[Chapter 3741: Joint attack](#)

"Human kid, there is a way to heaven, you don't go, **** you have to break in, kill my warrior Zerg soldiers, and die!"

Rumble!

The more than one hundred half-step Venerable Zerg masters shouted angrily, and the mouthparts on the heads of the densely packed Zerg army suddenly lifted to aim at Qin Chen, and their red eyes lit up.

"Children, attack!"

Rumble!

Numerous worm races rushed towards Qin Chen, and these zerg army wielded sharp blades and cut towards Qin Chen.

"A million zerg army, it's interesting, let's take a look at the strength of this zerg army."

Qin Chen squinted his eyes, but didn't panic. Although the number of these zerg races was large, they did not threaten his existence at all.

However, it is necessary to estimate the strength of the Zerg army, because it is related to his plan.

Huh!

Sword Qi in Qin Chen suddenly surged, Qiang, his whole person turned into a sharp sword that pierced the sky, and he killed the zerg army in the sky.

I saw the giant sword that Qin Chen had turned soaring wildly, spreading hundreds of kilometers in an instant, as if it had completely covered the sky.

"Cut!" Qin Chen snorted coldly.

Cang Dang! The huge sky-reaching giant sword was cut down and hit the millions of zerg army in an instant. How huge is the sky-reaching giant sword that Qin Chen turned into, hundreds of kilometers in range. Although these zerg army are huge in size, one is only a few feet tall. Even millions

Although the Zerg army is far away from each other, they are spread over thousands of kilometers.

"Rumble..."

Qin Chen shocked in that camp. Countless Wara Zergs brandished their sharp blades and smashed Qin Chen's body, but instead they blew off the sharp blades made by their hands, and they were knocked off directly like toys. The most weird thing was... that giant sword. Under the impact, there were a lot of

The souls of the Wala Zerg were all shaken away, like a machine that had lost power and electricity, and fell straight down from a high altitude.

"How is it possible?" "The cultivation base of this human race warrior is clearly not even that of the venerable. Although our millions of army does not have a venerable master, but united, the strength is extraordinary, and the will of our zerg is firm. , There are countless Zerg warriors lost

To the soul? "

Hundreds of half-step Venerable Zerg masters said in shock, watching this scene in disbelief.

"Too weak, so powerful, how to defeat the Wolf Warriors army? Although this should be just a small team outside the Warra Zerg, it should not be so weak, right?"

Qin Chen frowned. Don't look at the number of Wala Zergs, there are a million, but Qin Chen knows that this is just a small team of the previous Wala Zerg army, because Qin Chen knows from the intelligence of the Wolves that this Wala Zerg army, that's

There are several venerable powerhouses.

"Damn it!"

The leading hundreds of half-step Venerable Wara Zerg army immediately glowed with a hideous light.

"Exertion of talent and supernatural powers, the skill of total."

An invisible spiritual wave pervades.

Suddenly!

There was a mysterious wave surging from the remaining millions of the Zerg army, which instantly united all the Zerg armies, and all the Zergs opened their mouthparts together. , Aimed at Qin Chen.

"emission!"

"Boom!" In an instant, millions of attacks burst out, and these zerg army's mouthparts burst out with terrible energy fluctuations, swish, swish, these rays of light gathered together, and they formed. Unique fluctuations and frequencies

,mix together.

A million Dao first turned into a hundred thousand Dao.

One hundred thousand ways turn into ten thousand ways.

Ten thousand Dao turned into a Thousand Dao!

In the end, all the rays of light merged together and turned into a terrible impact like nine heavenly pillars, sealing all the spaces of Qin Chen, with a bang, directly on Qin Chen.

"So strong!"

boom!

On the surface of Qin Chen's body, the sword intent vibrated, revealing a look of horror.

With Qin Chen's current strength, even a Venerable could not blast his defenses, but the attack just now, the combined attack of the millions of Zerg army, had surpassed the average Venerable Master.

It can almost be compared with the full blow of Chaos Poison Venerable.

Awesome!

No wonder the rumors of the Zerg army on the battlefield of ten thousand races are extremely difficult, indeed extraordinary.

But Qin Chen was shocked, and these Wala Zergs were even more shocked.

With their combined blow, even the sages of the human race and the demon race could damage the human race kid in front of him.

"The horse sent the news to the general."

Several half-step Venerable Zergs on a few heads, Li Yue exuded strange fluctuations, and quickly spread out.

In the core area of the Wala Zerg camp.

The camp was lifeless. The Demon Camp is different from the Ten Thousand Demons Mountain Range Camp. The Wala Zerg belongs to a subsidiary race of the Demon Race. In order to compete for the status of the Demon Race, the forces of these subsidiary races are often extremely fanatical and desperate to obtain military merits, because This

It concerns the future of their race.

"Damn it, this time, we finally set a trap and ambushed the war wolf clan in the Ten Thousand Demons Mountain Range, but in the end, they escaped. The waste is a bunch of waste."

In the core area of the Wala Zerg Clan camp, a scorpion exudes a terrifying aura, with hard armor all over the body, sacred feet, and hands like a sickle, the Zerg Venerable said with a cold voice, killing the sky.

Below him, there are also several Zerg Demon Venerables, all in the realm of ordinary human Venerables, with their heads lowered and trembling. "General, I have already said that as soon as the warwolf tribe army enters the trap of my Wrath Zerg, it will directly destroy their formation, but Coulimo disagrees, and must wait until they all enter the ambush trap. Do it again

, As a result, the Venerable of the Wolf Clan discovered the clues and retreated in time, so that he lost the most important ambush opportunity. This time the defeat was all the responsibility of Gu Limo. "

A master of the Wala Zerg said sharply. "Huh, Kone, are you trying to put all the responsibility on me? Originally, once the army of the war wolf tribe had all entered the trap of my wrath zerg, I would wait for my all-out effort, the war wolf tribe's Zorn, the General Tooth Venerable

He would be beheaded instantly, once the Venerable Fang fell, the other members of the Wolf Clan would not be able to withstand the combined attack of our Wrath Zerg. "

The Gu Limo's eyes were blood red, exuding cold and murderous intent, and he said sharply: "But you, this waste, left a trace in the trap, which caused it to be discovered by the wolf clan master and fell short. I think the responsibility for this failure is entirely yours. ."

"What are you talking nonsense?"

"Is not it?"

"Gu Limo, do you dare to fight with me?"

"Kone Demon, I'm still afraid that you won't succeed?" The two Vala Zerzu Venerables glared with murderous aura.

[Chapter 3742: Zerg Battlefield](#)

"enough."

The general of the Navara Zerg tribe was furious, and an invisible black ripple suddenly shot out, banging on the two big insects, and with a bang, the two big Zerg insects were blown out and smashed into the ground. "At this time, you are still shirking responsibility here. As you know, the Black Gold Zerg, which we have been hostile to, just won a great victory not long ago, beheading a large army of Druids, and got the award from the Demon. Go on like this, one

Once the Black Gold Zerg rises, the position of the Wala Zerg in the eyes of the demons must be threatened. It is related to the future of the race. Can you save me some snacks? "

boom!

The Zerg general was furious, his body soaring.

"Give me all to imprisonment!"

The Wara Zerg general roared.

The two great Vala Zergs dared to be angry but did not dare to speak, and their heads were downcast.

"General!"

At this moment, a Half-Step Venerable of the Wara Zerg race rushed in.

"General, a master of the human race broke into my Wala Zerg camp and is killing them." The half-step Venerable Wala Zerg said eagerly.

All the Wala Zerg masters present suddenly stood up.

What, the human masters rushing into the Zerg army? Could it be that the human army is about to attack his Wala Zerg camp?

Suddenly, all the Zerg masters became nervous.

The Human Race is the pinnacle race of the universe, it is no small thing, the other party dared to break into the Wala Clan camp, and he must have a huge certainty to dare to do so.

"As far as I know, at present, there is no army of the top human race in this area. Which human race team is it so arrogant?"

The leading general of the Wara Zerg has a face like a rock carving. The most conspicuous thing is his pair of eyes, like a pair of rubies, exuding a faint and mysterious light, and his whole person standing there exudes a ghostly and dark breath. .

"It's not the human army, but only one person." The Zerg Half-Step Venerable hurriedly said.

