[Chapter 3621: Good friend](#)

"Liu Li, why are you so troublesome? In that battle, you have cleaned everything about yourself."

Jian Ancestor sighed.

"This is my life and my way. You have been here for hundreds of millions of years, isn't it also for this world?" Taiyin Liuli supreme said, Boom, her whole body turned into billions of light, completely harmonious with heaven. mix together.

Hum!

Between the heavens and the earth, auspicious auras rose up, and the heavens surged and turned into endless runes to fall. This kind of power was too terrifying and integrated into everyone present. Under this force, Ji Wuxue and Qingqiu Ziyi were all shining, banging, and the power of the sacred body surged. There was an impulse to break through the realm of the sage, because they all felt the lunar glaze Supreme Way, Supreme Dharma, Foot

To make them break through.

Ji Ruyue also stirred the rainbow all over her body, and was about to step into the peak of the Holy Lord, and the rainbow bloomed all over her body.

"My old friend, go well."

Jian Ancestor said, in the end, all the rainbows dissipated, and countless runes converged, imprisoning this world and returning it to tranquility.

"What happened below?" Outside the Abyss of Burial Sword, many people were terrified. They all felt the abnormal movement of heaven and earth, and even experienced the feeling of destruction. At this moment, all the power dissipated and the horror that had been suppressed lay on the ground. The liger demon lord and others on the ground were all shocked

Fear raised his head and stood up tremblingly.

They all felt that the terrible power dissipated, and the world seemed to be quiet again. In the endless abyss, the black mist was still surging, exuding infiltrating power, and their hearts were still frightened.

They also felt a lot in the previous battle, their minds were as if they had been captured, their souls felt endless fear, and the few great lords who had entered the abyss disappeared, and they did not go out again, making them shocked. .

Because they had a feeling that all the great sages had died, the aura of life disappeared, and everything disappeared.

Even the venerable fell inside, what else can they change?

Moreover, they knew well that the ancestors of the Zhuge family and the Qingxue family were the ancestors of the Zhuge family and the Qingxue family. These were the ancestors of the top forces in the

Southern Heaven Realm. If they fall here, the entire Southern Heaven Realm will be a sensation and change.

But some people have their eyes gleaming, because if Zhuge Rulong and Qingxue Guhua really fall here, this will be a huge opportunity for them, the top powers of the Southern Heaven Realm.

The only trouble is that the masters of the Star God Palace, Tianjiao, and Dayu Shenshan have also entered. This is important, and the top powers will never give up.

Everyone's eyes widened, staring at the depths of the Burying Sword Abyss, wanting to see the clues.

In the dark abyss, the black mist lingered, and there was a vaguely flaming glow, permeating the supreme power, but with a fatal threat.

"go!"

The Liger Demon Lord and others were panicked, turned and left, unwilling to stay here.

In the previous terrible sensation, they felt some power and got some inspiration. After returning to calm at this moment, they all seemed to have received some kind of sublimation, which was enough to improve their realm.

As for now, they don't dare to continue walking, even the venerable has fallen here, if they continue to move forward, they will definitely fall here.

"What about the young man named Qin Chen? He was the one chased and killed by the Venerable Demon Race. Could it be that he brought all this?"

There are top masters eagerly visiting, they all know that the fall of the great sages cannot be separated from that Qin Chen, because if it were not for him, the great sacreds would never chase and enter the abyss of the buried sword. Terrible nightmare.

Everyone wants to know the answer and know what is going on in this abyss, but they can't capture anything at all, see nothing, and no one dares to enter it.

The Great Abyss swallows the sky, even the venerable dare to swallow it, how can they see the clue.

In an instant, countless people left, wanting to leave the sword tomb, and didn't want to stay here.

Because they all know that the Southern Heaven Realm is about to change, and there will be a **** storm in the future. They need to prepare early, and everyone will be involved in this **** storm.

Moreover, some of what happened here is too horrible and needs to be passed on as soon as possible.

At this moment, at the bottom of the burial sword abyss, the heavenly secret order and the sky-filling hammer glowed dazzlingly, covering Qin Chen, shining on Qin Chen's body, and a trace of black blood mist surged. This is the blood of the dark king. Corrupted Qin Chen's body.

Everything returned to tranquility, but Qin Chen was still in pain. He roared, he was seriously damaged, covered in blood, too miserable, and the fine traces on his body were like cobwebs.

"dust!"

You Qianxue and Ji Ruyue rushed up, but couldn't get close. They were blocked by the light of Sky Patching Hammer and Heaven's Secret Order. At this moment, Qin Chen's body was bloody, bloody, and bones shattered, like a cripple.

A terrible cold air surged in him, and it was the power of the dark clan king that was eroding his body.

This caused Qin Chen's injury to not get any better, and his flesh and blood became rotten. If it hadn't been for the terrible power surge in Qin Chen's body to prevent the invasion of this power, he would have already turned into nothingness and disappeared in smoke. However, the Sky Patching Hammer and the Heaven's Secret Order can only protect him from death. In Qin Chen's body, there is a faint surging of thunder and the power of totem, but they can't repair his physical body and can only resist the blood of the dark king. Erosion, doing violent

struggle.

"dust!"

You Qianxue and Ji Ruyue cried bitterly, Qin Chen's appearance was so miserable, which made them feel distressed. Qingqiu Ziyi, Ji Wuxue, Su Xiaoxiao, and Xiaoyi and Xiaohuo were also nervous and inexplicable. Worry.

"Master, save Qin Chen quickly."

The soul of the Eternal Sword Master did not die. He was not a venerable, so he could not enter the bronze coffin to suppress it. He was still alive and pleaded with the Sword Ancestor.

"Yes, Senior Jian Ancestor, please save Qin Chen."

You Qianxue and the others eagerly said, because now, only strong people like Jianzu know the changes in Qin Chen and can save the other party.

"This is... the dark royal blood invasion!"

Jian Ancestor stared at Qin Chen, a little shocked, but also a little surprised. He, such a powerful person, naturally saw a lot. "This kid is crazy. In order to fight against the dark royal family, use his own power to suppress the opponent, and to swallow the opponent's power. Now these forces have been integrated into his body, but he may not know that the blood of the dark royal family is not

Like my Celestial Race, integrating into oneself would be a dead end. "The corpse of the stone statue also said gloomily. At the previous crisis, Qin Chen urged the Demon Tree of the Ten Thousand Realms and absorbed the endless blood of the dark royal family to repel the opponent. Now, although the dark royal family has been re-sealed, these blood, Melted into Qin Chen's body, corroding his body and everything.

[Chapter 3622: Six Reincarnation Sword Road](#)

Had it not been for Qin Chen's unique bloodline power and totem power to resist, coupled with the heavy treasures such as the sky-filling hammer in his body, he would have been broken to pieces and wiped out at this moment.

Because the blood of the dark royal family can be wiped out by even the venerable, and even more arrogantly Qin Chen is a mere saint master.

"It's too difficult, the blood of the dark royal family can't even be erased by me, because the blood has been integrated into his body. Once I forcibly intervene, it is equivalent to directly obliterating it."

Sword Ancestor Road.

"Even if he doesn't interfere, he will die. He can't bear this kind of power. Although he has the blood of that person in his body, he is too weak to escape."

Jian Ancestor and the corpse of the stone statue opened their mouths, making You Qianxue and the others more desperate. At this moment, Qin Chen was in great pain, his whole body was burning, his body had become sludge in the previous squeezing, and even his soul was burning, which was too miserable. .

If not for the combination of various conditions, he would have already fallen.

"Senior Sword Ancestor, is there no other way?"

Ji Wuxue said excitedly, he did not believe that Qin Chen would die here, but this is his good brother, how could he die here? They just met.

"Well, you are a member of that clan." Jianzu stared at Ji Wuxue, sighed and said, "If there is a way, I want to do it too, but it's too difficult."

He sighed that if it were the heyday, he might be able to rescue Qin Chen, but now, he only has a ghost left, and the previous battle has consumed all his energy, and there is not much power.

"His body has been completely invaded by the blood of the Dark King, his body is shattered, his bones are shattered, how to retrain?"

Jianzu thought, what he said made people desperate.

"No, there may be another way."

Suddenly, the corpse of the stone statue said faintly, and the light in his eyes bloomed.

"Yep?"

Everyone looked over.

