### [Chapter 3681: Kick to iron](#)

Before Qin Chen's big hand came, a fiery red fist light had already slammed into Qin Chen fiercely, and he wanted to blow Qin Chen into pieces with a punch.

Qin Chen chuckled, ignoring the attack from the Lord of the Fire Fortress, the holy yuan surged, and a terrible sword aura in his palm immediately surged out.

Qin Chen didn't pay any attention to the Lord of the Gilded Fortress. He just urged a terrible sword intent, and the sword intent immediately tore through the flames that reached the sky and slashed. The Lord of the Gilt Fire Castle saw that Qin Chen was only showing him a sword aura, and he suddenly sneered. He saw that Qin Chen was extremely young and seemed to have an extraordinary origin. The terrifying road of fire in his body surged in an instant and was about to break open. Qin Chen's sword spirit,

Then will grab. It's just that he frantically spurred the avenue of fire in his body, but found that he seemed to be in a quagmire, and the flames of his fist became jerky, even the power of the flames all over his body was like melting snow. Sword light

It disappeared in a moment.

No, I kicked the iron plate, and the face of the Lord of the Fire Fort changed drastically. He never expected Qin Chen's strength to be so terrible, and he couldn't care about anything else. After a sway, he would retreat and then flee. Here.

However, before he had time to retreat, a ray of sword light had already slashed on his body, and a \*\*\*\* mist was lifted up. The Lord of the Fire Fort was smashed out by Qin Chen with a sword, and his whole body was immediately dripping with blood.

"Take it."

Qin Chen said casually, if it wasn't for the fact that this gilt-fire fort seemed to be quite powerful, Qin Chen would have killed the opponent with a single sword. As for the rest, just leave it to the Sect Master of War King and the others.

With a sword, Qin Chen slashed the master of the gilded castle, and his big hand directly held the emptiness flame.

A terrifying soul power quickly lingered in Qin Chen's mind, who wanted to sacrifice this emptiness flame. But when Qin Chen's palm just touched the flame, this invisible flame rose sharply, turning into a silent package of flames and waves towards Qin Chen, and in the center of the flame, a void human face appeared. , I am pregnant

Nurtured his own wisdom and soul.

laugh!

The flames of emptiness rose and burned Qin Chen's body, wrapped Qin Chen around and licked the body protector Saint Yuan on his body, and a terrible wave of consciousness was about to invade his soul.

"Huh? Want to devour me?"

Qin Chen chuckled, "Then it depends on whether you have this capability, Zi Xiao will rate the palace, come out!"

boom!

On top of Qin Chen's head, a palace formed, and it was suddenly suppressed, and the invisible power enveloped this void flame.

Zixiao Dousui Palace is the most precious treasure of the sky fire. When suppressed, this flame immediately made it impossible to move.

But suddenly, in this flame, a black magic energy suddenly surged. This magic energy, with an astonishing Mozu fluctuation, made a sound of strange laughter. To rush into Qin Chen's mind.

In this world, the terrible magic light surged, stirring up an amazing magic vortex.

"Be careful, it is the soul of the Demon Race Demon Venerable."

The face of Chaos Poison Venerable changed drastically, and Ji Wuxue and the others were also shocked and hurriedly drank.

"Hehe, don't worry, everyone, this young man has been waiting for him for a long time."

Qin Chen chuckled, his eyes bursting with cold light, and the Heavenly Soul Forbidden Technique was directly used, and a terrible soul light suddenly enveloped this demonic soul light.

"Haha, only half of the Venerable Steps, and want to trap the soul of this demon?" The remnant soul of the demon laughed loudly. Seeing Qin Chen's move, full of disdain, he wanted to display Qin Chen's soul light Break through, and then enter Qin Chen's mind, but what he didn't expect is that under this collision, he seemed to hit a piece of incomparable softness.

Soft, but with an incomparably hard barrier, the soul power of his dignified Demon Race Demon Venerable was unable to tear Qin Chen's soul barrier.

"how can that be?"

He was shocked. With the strength of his soul, although it was already extremely broken, why didn't even the light of the soul of a human half-step Venerable ever burst through? This is absolutely impossible.

"Hehe, what's impossible, that old soul demon can't take away Ben Shao, you should be a demon under his back then, you are so broken, you think you can take away and devour me?" Qin Chenqing Laugh out loud.

"How do you know?" The remnant soul of the Demon Race was really shocked, because he was one of the Demon Lords under the command of the Soul Demon Venerable. Back then, they teamed up to deal

with the Sky Poison Pill Venerable. Later, the battle failed. Most of them Man was imprisoned in his body by the Heavenly Poison Pill,

But a trace of his remnant soul escaped by chance, entered this sky fire, and survived.

However, this should be an extremely secret thing, how does this young human race know about it?

Could it be that.....

He couldn't help but remember that a few years ago, the secret realm leading to the Heavenly Poison Pill Venerable seemed to have fluctuated in distance. Could it be that the Lord Soul Demon had an accident? "What's the problem with this?" Qin Chen glanced at the Lord of the Fire Fort. He was very familiar with the aura of the demon. When fighting against the Lord of the Fire Fort before, he felt that there was a vague demon in the main body of the Fire Fort. Breath, so I suspect it's on this sky fire

, I just made some preparations, and I didn't expect it to be as I expected.

"It's just a remnant soul of the demon clan. If you are in his heyday, this young master will still care about it, but now?" Qin Chen chuckled, booming, the sky poisonous entropy fire in his body burst out violently with calamity fire and other flames. , Instantly swept towards that flame, and at the same time Qin Chen urged the heavenly soul forbidden technique, the soul in his body surged, and the powerful soul turned into thousands of ways.

The silk thread entangled toward the soul of the Demon Venerable Demon Race.

"Damn it!" The Demon Venerable Remnant Soul roared.

For countless years, he has been trying to repair himself, take away others, and resurrect. Previously, his goal was the Lord of the Gilded Fort, but the cultivation of the Lord of the Gilded Fort was too weak, and his remnant soul has not been able to recover, so while he secretly cultivated the Lord of the Gilded Fort, he also invaded a little bit. The body of the fire castle owner, but who ever wanted to

When he succeeded, he was destroyed by Qin Chen.

Who would have thought of such consequences?

On the side of the gilt fire fort who was \*\*\*\* by the warlord and the others, there was blood hanging on the corner of his mouth. At this moment, he looked at the remnant soul of the demon in disbelief. There was a remnant of the demon in the sky fire that he had been relying on for cultivation. The soul tried to take him away.

If it hadn't been for Qin Chen to repel him, it would be him who had been seized by the demon veteran. With his soul strength, he would definitely not be able to resist the demon veteran's seizure.

"Want to resist?"

Qin Chen chuckled, the Ten Thousand Worlds Demon Tree in his body violently urged, booming, spreading out one after another tentacles, instantly covering this remnant soul.

"The Devil Tree of Ten Thousand Realms, how can you have the Devil Tree of Ten Thousand Realms?"  
The remnant soul roared in fright, and the body of the soul was instantly penetrated by the Demon Tree of Ten Thousand Realms.

### [Chapter 3682: Jiuyou Shengyan](#)

The Demon Tree of the Ten Thousand Realms surged with terrible magic light, and the remnant soul of the Demon Clan screamed, instantly absorbed by the Demon Tree of the Ten Thousand Realms, and pulled into the jade disc.

"After absorbing the blood of the King of the Dark Clan, the Devil Tree of the Ten Thousand Realms has become even more terrifying."

Qin Chen muttered thoughtfully.

He raised his hand, and the flame of nothingness was instantly absorbed by Qin Chen.

"This should be some kind of...respectful flame, but unfortunately it should have been severely traumatized and broken."

"However, there is a strong breath of life in this flame, eh..."

Suddenly, Qin Chen gave a startled suspicion, because he discovered that the places where the Heavenly Poison Entropy Fire, Qinglian Demon Fire, Calamity Underworld Fire and this flame touched, there was a tendency to merge with each other.

This.....

Qin Chen was shocked.

Could this flame be able to fuse many sky fires in your body?

Suddenly, Qin Chen's breathing became short. Qin Chen now has many flames in his body. Whether it is the Qinglian Demon Fire brought from Tianwu Continent, the Nether Sky Ice Flame, and the Dari Jinyan he later obtained, the effect of many flames is no longer so strong. Because, want

It is extremely difficult to upgrade them to Venerable Flames such as Calamity Underworld Fire and Sky Poison Entropy Fire.

However, Qin Chen couldn't bear to give up because of the sky fire.

