

## Valkyrie 381

Chapter 381 Qin Chen bids

Treasures of the same level are often numerous, such as weapons, formation plates, and pills.

But if it can be called the most expensive, there are often only a few types, which are either exercises, breakthrough pill, or top treasures such as defense armor.

"This thing is a piece of armor, named Heavenly Remnant Armor."

really.

As soon as everyone guessed, the old man had already opened his mouth to explain.

"This treasure is obtained from a relic by my Sky Star Chamber of Commerce. It is of extremely high grade, surpassing the level of our five northwestern countries. It is a Tier 5 armor."

When Qin Chen heard the words Tier 5 armor, he was shocked. This Wucheng actually had Tier 5 armor, and it was also auctioned?

Of course, Qin Chen knew the value of armor. It was the highest price among all treasure soldiers. For the same treasure soldier, the weapon might only be sold for 10,000 silver coins, and the armor could be sold for at least 20,000 or 30,000.

This is because the warrior wanders on the edge of life and death, and if he is not careful, he will fall and die. Therefore, a powerful armor can greatly improve the safety of the warrior and be looted.

However, in the five northwestern countries, the most powerful refiners are only Tier 4 refiners, and the number is very rare. In addition, the difficulty of refining armor and the value of materials are often higher than weapons, which also leads to the fifth The stock of Tier 4 armor in the country is very at least.

But now, the Tianxing Chamber of Commerce actually took out Tier 5 armor for auction? If such a set of armor was obtained by a Xuan-level martial artist, wouldn't it be physically invincible, and could suddenly rank among the top powerhouses in the five northwestern countries?

Countless people present were also shocked. The noise was endless, and could not stop at all.

The old man in Xuanpao seemed to have anticipated the reaction of everyone, and coughed and continued: "Of course, although this armor is a Tier 5 armor, some parts of it are damaged for some reason, and its defense ability is greatly weakened. No Tier 5 armor. In terms of defense, it is equivalent to ordinary Tier 4 armor."

Hearing this, Qin Chen breathed a sigh of relief, and the secret path was normal. If there was no broken Tier 5 armor to take out, it was indeed a bit shocking, but even if it was damaged, the attractiveness was equally amazing.

Sure enough, after the old man Xuanpao's voice fell, the commotion underneath was obviously much quieter, but it was still a bit turbulent. It could be seen that everyone wanted this broken Tier 5 armor.

The old man in Xuanpao did not continue the introduction, and directly raised his hand, and the maid on the side opened the plate, revealing a piece of black armor.

This set of armor looks very ordinary. It has experienced many years of devastation. It has a lot of damage. The formation pattern on it has also been broken. So the effect is greatly reduced. It may even have experienced a fierce battle. There is also a Big mouth.

But this still couldn't stop people's eyes from being fiery. Although they knew that this armor was broken, when everyone sensed it and passed it up, they clearly felt a strong breath, which was completely different from ordinary armor.

Qin Chen's perception also swept away the remnant armor that day, and immediately felt that there was an icy breath attached to it, checking the perception of every warrior that swept away.

It's the man in the cloak.

Shocked in his heart, Qin Chen pretended to be nothing, and after a slight scan of perception, he walked back calmly.

The cold breath inspected Qin Chen twice, but found no abnormalities. He continued to stay on the treasure armor and explore other perceptions.

"The man in the cloak should have discovered that I was spying on him." Qin Chen's heart sank, frowning in thought.

"There is no reserve price for this treasure armor. The one with the highest price will get the price. The bidding will start now." The old Xuanpao asked everyone to observe the Tianchuang Jia, and immediately put away the Tianchuang Jia and said.

"Five hundred thousand silver coins." Someone immediately made an offer.

"Five hundred and fifty thousand."

"Six hundred thousand!"

The voices of various quotations, one after another instantly.

You should know that Tier 4 treasure armor is not common, not to mention that this treasure armor was originally Tier 5 treasure armor. In terms of materials, it exceeds the ordinary Tier 4 quotation, and it immediately attracted countless people's pursuit.

Qin Chen didn't have defensive armor. He who had cultivated the Immortal Eucharist did not need defensive armor, but after discovering the cloaked man, Qin Chen felt a strong sense of crisis.

