciples above the pinnacle holy master level, temper the flesh, condense the sword heart, and feel the way of transcending the sword. "

"Generally speaking, it is used to test whether the disciple can enter the realm of the venerable. Although it is a killing formation, it is a kind of tempering and a test." "At the beginning, I had broken through this Jianxin. The streamer killed the formation, and the achievement was the first among the many disciples of the Tongtian sword pavilion at that time, so he was selected as one of the successor disciples of the Tongtian sword pavilion.

It's a pity to break through the realm of the Venerable..."

Speaking of this, the Eternal Sword Master paused. "Eternal, I blame it. If you hadn't followed me around the world and wandered all over the world, I'm afraid you would have already broken through the nobleman. Even if you have further cultivated and become the mainstay of the Tongtian sword pavilion, it may not be a high-level human figure." Qingqiu Ziyi

He sighed: "Perhaps when the Lord of the Wild God chose us, he also took a fancy to your talent." "Qiongxian, what are you talking about? Being with you is the luckiest thing in my life. Things." The Eternal Sword Master said. Suddenly, he felt the strong vitality on Qingqiu Ziyi's body, and he couldn't help being shocked: "Qiongxian, your Xiu

Why did you recover so much? "

When Qingqiu Ziyi was resurrected, he could also vaguely feel some, but he never expected that it didn't take long for Qingqiu Ziyi's cultivation base to faintly step into the realm of a half-step venerable. When Qingqiu Ziyi from the previous life and when he was refined by the Lord of the Desolate God, they both felt the way of the venerable. As long as Qingqiu Ziyi can really restore the cultivation base of the previous life, then the achievement of the venerable will inevitably be a matter of time. Problem

Up. Qingqiu Ziyi said: "Thanks to the young master, the Nine Immortal Blood Jade he took out is one of the top materials of my monster race that is most suitable for shaping the flesh. Coupled with the nourishment of the soul liquid, my soul can quickly Reply and in this short time

In a moment, he returned to the realm of Half Step Venerable. "Master?" "The Eternal Sword Master murmured, looking at Qin Chen, and immediately smiled: "I can't think of the young man who I helped at will, but didn't want my elder brother to conspiracy to succeed. Now that he has grown to this point, you really are the protagonist of this era.

, The tide of destiny, my time has passed. "

"Senior Eternal Sword Master, you are still young." Qin Chen said with a smile. "Haha, don't call me senior, just call me eternal. I will call you the young master like Qiong Xian from now on. Even though I was waiting to save you, in fact, if I don't If you shoot, you will be fine, and then you

Saved me and QiongXian, so that the two of us can meet again in this world, and there is nothing more than this. Especially during this period of time you took care of QiongXian, it was a lot of effort and hard work. "

The Eternal Sword Master sighed.

"This... not so good!" Qin Chen said in a hurry. Qingqiu Ziyi called his master, and he was a little uncomfortable. Now the Eternal Sword Master also called his master. This generation is completely messed up. The guy who lived from the ancient times to the present called his master,

Moreover, he is still his benefactor, this feeling is a bit uncomfortable.

"Also, why did seniors say that if you didn't make a move, I wouldn't have anything to do?"

Qin Chen frowned, he felt that the Eternal Sword Master seemed to know something he didn't know.

"Haha, there is nothing wrong with it, it's so set, even if you and me meet, it may be a destiny arrangement. I believe in destiny in the dark, let QiongXian and I stay there for hundreds of millions of years, just To wait for your arrival. As for me

What you said is okay, I am not sure now, there are some things, please forgive me, Master, I can not tell. "

Eternal Sword Master said.

"God is mysterious." Qin Chen muttered.

The Eternal Sword Master smiled slightly and said: "By the way, why are you in this sword heart's flowing light killing array? Are you in my Tongtian sword pavilion?"

He looked around suspiciously. The previous period was a critical moment for his soul to wake up. He had almost no notice to the outside world, so he didn't know everything about Qin Chen and the others.

Qin Chen's complexion darkened, and when he was about to come to the Southern Heaven Realm, everything he had understood was said.

"What? My Heavenly Sword Pavilion has died? There is no longer my Heavenly Sword Pavilion in the heavens, but only the Sword Tomb Cemetery?"

Hearing that, the Eternal Sword Master was struck by lightning, and his whole body was shocked. Although he was the body of the soul, tears flickered in the corner of his eyes.

Back then, he eloped with Qingqiu Ziyi and left the sect. Although he wandered around the world, he still remembered the sect, the Tongtian sword pavilion, where he was born and raised, and his home. Unexpectedly, he was already in this celestial continent. Disappeared.

"Impossible." He murmured, unable to believe it, "My Heavenly Sword Pavilion is the holy land of human swordsmanship. Master and ancestors, their cultivation bases reach the sky and the realm of detachment, and are the most terrifying power in the ancient heavens. One of them, and my disciple of the Heavenly Sword Pavilion Ruyun,

The strong come out in large numbers, how could all of them fall, not one left, only the Sword Tomb Cemetery? "He was a little unbelievable for a while. The Heavenly Heavenly Sword Pavilion used to work with artisans and other major forces in the ancient celestial realm, and they were the top in the heavens. Annihilation

.

"Senior is sad." Qin Chen sighed. At least from what he has learned and seen so far, this Tongtian sword pavilion has completely disappeared and destroyed. Otherwise, Zhuge's family and other top forces in the southern celestial realm will not use the Tianyuan faction and other forces to explore the situation of the ancient Daozong. Zhuge

If such a top expert in the art of destiny, such as the dragon, the venerable of the Southern Heaven Realm, if the Tongtian Sword Pavilion had survived, he wouldn't know it.

"No, I don't believe it."

The Eternal Sword Master murmured, emotionally, the emptiness of the soul fluctuated violently.

"Go, Master, although this sword heart streamer array is strong, there are actually a few tips to pass it. I must go to the depths of this sword mound to see what is going on with my Tongtian sword pavilion."

The Eternal Sword Master said excitedly, the voice fell, and the messages of Qin Chen suddenly flooded into the minds of the three Qin Chen. It was the secret of the sword heart streamer and the way to pass.

"Such subtle." Qin Chen couldn't help being shocked.

[Chapter 3582: Sword Stele Forest](#)

At this moment, countless figures of swords were still beheading, surrounding Xiang Qin Chen and others. Qin Chen and others were still resisting when they started talking. At this moment, this message flooded into his mind, and Qin Chen immediately urged this method.

Suddenly!

The world of swords in front of Qin Chen's eyes suddenly changed. The figure of the swords had evolved into a breath of different swords, containing unique power, and attacked and killed them.

Boom boom boom!

The breath of these swords contained the power of tempering, which made Qin Chen's sword heart clear, and he touched the avenue of swords more and more.

He seemed to see the road behind the Avenue of Swords.

Of course, this is just an illusion. To transcend the Dao of Swords, it is to break through the realm of the Venerable. At least Qin Chen is still some distance away from the Venerable Breakthrough. It is extremely rare to be able to feel the power of transcending this kind of power.

"This Jianxin Streaming Killing Array is indeed exquisite, and the method of the Heavenly Sword Pavilion is too powerful, no wonder it can become the top sect in the ancient times."

Qin Chen was shocked. It should be noted that he is also a top-level formation master, a peak-sage master-level formation mage, but he couldn't see any clues of this sword heart streamer killing array before, so he could only resist passively, because this formation is very delicate and not normal. Use the pattern to stimulate

, But turned into the power of the sword, condensed into the figure of the sword, in the battle to raise the opponent and feel.

If it weren't for the eternal sword master's prompt, let Qin Chen experience it by himself, I am afraid that it would take a long time to stay here and make an insight to taste it carefully.

However, in this sword tomb, first is the golden ancient road, then the golden bridge, and now this sword heart streamer kills the formation, seems to be testing them, and it seems to mention them, what is it?

Qin Chen frowned, because he didn't know the assessment in this sword grave, whether it was deliberately done by the powerhouse of Tongtian sword pavilion in ancient times, or was it just a coincidence?

If the strongman of the Heavenly Sword Pavilion knew that he would be destroyed before his fall, and wanted to keep the inheritance, and deliberately set up the assessment, then with the method of the Heavenly Sword Pavilion, some special methods for assessing swordsmen should be set up, and those who are not swordsmen should be directly eliminated.

Believe that it is not difficult to do this with the means of Tongtian Sword Pavilion.

But now, no matter whether he is a swordsman or a warrior who cultivates the way of swords, he can enter the sword grave, which makes Qin Chen a little confused and surprised.