But if these flames can be combined, it will be a huge benefit to Qin Chen.

Before, Qin Chen had not tried this aspect, and as soon as the flames now burst, Qin Chen's mind quickly emerged with excitement.

Could it be that this flame is the legendary Jiuyou Shengyan? According to rumors, Jiuyou Shengyan is an extremely terrifying sky fire between heaven and earth. This sky fire can fuse any flame and can be fuse by any flame. In the end, of course, after enough flames are merged, it will even become the legendary heaven. of

The first flame.

This is what Qin Chen has learned from the inheritance of Heavenly Fire Venerable and Sky Poison Pill Venerable.

However, Jiuyou Shengyan is too rare. Even the Heavenly Fire Venerable and the Sky Poison Pill Venerable have only heard of it in ancient historical materials, but have never seen it in person.

"It is said that this Jiuyou Shengyan has a strong breath of life, but the flame in front of me is very similar."

Qin Chen was excited. If the flame was really Jiuyou Shengyan, then he would be able to fuse all the flames in his body. At that time, Qin Chen himself could not imagine.

"Leave here first and try again."

Putting away the void flames, Qin Chen immediately led everyone out of the void, then released the battleship, entered the battleship, and went to Dongguang City for the first time.

Qin Chen of the gilded castle naturally left it to the God-Scourge Thief to deal with it.

In the void, a huge battleship passed by.

This place is still a few months away from Dongguang City. This time, with the leadership of Chaos Poison Venerable, I am afraid I will be able to reach Dongguang City in a few days.

After entering the battleship, Qin Chen immediately entered the jade disc of good fortune in the universe.

"Youkong Bingyan, come out!" With a cry, Qin Chen burned a pure white flame in his hands. It was Youkong Bingyan. Today, Youkong Bingyan has reached the flame level of the late Holy Master. Going up, it is difficult to evolve. Qin Chen's thoughts moved slightly, and the nine in his mind

A power immediately permeated the source of You Sheng Yan, fusing with part of the power of Youkong Bingyan in Qin Chen's palm.

The violent energy fluctuations passed, and Qin Chen was cautious in the process of fusion, not daring to be careless. Suddenly, Youkong Bingyan swayed, the fusion inside lost balance, Qin Chen's expression changed, and he pointed out. With a bang, the unbalanced flame just flew out hundreds of meters before it exploded. A huge cloud of mushrooms formed in the jade plate of heaven and earth, the bright flame light blasted everywhere, and the storm swept wherever it passed, with terrible energy impact

It turned into a tidal wave and spread out, violently impacting Qin Chen's body.

The next moment, Qin Chen's robes shattered, and the whole figure seemed to be hit by a giant beast coming at high speed. The sword light on his body flickered, and this resisted the impact of the flame.

What a terrible flame impact. Qin Chen was frightened. The power formed after the fusion of this strand of Youkong Bingyan and Jiuyou Shengyan turned out to be several times that of Pure Youkong Bingyan or Jiuyou Shengyan. This was due to the failure of the fusion. The flames merge and there will be

How terrible?

Qin Chen couldn't imagine it.

However, despite the strong confrontation between the two previous contacts, Qin Chen still felt a hint of fusion from it.

"Let's try!"

Next, Qin Chen continued to try, holding his breath, trying to integrate the original power of Jiuyou Shengyan into Youkong Ice Flame.

This time he was more careful. Helplessly, the fusion of the two flames was extremely difficult. Qin Chen missed and failed again, and a violent explosion blasted Qin Chen's body, shaking his body violently again.

After taking a rest, Qin Chen continued to fall into hard cultivation.

With repeated failures and injuries, Qin Chen tirelessly absorbed the experience of each failure and grew slowly.

Finally, a month later!

Peng!

The pure white Youkong Bingyan burst into Qin Chen's palm with a burst of light. Around the flame, an invisible flame rose slowly. The two perfectly combined together, emitting a horrible wave of horror. .

It succeeded!

After a month of painstaking cultivation, Qin Chen finally merged the power of Youkong Bingyan with Jiuyou Shengyan, and the two blended perfectly.

This way is feasible.

Qin Chen was ecstatic.

After success, Qin Chen no longer hesitated. In the palm of his hand, the body of Youkong Bingyan appeared, and began to merge with Jiuyou Shengyan.

boom!

The two flames merged, and Qin Chen had his first experience, and he was naturally familiar with the road. After a while, this Youkong Bingyan native had completely merged with Jiuyou Shengyan, forming a brand new flame.

This flame has not only the ice and space breath of Youkong Bingyan, but also the life breath of Jiuyou Shengyan.

"Successful."

Qin Chen's eyes burst with excitement, "Now it begins to merge with Qinglian Demon Fire."

Qinglian Demon Fire also had a strong breath of life, so Qin Chen ranked it second.

The fusion of Qinglian Demon Fire and Jiuyou Shengyan makes it easier to get familiar with the road.

A month later, the three major flames were completely integrated.

"Then Dainichi Jinyan..."

Then, Qin Chen released the Da Ri Jin Yan, merged, and then the Yin and Yang Soul Fire.

When Qin Chen was in the universe and made a jade disc, frantically refining many flames.

A void outside the eastern sky.

Hum!

A misty figure descended here, this is a towering figure, appeared in this heaven and earth, the heaven and the earth surrendered under his feet, the whole body haunted the starlight, like a child of the star god.

"Well, is this the Eastern Heaven Realm?" This voice murmured softly, and a divine rainbow bloomed in his eyes.

### [Chapter 3683: Void Flame](#)

"Eastern Celestial Realm is just the rear Celestial Realm where the Human Race multiplied. The Celestial Realm was rebuilt and condensed, but the laws of Heaven and Earth here are not complete. I can't think of Shidoror, and I will return here one day.

This figure whispered like a vast star, and a terrible rainbow and aura bloomed all over the body.

On his body, lingering the laws of vicissitudes of life, there is a decisive, \*\*\*\* fighting spirit, it seems that he has experienced many years of warfare, and he is a terrifying strong man who has experienced countless fights.

"Fine, since the Lord of the Palace asked me to come here, by the way, I should have a rest."

He stepped into the Eastern Celestial Realm. After the power of the Celestial Realm felt the breath on this person's body, it immediately shook and banged, a terrifying force of the Heavenly Dao would repel him.

"Hey, it seems that in the past few years, the four heavenly realms have been restored a lot."

This vast figure murmured, a terrifying starlight burst out of his body, and immediately stunned all the surrounding heaven and earth avenues, and the heaven and earth avenue could not get close to him.

What made him unbelievable was that after this power was suppressed on him, thunder light began to appear in heaven and earth. This is the sky thunder formed by the heaven, and it smashed down at him.

.

"The way of heaven here is too unfriendly to me, right?"

Xidoruo was speechless, he was a Venerable Star God Palace and a human warrior, but after sensing his power, Tiandao felt like encountering an enemy, but constantly bombarded him.

"The Lord has no human rights."

He sighed, venerable, surpassing the heavenly way, is an existence disgusted by heavenly way, many warriors will be expelled by heavenly way after breaking through the venerable, and can only enter some barren land in the heaven, which is quite miserable.

call!

He resisted the way of heaven, and finally, the endless sky thunder dissipated, and the way of heaven knew that it could not stop him, so he could only let him in.

Whoosh!

He shook his body and went straight to the Eastern Heaven Realm.

In the Void Tide Sea outside Dongguang City.

A battleship flew by quietly, at an astonishing speed, like an electric light, quickly approaching Dongguang City. Inside the battleship, among the jade discs of good fortune, Qin Chen surged through the terrifying road of flames. In front of him, a flame exuding infinite scorching aura burned quickly. This flame kept changing its colors. , There are white, blue

Color, purple, gold, red, black, green... This is Jiuyou Shengyan that combines many flames, but at this moment, it is no longer Jiuyou Shengyan, but a combination of Youkong Ice Flame and Qinglian Demon Fire , Great Sun Golden Flame, Yin-Yang Soul Fire, Zimei Real Fire, Calamity Underworld Fire, Sky Poison Entropy Fire

New flames.

The previous flames were okay, and the Calamity Underworld Fire and Sky Poison Entropy Fire were both venerable flames, and at that moment, Qin Chen was thrown into this fused flame child.

boom!

The terrible fire light swallowed, and in the end, a colorless flame was formed, and this colorless flame contained a terrible aura that even Qin Chen's heart palpitated.

However, this flame is still burning fiercely, suspended in the jade disc of good fortune in the universe, and constantly tumbling and leaping, five colors of light shoot out from the flame, and the entire jade disc of good fortune in the universe is colorful.

