[Chapter 3711: Swallowed](#)

No, someone is coming.

Qin Chen was shocked and angry. At this time, someone came, and the other party's aura was extremely terrifying, even more terrifying than Chaos Poison Venerable, similar to Xidoro.

In the distance, the mighty divine light blooms, and the world is boiling. This is a master of the pinnacle of human dignity, who is killing it powerfully.

Who will be here at this time?

The master of Daewoo Shenshan? Or a master at work? Or is it a master of other top forces in the human race?

Qin Chen's heart sank completely.

If it was the time when people who worked in the sky arrived in Guanghan Mansion before, then it would be good news for Qin Chen, then the arrival of a master of any force now would be a huge bad thing for Qin Chen. news.

Because at this moment Qin Chen is surrounded by the power of darkness, even if someone who works in heaven comes, he will capture Qin Chen, thinking that he is a spy of the Demon Race.

Chaos Poison Venerable also has a numb scalp, it's over!

Qin Chen and Primal Chaos Poison were in horror, but Xidoro was in ecstasy.

"Hahaha, kid, you're done."

Xidoro was covered in blood, looked terrifying, and looked crazy.

Almost, he almost died, and he died in the hands of a young man like Qin Chen, and his fame was destroyed. Fortunately, some people are here now. Although Xidoro doesn't know who it is, no matter which force it is, Qin Chen who cultivates the power of darkness will not tolerate Qin Chen. When the time comes, all he has to pay is nothing more than Give up part of Qin Chen

Resources only.

It is a pity that he secretly hates in his heart, if it were not for him to be trapped by Qin Chen, he would not give up any profit.

"boom!"

In the complex minds of several people, that breath approached in an instant, and the void in front of her burst into tears, and at the same time, a woman with an enchanting posture came out of the void.

This is a woman with an extremely enchanting posture, her whole body exuding an aura of charm, with two black triangular ears on her head, and a pair of golden eyes with the pupils erected, as if she could see through everything in the world, and see through the yin and yang.

She was wearing a tight-fitting fur, and a piece of white and smooth skin was exposed under her neck.

She has a small waist with a full grip, especially behind her, there is a long black tail, wrapped around the waist leather, constantly walking, extremely seductive.

"Monster!"

Seeing the person coming, Qin Chen and Xidoruo's pupils shrank.

I thought it was Heavenly Work or a master of the top forces in the heavens such as Dayu Shenshan. Who would have thought that it was a monster. This woman giggled and exuded a fierce monster aura, like a monster god, descending here. world.

Could it be a demon master who passed by by accident? "This friend of the demon race, Xidora, the powerhouse of the Star God Palace, is here to chase down a human scum who colluded with the demon race. Please help me. If the world is embarrassed today, we will unite and fight the demon race. , As long as you can help me win this person

, At that time, my Star God Palace will inevitably have great gifts and rewards. "

Xidoro hurriedly shouted.

Chaos Poison Venerable's eyes froze, swish, blocking in front of the opponent, for fear that this monster clan master suddenly shot.

But Qin Chen had a hideous gaze, but doubts appeared in his heart. He didn't believe that this monster clan master passed this place unintentionally, otherwise it would be so coincidental?

Sure enough, the demon girl glanced at the situation on the field, but there was a neat expression in her eyes, she was not at all anxious, and she was not surprised at all.

"Coco, you human race, there is nothing good."

This monster clan master gave a chuckle, boom, suddenly, she shot, black palms shot out, on the palms, there were sharp blades, tears, and the cosmic void seemed to be torn apart by a paper knife. Cut down towards Xidoruo. "What do you do? I am a master of the Star God Palace..." Xidoro roared, and Chaos Poison Venerable was also stunned. With a snort, Xidoro's body was torn apart by invisible power, and several words appeared in his chest. The wound, the bone is deeply visible, puffed out

A mouthful of blood, because of the weakness caused by the burning of a large amount of the power of the venerable, he was terrified.

This Yaozu master actually did something to him.

Qin Chen was also stunned.

"Shoo..." This monster clan master kept making moves. The light of Dao Dao's sharp claws flashed through the void, and immediately poured into Xidoro's body. Xidoro screamed and could no longer resist Qin Chen's swallowing. , Boom, the power in the body was madly swallowed by the magic tree of the ten thousand worlds,

Constantly eliminate.

Xidoruo was finally frightened. Although he didn't know why the monster clan master did it to himself, the other party was so decisive that he obviously didn't want to listen to his own explanation.

"This constellation remembers you, the black hole incarnation, the star **** escape method!" In the crisis, Xidoro roared, and a talisman was sacrificed in his hand instantly. He knew that if he did not leave at this time, he would never have the opportunity to leave. , Nine hundred and ninety-nine stars gathered into his body, and the whole person turned into a black hole in an instant, and

, On the escape talisman, the stars bloomed, taking him into it, unexpectedly got rid of the penetration of the magic tree of the ten thousand realms, and quickly disappeared between the heaven and the earth.

not good!

Qin Chen was very frightened, and this situation actually caused Xidoruo to escape. Once Xidoruo escaped back to the Star God Palace, then he would be in trouble, and even the entire Chendi Pavilion would be destroyed, causing serious trouble.

"Boy, you wait for me."

In the disappearing black hole, a cold, icy and angry voice sounded.

"Hey, I want to run, have you asked your cat?"

At this moment, a playful sneer that made Qin Chen familiar with suddenly sounded in the void, and the next moment, boom, the void above the black hole that Xidoro had transformed suddenly split, and a bronze bell instantly emerged from the crack. appear.

"Everlasting, the heaven and the earth are in the sky!" The bronze bell swelled in the wind, and instantly changed to hundreds of meters in size. At the sound of the bell, the starlight transformed by the star god's escape talisman crashed and shattered, and the black hole made by Xidoro also He burst into pieces in an instant, and with a puff, he vomited blood, violently from the void

The ground fell, with a look of endless horror on his face.

This escape talisman was passed down by the Lord Palace Master, and it was broken.

And, under the sound of the bell, the origin of Xidoro also began to collapse.

And at the moment he fell, countless black tentacles surged out, and Qin Chen urged the Ten Thousand Realms Demon Tree to penetrate his body directly.

"stop!"

Xidoruo only had time to let out a stern roar, and was pierced by thousands of black tentacles, and then dragged into his body by Qin Chen, suppressed in the jade disc.

"Kid Qin Chen, you are too much, but my fellow was stopped by the cat, you just swallowed it?"

A lazy voice sounded, sigh, a black afterimage appeared in the void, and instantly fell on the snowy white area below the enchanting woman of the demon race, lying there lazily, with big copper bell-like eyes staring at Qin Chen , Very dissatisfied. It is the **** cat!

[Chapter 3712: Nine Life Demon Lord](#)

The **** cat lay lazily in the white and greasy place, with a playful look, looking at Qin Chen with a hippie smile, his posture, like the second uncle.

puff!

Qin Chen's tight heart instantly loosened, and he couldn't hold on anymore, a mouthful of blood spurted out, and his breath was lethargic.

"the host."

Chaos Poison Venerable yelled in panic, and instantly came to Qin Chen's side.

Qin Chen's body was filled with terrible dark auras flowing, his expression was dim, his eyes blurred, his aura was extremely weak, he was obviously seriously injured.

Moreover, the dark power of darkness lingered around him, slowly spreading.

"This kid actually absorbed the power of darkness, looking for death? No, it turned out to be some kind of dark king blood. What has this kid gone through? Which old monster did he fight with?"

The **** cat rushed to Qin Chen's side, and after sensing the aura on Qin Chen's body, he suddenly changed his color and said, his eyes widened like copper bells.

