[Chapter 3731: Who was there just now](#)

The fall of this remark immediately attracted the approval of many venerables present.

The four great heavenly realms are the four great heavenly realms of the human race. This demon race Jinlin came and told them to leave, why?

"Why?"

Jin Lin smiled, staring at Venerable Dunkong, a faint cold light flashed across the golden pupils, "Before, it seemed to be your Excellency, slandering Master, right?"

The voice fell. Jin Lin suddenly shot, 咻, a golden light like lightning, suddenly came to Venerable Dunkong, hum, this heaven and earth seemed to form a golden field, and the face of Venerable Dunkong showed a look of horror. Did not expect

Jinlin would do it to himself like this.

"Senior Jinlin, I am a disciple of the Void God Temple, how do you explain to me the Void God Temple if you act on me..."

Venerable Dunkong roared in shock, his expression furious, a series of terrifying spatial rules suddenly surrounded him, forming a terrifying spatial core, trying to escape the attack range of the golden scales.

"Hehe, explain, what kind of explanation is needed for this seat? Even if the Lord of the Void God Temple is in front of this seat, I dare not be so arrogant. If you slander my master, I am afraid that your Void Temple, this seat will have to go. ."

Jin Lin sneered, ignoring the opponent's defense at all, and the golden power landed, and the space defense power released by Venerable Dunkong was torn apart like a piece of paper, extremely fragile.

Venerable Dunkong was terrified. He had experienced countless battles in his life, but he had never been so frightened and embarrassed as he is today. The breath of death fell on him instantly.

The endless golden ray of light penetrated his body instantly and drowned his place.

Puffed out.

Venerable Dunkong's place quickly turned into a blood mist, and then slowly dissipated in the void, including the soul, everything was wiped out, nothing was left, only a few broken fragments were left, slowly dissipating .

silence!

Deathly silence. Everyone sucked in cold air and was dumbfounded. A Venerable, and a Venerable of the Void Temple, a master of the pinnacle of Human Venerable, was just cut to death. It was an understatement, making people chill, and the whole body was standing up. Emerge from the depths of my heart

Fear came out.

Happiness!

Jin Lin clapped his hands, "It's really useless. Why do you still ask this seat? Based on this, do you have any objections?"

Jin Lin turned his head, and the golden double pupils fell on Venerable Jueshan and other Venerables.

"No... Senior Jinlin, I have no objection."

"I will leave, I will leave now!"

"Senior farewell!"

The many venerables present, where there is still the courage to stay, turned around one by one, disappearing into the world.

In the blink of an eye, Venerable Jueshan and others disappeared cleanly, and they all eagerly left the Eastern Heaven Realm, daring not to stay for the second half.

Jin Lin turned around, glanced around Qin Chen and the others, and said with a smile: "Hello everyone, my name is Jin Lin, the most invincible monster power in Xiaoyao Supreme's command. I think you should have heard of the name of this seat. ."

This way of introduction... Master Qin Chen couldn't help being speechless. Jin Lin, who was murderous before, was so temperless in a blink of an eye. Not to mention the title, it was too strange to declare his family.

"Nine-tailed cat clan has nine lives and has seen senior Jinlin." Jiuming Yaozun hurriedly stepped forward to salute respectfully.

"Nine-tailed cat family?" Jin Lin glanced at Jiu Ming Demon Venerable, nodded, "Very rare, the peak of Human Venerable, it is only one step away from Earth Venerable."

"Hey, there is also the line of Nine-Tailed Fairy Fox, which is only one step away from the Venerable. There are many demon masters here? And they are all from the demon imperial family..." Jin Lin said proudly, looking at Qingqiu Ziyi, with a look of appreciation on his face: "You should be only one step away from the Venerable. Unfortunately, it is difficult for you to take this step in the heavens today. If you want to become the Venerable, it is best to leave the four heavens. , Into

It is easier to enter the primitive universe, such as the battlefield of ten thousand races. With your talent, you should be able to break through within 75 years after absorbing the power of the battlefield of ten thousand races within a hundred years. "

Jin Lin said directly, making Qin Chen and the others speechless. Is this accurate to that year?

Now Jin Lin couldn't feel any aura, if he didn't know its identity and power, he even thought he was talking nonsense.

"That's it, you just have to come to the door, let me help you a little bit, duh..."

Suddenly, Jin Lin let out a light rebuke, which was like a twilight bell, which was thought-provoking.

Om, everyone in Qin Chen felt that their minds sank, and they woke up again, as if there was something in their bodies, they couldn't tell what it was, but they seemed to have a new understanding of the Great Dao of Heaven and Earth.

Is this Jinlin's great power bestowing them?

The expression in Qingqiu Ziyi's eyes suddenly became completely clear, and in an instant, the supreme aura flowed out of her body, like a god, and ordinary people could only kneel and worship.

Venerable, it is definitely the breath of Venerable.

Qingqiu Ziyi unexpectedly broke through Tianzun at this juncture.

However, she hadn't been able to break through, Jin Linfu raised her hand again, hum, a golden power enveloped her and prevented her breakthrough. "Even though the Eastern Heaven Realm has just absorbed the origin of the universe and has become stable enough to allow you to break through the Venerable, but the Venerable transcends the heavenly realm. If you break through here, you will damage the heavenly realm of the heavenly realm. You should wait to leave the heavenly realm and enter the primitive universe

The place breaks through the subtle. "

Suddenly, the aura on Qingqiu Ziyi's body converged again, as if being suppressed, but the power that could be faintly exuded was definitely of the noble level.

Qin Chen and the others were shocked. Qingqiu Ziyi was a half-step sage. He hadn't been able to break through after so many years of cultivation. When he was scolded by this senior Jinlin, he fell into an epiphany and broke through on the spot. What kind of cultivation is this.

"Thank you senior..." Qingqiu Ziyi said excitedly.

"You don't need to be polite, this seat is also a monster, and they are all of their own." Jin Lin said proudly, his eyes high, although the cover was very good, Qin Chen felt a trace of triumph in this person's eyes.

"Qin Chen, this senior, seems very arrogant?"

Ji Wuxue whispered: "I have heard the elders of the clan say that this Lord Jinlin is a master of heaven..."

Tianzun?

Qin Chen sucked air-conditioning. This was a master at the level of Palace Master Star God.

"Ahem, this seat is indeed Tianzun, don't be surprised, what's more, Tianzun is what you need, and it's not difficult to break through to the Supreme in the future."

Jin Lin said proudly.

Qin Chen and Ji Wuxue sweated profusely, the other party was too strong, they even eavesdropped on their voice transmission.