Qin Chen retreated hundreds of meters away with a pale face. Only then did he find that Little Ant and Little Huo were as panicked as him, just staring at the tumbling colorful lights.

Qin Chen felt that he had done an extremely amazing thing just now. He took out the formation flag and arranged several defensive formations to defend against the colorful flames. Only then did Xiao Yi and Xiao Huo watch it roll over. Flame.

"Boss, this flame is too terrifying." Little Ant and Little Huo said with palpitations. Both gas-eater ants and fire-refining insects are not afraid of flames at all, and they even prefer to survive in flames and absorb the power of flames. Myself, but at this moment, the gas-eating ants and fire-refining worms are violent

They tremble, they have a feeling, once the flame is formed, they can even instantly burn them into nothingness. "The Heavenly Poison Entropy Fire and the Calamity Underworld Fire are the flames of the noble class. They have been silent for countless years, and the power has dissipated a lot, but the origin is still the noble class, but this flame is integrated Heavenly Poison Entropy Fire and Calamity Fire, etc.

Once formed, the flames of the Venerable Master can definitely produce tremendous damage to the Venerable Master. "

Qin Chen didn't expect that these flames would make such a great momentum when they merged. This was simply amazing.

The tumbling flames are getting bigger and bigger, and Qin Chen's face is getting more and more unsightly. Once this terrifying flame erupts, everything will be destroyed in the heavenly \*\*\*\* tree he planted nearby and some surrounding holy medicine gardens.

Qin Chen tried to communicate this Void Flame with his spiritual sense, but was pleasantly surprised to find that his spiritual sense could communicate with Void Flame unobstructed, which means that after this flame swallowed all the sky fires, it did not escape his control. .

Immediately Qin Chen commanded Void Flame to run away, not to wreak havoc around here. Sure enough, the flames of Void rolled away directly into the distance, with extreme jumps and passion in the flames, obviously still changing. Qin Chen originally thought that the time for this flame to transform would not be too long, but who knew that after the flame burned, it turned into a transparent flower bud waiting to be planted, suspended in the air, and inside the flower bud, there was a Kind of new fire

The flame is burning and forming.

This process is incredibly slow, obviously it takes a very long time, and it will not succeed in a half-time.

However, once successful, new flames bloomed from the buds, Qin Chen had a hunch that the many flames he had before would have an unprecedented new change.

"Little Ant, Little Huo, I'll leave it to you here, you look at this flame for me." Qin Chen said

"It's the boss."

"Give it to us."

Xiao Yi and Xiao Huo both said excitedly.

In the battleship.

Ji Wuxue and others are sitting cross-legged, closing their eyes to practice.

Suddenly, the void flashed and Qin Chen appeared here.

"Qin Chen, you finally figured it out." Ji Wuxue opened his eyes and smiled.

You Qianxue and Ji Ruyue also stood up.

"How is it? When will I arrive in Dongguang City?" Qin Chen asked.

"Alright, it should be there in a moment." Ji Wuxue smiled.

Qin Chen nodded and couldn't wait to return to the Eastern Heaven Realm. Before coming, King Zong and the others had already passed the news to Dongguang City, presumably Tianwu Danpu had also received the news.

Outside Dongguang City.

On the dock, one after another warships docked. Dongguang City is the largest city in the Eastern Celestial Realm. Like Nandou City, countless forces come and go, and it is very prosperous.

#### [Chapter 3684: No one dares to mess with](#)

At this moment, warships large and small are entering the dock where the dock is located.

These warships represent forces from all over the four heavens.

On the largest of the piers, at this moment, several figures exuding vast aura are standing here, among them a few old men, looking excited and waiting.

This group of people naturally attracted the attention of other forces around. "Who are these people? They actually occupies the largest pier in Dongguang City? Didn't I hear that ordinary people can't occupy this pier at all. It is for the exclusive use of the City Lord's Mansion? Remember the last time I came to Dongguang City. A pier has been

Empty, even if there are more warships, they won't dock, why is someone sitting here this time? "

On one of the battleships, after a caravan disembarked with cargo, the leader asked in confusion when he saw the scene here. "Brother Chu, the last time you came to Dongguang City was more than a hundred years ago, so I don't know the situation. Those people are from our Tianwu Danpu in Dongguang City." A half-old man who led them smiled. Said, looking at the group of people in their eyes

Envy.

"Tianwu Danpu, what kind of power is that?" The short-haired man surnamed Chu showed a trace of doubt in his eyes, and his face was suspicious. "This is a top power newly emerged in Dongguang City over the past few years. It is very extraordinary. The rumors have something to do with the City Lord's Mansion. If Brother Chu has something to sell, just go to this Tian Wu Dan Shop. Absolutely not

Worried about being pitted. "

"Such an exaggeration?" The man's eyes showed a look of surprise. The person who received him is also the ground snake of Dongguang City. It is the partner of their Chamber of Commerce in Dongguang City all year round. Since the other party said so, naturally he should pay attention to it. "Well, what kind of power is Wu Danpu this day? Can it be so big in such a short time? Could it be the white gloves of some of the top forces in the heavens? But it's not enough? The top forces in the heavens. The center of gravity is outside the domain, four

The Great Heaven Realm has just been repaired these years, should the top powers in the Heaven Realm look down on the interests of the Eastern Heaven Realm? "

The man wondered. "I don't know about this. No one knows the background of Wu Danpu. This Danpu has been united with some celestial domains of the Eastern Heaven Realm in a short time to conduct

resource transactions with each other, and there is also a city owner. The blessing of the government, who dares to provoke

they? "Speaking of this, the half-old man suddenly frowned, "No, it's not that there is no power to dare to challenge them, but they are not ordinary people..."

"Didn't you say that no one dares to mess with? Why?"

The man surnamed Chu was puzzled. "Naturally no one dares to provoke an ordinary person, but naturally there are people who dare to provoke. In the backstage of Wudanpu today, it is rumored that the vice-lord of Dongguang City's City Lord's Mansion is Sleeping Mengxian. As you know, our vice-lord of Dongguang City is more than just One, Sleeping Mengxian has always been fascinated by ghosts, but he has a lot of power, which will naturally arouse the dissatisfaction of other deputy city owners. In addition, Wudanpu has developed too fast in recent years, and it will naturally arouse people's eyes. Vice-City Lord targets, wants to get from it

Share a piece of the pie. But it was a fight between the gods, so let's not mix up. "The old man said.

"Don't you care about the Lord of Dongguang City?" The man surnamed Chu asked in surprise. "How to manage?" The old man shook his head, "Our city lord of Dongguang City is from a certain top power in the heavens. You know, the so-called city lord has always come to gilded, and Dongguang City has long had his share of the huge profits. What's more, the lord of the city is in retreat, trying to break through the realm of the nobleman. Some time ago, the demon master of the demon race appeared in the void tide sea, and the lord of the city was promoted to martial law Dongguang City. People like the Lord of the City, with one heart

In the breakthrough, the affairs have always been ignored. "

"No wonder."

The caravan manager shook his head, and the group was about to leave.

Suddenly, the old man's eyes were palpitating, and he looked up at the Void Tide Sea outside Dongguang City.

"What's the matter?" The caravan's Chu surnamed manager was unknown, so he looked at him suspiciously.

The half-old man did not answer. Instead, he stared at the distant horizon. For a long time, he pointed to the other side and asked, "Brother Chu, look over there. Is there something approaching?"

"Is there?" The short-haired man looked in the direction he was pointing, and he realized that there was a small black spot over there quickly approaching Dongguang City.

The black spots were originally inconspicuous, and they were too far apart to make it clear what they were.

But soon, a vague outline was printed in the vision of the two.

It was actually a long fusiform, dark, and deep warship.

In the blink of an eye, the battleship had arrived thousands of miles away from Dongguang City, rumbling towards the Dongguang City Pier.

When they got closer, they discovered the terribleness of this battleship. It turned out to be a battleship that was as high as ten thousand meters high. It was pitch black and exuded a terrifying aura, like a sacred mountain of the ancient times, rolling over.

In an instant, this warship stopped at the pier of Dongguang City and sailed directly into the largest pier in Dongguang City.

"What class of warship is this?"

Everyone on the dock was stunned by such a terrifying warship. A heart-pounding energy fluctuation came out from the battleship. After the battleship entered the dock, it quickly shrank to a size of more than ten meters. Although it was not large in size, everyone faced this dark battleship. Like facing one

The unattainable majestic peak was inexplicably terrified.

