

Valkyrie 3651

[Chapter 3651: Uprooted](#)

The three big families started the big formation when they felt bad.

However, under the attack of such a huge force, how can the three hidden families who have lost their ancestors resist?

The ancestral land of the three major families was exploded on the spot, and some mansions were barely growing.

The Qingxue family has been operating here for many years and has an incomparable understanding of the industries of the three hidden families. Perhaps, in the eyes of other forces, such a hidden family is very mysterious, with countless secrets, like clouds and mist, without the full picture. . However, the Qingxue family is the master of this world, knowing the situation of any force here, while attacking the three power headquarters, the masters of the Qingxue family suddenly killed the branches of the three forces, and many industries were destroyed. Sex

Blow.

Together with the headquarters, some divisions of the three major forces, and some cultivation secrets, they collapsed in the first place, and the magnificent buildings fell in pieces, and blood was splashing.

The Qingxue family is crazy.

In fact, they are indeed going crazy, because if it weren't for Qin Chen this time, their Qingxue family would definitely be in trouble. They would be ruined by others and their ancestral land would be destroyed. How could they not be angry?

The ancestors have fallen, how many years hasn't their Qingxue family suffered such a blow?

boom!

The industries and important grounds of the three major hidden families were uprooted and could not be resisted.

"Qingxue Family!"

In the ancestral land of the three major forces, someone roared and shook the sky, and the clouds in the sky were all shaken away.

"Are the Qingxue family and the people in Tiandang Mountains crazy?"

When the screen came out, many forces had received the news, and the whole body was chilling and it was difficult to accept.

The people of these two powers killed Gu Changtian and others and they didn't stop, they even had to pull out the roots of the three big families. It was too cruel and domineering, but it also made the people of the major powers feel chilled, because the other party didn't say That's it, it really means doing what it says.

In just one night, the three major hidden families were removed from this world. Except for some who surrendered and left, most of them fell, and blood flowed into rivers, which was extremely tragic.

The members of the Qingxue family didn't have any hands left. This time, almost all the shots were dominated by them, and the masters of the Ten Thousand Clan sect were just taking the battle.

Because, the people of the Qingxue family were suffocating anger, and they all knew that if Qin Chen hadn't arrived, their Qingxue family would never end up better than the three big families.

For a while, countless forces around the Qingxue family were shocked.

In the middle of the night, the Qingxue family mansion, in a large hall.

Qingxuetian and Qingxuedi two great hidden world elders hosted a banquet in honor of Qin Chen and the many masters of the Ten Thousand Clan sect, in order to thank the kindness of today.

In the main hall, there is a lively scene, the two sides are arrogant and lively, the people of the Qingxue family frequently offer drinks from the masters of the ten thousand races, and they are grateful.

These days, they were terrified, and now, with the help of the Ten Thousand Clan Clan, they finally stabilized. And above the main hall inside the main hall, there is only one main table, and above the main table, there are also only Qingxuetian, Qingxuedi, Qingxue Futian, Qingxue Siyun, Qingxue Si Lan, Qin Chen, Ji Wuxue, Ji Ruyue, You Qianxue, and Qingqiu Ziyi are just a few people,

Even the Liger and Demon Lord are outside.

Several beautiful young women from the Qingxue family waited on the side eagerly, pouring drinks to Qin Chen frequently with their hip flasks, and her beautiful eyes looked at them from time to time, full of gratitude and admiration. These young girls are only sixteen or seventeen years old. It is the cardamom years. When looking forward to heroes, today Qin Chen led the masters of the Ten Thousand Clan clans who almost saved the Qingxue family by himself, avenging her family. where

Would you not worship? Among the people they have come into contact with throughout their lives, Patriarch Qingxuefutian is already strong, but each is a bad old man, young like Qin Chen, but has the strength of such a hidden world as Qingxuetian who is not weak. , Naturally let them frequently

Looking at it, perhaps with the aroma of wine, the small faces of several girls are now flushed under the candlelight, and they stand there with their heads down. They only move around when they need to pour the wine. Second, it looks extremely well-behaved.

"Everyone, my Qingxue family is not very entertaining, so please don't be polite to ask a few benefactors." Although Qingxuetian was still injured, she still looked red, and greeted Qin Chen and the others with food and wine. .

Qingxuedi and Qingxue Futian also greeted enthusiastically.

As for Qingxue Siyun and Qingxue Silan, they were silent.

"You are polite, you really don't dare to take the word "En Gong", if you don't mind, you can just call your name directly." Qin Chen was extremely uncomfortable when the Qingxue family yelled from the left and right.

Given his relationship with the Qingxue family, this would be too much.

What's more, he is still Qingxue Silan's master. This time Qingxue Guhua helped herself because of Silan, otherwise he would not help the Qingxue family immediately.

It's just that he didn't know how to talk about it. Thinking of this, he couldn't help but look up at Qingxue Silan, just to see this little girl quietly watching herself with a pair of bright eyes.

Seeing Master Qin Chen looking towards herself, Qingxue Silan was so scared that she quickly lowered her head, her pretty face flushed with a blush.

Qin Chen smiled faintly, and looked away indifferently.

Qing Xuetian, who was sitting across from Qin Chen, caught this scene in her eyes, and she didn't know what she thought, but she smiled quietly.

Seeing this scene, Ji Wuxue quietly said to Ji Ruyue: "Tsk tusk, great-granddaughter, it looks like this Qingxue family has no good intentions."

"Innocent?" Ji Ruyue was startled.

"Hey, you will understand right away." Ji Wuxue smiled, very free and easy, holding up the wine glass, smilingly said: "Come on, drink."

"Sect Master Qin, I don't know if the ancestor is really like you said, he has not fallen yet? Just sitting in the sword grave?"

At this moment, Qingxue Guhua couldn't help but said, looking at Qin Chen expectantly, and Qing Xuetian and others instantly put down their wine glasses and looked at them.

What Qin Chen said before the eyes of everyone gave them expectations. Qin Chen sighed and said, "This matter is a long story. I can only say that the ancestor of Qingxue Guhua is indeed still alive, but he may not be able to leave the sword grave for the time being. Spend the rest of my life in the sword mound, as for the sword

Some things that happened in the mound, I forgive me for not being able to tell at this time. "

If the Qingxue family has a master of venerable, Qin Chen can still tell, but with Qingxuetian's current strength, it is not a good thing to know too much.

Hearing that, Qing Xuetian and others are both excited and disappointed.

What is excited is that the ancestor is still alive, but the lost is that it is obviously impossible for the ancestor to return. However, they are still filled with relief after receiving this news.

Moreover, Qin Chen had no reason to deceive them. At this moment, Qingxue Futian suddenly said to Ji Ruyue, You Qianxue and Qingqiu Ziyi: "These three should be the family members of Sect Master Qin? The three following Sect Master Qin must have been very hard. I don't know if it is necessary. Someone takes care of daily life, so that ladies can relax after practicing?"

[Chapter 3652: Fairy bath](#)

Ji Ruyue, You Qianxue, and Qingqiu Ziyi were all taken aback, but they didn't expect Qingxuefu's Patriarch to tell herself about this.

Ji Wuxue smiled, her eyes sharp, knowing that the good show was about to begin. Qingxuetian and Qingxuedi, the two great elders of the Hidden World, both looked down at the wine glass. According to the truth, Qingxuefutian would feel wrong about Qin Chen's internal affairs, but at this time, they all Tasting the wine calmly, as if

Did not hear it in general.

Ji Ruyue and You Qianxue looked at each other, not understanding what Patriarch Qingxuefutian asked, but they didn't know what they meant, but smiled and said: "I will be very happy when I can be with Chen, and it's not hard at all."

Qingqiu Ziyi didn't know what to say. Could it be that the other party misunderstood? Isn't she Qin Chen's woman? At this time, she just smiled faintly, and then she didn't speak. "Yeah, it is naturally extremely happy to be able to fall in love with a young handsome man like Sect Master Qin." Qingxue Futian sighed, "But I think there are fewer people who serve, Sect Master Qin and a few ladies. Diligent and hard-working

, If there is no one around to serve, it is nothing after all. Now Sect Master Qin is kind to my Qingxue family. My Qingxue family is ashamed, and I want to repay Sect Master Qin and you all. Qingxue Futian paused: "Fortunately, I have a few female disciples in the Qingxue family who are more industrious. If Sect Master Qin and a few wives don't mind, they can follow Sect Master Qin and a few others. The wife of the overlord does miscellaneous work

Rough work, so that Sect Master Qin and a few people can relax in the busy practice. "When these words fell, the eyes of the several serving girls were bright, and their eyes were full of expectation. Their small blushes were like apples, and their heads were shyly lowered. Because of tension, fine beads of sweat appeared on the tips of their noses. Added some pure

Really and gorgeous, a pair of small suet jade-like hands pinched the robe, uneasy.