"what!"

Suddenly, Jin Lin condensed his gaze, brushed it, appeared next to Jiu Ming Demon Venerable, and began to smell it carefully.

"Who was there just now?" Its eyes burst into the rainbow, as if it sensed something.

[Chapter 3732: advise](#)

Jinlin's gaze burst into light, and he looked at Qin Chen and the others in an instant. In the end, its gaze fell in front of the Nine Life Demon Venerable.

This is not obscene, nor obscene, just staring there, as if feeling something.

Big black cat!

Qin Chen and the others were also staring at the deep gully, and suddenly came to their senses, what about the **** cat?

When did this guy actually run away?

Could it be said that Lord Jinlin knew the **** cat?

It's really possible.

The **** cat is extremely mysterious. Although it was sealed in the secret realm of the Heavenly Demon in the Tianwu Continent, it was extraordinary. Not only did it know many things about the heavens, it also seemed to have some relationship with the top monster races in the heavens.

At the beginning of the trial in the heavens, the **** cat clearly knew the great power of the ancestor of the monster race.

At this moment, Jin Lin's move caused Qin Chen to react instantly. It was very likely that Jin Lin had sensed the aura of the **** cat, so he made such a move.

Being stared at by Jin Lin, Jiu Ming Demon Venerable's face was awkward and embarrassed, but he dared not move.

Jinlin's eyes flickered, as if thinking about something, and finally, it shook its head and shifted its gaze.

"Senior, what's the matter with you?" Qin Chen asked boldly. He thought this Jinlin Tianzun seemed to be very talkative.

"It's nothing, it's just that some breath is sensed here, which reminds me of some unpleasant experiences." Jin Lin shook his head.

Unpleasant experience?

Qin Chen and the others were puzzled. Could it be that the **** cat once had an intersection with this golden scale? "Okay, let's not talk any more nonsense. I am here to warn those people before to leave and not cause damage to the heavens. I also want to see what the people recognized by the Tongtian sword pavilion are like. Look, it's extraordinary."

It stared at Qin Chen, eyes faint, golden light blooming.

Qin Chen suddenly felt naked, being seen through.

However, he didn't know what the senior Jinlin saw.

"Hahaha, I'm leaving now!"

Jin Lin kept staring at Qin Chen with faint eyes. After a long time, he suddenly burst into laughter and boomed, and his body suddenly turned into a golden rainbow of light and disappeared into the heaven.

Rumble!

Heaven roars.

After Jin Lin left, the Heavenly Dao of the Eastern Heaven Realm finally calmed down, and a breath of joy surging through the heavens and the earth.

In addition, Qin Chen and others felt that the aura and essence of Venerable Dunkong who had been beheaded before had been slowly absorbed by the Heavenly Dao of the Eastern Heaven Realm. "Holy Lord, the body is integrated into the Dao of Heaven, so the fall of a Holy Lord will cause damage to the Dao of Heaven. The Venerable is an existence that transcends the Dao of Heaven, and it suppresses the Dao of Heaven, but the origin of the Lord's fall can cause damage to the Dao of Heaven. Nourishing." Mantra

The person said with emotion.

Hum!

In his hands, the ancient sacred tower surging, spins quickly, and finally falls into his hands.

"Master, that Senior Jinlin is leaving now?" Holy Master Yaoguang walked up and asked in confusion.

"Otherwise, what do you think? Senior Jinlin came to the four heavens this time, and the most important thing is the origin of the universe, which makes the four heavens more stable and powerful, and consolidates the rear, otherwise you think it is specially for you Did you solve the problem?"

"

Venerable Mantra smiled, "That's just incidental."

At this time, Qin Chen and others also stepped forward, saluting to Venerable Mantra, expressing gratitude.

Without the Jinlin here, Qin Chen's pressure would be much less, otherwise they would be really uncomfortable with the heavenly being here.

Next, Guanghan Mansion hosted a banquet for Venerable Mantra, this time if Venerable Mantra who did not work from Heaven came with Jinlin Tianzun, they would be really dangerous.

"Why be so polite, Qin Chen, you are also my disciple of Tianzuo, I also came by the order of Lord Tianzun, and at the same time, I also brought some words from Lord Tianzun."

After three rounds of wine and five flavors of food, Venerable Mantra said.

"Senior mantra, please speak." Qin Chen said. Venerable Mantra said: "I also understand what happened to you here. Although the four heavens have been restored, this world is no longer suitable for you. Although Lord Jinlin can let those people go, but Can't stop each

The high-level powers of the great power continue to stare at you, even the Demon Race has already been staring at you. Lord Jinlin can drink the people who were before the withdrawal, but may not be able to drink the masters of the Demon Race. "

"Once the top masters of the demon clan forcibly invade the four heavens, the four heavens that are hard to repair will be completely destroyed. So, for your sake, the old man actually hopes you can leave the eastern heavens. Can you understand?"

Venerable Mantra stared at Qin Chen.

"The disciple understands." Qin Chen nodded. The Mantra Venerable was actually admonishing, even expelling him. However, Venerable Mantra also makes sense. Even if Jinlin can drink people from forces such as Retreat, but if the Demon Ancestor sends the Demon Ancestor's top power to come, I am afraid that it will not be so lucky. When the time comes, not only it's only his Chendi Pavilion, even the four big

Heaven will be involved in danger. Venerable Mantra nodded and continued: "You can understand the best. Actually, your current situation is not good. If you want to be truly strong, you don't want to stay in these four heavens, because this world is in Before it is completely repaired, will

Affect your cultivation base, and even if you insist on breaking through this space, not only will it affect the heavens, but it will also have a certain impact on your own future cultivation base. "

"Then senior wants us to go?" Qin Chen said.

"It's not that I let you go, this is the meaning of Lord Tianzun, and it is also the meaning of the one on Jinlin's head."

"Senior Xiaoyao?" Qin Chen and the others were surprised. This is a great figure in the heavens, who has restored the four great heavens, and is now a human being who is carrying the tripod of the human race. Why would they pay attention to Qin Chen and the others?

"Characters such as Xiaoyao Zhizun have calculated the secrets of heaven and know the movement of the world. The Tongtian sword pavilion is one of the top forces of the ancient human race. If it is drawn, it will naturally alarm him." Venerable Mantra continued, sighed, "Master Tianzun's This means that everything you have done in the heavens has attracted the attention of countless top forces in the heavens. Although Lord Tianzun is a top figure of the heavenly human race, he cannot directly intervene in the heavens.

The grievances between the top powers in the world, even Xiaoyao Supreme Master, can not directly act on those top powers in the world, and will not do it for you. "

Qin Chen nodded.