"Your six reincarnation sword paths in the Heavenly Sword Pavilion may allow him to reshape his body." said the stone corpse.

"Six Paths of Reincarnation Sword Path? What is that?"

Everyone was shocked, even the Eternal Sword Master frowned, because he had never heard of this name.

"That's... what Chuangdang Sword Master will experience, how can Qin Chen survive?"

Jianzu was shocked, contemplated for a moment, but then sighed.

Because the Six Paths of Reincarnation Sword Path is too difficult, it is the strongest test of the Heavenly Sword Pavilion, and ordinary venerables are bound to die. How can Qin Chen pass?

"If it is an ordinary person, even if the venerable comes, he will die, but Qin Chen, it may not be, have you forgotten his identity?" said the stone corpse.

Jianzu was silent, he thought a lot.

"Perhaps, you have a better way?" The corpse of the stone statue said again: "This son came here, it is very weird. Don't forget that the old man, the old man of Tianji, and all the calculations, this son has a secret order. , Do you think he came here unintentionally? Why did he appear

, Will attract the ancestor of the abyss? Perhaps everything is destined. "

You Qianxue and the others could not understand what the two said, but they knew that this might be Qin Chen's way of life.

"Let me go..."

This is, Qin Chen roared.

He was in pain, his body seemed to be burning, the king blood of the Dark Clan was too terrifying, it blended into his body and made him feel like he couldn't resist. Back then, he was attacked by the power of darkness, to no avail. Under the power of thunder, the power of darkness could not invade his body. However, the blood of this dark clan was too terrifying, and even the power of thunder could not be easily annihilated. Even in

His body continued to multiply.

If it wasn't that he had a heavenly soul forbidden technique to support his soul, or that he had many treasures to guard himself, he would have fallen.

But Qin Chen knew that if this continued, he would die, because at this moment he had vaguely felt the breath of death, he was the controller of the rules of death, and he felt the coming of death.

If you continue, you must die.

"dust!"

You Qianxue and the others looked at Qin Chen nervously.

"Fine, this is the path you choose, you can only let your fate." Jian Ancestor said, suddenly, an invisible force came and wrapped Qin Chen, and at the same time, on the abyss stone wall behind Jian Ancestor, a dark hole appeared. Now, in the hole, it is pitch black, with the breath of reincarnation, so that everyone

All horrified.

Ji Wuxue and the others have a feeling that as long as they enter by themselves, they will inevitably fall apart.

what is that?

Sword auras surging inside, with the meaning of reincarnation, every sword aura can crush them.

Thinking of Qin Chen going through such torture, everyone changed their colors. Can this really save Qin Chen? "The Six Paths of Reincarnation Sword Path is the top inheritance of my Tongtian sword pavilion. When you enter it, you can be invaded by the Six Paths of Reincarnation Sword Qi, feel the sword aura, condense your sword bones, and your physical body has been completely invaded, even if you master it. The power of the dark race

The amount can not withstand the erosion of the king's blood, only the strength of the sword bone can reshape your physical body and resist the invasion of the king's blood. "However, since my Tongtian sword pavilion was founded for hundreds of millions of years, there are some people who have comprehended the reincarnation sword aura, and some have mastered the six sword auras. The only one who can condense the six sword bones is the founding ancestor of the Tongtian sword pavilion. Can't do it, only

The end of the death is death, because the six paths of reincarnation swords, the Venerable is also invincible, are you sure you want to enter? "

Jianzu said again, and then warned.

"I am sure!"

Qin Chen said.

The will is vague, because he felt that he was going to fall, and the power of darkness had already invaded his soul.

"Well, you chose this path!"

Jian Ancestor said, suddenly, an invisible force dragged Qin Chen into the dark cave of reincarnation.

This piece of heaven and earth is a lonely and dead land, with only the terrifying force of reincarnation surging, without the slightest fluctuation of life.

As soon as Qin Chen entered, the terrible power of reincarnation struck, and these powers of reincarnation turned into sword energy and merged into Qin Chen's body.

The six reincarnation sword paths are not like ordinary sword energy, which directly chops the flesh, but directly penetrates into the body, killing people. Qin Chen was covered in blood and flesh. He was invaded by the blood of the Dark King at this moment, and his whole body was about to rot. However, after entering this cycle, the speed at which he was invaded by the blood of the Dark King had slowed down a lot. Invade

, Was actually stopped for a while.

"Sure enough!"

Ji Wuxue said excitedly.

It's just that as soon as his voice fell, Qin Chen spit out a mouthful of blood. He sat cross-legged in the void, and his whole body began to glow. There was blood boiling in the rumble, and Jiang Hai was roaring, deafening.

A strange wave was spreading, affecting the surrounding void, causing them all to tremble, shaking with the roar of Qin Chen's body.

Puff puff! Everyone saw that the flesh and blood on Qin Chen's body directly exploded and turned into a **** mist. The body was directly annihilated, destroyed under the sword intent, revealing countless bones and stubble.

[Chapter 3623: Dark King Blood](#)

"what!"

Qin Chen screamed in pain, his blood and flesh were blurry, his bones were clearly visible, and his internal organs were banging.

what happened?

Everyone was shocked. Why was it like this? It was obviously better, why did the body suddenly burst.

At this moment, Qin Chen was even more miserable, his whole body was not in good condition, and he went deep into the six reincarnation sword roads, which made everyone see it unrealistically.

"The six sword paths of reincarnation contain endless aura of reincarnation. Even if the venerable enters, he cannot escape to death, because he cannot resist the erosion of reincarnation, let alone a holy master."

Jian Ancestor said, his voice was also tense, which is why he didn't propose it at the beginning. This is too dangerous and will be left to life. Even if Qin Chen is in a state of complete victory, he will be annihilated and strangled, let alone the current situation?

He did it just for death.

However, Qin Chen could only satisfy his own request.

At this moment, the terrible power in Qin Chen was surging, and he looked extremely old, but at this moment, a strong vitality suddenly appeared, it was so abrupt.

"puff!"

Qin Chen's body was almost exploded, **** and bloody, an invisible pike burst out from the top of his head, and the ten thousand green gold core furnace appeared for the first time, and there was a surging divine soul medicine in it, guarding his soul.

In the next moment, Qin Chen's physical body collapsed directly, blood flew across, **** and bloody, and various muscles blocked it. He was directly broken to pieces, leaving only bones and internal organs.

"Ah!" Qin Chen yelled, he was still alive, and the Heavenly Soul Forbidden Technique and the Divine Soul liquid medicine surged to protect his soul. At the same time, a trace of blood lingered around his body, crackling, he Rays of light appeared all over the body,

It is the power of thunder, even if the body is destroyed and the blood vessels burst, the power of thunder is still there.

Moreover, in the power of thunder, an obscure totem appeared. It was a **** emperor totem. Qin Chen used the power of the nine-star **** emperor art. At this moment, he had become a bone frame with internal organs wrapped in blood and blood, and his body was almost completely destroyed. Up.

However, there was a lot of energy and blood emerging around his physical body, it turned out to be extremely terrifying blood, with great vitality, shocking the ancient and modern, and people could not believe it.

Qin Chen's ruined body was constantly cracking, but drop after drop of red blood dripped out. In this red blood, there was silver light, golden light, and even black light, and there was an aura against the sky surging. .

He was excluding the original flesh and blood in his body, but condensing new flesh and blood, **** rays of light, like a waterfall rushing, red blood falling, all penetrated into him, the scene was terrifying.

Moreover, his body was suppressed by the space power of the jade plate made by the universe, the power of the time origin, and the **** emperor totem, so that his body would be stable, otherwise it would have been shattered long ago.

"He is changing his blood, using the six reincarnation sword paths to replace his own blood. This blood..."

Jian Ancestor was shocked, unbelievable, because he could see that although Qin Chen's body was shattered and his blood was scorched, but he was born again, and he wanted to reconsolidate his body, which was simply amazing.

The derivation of flesh and blood is not something against the sky, not to mention the sage, even some special holy masters can do it, such as Qin Chen's previous barren ancient sacrament, which can derive flesh and blood and re-condense after being injured. Physical body.

But this is under the premise of ordinary serious injuries, and now Qin Chen's body is invaded by the blood of the Dark King, how can he be derived from flesh and blood and exchange blood?

Under normal circumstances, it was impossible to do it at all, but Qin Chen used the power of the six circuits to do it.

Boom!