"One person?" Gu Limo, his Tongli Mo and other demon venerables were all frozen in their hearts. Could it be that some of the Heaven-defying masters of the Human Race came to storm their zerg army? But unless you are a top master of the earthly respect, even if you are a top master of human respect, they dare not rashly

Break into his zerg army, right?

The most terrifying thing about the Zerg is the number, and unlike the number of other races, once the number of the Zerg reaches the scale, the attack that can be formed will change qualitatively, and it can leapfrog the enemy.

"What is the strength of this person?" The Wala tribe general frowned.

"It seems to be a Half-Step Venerable..." Zerzu Half-Step Venerable said tremblingly. "A Half-Step Venerable scared you like this? Rubbish, all rubbish." The Wara tribe's general almost died out of anger, booming, the Half-Step Venerable was shot out immediately, half of his body was directly bombed. , Turned into painful blue blood all over the floor

Struggling, dying.

"A human half-step venerable dare to break into my Wala Zerg camp alone, who will kill this person for the deity?" The Wala tribe general said in a cold voice.

"Subordinates are willing to go."

Gu Limo and Konemo screamed together, and the other insects also said coldly, their eyes blooming with blood.

"In this way, Gu Limo, go and bring back the head of that human race." The Wara tribe general said in a cold voice.

"Yes."

This Gu Limo ignored the envy from the faces of others around him, and suddenly disappeared into the camp with a sway.

"Hmm, right?"

Suddenly, the general of the Wala tribe frowned.

"General, what's the matter?" "That human boy, just a half-step venerable, dare to break into my Vala camp, is there any support?" The Vala general frowned; "No matter, Gu There should be no problem with Limo, I have to think about how to fight

Get more combat exploits on the field and suppress the Black Gold Zerg. "

The general of the Wala tribe frowned and was very sad. His Zerg was considered to be one of the top races in the universe, but unfortunately now the entire Zerg has taken refuge in the Demon, and even the mother clan has become an affiliate of the Demon. These ordinary Zergs want the attention of the Demon. ,too

Difficult.

But it is about the future of the ethnic group, and they have to work hard.

And when the Wala generals worry about their future.

In the outlying Zerg camp, the eyes of countless half-step Venerable Zerg masters showed panic.

Rumble! Numerous armies of Wala Zerg have turned into territories that cover the sky and the sun. There is a palpable atmosphere in this world. Countless dense Zerg troops have surrounded Qin Chen and suspended in this world. I saw these Zergs with different appearances. different

, But their faces are extremely hideous and disgusting.

These zergs unite together and use their unique spiritual power to form a battle formation.

"Om!" "Om!" "Om!" "Om!" "Om!" ...

Millions of Zerg army radiated dazzling light at the same time, and their mental power resonated with each other, as if they were breathing slowly.

call!

The purple light on the surface of the million-headed Zerg was prosperous, bursting out countless purple rays, connecting with each other at an astonishing speed, and finally formed a terrible purple world, which enveloped Qin Chen.

Boom boom boom!

While the countless purple rays of light rushed to each other, some purple rays directly entangled Qin Chen.

cut! cut! cut!

Qin Chen turned the sword with both hands, and countless purple light bursts into pieces, and the zerg was exploded by Qin Chen and fell on the spot.

"What other means, just show it."

Qin Chen said indifferently.

"Damn it."

Hundreds of half-step Venerable Zerg masters have grim eyes, why is this human kid so terrible?

They are really frightened.

It is necessary to know that the unique space they form is the innate supernatural power of the Zerg race. Once formed, even the venerable master can be trapped, but they are easily torn apart by the kid of this human race. What kind of abnormality is this kid?

Qin Chen sensed the purple light in this square of heaven and earth, and nodded secretly.

Sure enough, the Zerg can occupy an important position in the universe. It is by no means idle. These Zergs in front of you do not even have noble masters, but once they are united, the supernatural power formed can even be trapped by noble masters. live.

This is just a battle formation formed by some half-step Venerables. What if there are Venerable-level Zerg masters who are in charge? Its power must be stronger.

"This Wala Zerg is good, maybe you can use it."

Qin Chen's mind flashed.

suddenly.

Boom!

Qin Chen looked up and saw a towering figure appeared above the endless sky. This towering figure exuded a terrifying breath of sage, descending like a god.

"Venerable Zerg."

Qin Chen thought, and the other party finally came.

"Master Gu Limo." Seeing this dark figure, there was a hint of ecstasy in the eyes of many strong Zerg races present.

[Chapter 3743: You can convict](#)

Lord Gu Limo came, and they were all intact.

"Huh, a bunch of trash."

An icy voice came, booming, this terrifying insect statue came, and saw its body exuding dark air currents, the whole body was surrounded by black air currents like tentacles, and the whole body was as high as hundreds of meters, towering majestically.

Its limbs are sharp like war-knife-like forelimbs, unmatched, and exudes a metallic luster. Just looking at it will give people the illusion of being torn on the spot, as if the soul is about to shatter.

"Venerable Zerg, looks really ugly."

Qin Chen frowned. At this moment, it was such a thought that came out of his mind.

"Human kid, how dare you trespass into my Wala Zerg camp, so brave, give you the opportunity to kneel down and bow your head to be a minister, this deity can consider giving you a chance to survive."

Gu Limo descended, his icy eyes stared at Qin Chen coldly, but there was a glimmer of light from the depths of his eyes.

As soon as it arrived, it had carefully sensed Qin Chen and tried to detect Qin Chen's cultivation level, but he stared carefully for a long time, but he never found Qin Chen's true strength, and he was immediately surprised.

"A little Vala Zerg, you are also worthy of letting this seat bow down as a courtier?"

Whoosh, Qin Chen approached Gu Limo directly and said coldly: "Let your general come out to meet this seat."

"Hahaha, what are you worthy of letting our general come forward? Give the deity to die."

A terrible aura suddenly surged from Gu Limo's body. Boom, the battle knife that its hands had evolved suddenly waved and slashed at Qin Chen.

"Huh, little Wala Zerg, looking for death."

Qin Chen's eyes were cold and booming, a terrifying soul aura bloomed from Qin Chen's body, turned into an invisible shock, and suddenly submerged into Gu Limo's body.

boom!

Gu Limo only felt that his soul was impacted by a terrible force, and suddenly violent shocks made his soul feel a strong tingling sensation.

What kind of attack is this?

Gu Limo was shocked, but before he could react, he felt a terrible demon aura surging from Qin Chen.

boom!

In Qin Chen's body, a kind of demon aura was revealed, and there was a dark aura spreading out.

"The breath of the demon, the power of darkness, are you... a member of the demon?"

The double swords that Gu Limo slashed out were scared and immediately retracted, and the whole person was trembling. At this moment, he felt that his soul was shocked by a strong breath, his mind was rumbled, and his soul seemed to burst.

Their Zerg now relies on the Demon Race, even if it is any Demon Race, they dare not easily kill it, but why does this Demon Race appear here?

Especially the aura on Qin Chen's body was clearly a human race, but for an instant, the aura of the demon race surged out of his body, what was going on?

"This seat is a member of the Demon Race. This time I come here because there is something important, so you won't let your generals of the Zerg Race roll over to see me." Qin Chen shouted coldly.

This.....

This sudden change caused Gu Limo to be stunned.

The other masters of the Wala Zerg race were also dumbfounded. The guy before was obviously a human race, how could he suddenly become an adult of the demon race?

Thinking of them actually fighting against the demon master before, my heart trembled suddenly.

"This...sir, the general is in the rear camp...you can still go down to the general." Gu Limo said tremblingly, hey, how did he come, how did he ran back, the speed is like fleeing.

My God, he actually did something to the adults of the Demon Race just now, and it's over, if the Demon Race gets angry, the general can't save him.

Qin Chen looked at Gu Limo who left instantly like a ghost, and his brows suddenly frowned: "Huh, trouble, your general of the Wala Zerg is such a big air, if this is the case, then I will go and see it in person."

When the words fell, Qin Chen swept straight towards the depths of the Wara Zerg. Along the way, countless warriors of the Wara Zerg dispersed in horror, not daring to approach Qin Chen at all, let alone blocking it.

In the Wala Zerg camp.

The Wara Zerg General with his cold eyes and sickle-like hands was thinking about what, his starter, Kone Mo and other Zerg lords were trembling, and said nothing.

Everyone knows that the general is in a bad mood now, and no one dares to touch his brow.