He still has this self-knowledge, Xiaoyao Supreme can send Jinlin to say that it is enough, how can he act on the top forces of the heavens for him? Including Daewoo Mountain, Star God Palace, and other top powers in the celestial world, they have been handed down from the celestial realm for hundreds of

millions of years and have experienced countless crises. The backbone of the celestial human race must have a certain tacit agreement with each other.

[Chapter 3733: General](#)

"But, Master Tianzun also said, the reason why Master Xiaoyao could not directly stand up for you is because you have not contributed to the Human Race, but if you can make some contributions to the Human Race, or make a great battle, no matter which one is to

If you move you, Master Tianzun has made a move. "

Contribute to Terran?

Qin Chen frowned. "That's right." Venerable Mantra said solemnly: "For example, many top forces in today's world, uniting the ten thousand races, are all in the land of the primitive universe, fighting against the demons and other forces, and among them, the ten thousand race battlefield is the very core. Place, there, there is no human race

Several fighters gather to contribute to the heavens. "Master Tianzun has made arrangements for you. If you want to break through the realm of the sages, you must enter the battlefield of ten thousand races. In the battlefield of ten thousand races, there are many dangers. You can bring your masters into our heaven. The camp of the clan battlefield, one

Then, you can practice on the battlefield of ten thousand races, two, you can also kill the demons and make contributions to the human race, and three, with the blessing of my work, I don't dare to come to the camp of my human race and do it to you. "At that time, when you break through the realm of the venerable, you can lead the human army of my daily work camp to conquer the demons. Once you have accumulated a certain amount of battle and become a general of my human race, no force will be able to target you. There is momentum

Force against you, Lord Tianzun will have enough reasons to take action. "

Generals?

Qin Chen was puzzled. "In the battlefield of ten thousand races, all races are divided into camps. In fact, the battlefield of ten thousand races has lasted for countless years. Now my human race and demons are in the most fierce battle situation. According to each individual's combat achievements, we can accumulate Merit points, once

At a certain level, you can become a general-level figure, and according to the strength of the battle, the privileges you can get in the Ten Thousand Race Alliance are different. "

Venerable Mantra said: "How do you think the Star God Palace and other forces can become the top power in the heavens? And have a certain right to speak? Their style of dealing with things is aside, the most important thing is that they have done it for the human race. Contribution." "And why does Lord Jinlin dare to easily kill Venerable Dunkong in the Void Temple? It is also because Lord Jinlin is a demon race, but in the process of fighting the demon race, he has made great contributions, otherwise, if Some monsters dare to easily kill my top human race

Power masters, the human race has already rioted. "

"Of course, Lord Jinlin's own strength and Xiaoyao Supreme background are among them."

Qin Chen and the others nodded, and they understood that in the heavens, whoever made more contributions to the human race would get more resources and status.

Although, sometimes there is some unfairness, but the same can inspire the hearts of countless Terran masters.

"You can think about it. If you are willing to go to my day work camp, you can just leave with me. If you don't want to, I don't force it. This is just a suggestion."

Venerable Mantra said, very enlightened.

Late that night, Chendi Pavilion held a meeting again.

In the end, Qin Chen decided to go to the battlefield of ten thousand races.

However, Qin Chen also decided at the same time that Ji Wuxue took Ji Ruyue, You Qianxue, Qingqiu Ziyi and others directly to the Tiangong camp, while he himself would go the other way.

This statement came out.

You Qianxue and others were shocked.

"Dust...you..." they said with a discoloration.

"Needless to say, I have decided." Qin Chen said, because he knows that he has definitely been targeted by demons and other forces. If he goes to the Heavenly Work camp with him, it will definitely attract the attention of many people and cause danger. . Qin Chen has also inquired about the situation. There are many camps on the battlefield of ten thousand races. Many of the top forces in the heavens have their own camps. In addition, some races also have their own camps. Similarly, there are also camps mixed together. Like Tiangong

In the working camp, there are all people under the command of Tianzuo, and it is too easy to be targeted.

Once the demon ancestor dispatched a master, it would cause trouble for Tian'er.

On the contrary, Qianxue and others can safely break through the Heavenly Work camp. With their strength, it will not take long to break through the venerable.

As for the Chaos Poison Venerable, Qin Chen left in the four great heaven realms. The Chendi Pavilion and the Ten Thousand Clan Clan still need to be guarded by people. Most people can't stand it at all and can only trouble the Chaos Poison Venerable temporarily.

Ji Wuxue and the others looked at Qin Chen with complicated expressions. They all knew that Qin Chen did this for them, and they were moved but bitter.

"What's so unhappy, don't worry, on the battlefield of ten thousand races, I will definitely be able to break out of the world, and I will see you again at that time, don't let me leave it far." Qin Chen said freely.

"cut!"

Ji Wuxue was very disdainful, "You wait, I will definitely break through the Venerable earlier than you."

Now that it has decided to go to the battlefield of ten thousand races, Chendi Pavilion is quickly operating, all resources are being prepared, and everyone must be prepared.

And that night, You Qianxue and Ji Ruyue came together and captured Qin Chen.

"This....."

Qin Chen was embarrassed, scratching his head, he didn't expect such an accident.

"Don't fudge, time will be gone by then," Ji Ruyue said decisively, and the two caught Qin Chen and started to do it.

This... was so rough that Qin Chen couldn't handle it.

Qin Chen also knew the two people's intentions. They had always been together little and more apart. Seeing that they had just been together not long, they were about to separate again.

Qin Chen didn't want this either, but Qin Chen knew that if he brought Qianxue and Ruyue, even though there were jade discs, the target characteristics of the three of them were too obvious and too easy to be targeted by the demons.

Qin Chen was unwilling to take this risk.

For Qianxue and Ruyue, Qin Chen was willing to abandon his life, and would never tolerate the slightest harm to them.

boom!

The three of them climbed to the top together, a terrible breath surged in their bodies.

In the dark, Qin Chen felt that something seemed to have sprouted between each other, the great avenues in his body resonated, and each other's powers collided and merged to strengthen each other's power.

The sacred elements in the bodies of the three of them merge with each other, as if they become one, evolving the aura of the origin of all things.

In the end, Qin Chen lay there, Qian Xue and Ruyue resting on Qin Chen's arm, with a look like a little woman in her eyes.

"Dust, do you think we will have babies?" Qianxue murmured.

"How do I know..." Qin Chenhan.

Whoops!

Qin Chen cried out in pain, and You Qianxue pinched him fiercely. Aside, Ji Ruyue pinched his waist fiercely, "Do you not know what you have done?"