Moreover, after this warship sailed into the dock, the people of Wudanpu on the dock were extremely excited, and quickly greeted them.

At the same time, from the battleship, a group of people came out, each wearing a hood, unable to see their faces, and quickly reunited with the people from Tianwu Danpu.

Whoosh!

This battleship shrank quickly under the full view of everyone, and finally disappeared.

"This is definitely an ancient battleship that can turn Xumi into mustard seeds. Could it be that the forces behind Tianwu Danpu are about to appear?!"

The caravan and the others who were still talking before had excitement in their eyes. They were still talking about the forces behind Tianwu Danpu before, who knew they had seen such a scene.

They opened their eyes wide and wanted to see the people who came, but found that these people were wearing cloaks and couldn't see their faces at all, and they couldn't help but secretly express regret.

"No, someone from the law enforcement team passed by? What is this going to do?"

Suddenly, the man surnamed Chu said in doubt. Sure enough, after the arrival of this warship, a group of people in armor quickly walked out in a dock management room in the distance, and walked towards the group of people in Wudan shop that day. past.

"The Dock Law Enforcement Team is from Deputy City Lord Luo, isn't it? Is there a conflict?" The old man's face suddenly showed disbelief.

#### [Chapter 3685: Deputy City Lord Luo](#)

On the pier, a group of people looked at Qin Chen excitedly. It was the high-level staff of Tianwu Danpu such as the ghost array saint master, Xing Tianya, and Huo Lao. However, the ghost array saint master and others did not stand at the front of the crowd. The one in front turned out to be a peak sky

A man of holy cultivation.

"Nigger, why are you here?"

Qin Chen looked at the man in front of him unexpectedly. This peak Heavenly Sage master was actually a black slave.

"Master." The black slave stepped forward excitedly. As the subordinate who has been with Qin Chen for the longest time, the relationship between the black slave and Qin Chen is naturally very close. Although the current black slave cultivation base is far behind Qin Chen, it has been Is the top of Chendi Pavilion, Qin Chen's closest person

. "Master, Master Negro, we obeyed your instructions, and after contacting the Chendi Pavilion of Guanghan Mansion, we specially invited Dongguang City to sit here." The three of Xingtianya smiled and said, "There are senior Negroes in Tianwu Dan. Sitting here, we are all at ease

, The contact between Tianwu Danpu and Chendi Pavilion is also more comfortable. "

"You have your heart." Qin Chen said with a smile. Obviously, after the three of the ghost array holy masters contacted Chendi Pavilion, they would naturally establish a branch in Dongguang City, and the black slaves would come if they wanted better cooperation between the two parties. , There is definitely no problem in terms of qualifications.

"Master, besides me, there are some people in Guanghan Mansion who have come to Dongguang City for development. In terms of the cultivation environment, Dongguang City is much more prosperous than asking Hantian." The black slave smiled.

Dongguang City is the border city of the entire Eastern Celestial Realm, and its various training resources are amazing, and it is more suitable for improving strength.

The \*\*\*\* stepped aside, and two beautiful women came out with a bit agitated expressions.

"Wei Siqing, Murong Bingyun!" These two people are not others, they are Wei Siqing and Murong Bingyun. When Qin Chen left Wen Hantian, Wei Siqing and Murong Bingyun had already broken through the realm of the Holy Master. Now that these years have passed, both of them have reached the mid-term Saint Lord

Realm, it can be seen that the improvement in these years is also very huge, but compared to Qin Chen and Chen Sisi, it is much worse.

"Qin Chen!"

Wei Siqing bit her lip and looked at Qin Chen with a complicated expression. There was a hint of excitement in her eyes, her eyes were a little moist, but she couldn't say a word.

On the side, Murong Bingyun glanced at Qin Chen, vaguely excited, but after seeing the two brothers and sisters Qingqiu Ziyi and Qingxue following Qin Chen, he suddenly snorted.

"Let's go back to Tianwu Danpu first."

Qin Chen said with a smile, as soon as he returned to Dongguang City, he could see some friends, and Qin Chen was naturally quite happy.

"That's how you guys want to leave?" At this moment, a stern voice sounded, swish, and the sound of breaking through the air, a group of law enforcement team members quickly fell, surrounding Qin Chen and others.

Seeing this group of people from the law enforcement team, the faces of the Ghost Array Saint Lord and the others suddenly became ugly, and they said coldly: "Luo Feng, don't ask for trouble." "Aren't these people from Tianwu Danpu? I'm waiting. Enforce the law, why are you okay?" The leader of the law enforcement captain sneered, then went straight to Qin Chen, and said coldly: "That warship should be yours, right? Introduce myself, I am Dongguang City Pier. The commander of the law enforcement team, whose surname is Luo, did not report your warship before entering our Dongguang City. Now I ask you to hand over the warship and let me check it. At the same time, please take off your cloak.

The disguise of Sheng Yuan was removed and identity registration was carried out. "

Qin Chen frowned suddenly, what's the matter? The battleship Tianwu Dan shipped in Dongguang City still needs to be inspected?

Normal caravan battleships are naturally subject to inspection, but Qin Chen already knows that Tianwu Danpu has developed extremely well in Dongguang City over the past few years, and that the assistant of the deputy city master, Sleeping Dream Immortal, should be exempt from inspection.

Just like the Qingxue family in Nandou City, except for the Zhuge family who wanted to play him, let alone the law enforcement team, even the Nandou City Tyrant City Lord would generally not block the Qingxue family's battleship.

"What's going on?" Qin Chen glanced at Huo Lao and others. The black slave looked ugly and whispered to Qin Chen: "Master, this guy is Luo Feng, the captain of the marina law enforcement team, but his uncle is the deputy city lord of Dongguang City, the master of the pinnacle holy lord, in Dongguang There is a large shop in the city, our days

The rise of Wudanpu has affected their stores, and they have always competed with each other at will. "

"Vice City Lord?" Qin Chen squinted his eyes, no wonder this person dared to be so arrogant, "What about Senior Sleeping Dream Immortal? Before I left, I asked him to serve as an offering to Tianwu Danpu." The black slave said: "Senior Sleeping Dream Fairy naturally He also helped us a lot, otherwise our Tianwu Danpu would not develop so fast, but this deputy city lord Luo is not an ordinary person, he is now the second deputy city lord of the city lord of Dongguang City, the senior of the sleeping dream fairy

It can only be ranked third, so there are some things that Senior Sleeping Dream Fairy can't manage too much. "At this time, Huo Lao is already negotiating with the Luo Feng leader, lowering his voice: "Luo Feng, the matter between us, let's talk about it later, this is an important person in our Tianwu Danpu. Please also immediately Leave, the formalities that should be done, my God

Naturally, Wudanpu will not be short of anything, so don't make trouble here. "

The old man Huo had an ugly face, and the owner finally returned, but was destroyed by this guy. The few people felt dull about how not angry they were.

Luo Feng sneered at Huo Lao and the others: "Look for trouble? As the leader of the law enforcement team, Luo Feng naturally takes the safety of Dongguang City as his own responsibility."

He said that he no longer cares about the old Huo, but sneered at Qin Chen and said: "Everyone, please remove the Saint Yuan disguise and register, and if you don't follow the process honestly, don't blame us for taking you back and torturing you. That's it."

With a wave of his hand, a group of law enforcement team members immediately surrounded him, but his expression was a little nervous, and he obviously did not dare to move his hands indiscriminately.

"you....."

The faces of Huo Lao and others suddenly became extremely pale.

What else did they want to say, Qin Chen's expression suddenly became cold when he heard this, he stared at Luo Fenghan coldly and said, "Go away!"

After speaking, Qin Chen said to Old Huo and the others: "Let's go."

Qin Chen didn't bother to pay attention to a small mid-term peak holy master. He came to Dongguang City just to pass by. The most important thing is to return to Wen Hantian as soon as possible, and there is no time to waste time with this guy.

At this moment, there were quite a few people around, and the Chamber of Commerce capable of doing business in Dongguang City also knew something about Luo Feng, knowing that he was the nephew of Vice City Lord Luo of Dongguang City, so they were all dumbfounded when they heard Qin Chen's words.

When Luo Feng heard Qin Chen tell him to roll, he seemed a little unbelievable. He only reacted after a while and said to Qin Chen's cold voice: "Bold, do you dare to tell me to roll? Take it for me." His voice fell off, immediately With a wave of his hand, a group of people quickly surrounded Qin Chen and the others.