The fifth-order Wuzong was not a strong person in his previous eyes, but now he is only in the late stage of the sky, once he is stared at by the opponent, it is extremely dangerous. At this time, any defensive treasure may let him live. The chance of coming down is one more point.

"This armor should be forged from Tianchensha and star iron. At the same time, the forging process is very complicated. The cracks on the surface have suffered a strong impact. It is almost impossible to

repair it in a short time. But the defensive pattern above is only broken at the interface, and the structure is not completely broken. It is very likely to be repaired."

Qin Chen thought silently, with his refining skills, as long as he auctioned off the broken armor that day, he was fully capable of repairing the broken array pattern on the armor in a short time.

In this way, although this armor can't be returned to its peak state, but from ordinary Tier 4 defense to Tier 4 peak, there is still nothing at all.

At that time, his defense power will at least double.

"I must take pictures of the broken armor this day."

Qin Chen retracted his thoughts and set his gaze on the auction stage. After only thinking about this moment, the price of Tianchou Jia had soared to more than 900,000 silver coins.

Qin Chen knew that the warriors with too much armor were hot, and the price was too low. They couldn't get it. It was only a matter of minutes. Some real masters hadn't offered a price yet, so he said directly, "One hundred and five. One hundred thousand!"

"what?"

"Who pays 1.5 million?"

"From nine hundred and fifty thousand to one and a half million, is this too exaggerated?"

The crowd was in an uproar, all raised their heads and looked at where the sound came from. After seeing the price from the top five-star VIP room, they were all dumbfounded and confused.

The five-star VIP room of the Star Chamber of Commerce is normally closed directly. It will only be opened when the super large auction is held at least once a year, and those who can enter it are the top powers of the five northwestern countries. When did the top forces in the five northwestern countries come to Wucheng?

But before, someone saw the scene of Qin Chen entering the five-star box, and suddenly said it, and the crowd suddenly started to twitch.

It turned out to be Master Qin from the First Pill Pavilion. No wonder he was so proud. When he opened his mouth, it was 1.5 million silver coins. Although they did not know how much money the First Pill Pavilion made in Wucheng these days, they were definitely a man. Astronomical.

It may be surprising that other people directly quoted 1.5 million yuan, but since it is the first Dange, it is all too normal.

This price immediately silenced most people. One and a half million silver coins, this price is indeed not low, unless it is a large-scale force that has been operating in Wucheng for at least dozens of hundreds of years, ordinary people can't get it.

Chapter 382

For a while, there was some silence on the court.

In the four-star box below, Zhu Hongjun's face was gloomy, and he said solemnly to Zhu Hongzhi: "Big brother, this kid actually wants to take pictures of the broken armor of the day. He must be afraid that we will attack him, so he bought it for self-defense. What should we do now? "

"Naturally, this kid can't get the broken armor this day." Zhu Hongzhi's voice was cold.

There was only a moment of silence, and then a gloomy voice said, "One and six hundred thousand!"

"It's Zhu Hongzhi, the head of the Zhu family."

The crowd was in an uproar.

As one of the four major forces in Wucheng, the Zhu family naturally knows him a lot, not to mention the fact that there are only a few forces that can enter the four-star box, how can everyone not see it.

Thinking of the contradiction between the First Dan Pavilion and the Liu Pavilion, everyone suddenly became excited: it seemed that there was a good show.

Qin Chen smiled. He offered a price of 1.5 million yuan. In fact, he didn't think that this little money would be able to photograph the broken armor of this day. It is impossible for the warrior at the peak of the late stage to remain unmoved.

"Two million!"

Without hesitation, Qin Chen added another 400,000 to the base of 1.6 million.

The price increase of one hundred thousand and one hundred thousand is not his style.

"Wow..."

"It actually added 400,000 directly."

"Wealth is strong, it really is strong."

Almost everyone turned their eyes or perceptions to Qin Chen's box. Although his box was the most advanced box with powerful restrictions outside, this did not prevent the excitement of the warriors at the scene and wanted to see Qin Chen. Really impulsive.

Although the five-star box of the Sky Star Chamber of Commerce is powerful, it does not mean that it is incomprehensible. Qin Chen immediately felt a cold breath sweep over his body.

His heart sank and he knew immediately that it was the man in the cloak in VIP room No. 30.

