

Valkyrie 3691

[Chapter 3691: Big Dream Millennium](#)

"Sleep, I retreat all year round. From now on, the affairs of Dongguang City will make you care and care more."

City Lord Dongguang sighed and said something, then turned and left.

Sleeping Dream Fairy smiled bitterly. This is because Dongguang City's main reason is to draw him in and deliberately give him benefits, but... he really has no interest in managing Dongguang City, and he doesn't want to get any benefits from it. His biggest hobby is sleeping.

Wouldn't it be great to dream a thousand years?

But City Lord Dongguang said so, he naturally could only agree.

Yes, continue to be coolies.

At the moment, the Sleeping Dream fairy went to the Chamber of Commerce under Luo Sha to conduct an inventory.

At this moment, Qin Chen and his group were sitting together in the Tianwu Pill Shop, very excited.

"Let me introduce to you..."

After everyone sat down, Qin Chen began to introduce each other to everyone.

Listening to Qin Chen's introduction, the black slaves and others were very excited, because everyone around Qin Chen was a hidden master.

For example, this master who resembles a fairy but exudes a charming aura turned out to be a master of the nine-tailed fairy fox clan. No wonder there is a dizzying feeling between gestures.

And those two beautiful girls turned out to be the heirs of the Qingxue family, the top power in the Southern Heaven Realm.

What frightened them even more was the Venerable Chaos Poison, the terrifying aura exuding from his body made everyone feel palpitation. It turned out to be a master of the venerable. The black slaves and others were speechless at the same time, breathing in cold air frequently.

"Hmph, Qin Chen, where did he go out to find Ruyue to practice, I think he went to pick up girls, go out, and come back with three big beauties." Murong Bingyun exhaled in his heart. Wei Siqing was a little sad on the side, comparing her appearance, she was stunning in the Guanghan Palace, but compared with Qingxue Silan, Qingxue Siyun, and Qingqiu Ziyi, although her appearance is not much different, her temperament It seems a little simple, not so

Radiant.

In terms of identity, she is only the big disciple of the Guanghan Palace Master, and she is far worse than the heir of the Qingxue family, the nine-tailed fairy fox of the demon clan, and her heart is bitter.

But she still smiled and looked at Qin Chen. As long as Qin Chen could return safely, she would be satisfied. She didn't expect anything.

Finally, Qin Chen also introduced Ji Wuxue.

"Ji Wuxue? Isn't this the powerhouse of the Ji family more than three hundred years ago?" Murong Bingyun said with a stunned mouth. She looked at Ji Wuxue in disbelief. She was the daughter of Shangguan Xi'er in Misty Palace. She naturally knew a lot about things. She knew that Ji Wuxue 300 years ago was a friend of his mother's man Qin Chen. Framed Qin Chen,

Entering the Death Canyon, I didn't expect to see it in Heaven.

"It's the old man, are you?"

Ji Wuxue frowned and looked at Murong Bingyun. Murong Bingyun actually knew him, could it be the arrogant talent from Tianwu Continent? However, looking at Murong Bingyun's age, about the same age as Ruyue, few of these juniors should have heard of him? Moreover, Murong Bingyun's cultivation base surprised Ji Wuxue. He has reached the realm of the mid-term saint master. Although they are much weaker than Ruyue and the others, the opponent stays in the Eastern Heaven Realm and lacks resources. Cultivation in time to mid-term

The Holy Lord Realm, among some of the top forces in the Heaven Realm, can be regarded as the most heaven-defying genius.

What made Ji Wuxue even more puzzled was that Murong Bingyun's appearance gave him a very familiar feeling, and it always felt like he had seen it somewhere.

"Junior Murong Bingyun..." Murong Bingyun said hurriedly, with a knowledgeable appearance, his natural spirit glowing with invisible light, like a goddess, gentle and gentle, like a good girl.

"This is a friend of Qin Chen's previous life, a close iron rod, and he must leave a good impression in his mind." Murong Bingyun thought in his heart, triumphant, this is a resource that Wei Siqing and others don't know about. .

"Murong Bingyun? This name is very familiar..."

Ji Wuxue muttered, suddenly her eyes widened, she looked at Ji Ruyue, and said in disbelief: "I remember you said that Shangguan Xier's **** and Feng Shaoyu's beast daughter seem to be called Murong, right?" Murong The corner of Bingyun's mouth twitched, and he forced a smile and said, "Senior, that's a junior, but Shangguan Xi'er colluded with the alien demons, and Feng Shaoyu framed Chen Shao, and even used me as a test object. I had already cut off from them. Anything to do

. "Ahem, I have no other meaning." "Ji Wuxue waved his hand, but it was the original host Qin Chen, and he laughed: "You kid, you can, Shangguan Xier killed you, but you took other people's daughters under your command. Tsk tsk, can play. Hehe, yes

idea. "

The atmosphere on the court instantly became awkward.

The crowd watched their noses and their hearts, pretending to hear nothing. A cold sweat broke out on Qin Chen's forehead, and he said speechlessly: "What are you talking about? Murong Bingyun has already changed his mind. When he was in the Tianwu Continent, he also dedicated his own strength to resist the powerhouses of the heavens and the alien demons, otherwise you thought I would

Keep her till now? She slapped her to death a long time ago, not to mention Murong Bingyun is only working in my Chendi Pavilion, and I have nothing to do with her. "

"You just slapped you to death." Murong Bingyun gritted his teeth in his heart, shaking with anger, "Forbearance, I forbearance!"

"Hey, no need to explain, I understand, man, tusk, Qin Chen, I really admire you now and can play."

Ji Wuxue gave a thumbs up and said with a smile.

Qin Chen rolled his eyes and didn't bother to explain.

Next, Qin Chen asked about the situation of the Eastern Heaven Realm.

The black slaves described in detail the development of Qin Chen after his departure. After Wen Hantian united with Guangyuetian and other forces, coupled with Tianwu Danpu, the development has been extremely rapid over the years, and everyone's strength has undergone earth-shaking changes.

Not long ago, after the news from the Southern Heaven Realm that Yaonii Mansion had colluded with the demons, there was already a great upheaval in the Eastern Heaven Realm. All forces secretly left the Yaonii Mansion and crusade against it, for fear of being investigated and punished by the top powers in the heavens.

Today's Eastern Heaven Realm is in chaos, and after Wen Hantian and Guang Yuetian unite, together with forces such as the Sea of Martial Soul, they are constantly eroding the territory of Yao Mie Mansion.

However, Yao Mie Mansion dominates most of the Eastern Heaven Realm after all. There are many top masters under his command, and there are no fewer holy masters in the later period. In a short time, I am afraid there will be a period of battle. Qin Chen nodded. He had this expectation after he deliberately exposed the news of Yao Mie Mansion's colluding with the demon clan. Moreover, the top forces such as Heavenly Work and Star God Palace would not let it go, and would definitely send masters into the Eastern Heaven Realm. Enter the Yaomie Mansion

Conduct investigation.

"For the time being, you don't need to be too anxious about the attack of Yao Mie Mansion," Qin Chen said, so as not to attract too much attention from the top forces in the heavens.

[Chapter 3692: Tremor of heaven](#)

Next, Qin Chen learned a lot about the development of Chendi Pavilion, and also knew that Chendi Pavilion's power had expanded to many celestial regions near Wenhantian, Guanghan Palace Lord and Yaoguang Holy Lord, because there were a lot of resources. Support has also broken through

The mid-term peak Holy Lord realm.

There are also Zhang Ying, Lin Tian, Zhao Lingshan, Princess Zi Xun, and Lao Yuan. Their cultivation bases have also improved a lot, reaching the level of a half-step holy master, and they are only one step away from the holy master realm, but when The breakthrough is still unknown.

Ao Qingling, Ao Lie, Qin Tingting, Tianxing Zhenren, Gu Gu, and others have all entered the Holy Lord.

It was the **** cat. It was said that after Qin Chen left, the **** cat disappeared. I don't know where it went. There has been no news for these years.

In this regard, Qin Chen was speechless, but he also knew that the **** cat was very mysterious, and there shouldn't be any problems with it. After knowing the development of Chendi Pavilion, Qin Chen was also quite relieved. Although the top combat power did not improve much, the overall development was very fast. After all, they did not have their own support. This kind of training speed, no matter if placed in the heavens. Which

The top powers are all abnormal.