If the layout here is really set by the master of the ancient Tongtian sword pavilion, then what is the purpose of the place?

kill!

Since Qin Chen couldn't understand, he didn't bother to think about it. He brought You Qianxue and Qingqiu Ziyi forward, and the three of them shot together.

"Hehe." You Qianxue snorted, and at this moment, she also received the eternal sword master's teaching method. Suddenly, there seemed to be thousands of sword qi rushing out of her body, and the supreme aura of the lunar glaze soared to the sky. Explosive power, let Qin Chen

Secretly stunned, You Qianxue was also extremely tyrannical, and this Jianxin Streaming Killing Array and other tests, on the contrary, activated the inheritance of the Supreme Lunar Glaze in her body, the more terrifying later, the potential is constantly being urged.

Boom boom boom!

The three of them followed each other's steps, and kept moving forward, their eyes burning with fighting intent.

The infinite sword figure came and killed, but it truly became the experience of Qin Chen's trio. The power in it was felt by Qin Chen's trio, and their bodies were constantly tempered.

I don't know how long Qin Chen and the others have rushed to the end, and there is no more sword figure in front of them.

"Drink!" Qin Chen roared, sword chants, the rules of the sword in his body cheered and eager to try, as if sublimated, very refreshing, as if to break the limit.

Finally, everyone stepped out of the range of this Jianxin Streaming Killing Array, and what appeared in front of the three of them was a golden void gate.

"Happy." You Qianxue grinned, with blood still hanging on the corners of her mouth. Qin Chen laughed at her appearance.

Qingqiu Ziyi also whispered. She used the charm of the nine-tailed fairy fox clan in the past. This time she felt the power of the sword heart, and she also benefited a lot. The venerable aura on her body has become more and more important. Rich.

Perhaps, in the near future, it is really possible to directly break through the realm of the Venerable.

"This swordsman's streamer killing array is really powerful, Tongtian sword pavilion, worthy of ancient swordsmanship holy land, although this battle almost exhausted me, but it also gave me a deeper understanding of swordsmanship."

You Qianxue said with a light smile, she was a swordsman, and she became more happy now.

"Everyone has a rest. I don't know what's going to happen behind this Void Gate." Qin Chen whispered, and You Qianxue and Qingqiu Ziyi nodded one after another. They really want to recuperate, and there may be fierce fighting.

Even the Eternal Sword Master didn't say anything, because he didn't know what would be behind this Void Gate.

After half an hour, Qin Chen opened his eyes and saw that everyone had finished resting and should be almost recovered. He couldn't help but say, "Okay, let's go."

Qin Chen and the three people stepped toward the door of the void, and then they found that the scene in front of them suddenly changed, and everything was as usual in the sky, but at this moment they were standing in an extremely spacious hall, which was tens of millions of meters wide.

"Someone."

At this time, Qin Chen saw that besides them, there were other people here. After passing through this golden void gate, did they finally start to border other golden ancient roads!

The vast and endless hall is magnificent. In this hall, there is a transparent giant sword. These giant swords stand in the hall, soaring into the sky, like a vast forest of swords. Here. Outside the sword mound, there are countless saint soldiers and sharp swords inserted into them, turning into sword aura. Those are real treasure soldiers, but the sword forest here is different. Each of these sharp swords is extremely large and transparent. But the terrible colors circulate in it

The breath exuded the power that made Qin Chen's heart palpitating.

These giant swords, open to the sky, transparent, as if they were illusory, were formed by the will, but when they looked carefully, they knew that they were entities, primitive and unpretentious, and the aura they exude made Qin Chen horrified.

This caused Qin Chen's pupils to shrink slightly, what is this place?

"Sword Stele Forest!"

Among the jade disc of good fortune in the universe, the Eternal Sword Master lost his voice.

"Sword Stele Forest, what is that?"

Qin Chen looked around.

"The Sword Stele Forest is another sacred place of swordsmanship in my Tongtian sword pavilion. It is rarer than the sword heart streamer killing array. It is the most core heritage site of my Tongtian sword pavilion."

The Eternal Sword Master said slowly. "The many giant swords you have seen, each transparent giant sword, represents a kendo in the Sword Stele Forest. This is made by the ancient sages of our Tongtian Sword Pavilion and condensed the rules of kendo. They are from the heavens, The rules of the sword are condensed and transformed into a physical giant sword, which evolves in this forest of sword steles for our kendo disciples in the Tongtian sword pavilion to understand and practice."

[Chapter 3583: immortal](#)

"In other words, every giant sword in front of us is a kind of kendo rule, which is condensed by the top powers of our Tongtian sword pavilion. For hundreds of millions of years, as long as our Tongtian sword pavilion has a new predecessor to understand the new way of swords, Will be condensed in the sword monument

In the forest, after countless years and hundreds of millions of years of inheritance, there are already countless swordsmanship giants in the forest of sword steles. "

Upon hearing this, the three Qin Chen were shocked.

Condensing the Great Sword into a substantial sword for the disciples of the Heavenly Sword Pavilion to comprehend. What kind of method is this?

For example, Qin Chen, based on the rules of the way of destiny, eternal swordsmanship, and so on, has cultivated to the point of blending with the heavenly way and becoming a later saint master.

However, if he wants Qin Chen to directly extract the way of destiny he has mastered, the eternal sword way, from the endless heavenly way, and condense it into an entity for future generations to refer to, he simply can't do it, let alone save this kind of way for billions. Ten thousand years have passed.

This, can this be done, are they all masters? So in the ancient times, how many sages were born in the Heavenly Sword Pavilion? Seemingly knowing Qin Chen's doubts, the Eternal Sword Master said: "If you want to condense this physical sword road, it is impossible even for ordinary people. It must be a figure above the sage to have a certain possibility, but also Not necessarily, a god, maybe

Only one kind of top-level swordsmanship can be mastered, and only a two-handed great sword can be condensed. If it is Tianzun, it is much easier. Some Tianzun can even condense ten great swords. "

"Human? Earth?"

Qin Chen frowned.

"Venerable is just a basic title. As long as it transcends the heavenly path, it is the Venerable. However, the Venerable is also divided into realms. They are the human, the earth and the heaven. Above the heaven, the supreme is the real inverse. A character of the sky." "However, in ancient times, Tianzun was already the leader of a big sect. The sword stele forest here has been laid by countless strong people for countless years since the birth of my Tongtian sword pavilion, so you see Many giant swords are not formed in a day,

It was the painstaking effort of generations of masters of my Heaven-Tall sword pavilion. "The Eternal Sword Master said, shocked in his heart. This is the foundation of their Heavenly Sword Pavilion. Each giant sword represents the rules of the sword integrated into the heavens. In other words, any swordsman only needs to understand any one here. Handle Greatsword entity,

Can achieve the pinnacle of the Lord.

And among the countless pinnacle holy masters, the noble one can naturally be born.

In ancient times, the energy of the Tongtian sword pavilion continuously cultivated master masters, precisely because of this sword stele forest.

But at this moment, the sword stele forest is actually here, anyone can feel it, making the Eternal Sword Master puzzled.

"Sword Stele Forest and Jianxin Liuguang Formation, although they are both in the sacred ground of the Tongtian sword pavilion, they are not dependent on each other, but they appear here at the same time. Could it be my ancient ancestors of the Tongtian sword pavilion deliberately?"

The Eternal Sword Master murmured.

Why is this?

Even if the Tongtian sword pavilion is destroyed, it is necessary to find the descendants, but don't it need to be evaluated and tested to find the real swordsman? "The avenue is eternal. The human, the earth, the heaven, and the masters of the earth may condense the entity of the avenue. That said, the half-cut sword I saw outside of the sword grave is still distributed for hundreds of millions of years. Horror sword intent, this broken sword back then

The master of, perhaps is a master of earth respect! "

Qin Chen thought silently, turning the Great Dao into substance and living forever. What kind of means is this?

At the same time, Qin Chen also remembered the ancient sacred tower of the ancient sacred tower. The spirit of the ancient sacred tower said that the founder of the ancient sacred tower and the owner of the ancient sacred tower is a strong Tianzun. No wonder that the ancient sacred tower is so terrible.

And how strong is Xiaoyao Supreme, who is said to restore the heavens and lead the founder of Tianjiao?

Endless pride emerged in Qin Chen's heart.

He is not even the Venerable now, but as he works step by step, he is already vaguely touching the ultimate power of this world.

