

Valkyrie 3671

[Chapter 3671: This drama](#)

Since then, these people have contacted the person in charge behind to explain the situation.

"These tens of thousands of races are crazy, have they all knocked on them?"

After receiving this news, many forces in the coalition camp were a little dazed, and then yelled at them, stating that they would not agree, and let them figure out their own way.

Because what Qin Chen asked for was not a small sum, even their top forces in the Southern Heaven Realm would have some blood and some pain.

Those who were trapped by the tens of thousands of races were very angry. They were so disgusted by doing things for the family. The family did not take their lives and deaths into their hearts at all. It would be too much.

"Hehe, isn't it your power that cares about your life and death? Well, then, your power is more likely to be in collusion with the demons. For a little money, you directly abandon your own people, which is very similar to the style of the demons. what."

Qin Chen said so, with a smile on his face, honest and mellow.

But this smile made many people hairy, and they immediately said that if they continue to contact, they will definitely meet the requirements of the ten thousand races.

This time, their tone was not so good, and they passed directly to the rear, saying that if they did not pay the fee, the Ten Thousand Clan would announce that these forces had colluded with the Demon Clan, which would bring huge losses to the clan at that time.

"I am a fairy!"

In the coalition camp, the heads of many forces have been stunned. Is this a ten thousand clan or a black force? Too overbearing, without paying the protection fee, you will be directly labeled as colluding with the demons? Is there still heaven in this world?

They are all going crazy. Immediately negotiated urgently, but at the last discussion, his face turned pale, because they found that if Qin Chen was really so public, even if they had a word, they would not be able to tell, their forces would definitely be targeted by many forces in the heavens. Up to

It will be very troublesome at times, and even the power of extermination.

What a...

They wanted to cry without tears, thinking carefully, and finally they had no choice but to agree, and their teeth were about to break. Soon, various resources were sent in. Qin Chen looked at the heavy storage ring with the many holy veins in it, and he couldn't help but nod his head and waved his hand to make the Liger, Tiger and Demon Lord retreat, and then said that their forces are very strong. Sincere, should be with

Mozu has nothing to do.

"..."

The eyelids of many forces jumped wildly, and they almost didn't swear on the spot. They had nothing to do with the demons. What should they be? "Well, what you asked about the breath of the Demon Race, that day, in the Abyss of Burial Sword, there was indeed a master of the Demon Race who appeared. It was a phantom of the Demon Race Demon Ancestor, lurking in Palace Lord Yaojie and Zhuge. Rulong Patriarch's body must be aimed at the Heavenly Sword

Ge Jianzu, unfortunately, was seen through by Jianzu. "As for the aura of the previous Huadao, there are indeed master Huadao. Those are the masters such as Venerable Yeguang from Heavenly Work, Venerable Star Destroyer from Star God Palace, and Venerable Jiuyu from Dayu Shenshan. They have dedicated themselves to our human race. In order to save me

The rising generations in the waves, combined with the sword ancestor of the Tongtian Sword Pavilion, have killed the phantom of the demon clan. "

Qin Chen sighed. Ji Wuxue's eyelids throbbed, and their hearts spit out. It's nothing more than Lord Yeguang who has worked in heaven. What the **** is Lord Destroyer and Lord Jiuyu? When I was in the Abyss of Burial Sword, I was clearly dragging my feet, and in the end I was directly included in the bronze coffin by the sword ancestor.

Among them, otherwise they can get in?

What the **** is this guy Qin Chen doing?

Sure enough, there was no need for Ji Wuxue and the others to ask, the people from Hetian Pavilion and Nantian Newspaper asked, because it was different from what they only knew about intelligence. When I was in the Sword Tomb, not only the powerhouses of the Tiandang Mountains, but also some top forces from the Southern Heaven Realm, also entered. Knowing that when they were in the Sword Stele Forest, the Venerable Star Destroyer and them Zeng together with Zhugeru

When Long acted on Qin Chen, why did he say good things to Qin Chen's mouth? "Oh." Qin Chen couldn't help but feel moved. He was very moved. Tears almost fell. He said, "In the beginning, Venerable Miserable Star and Venerable Jiuyu were indeed affected by Zhuge. Rulong was deceived and aimed at Ben Shao, but later, they were overwhelmed by Ben Shao's talents, thinking that the back wave like Ben Shao represented a rising star in the heavens, but before that they believed Zhuge Rulong's old thing targeted Ben Shao. I was ashamed and even regretted on the spot, expressing that he did something wrong and was willing

Forgive. "Qin Chen sighed, "They are all the venerables of my top power in the heavens, knowing mistakes and correcting them, they are really good models for my generation, and they also sent messages to their respective forces, asking them to support Ben Shao and support me in the future. , If there is any danger

You can go directly to the machine, but it can help me, I am very touched. "

Qin Chen said so, eyes rosy.

"This drama..." Ji Wuxue curled his lips, unable to spit out, full of mouthfuls, without knowing which sentence was true. However, he also understood Qin Chen's purpose for doing this. With the current

strength of the Ten Thousand Clan Clan, how could he fight against the Star God Palace and the others? If the news here is passed on through the Tingtian Pavilion and other forces, the Star God Palace and other forces would not be too embarrassed to find Qin Chen

Is in trouble?

At least, it's not easy to do this on the bright side.

"really?"

It's just Qin Chen's words that made many forces suspect, with suspicious expressions in their eyes, and they asked.

Because the venerables of several major forces confessed to Qin Chen, how they didn't look like they could do it.

"What do you mean? Do you think that the Star God Palace and other forces are colluding with the demons? Or that they are hypocritical, even if they know their mistakes, they will not change it? I think you have ulterior motives and are playing rhythm."

Hearing doubts, Qin Chen directly scolded him with awe-inspiring righteousness, thinking that they were slandering the Star God Palace and other celestial forces.

This shocked them and waved their hands hurriedly, damn, these words can't be said nonsense, they spread to the ears of the Star God Palace and other forces, do their forces dare to mess with the heavens?

"Finally, I solemnly declare here that for the future of the Southern Heaven Realm, and for the future of the Heaven Realm, the Ten Thousand Clan Clan will join the Qingxue Family to begin conquering the Zhuge Family immediately. Please testify from the many forces in the Heaven Realm."

At the last moment, after saying everything he wanted to say, Qin Chen said so and directly suspended the interview.

This left many forces speechless. There were only a few questions, and Qin Chen didn't say anything at the core. However, the spread of these news alone has caused a huge sensation. Many forces that have not obtained the right to broadcast have regretted it, because countless forces and people in the heavens have found the broadcast platform of the two major forces to watch.

The point squeezed their core formation hubs.

With this traffic and attention, Tingtian Pavilion and Nantian News have already made a lot of money.

boom! Moreover, more people poured in, because this time the ten thousand clan family was finally about to take action against the Zhuge family, and several warships of the ten thousand clan family descended directly over the ancestral land of the Zhuge family, blooming the rainbow.

[Chapter 3672: Have you considered it?](#)

Everyone held their breath and looked over attentively. The Ten Thousand Clan is finally about to take action against the Zhuge Family. This is a battle to establish the pattern of the Southern Heaven Realm.

Whoosh! Whoosh! Whoosh!

Ten thousand races, a top-notch master appeared, floating in the sky, that figure, exuding a terrifying aura, descended above the ancestral land of the ten thousand races.

At this time, the discussion hall in the ancestral land of the ten thousand races was as silent as a **** land shining by the **** setting sun outside. Originally, the three half-step Tianzun of the Zhuge family was killed by various forces in the previous ambush, and one was seriously injured at the same time. Although the injuries have been repaired a lot now, their combat effectiveness has been greatly reduced. As a result, the Zhuge family only has Two and a half

Venerable Bu, the dignified Zhuge family, has fallen to this level.

At this moment, in the hall, a group of people were surrounded by eagles and birds, their auras were extremely solemn, and everyone exuded terrible murderous intent, cold light.

"Old worship, what shall we do next?"

Patriarch Zhuge Yao stared at an old man who was in the lead. The old man had gray beard and wrinkles on his face. The old man was no longer good. "What can I do? My Zhuge family is not an uninherited family like the Qingxue family. Our Zhuge family is inherited from the Tianji Sect. We are the heirs of the Tianji Sect. We control the way of destiny and are stared by many forces in the heavens. Back then, I Zhuge family. Ancestor

I have anticipated this situation and set up a method. If the guys of the ten thousand races dare to attack my Zhuge family, they will definitely let them go. "

The leading old man Han Guang said sternly, half of the foot is almost into the soil, but his body is extremely murderous.

The others also had gloomy eyes and sneers at the corners of their mouths.