Qin Chen didn't plan to stay in Dongguang City for long. He was worried about Chendi Pavilion, so he was going to leave the next day.

And that night, the Sleeping Dream Immortal also came to visit, and sent the care of Dongguang City Lord and all the resources of Luo Sha Deputy City Lord Chamber of Commerce.

Qin Chen naturally knew what Dongguang City Lord meant, and this benefit was not taken for nothing, not to mention that he really had no plans to fall out with Dongguang City Lord and occupy Dongguang City.

That night, Qin Chen entertained everyone, had three rounds of wine and five flavors of food, and Tianwu Dan Shop was very lively.

While drinking, Qin Chen suddenly felt a little bit and raised his head suddenly.

Boom!

Above the sky of the Eastern Celestial Realm, there was a throbbing breath, rumbling, and the sky vibrated, as if some kind of major earthquake had occurred, and the entire sky of the Eastern Celestial Realm was shaking.

Everyone suddenly stood up and looked at the sky of the Eastern Heaven Realm without knowing why. Above the sky, the heavens were shaking, shaking like water waves.

"This is... the Heavenly Dao of the Eastern Heaven Realm has been oppressed and reached a certain limit." Chaos Poison Venerable said in a deep voice, with incredible eyes in his eyes.

"Heaven is oppressed. This is a rebellion, a protest."

Ji Wuxue also said in disbelief.

Qin Chen also sucked in cold air. He had absorbed the origin of the Tianwu Continent to break through, and he was the same as the origin of the heavens. He could feel the heavenly aura above the eastern heavens, with anger, as if warning.

"This is... a top powerhouse has entered the Eastern Heaven Realm?" Qin Chen glanced at each other in shock. Chaos Poison Venerable said in a deep voice: "Master, as far as I know, the four heavenly realms have not been repaired for a long time. After being repaired by Xiaoyao Supreme, they have been slowly recovering, but because the vitality of the heavens was severely injured, the damage was too great. Too serious, so what

I'm afraid that after so many years, the four heavenly realms are still very weak. Once too powerful people enter, it will oppress the heavenly way, cause the heavenly way to shock, and most seriously, even cause the four heavenly realms to break again. "Qin Chen, Chaos Poison Venerable is right. According to what I have learned in my family, the limit that the four great heaven realms can bear is the peak of the human respect. Once it surpasses the human respect, it will cause damage to the four great heaven realms. Extremely severe oppression, so in

Among the top forces in the heavens, it is strictly forbidden for experts who have surpassed the human respect level to enter the eastern heaven. "Ji Wuxue also said.

His eyes burned, and a divine rainbow bloomed: "In this situation, it is obvious that there are experts who are close to the limit of the Eastern Heaven Realm and entered the Eastern Heaven Realm, causing the reaction of the Eastern Heaven Realm."

"A master close to the limit of the Eastern Heaven Realm?" Qin Chen sucked in air.

"If I guessed correctly, it should be the pinnacle of human respect!" Ji Wuxue said solemnly.

In a moment, Qin Chen's eyes met each other.

Respect the pinnacle master?

"People from the top power in the heavens have arrived..."

"Not good!" Qin Chen suddenly felt a strong heart palpitations, which one is the top power in the heavens? Star God Palace, Heavenly Work, or Daewoo God Mountain? If you are to investigate Yaomie Mansion, you only need an ordinary Venerable, why would you send

Send people to respect the pinnacle masters?

Unless it is for other purposes.

And now the entire Eastern Heaven Realm, the most attractive to them, should be...

Yourself!

"No, ask Hantian if there is trouble."

Qin Chen's scalp stood up instantly.

"Xiahouzun, where is your teleportation formation, send us to ask Hantian immediately."

No matter what else, Qin Chen's figure shook, and immediately led everyone to the teleportation formation, anxious in his heart.

This is a master of Renzun's pinnacle, to ask Hantian's strength, how to resist it, even Qin Chen himself has never seen a master of Renzun's pinnacle with his own eyes. The anger in Qin Chen's heart at this moment can be imagined.

Xia Houzun and others, the holy lord of the ghost formation, also knew the seriousness of the matter at this time, and immediately took Qin Chen and others to the teleportation formation of Tianwu Danpu.

boom!

The huge teleportation array bloomed with a brilliant rainbow, quickly enclosing Qin Chen and the others. Over the years, in order to facilitate the connection between Tianwu Danpu and Wenhantian, the Holy Lord of the Ghost Array has established many teleportation formations between the two forces. In the fastest case, it can be rushed back within a few days. Ask Hantian, now in this crisis

Moment, start completely.

Hum!

The terrifying light enveloped Qin Chen and others, and instantly transmitted to the next heavenly domain. In the teleportation array, the endless space turbulently shuttled, but Qin Chen was anxious. No one could predict the speed of the peak of the human respect. Once he entered the Eastern Heaven Realm, no one knew how long he would reach Wen Hantian. Yes, Qin Chenzhi

I can't even imagine the consequences.

Although in the teleportation formation, Qin Chen still felt that it was too slow.

"Xiahouzun, ask Hantian from here, how long does it take to rely on the teleportation array?"

"About five days." Xiahouzun said.

"Five days?"

Qin Chen paled, "No, it's too slow."

In five days, no one knew what would happen to Hantian. "This space teleportation array uses the method of fixed teleportation, and the speed should be constant. Unless the array pattern is fully activated, then the space flow rate can be increased and the rush to speed up, but this will cause the space teleportation array to be unstable. Most likely

explosion occurs. "

Qin Chen glanced over the teleportation formation, and instantly had a clear understanding of the teleportation formation.

"But now, I can't control these."

Qin Chen's eyes were cold and hum, he greeted Ji Wuxue, and shot together, and immediately an endless burst of light merged into the space.

Boom boom boom!

There was an explosion on this side, and Qin Chen and others rushed to ask Hantian frantically. "You must hold on." Qin Chen clenched his fists and said anxiously.

[Chapter 3693: Annihilation](#)

In the void, endless divine rainbows bloomed, and Qin Chen frantically spurred the space formation. The continuous explosion of this space formation caused Qin Chen and others to go to the cold sky at an astonishing speed.

The spatial array pattern continued to disappear, and Qin Chen urged the large spatial array so madly, this large spatial array naturally lost any effect and became a one-off large array.

But as long as you arrive in time, everything is worth it.

Whoosh whoosh!

Qin Chen's speed urged to the extreme.

At this moment, the East Heaven Realm extinguished the mansion.

A magnificent figure suddenly descended.

"Well, this is the Yaomie Mansion that the Lord Palace Master said that colluded with the Demon Ancestor of the Abyss Demon Race? It is really surprising that a small Yaomie Mansion can collude with the Demon Ancestor of the Demon Race. I don't know where it is. There are no secrets."

Xidoruo descended over Yaomie Mansion, his eyes were as deep as a deep pool, as if black holes were spinning in his pupils, staring down.

After he entered the Eastern Heaven Realm, Yao Mie Mansion was the first to come.

For people like him, it's the same to go to Yao Mie Mansion or ask Han Tian first, no one can stop him.

At this time, the ancestral land of Yaomie Mansion was heavily guarded, and groups of masters stood in the sky, murderous.

Now the wind of the Southern Heaven Realm has also been transmitted to the Yaomie Mansion in the East Heaven Realm, and many top forces that depend on the Yaomie Mansion have turned their backs and become kings to conquer the Yaomie Mansion.

Collusion with the demons.

This is the worst kind of crime among the human forces. Almost no crime can be more irritating than this. Many forces that have been subdued by the Yaomie Mansion have broken away from the Yaomie Mansion and conquered the Yaomie Mansion.

In today's Yaomie Mansion, people are in panic, and only the most core part of the people are reunited and still resisting.

The void around Yao Mie Mansion was heavily guarded, and even a mosquito could not fly in.

But for a master like Xidoro, this point of caution is nothing at all.

"Go directly to the core of Yao Annihilation Mansion, maybe you can have some useful information."

Xidora stepped out and walked towards the Yaomie Mansion below.

"who?"

Xidoro walked straight in this way, without any concealment, and quickly attracted the masters on duty in the Yaomie Mansion, and flew over with a strong shout.

Whoosh whoosh!

A group of masters exuding a terrifying aura surrounded them, and the leader was a mid-term peak holy master, murderous, eagle-eyed, holding a Fangtian painted halberd, and staring at Xidoruo with cold eyes.