The opponent was able to quietly penetrate the restriction of the five-star box, showing that the opponent's mental power was also extremely terrifying.

In order not to attract the other party's attention, Qin Chen pretended not to find the other party's prying eyes, showing a triumphant appearance there.

After sweeping the cold breath twice, he quickly retreated.

"What is the purpose of this person?" Qin Chen felt gloomy and couldn't understand.

"Two million one hundred thousand."

Another cold voice came, but it came from another private room.

"It's the Patriarch Song Zhe of the Song family."

"It seems that Patriarch Song is sure to win this day's broken armor."

"Two and two million."

There was another harsh sound.

Palace Master Wu Lengfan of Wu Xiu Mansion...

At this time everyone was speechless, except for the Sky Star Chamber of Commerce, the other three powers all joined the bidding.

This is the rhythm to be pinched.

"Two and three million."

"Two million three hundred fifty thousand."

"Two million four hundred thousand."

The three major powers of the Song family, Wuxiu House, and Zhu family increased their prices frequently.

They all know that the reason why the major forces in Wucheng can live in harmony is because of their strengths, and the gap is not very large.

But once this Heavenly Remnant Armor is acquired by one of the three major forces, the strength of the opposing top powerhouse will definitely surpass that of one of the parties present. In this way, the balance between each other will be broken.

Although it can't make an impact on the big picture, it will also cause a power gap in a small area.

This is something they don't want to see.

Seeing such a scene, everyone present was stunned.

"three million."

When everyone was shocked, Qin Chen made another offer and reported directly to three million.

The court fell silent again, and everyone turned their heads to look at Qin Chen in shock.

That's right, three million was mentioned at once. Does this guy have a problem with his brain?

Everyone was speechless.

The price increase of others is fifty-five thousand and fifty thousand or one hundred thousand and one hundred thousand. It is good for you. You can increase the price by hundreds of thousands at every turn, and you are simply uneasy to play the card...

The Zhu family and others were also dumbfounded, and this guy was too ruthless.

"Brother, do you want to add it?" Zhu Hongjun couldn't help but anxious when seeing his elder brother not speaking, and reminded, "If you don't ask for a price, you will be photographed by him."

"Increase, how do you ask me to increase it? Do you know how much wealth that guy has captured in Wucheng these days?" Zhu Hongzhi gave Zhu Hongjun a white glance.

"This....."

Zhu Hongjun stopped talking. Although he didn't know how much wealth Qin Chen grabbed, he thought that there must be some millions of dollars. It can be seen that the other party is not short of money.

"Our Zhu family has a big business, and everything needs to be spent. The wealth that can be produced can't be compared with this kid. Blindly increasing prices will only drag down our Zhu family."

"But you can't just watch the opponent take away the Tianjiajia."

Zhu Hongjun could not accept the fact that Tian Canjia was photographed by Qin Chen.

"Even if it is photographed by him, what about that kid's cultivation base, even if he obtains the Heavenly Fragment Armor, he still can't escape the hands of our two great forces. But if such an armor is obtained by the Song family, it will be troublesome. So as long as the Song family doesn't make a move, we won't make a move either."

Zhu Hongzhi pondered for a moment, and then said: "What's more, everyone can tell that the kid has probably already joined forces with the Sky Star Chamber of Commerce. If the Sky Star Chamber of Commerce joins hands with him to make a game, the purpose is to drag our three major families into the water. The desperate bids of the three major families have followed their ways?"

On the other side, the Song Family and Wu Xiu Mansion had the same ideas as Zhu Hongzhi.

It is definitely not the way for the three major families to bid for such a price. Now that Qin Chen is so early, they are relieved, at least there is a step down.

Otherwise, the cheapest thing is the Star Chamber of Commerce.

"Three million, does anyone offer a higher price?"

As a result, the scene fell into a strange silence.

"Since no one bids, three million once, three million twice, three million three times, the deal will be done."

After knocking the hammer, the old man in the mysterious robe Shi Zhen shouted loudly. After the maid took down the Tianwu armor, the old man in the mysterious robe continued: "Let's look at the next auction item..."

In Qin Chen's box.

After a while, the Sky Star Chamber of Commerce sent someone to send the Tianchou Jia over.

