

Valkyrie 3661

[Chapter 3661: Eat me again](#)

"Qin Chen, don't talk nonsense with him, this class of people will ignore me."

Ji Wuxue sneered.

Qin Chen's eyes were cold. In that case, instead of waiting until the big formation was broken, he would do it now.

"kill!"

With a cold drink, Qin Chen took the initiative to attack, booming, endless terrifying sword aura surged from his body, buzzing, the mysterious Rust Sword appeared in his hand, facing the Chaos Poison Venerable in the sky with a sword directly Cut it out.

"Boom!" In Qin Chen's body, a variety of sword intents filled out, immortal sword intent, death sword intent, fire sword intent, immortal sword intent, eternal sword intent, eternal sword intent, destiny sword intent, and many others. The top sword intent obtained from the sword mound is integrated into the mysterious rust sword

, The terrifying sword intent soared to the sky, and the sword spirit was above the clouds.

Wow!

The origin supernatural power was urged by Qin Chen. At this moment, the power of Qin Chen's body lingered in the endless space, and the mysterious rust sword bloomed with a rainbow in his hand, making a violent sound, and blasting a dazzling glow.

puff!

Sword Qi soared to the sky, slashing towards Chaos Poison Sovereign. And at the moment Qin Chen started his hand, Ji Wuxue also laughed, shaking his figure, and attacking Chaos Poison Sovereign brazenly, not only Ji Wuxue, but also the Liger Demon Lord, You Qianxue, Ji Ruyue, Qingxuetian, etc. People, all shot, in an instant, no

The power of the poor Half-Step Venerable merged like a vast ocean, and slashed at the Chaos Poison Venerable.

what?

In the distance, people from all major forces were almost confused. Are Qin Chen and the others crazy? How dare to take the initiative? And it was crazy to shoot against a sage.

"Really looking for death, do you think that more people can deal with the deity?"

The one who angered the most was Primal Poison Venerable Chaos. He didn't expect that Qin Chen and the others would attack his dignified Venerable. This simply didn't put him in the eyes.

"Humph!" Chaos Poison Venerable snorted coldly. He also heard about Qin Chen's greatness, but he didn't care at all. A kid who was chased by Zhuge Rulong was just as dead in front of him. Boom, he
There was a dark green breath in the body, this breath

The breath turned into a huge palm and rushed towards Qin Chen like a ant.

Immediately afterwards, he waved his hand, and a mighty venerable air swept out, lightly, and directly waved at Ji Wuxue and others, very casual.

Because he doesn't think these guys can pose a threat to himself.

but.

In the next moment, his face changed.

boom! The moment his huge palm was about to shoot Qin Chen, in Qin Chen's body, in the Book of Origins, the poisonous civilization surged, and the sky poisonous entropy fire suddenly appeared on his body surface, booming, he looked like Turned into a fire dragon, dark green

The light of flame was integrated into the mysterious rust sword, into the infinite sword intent.

puff!

Above the mysterious rust sword, a dark green flame burned, carrying a deep poisonous gas, and instantly pierced into the huge palm, piercing the huge palm suddenly and slashed towards the Chaos Poison Venerable.

Sword Qi soared into the sky, and the invisible sword light penetrated the palm of Toxic Qi's hand, and directed towards Chaos Poisonous Venerable.

For an instant, the Poison Master Chaos was shocked, this guy actually penetrated the palm of his poison gas?

how can that be? He is the Lord.

Moreover, in the opponent's sword aura, there is also an extremely terrifying poisonous power. It is this poisonous power that prevents his venerable aura from corroding the opponent's sword aura, causing the opponent's sword aura to penetrate. The air of his own venerable.

Is this kid also a master of poison?

boom! The dark green light all over his body was even worse. A chaotic aura representing the supreme truth of the universe filled out. This was his original power, the venerable aura, which exploded in an instant, although he didn't think Qin Chen could hurt himself. However, in anger, the hand

The palm still fell, and he wanted to capture the sharp sword in Qin Chen's hand.

Hum! The mysterious rust sword glowed, exuding turbulent sword aura, and cut everything open with a puff. In Qin Chen's body, six sword bones glowed, and the reincarnation sword intent permeated. This aura is too terrible, penetrates everything, and the chaotic poison Palm crash

Together.

Cang!

At this moment, everyone saw that the sharp sword in Qin Chen's hand struck the opponent's palm. The opponent's palm vibrated violently, the Venerable Qi splashed, and sparks splashed everywhere.

"What kind of power is this? The mysterious rust sword can't penetrate it? Is it the legendary chaotic air?" Qin Chen muttered, changing color. It should be noted that when he was in the land of the sword grave, he could use Zhuge Rulong's care to cut him with this move, but at this time Qin Chen mastered the six sword bones and made breakthroughs. When Zhuge was like a dragon, he was stronger than ten

Times? With amazing improvements and leaps in strength, he couldn't even hurt Chaos Poison Venerable?

There is a kind of supreme power in the opponent's venerable aura, combined with the other's origin, Qin Chen has to wonder if this is the legendary chaotic aura.

However, Qin Chen was shocked, and Chaos Poison Venerable was even more depressed, because he was uncomfortable, his palm was shaking slightly, and the palm directly hit by the mysterious rust sword was even more painful and almost penetrated.

"Take me another sword!"

Qin Chen shouted angrily, his pupils gleaming, he didn't believe it anymore. Venerable Chaos Poison screamed. He could easily capture even Half-Step Venerable, but this time he actually suffered a loss in front of Qin Chen. Moreover, the sharp sword in the opponent's hand almost penetrated his with terrible penetrating power. Palm, this is definitely one

Piece of top treasure.

"Bring it to me."

Chaos Poison Venerable roared, eyes faint, exuding cold light, he was angry at bullfighting, green light burst out all over his body, terrible poison light corroded the void, and he looked like a **** and devil!

He reached out with a big hand, shining brightly, with a bright green light, trying to capture the mysterious rust sword in Qin Chen's hand. However, before he could capture the mysterious rust sword, not far away, with a bang, Ji Wuxue hovered around the mysterious power, and shot together with Ji Ruyue. The Ji family's ancestors were so powerful that they suddenly blasted the poisonous gas displayed by Chaos Poison Venerable. Burst, more than ten and a half

Venerable Bu's attack came like a vast ocean.

what? Chaos Poison Venerable's eyes widened. I really saw a ghost today. I didn't look at the almanac when I went out. I've been bad for eight lifetimes. It's enough to meet a Qin Chen. I don't think there is such a terrifying expert in this group of people. Ignore his attack

Hit, rush to kill.

"kill!"

Qin Chen burst into tears, wielding the mysterious rust sword, and constantly displayed his sword aura, cutting it down, regardless of whether you are a venerable or what you came from.

Bang bang bang!

Suddenly, the violent roar kept resounding, and Chaos Poison Venerable was quickly blasted on his body by many attacks, and he was blasted backwards. The robes on his body were violent, revealing a hideous and ugly face, which was suddenly shocked. Got out. This caused everyone to change their color, and they were dumbfounded. The dignified Primal Chaos Poison Venerable, a Venerable Master, was blown away by Qin Chen's group, which was unacceptable.

[Chapter 3662: I'm a Venerable](#)

Is that human being?

In the distance in the void, the ancestors of the Jiang family and others who were hiding there had numb scalp, and their entire body was erected.

It's a hell, a group of Half-Step Venerables actually blasted a Venerable, unprecedented and unprecedented.

kill!

Qin Chen and the others are not forgiving, their bodies are like a flash of lightning, turning into a beam of light, carrying the mysterious rust sword, slashing at the chaotic poisonous master, chasing the opponent.

"Swallow the sky!"

"Shaking the sky!"

"The power of space!"

"Golden Giant Fist!" Masters such as the Liger Demon Lord, the Blue Elephant King, the Golden Blood Peng, and the Silver Eye Wolf King changed their bodies one by one, turning them into giant beasts with a height of thousands of feet, directly displaying their talents and supernatural powers. , Ray of silver light, **** streamer, horrible devouring

Power, the golden giant hand, and many other attacks, poured out like a vast ocean.

when! when! when!

For a moment, sparks were flying everywhere in front of him, and Chaos Poison Venerable kept retreating, almost stunned.

who am I?

Where am i?

What am i doing?