"Huh? Unexpectedly, this Yaomie Mansion still has a holy master on duty, and yes, the punishment announcements of the top powers in the heavens have not yet come down, and naturally they have not fallen apart." Xidoro opened his eyes and glanced at the group of people indifferently. , These few people only feel that there are endless stars in front of them, and their bodies are like being in a desperate starry sky, huge and decadent stars, old and old.

There is a smell of decay. Each body was imprisoned in the void. When they recovered, cold sweat broke out all over their bodies. When they recovered, they realized that they had been soaked in cold sweat, and their robes were soggy, as if from The fish caught in the water is average,

Liver and gallbladder split.

But the person who had been surrounded by them before had already appeared below them, and continued to walk towards the mansion of Yao Mie Mansion, as if strolling in a leisurely courtyard. "My lord, what do you do? Do you want to stop that guy?" The deputy team next to him said in horror. He is also a master of the mid-term saint master level. He is a hegemon in the Eastern Heaven Realm, enough to sit in a medium-sized heaven, but before Over there

In front of people, he felt that his soul was about to split, like an ant facing a dragon.

"Fart."

The leader holding Fang Tian's painted halberd said tremblingly, and there was a hint of fear in his eyes.

"Venerable, it's absolutely Venerable... The aura on this person didn't feel so terrifying to me from the Lord Palace Master. Is it true that the news that the Lord Palace Master colluded with the Demon Race is true? It's over."

Before his words fell, he saw that after Xidoruo descended on the Yaomie Mansion, he released a powerful coercion and divine consciousness. The invisible soul power instantly enveloped the entire ancestral land, as if searching Destroy everything in the mansion.

"Well, this Yaomie Mansion is a bit interesting, it seems there are traces of the power of the demon clan."

Xidoro squinted.

Hum!

A huge black hole appeared above his head, and the magnificent aura was permeated. The sky above Yao Mie Mansion seemed to have suddenly come from day to night, and a terrifying aura diffused.

The terrifying breath was suppressed, and the entire Yao Mie Mansion was plunged into chaos for an instant.

"What is that?"

"My God, all the days are covered, there seems to be someone in the sky."

"Who is it that dare to break into my Yaomie Mansion alone?"

"What a terrifying aura." Countless warriors below looked up at the sky in horror. The magnificent and terrifying aura was suppressed, and some earth saints and heaven saints suddenly fell to the ground in pain, wailing, even some master masters felt their bodies. Very uncomfortable, as if sick

general.

"Om!"

The power of terrible black holes began to spread downward.

"Who is going to run wild in my Yaomie Mansion!"

At this moment, several angry shouts sounded. From a magnificent building in the center of Yaomie Mansion, three figures suddenly appeared. These three people, with a strong aura, turned out to be masters of the later stage of the Holy Master, the leader, the cultivation base is even at the peak of the Holy Master. Vaguely touched the respect

The point of the person. Feeling the terrifying power between the heaven and the earth, the three people's expressions changed slightly, and they stared at Xidoruo in the sky angrily: "Your Excellency, this place is the heaven under the control of the Yaomie Mansion, protected by the rules of the heaven. I don't know what you want to do like this

for?" "Ordinary people can't feel the horror of Xidoruo. How can they not feel the three top holy masters of the Yao Annihilation Mansion? The people in front of them just stand like this, and the breath that escapes makes their souls and bodies tremble. As if to explode,

All of them looked pale.

What kind of monster is this?

"Hehe, what is the intention? Yaomie Mansion colluded with the demons, this seat is here to clean up the door for the heavens."

Xidoruo chuckled, the voice fell, and his big hand came out, booming, and suddenly the world collapsed, booming, the heavens in the sky trembled, and the terrible light was like a gushing volcano that swept down crazily.

"No, open the big array." At the moment when Xidoro took the shot, the three strong scalps were numb, screaming in anger, buzzing, and as their voices fell, they were prepared for Yao. In the Annihilation Mansion, a series of terrible dark rays of light bloomed, and quickly blocked in front of Xidoro.

[Chapter 3694: Black hole annihilation](#)

Moreover, the three top holy masters also shot at the same time, and the three shots, a fiery red torrent of holy yuan, a black long sword, and a cyan sword, and quickly slashed towards Xidoror. Where is, the mighty pinnacle Lord

The coercion swept across the Quartet, which is frightening.

"Among the four great heaven realms, it is no wonder that the Eastern Heaven Realm is at the bottom. I heard that Yao Mie Mansion is already the most powerful force in the Eastern Heaven Realm. Unfortunately, there is not even a Venerable, and even the Half Step Venerable was never born... "

Xidoruo shook his head, dropped his palm, ignoring the attack of the three of them, and then in the horrified gaze of all Yaomie Mansion masters below, his palm quietly touched the Yaomie Mansion's guardian array.

Hearing a bang, strange black halos suddenly rose above the guardian formation. The guardian formation close to the venerable level could not be resisted for a moment, and it burst into pieces.

"what?"

The three powerhouses of Yaomie Mansion were shocked. They had been blasting through the guardian formation of Yaomie Mansion for countless years?

A palm blasted through the guardian formation, Xidoruo's eyes were indifferent.

Do not!

Fear bloomed in the eyes of the three of them, two of them roared, and a dark breath suddenly bloomed in their bodies, causing the breath of them to skyrocket.

"Huh? The power of darkness? I actually cultivated the power of darkness of the dark clan, and sure enough, there is collusion with the demons!"

Xidoruo's gaze was fierce, his body glowed, and a black hole suddenly burst out of the pressure to annihilate everything. He reached out with his big hands, booming, the heavens were bombarded, and the void was plowed into a huge gully. The magnificent power of the pinnacle swept across, the breath of the three top masters of the Yaomie Mansion was instantly extinguished, and a scream of anger was issued. The next moment, the fire-red torrent of the holy yuan, the black long sword, and the cyan sword burst into pieces,

The vast palm of his hand fell, instantly squeezing the three into nothingness.

Huhu!

Between the heavens and the earth, the violent wind moved, everyone in the Yaomie Mansion was shocked and stunned. The three powerhouses of their Yaomie Mansion could not resist a single face, and they were beheaded. Everyone trembled in fear.

"Venerable, I am absolutely Venerable!"

An unprecedented horror idea rose in everyone's mind.

"Search for the soul!"

Xidora's eyes were cold, an invisible force enveloped the broken souls of the three top masters, and he needed to learn some information from it.

However, the souls of the two masters who cultivated with the power of darkness were soaked in the power of darkness and could not be searched at all. They could only learn some information from the broken souls of the other late saint master, but they were very one-sided.

Because this person has not even practiced the power of darkness, and obviously doesn't understand the true inner feelings.

"escape!"

While Xidoro was searching for his soul, some of the Holy Master masters who were still able to keep moving flew up one after another, really like locusts, trying to escape from the Yaomie Mansion and flew in all directions.

The mid-term peak holy master holding the Fang Tian painting halberd and a group of his subordinates also trembled and hurriedly backed away to flee here.

"Huh? It seems that there is something wrong with the Yaomie Mansion. If so, don't leave." Xidoruo stood proudly in the air, and the whole person suddenly turned into a black hole, booming, the terrible Venerable coercion spread out, The entire Yaomie Mansion was shrouded. In an instant, all the masters in the Yaomie Mansion, regardless of men, women, old and young, were all

Imprisoned, trapped in a desperate void, flew towards the black hole in horror. These people struggled in horror. Some of them have cultivated the power of darkness and are true insiders, but the vast majority of them are under the command of Yao Mie Mansion, and there are even some ordinary people living in the territory who do not understand the truth. , But at the moment

All were taken into the black hole.

Puff puff!

The endless black hole annihilated everything, and all the warriors who entered it, no matter how strong or weak, were instantly annihilated into nothingness, and among the power of the soul, some useful information was collected by Xidoro.

In the entire Yaomie Mansion Ancestor Land, there are millions of people, but like ants, they are instantly swallowed and annihilated, turning into nothingness.

call!

The endless black hole light dissipated, Xidoruo stood proudly in the void, and the Yaomie Mansion below had already turned into a dead city, lifeless, without a breath of life.

"Sure enough, this Yaomie Mansion has colluded with demon masters, and it is the dead demons in the Demon Clan that are colluding, well, the Yaomie Palace has been in contact with the demons as early as ten thousand years ago."