"Five Demon Lords!" When Qin Chen and the three were shocked, You Qianxue whispered suddenly and attracted Qin Chen's gaze. Qin Chen saw that the five great demon masters were actually there in the forest of sword steles in the distance. They are all in front of a giant sword, and they feel the power in it.

The amount seems to be trying to gain the inheritance of the sword.

Although they are not swordsmen, the power of swords is common, such as the eternal sword intent. This is not only a sword intent, a rule of the sword, but also an eternal mood and rules.

If you can feel the power of success, perhaps there will be some improvement and changes in the eternal mood.

Therefore, this Sword Stele Forest can help not only swordsmen, but any master who is in harmony with the way of heaven and understands the rules of heaven.

"In addition to the five demon masters, there seem to be people from other forces."

Qin Chen looked at it intently, and saw some other people on the ancient road, and several people were sitting right in front of the giant sword, seeming to understand the power of the giant sword.

"It seems that we have lost a lot of time in the front, and the golden ancient road in the back may have been opened up." Qingqiu Ziyi said, and everyone nodded secretly. They were indeed stunned in the battle between the two previous levels. After too long, if Qin Chen and three of them had their strength, they could kill all the way, passing the bridge and Jianxin streamer to kill the formation.

, Can save too much time, but in order to experience, they wasted a lot of time.

"These giant swords are for comprehension sword intent, there will be no offensive power to bring you harm, you can try to comprehend."

At this time, the eternal sword master in the jade disc of good fortune in the universe said.

Although he wanted to let Qin Chen and the others continue to move forward, he knew that this was an excellent opportunity, and that the sword stele forest appeared here was obviously the will of their

ancestors of the Heaven-Through Sword Pavilion, and the Eternal Sword Master naturally did not want to violate it.

He also wanted to know, what was the purpose of his ancestors' arrangement like this? Qin Chen also wondered about the opponent's purpose. Could it be that he wanted more kendo masters to appear in the heavens, so that everyone could master the kendo and contribute to the heaven war? But if this is the case, why has Jianzhong almost been difficult to open for hundreds of millions of years? Otherwise here

It was the place where the Tongtian sword pavilion was inherited, and it should have been passed on long ago.

However, despite the doubts in his heart, Qin Chen did not hesitate to step forward, and walked towards a giant sword with You Qianxue. Qin Chen stepped forward and came to a quaint giant sword. This giant sword was very simple, and the light on it was not so bright, but it gave Qin Chen a deep feeling and made Qin Chen feel more and more. It's extraordinary, so Qin Chen chose it first

.

Qin Chen's palm touched the giant sword, and a terrifying will suddenly penetrated. However, this will did not have that targeted attack, but it still had a strong penetrating power.

boom!

A kind of immortal artistic conception of the immortal way of heaven penetrates Qin Chen's mind. immortal!

[Chapter 3584: Death Sword Intent](#)

Everything is immortal!

Kendo is immortal!

The immortal kendo rules contained in this huge sword turned out to be! "Immortal, immortal power." At this moment, Qin Chen's pupils contracted slightly, and that immortal will penetrated out, and swept into Qin Chen's body like a vast ocean, the immortal mood lingering crazily. Pouring into Qin Chen's body

, Making Qin Chen's body filled with immortal mood, hesitating endlessly, as if he had also turned into an ancient swordsmanship, immortal.

"Awesome, this immortal mood is really strong." Immortal mood, like its name, lasts forever, and has the same effect as eternal mood. It belongs to one of the most terrifying kendo moods. It is extremely difficult for ordinary warriors to realize it. At this moment, it is transparent. The great sword contains immortal sword intent, which naturally makes Qin

Chen was pleasantly surprised and surprised.

Qin Chen was originally good at eternal power, and he naturally had some comprehensions in immortal mood and mastered some immortal rules, but he wanted to achieve the point of merging the heavens, but he was still far behind, and he needed a long time to practice hard.

But now, this immortal sword intent rule is directly turned into a transparent giant sword, directly bombarded, but it can greatly reduce the time for Qin Chen to understand.

The tyrannical immortal power continued to wreak havoc on Qin Chen's body. While his immortal will was increasing, he was actually deepening his understanding of immortal power. A trace of rough immortal sword intent began to linger around him. "This immortal will is so strong that it can turn the power of the Heavenly Dao into its essence, and it will last forever. Is this the ability of a master above the Earth Sovereign?" Qin Chen secretly asked, if the Demon Clan master sent by the Demon Clan back then was the Earth Sovereign Above, maybe he doesn't have that

It's so easy to escape, even he may not even be able to reach the virtual sea, so he has died in the opponent's hands.

However, the ancestor of the demon corpse sent by the other party should be just like Zhuge Rulong and others.

Rumble! As Qin Chen's understanding of the immortal sword intent became deeper and deeper, the immortal rules that Qin Chen lingered around became more and more terrifying. The terrible immortal aura bloomed from this immortal giant sword, bursting out, reaching the sky and the earth, even Attracted the attention of others

.

Because the power of this rule is so terrible that it crushes everything.

The infinite immortal sword intent began to seep into Qin Chen's body, changing his body. "Boom!" A horrible immortal sword intent burst out, Qin Chen only felt that his body was going to be immortal, and his understanding of immortality was getting deeper and deeper. Finally, the light of immortality gathered around his body and would never dissipate, as long as he A thought, as if it could

Enough to exist there forever.

Of course, this is just an illusion, with Qin Chen's current strength, it is impossible to keep his strength in the void forever.

"Om!" An agitating sound came, and the transparent giant sword in front of him quickly dimmed, and the power of the transparent giant sword turned simple and gray, losing the deep and terrifying before.

"Well, this is?"

Qin Chen frowned, and he felt the immortal sword intent in the transparent giant sword in front of him, and disappeared. "This is the characteristic of the Sword Stele Forest, because for one person to comprehend the sword intent of the Heavenly Dao level, it takes all the power in the regular giant sword, so once someone comprehends the power in this giant sword, the giant sword will run out of power. Dimmed,

But at the same time, the large array under the sword stele forest will absorb the power of the heavens and supplement the ruled power that has dissipated. "

The Eternal Sword Master said again.

"That's it."

Qin Chen suddenly felt a little better for him. Otherwise, if the transparent giant sword had been able to continuously display the rules of sword intent before, it would make him feel that it was not real enough. But in this way, the rules of sword intent in the forest of sword steles are actually not infinite. At least within ten thousand years, they can only be understood once. Once he understands it, then others cannot understand it. Similarly, others understand it. He can't

Comprehend again.

This made Qin Chen's heart surge with eagerness.

Hum!

At this moment, Qin Chen was surrounded by the immortal mood, and Qin Chen quickly converged, converging the immortal mood so as not to cause sky anger.

"Comprehensively understand a rule?" Many people turned their gazes towards Qin Chen. This guy broke through a series of kendo law powers so quickly, this understanding is too fast. Of course, the breakthrough of a law will not be so easy. If it is a pure immortal mood, Qin Chen would never have understood it in such a short time, but the rules of the giant sword are the rules of immortal sword intent, and there are still the pure immortal rules of heaven and earth. Some districts

In addition, Qin Chen is a top-level swordsman, mastering the eternal sword intent, possessing the nameless sword tome, and comprehending the immortal sword intent is a matter of course.

This is his talent, so when the will to perceive the rules of the giant sword, Qin Chen was able to achieve the power of immortal sword intent by being flooded with immortal power.

After Qin Chen realized the immortal power, his figure was like the wind, and he kept looking for other rules for the giant sword to understand. Soon, Qin Chen realized the three kinds of kendo rules, namely the immortal sword intent, the eternal sword intent and the flame sword intent!

The power of various sword intents surged around Qin Chen, causing him to release monstrous sword aura and roar.

On the other hand, You Qianxue and Qingqiu Ziyi are also feeling that everyone is looking for a giant sword that fits their own rules, and Qin Chen will not interfere with personal opportunities.

"Huh?" Suddenly, Qin Chen stopped again. At this moment, he had walked to the other side of the Sword Stele Forest, and was attracted by a regular giant sword not far away. On the giant sword, the power of coldness exuded like a dead thing. , Giving the illusion of death, as if without

The breath of life.

"Could it be..."

Qin Chen stepped forward and reached the regular giant sword, and suddenly a terrible breath of death surged. In a short time, the vitality in Qin Chen's body would freeze for it, as if it had lost any signs of life.

"It's the sword of death."

Qin Chen's heart palpitations, this turned out to be death sword intent, no wonder it was able to attract him.