At this moment, Qin Chen's blood returned, poured down like a vast ocean, and returned to his flesh and blood! Qin Chen's original flesh and blood almost exploded, shattered and reappeared. The original blood was almost exhausted, but the power in the blood was retained. His body surface was bright red, and new flesh and blood were deriving, which is more important. Yes, here

At a moment he began to transform.

The skeleton-like body began to glow, and new flesh and blood came out. This is a cruel change, reborn, extremely domineering and unbearable.

Qin Chen's true blood returned, and his miserable state instantly changed!

The blue silk turned into gray and drifted down, the flesh and blood glowed, and a slender and strong body was being molded, and even the bones were growing, flowing Baohui.

The blood on Qin Chen's body is infinite, which can be called a massive amount, all condensed out, condensing new flesh and blood, rolling blood flowing to the limbs, his body is glowing, like a round of sun.

The violent changes continue, bones, old skins, etc. continue to fall. This kind of physical evolution is too intense, and it is generally gradual. Who sees it like a knife and axe?

Finally, the rebirth was over, Qin Chen's body was shining brightly, like a magic lamp of colored glaze, fleshy body was full of charm, brilliant and dazzling, hair was thick and black, flashing luster, strong and slender body, full of power.

But his eyes are deeper, unfathomable like a sea of stars!

"Did you make it?"

Everyone was excited, Qin Chen condensed his body again, and survived the crisis?

They couldn't help but cheer.

However, the sword ancestors and the corpses of the stone statues were very solemn and did not have the meaning of joy.

If the power of the dark clan were so clear, it wouldn't be so terrible, and these six reincarnation sword paths would definitely not be easy to get through. Sure enough, with this change, the world began to move. The six reincarnations surged, and terrible sword aura and power permeated, covering everything. Moreover, a trace of the dark king's blood was not wiped out, and it was in Qin Chen. When condensing the physical body,

Appeared again, condensed at the same time.

As his true blood returned to his body, the whole person began to become vigorous and his physique transformed. This dark king blood unexpectedly appeared again, corroding his body, and causing his body to become corrupt again.

A trace of black lines appeared on Qin Chen's body, and Qin Chen's body was corrupt once again.

"what?"

Everyone can't believe it, what happened? Why has Qin Chen been reborn, changed his blood, and condensed his physical body, this Dark King's blood has not been wiped out, and the ghost has appeared again.

This time, the blood of the Dark King became more domineering, Qin Chen's body quickly decayed, and the power of reincarnation also invaded.

"puff!"

Qin Chen shattered again. The crystal-clear body before was aging and pitch-black. This catastrophe was unprecedented and too difficult. It was never as dangerous as it is now. It surpassed the past, and the power of the Dark King's blood is almost impossible to drive away. Like.

"It's useless, a simple exchange of blood can't be removed at all, because the blood of the Dark King is too domineering, omnipresent and everywhere."

Jian Ancestor sighed, this is exactly the terrifying part of the Dark King's blood, otherwise with his strength, it could easily be annihilated, why should Qin Chen suffer such pain.

Everyone is desperate and will collapse. Obviously it was about to succeed, and a heart suddenly fell to the bottom again.

[Chapter 3624: Condensed bone](#)

At this moment, Qin Chen was also shocked, lost, and failed himself?

He exchanged his blood, displayed all his power, succeeded in replacing the flesh, and all of them were replaced. But whoever thought, he failed. The power of the dark royal family appeared again, corroding his flesh, and made him once again. Fall.

puff!

He vomited blood and was extremely embarrassed. In his body, traces of Dark King's blood invaded and continued to corrode his body, destroying him here.

Moreover, on the six roads of reincarnation swords, the terrible power of reincarnation surging one after another is also to destroy him, which is a double crisis.

"Dust!" The eyes of You Qianxue and Ji Ruyue were red, and tears rolled down. They were too worried about Qin Chen and wished to rush in and experience Qin Chen together, but they knew very well that even if they rushed in, it would be of no avail. Besides, these six

Dao reincarnation sword road, they would not be able to enter without the urging of the sword ancestor. At this moment, they could only pray for Qin Chen.

"I do not believe."

The flames in Qin Chen's heart burned. He saw You Qianxue from the outside world, saw Ruyue, saw his good brother Ji Wuxue, and saw many people who worried about him.

How can I walk here so easily, how many difficulties and pains I have experienced all the way to the present? On the Tianwu Continent, Shanguan Xier could not let herself fall, the alien demons could not kill herself, the visitors from the heavens themselves also resisted, and dazzled Palace Master, countless enemies, Qin Chen has never despaired. At this moment, he did not stop

hope.

boom!

In his body, there is a terrible breath rising.

"How can I, Qin Chen, be easily annihilated here? Not even the king of the Dark Clan."

Qin Chen roared in his heart.

He is a person who does not even accept the underworld, how could he die here.

"kill!"

Qin Chen roared, his various secret methods were exhausted, nine-star divine emperor art, origin magical powers, ancient eucharist, celestial soul forbidden technique, power of years, power of destiny...evolve all the secrets of scriptures and resist the blood of the dark king.

Moreover, his physical body disintegrated again, puff puff puff, blood flying across, **** and bloody, he exploded again on the spot, blood dripping, this appearance was too miserable, and everyone was shocked.

At this moment, Qin Chen's supernatural powers are sublimating, rules and supernatural powers are blending, combat skills and soul blending, they are uniting and smelting.

He has been inventing the law himself, and he has been able to get to this point. He has created a different path on his own. The origin of the body is endless. At this moment, the immortal light is blooming, and his Tao is about to transform into a baby, waiting to emerge from the cocoon!

Isn't Qin Chen the blood of the Dark King? Once you can't get rid of it, you can go there for the second time. He embarks on the path of origin, which represents the origin of heaven and earth, endless and immortal.

Qin Chen metamorphosed, all parts of his body were glowing, and his **** patterns were thunderous and deafening.

And, there is a vast thunder surging.

"Boom!" Qin Chen's soul sea burned, and this time, not only did the flesh and blood explode, but the internal organs and bones began to shatter, shattering, because he felt that the reason why the blood of the Dark King could regenerate before was because he only weighed Molded flesh and blood, and

And even the internal organs and bones are remodeled, and in it, they are also saturated with the blood of the Dark King.

Hum! In Qin Chen's mind, the book of origin was surging, and various civilizations flickered, guarding his soul, and the power of the thunder bloodline could guard his flesh and blood, and the top treasures contained in the five secrets were also Glowing, guarding him

God of internal organs. The **** emperor totem radiates light, suppressing his body and preventing him from breaking down. If ordinary people explode themselves, they will be annihilated on the spot. However, Qin Chen has the original space of the jade disc of the universe fortune and the imprisonment of the **** emperor totem, so that he can not be protected. Scattered

, Reconcise.

However, after Qin Chen's bones burst, he could not be protected.

Because his bones did not have heavy treasures, nor did he have top supernatural powers solidified.

Click!

In the deep void, everyone saw that Qin Chen's physical body was directly shattered, all burst and turned into nothingness, but the body dissipated, but the **** was still there.

Qin Chen recites the Supreme Dharma and eulogizes the art of origin to completion.

Everyone saw that although Qin Chen exploded, his **** was still there, the power of thunder was his flesh and blood, and the five secret treasures were his internal organs, a vast book of origin, blooming with various civilizations, yes His soul.

This scene is so amazing, Qin Chen actually simulated it, and his body no longer existed.

"Dust him..."

You Qianxue opened her eyes wide and squeezed her hands. He had never seen such a state of existence. Can this still be alive?

"Alternative Tao!"

The sword ancestor and the corpse of the stone statue were also shocked, and murmured, Qin Chen at this moment, as if he had been transformed into a Tao, his flesh and blood disappeared, and his body no longer existed, but his **** was still there and existed in this void.

This kind of method is too great, even Tianzun may not be able to do it, but Qin Chen did it.

"However, his bones are not guarded, I'm afraid..." Jian Ancestor said again, with solemnity. He and the corpse of the stone statue can naturally be seen that Qin Chen's soul, flesh and blood, and five internal organs are guarded by heavy treasures. It's not scattered, the charm is surging, but where the bones are, there is nothingness, and the **** of bones is very

It is bleak, which means that when Qin Chen reshapes his body, it is extremely likely that he will not be able to gather bones.