But at this moment...

boom!

A terrible breath came, and it was the Gu Limo who had just left, with a panic on his face, and directly broke into the camp.

"General, big things are bad, big things are bad."

Gu Limo was sweating, and when he rushed in, he said in horror.

"what happened?"

The general suddenly opened his eyes and said coldly: "Gu Limo, didn't you go to the outer camp to kill the human boy? Where is the human boy's head?"

"General, that person is not a human being, but an adult of the demon." Gu Limo said in horror.

"what did you say?"

The general stood up suddenly, feeling cold in his heart, are these guys idiots? At first, he said he was a kid of the human race, and later he said he was an adult of the demon race. The difference between the human race and the demon race is so big, can you admit your mistakes?

"Gu Limo, you didn't complete the task of the general and let that kid run away, so turn around and talk nonsense?" Kone snorted coldly.

Other insects also looked at it.

The difference between the human race and the demon race is so great that it is almost impossible to admit their mistakes, and they all feel that what Kone Moments said is quite possible. With a panic on his face, Gu Limo said anxiously: "General, that person, no, that adult is really a master of the demon clan, and the power of darkness in his body will never admit to being wrong, and , He also asked the general you to roll over to see him immediately.

"

"presumptuous."

Kone and other insect masters yelled.

"Gu Limo, have you lost your mind? Where did you come from, dare to let the general to see him, you are still so panic, I don't know what to say, you don't deserve to be a member of my Wala Zerg "Kone Demon shouted angrily.

Gu Limo's face changed slightly, just about to explain, but he hadn't waited for him to speak.

"Oh? Who is calling this brat?"

An icy voice sounded, and then, swish, an indifferent figure walked straight into the core camp of the Wala Zerg.

boom!

This is a human youth with extraordinary aura. As soon as he walked in, there was a terrible breath on his body, and there was a black air current surging with a terrible dark breath, which instantly enveloped the entire camp.

This breath is the power of darkness.

"The power of darkness!"

The great generals of the Wara Zerg tribe and other masters changed their colors, one by one suddenly stood up, looking at the human-like youth who rushed into the camp.

"You, are you the general of the Wara Zerg?" Qin Chen looked at the leader of the Wara Zerg with cold eyes, and the corner of his mouth outlined a cold murderous intent. "Your Excellency is so bold. Are you convicted?"

[Chapter 3744: My name is magic dust](#)

Although the aura of cultivation base exuding from Qin Chen's body is not very strong, the power of darkness shocked everyone. The astonishing pressure penetrated through the layers of the void, making the Great General of the Wala Zerg feel shocked. Heart palpitations, there is a kind of destruction

The meaning.

The Wara Zerg general was shocked: "Yes, this deity is the Wara Zerg general who stabs the sky. Who is your Excellency, who broke into my Wara Zerg camp, why not register?"

It didn't say that it was guilty, but just looked at Qin Chen coldly, and a breath of heaven exploded in its body. The power of the worm was shocked, and Qin Chen was also shocked.

The cultivation base of this worm is very close to the peak of the human respect, it is no wonder that he can become the great general of the Wala Zerg and command one side.

Looking around, Qin Chen saw five or six other Vara Zerg venerables in this camp, each with extraordinary auras. The previous half-steps of the Valar Zergs can unite, and they can burst out with the power of trapping and killing the Venerable. If these Valar Zergs join forces, the power that erupts can definitely hurt themselves, and even threaten them.

s life.

However, Qin Chen didn't panic at all on his face, his eyes became colder and colder, staring coldly at the Great General of the Zerg Race in front of him, the power of darkness on his body grew colder.

"The Great General of the Wara Zerg? Huh, I'm so brave, how dare you talk to this seat like this, it seems that the Wara Zerg doesn't want to be mixed in the universe anymore, aren't you afraid of being annihilated?"

Qin Chen snorted coldly, his eyes were cold, and the dark breath escaping from his body shocked the world.

"Your Excellency is so loud."

In the camp, Kone Demon's eyes flashed, and it could feel that, although the power of darkness on Qin Chen's body was terrifying, but the true cultivation base aura didn't even reach the Venerable, dare to come to their Zerg camp rampant?

The most important thing is that although Qin Chen possesses the power of darkness, no matter how he looks at it, he is only a human race, and has nothing to do with the demons.

"Gu Limo, what the **** are you doing? What is the origin of this person? If you have the power of darkness, you pretend to be a demon? What is the intention?" Kone said coldly to Gu Limo. Forget to have trouble with Coulee.

"court death!"

Qin Chen was angry, and suddenly shouted coldly, booming, a terrifying flame aura suddenly floated out of Qin Chen's body. As soon as this flame appeared in the camp, the whole camp roared, as if it were going to Was burnt into nothingness instantly.

This group of flames, bursting with a terrifying demon flame aura, fell on the body of Kone in an instant. call!

The pitch black flame carried the aura of disaster and destruction, and immediately wrapped around the whole body of KONE.

"Ah!" Kone demon let out a horrified roar. In its body, the power of the terrible insects swept out, trying to extinguish the demon fire, but it was of no avail. This group of demon flame not only burned its body, but also into its soul, in

Corrupt the power of its soul.

This is the terrifying Nirvana flame formed by Qin Chen condensing all the sky fires, possessing all the characteristics of calamity underworld fire and sky poison entropy fire, but what Qin Chen revealed at this moment was the improved calamity underworld fire characteristics.

That calamity underworld fire is rumored to be the origin fire of the demon disaster supreme. Back then, the disaster supreme fell and the original fire was hit and extinguished. Although this calamity underworld fire only had the breath of the catastrophe supreme, it was still significant.

This is magic fire, crazily eroding the flesh of KONE.

Kone screamed frantically in the camp, trying to wipe out the flames on his body, but couldn't do it at all. He could only use his worm-sovereign power to resist the invasion of this flame with great pain. The few Wala Zerg Venerables left in the camp were all frightened, staring at Qin Chen angrily, but no one dared to do anything to Qin Chen. The eyes were filled with terror, and there were two friends The insects who had good friends with KONE stepped forward,

The power of the Venerable erupted in the body, helping Kone Mo to extinguish the magic flame on it.

However, as soon as their hands touched the Kone Demon, the power of this demon flame seemed to be contagious, instantly spreading to their palms, and even their bodies began to burn.

"Exit!" At this time, the Great General of the Wala Zerg Clan Stabbed Sky Qiong suddenly and screamed, and the power of the dark Venerable Sen Leng diffused out of his body, and with a scream, the power of the dark Venerable was with a trace. The breath of the power of darkness constantly suppresses the Kone Mojo

The flame aura on his body suppressed it a little bit.

In the end, this group of demon fire was finally extinguished, but the Kone Moments were completely dark and extremely embarrassed. The most serious Kone Demon's body had already been burned, and the soul was damaged.

The General Stabbing Sky Sky looked at Qin Chen solemnly, and he felt a terrible demonic aura from above this demon fire.

"Your Excellency, what do you mean?"

He said coldly. Qin Chen stayed silent, all eyes were in full view, and he went straight to the place where he was sitting before the piercing sky in the middle of the camp, and then sat down: "What do you mean? This person speaks wildly and speaks rudely to this seat, so I will impose a small punishment. If not for this seat

He still had a little use, and he killed it directly before. "

The other people Chongzun looked at Qin Chen with anger in their hearts, with a big tone.

"This friend."

Stabbing Sky Qiong squinted his eyes, seeing Qin Chen's arrogant appearance, he became more afraid to move, and said in a condensed voice: "Who on earth is your excellency? Why do you come to my Wala Zerg, should there be a saying?"

It was angry in its heart, daring not to speak.

Qin Chen's posture is really extraordinary, how can an ordinary human dare to break in like this? Qin Chen sat on the head chair of the big camp and said lightly: "You don't need to know the origin of this seat. As for the name, it's not convenient to tell. You can call me Magic Chen, and you only need to know that this seat is The core person of the Mozu, this time

Here, there are important things that you need to do for this seat. "

"Magic dust?" Stabbing Sky Qiong frowned. He had never heard of this name among the demons.

Does the Mozu have such a number one person?

What are the core members of the Demon Race, they are also a not weak race among the Zerg, how can they bow their heads because of a word of others.