Masters at the pinnacle level of the human body cannot search for the masters at the soul-searching level, but there will always be some memories of the saint master-level characters that will not be captured. The memories of so many people are aggregated, and Xidoro has learned some information. .

"Furthermore, over the past ten thousand years, Yao Mie Mansion has used the flaws in the passage of the heavens and has been sending people to invade the lower planes, plundering the original power of the lower planes, and use it to improve itself."

Xidoro frowned.

"The planes under the heavens are all ordinary planes. For a pinnacle holy master like Palace Master Yao Annihilation, absorbing the origin of these planes cannot improve his strength at all. What is his purpose for doing this?"

"Huh? Palace Master Yaomie once found a source continent in the lower planes, and this source continent actually contains the origin of time. What, this source continent may have been invaded by the holy son of the Yuanmo clan. One."

Suddenly, Xidoro looked dignified, because he had captured some incredible situations.

"The origin of time? I remember the information sent from the palace recorded that Qin Chen, who was chased by the ancestor of the demon corpse and the demon ancestor, seemed to have the law of time. Could it be that he came from that continent? If so if....."

"Damn, why are there only these messages."

Xidoruo's face was ugly, because he only knew these things, and as for more, he couldn't find out anything.

This made him angry. Because, as far as he knows, in ancient times, in a certain source continent in the lower realm, there had been some major events that deeply affected the situation of the celestial realm, and even had a huge impact on the pattern of the celestial realm. Unfortunately, that source continent later disappeared. no

People know its tracks.

If you can find this source continent, you may be able to peek out what happened in the ancient times. For people like Xidoro, it is undoubtedly an extremely important thing, even the Star God Palace Lord will be interested.

"Damn it, I can only go to this Yaomie Mansion to find out." Xidoro looked indifferently, after killing millions of people, he didn't have any discomfort and went directly into the depths of the Yaomie Mansion.

[Chapter 3695: Know the secret](#)

After a while, Xidoro stood in a secret realm surging with the power of darkness.

"Here, it should be the training ground of Palace Master Yao Annihilation, this dark power..."

Xidoro sensed the void around him, carefully savoring something, and suddenly, after he fell into a clearing, his eyes showed an incredible look.

"These auras actually blend with Heaven's Dao. Is this Palace Master Yao Annihilation a venerable who breaks through with the power of darkness?"

Xidoro took a breath. The power of darkness was repelled by the power of the heavens. Xidoro had also been fighting on the battlefield of ten thousand races for many years. Naturally, it is known that among the demons, countless masters have tried to use the power of darkness to break through the realm of the nobleman, even wanting Therefore to build the Lord

Army.

However, almost all of them have failed, not to mention the use of the power of darkness to surpass the Venerable, it is almost impossible to achieve the Holy Lord.

Otherwise, the demons have long been the army of the holy masters, and they have won the battle of ten thousand races.

In Xidoro's understanding, the power of darkness is two forces that are completely different from the way of heaven, and they cannot be merged at all.

But at this moment, here, Xidoro felt a trace of the combination of the two, which made him extremely shocked.

"If this is the case, it's no wonder that the ancestors of the Abyss Demon Race will take away Palace Master Yaojie. This is a terrible change for the heavens."

Xidoro's heart was pounding.

If this news is passed to the Star God Palace Master, the Palace Master will definitely be very interested.

Next, Xidoro continued to search for a while in Yaomie Mansion, but in the end he found nothing.

"It seems that there is nothing left here."

His face is ugly, and he wants to know more information, but unfortunately, it is not satisfactory.

Whoosh. Xidoro appeared above the Yao Annihilation Mansion, staring at the Yao Annihilation Mansion below, a palm fell, and the whole Yao Annihilation Mansion roared and roared, and finally turned into ashes. Stars burst into nothingness

Exhausted pieces of void.

A lot of fragments entered the void turbulence and splashed around.

"Huh, fortunately, I came the fastest. If Tianjiao or the people of Daewoo Sacred Mountain know the information here, our Star God Palace will have no advantage." Xidoruo shook his head: "Unfortunately, you can't. This place is completely wiped out, and now the Heavenly Way of the Heavenly Realm has locked me down. If I bomb this mansion, it will definitely provoke a strong suppression by the Heavenly Way of Heaven. I will have to leave this place at that time.

The heavens can only be destroyed into this appearance. "

"Next, go to ask Hantian, maybe in asking Hantian, you can get some information, but you must hurry up, if someone from the forces rushes over, it will be in trouble."

Xidora's eyes were faint, with cold light blooming, his figure shook, and he disappeared suddenly, rushing toward the cold sky.

call!

As a pinnacle master of human veneration, Xidoruo is capable of reaching the sky, and his figure is in the sky, flying fast.

The heavens are extremely vast, and without using the teleportation array, it takes countless years for Earth Sages and Heavens Sages to leap over in order to be able to surpass it.

Not to mention the wider horizon.

But after reaching the realm of the Holy Lord, you can cross in the turbulent flow of the heavens, which is similar to taking a shortcut, and the time will be much shorter.

In the later stage, the speed will be even faster where the body is fused into the heavens.

But no matter what, it takes a lot of time to go from one horizon to another.

Unless it is a figure of the Lord.

Venerable figures, surpassing the heavens, especially those of the space category, are so fast that it is unimaginable that one step can span the endless void, and the end is the size of the sky.

Xidoruo cultivated the black hole's unique knowledge, with a trace of space rules.

Only two days later.

He had already crossed the endless universe and directly came to the territory of Wenhantian.

Whoosh!

Asked Hantianwai.

Endless void tremors, a magnificent figure suddenly appeared in the heaven outside Wenhantian.

"This is the birthplace of Qin Chen mentioned by Lord Palace Master. Ask Hantian?"

Xidoruo felt the cold sky in front of him, and shook his head slightly. The heavens in front of him were so ordinary that he was a little surprised. Why did Qin Chen such arrogances be born here.

"According to the news from the palace, the first time Qin Chen made his name was in Asking Hantian. He didn't know his previous origin. A small questioning Hantian was able to give birth to such a Tianjiao. It's surprising."

"Unless, he is from that source continent like the information I got before."

"If that's the case, then it would be interesting."

Xidoro squinted his eyes, and his figure was like electricity, and he slammed into the cold sky.

Wen Hantian is extremely vast and possesses many realms, such as King Ren Mansion, Xueyang Mansion, etc. Now these realms have long been the domain of Chendi Pavilion, and the entire Wenhantian has become an important base of Chendi Pavilion.

Of course, Guanghan Mansion is still the core base for everyone in Chendi Pavilion.

And people like Palace Lord Guanghan and others, as well as some of the core figures of Chendi Pavilion, live in Guanghan Palace. "Chen Die Pavilion? That Qin Chen actually established a power in this East Heaven Realm, and expanded to the entire Heaven Realm. Moreover, many high-levels in this Chen Die Pavilion, except for the powerhouse who asked Han Tian, many of them are like This Qin Chen is average and inexplicable

appeared? Moreover, these people practice extremely fast. When they first came, many of them were just ordinary saints. In just a few decades, many of them have broken through to the heavenly saints, and even the saint masters are interesting. "

Xidoruo entered a realm at random, searched for souls and tortured some people. After learning about some situations, his eyes flashed with brilliance.

If it was Qin Chen alone, then perhaps it could be said to be an accident, but when so many geniuses appeared all at once, Xidoruo had to wonder whether there was some connection among them. "In that case, go to Guanghan Mansion. According to the information, Qin Chen seems to have emerged from the sword tomb alive, and after integrating the Southern Heaven Realm, he went to the battlefield of ten thousand races. Otherwise, if he can catch Qin Chen, Maybe all the secrets can be solved

Up. "

"It's okay now, first bring all the people related to Qin Chen in this Chendi Pavilion back to Star God Palace. I don't believe that Qin Chen will not show up after he learns the news."

Hum!

Step forward.

Xidoro quickly entered the void.

After a stick of incense.

Huh!

Xidoro had already appeared in the sky above Guanghan Mansion.

In today's Guanghan Mansion, the masters are like clouds and majestic, so that Xidoruo who arrived in the first time is a little surprised. The vigor of Guanghan Mansion below is compared with the former Senhan of Yaoni Mansion. Difference.

