

## Valkyrie 3631

### [Chapter 3631: Ten Thousand Clan](#)

boom!

A terrible devouring force was born, and instantly enveloped the patriarch of the golden giant, this is the innate magical power of the liger demon lord, which confines its body in the void. The patriarch of the golden giant clan was also a half-step venerable. One-on-one is enough to fight the five big monster masters. However, under the five big monster masters, how can one person withstand the five big monster masters? Shot, in an instant,

Was captured by the five demon masters. The other golden giants were also suppressed in this world. The blue elephant king turned into a blue giant elephant. The terrible blue sky screen blocked the sky and the earth. Together, a series of terrible runes covered the sky and the sun, sweeping like a king ocean, covering the world.

.

"Jin Sheng, if you don't surrender, your golden giant clan is going to be annihilated today." The Liger Demon Lord said with a chuckle, cold light blooming in his eyes.

"My golden giants, willing to surrender!" Jin Sheng lowered his head and sighed.

Hum!

The liger demon lord laughed, displayed the magical power of the demon clan, and signed a contract with the golden giant clan.

"From now on, you Jin Sheng will be a member of my Ten Thousand Clan Sect, and you can serve as the fifth vice-master of the Ten Thousand Clan Sect." said the Liger Demon Lord.

Ten thousand clan?

Jin Sheng looked up!

"Yes, starting from today, my five great monster sects have been completely merged and renamed the Ten Thousand Clan Sect. The original intention is to accommodate the forces of the Ten Thousand Clan. You, as the fifth deputy lord of my Ten Thousand Clan sect, will still be in charge of your golden giant family. The Tiger Demon Lord is ambitious. What he wants is not to enslave some races, because he knows that enslaving the top powers of the heavens does not have to be allowed at all. However, integrating the top powers of the Tiandang Mountains will not only prevent them, but also

Will agree.

"Go, go to the next place!"

The liger demon master brought many masters of the demon clan and the golden giant clan, frantically annexing the Tiandang Mountains. Without the obstacles of the Tianyuan Sect and other forces, the Ten Thousand Clan Sects were conquered extremely quickly in the Tiandang Mountain Range. Soon, half of

the forces in the entire Tiandang Mountain Range were completely subdued by the Liger Lords. Liger demon Lord in Tiandang Mountains

The reputation of operating over the years.

And when the Liger Demon Lord frantically annexed the forces in the Tiandang Mountain Range, other top forces in the Southern Heaven Realm were also dispatched one after another, beginning to test the Qingxue Family and Zhuge Family a little bit. The territories occupied by these two great families in the southern celestial realm are too vast. Over the years, the two great powers have been expanding, and this has become the top power in the southern celestial realm. Now when the news of the death of the ancestors of the two great families comes out, Naturally attracted

The attention of countless forces in the Southern Heaven Realm, and even many forces in the Void Tide Sea have quietly sneaked into the Southern Heaven Realm, wanting to get a share. However, the reason why the two powers can develop in the southern celestial realm is not only dependent on the two ancestors of Qingxue Guhua and Zhuge Rulong. The two powers themselves have many top masters, which has also led to some of the surrounding top powers. Dare not too

They were rushing, but they were all probing, trying to erode the territories and interests of the two major forces little by little.

For a time, the undercurrent of the entire Southern Heaven Realm surged and was in chaos.

In the endless void beyond the heavens.

Where is the Star Palace!

A terrible figure descended.

"Master Star!"

The countless masters of the Star God Palace knelt down one after another, staring at this terrifying breath, not even daring to breathe, they also got some rumors from Jian Tomb, but they didn't know the true or false of the matter.

The news of the fall of Venerable Star Destroyer was also a major event for the Star God Palace.

At this moment, everyone looked up, wanting to know the true and false rumors from the sword grave.

"You all get up." The star master said coldly, like a god, sitting on the star chair in front of the main hall, wearing a star robe, with shining stars. "Master Star Lord, the intelligence agency of my Star God Palace has heard some rumors in the Southern Heaven Realm. After entering the Sword Tomb, Venerable Star Destroyer seems to have...fallen. Now, the Southern Heaven Realm Sword Tomb is closed, and the Star Eliminator is closed. The person still has not appeared, afraid

As the news said, there are many evils and good luck, and the subordinates are waiting to discuss whether to send others to enter the sword tomb to find the traces of Venerable Star Destroyer. "

An old man with the breath of the venerable on his body lowered his head and said, this person is surrounded by veteran anger, and looks very old, but there is an extremely terrifying power in his body, as if the explosion is enough to destroy the world.

But in front of the star master, this person kept his head down, even if he was better than him, he was very respectful and did not dare to breathe. "I already know about this. You don't need to go. Venerable Star Destroyer has indeed fallen." The star master said with a cold snort, and stars in his eyes were exploding and destroying: "Don't say it Star Venerable is a part of the star master

The body was also folded inside, huh, that old sword ancestor, really \*\*\*\* it! "

The star master said with a cold voice, boom, the endless light of stars burst out, and the terrifying coercion suddenly shocked all the strong people present trembling.

They all listened in shock to what the star master said, what did they hear? Venerable Star Destroyer actually fell, and a clone of Lord Star Master also fell in the sword grave?

"Sword Ancestor...hiss!" Everyone sucked in air, so that the place of the sword mound is really the place of the ancient Tongtian sword pavilion. They have all seen from some ancient books, and the ancestor of the Tongtian sword pavilion is called He is the ancestor of swords, but isn't this person a strong one billions of years ago?

?

"Master Star Lord, that sword ancestor is my ancient human race powerhouse, hasn't he fallen for hundreds of millions of years against the demons? How could it..." someone trembled. "Hmph, the old thing's body has long been decayed, but there is still a ghost, which has never dispersed, suppressing an existence in the sword tomb. This is also the reason why the star master did not allow you to enter the sword tomb. I am afraid You got an accident, previously only

It's just a guess, but it turns out to be true. "

The star master said coldly, in fact, he didn't know whether Jian Ancestor had fallen, but as long as there was any chance, he couldn't let other masters in the Star God Palace take this risk.

Because he knows more, knowing the land of the sword grave is by no means just the land of the ruins of the Tongtian sword pavilion.

"Then I wait..." the old man said tremblingly. "Er et al. still focus their energy on the battlefield of the ten thousand races. Remember, the battlefield of the ten thousand races is the most important place of my Star God Palace, and it is also the place that establishes the position of my Star God Palace. My Star God Palace is in the human race. The position in the big powers, in addition to the strength of our Star God Palace, there is also the territory and strength occupied by our Star God Palace on the battlefield of ten thousand races. Only the battlefield of ten thousand races is the real core place. As for the four great heavens, It's just a place where it's extremely difficult for even the Lord to be born. It's my human race to nurture the future.

It's just a rearing pond. "The star master said lightly.

[Chapter 3632: Use any means](#)

"Yes!"

Faced with the words the Star Master said, none of the Star God Palace senior officials present was surprised, as if they knew this fact well.

"Master Star Lord, then I will let go after I wait? My subordinates heard that the Southern Heaven Realm Zhuge Rulong and Qingxue Guhua have both fallen into the sword tomb. By then, the Southern Heaven Realm will inevitably become chaotic. Fight with each other, I'm afraid..." "Then it will make him chaotic. The order of the Southern Heaven Realm will be maintained by someone. The major forces of my Heaven Realm will not completely chaotic the Southern Heaven Realm, but they will not interfere. , Divide and recombine, appropriate competition, can also give birth to some of our human race

The rising star, the fight in the Southern Heaven Realm, you just need to pay attention to it for the time being, but you can send one of you to the Eastern Heaven Realm. "

"Eastern Celestial Realm?" "Yes, after going to Eastern Celestial Realm, be sure to check the situation in Yaomie's mansion as soon as possible, and go to Guanghan Palace to investigate a kid named Qin Chen. This person is the sage of Guanghan Palace's heavenly work. Son, and the winner of the last celestial trial

. "

"Yao Mie Mansion? Qin Chen? The winner of the heaven trial?"

Many powerhouses in the Star God Palace were shocked, what is the existence of Lord Star? That is the real giant existence in the Celestial Human Race, how could he pay attention to the winner of a small Celestial Trial?

Although the trials of the heavens are extremely important among the four great heavens, generally only the later days of the heavens enter them, and they are the place to train future saints for the human race.

But even a pinnacle holy lord, in the eyes of the star lord, is like an ant.

Of course, everyone present also knew some information about the Southern Heaven Realm, and knew that the Human Race Tianjiao who was chased by the ancestor of the Demon Clan's Demon Corpse in the Void Tide Sea also fell into the sword tomb. Could it be Qin of the Eastern Heaven Realm? dust?

When I learned some information before, some senior officials in the Star God Palace still didn't believe it, but at this moment, all of them were thoughtful.