It immediately said coldly: "Your excellency wants me to obey your command by the Wala Zerg. Isn't it ridiculous? At least you have to tell me which clan you are from, right?"

There are tens of thousands of demon races, including low-level demon races and high-level demon races. This person just shows a trace of dark power. Who knows which demon race is? When the time comes to inquire about the news, I am afraid that I will not find out.

"Do you want to know the origin of this seat?" Qin Chen suddenly smiled coldly, with a trace of contempt and disdain in his eyes, and an invisible Demon Clan avenue surged in his mind. It is the way of the deep demon.

[Chapter 3745: Lord Tu Tian](#)

Qin Chen used the heavenly soul forbidden technique to divide the soul into two and turned it into Qin Mo. Qin Mo is the true inheritor of the Tao of Abyss. However, Qin Chen's body is naturally very familiar with the understanding of the Dao, and it becomes operational in an instant. , Suddenly, the whole camp

The middle is filled with a terrifying demonic power.

"this is....."

Stabbing Sky Qiong's face suddenly changed: "The power of the deep demon, are you..."

Stabbing Sky Qiong's heart was horrified, and he lost his voice in amazement. Although Qin Chen's demon aura surging out of his body is very slight, its essence is extremely pure, and it is actually the avenue of the imperial Demon Clan in the demon clan.

hiss!

Stabbing Sky Qiong's heart was immediately horrified, could it be that the human race in front of him was a master of the Abyssal Demon Race?

No, but if this person is a member of the Abyssal Demon Race, why can't he feel the magic in his body at all? And clearly it's just a human race.

At this moment, Stabbing Sky is really panicked.

The Demon Race is too powerful. This is the race in charge of the Demon Race. The true royal family, in the entire world, is respected by the Demon Race.

Not to mention that they are the Zerg tribe, even those other demons they surrender, when they see the people of the deep demons, they will bow their heads and claim their vassals and dare not disobey. Their Zerg is considered to be powerful, but the united status of the entire Zerg is no more than an ordinary high-ranking Demon in the Demon. What's more, it is only the Zerg royal family. Their Wala Zerg is just an ordinary race of the Zerg, how dare you?

Offend the Abyss Demon Race?

"Do you have any questions?"

Qin Chen said coldly, his eyes high, looking down at the Dome of Stinging Sky.

Although Qin Chen's tone was calm, the lofty and contemptuous words in his words made other Venerable Zerg tribes feel resentful.

At the moment, General Stabbing Sky Qiong was in a mess.

First of all, the aura that Qin Chen showed was indeed very similar to that of the Abyssal Demon Clan, but with his status, he could not see the members of the Abyssal Demon Clan, nor did he know any high-level members of the Abyssal Demon Clan, so naturally he could not tell the difference. What Qin Chen said is true and false.

The opponent came this time, clearly wanting him to do something for him, if the opponent is really a member of the Abyssal Demon Race, but if not, then the future of his Wara Zerg is going to be ruined.

For a moment, he hesitated in his heart.

This is an opportunity, but it is also a danger.

It's okay to be deceived, but if it affects the future of the race, he naturally cannot bear this responsibility.

Because the demons have infiltrated many spies and spies in the human race, the human race naturally did the same before, and caused great losses.

At his level, it is natural that Qin Chen would not say anything. It would believe in anything. How could a Zerg expert who reached his level be so easy to deceive? "My lord." As soon as the eyes of Stabbing Sky Qiong turned, he had an idea in his heart and respectfully said: "My lord, you are extraordinary. I dare not doubt it. However, my lord, if you have any material or other needs, I can satisfy you. , But if you want to make

Make me wrath the Zerg, I am afraid..."

"My lord, you also know that my Wala Zerg is now under the command of the dead demon. Although the dead demon also obeys the orders of your master, the deep demon, if there is no token to prove my identity, or if I dispatch my sufficient tokens, I am afraid Yes....."

There are many races in the battlefield of ten thousand races, and the various races were intertwined before.

If different races want to unite and mobilize, naturally, it is not just a few words that comers can just say, but a token of the unification of the Demon Clan, so the sky piercing naturally wants Qin Chen to bring out the token.

"Credits? Huh, do you know how important this seat's mission is. How much energy and effort has been spent on this seat to hide its identity? How can this seat carry something as obvious as the token?" Qin Chen said coldly.

hiss!

Could this master be a spy who infiltrated the high-level human race from the Abyssal Demon?

Stabbing Sky Qiong was startled, not to mention, if Qin Chen hadn't taken the initiative to expose the way of the Abyssal Demon, he would not have been able to tell that Qin Chen was an adult of the Abyssal Demon Clan. No matter how you looked at it, the young man in front of him was a Human Race.

"My lord, that subordinate..."

Stabbing the sky hesitated, sweating. Qin Chen frowned. He originally wanted to use the way of the deep demon and the power of darkness to directly control the Oala Zerg, but he never expected that the level of this demon was so strict, even if the way of the deep demon was exposed, the opponent Do not obey orders, need

To keep things.

"You said that the Wala Zerg is the Dead Demon Clan?" Qin Chen turned his eyes and thought of this idea.

"Exactly."

"Then have you heard of Tu Moyu, the holy son of the Dead Demon Race?"

"Saint Child Tu Moyu?"

Stabbing Sky Sky was stunned, and looked at each other with the other insects, but they all shook their heads.

"My lord, the one I'm waiting for to contact the Dead Demon Race is Master Tu Tian, he is the Half-Step Venerable Dead Demon Race... Maybe it is not necessarily because he knows the Master Tu Demon Yu you mentioned." : "I can contact you for adults."

Venerable Tu Tian Banbu? Qin Chen was speechless, is it too miserable for this worm race? Anyway, this Stabbing Sky Vault is also a master close to the pinnacle of human beings. There are also five or six

insect masters in the entire camp, but the death demon clan is only connected with a half-step master. This is really...

..."It's just a small half-step venerable, it can know what secrets in this seat, the secrets of this seat, let alone his half-step venerable, even the high level of the entire dead demons is almost unknown." Qin Chen snorted coldly, high above, his eyes

Disdain.

"But that's all, you can contact this person and ask about Tu Moyu's news. It can be proved that Tu Moyu has seen this seat back then." Qin Chen said lightly.

Even if he could not control the Oala Zerg, it was extremely important for Qin Chen to find out about Tu Moyu.

After Qin Mo took Tu Moyu, Lingyuan and others from the Moon Demon Race to the Demon Race, there has been no news. After so many years, I don't know what happened to them.

"Yes, my lord."

Qi Tianqiong heard that Qin Chen said that he could contact Master Tu Tian, but he was relieved, otherwise, it really doubted whether Qin Chen's origins were forged.

"Gu Limo, bring the communication array that is in contact with the dead demons."

"Yes!"

Gu Limo reconciled, and soon several Wara clan masters walked in, took out a complicated formation and placed it in the center of the camp.

This array is nearly ten feet long and wide, with extremely complex patterns, obscure and deep, and it is obviously a very high-level communication device. "Remember, when communicating with Tu Tian, you should directly ask about Tu Moyu's news. As for this seat, don't speak up for the time being, because the existence of this seat is confidential and must not be easily revealed, even if it's from the dead demons. No one can know,

Otherwise, you will be punished if it is leaked. Speaking of it, if it wasn't an accident this time, I wouldn't risk contacting you." Qin Chen said lightly.

[Chapter 3746: Demon](#)

"Yes."

Stabbing Sky Qiong was shocked, even the people of the dead demons could not know his secret? If this person is really a member of the Abyssal Demon tribe, how terrible will he perform?

It should be noted that the dead demons are among the demons, they are the same as the spirit demons, holy demons and other races, and they are the high-ranking demons second only to the abyss demons.

This son is either deliberately mysterious or must have an extraordinary identity.

The cold blood in Stabbing Sky Vault boiled.

Its voice fell, and immediately released a horrible sage of the insect-sovereign level, which penetrated into the array, and the entire array suddenly shone brightly, and an invisible wave was instantly transmitted from the top of the array.

"Your Excellency wait a moment, Master Tu Tian may be busy, I believe there will be news back soon."