Rely on. This is the blood of the King of Darkness. A strong nobleman is contaminated and will fall. Not only is this kid contaminated, but also integrated into his body, but also maintains a certain balance. I really don't know how to say that he is high. Bold, or

Like to die.

"Senior, please help Master."

Chaos Poison Venerable said in a hurry, he could feel that Qin Chen's state was not very good.

Originally, Qin Chen had suppressed the power of the blood of the Dark King in the six reincarnation sword roads, but now he actively activates the blood of the Dark King, although he resisted Xidoruo, it also caused his own body damage and breath. Malaise.

"Huh? The Qi of Chaos?" The **** cat stared at the Poison Venerable Chaos, with a faint green light bursting in his eyes. He ignored Qin Chen and came to the Poison Venerable Chaos with a sigh, left sniffing, right Smell, the eyes are staring at Chaos Poison Zun, the look in his eyes seems to eat him

The same, the Chaos Poison Venerable that I saw was all hairy.

"This lord... you are..."

Sovereign Chaos Poison came out of cold sweat. How could he be afraid of a cat? It's just that when the **** cat stared at him, his soul was shocked, as if he was being stared at by some devil. "His grandma, it's really bad luck. The cat master thinks you have any chaos treasure in your boy? It turns out that it was the Venerable who took some kind of chaos fruit to break through, which caused the chaos aura to remain on his body... Be

I got it, Lord Cat. That's the right way. It was ruined by you kid, and the pearl was covered in dust. Using the chaotic fruit to break through the Lord is really a waste of tortoise chewing barley. "

The **** cat was depressed, and was embarrassed because the chaos fruit was eaten by the chaos poison.

Chaos Poison Venerable's forehead is covered with cold sweat, what's so special... The Chaos Fruit is used to break through the Venerable, why is it ruined?

Why is it not a waste to give it to you, or a waste to me?

He felt distressed, but he didn't dare to speak.

"I'm so angry with Lord Cat." Big Black Cat cursed.

"Senior, please help the master."

Chaos Poison Lord tremblingly said. Aggrieved, his dignified master, where is he not admired by thousands of people? Are you a master in the Southern Heaven Realm? After following the master, not only was he chased by the masters of the Star God Palace just like the bereaved dog, but also despised by a cat. This...

...Is there any reason?

"What is the urgency? This kid can't die." The **** cat said in an angry tone. If Qin Chen died so easily, he would have died.

Hum!

The **** cat urged the bronze bell. When the bell hovered over Qin Chen's head, a faint bell sounded out, covering Qin Chen, and the dark king blood on Qin Chen's body was actually suppressed.

Crackling!

The light of thunder flickered, and, with a terrible sword aura flying above the sky, the power of darkness on Qin Chen's body was finally suppressed slowly, and finally returned to nothingness a little bit.

"Puff!" I don't know how long it took, Qin Chen spit out a mouthful of blood again. This blood was pitch black, with a dark breath, and instantly corroded a hole in the void, booming, in the sky, the heavens surging, and the heavens The power of heaven is permeating

Come, annihilate this dark blood into nothingness.

call!

Qin Chen let out a long sigh, his face returned to ruddy, and the power of darkness in his body completely retreated. Although he was still seriously injured, as long as the power of darkness did not corrode his body, Qin Chen's injury would naturally be easily repaired.

"Senior Black Cat, why are you here?" Qin Chen said excitedly. "Why do you think I am here? Huh, kid, if I didn't arrive, you would be in danger." The **** cat said triumphantly: "Well, do you have any plans on

how to repay me? Huh? You have this one in your hand. Broken sword? Or the good fortune on your body

Jade disc, or something else? "

The **** cat's eyes were shiny.

Qin Chen was speechless, the **** cat was still the same as before, a money fan.

"This is?" Qin Chen looked at the monster clan expert beside the **** cat, exuding a terrifying human aura. This was a top level monster clan expert who was not weaker than Xidora.

"I am the servant of the predecessor of the Cat King, you can call me-Nine Lives!" The cat clan banshee said with a smile, full of charm and temperament.

"Servant?"

Qin Chen glanced at the **** cat. Senior Black Cat is fine. Where did he find such a top monster master? And it's so enchanting, shouldn't it be?

Qin Chen looked at the **** cat up and down. The gap between the two is a bit big, right?

The **** cat akimbo, staring at Qin Chen, dissatisfied: "Qin Chen boy, what are you looking at? A stomach of bad water."

Qin Chen didn't talk much with the **** cat, but eagerly started to rush back. Although Xidoro was resolved by Qin Chen, the crisis in Chendi Pavilion had not been resolved yet.

Qin Chen, who was worried about Chendi Pavilion, rushed to Guanghan Mansion with the **** cat.

And when Qin Chen and the others rushed to Chendi Pavilion.

In the Eastern Celestial Realm, many forces that had previously sensed the vision had also passed the news of the appearance of two masters suspected of being nobles.

boom!

One stone stirred up a thousand waves.

Two great masters appeared in the Eastern Heaven Realm, and they were suspected to be fighting each other. As soon as the news came out, the world was shaken, and everyone was shocked.

what happened? Has the heavens entered an eventful season?

Not long ago, in the Void Tide Sea, there was the Demon Race Demon Lord chasing and killing the Human Race Tianjiao.

Later, the Sword Tomb Incident occurred in the Southern Heaven Realm. The five masters of Heavenly Work, Star Palace, Dayu Shenshan, Qingxue Family, and Zhuge Family were suspected to have fallen to the land of the sword tomb.

Now, there has been a war of nobles in the Eastern Heaven Realm. These news spread frequently, causing tremors in the heavens.

[Chapter 3713: Refugee camp](#)

After the restoration of the heavens, the four heavenly realms have been the place for the rear of the human race. They have been very peaceful for many years, but in these short ten years, such great events have happened, enough to make the people of the four heavens panic and panic. disturbed.

The news spread, and even some top forces in front of the heavens learned the news one after another.

At this moment, in a place of nothingness in the Eastern Heaven Realm.

boom!

A towering figure, like a mountain, suddenly appeared outside the Eastern Heaven Realm and stepped in.

"Huh? There is a war of nobles in the Eastern Heaven Realm?"

At the center of his eyebrows, there is a terrifying mountain shape, the mountain is burning like a flame, shocking the universe forever.

This is also a venerable figure. After receiving some messages, his brows frowned.

"Who is it? Actually, before our Dayu Shenshan, entered the Eastern Heaven Realm, Star God Palace, or Heavenly Work? Or other top masters who got news and wanted to know about the sword grave?"

This person-respected master is surprisingly the top master of Dayu Shenshan, surrounded by the power of the terrifying mountain.

He was shocked when he heard the news of the battle between the two great masters in the Eastern Celestial Realm. After receiving the news from Lord Shanzhu, he had already rushed to the Eastern Celestial Realm as soon as possible. Who knew it was still late?

"No matter who it is, you have to speed up, otherwise everything will be too late."

Hum!

His whole body turned into a stream of light, and he swept it into the Eastern Heaven Realm, and then disappeared.

At the same time, in the endless void of the universe, some other top celestial forces also learned about the Eastern Heaven Realm.

"Well, in the Eastern Celestial Realm, there is a war of venerables, is it related to the sword tomb?"

"The four heavenly realms are places where the human race retreats and rests. They are controlled by our top forces in the heavens, and no one dares to be wild in them. Why have accidents happened frequently recently? What happened to the forces such as the Sword Tomb and Star God Palace?"

A top-notch existence wakes up from endless sleep.

"Give me an order to send a master of my clan to the Eastern Heaven Realm to investigate the truth."