These are three questions that popped up in his mind. I remember that he was here tens of thousands of years ago, being crushed and beaten by the ancestors of the Qingxue family. Over the years, he went

to many places on his own and went deep into many secret realms, trying to find a solution to the toxins in his body. Success even

Are desperate. Until recently, I returned to the Southern Heaven Realm and wanted to die here. This is the place where he was born and raised, but I accidentally got the news of the death of Qingxue's ancestor. I thought I had found a chance for revenge, but who had thought that he hadn't revenge yet. What? Was actually crushed and beaten

, And he was stunned by a group of Half-Step Venerables.

But immediately, endless anger emerged in his heart.

Why?

Is he a Venerable?

"You are looking for death!" Chaos Poison Venerable roared, roaring, in his body, the endless and terrible chaotic aura instantly diffused, with a bang, all the attacks on him were annihilated, and some of the constraints around him The power of his rules is also

Instantly burst into pieces.

puff!

The terrible power came back, and the Liger Demon Lord and the others felt their souls shake, spit out blood, and retreated in shock. Amidst the roar ahead, the Chaos Poison Venerable's body exudes a terrible light. His whole body, the dark void constantly converges the surrounding light, like a bottomless black hole. After being attacked by so many people, his body, actually

No injuries?

The power of chaos lingers, it's incredible.

"What?" Qin Chen's gaze condensed, and his heart sank. Before they joined forces to attack, everyone displayed the most powerful force. Although Qin Chen also knew that the venerable was very strong, it was by no means that they could easily kill. But no matter how much

After the attack, the opponent should also be injured, but what makes him unbelievable is that there is not much injury on the Chaos Poison Venerable.

This person's defense is much stronger than Zhuge Rulong.

How did that happen?

Obviously the aura on the opponent's body is very weak, a little worse than Zhuge Rulong, defensive, but strong and terrifying.

"Go away, this deity is the noble one, the world is invincible!"

Chaos Poison Venerable roared, a terrifying Venerable Origin Power suddenly swept out of his body.

This force, carrying a terrible toxin, quickly disintegrated and corroded the surrounding void, and the Liger Demon Lord and others all changed color, hurriedly forming a defense in front of them. However,

this force is extremely terrifying and pervasive. The liger demon masters and their defenses are completely difficult to resist. They are corroded in an instant, and the terrible poisonous power flows into their bodies, and everyone feels the origin of their bodies. force

, The constant collapse, there is a feeling of collapse.

puff! Everyone vomited blood and backed away. Except for Qin Chen, Ji Wuxue, You Qianxue, and Ji Ruyue, the faces of the other Half-Step Venerables showed dark green light, and the skin on their bodies started to corrode. The breath on the body is rapid

Malaise.

"It's so poisonous!"

Qin Chen changed color. Ji Wuxue and Ji Ruyue are very high level because of the special power of the Ji family, and You Qianxue is because of the water of the nine poles, which is also the mother water of heaven and earth. They are not afraid of the poisonous power of this chaos of heaven and earth, but even so, Ji Wuxue and others also appeared on their faces

There was a faint green light.

The realm difference between them is too far, causing this poisonous power to invade their bodies quietly, to overcome their defenses. In Qin Chen, a poisonous force also poured in. This force, to corrode his origin, was included by Qin Chen using the rules of heavenly poison, entropy, fire and poison, to refine this poisonous force. , But this force is very special, which

For fear that it was just a trace, the Entropy Fire of Sky Poison and the rules of Poison could not be refined for a while, which made Qin Chen frightened.

"According to the poison rules and experience of the senior Sky Poison Pill Venerable, the vast majority of poisons between heaven and earth can be swallowed by the Sky Poison Entropy Fire. What kind of fruit this Chaos Poison Venerable swallowed back then? The power of poison is so. Strong?"

Qin Chen changed his color, resisting the analysis, and looked at Chaos Poisonous Venerable with cold eyes.

At this time, Chaos Poison Venerable was like the same god, standing proudly in the void, looking at Qin Chen and others with cold eyes, furious and frightened at the same time.

Because some people actually resisted his toxin.

Especially Qin Chen, there was no sign of poisoning.

"Does he have some kind of treasure that resists toxins? Otherwise, the poisonous power in my body may not be easily resisted by ordinary venerables. This person is not hurt at all?"

A divine rainbow bloomed in the eyes of the Poison Lord Chaos, and at this moment, his heart was excited.

"Boy, die for me."

He shouted angrily, stared at the cold light, increased his speed to the extreme, and rushed towards Qin Chen.

"metropolitan!"

The Liger Demon Lord exclaimed.

"You guys step back!"

Qin Chen drank coldly, the six sword bones in his body suddenly glowed, and Qin Chen's body was crystal clear, and a terrifying rainbow bloomed out, and the whole person was like a light man, and he rushed toward the Chaos Poison Venerable.

Bang bang bang!

The area roared loudly, the endless sword aura and dark green poisonous light flew, the sound of impact was endless, and the two killed very fiercely.

The two went from one place to another, rushing into the void, into the river, and into the ground. It was extremely tragic.

The void collapsed everywhere, the mountains shook in patches, and there was a roar everywhere, looking stupid at a group of people.

boom!

On a mountain, they shattered a mountain range outside the Qingxue family's ancestors.

Boom!

In the end, they sank directly, penetrated the ground, entered the depths of the ground, and fought fiercely, so that outsiders could not see.

hiss!

Everyone sucked in air-conditioning and couldn't believe what they saw, Qin Chen and Chaos Poison Venerable were fighting frantically. What kind of evil is this? Thinking of being easily suppressed by Chaos Poison Venerable before, the old ancestors of the Jiang family and the others flushed, their legs were soft, and they felt cold in their crotch.

[Chapter 3663: Of the tortoise](#)

This son is too strong.

Before that, they even had the idea that they would unite with many top forces around the Qingxue family to go to the Qingxue family together to kill the union of the ten thousand clan and the Qingxue family.

Seeing this scene now, everyone felt guilty. Fortunately, they hadn't really done this before, otherwise they would definitely die by then. Didn't you see that even Chaos Poison Venerable couldn't take Qin Chen for a while?

How could there be such evildoers in this world.

Before, the ancestors of the Jiang family saw Qin Chen coming out of the Sword Tomb alive, thinking that it might be just an accident, but now everyone is shocked that Qin Chen can come out alive, definitely not an accident, but strength.

boom!

In the underground, the two sides fought against each other, and the ground undulated like a giant dragon, and the mountains burst up and down. This scene was too scary and creepy.

Many people were hiding in the void, staring at the ground below, but didn't dare to approach, waiting anxiously for the result.

In the depths of the earth, no one dared to follow in to watch the battle.

At this time, deep in the ground, Qin Chen put away the mysterious rust sword, entangled with the chaotic poisonous master, and fought physically. Because of such a close distance, the mysterious rust sword could not exert its effect at all.

This time, Chaos Poison Sovereign was really shocked, and this guy's physique also became sturdy, and he was fighting against him, not at all, it made him hurt his teeth. He knows his own affairs. He swallows chaotic fruits and breaks through. He possesses chaotic energy. Although he is invaded by toxins, he does not have many days to live. But after all, he possesses chaotic energy. It is extraordinary and powerful. The mysterious rust swords before Qin Chen are all not

Has broken open. When fighting against Qingxue Guhua, Chaos Poison Venerable was not as good as Qingxue Guhua in terms of strength, but in terms of defense, he was nourished by Chaos Qi, because Chaos Qi was very special. To transform the body and spirit, get

At the baptism, let his divine sword stabbed, the secret treasure would hardly hurt the body, and his body was almost made into a piece of spiritual treasure.

Of course, the toxin carried in the Chaos Fruit can still corrode his body, causing his internal organs to blacken.

But he estimated that even in the hands of the venerable, no one can suppress himself in a physical fight. How did he encounter such a monster not long after he came?

He was only a half-step martial artist, and he hadn't even broken through completely. He was not shocked in front of him. The six sword bones on Qin Chen's body glowed with radiance, the muscles were crystal clear, and they contained surging vitality and blood, and his body was like thunder, with thunder rolling.

Qiang Qiang!

Sword Qi surged in Qin Chen's body, too strong, ignoring Chaos Poison Venerable's attack.

Because, although the opponent's physical body is strong, it is not very powerful in attack, and even compared to Zhuge Rulong who fought in the sword mound, it may not be as terrible as the opponent's attack.

This is a flowery frame with a tortoise shell. The defense is terrible, but the attack is average.

Of course, the so-called so-so, but among the noble masters, changing to a character like the ordinary half-step noble can kill with one hand, but it is a pity that he met Qin Chen. His body has been baptized for nine times in the six reincarnation sword roads. Qin Chen's body has long been strong to a terrible level. His bones are made of sword bones, and his internal organs are fused with treasures, blood muscles, but also contains thunder

The power made his physical body terribly strong, stronger than the average venerable.