"Hmph, there is definitely a big secret in this person, and Palace Master Yaomie colluded with the ancestor of the Demon Race Abyssal Demon, and there is also a secret. What you have to do is to find this secret for this star master."

boom!

As soon as this news came out, everyone on the scene shook violently, and Palace Lord Yaoniai colluded with the ancestor of the Demon Race Abyssal Demon. This was definitely big news.

"I will understand." "Remember, the four heavenly realms have just been repaired, and at most they can bear the strength of the human beings. If a master of the earth-senior level works in the four heavenly realms, it is very likely that they will destroy the newly restored heaven and cause the heavens to break. My Star Palace cannot afford it. So this time

To go to the Eastern Heaven Realm, you can send the strongest person in my Star God Palace to go, be sure to figure out all the circumstances of Palace Master Yaojie and that Qin Chen, and use any means if necessary. "

As the words fell, the body of the Star God Palace Master suddenly exploded, turning into endless stars and dissipating in the void.

Everyone knew that the star master had left.

"Eastern Heaven Realm, Palace Master Yao Mie, Qin Chen?"

The senior officials of the Star God Palace glanced at each other, and there was a gleam in their eyes. The Lord Star Lord said that all means can be used, already let them know what to do next. In the Tiandang Mountains, the five great demon masters with the tens of thousands of clans continued to conquer the major forces. In a short period of time, they had already conquered most of the forces in the Tiandang Mountains, and also brought the Tianyuan Sect, the Supreme God Sect, and the Blood Shadow The four major forces of religion and ghost bat clan

Everyone suppresses plunder.

How could the Tianyuan faction, which had lost Sect Master Yunxiao and others, withstand the attack of the five great monster masters.

After the last large force was suppressed and subdued, the Ten Thousand Clan Clan had already completely ruled the Tiandang Mountain Range.

"Big Brother, now our Ten Thousand Clan clans have ruled most of the top powers in the Tiandang Mountain Range, and now there is only one power left that has not been subdued."

The silver eye wolf king's eyes bloomed with cold light.

"You are talking about...Ancient Daozong?" "Exactly, the rumor of the Ancient Daozong is related to the Tongtian Sword Pavilion. The human kid Qin Chen who was hunted down by Zhuge Rulong's ancestor before was the person who guarded the Ancient Daozong before. Conquered a lot of demonic forces under our five great demonic sects.

Hidden somewhere in this Tiandang Mountain Range, only by subduing the Ancient Dao Sect, can our Ten Thousand Clan Clan be truly unified in the Tiandang Mountain Range. "

"The Ancient Dao Sect had heard that it had been hidden for a long time, and even the Tianyuan Sect had never known where they were. The Tiandang Mountain Range is so vast, do you know where they are?" "Hey, brother, the Ancient Dao Sect had not conquered my five great demons before. Is the Tyrant Bear Sect and other forces under Zong's command? If the Ancient Dao Sect hides itself, I really can't find them where the three brothers are, but they are treated with the Tyrant Bear Sect and other forces.

Together, my brother, what I am best at, is looking for people from the monster race. "

The Silver Eye Wolf King laughed, and an eye was suddenly opened in the center of its eyebrows, and an invisible force haunted the world.

Today's Ten Thousand Races, the strong are like clouds. In addition to the five great monster masters, there are also several top powerhouses who have entered the land of the sword grave, such as the golden giant patriarch. Now all of them have surrendered to the Ten Thousand Races.

These top masters all got the opportunity in the sword tomb. They were the powerhouses who had vaguely touched the realm of the half-step venerable, and now naturally each has extraordinary aura, all looking at the Silver Eyed Wolf King excitedly.

Qin Chen's strength is obvious to all of them. It is a top arrogant who can fight Zhuge Rulong and other venerable ancestors. Although he has fallen into the sword tomb, who knows if there is anything left in the ancient Taoist school .

"Huh? In this direction, there is a vague demon."

Suddenly, the Silver Eye Wolf King looked in a certain direction, laughed, and then flew towards that place.

Behind him, the Liger Demon Lord brought many top masters from the ten thousand races, and followed closely.

Here...

Here again... The silver eye wolf king's method of staring at the demon energy is the talent of its silver eye. Today, in the Tiandang Mountains, all the demon races have been subdued, so the place where the demon energy is strong must be the Tyrant Bear. Zong waited for the demon clan forces that was subdued by the ancient Daozong

Exudes.

Under the prying eyes of the Silver Eye Wolf King, many powerful men quickly approached the hiding place of Ancient Dao Sect.

At this moment, in the hidden place of the Ancient Dao Sect, Feng Tianzhen, the lord of the Ancient Dao Sect, is panicking.

They obeyed Qin Chen's instructions and hid everywhere in the Tiandang Mountains, but they also secretly sent people to guard outside the sword tomb. The news was extremely well-informed. At this moment, they had already learned what happened in the sword tomb.

After learning that Qin Chen and the others had fallen to the Sword Tomb because they had been chased by Zhuge Rulong's ancestor, everyone seemed to have been hit hard. During this period of time, they were all stunned.

In the entire ancient Taoist school, people are panicked again. Their Ancient Dao Sect has experienced too many dangers. From the very beginning when the Sword Sect was destroyed, they were watched by the Tianyuan Sect and other forces. They finally met Qin Chen and got a little respite. They didn't expect it to be long before, their benefactor. Qin Chen fell into the sword grave unexpectedly.

[Chapter 3633: Aren't you afraid of death?](#)

How to do this?

The whole ancient Taoist school was panic, and everyone looked ugly and didn't know how to face it.

"How could the young master fall into the sword grave, impossible!"

The sword king Mu Zhifeng's face was ugly, and he was worried. After he surrendered to Qin Chen, he absorbed the origin of the Demon Tree of the Ten Thousand Worlds, and had already handed it over to Qin Chen both physically and mentally. Qin Chen did not want to believe this fact.

In his mind, no matter who fell, the young master would never die in the sword grave. In his mind, the young master was invincible.

However, in the face of the many news that came, the sword king Mu Zhifeng also had worries, especially some of their spies already knew that the five great monster sects were madly conquering the forces in the Tiandang Mountains. What should the ancient Dao Sect do now?

In this hidden mountain cave void, Feng Tianzhen and the sword king Mu Zhifeng and many ancient Taoist masters have been discussing, but still can't make a decision.

"Ok?"

Suddenly, the complexion of everyone present changed drastically, and they looked up to the outside world.

"someone is coming."

An incomparably terrifying aura came from a great distance, without any cover, like a sea tsunami, suppressed in this world.

"It's the Five Great Demon Sects, how did they find here?" Feng Tianzhen and they both changed their colors. They prayed in their hearts that the other party would pass by is only an accident, but what made everyone desperate was that after the people of the Five Great Demon Sects came to this void, they all Stopped, apparently specifically for them, has already posted

Found them.

"Everyone of the Ancient Dao Sect, haven't you shown up yet?" A loud laughter sounded, and the next moment countless silver rainbows fell crazily, and suddenly the silver light of the world shone, like a series of silver ancient thunders. The mountains hidden by them exploded, and the void rumbled

The roar directly exploded, revealing a group of Gu Daozong people.

"Silver Eye Wolf King, what are you going to do?"

Ancient Dao Sect Master Feng Tianzhen's heart sank, and he looked at the Five Great Demon Lords in the sky and many other powerful men in anger. He felt the terrifying breath of Half-Step Venerable, and everyone's expressions changed. In the sky, the horrible half-step venerable aura of the lion, tiger, demon lord and others are surging. The horrible power of the venerable is combined to suppress the ages and make everyone change color. Looking at it, the surrounding is dense and mighty. Dang, all of them are the Big Five

The master of the Demon Sect.

Especially after seeing the patriarch of the Golden Giant Clan and others, Feng Tianzhen also changed his color. Even the Golden Giant Clan had surrendered to the five great demon sects. Can their Old Dao Sect be able to hold it?

That mighty master, surrounded them round and round, really like a vast ocean. "Hahaha, Ancient Dao Sect Master, what we want to do, the Mingren will not speak secretly." The Silver Eyed Wolf King laughed and said with a surge of momentum. During this period of time, the five demon sects will cover the entire Tiandang Mountains. To subdue and let them burst into self-confidence.

A kind of arrogance that rules the world.

"Now, the Tiandang Mountain Range is under the control of my Ten Thousand Clan. From today onwards, the Tiandang Mountain Range will only be my Ten Thousand Clan."

Feng Tianzhen's face is ugly, but the situation is compelling. He has nothing to say. He can only say: "Ligger and Tiger Demon Lord, Silver Eyed Wolf King, in that case, my ancient Dao Sect is willing to leave the Tiandang Mountains. Please let me go. Road, let me wait to leave."