Originally this was a secret, even people at the level of elders would not know such secrets, often only the ancestors and patriarchs. But today's Zhuge family has entered the most critical moment, and many news have been made public. Many people are shocked to know that the ancestors of Zhuge family have actually anticipated the occurrence of today's situation.

Terrible means.

This kind of method is enough to kill the venerable. When the major nearby forces came to attack, they did not use such methods. Now that the ten thousand clan sects are coming, they are afraid that they will not be able to resist it, and the cards have to be revealed. "The Qin Chen of the ten thousand clan family came out of the sword tomb and framed the collusion between the old ancestor and the demon clan. The crime deserves ten thousand deaths. The fall of the ancestor will definitely have nothing to do with him. Today, I will let this The people of the ten thousand clan have come back and forth." The leader old man

Murderous.

"By the way, Zhuge Yao, after a great war breaks out, is the escape route ready?" The old man looked at Zhuge Yao. "Old consecration, ready, the family has selected a hundred young talents and more than a dozen potential strong men. They are the hope of my Zhuge family. Once the war breaks out, they will pass through the secret passage as soon as possible. Leave for

Our Zhuge family left the last seed. "

"That's good." The old man raised his head and looked at the master of the Ten Thousand Clan sect above the endless void, and the terrible aura filled him, he suddenly sneered.

As long as Qin Chen and the others dare to attack, the next moment is their time of death. All those who underestimate their Zhuge family will pay the price of their lives.

boom!

Above the sky, the Liger Demon Lord and the others were murderous and transformed into the body. The figure of the Heaven-Through-Sky Demon Race, thousands of feet high, was pressed down, like a heavenly **** descending, the momentum was amazing.

"Sect Master, it's just against the Zhuge family, let me wait to act first." said the liger demon master, fighting vigorously, and want to take the first shot.

But it was stopped by Qin Chen.

"Don't worry, I'll get in first."

Qin Chen said, very resolute.

"No, you are the Sovereign, how can you let you do it first? This Zhuge family has been passed down for thousands of years. Maybe there is some method, or let the subordinates attack first." The Liger Demon Master said in a deep voice, disagreeing. .

Qin Chen just wanted to say something. Suddenly, Qin Chen laughed and said: "Don't fight, someone is going to do it for us."

Everyone was stunned, all turned their heads, and with a bang, they saw a terrifying aura descending from the sky, exuding a mighty aura, suppressing the eternal world, and suddenly came to the sky above the ancestral land of the Zhuge family.

Everyone is very familiar with this figure, it is the Chaos Poison Venerable they have just met not long ago.

As soon as Chaos Poison Venerable arrived, the Venerable's breath was suppressed, and the heavens were suppressed by him, squatting.

"It's the Lord!"

In the distance, many forces felt this power and changed their colors, knowing that the person here turned out to be a Venerable, could it be the Chaos Poison Venerable who had attacked the Qingxue family before?

Amidst their doubts, Qin Chen had already laughed, smiling at Chaos Poison Venerable, and said, "Chaotic Poison Venerable, don't come to nothing."

"It's you again, lingering fellow."

When Chaos Poison Sovereign saw Qin Chen, his face was ugly. "I haven't seen you these days, seniors are not going to find the news of the dragon sunflower fruit? How about? Have you found a solution?" Qin Chen chuckled, staring at Chaos Poison Sovereign, then shook his head slightly and smiled: "Look. The state of seniors seems unpleasant

View. "

Compared to the time when he was in the Qingxue family not long ago, the aura on Chaos Poison Venerable's body has become more eerie and weird, and the green aura lingers around him, obviously more poisonous.

Mad, this kid is simply not open and lift which pot. These days, the Poison Master Chaos did go to some places to find news about the dragon sunflower fruit, and he did find some information, but in all the ancient books, there is no record of how to solve the toxin of the dragon sunflower fruit, but the last time clear

After the battle of the Xue family, the toxin on his body recurred more severely, so today he came to the Zhuge family for the first time, wanting to see if the Zhuge family has any treasures that can ease and cure his toxins.

Who knew Qin Chen unexpectedly met.

"You are also here to deal with the Zhuge family?"

Chaos Poison Venerable's gaze condensed, if Qin Chen also came to target Zhuge's family, then they would inevitably have conflicts again.

"No, how come the toxins in your body have completely disappeared?" Suddenly, Chaos Poison Venerable stared at the Lion and Tiger Demon Lord and the others, and said in a silent voice. Not seen these days, the invaded toxins from the Liger and Tiger Demon Lord and others have completely disappeared. As if he had never been poisoned, how could this be possible? The poison on his body was extremely dangerous

Fear, even if it can be removed, there will still be traces, but the toxins on the liger demon masters have completely disappeared.

Could it be that.....

"I don't want to talk about it, it can cure the poison on your body, as long as you surrender to me, how about it, have you considered it?" Qin Chen said with a smile.

[Chapter 3673: Old worship](#)

"dream."

Chaos Poison Venerable said in a cold voice, but this time, he quietly moved in his heart, but he was quickly forgotten, and let his dignified Venerable surrender Qin Chen to a young boy. How could it be possible?

"If you don't want to, is the senior also here to deal with the Zhuge family?"

Qin Chen laughed lightly, his eyes rolling.

"Why, do you want to fight with me?" Chaos Poison Venerable's expression condensed. "How could it happen? Although my ten thousand clan came first, senior is a venerable one. What's more, my ten thousand clan is very poisonous. If my ten thousand clan is also interested in this family of Zhuge, I will give it to senior Okay, I promise not to interfere

,how is it. "

"What the **** are you doing?"

Chaos Poison Venerable frowned, would this kid be so kind? Give him the Zhuge family directly? He didn't believe it even if he was killed. "If the predecessors don't believe me, my ten thousand clan can promise that if the predecessor breaks through the Zhuge family, my ten thousand clan will never take advantage of others. Is this all right? There are so many people from all major forces in the southern heaven. Is that what Zong said?

And the unbelievers? "

When the voice fell, Qin Chen waved his hand, and immediately, Ji Wuxue, Liger Demon Lord and others returned to Qin Chen.

"Humph!"

Chaos Poison Sovereign snorted coldly, what is this kid Qin Chen doing? He was suspicious, but he didn't bother to think about it, because he didn't have much time, so he could only break through Zhuge's family as soon as possible.

"Remember what you said."

With a cold snort, Chaos Poison Venerable's figure shook, and suddenly rushed towards the place of Zhuge's family below.

Hum! In the ancestral land of Zhuge's family, the light of fate rose up and turned into a great fate to resist the invasion of Chaos Poison Venerable, Chaos Poison Venerable sneered, and boomed, the terrifying dark green poisonous light in the body instantly diffused and transformed. Make a dark green

The color of the sky shrouded the fate of the Zhuge family.

Chi Chi Chi Chi!

The dark green poisonous light surged, quickly corroding the fate.

At the same time, Chaos Poison Venerable stared at Qin Chen and the others behind him, and found that Qin Chen and the others had no intention of taking action at all, and frowned.

"Is this kid really not doing it? Or he wants to take advantage of the fisherman's profit, and wait for me to break the formation before I start?" Chaos Poison Venerable was suspicious, but did not think too much. With his strength, he defeated the Zhuge family. The big formation doesn't take too long. When the time comes, he will directly enter the depths of the ancestral home of Zhuge's family. He doesn't believe that Qin Chen can still be more capable than his noble one

plunder.

Thinking of this, the dark green halo on Chaos Poison Venerable's body became even more terrifying, and it crazily poured into the large array below.

"Sect Master, did we really give it to him?"

The Liger Demon Lord surrounded Qin Chen and said anxiously.

"Hehe, don't worry, let this Poisonous Chaos Venerable go to thunder first, the ancestral land of Zhuge's family is not so easy to break." Qin Chen smiled.

"No?" The liger demon masters were puzzled. Zhuge family and Qingxue family were at the same time the top power in the southern celestial realm. If it hadn't been blocked by Qin Chen, Chaos Poison Venerable might be able to break through the Qingxue family's ancestral land in a very short time. His poison is more than any venerable

It is suitable for destroying the big formation, is it so difficult for the ancestral land of the Zhuge family?

Although they were puzzled, Qin Chen gave the order, and they naturally did not dare to violate it.

"Boom!"

Outside of Zhuge Ancestral Land, Chaos Poison Venerable continued to surging with terrible poisonous light. These poisonous gases carried terrible murderous intent, corroding the void, and the ancestral formation of Zhuge Family's ancestral land suddenly roared.

Click!

With a crisp sound, cracks have begun to appear on the ancestral formation of the Zhuge family.