"My rules of death have encountered some bottlenecks. Perhaps, by comprehending this death sword intent, I can get some inspiration." Qin Chen murmured, his eyes filled with light, and Qin Chen had already realized enough death rules in Death Canyon. However, there is still some distance from the Tao of Shen Rongtian. If you can use this to make the rules of death also enter the realm of the Tao of Shen Rongtian,

It is bound to enable Qin Chen's strength to be improved again.

His palm was against the giant sword of the rules of death, and immediately, a terrible breath of death filled Qin Chen.

"Death?" At this moment, Qin Chen was on the giant sword of perceptual rules, and the terrible rules of death surged on his body. Beside Qin Chen, a figure felt the power of the rules of Qin Chen perceived, his pupils contracted slightly, and his eyes flashed. After passing the light of death, he glanced at Qin Chen.

[Chapter 3585: He should kill](#)

As soon as he stepped on his footsteps, the dark law of death surged over his body, and this law turned into a terrifying death blade, slashing at Qin Chen frantically, covering Qin Chen. Qin Chen was feeling death. He attacked with the death blade again. Qin Chen only felt as if he was really about to die. His body was pierced by the terrible breath of death, which made Qin Chen's body stiff, and his breath of life instantly Dissipate as if completely

Become a death-like statue.

Is this the rule of death? In this realm, Qin Chen's mind was unprecedentedly ethereal. Before, he had always felt this death sword intent, but there was always a gap. But at this moment, under the stimulation of this death air, he thoroughly understood death, booming. , Surge

There was a terrible light of death.

The terrifying sword intent of death in the regular giant sword crazily poured into Qin Chen's body, causing him to burst into death.

"Yep?"

This amazing scene naturally attracted the gaze of countless people, and was shocked. With such a terrifying breath of death, what sword intent was that? Although the same rules of the Heavenly Dao Sword Intent, the sword intent between different attributes will naturally be different. Death Sword Intent is one of the most terrifying among countless sword intents, and everyone will face death, especially the many present. Top master

Heaven, at this point, anyone who has not been on the verge of life and death will naturally be drawn by the sword of death on Qin Chen.

"It's this kid again!" When they saw that it was Qin Chen, their eyes condensed. It was the demon masters of the five major demon sects, and they all sucked in air, because even if they were the first to come here, at best, it was only a sense of a regular giant sword, but Qin Chen,

I have felt the rule giant sword several times, and the aura of each rule giant sword is extremely terrifying. The person who shot Qin Chen saw that the terrifying rules of death burst out of Qin Chen's body, and his eyes became increasingly cold. He just wanted to prevent Qin Chen from realizing the rules of death sword intent, but he never wanted to help Qin Chen. Quicken Qin Chen's confrontation with Jianyi

Sentiment.

"kill!"

He shouted sharply, the aura of death in his pupils was even worse, and there was endless black light flowing in the depths of his eyes, like death descending, a sickle-shaped phantom appeared in the void, aiming at Qin Chen and slashed. At the moment when the death sickle was about to strike Qin Chen, Qin Chen suddenly opened his eyes and broke away from the comprehension of the rules of death, and then saw the death sickle that was slashing towards him, this death sickle was carrying Senhan's murderous intent,

Once it hits another person, it can take people's lives instantly. A cold death-killing intent flashed in Qin Chen's pupils. He suddenly raised his head, and suddenly a sharp sword of death slashed out. This sword blasted on the death sickle and immediately exploded with the power of death against the sky. , Actually condensed a real death

The order of death comes.

boom!

The death sickle burst instantly, and the terrifying sword energy rushed into the sky. The face of the person who shot Qin Chen changed slightly. Under this force, he quickly stepped back two steps, his face turned pale, and the blood surged in his body, revealing thick. Deep disappointment and murder.

Because he had already seen that the giant sword of death rules in front of Qin Chen had lost its luster and breath. It was obvious that Qin Chen had mastered the sword intent power in it, and could no longer be understood by others.

"Huh, death stripped!"

He said, his gaze was fierce, and the light of order of death diffused out of his body, turning into a gray mist lingering, this void seemed to have become a space for the **** of death, to strip out the death force in Qin Chen.

"Death!" Qin Chen's eyes were sharp, and the terrifying sword intent in his body surged out, turning into invisible sword light and condensed in the void, a death sword intent condensed, this death sword intent, the whole body is pitch black, and the breath of death is more than The other party is much stronger and in

Among them, Qin Chen incorporated a trace of the power of origin. Those who can get here are all the masters of the pinnacle holy master level. Which one is not above a certain rule and reaches the point of being in harmony with the heavens. The death sword intent alone may not be able to work, but after incorporating the origin magic power, this death sword It's like

There has been a general transformation.

After death, it is the origin!

A lingering artistic conception, as if to pry into the root of the universe, to see the true meaning of heaven and earth.

"kill!"

Qin Chen stepped out with awe-inspiring murderous aura. Although all the top masters of the major forces can come here, he can face the many masters here, as long as he is not the Venerable, who he has feared, even the Half-Step Venerable , He dare not miss it.

Boom!

Suddenly, the terrible death sword aura poured out, there was a horrible whistling sound in the void, and the chain of order of death ran across the sky, like the soul of death, and the rolling death force blasted on the gray mist of order stripped by death. .

puff!

Like the scorching sun melting the snow, the death sword energy Qin Chen violently cut directly tore through the gray mist of the opponent and slashed towards his face.

The opponent's face suddenly changed slightly, and Qin Chen had just condensed the sword intent of death, and it seemed that he was only in the realm of a late martial artist, how could his combat power be so powerful.

It should be understood that he also masters the rules of death, is the way to comprehend the rules of death, self-appointed the death emperor, has a reputation in the southern heaven, otherwise he will not use the giant sword of the death rules.

His eyes were surprised, his mouth opened, and he saw the light of death suddenly spit out from his mouth, lunging towards Qin Chen, and at the same time a terrifying will penetrated and attacked Qin Chen's mind.

This is the light of death he condensed after tempering the rules of infinite death, which can destroy the soul, and no one can stop it at the same level. But Qin Chen was not afraid, his eyes were cold, and he stepped forward. The heavenly soul forbidden technique was operating in his mind, and the soul sea turned into a vast ocean of anger, stirring and boiling, resisting the light of death, and at the same time, the space rules flickered, Qin Chen took a step Come to the other side, inside

Sword Qi of endless death surged out.

boom!

Countless death sword auras were shot on this person in an instant. In his furious and incredible gaze, he penetrated it on the spot, directly smashed into pieces, scattered the void, and even the soul was directly destroyed on the sword. In the air, the soul flew away.

This master who attacked Qin Chen, died.

"Death King!"

The moment this person died, several exclamations were heard at the same time, and then a group of figures rolled over, instantly surrounding Qin Chen, staring at the corpse that was scattered on the ground, with an ugly expression.

"You know that the death emperor is ours." One person said with cold pupils, staring at Qin Chen.

"What?" Qin Chen saw a group of people in front of him, and said indifferently. This group of people are top masters, but they have different auras. They obviously come from different forces, just like Yuan Sect and Blood Shadow Sect that day. It's a formed team, complete

There are so many dangers in this sword mound, the lone pinnacle holy master dare not rush in.

"Then you dare to do it." "He is looking for death, shouldn't he kill?" Qin Chen's eyes were cold.

[Chapter 3586: Guzong Alliance](#)

At this time, You Qianxue and Qingqiu Ziyi also sensed the fluctuations in this place, and they swept over to surround these people, and their breaths were released.

This scene made the faces of those people cold, they looked at Qin Chen three people coldly, and their eyes flashed with the murderous eagles and birds.

However, they did not rush to take action, but their eyes flickered. Obviously, they communicated with each other and learned some information about Qin Chen.

Before Qin Chen confronted the people of Tianyuan faction, he had seen a lot of masters, and naturally understood all this.

"Huh, your Excellency should be a master in the Tiandang Mountains? It's really arrogant. Today's revenge is written down, and it will be calculated in the future."

One of them said coldly, and then wanted to leave.

"Where to go?" Qin Chen let out a cold sound, and he was encircled and suppressed just now, and he wanted to disperse now?

The headed person stared at Qin Chen in darkness, and said coldly, "What do you want to do?"