"Qianxue, it seems that Chen is still alive and well. I don't believe it. The two of us can't do him."

Ji Ruyue hummed. The three immediately frolicked into a ball.

[Chapter 3734: Alone](#)

This night, Qin Chen didn't know how much damage he had suffered.

He only knew that when he got up the next day, his waist was a little sore.

Looking at Qianxue and Ruyue lying there sleeping, the sun fell on their faces, extremely beautiful, making Qin Chen obsessed.

Whether it is for Qianxue and Ruyue, or for Qin Ying and other family members, I have to become stronger and prevent them from being harmed.

At this moment, Qin Chen thought of Sisi.

I don't know how is Sisi?

Qin Chen's heart suddenly hurt.

Sisi was taken to the Demon Realm by Lian Xin Luo, what happened now?

The next few days. The Chendi Pavilion was running fast, sitting for the final preparations, and Qin Chen also sought out Venerable Mantra and Venerable Chaos Poison to learn about the situation on the battlefield of the ten thousand races. The two gave Qin Chen many pointers and asked Qin Chen to face ten thousand. The situation of the clan battlefield has a rough

To understanding.

But at night, Qin Chen would suffer the ravages of Qianxue and Ruyue, really painful and happy.

In the past few days of devastation, Qin Chen and the others also unexpectedly discovered that the Saint Yuan in their bodies had become more pure and their souls more transparent.

Then, when the morning came one day, Qin Chen separated from the others and left first.

With a bang, he turned into a dazzling blue light cluster, also carrying a golden glow, and his blood was surging away, and disappeared at the end of the void.

Qin Chen was on the road, and, without covering it up, he directly showed his terrifying aura, like a bright comet, flashing across the sky and greeted the entire sky.

He exposed himself just to tell many forces that he had left and went to the battlefield of ten thousand races, and he was alone, not wanting Chendi Pavilion to be noticed again.

Although many forces retreated under Jin Lin's scolding, Qin Chen knew that these forces must have spies nearby, monitoring this Chendi Pavilion, it is impossible to really give up completely.

really!

In the Eastern Celestial Realm, some people saw Qin Chen's leaving figure, and immediately sent a message to pass it on.

In certain voids outside the Eastern Heaven Realm, a lot of amazing auras passed out.

"Hmph, I didn't expect that Qin Chen would leave alone. Well, according to the information, where he went...is the battlefield of the ten thousand races?!"

Venerable Jueshan of Dayu Shenshan was also in the crowd, and was surprised when he heard the news.

"This Qin Chen is really bold. The battlefield of thousands of races is full of dangers, and all races are rampant. This Qin Chen rushes forward and does not go with the work of heaven. Isn't he looking for death?"

He sneered.

Moreover, the battlefield of the Ten Thousand Clan is extremely vast, and even if Jin Lin deliberately protects Qin Chen, unless he has been following Qin Chen, he will not be able to cover everything.

Suddenly, a series of terrifying auras followed Qin Chen secretly, wanting to see which area of the ten thousand race battlefield he went to.

Because the battlefield of 10,000 races is too vast, and different regions are absolutely different.

Qin Chen naturally felt these breaths behind him, but he was not afraid of it, urging the teleportation formation, crossing the area, leaving the four heavens, and following the road opened by the human race towards the extremely dangerous zone of the battlefield of ten thousand races. .

He wants to sharpen himself there and realize in life and death.

After Qin Chen left, Venerable Mantra also took Ji Wuxue and others to leave, heading to the battlefield of the Ten Thousand Clan, but they took another path.

The battlefield of ten thousand races is at the core of today's world war.

At the moment, many elites and young talents of all races are there, and they are fighting for hegemony on the biggest battlefield in the universe.

Growing up between blood and fire, and feeling in the battle of life and death, some big forces are ruthless enough to throw away some descendants, and die, and the one who survives is Mako. Otherwise, the dead can only be regarded as waste. firewood. Qin Chen knew these things a long time ago, but he was not qualified to enter. Although there are many masters in the battlefield of ten thousand races, Qin Chen knows very well that many forces have backgrounds, just like heavenly work. Level, only

It is safe to just follow in the Heavenly Work camp and fight a war.

As for the lone ranger like him, almost no one is below the Venerable.

If the people below the Venerable do not join the large camp, but just rush into the battlefield of ten thousand races, they may not survive long. Qin Chen is very much looking forward to going to that area not only for breakthroughs and bravery, but also for other things worth looking forward to. Once he is there, there will be good luck personally bestowed by the top powers, and even powerful empowerment. His evolutionary method

, Or enter the secret realm, there is a chance for a breakthrough.

And can get some top-level experts' guidance and their experience, which is the brainchild of their lives, is a summary of their own evolutionary path, and is extremely valuable.

Even Qin Chen learned that it was the main battlefield of the ten thousand races, not only the masters of the ten thousand races, there were even some special existences during the opening of the ancient universe, which was very extraordinary.

Only there can we get enough transformation.

There are even rumors that the former Xiaoyao Supreme, after ascending from a world called Profound Sky Continent in the Lower Realm, rose all the way on the battlefield of ten thousand races, and eventually became Supreme, preventing the second invasion of the dark forces.

Today, the battle has become more intense, and the current battlefield of ten thousand races has entered a white-hot, becoming the most turbulent place in the universe!

"Devil?"

Qin Chen's eyes were cold, and the Demon Clan's Demon Ancestor repeatedly aimed at himself, which also caused Qin Chen to hold back the fire in his heart. Especially thinking of the scene in the long river of years that made Qin Chen excited, because in the Eastern Heaven Realm, he did not know the news of his mother. If his mother is still alive, that thunder figure is really related to him, then Very promising

Yes, it is in this ten thousand race battlefield.

At least, at this level, he can also learn some secrets of the heavens and learn the true truth.

"Rising in battle, resurrecting in utter destruction, I have come from a dilapidated lower plane, through the land of life and death, to rise on this battlefield of ten thousand races!"

Qin Chen swears that if he takes care of the demon clan's conspiracy, he will repay justice when he is strong enough, and Sisi is still in the demon world. Besides Sisi, Qin Chen also thought of that person, Shangguan Wan'er.

When she was brought into the passage of the Demon Realm by the Lord of Abyss Demon, she must also be in the Demon Realm. If possible, he would also find the other party.

No matter what, she did nothing wrong, only Shangguan Xier was wrong.

"I'm coming!"

boom!

Next, Qin Chen flew quickly. At the beginning, his aura was extremely blooming, attracting the attention of the major forces in the heavens, but after a moment of leaving, he began to hide his aura.