"How does this make it?" Ji Ruyue and You Qianxue shook their heads immediately, "Patriarch Qingxue is too polite, and we are not gold and noble people, and we don't need a special person to serve daily chores, let alone your female disciple of the Qingxue family. Everyone must be outstanding

Just serve me and wait. "

Ji Ruyue and You Qianxue still can't stand the days of being served by others. Both of them are relatively independent. Naturally, they won't have this kind of style. Everyone needs someone to serve.

"Oh, two pure white rabbits." Ji Wuxue shook his head, very speechless, her great-granddaughter is too naive, can't she see the intention? Why does the Qingxue family want to serve their maids? They want to flatter her and Qin Chen respectively, so they deliberately came up with this

A way. Although the Qingxue family now has Qingxue Silan, Qin Chen's apprentice, there is no interest after all, but if several female disciples become Qin Chen's guests, or can serve Qin Chen, then To the Qingxue family

It must be of important strategic significance. Thinking of this, Ji Wuxue also sighed slightly, thinking that the Qingxue family was once the top power in the southern celestial realm, but now, in order to be closer to Qin Chen, he even did the task of giving off his daughter disciples. , Can only say some desolate.

Maybe this is the sorrow and fate of a family, and no one can avoid it.

But my great-granddaughter didn't know anything, and didn't have any scheming. Fortunately, You Qianxue seemed to be innocent, otherwise she wouldn't know if she was calculated.

Thinking of Shangguan Xi'er back then, Ji Wuxue felt gloomy and sighed.

Qingxue Futian saw You Qianxue and Ji Ruyue refuse so, and immediately took the initiative to say a few more words, but You Qianxue and Ji Ruyue said nothing that people from the Qingxue family could serve them, which violated their Taoism. "Cough cough, I will understand Patriarch Qingxue's intentions when I wait, but it's really wrong to let the disciples serve!" Qin Chen saw this, immediately opened his mouth and stood up and said, "Patriarch Qingxue, everyone, it's already deep, let me wait. Go back and rest first, you two great elders

We were injured in the day-to-day battle, and rested earlier to prevent the injury from getting worse. "

Qingxue Futian and the others hurriedly stood up and said: "Thanks to Sovereign Qin for being so concerned, I won't wait too much." "By the way, three Sovereign Wives, my Qingxue family dominates the Southern Heaven Realm, and there is a Qiong in the ancestral land. The brewed fairy bath, the pool water contains the essence of snow left by the ancestors of my Qingxue family, it is the treasure of my Qingxue family, if a woman enters it to practice

, Can wash away the dust, empty soul, and, in that fairy bath, there is an empty spirit jade bi, which can lighten the soul, consolidate the soul, and can more quickly realize the realm of the Venerable. I wonder if the three ladies are interested? "

Qingxue Futian seemed to have thought of something and suddenly said.

"The essence of snow, ethereal jade bi?" You Qianxue was startled. "Yes, this place is the treasure of my Qingxue family. It is a pity that only women can enter the fairy bath. The power in it is of great benefit to women, but if a man enters, the power of femininity will produce bad results. I Qingxue Family

Among the female disciples, if one has stepped into the realm of the peak saint master, they can enter it and realize that it is not difficult to step into the half-step noble state. "

"Furthermore, this lady has already reached the top of the half-step Venerable in her cultivation.

Qingxue Futian said to Qingqiu Ziyi.

"So amazing?"

You Qianxue was shocked. Sister Qingqiu Ziyi could hopefully step into the realm of venerable. How could there be such a secret realm?

"Of course, it's only possible." Qingxue Futian sighed: "Unfortunately, for tens of thousands of years, there are not many women in my Qingxue family who have broken through the pinnacle of the Holy Master state. If there are three interested, I can bring three people. past."

You Qianxue and Ji Ruyue looked at each other and said, "Then there is Patriarch Lao Qingxue."

Ji Wuxue patted her forehead suddenly, these two fools, don't you see the intention of the Qingxue family?

"It doesn't matter." Qingxue Futian smiled and said, "Siyun, you take the three suzerain wives to the fairy bath."

"Yes." Qingxue Siyun stood up, her figure floating, like a fairy, and smiled: "Three sisters, please follow me."

Regarding age, Qingxue Siyun may not be the youngest, but at this moment she is definitely right to call Qianxue and the others as sisters.

"Dust, let's go to practice first." You Qianxue and Ji Ruyue said before leaving the hall.

"Si Lan, you take Sect Master Qin to the guest room to serve you well." Qingxue Futian said again, and then arranged for the female disciple to take Ji Wuxue back to rest.

"Haha, Patriarch Futian, I don't need it anymore. I still want to go to the outer hall to drink more." Ji Wuxue said with a smile, and went to the hall with a hip flask.

[Chapter 3653: relieve fatigue](#)

Soon, everyone in the inner hall left, after Qin Chen left.

The banquet seemed to have fallen into a strange atmosphere of silence because of Qin Chen's departure.

After a while, Qingxuedi suddenly said: "Futian, isn't it good for us to do this?"

Futian sighed and said: "The two elders, Futian knows that he did a little too much, but there is no way."

"Hey, if it is self-defeating and annoys the three suzerain wives, then I will be the sinner of Qingxue's family." Qingxuetian said bitterly. Qingxue Futian frowned and said: "It shouldn't be. I see the three suzerain wives, all of them are reasonable. What's more, everything depends on Qin's own meaning. My Qingxue family is not in a very good situation now. Let's talk about it, Qin. Sovereign may have already

It wasn't our intention to fall in love with Silan. Otherwise, why did he take Silan as a disciple and care about her so much. "

"Do you mean that Sect Master Qin has already taken a fancy to Silan?" "It should be." Qingxue Futian said: "Sect Master Qin followed Silan all the way back, and also solved the problems of Zhuge's family for our Qingxue family. As Sect Master Qin, why bother with Lan so much? Besides, didn't the two supreme elders notice?

Sect Master Qin seemed to have watched Si Lan several times at the dinner. "

"In that case, Sect Master Qin is really concerned about Silan, I'm just worried about those Sect Master ladies..."

"This should be okay. My Qingxue family doesn't want to compete with the three ladies for any status. Silan can be a small child."

Both Qingxuetian and Qingxuedi were silent, and asked their genius women from the Qingxue family to be Qin Chen's little girl, and they didn't even dispute their status, but they were wronged by Silan. "I know the hearts of the two supreme elders. If I were to be someone else, I would never let Silan do this, but Sect Master Qin is affectionate and righteous, and he is so kind to my Qingxue family. However, Silan seems right. Sect Master Qin is also a little longing and worshipping, she

It's a little girl, and sometimes doesn't understand her own thoughts, but as a father, I can see that Silan has a deep affection for Sect Master Qin. "

"I waited for this time, just let the flow go, and I don't have to have any results." Qingxue Futian shook his head.

Qingxuetian heard this and hesitated: "Qingxue Silan is still young after all, and his cultivation is not as good as the wives of the Sect Masters. Sect Master Qin is really interesting to Silan?"

Qingxue Futian smiled and said: "The two elders, men look at women, not only to see the cultivation level, but also to see the feeling, it feels coming, no matter how low the cultivation base is, it feels wrong, no matter how high it is, it is meaningless. "

Qingxuedi said with no good air: "Are you teaching the old man that he doesn't understand the way of men and women?" Qingxue Futian said: "How dare my disciple, but now my Qingxue family is weak, my ancestor is missing, and I'm still in the sword. In the mound, although the crisis of the ancient family and the three major families has been resolved, other forces are still eyeing, if one day a strong enemy strikes, what should I do? Ruo Silan can really achieve a marriage with him, and think about it. Lan and my Qingxue family are good, in fact, it is also good for Qin's clan. If my Qingxue family and the ten thousand clan can join hands, they will definitely become one.