So the two met, it was simply the best.

Boom boom boom!

The two sides fought, the physical bodies collided, and the terrible roars, the void was constantly bombarded, the surrounding land was constantly bursting, and the mighty energy rose to the sky.

"Is this Primordial Poison Venerable Really Venerable? It's a tortoise, it's like something hard." Qin Chen gritted his teeth and only slurped his teeth. He claimed that his body was terrible and wanted to suppress the opponent with his body, even though the opponent was. Venerable, but Qin Chen is not guilty at all, but who ever thought that the other party is not good at each other, it is a cruel stubborn, so difficult, he still wants to benefit

Use the strength of the sword bone to split the opponent.

But who would have thought that after several fights, Chaos Poison Venerable's body clanged like a tortoise shell, which was too bad.

If Primordial Chaos Poison Venerable knew his thoughts, he would surely squirt out a mouthful of old blood. He was already stubborn enough now, how could this opponent dare to think so?

"Mad, I am the Venerable. Even among the Venerables, Lao Tzu's physical body is invincible, but why is it so embarrassed now? This kid is too hateful, it is a stone in the pit, smelly and hard, I can't move!"

The two were fighting each other, fighting extremely violently under the ground. In the end, they fisted to the flesh, and the rules were powerful, but they were all like fighting on gold and iron, and they couldn't move each other.

"God, you're a thief too, right? I'm considered fooled by you."

Chaos Poison Lord was mad, he wanted to cry without tears, and was too aggrieved.

In the battlefield of ten thousand races, others said that he was the favored son of heaven, the lucky one, obtained the Chaos Fruit, was able to break through the Supreme Venerable, and was envied by countless people. Only Chaos Poison Venerable knew how bad he was.

He used to just want to be a good person, walk the world, be carefree, marry a few wives, have a hot kang together, have one more baby, when he is free, how cool is the whole family to go out and walk in the heaven?

The former Chaos Poison Venerable was a graceful man, but who would have thought that the chivalrous man had offended a certain top power when he was fighting righteousness and was forced to go to the crisis-ridden battlefield of ten thousand races.

He is also very helpless. He just wants to be a soldier, drinking, drinking, boasting, eating and waiting for death. He is so happy all his life, but who would have thought that he was involved in a big battle, unexpectedly unearthed in a secret realm, and he was directly involved. Entering in, facing life and death crisis.

That's all, he just wants to end the battle, come out alive, and quickly leave the secret realm, but who ever thought that he didn't want to get the treasure, but he got a chaotic fruit by coincidence.

God, all the eyes of everyone present at the time were green. Looking at him was like looking at a naked woman. His eyes flashed green and I wanted to tear him off. What do you think he can do?

He can only swallow the Chaos Fruit and cut off other people's thoughts.

Who would have thought that if he swallowed the fruit of chaos, he would break directly into the realm of the nobleman.

At that time, he was so excited that he thought that he was really going to work. God is about to start training him as heir. But who knows, he breaks through the sage, but the toxins in his body are spreading all the time. Over the years, he has been pained. That's all right. He returned to the Southern Heaven Realm and slashed his enemies. He was just a bit arrogant. After offending the Qingxue family, he was run over and beaten by the Qingxue Guhua ancestor. It was not long before he broke through the Venerable. Qingxue Guhua's opponent to such a veteran veteran? Dingy left the Southern Heaven Realm.

[Chapter 3664: Unable to help themselves](#)

To be honest, he was not so depressed at that time. He left the southern heaven realm. He wandered around the heaven and tried to find a way to remove the poison from his body. Unfortunately, after tens of thousands of years, he not only failed to solve the poison, but became Got a

A monster that is neither human nor ghost. Seeing that I couldn't hold it anymore, I returned to the Southern Heaven Realm and wanted to die here. I just heard the news of the fall of Qingxue Guhua, and thought of the shame back then, so I came to shame, but now? I was actually given by a young man

Stuck.

What a special thing.

Thinking back to half of his life, Chaos Poison Venerable only felt that it was a big tragedy, too pitiful.

"I don't believe it anymore."

boom!

Venerable Chaos Poison was angry, his eyes were green, and his dignified Venerable was trapped by a young man, and he would die in the future. I am afraid that he would become a laughingstock in hell.

He went mad and banged. The two rushed out of the ground, drew everyone's exclamation. The two streamers collided, and under the eyes of the crowd, a terrifying poisonous power lingered in the body of the Chaos Poison Venerable instantly, and immediately wrapped it. Live in Qin Chen.

laugh!

The void was corroded, and the way of heaven made a sound of scoffing, and the rules, the world, and the surrounding rules, under this force, quickly emitted blue smoke and melted, and this force must quickly merge into Qin Chen's body.

Qin Chen felt that all parts of his body began to disintegrate. This poisonous power was too terrifying. Starting to disintegrate Qin Chen's body from the depths of its origin, he felt a strong crisis.

"Qin Chen!"

"dust!"

Ji Wuxue and others exclaimed, their expressions startled.

"Haha, boy, wait till you die, you can't escape death under this poisonous power."

Chaos Poison Venerable sneered. This was a poison that even his Venerable could not resist. How could Qin Chen, a small half-step martial master, resist?

He sneered at Qin Chen, waiting for Qin Chen to be corroded in this power.

You Qianxue and the others all showed a frightful look, they all felt the terribleness of this poison, and their hearts were all picked up.

Chi Chi Chi Chi!

In Qin Chen's body, his origin was quickly corroded, and this force penetrated into every part of his body, as if pervasive.

A chaotic breath rose in Qin Chen's mind.

In addition, within Qin Chen, the book of origin emerged, and the civilization of poison and the civilization of chaos began to shine quickly, to decompose the essence of this toxin.

That's right, Qin Chen tried to analyze the origin of this strange toxin.

boom! Above Qin Chen's head, the Ten Thousand Dao Qing Jin Pill Furnace and Zixiao Dousui Palace appeared at the same time. Two Pill Furnace, one up and down, Qin Chen sat on the Ten Thousand Dao Qing Jin Pill Furnace with purple above his head. Xiaodou rate the palace, the whole body is enveloped by the entropy fire of sky poison, billowing fire

Flame, pouring down.

Qin Chen was using his alchemy skills to analyze this toxin.

"What? This kid didn't even die? He took my poison?"

Venerable Chaos Poison's eyes widened, revealing an unbelievable color. Although Qin Chen might not be able to withstand the poison in the end, his ability to persist until now was enough to shock him. Qin Chen himself was shocked, because even if he urged the book of origin, the civilization of poisoning in his mind was surging, and the inheritance of the Heavenly Poison Danzun also quickly moved, and the Dandao Dandao inheritance of the Heavenly Fire Danzun also continued. Analysis, but still can't

Decompose the essence of this toxin.

This toxin, as if the heavens existed in the heavens and the earth, contained the supreme truth of heaven and could easily be out of control.

"What kind of poison is this?"

Qin Chen's mind quickly surged, constantly reading the poison classic books passed to him by the Heavenly Poison Pill Venerable, hoping to discover its true origin.

Chaos Poison Venerable on the side saw that Qin Chen had actually resisted the invasion of his own toxins, he gave a cold snort, no longer paid attention to Qin Chen, but killed the Qingxue family below.

"With me, you don't want to do anything to the Qingxue family."

Qin Chen snorted coldly while analyzing the toxin, urging Zi Xiao Dou Ligong, and bombarded the Poison Venerable Chaos away.

"Huh, you can't protect yourself now, and you want to stop me?"

Chaos Poison Venerable sneered disdainfully, and slapped the purple sky with a palm at the palace, and at this moment, an invisible breath of time suddenly revolved between heaven and earth.

Time rules!

Hum!

The world seems to have stagnated at this moment.

"boom!"

Zi Xiaodou Ligong slammed into Chaos Poison Sovereign body, shaking him out.

"Oh shit."

Chaos Poison Venerable was angry, coughing dry after being hit, and opened his mouth to spit out a mouthful of dark blood. In the blood, the terrible corrosive power was permeated, which was his original internal injury.

Chaos Poison Venerable looked at Qin Chen in anger. It was the rule of time. What kind of trick does this kid have?

"I don't believe it anymore."

Chaos Poison Sovereign stayed away from Qin Chen, and then started to face the Qingxue Family again.

"Om!"

