

Valkyrie 3641

[Chapter 3641: No objection](#)

Ten thousand clan, discussion hall.

Many masters such as the Liger, Tiger, Demon Lord, knelt on one knee, and said respectfully to Qin Chen: "I have seen the Sect Master."

"Everyone, please!"

Qin Chen waved his hand, the Liger Demon Lord and others stood up one after another, and then stood aside respectfully. Qin Chen smiled and looked at the many masters below. This can be regarded as his current team in the Southern Heaven Realm. Such a force is absolutely terrifying. Although it does not say that it unifies the Southern Heaven Realm, it occupies a large area in the Southern Heaven Realm. Also

Blame. "You are the founders of my Ten Thousand Clan Sect. I think you should all know my origin. I come from the Guanghan Mansion of the Eastern Heaven Realm. And I also have a power in the Eastern Heaven Realm called Chendi Pavilion. From now on, it will be under my Chendi Pavilion

Zongmen, I think you should be okay? "

The Half Step Venerables present were the core powerhouses of Ten Thousand Clan sects and signed a soul contract, so Qin Chen naturally didn't have to worry that they would betray.

"I have no objection to wait!" said the Liger Demon Lord and others Hong. "Okay, then, the purpose of my Ten Thousand Clan Clan is to build up a huge power in the Southern Heaven Realm, and to open up the channel between the Void Tide Sea and the Eastern Heaven Realm, to trade, to draw a lot of wealth, and to strengthen our dust. Dige and Wanzuzong

."

Qin Chenhong said.

In Qin Chen's plan, the Ten Thousand Clan Clan was not just a power from the Southern Heaven Realm. What Qin Chen needed to do was to connect the Southern Heaven Realm with the Eastern Heaven Realm, and together with the Void Tide Sea, eventually formed a top power spreading across the four heaven realms. Qin Chen's goal is not to fight for hegemony, so he doesn't need a messy name like the number one power in the southern celestial realm. What he wants is to constantly grow his forces, acquire enough resources, and improve everyone's strength, and finally achieve it.

Protect yourself in the heavens.

The liger demon master waited a deep breath, the suzerain's ambition was not small.

"Do you have any suggestions for this?" Qin Chen looked at everyone. The lion tiger demon master frowned, and stepped forward and said: "My lord, the subordinates do have two problems. The first one is that it is not easy to get through the void tide sea because there are too many territories involved. The second one, Although my Tiandang Mountains are rich in resources,

The Southern Heaven Realm is also numbered, but in the final analysis, our Ten Thousand Clan is currently only a force in the Tiandang Mountain Range. There is not enough influence, territory and resources in the Southern Heaven Realm. It is difficult to grow bigger. "

The Tiandang Mountains have resources, but they are limited after all, and most of the resources in the Southern Heaven Realm are in the hands of some top local forces in the Southern Heaven Realm, unless the Ten Thousand Clans are not limited to the Tiandang Mountains and expand outward.

In addition, the Void Tide Sea is too vast, and there are many Void Bandits inside. The Liger Demon Lord and the others have never entered the Void Tide Sea. It takes a certain amount of time to open up this trade route.

"The first point, you don't need to worry. There is also a part of my power in the Void Tide Sea, and you can trade directly in Dongguang City in the Eastern Sky Realm when trading. Dongguang City also has the forces I established."

Using the relationship between the King of War and the Eighteenth Void Bandits such as the God-Scourge, Qin Chen can open up the Void Tide Sea Trade Road, and then use the Tianwu Danpu in Dongguang City to transfer resources to Guanghan Mansion, Guangyuetian and other under his command. power.

Hearing that, the liger demon lord and them all took a breath of air, and the lord actually had power in the void tide sea and the east light city in the east sky, which shocked them one by one. Ji Wuxue on the side also glanced at Qin Chen in surprise, with a slightly distressed look. He remembered that Qin Chen was the least fond of building influence. When he was in the Martial Domain, Qin Chen devoted himself to studying, although he supported Misty Palace and Xuanyuan Empire, but that's just on

As for the forces of Guan Xi'er and Feng Shaoyu, Qin Chen himself did not establish any forces.

Ji Wuxue still remembered hearing Qin Chen say that in his eyes, building power is the most time-consuming. Instead of spending so much time on chores, it is better to concentrate on improving bloodline masters, alchemy, and refining skills.

Unexpectedly, today's Qin Chen has actually established power in all parts of the heavens. It can be seen how much Shangguan Xi'er's betrayal caused him damage and even changed his values.

"These preliminary preparations can be carried out by Elder Mu." Qin Chen said, the sword king Mu Zhifeng is familiar with the battle against Wang Zong and Tianwu Danpu, and Qin Chen does not need to come forward in person.

"Yes!"

The sword king Mu Zhifeng stepped out respectfully.

"As for the second point, this is what we will do next."

Qin Chen exploded in his eyes, "We can unite with the Qingxue family."

Join the Qingxue family?

The liger demon masters were startled first, and then one after another suddenly appeared, revealing the color of surprise.

Yeah, why did they forget this? The lord and the Zhuge family are hostile, but they have a very good relationship with the Qingxue family. The women of the Qingxue family are even the disciples of the suzerain. As one of the top forces in the southern heaven, the Qingxue family controls many areas in the southern heaven. And forces

, If the Qingxue family came forward to unite with the Tiandang Mountain Range, then everything would go through. "But Sovereign, now Qingxue Guhua, the ancestor of Qingxue's family, has fallen into the Abyss of Burial Sword. The news is probably already spread in the Southern Heaven Realm. The Qingxue family's ancestor has been lost. Today's Qingxue family is afraid of internal and external problems Ah."
Liger Demon Lord Shen

Soundtrack.

"This is what we have to do. As long as our ten thousand clan and the Qingxue family unite, even without the Qingxue ancient Hua ancestors, with the strength of our two great forces, we will definitely be able to gain a foothold in the Southern Heaven Realm. Zhuge Family..."

Qin Chen's eyes burst out with cold light, Zhuge Rulong's ancestor fell, this Zhuge family is inevitable, but the most urgent thing is to solve the Qingxue family's problem first.

"I'll understand it later." The Liger Demon Lord and others are all elites, and naturally understood Qin Chen's meaning instantly.

"If this is the case, the sooner I need to act, the better, otherwise the Qingxue family is afraid that it is in danger. After all, there are a lot of forces staring at the Qingxue family. When will we set off for the lord?" asked the Liger Demon Lord.

"You tidy up and set off now." Qin Chen said decisively.

"Now?" The liger demon lord hesitated for a moment, and wanted to say something, but in the end he didn't say anything, and said, "I will follow the decree of the master."

Next, the Ten Thousand Clan sects quickly mobilized. After a while, several battleships appeared mammoth and swiftly rushed toward the outside of the Tiandang Mountain Range.

Among the leading battleship, Qin Chen stood and said anxiously: "Si Lan, you must not do anything, otherwise how should I explain to Qingxue Guhua ancestor." After leaving the sword tomb, Qin Chen subdued all the races. Zong, he searched for the location of Qingxue Silan and Qingxue Siyun the first time, but unfortunately, after searching the Tiandang Mountains, none of them were ever found. Obviously, the two of them left Jianzhong the first time, even extremely It is possible to rush back to the family as soon as possible.

[Chapter 3642: Ten Thousand Races Battlefield](#)

If something happened to Qingxue Silan and Qingxue Siyun on the road, Qin Chen must be ashamed of Qingxue Guhua's ancestor, and will have no face to face each other in the future.

"Dust, don't worry, there will be nothing wrong with Silan." You Qianxue took Qin Chen's hand and said gently. "Yeah!" Ji Ruyue also nestled on Qin Chen. She now also knows the relationship between Qin Chen and Qingxue Silan. When she was in the sword mound, the ancestor of Qingxue Guhua was willing to meet with Miserable Star for Qin Chen. The others are enemies, and Qingxue Silan is still Qin Chen

If something goes wrong, Qin Chen will definitely not forgive himself.

Ji Ruyue held Qin Chen's hand, whirling her face, feeling Qin Chen's gentleness, and only felt that the moment was extremely beautiful.

"I hope so." Qin Chen murmured, and said after a moment: "Notify the Liger Demon Lord to come to me."

"Sect Master, are you looking for me?"

After a while, the Liger Demon Lord arrived at Qin Chen's battleship and said respectfully.