A huge new force without fear of crisis. "

"Yes, I didn't expect my Qingxue family to have such a day." Qingxuetian sighed: "Fortunately, Silan has an admiration for Sect Master Qin. Otherwise, I would rather die than let me belong to Qingxue's family. The disciple did something like this."

Qingxue Futian smiled and said: "Don't worry, elder too, if Silan is not willing, I will not force it. I am Silan's father, and I don't want to exchange her happiness for the future of my Qingxue family."

Qin Chen walked around the manor under the leadership of Qingxue Silan, and the moonlight was like water, falling on the two of them, beautiful and misty, adding a bit of affection.

Qingxue Silan walked ahead, feeling Qin Chen next to her, her heart beating, her fingers pinched.

Qin Chen looked curiously at the ancestral land of the Qingxue family. The winding path was deep and deep, there were rays of light hidden deep in the ground, the sky was rising, and the holy spirit was engulfed. It was indeed a fairyland on earth.

The two of them walked on the small road, and after a short while, they came to a wing room. Silan opened the door and entered, making the bed and quilt, but it was a bit strange. On the way, Qin Chen kept asking Silan about some things around him, but for some reason, Qingxue Silan today looked a little shy. When answering Qin Chen's question, his voice trembled, his face flushed, and Qin Chen was making trouble. Not embarrassed

Speak more.

After everything was processed, Silan suddenly bowed and said, "Master, rest, and Silan will soak for you."

"Soak in water?"

Qin Chen was puzzled. Without waiting for him to speak, Si Lan hurriedly passed by him. It was the moonlight, and Qin Chen clearly saw that the roots of her ears were full of red.

Wow!

In the inner room, the sound of water was flowing, and after a while, Qingxue Silan's timid voice came from inside: "Master, the water is soaked, you can come to take a bath."

Qin Chen showed a strange look on his face, walked into the inner room, and saw Qingxue Silan's face flushed, her neck was pink, her head was shyly lowered, and she did not dare to look at Qin Chen.

In front of him, the bucket was filled with water, with some petals floating on it, and a faint fragrance lingered in the room, accompanied by the moonlight that came in, it was beautiful.

"Uh, Si Lan, you can go back and rest too." Qin Chen scratched his head and said, feeling a little flustered in his heart, not feeling right.

"Master, you have contributed to my Qingxue family today. You must be very tired. Father said that you must let the disciple take care of you and relieve your fatigue. And as a disciple, I hope that Master can not So tired."

Qingxue Silan said, actively pulling Qin Chen, leading him to the side of the bucket, and taking off his coat.

Qin Chen has been cultivating on his way these days. He is indeed a little tired. He nodded when he saw it. Maybe he had thought about it a lot and said, "Okay, then I will come by myself, and you can go out."

"Yes!"

Qingxue Silan sounded like a mosquito, and walked out with her head down.

Qin Chen took off his underwear and soaked in a bucket. This bucket was not ordinary boiling water, but some kind of nourishing medicinal solution. The whole body immediately evaporated, and the blood in the body began to circulate quickly, giving him a sense of comfort.

Just as Qin Chen closed his eyes and rested, preparing to sleep well here.

"Master, I'm here."

A soft, soft voice with a timid voice sounded, and then the door of the inner room opened with a creak, and Qingxue Silan, who had retreated before, walked in again.

Before Qin Chen could speak, Qingxue Silan had already come directly behind Qin Chen, half-kneeling, and then stretched out her hands to straighten Qin Chen's head, pointed her ten fingers up, and gently kneaded it.

"Master, I'll relieve your fatigue!" Qingxue Silan said shyly, all red to the root of her ears.

[Chapter 3654: What do you think of yourself](#)

Her hands were extremely soft, kneading Qin Chen lightly. Qin Chen was still a little unrelaxed, but her ten fingers, like white jade, gently kneaded on Qin Chen's chest, making Qin Chen feel very comfortable.

I have to say that Qingxue Silan's pounding skills are good. Qin Chen had been tired for a day and his body was very exhausted, but at this moment, he was dispelled by those slender fingers, making people feel like falling into the clouds, light and comfortable.

However, on this occasion, Silan was his disciple after all, which still made Qin Chen a little embarrassed.

After pinching for a while, Qin Chen said: "Si Lan, it's okay, no need to pinch, you can go back and rest."

"Master, did Silan feel uncomfortable?" Qingxue Silan lowered her head, her voice sounded like a mosquito, her eyes worried, as if she had done something wrong, Chu Chu was pitiful, tearful, almost crying.

Qin Chen was speechless, he didn't seem to say anything, right? Why is Silan about to cry?

He smiled bitterly: "Comfortable, very comfortable, but you are a disciple of the teacher, not the maid of the teacher, the master does not want to work so hard."

Qingxue Silan blushed, and then whispered: "Tu'er is happy to serve you, Master."

Qin Chen sighed slightly when he saw that Silan was so resolute. Fortunately, Qingxue Silan was only squeezing her body for herself, so she stopped talking and closed her eyes and calmed down.

Qingxue Silan pinched it very carefully, and gradually, Qin Chen slowly fell asleep under this comfortable feeling.

Suddenly, Qin Chen was awakened by the sound of rushing water. He opened his eyes and saw a graceful snow-white body clearly presented in front of him.

This is an incomparably perfect body, the skin is white, like white jade, crystal clear and flawless, the shirt is half-dissolved, and the jade body is full.

It was Qingxue Silan, her coat had faded away, she was wearing only an extremely thin garment, and her onion-like palm gently touched Qin Chen's chest, but she was embarrassed and she didn't know what to do. Start.

Seeing Qin Chen open his eyes at the moment, his eyes facing each other, he immediately lowered his head, his neck was pink, and he didn't dare to look at Qin Chen's eyes at all, feeling helpless, like a frightened little beast.

Wow!

Qin Chen stood up suddenly, looked surprised, and said, "What are you doing?"

The water splashed and fell on Qingxue Silan's body, and the thin clothes became more transparent, and you could even vaguely see the scenery inside.

"what!"

Qingxue Silan was also taken aback. Seeing Qin Chen's body after she stood up, she hurriedly closed her eyes in fright. She only felt that her mood could not be calm for a long time. This was the first time she saw something like that.

Qin Chen looked ugly, swish, he had left the tub, put on his clothes in a hurry, and went to the lobby outside, and said coldly, "Si Lan, put on your clothes and come out for me."

Qingxue Silan's face was pale, she put on her clothes, and came to the hall in a panic, saying, "Master."

Qin Chen was cold in his heart. He really meant to help the Qingxue family, but it was all to make his thoughts accessible, and the Qingxue family had the value of cooperation, not to mention Qingxue Silan. Still his own apprentice.

But who ever thought that Qingxue's family would do such a thing, let Qingxue Silan, such an immature girl to serve her, what did Qingxue Silan regard as? What do you think of yourself again?

Qin Chen's eyes were cold and stern, and his face was green, and he had already decided that if this matter was really done by Qingxue Futian and others, he would definitely scold him when he turned around, and severely punish him.

"Master, isn't the apprentice not doing well enough? It makes you angry, isn't it enough to change the apprentice?"

Qingxue Silan lowered her head and said in a panic, her fingers pinched the skirt unconsciously, making people feel pity. Seeing Qingxue Silan biting her thin lip, Qin Chen sighed in her heart, hating iron for not making steel, and swallowed it back with a stern scolding to his lips, and said: "Who asked you to do this? Is it your father Qingxue Futian, or you Qingxueshi

The elders of the family? ! "

"what?"

Qingxue Silan raised her head suspiciously.

"Who am I talking about asked you to serve me?" Qin Chen squinted.

"Master, this matter has nothing to do with my father and the elders, it is the disciple who wants to do it himself."

"Do this by myself?" Qin Chen stared at her eyes and laughed anxiously. She, a pure and immature girl, could do such a thing? Qingxue Silan now finally understands why Master is angry, and her heart is suddenly warm. It turns out that Master cares about me. She suddenly raised her head and straightened her body. There was a burning light in her eyes: "Master, this matter is indeed true. Disciple yourself

What to do. "

Her eyes bloomed with divine light: "Master, you are the benefactor of my Qingxue family, but I did this not only to repay Master's kindness, but to really like Master you, I am willing, willing to accompany Master and serve Master. "

Qin Chen was stunned at once, and his face sank: "Naughty, what do you know like like?" "Why don't I understand." Qingxue Silan said proudly, "I used to be carefree. I don't need to worry about anything. Grandpa and elder sister will help me solve any problems.