In the distance between the heaven and the earth, a nine-tailed fairy fox appeared. It was Qingqiu Ziyi, and his body exuded a misty light. A strong charm technique suddenly enveloped the Chaos Poison Venerable.

Qingqiu Ziyi was originally a master of Half-Step Venerable. After being transformed in the Sword Tomb, he was only one step away from Venerable. In addition, her talent as a nine-tailed fairy fox imperial family instantly made Chaos Poisonous. Zun's eyes were confused for a moment.

The strong fought against each other in an instant. Ji Wuxue, You Qianxue and Ji Ruyue seized the opportunity, and the attacks of the three fell on the Chaos Poison Venerable, and immediately sent him back and forth again.

puff!

Another jet of dark blood with toxins spurted out, and Chaos Poison Venerable was going crazy when he woke up.

It's nothing more than being bullied by that enchanting pervert, these guys dare to bully themselves.

boom!

There was a terrible poisonous light on his body, and he wanted to poison Ji Wuxue and the others. However, as soon as the poisonous light triggered his face, his face instantly became pale, coughing, and vomiting several poisonous black blood in his mouth.

"not good!"

Chaos Poison Sovereign's heart sank. He knew that he had activated the toxins in his body too many times, causing the toxins to backlash, and instead began to invade his origin strongly.

He was already poisoned. For tens of thousands of years before, he had been trying to suppress the toxins in his body, but this time he was dizzy by Qin Chen. He wanted to induce the toxins to kill Qin Chen, but it caused the toxins in his body to erupt completely.

The skin on his body began to fester, and a sharp pain instantly spread into his mind, causing him to roar in pain.

Roar!

The terrifying power of the Venerable swept through, and the surrounding mountains exploded. The ancestors of the Jiang family who were hidden in the distance were also swept by this force, their eyes flew out of the void with anger, and blood spurted out of their mouths.

"Found..." At this moment, Qin Chen, who had been analyzing the source of the toxin, suddenly felt a strong ecstasy in his eyes. After searching for the poison classics taught by the Heavenly Poison Pill, he was searching for a long time. Qin Chen finally found a record of chaotic fruits similar to this toxin.

[Chapter 3665: I teach you](#)

Solanum!

Rumor has it that when the chaos of heaven and earth opens up, many chaotic fruits can be born, and the nightshade fruit is one of them. This kind of fruit contains an astonishing chaotic aura that can transform the body of a warrior and evolve the body of chaos.

At the same time, this fruit also carries a trace of poisonous gas from the opening of heaven and earth. This poisonous gas jumps out of the Three Realms and is not in the Five Elements.

It is the poison of chaos.

Legend has it that the toxin of the nightshade fruit is very difficult to get rid of, because it is a ray of poison generated in the birth of chaos, which is absorbed when the nightshade fruit matures. Although it only absorbs even a trace, it is definitely not It can be wiped out easily.

Because this was born with the heavens and the ways of heaven, was born and raised, and is the darling of all things.

No wonder this poison is so terrible.

Legend has it that even a trace of such a toxin can poison the top masters, and no rule can obliterate it. The reason why Chaos Poison Venerable did not die is because after he swallowed this dragon sunflower fruit, he happened to be transformed by the chaotic energy in it, and his cultivation base broke through, and he became the Venerable. Therefore, he formed a slight chaotic body. Chaos body's chaos

Chaos breath, Chaos Poison Venerable can survive under this poison.

Otherwise, change to another warrior to come, let alone Chaos Poison Venerable only the pinnacle Lord before the breakthrough, even a Venerable may not be able to resist this poison, it will be corroded into nothingness. And for countless years, the continuous derivation and changes in this poisonous chaotic poisonous master's body began to adapt to the holy power of the human race, and the chaotic poisonous master has been suppressing this toxin for countless years, so that the source of this poison has been integrated into the chaotic.

Among the source of the Primordial Poison Venerable, it belongs to a dormant state.

That's why Qin Chen and Ji Wuxue were able to stop them, otherwise, even a trace of this toxin would definitely not be able to withstand Venerable Half Step.

"It turned out to be a dragon sunflower."

Guessing the origin of this fruit, Qin Chen was pleasantly surprised. Based on the inheritance of the Heavenly Poison Pill, he carefully analyzed the toxin, and it turned out that the characteristics of the toxin in the dragon sunflower fruit were very similar.

The Heavenly Poison Pill is the great power of the ancient Poison Dao. In order to trap him, the Demon Race sent many venerables from the Soul Demon Race and other top demon races to suppress it. Is second to none in the heavens.

But even the Heavenly Poison Pill Venerable has never seen such things as the dragon sunflower fruit, but only seen it in ancient books, so all the analysis of the Heavenly Poison Pill Venerable is just the speculation and theory of the dragon sunflower fruit.

"Om!" At this moment, Qin Chen was completely immersed, using the records in the Heavenly Poison Pill Zun's Poison Scripture, and began to comprehend the power of this toxin. Poisonous power surged in Qin Chen's body. In the book of origin, suddenly there was even more shock

The poisonous civilization of man.

boom!

The corrosive poison gas that originally lingered on Qin Chen's body suddenly merged with the Sky Poison Entropy Fire in Qin Chen's body. The Sky Poison Entropy Fire flame that originally exuded a dark green light soared, as if it had been greatly supplemented.

A poisonous power that can burn Heaven's Dao and suppress everything is radiated from the Heavenly Poison Entropy Fire.

"This promotion..."

Qin Chen was frightened, and the current Heavenly Poison Entropy Fire could suppress even Heavenly Dao, which was already close to the realm of the venerable. In other words, after the Sky Poison Entropy Fire has absorbed this trace of toxin power, it is enough to hurt the Venerable. This is only because of the absorption of a trace of toxin. If it can absorb all the poison power in Chaos Poison Venerable, Sky Poison Entropy Fire Absolute Energy

Raised to an astonishing level, it will become another trump card for Qin Chen.

Suddenly, Qin Chen's eyes stared at Chaos Poison Venerable, and a faint light appeared in his eyes. This guy is a big treasure.

Whether it is the chaotic energy on his body or the toxin of the nightshade fruit, it is against the sky.

Chaos Poison Venerable felt Qin Chen's gaze, his face turned green, because the other person's eyes were too scary and sharp, staring at him as if looking at a peerless beauty, constantly shining a faint green light, that feeling, Too cripple.

This kid, I'm afraid he has that kind of habit, right?

Chaos Poison Venerable Hairy, because he had such an experience, he used to be handsome, there are so many people who come to him, when he was young, there were some top giants who wanted to accept him as his disciple.

But later he learned that where the other party came to accept disciples, he clearly wanted to support him, let him enter the other party's palace, serve the other party, and enjoy the glory and wealth.

Chaos Poison Venerable was so frightened that he itched twice, and ran away on the spot, because the opponent was invincible. Looking back now, he was still hairy.

However, Qin Chen's gaze at this moment was even scarier than the old pervert at the time, and his eyes were glowing green, wishing to eat him.

its not right!

Chaos Poison Venerable immediately wondered. Back then, he was a handsome and handsome man. That's why he was favored. But now, he is not a human, a ghost or a ghost. Can this guy also be attracted?

This taste is too heavy.

Suddenly, Chaos Poison Venerable stared at Qin Chen, his scalp was numb, his whole body stood up, and a terrible light burst out of his pupils, staring at Qin Chen in disbelief.

"Your kid... how did the poison on your body disappear?"

Chaos Poison Venerable murmured, unbelievable, because the toxin he wrapped Qin Chen before was disappearing slowly and quickly.

how can that be? The toxin in his body is extremely terrifying, even the venerable may not be able to easily get rid of it. The previously poisoned Ji Wuxue, Liger Demon Lord and others are still rotten all over their skin and their faces are green. Because they cannot get rid of them, they can only resist. Then let it

It dissipates on its own.

But at this moment, the toxin on Qin Chen's body is actively dissipating, as if being absorbed into the body by the other party little by little, this...

All this in front of him was more shocking than Qin Chen had injured himself.

"This is what you mean?!"

Qin Chen urged the sky poison entropy fire, smiled at the corner of his mouth, and suddenly, a misty green toxin slowly ascended into Qin Chen's hand, like a strand of blue smoke, constantly twisting.

"how did you do that?"

Chaos Poison Venerable said in amazement, his scalp was numb, and the goose bumps on his body came out.

Over the years, he has tried his best to find a way to restrain this toxin, but after so many years, he has never found a way. How did Qin Chen do it in such a short time?

The breathing of Chaos Poison Venerable instantly became rush, if he could get Qin Chen's method to control this poison, wouldn't he stop sitting still?