Qin Chen looked at the lion tiger demon master: "Before in the discussion hall, you seemed to have something to tell me, but then you didn't say anything. What did you want to say at that time?"

Qin Chen looked at the Liger Demon Lord in doubt. The liger demon master was taken aback, smiled bitterly, and said: "Sect Master, I did have something to say before. The subordinates want to take the subordinates to the battlefield of ten thousand races to gain military exploits, and then break through the realm of the nobles. There are many things that have not been resolved,

Therefore, the subordinates hesitated for a while and did not speak, and they were ready to wait for the matters of the Southern Heaven Realm to be dealt with before submitting to the suzerain. "

"Battlefield of Ten Thousand Races?"

Qin Chen was puzzled. At this time, Ji Wuxue came over and said: "The battlefield of ten thousand races is the battlefield of humans and demons. It is also called the battlefield of ten thousand races because it is the place where the battle between the ten thousand races and the demons. Although the clan's voice invading the heavens is quiet

, But in fact it has not stopped, but on the battlefield of the ten thousand races and the ten thousand race masters led by our human race have been fighting year after year, and it has existed for countless thousands of years! "Master Ji is right. "The lion tiger demon master said: "Sect Master, although his subordinates have touched the threshold of the venerable, they are even only one step away from the venerable, but if you want to break through in this heavenly realm, I am afraid that it will take tens of thousands of years.

Can really break through, but in the battlefield of ten thousand races, as long as there is a chance, a thousand years, a hundred years, or even less time, subordinates can break through the realm of the nobleman. "

"Is there anything else?" Qin Chen was surprised. It was the first time he heard this.

Staying in the heavens requires ten thousand years to break through, but going to the battlefield of ten thousand races, it only takes a thousand years, a hundred years, or even less to break through. The gap is too big.

"Why is there such a big gap?" "This... the subordinates don't know, they only know that it is extremely difficult to break through the sages in the heavens. At least these years, there are very few sages who have broken through the four heavens. Many venerables were born on the battlefield of ten thousand races, and now the young of ten thousand races

Venerable masters, almost most of them were born on the battlefield of ten thousand races. "Ligger Demon Lord said.

This shocked Qin Chen, and it was extremely difficult to give birth to a nobleman in the heavens. Ji Wuxue said: "I understand a little bit. The four great heaven realms today are broken and repaired. This also leads to the fact that the power of the heaven is not strong, and if you want to break through the venerable one, you must surpass and surpass the heaven. Because as in today's world

Incomplete rules, on the contrary, make it extremely difficult to break through the Venerable. "What's more, today's heaven has not been repaired for a long time, it is still very weak, and there is not much power to give birth to the venerable, but the battlefield of the ten thousand races is different, there is originally the territory of the ancient heaven, the ancient battle , The heavens are broken, but Nawan

The clan battlefield has been preserved because of the gathering of top masters of all clan. "For hundreds of millions of years, there have been the fall of masters in the battlefield of ten thousand races. After these masters fell, some of their power was absorbed by the heaven and the realm of the battlefield of ten thousand races. This caused that piece of heaven and earth to become stronger and stronger, and the chance of the birth of the venerable more and more.

"

"I left Ji's house this time, the first is to enter the land of the sword grave to see if there is a chance to break through the realm of the nobleman, if not, I actually plan to go to the battlefield of ten thousand races."

Ji Wuxue smiled bitterly.

Qin Chen thought about it.

That's it.

The pinnacle holy lord is the real way of integrating the body into the heavens, combined with the heavens of the heavens, and perceiving endless rules. The birth of any late holy lord, the heavens of the heavens will grow by one point.

But if you want to become a venerable one, you must break through the heavens of the heavens, which is equivalent to breaking out of a cocoon and rebirth, and that cocoon is the heavens rules of the heavens. The weaker the cocoon is, the difficulty of breaking the cocoon will naturally decrease a lot, but if it is too weak, it will lose the role of experience, but it will lead to the failure of the breakthrough, because the process of breaking the cocoon is a process of rebirth and an experience. , To the sky

The understanding of the earth and the road, the experience of the rules of everything.

Without this process, naturally there will be no breakthrough.

As in today's world, there are very few places where the Venerable can be born, and the Ten Thousand Race Battlefield is the most famous one among them.

"The battlefield of ten thousand races?" Qin Chen's heart also stirred. As far as he knew, some of the top powers in today's world were not in the four great heaven realms. The four great heaven realms were just a resting place behind the human race. The real top powerhouses almost all enter

Into the battlefield of ten thousand races.

This made Qin Chen's heart surging.

"When the affairs of the Southern Heaven Realm are over, if you want to go to the battlefield of ten thousand races, you can go directly, not just you, if anyone in my ten thousand race clan wants to go to the battlefield of ten thousand races, you can also go together."

Qin Chen said.

"Thank you Sovereign!"

Liger Demon Lord said excitedly.

Qin Chen waved his hand, and his gaze also showed his yearning for the battlefield of ten thousand races, but he knew very well that he still had too many things to deal with before that.

boom!

The battleship flew by, heading to the ancestral land of the Qingxue family at an alarming speed.

And when Qin Chen went to the ancestral home of the Qingxue family.

Southern heaven, snowy land!

This is the core place of the famous Qingxue family in the southern sky, and the ancestral home of the Qingxue family.

In the wind and snow, there is a lot of aura and extremely dazzling beauty. Here, strange peaks stand up, all year round like spring, and under the haze of smoke, like a fairyland, it is beautiful. As one of the top forces in the Southern Heaven Realm, the territory controlled by the Qingxue family is naturally more than the wind and snow domains. Outside the wind and snow domains, there are more than a dozen universes, all controlled by the Qingxue family. All the forces in

The Qingxue family is under the jurisdiction of the Qingxue family.

Because of the reputation of the Qingxue family, the forces in these heavens are also alive and well, with the Qingxue family's horse head looking forward to it. In addition to these dozen forces, there are also some powerful forces, but in these years, the Qingxue family's idea has never been moved.

[Chapter 3643: Hidden World Supreme Elder](#)

But shortly after the news that Qingxue Guhua's ancestor had fallen in the sword grave, the entire Southern Heaven Realm was completely shaken, and an undercurrent surged.

The forces that had surrendered to the Qingxue family also began to become anxious.

Especially when some top external forces began to secretly try to target these forces around the Qingxue family, and after the Qingxue family has not moved, these forces panicked completely.

Some bad rumors spread rapidly in these heavens, and many forces also secretly moved other ideas.

It should be noted that the Qingxue family is the top power in the Southern Heaven Realm, and the celestial domain it controls is also the richest cosmic domain in the Southern Heaven Realm. What a big piece of fat and a piece of cake.

Some top external forces also began to move around. Of course, they did not dare to openly act, but secretly began to collude with the external forces controlled by the Qingxue family. At the beginning, those outside forces were afraid to express their opinions, but when they found that the Qingxue family hadn't been at all about it, they immediately moved their minds, and they had followed the Qingxue family for so many years and learned about the Qingxue family.

Some of the circumstances in the family, and someone clearly received the news that Qingxue Guhua, the ancestor of the Qingxue family, had fallen.

As soon as this news was passed on, the surrounding powerful forces naturally became more unscrupulous, secretly colluding with the Qingxue family's external forces, and constantly embezzling the Qingxue family's territory and property.

Even for fear of being snatched by others, these powerful forces are like locusts, eager to fight.

After all, the fallen Qingxue family is a behemoth, and eating one more bite is an immense wealth for their top powers.

Of course, at the current location, the snowy area where the Qingxue family's ancestors is located has not been invaded. After all, this is the core place of the Qingxue family. Before things are clear, no one dares to be the first to do it. What's more, the lean camel is bigger than a horse. Although Qingxue Guhua has fallen, but who knows if there are any powerful masters in the Qingxue family, no one wants to be the first to attack the ancestral land of the Qingxue family. However, these top forces

His footsteps are getting closer to the Qingxue family.

At this moment, in a mansion in the ancestral home of the Qingxue family.

Some elders from the Qingxue family are gathering together.

Each of these powerhouses has a strong aura, almost all masters of the pinnacle sage master level. The Patriarch of the Qingxue Family, Qingxue Silan and Qingxue Siyun's father, Qingxue Guhua, are also in this crowd. However, Qingxue Futian, the head of the family, did not sit on the main seat. Sitting on the left and right of the main seat were two old men wearing gray and white martial arts robes. The breath on them was extremely terrifying and suppressed. The rules of heaven and earth are in them

The whole body was suppressed.