Qin Chen looked at the opponent's eye pupils, his expression gradually became cold, and sneered: "Since you are here, don't think about going out and get revenge, just stay inside!" The opponent is obviously some top force in the Southern Heaven Realm or The masters of the Hidden Sejong Sect, these people have extraordinary cultivation bases, but they are afraid of the three of them here, so let's retreat for the time being. Qin Chen can imagine that once they go out, these people

I will definitely find him to settle accounts. Even if I can't find him, he will secretly collude with the Tianyuan Sect and other forces to find the ancient Dao Sect and them. In that case, why not cut the roots.

It would be okay if the other party did not show the killing intent. Since the killing intent had already moved, Qin Chen would not be kind.

"Kill." A cold tone spit out from Qin Chen's mouth, and You Qianxue and Qingqiu Ziyi both acted at the same time without any mercy. Qin Chen's footsteps suddenly stepped towards the headed person. The breath of this person was flowing, with a vague breath of venerable. He was the strongest among several people, and was a master close to the half-step venerable, so Qin Chen Once up, it is straight Get bombarded.

An immortal sword intent slashed out in anger, with infinite power, and the sharp sky-reaching sword light seemed to lie between the sky and the earth, revealing the mood of immortality.

The man snorted coldly and trampled forward, and suddenly a terrifying light curtain appeared on the ground, as if there was an ancient seal engraved on his feet, and then a terrifying yellow light burst out.

"Kill!" The person's eyes turned into yellowish yellow, and the quaint ancient seal runes lingered around his body, penetrating Qin Chen's will, causing Qin Chen's pupils to shrink slightly. Thousands of earthy yellow runes rushed towards Qin Chen, and saw a roar, and saw a quaint big seal appeared on the back of the opponent. The big seal penetrated the sky, like a jade seal, with the imperial authority commanding the world. Can, full of infinite dominance

The qi, like a real existence, can stabilize the world if the cover is pressed down.

"Is the master of Ancient Yinzong."

"There are also people from the Chenghuang family."

"Death King."

"This should be the Ancient Sect Alliance of the Southern Heaven Realm." Many people looked up and looked up, secretly shocked. In dangerous places like Jianzhong Tomb, no one dared to act rashly because they didn't know the specific situation inside. What's more, there are many rules and great swords here, and it is not about taking some top treasures.

Therefore, there is very little conflict between ordinary people.

But now, Qin Chen and the others are extremely overbearing, and when they say they don't agree with each other, they fought, are they not afraid to disturb the inheritance in the land of sword graves? If you are directly beheaded on the golden ancient road outside the sword mound, that would be wronged.

They didn't know that Qin Chen Qiankun's good fortune jade disc contained the Eternal Sword Master Senior. Knowing some of the conditions here, they were naturally not afraid of being targeted by this sword stele forest.

boom!

Between the heaven and the earth, the billowing ancient seal came and killed it, as if it could suppress everything in the world, and with the mighty ancient power, penetrate Qin Chen's mind to obliterate Qin Chen's soul.

But the attack on the opponent's hand did not stop, a series of primitive runes emerged from his palm, turning into a mighty palm shadow, attacking and killing Qin Chen, containing terrible power.

"Hmph, the sword intent rose to the sky." Qin Chen shouted angrily, an infinite sword intent suddenly surged above his body. Immortal sword intent, death sword intent, fire sword intent, immortal sword intent, eternal sword intent, eternal sword intent, six top sword intents emerged at the same time, turning into inexhaustible sword auras and rainbows with great sword aura Blasted Qin Chen's body, making him

People seem to be in the sword forest, unbreakable, unbreakable, guarded by divine thoughts. The terrifying ancient seal came and slammed into the sword forest. The sword forest was turbulent. However, his spiritual consciousness was still stable. Qin Chen trampled the ground, and the terrifying sword light condensed in his hands and spread out in all directions. Infinite sword light in his

In the palm of his hand, he condensed into a dark sword light like substance.

Qin Chenguang is an eternal sword intent that is already through the sky, plus six sword intents, condensed into the most powerful sword move, almost indestructible, the opponent's tyrannical rune attack was directly broken by him. "Heaven and earth magical powers!" Qin Chen yelled coldly, and the rules of void suddenly appeared. The rules of invisible space enveloped the opponent's body. At the same time, Qin Chen's body turned into an afterimage, strangling towards the front, holding a substantial pitch black sword intent. Terror

With terrible wind and thunder.

The other party's face changed slightly, and with a roar, the ancient seal turned into an illusion, penetrated the cage of heaven and earth, and space constraints, and killed Qin Chen with a terrifying soul impact.

The strength of this ancient seal is much more terrifying than the death aura before, and it is close to the soul impact of the Venerable Half Step. "Boom!" Qin Chen's sword intent burst out of the air, blasting above the ancient seal, but the soul shock once again appeared to be virtual and real, infiltrating, Qin Chen simply ignored it, and directly hit the opponent's head with a sword. The cage disappeared with a pop, Qin Chen

The pitch black sword intent in his hand penetrated everything and directly nailed the head of the master into the void.

puff!

The person's head shattered directly, and before he died, his eyes were still round, and almost at the same instant, the ancient seal attacked Qin Chen's soul, causing Qin Chen's body to tremble fiercely.

The ancient seal soul impact of Venerable Half Step was indeed powerful.

With a ding sound, the man was beheaded, and even his soul was shattered. A simple small seal fell in the void, which was a magic weapon in his body. Qin Chen took it away with a move.

On the other side, the remaining three Ancient Sect Alliance masters were nothing but the pinnacle holy masters, who were also instantly beheaded by You Qianxue and Qingqiu Ziyi, blood flowed.

Buzzing!

In the sword stele forest, the sword flowed around, and the corpses and blood that fell on the ground were all annihilated by the sword energy and turned into nothingness.

In an instant, a group of experts from the Ancient Sect Alliance had fallen, making many people around them shocked, their eyes terrified, and their expressions terrified.

boom!

And at this moment, a void door not far away opened again, and a figure exuding a horrible aura walked out of it. Behind him was a few powerful men and leaders, lingering in the light of fate, like a god. general.

There is a river of fate flowing in the eyes of the leader, suppressing the world.

It is Zhuge Rulong. At this moment, his gaze fell on Qin Chen instantly.

[Chapter 3587: Lord War](#)

"Ok?"

When the eyes of the two sides met, Qin Chen's heart slammed, the venerable master of the destiny, Zhuge Rulong, the ancestor of the Zhuge family.

"dust!"

"Master!" You Qianxue and Qingqiu Ziyi also quickly approached, with a solemn expression, Zhuge Rulong was full of terrible murderous intent, and the mighty power surged like a god. When he came, the terrible aura rose to the sky, in this sword stele forest. Diffuse out, enough to make

Everyone changes color.

"Venerable, has someone come here?"

"This person has the power to haunt fate, is it a member of the Zhuge family?"

"The family of Zhuge? Ancestor Zhuge?"

In the forest of sword steles, many people were still staring at Qin Chen's battle before, and at this moment all their eyes were attracted, showing shock and horror.

A venerable person is enough to crush everyone present, even the five demon masters of the five demon sects have deep eyes.

"Old ancestor Zhuge Zhuge Rulong!" said the lion tiger demon master in a deep voice, feeling a strong shock, he is a half-step noble master, even if he saw Qin Chen forcefully beheading so many people before, he didn't move. , Very calm, but now, his eyes are solemn and his heart is expressing

Surprised, unable to remain calm.

Venerable, a master who has surpassed the way of heaven, he can be called the top figure in the heavens.

"Ancestor, this person is the master of ancient Taoism."

Tianyuan Sect Master Yunxiao and others entered the forest of sword steles and instantly fell on Qin Chen, saying excitedly.

"Haha!"

"It's really nowhere to be found after breaking through the iron shoes, it's all effortless!"

The light of fate surged in Zhuge Rulong's eyes, and the moment he saw Qin Chen, the feeling in the dark made him know that Qin Chen was the person he wanted to find.

Sure enough, the power of fate brought Qin Chen to him.

"Ancestor, let me wait to take this person for you." Tianyuan Sect Sect Master Yunxiao and others leaped out, staring at Qin Chen with a faint cold light in their eyes. Before, outside the golden ancient road, Qin Chen let them Facial loss, at this moment, Zhuge Rulong is here, Sect Master Yunxiao has not concealed it, revealing

He listened to the information of Zhuge's family.

He wanted to take Qin Chen and was ashamed.

The Blood Shadow Sect, the Ghost Bat Clan, and the Supreme God Sect Master also showed their hideous colors one after another, surrounding the three of Xiang Qin Chen.

"dust!"

You Qianxue and Qingqiu Ziyi's gazes were very cold and severe, and their hearts were filled with palpitations.

"You two follow me."