In other words, even if it is condensed, it is only an energy skeleton, which is his weakness, which will cause great harm to him in the future, and it will not be able to resist the invasion of the Dark King's blood.

At this time, Qin Chen also discovered his own problems.

His body, the sound of the gods roared, the gods surging, he was thinking of a way to condense his bones.

If the bone fails, the flesh will collapse.

boom!

Qin Chen condensed his strength. What he thought first was to use the Dao of Origin and the endless rules to condense the bones and form the bones of rules, because the human body contains mysterious power. Once opened and integrated into the rules, it will have endless divine power.

"There is such a method?"

Jian Ancestor whispered, shocked.

However, the regular bone had just been formed, puff, the power of reincarnation lingered, and the bone formed by the rules suddenly shattered and collapsed.

"It's a pity." Jian Ancestor sighed. For a moment, he really thought that Qin Chen was going to succeed. However, on these six reincarnation sword roads, the power of general rules could not condense at all, because the six reincarnation sword roads would not let others. The power of rules is condensed in its field

forming.

This is the top inheritance of his Heaven-Tall sword pavilion. It is not under his control, and even the venerable will collapse. It is too difficult for Qin Chen to do it.

Qin Chen's heart was low, he actually failed?

He continued to condense, but the power on the road of these six reincarnation swords was too terrifying, and the constant condensing made his bones unable to condense. Qin Chen's eyes bloomed with a magical rainbow, his fighting spirit was soaring, and his indomitability was even more boiling.

[Chapter 3625: Six sword bones](#)

"Since the power of this reincarnation sword road would otherwise condense the bones of rules, then I will use the power of these six reincarnation sword roads to condense my bones."

Qin Chen shouted angrily.

His whole body was glowing, his totem surged, the thunder filled with thunder, resonating with the soul, and then spread to the limbs and corpses, humming and rumbling, that is evolving the four poles of the world, the four poles supporting the sky.

The world is shattered, the world is opened up, everything is reborn, and the origin begins again!

The infinite power began to absorb the power of the six reincarnation sword paths around, and vaguely, a terrible force was condensed and moved towards Qin Chen's body.

"He is... to condense the power of these six reincarnation sword paths into his bones!"

Jianzu was shocked.

"This kid... is too brave. Even you have not mastered all the power of the six reincarnation sword roads, right? He is a holy master who wants to control the power of the six reincarnation sword roads. Isn't it too whimsical?!"

The stone corpse was also shocked, and said to Jian Ancestor, dumbfounded.

Under the gaze of everyone's eyes, everyone saw a big dragon ascending along Qin Chen's back, his joints crackling like fried beans, and the golden dragon's back swinging, rushing to a high place, trying to hold the soul platform.

Yes, this big dragon between the vertebrae hooked the power of the six reincarnation sword paths, and grabbed the invisible power in the Five Secrets, and merged with endless blood energy. It must penetrate into Qin Chen's head, which is the Soul God Platform. .

Moreover, the breath of the venerable surging over Qin Chen's body was shocking.

Qin Chen wanted to use the venerable insights to penetrate the sacred platform, condense the sacred bones, and step into a higher level by the way. Countless totem runes were imprinted in his body and flesh and blood, and he was transforming.

In the whole body, there are endless Dao patterns, and various methods are different, and they resonate!

All of this happened in an instant, and Qin Chen's body was like a cocoon, giving birth to a divine womb.

Hum!

The big dragon connecting to the platform is about to succeed.

boom!

Everyone saw the birth of a skeletal phantom that contained the power of six reincarnation sword paths. This was Qin Chen's spine keel, really like a blue dragon, flying into the sacred platform, helping Qin Chen to enter a higher level.

This is appalling. Not only does he want to reshape his body, he also wants to break into the realm of the Venerable.

And the dragon head finally pierced through the barrier and penetrated into Qin Chen's head, and the sky-filling hammer was even more radiant, with a pattern of formations appearing, to fill the sky and the earth, so that the six sword bones of reincarnation and the book of origin were located. The sacred platform is united and integrated into one.

At this moment, even Jian Ancestor couldn't sit still. This was not a requirement to live, but to achieve the supreme divine body and build a top-level flesh body.

The six sword bones are really going to be formed, which is simply something that their Heavenly Sword Pavilion has not had for hundreds of millions of years.

In particular, the sky-repairing hammer bloomed with light, and the sky-repairing technique surged, making the sword ancestors and the corpses of the stone statue even more shocked.

"This is something inherited from the ancient Butian Palace..."

The two breathed in air-conditioning, and they were almost crazy.

Ancient Butian Palace, even more mysterious, is the originator of the Ancient Artifact Sect. Its sky-repairing technique can replenish the heavens, the earth, and the world. In the ancient times, in terms of strength, it was by no means weaker than the Heavenly Sword Pavilion. It was the top power.

How much inheritance does this kid have?

Jian Zu vaguely knew some of Qin Chen's secrets, but he never expected that he would bet that big.

"The old man of Tianji, gambled on the luck of his Tianji Sect's entire sect, and also attracted top forces such as my Tongtian Sword Pavilion. Now it is even more involved in Patching Heaven Palace. What is it going to do?"

Jian An was unbelievable. His Tongtian Sword Pavilion is already one of the top powers in the ancient heavens, but now, he has a feeling that their Tongtian Sword Pavilion, Tianji Sect, Patching Heaven Palace and other forces are just a chess piece. Next one

It is necessary to seek an unprecedented possibility.

What exactly is this?

He changed color and his heart was agitated.

At this moment, the sword bone on Qin Chen's body was actually formed, and the power of the six reincarnation sword roads was controlled by Qin Chen, causing him to change color, which was simply a miracle.

Of course, it can't happen all at once. Although this sword bone is formed, it is crooked and rough.

However, Qin Chen did not directly disperse it, but directly condensed the flesh and blood, and saw Qin Chen's physical body condense again.

The divine rainbow bloomed, the blood rushed into the sky, and Qin Chen appeared again, his whole body as perfect as a body, blooming with crystal light.

His physical body turned into a cocoon, and his Tao wrapped up rumblingly. The secret techniques such as the Nine Stars Divine Emperor Art, Heaven Soul Forbidden Technique, and Origin Magic Power did not require him to perform, and operated on its own.

Qin Chen's body surface is brilliant and transparent, and his spine is like a dragon, and like a Kunpeng, and then he evolved into himself, turning into a god.

This is his divine body, condensed again.

"Did you make it?"

Ji Ruyue and others squeezed their hands.

However, at the next moment, everyone's expressions turned gray.

Because it still failed this time, a trace of pitch-black power condensed, once again haunted Qin Chen's body, merged into his body, and began to corrode.

"Sure enough, this blood of the Dark King is still there."

Qin Chen whispered, he was not lost, his body exploded again, and the soul was almost torn apart, and then the body naturally disintegrated.

This is Qin Chen taking the initiative to crush his body again, puff, the spine dragon in his body is also crushed, it was he who took the initiative.

This was a setback, but Qin Chen's soul showed excitement instead.

Because, after smashing his flesh twice, he felt that his body was actually immune to the blood of the Dark King, and the corrosion of the Dark King's blood to his flesh weakened a part.

"It's the Book of Origins!"

Qin Chen felt that because of the book of origin, he had mastered part of the dark civilization. After several fusions, his body had some insights into the blood of the Dark King, which naturally weakened the lethality.

In fact, if he hadn't taken the initiative to crush the body, this time the body would last longer.

"In this way, as long as I continue to condense my body, it is possible to be completely immune to the corrosive power of this Dark King's blood?"

Qin Chen thought suddenly in his mind.

"In that case, continue to condense."

Qin Chen straightened his own state, still going back up.

In fact, the previous time, he didn't think he would succeed, so he didn't even adjust the sword bone to the strongest.

boom!

Next, Qin Chen condensed the sword bone again. This time, the spine keel appeared. At the same time, besides this, Qin Chen began to condense other sword bones.

The six reincarnations can condense the six sword bones.

To do it, do it to the extreme. This time, Qin Chen's physical body was once again condensed, and countless bones appeared in his body, and the roots carried the terrible path of reincarnation, forming six sword bones. The sword bones reached the sky. The momentum was too strong and unparalleled. .