However, Xidora was not here to appreciate it.

He appeared in the sky above Guanghan Palace, without any nonsense, facing the location of Guanghan Palace below with his big hand, he immediately caught and photographed.

boom! Suddenly, the heaven and the earth exploded, and the heavens were torn apart. The entire Guanghan Palace was rumbled, and the Guanghan Palace was trembling violently. It shocked countless people. They flew out in horror and looked up at the sky. An unmatched magnificent figure.

[Chapter 3696: Final battle](#)

Boom! Between the heavens and the earth, the endless venerable breath surging, suppressing the heavens, the whole question of the cold sky is rumbled and roared, Xidora's big hand protruded, everyone was horrified to see that a huge palm covering the sky fell. As if the gods have reached out

The palm of the hand, the endless stars are covered, and the sun in the sky has lost its color.

"what?"

"what happened?"

"This breath!"

"Who is it that is fighting against my Lord Chenzhen? Could it be that the people from Yao Mie Mansion have attacked?"

In Guanghan Mansion, a noble master flew out, staring at the scene in front of him in horror, exclaiming, the leaders of Guanghan Palace and Yaoguang Holy Master.

Today's Palace Lord Guanghan and Holy Master Yaoguang have gone through countless penances, and their cultivation has already reached the mid-term peak Holy Lord realm, and even vaguely touched the late Holy Lord realm. In the Eastern Heaven Realm, it can be regarded as One party character.

However, under this breath, everyone shivered, as if being stared at by a prehistoric behemoth, even the soul was strongly suppressed. They looked at the figure in the sky in horror. This figure was not so magnificent. It exuded a dark light, but stood here like a proud evil god, exuding an air that made everyone horrified.

interest.

Bang bang bang! Fu Qiankun, Lao Yuan, Mo Yuanbai, Lin Tian, Zhang Ying, and Ao Lie, Gu, Tian Xing Zhenren, Ancient Medicine Master and others, these years, it is said that they have broken through the realm of the Holy Lord, but in this magnificent Under the breath, everyone said

He stayed, his body trembled, as if he was about to kneel on the ground, a sense of shock emerged from the depths of his soul.

"Venerable, you are definitely a master master." Holy Master Yaoguang raised his head and said with a horrified expression. When he was working in the sky, he had seen masters and other masters take action. The breath is exactly like the person in front of him. This kind of aura that suppresses all the heavens below is definitely a noble class

do not.

Where did the venerable come from? Ask Han Tian to deal with them.

boom!

The huge palm fell, Xidoro sneered at the corner of his mouth. He had already seen many masters such as the Lord of Light from below, but he had no intention of stopping.

Hum!

When the terrible palm cover fell, the entire Guanghan Mansion was immediately domineering.

"Open the big array!" The Lord of Light roared and buzzed. In an instant, endless formation patterns lingered over the entire Guanghan Mansion. These formation patterns flashed with the momentum of the sky, and finally formed a sky like a spider web. The shield instantly enveloped the entire Guanghan House.

"Senior, I asked the head of the Hantian branch at the job of Heaven, the disciple of Venerable Mantra, I don't know who the senior is, why should I start the Guanghan Mansion."

The formation of the big formation, the Holy Master of Light screamed loudly while urging the formation, and the sound rumbling, like thunder, spread through the world, roaring loudly.

"Well, Venerable Mantra? Will his disciple be sent here?"

Xidoruo's eyes condensed, Venerable Mantra, at their level, also has a reputation and strength, but he has been prepared for the news from the palace, and naturally he will not be because of the Holy Light. The Lord spoke and stopped to shoot.

While chuckling, his palm continued to fall without stopping for a moment.

☹! The world shook, and the entire Guanghan Mansion shook violently, rumbling and roaring, and countless buildings below burst apart and collapsed one after another. Many people fell to the ground. There were some mortal and earth sage warriors who could not bear this force. On the spot

Shattered, the bones disappeared, turned into blood mist and scattered.

In an instant, Guanghan Mansion was extremely tragic, and blood flowed into rivers.

boom!

When Xidoro's palm fell, he heard a creaking sound. The Guanghan Palace's large formation, which condensed the ghost array holy master, Guanghan Palace Master and the countless efforts of the people, unexpectedly burst like a fragile soap bubble.

Even the Yaomie Mansion, which has been in operation for countless tens of thousands of years, and even a large formation close to the venerable level, cannot withstand the bombardment of Xidoruo. How can Guanghan Mansion resist?

boom!

In just a moment, the large formation rising from Guanghan Mansion burst instantly and turned into nothingness.

puff!

Below, Qin Batian and the others vomited blood one after another, and fell to the ground one by one, looking at the sky with fright.

"Hehe, you guys, should they be the high-ranking members of this Chendi Pavilion? Well, if you catch you, there is no worry that Qin Chen will not appear." Xidoruo stared at the Palace Master Guanghan below. At this moment, the Guanghan Palace Lord, surrounded by Shenhua, the veil on his face fell to a corner in the previous roar, Xidoruo's gaze seemed to penetrate everything, seeing her stunning appearance,

The look was slightly choked.

"Unexpectedly, in this small mansion of the Eastern Heaven Realm, there is such a beautiful face, mature and charming, and the best in the world."

Xidoruo said unexpectedly, a flash of surprise flashed deep in his eyes.

Which man is not sultry and indifferent to beautiful women? The Palace Master Guanghan in front of him, although the cultivation level is average, her cool and arrogant attitude is enough to make Xidoruo amazed. He used to fight on the battlefield of ten thousand races all the year round, and he had gone through life and death. Lightly,

After experiencing the Blood Rain War, when I came to this peaceful Eastern Heaven Realm at this moment, there was an evil fire rising in my heart inexplicably.

This was an unexpected surprise.

"Qin Chen!"

Xidoruo's words fell, and there was silence in Guanghan Mansion. Everyone looked dull, staring at the figure in the sky, they did not expect that such a terrifying powerhouse would come because of Qin Chen.

"Qin Chen, how is he...? Who are you?"

Palace Master Guanghan condensed, and said in a deep voice, there was a trace of panic deep in his eyes.

Did something happen to Qin Chen?

The Southern Heaven Realm is very far away from the Eastern Heaven Realm, and the message transmission has not been smooth, let alone the remote places like Wenhantian. Therefore, although

Qin Chen's actions in Jianzhong and Zhuge's aristocratic family caused a shocking roar throughout the southern celestial realm, they have not yet been completely transmitted to the eastern celestial realm. There is only occasional news. Just know a little bit

News.

Now that they heard this person say Qin Chen, they were naturally shocked, excited and worried.

"Huh?" Xidoruo frowned: "Such a beauty, shouldn't he have an unknown relationship with Qin Chen? This is a pity. As for who I am, you people don't deserve to know, just go back with me. "

Xidoruo didn't talk nonsense, sneered, his big hand came directly towards the Palace Master Guanghan, and with a bang, the big hand wrapped the Palace Master Guanghan inside like a sky. In his eyes, only some high-level members of Chendi Pavilion are useful, and the rest of ordinary people are like ants, which is not worth mentioning.

[Chapter 3697: Cruel habit](#)

"Stop!" Sage Master Yaoguang and others shouted, hurriedly stopped, and even Lao Yuan and others yelled, even though they knew that the person in front of them was a terrifying master, that was the existence of the Holy Master beyond the pinnacle. , But over the years, the Lord of the Guanghan Palace has been the dust

Dige kept working hard, and his relationship with everyone was extremely close. No one could watch Palace Master Guanghan being captured and taken away.

"It's ridiculous, it's just a bunch of ants, and they try to shake the sky!"

Xidoro sneered, hum, in his pupils, there were terrible stars blooming, and bright new lights burst out, swish, endless star bursts, bursting towards the old source and others below. .

boom!

The starlight on Xidoro's body was extremely terrifying. It just burst out, and the Holy Lord of the Light and the others felt that their souls would be torn apart, and their hearts were filled with anger and fear. Venerable, this is Venerable?

Seeing that Xidoro's attack was about to shoot down in the Guanghan Mansion below.

suddenly.

"boom!"

In the Jade Lake Holy Land below Guanghan Mansion, a terrible aura rose, and the entire Guanghan Mansion was shrouded by a stunning rainbow light, blocking the sky above Guanghan Mansion.

Puff puff!