Qin Chen squinted his eyes, cold in his heart, his hair on his body stood up, and an extremely dangerous aura surged. He could feel Zhuge Rulong's pursuit, and he had entered the sword grave first, but he was still stared at.

At this moment, Qin Chen was all hairy. Although his strength was much higher than before in the Void Tide Sea, he was still timid and his eyes were cold and stern in the face of the Void Tide Sea. This is the level of life that surpasses the Holy Master. Top master.

Not above a top level at all. Originally, the Half-Step Venerable was more than ten times stronger than the later Saint Lord? Not to mention that true venerables like Zhuge Rulong are much more terrifying than half-step venerables, even if his life span has come to an end, even if it is his vitality.

Already aging, even if he has reached the end of the decay period, the Venerable is the Venerable, incomparable.

"No, you don't understand, this one is very strong, not something you can win."

Zhuge Rulong opened his mouth, his gaze was faint, fiery, and fate lingering all over his body, very detached, his figure shook, almost without any hesitation, and he directly acted on Qin Chen. He knows everything about Qin Chen well, much more than ordinary people know. This is a great figure who can change the future fortune of the heavens. He was chased and killed by the demon venerable in the Void Tide Sea, and all survived. He calculated the opponent several times. , Almost fell back,

It can be seen that the other party is extraordinary. Seeing now, Zhuge Rulong has almost no hesitation, and directly shot.

Such a character, if he is arrogant as a venerable person, there may be accidents, not to mention that the old Qingxue Guhua is also nearby.

Boom!

Zhuge stepped out like a dragon, and suddenly the sky and the earth rose into rainbow light, forming a terrible vision. A huge palm of fate was condensed in the void, and it was directly captured by Qin Chen, who wanted to capture Qin Chen directly.

"Dust, fight it!"

You Qianxue drank low and wanted to rush out, with murderous intent on his body, but was blocked by Qin Chen, because he was shocked and felt that something was wrong, so the mysterious rust sword appeared in his hand and cut it out frantically.

"Chop!" In Qin Chen's body, various sword intents filled his body. Boom, Immortal Sword Intent, Death Sword Intention, Fire Sword Intention, Immortal Sword Intent, Eternal Sword Intent, Eternal Sword Intent, six top swords The mind is integrated into the mysterious rust sword, the terrifying sword intent is soaring,

Ling Yun.

Wow!

The origin supernatural power was urged by Qin Chen. At this moment, Qin Chen's body was lingering in the endless space power, and the mysterious rust sword bloomed in his hand with a magical rainbow, rattling, and blasting a dazzling glow.

puff!

Sword Qi soared to the sky, slashing towards the giant hand of fate.

"Humph." Zhuge Rulong sneered. He had seen the ancestor of the devil corpse chasing and killing Qin Chen. He knew that Qin Chen's strength was extraordinary, but it was completely incomparable with the venerable. His palm arrived, as if pinching towards an ant, it's easy and even deliberately controlled to avoid

Squeezing Qin Chen thoroughly, really turned this young man into flesh and ashes on the spot.

puff!

The light of destiny was surging, Qin Chen suddenly urged the way of destiny, and his body was surging with the light of destiny. He activated the technique of destiny, cracking the breath of destiny at a critical moment, causing the mysterious rust sword to pierce into the palm of the endless destiny, cutting Xiang Zhuge is like a dragon.

Sword energy soared into the sky, and the invisible sword light penetrated the palm of Destiny's hand and hit Zhuge Rulong.

In an instant, Zhuge Rulong was shocked, a little holy lord actually penetrated the palm of his destiny?

how can that be? He is the Lord.

Although he was deliberately restrained, he was also a strong shot. He didn't say that he deliberately underestimated him. He just didn't want to bombard the opponent directly, but who would have thought that it turned out to be like this.

He was shocked.

Moreover, from Qin Chen's sword aura, he felt the strong light of fate, which made him furious. He knows that the other party has stolen the fate, has some rules of fate, and has reached the point of merging into the way of heaven. This is amazing. It gives the other party a chance to break the palm of his fate. All these combined, burst out with power.

Than Half Step Venerable.

What is this...? He really couldn't believe that a late-stage saint master actually had the power of a half-step venerable?

The light of fate flickered in his eyes, and he could see through all kinds of falsehoods. Zhuge Rulong was convinced that Qin Chen was only the late saint lord, and did not hide his strength, but he revealed the strength of the Half-Step Venerable. How did this practice?

[Chapter 3588: Power of the Lord](#)

He was shocked. He had never heard of such things. He is a person who is against the sky, and it is impossible for the Saint Master in the later stage to be able to cross so many realms. This is too terrifying, spread out, and attract The heavens are shaking, and the major forces are shaking.

It deserves to be the top genius who was targeted by the ancestors of the demons of the demons.

boom! The light of destiny around him is even greater, and the aura is too strong. Many people around the suppressed retreat, and they are shocked. Zhuge Rulong is surrounded by the light of destiny. Even if the palm of fate is cut, he is not afraid and does not feel Qin Chen's Sword Qi can hurt

To him.

But when the sword came to his body, he changed color, booming, and the endless sword energy slashed and exploded directly in his hand. This power was too terrifying, penetrating the defense of his palm, and invading his flesh.

Puff, there was a **** light on his palm, and a small hole was cut in his palm, which was actually injured.

"how is this possible?"

He was shocked, only a late-stage holy lord, actually hurt him, and there was a cold force that was going to penetrate, and the terrifying sword intent swept everything.

"You are looking for death!" Zhuge Rulong was furious.

He saw Qin Chen being chased and killed by the ancestor of the devil corpse. He was irresistible, but fled in embarrassment, but when he got here, he was injured. What happened?

Only a few years have passed since this son was hunted down by the ancestor of the devil corpse.

All of this was too sudden. He was a venerable figure, with terrifying strength, no fear of threats at all, aloft, very detached, and regarded ordinary holy masters as ants.

Because the Venerable is a person who has surpassed the way of heaven, the rule of the ordinary peak holy master, at most the way of fusion, the venerable is not even afraid of the way of heaven, and can surpass, how can he be hurt by the holy master.

But now, everything has been subverted.

brush! Qin Chen's eyes were cold, carrying the mysterious rust sword, burst out the strongest magical powers to attack Zhuge Rulong, trying to wound him, but only injured Zhuge Rulong a bit, just broke Zhuge Rulong's palm, that terrifying Jian Qi poured out

, But like sinking into the sea.

Qin Chen's discoloration, is this a master of noble level?

His strength has improved so much, even breaking through the realm of the late saint master, but facing the venerable, it is still so weak.

All of this was done in a flashlight, and it was too soon for everyone to react when they saw that Qin Chen had hurt Zhuge Rulong, and everyone was shocked.

"Death!" Zhuge Rulong was furious, his eyes grew colder, the stronger Qin Chen was, the stronger his killing intent was in his heart, and the stronger his desire to capture Qin Chen.

boom!

In the rage, he shot, lingering in the light of destiny, gathered into a long river of destiny, and swept into Qin Chen madly.

Both You Qianxue and Qingqiu Ziyi realized that something was wrong.

"go!"

Slashing out with a sword only hurt the opponent, Qin Chen's heart numb, and with a low cry, he quickly evacuated with You Qianxue and Qingqiu Ziyi.

The Venerable's toughness exceeded his expectations, and he knew that he could not continue to fight.

"Did you go?" Zhuge Rulong sneered, stepping out, and there was a lotus of destiny rising under his feet, hum, in the whole world, countless lights of destiny rose up, blooming divine rainbow, Zhuge is as early as a dragon Be prepared, as soon as I came up, everything around was blocked, basically

Don't give Qin Chen a chance to escape.

not good! Qin Chen's eyes were cold, his heart was chilling, and countless lights of destiny rose up around him, swept across them as heaven and earth formations, and surrounded them. He had retreated for the first time, but it was still too late. The other party paid too much attention to him. Block everything as soon as you come up,

It is not like facing a low-level warrior at all, but as if he is fighting against a strong one at the same level. The blockade is too tight.

A long river of fate swept over, fierce and vast, cutting past like a blade.

"cut!"

Qin Chen didn't run away, roared, and shot again, because he knew that it was impossible to escape. The other party had been prepared. If he only flees, he will be caught up by the other party and lose the opportunity.

boom!

The sword light collided with the river of destiny, and the power of fate poured out, and the sword intent of the sky was directly exploded. The gap was too great. The river of destiny directly exploded the sword energy cut by Qin Chen, along the fate of the void. The road rushed towards the three Qin Chen.