"It's actually very simple, do you want to know? I teach you?" Qin Chen said with a light smile.

"you teach me?"

Chaos Poison Venerable stared at Qin Chen, "You guy is so kind?" After a pause, he stared at the green poison gas in Qin Chen's hand. He hesitated and said in a deep voice: "If you can really tell me how to control this poison. , I can spare this Qingxue family."

[Chapter 3666: Solanum Fruit](#)

"You seem to be able to conquer the Qingxue family." Qin Chen sneered, his eyes twinkled with strange light, and smiled: "You can also teach you if you want me, as long as you submit to me, I will teach you."

Chaos Poison Venerable suddenly furious, what? Let him be a dignified sage, surrender Qin Chen to such a half-step martial arts, he can't say it.

"Boy, are you dreaming?" Chaos Poison Zunhan said, a terrifying aura surged from his body. "Okay, okay, don't pretend to be there, you should have been poisoned before, and then urge it, before I take it, you are afraid that you will be completely decayed by this toxin, and you will be transformed on the spot. You can resist, but because of the body

The Chaos Qi inside is only, but now, Chaos Qi can't resist the toxin for long for you, because the toxin has penetrated into your internal organs, and it has even begun to rot. "

Qin Chen shook his head and sighed.

"how do you know?"

Chaos Poison Venerable looked at Qin Chen in shock, because what Qin Chen said was exactly what he was doing now.

It's just that as soon as these words came out, Chaos Poison Venerable immediately shut up.

This **** boy, too special to deceive, who knows whether he guessed it or saw it. "You don't think I guessed it?" Qin Chen seemed to know the thoughts of Chaos Poison Venerable, and said with a chuckle: "Actually, it's too easy to see, Venerable, ascending to the peak of martial arts, the vitality of Venerable in his body has been transformed. Being one, almost endless, capable of crushing

Heavenly Dao, even forming its own domain, can be said to be smooth and free, and all sources are one. "But when you made your move before, even though the vitality of the venerable was very smooth, but there was an indescribable sense of frustration. This situation is very rare. Obviously this toxin has begun to penetrate into your internal organs. ,very

In your origin, you have reached a very dangerous juncture. If you don't get rid of this toxin, you will only have a life span of hundreds of years at most. "Even in these hundred years, you will be the most painful one hundred years. Your physical body will rot a little bit, then flesh, bones, and internal organs. However, because of the chaos in your body, you will not die directly, and Will die slowly

, This is a kind of torture, no one can bear it. "

Qin Chen shook his head.

Everyone looked at Qin Chen in shock, and at the terrifying face of Chaos Poison Venerable Chaos Poison Venerable, with a cold heart, how miserable Chaos Poison Venerable Chaos?

"You..." Chaos Poison Venerable looked furious, but couldn't say a word, because what Qin Chen said was true. Over the years, the toxins in his body have become more and more terrifying, and his internal organs have corroded. Even toxins have invaded into the source,

But he is still alive, this state is very strange.

Moreover, he also felt that he could not live long, and he always had an urge to change the way.

But how did this kid know?

"Do you think I would believe you when you say that?" Chaos Poison Zunhan said: "Although I don't know where you got the situation, but the deity who can cultivate to this level is naturally shrewd and will be stunned by you. deceive?"

He squinted, thinking that Qin Chen was gnawing himself.

Qin Chen shook his head, this guy is too vigilant, can he lie to him? "Tell you more." Qin Chen touched his nose. "The chaos fruit that you accidentally swallowed on the battlefield of the Ten Thousand Races is called the Solanum Fruit. This is the characteristic of Solanum Fruit, which is invaded by Solanum Fruit Toxin. People and venerables cannot resist, they can only wait for death

But it is not impossible. "

"Solanum Fruit?" Chaos Poison Venerable's body was shaken. For so many years, he had been trying to figure out what Chaos Fruit he was taking, trying to find a solution.

However, the Chaos Fruit is so rare that he has searched all over the classics and never found a similar one. Now he heard the name from Qin Chen, how not surprised.

Because only after knowing what kind of fruit you are taking, can you use medicine and treat symptomatically.

"Solanaceae? So it was solanaceae?"

Chaos Poison Venerable murmured, he finally knew the name of the Chaos Fruit he was taking, and the excitement in his heart could be imagined.

"But how did you know?"

Chaos Poison Sovereign said.

"Boom!" Qin Chen directly released the Heavenly Poison Entropy Fire, and at the same time, he palmed the 10,000-way Azure Gold Pill Furnace, "Seeing that these two treasures are the most precious treasures of the Heavenly Poison Pill of the Ancient Celestial Realm. The descendants of Danzun have been inherited from the predecessors of the Heavenly Poison Danzun.

What is it to know the wonders of the world and the nightshade fruit? "

Sky Poison Danzun?

Chaos Poison Venerable's gaze condensed. It seemed that he had heard of this name in a certain ancient book, the power of the alchemy in the heavens, a strong man respected by all races.

Is this true?

Chaos Poison was excited in his heart. "Well, now you can believe that Ben Shao is gone. As long as you submit to Ben Shao, Ben Shao can heal your injuries. Otherwise, within a hundred years, you will die." Qin Chen said calmly, "I can guarantee that except for Ben Shao. Little outside, the whole heaven, nothing

People can detoxify you. "

Qin Chen was very indifferent and good-tempered.

Damn, what is Qin Chen doing?

The others were dizzy, dumbfounded, dumbfounded, and dumbfounded.

A half-step martial master is actually soliciting a venerable like Chaos Poison Master, which is unacceptable. Are they dizzy? It's because you're deaf, you've heard it wrong?

"Hahaha, let the deity surrender to you a little kid, get the bastard."

Chaos Poison drank lowly, "Boy, your life-saving old man stayed today, and I will get it next time."

The voice fell, and the Poisonous Chaos Venerable shook his body, suddenly disappeared into the void, and left the Qingxue family.

"dust!"

Ji Wuxue flickered and came to Qin Chen's side, her eyes were cold, and she frowned and said, "Just let that guy leave? Poisonous gas surged in this person's body. Toxins in the body should have occurred. You can take the opportunity to take him down. "

Qin Chen shook his head and snorted suddenly, and there was a trace of blood flowing down the corner of his mouth. There was a faint poisonous light in the blood.

"You are hurt?"

Ji Wuxue said worriedly.

"It's okay." Qin Chen wiped the blood from the corner of his mouth. "It's just a small injury." He was secretly surprised. This toxin is too terrifying. Even if he has broken down the structure of this toxin, he can be absorbed by this toxin for a long time. Body, it's still injured, if it weren't for his body that had undergone a major transformation in the six reincarnation sword roads, change it to

Any half-step Venerable who comes, will die and cannot die again.

"Then what shall we do next?"

Qing Xuetian and the others approached, with dark green rays on their faces, obviously all poisoned.

"It's okay, he will come back sooner or later." Qin Chen didn't worry at all, then glanced at the void not far away, and said lightly: "First solve a few little thief."

[Chapter 3667: Life zone](#)

"not good!"

In the distance, the ancestors of the Jiang family and others had numb scalp and hurried back, but it was too late.

Whoosh whoosh!

Streams of light fell, and a group of people surrounded them all, several of them turned pale and their expressions were dull.

In the ancestral land of the Qingxue family.

Bang bang bang!

The ancestors of the Jiang family and others were thrown heavily on the ground, grinning painfully, but they were afraid to shout.

"A group of paupers don't even have a storage ring on them." Ji Wuxue said silently.

The ancestors of the Jiang family were almost crying without tears. Their storage ring had just been looted by Chaos Poison Venerable, and there was nothing good on them.

"Sect Master Qin, everyone, I won't dare to wait anymore, let me wait and leave."

The ancestors of the Jiang family and the others said with trepidation that they were really scared. Even Venerable Chaos couldn't take the Qingxue family. Where did they have the confidence to compete with the Qingxue family, their hearts were completely empty.

"Let you go, there is no such easy thing, detain them, let the people under them take treasures to redeem people, and then, by the way, pull their forces into the Qingxue family camp!"

Ji Wuxue sneered.

These things are naturally done by members of the Qingxue family.

At this moment, Qin Chen is healing everyone.

Hum! Qin Chen's right hand was against You Qianxue's body, and the sky poison entropy fire surged and entered You Qianxue's body, but it did not hurt You Qianxue, but kept wandering through her body. After a while, it was already All the poison in You Qianxue's body

Sugi has been absorbed.