"What?" In the distance, the masters of the major forces were shocked when they saw this. They had attacked the ancestral land of the Zhuge family several times, but they had never succeeded. They were all resisted by the fate of the Zhuge family, and the Chaos Poison Venerable, Even Zhuge's family

The big array tore open a gap.

Is this the Venerable Master?

"Zuge family, but so."

Chaos Poison Venerable sneered, feeling the shock of many forces behind him, and he was very proud.

This is the Lord, the existence they all must look up to.

In the ancestral home of Zhuge's family, Zhuge Yao and others have pale faces.

"The old worship is Chaos Poison Venerable. The people of the Ten Thousand Clan have not taken any action. What should we do? If this continues, the great formation of my Zhuge family will be broken." Many elders said in a deep voice. The eyes are cold.

"You can't wait any longer. The Ten Thousand Clan Sects are too vigilant and didn't do anything. If you wait any longer, the ancestral land will be destroyed and the lore will be launched immediately."

The old man said, his figure soaring into the sky.

"Look, someone from the Zhuge family has appeared."

Outside, many people exclaimed because they saw the masters of the Zhuge family appear.

"Hahaha, finally it came out, Zhuge family, you also have today." Chaos Poisonous sneered, he had an enmity with Qingxue family, and was very upset with Zhuge family. Back then, Zhuge family didn't like his unexpected breakthrough. Venerable, very proud, and now, the ancestors of these two great families are dead, but he is still alive

With.

What to drag, to live is victory.

boom!

Chaos Poison Venerable sneered and raised his hand to capture the photo. Suddenly, a large dark green hand came out in the sky, terrifying, and suddenly slapped towards the ancestral land of the Zhuge family, too violent.

"Start the Absolute Array!"

The old worshippers of the Zhuge family yelled, no nonsense, because he knew that nonsense was meaningless.

boom! Everyone in the Zhuge family glowed, and a terrifying light of fate rose up, as if communicating with some special existence in the ground. The next moment, under the eyes of everyone, in the ancestral land of the Zhuge family, there was a terrible breath. complex

Su La, with a thud, a mighty fate hand rose up, resisting the dark green hand shot by Chaos Poison Venerable.

what?

Everyone was shocked that the Zhuge family actually had these other methods. Below, the ancestral land of the Zhuge family seemed to be resurrected, and the light of destiny was rising everywhere, as if it had formed an unprecedented area.

what is that?

Many people opened their eyes wide and surprised that the ancestral land of Zhuge's family was located in a mountain range, covered with old trees such as pine, green cypress, and there were some magnificent waterfalls hanging down from thousands of feet high. , Very magnificent.

However, at this moment, this area is full of murderous intent, as if resurrected. Above the mountains, the light of destiny bloomed, and it turned out to be like giant dragons.

This scene is too scary.

Pieces of runes lit up in the mountains, causing many waterfalls to flow backwards, turning them into a part of the world, and some large mountains rumbling, rising up from the ground, arranged around.

Needless to think about it, there are formations in the mountain, there is true energy, there is a **** stone, etc. This is "changing the sky and the earth", completely changing the environment, and besieging this world. This is the killer of the Zhuge family.

[Chapter 3674: Ancestral Recovery](#)

Ok?

Chaos Poison Venerable also changed color, and felt a trace of something wrong. The surroundings were full of murderous intent, as if they had turned into a forest purgatory, and countless rays of destiny rose up, forming a world, trapping him in it, and the surrounding void was not real. Up. This surprised him very much. He is a master of the venerable, and his divine consciousness could not escape. He tried to see through the structure below the Zhuge family's ancestral land, but at this moment, he found that he couldn't do it, as if it was blocked by something. lost

The ability to snoop.

Moreover, there was a hint of danger in his heart, which was a message sent by the instinct of the Venerable after sensing the crisis.

This scene made everyone discolored and shocked. Moreover, this breath soared, and immediately wrapped towards Qin Chen and the others, and shrouded all the people of the Ten Thousand Clan under a layer of light of destiny, only compared to the position of the Chaos Poison Venerable below. The light of destiny is weak

Many times.

At this time, the masters of the Zhuge family rose to the sky one after another, floating above the ancestral land.

"My Zhuge family, my ancestor was a disciple of the Heavenly Mystery Sect, the Heavenly Mystery Sect, who calculated the secrets of the heavenly secrets, had the mystery of the world, how could it be easily killed? Now you guys are trying to destroy my Zhuge family while the ancestors are away. Dreaming."

The veteran of the Zhuge family enshrines the opening, and is the core veteran of the Zhuge family today. His eyes are cold and he shouts. They were very unwilling. Originally, this extremist formation was intended to be used at the last moment to kill the masters of countless forces around, so that the Zhuge family will rise again. No one dares to provoke them. No matter how bad they are, they must avenge their ancestors. Kill all

What a master.

But who would have thought that the appearance of Chaos Poison Venerable had allowed them to activate it in advance. Although they still wrapped Qin Chen and others from the Ten Thousand Clan Sect, they were only located outside. They had no idea whether it would work.

"Kill!" The call to kill resounded throughout the wild, and only a dozen masters of the Supreme Elder level appeared. Many strong men who had been retired more than 100,000 years ago also appeared. Many people thought they were. They are all sitting down, in fact, they are almost the same

, The vitality was dim, and when he reached the end of his life, his qi and blood were decayed, but at this moment, they all rose to the sky and walked out of the secret realm, killing the sky.

Huh!

In the mountains and rivers, a total of forty-nine flying swords rose up, some of which were shining, some were colorful, some were as bright as blood, some were so angry, some were as dark as ink, and some were as bright as a rainbow...

Seven of them are particularly gorgeous and dazzling. They are the sword of the main killing, and the remaining forty-two mouths also exude a terrifying aura, which moved many people, because they are all sub-sovereign weapons! The so-called sub-sovereign artifacts are products that failed in the process of refining the precious artifacts of the venerable. Or, it is a certain number of venerable-level materials, but there is no venerable-level refiner to refining, violent heavenly objects, or, half a step. His Holiness spent his entire life

Energy, to nourish a pinnacle holy soldier, it is possible to transform into a sub-sovereign weapon.

These treasures are very powerful and can easily slay the pinnacle holy master. They are already top treasures in the Southern Heaven Realm where the Venerable cannot go.

Generally, one of the top powers is extremely rare, but the Zhuge family actually took out 49 mouthfuls at once, which is not shocking.

"No, that pitch-black sword, how can it be a bit like the Mo Yun sword of the town clan's ancestor Fu family ancestor who was annihilated 30,000 years ago?"

"That Scarlet Divine Sword is somewhat like the ancestor Divine Weapon of the Blood Sword Sect that was destroyed 70,000 years ago."

"There is also that five-color divine sword, which seems to come from the five-color divine pool of the Void Tide Sea Sky Yan Clan. It disappeared mysteriously 100,000 years ago. How could it appear here?"

Outside, many people were shocked and exclaimed. Because, they discovered that these forty-nine divine swords were actually related to many top powers in the heavens over the past tens of thousands of years. It's just that these top powers have fallen for various reasons. Some of them have been lost overnight. Off,

No one knows the truth and the murderer.

Now, the **** soldiers of these forces have appeared in the Zhuge family, which made everyone not shocked and shocked.

Could it be said that in the past ten thousand years, the demise of those forces could not be separated from the Zhuge family?

Everyone was shocked when this thought came out.

Hum!

That was the flying sword trembling lightly, swept over, and forty-nine flying swords blasted and killed at the same time with such fierceness and dominance. The scene was very spectacular.

Some flying swords are not as long as a palm, but the void trembles, and some flying swords soared to tens of hundreds of meters, like a metal hill slapped down, which is frightening.

"Huh, sub-sovereign weapon, get out!" Chaos Poison Venerable yelled, his whole body, countless runes flickering, the formation pattern was activated, like the light of fate covering everything like a stormy sea, blending into the divine sword, interweaving into the Jingtian Divine Rainbow, while blocking the Chaos Poison Venerable, it is also moving towards

Chaos Poison Venerable came to kill.

But Chaos Poison Venerable was not afraid, his eyes were cold, and there was no panic, even when facing 49 sub-vessels, he didn't change his color.

Because, he claims to be a master of the Venerable, the sub-Zun is harmless to him, and he is fearless.

when!

Chaos light surged all over his body, his fists blasted out, his fists were shocking, and the world was shaking.

Moreover, the aura of chaos lingers around him, forming a terrible defense, solid and immortal, as strong as a body.

In an instant, sparks splashed all over, with a harsh sound, and when many flying swords hit, they were swept and hit by his chaotic fists!

锵锵锵...