This turned out to be two half-step venerable masters, but the qi and blood on them had been very decayed and decayed. Although they entered the half-step venerable realm, their aura was extremely old, giving people a feeling of dying.

These two are the two hidden world elders of the Qingxue family, Qingxuetician and Qingxuedi.

"The two elders in the hidden world, what should we do next in the Qingxue family? Please make the decision."

In the hall, the top elders such as Qingxue Guhua and other Qingxue Guhua looked at the two elders worriedly, with a gray face.

"Hey, I didn't think the ancestors unexpectedly fell into the sword grave..."

Qingxuetician among the two sighed, his breath was too old, his skin was heavy, his hair was sparse, his face was covered with wrinkles, and half of his foot was fast into the coffin board.

In terms of seniority, he is the grandfather of Qingxue Futian, not much younger than Qingxue Guhua, and he has lived for tens of thousands of years.

"Old ancestor, has he really fallen? Will there be any accidents?" One of the elders looked forward to it, and he couldn't believe it in his muddy eyes.

"Yes, after all, Qingxue Silan and Siyun have no news yet, what if the ancestor is still alive?"

Many masters in the Qingxue family still couldn't believe it at this time, to admit this fact.

"The ancestor's fate card has been torn. That is to say, even the fate card cannot sense the ancestor's soul aura. The life and death of the ancestor is probably no longer the focus we need to consider. The most important thing is that we receive What should I do next?"

Qingxuetician sighed.

"Qingxue Futian, want me to see, if it wasn't for Qingxue Silan's little girl to tell the ancestors about his troubles and masters, how could it be like this?"

An old man said angrily. "The third one, what are you talking about?" Another old man said coldly: "I'm afraid that Silan and Siyun are reluctant to see this, and even the old Zhuge Rulong from the Zhuge family All fell inside, as well as the Star Destroyer of the Star God Palace

Zhe and others, even if there is no Master of Silan, the ancestors will definitely go there if they sense the abnormal changes in the sword grave. "

"But, I have heard that the ancestor was in the land of the sword grave for the master of Silan, and even the enemy of the star destroyer, if not, the ancestor might be able to survive." Was it killed by Venerable Star Destroyer and the others?" The old man said solemnly: "It is not said that the ancestors and the others entered the sword-burial abyss of the sword tomb before they all died. There was a terrible battle at that time. Passed on, Venerable Star Destroyer

They all fell, and they must have encountered other enemies. "

The two elders confronted each other, Qingxue Futian looked ugly, but didn't know what to say.

"Okay, stop arguing." Qing Xuetician snorted coldly: "When is it all, is it useful to argue about this?"

Suddenly, no one on the court spoke, everyone looked solemn. "How the ancestor fell, it doesn't matter now, and it should have nothing to do with Silan. After all, Zhuge Rulong and them all fell inside. What we want in the end is what should we do in the Qingxue family? And, think Lan Hesi

Yun has no news yet, and they must be found back. "Qing Xuetian said in a deep voice: "I and Di Lao, Shou Yuan has come to an end, and there is no hope of breaking through the Venerable in the future, but Siyun has been the top arrogant of my Qingxue family for 100,000 years, and also the most There is hope to become the Lord, so she must

If she is alive, she is alive, and my Qingxue family has hope. If she dies, my Qingxue family will really be over. "

Everyone was silent.

Qingxue Futian also lowered his head. Although he is the Patriarch of the Qingxue Family, he is only the pinnacle of the Holy Master in the future. He may become a Half-Step Venerable in the future, but it is very difficult to break through to the Venerable. The future may be like two hidden ones. The same as the elders of the world.

[Chapter 3644: Strong announcement](#)

The other supreme elders also lowered their heads, and they had not even reached Half-Step Venerable, so naturally they had nothing to say. Qingxuetian and Qingxuedi looked at everyone present, "Recovering Silan and Siyun is even more important than retaking the territory of our Qingxue family. I know that some forces outside my Qingxue family are Ready to move, but better than

For this, it is more important to find Siyun and the others. "

The other elders nodded one after another. Indeed, there are talents who have a future. Otherwise, even if they occupy the area now, with the attitude of the surrounding forces watching them, the Qingxue family will sooner or later decline.

No matter how strong his Qingxue family is, anything that can withstand the attacks of so many surrounding forces.

"Well, in that case, I will do it right away."

A grand elder said solemnly.

"No need, elders, father, we are back."

At this moment, a cold and melodious voice suddenly passed over.

In the hall, everyone raised their heads, and then saw the void, Qingxue Siyun and Qingxue Silan walked out with sad expressions.

"Siyun!"

"Si Lan!"

Everyone suddenly stood up and said excitedly, with a thousand words to ask. I saw Qingxue Silan and Qingxue Siyun in front of them, both extremely embarrassed, but the aura on their bodies became much

fierce, as if they had grown overnight, and Qingxue Siyun actually broke through to the peak of the Holy Master. And Qingxue Silan also suddenly

Broken to the realm of the late saint master.

The two looked extremely vicissitudes.

"Siyun, Si Lan, you are finally back, what happened?"

Qingxue Futian rushed up instantly, hugged his two daughters, and said excitedly.

"father!"

Qingxue Silan said something, and then tears couldn't stop streaming down, Qingxue Siyun also had red eyes and some choked up.

When everyone saw this scene, they felt a pain in their hearts, but they did not follow up in a tacit understanding, because they all knew that the two had experienced too much. When they returned to the family, they couldn't help but they would naturally tell everything later. .

After a while, Qingxue Siyun and Si Lan's expressions eased a bit, and then they began to talk about what happened in the sword grave. "After Grandpa Grandpa and the others entered the Abyss of Burial Sword, there was a big battle inside, and there was even a horrible dark atmosphere surging out, and there are top powerhouses in the way, that kind of aura can easily suppress everyone on the scene... Me and Sister also rely on

Using this breath to break through, even my sister could touch the realm of Half-Step Venerable... It was only because she was not deep in her background that she could not enter the realm of Half-Step Venerable. "After listening to Qingxue Siyun and Qingxue Silan's narration, everyone on the court was shocked. They didn't expect that so many things happened in the sword grave. Moreover, Silan's master was so strong and able to face. Chase Zhuge Rulong without dying, rush

Buried sword abyss.

It's a pity that they all fell in the end.

"The aura of Huadao can be shattered a bit, and the sword-burial abyss that connects to the Heavenly Sword Pavilion can't be restrained, and just feeling the aura can make you break through. This is definitely not what the respected person can do..."

Qingxuetian and Qingxuedi looked at each other, both shocked.

They are also strong veterans, well-informed, and naturally know more.

However, shocking to shocking, they now have thoroughly learned the news of the fall of their ancestors, and no longer report any illusions. Now that Qingxue Siyun and Qingxue Silan are back, what they have to consider is what the Qingxue family should do in the future do? "Hidden world elder, we all know about the family, and on our way back, we also saw many of the heavens controlled by our Qingxue family. They were already ready to move, even being invaded by other forces, and even colluding." Haruyuki

Siyun's eyes are cold: "Siyun feels that our Qingxue family must not be a tortoise now, but must stand up against them."

"Fight against them?" Many elders were shocked.

"Yes, we have to take the initiative." Qingxue thought in a deep voice: "Because, if we continue to shrink, instead of frightening them, we will make them aggressive and use various methods to test and attack. Only Take the initiative to attack, make them fear, even kill the chicken

It is possible to save some areas instead. "Qingxue Siyun took a deep breath and said: "Some of the outer worlds, our Qingxue family may not be able to keep it, but at least we must guarantee that our ancestral land, wind and snow, will never be invaded by the other party. This is our root. , Once invaded, then thoroughly

The end is over. "

Qingxue Siyun's words shocked and throbbed all the strong in the Qingxue family.

"I understand what you mean."

Qingxuetian said in a condensed voice, her eyes were cold and stern, and at the same time she was relieved, because Qingxue Siyun let him see a little light for the future of the family.

Although they took the initiative to attack and were to die and no one knew the result, they could only do so.

In fact, they had thought of this before, but no one had the courage to say it. On the contrary, Qingxue Siyun said it, which made Qingxuetian and Qingxuedi very pleased.

Dangdang! ...

This day.