Hum!

The Nine Stars Divine Emperor Art was operating, and the heavens today were extremely dilapidated, with a misty breath blooming, and after Qin Chen became hidden, almost no one could find it.

He specializes in some hidden places to cover his breath.

Whoosh whoosh!

After Qin Chen flew by, several figures suddenly appeared.

"Damn, the breath of this kid has disappeared?" The eyes of these people were depressed, searching everywhere.

[Chapter 3735: Monster army](#)

In the void, Qin Chen flew quickly. He used the teleportation formation to cross countless borders, and rushed to the battlefield of ten thousand races.

With Qin Chen's current cultivation base, it is too easy to avoid being tracked by some people, and most of the venerables can't capture his breath at all.

However, after several transmissions, Qin Chen suddenly frowned, because he vaguely felt that there was a breath of darkness following him.

"Who is it that has been following yourself?"

Qin Chen frowned, he was very keen on his intuition, because to a certain extent, he was also the inheritor of the Tianji Sect, and he had spied the existence of fate.

"Tian Ji Ling... the way of destiny!" In a desolate void, Qin Chen entered an abandoned star core, and suddenly sat cross-legged, Tian Ji Ling suddenly appeared in front of him, and the light of destiny bloomed. , Through the light of destiny, Qin Chen suddenly saw a body

Ying is following herself in the void behind her.

"Ok?"

There was a void hundreds of thousands of miles away from Qin Chen.

Huh!

A figure stopped suddenly, and looked up at the sky, with a trace of indifference in his eyes. It was Venerable Jueshan of Dayu Shenshan.

Holding a mirror-like treasure in his hand, he frowned slightly.

"Weird, why do I have a sense of being spied on, but it is illusory, is it that which power is calculating the secret?"

He picked up the ancient mirror in his hand and shone a light in front of him. A faint trace appeared in the void, looming, it was the way Qin Chen passed. "This son can really hide. If it weren't for the tracking mirror given by the Lord Lord, that kid could really avoid my tracking. Unfortunately, under this tracking mirror, as long as you lock this breath, this person Any clues left can be seen

Detecting it, it is impossible to escape the palm of the deity. "Venerable Jueshan said coldly, with indifference outlined in his eyes: "However, this person is really difficult to deal with. There is an old demon of the demon clan Jinlin who will come out for him, and Lord Shanzhu, willing to give the finder mirror I can't let him go and ask me to do

He must be taken down and not let outsiders know. What is the secret of him? "

Venerable Jueshan was curious.

At the beginning, Venerable Dunkong and other masters came forward, and he withdrew wittily to the rear without offending Jinlin, but everything else made him wonder.

"It's Venerable Jueshan, there are treasures that can lock me down? No wonder I feel always being stared at."

Qin Chen's eyes were cold, and he was staring at him all the time. The feeling was naturally extremely uncomfortable.

"Venerable Jueshan is the pinnacle of human esteem, just like Na Xidoruo. If you want to kill him, I'm afraid it will be difficult..."

Qin Chen frowned. At the beginning of the battle with Xidoro, if the **** cat had not come with the Nine Lives Demon Venerable, perhaps he would have been in danger. Although Qin Chen's strength has been improved again, Qin Chen would not dare to break through the Venerable. Say I can

Take down the opponent.

Moreover, this is still the situation that drew the blood of the Dark King and spurred the Devil Tree of the Ten Thousand Worlds.

"Hmph, I want to see, when can Venerable Jueshan follow!"

Qin Chen sneered. Although he couldn't kill this Venerable Jueshan, the other party couldn't easily follow him, and left him without fear.

Whoosh!

Qin Chen continued to move forward, flying across the void.

He used various methods to try to get rid of the tracking of Venerable Jueshan, but the feeling in the dark has been there, and he can't get rid of the tracking of Venerable Jueshan.

Finally, after a month on the road.

boom!

A magnificent continent appeared in front of Qin Chen.

"day!"

Qin Chen was shocked.

What kind of continent is this? This is simply a vast expanse of heaven and earth. At a glance, you can't see the head at all. It is desolate and deep, with a breath of suffocation.

"The battlefield of ten thousand races? This is the battlefield of ten thousand races?"

Whoosh!

Qin Chen rushed into the battlefield of ten thousand races, and immediately felt a terrible aura oppressing himself, making his breathing heavier.

"First figure out what is here before I say it."

Qin Chen didn't think too much, but quickly entered the ten thousand race battlefield.

The battlefield of Ten Thousand Races is vast, and in terms of area, even the Four Great Heaven Realms plus the Void Tide Sea are far less expansive than the battlefield of Ten Thousand Races.

Because in this ten thousand race battlefield, the ten thousand race masters gathered, boundless.

On this continent, a figure was flying quickly, it was Qin Chen, whose figure was hidden in the void, undetected at all. The battlefield of ten thousand races is divided into many camps, all of which are the powers of the ten thousand races, but unless it is the base camp, under normal circumstances, the powers of the ten thousand races change every day, and no one knows which territory this area is currently entrenched in. What

The camp is stationed here.

But for several days, it was very deserted, as if no one lived.

"Ok!"

Suddenly, Qin Chen stopped and rumbling, and the earth tremors suddenly, like an earthquake.

Qin Chen looked far away, and saw a wave appearing on the left front, slapped towards them.

That's not a wave... it's an army!

They are on their way or fleeing, they are fast, there are huge monster war beasts galloping on the ground, Jinpeng with spreading wings is fluttering, and there are monster warriors wearing armor and holding spears in the sky. Flying.

Among them, there are many powerful existences, and the aura that exudes is extremely terrifying. Therefore, when the number reaches a certain level, they just walked past and shook the earth as if the sky collapsed.

This is a defeated army.

Qin Chen looked at it a few more times and was sure that a normal army would not run like this, let alone carry a large number of wounded, nor would it be so demoralized, just knowing to rush.

There was a battle flag, and Qin Chen saw it. It was a wolf clan mark, which was held by a giant werewolf several feet high. Under this werewolf, he was riding a giant wolf ten feet high.

The army arrived quickly and came in a hurry. Of course, some of the leading soldiers saw Qin Chen and immediately showed a fierce killing intent, but after discovering that Qin Chen was a human race, he immediately dropped a lot of vigilance.

"Human kid, why are you only one person? Hurry up and turn around." The soldier in the front shouted to Qin Chen.

"Which camp are you in and why did you get here?"

"Be careful not to protect your life."

Many Yaozu masters shouted loudly.

What do you mean?