Although Qin Chen has not yet confirmed his identity, Thorn Sky Qiong has already respected him and dared not disobey him in the slightest. After a few breaths, the disk suddenly flickered, and then an icy voice came out, "Stabbing the sky, what the **** are you doing, don't you know that the communication array on the battlefield can't be easily used? If it is by Human Race Master Mixer

If you have captured the information, you will be overwhelmed by the Zerg tribe. If you calculate the position of this seat in the devil world, who will bear the responsibility, are you the Zerg tribe? "

The voice was cold, full of powerful domineering, coldly scolded, obviously he didn't put Striking Sky in his eyes.

"My lord, this subordinate has something to report." Stabbing Sky Qiong's forehead sweated and whispered. "Hmph, what can you do with the Wala Clan? I have heard that you Wala Clan won the battle and ambushed the Wolf Clan in the Ten Thousand Demon Mountain Range. As a result, even a Venerable from the Ten Thousand Demon Mountain Range could not take it. But my old opponent's

The Black Gold Zerg killed a large army of Druids, and you lost all of your face. "

This half-step Venerable Tu Tianhan said. Being able to master the armies of the Wala Zerg tribe, although this Tutian is only a half-step venerable, it is also a core figure in the dead demon tribe, a disciple of that group of giants in the dead demon tribe. It will not be difficult to break through the Lord in the future

Things, but the most important thing is to enter the core place of the dead demons for baptism, so as to break through the realm of the Venerable.

In this way, he can completely activate the talent of his dead demons.

But if he wants to do this, he must make enough achievements on the battlefield of ten thousand races.

However, the Wara Zerg under his command is not up to date at all. How can he not be angry?

Although, the practice of their death demons is not to rely on external forces to prove themselves.

It can be imagined that the Black Gold Zerg under the enemy's command has achieved remarkable military exploits, and the anger in his heart will not be beaten.

Stabbing Sky Qiong didn't dare to say anything, and hurriedly said, "Master Tu Tian, there is indeed something to do with his subordinates. It is related to Lord Tu Moyu, a nobleman. I wonder if Master Tu Tian knows Master Tu Moyu?"

"Tu Moyu? You mean His Royal Highness Tu Moyu, what are you doing with Tu Moyu?"

Tu Tian's voice, who had been cold before, suddenly chilled, and said sharply, his tone clearly fluctuating.

Thorn Sky Qiong was also frightened by this voice: "... just want to ask if there is this one, because there is an adult from the Demon Race who is looking for Master Tu Moyu, so the subordinates..."

"Master of the Demon Race? Who is it?" Tu Tian said in a low voice.

"My seat demon dust, do you know Tu Moyu? Let him come and talk to me." Qin Chen said coldly.

Qin Chen was so excited that he couldn't think that the other party really knew about Tu Moyu. If so, he could really know the situation of Tu Moyu and the others.

"Devil dust? Never heard of, who are you, what qualifications do you have to look for His Royal Highness Tu Moyu, now His Royal Highness is the devil of my dead demon clan, how can you inquire if you want to." The other party said in a deep voice. There is also a hint of uncertainty in it.

Devil? Qin Chen was suddenly surprised. He never thought that Tu Moyu would become the demon son of the dead demon clan. It should be noted that there are many saints among the demon clan. For example, if this Tutian came from the line of the dead demon clan giants, he also had them back then. Maybe it's a holy child, a demon

The child is different.

This almost represents the identity of the heir of the dead demons.

Basically, in a demons race, the number of demons will never be too many, it is only a handful.

Through competition, they finally decide the future heir of the race. Even if the competition fails in the end, they will almost be able to become the high-level demons in the future.

However, as far as Qin Chen knew, a top-level demon clan like the dead demon clan, in order to become a demon, must be a demon lord.

Is Tu Moyu already Demon Lord?

Qin Chen's expression suddenly became extremely weird. When Tu Moyu and the others went to the Demon Realm, their cultivation bases were not as good as him. Could they have surpassed him in such a short time? Qin Chen thought in his heart, but said coldly in his mouth: "Is this seat qualified? How can you lie? You only need to tell it, and the name of this seat is enough. I believe he will know this seat when he hears the name of this seat. The identity of him, by then, let him and this seat

Contact, as for the others, I am afraid that you can't bear this relationship. "

Behind the transmission formation, Tu Tian obviously hesitated.

"Master Tu Tian, this adult has an extraordinary identity. If it is possible, you can notify Master Tu Moyu, and perhaps you will know the result." Tsai Tianqiong added carefully.

Extraordinary status?

In the devildom.

Tu Tian's heart was stunned. This was obviously a reminder that Stabbing Sky Qiong deliberately gave himself. In front of him, he called him an extraordinary identity. Could it be a member of that clan...

"Okay, wait a minute, I will go to His Royal Highness Tu Moyu now, there will be news in a moment."

When Tu Tian's voice fell, the communication array was immediately dimmed, apparently looking for Tu Moyu.

In the Great Encampment of the Wala Zerg Clan, he suddenly fell into peace. Except for Qin Chen sitting on the first seat safely, the other worms were all trembling.

Because they also heard that the Saint Child Tu Moyu that Qin Chen was looking for, even Master Tu Tian called His Highness, the one in the Dead Demon Race must be extraordinary and must be superior to Master Tu Tian.

Especially when that KONE thought of the words Qin Chen had said before, his face became even darker when he was burnt.

At this moment.

In the devildom.

This is a barren black earth, and in the center of this black earth, there is a black mountain rising into the sky. This black mountain does not know how high it is. It towers straight into the sky and penetrates into the misty black sky. You can't see the end at a glance. Looking at it, it is surrounded by pitch-black earth. A kind of hong

The feeling of despair penetrated, like a desperate cemetery. Around the black mountains towering into the sky, there are other mountain peaks all over the place, stretching and undulating, just like a winding dragon, and among these peaks, there is a breath of extremely terrifying demons. Obviously every mountain peak Both in

A terrifying demon powerhouse.

This is the core place of the dead demons.

Whoosh! A black streamer suddenly swept towards one of the peaks at this time. On the top of that peak, there was a dark palace that looked magnificent.

[Chapter 3747: Excited Tu Moyu](#)

The black streamer came to the front of the palace, and immediately fell down quickly, but it was a middle-aged man from the dead demon clan who was lingering in the devilish spirit. His eyes were strange and cold, and his body was filled with a faint breath of venerable.

"Who, come and break into the palace of His Royal Highness Tu Moyu. At the gate of the palace, two powerful dead demon clan experts of the pinnacle sage master level immediately spoke sharply, but after seeing the middle-aged man in front of them, their tone immediately became respectful: Master Tu Tian, did Master Tu Tian come to see His Royal Highness Tu Moyu?"

"

Tu Tian nodded: "I have something important to find His Royal Highness Tu Moyu, please let the two inform you."

"No problem, Master Tu Tian please come in first."

The two guards quickly led Tu Tian into the palace. One of the guards immediately reported to him. After a while, the defender returned and said: "His Royal Highness Tu Moyu, please come in."

Under the leadership of the guard, Tu Tian quickly came to the depths of the palace.

In the endless palace, black air currents surging, in the center of the endless darkness, a figure sits in a dark magic pond, and a series of terrible death demons surges out, lingering around this figure. .

"Om!"

This black statue opened his eyes and burst out a fierce light. If Qin Chen was here at this moment, he would definitely recognize that this person was Tu Moyu, the holy son of the Dead Demon Race who had been enslaved by him.

At this moment, Tu Moyu was surrounded by the terrifying Avenue of the Dead Demon Race. He stared at Tu Tian and said lightly: "Tu Tian, I heard you want to see me?" Tu Tian looked at the magic pond where Tu Moyu was enviously. , Said: "His Majesty Tu Moyu, coming here today, there is one to ask His Majesty. The General of the Wara tribe under my command on the battlefield of the ten thousand races once contacted me and said that there is an adult of the demon race, and

You are old and want to inquire about your news. "

"Master of the Demon Race?"

Tu Moyu's eyes flashed, "This seat has never been to the battlefield of ten thousand races, and has never heard of the Wala Zerg under your command. How can anyone contact this seat through the Wala Zerg? What is this person's identity?"

Tu Tiandao: "I don't know the identity of this person, but he..."

"boom!"

Before Tu Tian could finish speaking, Tu Moyu suddenly burst into a terrible murderous intent, and instantly crushed Tu Tian's body like a vast ocean.