In the endless void, a pair of golden pupils opened, as tall as a mountain, swallowing the origin of the universe, its sound rumbling, surging between the heaven and the earth, and the origin of the universe followed up and down.

"Yes, ancestor!"

boom!

A towering figure flew out from the endless, and quickly headed to the four heavens.

boom! boom! boom!

At the same time, in every hidden place in the universe, there are peerless powerhouses who wake up and issue orders.

A majestic and mighty figure walked in from their respective forces to the four heavens to understand the truth of the matter.

Naturally, Qin Chen didn't know that the battle between himself and Xidoro had already aroused the attention of all the top forces in the heavens. Instead, under the leadership of the Chaos Poison Venerable and the Nine Life Demon Venerable, he quickly rushed to the Guanghan Mansion.

In the jade disc of good fortune.

Qin Chen and Big Black Cat suddenly appeared here.

"Boy, you let me go, I am Xidoro of the Star God Palace, if you dare to touch my hair, my Star God Palace will never let you go. It will definitely break your body into thousands of pieces and refine your soul for hundreds of thousands. Years, eternal life cannot be overborn." On the Ten Thousand Realms Demon Tree, Xidoro was entangled here to death. He was suppressed by both the jade disc and the Demon Tree of Ten Thousand Realms. In the body, pierced by the tentacles of the Devil Tree of Ten Thousand Realms, hissing in pain

Roaring, the power of the Dao Dao origin in the body was continuously absorbed by the Demon Tree of the Ten Thousand Worlds and turned into the origin of the Demon Tree of the Ten Thousand Worlds.

He was full of horror and fear, staring at Qin Chen ferociously.

Before coming to the Eastern Heaven Realm, how could he not imagine that the pinnacle of his own dignified Star God Palace would be trapped here?

"And you, I don't know which line of Yao Clan you belong to, and dare to fight against my Star God Palace. Don't you be afraid to provoke the anger of my human clan and destroy your clan?"

Xidoro roared staring at the **** cat.

"Noisy."

Huh!

The **** cat flashed out of thin air, appeared in front of Xidoro, and slapped it with a palm. There was a sharp pain in Xidoro's mind, and he was furious. The **** cat could directly attack his soul.

"When the emperor was in charge of the heavens and the earth, the palace lord of your Star God Palace didn't know where to take milk?" The **** cat said with disdain, and then quietly landed on Xidoro, searching for something.

Doraemon!

Suddenly, a bracelet was found by the **** cat. This bracelet, exuding the light of stars, seemed extraordinary. "This should be your storage space, right? It's hidden deep, well, it's still made from the core of the mother of all things financial and the star. The space is extremely huge. It seems that you have a lot of good things in the Star Palace. See if you have to find a chance

Go to your Star God Palace to search. "

The **** cat landed on the ground, and at the same time raised his hand violently at Xidoro, an invisible force instantly enveloped Xidoro.

Rumble!

The nine hundred and ninety-nine star cores in Xidoro's body were instantly taken out by the **** cat and flew out of Xidoro's body. They turned into nine hundred and ninety-nine glass marbles around the **** cat. Around the black cat. Xidoro looked at the **** cat in disbelief. The Nebula Storm was a treasure he had condensed after exhausting countless efforts. It was connected to his physical life and could not be captured at all. But just before, Xidoro discovered Myself and nine hundred and ninety

The soul connection between the cores of the nine stars was instantly broken.

How did the other party do it?

"impossible!"

He roared, losing the core of nine hundred and ninety-nine stars, and his whole person was empty, as if his soul had been taken away.

"Nebula Storm, the power is good, but unfortunately, it is still a bit low-end."

The **** cat hit the core of the nine hundred and ninety-nine stars and threw it at Qin Chen casually.

"Kid Qin Chen, this emperor Nebula Storm will give it to you, but for the treasures in this storage bracelet, you must first let the emperor search for it, hoping to gain something."

Qin Chen suddenly took the core of the nine hundred and ninety-nine stars, only feeling that there was an endless amount of pressure coming from him, and he could not even control it.

"It's heavy."

Qin Chen took a breath.

The core of these nine hundred and ninety-nine stars is made from the sacrifice of nine hundred and ninety-nine real stars, condensed into the size of marbles, but the mass in them is not reduced at all. With such a shrinking mass, a space collapse similar to a black hole has even formed inside the core. The terrible nebula storm formed by the gravitational force between this space collapse, Qin Chen, the pinnacle master of Half-Step Venerable

Under the circumstances, it is naturally extremely difficult.

"Ding Dong."

"Dang Cang!" The **** cat was sitting aside, searching for pieces of treasures from the storage bracelets, but many of them were glanced at by the **** cat, and then thrown aside casually, at the same time said silently: "Du What is it, it's all rubbish, boy, are you from a fake Star God Palace? This is too poor, is your Star God Palace a refugee camp?"

[Chapter 3714: Radish](#)

Xidoro's face was pale, green and trembling with anger.

The treasures in his storage bracelets are all the treasures he has collected on the battlefield of ten thousand races for many years, and every one that he can keep is not trivial. He was actually described as **** by this black cat, and his heart was depressed. One can imagine.

However, he couldn't take care of that much at this moment, because Qin Chen didn't pay attention to the movements of the **** cat at all, but went straight under the Demon Tree of Ten Thousand Realms.

Hum! He sat cross-legged, closed his eyes and rested his mind, urging the power in his body to merge with the Demon Tree of the Ten Thousand Worlds. Suddenly, the Demon Tree of the Ten Thousand Worlds glowed, and a terrifying force of the Venerable was integrated into his body, Xidoro The body glows, and his venerable origin is

After being absorbed by the Ten Thousand Realms Demon Tree, a part of it expanded the growth of the Ten Thousand Realms Demon Tree, and the other part flowed into Qin Chen's body.

Rumble!

Qin Chen's body glowed, crystal clear, and roared. Under the baptism of the power of the Supreme Venerable Hidor, his injuries gradually healed.

Moreover, Qin Chen was comprehending the power of Xidoruo, comprehending the power system in the Star God Palace, mastering the rules, and improving his strength.

This battle made Qin Chen deeply understand that when encountering danger, only his own strength is the strongest backing.

"No, what are you doing? Let me go, let me go..."

Xidoro roared in horror. He struggled fiercely, but to no avail, the original power in his body was madly flowing away under the absorption of the Demon Tree of the Ten Thousand Worlds.

Qin Chen had cold eyes, let go of him? If he didn't arrive in time, Grandpa and Palace Master Guanghan were all over, and even he was almost captured by the other party, how could he let him go.

Boom!

There was a thunderous sensation in Qin Chen, and the Devil Tree of Ten Thousand Worlds was also the first to absorb the origin of a pinnacle master. Many branches spread wildly, and the group of demons grew rapidly.

Hum!

I don't know how long it took, Qin Chen's body was born with a series of terrible rules of power. It was the rules of the stars. He opened his eyes, and there were divine rainbows bursting in his eyes, like a kaleidoscope, with endless stars rotating.

A terrible black hole aura emerged from Qin Chen.

"Black hole rules?"

Qin Chen murmured, in the book of origins of his mind, the appearance of the civilization of stars and black holes gave him a preliminary glimpse of the black hole power of Xidoro, and there was a kind of power that destroys the sky and the earth.

Of course, today's Qin Chen is only a beginner in terms of black hole rules and the power of stars, and compared with Xidoruo, it is a thousand miles away.

But this was enough. With Qin Chen's talent, as long as he continued to practice, he might not be able to grasp the true power of stars and black holes in the future, surpassing Xidoro.

On the Ten Thousand Realms Demon Tree, Xidoro was dying. In the end, with a puff, the whole person burst completely, and his soul was completely swallowed by the Thousand Realms Demon Tree.