#### [Chapter 3686: Kick out](#)

At the same time, Luo Feng held out a long whip in his hand and shouted coldly: "Those who defy my Dongguang City law enforcement team will be severely punished."

When the words fell, the black long whip in Luo Feng's hand quickly came out and blasted towards Qin Chen. The Saint Yuan posture was obviously to blast Qin Chen on the spot.

"Bold."

"presumptuous."

Elder Huo and others were furious, and they immediately stepped forward to stop them. Luo Feng sneered when he saw this. His uncle's Chamber of Commerce and Tianwu Danpu had always been in conflict, but he couldn't hold the handle of the other party. He finally caught it today. Although he is

only the mid-term peak holy master, and Huo Lao and the others are late holy masters, Luo Feng Quegen

Ben was not afraid of Huo Lao and the others, because he knew that Huo Lao and the others did not dare to kill him.

In the past, they had been trying to stimulate Tianwu Danpu to do something and grab the handle of the other party. Who knew that the other party had never been fooled. This time the people in Tianwu Danpu were so excited. Obviously the few people who arrived suddenly were very important to Tianwu Danpu.

Luo Feng couldn't help being ecstatic. As long as Huo Lao and the others dare to do something, his uncle will be able to grasp the handle and cure Tianwu Danpu's sin, and even the Sleeping Dream fairy will not have the right to interfere. A bloodthirsty red light appeared in Luo Feng's eyes, and a wave of terrible energy burst out from the black whip in his hand. The killing intent was lingering. The purpose was to use the means of killing Qin Chen to force Huo Lao and the others to do it. Live this time

Yes, give uncle a reason to come forward. Qin Chen looked at Luo Feng's falling long whip with cold eyes. In the eyes of Qin Chen, the cultivation base of the peak saint master in the middle of Luofeng district was really no different from that of the ants. Qin Chen didn't even sacrifice any treasures and stopped the fire. The old man, just kick

Get out.

The Sky Whip in Luo Feng's hand had just swung into the air, and it stopped instantly, as if it had fallen into a certain kind of solidified void, becoming extremely slow, even not moving at all. Luo Feng has stayed in Dongguang City for tens of thousands of years. Of course, he is not a person without knowledge. When he saw this scene, he immediately knew that he was imprisoned by the supernatural powers displayed by the other party. He was shocked and lost his expression. For, even if proficient

Immortal Sleeping Dream, the vice-lord of Dongguang City of Space Law, couldn't completely imprison his attack so easily.

"you....."

He exclaimed, but before he could say these words, he saw a big foot kicking his chest. He wanted to avoid it, but he couldn't avoid it, even if he wanted to fall down now, he couldn't.

"Boom." There was a muffled sound.

Luo Feng soared into the air, and exploded into a cloud of blood in the air. There was not even a remnant soul left. If it wasn't for the place where he fell, there was still a cloud of blood. No one knew that there was another person named Luo just now. Wind man.

The warriors all around took a breath, what did they see? The nephew of Deputy City Lord Luo of Dongguang City was killed by a single kick?

Everyone was shocked by the power of Qin Chen's foot, and they were shocked, not only shocked Qin Chen's strength, but also terrified that Qin Chen dared to kill Deputy City Lord Luo's nephew in Dongguang City.

Huo Lao and the others were also stunned, never expected Qin Chen to be so cruel that he would kill if he said it.

But Murong Bingyun breathed a sigh of relief when he saw this scene. Qin Chen was still Qin Chen, always so cruel, even though people looked very unpleasant, but it was just a relief.

"Lord Luo!"

The captains of the other law enforcement teams who stopped Qin Chen and others were no longer in the mood to stop Qin Chen and the others. They all said something in horror. Looking at Qin Chen in shock, someone pointed to Qin Chen and muttered: "It's over, you're over. ."

While talking, these people quickly sent out messages one after another, but they did not dare to stop Qin Chen at all.

"let's go."

Qin Chen didn't even look at them, and they were about to leave with the black slaves.

"Master, you are too reckless, alas, this Luo Feng's uncle is the deputy city lord of Dongguang City, this is in trouble..."

The black slave saw that Qin Chen was still so straightforward and speechless. Luo Feng was only the mid-term peak holy lord. If he was so easy to kill, he would have killed him. The key person's uncle was the deputy lord of Dongguang City.

"It's just a mid-term peak holy master, and he will die if he dies. Even if his uncle comes, what can he kill or kill?" Qin Chen said coldly.

"Who killed my nephew!"

Boom! And at this moment, an angry scream sounded, booming, and a thunderbolt, and a terrifying breath rushed from a distance. Accompanied by the roar of fright, a man of extremely strong figure fell on the ground. On the square, this man not only

The long one is extremely majestic, and the long hair floats behind, more like an unruly walker, as unrestrained and free.

When the onlookers saw this man coming, they were even more silent and silent.

Whoosh whoosh!

Behind this man, followed by a group of masters, murderous.

Although Qin Chen didn't know this man, seeing that this man was already the cultivation base of the Peak Saint Lord, he immediately knew that he should be the Deputy City Lord Luo of Dongguang City that the black slave said.

"Vice City Lord Luo!"

The other law enforcement team members all said tremblingly, and hurriedly stepped forward to salute.

"roll!"

Vice City Lord Luo waved his hand and banded, and this group of law enforcement team members flew out one after another, falling to the ground one by one, dripping with blood, and even two of them screamed on the spot, exploding into blood fog.

"My nephew is dead, but you guys haven't died. What is the use of you."

Deputy City Lord Luo stared at Qin Chen and the others with cold eyes, especially after seeing Huo Lao, his heart was even more murderous.

"Tianwu Danpu, killing my nephew is worthy of death."

After the deputy city lord Luo fell, apart from anything else, his aura surged, bursts of killing intent burst out, and a scarlet flame flywheel-shaped treasure was also suspended above his head out of thin air.

boom! This side of heaven and earth instantly turned into the time of flames. The late saint master, the body melts into the heavens, not to mention the peak saint master like Luo deputy city master, the power of flame is permeated, and it instantly turns into a vast ocean of flames. Heaven and earth are integrated into

In the world of flames.

In addition, the flame flywheel above his head glowed, cutting through the void, and bursting towards Qin Chen.

boom!

The flames bloomed, the terrible murderous aura surged, and countless warriors all around retreated madly.

This is too strong. Everyone looked up at this scene in anger. Is this the horror of the Peak Lord?

Huo Lao and others were also furious. They had not broken through the late Saint Lord for many years. Although their strength was strong, they also changed color at this moment, because the several masters around Deputy City Master Luo were also murderous, and a terrible murderous intent swept across in an instant.

"Stop it." At this moment, there was a furious roar from a distance, the void rippling, and the power of the space instantly permeated. A figure rushed in, flashing in the void, and quickly approached the dock.

[Chapter 3687: Master, I'm ashamed](#)

The power of space is pervasive, this figure is extremely fast, it is the fairy sleeping dream.

"Humph." Vice City Lord Luo snorted coldly when he saw the madly looting Immortal Sleeping Meng. His eyes were even more murderous. Naturally, he couldn't give the Immortal Sleeping any chance to take action. The infinite power of the original source permeated, and he tried to before the Sleeping Dreamer arrived. Put Tianwu Dan

Everyone killed. Faced with this terrifying flame flywheel, Qin Chen suddenly sneered. The strength of Vice City Lord Luo was indeed extremely terrifying, even with the power of Zhuge Tuyang at the beginning. He was a top master, but in front of Qin Chen today, Root back

Can't watch.

Qin Chen was too lazy to talk nonsense, didn't say a word, and was about to make a move, but Qingxue Silan walked out and said to Qin Chen: "Master, leave this person to me."

When the voice fell, Qingxue Silan didn't wait for Qin Chen to reply, she was already cut out with a sword, and a purple sword rainbow instantly rushed through the endless space into the flame world of Vice City Lord Luo. Vice City Lord Luo felt angry when he saw this scene. He saw that Qingxue Silan was only a woman, and she was so young that she heard her voice. He originally thought that the others in Tianwu Danpu would take the shot together. Who knew that after this woman shot, Qin Chen actually

However, he didn't move at all, and even the Ghost Array Saint Master and others were stopped by Qin Chen.

"Too arrogant, you are looking for death." The anger in Luo Sha's heart suddenly gushed out. In his opinion, everyone in Tianwu Danpu may not be able to stop him by joining forces. Now it is just a woman who wants to do it to herself. .

Before Qingxue Silan's sword light was fully activated, the flame flywheel above his head instantly emitted a terrifying red light, and then, mixed with countless red murderous intents, directly hit Qingxue Silan's sword light attack.