"Haha, leave? Ancient Dao Sect Master, do you think too much?" Silver Eye Wolf King squinted, "As a force in the Tiandang Mountains for many years, my Silver Eye also gives you two choices, or surrender to my ten thousand clan Zong, your Old Dao Sect is also a member of my Tiandang Mountains, or there is no Old Dao Sect in the world since then

The life and death of this force is up to you to choose. "

"You... Your Excellency is too much?"

Feng Tian was really angry and wanted to argue, but looking at the terrifying powerhouses in front of him, he could only suppress the anger in his body.

Sword King Mu Zhifeng's eyes were also cold, the ten thousand clan's crazy tone. "Excessive? This is the kindness of my ten thousand races." Silver-eyed Wolf King said with a light smile, and then his faint gaze fell on the sword king Mu Zhifeng's body, revealing the spirit: "This one should be the old way to help. Zong's young man, Qin Chen's master

Right? It just so happened that I would like to know the origin of Qin Chen. It's better to catch it with my hands and tell me everything. I wait for your sake and spare your life. "

"I want to hear about the young master from my mouth, don't think about it."

Cang!

The sword king Mu Zhifeng drew out the sword, banging, and suddenly, the sword air burst into the sky, and a mighty sword light burst out, coldly looking at the Silver Eye Wolf King and the others.

"Hmph, it's just a peak holy master." The Silver Eyed Wolf King sneered. If it was before entering the sword grave, facing the sword king Mu Zhifeng, he would be more careful, but now, there are so many half-steps on their side. The strong, it is also a half-step master, how can it care about the sword

Wang Muzhifeng is a peak holy lord.

"It seems that you are toasting and not eating and punishing wine."

Silver Eyed Wolf King's voice fell, and a number of top masters flew out one after another, surrounding the people of Ancient Dao Sect.

Now that the tens of thousands of clans are so powerful, they naturally don't need the Liger Demon Lord to do it themselves.

"Gudao Sect Master, I don't want to kill anyone. I surrender to me and tell all the secrets of that kid. I can spare your life and let you join my ten thousand clan sect. Why not do it?" Said lightly.

Yan Yuanlong came out and shouted sharply: "The Supreme Sect Master is the benefactor of our Old Dao Sect, and we will never betray the Supreme Sect Master."

"It's just a dead man, talk about betrayal."

The Liger Demon Lord shook his head, human beings are like this again, it seems that they can only use force.

The Liger Demon Lord waved his hand.

boom!

Suddenly, many masters were violently plundered out of the ten thousand clan, and they attacked and killed the sword king Mu Zhifeng and others below.

"Kill!" The sword king Mu Zhifeng yelled, banging, and the sword shined through the sky, fighting with them, and Feng Tianzhen also led the masters of Ancient Dao Sect, Yan Yuanlong, Sword Demon and others, madly resisted, even the Tyrant Bear Sect Xiong Da, Xiong Er, Xiong San Ye and many Yaozu Gao

While resisting, he said: "Ligger and Tiger Demon Lord, please spare me and wait. I promise to leave the Tiandang Mountains and never come back."

"Hmph, these idiots, what kind of ecstasy did that kid give them?"

The Silver Eyed Wolf King's face was ugly, and it was enough for the ancient Daozong to resist them. He didn't want to dominate the Xiongzong and other monster clan forces, and he didn't want to surrender.

In addition, the sword king Mu Zhifeng's aggressive action, the combat power is amazing, although it is only the pinnacle of the holy master, but many masters teamed up, and they could not take him for a time. On the contrary, he hurt several people of the ten thousand races, and immediately made the silver eye wolf king's heart. fury.

boom! The silver eyes of the wolf king's eyebrows and silver eyes bloomed with divine rainbows, and suddenly shot, taking advantage of the moment when the wind of the sword king Mu Zhifeng resisted other masters, a silver light burst out, directly on the body of the sword king Mu Zhifeng, and instantly blasted him out to his chest. Wounds appear, fresh

Bloody.

"Old knife."

Feng Tianzhen and others stunned.

"Hmph, I was merciful before, or your Excellency is dead, so you will be arrested and will give you a way out."

Silver Eyed Wolf King shouted angrily.

"Don't think about it." Dao Wang Mu Zhifeng's eyes were cold.

"Aren't you afraid of death? Aren't you afraid of letting people from Ancient Daozong be buried with you?" Silver Eyed Wolf King said coldly.

"Who wants Gu Daozong to bury him?" At this moment, a cold voice suddenly sounded like thunder.

#### [Chapter 3634: Little wolf cub](#)

boom!

A cold voice resounded between the heaven and the earth. This voice was extremely far away at first, but in an instant, it was already close to everyone present.

"who?"

The Silver Eyed Wolf King and the others were frightened and looked towards the place where the sound came from in amazement. When they were close to them, the top masters of them didn't even notice. Then, they saw an unbelievable scene. Between the world and the earth, a few figures slowly flew over. The leader was a young youth who didn't look big, but he exuded people The breath of palpitations, he walked to

Wherever, the Tao of heaven and earth are like surrender, scattered one after another, forming a unique heaven and earth.

Behind him, there are three beautiful women who are beautiful in postures, or cold, charming, or cold, like a goddess, defying immortals.

A man with a dusty temperament and aloofness also came step by step, under his steps, the lotus was born step by step, and the void runes were agitated and mysterious.

"Qin Chen..."

The pupils of the big demon masters such as the liger and tiger demon masters suddenly shrank, and their eyes revealed a look of horror. The head of the golden giant clan Jin Sheng and the others also looked at the people in front of them in amazement. Incredible color.

"Master!"

"Sovereign Supreme!"

The Dao Wang Muzhifeng, Feng Tianzhen and others surrounded by the ten thousand clan in the center, their eye sockets instantly moistened, and they were extremely excited.

The person here is not someone else, it is Qin Chen who has returned from the land of the sword grave. It took a lot of time for Qin Chen to transform on the road of the six reincarnation swords, and now he finally returned.

"Impossible, how could you still be alive?"

Silver Eyed Wolf King said in disbelief, cold light burst into his eyes, but his body was trembling slightly, his eyes fell on the elder brother Liger Demon Lord.

Not only him, but also the top masters of the Tiandang Mountains such as the patriarch of the Golden Giant clan, and the powerhouses who had entered the land of the sword grave, they also looked at the lion tiger demon lord in shock, with shock in their eyes and inquiries. These strong men who have entered the land of the sword grave, clearly know the terrible Qin Chen. Before in the forest of sword steles, Qin Chen and his entourage actually defeated Zhuge Rulong, the ancestor of the Zhuge family. Take it, that's all, they know

Ming saw Qin Chen and several great sages all entering the sword-burial abyss deep in the sword grave. Even, they clearly heard the frightened roar of Venerable Star Destroyer and others, and the vast power to annihilate everything, and even the power of Venerable's breath in the path of transformation. In their hearts, the sword buried deep in the abyss. Venerable can swallow it, Qin

The dust should have fallen long ago.

But now, what did they see?

Qin Chen returned unexpectedly, which made everyone terrified, and his entire body was erected.

Wow!

The countless masters of the Ten Thousand Clan sects scattered under the terrifying aura of Qin Chen's people. The sky was densely packed. The masters of the Ten Thousand Clan sects, like a large army, could not look at Qin Chen's people at all. aisle.

"Master!" Sword King Muzhifeng exclaimed with excitement, tears rolled down instantly. For his pinnacle saint master, he did not cry at the moment when Sword King Zong died, but his heart was filled with endless. Hatred, now, seeing Qin Chen is like

When he came on like a god, his tears couldn't stop rolling down.

For Qin Chen and his party, the distance of thousands of miles was just a momentary matter. Far away, Qin Chen had already passed through the crowd and reached the center of the battlefield. He couldn't help but breathe a sigh of relief when he looked at the disciples of the Ancient Dao Sect below. .

Fortunately, he arrived in time.

"Qin Chen, this is the power you can conquer in the Tiandang Mountains? Isn't that right?"

Ji Wuxue glanced at her mouth, glanced at the ancient Taoist master below, and chuckled.

Well, there are only three or two peak holy masters, but there are some late holy masters. In addition, there are some miscellaneous hairs. Even the monster race has many people, which is really a chaotic miscellaneous army.

Ji Wuxue's words didn't make the people of Gu Daozong angry, but rather excited, surprises.

"The Supreme Sect Master is back."

"Great, the Supreme Sect Master is not dead. With the Supreme Sect Master, Ten Thousand Clan Sect will definitely not dare to forcefully target my Ancient Dao Sect."

"In the previous rumors, even the ancestor Zhuge Rulong of the Zhuge family could not win the Supreme Sect Master in the Jian Tomb, let alone the Ten Thousand Clan sects led by these five demon sects." The people of Gu Daozong were excited, but they don't think that relying on Qin Chen and a few people can scare away the people of the Ten Thousand Clan Sect, but the presence of the Supreme Sect Master will definitely protect the interests of the Ancient Dao Sect. At least, they will not be driven out by the Ten Thousand Clan Sect.