Clan is important, so I went to the West Heaven Realm instead of my sister, but on the way, I was attacked by the void bandits. At that time, Master, you saved me. "I don't know what's wrong with myself. I feel very happy these days with you, Master. It is the happiest day in my life. Later, Master, you and grandpa fell into the sword grave, and I just knew I can't live without a master in my world

, I thought about it for a long time, I think this is the legendary like, for the master, I can do anything. "

Qingxue Silan bit her lip: "I know that Master has Sister Qianxue and others, but I don't want to fight with Sister Qianxue and others. I just want to be with Master silently. That's enough."

Qin Chen was speechless, what's this all about. Speaking of this, Qingxue Silan looked at Qin Chen again with a resolute and resolute expression in her eyes: "I know that I am not as mature and charming as my sister, and I am not worthy of Master, so at the beginning, I want to introduce my sister to you. But later I

I know, even if your sister and Master are really together, I won't be happy myself, so...if you don't dislike Master, I can accompany you with your sister. "

"you really are....."

Qin Chen was in a cold sweat, now he really couldn't accept the thinking of young people more and more, staying with him with his sister? This is really... "Oh, Si Lan." Qin Chen shook his head and said, "You are not like like, it may be just a kind of attachment. Over the years, the Qingxue family has encountered too many things, so you have lost A sense of security, just for the appearance of the teacher, supplements the sense of security and attachment in your heart, so you foolishly think that you like me, but sometimes, this attachment is not like."

[Chapter 3655: what are you thinking](#)

"No master..." Qingxue Silan wanted to say something, but was interrupted by Qin Chen directly: "Okay, don't say anything. Today, if you hide this matter in your heart, just assume that nothing happened. After you grow up, you will understand that what you have

Said like is not really that kind of like. "Also, I don't know what your Qingxue family thinks. Since I, Qin Chen, helped you Qingxue family, I would naturally not stand idly by. However, I don't want you Qingxue family to win in other ways. I, you should understand me

Meaning, otherwise don't blame me for being ruthless. "Qin Chen shook his head and directly wanted to dispel the Qingxue family's thoughts.

Qingxue Silan's eyes turned red, tears rolled down, and she gritted her teeth and said: "Master, I will not give up, I will prove myself."

When the voice fell, Qingxue Silan hesitated for a while, and suddenly stood up and said: "And Master, I have grown very big, but you don't look at it, hum."

After Qingxue Silan said this, her face was red, and she dared not look at Qin Chen again, opened the door of Qin Chen's room with a squeak, and rushed out directly.

"Unexpectedly, you are a humanoid?" After Qingxue Silan left, a figure suddenly appeared next to Qin Chen. Su Xiaoxiao, full of body, sitting in the air, dangling his legs, Rao Looking at Qin Chen with interest, red lips biting a lollipop, sucking with relish

: "You **** demon is so kind?"

Qin Chen glanced at her, suddenly smiled coldly, raised his hand, oops, took Su Xiaoxiao off, then put her body on her lap and hit her with big hands. Body.

"Let you peep, you don't learn well in the young grade, what do you kid know about adults?"

Qin Chen slapped, Su Xiaoxiao suddenly yelled, struggling angrily, "You pervert, pervert, let go of me." On the other side, after Qingxue Silan left Qin Chen's room, She shed tears and left in a hurry. As soon as she left the courtyard, she saw a woman standing outside the courtyard. She was graceful and dressed in a hollow gauze, full of mature charm.

Those who were hesitant to enter Qin Chen's room were his sister Qingxue Siyun.

"sister....."

Qingxue Silan's blush was almost oozing blood, Qingxue Siyun looked at Qingxue Silan, was taken aback, and said unexpectedly: "Sister, why are you here?" Then she looked blushing. Looking at Qingxue Silan, she saw Qingxue Silan's messy hair and disheveled clothes. The clothes outside were just draped on her body, revealing the snow-white skin inside, with a red halo on top, holding a few pieces in her hands.

The clothes looked panic, and the clothes inside were soaked and pressed tightly to the body.

Her face was flushed, her beautiful eyes were full of tears, and the pear blossoms were raining, as if she had just cried.

"What did that guy do to you?"

Qingxue Siyun's originally ambiguous, hesitant, and crimson face instantly turned pale, and anger emerged in her eyes.

"I'm okay...this matter has nothing to do with the master?" Qingxue Silan shook her head shyly. "It doesn't matter, did she do that kind of thing to you, bastard." Qingxue Siyun gritted her teeth and said with an angry look that she was about to rush in. There was endless murderous intent on her body, but she had not rushed into the yard. Seems to think of something, body

But he shook suddenly and his face became slumped.

"Sister, sister, I..." Qingxue thought with a bitter face, and her Qingxue family now still depends on the ten thousand clan. If things really go wrong, it would be like a bolt from the blue for the Qingxue family. "Sister, it's really not what you think. It's because I actively wanted to serve Master, but I was rejected by Master, and I was educated." Qingxue Silan said silently: "Sister, why are you here? No, You dress like this, should you?

meeting....."

Qingxue Silan's eyes widened, "Did your father and the elders call you?"

Qingxue Siyun blushed in an instant, and said sternly, "I want to come myself."

"You want to come yourself? But didn't you say that you don't like Master?" Qingxue Silan asked in confusion.

"Sister, you are still young, don't understand, our Qingxue family is really in crisis now. Father and they work hard for the Qingxue family every day, and I want to do something, so..." Qingxue Siyun shook his head bitterly. "You all said that I am young, where am I young? Although your sister is older, I am not too young. However, sister, you don't need to go to Master. Not only will he not appreciate it, he will also be angry." Qingxue Silan stood tall, but

Later, she shook her head again, and said the previous thing again, but in the process of speaking, her face was flushed and embarrassed, and she even raised her face in embarrassment.

"This is real?"

Qingxue Siyun looked at Qingxue Silan in disbelief. Her sister has always been timid, so she would do such a thing?

What made her unbelievable the most was Qin Chen, she didn't even eat this kind of delicacy delivered to her lips? Is it still a man? She looked up and down Qingxue Silan, watched carefully, and saw that Qingxue Silan lowered her head in shame, her face flushed, but Qingxue Siyun could also see that although Qingxue Silan's clothes were messy, she was not affected. The assaulted

There is no trace of being ravaged.

"Is this guy really so honest? Or is he not good in some places?"

Qingxue Siyun questioned. Although Silan is a little more immature, she is definitely a big beauty. Even a girl who is as innocent and youthful as Silan is the type that some men dream of. Someone will be indifferent, and after listening to Silan's previous remarks, the two are more

In such an environment.

Until now Qingxue Siyun is a little unbelievable.

"Sister, what do you think."

Qingxue Silan stomped angrily.

The two looked at each other, they were all blushing, and they turned and left, and soon disappeared.

After the two left, a moment later, well, a figure appeared here, it was Ji Wuxue.

"Well, that kid Qin Chen, so honest?"

Ji Wuxue dragged her chin and asked in confusion. He didn't know when he was hiding nearby, and listened to the conversation between the two sisters firmly.

"However, that guy Qin Chen was a boring wood in his previous life, and he got along with Shangguan Xier day and night, and he didn't even notice Shangguan Xier using him. It's no wonder that he could do such a thing."

"And..." Ji Wuxue frowned, her eyes filled with shock: "According to Ji Ruyue, Qin Chen and her came here all the way from the Tianwu Continent. The two have been together for many years, and Ruyue has actually been there until now. He has no children, this guy...Isn't it bad in some places, right?"

[Chapter 3656: Hidden Ji Family](#)

"No, as an elder, I have to get to know it well."

Huh!

Ji Wuxue's figure shook and walked straight towards Qin Chen's residence. After a while, he came to the outside of Qin Chen's residence. He knew that Qingxue and Silan had already left, so he didn't shy away from it, so he opened the door and left. Go in.

"Papa Papa!"

"Let you dare to talk nonsense in the future."

Then Ji Wuxue saw a scene that made him dumbfounded. Qin Chen was carrying a graceful Lolita and hitting hard, although the clothes were separated, this scene still gave him a strong shock.