"Chairman Duan said, Master Qin doesn't have to pay for this Heavenly Fragmented Armor, just deduct it from the subsequent income." He said respectfully, and the steward who had sent the Heavenly Fragile Armor retired.

Quietly laying down some restrictions around to prevent others' perception from infiltrating in, Qin Chen began to look at the Heavenly Remnant Armor in his hand.

Sure enough, as he expected, although the whole piece of armor is relatively broken and difficult to repair in appearance, the formation pattern on it is not so complicated and has not been completely destroyed. With his current repair level, he can completely repair it.

Taking out an array pen from his body, Qin Chen repaired it in the box without hesitation.

He was going to leave Wucheng as soon as he caught the blood spirit fire. Before that, it was obvious that the more strength he improved, the better.

Chapter 383 Qinglian Demon Fire

At this time, the auctions on the field became more and more hot.

All kinds of treasures emerge in an endless stream, provoking people to bid again and again.

Qin Chen was completely immersed in the restoration of the Heavenly Remnant Armor.

Obviously, the age of the incomplete armor on this day is a bit old, and the formation pattern on it is completely different from the formation pattern system of modern times, and belongs to the category of ancient formations.

Therefore, Qin Chen repaired it very slowly.

But after Qin Chen carefully repaired it, about half an hour later, some of the broken formation patterns on the Heavenly Remnant Armor had been completely connected by Qin Chen.

Hum!

An astonishing breath immediately radiated out. If it hadn't been for Qin Chen's prohibition in the box, I'm afraid this mental fluctuation would definitely be felt by outsiders.

"Little dust, that was just..."

Although the outsiders did not perceive it, Xu Xiong and the others looked at the armor in Qin Chen's hands in shock, dumbfounded.

They had seen it before. When the remnant armor was delivered that day, it was pitch black. Don't be simple. But now, even though it is also pitch black, there are mysterious lines on it, which makes people feel obviously different.

"Don't worry, I just repaired this day's remnant armor briefly." Qin Chen injected Zhen Qi into the sky remnant armor, and the entire armor immediately covered Qin Chen's body, covering Qin Chen tightly. Then a martial robe was added outside, and there was no clue from the outside.

Fix...Fix it...

Xu Xiong's eyes were almost falling to the ground, but fortunately, they were used to Qin Chen's style a long time ago, so they were not completely dumbfounded.

"The next thing we are going to auction is one of the finale items of this auction. In terms of value, it is not under the previous Heavenly Fragment Armor..." At this time, the old man Shi Zhen, the mysterious robe on the stage, had just auctioned off a Tier 4 handle. Xuanbing said with a smile.

The whole field immediately became quiet, and at the same time, a jade box appeared in his hand.

Although Qin Chen was immersed in the Heavenly Remnant Armor, he also distracted some of his energy and kept paying attention to the changes on the stage. When this jade box was taken out, even if Shi Zhen hadn't spoken yet, Qin Chen trembled in his heart, he was sure This is the \*\*\*\* fire.

Even if the blood spirit fire was imprisoned by the restraint in the jade box, Qin Chen could still feel what kind of hot breath, the unique feeling of flame was absolutely beyond words.

The Xuanpao old man picked up the jade box and said solemnly: "The things in it, whether it is a pharmacist, a refining master, or other professions, or even a martial artist, especially a fire martial artist, have a huge improvement effect."

The old man said, suddenly opening the jade box.

A strong flame aura spread over the entire auction field instantly, forming a huge burning wave.

In that jade box, a cyan flame rose slowly, and the flame was in the shape of a lotus flower, which was extremely charming and bloomed with extremely bright light.

At this moment, no matter what level of warrior it is, at this moment, there is a hint of throbbing in my heart, as if in front of this flame, I am like that ant, and it seems that it will be burned to ashes in a moment.

But when he perceives it carefully, he finds that the smell of this flame is not so terrible.

That kind of utterly inverted illusion is extremely uncomfortable.

"It's an extremely terrifying blood spirit fire..." The Xuanpao old man slowly said: "After the identification of our Sky Star Chamber of Commerce, the name of this demon fire is still uncertain, but it is certain that it is some kind of blood spirit fire. And the grade should be at least Tier 4."

The crowd became agitated immediately, the fourth-order blood spirit fire, which has a huge attraction to almost all the martial artists present.