After a long period of silence, the snowy wind and snow region finally rang the bell of the avenue, echoing the world, and then the ancestral land of the Qingxue family in the wind and snowy region opened wide, announcing the existence of the Qingxue family to the outside world.

The Qingxue family finally made a move. This news spread instantly to all nearby heavens and attracted the attention of all forces.

Many top forces are paying attention, what exactly will Qingxue Family do? Is it openly condemning or arguing with them, because many forces know that the news of the death of the Qingxue family's ancestor is already a stone hammer, and it is difficult to change.

Most forces quickly dispatched masters and waited and watched.

Although the Southern Heaven Realm is vast, but this wealthy land is an inch of gold. Any piece of territory represents a huge resource. It is occupied by powerful forces. Such a piece of fat is naturally stared by countless people.

Immediately afterwards, the Qingxue family issued an announcement under all eyes.

It is required that all the forces occupying the Qingxue family's territory in the recent period must withdraw within three days, otherwise it will be a provocation to the Qingxue family, and the Qingxue family will be severely punished.

As soon as this announcement came out, it caused a huge uproar from the surrounding forces of the Qingxue family. Although they could vaguely guess that the Qingxue family's opening of the ancestral land this time must be a response to their actions, but no one thought that the Qingxue family was so bold and directly targeted their forces and demanded them Quit, suddenly

There is no consciousness of the fallen ancestors.

When their Qingxue Guhua ancestors were alive? Those who can occupy a place here are the top powers in the vicinity. Although Qingxue Guhua was alive, he did not dare to provoke the Qingxue family, but now Qingxue Guhua is already Fallen, they are naturally fearless.

[Chapter 3645: Kamiya area](#)

The compulsory announcement of the Qingxue family made all the forces unhappy. Therefore, most of their forces waited and watched, watching the Qingxue family's actions, and sneered.

They wanted to see what the Qingxue family could do.

Three days passed. On this day, under the eyes of everyone, a group of masters from the Qingxue family in the snowy domain flew out one after another. With Qingxue Futian as the leader, a large group of masters came out in great strength and directly descended outside the snowy domain. Another piece of heaven

Shengu domain.

"En? This Qingxue family actually dared to come out and go to the Valley of Gods."

"Sacred Valley is one of the important heavens of the Qingxue family. It is rich in ores for refining sacred soldiers. Now it should be secretly occupied by the ancient family of the hermit family. Isn't the Qingxue family targeting the ancient family?"

"The strength of the ancient family is not weak. There is a half-step venerable who sits in town. The Qingxue Guhua ancestor of the Qingxue family has fallen, and the Qingxue family dare to do it?"

"I have to see what medicine is sold in the gourd."

"Haha, it's interesting." Many forces were staring secretly and sneered again and again, because the ancient family in the Shengu region also had a lot of fame in the southern world. Before the Qingxue Guhua ancestor fell, the ancient family was naturally completely different. Dare to provoke the Qingxue family, but now Qingxue

The ancestors of the Xue family have long since fallen, and the Qingxue family dare not offend the ancient family?

Everyone is watching the joke.

boom! The strong of the Qingxue family is mighty, and they descend directly outside the mountain that is rich in ore in the Valley of the Gods. The former stationed here were all supported by the Qingxue family, but now, this place is infiltrated by another force, even Heqing Snow Family Support

The forces of support directly colluded and plundered the Qingxue family's property.

"Sheng domain is the territory of my Qingxue family, please people from outside forces to leave immediately." Qingxue Futian said loudly to the master of the ancient family below.

The people of the ancient family had already heard about the Qingxue family's movements, but at this time they were confident.

What can the Qingxue family do with them? Dare to do nothing against them?

The corners of their mouths sneered.

Does the Qingxue family still don't understand their situation?

"Patriarch?"

Behind Qingxue Futian, Uncle Ming, Uncle Bing, and many elders of the Qingxue family were furious, and Qingxue Siyun also had cold eyes. This ancient family was too arrogant and did not put them in the Qingxue family at all. It was actually this Generally ignored.

This was originally the territory of the Qingxue family, but the people of the ancient family were like entering no one's land. Even if Qingxue Futian spoke, they still ignored it, as if they didn't exist.

Such images spread through the probes of some other forces in the distance, and immediately attracted the chuckles of many forces.

What will the Qingxue family do?

They are very curious.

"kill!"

A scene that shocked everyone happened. When the time came, Qingxue Futian screamed directly. Suddenly, many masters of the Qingxue family shot one after another, and instantly rushed into the mine below.

boom!

The murderous aura was boiling, the people of the ancient family never expected the Qingxue family to be so ruthless, and they shot directly without giving them the slightest chance to breathe. Suddenly, the screams screamed and the sky was bloody, the masters of the ancient family stationed here were directly killed by surprise, because they did not expect that the Qingxue family would be so arrogant and directly shot, so that they could not make effective

reaction.

puff!

Several ancient masters were directly exploded, blood flowed into rivers and turned into blood mist.

"Qingxue Futian, what is your Qingxue family doing?"

The people of the ancient family shouted angrily, frightened, but the Qingxue family did not speak at all, and shot directly, puff, this master was directly blown to the sky.

In the distance, the other top forces who saw this scene were stunned. They did not expect that the Qingxue family would be so strong that they dared to kill directly without any room for negotiation.

Is it so confident that you are not afraid of being targeted by many of their top forces?

at this time.....

Boom!

Between heaven and earth, a terrible aura suddenly descended. It was the ancestor of the ancient family who received the news and killed it.

He was lying in ambush nearby, but when he received the news, he was still late. He only saw some masters of his ancient family, blood splattered in the sky, and suddenly angry.

"Qingxue Family, you are so brave, Shengu Territory is the Shengu Territory of the Southern Heaven Realm. It belongs to the entire Southern Heaven Realm, not your Qingxue Family."

This is Gu Changtian, the ancestor of the ancient family, with a life span of more than one hundred thousand years. He is a half-step venerable master. He appeared with the experts of the ancient family, blasting, murderous, and killing the masters such as Qingxue Futian.

As soon as he came up, he made a strong shot. The huge palm of his hand pressed down towards the Qingxuefutian cover. Suddenly, the heavens and the earth collapsed, and a kind of suppressing the heavens filled the surroundings, covering the eternal blue sky. The power is too terrible, so that everyone in the Qingxue family All change color.

"The members of the Qingxue family are really looking for death. The ancient family, Gu Changtian, had already broken through half a step Venerable as early as 30,000 years ago. Now that Qingxue Guhua is dead, who can stop the Qingxue family?"

Experts from certain forces sneered, ready to move, looking at the battlefield.

The majesty swept across the palm, the sky collapsed and the earth cracked, and the terrifying aura had already shaken the whole land trembling, but the Qingxuefutian and others, who were under the majesty of the palm, were not surprised at all, but their eyes were cold.

boom! Immediately, a terrifying coercion that suppressed the eternity and penetrated the sky suddenly swept the entire world. At this moment, from the void behind Qingxue Futian and others, a terrifying coercion suddenly came from the sky and earth. Skinny root

The old palm came out from the void.

This palm was too skinny, like dry wood, extremely old, but with the aura of crushing the road, there was blood surging, and it collided with the palm of Gu Changtian's blast.

Suddenly, the sky collapsed and the earth died, with a bang, a terrible shock swept away, and an old man walked out from behind Qingxue Futian and them.

It's sunny and snowy!

"Half Step Venerable!"

Gu Changtian looked at Qingxuetian in fright, but didn't expect Qingxue family to have such a master.

"It's Qingxuetian, a master from the Qingxue family more than 100,000 years ago."

"He's not dead yet? And he's still Half-Step Venerable?"

"It's no wonder that the Qingxue family has such confidence, and there is such an old thing."

All major forces showed surprise and talked a lot.

"Hahaha, sunny and snowy sky." Gu Changtian stared at Qingxuetian, his eyes were cold, "I think you can stop my ancient house?"

"Plus me?"

Between the heaven and the earth, there was another cold snort, and the clear snow land also appeared, half a step of the sacred breath, vast and boundless, the two masters instantly wrapped Gu Changtian, and then boldly shot at Gu Changtian.

boom! The two of them joined forces, and didn't give Gu Changtian a chance to speak. This was to kill Gu Changtian on the spot, to kill the chicken and the monkey.