However, after Qin Chen swallowed Xidoro's original power, the injuries on his body had been repaired seven or eighty-eight, and endless surging power surged in his body.

"My strength has improved a lot more than before, and I'm only one step away from the Venerable. It's a pity that I don't know when I can break through this one step away?"

Qin Chen murmured.

He could feel that the original half-step Venerable's peak realm that had been forcibly broken through and was somewhat vain, after absorbing Xidoruo's original power, has been extremely consolidated at this moment, and there is a faint sense of returning to the original.

It's a pity that the distance from Venerable Breakthrough is still a bit short. The origin of a venerable pinnacle master, although most of its power is transformed into the nourishment of the devil tree of the ten thousand worlds, no matter what, it is enough for a half-step venerable to break through. However, in Qin Chen, only Can consolidate his situation

It's just a world. Looking at the lush Ten Thousand Realm Demon Tree, Qin Chen expressed joy in his heart. This time, after the Ten Thousand Realm Demon Tree had swallowed Xidoro's origin, it seemed to fall into a deep sleep. The tree will completely understand the origin of Xidoro

Swallowed, the Ten Thousand Worlds Demon Tree will inevitably change against the sky.

Whoosh!

Qin Chen's figure flickered and appeared outside the Universe Jade Plate.

After staying inside for two months, the outside world only passed less than two days.

Qin Chen had already approached the heaven that asked Hantian.

Seeing Qin Chen leaving the customs, Chaos Poison Venerable was naturally excited.

"Kid Qin Chen, you finally figured it out!"

The **** cat lay lazily in the gully of Jiu Ming Yao Zun, eating with a fire phoenix leg, and threw the storage bracelet to Qin Chen casually.

Qin Chen took the bracelet, swept away his spiritual sense, and was immediately startled secretly.

There are many treasures in this bracelet, almost nothing, especially there is a Venerable Spirit Vein that runs across this bracelet like a giant dragon, exuding a vast aura. "There are many treasures of Xidoro in it. This guy seems to have ransacked the Yaomie Mansion. I didn't take much of the contents inside. I will give you the rest, as well as the Venerable Spirit Vein. Can stay in Guanghan Mansion, with this deity

The spirit pulse is enough to make Zhao Lingshan's little girls break through the realm of the pinnacle saint master. "The **** cat said lightly.

"Thank you, Senior Black Cat." Qin Chen said excitedly.

He knew that this sacred vein of the Venerable was deliberately left by the **** cat.

After a while, Qin Chen and his party returned to Guanghan Mansion again.

In the Guanghan Mansion, Ji Wuxue and the others had already arranged a large-scale immediate teleportation formation. They felt a breath coming, and were about to start the teleportation formation. After seeing the incoming person, they suddenly showed ecstasy.

"Qin Chen."

"Less dust!"

"dust!"

A group of people rushed out excitedly.

You Qianxue and Ji Ruyue threw into Qin Chen's arms excitedly, and Zhao Lingshan and Zi Xun couldn't help but hugged Qin Chen one after another. Wei Siqing, Ao Qingling, Qin Tingting, and Li Wanxue also stepped forward excitedly, clasping their hands, looking excited and ending. They wanted to rush up, but they were afraid that it would be too abrupt, Qingxue Silan and Qingxue Siyun also bit her lip, her eyes flashing

move.

"This big carrot." Murong Bingyun was frustrated. There were Yingying and Yanyan everywhere around Qin Chen. She couldn't even get close, huh, is she rare?

Palace Master Guanghan and Qingqiu Ziyi also looked excited, with an urge to hug Qin Chen and cry bitterly.

"Hey, hey, I said, are you all ignoring a cat as handsome as the emperor in front of you?" The **** cat said silently.

"Senior Cat King."

The black slaves and others stepped forward excitedly. When everyone saw Qin Chen's return safe and sound, they were naturally very excited, and they asked what happened afterwards. When they learned that Xidora had fallen, Ji Wuxue and others showed incredible expressions, but they were seeing the big Black cat

The Nine Life Demon Venerables around him, and after they learned that she turned out to be a demon Venerable at the pinnacle of humans, all came to a sudden.

Obviously in their opinion, it must be the **** cat who arrived in time and rescued Qin Chen together with the Nine Life Demon Venerable.

Qin Chen didn't explain too much for fear that everyone was worried.

"Nine-tailed cat clan..." Qingqiu Ziyi said with a shocked expression in the crowd after learning the identity of the Nine Life Demon Venerable.

[Chapter 3715: Lord Jinlin](#)

"Ok?"

At this moment, the Nine Life Demon Venerable also turned his head and saw Qingqiu Ziyi, with his golden pupils erected, revealing an unexpected color.

"Nine-tailed fairy fox?"

Nine Life Demon Venerable also said in shock.

"The younger generation is a family of nine-tailed fairy foxes, Qingqiu clan, Qingqiu Ziyi, who have seen seniors."

Qingqiu Ziyi said respectfully. In fact, the Fox tribe and the Cat tribe are also close relatives. In ancient times, they had a good relationship. It is a pity that the demons have been broken in recent years, and many top races have fallen, especially before the demons invaded the world. Terran War

, Which eventually led to heavy losses for the Yaozu.

The Yaozu nowadays doesn't know what the situation is.

"Senior?" Jiu Ming Yao Zun smiled slightly. In terms of realm, she is indeed the senior of Qingqiu Ziyi, but in terms of status, her line of Nine-Tailed Cat Clan and Nine-Tailed Fairy Fox are actually not much different.

"Unexpectedly, in this world, there is still a line of Qingqiu's nine-tailed fairy fox passed down." Jiu Ming Yao Zun exclaimed. "I don't know why the predecessor said this? Is my nine-tailed fairy fox line..." Qingqiu Ziyi's face turned white. She also learned about the nine-tailed fairy fox line from Su Xiaoxiao. The situation of the tail fairy fox clan is not good, but so is Su Xiaoxiao

He had been asleep many years ago, and he didn't know the line of the nine-tailed fairy fox today.

"The line of your nine-tailed fairy foxes has disappeared and declined in the monster clan. Today, the nine-tailed fairy fox clan is almost invisible. And because of the disappearance of your nine-tailed fairy fox clan, the fox clan today is not It's not easy."

Jiu Ming Yao Zun sighed.

"This..." Qingqiu Ziyi's heart sank after hearing this, although he knew the situation a long time ago. .

"However, my cat clan is actually not much better, but the rise of Lord Jinlin has made my monster clan regain a firm foothold among the ten thousand clan."

"Master Jinlin?" Qingqiu Ziyi was puzzled.

"By the way, you shouldn't have heard of it. Lord Jinlin flew up from the lower planes, and actually has a lot of connection with your human race."

Jiu Ming Yao Zun said, with admiration in his eyes.

"What's the solution?" Everyone looked over. Jiuxing Yaozun smiled and said: "In fact, Lord Jinlin, the Xiaoyao Supreme from your human race is on the same plane. It is a plane called the Profound Sky Continent. It was once a follower of Xiaoyao Supreme. It fought with Xiaoyao Supreme. Heaven, such as It is already the top power of my monster race, and has great right to speak. "

hiss!

After hearing this, everyone was shocked. An entourage of Senior Xiaoyao could become a top power of the monster race. What a terrible existence is this?

Qin Chen became more and more curious about the Xiaoyao Supreme who had restored the heavens.

This person, just like himself, had soared from the lower planes, and he could become the number one figure in the heavens. This shows that his strength is extraordinary.

Even Qin Chen looked forward to the day when he could meet this person.