Qin Chen suddenly understood, and said in a deep voice, "There are chasing soldiers behind you."

"Haha, don't run away if you know!"

A wolf warrior laughed.

"I don't know where the Terran warriors came from, they are reckless, haha." A wolf clan master laughed.

[Chapter 3736: Zerg](#)

Rumble!

The army was surging, and many wolf clan masters ran away with a shocking momentum. From a distance, it was really covering the sky and the sun.

Looking around, in the army, the strong are like clouds, and many wolf clan fighters have formed a battle formation, even in the process of fleeing, they are very orderly.

This should be the team of the Yaozu.

"Wow!"

Qin Chen flew over and approached the wolf tribe army.

"Stop!"

A wolf clan expert screamed, staring at Qin Chen.

"Everyone, when you came to the Ten Thousand Clan Battlefield at the beginning of the next year, you accidentally lost your way and didn't know the location. I was lucky enough to meet you, please do it for your convenience." Qin Chen hurriedly arched his hands.

The Monster Race and the Human Race are in the same camp, and the relationship between the two parties is fairly good, which can be seen from the other's previous reminders and smiles.

"It's okay, it's just a young Human Race kid, even a Demon spy can't make a big splash."

Said a wolf warrior who had reminded Qin Chen before.

"Haha, let him follow, or he will be overtaken by the army behind, this kid will be crushed into ashes in an instant."

Many Wolf Warriors spoke for Qin Chen with a good attitude.

"come in."

Before that, the wolf clan master who drank sharply frowned and said.

Qin Chen was immediately delighted, and said, "Thank you." In the presence of so many wolf clan fighters, Qin Chen was unwilling to be too extraordinary, not to mention that he was unwilling to hide in the jade disc of great fortune, and, The breath of Venerable Jueshan has been following behind, following these wolf tribe army, no

However, he can understand the situation on the battlefield of ten thousand races, and he can avoid Venerable Jueshan from being tracked. Qin Chen immediately joined the ranks of the wolf tribe army and ran along with these people. Because of the delay for some time, he turned around and was exposed behind the army. When he looked back, he saw that there was still another line far away." wave"

Is coming.

It was also a large army, waving a black flame demon flag, fluttering in the wind, looking back, you could see patches of demon clouds swept in the sky, covering the sky and the sun.

It is an army of demons.

Qin Chen just felt speechless. Either he hadn't met anyone before, and when he met, there were two armies. Obviously, this army was led by masters, murderous and powerful.

Although many fighters only have the cultivation base of the Holy Master, and some of the attendants who follow have only the cultivation base of the Peak Heavenly Sage, they are very average, but the aura formed by the combination of the whole makes Qin Chen's heart palpitations. This place is different from places like the Eastern Heavenly Realm. Even a thief organization like Void Tide Sea doesn't have too many tactics to fight. This is the battlefield of ten thousand races. It can be seen that there is something special between these fighters. of

The law of battle formation can mobilize everyone's strength, which is no small matter.

"Hey, this Human Race kid looks bad, he's not old, he's very fast, you have to follow closely, or you will be followed by the army behind, and you will be crushed instantly, haha." A wolf warrior said, they each other In between, there was a halo on his body, and he was bound to move forward at an amazing speed, but he could not accept Qin Chen. It can be seen that this is a battle formation formed by the unique blood connection between their wolf races.

odd.

Qin Chen ran wildly, and while observing the rear, he took out a few jade bottles and handed them to the wolf clan warriors who greeted him: "Thank you for your kindness and a little care, please accept it."

"what."

These wolf warriors took the jade bottle and opened it, and they were suddenly shocked: "It turned out to be a holy master-level pill, you Human Race kid, so lucky."

"Boy, don't take out these treasures here in the future. This is also replaced by a large army, otherwise, you will be seeking your own death." A wolf clan warrior warned.

"What do you say?" Qin Chen wondered. "You see that we are a monster race. We are with your human race on the battlefield of ten thousand races, so we took out these treasures, but you don't know it, but you took it out from the army. I didn't dare to do it rashly, because There are law enforcement teams here. If you beheaded,

Being recorded by the law enforcement team is tantamount to destroying the alliance between the human race and the monster race, and will be judged, so no one is tempted. "

"But if you are seen from the outside world with such a treasure on your body, you will definitely be spotted, killing people and winning the treasure. This ten thousand race battlefield is extremely barren, who knows about killing individuals?"

Qin Chen's heart shuddered, there was such a statement.

Next, Qin Chen deliberately established a good relationship with the other party, and ran wildly while communicating.

A large army flees, and a large army is chasing wildly. Obviously, there was a war before and the wolf clan was defeated, so they were on the run, and the winning side was chasing.

This escape took several days. Finally, Qin Chen saw a large camp with flags from afar, and felt that the army was approaching. A mighty atmosphere burst out from the large camp, a series of terrifying monsters. The breath surged.

It is Yaozun.

In this camp, there were several demon lords, and the power of the terrifying demon race was surging. This breath was too amazing, forming a terrible phantom that pierced the sky, standing proudly in the sky above this camp, like a vast ocean, shocking the world.

After approaching this large camp, the chasing soldiers finally stopped. Among the demon team, there appeared a bunch of straws, two wings cut into the void, and densely packed worms with scarlet eyes. They stared at the large camp here and stopped. pace.

"Hahaha, brats of the Wara Zerg, there is a kind of you continue to chase."

The wolf tribe's army also stopped and became arrogant again, one by one, they arrogantly said to the disgusting bug monsters that were shrouded in the devilish energy in the distance, after running away for so many days, they finally didn't have to walk in embarrassment.

This chasing Demon army quickly stopped, turned and left.

The wolf clan army and the big camp behind the army did not send out masters to pursue them, but entered the camp to rest.

"Go, kid, go to our camp and take a break. Although you are not a member of our wolf clan, you belong to the same alliance. Just don't enter the core area of our camp."

In the past few days, Qin Chen has also mixed up with some soldiers from the wolf clan camp. These soldiers greeted them enthusiastically, pulling Qin Chen into the camp.

After these days of exchanges, Qin Chen also got a little understanding of the situation here. This wolf clan army belongs to the line of the Ten Thousand Demon Mountain Range of the Demon Clan. It is the army of the wolf clan in the Ten Thousand Demon Mountain Range. Of course, this is just a large army under the Ten Thousand Demon Mountain Range. In addition to the wolf clan, there are ten thousand
Some other races of the Demon Mountain are jointly located here.