The capital of negotiation is no longer the meat on the chopping board, which is left to be slaughtered.

"Why are you not dead!" The Silver Eyed Wolf King stared at Qin Chen and said in disbelief. His heart was irritated. Qin Chen's appearance destroyed their plan. At the same time, his heart was a little guilty and nervous. My own ten thousand clan sect is no longer the original five monster sects

After he was not the pinnacle holy master at the beginning, Silver Eyed Wolf King felt confident in his heart. So although Qin Chen is strong, what can he do? But it's just that Zhuge Rulong chased and killed the Tianjiao who fled in embarrassment. At this moment, they are already a lot of half-step venerables, and the eldest brother touched the threshold of the venerable.

Venerable, it's only a short line away. Together, are they still afraid of Qin Chen?

Thinking of this, Silver Eyed Wolf King's heart burst into anger.

"Why, do you five demon sects wish me to die?"

Qin Chen said lightly, turning his head to look at Silver Eye Wolf King and the others, "Little wolf boy, your five demon sects dare to deal with my ancient Dao Sect, who gives you the courage?" Qin Chen glanced around at countless powerful people, ten thousand clan families. Experts are densely packed, both in number and strength, they are ten times, dozens of times, or even hundreds of times that of Ancient Dao Sect, but facing such a dense group of masters, Qin Chen's eyes are cold.

Indifferent, very calm.

And Ji Wuxue also embraced her hands, watching all of this playfully, facing the surrounding of ten thousand people, it turned out to be like walking in a leisurely courtyard.

The eyes of the Silver Eye Wolf King instantly turned blood red, and the murderous aura surged. This guy was too much.

"Young man, are you looking for death? How dare you say that, the deputy suzerain of our ten thousand clan sect."

With a bang, a vicious master of the monster race came out. This was an old monster of the monster race. His eyes were fierce, murderous, and his body was full of wings. It was obviously a certain kind of bird race with fierce flames on his body. It was originally the leader of a small force in the Tiandang Mountains. It was very regrettable that it had not been able to break into the sword grave before. After being conquered by the five great monster sects, it was only an elder of the ten thousand clan sect. At this time, I heard that Qin Chen was so. Despise the Silver Eye Wolf King, seize the opportunity in an instant, want to show, and strive to find a good position in the ten thousand clan.

### [Chapter 3635: It's not good](#)

It has never entered the sword tomb, and naturally does not know Qin Chen's strength. Although it has heard of some things, it believes that a lot of information in it has been exaggerated. Perhaps Qin Chen used some means to resist Zhuge Rulong. Zu's shot

Already, later it was not fled in embarrassment.

"Boy, now the Tiandang Mountain Range is under the command of my ten thousand clan sect. I give you two choices, one, surrender to my ten thousand clan sect, kneel down to confess your mistakes to the silver-eyed wolf king deputy sect master, and the other, die, together with the ancient Dao Sect Funeral!"

The demon king said with a cold voice, fearless, it was originally intended to behave in front of the five demon masters, but after hearing its words, the five demon masters' eyelids jumped suddenly.

"Haha, surrender?"

Qin Chen sneered, without drawing his sword. He pointed at the old demon king from the air, banging, and suddenly, between heaven and earth, a terrible sword aura condensed in front of Qin Chen's palm and turned into a sword that pierced the sky. Qi, burst out.

puff!

The sword qi surged, tearing the world, the demon king old man's eyes were stunned, and he didn't even react in time. The head was pierced by the sharp sword qi, a sword hole appeared, and he fell to the ground. .

Wow!

The many masters of the Ten Thousand Clan sects all looked at each other. This son was really rampant. Once he came up, he killed one of their Ten Thousand Clan sect masters, and didn't put them in the eyes of the Ten Thousand Clan sect at all. What shocked them even more was Qin Chen's methods. Although the old demon king was only an elder, he was also a top master close to the peak of the holy master. He was killed by such a sword, and even the old demon king did not Can react in time,

Makes everyone's heart palpitations. In the void, the sword aura dissipated, but a terrifying sword intent remained in the void. It did not disperse for a long time. Everyone could even feel the terrible sword intent remaining between the world and the earth. If you pass by that place, even if it remains. Jianyi, still let

A master master vomited blood, and the main road was damaged.

The pupils of the lion tiger demon lord shrank suddenly. He was only one step away from the venerable. He was a truly top powerhouse. He could feel the terrible Qin Chen even more. After entering the Abyss of Burial Sword, not only did he not die, but he was even more terrifying. .

"Boy, you're looking for death!" The Silver Eyed Wolf King was furious, and he screamed. The conspiracy between his eyebrows suddenly opened. A terrifying silver eyelight shuttled through the void like lightning, bursting at Qin Chen, and it turned itself into a silver light and slapped Qin Chen's head with one claw.

Yes, even a mountain range can be shattered, and the avenue will be exploded.

Even if he is afraid of Qin Chen, how can Silver Eye Wolf King bear it at this time? No matter how hard you bear, its ten thousand clan will have no face, and its silver eyed wolf king will not be able to survive in ten thousand clan.

With his right hand raised, his \*\*\*\* condensed in the food, Qin Chen smiled coldly, and split one finger out.

Boom!

The void seemed to be in half. The black arc-shaped sword light cut through the terrifying gaze of the silver eye wolf king's talent and supernatural powers, and passed over the opponent's body. With a clang, the silver-eyed wolf king's body was gleaming, and the armor-like fur was instantly split into a wound. A powerful sword intent passed through the fur to its body, cutting its vitality, and the internal organs were in. Out in an instant

There were scars that could not be ignored, and his body seemed to be torn apart by a sword.

With a finger, the Silver Eye Wolf King vomited blood and retreated violently, let out a stern roar, and a huge wound appeared on his body, dripping with blood.

"What? The Silver Eyed Wolf King was actually injured by a sword?"

When this scene happened, many people opened their mouths wide and couldn't close them. Silver Eye Wolf King is the third of the five great demon masters, a master of Half-Step Venerable, although as a Silver Wolf clan, defense is not its strong point, but it is much stronger than the Human Half-Step Venerable, Qin Chen Without using weapons, just

Condensing the Void Sword Qi, it can damage the Silver Eye Wolf King with a single sword. How can it not be shocked?

One finger seriously injured the Venerable Half Step, is this kid a master of the Venerable?

"The third child!"

"Prisoner of the sky!" The Silver Eyed Wolf King was injured, and the Blue Elephant King among the five great monster masters instantly stood up. It roared and boomed, and instantly restored its body. It turned out to be a cyan colossal as high as thousands of feet, lingering all over. With the terrifying breath of the rune of the demon, the blue elephant roared,

Between the heaven and the earth, the infinite power of supernatural powers condensed towards Qin Chen, instantly forming a vast cyan heaven and earth, trapping it inside.

"The Blue Elephant King has taken action, and it should be able to trap him for a while."

"The trap of prisoner sky is the natural magical power of Master Blue Elephant King. It can solidify the void and is invincible at the same level. Now Master Blue Elephant King is already a half-step Venerable. Non-Venerable masters will all be bound, and it will be difficult to break free in a short time. "

"Master Qingxiang King's follow-up attack is powerful."

Amidst the people's discussion, the Blue Elephant King trapped Qin Chen, but his expression was not surprised, because it was even so terrifying that Qin Chen's two thick front legs were raised high, and then crashed down, shouting angrily: "Shaking the sky!"

The astonishing cyan halo condensed and formed a cyan high mountain, which was ten thousand and ten thousand, like an ancient sacred mountain, falling from the sky and hitting the trapped Qin Chen.

With this smash, the Void erupted with a violent explosion, even a continent, it would shake and be bombarded, but unfortunately, it depends on who it is. A dark sword mark appeared on the surface of the cyan cage halo, and a lot of sword light bloomed from the sword mark, like a semicircle. The cyan ten thousand mountains and the blue elephant king were all within the attack range of this semicircle sword energy. , The sword light flashed, poof

Two beeps.

The cyan Wanren mountain took the lead to split, and collapsed invisible. Then, a thick sword mark appeared on the body of the Blue Elephant King, with blood splattered from it, and the Blue Elephant King stepped into the dust of the Silver Eye Wolf King, vomiting blood and flew upside down. Internal injuries.

"How can this be so strong?"

The Qingxiang King looked unbelievable, and the masters of the other ten thousand races also shook their bodies and their souls.

"The Supreme Elder is so strong, the Silver Eyed Wolf King and the Blue Elephant King of the five major demon sects are not opponents at all, and they can't stop even a single move."

"The two demon masters are half-step venerable masters, so they can't stop falling in love with the suzerain."

"Oh my God!"