According to Luo Sha's idea, once his flame flywheel is activated, his murderous aura can easily wipe out the opponent's sword light, then behead the opponent, and then circle around, strangling everyone into pieces.

"Crack, click..."

The murderous flames of the red flywheel collided with Qingxue Silan's sword light, and there were bursts of clicks, like shattered jade, endless.

"boom!"

After those murderous auras and sword light collided, sword light and flywheel completely collided with each other, making a terrifying roar.

Luo Sha only felt his mind startled. His Saint Yuan seemed to be fluctuating. He immediately understood that Qingxue Silan was also a master with the strength of the peak Saint Lord, and the sword aura he released contained a wave of destruction. Breath.

In his anger, he didn't even think about it. He was about to offer the defensive shield immediately, but before he offered the shield, he felt some faint chucking noises around him again. The sound was very small, Luo Sha but Hear clearly.

Immediately, Luo Sha's face changed drastically. He instantly understood that his flame avenue had been cracked. After the opponent's sword light collided with his flame flywheel, the power was not offset, but instead shattered his flame heaven.

No, this woman is difficult and careless.

Luo Sha was furious. After he understood this truth, he immediately wanted to retreat, but then he felt that the castration of the retreat slowed down, and he seemed to be restrained, and invisible sword qi lingered.

Luo Sha's cold sweat shed at this moment, he understood that the other party not only shattered his own avenue of flames at this moment, but also established his own avenue of swords.

Luo Sha burned his own essence and blood frantically, and forcibly sacrificed his own shield. At this moment, he wanted to tell Qingxue Silan to stop, but he couldn't say a word.

After Luo Sha frantically burned his essence and blood, the shield was forcibly sacrificed, but before he fully activated the shield, he saw the opponent's sword light change again.

The sword light that had been scattered just now had completely disappeared, and it was replaced by an invisible sword energy that was several feet long.

The invisible sword energy was brilliant and brilliant, coming from the sky with the deep sea-like secrets. Just now Luo Sha was arrogant in front of Qin Chen, which made Qingxue Silan very upset. When she killed Luo Feng before, she had no time to do it. This time she naturally would not let the Master do it again. Her Master, that could be against the Venerable. People, such a top

Holy Master Peak is not worthy to fight against Master.

At this moment, the martial artists onlookers only saw the sword light and the red flame murderous aura, they couldn't see the movement inside at all, and when the invisible sword light came out, they finally saw clearly, what a beautiful sword aura.

The only thing that feels unbeautiful is Luo Sha, he is the pinnacle saint master master, of course he will not be confused by this invisible murderous intent.

But just for a moment, the invisible sword light had already arrived in front of his eyes. Luo Sha was horrified and could not care about anything else. The shield directly blocked the sword light's path.

"boom"

Jian Guang hit the shield at this instant, and then brought a canopy of blood.

Luo Sha flew upside down hundreds of meters and then forcibly stopped his body. The shield he had sacrificed just now had been split in half and fell on the ground. A deep bloodstain struck his left shoulder. Down, straight to the thigh. He stared at Qingxue Silan in horror. He couldn't believe it. In this short period of time, he retreated from the opponent's hands. The young and unspeakable woman in front of him was a bit too powerful, except for the entire Dongguang City. Lord Santos has no appointment

Who can seriously hurt him in such a short time.

Whoosh!

At this moment, the Sleeping Dream fairy also came to the dock square. Watching this scene in disbelief, the deputy city lord Luo Sha, who was even higher than him, was seriously injured and repelled in an instant. Who are those people?

Suddenly, his gaze focused on Qin Chen, and he felt an extremely familiar aura.

"Master, I'm sorry, Tu'er failed to kill him." With a cry, the broken shield fell, and the voice went far away in the square. Qingxue Silan said in shame, she wanted to share the worries for Master, but she didn't expect I couldn't kill the opponent with a single sword, if I changed to my sister or Qianxue

Sisters, maybe they would kill each other easily.

I am still too weak.

Qingxue Silan was extremely ashamed.

Huo Lao and the others, including Wei Siqing and Murong Bingyun, looked dull. The strength that Qingxue Silan showed had already shocked them, and was even stronger than Huo Lao.

But they were just one of Qin Chen's disciples. They were even ashamed of not being able to kill Vice City Lord Luo Sha with a single blow. Are they dazzled?

"It's okay, this guy is dead sooner or later."

Qin Chen said lightly.

"I come."

Qingxue Siyun glanced at her sister, sighed, hum, a terrifying sword light suddenly rushed out of her body, and violently slashed away at Deputy City Lord Na Luo Sha.

"Stop!" In the distance, in the city lord's mansion, a loud shout came.

### [Chapter 3688: Shuttle](#)

boom! Accompanied by a sharp drink, a terrifying breath descended from the distant sky. This is a figure that can reach the sky, like a \*\*\*\* and demon, stepping forward, between the heaven and the earth, the laws of the roads and avenues bloomed, and he stepped under his feet. Invincible tolerance

.

"My Lord City Lord."

"It's the Lord City Lord who has left the customs."

Many people exclaimed, their expressions excited, Luo Sha's eyes also showed excitement, Lord City Lord arrived, he was all right.

Qingxue thought coldly, unmoved, the sword light was like a mighty river, surging out, magnificent, the sword light pierced the sky, it was really too strong, like a divine rainbow stunned out of the abyss, killing everything.

"I said, stop."

City Lord Dongguang snorted coldly, his eyes were very indifferent, and there was a dark abyss in his pupils, as if everything was in reincarnation, and in the depths of them, there was a sacred mountain of decay, shaking.

What is this scene?

Then, Dongguang Chengcheng took the initiative, poking out his big hand, like a \*\*\*\* or devil, and grabbed the sword energy that Qingxue Siyun violently slashed out, slamming like a \*\*\*\* of hand, colliding with the sword light. .

Boom! Sword energy rushed into the sky, terrible shock waves swept in, and an amazing mushroom cloud rose up. Around the Dongguang City Pier, endless runes rose up. It is the eternal rune planted here, shaking the sky, glowing and fixing Void, keep

The wharf is intact, resisting this shock.

But even so, many people were still unstoppable under this shock, and they retreated crazily, and some even couldn't bear the shock and vomited blood on the spot.

"Om!"

The Sleeping Dream fairy on the side glowed all over, and the power of the space was surging. The powerful space power blocked the void and eliminated the impact of the impact. This calmed the surrounding warriors without being injured.

"Huh? Your strength..." City Lord Dongguang changed his color slightly, and the shock dissipated. On the dock, Qingxue Siyun frowned, her figure only took two steps back. Under this shock, she was safe, as for the black slaves. People, there is an invisible force surging, that swept

The impact of Qin Chen and the others blew up the clothes of Qin Chen and others, hunting and flaunting in the wind, but their figures were like rooting, and the spring breeze was blowing, and they remained motionless.

Everyone on the court sucked in air, what did they see? City Master Dongguang's blow broke through the opponent's sword energy, but no one was injured. Instead, it was easily resisted, which was shocking.

Huh!

With a flickering figure, City Lord Dongguang had already landed on the dock square, staring at Qin Chen and his party with solemn eyes, he felt the extraordinary of Qin Chen and others.

"Master City Lord." At this moment, Deputy City Lord Luo Sha hurried forward, embarrassed, staring at Qin Chen and his party with resentment, and said coldly: "Master City Lord, Tianwu Danpu colluded with this group of people of unknown origin. In my Dongguang City, I'm in the wild, disobey the law, kill me

The Dongguang City Law Enforcement Team led the unforgivable crime, and asked the Lord Lord to wait for me. "

"Master City Lord, there must be a misunderstanding in this." The Sleeping Dream hurried forward and said anxiously.

The city lord of Dongguang City ignored the two of them, just staring at Qin Chen and his party, and said coldly, "Who are you waiting for? Why are you running wild in my Dongguang City?" Qin Chen's eyes were cold, and he said calmly, "You are this. The city lord of Dongguang City? Which top power is it

from? This is how Dongguang City is managed? Let your subordinates arbitrarily take action against the local forces in the Eastern Heaven Realm. Is the Eastern Heaven Realm your private property?

? "

hiss!

Everyone around was dumbfounded and dumbfounded.

Damn, what did they hear, this guy seems to be teaching Dongguang City Lord? Are you so courageous?

Everyone was horrified and horrified. It should be noted that the city lord of Dongguang City must come from a certain top power in the heavens. They were dispatched to maintain the stability of the heavens, not from the eastern heavens.