"Huh, what Lord Jinlin? It's just a guy from the lower realm who soared up. It just took up to follow the right person and got some chances. I thought that when the cat was proud of the universe, the Jinlin didn't know where to eat it. What about milk."

The **** cat said upset, staring at the Nine Life Demon Venerable, and complimenting the other demon in front of him, it was too much.

"Yes, no matter how powerful Senior Jinlin is, naturally he cannot be compared with his master."

Jiu Ming Yao Zun smiled charmingly, full of doubts.

"It's almost the same." The **** cat snorted coldly.

I go, this dead cat is still jealous.

Qin Chen's eyes widened.

"Okay, let's go in first and talk again."

After Xidoro's bombardment, the entire Guanghan Mansion was in a mess. Although the crisis in Guanghan Mansion has not been resolved, there is a **** cat, and everyone naturally has some peace of mind. "Young Master." When entering the Guanghan Palace, Qingqiu Ziyi quietly came to Qin Chen's side, with red lips pressed against Qin Chen's ears, and said with a light fragrance: "The Nine-Tailed Cat Clan is the same as our Nine-Tailed Fairy Fox Clan. It is the royal family among the monsters, and their strengths are not the same

In general, it is rumored that there are nine lives in the Nine-Tailed Cat Clan, and one tail represents one life. There are predecessors of Nine-Life, even if it is a master like Xidoruo, it should be able to turn around. "

Qingqiu Ziyi exhaled heat beside Qin Chen's ears, his plump body was close to Qin Chen, and the soft feeling made many people look jealous.

"Huh, it's really a fox, vixen." Murong Bingyun hummed in his heart when he saw this scene.

In the Guanghan Palace, Yingying Yanyan, countless women flying like butterflies, Wei Siqing, as the master and sister of Guanghan Palace, naturally brought Wuling and many other disciples of Guanghan Palace to entertain Ji Wuxue and others.

Some core figures of Chendi Pavilion sat together, discussing the next plan.

After experiencing this battle, Qin Chen also deeply understood that if Chendi Pavilion wanted to develop in the four great heaven realms, it must have absolute strength, otherwise, it would be rootless duckweed. Because now Chendi Pavilion and Ten Thousand Clan Sects have actually developed, no matter whether it is in Southern Heaven Realm or Eastern Celestial Realm, there are no powers that are opponents of Chendi Pavilion and Ten Thousand Clan Sects, but once such a top power in the heavens as the Star God Palace Hands, that truth

Ge had no resistance at all.

Unless, I also have such a background.

"Could it be that I am going to work every day?"

Among the top forces in the heavens, Qin Chen hardly knows any forces, but he is a disciple of Tianzuo, and Tianzuo's Tianzun is in the land of the sword tomb, but he also showed absolute goodwill, making Qin Chen quite good for heaven's work. Some good feelings.

If you can get the support of Tianjiao, perhaps it will give Chendige more protection.

However, from the spirit of the ancient holy tower, Qin Chen also learned that among the top forces such as today's work, there is also a great possibility that there are spies of the demons, looking for support from the heavens, it may be to seek the skin of the tiger.

Fortunately, there are Jiu Ming Demon Venerable and Big Black Cat here temporarily, and Qin Chen also feels at ease inexplicably. Of course, the most important thing is to break through the realm of the nobleman as soon as possible. Although Qin Chen already has a holy vein of the nobleman, Qin Chen knows very well that it is impossible to enter the realm of the nobleman by relying on the holy vein alone. Venerable state, the most important

It is a transcendence after understanding the Dao of Heaven, which is by no means trivial.

Therefore, Qin Chen must go to the battlefield of ten thousand races as soon as possible.

But before that, Qin Chen also needed to improve the strength of the people in Chendi Pavilion.

After Qin Chen and the others discussed some matters concerning the next development of the Chendi Pavilion and the Ten Thousand Clan Sect, Qin Chen immediately took out the holy vein and penetrated into the Yaochi Holy Land in the depths of Guanghan Palace.

Rumble!

The terrifying Venerable Holy Pulse surged, and the Jade Lake Holy Land instantly rioted. The strong Venerable aura made everyone tremble. Originally, Qin Batian and the others resolutely disagreed with Qin Chen taking out the Venerable Sacred Veins to provide them for cultivation, because now the most important thing is for Qin Chen to break through to the Venerable realm.

[Chapter 3716: Group practice](#)

But Qin Chen knew that the realm of the venerable was not so easy to break through. On the contrary, after the rear base camp was stabilized, he could go to the battlefield of ten thousand races with peace of mind.

boom!

The terrifying breath of the Venerable immediately filled the entire Guanghan Palace.

The black slaves and others were shocked. The aura of this venerable was too terrifying. A little bit of aura made the holy yuan in their bodies boil, and there was an urge to hold on. In fact, with the strength of the black slaves, even if they fully absorb the Holy Veins of the Venerable, they can't absorb much power at all. Perhaps one-tenth of the power is enough to transform Palace Master Guanghan and the others, the most important of which is Or Qin Chenhe

You Qianxue and the others.

Boom!

The Venerable Sacred Vessel was penetrated into the depths of the Jade Lake Holy Land, and the entire Guanghan Palace was immersed in the endless Venerable's breath. Such power does not need to be absorbed too much, and everyone can be amazingly improved.

The Yaochi Holy Land is the richest place among them.

"Ruxue, go, let's enter this Jade Lake Holy Land together. Your cultivation is only one step away from the Venerable. Maybe you can use this to break through the Venerable."

Qin Chen invited You Qianxue, Ji Ruyue and others. Yaochi Holy Land is the forbidden area of Guanghan Palace. Only women can enter. Even disciples like Wuling are not qualified. Often only the heirs of Guanghan Palace such as Wei Siqing, or Guanghan Palace Lord himself can enter, although now Guanghan Palace has

After joining Chendi Pavilion, this rule still exists. Naturally, Ji Wuxue knew this for the first time, and immediately smiled and shook his head and said: "Qin Chen, I won't enter this Jade Lake Holy Land. I understand the realm of the Venerable even above you, relying solely on the Holy Veins of Venerable. It's impossible to break through, otherwise I'll

It has already broken through, after all, there are still some of the holy veins in my Ji family. "

"So, this Jade Lake Holy Land should be reserved for others who have not been baptized by the Venerable's Saint Veins. I can practice outside in the Guanghan Palace." Ji Wuxue smiled.

He really didn't think too much about the Holy Vessel of the Venerable.

Ji Wuxue was unwilling to enter, and Fu Qiankun and others would naturally not enter.

With their cultivation base, they almost couldn't absorb it from the outside world. If they entered the Jade Lake Holy Land, they would burst into death.

"Kid Qin Chen, it's better for you, Qianxue, Ruyue and others to go in. Others can be outside, and Jiu Ming and I will guard you outside. You only need to break through with peace of mind." Big Black Cat said.

"Never mind."

In the end, Qin Chen nodded, leading You Qianxue, Ji Ruyue and others, and took the lead in the Yaochi Holy Land.

Because he had to take off his clothes to enter the Yaochi Holy Land, Qin Chen could only walk in the forefront with You Qianxue and Ji Ruyue.

"Auntie, you can just follow the palace lord and come in."

Before leaving, Ji Ruyue still took Ji Hongchen's hand and said, in the Northern Heaven Territory, Ji Hongchen was the lord of the Law Enforcement Hall. Now, he has also followed to the Heaven Realm, showing a stunning talent, even a statue. The early Holy Lord.

Originally, Ji Hongchen's talent was extremely high, otherwise he would not become the first person in the second generation of the Ji family.

"Ok."