[Chapter 3626: Immortal body](#)

However, this time, as the physical body had just condensed, the blood of the Dark King came back. Qin Chen's face was pale, but he was happy in his heart, because he felt that although this Dark King's blood had once again blended into his body, it did not harm him so much. On the contrary, a part of the Dark King's blood became his own. a part of,

Being assimilated by him.

Qin Chen's Book of Origins is too strong and can assimilate all civilizations. At this time, when Qin Chen experienced many lives and deaths, even the power of the Dark King's blood could be assimilated.

boom!

However, there is still terrible erosion power coming, and Qin Chen can only crush the reshaped body again.

In this way, Qin Chen condensed and shattered, and after nine times, his body was broken and blood was flowing, extremely tragic.

You must know that in the present world, even when the Venerable is born, it is difficult to continuously shatter his body many times and reconcile it. The **** scene is cruel and terrifying.

However, every time Qin Chen's sword bones were strengthened, he went deep into the sacred platform, and his aura became more majestic. Moreover, the power of the Dark King's blood was assimilated more, and he was getting closer to success, and this was at the expense of himself. Almost wiped out.

However, after smashing many times, Qin Chen's spirit became unstable, and if he went on, his spirit would dissipate because he could no longer protect him.

For the ninth time, Qin Chen's spirit was very gloomy. This was the last time. No matter how successful, his spirit would really collapse. When the time comes, his spirit will be scattered.

"Come again!" Qin Chen shouted.

He is almost crazy, his success is fixed and cannot be changed.

Although the hope is slim, he doesn't want to give up from the beginning. How can he know if he doesn't try or go to the end! Even the corpses of Jian Ancestor and the stone statue were shocked and shocked by Qin Chen. Who could match this kind of pain and this kind of cultivation? The flesh is shattered and torn again and again, reborn, and every experience is like the most cruel torture.

Most people can't bear it.

Strong as the venerable, I am afraid that his will will be disintegrated, but Qin Chen actually persisted.

For the ninth time, Qin Chen's whole body was transparent, and his body formed a divine cocoon once again. The sword bones in his body finally merged perfectly, merged with the divine platform, and went up along the back of the big dragon, gloriously rushing into the sky.

This time there is a real possibility of success, his Tao is evolving, and his soul is changing.

Moreover, the Dark King Blood in Qin Chen's body appeared directly this time, and it was condensed by Qin Chen during the condensing process, and it was integrated into Qin Chen's body.

Qin Chen's body was crystal clear, his soul fell off, and a brand new body appeared, perfect.

However, this dark king blood is still corroding him.

Boom! There was thunder surging between the sky and the earth, the power of the six reincarnation swords eroded Qin Chen, and the blood of the dark king attacked Qin Chen. Qin Chen's body was cracked and blood stains appeared. He was desperately dying. This was his last chance, difficult. Endure the pain of life and death

bitter.

His physical body can't collapse anymore, because if it collapses again, it really cannot condense and will fall on the spot.

boom!

The terrible power eroded, Qin Chen coughed up blood, and seemed to be unable to hold on. The body disintegrated, and the soul was split apart and suffered heavy injuries.

His body seemed to collapse.

"The origin of time!"

At the critical moment, Qin Chen roared, and the origin of time spurred, turning into a force of time to shrink instantly, appearing in front of his eyebrows, and time was suddenly chaotic.

This is simply a lore. At a critical moment, Qin Chen stagnated time, stimulating the strength of the years, sealing everything, the trace of dark power entered his body, and Qin Chen refining frantically.

After assimilating the blood of the Dark King, Qin Chen could already refine the blood of the Dark King, and this time, he could not collapse again.

The power of the Demon Tree of the Ten Thousand Realms lingered around him, and the Demon Tree of the Thousand Realms had also absorbed the blood of the Dark King, which seemed to have undergone some transformation. At the same time, the spirit medicine liquid poured down recklessly, Qin Chen frantically refined Qi, swallowing a huge amount of essence, forming a terrible vision between heaven and earth, and the infinite power of the six reincarnation swords was integrated into Qin. In the dust body, a little

As soon as it was absorbed, this scene was created.

Every cell of Qin Chen was a bottomless pit, and he wanted to **** up the entire void.

The supreme Thunder and Totem appeared on his body, and the power of the Dark King's blood was suppressed by Qin Chen a little bit.

"what?"

"He was almost successful?"

Jian Ancestor and the corpse of the stone statue were both horrified.

Qin Chen's somewhat cracked physical body was condensed again, this time extremely powerful, his sword aura was surging, and his power was shocking.

Boom!

At this moment, Qin Chen is like a deity, with golden skin, and even the internal organs and bones are cast like a sword body. It is too splendid. Coupled with the energy flowing from other places in the world, he builds colored light outside his body, making him more and more sacred. powerful.

A powerful blood qi churns up in his body, quickly sweeping every inch of his body, and the whole person's aura has changed. It is forcibly cutting out the last flaws, making him extremely strong.

Finally, Qin Chen felt almost done.

He recondensed his flesh and blood, sword bones, and five secrets, and his soul re-entered the stage.

Rumble!

Inside Qin Chen's body, thunder was roaring, and outside his body, the chain of order was trembling, and it penetrated his body surface, and his energy aura was soaring!

Moreover, Qin Chen was not only repairing his physical body, but also breaking through.

He was originally only a late-stage Saint Master cultivation base, but now, he directly impacts the peak Saint Master cultivation base.

boom!

His physical body became more and more powerful, with golden dazzling eyes, sword energy soaring, and colorful light lingering, a terrible aura lingering, he stepped into the realm of the peak saint master in one fell swoop, and also wanted to advance to the more powerful realm of nobles.

The power of Venerable Dao Dao lingered around him, he was using this opportunity to transform himself.

Boom!

Qin Chen released himself, his body buzzed, filled with glittering Baohui, violently shaking, and almost crushing the void of the universe, a powerful aura burst out, and he made the final pass. This was a nine-day dive!

With a hum, his body trembled violently with the six reincarnation sword paths, charging into the dazzling light of order.

The powerful aura overwhelmed the sky, as if gathered from the universe, various order symbols intertwined, shining like an endless book of heaven, and finally all rushed into Qin Chen's body.

In an instant, that powerful aura erupted from Qin Chen's body again, flooding the void.

This is the power in the Six Paths of Reincarnation Sword Path, blending with him.

In the end, the physical body will be the carrier, and the power of the sword bone can be integrated to build a chain of order, and use the power of heaven and earth to bombard opponents with ease.

Qin Chen felt that his accumulation was not enough to directly impact the realm of the venerable, so he stopped.

However, his physical body can become stronger. Therefore, he exploded into the sky and madly absorbed the power of the six reincarnation sword paths, leaving Jian Ancestor dumbfounded.

[Chapter 3627: Six Ways of the Buddha's Life and Death Sword Art](#)

"It is unbelievable to condense the power of the six reincarnation sword roads and achieve six sword bones."

Jian Zu murmured, too shocked.

The six reincarnation sword roads have stood in their Tongtian sword pavilion for so many years, shocking the world, but they have never seen anyone who can condense the power in the six

reincarnation sword roads into himself and become his own power. "The Six Paths of Reincarnation Sword Path contains the power of reincarnation. It is a branch of the six paths of reincarnation in the heavens and the earth. Lord

, I can only experience and improve myself, but this kid..."

Jian Ancestor was almost speechless, compared to Qin Chen directly swallowing and absorbing the power of the six reincarnation sword paths, the disciples of their Heaven-Tunking Sword Pavilion only condensed sword energy, which was too far apart.

"It's just, how do mortals master reincarnation?" Sword Ancestor didn't understand. The power of reincarnation was beyond the control of the Venerable. In the reincarnation of heaven, every epoch in the heavens would face great changes. But he can't control the power of reincarnation, but Qin Chenru

Today a holy master did it, which shocked him.

"How about this kid? Compared to your disciple in the Heavenly Sword Pavilion, don't let it go, right?"

The corpse of the stone statue said gloomily, and it could be heard that there was shock in his voice.

"Hmph, don't talk yin and yang weirdly here, I seem to have heard you say that you want to take away this kid, now it looks? Haha!"

"Why are you laughing?"

"I laugh at some people, don't let yourself be overwhelmed. They are banned in the sword body and want to take away others. Alas, being a sword spirit may be more hopeful." Jian Zu sighed.

"Sword Ancestor, you don't have much power left, do you want to die?"

boom!