This kind of sound is too harsh and makes people feel sour. Forty-nine powerful flying swords exude terrible sword aura, but they can't penetrate the body of Chaos Poison Venerable.

Dangdang!

In the harsh sound, one mouthful after another flying sword was dim, and it was smashed by Chaos Poison Venerable. Many of them trembled and even cracked.

Because the body of Chaos Poison Venerable Chaos is so terrible that even Qin Chen's six sword bones and sword aura cannot be torn apart. Naturally, these forty-nine sub-vendors cannot bring him full damage.

"Why is the defense of this Primordial Poison Venerable so terrible? Even if he is a Venerable, and forty-nine sub-sovereign weapons shot together, he should be injured." Many people were shocked, exclaiming, feeling surprised.

Because the Sub-Venerable Artifact is very strong, combining forty-nine mouths, the Venerable must avoid its sharp edge and cannot be the enemy, but the Chaos Poison Venerable easily blocked it.

"Huh, little bugs."

Chaos Poison Lord sneered, stepped down, very disdainful, his fists flew again and again, many flying swords were shaken out, and the killing field constructed by flying swords was cracked!

"This Chaos Poison Venerable Body is very strong and can't keep his hands anymore. It activates the lore, revives the blood of the ancient ancestors, and kills the enemies." The old Zhuge family enshrines roar, boom, the next moment, all the masters of the Zhuge family are there. Sacrifice, the position of this world has all changed. In the ancestral land, a terrible light of destiny appeared. In this light of destiny, there is a faint human figure.

Emerging, in charge of eternal destiny.

An aura that even the Chaos Poison Venerable was shocked, spread out.

boom! The terrible aura suppressed on Chaos Poison Venerable, his face suddenly changed and he let out a muffled hum.

[Chapter 3675: Aftermath](#)

At this moment, the members of the Zhuge family are all taking action, offering sacrifices to their own destiny, urging formations and magnets, and working together to sacrifice the formation flag, stimulating the formation of this world.

boom!

The entire fate of the universe seemed to have recovered, turning into a terrible situation, and the roads of fate, like a long whip, crazily entangled the Chaos Poison Venerable.

"what is this?"

Chaos Poison Venerable was furious, and immediately urged the power of the Venerable, blasting towards these ways of destiny, but these lights of destiny turned out to be like tentacles, enveloping Chaos Poison Venerable.

Puff puff!

The light of destiny bloomed, and Chaos Poison Venerable felt like he was trapped in the vast ocean of fate. There was a sense of dizziness, and his soul was trembling.

What the hell? He looked up and saw a terrifying phantom emerge in the endless river of fate, and a pair of eyes, containing the most terrifying aura of time, from which the Poisonous Chaos Venerable seemed to see his own future and saw his own poisonous body. But unable to solve

, The body is constantly rotting, and the soul is suffering.

"Do not!"

Chaos Poison Venerable roared, the poison light on his body became more and more terrifying, his eyes were red, and his skin quickly rotted. It was too horrible and creepy.

At the same time, Zhuge's family veteran enshrined the cold light in the eyes of the others, and sacrificed a black skull, roaring like a demon **** from hell, quickly becoming bigger, floating on the head of Chaos Poison Venerable, exuding black aura. "All spirits turned into blood streamers, and all vitality!" Zhuge Yao roared, and a terrible blood-colored streamer appeared. On the terrible streamer, it was dilapidated, gloomy, and dripping red. It was a broken treasure of the Venerable. Device, even if not complete,

It is broken, but it still makes the heart palpitations, suppressing everything!

In an instant, the old monsters of the Zhuge family all started, and they all used big killers.

puff!

Chaos Poison Venerable was enveloped, roaring all over, countless rays of light fell on him, trapping him in this world, these divine soldiers could kill everything, and blasted Chaos Poison Venerable with a fierce roar.

Chaos Poison Venerable's body was not penetrated under such an attack, because he was a body of Chaos, but the poisonous gas in his body quickly diffused, began to rot, and his face began to fall, which was extremely miserable.

The breath of life diffused out of his body, as if it were flowing directly, the rules of the Origin Dao in his body were merging with the heaven.

This is Huadao.

Everyone was shocked. The Zhuge Family actually resisted the attack of the Poison Venerable Chaos, and, the Poison Venerable Chaos Dignified, he was transforming the Dao, his expression was painful, as if he was going to heaven.

This scene is too scary, everyone's hair is terrified, and all of a sudden the chills stand up.

Especially in the coalition camp, there was silence. The masters of the many forces around the Zhuge family were all shocked, fearful in their hearts, and the needle fell quietly. Because, they didn't expect that the Zhuge family still had such a method, and it was the arrival of the Ten Thousand Clan that prevented them from shooting. If they were really desperate to launch a fierce attack on the Zhuge family, they are now trapped in a terrifying battle.

That's them.

They don't have the terrifying cultivation base of Chaos Poison Venerable, and those forty-nine sub-vessels flying swords are enough to kill them.

At this moment, everyone sucked in air-conditioning, and there was cold air on the soles of their feet.

Originally, they gritted their teeth with hatred for Ten Thousand Clan Sect and Chaos Poisonous Venerable, but now, a feeling of a surviving aftermath surges in everyone's heart, and they are full of gratitude for the arrival of Ten Thousand Clan Sect.

If it weren't for the Ten Thousand Clan Clan, they had all been destroyed. This is definitely not a lie, because even the Poisonous Poison Venerable Chaos can't resist it. In Huadao, the scene is too terrible and chilling.

After a long time, many of the top power masters in the coalition camp came back to their senses, only to find that their backs were wet.

Not only the coalition army camp, this scene was transmitted through the live broadcast, and the entire Southern Heaven Realm was boiling and shocked.

too frightening.

Is this the Zhuge family, the top family in the Southern Heaven Realm? Even if the ancestors fell, only the family background can trap the venerable masters, which makes everyone frightened.

The Liger Demon Lord and others are also palpitating and chilling. If it weren't for the arrival of Chaos Poison Venerable, they would also be unlucky.

"The Poison Master Chaos can't hold on anymore."

Beside Qin Chen, Ji Wuxue said in a deep voice, her eyes solemn. "Well, Zhuge family's methods are extraordinary. There are many treasures. However, even though Chaos Poison Venerable was seriously injured, it was not caused by Zhuge's treasure attack. Zhuge's treasure could not break Chaos Poison Vener's. Physical defense is that

The force of fate caused the injuries in Chaos Poison Venerable's body, causing his toxin to erupt completely, and then he transformed his way. "

Qin Chen said, seeing the clues.

Originally, Chaos Poison Venerable should have a life span of at least a hundred years, but after several battles, toxins erupted in his body, eroding the origin faster, making Chaos Poison Venerable instantly enter an extremely dangerous position.

If no one comes to help, Chaos Poison Venerable may really be dying here.

"Are you sure?"

Ji Wuxue looked at Qin Chen.

"Just try and you will find out."

Qin Chen's eyes flashed, knowing that he couldn't wait any longer, waiting for Chaos Poison Venerable to die here, that would be troublesome.

"Om!"

He stepped forward and instantly walked towards the big formation ahead.

Qin Chen's actions immediately shocked everyone, what is this kid doing? In this case, you dare to break in, aren't you afraid of death?

Everyone looked at Qin Chen in disbelief, and even the members of the Zhuge family below were stunned, and immediately there was a strong murderous intent in their eyes.

Huh! Qin Chen stepped out one step and entered directly into the most core formation. Suddenly, the terrifying light of fate rose up, and the power of fate swept towards Qin Chen, and Qin Chen saw, in the breath of fate, there is a towering

E Xuying stared at herself. Qin Chen immediately felt that he had fallen into a vast river of fate, and everything in front of him had disappeared. He seemed to have seen his own destiny that he was unable to struggle, and he was going to the end of his life, and even saw that he was caught Mozu

The dismemberment scene.

"The way of destiny, does it invade the soul?"

Qin Chen murmured, then chuckled. He is also in control of fate. This power of fate is okay against Chaos Poison Venerable, and he actually wants to immerse him in the helplessness of fate, which is ridiculous.

I control my own life!

Qin Chen said in a low voice.

boom!

There was a roar in his mind, and a terrible fateful aura appeared from Qin Chen. In his mind, the Book of Origins bloomed with divine light, and the book about fate quickly flipped. Qin Chen jumped out of the long river of fate, as if he had become the master of fate, in charge of fate.

[Chapter 3676: To ashes](#)

In Qin Chen's body, the secret of that day also suddenly shined. The phantom in the long river of fate had no facial features, but at this moment, it revealed a look of horror. With a bang, it burst directly into one. The light of destiny, by Qin Chen body

The secret inside makes it instantly absorbed.