Ji Hongchen nodded, his face was slightly blushing, because they had to take off their clothes when they entered the Yaochi Holy Land. Although they would have a long distance from Qin Chen, it was impossible to be spied on, but there was still an inexplicable shyness.

However, the strong of the heavens are respected, and this battle also made them realize the reality. The cruelty of the heavens is even more terrifying than the Tianwu Continent. If they want to survive, they must become stronger.

After the explanation, Qin Chen immediately took You Qianxue and Ji Ruyue into the Yaochi Holy Land.

"Zi Xun and Ling Shan, follow up with you."

Seeing that no one moved behind, You Qianxue hurriedly held Zhao Lingshan and Princess Zi Xun.

The faces of the two of them blushed suddenly. "What are you afraid of? In the blood spirit pool, the clothes were not removed. Qin Chen, this guy, also got to the side of our girl's blood spirit pool. If you didn't protect her from Lingshan, this guy would have been taken care of by me. A sword smashed to death, how can there be today.

"You Qianxue snorted, "If he dares to treat you badly, I will kill him." "

Puff!

Zhao Lingshan and Zi Xun both laughed, and they both remembered that Qin Chen ran into the girl's blood spirit pool in the blood spirit pool of the Land of the Five Kingdoms, but offended You Qianxue and was hunted down all the way, and finally could only hide in her. Below the pool water.

Recalling that scene, Zhao Lingshan's face turned flush.

The two entered the sacred place of Yaochi, took off their clothes, and stepped into the water.

In the sacred place of Yaochi, immortal aura, misty fog, obscures the spiritual consciousness, making it difficult to distinguish the surroundings. Qin Chen walked in front, while You Qianxue and the others followed. Zhao Lingshan and others felt that the place was filled with endless smoke, and their spiritual consciousness could not distinguish, they could not help but breathe a sigh of relief, but there was a hint of expectation and anxiety in their hearts, as if miss you

What is going to happen.

In the lonely space, there is a strong ambiguity.

Qin Chen walked in it and kept going deep. I remember that in this Jade Lake Holy Land, he came here for the first time in search of news about You Qianxue and Ji Ruyue, but he accidentally mistaken Murong Bingyun as Ruyue, and something unbearable happened. Looking back now , As if

Dreamlike.

But after Qin Chen and the others entered, the Guanghan Palace Master still showed hesitation on their faces. They let them and Qin Chen live together in the sacred place of Yaochi. They met with sincerity. Although they could barely see each other, they still had something in their hearts. Bang bang.

"Palace Master, what are you afraid of, this Qin Chen can still eat us? I think we still have to go in, but don't let that kid get rid of Qianxue and Ruyue."

With a cold snort, Murong Bingyun took the lead to enter the Yaochi Holy Land.

Palace Master Guanghan was speechless, Qin Chen, Qianxue and Ruyue were all lovers. What's wrong with them? Maybe it's just a bite between other couples.

However, thinking of the invasion of Xidoro this time, Guanghan Mansion was almost destroyed, Guanghan Palace Master and others all gritted their teeth, in order to improve their strength, what is so embarrassing.

A group of women gritted their teeth and entered the Jade Lake Holy Land together.

Wow! Murong Bingyun, Guanghan Palace Lord, Wei Siqing, Ji Hongchen, Qin Tingting, Ao Qingling, Li Wanxue and a group of women followed the bold Murong Bingyun into the Yaochi Holy Land, although no one could be distinguished from the Yaochi Holy Land. Looks like but

But I can also feel the sound of water, and feel the other people around, I can't help but feel a little shy.

Hum!

Ahead, after Princess Zixun and Zhao Lingshan reached the depths of the Jade Pond Holy Land, they couldn't hold on anymore. The holy spirit inside was so strong that they couldn't move on.

Qin Chen could only bring You Qianxue and Ji Ruyue to the deepest part of the Yaochi Holy Land, sitting cross-legged, closing his eyes and practicing.

boom! A terrible aura was released from Qin Chen's body, igniting the entire venerable holy vein, and rumbling.

[Chapter 3717: All evildoers](#)

In the Jade Lake Holy Land, the endless venerable aura was aroused, and Qin Chen sat cross-legged, the power in his body poured out like the ocean.

Rumbling. The terrifying vibe of the Venerable's sacred vein was instantly aroused by Qin Chen. Today's Qin Chen is located at the core of the Venerable's sacred vein, and the most original power of the Venerable's sacred vein is shrouded in an instant. After Qin Chen, he crazily poured into Qin Chen's body

Body.

The breath of the venerable avenue lingered in Qin Chen's mind.

The entire Jade Lake Holy Land was surging, and the power of this entire venerable holy vein exploded like a star core, swept out, and the billowing power instantly poured into Qin Chen and the others.

Humph!

Outside the Jade Lake Holy Land, a knife-shaped phantom appeared on Wang Qiming's head. The aura on his body was violently slashing, and the whole person turned into a sword, slashing towards the sky, trying to tear the world.

"Hey, this kid..."

When the **** cat saw Wang Qiming, his eyes narrowed.

"Master, this Human Race kid has some talent. I think he is only in the early stage of the Holy Master state, and he has directly evolved his own power and wants to integrate into the heaven."

Jiu Ming Yao Zun said in surprise, his golden eyes staring at Wang Qiming with a slightly shocked expression. Generally, these weak saint masters, who feel the holy veins of the venerable, must absorb the breath of the venerable in the first time, and sprint to a higher level, but Wang Qiming did not do this, he did not deliberately absorb too much of the venerable breath, Pull out the seedlings to promote, and

It is to use the Venerable's breath and rules in the Venerable's holy veins to realize the epiphany.

This is relatively rare.

"Oh, he, Wang Qiming, one of Qin Chen's friends is one of the more outstanding talents. If he is given the opportunity to become the venerable in the future, it shouldn't be a problem." The **** cat said with a smile.

Hum! Hum! And not far from Wang Qiming, two rays of light rose up again, Lin Tian and Zhang Ying. Among them, Zhang Ying's body was filled with black petrified aura, like a rock giant, with strange profound meanings. Runes around the body

, Forming a terrible storm, and, on his body, there is a unique breath exuding.

"The breath of immortality?" Jiu Ming Demon Sovereign took a breath, and the breath on Zhang Ying's body was somewhat similar to the vitality of their Nine Life Cat Demon Clan, which could be called immortality. "Oh? This kid, Zhang Ying, has an undead petrified bloodline. The so-called bloodline comes from the ancient heritage. Lord Cat, I guess, the ancestor of this person may have something to do with a certain undead top power in ancient times. Entanglement here

One generation activated the original bloodline, and the petrified bloodline on his body, I suspect that it has some relationship with my monster race. "

The **** cat said.

Jiu Ming Yao Zun breathed in air, undead? This is the ancient top race, and the bloodline left by this race ranks in the forefront of the ten thousand bloodline list.

Then, the gaze of the Nine Life Demon Venerable looked at Lin Tian, Om, Lin Tian's body, the breath of death lingering, and there was a terrible underworld blooming around him, evolving a terrible phantom.

"This is..."

"That is the breath of death and underworld fire. This person is called Lin Tian. The ancestors are very likely to be related to the Underworld clan, and the talent is also very good." Big Black Cat said.

The Nine Life Demon Lord is speechless, Nether Race? This is the top race in the underworld, these guys are too abnormal, right?

"Master, are you sure they are all from the lower realm? It's not weaker than the saints and saints of some of the top races in the heavens." Jiu Ming Yao Zun said in disbelief. "Hehe, what are the saints of the top races?" The **** cat sneered. "It's just that it is based on the resources of the race to start ahead of others. If you know the time of their cultivation, estimate Won't be this

What said. "

"Cultivation time? Let me see..."