This taste is too heavy!

It is simply not suitable for children.

Su Xiaoxiao hurriedly raised his head and shouted: "Ji Wuxue, save me, Qin Chen, the big **** monster, is going to treat me wrong."

Sorry to your sister!

Qin Chen was even more angry, and crackled and pumped wildly.

"Ahem, excuse me, I will come again later."

Ji Wuxue turned around and left.

Su Xiaoxiao is rescued for justice? Stop it, maybe it's fun.

Qin Chen looked ugly, picked up Su Xiaoxiao, and threw it into the Universe Good Fortune Jade Disc, blocking the Universe Good Fortune Jade Disc, preventing this guy from getting out of it inexplicably, and coldly snorted: "Go in well. Introspect."

Then facing Ji Wuxue speechlessly: "Come back."

Ji Wuxue stopped and coughed dryly: "Go on, you continue, just as if I have never been here."

He felt guilty in his heart, and when he was done, he would not be murdered if he saw something that he shouldn't have seen?

"Okay, just pretend, sit down." Qin Chen said silently, "It shouldn't be an accident that you came here?"

Ji Wuxue stopped and smiled, "Isn't this my great granddaughter is your woman now? As a grandfather, I should always consider my own happiness for the great granddaughter."

"Come on, are you that kind of person?" Qin Chen sneered. "But I didn't expect that Qingxue Shijia cares so much about you and gave you the two sisters of Qingxue Silan and Qingxue Siyun together, but you are not at all moved? Tsk, these two Although people are not twins, they are

Each has its own flavor. I am afraid that ordinary people can't control it long ago, right? "

Ji Wuxue smiled and said: "No, you are not an ordinary person, Qin Chen, I didn't expect to see you in hundreds of years. Your taste has changed. You actually like Shangqi Ling. I don't know if Ruyue knows this." "Qin Chen was speechless, "Okay, let alone some of these are gone, now this Qingxue family should be safe too. I went to the Qingxue family's library before the day, but found that there is no record about your Ji. Family affairs, you Ji

Isn't home a force in the Southern Heaven Realm? "

Qin Chen frowned and asked.

"Ji Family, it is indeed the power of the Southern Heaven Realm, but that was a long time ago..." Ji Wuxue said with a smile, "But I can't tell you too much about the Ji Family." See Qin Chen showed doubts, Ji Wuxue said: "It's not that I don't tell you, but our Ji family's affairs, which are very secretive. Any disciple must not claim to be a disciple of the Ji family, and this time we are sneaking away. from, Once we tell about the Ji family, we will be sensed by those old things in the family, and we will be in trouble. "

Old stuff? It should be some senior experts in the Ji family.

Qin Chen's eyes condensed. With Ji Wuxue's current strength, he would be afraid of some senior experts in the Ji family. This is completely unreasonable, unless the opponent is a venerable figure.

Moreover, Ji Wuxue also said that those old things, are there many masters in the Ji family? Qin Chen's heart immediately condensed, this is an incredible message. It should be noted that the Zhuge family and the Qingxue family only have one master master, and they are already one of the two top powers in the Southern Heaven Realm, while the Ji family has many master masters. This kind of power is absolutely in the heavens. Not waiting, at least that

These ancient top forces.

For example, such forces as the Star God Palace, Dayu Shenshan, and Tiangong have more than one master master, and there are also top masters above the human master.

Although Ji Wuxue didn't say anything, Qin Chen learned something about Ji's family from some of Ji Wuxue's words.

"Qin Chen, when are we going to leave after solving the Qingxue family's affairs?"

Ji Wuxue asked, with the strength of the Qingxue family and the ten thousand clan, it is not difficult to solve some of the forces around the Qingxue family.

"It shouldn't be long. After the matter here is resolved, I am going to visit the Zhuge family first, and then rush back to the Eastern Heaven Realm."

Qin Chen said that Palace Master Yaomie categorically did not dare to return to the Eastern Heaven Realm, but Qin Chen felt a vague sense of anxiety in his heart, and he was worried about Chendi Pavilion.

His perception is very keen, and he has cultivated the way of destiny. This kind of uneasiness was not born out of thin air, but certain forces must be eyeing Chendi Pavilion.

Could it be forces such as the Star God Palace?

There is only one possibility, and this is also the reason why Qin Chen deliberately let out the wind in the Qingxue family, trying to attract the attention of some forces, so that they can divert their attention from the Eastern Heaven Realm and delay the Chendi Pavilion for some time.

Fortunately, the Star God Palace and other forces are not outside the four heavens, and the Venerable Star Destroyer and others who sit near the four heavens have all fallen, so no matter where they go to the four heavens, a certain amount is required. time.

While Qin Chen was thinking.

At this moment, there is a void in the snowy area of the Qingxue family.

A group of top masters are lurking here, these are a few half-step venerable masters, exuding a vigorous aura, hidden outside the wind and snow domain.

"Huh, ancestor Jiang, I didn't expect you to come." One of the masters said to an old man with gray beard.

"Haha, Sect Master Xu, aren't you the same?"

These masters are the ancestors of some of the top powers near the Qingxue family, hiding in this snowy field at the moment, exuding a terrifying aura.

"Several people, these tens of thousands of races are too arrogant, how many come here, don't they want to surrender to the Qingxue family?"

Someone said gloomily. "Just kidding, how can I surrender to the Qingxue family? Today, the Qingxue family has lost the Qingxue Guhua ancestor. Even if it is united with the ten thousand clan, how can I control so many regions? Waiting for three days to leave, wishful thinking

, I'm waiting to come, just want to investigate the specific situation of the other party, if this Qingxue family really dared to do it, this seat will not make them feel better. "

An old man sneered. When everyone heard it, they all sneered secretly, making the ten thousand races feel better? It's just a matter of letting go. They came here because they were shaken by the three major forces of the ancient family for a long time. They secretly observed to see if the Qingxue family continued to send out the big

The army's plan is to make preparations in time so that it can slip away at the first time.

Of course, no one broke.

"Ten Thousand Clan Sect? When did such a force appear in my Southern Heaven Realm?" At this moment, a cold voice suddenly echoed across the world. The next moment, an old figure suddenly appeared in several places. Among the Venerable Half-Step, the weird whereabouts and the terrifying aura surprised the Venerable Half-Step.

[Chapter 3657: Chaos Poison Lord](#)

This is a skinny old man exuding a terrible aura, with a very disgusting pustule on his face, and a breath of astonishing venerable surging all over his body. All around him, the light is constantly being swallowed, as if an invisible black hole has been formed.

Take everything around you.

boom!

He just stood here, full of blood and energy, and enveloped the many top experts present here, as if facing a dark scorching sun, there was a sense of suffocation that could not be breathed.

"who?"

Everyone present was shocked, and the hair was horrified at this moment. They are all the top masters of some nearby forces, with tyrannical aura, extraordinary strength, and venomous and sophisticated methods. They are also some veteran masters, but now, this person quietly appeared here, and none of them noticed until the other side appeared.

After speaking, it reflected, and my whole body suddenly became cold.

This is a little bit confusing.

Especially the breath of the opponent's body enveloped every master in the room, making everyone chill out, and the soul trembling, as if facing a sinister and evil disgusting thing.

"Who is your excellency?" The ancestor of the Jiang family said in a deep voice, the other party's aura exuded a strong poisonous gas, which shocked him, when did such a master appear near the snowy region? Moreover, Nengshen appeared near them without knowing it, if the other

If they start secretly, they are probably in danger.

"Hmph, you talk a lot." The skinny old man grinned and suddenly raised his hand. A vicious dark palm suddenly swept towards the ancestor of the Jiang family. It was ghostly and corroded the void. The speed was so fast that he came to Jiang in an instant. In front of the ancestors, many half-step venerables present

The naked eye is too late to catch it.

"not good!"

The ancestors of the Jiang family were shocked. Dense goose bumps appeared on the skin of his body, standing upside down all over his body, and a strong sense of danger rose in his heart.

He did not hesitate, the sacred element of the half-step martial arts in his body was released suddenly, forming a set of sacred element shield on the body surface, and at the same time a black spar appeared in his hand. .

"Senior calmed down and didn't intend to offend..."

At the same time, he yelled in panic and struck out with a punch, trying to resist the attack of the skinny old man.

"Oh, dare to resist."