"I don't even know his identity, Tu Tian, are you here to entertain me?" Tu Moyu said coldly, "I have never been to the battlefield of ten thousand races, how can you know anyone on the battlefield of ten thousand races!" Under the momentum of Tu Moyu, Tu Tian suddenly felt like a flat boat in the wind, and he was secretly shocked. It is no wonder that Tu Moyu can become a demon son. In terms of talent and the original power of the dead demons, Tu Moyu is compared I really want to be terrible too much.

His expression changed, and he said eagerly: "I think so at the beginning, but this person insists on contacting you, I thought..." Tu Tian said, a sharp light flashed in his eyes, and he said coldly: "So By the way, that guy is talking nonsense, and that's right. Your Majesty Tu Moyu, you have never been to the

battlefield of ten thousand races, how can you know the people of the battlefield of ten thousand races, let me know that right away.

The Wala Zerg under his command took down the guy who claimed to be Demon Dust and tortured them by words and deeds. "

"What are you talking about?" As soon as Tu Tian's voice fell, he saw Tu Moyu, who was sitting there cross-legged before, suddenly rushed out of the magic pond, and countless black magic qi was swept out of him. The moment was wrapped around his naked demon body, and immediately turned into a set

The black and hideous armor, like a demon.

Tu Moyu's body turned into a black light and fell in front of Tu Tian, his face was full of solemn color, and he said solemnly: "What? What did you say? What did he say his name was?"

Tu Tian was taken aback, and even said, "This person claims to be Magic Dust?"

Magic dust?

Endless excitement emerged in Tu Moyu's heart, Mo Chen, isn't this another master's name? Before they went to the Demon Realm, the master had said that in the future he was very likely to break into the Demon Realm, but the master already had a demon body named Qin Mo. By then, he would be called Demon Dust to break into the Demon Realm, but Unexpectedly to hear it here

Got this name.

Ten thousand race battlefield, how could the master go to the ten thousand race battlefield?

Endless doubts emerged in Tu Moyu's heart.

Thinking of this, Tu Moyu showed a trace of excitement on his face, and said in a deep voice, "Wala Zerg? What kind of tribe is the Wala Zerg? Where are they on the battlefield of ten thousand races? Bring this highness over."

Tu Moyu said hurriedly, looking impatient. It was the first time that Tu Tian saw the always prudent Tu Moyu turned into such an appearance, and even said: "His Majesty Tu Moyu, the battlefield of Ten Thousand Races is far away from our Demon Realm, and the camp of the Nawala Zerg Race is located in Ten Thousand On the edge of the clan battlefield, Your Highness

If you want to go to the battlefield of Ten Thousand Races, you must get the approval of the high level of the clan, and it takes a lot of time. The Navara Zerg is through the communication formation and the next contact. "

"Transmission formation, oh, transmission formation, then quickly take me to the transmission formation." Tu Moyu has recovered his composure at this moment, and said solemnly.

"The communication array is here." Tu Tianlian took out a complicated array and directly connected it in Tu Moyu's palace.

At this moment, in the Wala Zerg Palace on the battlefield of ten thousand races.

Hum!

Qin Chen and Qi Tianqiong waited for the communication array for a long time, and finally flashed again.

Without waiting for the other person to speak, Thorn Sky Qiong already nervously asked: "Master Tu Tian, have you asked the Highness Tu Moyu?"

"Who are you? Leave me, is Lord Demon Chen with you? Lord Demon Chen, I am Demon Yu Tu."

An excited voice rang from the transmission array with excitement.

In Tu Moyu's palace, Tu Tian suddenly felt shocked, Lord Demon Chen? His Royal Highness Tu Moyu actually called that Demon Chen an adult, what is the origin of this person?

Tu Tian only felt that he was short of breath.

Tu Tianlian said to the Stabbing Sky on the other side of the transmission formation: "Stabbing Sky, this is our Royal Highness Tu Moyu, the demon son of the Dead Demon Race. I don't want to see His Highness soon."

Stabbing Tianqiong's body trembled, and said: "Wala Zerg Stabbing Tianqiong, I have seen His Royal Highness Tu Moyu."

Tu Moyu snorted and said: "Wala Zerg? Is it one of the many Zergs who have taken refuge in my dead demon? I see, I heard that Lord Demon Chen is with you? Where are the others?" Qin Chen heard Tu in the hall. Mo Yu's voice is also quite agitated. I haven't seen this guy for quite a few years. I don't know how it is now? There were Qin Mo and Ling Yuan who went in together at the beginning. Now it seems that they are not together. Tu Moyu should have reached the clan of the dead demon clan. It sounds like it is quite good to be mixed with the dead demon clan.

[Chapter 3748: Control the Wala](#)

However, Qin Chen's face did not fluctuate at all, and stood up and said lightly: "Tu Moyu, it seems that you are very happy with the dead demons. Didn't you forget this seat?"

"Master Demon Chen, I missed it for many days back then, my lord, how did you go to the battlefield of ten thousand races? Is there any need for the communication?" Tu Moyu said excitedly.

Tu Moyu also knew that he couldn't say too much in the communication formation, but Qin Chen used the Oala Zerg's communication formation to contact him through Tu Tian, there must be some reason. Qin Chen glanced at the dazzling sky, and immediately said: "You know, this seat is performing a big task concerning the future of my demons. Recently, this seat has encountered some troubles in this ten thousand race battlefield. The Wala Zerg doesn't give me face

, Doubting the identity of this seat, this seat heard that the Oala Zerg is under the control of your Dead Demons, so I let the Oala Zerg contact you with the Dead Demons. Fortunately, now we finally contact you. "

"Bold, presumptuous, simply too lawless, what kind of zerg dare to be so rude to you adults?" Tu Moyu's angry voice suddenly came out from the communication array: "Wala Zerg is it? It should not be the Zerg royal family? This is it your Wala clan or your Zerg imperial clan? The identity of this Lord Demon Dust is very different.

Can you neglect it? Are you under that Zerg royal family? Are you not afraid of being annihilated in this vein? "A cold sweat broke out on Stabbing Sky's forehead. Although he Wala Zerg belongs to a certain royal family of Zerg, but now on the battlefield of ten thousand races, they are more of the Dead Demon Race, obeying the Dead Demon Race Master Tutian. Command, and now

, Master Tu Moyu, who was obviously higher in the Dead Demon Race, respected the Master Demon Dust in front of him.

General Stabbing Sky Sky suddenly panicked.

His Majesty Tu Moyu of the Dead Demon Race was enough to make him shocked by the Zerg tribe. How terrible is the adult holding His Majesty Tu Moyu's mouth?

"Misunderstanding, this is all a misunderstanding." Stabbing Sky Qiong said. Tu Moyu coldly snorted: "I don't care if this is a misunderstanding, the main hall is here to tell you that the identity of this Lord Demon Chen is not trivial. It has been hidden among the tens of thousands of races and performed special tasks. Many seniors don't know

Know his identity. If I guessed correctly, the current appearance of this adult must not be my demons, otherwise, as that adult, how could he talk so much nonsense with you. "Stabbing Sky Qiong was shocked. Indeed, even he could not see the identity of Qin Chen Demon Clan. Even with such hidden skills, even the Earth Sovereign of the Human Race, or even the Heavenly Sovereign, may not be able to tell at a glance. Is this an adult really? Is the highest level of the demons hidden in

A secret in the human race?

This is definitely a big secret and a big task to subvert the human race.

Huh! Huh!

Thinking of this, the breath that stabbed the sky suddenly rose, and he felt that he had discovered a secret against the sky. Although there are some races in the demons, such as the holy demons and other races, which can be hidden, they will have some clues more or less, but the human race in front of you really looks like a pure human race, even the soul breath is the same as the human race. , Must be the most demon

It took a huge price for the senior management to succeed.

The identity of this person in the demons is definitely not trivial.

Thinking that he had offended such a powerful demon clan, Stabbing Sky Qiong couldn't help feeling very nervous.

"Okay, Tu Moyu, since it's a misunderstanding, it's fine to make it clear." Qin Chen said lightly: "This time I have some troubles on the battlefield of ten thousand races. I need to borrow your Wala Zerg for use. Can you use it? It's convenient." "Sir, you speak, naturally no problem." Tu Moyu Lian said: "I wonder what trouble you have encountered? The Wala Zerg, it seems to be an ordinary human race under the command of the dead demons, there is nothing to be able to bear, no I know if you can solve it, if

If it is not enough, find a way to see if you can mobilize some more forces to serve you, adults. "

"No, this little matter should be solved by the Wala Zerg. This matter is extremely secretive. I hope you can keep a secret and don't need too many people to know." Qin Chen said lightly.