[Chapter 3646: Lamb to be slaughtered](#)

The two elders joined forces, and the power was so terrifying. Gu Changtian fell into the wind in an instant, while Qingxuetian and Qingxuedi had cold eyes and made crazy moves. Even if the two of them were fighting their lives, they would Take down Gu Changtian and take it

It's beautiful.

Even the Qingxue family's plan is to uproot the entire ancient family, and all the masters will be killed.

This is killing chickens and monkeys.

The ancient family was carefully selected by them. The ancient family was a hidden family, with extraordinary strength in the southern heaven realm and amazing reputation. If the Qingxue family can destroy the ancient family, it will surely be able to shock other forces that covet the Qingxue family.

Bang bang bang!

Qingxuetian and Qingxuedi made strong shots, and immediately suppressed Gu Changtian, urging him to the extreme, causing him to fall into a disadvantage, and causing shocks from many surrounding forces.

Did you make it?

Qingxue Futian and Qingxue Siyun, along with many elders of the Qingxue family, took action one after another, surrounded the many masters who lived in the ancient family, and wanted to uproot the ancient family.

"Hahaha, the Qingxue family, you really have a good calculation, do you think of my ancient family as the chicken that kills chickens and monkeys?"

Gu Changtian yelled and banged, he was shocked and flew out, injured himself, and spouted a mouthful of blood, but their eyes were extremely cold and crazy, "Do you think that only your Gu family has arrangements?"

"You guys, can't come out yet?"

Gu Changtian shouted sharply.

boom! As his voice fell, suddenly, between the heaven and the earth, terrible rays of light rose up and enveloped the world. At the same time, two powerful men with terrible aura came out, behind them, followed by one

The group of masters, murderous, like the ocean.

As soon as these two people appeared in the void, the sky shook, and Tiandao was suppressed to death, forming a cage.

"Haha, brother Gu, why are you so embarrassed?"

There was a loud laughter. Among the two, a middle-aged man in a black robe laughed and opened his mouth. Then his right hand turned into a sharp claw, and he grabbed Qingxuetian suddenly.

boom! The pitch-black claws with the billowing black air current squeezed the void and captured all the heaven and earth in it, ghostly, and instantly came to Qingxuetian's face. Qingxuetian's face changed slightly, and he immediately shot. Boom, two forces touch

After the collision, Qing Xuetian backed back again and again, her eyes became extremely solemn.

And the other old man, wearing a white robe, was flashing, buzzing, and surging, turning into a series of formations. These formations evolved into a mighty rune force, facing Qingxue The ground cover is pressed down.

☹!

Qingxuedi roared, raised her hands to the sky, and collided with the rune. Amidst the sky-shaking roar, Qingxuedi was blasted into the ground, and then her face rose coldly into the sky, but her expression looked a little pale.

"The Lu family of the hidden family, the Zhou family of the dynasty family?"

Qingxuetian and Qingxuedi's complexion changed greatly, and they spoke in a deep voice.

The two who appeared were all famous masters in the Southern Heaven Realm. One was Lu Dengyun, the ancestor of the Lu family, who was as famous as the ancient family, and the other was a master of the Zhou family, a famous Dao family in the Southern Heaven. Zhou Chen.

The two great powers, both of which are Half Step Venerables, have gathered here unexpectedly.

This is trouble!

Qingxuetian's heart sank. He and Qingxuedi were planning to kill Gu Changtian, slaughter chickens and curse monkeys, and stand up on the spot, but no one had expected that in the Valley of Gods, there were not only people from the ancient family, but even Lu Home and Zhou's masters are also here.

How could this be?

wrong! Suddenly, Qing Xuetian was shocked and looked at the three in front of him in amazement. They had chosen Shenguyu to shoot, not only because of the ancient family, but also because Shenguyu is one of the closest heavens to the snowstorm, and, with The ancestor of the Qingxue family

Recently, it is most suitable for unexpected shots.

But in the same way, starting from the Kamiya region, it is also the easiest to attack the Qingxue family ancestor in the wind and snow region.

"Your goal is the ancestral land of my Qingxue family?"

Qing Xuetian said in anger.

"Hmph, I didn't expect to be seen by you, it's really a matter of heaven and not man."

Gu Changtian wiped the blood from the corner of his mouth, haha smiled.

In fact, their Gu family, Lu family, and Zhou family had already negotiated secretly, and the three major families joined forces to attack the ancestral land of the Qingxue family first. Because they have carefully inquired about the news, the ancestor of the Qingxue family, Qingxue Guhua, has indeed fallen. Apart from Qingxue Guhua, the Qingxue family no longer has a second noble master, just because they are afraid of the Qingxue family. Strength, they have been

Lurking here, I didn't dare to rush into action.

But who ever thought that Qingxue Shijia took the initiative to find them, so they were forced to show up.

And through the crazy shots of Qingxuetian and Qingxuedi, Gu Changtian instantly understood that the Qingxue family had indeed fallen into an extremely difficult situation, otherwise the other party would not need to be so anxious to kill chickens and monkeys. Moreover, the masters such as Qingxuetian and Qingxuedi and the Patriarch of the Qingxue family actually left the ancestral land of the Qingxue family, and instead entered the Kamiya region, lost Qingxue Futian who was protected by the Qingxue family's ancestral land, and they have become On the cutting board

Fish meat.

Not only Qing Xuetian thought of this, but at the moment they observed many other forces fighting here through the detector, they also showed a frightened look.

This ancient family's deep scheming is really **** it. While their forces were still secretly testing the Qingxue family, the Gu family, the Lu family, and the Zhou family had actually designed plans to attack the Qingxue family's ancestors.

If it weren't for the Qingxue family to take the initiative, I'm afraid they would wait until the ancient family attacked the Qingxue family's ancestral land, they would get news, and by then, everything would be too late.

"Damn it!"

Suddenly, many surrounding forces of the Qingxue family became anxious and began to mobilize their forces one after another to assemble and go to the snowy region as soon as possible. They must not let the Gu family, Lu family, and Zhou family take advantage of them alone.

"Hidden World Supreme Elder, what shall we do now?" Qingxue Futian secretly transmitted the voice, her expression furious.

Their proactive attack, although they saw through the ancient conspiracy, it also led to their exposure here.

"Go back to the ancestral land first."

Qingxuetician immediately transmitted the voice, with a solemn tone. At this time, it is impossible to destroy the ancient family and kill the chickens and monkeys. The most urgent task is to leave here and keep the vitality of the Qingxue family.

"Haha, you guys, since you are here, why bother to leave."

Gu Changtian laughed loudly, and then suddenly moved, banging, bringing the ancient masters to kill instantly.

"Hands!" Zhou Chen and Lu Dengyun, the two half-step venerable masters, also moved. Boom, endless arrays rose. Zhou Chen drew endless arrays of light to block the world, and the people of the Qingxue family suddenly felt He sank and fell into the formation, becoming a lamb to be slaughtered!

[Chapter 3647: Master, I'm going to accompany you](#)

"kill!"

The three great families of the Gu, Lu, and Zhou families brought many masters to kill one after another.

"Elder Tai, what should I do?"

Many Qingxue family masters changed their expressions slightly, revealing anxiety. At this moment, they were already deep in the formation, and their cultivation bases were strongly suppressed. Facing the three major families, they would definitely fall under the wind.

"Escape, escape here."

Someone said in surprise.

"Can't escape!"

Qingxue Siyun's gaze is cold and severe, "If we escape, then our Qingxue family will really be over. In this formation, we can't escape each other at all. As long as we kill and kill, we will have a ray of life."

Qingxue Siyun was frightened. She knew that their plan to kill chickens and monkeys in the Qingxue family had completely failed. For the present plan, it is not whether they can retreat completely, but how to preserve the vital power of the Qingxue family.

Come down.

"kill!"

Qingxue Siyun's whole person is like a sword light, and her whole body is surrounded by terrible sword auras. These sword auras turned into a cloud of smoke, misty and vast, and instantly slashed towards the ancestors of the Zhou family. Kill away.

"Elder Tai, I'll stop Zhou Chen this time, you deal with Gu Changtian and Lu Dengyun." Qingxue Siyun shouted loudly through the sound transmission.

Qingxuetian and Qingxuedi's eyes condensed, their bodies moved instantly, and with a bang, the two stepped out in unison, and the power of the Half-Step Venerable instantly urged them to the extreme, turning into a vast ocean, pouring out.

Boom!

The parties suddenly fought together.

"Huh, a little baby dare to target me?"