The skinny old man sneered, and his claws just grabbed and shot down. In the Jiang family ancestor's enchantment, like no one, quickly fell, and with a bang, the strength of the enchantment burst like a soap bubble. With a click, the dark palm of the hand directly smashed the body guard Saint Yuan in front of the ancestor of the Jiang family, and collided with his fist. With a bang, the sound of bone fragmentation was heard clearly, and the ancestor of the Jiang family's right arm was instantly twisted Burst, and the skinny old man's

The pitch-black palm grabbed his head like an eagle's claw.

An insidious atmosphere like tentacles enveloped the Jiang family ancestors.

"Senior forgive me." The ancestor of the Jiang family cried out in horror.

"Spare? Let's talk about what happened to the Qingxue family. I heard that the ancestor of the Qingxue family, Qingxue Guhua, fell short ago. Is it true?"

The skinny old man smiled grinningly, carrying the ancestor of the Jiang family as if carrying a chicken. The skin on the ancestor of the Jiang family began to corrode, like burning candle oil, where it was held by his five fingers. drop.

Venerable, this is definitely a master of the noble state.

Many people saw this scene of scalp tingling, and everyone was panicked.

Where is the Venerable Master? Haven't the ancestors of the Qingxue family and the Zhuge family have fallen?

boom!

The many masters who were originally hidden in the void, retreated crazily, and were about to flee here. day!

Where is a noble master, everyone has a numb scalp and dare not stay here any longer.

"This group of bastards, it's so unreasonable."

Seeing this scene, the ancestors of the Jiang family were almost dizzy and pale.

"Want to go, have you asked the deity?" The skinny old man grinned and boomed, and a dark green airflow suddenly rose up between the four directions of heaven and earth. These airflows carried the atmosphere of suppressing the heaven and formed a dark green curtain. , Shrouded this world of heaven and earth, in

Many masters in the field touched the dark green air flow, and suddenly uttered a scream, their expressions were terrified, and they saw that they touched the dark green air flow, and their flesh began to corrode. This dark green air current contains the supreme power of heaven and earth. It touches their skin, even if it is stained, it instantly penetrates into their flesh, corroding their rules, and they cannot resist it with their half-step martial arts cultivation base.

No matter how powerful the rules are, under this corrosive force, they all begin to disintegrate and collapse.

"You are... Chaos Poison Venerable?"

Feeling this toxin, one of the old men seemed to have thought of something, said in horror, and looked at the skinny old man in disbelief.

When the others heard the name, they were all startled, and their eyes showed horror. The figures that had fled originally stopped one after another, and each of them seemed to have roots under their feet, unable to move.

"Quack, I don't think that many people in the Southern Heaven Realm have heard of the old man's name."

The skinny old man said grimly.

"It turned out to be Senior Chaos Poison Sovereign. I have no idea about Mount Tai, so I ask Senior to forgive me."

These powerhouses said in horror, with incredible expression in their eyes.

This Chaos Poison Venerable, in the Southern Heaven Realm, is actually quite famous, and can be regarded as a celebrity.

Tens of thousands of years ago, this man was a casual cultivator in the Southern Heaven Realm. Although he was only a late-stage holy lord, he was a chivalrous man and was very nosy, and had a good reputation in the Southern Heaven Realm.

But it was because he was too nosy, that caused him to offend a certain top power in the Southern Heaven Realm, and was chased by that top power, almost lost his life, and finally escaped in embarrassment.

And that top power also ordered Chaos Poison Venerable to be wanted in the Southern Heaven Realm.

In order to escape the chase of the other forces, Chaos Poison Venerable had no choice but to go to the battlefield of ten thousand races and became a human warrior on the battlefield of ten thousand races, but he was also insulted and inconspicuous. But who would have thought that this Chaos Poison Venerable was very lucky. During the First World War, a relic inherited from the ancients was found in the battlefield of the Ten Thousand Races. This Chaos Poison Venerable was just at the center of the war and was involved in the ruins, and Got the ruins

A piece of treasure.

A chaotic fruit of ancient times. The fruit of chaos is the fruit formed by absorbing the power of ancient chaos and the aura of heaven and earth when the world was opened up. Every chaos fruit has terrible power and contains chaotic power. The poisonous chaos obtained this chaos fruit.

Later, in order to prevent being plundered by others, he swallowed it on the spot. And relying on a chaos fruit, Chaos Poison Venerable actually broke through to the realm of Venerable.

[Chapter 3658: Handsome man](#)

At this time, the Poison Master Chaos immediately became famous on the battlefield of ten thousand races, and everyone was extremely envious of this lucky one.

After all, the Chaos Fruit is powerful, but not anyone can directly break through the realm of the Venerable by swallowing the Chaos Fruit, and the effects of different soul poison fruits are naturally different.

But what everyone did not expect was that although the chaotic fruit swallowed by the Poisonous Chaos Venerable was powerful, it contained some special poison.

Although the Chaos Fruit allowed his cultivation to break through, it also allowed the toxin to penetrate into his body, unable to drive it away.

Chaos Poison Sovereign was originally a beautiful and graceful man, but because of the toxins contained in this Chaos Fruit, he was completely unrecognizable. Not only was he disfigured, but even his appearance became extremely terrifying.

That's all right, this chaotic fruit also caused his body to undergo drastic changes, turning into a human and ghost, and suffering from astonishing pain every day and night, and his personality became extremely extreme.

Chaos Poison Venerable, who broke through the realm of the Venerable, returned to the Southern Heaven Realm for the first time, launching cruel revenge against the top forces in the Southern Heaven Realm who wanted him in the first place. At that time, he was being invaded by the toxin of Chaos Fruit. He was completely unrecognizable and his personality became extremely hideous. Not only did he kill all the top forces in the realm of that day, with fierce methods, but also spread the flames of war to other forces in the Southern Heaven Realm, and even spread to it.

In the Qingxue family.

This immediately angered the Qingxue family and warned them.

Unexpectedly, Chaos Poison Venerable was fearless and did not constrain at all. This immediately angered the Qingxue Guhua ancestor, who shot on the spot and suppressed the Chaos Poison Venerable. Although Chaos Poison Venerable used the Chaos Fruit to break through the realm of the Venerable, but he was invaded by toxins. Compared with the average Venerable, his cultivation base was weaker. How could he be the opponent of the veteran Qingxue Guhua? Seriously injured, fled in embarrassment, and in

The Southern Heaven Realm disappeared.

This is an extremely sensational event in the Southern Heaven Realm in the past 100,000 years, and it is naturally known by many masters. Later, someone heard about Chaos Poison Venerable elsewhere in the heavens. Over the years, he seems to have been looking for a solution to his own toxins. He also appeared on the battlefield of ten thousand races several times, but more than 30,000 years ago, Chaos Poison

Zun's news disappeared completely.

Many people say that Chaos Poison Venerable has died, some say that he was beheaded by the demons, and some even said that he was invaded by toxins and became a poisonous person. In particular, the ancestor of Qingxue Guhua has never made another move since that time. In recent years, it has completely disappeared. Many forces in the Southern Heaven Realm suspect that the ancestor of Qingxue Guhua has sat down, and Chaos Poison Venerable is here. Wait for the news, no

I had come to look for the Qingxue family, which proved this guess.

But who ever thought, Chaos Poison Venerable actually came back.

After so many years, he didn't even die? "Since you know the old man, it's easy to say, what happened to the Qingxue Guhua family? I heard that Qingxue Guhua's old thing has died in the sword tomb. You are all top people around the Qingxue family. Power? Sneaky hide

Here, why not attack the Qingxue family, what's the secret? "

Chaos Poison Sovereign stared at the group of people in front of him, and said coldly.

The ancestors of the Jiang family and others were in the shock of the arrival of the Chaos Poison Venerable. Now that they heard the Chaos Poison Venerable's inquiry, they did not dare to neglect, and immediately informed the Qingxue family of what happened.