However, the top powers of the heavens have also agreed that the decentralized people of their various powers shall not arbitrarily intervene in the affairs of the great heavens. This also makes the city owners of the border cities of the heavens rarely participate in the various affairs of the city.

And Qin Chen is so suitable, clearly standing from a high-level perspective, slamming City Lord Dongguang on behalf of the top forces in the heavens, how can everyone not be shocked.

The Sleeping Dream fairy who vaguely guessed Qin Chen's identity was also dumbfounded, and Qin Chen's death was too cruel.

City Lord Dongguang's eyes were cold, with a divine rainbow blooming, staring at Qin Chen coldly, but at this moment, he couldn't hold Qin Chen's identity anymore. He could feel that Qin Chen's people were extraordinary, and the aura on them was solemn. He is all wary.

However, if this makes Qin Chen swagger away, how will he gain a foothold in Dongguang City in the future?

"My Lord, these guys are too arrogant."

Vice City Lord Luo Sha said in a cold voice: "In my opinion, it is better to start the city closure formation, use the formation to capture all these guys, and investigate clearly."

City Lord Dongguang glanced at Luo Sha coldly. He was also very dissatisfied with Luo Sha and tried to find trouble for himself, but at this time, he absolutely could not retreat. Once he retreated, his face disappeared. "Huh, shut up." City Master Dongguang snorted coldly, then looked at Qin Chen and several people, and said: "Until the matter is figured out, this person will naturally not be wronged by any good person, but your Excellency was here before. The hands of the deputy city lord of Guangcheng, even more

If you want to kill him, no matter what, your Excellency has a reason to go to my city lord mansion to explain it. "

In this way, City Lord Dongguang actually gave Qin Chen down the steps, and he did not want to conflict with Qin Chen and the others. At that time, if the other party had an extraordinary background, he would fit together to reduce major issues and minor issues, which is better. Nevertheless.

He asked for trouble in the conflict between Luo Sha and Sleeping Mengren who did not want to mix with them.

"Hahaha, Dongguang City Lord is really better to talk than this Luoshao Deputy City Lord, but you can't say anything wrong, Lord City Lord, I didn't kill Luo to kill the Deputy City Lord before..." Qin Chen laughed and suddenly raised his hands. Dao Jianguang shot out.

"So courageous..." Seeing Qin Chen dare to do it, the city lord of Dongguang City suddenly blasted out of the Venerable Half-Step Domain, and at the same time sacrificed a \*\*\*\* soldier, and the \*\*\*\* soldier rushed towards Qin Chen with a black light.

"Ka Ka..." City Master Dongguang felt that his half-step Venerable Realm was actually like a piece of porcelain hitting a diamond, and it was broken every inch, and his \*\*\*\* shuttle was also slow in an instant. The next moment, he felt a sharp sword light struck over

, The brilliant sword light brought hundreds of feet of murderous intent, seeming to split his shuttle. Dongguang City Lord is the number one expert in Dongguang City, the half-step Venerable Master has already touched a trace of the Venerable Realm. The cultivation base is much more powerful than Luo Sha's Deputy City Lord, and he instantly sensed something. Strong fear, as if the opponent's sword light could easily penetrate his body.

#### [Chapter 3689: Really cool](#)

not good.....

A cold sweat broke out all over his body in an instant, but before he continued his next move, he saw that the two sword lights did not fall on him, but instantly slashed towards the deputy city lord Luo Sha behind him.

"Lord City Lord, save me..." Deputy City Lord Luo Sha roared in anger, and the flame flywheel in his hand was instantly activated, and he madly resisted in front of him. Then City Lord Dongguang heard "Ka Ka..." twice. The first explosion was the flame flywheel of Luo Sha, which was instantly

The split flew out, and at the same time, a sword light pierced Luo Sha's eyebrows like a comet, blasting him into nothingness.

On the ground of the dock, a faint sword mark disappeared, but the deputy city lord Luo Sha, who was still standing here before, had already turned into nothingness and disappeared without a trace.

When there was a cry, the smashed flame flywheel fell to the ground and became bleak. This was because of the loss of the owner and the gods in it had already dispersed. City Lord Dongguang saw that Deputy City Lord Luo Sha was beheaded by Qin Chen with a sword under his eyelids. He only felt a hostile spirit gushing out from the bottom of his heart. He almost spit out a mouthful of blood, and at the same time, a deep burst of blood emerged. Deep chill inside

Yuan Yuan was urged to the extreme by him in an instant, and his face became cold and severe.

"Boom..." In the anger of the Dongguang City Lord, the Shuttle Shuttle suddenly grew larger, and also rolled up the killing force in the surrounding space, and at the same time urged the surrounding docks,

and suddenly the endless horror pattern flashed and enveloped Qin Chen and others, all of a sudden, sand and rocks splashed, crazy

Chaotic volume.

Qin Chen calmly raised his hand and waved it out, and the frantic turbulence disappeared in an instant. Ignoring the surrounding formations and the killing intent of the Dongguang City Lord, he said unhurriedly: "It's time to kill Luo. Kill the deputy city lord." "You..." City lord Dongguang couldn't help it anymore, his face was gloomy as if it was about to drip. At the same time, his body skyrocketed wildly, and the terrifying half-step Venerable breath surged wildly. The shuttle is a crazy riot, rolling up hundreds of miles

Killing potential, and the killing intent on him is still rising.

"Your Excellency, are you going to be an enemy of my Dongguang City?" Dongguang City Lord roared, really moved to kill, Qin Chen beheaded his Dongguang City Deputy City Lord under everyone's eyes. He was hitting him in the face severely. Immortal Sleeping Dream looked at Qin Chen in disbelief. He even thought that he was wrong. The person in front of him was not Master Chenqing from Tianwu Danpu at all. You must know that when Master Chenqing left here, he could kill the late Lord Lord. , Chobi

Since I should be weaker.

But now, Qin Chen instantly beheaded the deputy city lord Luo Sha who was comparable to him, causing endless shock in his heart.

Immortal Sleeping Meng turned pale and sighed inwardly. He knew that Lord City Lord was really angry. At this time, he didn't know what to say, and knew that what he said would not work. Qin Chen felt the vast murderous intent unleashed by the city lord of Dongguang, but his expression didn't panic at all, and said indifferently: "If you are an enemy of Dongguang city, what are the words of the lord of the city? This young man's Tianwu Danpu is Dongguang. How can the power of the city and Dongguang

The city is the enemy, what Ben Shao did before was just clearing the door for Dongguang City. "My Tianwu Danpu develops in the East Heaven Realm. It is absolutely compliant and compliant, fair transaction, and childish, but I heard that the deputy city lord of Luo Sha has always been arrogant and domineering, using his identity to coerce and lure some forces in Dongguang City. , Do not know this person is here

From which power, it spread, this is discrediting my top power in the heavens, Ben Shao is just clearing the door for Dongguang City. "

Qin Chen said indifferently: "Presumably, Lord City Lord should also understand my painstaking efforts and will not make the same decision as Deputy City Lord Luo Sha."

Dongguang City Lord looked at him, and he also heard what Qin Chen said. Could the other party also come from a certain top power in the heavens?

"Master, what are you talking nonsense with him? It's just a small half-step venerable. If you talk nonsense, let the old slave pinch him to death with a finger, and the forces behind him dare not talk nonsense with the old slave."

The Poisonous Primal Chaos Venerable behind Qin Chen suddenly said something gloomily, and raised his head, a pair of cold pupils and City Lord Dongguang's eyes instantly met.

boom!

Suddenly, a terrifying invisible impact blasted into the city lord of Dongguang, and the city lord of Dongguang felt a roar in his mind, and breathing became difficult. A terrible invisible pressure was firmly suppressed on his Body.

"Venerable, he is definitely a powerful person." City Master Dongguang roared in his heart, cold sweat broke out all over his body, and looked at Qin Chen in disbelief. What is the origin of the other party? Not only is he powerful, there is also a statue beside him. The Venerable followed, and listened to what he said, the Venerable was only his

A servant. The fear in the heart of Dongguang City Lord at this moment can not be suppressed. He is also from the top power in the heavens, and naturally knows some secrets. Among some top powers and ancient families in the heavens, the top core figures often travel, and there will be nobles.

Guardian, is this son a direct descendant of an ancient family? The inheritor? The cold sweat on the forehead of City Lord Dongguang suddenly appeared. He is also a disciple of the top forces in the heavens, but compared to these direct descendants and inheritors, he is too far behind, otherwise he will not be sent here. If the opponent is really like

As I guessed, then even if I killed myself, the forces behind me would not risk offending a top-level force to avenge myself.