Even the people of Ancient Dao Sect felt unbelievable. Goose bumps appeared all over his body. Qin Chen was too strong, so strong that they were almost unbelievable. Feng Tianzhen and Yan Yuanlong were shaking with excitement, and the sword king Mu Zhifeng was also at heart. excitement.

The people of the Ancient Dao Sect were excited, and the people of the Ten Thousand Races were frightened. Even the patriarch of the Golden Giant Clan, Jin Sheng, was also terrified. He was considered a rebellious person, but at this moment, he still had a tingling scalp. . The liger demon lord's eyes

condensed, Jiao Mukui and Jinwen Xuepeng also felt cold in their hearts, a little shocked, and secretly transmitted: "Big brother, the situation is not good, this son seems to be more than in the sword grave. Strong, now in trouble."

### [Chapter 3636: You go together](#)

The liger demon lord has a solemn gaze and frowns. It knows that Qin Chen is not easy to provoke, and so far, Qin Chen has not used any real means. The liger demon lord knows very well that he was in the sword tomb. Qin Chen had two great statues

He is a treasure, if it is displayed at this time, the strength will definitely be stronger.

"Brother Qin, I was so reckless to wait for this matter." The Liger Demon Lord took a step forward and said loudly, deafening: "I have no malice in my Ten Thousand Clan Sect. I came to Ancient Dao Sect this time, just want to invite Gu Daozong to join me. Ten thousand clan, you know, in the land of the sword grave, Zhuge Rulong and Qingxue Guhua

The ancestors have fallen into the abyss of the burial sword, and the southern sky is now in chaos. If we want to stand in this chaotic southern sky, we must unite. "And my Tiandang Mountain Range, for countless tens of thousands of years, has been a mess. Now my five demon sects have been disbanded and the ten thousand clan sects have been dissolved. The purpose is to integrate the strength of my Tiandang Mountain Range. A foothold, this

I thought that Brother Qin had fallen to the sword mound, so I wanted Gu Daozong to join. Now since the Old Daozong where Brother Qin is in is unwilling, naturally my ten thousand clan will not force it. If there is any offense, please forgive me. "

"Since Brother Qin has returned, I won't bother to wait and leave first."

The Liger Demon Lord took a deep breath, staring at Qin Chen, while trying to test Qin Chen to understand what happened in the Abyss of Burial Sword, while also trying to stay behind, retreat first, and then make plans.

When the words fell, the Liger Demon Lord stared at Qin Chen, while leading many powerful men of the Ten Thousand Clan sect, he immediately retreated and wanted to evacuate from here. Hearing that, many masters of the Ten Thousand Clan sect, such as the golden giant patriarch and others, are relieved. They are also afraid that the head of the liger and the demon master will get hot, and Qin Chen will fight against him. This is even the ancestor of the Zhuge family, Zhuge Rulong. And top masters like Venerable Star Destroyer

Birds, it's better not to provoke or not to provoke.

"Who allowed you to go?"

A sword light flashed, Qin Chen stepped forward, with sword light bursting under his feet, like a sword god, towering and sharp, and said with a chuckle.

Rumble!

With the strength of a radius of thousands of miles, a series of terrifying sword auras rose up, turning into a vast sword formation, blocking the world and blocking the masters of the ten thousand clan sect.

"Brother Qin, what do you mean?"

The Liger Demon Lord frowned, and said in a deep voice, his expression was alert and the secret path was not good.

"Ben Shao just thinks that your proposal to rename the five great monster sects to the Ten Thousand Clan sects is very good. If the world changes drastically today, it is indeed time for me to integrate the Tiandang Mountain Range, and my ancient Dao Sect is naturally willing to make a contribution." Said.

"Ok?"

The people of the Ten Thousand Clan Sect are all startled. What does Qin Chen mean, is he leading the Ancient Dao Sect to join the Ten Thousand Clan Sect? The Liger Demon Lord squinted his eyes, stared at Qin Chen, pondered for a moment, but smiled heartily: "Haha, okay, since Brother Qin said so, this Demon Lord also expresses his sincerity. If Brother Qin is really willing to join My ten thousand clan, my lion tiger demon master

Of course, I am also full of sincerity, willing to give Brother Qin the position of the first deputy suzerain of the Ten Thousand Clan Sect, no..."

The lion tiger demon lord felt that it was still wrong, and smiled and shook his head and said, "With the power of Brother Qin, the first deputy suzerain is wronged. In this way, my ten thousand clan can establish a dual suzerain system. Brother Qin and I will serve as the suzerain together. How about the principal and deputy?"

It doesn't matter what medicine Qin Chen's gourd sells, first hold on to the other party's saying, who is the boss, ultimately depends on strength, as long as it breaks through the realm of the nobleman, it is not afraid that it will not be able to suppress Qin Chen.

Double Sovereign?

There are slight fluctuations in the ten thousand clan sects, and the people of the ancient Dao sect are also shocked. How generous is the Liger Demon Lord? In this way, the ending is pretty good. Qin Chen chuckled under all eyes, squinting his eyes and said: "Brother Liger, I think you are mistaken. Ben Shao thinks that the Ten Thousand Clan Sect's proposal is good, not because he wants to establish a dual suzerain system. Ben I don't dare to have a patriarch

Interesting, as the lord of the lord, if you are equal to the demon lord, this young master will not covet it. "

"Then what do you mean?" The liger demon master was taken aback, and the other powerful men of the ten thousand clan sect were also taken aback. Qin Chen didn't want the position of the master, what kind of medicine did he sell in the gourd?

"Ben Shao means that you are surrendered to Ben Shao." Qin Chen said calmly.

"Puff!"

Qingqiu Ziyi on the side smiled suddenly, hahaha, the young master is really unexpected, as always bad.

Ji Wuxue is also speechless, this kid has a black belly.

"you....."

boom!

The lion tiger demon master suddenly burst out with soaring murderous intent, and the eyes of the other masters of the ten thousand clan sect were filled with cold light.

Crazy, too mad.

This Qin Chen actually wanted him to surrender to the ten thousand clan clans, so loudly.

"Sir, you are too much."

The liger demon master said coldly, his eyes gloomy, let it surrender to Qin Chen, dreaming, how can it surrender to others with its ambitions.

"Hey, Brother Liger, didn't you say that it was for the Tiandang Mountain Range? If your tens of thousands of clan clans surrendered to Ben Shao, then, when I became a family, the Tiandang Mountain Range would naturally be united."

Not far away, even the people of the Ancient Dao Sect were dumbfounded. The Supreme Sect Master actually wanted to subdue the Ten Thousand Clan Sect. Is this crazy?

But the sword king Mu Zhifeng chuckled, because he knew that Qin Chen said so, he was sure of it. "It's really arrogant. Your Excellency is strong, but do you think I am really afraid of you?" Jinwen Xuepeng yelled, hum, behind it, a bloodpeng emerged, and the bloodpeng spread its wings, and its wings were thousands of feet long. , There are terrible golden symbols on it

The text emerges, with the mighty power that awakens the heavens and the earth, in the \*\*\*\* eyes, murderous intent is soaring.

Immediately, Jiao Mukui also walked out, banging, and a terrifying monster-shaped phantom emerged, like a \*\*\*\* or devil.

"Brother, what nonsense with him, I wait to join forces, are you afraid that he won't make it?" Horned Wooden Armor shouted angrily.

"Everyone, what are you waiting for?"

The Silver Eyed Wolf King's face was pale, and the corners of his mouth were bleeding, and the Blue Elephant King also walked out, booming, the half-step Venerable's anger was filled, the world was suppressed, and he was about to tremble.

The patriarch of the golden giant clan sighed and stood up. Then, some other powerful men who had entered the sword tomb before and now broke through to the realm of the half-step venerable also stepped out, breathed through the sky, there were a total of ten.

The top ten half-step venerables surrounded Qin Chen and the others, and the rest of the ten thousand clan powerhouses all retreated, and even the pinnacle holy master was not qualified to step forward, because this was no longer a battle they could participate in.

Today, their major races and forces have united with the ten thousand ethnic clans, and each one is prosperous, and every one is damaged.

"Your Excellency, what I want for the Ten Thousand Races is peace, so why don't you be confused?"

The Liger Demon Lord coldly drank, staring at Qin Chen, even at this time, it was still reluctant to do it.

"Haha, stop talking nonsense, let's go on together with you." Qin Chen smiled lightly, his eyes flat, and said casually.

### [Chapter 3637: Kill him](#)

"You..." The Top Ten Half-Step Venerable suddenly became dizzy with anger. Qin Chen was too arrogant. This gesture didn't put them in his eyes at all. They were all top masters in the Tiandang Mountains, even if they had seen it. Qin Chen's terrifying strength in the sword grave, but at this moment,

I was so angry that I was going crazy and couldn't bear it.

"Brother, talk nonsense with him, we join hands to take him down and see how rampant he is."