"Oh? Ten thousand clan families? The combined forces in the Tiandang Mountains outside the sword tomb? Their suzerain is Qin Chen, who was chased by Venerable Star Destroyer and others in the sword tomb? It's kind of interesting." After thinking about it, his face showed a hideous look: "Unexpectedly, the Qingxue family's luck is really good. This is the case. There are people who dare to take action for the Qingxue family. However, just a few half-step martial arts, even if No matter how strong,

In front of the old man, nothing more than ants. "

Chaos Poison Sovereign sneered. "Master Chaos Poison Venerable, you are right. In front of you, the Ten Thousand Clan Clan and others are ants. As you know, my lord has long been oppressed by the Qingxue family. This time, it is To take this opportunity, to the Qingxue family

In the crusade, if you have an adult, everything will be fine. I will wait for you to attack Qingxue and go home. "

The skin on the face of the ancestors of the Jiang family was corroded, and his expression was painful, but he did not dare to resist and said in fear.

The ancestors of other top forces also had their eyes flickering and each had their own thoughts. Chaos Poison Venerable is the Venerable. Although it seems that the state is not very good and his body is corroded by countless toxins, the Venerable is the Venerable. When he raises his hand, he will suppress them. As long as the Chaos Poison Venerable is in front, it will definitely be able to Conquer the Qingxue family to

Didn't the entire Qingxue family let them search?

"Before the saddle?"

Venerable Chaos Poison looked at these people with a grin, and said with a sneer: "You mean, do you want to submit to the deity?"

"This....."

The eyes of the ancestors of several major forces flickered, and then Sect Master Xu chuckled and said: "Senior Chaos Venerable, what I mean by waiting is to form an army to defeat the Qingxue family, and the predecessor is the general leader to deal with the Qingxue family. "

"Bang!" Before Sect Master Xu's words were finished, Chaos Poison Sovereign suddenly shot, and instantly picked up Sect Master Xu. The ancestor of a top power in the Southern Heaven Realm, Half Step Sovereign, was like a small Like a chicken, so carried by Chaos Poison Venerable, his face

Full of fear, there is no resistance.

"Are you an idiot as an old man?"

Chaos Poison Lord sneered, regard him as the leader? Didn't you want him to be the vanguard to conquer the Qingxue family, and then they would share food behind the ass?

ridiculous.

How can there be such a good thing?

"Senior Chaos Poison, misunderstanding, is this a misunderstanding?"

Sect Master Xu yelled in amazement.

boom!

This Sect Master Xu was instantly blasted out by the Primal Chaos Lord, with a click, his sternum cracked, and a mouthful of blood was spurted out, his expression wilted.

"For the sake of the old man's good mood, I will spare your life, but the death penalty can escape, the living sin is inevitable. Hand over all the storage rings on your body, and then go away."

The ancestors of the top powers sank, and what they feared the most finally happened. In the storage ring, there are most of the treasures of their top powers. People like them don't trust anyone at all. Some of the treasures in the power will be hidden, but most of the treasures will be brought with them. If

Losing the storage ring means that half of the treasures in the entire force will be plundered.

"Master Chaos Poison, we..."

Some strong people want to speak quickly.

boom! As soon as his words fell, he was blasted out by Chaos Poison Venerable, slammed into the void on the side, and spouted a mouthful of blood.

[Chapter 3659: A group of old foxes](#)

"Don't talk too much nonsense, I don't like to listen to nonsense, hand over treasures, live, otherwise, die."

Chaos Poison Venerable said indifferently, his voice was not loud, and his tone was not so sharp, but it made everyone's heart tremble.

This is the master of the venerable realm, the chaotic poisonous master is just a coincidence, the most common master of the venerable, but even so, it is not their half-step martial masters that can disobey.

"Senior, I am willing to surrender the treasure and ask Senior to give me a way out."

At this moment, the ancestor of the Jiang family, who was pinched by Chaos Poison Venerable, finally couldn't help but shouted in pain, and handed out his storage ring for the first time.

"Huh, it's almost the same." Chaos Poison Sovereign threw the opponent to the ground. There were five deep black fingerprints on his face, poisonous gas, his face was corroded, and even the white bones on his face were clearly visible. Healed in a hurry, suppressed the poisonous gas, finally

Only stopped the spread of poisonous gas.

When the others saw this, they were all helpless and had to hand over all the storage rings on their bodies.

"Okay, you know the current affairs, get out of here!"

Chaos Poison Venerable laughed grinningly, his figure shook, and suddenly disappeared here, rushing towards the ancestral land of the Qingxue family in the wind and snow, and disappeared into the sky in the blink of an eye.

After Chaos Poison Sovereign left, the other people's faces showed anger and unwillingness.

The treasures in their bodies are all the hard work of their forces over the years, and they didn't expect to be looted by Chaos Poison Venerable all at once, so there is no resentment in their hearts.

"Everyone, Chaos Poison Venerable has gone to the Qingxue Family. With the Chaos Poison Venerable's strength, that ten thousand clan can't resist at all. Now the Qingxue Family, I'm afraid that we don't have our part. Let me leave first?"

Several holes were corroded on the face of the ancestors of the Jiang family. Although the toxins were prevented from invading, the injuries could not be cured in a short time. His expression was extremely terrifying, he said with a cold voice.

"Farewell to this seat."

"Huh, you all go well."

Whoosh whoosh!

This group of masters turned and left one after another, and soon disappeared in the void, but not long after everyone disappeared, a few moments later, a few sneaky figures suddenly stood nearby.

It is the ancestors of the major forces who have left before.

After they went around for a while, they ran back again, and when they met each other here, their faces were instantly embarrassed.

"Old Ancestor Jiang, you are not in a hurry to go back to heal your injuries, why are you back again?"

"Sect Master Xu, are you different?"

"Master Lao, are you here too?"

When these people saw each other, they all said with a smile, but they all scolded the old fox in their hearts. Although Chaos Poison Venerable went to the Qingxue family, he was only one person after all. Even if he conquered the Qingxue family, he would only take away some treasures that could be taken away. However, many properties of the Qingxue family could not be brought. Go, then

Whenever one of their major forces can take the initiative first, they will be able to get more benefits ahead of others.

Originally, they all wanted to come back sneakily. Unexpectedly, everyone was holding such thoughts, and the depression in their hearts can be imagined.

Now that everyone thinks so, everyone no longer pretends, and now flies towards the interior of the Snowstorm Region together, all wanting to know the first-hand information between the Chaos Poison Venerable and the Qingxue Family for the first time.

"cough!"

In the endless void, the Primordial Poison Venerable Chaos flew by while coughing out the dark blood. The blood, with terrible venom, corroded the void in the opening, and the face of the Primordial Poison Venerable became extremely gloomy. "It's troublesome, the toxin is getting more and more terrifying. If this continues, it will not be long before the origin in my body will completely collapse, and the chaos will become more and more powerful. You can only look at Qingxue this time. In the treasure house of the family, there are

There are no treasures left. Given that Qingxue Guhua has been in the Southern Heaven Realm for so many years, maybe there is something good that can treat my toxin. "

Chaos Poison Venerable wiped the blood from the corner of his mouth, embarrassed, his eyes were cold, like a cold star in the night sky, his speed is extremely fast, and in an instant, he has approached the ancestral land of the Qingxue family and spied on the Qingxue family's Headquarters mansion.

"Huh, what ten thousand clan sects, let's take it down first."

Chaos Poison Sovereign sneered, without stopping, the palm of his hand facing the Qingxue family ancestral land below crashed down.

boom!

A dark palm gleaming with a cold and mighty divine light, like a sacred mountain, it crashed down towards the Qingxue family mansion below.

"Ok?"

In the Qingxue family mansion, Qin Chen, who was discussing the next ten thousand clan plan with Ji Wuxue, suddenly felt a strong heart palpitations. The next moment, his face changed drastically, and his figure suddenly rose to the sky. Up.

Boom boom boom!

Not only Qin Chen, but the countless top masters in the Qingxue family also felt this terrifying aura and appeared outside the mansion one after another, and then they saw the vast sky-reaching palm. The cover fell down.

The palm of this side is extremely huge, like a star descending from the sky, with a billowing chaotic aura. The lines on the palms are instantly magnified, shining with vast divine light, tearing the void and suppressing it.

Hum!

The next moment, in the ancestral land of the Qingxue family, a series of terrible arrays of light suddenly rose up, the array of light was magnificent, and the rays of the sky were vast, forming a vast array of patterns, wandering among the mountains.

It is the guardian formation of the Qingxue family.

☞! The huge palm of the hand fell on the world of the guardian formation, and the sky suddenly roared loudly, endless rainbow light bloomed, the whole mansion was roaring, banging, some buildings on the edge, bursting to pieces, countless painful groans Sound, no

The disciple of Shao Qingxue's family rushed out of the ruins in pain, looking up to the sky in horror.