"Your destiny is in my control."

Qin Chen said, stepping on the world, he raised his hand, and the light of fate lingering on the Poison Venerable Chaos was quickly absorbed by Qin Chen, and the fate aura between the world and the earth quickly poured into Qin Chen's body.

"what?"

The expressions of the masters of Zhuge's family all changed, never expected that Qin Chen would not be controlled by fate at all.

Qin Chen stepped out, stepping on this side of heaven and earth, and there was lotus growing under his feet, and an infinite divine rainbow bloomed. With each step, there was a formation pattern that merged with this side of heaven and earth.

"No, he is changing the position of my Zhuge family's ancestral land."

Below, the members of the Zhuge family were frightened.

boom!

They urged forty-nine divine swords to slay Qin Chen frantically.

Forty-nine sub-sovereign weapons can't kill Chaos Poison Venerable. That's because Chaos Poison Venerables are masters of the Venerable and possess the body of Chaos, but in the eyes of the masters of Zhuge's family, these 49 divine swords dealt with Qin Chen. It must be easy.

However, in the face of these forty-nine divine swords, Qin Chen chuckled slightly.

"Oh, use a sword in front of me?"

Hum!

In his body, the six reincarnation sword bones bloomed, and the infinite sword intent surged. At this moment, Qin Chen himself turned into a sharp sword, blooming with sword aura that penetrated the sky. The terrifying sword intent quickly merged into the forty-nine divine swords. Suddenly, the forty-nine swords that were originally murderous and slashed towards Qin Chen suddenly became behaved. Qin Chen raised his hand. The sword intent surges, the nameless sword canon urges, six

The Dao Reincarnation Life and Death Sword Art urged, those forty-nine divine swords, unexpectedly converging their magic skills, quickly hovering beside Qin Chen, becoming like soldiers guarding Qin Chen.

what?

Everyone looked dull.

"impossible."

The master of the Zhuge family roared in disbelief, then furious, "Kill!"

boom!

The black venerable skull that originally enveloped Chaos Poisonous Venerable, as well as the all-spirited blood-turning banners, were all suppressed at Qin Chen. Qin Chen sneered. It was just a broken Venerable Treasure. When he didn't?

Qin Chen raised his hand, and Zi Xiao Dou Li Gong and Ten Thousand Dao Qingjin Divine Furnace were directly bombarded. The Venerable Tool swept across with a bang, hitting the black skull and the all-spirited blood streamer, and the two treasures suddenly screamed. The roar was directly exploded.

Although these two treasures were broken treasures of the venerable, they carried a cold air, which Qin Chen didn't like, and they exploded directly, and didn't even have the mood to take them.

"Boom!" Then Qin Chen urged forty-nine divine swords and directly smashed the mountains and rivers, causing the mountains to collapse, destroying the formation, and moving forward. Under his feet, the gods and rainbows bloomed, and the formations submerged into the ground. Amid the violent roar, the entire Zhuge family's ancestors trembled suddenly, and the mountain dragon that had been resurrected suddenly fell silent, like Was cut off

The backbone, the dragon tendons were removed.

Countless energy of fate poured into Qin Chen's body like an ocean.

Puff puff puff...

Under the bombardment of Qin Chen, the masters of the Zhuge family vomited blood together, suffered a backlash, his face was pale and frightened.

impossible!

They couldn't believe that the formation laid down by the ancestors was destroyed in this way, and it was destroyed in the hands of such a young man.

They are not reconciled.

However, no matter how unwilling, facts are facts and cannot be changed.

"kill!"

Qin Chen rushed to the past, facing the Zhuge family masters below, without fear at all, forty-nine divine swords rushed out, harvesting everywhere.

boom! boom! boom.....

Qin Chen urged the divine sword, and in one breath, he directly blasted several masters of the Zhuge family, turning them into blood mists, and the blood flew!

"Hehe, it's okay, go, go in and harvest."

Ji Wuxue laughed loudly, shook his figure, and rushed into the large formation. At the same time, the Liger, Demon Lord and others also rushed out and rushed directly into the ancestral land of the Zhuge family.

"kill!"

A massacre began. The liger and tiger demon masters smashed into the ancestral land of the Zhuge family, like a tiger into a flock, instantly beheading countless masters, and blood flew across and turned into blood fog.

"I'm fighting with you." Many masters of the Zhuge family rushed forward, but Ji Wuxue and others sneered, raising both hands, and countless attacks fell amidst the roar. , The late saints have, even

There are very few peak holy masters.

Under the beheading of Ji Wuxue and the others, no one of this kind of cultivation level could survive, but in a blink of an eye, they all turned into fly ash.

Then some heavenly saints and earth saints were all beheaded.

Then, all the people of the Ten Thousand Races rushed into the territory of the Zhuge family and began to search and plunder.

Outside, many people watched this scene in shock, with amazement in their eyes. At the same time, they watched the masters of the ten thousand clan harvest in the ancestral land of the Zhuge family, but no one dared to step forward.

Qin Chen didn't enter the ancestral land to harvest, so Ji Wuxue and the others could do it. He went straight to the Poison Venerable Chaos, with his right hand directly on the Poison Venerable Chaos.

Hum!

The entropy of the sky poison in Qin Chen's body surged, and a terrible poison gas was introduced into Qin Chen's body. Qin Chen suddenly snorted, and a trace of blood overflowed from the corner of his mouth. The poison gas on Chaos Poison Venerable's body is too terrible. Even Qin Chen has changed color. Although he has deconstructed the structure of this poison gas, which can be swallowed and absorbed, the sudden contact with such a terrible poison gas still changes his color.

'S cells suffered a terrible poisonous gas invasion.

The six sword bones roared, and the civilization of poisoning in the Book of Origin bloomed. Qin Chen quickly absorbed the poisonous gas in it, and absorbed the poisonous gas in the Chaos Poison Venerable into his body little by little.

After a while, a dark green poisonous light appeared on Qin Chen's face, his face was pale and looked extremely ugly.

Finally, after Qin Chen absorbed Ban Zhuxiang.

puff!

Chaos Poison Venerable Suddenly vomited a mouthful of blood, burning the void in front of him into a void, and Chaos Poison Venerable finally woke up.

"you....."

Chaos Poison Venerable looked at Qin Chen with complicated eyes. Although he was in the process of transforming Dao before, he still sensed everything around him, knowing that Qin Chen saved him.

"Don't talk nonsense, talk about it later."

Qin Chen's voice fell, and forty-nine divine swords were directly sacrificed, and the ancestral land of the Zhuge family below was cut out with one sword.

boom!

The dull "Boom" kept on, and the ancestral land of Zhuge's family in a radius of hundreds of kilometers was destroyed by Qin Chen at an extremely fast speed. The beautiful Zhuge family's ancestral land was turned into ruins.

That's not even counted, Qin Chen threw out the flags of the Dao Formation, booming, the ruins of the Zhuge family's ancestral land were instantly removed, and the sky above the Zhuge family's ancestral land was turned into nothingness. The Zhuge family, who had been in the Southern Heaven Realm for countless years, completely turned to ashes at this moment.

[Chapter 3677: what do you want](#)

Between the world and the earth, there was silence. Everyone stared blankly at the ancestral land of the Zhuge family. There were ruins everywhere, turned into nothingness, and nothing was left.

The wind was blowing, the setting sun was blood-red, extremely poignant.

This is a history that has been passed down in the Southern Heaven Realm for countless years, suppressing the Southern Heaven Realm, and in charge of the many forces and regions in the Southern Heaven Realm. It can be said that the history of the Zhuge Family represents the history of the Southern Heaven Realm to this square world. But now, just such a power that has been in charge of the Southern Heaven Realm for countless years has been uprooted directly, and there are no ruins left. The original Zhuge family's ancestral land was only left with nothingness. No

Stay.

This kind of scene gave countless strong shocks to everyone present.

The Nantian Newspaper, Tingtian Pavilion, and many coalition forces that were broadcasting live in the distance were silent.

They all know clearly that an era has passed, and the current Southern Heaven Realm will become the era of the Ten Thousand Races, and the young man Qin Chen in front of him is leading this era.

"Let's go!"

Qin Chen waved his hand, the Liger Demon Lord and others flew up, entered the battleship, and drove away from the void.

It was not until after they left that the many forces present were all in a cold sweat and could not recover for a long time.

boom!

The news about the demise of Zhuge's family was like a storm, violently sweeping across the entire Southern Heaven Realm, and spreading out of the Southern Heaven Realm at an alarming speed.

One stone stirred up a thousand waves, and the whole heaven boiled.