The corpse of the stone statue exploded with sword qi to the sky, and said with a cold voice.

This made Ji Wuxue and the others surprised. Why did Jian Zu and the stone statue corpse suddenly conflict?

They were all immersed in Qin Chen's life and death, and they had never heard the conversation between Jian Ancestor and the corpse of the stone statue.

"You guy..." Jian Ancestor sighed, his voice melancholy: "You and I have not played against each other, I really only have the last breath, but where can I be better if you kill me?" Jian Ancestor His voice became serious and sad: "I'm serious, and you also know that you will be banned for what you did back then. But many of us actually know that although you are crazy, you still have light in your heart. , There is a bottom line,

Otherwise, if you were annihilated by that one long ago, how could you just be banned? Perhaps, this is your salvation, and now you have become a tool in his hands, perhaps it is not necessarily because of your good fortune. "

"Hmph, do you want me to surrender to that kid? Dreaming, we only act on my own mind, let me surrender to that kid, don't think about it." The stone statue corpse said coldly.

Jian Ancestor sighed, but no longer spoke. He knew that the person facing him could not be dissuaded by a few words.

In fact, at their level, the will is firm, the world is indestructible, even if the end comes, the heart will not be shaken, otherwise, it is impossible to get to this point.

However, there is a bit of sincerity in the other party's words, and it is hard to say. If he had no idea, how could he make a move at a critical moment, and let Qin Chen and them be killed by the king of the dark clan.

Boom!

At this moment, in the six reincarnation sword road. The power of the Dark King's blood was really completely converged by Qin Chen into his body. Boom, the vast and cold black light all over his body, like a demon god, but this power was once again lost in the six reincarnation sword roads. Strength, suppress it,

Lurking deep in Qin Chen's body.

Hum!

Qin Chen's whole body, his sword bones bloomed with a dazzling rainbow, and he had completely replaced his bones. The six sword bones reached the sky, and the sword aura was as if to penetrate the sky. This aura was too amazing.

At the same time, Qin Chen felt the power of the six reincarnation sword roads. He had already condensed the sword bones, which could absorb the secret power of this place, and countless chains of order appeared again, blending with his physical body.

Until the body was completely saturated and could no longer contain it, Qin Chen seemed to be about to explode, his strength was immense, and he felt that he could grab a big sun with one hand and smash a star!

Boom!

In the end, Qin Chen jumped up, screamed up to the sky, and punched through the void of the six reincarnation sword roads!

He succeeded! At this moment, Qin Chen stands proudly among the six reincarnation sword roads, and the infinite reincarnation sword aura lingers around his body, but he is completely unaware that it cannot bring him any harm. It is not his strength that can crush the six reincarnation sword roads. Power, but he has been integrated

With this force, it fits perfectly with itself and becomes a part of itself.

In his hand, there was a wave of sword aura surging, and this sword aura, with the power of reincarnation, had the circulation of life and death.

Here, Qin Chen experienced nine deaths and ten lives, and finally succeeded. The mood of life and death lingered around him and condensed into his hands, transforming into a black and white sword of Yin and Yang, carrying the power of obliterating everything.

"This sword intent is what I obtained in these six reincarnation sword roads. I feel life and death, so I call it the Six Buddha Sword Art of Life and Death!"

Qin Chen murmured. Until Qin Chen calmed down, his body was as gleaming as jade, and his body was bright and black for reflection. He hung down to his waist. He looked only twenty-five or sixteen years old. He was a rather beautiful boy, but now he has achieved the pinnacle sage. Theme, and, body

There is a faint Venerable aura from above, approaching half a step Venerable, he has already taken this step!

Of course, although Qin Chen's aura had not truly become a Venerable, the aura that burst out was already close to and comparable to the Venerable.

This achievement is enough to shock the universe!

His whole body is crystal clear, his blood is surging, the five secrets return, and the blood is turbulent. This scene is too amazing, the infinite runes are restrained, and the power of totem is converged into the body.

What is even more amazing is that his body contains the power of the Dark King's blood, lurking in the depths.

"Success... succeeded!"

Outside, Ji Wuxue and others cried with joy.

"dust!"

"Less dust!"

You Qianxue and Ji Ruyue choked up, shouting loudly, feeling agitated, their chests up and down, and they couldn't calm down for a long time.

"Master, he is really fine." Qingqiu Ziyi murmured, with a smile at the corner of his mouth, and his heart was surging.

"This **** demon finally came alive and scared me to death."

On the shoulders of Qingqiu Ziyi, there was Su Xiaoxiao who was also excited, with tears in her eyes. She was just a tool, but she couldn't restrain herself. If she didn't understand what was wrong with her, she would be worried for that big **** demon.

"Boss, boss!"

Little ants and little fire, they all danced like crazy and shouted excitedly. Qin Chen stepped out in one step, and instantly appeared outside the six reincarnation sword roads. Suddenly, the sword road was closed, all visions disappeared, and the sword buried deep in the abyss returned to peace.

[Chapter 3628: Don't engage in foundation](#)

"dust!"

At this moment, You Qianxue and Ji Ruyue, desperately, plunged into Qin Chen's arms, and the two of them were crying with tears, ignoring the gazes around them.

"We are so worried about you!"

You Qianxue cried and said, when she saw Qin Chen's body shattered, her heart was broken, and she wished she would die for Qin Chen. Now, Qin Chen is fine, but she is still immersed in her heart for a long time. Extricate yourself.

"Qianxue, Ruyue, am I okay?!"

Qin Chen gently stroked Qianxue and Ruyue's heads, and said distressedly. Seeing the two crying into tears, Qin Chen felt more distressed.

"You guy."

Ji Wuxue also said with emotion, her expression was very excited.

"Good brother." Qin Chen looked at Ji Wuxue, You Qianxue and Ji Ruyue let go of Qin Chen, and saw that Qin Chen had been staring at Ji Wuxue, with excitement in his eyes, looking at this familiar but unfamiliar one. Brother, Qin Chen stepped forward and hugged

Live him.

"Wuxue, you are still alive, so good!" Qin Chen said. In his previous life, he didn't know what rare was. He was immersed in the life with Shangguan Xier, devoted himself to studying all kinds of medicines and blood techniques. There is almost no attention, which also leads to everything outside

Shangguan Xier and Feng Shaoyu deal with it.

Back then, Ji Wuxue and him had similar interests. The two had a very good relationship, but gradually, after having Shangguan Xi'er, the two of them had less communication, but Qin Chen always regarded Ji Wuxue as a friend.

After rebirth, when Qin Chen knew what Ji Wuxue had done for him in the past, he finally realized that some people, even if they don't meet each other very often, will go through fire and water with just one news, regardless of life and death. .

This is brother. Ji Wuxue was held by Qin Chen, and his eyes were moist. After he learned about Qin Chen's news, how could he not know the danger in the Death Canyon, but he did it because there are so many geniuses in the martial arts. He recognized but not many

One, but Qin Chen was the one he admired most, his good brother.

As a brother, even if it is life and death, what are you afraid of?

Ji Wuxue's nose was sore, and her eyes were red.

"Bah, baah, who is your good brother, who is the great granddaughter of your brother? I warn you, take my hand away, my orientation is normal."

Ji Wuxue was extremely excited.

Qin Chen smiled and let go of Wuxue: "You are so old and so ugly, so I'm just a base, and I won't like you."

"What do you mean? Lao Tzu is much handsomer than you. Who is like you, with a little white face."

The two of them looked at each other, and all of a sudden they laughed, laughed loudly, and then the two of them held their hands tightly together, looking at each other, everything was silent.

"Young man, you are fine."

A loud voice sounded, Jian Zu looked at it.

"Senior Sword Ancestor!" Qin Chen and his group hurriedly turned around and said respectfully to Sword Ancestor. Qin Chen's heart was full of admiration for the top powerhouse of Human Race. At the same time, Qin Chen also looked at the stone statue corpse. There is faint respect, at least this time, the other party is

On the side of Human Race.

"What you look at, what's so beautiful, kid, you remember, this time, I only took action when the ancestor of the abyssal demon was not pleasing to the eye, next time I have a chance to make a move, I will definitely take your life."

After the words fell, an invisible dark force swept out from the corpse of the stone statue, and entered into the mysterious rust sword with a whistle. A cold cold light bloomed on the mysterious rust sword, and the next moment, it calmed down again and restored peace.