The only thing to worry about is whether it can be absorbed by auction. After all, Tier 4 blood spirit fire is not something anyone can refining casually. The process of refining different fires is often very dangerous. If you are not careful, you will Was bitten back by the different fire and burned to ashes.

As the old man spoke, the cyan lotus flame on the stage suddenly became dimmed. The previous terrifying aura disappeared in an instant, like a candle in the wind, which must be extinguished at any time.

"How is this going?"

"How come you suddenly become so weak?"

The old man in Xuanpao smiled bitterly, "I think everyone should also feel the specialness of this strange fire. This fire is very peculiar. Its aura changes every moment. When it is weak, even the first-order monster The fire is not as good, but when it is strong, even a Tier 4 Xuan-level martial artist will feel palpitations and cannot get close. We have checked a lot of books and collections, but we have not found such a flame."

"But there is no doubt that this fire is definitely an abnormal fire above Tier 4, otherwise it would be impossible to have such a terrifying aura."

"At the same time, since this item was deposited by someone else in our Star Chamber of Commerce for auction, according to the other party's request, there is no reserve price for this item, and there is no limit on the amount of price increase. The higher price will get it. Now..."

"The auction begins!"

The old man gave a low drink and waited quietly for the offer.

With a "boom", there was already an uproar in the audience at this time, and there was a complete sensation below. No one thought that there would be such a magical fire at the auction.

If this flame is really an abnormal fire above Tier 4, then it's too amazing. You must know that ordinary people can't refine Tier 4 Fire at all. If you want to refine Tier 4 Fire, you must be at least Tier 4 Mysterious Fire. Musha.

But the strange fire in front of it is very mysterious. Although its aura will constantly change and become extremely weak when it is weak, it also means that any warrior can refine it.

Even if the alien fire is changing, as long as the alien fire is refined, it is absolutely harmful and unhelpful, and it can greatly improve one's strength. After all, when the alien fire became stronger, everyone felt it. , The flame aura is terrible, I am afraid that a fourth-order Xuan-level martial artist can easily burn it.

Qin Chen's mind also "boomed", and his body even trembled.

After seeing the flame in Shi Zhen's hand, he couldn't help muttering: "Qinglian Demon Fire, is this the legendary Qinglian Demon Fire?"

When he was in the Martial Domain in his previous life, he once saw a book. It is said that there is a kind of green lotus demon fire between heaven and earth. It is very special. It was transformed by a mysterious green lotus between heaven and earth. , Very weak, even inferior to some ordinary demon fire and different fire.

However, it can continue to grow, and when it grows to the end, it is even more terrifying than the legendary Skyfire, which is a flame with infinite potential.

"three million!"

When the audience was noisy, Qin Chen was the first to speak and directly quoted a high price of 3 million.

"Wow!"

The whole scene burst into an uproar.

Chapter 384

At this moment, Qin Chen could no longer control why others wanted the flame to be auctioned, nor whether the flame was the Qinglian Demon Fire.

There is only one thought in his mind, which is to auction this flame.

He felt that this green lotus blood spirit fire could definitely get rid of his Hundred Ghosts curse.

three million?

As soon as Qin Chen's offer came out, everyone in the audience was dumbfounded, and all of them were almost stunned.

This Master Qin Chen really came to auction, didn't he come to make trouble?

A \*\*\*\* spirit fire that doesn't know what kind of fire is, even if it is Tier 4 or above, there is no need to bid as high as 3 million in the first bid, right?

You know this is the first bid, but there is still no reserve price.

Three million yuan. In the entire auction floor, except for a few big families, no one else can afford it.

At first, many warriors who were interested in this blood spirit fire and were preparing to auction them went crazy for a while, and they were vomiting blood when they were depressed.

What can they do if they meet such a guy who does not play cards according to common sense and is so rich? In addition to silently watching the other party bidding, the rest is still silently watching the other party bidding.

"Three hundred and one hundred thousand!"

When there was silence on the court, a cold snort sounded, and Zhu Hongzhi said coldly in the four-star VIP room.

He knew very well that Qin Chen was originally a pharmacist, and he must be very eager for this blood spirit fire. Although he also felt that the price of 3 million was already very high, in his heart, he did not want Qin Chen to auction it so easily. Get it.