The main battleship of the Ten Thousand Clan.

"Sect Master, this is the spoils obtained from the Zhuge family."

The Liger Demon Lord took out a lot of storage space and handed it over to Qin Chen respectfully.

"According to statistics, there are many treasures in the Zhuge family, including various elixir, elixirs, secret treasures, magic weapons, and holy veins. The types are very complex, and the number of each type is very large. A rough estimate is a total of one hundred and five. Ten top grade saints

Around the main holy vein. "There are more than one hundred high-grade Saint Master Saint Veins. This is definitely an amazing number. It should be noted that one high-grade Saint Master can give birth to a late-stage Saint Master or a Peak Saint Master. Generally, a top power has several high-grade Saint Masters. The main holy vein

Up.

At the beginning, there was only one high-grade holy master's holy vein in the ancient Dao Sect.

For Zhuge Family, a power that has been in the Southern Heaven Realm for countless tens of thousands of years, the wealth of one hundred and fifty high-grade holy veins is nothing extraordinary.

"In addition, we also got a broken venerable vein deep in the ancestral land of the Zhuge family. This is the most core treasure of the Zhuge family." The lion tiger demon lord said excitedly, and at the same time handed a storage ring.

A broken Venerable Holy Vein? Qin Chen infiltrated his divine sense into the storage ring, and suddenly, a terrifying breath of the nobleman lingered, Qin Chen felt a half-step noble breath in his body surge, there was a kind of To step into the half-step venerable state on the spot

The impulse of the world.

"Not bad!"

Qin Chen said in surprise that the Venerable Saint Vein is very cherished. No wonder the great formation in the ancestral land of the Zhuge family is so terrible. Such a broken Venerable Saint Vein is enough for the origin of Qin Chen to gain a huge accumulation.

It's a pity that Zhuge Rulong's storage ring was left in the Abyss of Burial Sword. Otherwise, I believe that Zhuge Rulong's storage ring has more treasures. Next, Qin Chen classified the storage rings. Qin Chen collected some of the treasures he could use, and Qin Chen allocated the remaining treasures, some of which would be left for the development of the Ten Thousand Clan. Some are left to the liger demon lord

These Half-Step Venerables, the rest will be taken to the Chendi Pavilion in the Eastern Heaven Realm.

At this moment, a stream of light flashed, and Ji Wuxue came to the room.

"How?" Qin Chen asked with a smile.

"Sure enough, as you would expect, Zhuge Shijiazhuang has secretly opened up a space channel, selected a group of tianjiao in the family, and secretly sent them away before the start of the war. Unfortunately, how can we hide it from us?"

Ji Wuxue sneered, "Everything is solved. From then on, there will be no Zhuge family in this world." Qin Chen had expected Zhuge family to have other means, so Ji Wuxue was asked to investigate Zhuge family in the first place. Sure enough, he saw some clues about the situation near the ancestral land, and he took the Tianjiao who arranged to leave by the Zhuge family to a pot.

After completing this matter, Qin Chen was completely relieved. Although the Zhuge family itself was not eye-catching, if some people kept making trouble in secret, it would inevitably be some trouble.

Next, is the most critical thing.

"You call Chaos Poison Venerable." Qin Chen said with his eyes narrowed.

Ji Wuxue nodded and turned to leave. After a while, Poisonous Chaos Venerable came to Qin Chen's room.

"How is your considering?"

Qin Chen looked at Chaos Poison Venerable, and said indifferently, the poisonous qi still lingering on the Chaos Poison Venerable at this moment, although it has eased a lot, it can be seen that his state is extremely unstable and may recur at any time. "I'm thinking about it." Chaos Poison Venerable's face struggled for a long time, looking at Qin Chen's eyes as if looking at a demon, gritted his teeth and said: "Okay, I promise your request, I can surrender you and serve as your ten thousand clan Ke Qing, but the premise is you

I have to treat the toxins on my body, so that I can do things for your tens of thousands of races over the past century. "

He had seen Qin Chen rescue himself before, and he had already understood that Qin Chen did have the possibility of curing his own toxins, and he was completely convinced.

Moreover, he had checked many ancient books, but he had not found a way to treat the toxin from the nightshade fruit. He knew in his heart that perhaps only Qin Chen could treat the toxin on his body.

He has nowhere to go. If he surrenders to the ten thousand clan, he can live in exchange for it, but it is acceptable.

At least, Qin Chen's strength has been recognized by Chaos Poison Venerable.

"Working for my ten thousand clan for a hundred years?" Qin Chen sneered, "Is the life span of your dignified Chaos Poison Venerable only worth this?"

"Then what do you want?"

"Submit me, be my servant, obey my orders, and serve me for ten thousand years."

"impossible!"

The face of Chaos Poison Venerable changed drastically, and it was not impossible for him to surrender to Qin Chen, but to obey Qin Chen's orders and serve for ten thousand years was too deceitful.

"I'm all venerable, and I completely obey your holy master's orders. Do you think it is possible? If you ask me to do something that I can't do, wouldn't you let me go to death?"

Chaos Poison Lord roared. Qin Chen glanced at him faintly, and snorted coldly: "Perhaps you haven't figured it out yet. If you didn't have me, you would have died when you were in Zhuge's family. Where is the future? And, in the world, there is only I can save you and give you a second life. It is only ten thousand years, which is nothing to a venerable person."

Chapter 3678: Ultimatum

"Accept, you can survive, and there is hope in the future, but you can refuse. Only death is waiting for you." Qin Chen sneered: "With your current body, you have suffered heavy injuries before. Although you are still alive, there are only a few at most. Can live in ten years, how many

Ten years, for the Venerable, is fleeting. "You have ten breathing times to consider clearly, surrender, live, otherwise, just leave, I, Qin Chen, never do things that are difficult for a strong man, and I will never stop you from leaving, just a venerable, I Qin Chen Although I'm not the Lord yet, I

The future of China will never stop here. "

Qin Chen said proudly, sonorously, shaking the heart of Chaos Poison Venerable, full of confidence and pride.

Although Qin Chen is only half-step Venerable now, but I don't know why, hearing Qin Chen's words, the heart of Chaos Poison Venerable is full of shock, there is a feeling that the other party was born like this.

"Here, who is it?"

Chaos Poison Venerable said in shock, but his heart was still entangled.

What does it mean to be uncomfortable? Obviously, it is using the consequences of his imminent death to make him surrender. Why is this not too difficult? His dignified and dignified figure will be threatened like this? That would be too small for him.

ridiculous!

Venerable Chaos had cold eyes, gritted his teeth and said, "Are you sure you can treat my injuries?" Qin Chen glanced at him and sneered, "Although the toxin of the dragon sunflower fruit is terrible, it is not incurable. You should I have already felt the effect. If you can't heal you, how many years can you serve the suzerain? How about it, consider it

? "

Qin Chen issued an ultimatum.

Surrender or not?

I surrendered. Although I have to serve the other party for ten thousand years and serve as a slave, as Qin Chen said, ten thousand years is not a big deal to the venerable person. Once the toxin comes into contact with him, he will even be able to make progress in the future.

But if I refuse, I only have a lifespan of decades. I have not found a solution to the blackberry toxin in the previous tens of thousands of years. If I want to find it for decades, how is it possible? Hope is too slim.

"I, promise to surrender to you and be your slave." Chaos Poison Venerable gritted his teeth, just a few words, and almost exhausted his energy.

"Very well, first accept this power and integrate him into the origin and soul." Qin Chen also said nonsense, a vast black aura suddenly lingered in his palm, surging towards the Chaos Poison Venerable.

As soon as this breath touched him, Venerable Chaos Poison suddenly had a feeling of facing the endless abyss in his mind, making him this Venerable

Feel the palpitations.

"What kind of power is this?" Chaos Poisonous Venerable said solemnly.

"Aren't you saying that you want to surrender me? Once you accept this power, your soul and origin will leave a mark on this young man. As long as you dare to betray me, then your soul and origin will instantly collapse, and your body will fall on the spot." Qin Chen said indifferently, this power is exactly the origin of the Demon Tree of the Ten Thousand Realms. After absorbing the blood of the King of the Dark Clan, the Demon Tree of the Ten Thousand Realms has already undergone transformation, becoming more vast and profound. The power of origin is also capable

Let the venerable surrender. Venerable Chaos Poison looked at this black power with a struggling expression. In fact, he really had such a plan. Although he surrendered, he claimed that Qin Chen couldn't control him at all. If it were a simple contract, it would not May be imprisoned

he.

But who ever thought that the other party had such a method.