The Wara Zerg clan under the command of the Demon Race had fought with them before. The Demon Race is the same as the Human Race. The Human Race unites the forces of the Ten Thousand Races, such as the Demon Race, to jointly target the Demon Race on the battlefield of the Ten Thousand Races. However, the Demon Race is the top power that has destroyed the heavens. Less top species

Family. Zerg is one of them.

[Chapter 3737: Brother did](#)

The company under the Ten Thousand Demons Mountain Range borders the Wara Zerg army in the Zerg, so wars often break out for territorial control.

The war, of course, will win and lose, and this time it was a small loss for the wolf clan army. Of course, the top senior level of the wolf clan did not participate in this war, but their generals were leading the army to fight.

Qin Chen had also learned about the camps of the Star God Palace, Dayu Shenshan, Tiangong, etc., but although these people heard that there was such a power, they couldn't even figure out where they were.

The four heavens are huge, but the battlefield of the ten thousand races is even bigger! In addition, there are tens of thousands of forces in the battlefield of tens of thousands of races. In order to compete for territory and obtain resources, it is good that the general army can be stationed in one place for tens of thousands of years, not to mention that although the demon race and the human race are allies, they are two after all. Yaozu,

In the war against the demons, the Ten Thousand Races were naturally unwilling to be attached to the Human Race.

When signing the Ten Thousand Races Agreement, it was stated that according to the different contributions of different races in the fight against the demons, the status and benefits obtained after successful wars in the future will be different.

In this way, the other tens of thousands of races are naturally very active, hoping to kill more demons and gain more combat exploits so that they can rank ahead of other races in the future.

Therefore, all races have their own territories, and at the same time they often change for the sake of fighting. After tens of thousands of years, if it is not a very close force, it is really impossible to know whether the human forces such as Tiangong are in the east, west, north and south.

Maybe the ancestors of the Ten Thousand Demons Mountain Range knew, but could Qin Chen ask this lord because of this trivial matter?

I can't see people at all.

Qin Chen was depressed. He obviously came to the battlefield of Ten Thousand Races based on some information given by the Poison Master Chaos, but he felt like he had become a fool, and he didn't know where to go.

Because the battlefield of Ten Thousand Races has changed so much in recent years, the intelligence given by Chaos Poison Venerable has been out of date for a long time.

Simply speechless.

"If this is the case, first stay in the company camp under the Ten Thousand Demon Mountain Range for a few days before making plans."

Qin Chen made a decision with a thought.

The most urgent task is to solve the troubles of Venerable Jueshan first. This person has been following himself. It is really a curse. If you don't get rid of it, it will be difficult to solve the hatred in your heart.

But how to remove it, Qin Chen still has to consider long-term.

Qin Chen followed the wolf clan into the big camp, and saw the company from a distance, and saw one after another tents, densely packed, with no end in sight.

In some areas, in some tents, blood rushed into the sky, which was too terrifying, enough to shock one party.

"Don't look at it, that is the area of the demon-sovereign. As soon as the ordinary martial artist approaches, they will have their bodies cracked. They can't bear it at all, and it is a forbidden area. In this battlefield area, they don't need to hide themselves, the strong are respected!"

The wolf clan master said to Qin Chen.

At the same time, Qin Chen also saw monsters coming continuously, appearing and coming one after another. "These are our masters in the Ten Thousand Demon Mountain Range. Those who want to enter the battlefield of ten thousand races to experience their own gods, little brother, I heard you say that they are from the four great heaven realms. You should also know that it is difficult to break through the venerable behind the heavens now. Ten thousand races can only be

, The demon world where our demon clan is located is the same, so there will be masters coming and baptizing themselves. "

As Qin Chen walked, he generally understood the rules here.

It's very free here. After a period of time on the battlefield, you can leave if you want, no one will care.

Suddenly, there was an exclamation in the distance, and there was a sensation in the company camp, causing uproar and excitement. "A guy from the three-eyed dog clan has a very sensitive nose. This time he smelled something inexplicable on the battlefield and changed the situation of the battle. Therefore, he made a great contribution. Together with a few others, he got the opportunity to be baptized in the Spirit Pool of Ten Thousand Monsters. Broke through to the state of venerable

World, in charge of an army! "

After the wolf tribe found the news, they were very jealous and depressed.

Because this kind of good thing hasn't fallen on them, and they lost the battle not long ago, I'm afraid they will be punished.

In this battlefield of tens of thousands of races, there have been hundreds of millions of years of war. I don't know how many epochs have passed. There are many treasures and epochs, and you can get opportunities if you are not careful.

Qin Chen was surprised. No wonder many masters are willing to come here. People with confidence can come here to sharpen themselves, while others can also get rich rewards.

The so-called Ten Thousand Demon Spirit Pool is the highest level in the Ten Thousand Demon Mountain Range, which can activate the ancient bloodline and bring the demon race back to the ancestors, which is an opportunity against the sky.

It's a pity that in the Ten Thousand Demon Mountain Range, only the royal family has the opportunity to enter and transform directly. Other demon races usually have no chance at all.

But in this ten thousand race battlefield, as long as you have established enough military merits, you can enter it, and it will naturally attract countless monsters masters from the Ten Thousand Monster Mountain Range to try to obtain such an opportunity. "Haha, I survived this time. I got a piece of the life bones of the ancient demon, and I can comprehend the profound meaning of the sage, brothers, I am going back to my hometown to chase the saints of our clan and enjoy a peaceful life. Hey, when I come back again, say

It may be the venerable, and there will be a period later! "

A demon master laughed and disappeared from a large teleportation formation. A wolf clan warrior curled his lips and said: "On the battlefield like this, those who can survive will naturally earn a lot of money. If you have life, you will naturally indulge and enjoy, but you will definitely come back after a while. It's impossible for people who have fallen into battle

Positive free and easy, especially in such a big environment, has been unable to calm down and retreat to old death, who can willingly wither in obscurity, want to die in the most gorgeous. "

Qin Chen was surprised that many of these people who had come down from the battlefield would choose to "spend time and drink", this kind of life state was really indulgent.

However, he also knew that this was mostly to eliminate the fear of life and death and to relax appropriately.

At the same time, Qin Chen was also a little worried, and said: "If Heavenly Sovereign appears, wouldn't it be too wrong to slap everyone on the battlefield to death?" "What are you thinking about? The parties have checked and balanced. There has been an agreement. It is impossible. Let Tianzun act like that. This is an agreement. Once Tianzun takes action, it will be a decisive battle. Under normal circumstances, Tianzun has an area where Tianzun fights, which is the core of the battlefield of ten thousand races.