"Master!"

Qingqiu Ziyi was furious, she also made a move, hum, the terrible Half-Step Venerable power spread out from her body, her charm was infinite, and her slender hand waved forward.

On the other side, You Qianxue also moved, the sword light soared into the sky, the cold lunar glaze supreme power soared into the sky, and nine-pole water appeared all over her body and rolled out.

boom! Two terrible powers resisted before the long river of fate, but they were useless. The power of the venerable was too strong. The attack of Qingqiu and Ziyi directly exploded. The slender palms trembled, and the whole person was instantly bombarded. Also exploded suddenly,

Water splashes.

The Nine Extremes Water is very strong, it is the treasure of heaven and earth, but You Qianxue's cultivation base is too low, unable to exert the true power of the Nine Extremes Water.

Several forces collided in the void, and the resulting terrorist attacks poured out like the ocean. Thanks to the sword stele forest of the Tongtian Sword Pavilion, it turned into the Tiandang Mountain Range outside, and the entire mountain range was shattered and exploded into nothingness. .

The river of destiny was like a vast ocean, rolling by without being blocked, as if any attack could not be blocked, and would engulf Qin Chen.

"what!"

Qin Chen was frightened and roared. This long river of fate was too vast and poured down. If he was hit by it, he might still be alive, but You Qianxue and the others would be in danger.

"Wan Dao Qingjin God Furnace!"

Qin Chen didn't care about other things. At the critical moment, he directly spurred the Heavenly Poison Pill Zun's Ten Thousand Dao Qing Jin Pill Furnace. The towering and simple pill furnace appeared, with the aura of suppressing the eternity, suddenly appeared in front of Qin Chen to help Qin Chen and the others. withstand.

Cang Dang!

The long river of fate has come, and the ten thousand azure-gold sacred furnaces are violently shaken, being washed in the long river, trembling violently and making a violent roar. This is a treasure of the venerable. It is infinitely powerful. Zhuge Rulong can't be blasted. It is incomparably powerful. However, the impact of the long river of fate is too terrible. It washes everything away, and Qin Chen can't exert the full strength of the eternal azure furnace. , Boom, Dan furnace trembled,

Blocking most of the river of destiny, but there is still a part of the light of destiny, coming along the sides.

"Hide here!" Qin Chen shouted sharply, taking You Qianxue and Qingqiu Ziyi to hide behind the Ten Thousand Dao Qingjin Pill Furnace, but the Ten Thousand Dao Qingjin Pill Furnace couldn't hold on, and he was blasted out directly with a bang, deafening. Amid the roar of Qin Chen, the three of Qin Chen flew down in embarrassment, but were

The light of destiny that turns into the rainbow of order is suppressed in this world. However, at the critical moment, the Ten Thousand Dao Qing Jin Pill Furnace glowed and the magical rainbow flickered, finally blocking most of the long river of fate, only a small part of the river of fate eroded and swept the three of Qin Chen.

[Chapter 3589: All hole cards](#)

boom!

Qin Chen's body trembled violently and a little bit tragically. Qingqiu and Ziyi were blasted out, with nine tails floating behind them, and the terrifying power of the demon poured frantically, groaning, their

faces pale, and the origin of the main road in the body was somewhat damaged. And You Qianxue was also embarrassed, her body trembled, and she vomited blood. Fortunately, she has the supreme inheritance of the lunar glaze, and the water of the nine poles condenses again and emerges around her body, resisting most attacks, and changing to an ordinary peak holy master. Under attack,

It will be bombarded directly.

But even so, she was very embarrassed, staggering back, bleeding from the corners of her mouth, and messy hair.

It was Qin Chen who also cracked his body, oozing blood, and his body was filled with ancient aura.

All of this happened in an instant. Zhuge Rulong made a strong move. Under the premise of Qin Chen's use of the Golden Pill Furnace, all three of them were seriously injured and very embarrassed.

This scene shocked many people around.

"These three guys actually resisted."

The Tianyuan Sect Yunxiao Sect Master lost his voice, blurted out, and his eyes were shocked. Under the attack of the ancestor Zhuge Rulong, the three of them were all right. This result surprised everyone, a little surprised, and felt unbelievable.

"Well, the venerable treasure?"

Zhuge Rulong stared at the Ten Thousand Dao Qingjin Pill Furnace, his face was also very ugly. Under his blow, although three people were seriously injured, none of them fell, which made him very faceless.

Moreover, Qin Chen blocked it and changed, and the other two of them had not been able to be killed either, but were seriously injured, which was somewhat beyond his expectation.

"Monster? Nine-tailed? Is it the imperial family of Nine-Tailed Fairy Foxes?" Zhuge Rulong stared at Qingqiu Ziyi with a faint glow in his eyes, which was very hot. Among the royal family of the fox family, it is rumored that in ancient times, the line of the nine-tailed fairy fox suffered heavy losses and disappeared. Unexpectedly, it would be here.

Met in?

"Also, the water of the nine poles? The mother water when the world was opened up? This is a top treasure, even I may not be able to easily grasp it. What inheritance has this child got to master the water of the nine poles?" Zhuge Ru The dragon looked at the water of the nine poles surrounded by You Qianxue again, showing shock. The water of the nine poles is the mother water born from heaven and earth. It is extraordinary and can not be grasped easily. It is very cherished, even the Venerable. But can be quiet

He was not surprised how he mastered the Nine Extremes of Water.

He was shocked in his heart, but immediately ecstatic, the more extraordinary You Qianxue and the others, the more special he could feel Qin Chen.

"Hahaha, you three, don't even think about leaving today." Zhuge Rulong laughed and killed him again, Om, he stepped on the ground, and the light of infinite destiny surged, really like inextricable threads. Blocking this forest of sword steles, covering everything in the world, countless lights of destiny linger, turning into order

The chain of gods, blocking everything, puff, puff, some of the chains of destiny entangled against You Qianxue and Qingqiu Ziyi. These chains of order are blooming with all kinds of brilliance, have the power to block together, and, with the light of fate, can imprison fate, make people palpitation, heart hair, once bound by this chain of order, even fate will be imprisoned , Can't

Break free.

"Haha, kid, behave and catch it."

"In front of the ancestor Zhuge, I dared to resist and seek his own death."

Sect Master Yunxiao and the others all laughed, their gazes were terrifying, with a mad look, standing around the light of destiny, staring at Qin Chen coldly, very proud and arrogant, with a slightly sullen attitude in their eyes, quite a villain mentality.

With Zhuge like a dragon, they are the foxes who look at everything and ignore everyone in the forest of sword steles. They are very arrogant, contemptuous of everything, and a few live dogs.

"boom!"

Qin Chen displayed the Ten Thousand Dao Qingjin Pill Furnace for the first time, his expression was furious, he could not let You Qianxue and Qingqiu Ziyi be imprisoned, this chain of fate was terrible, Qin Chen felt the heart palpitations, and some kind of sinking Purgatory.

He roared, above the ten thousand green golden pill furnace, the divine rainbow bloomed, and at Zhuge Rulong, he slammed and killed him, trying to encircle Wei and save Zhao.

"Huh, little carving skill, although this thing is a treasure of the venerable, it is a pity that your cultivation is too weak to be worthy of such a treasure."

Zhuce Rulong chuckled lightly, showing disdain, as if he had been prepared. In his pupils, a wheel fell out, exuding a mighty aura, and slashed past the ten thousand azure gold core furnace. Breaking through the ages of spring and autumn, the great road reincarnates.

The treasure of the Zhuge family, the treasure of the venerable-the wheel of fortune!

boom! The terrifying wheel of destiny flashed by, directly smashing the ten thousand azure gold pellet furnace, with a bang, the ten thousand azure gold pellet furnace trembled with a piercing roar, the upper mans flourished, was split, and, fate The wheel flashed, facing Qingqiu Ziyi and Youqian

Xue is beheading the past.

"Be careful."

Qin Chen roared, his heart trembled, for fear of You Qianxue and Qingqiu Ziyi's danger.

Hum!

He didn't care too much, and suddenly raised his hand, his eyes were surging and booming, and another terrifying palace appeared, suppressing the world, appearing directly on Zhuge Rulong's head and suppressing it. As soon as this palace appeared, the raging flames surged, and several great sky fires poured madly, such as disasters and underworld fire, heavenly poison entropy fire, green lotus demon fire, dark sky ice flame, yin and yang soul fire, big sun golden flame, purple Real fire...booming flames pouring down and surrounding

Zixiaodou rate the palace, like a **** descending, incinerating everything.