"Zhu Family is getting into trouble with Master Qin Chen?"

"Does this still need to be said? The Liu Pavilion that Master Qin Chen destroyed before turned out to be inextricably linked to the Zhu family. The Zhu family even came to ask for justice for this, but was directly driven out by Master Qin Chen. It's a shame that the Zhu family can't hate him, it's just that they haven't been able to find a chance.

"It seems that the Zhu family doesn't want Master Qin Chen to get this mysterious fire, so they have to sniper."

"four million."

Facing the provocation of the Zhu family, Qin Chen looked cold and didn't care at all, but directly quoted again, and it rose by one million all at once.

Wow!

The crowd was going crazy, and the entire auction site was almost knocked off the roof by the noise.

What did they hear?

four million?

Has Master Qin Chen ever participated in auctions or auctioned items before? How can he make such bidding?

Others have raised prices of one hundred thousand and one hundred thousand, which is already considered very proud.

This is one million. A small family like the Xu family may not have one million if they are sold.

"Four hundred and one hundred thousand."

Zhu Hongzhi gritted his teeth and snorted again, adding another 100,000 to Qin Chen's foundation.

At this price, even his Zhu Hongzhi has to be cautious and nervous. Once the Zhu family takes out more than four million silver coins, there will be insufficient funds in each industry chain, which will have a huge impact.

But if Qin Chen was auctioned off so simply, where would he put the face of the Zhu family?

"five million!"

Qin Chen quoted again, adding another million.

boom!

The crowd exploded and almost went crazy.

What is rich wealth? This is rich wealth, five million yuan. Normally this price is not seen at all. It is only rare to appear at the super large auction held by the Star Chamber of Commerce every few years.

But Qin Chen, who quoted the price, had a calm tone at this moment, and didn't pay attention to the bidding Zhu family at all. It was a crushing tone.

This left everyone speechless, one by one, completely confused, hard to complain, and no longer know what to say.

In the eyes of ordinary people, even a Tier 4 fire can cost only two or three million silver coins at most. Even if the lotus blood spirit fire is special, the price will not exceed three million silver coins.

After all, no one knows what this different lotus fire is, and how terrible the effect after refining is. Spending all the property of a super large family to buy such a \*\*\*\* fire that does not know the effect is essentially a gamble. .

But in Qin Chen's view, this lotus blood spirit fire is something he must get, no matter whether it is the legendary Qinglian demon fire or not, Qin Chen knows that it is absolutely possible for the heart palpitations of the strongest period. Refining the Hundred Ghosts curse on him.

For Qin Chen, money is just something outside of his body, not to mention that it is not worth it to spend more than 4 million to buy a different fire, even if it is more than 4 million, as long as it can improve his cultivation level, it will have a good future for him. All the help is worthwhile.

Thinking of this, Qin Chen couldn't help but ridicule: "Why don't the two fat pigs of the Zhu family bid? Aren't they afraid? Well, the top four powers of the dignified Martial City can't even get 4 or 5 million. come out?"

"you....."

Zhu Hongjun was so angry that he vomited blood, and couldn't help but gritted his teeth coldly: "Boy, you have a kind, you have the ability to get out of the Sky Star Chamber of Commerce, and you are so kind!"

"Tsk, dignified Zhu family, won't it only threaten people? If there is a kind of thing, don't be there chirping, just quote the price, you can bring it, otherwise, like a lady, people look down on it."

Qin Chen sneered. Even if he was afraid of everything, he was not afraid of this threat.

"You... mad at me, big brother..." Zhu Hongjun looked at his elder brother Zhu Hongzhi with red eyes, apparently wanting his elder brother to continue to quote.

"Second brother, don't be impulsive."

Originally, Zhu Hongzhi had already retreated in his heart, and he didn't want to continue bidding. Qin Chen was even more afraid to bid for such a direct provocation.

If he bids and Qin Chen doesn't increase the price, then doesn't he really spend 5 million silver coins?

If this is indeed a blood-spirited fire against the sky, it's okay, and it can barely make it back, but if it is just a rare blood-spirited fire, it does not improve the strength of people much. If he shoots it back, wouldn't it be smashing In your own hands?

When the time comes, the entire Zhu family will face difficulties, and even collapse.