Xidoro's attack landed on the light shield, causing a violent roar and explosion, and there were many ripples on the light shield, which abruptly blocked Xidoro's attack.

"Ok?"

Xidora's eyes condensed, this Guanghan Mansion actually has a protective shield that can stop him from attacking?

Palace Master Guanghan saw this protective shield, but his heart was excited, it was the breath of the master left here. Yaochi Holy Land is the site of a relic of the Supreme Female Emperor of Lunar Glazed Glaze, and the Lord of Guanghan Palace rises as a result of this. Later, after the arrival of You Qianxue, he passed the test of the Supreme Lady of Lunar Glaze and received the biography of Supreme Female Emperor of Lunar Glazed Glass

Cheng, took away the treasures that used to be here.

However, this place is after all a place where the Supreme Empress of the Lunar Glaze is sitting and transforming. There was some aura left behind. Now, after sensing the crisis in Guanghan Mansion, it quickly spread out and enveloped it.

"Huh, just a small shield, how can I be able to withstand me." Xidoro snorted coldly, among the pupils, two rounds of black holes suddenly surged, screaming, countless black rays of light bursting out, booming, this black ray it is extremely terrifying, the rules of the heavens and the ways of heaven have been pierced through a series of void gully

, The ruined place even the rules of the heavens cannot be repaired for a long time. These black rays of light fell crazily on the shield in front of them, and suddenly exploded violently. The entire Guanghan Mansion was roaring, shaking violently, and the terrible shock wave, centering Guanghan Mansion, even moved towards the whole question. Hantian House

The domain pervades.

Rumble! Even with a protective shield, the countless buildings in Guanghan Mansion were shaking violently, shaking unceasingly under the terrible power, banging, some buildings collapsed directly, and some warriors who were only mortal cultivators, and even the Qiqiao Bleed, fall

Falling to the ground, very miserable.

Xidora was like the same demon god, madly shooting, he insisted on piercing the shield outside Guanghan Mansion.

"hateful."

He was frightened in his heart, and never thought that there was such a defense in Guanghan Mansion, which made him angry. He had to take all the people in the Chendi Pavilion before searching for the soul and inquiring some secrets, but he couldn't think of a failure.

"Hmph, the deity doesn't believe it, this shield can withstand several attacks from the deity."

Xidoro coldly drank his hand. The endless murderous intent surging in his indifferent eyes, he was really angry. If because of this shield, people from other forces would come, making him unable to complete the Lord of the Palace. Order, that would be troublesome. But Xidoro also felt it. Although this shield was terrifying, and even the vaguely exuding breath was still above the power of the nobleman in his body, but this shield did not seem to contain much energy, only needed Hold it for yourself

Yiheng's shot is bound to break open. "You have successfully angered me. When this burst breaks open, the deity will let you know what regret is." Xidoruo said in a cold voice, and the black light of the black holes burst out from him, crazily red falling on the shield below. Up, as if the end is coming

Like.

"Starlight supernatural power? Are you... the Venerable of the Star God Palace?"

The Holy Lord of Yaoguang looked at Xidora in anger.

"Star Palace?"

Under the rumbling roar, Palace Master Guanghan and others all looked at the Holy Master of Light.

"Star God Palace is one of the top powers in the heavens. Compared with our Heavenly Work, the power is not much different. Its leader, the Star Lord, is a master at the same level as my Heavenly Work Master Tianzun, and has a prestigious reputation in the heavens." The Lord of Yaoguang squinted

Said the eyes.

Palace Master Guanghan and the others felt a chill. It was so powerful that everyone felt heavy. As their strengths increase, they understand more and more about the top powers in the heavens, and they are deeply aware of what a terrifying existence a power similar to Tianjiao is. Such an existence wants to destroy their Guanghan Mansion. Light and

Easy.

What happened to Qin Chen in the Southern Heaven Realm that would provoke the master of Star God Palace to appear? Everyone was full of doubts and could not understand.

The only good news is that from the people in front of him, everyone also understood that Qin Chen should not have fallen into the hands of the Star God Palace.

This is the only lucky thing. "The Star God Palace is one of the top powers in the heavens. According to the rules set by the top powers of the heavens, no power can easily enter the four heavens and directly target the powers in the four heavens. By doing so, your Excellency has violated Heaven

The law among the top forces, please stop your hands quickly, otherwise I will send this matter to Tianjiao and punish you. "

Holy Master Yaoguang said sharply.

"Noisy!"

Xidoruo coldly drank, booming, terrifying attacks continued to fall, and the shield on Guanghan Mansion became weaker and weaker. "Crack against the deity? Humph, that Qin Chen communicated with the demon ancestor of the Demon Race in the Southern Heaven Realm Sword Tomb. Now the deity has reason to suspect that there is a certain connection between Qin Chen and the Demon Race. In order to clarify the truth, The deity does it, even if you work

Can't say anything. "

This kind of trivial matter, the Star God Palace had been prepared for a long time, and even if the top powers in the heavens asked, they would have said that they were not afraid at all, and at most it was a little troublesome.

Could it be that many of the top forces in the heavens would fight against his Star God Palace for a small Guanghan Mansion, and would it not be possible to destroy his Star God Palace?

"When the deity breaks this shield, you will not escape the torture. At that time, the deity will directly kill you."

Xidoruo said with a cold voice, a cruel smile drawn out of the corner of his mouth.

Before Hidorro killed someone, he smiled and told others that I would kill you.

This is indeed a very cruel and abnormal habit. This indifferent tone and lofty gaze caused the anger in the hearts of Palace Master Guanghan and others to burn.

[Chapter 3698: Can not give up](#)

"Of course, if you are willing to correct the evil, expose the evil deeds of Qin Chen colluding with the Demon Race, or take the initiative to remove the shield and explain the information of Qin Chen, there may be a way to survive, especially you... Lord, you are also heaven

People who work with top powers, if you tell the origin of Qin Chen and remove the big formation, I can let you leave. "

This Xidoruo is indeed insidious, and a simple sentence has caused a crack in the Chendi Pavilion's camp. While Xidoruo shot, he smiled and looked at the Lord of Light, waiting for his answer.

Looking at Xidora not far away, Palace Master Guanghan, Qin Batian and others, who were originally extremely angry, were chilling in their hearts at this moment as if they were poured cold water on their heads.

"This person is a master of the Star God Palace. Although Guanghan Mansion currently has a protective cover, it is impossible to withstand this person's constant attacks. Once the other party can break the protective cover, I will fall. May escape."

The situation is so severe that it cannot be added.

Qin Batian and Lao Yuan were not afraid of death, and Palace Master Guanghan was not afraid. In this heavenly realm, life and death were unpredictable, and everyone should be prepared.

But the words Xidoruo said made her feel faintly chilled. Once the opponent broke through the big formation, he would destroy her entire Guanghan Mansion. Is this the top power in the heavens?

For his own selfish desires, he didn't even care about the life and death of the people in the heavens.

why?

Palace Master Guanghan's expectation for the top power in the heavens was instantly shattered, and endless anger emerged.

It's just this time, but it's not the time to consider this at all.

"What to do?" Palace Master Guanghan panicked a bit, she was not afraid of her own death, but Guanghan Palace was her life's work.

"Why? Have you thought about it?" Xidoro said with a smile, but in that smile, there were traces of cold chill that made the heart trembling.

"boom!"

As Xidoro spoke, the oppression of the surrounding space became more and more terrifying, and the shield formed by the remaining traces of the power of the supreme female emperor of the lunar glaze also fluctuated violently, and cracks began to appear.

An invisible black hole power faintly comes through the shield, making everyone feel like they are in a quagmire.

Across the shield, just a trace of breath shocked everyone and was unable to resist. This feeling caused endless fear and collapse in their hearts.

This is a resistance without a future.

Whoosh!

And when Guanghan Mansion was shrouded in crisis.

Asked on a planet outside the cold sky.

boom!

An ancient large array suddenly glowed, and then, the entire large array was shattered, and several figures appeared on this planet.

This was the transit point for Tianwu Danpu and Wenhantian, but now being accelerated by Qin Chen, this large spatial formation was completely destroyed.

However, Qin Chen finally came here.

"go!"

As soon as Qin Chen and the others landed on this star, they shook their bodies and went straight into Wenhantian.

As soon as Chaos Poison Venerable and Qin Chen entered Wenhantian, they instantly felt a faintly terrifying aura, transmitted from the Guanghan Mansion in the distance.