His face changed for a while, and finally he gritted his teeth and instantly absorbed the black breath. There was some luck in his heart, thinking that this black breath could not control him at all. It was just that he had just absorbed this black breath, a force that made him feel the palpitations, instantly poured into all parts of his body, boom, the chaotic poisonous master's mind roared, an unprecedented feeling surging throughout the body, the next moment , He Ming

Mingzhong felt like he was enveloped by a certain kind of special power, and life and death were in Qin Chen's hands.

How could this be?

The look of Chaos Poison Lord changed drastically.

What shocked Chaos Poison Venerable even more was that at the moment when this power was poured into his soul, his soul and origin, which had been traumatized by the toxin before, began to faintly repair, as if fighting against the poison in the dragon sunflower fruit.

"Ok?"

Qin Chen was also surprised. He felt the changes in Chaos Poison Venerable's body. He didn't expect that the origin of the devil tree after the transformation could even suppress the toxins of the chaotic fruit Solanum.

However, if you want to completely eliminate it, you still have to use the Way of Ten Thousand Poisons to completely assimilate the power in the dragon sunflower fruit.

A smile appeared on Qin Chen's face, "How, do you feel better? Next, I will clean up the toxins in your body, once every three days. When the toxins in your body are completely cleaned up, I still have important things to do. You do it."

"Thank you master for the gift."

Chaos Poison Venerable said excitedly, and hurriedly bowed to salute. For some reason, after he said this, the whole person suddenly became extremely relaxed, as if his thoughts had reached a bit, he himself felt an incredible sense.

After subduing Chaos Poison Venerable, Qin Chen completed everything in the Southern Heaven Realm. Next, he returned to the Eastern Heaven Realm. Before going to the Ten Thousand Clan Battlefield, Qin Chen had to arrange the Chendi Pavilion in the Eastern Heaven Realm so as not to suffer some damage. Don't use ulterior motives.

On the same day, Qin Chen immediately held a meeting with the Ten Thousand Clan and made arrangements.

Qin Chen arranged for several masters who reached the peak of the Venerable Half-step and wanted to break through the realm of the Venerable, and were arranged by Qin Chen to go to the battlefield of ten thousand races.

"Thank you Sect Master." The Liger, Demon Lord and the others bowed and bowed, excited. After ordinary people got them, they would definitely need them to work hard, burn themselves, and stay in the southern celestial realm to develop ten thousand races, but Qin Chen respected their ideas. Let them travel freely

On the battlefield, this is something they never thought of.

"It doesn't have to be this way." Qin Chen smiled and helped several people up: "Soon, this young master will also go to the battlefield of ten thousand races, when we will meet on the battlefield, and..." Qin Chen took out a jade slip: "Here is the intelligence of the Chaos Poison Venerable when he was in the battlefield of the ten thousand races. You can study more. The situation on the ten thousand races battlefield is ever-changing. The information of the chaotic poisonous vengeance may be out of date, but the same

This has some reference value. "

"Yes, Sect Master." The Liger Demon Master and the others excitedly accepted the jade slip. "Clear and snowy sky, clear snowy land, and clear snowy sky. You and the masters of the ancient roads will continue to stay in the southern celestial realm to develop. Now the Zhuge family has been eliminated. The general forces are not the opponents of the ten thousand clan families. You unite with each other to bring the Zhuge family's Territory also

Take it in, develop it well, and turn back Mu Laohui to connect with you at Tianwu Danpu in Dongguang City. "Qin Chen ordered.

"Yes, suzerain." Qing Xuetian and others respectfully said.

[Chapter 3679: Virtual platform](#)

"As for you..."

Qin Chen looked at the two sisters Qingxue Silan and Qingxue Siyun. Before she could speak, Qingxue Silan hurriedly said: "Master, my sister and I want to follow you." "Sovereign, Silan and Siyun are us. The

two great arrogances of the Qingxue family, if they can follow the sect master, they can certainly learn a lot of things that they can't learn in the past. If they stay in the southern heaven realm, they will undoubtedly be violent to their talents, not to mention the sect master and the sect.

The wife of the lord also lacks some servant girls, so let Silan and Siyun follow the lord and wife to serve you tea and water. "

Qingxue Futian stared at Qin Chen with scorching eyes.

Qin Chen was helpless. Originally, he wanted Silan and Siyun to stay, but he also knew that it was the Qingxue family's expectation to let Silan and Siyun follow him. Finally, he hesitated and nodded.

Forget it, let the two girls follow them, and they can always learn something.

After arranging the affairs of the Southern Heaven Realm, Qin Chen no longer had any hesitation, and immediately led Chaos Poison Venerable and Ji Wuxue to the Eastern Heaven Realm.

boom!

A top-notch vast battleship directly shuttles through the void to the void tide sea.

This time, the battleship was controlled by the Chaos Poison Venerable, and the power of the Venerable was integrated into this warship, and the speed suddenly shot to the extreme, which was more than ten times faster than that of the ordinary warship.

Three days later, this battleship had already arrived at Nandou City.

Looking at the familiar Nandou City, Qin Chen didn't stop, and ordered the battleship to enter the void tide sea.

At the same time, the Ten Thousand Clan and Qingxue Clan had already begun to expand throughout the Southern Heaven Realm. With the battle of the Ten Thousand Clan in the Zhuge Clan, the entire Southern Heaven Realm no longer dared to fight against the Ten Thousand Clan. Of course, the Ten Thousand Races are also very restrained. They did not say to subdue the power of the entire Southern Celestial Realm, but only to conquer the territories of the Zhuge family and the original Qingxue family. Moreover, compared to when the two great families controlled the Southern Celestial realm. , Million

The clan should be more open, and trade exchanges with major forces have begun. After doing all this, the Ten Thousand Clan also invited forces such as Nantian Newspaper and Tingtian Pavilion, and stated to the outside that the Ten Thousand Clan would build a large platform for trade in the heavens. Any force can enter this platform and This flat

Place items unique to your own forces on the stage.

The Ten Thousand Clan will classify all forces and commodities, and use the powerful distribution capabilities of the Ten Thousand Clan to connect the forces and individuals in the Southern Heaven Realm to form two platforms for forces and individuals respectively.

In addition, the Ten Thousand Clan has also attracted forces such as Nantian Newspaper and Tingtian Pavilion, and used the communication capabilities of these forces to distribute various resources to other regions except the Southern Heaven Realm.

As soon as this news came out, the entire Southern Heaven Realm boiled over, even more sensational than after the destruction of the Zhuge family by the Ten Thousand Clan.

The Ten Thousand Clan is to make all the resources of the Southern Heaven Realm transparent.

This is simply a huge change. Think about it, the previous forces and individuals wanted to obtain a certain kind of treasure or a certain kind of medicine. It was very difficult. To a large extent, it was harvested by some so-called chambers of commerce and middlemen, and often returned Can't find the best for you

s things. But now, once the Ten Thousand Clan succeeds in creating such a platform, any person and force can find what suits them best on this platform. With the powerful abilities of Ten Thousand Clan, as well as the news spread of Nantian Newspaper and Tingtian Pavilion And all over

For the staging point of the entire heaven, any individual or force only needs to place an order at a nearby staging point. After a few days, at most months, they can get their favorite treasures. What kind of change is this?

If this platform is really successful, the entire Southern Heaven Realm will no longer have the slightest waste of resources, and the improvement of the martial artist's cultivation level will rapidly increase, because everyone can find what they dream of.

On the spot, the entire Southern Heaven Realm was a sensation.

Originally, the biggest resistance to this change often came from the old forces in a certain area, because they had the resources and the right to speak, so they could not proceed. But now the veteran force in the Southern Heaven Realm that controls the region and resources is already the Ten Thousand Clan itself. Therefore, the Ten Thousand Clan personally came to catch this matter. Naturally, there is no obstacle. Other forces that are unwilling to break their monopoly have no way.

For the Ten Thousand Clan, they are unable to fight against the Ten Thousand Clan.

However, the Ten Thousand Clan used this platform to unite all the forces of the entire Southern Heaven Realm and bind them to their own chariot. The Ten Thousand Clan also publicly stated that their purpose of establishing this virtual platform is to reduce losses. Nowadays, the war between the human race and the demons is becoming more and more fierce. Only when more and more human masters are born can they exchange for the heavens. Of

Come.

The Ten Thousand Clan also publicly stated that in order to fight against the Demon Clan, Qin Chen, the master of the Ten Thousand Clan, had already gone to the battlefield of the Ten thousand Clan to dedicate his own strength to the heavens.

The news broke out and the heavens were sensational.