Heart area, how could it be such a place as scraps here! "

In fact, even on weekdays, in other parts of the heavens, there will be no Tianzun born under normal circumstances, and they will shoot at will.

Qin Chen wanted to say: Why not? Tianzun of the Star God Palace and Dayu Shenshan wanted to shoot me to death!

This group of wolf clan warriors were very bold, pulling Qin Chen to drink, carelessly, very bold. "Come on, brother did it." A wolf clan warrior walked over with a basin-sized wine glass and patted Qin Chen's shoulder. If Qin Chen hadn't been rough in his body, the skeletons of ordinary people would have been shot apart.

[Chapter 3738: Fossil Stone](#)

"Little brother, you dare to come to the battlefield of ten thousand races alone, brother I also admire it. However, it is not a way for you to go on like this. The battlefield is too dangerous. I heard that you are from the heaven behind the human race. Brother, I will give you a suggestion. Leaving the battlefield of ten thousand races, first look for

Individual forces join, enter their army, and gain military merit, otherwise you will easily die like this. "

"Yes, although there are solo travelers on the battlefield of Ten Thousand Races, and the number is even quite large, they are all extraordinary people, many of them are of the noble level. How dare ordinary holy masters just wander around like this, thinking that they can't die fast enough?" "If you don't have the top Human Race forces to join, you can also go to some Ten Thousand Race Alliances. Many people are unwilling to follow the big forces. They all like to enter the Ten Thousand Races Alliance and make friends. Hoi An

It's a lot, it's much more suitable than you are. "

A group of wolf clan big brothers talked in their hearts, very enthusiastic.

Qin Chen's heart was touched when he heard it, but he was speechless. For a long time, he suffocated a few words and said: "Are you guys drinking like this on the battlefield? No one from the Military Law Department patrols?"

"Don't compare this place with a mortal army. If you can make a contribution and think you are worthy, you can chase the goddess of the Wing Clan, the Elf Clan, and the Dream God Clan. No one cares."

That day, the wolf clan fighters drank a lot, and they drank until late at night. After all, they were defeated, and they were all angry.

However, they are also very restrained. They didn't really get drunk, not because they were afraid of military law, but in a place like the battlefield of ten thousand races, if they really dare to get drunk, it was a joke about their lives.

Few veterans who can survive here for many years are so presumptuous.

In the next few days, Qin Chen inquired about some news, especially about the nearby demons camp.

This made this group of wolf clan warriors nervous, admonishing Qin Chen not to make fun of his own fate, go to the demon clan's camp to obtain war exploits, if the war exploits were so easy to obtain, they would not have been here for so many years.

Qin Chen nodded and said yes, a few days later, he had some understanding of the nearby demons.

A plan gradually appeared in Qin Chen's mind.

"It's almost there. If you don't leave, Venerable Jueshan has found it."

On this day, Qin Chen said goodbye to the wolf tribe fighters, turned and left the camp, and disappeared into the sky after hiding his breath.

boom!

And not long after Qin Chen left.

In a void outside the Ten Thousand Demons Mountain Range Company Camp, a figure exuding a mighty aura appeared, approaching Daying, holding a mirror in his hand, shining a trace of his debut.

"Huh? This kid actually entered the camp of this monster race?"

The visitor was Venerable Jueshan. He frowned and stared at the demon clan camp in front of him. This is the territory of the demon clan. Although he is a human master and an allied army, he can't rush in. It will have a certain impact. .

However, because of Qin Chen and Lord Shan's orders, he naturally couldn't leave easily.

He followed the trail and approached the Yaozu camp.

boom!

Just as he approached, a series of terrifying auras suddenly rose from the demon clan camp to the sky, turning into terrifying demon clouds, billowing demon auras surging, forming a moat.

In the big camp of the demon clan, a large array rose up, the glow of the sun shone, covering everything.

"If you come to a standstill, where is the superior, invade my Ten Thousand Demons Mountain Monster Clan Camp."

There was a rumbling roar, and then, several terrible auras rose up. These are the sages of the monster race, exuding a fierce aura, coldly staring at the venerable Jueshan in front.

In the big camp, all the monster warriors were awakened one after another. When they looked up at the sky, they saw a figure standing proudly in the sky, facing their entire big camp.

"Hey, he is the master of the human race, and the aura is extremely strong, the peak level of human respect, why do such masters rush into my monster camp?"

Many monster warriors were shocked and gasped. The Venerable Master is already a general on the outskirts of the Ten Thousand Races battlefield. His power is prominent, and the master at the pinnacle of Human Respect is even more extraordinary. For example, in their entire company, although the Demon Venerable is sitting in town, they really achieve The pinnacle of human respect

, But there is no demon, the adults are just close to the peak.

Now, the peak of a respectable person rushed in, so that they were not surprised.

Of course, they were only surprised. After all, this is the big camp of the demon clan. If the other party leads an army, it may be a little troublesome, but it is only one person, and they are not afraid in this company.

Many monster warriors looked up at the sky and saw a figure like a mountain, towering in the sky, like a **** of war.

Just looking at it like this, many Monster Race fighters can't bear this power, they just feel that they are going to be horrified.

The opponent is too strong!

"This human friend, my human monster is an alliance. Since I have come to my Ten Thousand Demons Mountain Camp, I am so aggressive?" An old voice came from the camp, but it was like Huang Zhongda Lu, deaf and deaf. .

"Venerable Daewoo Shenshan Jueshan, I'm here to look for a trace of someone. In your demonic camp, is there such a person as my human race?" Venerable Jueshan said, his voice was not high, but he passed it clearly. .

"Looking for a human race? This friend is joking, this place is my Ten Thousand Demons Mountain Range camp, how can there be a human race here."

Hush, a magnificent figure walked out, pulling out an infinite afterimage in the void, standing proudly in the air.

This is the ancestor of the Shadow Leopard clan in the Ten Thousand Demons Mountain Range, and is close to the peak powerhouse of Humans!

He looked at Venerable Jueshan with solemn eyes.

Daewoo Sacred Mountain, this is the top power of the Human Race, the mountain lord of the Dayu God Mountain is a Heavenly Sovereign-level master, and is already a high-level figure of the Human Race. Although their Ten Thousand Demons Mountain Range is strong, they don't want to offend such a power rashly.

"Human kid?"

Among the wolf clan army, several masters who have spent time with Qin Chen stared wide.

They all thought of Qin Chen who had just left not long ago, almost the same as this guy described. hiss.

Who is that kid? There was even a peak master from Dayu Shenshan who came to investigate and inquire, and they all thought that Qin Chen was just an ordinary human master!

Looking at it now, the opponent is very likely to be extraordinary.