You Qianxue's face regained its rosiness, and after Qin Chen absorbed this toxin, the Heavenly Poison Entropy Fire was slightly improved, and the Poison Civilization in the Book of Origin was also improved.

"Sure enough." Qin Chen was pleasantly surprised. Now his Sky Poison Entropy Fire is not too strong. If a large amount of Chaos Poison comes in, he will also be injured. The Sky Poison Entropy Fire cannot be absorbed, but You Qianxue and the others are left behind. , But it is a very subtle toxin, just by the sky

The poisonous entropy fire absorbs and strengthens Qin Chen's power.

Especially after You Qianxue and the others dispersed the poison of this chaos, the structure became clearer, and it could be understood by Qin Chen and absorbed by Qin Chen.

Next, Qin Chen followed the law and absorbed all the chaotic poison in the bodies of Ji Ruyue, Ji Wuxue, Qingqiu Ziyi, Liger Demon Lord, etc., and the entropy fire of Heavenly Poison was raised again, and his breath skyrocketed.

"If we can really absorb the poison of the chaos in the Poison Master of Chaos, maybe my Heavenly Poison Entropy Fire will make a qualitative leap."

Qin Chen thoughtfully. However, the Poisonous Chaos Venerable obviously did not trust him, but Qin Chen was not in a hurry. Regardless of whether the Venerable Chaos Poisonous ministers surrendered to him, Qin Chen had already received a lot of benefits this time, and he believed that the Poisonous Chaos wanted Live and will be back sooner or later

of.

Qin Chen was very confident.

"Go, get ready. Now that the Qingxue family's affairs are resolved, it is time to resolve the Zhuge family's affairs."

Qin Chen instructed, his eyes twinkling sharply.

At this moment, in a void in the distance, Chaos Poison Sovereign coughed up blood again.

"Damn it, if it wasn't for the outbreak of poison in my body, the deity would have to capture that kid and take everything from him." Chaos Poison Venerable gritted his teeth, angrily, "Mad, this time, my face is lost." ."

"However, fortunately, I learned that the chaos fruit I am taking is called nightshade, I went to check the classics to see if there is a cure for nightshade."

This is also the reason why Chaos Poison Venerable left directly. Now that he knew the Chaos Fruit he had swallowed, it might be possible to find a solution. "Also, listen to me saying that Zhuge Rulong, the ancestor of the Zhuge family, also died in the sword tomb. Really, these old things are all right to run around, afraid that they can't die fast enough? Zhuge family is also the top of the Southern Heaven Realm. Family, maybe there will be something

What a treasure, you must go as soon as possible and search it hard, otherwise it will be troublesome to go late. "

Chaos Poison Venerable disappeared into the void while cursing.

the next day.

Among the Qingxue aristocratic family, battleships rose into the air and flew towards the Zhuge family.

The ancestral land of Zhuge's family is located in a core celestial domain in the northern part of the southern celestial realm.

Zhuge's family has been operating in the southern world for countless thousands of years, with a long history, and the industry is no smaller than the Qingxue family.

However, after the news of the Sword Tomb Land spread, some forces in the territory under the jurisdiction of the Zhuge family also surged secretly and began to divide the territory of the Zhuge family.

The only surviving elder in Zhuge's family was aware of the crisis, attacked forcefully, domineering and outrageously, directly beheading several troublemaker family masters, wanting to kill the chickens and the monkeys.

However, on the way back to the elder of Zhuge's family, he suddenly encountered an ambush from some top forces around Zhuge's family. Suddenly, a great battle broke out, with corpses all over the field and full of blood.

On that day, the three half-step elders of the Zhuge family, one died and the other was seriously injured. The strong under his command lost more than half, and the top forces under siege also suffered heavy losses. Even in the case of ambush, they almost fell by three points. One. The surviving elder of the Zhuge family, with other people, retreated and fought, and finally returned to the ancestral land of the Zhuge family, using the ancestral land formation, which blocked the siege of many forces, but it was also greatly injured. Only kept the core universe

Ming Tianyu.

As for the outer horizon, all fell.

Many forces around the Zhuge family soon united again and tried to capture the ancestral land of the Zhuge family. However, after several attacks, they were unsuccessful. The two sides suffered heavy losses, and they could only fall into a stalemate.

The setting sun is like blood, suspended in the sky above Mingtianyu, looking sad and majestic.

If in normal times, under this tragic setting sun, there would always be some disciples outside the ancestral land of Zhuge's family patrolling in the fate of heaven, feeling the indescribable feelings, in order to enhance their mood and understanding of morality.

Under the **** setting sun, the evening breeze Buddha passed through the plants and trees in the ancestral land of Zhuge's family. It was originally an extremely magnificent sight, but today, the ancestral land of Zhuge's family is in depression, and even a single figure is invisible.

Outside the ancestral land, there is a coalition of many forces outside the universe. The army is stationed nearby. In the past, among the major forces, there was also a loud voice.

But today, it was silent.

Because a piece of news came from the snowy area where the Qingxue family was located, detonating the entire Southern Heaven Realm. The three aristocratic families outside the Fengxue realm where the Qingxue family was located were destroyed by the ten thousand clan families. Then, the Chaos Poisonous Venerable who had disappeared from the southern celestial realm for many years attacked the Qingxue family, but was blocked by the ten thousand clan patriarch Qin Chen and fled in embarrassment. Other forces outside the Qingxue family

All the ancestors of Li have fallen. When this news spread, the entire Southern Heaven Realm was sensational and could not be calmed down.

[Chapter 3668: Enjoy the scenery](#)

In the resident, the many masters who besieged Zhuge's family were silent, everyone was afraid, and their hearts were filled with endless chill.

The Qingxue family, who thought that the ancestor's fall, would become a piece of the pie, unexpectedly united with the ten thousand clan of the Tiandang Mountains, and suddenly became extremely powerful, unparalleled, and made everyone depressed, a little speechless, and even dumbfounded.

Because the Southern Heaven Realm has been suppressed by the two top powers for too long, many powers want to take this opportunity to successfully transform and advance to the top rank.

Under normal circumstances, the southern celestial realm is like the eastern celestial realm. There can be fights between the major forces, but they can't go too far, otherwise the top celestial forces will intervene.

And this time, the ancestors of the Qingxue family and the Zhuge family have fallen, but it is an opportunity to reorganize the southern celestial realm. The major forces can fight as much as they can without worrying about being sanctioned by the top forces of the celestial realm.

Because, every tens of thousands of years, there will be such a time, the top powers of the heavens need a place full of vitality, rather than a solidified class and constant genius, which is not good for the human race.

Many forces are eager to help, because they have been suppressed by the two great families for too long. They would rather blood splatter the starry sky than fight to wipe out the two forces.

But who had thought that they hadn't taken the Zhuge family down yet, the Qingxue family had risen, and even the Chaos Poison Venerable had fled.

This makes everyone desperate and crazy.

In the coalition camp, the ancestors of many forces sat together to discuss countermeasures.

However, they are very troublesome, because from the information they have obtained, the Qingxue family and the ten thousand clan are too strong after they joined forces. Although the Southern Heaven Realm lacks the two giants of the Qingxue family and the Zhuge family, new ones have appeared. One pole.

This is not in their interest.

It's just that they are also deceived, because the ten thousand clan sect is too powerful, even the Chaos Poison Venerable can drive away, how do they compare to the Chaos Poison Venerable? What's more, many forces around the Qingxue family have already fallen, can they hold it?

Suddenly, there was a fierce dispute in the entire coalition camp. It was said that we would fight the Zhuge family to the end, break through the Zhuge family as soon as possible, and take away many treasures from the Zhuge family. of.

It is also said that it can be retired now, this time it has occupied most of the territory of the Zhuge family, the benefits are enough, and if it is consumed, it will be consumed here.

There are various disputes, and neither side can convince anyone.

Boom!

And at this moment, in the sky, a few vast warships appeared, vast and mighty, just like this, they came to the world of life, very overbearing, not concealing their deeds, too arrogant.

The terrible coercion was suppressed, and the world was shaken. In the coalition camp, many masters flew out, panicking and looking up at the warship overhead, and directly descended over the Mingtianyu.

Several battleships, brilliant, this breath is too amazing, people can't breathe.

Demon Qin is here. Everyone exclaimed, and couldn't help cursing in their hearts. They didn't expect that the people of these ten thousand races would come so soon, and they were still so overbearing and arrogant, without concealing their traces. This was because they were afraid that they would break the Zhuge family, the treasures inside. Take it all away

.