And the corpse of the stone statue fell down once again, sitting at the bottom of this burial sword abyss, suppressing everything.

Qin Chen looked at the mysterious rust sword, bowed slightly, and finally put away the mysterious rust sword.

"Young man, although the conspiracy of the ancestor of the deep demon did not succeed this time, the contest between our ten thousand clan and the demon clan has not ended. This time, it is thanks to you," said Jian Ancestor.

"It was the younger generation who brought in Palace Master Yaomie and others and broke the seal here." Qin Chen apologized. "Hehe, you don't have to blame yourself. In fact, I still want to thank you. Even if it's not because of you, the seal of the Sword Burying Abyss will loosen after a while. At that time, if there are not so many Venerables here to provide energy and suppress this place, Maybe, rely on the old man

One person, it is really possible to get the king of the dark clan out of trouble, at that time, the heavens are in danger. "

Jian Zu said with emotion.

Hearing this, Qin Chen was shocked, "Senior Jianzu, Senior Qingxue Guhua..."

"They are not dead yet." Jian Ancestor sighed, "They are still in this bronze coffin. This bronze coffin will slowly absorb their life and strength until they fall. However, so far, they are still alive, but also it's only a hundred years at most. After a hundred years,

The energy in their bodies will inevitably be exhausted, and at that time, the real soul will be scattered.

"I know that some of these people have a good relationship with you, and have even helped you. However, in order to seal this place, Taiyin Liuli Supreme has been transformed. They must sit here, and I can't do anything at this time." Jianzu sighed

.

Qin Chen heard this and felt disappointed. Actually, Qingxue Guhua, Venerable Skyfire, Wanling Mozun, and Venerable Yeguang all helped him. He didn't care about the others, but Qingxue Guhua and the others, Qin Chen wanted to keep it. But now it seems that he is thinking too much.

"A hundred years?"

Qin Chen's eyes flickered: "Senior, if the younger generation can invite strong people to strengthen the seal of this place within these hundred years, then Ancestor Qingxue, Venerable Skyfire, Venerable Yeguang..."

What Qin Chen thought was that if the masters such as Tiangong Tianzun could come here and strengthen the seal of this place, then Qingxue Guhua ancestors might be able to survive. "Reinforce this place?" Jian Ancestor shook his head: "Difficult, I know what you mean, but soon, the sword tomb will be closed. By then, no one can break into it, even the top powers in the heavens before. The same, I pass

In the ancient times, the Heavenly Sword Pavilion exhausted the power of the sect to seal the dark royal family here. In order to prevent accidents, no one could trespass in the land of the sword mound. This time it would not be possible to open it unless the opportunity arrived. "

"But this sword mound is not your predecessor..." "You mean to say that this sword mound is controlled by me. Indeed, although the sword mound can be controlled by me, it takes an amazing amount of power to open and close it, and it even affects the seal of this place. , This time is also by chance, otherwise I would never open the sword grave.

"

Qin Chen's heart suddenly felt loss, and there was still such a thing.

"But..." Sword Ancestor said suddenly: "You have enlightened the six reincarnation sword paths. In the future, as long as you step into the realm of the venerable, you may be able to enter this place through the six reincarnation sword paths."

[Chapter 3629: A hundred years of agreement](#)

"Venerable Breakthrough?" Qin Chen said lowly.

"Of course, simply break through, even if you can come in, I can't let the previous few people leave, unless you have other ways to strengthen this seal." Jianzu said again.

It is impossible for him to risk letting go of Qingxue Guhua and the others to get the Dark Royal Family out of trouble. This is the strong man whose ancient Tongtian sword pavilion has exhausted their lives and must not be released easily.

"However, I can save the lives of those few people first and let the others run out of strength first. It can take up to a hundred years. If you come again after a hundred years, they will definitely become nothingness." Jian Zu sighed.

He didn't want to sacrifice others, but he had to.

"A hundred years? The younger generation understands."

Qin Chen's eyes flashed with firm light, and within a hundred years, he must return to the sword tomb and rescue Qingxue Guhua ancestors.

"Okay, I know you have a lot of doubts in your heart, and I really want to know what happened here, but the old man's power has been consumed too much, and this place cannot be maintained for too long, so I can only send you to leave first. "

Jian Ancestor sighed.

"Senior..." Qin Chen was shocked. He didn't ask anything. In fact, he was very curious about the existence in the mysterious Rust Sword and everything that happened in ancient times. He wanted to pry out the truth. Even Qin Chen wants to know his thunder blood

From whom is the line inherited from? Is it his father?

If so, could the ancient Thunder phantom who has been guarding him be his father? He believed that the sword ancestor of Tongtian Sword Pavilion must know something.

"Everything is an arrangement of fate!" Jian Ancestor glanced at Qin Chen deeply: "Everything you want to know, one day you will know, but not from my mouth."

"Eternal, if you stay, the old man will use the supreme sword heart of my Tongtian sword pavilion to reshape your body and achieve the supreme sword body, and my Tongtian sword pavilion should also succeed someone!" Jianzu said to the remnant soul of the eternal sword master .

"Yes, ancestor!" Eternal Sword Master said respectfully, then looked at Qingqiu Ziyi, and muttered: "Qiongxian, you will leave here with Young Chen. One day, I will come to you."

Qingqiu Ziyi's eyes were dim with tears. She wanted to stay with the Eternal Sword Master, but she knew that it would be useless to stay by herself, and the Sword Ancestor would not agree.

"Well, the old man will send you away now, seeing you, let me see the future of heaven."

Jianzu's voice fell, and with a boom, Qin Chen and the others felt a terrible force enveloping the line. The next moment, everyone suddenly appeared outside the sword grave.

Rumble!

The endless rays of sunlight bloomed, and the terrifying power in the sword mound closed one after another. The countless ancient swords trembled one after another, and the golden sword road closed. The place suddenly calmed down, and then was eroded by the terrible storm.

Qin Chen and the others quickly stepped back, looking at the closed sword tomb, with amazement and emotion in their eyes. Although the trip to the sword tomb was not long this time, it made people feel like a world away.

Qin Chen and the others respectfully saluted the sword grave, and after a long time, they stood up.

"Little dust, it seems that there are only a few of us left here, and everyone else seems to have left." You Qianxue said.

"Not good." Qin Chen's expression suddenly changed, and he woke up. The rest of the strong men who had entered the sword mound before left because of the horror of the sword buried abyss, but among them were Qingxue Silan and Qingxue thinks about them, now there is no Qingxue

If Gu Hua is in charge, the entire Southern Heaven Realm will inevitably trigger a wave of exaggeration. At that time, the Qingxue family will definitely be in danger.

There is also the Zhuge family.

Qin Chen's eyes exploded with cold light, as well as Yao Mie Mansion, he had to deal with these forces.

"Go, go back to the Tiandang Mountains first!" Qin Chen said in a deep voice. He had expected that with the departure of countless Southern Heaven Realm masters, what happened in this sword grave would spread quickly, and, The Star God Palace and other forces will also pay attention here, after all, the star master

A clone of the other people has also fallen here, and there will definitely be some actions on this place.

At the moment, Qin Chen couldn't think about it too much, and took Ji Wuxue and the others away quickly. All he had to do was to find the sword king Mu Zhifeng and the others. As Qin Chen expected, when Qin Chen reshaped his body in the six reincarnation sword roads, many of the masters who entered the sword tomb had already left the sword tomb, because they all knew that Qingxue Guhua Patriarch and Zhuge Rulong

After falling behind, there will be great turmoil in the Southern Heaven Realm. Everyone wants to find a chance to rise again in this turmoil.

The news spread like a gust of wind, and caused a sensation when it reached the outside world. The Sword Tomb of the Tiandang Mountain Range is mysteriously opened, Zhuge Rulong, the ancestor of the Southern Celestial Zhuge family, Qingxue Guhua, the ancestor of the Qingxue family, and the Palace Lord Yaomie of the Eastern Celestial world, as well as the Star Eliminator of the Star God Palace, and the Dayu Shenshan Venerable Jiuyu, Ye Guang of Tianzhu

After the Venerable and the others went deep into the abyss in the depths of the sword tomb, there was a battle, and it was very likely to fall.

When this news came out, the heavens shook, causing a big wave of rendering.