Zhou Chen showed sarcasm, facing Qingxue Siyun's offense, an infinite burst of light instantly surged towards Qingxue Siyun.

Boom boom boom!

Like a wandering dragon, bursts of light burst into Qingxue Siyun's surging smoke cloud and sword gas, and suddenly an astonishing roar resounded, and none of those bursts of light could strike Qingxue Siyun's body. .

"Well? What kind of sword does this little doll use? It's so meticulous?"

Zhou Chen was surprised. Qingxue Siyun's cultivation was only a peak Holy Master, and he was surprised that it could block his all-pervasive array of light attacks.

He didn't know that Qingxue Siyun had comprehended this sword intent from the sword grave, especially when he saw the black fog sword aura in the abyss of the buried sword, he was inspired, and the sword moves he evolved were naturally extraordinary. .

"Huh, I see how long you can block it."

Zhou Chen yelled coldly, and immediately spurred an infinite array of light to swept in, booming and booming. The burst of light was like a domineering mountain torrent, pouring out, and like a Milky Way falling for nine days, it constantly bombarded Qingxue Siyun's sword light. . Although Qingxue Siyun used her mysterious sword skills to withstand Zhou Chen's attack, her cultivation base was still weaker than Zhou Chen. Under Zhou Chen's continuous bombardment of light, she was immediately retreated and took over. After thousands of tricks, finally poof

The sound, a mouthful of blood spurted.

"Sister, I'll help you."

When Qingxue Silan saw this scene, she was furious and caught up with the other masters of the three major families.

On the other side, Qingxuetian and Qingxuedi were too old. They had some room to deal with Gu Changtian before, but when they faced Gu Changtian and Lu Dengyun alone, they immediately lacked strength. Even more difficult is that the Qingxue family masters led by Qingxue Futian can have enough advantage against any hidden family, but when facing the three major hidden families, and they are in the Zhou Chen formation, But fell into danger, frequently

Back frequently.

For a while, the members of the Qingxue family were very embarrassed and kept backing away, looking frightened.

This scene naturally made people from other forces around him see it, and they were anxious, mobilizing their respective masters to kill them in the snowy territory. Because they can see that the Qingxue family can't resist for long. Once the top masters of the Qingxue family are beheaded by the people of the three hidden families, then the ancestral land of the Qingxue family in the snowy area will also fall. , Lost Qingxue

The ancestral land of the Qingxue family of top masters in the sky can't resist the three big families of the Zhou family who have amazing accomplishments in the formation.

If they are late, all they can see is the Qingxue family after being raided by the three major families.

Boom!

On the battlefield, the tragic fight began. With the passage of time, the scale of victory continued to tilt towards the three major families, and Zhou Chen, who had been resisted by Qingxue Siyun and Qingxue Silan for a long time, finally Lost patience.

"Hmph, since you two little babies have to go to death, the old man will do you well!"

"Ten Thousand Paths of Heavenly Orbit Formation!" Zhou Chen yelled, buzzing, and suddenly, the surrounding formations changed drastically, and a series of heavenly paths that evolved into heavenly paths appeared. This was the top formation in the Zhou family's formations. These heavenly paths formed rapidly. A land of heaven and earth that claims to be heaven and earth, the infinite burst of light has evolved into

A long river crashed down towards the two sisters of Qingxue Siyun.

With a bang, Qingxue Siyun and Qingxue Silan flew out together, wow, opening his mouth spouting blood, his face turned pale and embarrassed.

The two of them were seriously injured and very embarrassed. The corners of their mouths were overflowing with blood. They looked at each other, but there was no retreat from the eyes.

Even if you die, don't retreat!

"court death!"

Zhou Chen sneered, and once again urged the Sky Orbital Array. Suddenly, a more terrifying array attack than before, turned into a torrent, and fell madly against Qingxue Siyun and Qingxue Silan.

"Hahaha, die for me!"

Zhou Chen laughed, he had already felt it, Qingxue Siyun and Qingxue Silan had reached the end of the battle, and these two difficult cubs were finally over.

"Siyun, Si Lan!"

Qingxue Futian watched this scene, her eyes widened, and he roared in anger, he wanted to rush to save Siyun and Silan, but the two masters of the ancient family laughed at him, but they stopped him.

"Do not!"

Qingxue Futian roared angrily.

"Master, I'm going to accompany you." Qingxue Silan had relief in her eyes. At this moment, she thought of Qin Chen, and a faint smile was drawn at the corner of her mouth. The ancestor is dead, the master is dead, and she is also born. Can be in love.

But at this moment.

boom!

Suddenly, the big formation arranged by the Zhou family suddenly shook. With a boom, several battleships, like angry dragons, broke through the big formation of the Zhou family and appeared in this space.

On top of the leading battleship, a figure like a **** stood proudly, with black hair flying, arrogant.

Hum!

This is an extremely young young man. In his pupils, billions of sword light circulated, his right hand stood up and fell sharply.

boom!

A sword light surged, passing through an infinite distance in an instant, and came to the front of Qingxue Siyun and Qingxue Silan, and slammed on the ray of light that day. What a terrifying sword, simple, clear, sky-reaching, and pure, it shattered Zhou Chen's attack on the sky track with a single slash, and then instantly slashed towards Zhou Chen's location, like the death god's sickle. all.

[Chapter 3648: You are Qin Chen](#)

what?

Zhou Family's ancestor Zhou Chen looked shocked. This blow was terrifying, pouring out like a vast ocean. This sword light, rich in the most terrifying kendo rules in the world, came to Zhou Chen in an instant.

Zhou Chen's heart was suddenly shocked, and under his urging, bursts of light lingered quickly.

Whoosh whoosh!

All the rays of light in the entire heaven and earth drew in, and a vast array enveloped Zhou Chen, even trapping the Qingxue family.

At this moment, Zhou Chen had only one thought in his mind, and that was to block this sword. He had a feeling that if he let this sword be slashed on himself, there would be only one ending for him-death!

Boom boom boom! The bursts of light pouring down, like a meteor shower in the sky, and like an extremely gorgeous divine rainbow, crystal clear, the rainbow light surrounding the road forms a terrible defense, countless bursts of light flow, like a group of swimming fish, mighty and mighty, Imitate

Buddha can block everything in the world.

However, this sword aura was strong and terrifying, puff puff puff, sword light slashed down, as if entering no one's realm, the sky full of light could not stop the opponent for a moment, and they were blasted open. Zhou Chen's heart was suddenly terrified, and his figure suddenly retreated violently, trying to escape from this place. However, his whole person was given to the void by a powerful force of rules, and the rules of his own body Down the other side's road, just like

It cracks like glass.

"not good."

Zhou Chen's face changed completely, and he could only fully urge the Saint Yuan and the light in his body to resist frantically.

next moment.

With a bang, the sword aura that penetrated the world fell on Zhou Chen, and a terrifying force sank into his body, directly smashing many of his bones and internal organs, snorting, he spurted blood, and flew out in embarrassment.

This scene completely stunned everyone present.

Moreover, among the major forces in the Southern Heaven Realm, the masters of the major forces who were eagerly trying to get a share of the pie through the live broadcast screen were all stunned, and the swords in their hands trembled.

What did they see? The ancestor of the Zhou family, a hidden family, was severely injured by a sword and flew out.

Damn it?

Many people didn't dare to move. Although they saw this scene through the live broadcast, it was still too shocking. It made people numb with goose bumps, and their souls trembled.

boom!

Everyone raised their heads and looked at the terrorist warships that had crashed in. The battle on the field had also stalled, and countless live broadcasts had been shot over. These warships are extremely terrifying, hideous like behemoths. At first glance, they come from some big powers, but they are a little uncoordinated. Because these warships are not standard, they seem to come from different forces, but they are all Top

Battleship.

At the same time, everyone's eyes fell on the young figure of Zhou Chen, who was a young man with black hair soaring to the sky, a pair of eye pupils, divine light shining, and brilliant. Blooming is too evil.

Who is this?

Everyone was shocked, unbelievable, the one who smashed the Zhou family ancestor Zhou Chen with one sword, turned out to be such a young man, which made people unbelievable and a little surprised.

"Master!"

Qingxue Silan was stunned, looking at this figure, inexplicably, tears rolled down instantly, her expression agitated, her small cherry-like mouth flicked, exhaling like orchids.

"It's him!"

Qingxue Siyun also had a numb scalp, her face was unbelievable, and the blood from the corners of her mouth couldn't be wiped off.