That's so fucking.

Many people are depressed and want to swear.

Among the battleships, Qin Chen flew out and stared at the Mingtian realm below.

In the vast universe of fate, there was a heavenly orbital aura circulating, and fate was blooming, shocking Qin Chen.

This world is extraordinary.

Qin Chen squinted his eyes and stared at everything. In the ancestral land of Zhuge's family below, there was dead silence, but there was a thrilling murderous surge. Obviously, in this ancestral land, there are extraordinary things with amazing power.

"Sovereign, why don't we wait for the ancestral land of the Zhuge family to be attacked directly." The liger, demon lord and others flew in. This time the whole army was dispatched because they not only wanted to break through the ancestral land of the Zhuge family, but also to take over the Zhuge family. The forces of the Qingxue family combined it with the realm of the Qingxue family, forming a truly huge force

force.

"Don't worry, let me observe it carefully for a while." Qin Chen walked in the realm of fate, spurring the eyes of fate, and gazing at this place carefully, and found a lot of clues, and his heart was slightly more dignified, because this place was bigger than he thought. Be scarier, if you force an attack, there will be casualties

.

"Qin Chen, this Zhuge family's ancestors is extraordinary." Ji Wuxue appeared beside Qin Chen, he was also a master of formation, and he saw some clues and said in a condensed voice.

"You can see it too?" Qin Chen nodded and squinted. "If I hadn't guessed, this Zhuge family's ancestral land should have been a special place, and it was later occupied by Zhuge family. There are some ancient times left here. The breath is related to the ancestors of the Zhuge family,

It takes some thought to break through, but it's nothing. "

Qin Chen laughed, because, thanks to Zhuge's family, he was also the master of the way of fate, and he had the inheritance of Mending Heaven Palace, it was harder to count him than to reach the sky.

Next, Qin Chen began to walk in the fate of heaven, no one knew what he was doing, as if he was measuring the land, but also as if he was appreciating the customs.

"Have you seen Qin Chen of the Ten Thousand Clan Sect? After coming, enjoy the scenery in Mingtianyu?"

When the news came back to the coalition camp, everyone was confused and speechless.

They thought that when the Ten Thousand Clan Clan descended, they would directly attack Zhuge's family, tearing apart the great formation, and taking everything away, but who would have thought that the other party was not in a hurry at all, and they had time to wander around and have time to wander around.

Moreover, the news of the arrival of the Ten Thousand Clan Clan in the Heavenly Territory caused a violent sensation in the Southern Heaven Realm. Countless people swarmed in, many of them arrived from other places, even from the Void Tide Sea outside Nandou City.

Because everyone knows that this battle will be related to the future of the Southern Heaven Realm. Whoever can win will be able to dominate the Southern Heaven Realm in the future, and it is closely related to everyone in the Southern Heaven Realm. Moreover, many people want to know how terrible the Sect Master of the Ten Thousand Races who came out of the sword grave is, and is called the great demon by the forces near the Qingxue family, and many people want to know that it is in the abyss of the sword grave. To the point where it happened

What? It is rumored that there are earth-shattering battles and even the spirit of the demons. What is the reason?

Also, if the land of the sword mound was a forbidden place of the Tongtian Sword Pavilion, why did the Tongtian Sword Pavilion suddenly fall back then?

Many mysteries need to be learned from Qin Chen's mouth to make them curious.

Of course, no one dared to be presumptuous, afraid of being bombarded and killed, the power of the Ten Thousand Clan Sect had taken shape now, and all the southern heavens knew Qin Chen's...cruel. Groups of masters appeared one after another, hiding in the distant void, not daring to approach the warships of the Ten Thousand Clan Clan, but one after another set up a monitoring array to observe here and conduct live broadcasts.

[Chapter 3669: Nantian Newspaper](#)

Many of them are even celestial intelligence forces that do this business, specializing in selling all the news and rumors.

This first-hand information is naturally to be obtained. It is extremely precious and valuable, and can even be passed on.

However, they set up their equipment and were about to make observations. Among the ten thousand clan battleships, the Liger, Tiger, Demon Lord and others had already flew out and approached them.

Whoosh whoosh!

A group of powerful men exuding a frightening atmosphere, such as the Liger Demon Lord and others, surrounded them. They were too secret and fast, so that they had not had time to react, so they were trapped and confined to This side is between heaven and earth.

Everyone's expressions have changed. What is Ten Thousand Clan Clan going to do? Are they cruel to their major forces? Before attacking Zhuge's family, he targeted them and made them very uneasy.

"Everyone, what do you want to do? If you have something to discuss." Many people turned pale, their bodies were weak, and their legs trembled. They all came from some very well-informed forces and naturally knew some information. Not long ago, Chaos Poison Venerable attacked. The Qingxue family, Jiang family ancestors and other top power ancestors are because

In order to watch and pass the news out, he was taken directly by a pot and was released after taking a huge ransom, and his family was emptied.

Moreover, many forces such as the Jiang family can only rely on the Qingxue family, sign a contract, and leave.

Now, will the Ten Thousand Races do something against them?

"Everyone, I am not a power near the Zhuge family, and I have no grievances with the Ten Thousand Clan sects. Is it indiscriminate for you to do this?"

"I'm from the Tingtian Pavilion. It is a force that specializes in collecting events in the heavens. I didn't have any malice when I came here. I just wanted to record this historic event in the southern heaven."

"Yes, I am a member of Nantian Newspaper. The purpose of our Nantian Newspaper is to record the many major events that have occurred in the Southern Heaven Realm. It will be fair and just."

Many people said that their faces were pale and their bodies trembling, because they were afraid of being kidnapped like the Jiang family and other forces. That was really wrong.

Of course, there are also many strong people from the coalition camp, preparing to observe and pass on the news, but they are trapped. At this time, they feel guilty, for fear that the ten thousand clan will be directed against them.

"Everyone, I'm really good people, I don't have any other intentions to record history and be a shining person of the era."

Many people said, their legs trembled.

In their capacity, if they were trapped by other forces, they would definitely be arrogant, swearing, and unparalleled, because they control a lot of information in the heavens and are uncrowned kings.

However, in the face of such terrifying demon masters as the liger and tiger demon masters, behemoths, and monsters with blue mouth and fangs, no one dares to say that. This is a force that even Chaos Poison Venerable dares to beat them. Isn't it looking for death?

"It's not worth kidnapping us, we are just observers, not worth money."

Someone whispered, expressing the aspirations of many people.

The people in power behind them will not pay too much for them. They are all afraid of being torn apart.

However, the Liger Demon Lord and the others did not speak, but quietly surrounded the crowd, very calm, and did not move.

This makes many people wonder and become more and more afraid, and they don't know what the ten thousand races are going to do.

"Haha."

At this moment, a loud laugh suddenly sounded, shocking the world and the world rumbling. Many people were shocked. The momentum was too scary. The laughter was thunderous, and God seemed to be furious.

In the distance, a few figures came, very lofty and domineering, they really were the people of Qin Chen and Ji Wuxue who had finished observing the Fate World.

"Devil Qin is here."

Someone whispered, the two battles were a bit soft.

This is glared by many people, looking for death? Calling Demon Qin directly, how can such a name be said in front of the patriarchs, do you think they died fast enough? Fortunately, Qin Chen is still far from here, he should have not heard it, otherwise they would all be unlucky.

"Well, Demon Qin? Who gave me the title? It is a bit too much to call such a young talent as me a demon." Qin Chen said, frowning, and walked indifferently, as if an emperor was patrolling. In the world, his eyes are sharp, sweeping everyone on the court, like a sharp blade, making everyone afraid, and the soul seems to be frozen, giving everyone indescribable

Under the pressure, they bowed their heads, and it became hard to breathe.

"What's this special, is it a dog, so ears?"

Many people are visceral, and this perception is too keen. The person just muttered softly, and he could hear it even so far away.

For a time, many people became weak and their scalp numb.

"That's what you said?" Qin Chen looked at an old man. This man is very old, with gray beard, trembling, and not weak in cultivation. He is a late-stage saint master, but he was sent to the front to carry on Observation can be described as a model of conscientious work, apparently from some blessing force

, I still have to work hard when I am so big.

The old man's legs softened and he almost didn't kneel down. Under the pressure of Qin Chen's breath, he smiled hard and said with a dry smile: "Sect Master Qin, this is a misunderstanding..."

Although he was laughing, he was ugly as he was crying. His back was wet, and he was about to stand unstable. Qin Chen was afraid that he would faint due to a stroke on the spot.

"Am I that scary?"