Silver Eyed Wolf King wiped the blood from the corner of his mouth and roared.

The liger demon stared at Qin Chen without squinting his eyes.

"Shoot!" The liger demon master made deep plans beforehand, but once it was decided, he was always decisive and straightforward, and immediately launched an offensive against Qin Chen, only to see its size instantly swelled into a huge liger beast, with its mouth wide open. , In that huge blood basin,

There is a dark vortex formed, like a black energy core, a majestic suction centered on the black core, confines this world and \*\*\*\* Qin Chen's body.

Talented supernatural powers-swallow the sky!

boom!

A terrible swallowing force instantly enveloped Qin Chen, covering the world.

Qin Chen suddenly felt that this world of heaven and earth had solidified in an instant, and a terrible swallowing force swept over, and the world was imprisoned. This was a talented supernatural power, and even Qin Chen felt that he would be swallowed in. Between the heavens and the earth, Qin Chen could feel that he was imprisoned by an extremely terrifying suction force. This suction force affected his speed and actually swallowed him into the endless black hole, even Qin Chen felt a feeling , If it's not him, change to one

When an ordinary half-step venerable comes, it may be swallowed in an instant, turning into nothingness.

Sure enough, this liger demon lord has stood tall in the Tiandang Mountains for more than 100,000 years, and indeed has his terrifying trump card. This special talent and supernatural power, even if it is not high in strength, can hardly be ignored.

Qin Chen was shocked. The Liger and Tiger Demon Lord was even more shocked. His Heaven Swallowing powers could easily crush a master of the same level. He was unmatched. He had never lost his hand. Qin Chen was the first to resist him. Through.

"The prisoner of heaven!"

The Blue Elephant King's reaction was not slow at all. As soon as the Liger Demon Lord made a move, it also made an instant move. Booming, a terrifying blue cage reappeared, trapping Qin Chen, and it raised its feet and faced Qin. The dust is crushed again.

"Shaking the sky!"

The huge mountain power suppressed it.

"Kill him together!" Seeing Qin Chen's figure trapped by the two trapping methods, the Silver Eyed Wolf King screamed, and terrible fluctuations lingered in his eyes, and the silver eyes at the center of his eyebrows opened. Suddenly shot out a terrible divine rainbow, buzzing, penetrating the virtual

Kong, facing Qin Chen violently, the emptiness was penetrated. Jinwen Xuepeng and Jiaomukui also moved, one of them turned into a bloodpeng, the golden pattern on the wings lit up, and with a long whistle, it exploded out the golden blood blades in the sky, puff puff puff, countless blood blades exploded, these Blood blade, violently rotating, friction with space

, Squeezing out the dazzling sparks, tearing apart the Great Dao of Heaven and Earth, and the void of ten thousand realms.

Jiao Mukui also drank, swish, swish, tentacles like vines rushed out in the void, shuttled through the void, rushing towards Qin Chen.

At the same time, the patriarch of the Golden Giant and other half-step noble powers also moved.

boom!

The great sages made a move together, and the sky was really broken, the storm was violent, and the sky and the earth were shaken endlessly, as if the end of the world was coming. A golden fist bombarded down like a meteorite, falling from the sky, rumbling and roaring, and the sound of the great avenue bloomed, and the other half-step Venerable shot out countless black streamers all over his body, blasting out wildly, snorting, just like Able to

Void corrosion.

Ten Half-Step Venerables joined forces, and each of them used the means of sealing, and the strength that came out was enough to kill a top Half-Step Venerable in an instant.

In their opinion, Qin Chen is more ill-tempered than good.

"dust!"

Ji Ruyue, You Qianxue and others were anxious when they saw this, and they wanted to help.

"Sovereign Supreme."

Feng Tianzhen and others of Gu Daozong on the side were also anxious and wanted to help.

He just didn't wait for them to take action, but was stopped by Ji Wuxue, and said with a chuckle: "Let him solve it by himself, this little trouble shouldn't be difficult for him."

The top ten half-step venerables besieged Qin Chen together, but Ji Wuxue described it as a small trouble. When the sword king Mu Zhifeng and others heard this, they almost went crazy.

However, Ji Wuxue said so, Ji Ruyue and You Qianxue unexpectedly stopped, because they also trusted Ji Wuxue extremely.

"Don't come here."

Qin Chenlong's voice came from the swallowing supernatural power. His expression remained unchanged, his soul power was released, and he could clearly sense the terrifying attacks from countless siege. At this time, unless the precious weapon is displayed, ordinary means cannot withstand so many half-step attacks by the venerable. The Liger and Tiger demon masters are all guarding against Qin Chen's use of Zixiao Dousui Palace and Wan Daoqing. Jindan furnace, even, ten and a half

Venerable Bu surrounded by a unique formation, considering that Qin Chen had the origin of time, even if Qin Chen used the time rules, he could not escape in a momentary stagnation.

"Haha, good time!"

In the endless murderous intent, Qin Chen laughed loudly, his eyes blooming with a rainbow, just taking this opportunity to verify his six sword bones.

call!

Qin Chen closed his eyes tightly, buzzing, the terrible sword light burst out in his body, his body was shining, this is the power of sword bones, every bone is like an ancient sword, blooming with sword energy, Infinite sword energy, condensed in Qin Chen's hands.

With a light wave of the vast sword energy, without a trace of smoke.

In an instant, the dark sky-swallowing magical power and the blue prisoner's trap twisted, and with a bang, the infinite sword energy burst out, tearing the sky-swallowing magical power and prisoner's trap to shatter in an instant.

Puff puff puff puff!

A wave of terrible sword aura shot out, and Qin Chen's whole body turned into a giant sword that penetrated the sky, glowing with sword aura.

All the terrifying killer moves that attacked Qin Chen seemed to have entered a world of swords. Once entered, they were annihilated and could not survive for a while.

"What magical power is this?"

The Liger Demon Lord said in horror. The Silver Eye Wolf King and the others were also extremely frightened. At this moment, Qin Chen was full of sword light, and this sword aura surged from his body, making each of them shocked, as if this sword aura could easily Obliterate everyone in their presence,

Above all rules.

The magical power of the swallowing sky and the trap of the prisoner sky were exploded, and Qin Chen walked out from the rumble, unscathed, like a god. He raised his eyes and glanced at the ten half-step elders including the Liger, Tiger, and Demon Lord present. By.

"One move, solve you!" Qin Chen said, and a terrible sword aura suddenly burst out of his body.

[Chapter 3638: An era has come](#)

boom!

The infinite sword energy, like a beam of light, blasted towards the top ten half-steps.

"You are too arrogant."

The Silver Eyed Wolf King roared and slapped it off.

Boom, the Blue Elephant King also waved his huge legs.

Even the patriarch of the Golden Giant clan was furious, Qin Chen was too rampant, the golden fist blasted out, and the earth broke apart.

The liger demon master also roared and banged, and its body was surging with a terrifying aura that was close to the venerable. It turned into a liger beast that reached the sky, and its body was larger than a mountain range, and it uttered a vast sound wave.

but.....

Puff puff puff puff! Under Qin Chen's six reincarnation sword auras, all the attacks were completely unstoppable, and the sound of bursting foam was heard. The sword aura that Qin Chen exploded violently shattered ten half-steps. All attacks by the actor, and,

The terrifying and palpitating sword energy continued to explode towards the top ten half-step venerable.

"What?" The Liger Demon Lord and the others roared, unable to believe their eyes, the horror in their heart, like a raging sea, they all looked at Qin Chen in disbelief, and Qin Chen in front of them was really just a close approach. Is Half-Step Venerable's Human Race Tianjiao? This

Such strength is definitely close to the venerable level, making them feel shocked, and there is a terrible tremor in their souls. They retreat crazily in anger and want to avoid, but, too fast, the speed of these sword auras is incredible, and with terrible great pressure, it makes everyone's mind shake, as if they have fallen into a cycle. , This life has come

The end is to reincarnation.

"Puff!" There was a sound of sword energy entering the body, and ten and a half steps of the venerables flew out together. Above everyone's heart, a two-finger-wide sword hole appeared. The body is raging vertically and horizontally, as if there are countless tiny swords cutting

With his five internal organs, bones and flesh, the Saint Yuan couldn't gather at all.

Boom boom boom...

Under the terrible bombardment, the top ten half-step Venerables all slammed into the mountains below, with a bang, embedded in the ground, tearing the mountain range.

"Ah!" The next moment, an angry roar sounded, and the ten half-step venerables all rushed to the sky, looking angry, but they didn't wait for them to make another move. There were countless bright lights floating above everyone's head. Swords, these swords, radiate

With the power that made their heart palpitations, a terrible sword formation was formed that enveloped each of them, like a poisonous snake staring at them, as long as they did anything, they could be killed instantly.