The virtual platform of the Ten Thousand Clan was extremely popular in an instant. In a short time, there were countless orders and the support of countless warriors. Of course, although the virtual platform of the Ten Thousand Races is extremely popular, it is currently only developing in the southern celestial realm. Because of the ancient barriers, many local forces are unwilling to join, but the sword king Mu Zhifeng firmly believes that there will always be

One day, the virtual platform of Ten Thousand Races will expand throughout the heavens.

When Ten Thousand Clan Groups vigorously developed a virtual platform to pay for delivery in Southern Heaven.

Three months later.

The Void Tide Overseas near the Eastern Heaven Realm.

In a certain place in the void, a group of powerful men with terrifying aura lingering all over are hiding in this void, waiting for something anxiously.

If there is a master who smashed the nearby Void Tide Sea here at this moment, it will be extremely shocked, because the group of people in front of it is the prestigious Sect Master of the War King and the master of condemning the **** thief in this Void Tide Sea. Over the years, the King of War Sect and the Condemnation of God Thieves have developed rapidly, and they have controlled this vast territory of the Void Tide Sea and become one of the top powers of this Void Tide Sea. Today, this group of people stand here respectfully. Seems to be

What are waiting for.

suddenly!

boom!

In the void ahead, there were violent rippling spatial fluctuations. The next moment, a huge and hideous battleship flew out of the void and quietly emerged in the void.

Several figures came out of this battleship, and the leader was an extremely young figure.

Seeing this group of people, the Sovereign of the King of War and the Great Master of the Condemnation of God Pirates, all their faces showed ecstasy, and they flew forward one by one.

"I have seen the master."

Sovereign Lord Zhan Wang and others saluted the figure respectfully, with agitated expressions, this young man was no one else, it was Qin Chen who had come from the Southern Heaven Realm. Back then, it took Qin Chen several years to travel from the Eastern Heaven Realm to the Southern Heaven Realm, but this time, Qin Chen's strength has risen astonishingly, and coupled with Chaos Poison Venerable's move, he has crossed the void in just three months. Tidal Sea, came to the secret realm of Sky Poison Pill Venerable.

[Chapter 3680: Mysterious space](#)

"Well, not bad."

Qin Chen looked at the people who were condemning the thief, the king of war, and the others with a smile. Over the years, the forces such as the condemnation of the thief have developed rapidly in the sea of void tides, not only expanding their business to the Eastern Celestial Realm, but also infiltrating the other three Celestial Realms. .

After Qin Chen and the others entered the Void Tide Sea, they got in touch with them, and they were waiting here.

However, because of the lack of top-level power, although the condemnation of the thief has spread to various places in the Void Tide Sea, he has not had a particularly large influence in other celestial realms. This time Qin Chen came back to solve such a matter.

"Qin Chen, here is your power under the Void Tide Sea?" Ji Wuxue glanced at Qin Chen in surprise. He now knows that when Qin Chen came to the South Heaven Realm, he was not even the late Saint Lord, and he could not think of being in Void. Tidal Sea has developed such a force, although these people in front of him seem to be ordinary to Ji Wuxue

In general, the strongest is only close to the Peak Saint Lord, but with Qin Chen's cultivation base back then, it is extremely rare to be able to deploy such a force.

As for Chaos Poison Venerable, he glanced at Qin Chen's Sect Master and others, without even lifting his eyelids.

The Sovereign of the King of War and the God-Crimination Pirates all glanced at Ji Wuxue with palpitations. The invisible aura exuding from Ji Wuxue's body was suppressed on the Sect Master and the others, making it difficult for them to breathe. .

"Master, are we going back to Dongguang City now?"

The Sovereign of the King of War carefully said something.

"Don't worry, I have to go to a place first."

After Qin Chen finished speaking, he quickly flew over to a place far away, and after a while, he stopped in a void.

This is where the secret realm he had inherited from the Heavenly Poison Pill Venerable back then was located. Later, the secret realm exploded and turned into nothingness, and this piece of nothingness became a broken world of nothingness.

The Sovereign of the King of War and others also followed.

"Remember that there was still a mysterious space here. I don't know where it leads to. Since I passed by, I can understand it."

Qin Chen urged the Sky Poison Entropy Fire, and the Sky Poison Entropy Fire suddenly surged with excitement. It stayed here for countless years. In order to keep the Venerable Soul Demon Race, now it is inevitable to return here again. A little excited.

boom! The terrible Sky Poison Entropy Fire diffused out, and the void immediately raged. After the Sky Poison Entropy Fire absorbed the toxin of the Chaos Poison Venerable, it already carried the aura of the

Dao Dao Venerable and recovered a lot, and even a kind of truly returned to the Venerable Sense of flame

feel.

Qin Chen squinted his eyes, an invisible spatial fluctuation spread out, and everything in this void was clearly presented in Qin Chen's mind, searching carefully.

"What is Qin Chen looking for?"

Ji Wuxue frowned.

"It may be related to the Heavenly Poison Pill Venerable." You Qianxue said, she recognized that this place was the secret realm of the Sky Poison Pill Venerable.

"Found it." Qin Chen yelled, his figure shook, and he came into a void in an instant. He poked his right hand out, and with a thud, the void in that party instantly cracked a gap, which was exactly what Qin Chen got in back then. The space passage of the **** tree of heaven, a scorching heat

The flames of the flame diffused out of it.

"Space channel?"

Chaos Poison Venerable said in surprise.

"go!"

Qin Chen's figure flickered, and instantly entered it, and Ji Wuxue and others followed one after another.

As Qin Chen kept entering, the space inside became more and more hot.

"There should be some kind of flame here."

Ji Wuxue said.

"Such a strong flame breath should be extraordinary."

Chaos Poison Sovereign also spoke.

But as Qin Chen deepened, the Zhanwang Sect Master and the others had a vague feeling of being unable to hold on, and there began to be suspended in the void of purple flames, these flames carrying a strong breath of life.

A strong attraction attracted Qin Chen to continue deepening, and Heavenly Poison Entropy Fire also showed a look of excitement.

boom! I don't know how long it took, Qin Chen's eyes appeared incomparably bright colors, in the void in front of him, a series of bright stars shined, like the Milky Way in the night sky, bright and gorgeous, and the strange light is in the stars. of

Outside, an invisible flame is burning, this flame is illusory, but it exudes extremely terrible pressure fluctuations.

Is this some kind of sky fire? Qin Chen was surprised. No wonder there was a terrible flame aura here. I didn't expect that there was a certain kind of sky fire here. Moreover, the fire aura of this day was extremely terrifying, even above Qin Chen's other flames. If it weren't for the sky poison entropy fire to absorb the chaos.

After the poison of Poison Venerable, even under this flame.

And at this moment, beside the flame, there was a figure sitting cross-legged. At this moment, this figure was breathing the breath around the flame, and the terrifying flame rays continued to float above his body, surging out a terrible flame avenue. .

This is a pinnacle holy lord, and there is even a vague feeling of touching the half-step venerable, and the terrible road of flames lingers around him.

"Who? Dare to break into the secret area of my gilded castle." Feeling the arrival of Qin Chen and others, this person stood up abruptly, booming, and a terrible fire surged all over his body. He stared at Qin Chen and others with cold eyes. Seeing such a large group of people like Qin Chen, his complexion suddenly changed, and then his eyes fell on the King of War Sovereign and the God Condemnation Thief

Waiting for someone.

"War King Sect Master?" This person's eyes shrank suddenly, obviously knowing the War King Sect Master and others. The Sovereign of the War King also showed a hint of surprise on his face, and he immediately bowed and said, "Master, this person is the master of the gilt-fire fort. The development of the gilt-fire fort in these years is extremely amazing. It is already an extremely terrifying force in the sea of void tides, and it is said that The Lord's

The cultivation base was unfathomable. Once a top power had offended the gilt fire fort, it was completely destroyed the next day and turned to ashes. "

Lord of the Gilt Castle? This name is very familiar, making Qin Chen instantly return to the time when he was in Dongguang City. There was a scene of Su Xiaoxiao's bidding between himself and Mr. Huge forces, thinking

Development in these years has become so terrifying.

"This person is indeed unfathomable to you."

Qin Chen said with a smile, the breath of the Lord of the Fire Castle has reached the limit of the peak holy lord, and even touched a half step of the realm of the nobleman. Compared with the king of war and the others, it is indeed terrifying. A lot.

It looks like it should be caused by the terrible flame in front of me.

"interesting."

A flame can make the gilt fire fort develop to this level in just a few short years. It seems that this flame should be a little extraordinary.

"Om!"

Qin Chen stretched out his palm and directly grabbed the flame. Seeing that Qin Chen didn't say anything, the Lord of the Gilt Fire Castle immediately looted the flames in front of him. He was furious and shouted, "You are looking for death!"