Qin Chen frowned, feeling distressed, and patted his shoulder. The other party was so scared that his legs trembled and he almost knelt down, thinking that Qin Chen was going to have him undergo an operation.

"Old predecessor, you are the front wave, and this young man is the back wave. When I wait for the back wave, there is fire in my heart and light in my eyes. The times should be fortunate to meet us like this, and the heavens will be better because of us."

Qin Chen said, he didn't dare to do anything, for fear that the other party had a heart attack.

"Yes, yes, what Sect Master Qin taught."

The old man nodded repeatedly, cold sweat on his forehead.

"Everyone, don't be nervous." Qin Chen waved to everyone, trying to make his expression kind, afraid to scare the other party, "Don't you want to know some information about Jian Tomb? As a force in the Southern Heaven Realm, I have Responsibility, obligation, to make some contributions to the southern world

, I also have the responsibility to let everyone in the Southern Heaven Realm know the truth of the matter. "

Qin Chen said, making many people dumbfounded, thinking that the script was wrong.

Is this Qin Chen so easy to talk?

Many people expressed some doubts, but seeing that Qin Chen didn't seem to be a fake, they couldn't help but ask softly what happened in the sword grave, whether it was the ancestor of the Tongtian sword pavilion, and it was rumored that the demons appeared, whether it was true or not.

The void of life.

At this moment, many live cameras of the surveillance formation were on, aiming at Qin Chen. Qin Chen was very calm, and said: "The place of the sword grave is very mysterious. The lord of the sword walked out of the abyss of the buried sword alive. He knew some secrets. It would be okay to tell you that the sword grave is indeed the site of the ancient Tongtian sword pavilion. In the abyss, there are many ancient swordsman powers buried in the Tongtian Sword Pavilion!"

[Chapter 3670: Appearance fee](#)

Facing the formation lens, Qin Chen was very calm and talked freely. Not only did he clearly inform everyone that the sword grave is the site of the Tongtian sword pavilion, but he also said that there are

many top powerhouses of the ancient sword pavilion buried in the abyss of the burial sword. The sword ancestor of Jiange is

Inside, and, not yet dead, alive with soul consciousness.

All the major forces were blown up by the news he had thrown out, this kid was too shocked. "Everyone knows that I was hunted down by the ancestor of the demon corpse of the demon clan. The reason why Zhuge Rulong chased down the sect master is because this person is a spy of the demon clan, and he is in collusion with the demon clan to harm the sect master. Yes, the Sword Ancestor at the bottom of the Abyss of Burial Sword, after seeing Ben Shao, felt that Ben Shao's talent was shocking to the world, even in the ancient Tongtian sword pavilion. He felt that he was destined to me. Therefore, he woke up on the spot and killed Zhuge Rulong. Tell me, if you are in danger in the future, you can enter the sword grave and invite him

Out of the mountain. "

Qin Chen looked very calm.

"The script is wrong!"

On the side, Ji Wuxue's mouth twitched, You Qianxue and Ji Ruyue were also in a daze, because they also experienced all this, knowing that the collusion with the demons was Palace Master Yaojie, as for Zhuge Rulong, it was purely aimed at Qin Chen. .

As for Qin Chen's invitation to the sword ancestor to come out of the mountain, it is even more nonsense. Jian ancestor sits in the sword burial abyss, sealing the top power of the dark clan, and cannot leave the sword burial abyss at all.

Not to mention that his sword ancestor has a remnant of consciousness left, and he can't even leave it.

"This product is beginning to be full of wagons. I remember that three hundred years ago, Qin Chen was very pure. How did the two melting pots of Tianjie and Shangguan Xi'er make him like this?" Ji Wuxue was speechless, secretly passing. sound.

You Qianxue and Ji Ruyue also had cold sweats on their foreheads, but they knew that Qin Chen had said this, so they must have his intentions.

Sure enough, many people were shocked by the news.

In particular, many people in the Southern Heaven Realm were watching this live broadcast, contacting through formations, seeing the screen, and learning the news. They didn't know Qin Chen, and they didn't know Sword Tomb. Their expressions were very solemn at the moment.

It's no wonder that the Ten Thousand Clan sects are so arrogant that they are supported by the ancient sword ancestors of the Tongtian sword pavilion. Moreover, the ancient sword ancestors of the Tongtian sword pavilion have not yet died. How many tens of thousands of years have they survived?

This... is really big news, extremely explosive, if it is transmitted through various intelligence forces, it will cause an uproar in the entire heaven.

Many forces were fooled, and they were so serious that they didn't say a word for most of the day. The more they thought about it, the more frightened, the more they thought about it, the more they didn't dare to be presumptuous in the Southern Heaven Realm.

As for the scene, it was the people on the front line who learned of the news. Many people were shocked and rioted. Even if they were surrounded by people from the ten thousand clan, they couldn't resist their shock and whispers.

This news was too shocking.

Many people have asked questions, trying to understand the truth of the battle at Jianzhong and learn more.

For example, what happened to Venerable Star Destroyer and others? Come out alive without seeing, is it dead?

For another example, many people in the sword tomb at that time felt a terrifying power of Taoism, what happened underneath.

Also, why is the breath of the demons rising? Could it be that there are masters of the demons in the Abyss of Burial Sword?

Many questions were reported one after another, and everyone was staring at Qin Chen with agitated expressions, because only Qin Chen was the person who had experienced it and knew the most critical situation.

"Well, I know all the questions you want to ask, but that is my exclusive material. It was the life of the young man. It doesn't matter if you want to know, but should I pay for information?"

After lifting everyone's appetites, Qin Chen conducted the so-called paid questioning session. Whoever wanted to ask him about the secrets had to pay astronomical resources such as the Holy Vein.

At the same time, he said that in the future, he will put the Zhuge family on trial and severely punish the forces that colluded with the demons, such as Tingtian Pavilion, Nantian Newspaper and other forces who want to broadcast live about this battle, but they must give a high price. Appearance fee. Because this battle will be recorded in the annals of the Southern Heaven Realm's history and cannot be spread so scribbled. Everyone is the top force in the Southern Heaven Realm. We should know the ecological impact of the original version on the Heaven Realm. It will allow many aspiring young generations to work hard.

There are more resources for cultivation to fight against the invasion of the demons.

This is righteousness.

"What's so special..."

Many forces on the scene have come back to their senses, and this is asking for benefits directly.

"Hey, I thought this kid was really so mellow, Demon Qin is Demon Qin, only the wrong name, no wrong nickname."

Many people were speechless and rubbed their teeth.

Qin Chen wanted to use their major platforms to enhance his influence and let his battle take over.

That's all, I actually asked them for broadcasting fees, and the price was sky-high.

It's really bad.

Too shameless.

Some coalition forces directly refused his unreasonable request. They were only spies sent by the neighboring forces of Zhuge's family, and they didn't really want to sell intelligence, so why would they be so expensive?

However, after listening to the meditations of the Tiange and Nantian Newspapers, they actually agreed to share some of the benefits and obtain the right to broadcast.

"Well, it seems that the two of you are sincere, you can let a part of the benefits." Qin Chen nodded, agreed, gave some benefits, and then looked at the surrounding forces and waved directly: "As for them, I won. , Secretly peeping into the secrets of my ten thousand clan, I now suspect that they are the demons who colluded with the Zhuge family

Fine, and rigorous interrogation, we must ask how much evil the demons have done in our Southern Heaven Realm. "

The Liger Demon Lord immediately stepped forward, murderous.

"day!"

Many people want to yell at them, scalp numb, **** it, this is too shameless, without paying money, just as a spy and arrested, and labeled as colluding with the demon, this is special, it does not give any way to survive.

There is such a shameless person in this world!

The collection of protection fees is too arrogant.

Many people feel weak in their hearts, because they all know that if they are really caught by the ten thousand clan, with the urine of the ten thousand clan, you will have to peel off if you die.

"Wait a minute."

Many people yelled, saying that they need to contact the powerful leaders behind to get authorization, after all, this is not a small number.

Qin Chen waved his hand, very tolerant, gave them time, and told them that a penny should not be less, otherwise, he has reason to suspect that the forces they come from are indeed colluding with the demons and are inquiring about the confidential information of the human race.

Confidential, you big head.

Wan Clan attacked Zhuge family, what kind of secret?

A lot of people have green eyes. Are you too direct? However, the situation is now stronger than that of people, otherwise, if such a big hat is really detained, and then passed out by the Tingtian Pavilion and Nantian Newspaper, then their forces will really be over and there will be big troubles.