"Surrender, or die!" Above the sky, Qin Chen stood quietly, like a sword god, just floating in the sky, but as if he had a billion-dollar sword, held the power of life and death, and was trapped by one person. Ten half-step venerable, as long as he orders his life, he will have infinite sword energy

Will kill all the liger demon lord and others.

silence!

Deathly silence! The whole world is quiet, only the whistling cold wind blows, and the foreheads of the masters such as the liger, tiger, demon master, etc. have rolled sweat. The infinite sword stares at them like a poisonous snake. They have a feeling, as long as they dare to move. One move, welcome

Only death can pick them up.

Ten Thousand Clan Sect, Ancient Dao Sect, everyone was shocked and sluggish, like a duck pinched around the neck, unable to say a word, not even daring to breathe, watching the scene in horror.

With one sword, the top ten and half a step Venerable lose!

This is a shocking scene. If a Venerable is here, everyone may not feel anything, but Qin Chen is just a human arrogant who has touched the Half-Step Venerable.

This scene is deeply imprinted in their bodies and will never be remembered forever.

At this moment, the ten most half-step venerables headed by the Liger and Tiger Demon Lord were all silent. They had come aggressively before, and now the entire army has been destroyed. If it were not for Qin Chen's mercy, ten people would not escape death.

The most important thing is that they have all seen Qin Chen shot in the sword mound. They are deeply aware that Qin Chen still has his hole cards that have not been exposed, whether it is the two great treasures or the time rules, etc., they have not used it at this moment. . There was a bitter meaning on the face of the Liger Demon Lord. At this moment, it thought of how proud it was when it first came to the Southern Heaven Realm more than 100,000 years ago. It wanted to kill the Demon Race and regain everything that belonged to it. , And this trip to Sword Tomb, let

It finally found a little hope, but it was instantly shattered.

"Ligger, demon lord, don't you surrender to the young master? If it were not for the young master's mercy, you would have died and injured a long time ago."

Qingqiu Ziyi said with a light smile, and walked out of the crowd.

"This guy... after going through the six cycles of rebirth, he has become so perverted. No way. I came to the heavens more than 300 years earlier than him. If he is overtaken by this kid, where will my face be?"

Ji Wuxue muttered, speechless.

"The last chance, surrender, or die!" Qin Chen said coldly. He was indeed merciful, and the reason for doing so was that he knew that the South Heaven Realm was indeed in chaos, and he was also aware of the enemy's Strong, if you want to survive in this celestial world, rely on yourself

People must not do it. Only when they have a powerful enough force to form a huge force can they truly have the right to negotiate with others.

As for the Liger, Demon Lord and others, each is a top-level powerhouse, and is only one step away from the Venerable. With the opportunity in the future, he can even cultivate a top-level power of the Venerable.

Being stared at by Qin Chen's fierce eyes, the Liger Demon Lord finally sighed: "I Liger, I am willing to submit to your Excellency!"

The Liger Demon Lord finally faced reality.

"Big Brother!"

The Silver Eye Wolf King and the others couldn't believe it, but in the end, in front of reality, they still lowered their heads and knelt on one knee.

Wow! In the world, countless masters of the Ten Thousand Clan sects have also fallen. Suddenly, the strong men all over the mountains, kneeling on the ground above the ruins, they are different from the unwillingness and resentment in the hearts of the Liger Demon Lord and others. , In their hearts, some are

Endless excitement, heart surging.

In the heavens, the strong respects the strong, just ask, who is not willing to surrender to the strong?

It's a shame to be defeated and subdued by a person of the same level, but what if you are subdued by a top arrogant who is far above you?

This is not shame, but glory.

But now, even though Qin Chen is not even the venerable, his demonstrated strength has completely subdued all the ten thousand clan families.

"I'll wait, I will see Lord Sect Master!"

boom!

A wave of mighty aura surpassed the sky and gathered into a vast ocean. In this Tiandang Mountains, it passed out crazy, shaking the sky and the earth.

Looking at these mighty masters, the sword king Mu Zhifeng and everyone on the scene, endless blood and surging pride emerged in their hearts.

They all have a feeling in their hearts. A new era has arrived!

### [Chapter 3639: New sect](#)

The Tiandang Mountain Range is majestic and stretches for thousands of miles.

This is a vast area, producing all kinds of rare elixir, holy crystal holy veins.

The core of the Tiandang Mountain Range is the top forbidden sword tomb in the southern sky. For countless thousands of years, many forces have fought for the best, and various races have survived in it. There has never been a unified force.

But on this day, a historic day has arrived.

Rumble! The most spiritual treasure of the Tiandang Mountains, Qin Chen is floating in the sky, arranging supreme killing formations. At the same time, many top masters of the ten thousand races have moved the peaks, and a total of 1,080 peaks have been removed from the Tiandang Mountains. Moved down everywhere

, And then under the command of Qin Chen, along with the refined formation flags, they continued to fall.

At the same time, many top-level Saint Master Saint Veins have also penetrated into the Earth Veins below, combining with 1,080 peaks. A series of \*\*\*\* patterns surging between the heaven and the earth, and the outline of the 100,000 Void Sword Killing Array of Heaven and Earth Returning to the Ruins gradually revealed. This is the guardian array that Qin Chen arranged for the ten thousand clan sects to ensure the defense and defense of this large array. The attack is more powerful, and Qin Chen will take the sky

Some of the top treasures confiscated from the many forces in the Dangshan Mountains, as well as some special treasures he refines by himself, have been arranged into the formation.

This trip to the sword mound made Qin Chen feel a lot, especially above the kendo. The aggregation of the six sword bones in Qin Chen's body made his kendo attainments not even weaker than that of the kendo master.

And after seeing the terrifying \*\*\*\* pattern seal in the abyss of the Burial Sword that sealed the ancient Dark Clan king, Qin Chen's formation has also been astonishingly improved, and the inheritance of Tianji Palace and Tianji Palace have also been transformed.

Today, the 100,000 Void Sword Killing Array he has arranged for the Heaven and Earth Return to the Ruins is formed by combining the many arrays he has understood and the terrible seal in the abyss of the Burying Sword.

Moreover, in order to prevent a powerful enemy from attacking, Qin Chen even arranged an array pattern channel directly leading to the sword tomb. At the critical moment, it can even arouse the terrible power in the sword tomb. In the sword mound, even outside, there are many ancient venerables of the Heaven-Through Sword Pavilion. In order to suppress the dark masters who died underneath, and prevent their aura from affecting the people of the Southern Heaven Realm, they have guarded this place for hundreds of thousands of years and formed can

The fearful sword aura that penetrates the sky, like that line of heaven, the sword aura that bursts out is enough to kill the venerable.

Today's Ten Thousand Clan sects are not afraid of ordinary forces at all, and the only thing that they worry about is that the venerable will attack. But once Qin Chen arranges this formation, if a powerful enemy of the venerable strikes, the ten thousand clan sects can arouse the terrifying venerable sword energy in the sword mound, unless it is a strong person from the top powers of the heavens, otherwise it is normal. When the Venerables come, they will be exploded in the sword mound.

The terrifying sword aura was severely injured, without fear of the enemy.

Rumble! Outside the tens of thousands of clan, the top masters such as the liger and the demon master all assisted, and the infinite masters took action together, under the command of Ji Wuxue, controlled the formation, suddenly, in this world, countless mountains were surging. Like a living dragon

Generally, start to close. This place was originally the land of the five great monster sects, but now, after being moved by the star, the area has expanded a hundred times and has become a brand-new land of the sects of the Ten Thousand Clan Sects, with pavilions and pavilions standing one after another.

Tongtian Mountain

In the peak. Today's Ten Thousand Races, there is a total of one main peak, 18 auxiliary peaks, 99 sub-peaks, and 1,080 elder peaks. A total of 1,198 peaks are composed of these peaks. The place where the strong cultivators rest,

It is also where the formation flag and the formation eye of the Tiandiguixu 100,000 Void Sword Killing Formation.

Among them, eighteen auxiliary peaks are like stars holding the moon and surround the main peak in the middle. In the future, these eighteen auxiliary peaks will be the place where the lion tiger demon lord and other ten half-step venerables will sit.

Another is occupied by the ancient Daozong, and the remaining seven auxiliary peaks, once there is a force to break through, you can sit down.

boom!

Under Qin Chen's urging, the astonishing formations began to close. Seeing the infinite formations close together, the rainbow light on Qin Chen's body was even worse, and terrible formations flew out like a god.

As the flag of the main peak and the surrounding peaks were linked, the entire ten thousand clan clan sent out loud rumblings.