Jiu Ming Yao Zun stared at Wang Qiming and the others, and suddenly, the aura of life in them was looming.

"So young, hiss, these people have less than ten thousand years of cultivation time..."

The Nine Lives Demon Venerable was surprised, but it could only see so much. For a strong man who had lived for so many years, he was considered a younger generation under ten thousand years.

"Ten thousand years? What is ten thousand years?" The **** cat sneered.

"Is it only a thousand years?" Jiu Ming Yao Zun was surprised.

The **** cat shook his head again, "These people's cultivation time, including the acceleration of the years, should be less than a hundred years."

"What? Master, this is impossible!" Jiu Ming Demon Venerable said in shock. It is also a demon clan's great ability and knowledgeable, but these guys in front of them, who have cultivated for less than a hundred years, are already Saint Lord figures. How is this possible?

"Master, you said that they all come from the lower realm. How can the lower realm cultivate such geniuses? Even some top races in the heavens are extremely difficult to cultivate such geniuses."

The lower realm represents ordinary people. I heard that some planes in the lower realm, the mainland, are extremely difficult to break through the holy realm, and it takes a lifetime. How could it be so abnormal.

"What's impossible."

The **** cat shook his head.

"The so-called sword edge comes from sharpening, and the fragrance of plum blossom comes from the bitter cold. There is also a saying that sharpens the knife and does not chop wood by mistake." "Indeed, they come from the lower realm, and they are not comparable to those in the heavens at the basic stage of life. Some of the inheritors of some of the top powers, some were born at the holy level, but what about this? They have never experienced the stage of transforming the mortal into the holy.

How can you realize the true meaning of life? "Furthermore, the Xiaoyao Supreme who has now restored the heavens has also soared up from the lower realm, hasn't it grown to this level? Sometimes, the hardship I suffered when I was young is not necessarily a bad thing. For example, Lord Cat, I... What do you think I did when I went to the lower realm?

What? That is the game world, experiencing the red dust, oh, forget it, you don't understand..."

The **** cat shook his head, looking inscrutable.

Jiu Ming Demon Venerable was speechless, and as he spoke, the master praised himself again. The master was good at everything, just too narcissistic.

boom!

In the sacred place of Jade Lake, Qin Chen was cultivating the breath of the venerable crazily, and the aura of the sacred person poured into his body, causing his body to bloom with a divine rainbow, glowing, even the mist of the sacred place of Jade Lake could not be covered. His body.

Billowing power poured into his body, and Qin Chen could feel that the power in his body was actually slowly increasing.

How is this possible?

He has reached the pinnacle of a half-step venerable, and he can actually improve, even his body faintly reveals the aura of a true venerable.

But Qin Chen knew that he had not broken through yet.

The rolling power in his body is constantly tossing, seeming to break through the realm of the nobleman at any time.

But Qin Chen knew that he couldn't break through for the time being. This was a kind of mysterious feeling.

"If that's the case, then upgrade your strength from other places." Qin Chen narrowed his eyes.

[Chapter 3718: Way of the Lord](#)

The improvement of combat power is not only the improvement of cultivation base, but also other aspects.

For example, the treasure of the Venerable, and for example, supernatural powers.

"Now I have some precious treasures on my body. Not to mention, Zixiao Dousiligong and Wandao Qingjin Pill Furnace are two extremely heaven-defying pill furnaces. They come from Venerable Skyfire and Sky Poison respectively. Dan Zun." "However, these two treasures are too troublesome. Zixiao Dousili Gong was refined by Venerable Skyfire, and the Ten Thousand Path Azure Golden Pill Furnace was refined by Venerable Sky Poison. The treasures contain their own Tao and their understanding of the alchemy.

"

"Now I, although I can already manipulate these two treasures proficiently, these two treasures are not refined by me, and I can't always exert real power."

"Furthermore, during the battle, the two treasures were released, and the power was too scattered."

Qin Chen's eyes flickered, many thoughts in his mind flickered, the Book of Origins clashed, and the Butian Palace inheritance in his body surged wildly.

"Unless, these two treasures can be merged together, just like Qinglian Demon Fire and other sky fires. Once merged together, the power of these two treasures will be greatly enhanced. The most important thing is that it belongs to me. The true treasure of dust."

Thinking of this, Qin Chen's endless sword energy surged, and there was a sudden sense of understanding.

boom!

In Qin Chen's hand, a vast warhammer appeared. It was the treasure of the Heaven Patching Palace, the Heaven Patching Hammer.

This thing can replenish all things in the world and is the true originator of the organs.

when!

Qin Chen offered the Zixiao Dousui Palace and Ten Thousand Dao Qingjin Pill Furnace. The power in his body merged with the sacred veins of the Venerable in the underworld, and the emptiness flame was also refined out, floating in the air, forming a powerful Refining the fire.

In the fire-refining formation, the Zixiao Dousidi Palace and the Wandao Qingjin Pill Furnace were suspended from each other. Qin Chen pinched his hand to evolve the sky-filling technique, and he saw the Zixiao Dousidi Palace and the Wandao Qingjin Pill Furnace crash. When they collided, they broke out with a shocking momentum.

Rumble!

The place where the two touched, unexpectedly slowly merged. Qin Chen urged the void flame, and the light of the flame was like a divine rainbow of heaven and earth, rapidly burning the two great treasures of the nobles. Then, the sky-repairing hammer in Qin Chen's hand was swung down. Seeing Zixiao Douluo Gong and Wan Dao

The green gold pill furnace gradually merged, and the terrible glory bloomed, and the powerful treasures of the sacred were combined strongly.

"Sure enough, the two treasures can merge."

Qin Chen's gaze bloomed with divine light, and the sky-filling hammer in his hand stirred the Quartet Rule, rumbled down.

Dangdang!

Void flames also burned crazily, and the runes flickered on the two great treasures, and the two really seemed to merge.

But gradually, resistance began to arise during the fusion of these two treasures.

These are the treasures of the two great venerables. They are so powerful that even Qin Chen has not been able to display their true strength. How can they easily integrate and succeed?

"Condensation!"

However, Qin Chen's expression remained unchanged, and he screamed. In his body, a terrible thunder light surged, and a mouthful of blood was sprayed directly on the two great treasures.

Boom!

The many runes in the Venerable Treasures quickly melted under Qin Chen's thunder and blood, and thousands of sword qi surged and merged into the two pill furnaces.

The illusion of the two treasure furnaces merged, and the artistic conception of suppressing the eternal and extinct universe bloomed and annihilated everything. Then, many pictures appeared in Qin Chen's mind.

An indomitable figure proudly, full of sky fire, fighting with the demons, the world is dim, the demons can chase this figure, endless anger, killing intent, indelible, and finally integrated into this pill furnace.

It is Venerable Skyfire. The way of Venerable Skyfire is to trespass into the demon race alone, and obtain the source of disaster supreme, calamity, underworld fire. It is in the desolate and murderous world of the demon race. Don't abandon, don't give up, don't despair, but face the darkness. Master, the undead love for billions of years

Under the circumstances, He Wanling Mozun guarded the heaven trial ground, and tried to pass on his own strength to pass it on.

It is the human race's will to never surrender and never give up in the darkest moments in the face of difficulties.

It is unimaginable that the Venerable Skyfire, who was still half-step Venerable, went deep into the land of the demon race, faced the chase of the endless demon master, and captured the disaster and the fire. What a terrible scene he faced.

But Venerable Skyfire survived, and successfully broke through Venerable, this kind of will is all branded in the Zixiao Dousui Palace, becoming a part of it, belonging to the unique spiritual will of Venerable Skyfire.