"That's good, pierce the sky, did you hear it?" Tu Moyu said coldly.

"This... Master Tu Tian..."

Ci Tianqiong hesitated, after all, his immediate superior was Tu Tian, not Tu Moyu.

"Stabbing the sky, is your brain broken? His Royal Highness Tu Moyu is the demon of my dead demon clan. What he said is naturally the Chinchilla Decree. You can do things for His Highness Tu Moyu. Blessed, don't thank you." Tu Tian said angrily.

He was so angry that he couldn't beat him. This Wala Zerg was so angry that he had such a bad head. What a good opportunity to serve the adult that His Highness Tu Moyu calls him? You are still hesitating to pass him, idiot?

At this moment, Tu Tian had already made up his mind. The Demon Dust in the Wala Zerg Camp is definitely a member of the Abyss Demon Clan, and must still be a high-level member of the Abyss Demon Clan. Otherwise, as His Royal Highness Tu Demon Yu, he would not be so respectful. . Because even the top demons such as the Holy Demon Race, the Spirit Demon Race, and the Sky Demon Race are equal to their dead demons. Only the people of the Abyss Demon Race can be called adults by His Highness Tu Moyu, and , Must be an important figure in the Yuanmo clan

.

After all, His Royal Highness Tu Moyu is the demon son of their dead demon race, and he may not be able to look at the general Abyss demon race.

"Yes."

Stabbing Sky Qiong respectfully said, then looked at Qin Chen, knelt down immediately, "Wala Zerg, I have seen Master Demon Chen."

"well."

Qin Chen nodded.

Next, Qin Chen talked with Tu Moyu a few more words, but because of the presence of the people, they couldn't say much, but it was an unexpected surprise to get the news of Tu Moyu.

Soon, the communication array is closed, and if the communication is too long, it will be caught by the human refiner, causing an accident.

"Very well, from now on, you will follow the orders of this seat. Regarding the identity of this seat, you must not mention it to anyone, otherwise, you Wala Zerg cannot bear this responsibility."

Qin Chen sighed as he looked at the worms like Stabbing Sky Qiong, and finally got the refuge of the Wala zerg.

"Yes, the subordinates understand, I don't know what Lord Demon Chen wants us to do?" Stabbing Sky Qiong said respectfully.

Gu Li Mo, Kone Mo and other insects respectfully knelt on the ground, waiting for orders.

"The reason why this seat is found is because there is a nobleman who is chasing and killing this seat." Qin Chen said.

Venerable Human Race?

They were taken aback. "This person is the pinnacle of Human Race Dayu Shenshan. His strength is extraordinary. Although this person is not afraid of him, once he fights against him, he will definitely reveal his identity. In case he sends the message back to Human Race, The plan

It fell short, so I need your help. Qin Chen said solemnly.

[Chapter 3749: How to hide](#)

The pinnacle of a human race?

Stabbing Sky Sky and other worms were taken aback. If they were ordinary human beings, they would naturally not be afraid, but the peak human beings of Dayu Shenshan were extraordinary.

Dayu Shenshan is one of the top powers of the Human Race, and coupled with the peak human respect, the cultivation base must be above them.

"Why, are you scared? With the battle formation of the Wrath Zerg, together, I am afraid that it is not inferior to a peak person, right?" Qin Chen frowned.

"For Master Demon Dust, I am naturally not afraid to go through fire and water. I am only worried about revealing your identity, Master Demon Dust." Stabbing Sky Qiong squinted his eyes: "As long as Master Demon Dust gives an order, I will kill the Zerg family. ."

"Okay, then you follow my orders and arrange like this..."

At the moment, Qin Chen quickly discussed with Stabbing Sky Qiong, after all, killing a master such as Venerable Jueshan is no small matter, and there can be no mistakes.

Dead demons.

Tu Tian put away the communication array.

"Tu Tian, can you leave this communication formation for your Highness?" Tu Moyu said, staring at the communication formation in Tu Tian's hand.

"This..." Tu Tian hesitated. Although this is only a communication formation, it is related to the Wara Zerg clan he controls. Although he is very disdainful and dissatisfied with the Wara Zerg tribe, it is a branch of the Zerg tribe after all. There are a lot of masters.

The above is an extremely powerful force.

Handing over the Communication Array is equivalent to surrendering the control of the Wala Zerg, and he can't explain his line.

"What? What's the problem?" Tu Moyu said lightly.

"No!"

After hesitating for a moment, Tu Tian gritted his teeth abruptly and handed the communication array up, "Haha, since it is needed by His Highness Tu Moyu, then take it, just go up..." "Brother Tu Tian is really loyal, don't worry, I Tu Moyu never treats his own people wrongly. Others treat me with loyalty, and I am naturally not stingy with Tu Moyu." Tu Moyu smiled and said, "As for the top, if you ask, you will tell them, you

This team is handed over to me, a small Wala Zerg, I believe the upper part will not care too much. "When I heard Tu Moyu calling himself Brother Tu Tian, Tu Tian got goose bumps all over his body, and his excited legs became soft. His Highness Tu Moyu has always been the target of various veins, if it's because of a small warrior clan. , Got his approval

, When the senior leaders in their own line learned about this, instead of blaming themselves, they would appreciate it.

"His Majesty Tu Moyu, the former demon dust lord..." Tu Moyu's face suddenly became serious: "Brother Tu Tian, it is not that I will not tell you, but his identity is too special. It's a secret. Originally, I was far from being qualified to know his identity. I just learned it accidentally. But now you know it. You can't tell anyone, not just foreigners, even high-ranking members of our clan. Inform. Because even the top of my clan, there are very few who know the identity of Lord Demon Chen.

."

Tu Moyu's serious tone made Tu Tian's heart suddenly startled.

Even the high-level of their dead demons, only a handful of people know, how terrible is the identity of that magic dust?

Tu Tian suddenly inhaled an air-condition, and at the same time was excited that he had learned this secret.

I actually learned the identity of that adult, is it also considered the insider of the other party?

He was suddenly excited.

Ten Thousand Races Battlefield

Wala Zerg camp.

Qin Chen had already discussed the plan with Ci Tianqiong and the others. This was an absolutely crazy plan, so that Ci Tianqiong and the others were also breathing air-conditioning.

Whoosh!

That night, Qin Chen left the Wala Zerg camp directly and entered the vast mountains in the distance.

Immediately afterwards, the big camp among the Wala Zerg was built with murderous aura, but a large group of Zerg powerhouses had already followed Qin Tianqiong and other Zongzun masters, and followed Qin Chen into the vast mountains.

"General, do we really want to follow Master Demon Chen to take this risk? Your plan is too dangerous. If one is not careful, I am afraid..."

Kone magic followed by the side of Stabbing Sky, cautiously said.

"Shut up." Stabbing Sky Qiong shouted at KONE Mo, his eyes were cold, and suddenly, the terrifying killing intent was like a knife, and it burst into KONE Mo's mind. "If you let me hear these things in the future, I won't blame this general for not being affectionate. Since I have already followed Master Demon Chen, then I will follow Master Demon Chen's orders, and there must be no doubts." Murderous, looking at many

Worm respect.

"Yes!"

All the insects bowed their heads, not daring to look directly at Sting Sky. "Do you think that the general only obeyed Master Tu Tian's orders to submit to each other? Huh, what do you know? That is even the Highness of the Tutian population, who must respect the existence of the other person, if I am correct. , This one

, Definitely an adult of the Yuanmo clan, and an adult with extraordinary status. "

hiss!

Many insect statues inhaled air-conditioning.

"I want to develop in the universe. It is too difficult for the Wala Zerg because we have no background, but if we can rely on this adult, then we Wala Zerg will send it out."

Stabbing the sky is very excited.

Adult of the Yuanmo clan, he thought about it and the blood in his body was boiling frantically, and he felt that the most heaven-defying opportunity in his life had arrived.

It was too difficult for them to survive in the universe. The pressure of the Black Gold Zerg also made him anxious every day, but now, he only has excitement.

"Follow my orders, be sure to complete Master Demon Chen's orders."

Stabbed Sky Qiong sternly.

"Yes!"