In addition, the heavenly Dao in the sky above the cold sky, all rumbling and shaking, trembling violently, making a sound of anger.

"No, there are top powerhouses in Guanghan Mansion."

Qin Chen's complexion changed drastically, and even his heart was palpitated by this force, and there was endless chill in his heart, and goose bumps all over his body came out.

"The pinnacle is definitely a master of pinnacle."

Chaos Du Zun and Ji Wuxue also took a breath.

"Are we late?"

Qin Chen was shocked.

"Qin Chen, you must never move forward. If there is really a pinnacle person here, I can't resist it at all."
Ji Wuxue changed color.

Although Chaos Poison Venerable is also a master of Venerable, it is only an ordinary person, and its physical strength is a little abnormal. Facing the true peak person, it is not an opponent at all.

"No way."

Qin Chen's eyes bloomed with cold light, and he would never give up Grandpa and them.

go!

Qin Chen looked furious, and under the leadership of Chaos Poison Venerable, he flew madly towards Guanghan Mansion.

At this moment, the sky above Guanghan Mansion was violently roaring.

"Senior." Palace Master Guanghan shouted loudly.

"What?" Xidoruo looked at Palace Master Guanghan, with a squinted smile in his eyes. He didn't expect that he didn't wait for the answer from Holy Master of Light, but what Palace Master Guanghan wanted to say. Palace Master Guanghan gritted his teeth and said with a serious face: "If I am willing to catch it with my hands, do whatever you want, you can let go of my Guanghan Palace and let other people here, what you want to know is something about Guanghan Palace. Just take me away,

I am willing to listen to your orders and do everything you want me to do. "

"My Lord Palace."

When the others heard this, they all cried out in exclamation.

Palace Master Guanghan wanted to use himself alone in exchange for their lives.

Xidoro couldn't help but froze for a moment, and then laughed loudly: "A very good idea, a great dedication."

"Guanghan, absolutely not..." Holy Master Yaoguang also looked at Palace Master Guanghan in surprise.

Catch it?

Palace Master Guanghan was trembling. She would rather die with Xidoruo than succumb to him, but in order to save the lives of other people, she was willing to sacrifice her own life if she could keep Guanghan Palace.

She saw Xidoruo's fiery gaze looking at her, knowing that the other person was thinking about her body, this was the only thing she had value.

Palace Master Guanghan stared at Xidoro, looking forward to Xidoro's answer. The louder Xidoro laughed, Palace Master Guanghan became more nervous.

In the laughter, Xidoro's voice gradually became colder: "It's a good idea, but you look at yourself too high and let others go? Ridiculous."

Suddenly, a suffocating anger soared from Xidoruo's body.

Palace Master Guanghan suddenly trembled, and his heart slowly sank: "Senior, you..." "You are not qualified to negotiate terms with me at all. Who do you think you are? In the eyes of the deity, it's just ants." Xidoruo's eyes filled with coldness: "If you don't capture and kill all of you, how can Qin Chen appear?"

? "

Xidoro sneered, his ultimate goal, everything was for Qin Chen, because that was the Lord's concern. Xidoro's voice rumblingly resounded in the sky. The sky in Guanghan Mansion was supposed to be full of warmth, but the Lord of Guanghan Palace felt it was so cold, like a biting north wind in the freezing cold. Palace Master Guanghan's blood must be frozen

stand up.

"Palace Master, talking nonsense with him, it's a big deal." Everyone in Guanghan Mansion said angrily. There are many experts who asked Hantian, many of these people have joined the Chendi Pavilion and become a member of Chendi Pavilion. , And Qin Batian, Ao Lie, Ao Qingling, Qin Tingting, Li Wanxue, Zhao Lingshan, Zi Xun

, Lin Tian, Zhang Ying, Gu Zunren, Wang Qiming... Many masters who came from the Tianwu Continent roared, killing intent to the sky.

[Chapter 3699: It turned out to be Qin Chen](#)

"Hahaha, death? It seems that you have already made a decision in your heart. It's ridiculous. The ants always think that they can shake the sky, but the ants don't know that even if they are broken into pieces, they can't make the sky fluctuate."

Xidoruo said with a sneer, shook his head slightly, and looked down wittily. He likes to look at the helpless eyes of others. Seeing the helpless eyes of others, he has a feeling of dominating life and death.

He said this, but his hands kept moving. The black hole's power was crazily suppressed, and the invisible shield underneath shook violently. It split on the spot, and a spider-web crack appeared.

"How to do?"

Everyone's heart was lifted up, their expressions were angry, their hearts were bleeding, and their eyes were extremely sad.

They heard Xidoro's opening, and they wanted to die desperately, but at this moment, everyone's heart was chilling and heavy, as if they had fallen into an ice cellar. Because, they all know that what Xidoro said is true. With their strength, what about desperate efforts? In front of Xidoro, they are really like ants, even if they burn their lives and souls, they cannot

A vellus hair that hurt the opponent.

This is a world where the strong are respected, and the weak do not even have the qualifications to linger.

The weak have no human rights.

This is a naked portrayal of the heavens, cruel, but also very real. The divine master of Yaoguang looked frightened and kept sending messages. From the moment Shidoro appeared, he had already transmitted the news to the heavens for the first time, and sent the messages to his master's line, but, No news, no news

Back. He was desperate, because even if the master's line received the news and was willing to come forward to ask Hantian, he might not have time to arrive. The working distance here is too far away, even for the venerable, it's not just a moment. Can catch

To.

"Hahaha, it seems that you all recognize the reality and are already desperate!"

In the sky, Xidoro laughed, and the palm of his hand glowing with pitch black slammed down against the large formation below.

"Fight." Everyone roared in their hearts, their eyes were ferocious and crazy. No one had the heart to retreat. Everyone knew that in front of such a master, there was no way to escape. There was only a fight to the death, even if there was no success. Back, even if, even a sweat from the other party

Mao could not be broken, but he also stood still.

boom!

The terrible palm fell, just when everyone was about to fight to the death.

"Boom!" In the distant sky outside Guanghan Mansion, the void suddenly split, and then, an extremely large battleship rushed out of the void. Above the battleship, a violent light appeared like a divine rainbow. Normally, it shoots wildly towards Xidoro

.

And in that divine rainbow, a figure appeared faintly.

"boom!"

The endless void boiled, and an invisible ripple seemed to be shocked by the surface of the water, and instantly came to Xidoro.

"Where is the attack coming from?" Xidoro was taken aback, his face changed slightly, and he slammed his palm out, colliding with the streamer. With a bang, he heard an earth-shattering roar. Toru, the void exploded directly, puff puff puff, the void burst like a soap bubble

When the two forces collided, the entire Guanghan Mansion shook violently under this huge impulse.

"Huh? Venerable?"

Xidoro frowned, where did the Venerable come from?

boom!

That stream of light was blasted out by him, revealing a magnificent figure, with the haunting aura of chaos, it was the chaotic poisonous master.

Under the constant rush, Chaos Poison Venerable and Qin Chen and his party finally rushed back to Guanghan Mansion, and after seeing the scene in front of him, Qin Chen couldn't even say a word, so he directly ordered Chaos Poison Venerable to take action and stop him. Hidororo.

Although Chaos Poison Venerable was also a little shocked in his heart, Qin Chen's order could only be agreed and shot strongly.

At this time, the Chaos Poison Venerable, his face was pale, and his heart was horrified, but his eyes were full of warfare, and his body was violent. Under the previous move, he felt the violent power in Xidoro and couldn't help but secretly. shock.

Is this the pinnacle human master? Compared with him, the power of the Venerable is indeed a lot more powerful. If it weren't for the chaotic fruit that he took to break through, the body contains the power of chaos, and ordinary Venerables could hardly resist the previous moment.

However, this aroused the fighting spirit of Chaos Poison. The toxins in his body have been cured by Qin Chen a long time ago. Now the whole figure seems to be rejuvenated. In order to treat Chaos Poison Venerable, Qin Chen makes use of the Heavenly Path Origin Fruit on the Heavenly Path God Tree. Made a variety of heavenly gods

, The state of Chaos Poison Venerable was restored to its peak state, which was better than ever.

"Where did the master come from, actually fighting against the expert in the Star God Palace? It turned out to be a master master?"