In the sky, a dark figure stood proudly like a **** of night, with a terrifying rainbow all over his body, staring below, with all the brilliance in his eyes, like a dragon looking down on an ant.

He raised his big hand, and in his palm, the dark green breath swept away like tentacles, which should fall on the ancestral formation of the Qingxue family.

Click!

Under the dark green aura, the ancestral formation of the Qingxue family continued to make cracking noises. On the mask, the formations continued to crack, corroding tiny gaps.

"what is this?"

Everyone was shocked and unbelievable. The Qingxue family and even the many masters of the Ten Thousand Clan sect were also shocked and furious. It should be noted that the guardian formation of the Qingxue family is extremely tyrannical. After all, it is a once-Venerable power. After countless years of reinforcement by the many masters of the Qingxue family, it is extremely powerful. Even an ordinary master can not be able to do so in a short time. Break open, but

This sudden appearance of the master eroded the Qingxue family's guardian formation in a twelfth hour. How not shocking?

"Is it him, Chaos Poison Venerable?" Next to Qin Chen, Qing Xuetician and other masters also appeared. He raised his head to look at the figure in the sky, and suddenly said in disbelief.

[Chapter 3660: Broke too fast](#)

Chaos Poison Lord?

Qin Chen and the others were shocked. Hearing this title, he was obviously a master of noble level.

Qin Chen raised his head, and he really felt the terrible energy surging in the Poison Venerable Chaos. The vast Venerable aura suppressed the world, giving people a strong sense of jealousy, as if the world was surrendering under his feet. However, what puzzled Qin Chen was that the aura of the venerable on this person seemed to be suppressed, without the carefreeness of venerable masters such as Yeguang, and even the weight of Zhuge Rulong and Qingxue Guhua. There is no sense, in comparison

, There seems to be some flaws.

However, its essential core power is extremely terrifying, not only better than Venerable Yeguang and Venerable Star Desire, but even better than veterans such as Zhuge Rulong and Qingxue Guhua who have lived for thousands of years. It's terrible.

These two strong senses of drop made Qin Chen frown, and a nobleman would have these two completely different auras. At the same time, Qin Chen's gaze also fell on the dark green aura displayed by the other party. This aura was terrifying. Even the regular avenues of the heavens could not withstand the forces above and were quickly corroded, and the Qingxue family Guardian

The formation is also unable to withstand such a force, constantly corroding the gap in the debut.

"It's some kind of poisonous breath and rules."

Qin Chen frowned, and the Heavenly Poison Entropy Fire in his body, after sensing the dark green aura, he felt eager to try but somewhat jealous, and he became a little excited.

How is this going?

Qin Chen was puzzled and looked at Qing Xuetian and the others: "Who is this Poisonous Poison Venerable Chaos?"

"Sect Master Qin, this person is a master of my Southern Heaven Realm. He once had grievances with my Qingxue family..."

Qingxue Futian immediately stepped forward to explain, and told Qin Chen about Chaos Poison Venerable.

Boom boom boom!

At this moment, all the masters in the Qingxue family rose up, Qingxue Silan and Qingxue Siyun also flew up, came to Qin Chen and the others, saw Qin Chen, Qingxue Siyun and Qing There was a trace of blush on Xue Silan's face.

"Swish swish." You Qianxue and Ji Ruyue also flew from the back mountains of the Qingxue family and appeared beside Qin Chen. They looked at Qingxue Siyun and Qingxue Silan with blushing expressions. Flickered, but didn't say anything, but looked into the sky

That figure of. "I haven't seen it for many years. I didn't expect that I would still have the opportunity to see Senior Chaos Poison Sovereign today. I was fortunate in the next three lives. I just don't know why the senior did it to my Qingxue family?" , Immediately go forward

Said the hand.

"Haha, are you the ruler of the Qingxue family? Let the old Qingxue Guhua come to see me."

Chaos Poison Sovereign glanced at Qingxuetician, laughed, disdainfully said. "Senior, my Qingxue Guhua ancestor is retreating in a certain place, and I am forgiven that I cannot meet each other. If Senior Chaos Poison Venerable asks my Qingxue family to discuss something, I can speak, my Qingxue family is willing to welcome each other on the couch and share with Senior Discuss, why use force.

"Haha, retreat somewhere?" I said you guys from the Qingxue family are really idiots? The deity came here specifically when he heard that the old thing Qingxue Guhua was dead, now it seems that the old thing Qingxue Guhua is really dead.

That being the case, your Qingxue family deity laughed. "

boom!

Chaos Poison Venerable laughed, his body suddenly surging with the terrifying dark green Venerable aura, which was suddenly suppressed on the Qingxue Family Ancient Formation below.

Click! Click!

The ancient formation shook violently, suddenly bursting into countless cracks, there was a feeling that it was about to burst on the spot, the formation of the Qingxue family could not resist the opponent's attack at all.

how is this possible? Qingxuetian and others lost their voices. The great formation of their Qingxue family has gone through countless years, and has been blessed by countless generations of ancestors. Even if Zhuge Rulong and other veteran masters come, they can easily break open. In front of this chaotic poisonous master, unexpectedly

However, it started to break so easily, which shocked them.

"Qin Chen, this power is very special, it seems that it can corrode the essence of the formation, so it can easily destroy the formation of the Qingxue family. If this continues, the formation of the Qingxue family will not last long, and I am afraid it will break."

Ji Wuxue frowned, her face solemn, he was a master of formation, and he could naturally see many clues. "You can see it too? The power of this Poisonous Chaos Venerable is very special. The ordinary Venerables want to break through the formation, but use a powerful force to break open, but the Holy Yuan displayed by the Poisonous Chaos Venerable can actually corrode. Everything in the world directly corrodes

The core of the Array Dao, so the effect is at least several times stronger than that of ordinary venerables. Is it a certain poison rule? "

Qin Chen's eyes were gloomy.

In the distance in the void, the top experts of the Southern Heaven Realm who had left before also saw this scene, and their eyes showed shock.

"Senior Chaos Poison Sovereign is really powerful. The Qingxue family's big formation is the top-level formation. If I wait for a shot, it will even take a lot of time to get rid of it, so Senior Chaos Poison Sovereign can break open so easily?"

Everyone was shocked and excited, with a gloomy light in their eyes.

As long as Chaos Poison Venerable can break open the Qingxue family's large array, wouldn't the people in the Qingxue family be left to their disposal by then?

Many people have a gloomy light in their eyes.

"metropolitan!"

Under the formation, the Lion and Tiger Demon Lord, the Blue Elephant King and others quickly came to Qin Chen with solemn eyes, looking at Qin Chen.

Venerable masters, they have also seen in the land of the sword tomb, they are much stronger than their half-step venerables, a master of veneration, even if they join hands, they may not be able to resist.

This is an essential gap, and it cannot be easily achieved by relying on the number of people.

"Go, follow me up."

Qin Chen's eyes were cold and sharp, and he flew forward.

"metropolitan?"

The liger demon masters are all solemn.

"What are you afraid of? A Venerable, are so many of us afraid of him?"

Ji Wuxue sneered, her eyes gleaming faintly, and there was another fight, hehe, really excited.

"Go, let's go out too."

Qingxuetian and Qingxuedi's eyes flashed, naturally they wouldn't let Qin Chen go out, and they all followed.

"Your Excellency, this is the ancestral land of the Qingxue family. Please give me the face of the Ten Thousand Clan Clan, stop the attack, and discuss everything."

Under the formation, Qin Chen stopped and said Hong.

"Ten Thousand Clan Sects?" Chaos Poison Venerable stared at Qin Chen and the others, slightly surprised, because there were more than a dozen Half-Step Venerables beside Qin Chen, and each of them exuded a terrible aura. And, many of the half-steps are not flowing

The breath of the Qingxue family, when did there be so many half-step venerables in the Southern Heaven Realm?

"You are the Qin Chen of the Ten Thousand Clan Sect? It's kind of interesting. The person who broke into the sword tomb but is still alive is said to be able to fight against the old Zhuge Rulong of the Zhuge family for a while. The deity wants to see if you have any What can you do?" Chaos Poison Venerable didn't pay attention to Qin Chen at all, and the attack became more fierce. The large array shook violently, and it might be destroyed at any time.