Here is the way of Venerable Skyfire Venerable.

the other side.

The same gray figure stood proudly, and seeing him, Qin Chen felt endless sadness.

This is the Heavenly Poison Pill.

The Heavenly Poison Pill Sovereign was born from a top power in the heavens, but he was the concubine of the family.

His resources are always less than those of other disciples in the family, because he has tested the roots and his roots are too weak.

In such an environment, the Heavenly Poison Pill Venerable took another path, the path of a pharmacist.

However, in terms of the talent of a pharmacist, although he is better than most people who do not have the talent of a pharmacist, he has always been unknown to the great power that day, like an unknown existence.

It wasn't until he encountered poison that he found his own world.

He was obsessed with poison and used it all his life, even taking all the poison he could find, looking for the truth in poison, like a lunatic.

Because of his dealings with poison, he was rejected by other children of the family, who believed that he had corrupted the reputation of the family, was insulted by all the elders of the family, and was eventually expelled.

He became an abandoned son.

But he became more and more immersed in the refining of toxins, fascinated by the toxins, but he was regarded as unknown by the world, and he wanted to get rid of it quickly.

Everyone wanted to put him to death, but all the people who were wronged by him were poisoned by him one by one.

Later, his family, in anger, also cleared the door. On that day, when Feng Gao Yueming, Heavenly Poison Pill Sovereign faced countless powerful family members, he abruptly withstood the ten-stroke attack of the family powerhouse, never fought back, almost fell on the spot, covered in blood, and then, he was disheveled and covered in blood. Family

Countless humanity: He Heavenly Poison Pill Venerable, from now on, will no longer owe anything to the family.

Many elders were furious and formed a large array to refine and kill them.

The Heavenly Poison Pill Venerable no longer kept his hands, and displayed his own poisonous supernatural powers. In just one incense stick time, the entire family was wiped out, and there was no one to survive.

Destroying his own family, he became a person despised by hundreds of millions of people in the heavens. However, the Heavenly Poison Pill Venerable did not care. He continued to grow and eventually became the existence of both righteous and evil in the heavens. Countless races came down and begged him to practice. Medicine, please detoxify him.

He became a fearful existence.

But there are no friends. He acted only by his own mind. Although he had saved countless people, he was regarded as a demon because of his moodiness and murder.

[Chapter 3719: I need to](#)

But this is such a person who is regarded as a demon by countless people.

However, when facing the invasion of the demons, and even when they came to recruit security, he resolutely resisted for the human race.

He alone fought against the many noble masters led by the soul demon masters, and with his own flesh, he blocked the demon masters and contributed his own power to the heavens.

This is the way of the Heavenly Poison Pill.

I don't respect the world, but I can dedicate myself to the world. It seems that there is no bottom line, but I have something to stick to.

Boom!

In Qin Chen's body, the endless Venerable aura rose up, and he truly felt the way of Venerable Skyfire and Heavenly Poison Pill Venerable, felt their deep mood, and understood everything they insisted on.

In fact, whoever can become a venerable person is an ordinary person who wants to be above the realm of heaven and pays nothing.

In the sky, endless heavens emerged, thunder rumbling, heaven and earth roared.

"This is... the Way of the Venerable?"

Outside, Jiu Ming Yao Zun widened her eyes and looked at the Yaochi Holy Land. Although she couldn't see any sight, she could feel that there was someone glowing there, the whole body was blooming with a rainbow, and the road was roaring.

Could it be that a Venerable was born?

No, this kind of scene does not mean that a Venerable was born. Otherwise, the Dao of Heaven would not be just like this, because the Venerable's birth, surpassing the Dao of Heaven, would cause damage to the Dao of Heaven and cause terrible backlash from the Dao of Heaven.

But at this moment, the heavens of the heavens, although they were roaring, they seemed to be rejoicing, and this feeling shocked her.

Abnormal!

All the guys here are evildoers, and the Nine Lives Demon Venerable is speechless. It stands to reason that she is a master at the pinnacle of Human Venerable. How could she make such a fuss, but she was still shocked by everything that happened here.

Bang bang bang!

Qin Chen comprehended the way of the two great masters, and then suddenly merged the Zixiao Dousili Palace and the Ten Thousand Dao Qing Jin Dan Furnace.

Boom!

The two great treasures are both precious treasures of the venerable. They have condensed the hard work of the two venerables. Now they are fused together, and there is an earth-shattering roar. The two great avenues begin to merge under the power of Qin Chen.

The sky patching hammer continued to roar, and Qin Chen melted into it, feeling the way of the two, and at the same time, also blooming his own way.

What I love is what I want to stick to for life.

This is Qin Chen's way. May everyone be like a dragon in this world, and may this world be peaceful, even if the whole world is enemies, we must dominate all directions, only for the peace of the human race.

Boom!

The two great alchemy furnaces gradually merged into one under Qin Chen's power. The sound of continuous explosions is conveyed from Qin Chen's internal body, but after each explosion, Qin Chen's body will grow taller. In his body's crystal cells, every cell contains terrible blood power. ,assimilate into

In the pill furnace in front, a figure of a **** formed.

The sky patching hammer and thunder light surged, and the two treasures gradually merged into an increasingly domineering pill furnace, the pill furnace soaring to the sky, the glow of the sun was shining, and the power of all realms.

The two great alchemy furnaces merged, Qin Chen's strength increased again, and the strength that had been suppressed for a long time erupted like a volcanic eruption again.

Tricky!

In front of Qin Chen, a terrifying pill furnace revolved, giving Qin Chen an arm-driven feeling that it belonged to Qin Chen himself. This time, Qin Chen's control of this Venerable Supreme Treasure has truly reached its peak. Since he was promoted to Heavenly Sage, he has been cultivating two great treasures continuously. I don't know how long he has been cultivating before and after, but he can stimulate this. When there are two treasures, there is still one

This kind of estrangement, but now, Qin Chen is completely free of this kind of estrangement.

It's really one body.

Moreover, Qin Chen took out a lot of top-level materials from the jade plate of Qiankun's good fortune, and then used the technique of patching the sky to refine it into the pill furnace.

In the end, this pill furnace, glowing brightly, merged into Qin Chen's body, suspended in Qin Chen's origin, nourishing and surrendering.

The quaint little tripod, ups and downs, like a boat in a sea of bitterness, sharpening itself.

"Success!"

Qin Chen's eyes bloomed with a rainbow.

"Next, it's a weapon." Qin Chen's eyes flashed, and the mysterious rust sword and the green demon sword appeared in his hand, buzzing, the green demon sword and the mysterious rust sword glowed, Qin Chen's body was full of sword intent, and many sword lights flickered. The body of the six reincarnation swords blooms with a rainbow, and the sky-filling technique urges them to stop

At that time, a terrible devouring force bloomed in the mysterious rust sword, and it was slowly devouring the green demon sword.

Boom!

Among the demon swords, there was a terrifying demon will blooming, but it was swallowed a little bit by the mysterious rust sword, and there were many joyful expressions on the mysterious rust sword.

"Damn, this mysterious rust sword has probably been staring at the green demon sword long ago?" Qin Chen was speechless, looking at this posture, the mysterious rust sword seemed to be prepared, but Qin Chen didn't mind, because with the green demon sword The power of, now more and more unable to display the real strength, but it is the mysterious rust sword, there is still potential to dig

dig. The normal fusion of divine weapons can be so easy that it even takes a Venerable Master Craftsman who spends many years of hard work to succeed. However, Qin Chen Mending Heavenly Palace inheritance, under the impetus of the Sky Mending Hammer, the sky surging. Void flames burn,

The mysterious rust sword and the green demon sword quickly merged together.