The loud noise was dull, but continuous, and louder and louder. At this time, countless powerful men of the Ten Thousand Clan sects all looked at everything in front of them in amazement, their eyes full of piety and worship. "What a terrible mountain protection formation, I have a feeling that even if I break into it, I will be broken into pieces in an instant." The Liger Demon Lord said in shock. He is the person with almost the highest cultivation base present, and Ji Wuxue, Qingqiu and Ziyi Ju are among the uncle , Well-informed, and mumbled as he looked at the dim mountains in the distance in shock. The people around heard what the Liger Demon Lord said, and they looked at the Ten Thousand Clan Mountains in the distance. After the Silver Eyed Wolf King and others surrendered to Qin Chen, they all looked at everything in front of them in shock at this moment. A big formation was actually set up by Qin Chen Standing up, this made them feel extremely shocked in their hearts.

Sect Master Qin Chen is not only terrifying in strength, but also has such terrifying accomplishments in the formation.

The guardian formation of the Ten Thousand Clan sects formed a formation, and the Silver Eye Wolf King and other giants immediately knelt down religiously. This will be their future sect. The formation of the mountain protection formation is a major event. In all, this is extremely important.

As the Silver Eyed Wolf King and others knelt down, more people began to kneel to the ground. The sound of "Boom Rumble" became louder and louder, until after a stick of incense, everyone heard a loud bang, and then the scenery of the whole world seemed to change. From a distance, only a piece of glowing light could be seen between the peaks. A mysterious void

Formed, in the void, a vast sect land is looming.

The strong holy energy gathered in a moment, even if it was blocked by the big formation, people outside of the ten thousand clan could feel it.

Good place, countless people are amazed and happy, just standing outside the sect, they all have a feeling of relaxation.

In addition, a series of terrible sword auras surged in the void, even if the Venerable Half-Step approached, they would be strangled into nothingness by the terrifying sword aura, shocking the Liger and the Demon Lord.

"This guy should have more plans, right?"

Only Ji Wuxue squinted his eyes and said that he was also a member of the formation, with anticipation in his expression.

"More than that?" Everyone was stunned. Before they could react, they saw a burst of light surging. In the distance of the sword mound, there was a bang, and suddenly there was a terrible sword aura. This sword aura, The vastness and boundlessness, tore through the rules of the heavens, and suppressed all the heavens.

#### [Chapter 3640: Arouse the Venerable Sword Qi](#)

"Venerable Sword Qi!"

The Liger Demon Lord and the others all sucked in cold air and exclaimed. They felt that this was actually the venerable sword energy in the sword grave, which was actually attracted by Qin Chen.

Boom boom boom!

Sword auras rushed in violently, and each of them could easily strangle them. A total of eighteen sword auras were instantly gathered into the ten thousand clan guarding formations, and then disappeared.

"This..." Everyone was stunned. The Sect Master was so terrible that even the Sword Intent of the Venerable in the Sword Tomb could be attracted and stored here. What kind of formation was this? In this way, even if there are venerables who dare to break into their sects of ten thousand races,

There is no escape. But what they don't know is that only Qin Chen can do this, because Qin Chen has obtained the inheritance of the Heavenly Sword Pavilion, condensed into six sword bones, and replaced them with others, even a venerable formation master. , It is impossible to provoke

The venerable sword intent in the sword mound.

Standing on the main peak of the ten thousand clan sect, Qin Chen looked at the big sect that was already united in front of him with surprise. This is too suitable for his requirements. If he wants to establish sects in other places in the future, he must take the ten thousand clan sects as the Blueprint.

At this time, the holy energy of several top-level holy veins radiated, and the ancient holy energy was extremely strong. Qin Chen was sure that the holy energy here would be no worse than the holy land of the nobles like Zhuge Family.

In the next moment, Qin Chen opened the formation and came out of the Ten Thousand Clan Sect, allowing many masters of the Ten Thousand Clan Sect to enter.

After the formation was opened, the Lion, Tiger, Demon Lord and the others saw the scenery inside the Ten Thousand Clan Sect, with numerous peaks, full of holy spirits, and heroic atmosphere. This is a place where everyone wants to live and practice, and they couldn't help but feel excited.

"I'll wait, I will see Lord Sect Master!"

The lion tiger demon leader led countless masters and knelt down one after another, Hong Sheng said. "Everyone, please come in, first settle your masters, eighteen auxiliary peaks, liger demon masters, you top ten half-step venerables, arrange first. As for the late holy masters and peak holy masters, they can be located on the elder peak. , Mu Lao, you and Fengtianzhen

A liger and demon lord will settle down, and a meeting will be held an hour later. "

Qin Chen ordered.

"Yes!"

Sword King Mu Zhifeng has now become the chief steward of the Ten Thousand Clan Sect. He used to be the Sect Master of the Sword King Sect. Handling these matters is naturally simple, not to mention Feng Tianzhen and the Liger Demon Lord.

Soon, the sword king Mu Zhifeng and the others allocated their respective peaks according to their status and strength. In fact, they had already had a plan long before. Now that the sect is established, everything is ready. The sword king Mu Zhifeng brought the five great demon masters of the liger and tiger demon masters to their mountain peaks and said with a smile: "How about the five mountain peaks in front of you, the five demon masters, how about this? The location of the five mountain peaks is the top in Zongli

Yes, and the five of you have a good relationship, so naturally you have to arrange them together. "

"This... Brother Mu, isn't it great, then Sect Master Feng and the others..."

The Liger Demon Lord looked at the mountain in front of him and said hurriedly. It could see that the location of the five of them was indeed the best, and it was not worse than Feng Tianzhen. "Brother Liger, I won't call me Feng Sect Master from now on. Now you and I are both the Deputy Sect Masters of Ten Thousand Clan Sects. The Ancient Dao Sect is already in history. What's more, the power of the heavens is respected. , But occupying an auxiliary peak, already

Very scared. "

Feng Tianzhen smiled bitterly and said that his Old Dao Sect was the only one who was not a half-step venerable, but could still occupy an auxiliary peak. It also made his heart full of pressure and eagerly hope to break through to the half-step venerable realm.

After the sword king Mu Zhifeng took the five demon masters to settle down, he took the others to their respective peaks.

The five great demon masters stepped into their mountain peaks, and the abundant holy aura made them all feel shocked. Feeling the vast sect, the liger demon master couldn't help but smile bitterly: "The master is worthy of being the master, I wait... I am ashamed of it! "

The Silver Eye Wolf King and several other great demon masters were already shocked at this moment. Apart from the shock, they were already speechless. Although their five great monster sects have established ten thousand clan sects and are preparing to unite the forces of the Tiandang Mountains, they are only integrating forces, but they can't do it like Qin Chen. They forcibly created a top-notch brand new sect. Forces come, within

The shock of the heart can be imagined.

Especially the great formation Qin Chen arranged, even the venerable can resist and completely solve the worries of the ten thousand clan sects. Compared with Qin Chen, the ten thousand clan sects established by their five great monster sects are really like children. Homely.

"Brother, we will develop in this ten thousand races in the future, do you think our ten thousand races will become a certain top power in the heavens in the future?"

The liger demon lord showed his spirit, "With the ability of Lord Sect Master, we might be able to become a certain top power in the heavens, and then we will return to the Demon Race. Those guys who used to look at us may have a different vision. Up."

"Brother, I also think this step is right. With the five of us, what can we develop into in the future? It is indeed possible to break through to become a Venerable, but it has already come to an end, but it is different with the Sect Master." Mu Kui also excitedly said. "Master Sect Master's knowledge of formation, swordsmanship, and nothing else, he broke into the abyss of burial swords, and Venerable Star Destroyer and other top powers of the heavens fell, but he came out alive. What are you doing? Have you ever thought about it? More

What's more, he can also arouse the sword intent of the ancient powerhouse of the Tongtian sword pavilion in the sword mound. "The Green Elephant King said solemnly: "Your products, fine products!" "

"Think carefully!"

Jinwen Xuepeng and other giant monsters all sucked in air-conditioning, their expressions horrified.

The establishment of the Ten Thousand Clan Clan not only verified Qin Chen's strength, but also made them completely impressed by Qin Chen. "Okay, stop thinking about it. Anyway, I have already taken an oath and left a soul contract. Since we have agreed to surrender, the most important thing for us now is to improve our strength and break through the realm of the nobleman. Neither of

use. "Ligger and Tiger Demon Lord said in a deep voice: "When I look back, I am going to propose that I ask to go to that place to experience and break through the sage..." "Big brother, do you mean the place that we told us before?" "The Blue Elephant King's eyes condensed: "Although that place can break through the Lord, it is dangerous, it is a ground of flesh and blood. If we stayed in the Tiandang Mountains before, we may not be able to break through the Lord.

In terms of realm, the sect sacred spirit is so abundant now, and it is still close to the land of the sword grave. I may not have to go to that place to break through. It will take some time at most. "

"You don't understand." The liger demon lord shook his head, "I have waited here for too long these years, and I have long lost Reiz, but now, the lord has made my blood surging again, let's go, let's go to the discussion The hall!" The liger demon master's voice fell, and immediately flew with the four demon masters.