Moreover, in the Void Tide Sea, the young man who was chased by the ancestor of the Demon Clan Demon Sovereign Demon Corpse also appeared here. As a result, the news of being chased by Zhuge Rulong into the abyss also spread quickly.

These news have attracted the attention of countless people and will cause big waves! It's all about the appearance of a few great sages. The mysterious young man also appeared here, and he defeated several great sages. Finally, he was chased and killed into the abyss of the sword grave. There was a fierce battle. In the end, the abyss was calm and everyone fell. News like this

It came out that the heavens were shocked, and everyone was horrified.

Especially the news of the fall of Qingxue Guhua and Zhuge Rulong in the Southern Heavenly Realm was too shocking. It caused violent fluctuations. Many forces were ready to move. For a while, undercurrents surged, and the major forces were calculating, causing various problems. .

One stone caused a thousand waves!

The outside world can no longer be calm at once, causing huge waves. The Southern Heaven Realm, this is going to undergo a major change, and what is in the sword grave, even the venerables of the top powers such as the Star God Palace have also fallen here, especially there are still rumors that when a battle occurs in this abyss, Seems to have heard the star master,

Tianzun and other words, it is rumored that the ancestor clone of top powers such as the Star God Palace has descended, shocking the world.

This shocked everyone and caused an uproar.

In addition, many of the masters who entered the sword mound seemed to have been transformed. In that battle, many people realized amazing opportunities and improved their cultivation. In particular, the five great monster masters and other powerhouses have vaguely touched the threshold of the venerable, and the real is about to change.

Tiandang Mountain Range, where the Five Great Demon Sects are located, is full of holy spirits in the heavens and the earth, and everywhere is a beautiful scene.

As the overlord power in the Tiandang Mountain Range, the Five Great Demon Sects occupy the most core area of the Tiandang Mountain Range.

Above the five great demon sects, five great demon masters such as the liger and tiger demon masters are suspended here, one by one, lingering and rising terrible aura, like a surging ocean, forming five extraordinary demon worlds, shocking one party.

Below them, a group of demon masters flew from the demon sect one after another, and it was visible to the naked eye that a terrifying powerhouse soared into the sky. The densely dense demon masters formed an army, extremely mighty. As the top power in the Tiandang Mountain Range, the Five Great Demon Sects have annexed countless powers in the Tiandang Mountain Range for 100,000 years. The masters of the Monster Race under their command are countless, forming an incomparably huge power, even under the command of the Five Great Demon Sects. ,

In addition to the masters of the demon race, there are even masters of other races who have surrendered to the five demon sects. The five great demon masters, the liger demon lord, the blue elephant king, the silver eye wolf king, the Jiao Mukui, and the golden blood peng, are sitting on the high platform at this moment. These five demon masters are full of terrible auras. , Only the liger demon master stepped into the realm of half-step venerable, but

At this moment, the four demon masters, including the Blue Elephant King, Silver Eye Wolf King, Jiao Mukui, and Jinwen Xuepeng, are also surging with terrible blood, and the breath of Half-Step Venerable is surging along with it. This trip to the Sword Tomb has brought them a huge harvest, especially the breath of the supreme Hua Dao of the lunar glaze in the abyss of the burial sword, which makes the heavens appear. Everyone is deeply inspired. The four demon masters such as Qingxiang King are half a distance away. Venerable Bu is one step away, pause

Under the enlightenment, he naturally felt a trace of the power of the venerable and stepped into the realm of the half-step venerable.

boom!

The five half-step venerables exudes a terrifying aura, really like a vast ocean, suppressed, and shocked all the masters of the monster race below, and their souls are shaken.

Ho Ho Ho!

The countless demon masters of the five major demon sects have all walked out of the retreat at this moment, yelling up to the sky one by one, looking at the five major demon masters above, and watching their kings, their expressions are excited and full of worship.

"Children, the two great ancestors of the Qingxue family and the Zhuge family have all fallen into the sword grave. Today, in the Southern Heaven Realm, the dragons have no heads, and the heroes have risen together. Many forces are all eyeing the huge Southern Heaven Realm."

The Liger Demon Lord looked at the many demon masters below, and said loudly, his voice was like thunder, blending with heaven and earth, resounding in everyone's mind.

"My five great demon sects have been standing in the Tiandang Mountains for nearly 100,000 years. Previously, I had never dominated the Tiandang Mountains. But today, the moment that belongs to my five great demon sects has arrived. Today, my five great demon sects will dominate the Tiandang Mountains. "

Ho Ho Ho!

Below, countless demon masters all screamed frantically, unifying the Tiandang Mountain Range. What a temptation to the many demon masters living in the Tiandang Mountain Range?

In fact, the five major demon sects have already possessed the strength to conquer the Tiandang Mountains in the past few years, but they were afraid of the Tianyuan Sect and the Zhuge family behind him. The five major demon sects have never taken action. Now, the opportunity has finally come. Today's Southern Heaven Realm, after the news, is bound to be in chaos, and the only ancestors of the Zhuge family who are jealous of the five monster sects, and the ancestors of the Tianyuan Sect, the

Supreme God Sect, the Blood Shadow Sect, and the Ghost Bats under the control of the Zhuge family. , Also have fallen

Falling into the sword grave, in today's Tiandang Mountain Range, no power can resist the five great monster sects. What's more, the southern heaven is chaotic. Although several top powers in the heavens have fallen here, they do not have the qualifications to intervene in the four great powers. In this way, the true power of the southern heavens naturally has to come from many of the southern heavens. power

Pick it out by yourself.

Of course, the Five Great Demon Sects are naturally not interested in the power of the Southern Heaven Realm, and the Human Race will not allow the Demon Race to rule the Southern Heaven Realm. It should be noted that there are too many top powers in the Southern Heaven Realm. In addition to the Zhuge family and the Qingxue family, who knows also hides those top families. In fact, even when the Qingxue family and the ancestors of the Zhuge family were alive, they were Not unified

Not to mention the abilities of the Quannan Celestial Realm, their five great monster sects.

But at this moment, their five major demon sects are enough to rule the Tiandang Mountain Range first.

"Go!"

boom!

Under the orders of the Five Great Demon Lords, the five Great Demon Sects are mighty and powerful, attacking the many forces in the Tiandang Mountains.

The first of the five demon sects to go was the other top power in the Tiandang Mountain Range-the Golden Giant Race.

In addition to the five great monster sects and the Tianyuan faction alliance, the golden giant clan is another top power, the patriarch of the golden giant clan also entered the sword tomb, and gained a lot from this, successfully breaking through the half-step venerable realm.

However, when the countless masters of the five great demon sects covered the golden giant clan, the patriarch of the golden giant clan was filled with endless anger.

"Ligger and Tiger Demon Lord, what are your five major demon sects doing?"

The patriarch of the golden giant clan thrived in the sky, with golden light all over his body, like a giant that thrived in the sky, exclaimed angrily, with awe-inspiring fighting spirit.

"Patriarch of the Golden Giants, you don't know what our five great demon sects are going to do, don't you? My liger demon lord has been in the Tiandang Mountains for so many years, and naturally has a reputation. Today, your golden giants have only two results, surrender or die. !"

The liger demon master proudly said that the five great demon masters stood, the breath of the sky covering the sky and the sun, suppressing the eternity, making the golden giants below extremely furious. "Master Patriarch, talk nonsense with them. It is a dream to let our golden giants surrender to

his five great demon sects. Fight with them." The golden giants are not many in number, only tens of thousands, but their strength is above the sky. Body with God

Power is a real fighting nation.

Moreover, the blood is strong, and the golden breath bursts. The patriarch of the Golden Giant looked gloomy, and said coldly: "Ligger Demon Lord, since your five great monster sects want to subdue my Golden Giant clan, then my Jinsheng will fight you today. If I Jinsheng wins, your five great monsters Then retreat, if you win, let me

It is not impossible for the golden giants to submit to your five demon sects! "

"Patriarch!"

The other golden giants roared in anger and looked at Chief Jin Sheng in disbelief.

"Hahaha, patriarch Jinsheng? Are you going to fight me?" The liger demon lord stared at the patriarch of the golden giant clan with cold eyes, and sneered: "Why did the demon lord promise you? I won it!"

boom! The liger demon masters did not negotiate terms with the golden giants at all. The five demon masters shot at the same time. Among them, the liger demon master instantly turned into a huge liger beast, opened his mouth and shouted angrily: "Swallow the sky!"