All insects respectfully said.

On the endless battlefield of ten thousand races.

Whoosh!

In the void, a figure was quickly moving through the void.

This person hides in the void, with an extremely restrained aura, almost imperceptible. It is the Venerable Jueshan of Dayu Shenshan.

Hum!

He urged the tracking mirror in his hand to capture Qin Chen's trail, and after several days of tracking, he finally approached the camp of the Wara Zerg.

"Well, that was the Zerg camp? Did that Qin Chen enter the Zerg camp?" Feeling the aura in the tracing mirror, Venerable Jueshan was taken aback. You must know that the Zerg's hiding skills are extremely terrifying, and With their unique contact method, the way to detect the enemy is not trivial. Even with his cultivation base, he dare not trade.

However, he broke into the Zerg camp, because he would almost certainly be discovered, it was just a matter of time.

"With that Qin Chen's cultivation base, it is impossible to avoid the Zerg's investigation." Venerable Jueshan frowned, and constantly urged the tracking mirror.

Suddenly, his gaze brightened, and he looked at the distant mountains, and he felt a faint breath in the blur of the tracking mirror. "Huh, what a deep method, I was actually led into the Zerg camp. In fact, I had already secretly escaped from here. If I was myself, I might have been deceived by this guy. Unfortunately, he didn't even know what I was looking for. Mirror, even if it is weak

The breath can also be captured. "

Venerable Jueshan gave a sneer and swept towards the mountains. "See how you hide this time."

[Chapter 3750: Qin Chen in crisis](#)

In the endless void, the figure of Venerable Jueshan shuttled through the void, and instantly entered the mountains in front of him.

In the emptiness under the mountains, Qin Chen was sitting cross-legged, closing his eyes and practicing. On the surface of his body, the aura of sacred sacredness was revealed, and there was a faint aura that overrides the rules.

"The origin of this ten thousand race battlefield is indeed powerful. If anyone tries to break through the realm of the venerable in a place like the Eastern Celestial Realm, it will definitely cause the suppression of the heavenly realm, but in this ten thousand race battlefield, there is no such trouble at all."

Qin Chen squinted his eyes.

On this battlefield of ten thousand races, you can practice your own Dao unscrupulously, surpassing the rules of the Dao of Heaven, without worrying about being suppressed by the Dao of Heaven. Because the battlefield of 10,000 races has gone through countless epochs, it is one of the worlds born after the origin of the universe. The Tao here is too powerful and contains the rules for the operation of the universe. Even Tianzun can survive in this kind of place, and it will naturally not be possible to break through. Any question

question.

This is why many masters of the ten thousand races will come to the ten thousand race battlefield.

"Boom!"

In Qin Chen's body, Dao Dao's terrifying Venerable aura surged, and now he was almost equivalent to a Venerable, but the Dao in his body had never changed.

Even so, Qin Chen still knew that it would not be an easy task to break through the venerable even in the battlefield of ten thousand races, and he needed to proceed step by step.

He condensed many of his martial arts and created his own unique skills.

In Qin Chen's whole body, there were a series of terrible restrictions, confining all auras, preventing him from being spied by other people, and in Qin Chen's mind, the aura of destiny was circulating.

Suddenly, Qin Chen's heart moved, vaguely feeling an inexplicable heart palpitations born, and he couldn't help but suddenly opened his eyes.

In the breath of destiny, there is a hint of crisis.

"Venerable Jueshan has finally arrived."

A cold light burst into Qin Chen's eyes: "This Venerable Jueshan really has a special method to track me, and even this way he can catch my existence."

Although this feeling was extremely weak, Qin Chen still keenly captured this breath.

Among the mountains.

Venerable Jueshan urged the tracking mirror to completely lock Qin Chen's location. "Then Qin Chen is 10,000 meters below the bottom of these mountains, and a lot of restrictions have been placed. This kid can really hide. If it weren't for this tracking mirror, I would really have let this kid escape.

Unfortunately, In the end it will be my Jueshan battle

Lipin, this kind of place, I don't believe that Jinlin can come to rescue you. "

Venerable Jueshan sneered, staring at Qin Chen below.

"That kid is extremely cunning, and according to the information I have found, this boy is not weak, but he must not continue to escape. You must let this boy lose combat effectiveness the first time."

Venerable Jueshan did not worry. Instead, he quickly locked the area in front of him. Om, on his body, a series of divine rainbows bloomed, faintly transformed into a mountain vein, and quickly formed around them. At the moment when countless black mountains light formed, boom, Countless black rays of light turned into a vast black mountain. This mountain stood tall, exuding the breath of the ancient sacred mountain. In the sacred mountain, countless black lights surged, aiming at the Qin Chen beneath the ground.

Got out.

The mountains are underground.

Qin Chen was sitting cross-legged, and there were some ancient forbidden patterns on the surrounding rock walls, and the patterns faintly fluctuate.

He had discovered the breath of Venerable Jueshan a long time ago, but he didn't leave for the first time. Instead, he waited quietly, fishing, and he should have some patience.

suddenly!

"Boom!" "Boom!" "Boom!"...A series of terrifying black beams of light pierced through the thick rock formations in a devastating posture, and bombarded to the underground restraint. The restraint arranged by Qin Chen was a brutal and powerful attack. In the next moment it was fragmented, the countless black light moments

Coming over Qin Chen's head.

When the underground restraint was attacked by countless black beams of light, Qin Chen seemed to wake up, as if he had only discovered the danger.

"Not good!" Qin Chen's expression was horrified, and the power of the sacred element on the body quickly extended to protect the whole body and turned into a powerful armor. At the same time, a simple pill furnace was suddenly sacrificed. It was the palace of Zixiaodou and Qingjin. The heaven-filling tripod made by the pill furnace, a thick thorn

The eyeball also affected Qin Chen when he penetrated the underground restriction...

After penetrating the thick rock formation, this beam of light had already weakened some of its attack power, and when it hit Qin Chen, it was naturally blocked by the Mending Heavenly Ding card.

when!

A dim sky, underground caves collapsed.

Qin Chen flew away too.

"puff!"

The Saint Yuan protection on Qin Chen's body was torn apart in an instant, and the whole person was extremely embarrassed. He opened his mouth and sprayed out a mouthful of blood, and his breath immediately became sluggish, as if he was seriously injured.

"who?"

Qin Chen immediately adjusted his figure, looked up at the sky in horror, and then soared into the sky under the ground, crashing, and flying along the deep hole that penetrated, instantly flying beyond the surface.

Qin Chen looked up and saw a dark sacred mountain suspended in the sky. On the sacred mountain, countless dark veins wandered around, surrounded, and firmly locked Qin Chen.

Buzzing!

In all directions, there were a total of nine sacred mountains suspended in all directions, blocking all the space around Qin Chen.

"Venerable Jueshan..."

Qin Chen stared at the towering figure floating in the sky, and let out an "outraged" roar.

"Smelly boy, do you think you will be safe if you are protected by someone from the monster race? Today, I will see how you escape."

Venerable Jueshan hovered in the sky, booming and booming, and the nine ancient sacred mountains bloomed with black evil spirits, forming a dense network, enveloping Qin Chen, and completely sealed off the void, without giving Qin Chen the slightest chance to escape.

"Venerable Jueshan, you are the Venerable Dayu Shenshan, you are all disciples of my human race, why do you act on me on this battlefield of ten thousand races, are you not afraid of being found and punished by the higher human race?"

Qin Chen shouted in anger and anger, looking embarrassed, with blood spilling from the corners of his mouth, this appearance was extremely miserable and furious. Venerable Jueshan looked at Qin Chen happily. It was this kid who almost put himself in a crisis when he was in the Eastern Heaven Realm. Fortunately, he was smart. Seeing Qin Chen's terrifying and miserable appearance, Venerable Jueshan's heart was Sincerely radiate

move. "Punished by the high level of the human race? Haha, boy, you have not joined any camp at the moment, and you don't have any power tokens on you. This is where I killed you today. Who knows that I killed you." Jueshan The Venerable is so busy in his spare time, but also

Staring at the Tianding Ding in front of Qin Chen, his eyes were fiery.

It was this Kanae that blocked his attack before, so that this kid was not so embarrassed. What kind of treasure is this thing? According to the investigation, there are two venerable Danding on this child, but they seem to be different from the appearance of the Danding in front of him.