Below, in the Guanghan Mansion, the Guanghan Palace Master and others who were prepared to work hard were stunned.

Could it be that the high-level of Tianjiao came?

Palace Master Guanghan and the others suddenly looked at Holy Master Yaoguang, there was only one explanation.

"This person is not the Venerable I work for!"

Holy Master Yaoguang also said in disbelief at this time.

Hum!

When Chaos Poison Venerable resisted Xidoruo, the battleship in the distance made a bang, and under Qin Chen's urging, it rushed towards the Guanghan Mansion below, trying to sink into Guanghan Mansion. .

"Hmph, want to go in, have you asked me?"

Xidoruo sneered, and did not recognize the Chaos Poison Venerable for a while, but he also felt something wrong in his heart, how could this inexplicable battleship directly enter the Guanghan Mansion.

Hum!

He raised his hand, and suddenly, a horrible black hole burst into light, entangled crazily towards the huge battleship ahead.

Among the battleships.

The eyes of Ji Wuxue and the others were full of horror. Xidoro's attack had not yet fallen, and a strong sense of crisis emerged in everyone's hearts, as if they were about to fall into **** in the next moment.

"No snow, I'll leave it to you here, you must protect Guanghan Mansion, and Qianxue, Guanghan Mansion can only be saved by you."

Among the battleship, Qin Chen's eyes were cold, and his voice fell. Without waiting for other people to answer, the mysterious rust sword appeared in his hand instantly, and his figure flickered before flying out of the battleship.

"Qin Chen."

"dust!"

Ji Wuxue, Qianxue, Ru Yue and others exclaimed anxiously, but Qin Chen ignored them and left the battleship straight away.

The appearance of this figure immediately attracted the attention of everyone below, and everyone's eyes were dull, revealing an incredible look.

Qin Chen, it turned out to be Qin Chen? Excitement and ecstasy emerged in everyone's heart.

[Chapter 3700: Repair the big array](#)

But at the next moment, everyone changed color. No, Qin Chen was going to fight the terrifying black power released by the Venerable Star God Palace. Can he resist it?

"Qin Chen, hurry up, that is the Venerable Star God Palace."

Palace Master Guanghan and others shouted in horror, their eyes furious. However, Qin Chen turned a deaf ear, hum, his body, the six reincarnation sword bones suddenly surged, and then, a terrifying sword intent burst out of his body, and the infinite sword aura quickly emerged. The void is densely packed

, Like the swordfish in the deep sea, thousands. Each of these sword auras contains terrifying sword intent, eternity, endless, killing, death, flame... Qin Chen's insight from the sword stele forest of the Tongtian sword pavilion, boom, above all the sword light, it contains Has a meaning of origin, the most

Finally merged into the mysterious rust sword in Qin Chen's hand, and slashed out against the light of the countless black holes.

I saw that the light and darkness of the void flickered, and countless sword auras instantly collided with the light of the black hole released by Xidoro, rumbling, the world was shaking, Qin Chen surrounded the sword aura, blasting the black that tore the void. mango.

Boom.

Void trembling, boundless cracks spreading, Qin Chen snorted, his figure retreated, but he also resisted Xidoro's attack, giving Ji Wuxue and his battleship a chance to enter Guanghan Mansion.

Hum!

The battleship exploded with magnificent light, and quickly collided with the light shield over the Guanghan Mansion.

"No, you have to quickly open the big formation." Palace Master Guanghan and their expressions changed drastically, because at this moment Guanghan Mansion was enveloped by an invisible force, and it was this invisible force that resisted Xidoro's attack. , But in the same way, this force will also resist the battleship in front of you

, But prevented the entry of warships.

Not far away, Xidoro also sneered, knowing that this burst of light could not be opened. However, what everyone did not expect was that at the moment when the battleship was in contact with the shield, from the battleship, a figure of the world suddenly appeared, as graceful as a fairy tale, dressed in white, left behind. Independent, surrounded by nine

The extreme water is You Qianxue.

You Qianxue's right hand touched the invisible light. Suddenly, the light burst, and You Qianxue and the warship under her feet seemed to have not suffered any resistance. Swish, the whole body glowed, and went straight into the Guanghan Mansion. in.

"what?"

Xidoruo's gaze suddenly revealed a look of surprise. Who is this woman? Can you control the invisible big formation that resisted him? In his heart, Qin Chen breathed a sigh of relief not far away. In fact, as soon as Qin Chen arrived, he already felt the power that enveloped the Guanghan Mansion's great formation, which was the breath of the Supreme Female Emperor of Lunar Glazed Glaze, and Qian Xue is the supreme lunar glaze

The descendants of the female emperor can naturally control this breath.

Buzzing! Entering the big formation, from the battleship, a group of figures flew out one after another, including Ji Wuxue, Ji Ruyue, Qingqiu Ziyi, Wei Siqing, Murong Bingyun, Negro, and the holy master of the ghost formation. , They came out without any words, body

Shang directly released the power of Dao Dao's origin, and quickly condensed on You Qianxue's body. You Qianxue did not speak either, and quickly squeezed her hands. Nine poles of water emerged, surrounding her body, and an ethereal and ethereal aura lingered out of her body, turning into a series of runes. Quickly integrated into

Immediately above the aura that has been blasted out of cracks.

There had originally been a large array of cracks that could be shattered at any time. At this moment, a slight light was emitted, and the countless cracks on it were glowing, and, at a speed visible to the naked eye, they were healing.

"Qianxue, and Juyue...you..."

"Ji Wuxue, are you still alive?!"

Below, Zhao Lingshan and Zi Xun were shocked and excited, and Fu Qiankun, Mo Yuanbai and the others, after seeing Ji Wuxue, their eyes widened instantly, as if they had seen something unbelievable. .

"Old man, saw it again? But after hundreds of years, you two old guys have hardly grown up?"

Ji Wuxue glanced at Fu Qiankun and Mo Yuanbai. Today, the two of them have entered the realm of the early holy masters under the cultivation of many resources, but when Ji Wuxue's mouth, they have no progress. .

Fu Qiankun and Mo Yuanbai were speechless. When is this, Ji Wuxue is still making this kind of joke. However, the aura on Ji Wuxue's body at this moment really makes the two of them feel very heart palpitations. Kill them powerful.

They have countless things to ask, but at this critical moment, they don't have the time to ask.

"Don't talk nonsense, follow us first, urge the power of the source, and repair this aura."

Ji Wuxue saw the eyes of Palace Master Guanghan and Holy Master Yaoguang condensed, and immediately said coldly, taking over the control directly.

Although I don't know the origin of Ji Wuxue, Palace Master Guanghan and Holy Master Yaoguang also knew the urgency of the matter. Without saying a word, everyone took action, the power of the origin lingered out, and finally condensed on You Qianxue.

Hum!

On You Qianxue's body, the gods and rainbows bloomed, and the large aura left by the supreme female emperor of Taiyin Liuli quickly healed. After only a dozen breathing time, it has been restored to its original state.

"The big formation is healed?"

Fu Qiankun and others looked at the healing formation with excitement. "I was happy so early. It was just a simple repair. If Qin Chen doesn't solve the troubles outside, he will still be a dead word. With such a fragile formation, he can't resist a master who respects the pinnacle." Ji Wuxue Shen Sheng

Tao.

The pinnacle of human respect?

Everyone was surprised to look at the figure in the sky, is this master of the Star God Palace actually a powerhouse at the pinnacle of human respect? But what does the peak of human respect mean? Does it mean the top master among the nobles?

Fu Qiankun and the others have been in the heavens for these years, and they are well-informed, but they have very little understanding of the powerful.

On the contrary, the Holy Master of Yaoguang, knowing the power of the peak realm of Human Sovereign, took a breath.

"Interesting, the formation pattern was repaired?"

In the sky.

Xidora saw Qin Chen resisting his attack, and You Qianxue and others repaired the formation pattern above Guanghan Mansion, with unexpected expressions in his eyes.

Qin Chen!

Then, his gaze fixed Qin Chen not far away, revealing ecstasy.

From the news he received, Qin Chen seemed to have already headed to the battlefield of ten thousand races. Unexpectedly, the opponent did not leave and was still here.

"It's a good method." Xidoruo sneered. If he didn't obey the Lord Palace Master's orders and attacked the Guanghan Mansion directly, maybe it was not necessarily because Qin Chen escaped.