Qingxue Futian, Uncle Ming and others were also shocked, but they were all excited.

It was Qin Chen, he was still alive.

In this way, did the ancestor not die?

A thought that everyone was looking forward to, kept echoing in my mind.

But at this time, as the picture was passed on, the entire Qingxue family's top power was boiling, and there was a sudden silence, silent. Because, among the many forces that entered the sword tomb at the beginning, it was not only the forces of the Tiandang Mountain Range. Some of the top forces in the Southern Heaven Realm near the Tiandang Mountain Range had actually received news that many experts recognized Qin Chen. Recognized that

A top arrogant who was chased by Zhuge Rulong.

"Beyond the nickname, the mysterious Tianjiao Qin Chen who entered the sword tomb never fell, and came out of the sword tomb alive."

"Tian Da News, the Geshi Tianjiao, who should have fallen into the sword tomb and buried sword abyss, is born again."

boom!

One stone stirred up a thousand waves, and the southern sky was shaken.

At this moment, they thought of a lot. The appearance of Qin Chen made all the major forces hairy, and the whole body was erected. The back was wet, it was soaked in cold sweat.

In particular, some forces directed against the Qingxue family are even more faint, and their legs are a little weak, because if Qin Chen can survive the sword tomb, then what about the ancestors of the Qingxue family? Is it still alive?

When this thought came out, many people's hearts trembled and their heads felt big. If the Qingxue family's ancestors were still alive, then their invasion of the Qingxue family's territory, once exposed, would be destroyed. Of course, some forces were very nervous, but they soon calmed down, because the matter may not have reached this point. It was not so bad. Some forces dared to take action because they received definite news and learned of Qingxue's ancestors. Life card

It's all broken, it's hard to survive.

Perhaps Qin Chen's appearance was just an accident.

After the shock, everyone focused their attention on the battlefield in the Valley of Gods to understand the development of the situation.

"Sorry, I'm late."

Qin Chen looked at the desolate scene below, feeling a little guilty, because Qingxue ancestor died because of him, and he should be responsible for the Qingxue family.

He has arrived very quickly, but he never thought that it was still a step too late. The origin of this void was scattered, and the blood mist drifted away. Obviously, someone had passed away before. It was the elders of the Qingxue family who were beaten in the battle. Burst, very miserable.

The remaining masters were also extremely embarrassed, dripping with blood, making Qin Chen guilty.

Fortunately, he arrived in time, and the worst did not happen.

"Qin Chen!"

At this time, the seriously injured Zhou Chen retreated quickly. He was **** and extremely embarrassed. Half of his body was almost exploded. After taking some pills, the whole body was shining brightly, repairing and healing.

The fighting stopped, Gu Changtian, Lu Dengyun, and the masters of the three major families gathered together, staring at Qin Chen, frightened and hairy.

"Are you Qin Chen?"

Gu Changtian stepped forward and said coldly, staring at Qin Chen with gloomy eyes, with panic and anger in his heart. Because, they were about to succeed before, and they were about to defeat the Qingxue family, but who would have thought that with such a strong support, several battleships stood in the sky, which was very depressing, but what made them more depressed was passed from Jianzhong Some rumors.

[Chapter 3649: Grab merit](#)

"Wow!"

Qin Chen ignored him, flew down from the battleship, looked at Qingxue Silan, and stroked her hair.

At this moment, Qingxue Silan was like a wounded deer, trembling, very apprehensive, pitiful, and tearful.

It's so pitiful.

"Master!"

Qingxue Silan rushed into Qin Chen's arms and burst into tears. During this time, although she had become strong, but she still had fear in her heart, but her family's responsibilities forced her to become strong.

Seeing Qin Chen at this moment, she couldn't hold back anymore and didn't cry.

Not far away, Qingxuefutian, Qingxuetician, Qingxuedi and other strong men saw this scene and looked at each other, a strange light flashed in their eyes.

"Don't cry, disciple don't cry."

Qin Chen wiped away tears for Silan, and said lightly: "Watch the master take revenge for you."

Not far away, the faces of Gu Changtian and other three powerhouses gradually became difficult to look at. After Qin Chen appeared, he completely ignored them, which made them angry. As their identity, when did they suffer such humiliation?

"Boy, you are too arrogant."

Gu Changtian let out a cold sigh, his body was full of cold light.

Although Qin Chen is strong, but their three big families join forces, can't they still not win the other side?

However, without waiting for them to act, Qin Chen gently waved his hand at the several battleships in the sky.

next moment!

Boom boom boom! A wave of terrifying auras like a vast ocean flew out from the warships. Every breath came out with the aura of suppressing the heavens. The heavens of the heavens were under their feet, suppressed, although not as good as Lord

Generally, the Heavenly Dao is completely suppressed, but the aura that is above the Heavenly Dao is already dissipated.

Half Step Venerable!

This group of people are the masters of the Ten Thousand Clan sect led by the Liger Demon Lord. Many half-step venerables appeared together, and the terrible aura formed a vast ocean, instantly surrounding the forces of the three major families below.

"Ligger Demon Lord!"

"This is... the patriarch of the Golden Giant!"

"The top masters in the Sky Block Mountain Range are all Half Step Venerables!"

"There are also the five great demon sects in the Tiandang Mountains and other top powers!"

The spread of such a picture instantly caused a sensation among the surrounding forces. The three major families surrounded by them all had scalp numb, and their faces became pale.

"Gu Changtian, what the **** is going on?"

"Why did the Tiandang Mountain Range appear with this young man?" Zhou Chen and Lu Dengyun looked frightened and panicked. Although the power of the Tiandang Mountain Range has never left the Tiandang Mountain Range, it does not mean that they are not famous in the Southern Heaven Realm. Otherwise, the land of Jian Tomb is now forbidden, and Tiandang Mountain is so blessed

How can they be allowed to occupy?

Everyone knows that the Tiandang Mountain Range is full of dangers and powers are everywhere, and they have been fighting each other year after year. Therefore, even their hidden families have never dared to enter the Tiandang Mountain Range rashly.

But now, the leaders of all the top forces in the Tiandang Mountain Range are actually gathered together, and they are all dispatched, so that they are not surprised.

"this is....."

Even Qingxue Futian's complexion changed, and he was a little worried. Could it be that the people in the Tiandang Mountains knew about the crisis of the Qingxue family and wanted to take a share?

Not only him, but such thoughts spread quickly among the major forces that saw the picture.

But the next moment, everyone was dumbfounded.

Under the eyes of all the people, the Liger, Tiger, Demon Lord and others appeared, and after surrounding the three major hidden families, they said to Qin Chen respectfully, "Well, see the lord!"

"Sect... Sect Master?"

The audience was silent, and many people looked crazy, looking at Qin Chen in disbelief.

Did their ears get it wrong?

The leaders of all the forces in the Tiandang Mountains call this kid the suzerain?

The moment of confusion on the court, everyone's eyes are almost bursting.

"Yes, let this kid pretend again!"

Among the battleship, Ji Wuxue curled his lips and said silently.

"Ligger Demon Lord, what the **** are you guys doing?"

Gu Changtian was frightened and said, with a look of horror: "You Tiandang Mountain, do you want to intervene in the wind and snow?"

The demon lord of the tiger, ignoring the other party at all, just said respectfully to Qin Chen: "Sect Master, what should I do with these people?"

Qin Chen faintly glanced at the three major forces including Gu Changtian, and the indifferent expressions in their eyes caused fear in their hearts.

"kill!"

Qin Chen said a word without saying a word.

These three hidden aristocratic families are the vanguards of the Qingxue family. If Qin Chen wants to deter all the forces in the Southern Heaven Realm, he must kill chickens and monkeys.

In his eyes, the three aristocratic families of the Gu, Lu, and Zhou were the chickens.

"you....."

Gu Changtian and the others looked frightened, and before he had time to speak, the Liger Demon Lord moved instantly.

Roar!

Its size grew rapidly, and a huge liger beast appeared between heaven and earth, as high as a mountain, with its mouth wide open, and instantly expelled a terrible devouring force against the masters of the three hidden families.

Talented supernatural powers-swallow the sky!

boom!

The heavens and the earth rioted, the terrible devouring power swept through, and the vast supernatural power suddenly enveloped the masters of the three hidden families.

"what!"

"Do not!"

Many masters in the three great hidden aristocratic families suddenly screamed, and many people were madly swallowed into the mouth of the Liger Demon Lord. The mouth was like an infinite black hole, swallowing everything and nothing. withstand.