Dongguang City Lord's heart was instantly cold.

"Don't squeeze to death, kill, we serve people with virtue, not those bandits." Qin Chen scolded at Chaos Poison Venerable with unhappy eyes.

"Yes, young master, it's the old slave who said nonsense." Chaos Poison Venerable hurriedly lowered his head and said respectfully.

"My Lord, even though Ben Shao cleared the door for City Lord Dongguang, this is what Ben Shao should do as a person of the Eastern Celestial Realm. I don't have to worry about my Lord. I still have things to do. I won't accompany him here. Goodbye."

Qin Chen arched his hands towards the city master of Dongguang, and under the eyes of everyone, he left on the spot with the shocked and excited black slaves and others.

"Master, why don't you let me kill him? It's just a half-step Venerable."

On the road, Chaos Poison Venerable was speechless. "You know how to kill." Qin Chen glanced at him. "The city masters of Dongguang City and Nandou City are all disciples of some top forces in the heavens. It is easy to kill them, and it is inevitable that you will offend some top forces. Luo Sha this class

The city lord has a complicated origin, with local origins and other sub-top forces. If you kill it, you will kill it. It is irrelevant. "

The black slaves and the others were shocked when they heard that, a deputy city lord said that he would kill if he killed it. Murong Bingyun also looked at Qin Chen again and again with different light, feeling speechless: "This kid went out for a while, he is even more perverted, but he is still so cruel and cruel, huh, no one looks pleasing to the eye, but... just killed Luo Sha. It was really cool when I was there."

### [Chapter 3690: Ancient Danzong](#)

After seeing Qin Chen leaving, City Lord Dongguang's expression was uncertain, and the thick horror in his eyes had not disappeared. He knew that if the other party wanted to kill him just now, it was very simple, but the other party still did not make a move in the end.

"Who is this son? What kind of core child of the top power? I actually established a power in Dongguang City?"

Dongguang City Master couldn't understand why top core children like Qin Chen wanted to build a force in a place like Dongguang City, it was too pediatric.

On the field, everyone else was silent, and all the surrounding chambers of commerce and all major forces were shocked. After Qin Chen and his entourage killed Deputy City Lord Luo Sha on the dock, they left in a high-sounding voice, and City Lord Dongguang didn't even stop him.

Such a scene was deeply engraved in their hearts, leaving an indelible scene.

City Lord Dongguang stood quietly on the square, with a chill behind his back, soaked in cold sweat, and after Qin Chen and the others walked far away, his face was still very pale.

At that moment, he felt the threat of death. At this moment, a few powerful men came to Dongguang City Lord with a look of horror. One of them could even feel his hand trembling. He knew that Lord City Lord had always been extremely domineering, and it was the first time he recognized him in front of people. Fortunately before

After the group of people killed Luo Sha Deputy City Lord, they did not continue to do it, otherwise no one would dare to do anything with them even if they killed them. "Lord City Lord, let them go? These people are too arrogant. They killed the Deputy City Lord Luo in front of you, Lord City Lord, and let the Lord City master how you will be in the heavens in the future. These villains must inform the heavens. Top forces, let them

Send people down to punish severely and investigate carefully..."

A confidant of Luo Sha Deputy City Lord said unwillingly, his eyes were crazy.

"Bang!" Without waiting for him to finish speaking, City Master Dongguang slapped his face with a slap, and the whole person was slammed to the ground with a bang. The ground cracked with a bang. His face exploded, looks extremely miserable, painful sorrow

Howling.

"Lord City Lord." The others looked horrified, and they were all shivering. The terrible murderous aura exuding from Lord City Lord made each of them feel chilly, and they didn't dare to say a word.

"Huh, do you really think I am an idiot?" City Lord Dongguang snorted coldly. How could he not know that the deputy city lord Luo Sha has been using his identity in Dongguang City to gain benefits over the years, but he didn't bother to take care of these things, and kept one eye closed, but now, Luo Sha is actually Got in trouble

People, almost let him fall here.

It's ridiculous, in order to kill him in a small way, let him desperately, report to the top, go and fight with this guy who is very likely to be a descendant of a top power, just to get a breath? Is he really an idiot? He was assigned here. He was originally a marginal figure of his power. What he needs to do most now is to cultivate hard, break through the realm of the nobleman, return to the core of the power, and let the power behind him and other top powers carry on for a small matter. ,

It is undoubtedly boring.

"Who provoked this matter just now?" City Lord Dongguang glanced coldly at the other City Lord's Mansion masters of Dongguang City around him, and said in a cold voice.

"It's the commander of Luo Feng, the nephew of Deputy City Lord Luo Sha. He has been killed by that person." A City Lord Mansion master said nervously.

Dongguang City Lord said blankly: "Does Luo Sha have a Chamber of Commerce in Dongguang City? It has been competing with Tianwu Danpu."

"Yes, Lord City Lord!"

The master of the City Lord's Mansion replied with a trembling voice again. He seemed to know the meaning of City Lord Dongguang, and his tone became increasingly unstable.

"Check it out for me." City Lord Dongguang didn't even look at the masters of the City Lord's Mansion, and said to the Immortal Sleeping Dream: "Sleeping Dream, you come with me."

After saying this, City Lord Dongguang turned around and left.

"City Lord, are you looking for me?" The Sleeping Meng Xianren hurriedly followed Dongguang City Master.

"Sleeping, you and I are both the city lord of Dongguang City, why do you see it like this." Dongguang city lord said with a smile. Immortal Sleeping Dream was confused. He didn't know what medicine the Dongguang City Lord Gourd sold. Although they were all the City Lords, the main and deputy City Lords were too far apart. Even if he had broken through the Half-Step Venerable. Possibly in terms of status and Dongguang City Lord

Equality, can only nod and say: "The Lord of the City taught that."

City Lord Dongguang nodded, and said casually, "I heard that you were connected with Wudanpu that day?" "Yes, the subordinate is enshrined by Tianwu Danpu, the founder of Tianwu Danpu, Chenqing Danshi. Entrusted." The Sleeping Mengxian sighed secretly, and it was really because of Tianwu Danpu. The previous death of the deputy city lord Luo Shao shocked him.

, And are still in shock.

Dongguang City Lord's eyes condensed, "Then do you know the origin of Wudanpu this day?" The Sleeping Mengxian smiled bitterly: "This subordinate doesn't know, but the subordinate knows the founder of Wudanpu Chenqing. , Very young, judging from the breath of life, he has cultivated for less than ten thousand years, but he is already the pinnacle holy master class medicine master

, The reason why his subordinates have been able to make rapid progress in their cultivation in recent years is because they obtained a Heavenly Dao Origin Fruit of the Space System that year, allowing this Chen Qing Pill Master to refine the Heavenly Dao Divine Pill. "

"What? Can you refine the Heavenly Dao Divine Pill with less than ten thousand years of cultivation?"

City Lord Dongguang inhaled air-conditioning.

The promotion of a pharmacist is much more difficult than martial arts. A Tianjiao who has not cultivated for ten thousand years can refine a treasure like the Heavenly Taoist Pill. Even among the top powers in the heavens, it is extremely difficult for anyone to do it.

"Could it be... this person is from the ancient Danzong?" Dongguang City Lord has a dignified look. If so, it is not difficult to explain all of this. The ancient Danzong is a top power inherited from the ancient times. Strong or weak, even if it is the forces behind him, he dare not quarrel with each other

turn. "Sleeping, I am in retreat all year round, and I am not very concerned about the affairs of Dongguang City, and I don't know what happened in Dongguang City. Looking back, you send all the things obtained from Luo Sha's Chamber of Commerce home ransacking to Tianwu Danpu. Thank you. Togwang Castle for us

If the contribution made was not for the Tianwu Danpu, the city lord might have been kept in the dark, letting Luo kill this group of worms to do evil in Dongguang City, ruining the reputation of Dongguang City. "

City Lord Dongguang said lightly.

On the side, Immortal Sleeping Dream was stunned and gave all the things of the Chamber of Commerce under Luo Sha's Deputy City Lord to Tianwu Danpu, hiss, a big handwriting.

This is the wealth that City Lord Luo Sha has managed for tens of thousands of years in Dongguang City.

"Yes, Lord City Lord." Immortal Sleeping Meng knew very well the purpose of City Lord Dongguang, which was to reconcile with Tianwu Danpu, and his heart became more shocked, and he respectfully agreed.