Qin Chen went mad, and all methods were used. He did not hesitate to expose himself, his eyes were red, for fear that Qianxue and Ziyi would be injured.

Zi Xiaodou led the palace to suppress it, and the venerable treasure was against the sky, with a lethal murderous intent, he came directly to Zhuge Rulong's head. The infinite flame was like a vast ocean, enveloping him, preventing him from chasing Qianxue and Ziyi, and surrounding Wei and saving Zhao.

This strategy did work. When the Zixiao Dousing Palace appeared, the world was roaring, and everyone was shocked. Looking at the palace on Zhuge Rulong's head, he was inexplicably shocked. It was another valuable treasure, this kid. Who is it? Zhuge Rulong was also shocked. He raised his head in astonishment. Infinite flames swept across, with different attributes, fused together, and made a sizzling burning sound. He felt that the power of the venerable in his body was burned, and even the heavens were burned. Off, the stronger one is purple

Xiaodou rate the palace, majestic and majestic, crushing everything.

Zhuce Rulong raised his hand, and the wheel of fortune turned into a dazzling round wheel, slashing to fly into the purple sky, but Qin Chen drank low, and did not give the opponent a chance. Block the wheel of fortune and prevent him from returning.

At the same time, Qin Chen's eyes burst into the rainbow, and the space magical powers suddenly turned around. The next moment, the origin of time in his mind was also urged. A terrifying force of time suddenly lingered out, enveloping Zhuge Ru Dragon.

"Time is stagnant!"

boom! At the moment when time stagnated, Zi Xiaodou led the palace to suppress it strongly and smashed Zhuge Rulong.

[Chapter 3590: Fall into despair](#)

boom!

The terrifying Zi Xiaodou smashed the palace down, bursting out with a shocking roar, like a giant hammer, smashing down.

Time freezes, everything around it seems to have stagnated.

At this moment, everyone was horrified, unable to move, time seemed to have stagnated and passed, but their eyes could still see everything, and their hearts were extremely horrified. This turned out to be the rule of time, and the boy in front of him actually mastered the rule of time.

The time rule is one of the highest rules between heaven and earth, and even the venerable can't grasp it, how can Qin Chen control it.

In their horror, they watched that Zi Xiaodou lead the palace blast down.

Hum! Zhuge Rulong burst out with a dazzling light of fate. At the moment when Zixiao's Palace fell, the divine rainbow burst into his eyes, kakaka, around his body, endless runes of fate appeared, as if I have to break through the time

The imprisonment.

Click!

Time cracks appeared one after another, and at the moment when Zixiao Dousidi Palace was about to hit Zhuge Rulong, it broke instantly, and Zhuge Rulong slammed his right hand out to resist him.

boom!

The earth-shattering roar resounded, Zhuge Rulong was blasted backwards, his whole body bloomed with a divine rainbow, his robe was torn apart, his expression was a little embarrassed, but his eyes were more excited than ever.

"Hahaha, it really is the time rule!"

Zhuge Rulong laughed, and a burst of destiny rune light suddenly rose above the ground, blasting Qin Chen out.

puff! Qin Chen's body split, blood spurted directly, his heart sank, Zhuge Rulong reacted too quickly, and the time rule could not block him for too long. He was directly torn apart, not because the time rule was not strong, but the other party. Is the Lord, transcending the way of heaven

, With Qin Chen's current timing rules, it is not yet possible to completely block a nobleman, and can only affect the other party's time.

This time is too short to play a decisive role when facing the venerable.

The most frightening thing is that Zhuge Rulong seems to know that he has the rules of time, and has already made preparations to make him fall short.

when! Zhuge Rulong fisted the purple sky and flew into the palace. The endless sky fire spewed out, but it could only burn on his body surface, and could not penetrate into the depths of his body, even the top levels such as calamity and entropy fire. The flame only brought Zhuge Rulong the skin

Hurt, without hurting his essence.

Because the other party is too strong. Zhuge Rulong raised his head and looked at the Zixiao Dousidi Palace, his eyes changed slightly, revealing shrewd calculations, and murmured: "Zixiao Doulu Gong, isn't that the ultimate treasure of the Heavenly Fire Venerable, the land of trials in the heavens? The rumor is true. Was called Qin by a member of the Guanghan Palace in the East Heaven Realm

Chen's genius got it. Zhuge Xu, the saint son of my Zhuge family, fell to the trial ground in the heavens. Rumor has it that he was beheaded by a young man named Qin Chen. Could it be..."

Zhuge Rulong stared at Qin Chen suddenly, a terrifying light bloomed in his eyes. An extremely terrifying thought emerged in his heart, that is, is the person in front of him the Qin Chen of the Eastern Heaven Realm? If this is the case, then this person was just a saint son a few years ago, why is it a short time for a person at the later stage of the heavenly saint level?

In the past ten years, has he become a late saint?

How is this done?

There is definitely a big secret in this child. Zhuge Rulong's heart was fiery. For some reason, he vaguely felt that he had touched a big secret, a big secret related to the future of the heavens, and a late heavenly saint. It only took more than ten years, or even less than a few decades. Just become

A late-stage holy master, such a speed, is simply shocking.

Coupled with the secret of Qin Chen's time rules, it made him crazy.

In the distance, the five great demon masters and many strong men present were also shocked, and even stopped from their perception.

"Isn't this the treasure of Venerable Tianhuo, the land of trials in the heavens?" "Is this person Qin Chen from the Eastern Heaven Realm? It is said that this person killed the son of Zhuge Xu from the family of Zhuge. The Eastern Emperor Jueyi of the Eastern Emperor's family and the Yao Wuming Son of the Eastern Heaven Realm Yao Mie Mansion disappeared mysteriously after the end of the heaven trial.

Tao is him? "Look at that azure gold furnace, and there are time rules. I remember not long ago, the ancestor of the demon corpse in the Void Tide Sea chased and killed a young human race, and was later killed by the young Tianjiao using the time rules and formations. In the virtual sea, is it

Is this person? "

One stone caused a thousand waves!

Seeing Qin Chen's display of the time rules, everything was shaken for an instant, and there was a lot of discussion.

They didn't expect Qin Chen to have such an identity.

"boom!"

Zhuge Rulong's figure was like electricity, and he came to kill. With domineering and powerful energy, he was surrounded by the light of fate, surrounded by a huge divine light, and murderous.

"I want this Zixiao Dousui Palace and the Venerable God Furnace."

At the same time, Zhuge Rulong raised his hand and grabbed to Zixiaodouxiegong and Wandao Qingjin Pill Furnace with his big hand. He has penetrated deeply. These are the two venerable treasures and Qin Chen's trump card. He obtained these two treasures. , Qin Chen will lose the ability to resist.

Qin Chen was desperate, is Venerable really so strong? The time rule also failed. It should be noted that when he faced the ancestor of the demon corpse in the Xuhai, he only displayed the Wandao Qingjin Pill Furnace. Out of Zixiaodou Rate Palace, according to

The old failed.

This made him desperate and fell to the bottom.

However, he shouted angrily, urging the two great treasures of the nobles, and must not let these two treasures be seized by Zhuge Rulong, otherwise, he would be completely troubled, and if he lost the two great treasures of the nobles, he would completely lose resistance.

However, Zhuge Rulong was too fast, rushing to the two treasures one step ahead of Qin Chen, leaning out with his big hands, the air of fate was permeating, and he wanted to suppress and take the two treasures.

"you dare!"

Qin Chen shouted angrily, pushing with all his strength.

boom! The two great treasures shined, to resist Zhuge Rulong's capture, and broke out against the weather, but, under the power of Zhuge Rulong's mighty Venerable, Zixiao Dousiligong and Wandao Qingjin Pill Furnace were trembling crazily. , But still unable to fly out of fate

The shroud of light.

Moreover, it is still being suppressed a little bit.

Damn it!

Qin Chen was furious. It was the first time he encountered such a situation. Even the two great sacred treasures were suppressed. His heart was cold, as if he had fallen into an ice cellar.

What can I do now?

Qin Chen's thoughts flowed, his expression was angry, he still had a hole card, like a magic tree of ten thousand realms.

However, Qin Chen felt that even if he displayed the Devil Tree of the Ten Thousand Realms, he would not be able to cause complete damage to Zhuge Rulong, because his cultivation base was too low. Moreover, once the Ten Thousand Worlds Demon Tree is displayed, then he will be in real trouble, and I am afraid there will be no peace.