Except for the three half-steps, the other three aristocratic families can't resist it at all.

"Hahaha, brother Liger, let me wait to help you."

The patriarch of the Golden Giant Clan Jin Sheng and other masters on the side saw their faces dark.

Damn, it's too much. It's the first time for the Ten Thousand Clan to fight. This is a great opportunity to show your face in front of the Sect Master. Your Liger Demon Lord wants to eat alone. One person wants to solve all the masters of the three great families. What about other people?

boom!

The patriarch of the golden giant clan laughed, and suddenly he was covered in golden light, and turned into a giant with a big blow.

puff!

The heavens and the earth roared, and countless three masters of the three aristocratic families who had not had time to be swallowed by the liger demon lord, all exploded, screaming endlessly, and blood flying.

When other masters of the ten thousand races saw this, their faces were hard to look like, one by one, for fear of falling behind, they hurriedly shot.

"Haha, let me come here with the Silver Eye Wolf King." The five demon masters felt anxious when they saw this. These guys are too much. They want to attack. The eldest brother has obviously restrained the three masters of the hidden family. If it can be resolved, you actually have to shoot all of them. This is not for the big brother at all.

Chance.

"You..." Gu Changtian and the other three masters looked frightened and furiously resisted, but they didn't say anything. The terrifying eyes of the Silver Eyed Wolf King had already struck them, and immediately followed by countless terrible attacks. After falling, the ancestors of the three major families were suddenly caught

Venerable mad flat.

puff! The blood was flying, and the three major hidden families were in grief and indignation. Before they even had time to say their last words, they were beheaded along with all the masters under his command, cutting melons and vegetables, which was extremely miserable.

[Chapter 3650: War broke out](#)

The blood is scattered in this world.

The ancient family, the Zhou family, and the Lu family are all top powers in the Southern Heaven Realm, but now, the masters of these three powers are extremely miserable. They were beheaded instantly, blood flowed, and no bones were left.

This scene was too terrifying and chilling. All those who saw this scene through the live broadcast were all hairy, their souls were trembling, and there was no sound.

Such a scene is too scary and unacceptable.

It should be noted that the forces that invaded the Qingxue family are strong and weak, but most of them are just three powers like the ancient family. Such a power has been passed on for a long time and will not easily be destroyed.

But now, the people of the three hidden aristocratic families have fallen because of this, which is shocking and disturbing.

Especially when they saw the many masters of the Tiandang Mountain Range, and after the breath of Half a Step of the Venerable flowed on each body, they were all sluggish and unable to calm down.

This is an extremely terrifying force, which is shocking.

When did Tiandang Mountains have so many top masters? This has exceeded the normal level of the Southern Heaven Realm. There are more than ten Half-Step Venerables in a region, which is an anomaly.

However, many people quickly reacted. What happened in the land of Jian Tomb not long ago made them all understand that the transformation of the Tiandang Mountain Range should come from the mutation of Jian Tomb.

A sour feeling immediately flowed in the hearts of the major forces, and an emotion called envy, jealousy and hatred was spreading.

Everyone knows that the transformation of the Tiandang Mountains should come from Jian Tomb, but why are they not in their turn for such a good thing?

At this moment, there was silence on the court, and the masters such as the Liger and Tiger Demon Lord instantly killed the three masters of the hidden family, returned to Qin Chen, offered the spoils, looked respectful, and made everyone's eyes focused on Qin Chen. Jump wildly.

Being able to control such a huge force as the Tiandang Mountain Range, it seems...the Southern Heaven Realm will have a new top force born.

However, it is rumored that Venerable Star Destroyer of the Star God Palace and other powerful people have also fallen into the sword grave. This kid is still alive and dares to show up so rampantly. Isn't it afraid that the top forces of the heavens will come to the door?

Everyone is horrified, feeling that this is the seriousness of the problem.

What does he rely on? Qin Chen did not expel some of the warriors who were conducting live broadcasts in the distance. He just looked there and said indifferently: "Sword Tomb Forbidden Land, Zhuge Family, Yao Mie Mansion and Mozu colluded with the intention of destroying the sword tomb forbidden land, Heavenly Work and other top forces and The ancestors of Qingxue Guhua and others were willing to lose their freedom in order to save my many descendants in the southern celestial realm. They sat in the depths of the sword grave and sent me away. From today onwards, my Tiandang Mountains will be favored by the Qingxue family and will cooperate with the Qingxue family. , Anyone who invades the Qingxue family's territory,

Leave within three days, or else kill him. "

Qin Chen just said this, causing an uproar.

It is too arrogant for the Tiandang Mountain Range to cooperate with the Qingxue family and drive away the forces that have invaded the Qingxue family's territory?

Many people are uneasy, and finally eat the meat in their mouths, how can they let go so easily?

Naturally, Qin Chen would not pay attention to this, and immediately returned to the ancestral home of the Qingxue family with Qingxuetian and Qingxuedi.

At the same time, Qin Chen ordered the people of Ten Thousand Clan families, together with the masters of the Qingxue family, to go directly to the territories of the three hidden families to harvest.

Outside, many forces sneered. Although the appearance of the Liger Demon Lord and the others was extremely shocking, no one thought that Qin Chen really dared to take action against these forces.

Because there are too many forces participating in this game to share the Qingxue family. Are Qin Chen and the Qingxue family going to risk the world's disgrace and act on them with so many top forces?

"In my opinion, the other party just frightened us, huh, if our forces join forces, they may not be afraid of the Tiandang Mountains and the Qingxue family."

"Ligger, Demon Lord and others, who should have stayed in the Tiandang Mountains, but now they have reached the inland of the southern celestial realm, are they not afraid of being punished by the top forces of the celestial realm?"

Many forces sneered, thinking that Qin Chen was just frightening. Of course, while they said that, they were also secretly evacuating the core members, leaving only a part of the staff, wanting to watch the next move of the Qingxue family.

There has never been a single power in the four heavens that can dominate. This is the tacit approval of many top powers in the heavens, otherwise the Zhuge family and the Qingxue family would have expanded wildly, and the Tiandang Mountain Range is naturally even more so today.

However, from Qin Chen's previous words, they also learned some shocking news, that is, the Zhuge family in the Southern Heaven Realm and the Yao Mie Mansion in the Eastern Heaven Realm colluded with the Demon Race. Is the Demon Race's invasion so terrible? Moreover, they also learned an astonishing situation, that is, according to Qin Chen, Qingxue Guhua and other ancestors did not fall, but people from several other major forces seemed to have to sit in the sword for some reason. In the grave, and because of

Their dedication to Qingxue Guhua ancestors made him walk out alive.

Is it possible that top forces such as Tianjiao, Dayu Shenshan, and Xingshengong are all helping this person?

For a while, some of the top forces around the Qingxue family were undercurrents, discussing with each other, wanting to understand the progress of the situation.

Moreover, they stared at the location of the three hidden families, thinking that this was a weather vane. From the Tiandang Mountain Range whether they dared to act on the three hidden families, some clues could be seen.

According to the ban on the top powers of the heavens, the four great powers of the heavens are not allowed to fight violently. This is to prevent the human race from rising and falling too much and causing damage to the human race.

Therefore, even though Qin Chen showed incomparable strength, many people still didn't care.

"Kill!"

However, the next moment, everyone was shocked.

Shout to kill the sky, tear the sky apart.

At the same time, some of the important places of the three hidden families were suddenly attacked. The strong, the masters gathered, and the ferocious and domineering deadmen, shattered into an ancient and grand building!

For a time, the war broke out and blood flowed directly into the river.

The mighty army of the Tiandang Mountains and the Qingxue family appeared, a total of 100,000 troops, attacking the land of the three hidden families!

It was too fierce, and there was almost no hand left. The top masters of the Tiandang Mountains directly attacked, domineering and strong, directly attacking the ancestors of the three major hidden families, like fireworks blooming, domineering and strong.

The three big hidden families were going crazy. They were in a state of anger when they received the news, but they also thought that the Qingxue family would not directly take action, but who ever thought that the other party directly attacked their ancestral land.

This is the headquarters of their three major families, and the three direct forces shot at the same time, without giving them any chance to react, and it was a sudden eruption. The ancestors of the three major hidden aristocratic families have powerful restrictions and formation guards, and they have been passed down for countless thousands of years, and they all have a strong foundation.