What made Zhu Hongzhi most alarmed was that the First Pill Pavilion and the Sky Star Chamber of Commerce seemed to have united, and he was worried whether this would be a bureau made by the Sky Star Chamber of Commerce.

"No one knows what this flame is. Your Excellency is wealthy, and he suddenly quoted five million yuan. Hey, I heard that the five-star VIP room of the Star Chamber of Commerce, powers such as the power of the five countries cannot enter at all. Your Excellency is a new one. In the first Dange that opened, there are some qualifications to sit in the five-star VIP room, maybe there is no certainty in it."

Although Zhu Hongzhi didn't say it explicitly, his meaning was already very clear. He said that this strange fire was probably caused by Qin Chen and the Tianxing Chamber of Commerce.

The crowd immediately stirred up.

Indeed, although Qin Chen's No. 1 Dan Pavilion caused an earthquake-like sensation in Wucheng, according to reason, he was not qualified to enter the five-star VIP room directly, plus his first quote was quoted 3 million. People can't help but doubt it.

Chapter 385

"Since you can't afford it, don't stop chirping and change the subject, haha, the dignified Zhu Family Patriarch, but so.

With a sneer, Qin Chen didn't bother to say anything.

After this disturbance, no one dared to bid with Qin Chen anymore.

Regardless of whether he is in collusion with the Star Chamber of Commerce, this guy is a lunatic, and bidding with him can only ask for trouble. Don't put yourself in it at that time, it will be worth the loss.

"Okay, this friend offered five million silver coins. Is there a higher one?"

The old man Xuanpao scanned the audience. He knew that the price was already super high, but he asked habitually.

Sure enough, there was no sound on the court.

"Five million once, five million twice, and five million three times. Okay, congratulations to this friend. I photographed this strange fire at a price of 5 million." Shi Zhen knocked hard and locked the price.

"Master Qin, this is the blood and spirit fire you photographed, five million silver coins, you really are..."

President Duan Lingtian personally delivered the blood spirit fire, and while handing the jade box to Qin Chen's hand, he sighed.

Five million silver coins, this is not a small amount. Even if it is their Sky Star Chamber of Commerce, it does not mean that they can be taken out, but Qin Chen directly bid for it, which is really a big deal.

After taking the jade box, Qin Chen opened it directly.

Hum!

A splendid green lotus bloomed in front of Qin Chen, exuding a terrible aura.

"Sure enough, it's a top-notch fire!"

Although I don't know if this is the Qinglian Demon Fire, the aura on this strange fire is terrifying, and it fully meets his needs.

Nodded, Qin Chen directly put the blood spirit fire away, put it in the storage ring, and then stood up suddenly.

"Chairman Duan, I am leaving Wucheng now. Please send someone to take me out immediately. As for the five million silver coins..."

"What? Master Qin, are you leaving now?" Duan Lingtian was taken aback, and Xu Xiong and the others were also startled.

Although he didn't understand why Qin Chen was leaving in such a hurry, Duan Lingtian nodded and said, "Okay, there is a passage behind our Sky Star Chamber of Commerce. I will take you out personally. As for the five million silver coins, forget it for the time being, those 110 The pill is far more than this price. Let us, the Sky Star Chamber of Commerce, pay for this blood and fire money on your behalf."

Qin Chen nodded and said nothing.

"Little dust, let's follow you too."

"Yes, wherever you go, we will follow you."

At this time Xu Xiong and the others said on the sidelines.

During this period of time, they were already familiar with working under Qin Chen, and Qin Chen suddenly left, making them feel at a loss.

It was obvious that Qin Chen could not take them away. After all, this time, he himself couldn't guarantee that he could not leave safely. If he took Xu Xiong and the others, he would be inseparable.

"You stay in Wucheng. There should be no problem with the Sky Star Chamber of Commerce protecting you. What's more, the cooperation between the Sky Star Chamber of Commerce and me in the future will need you, but what you need to know is to rely on External forces are destined to be unable to become a real strong. The pills I gave you are enough for you to break through to the profound level during this time. Whether you can grasp this opportunity or not depends on you."

It is impossible for Qin Chen to help Xu Xiong and the others all the time, but he also named the other party and arranged a way out. As for what they will do in the future, it is not for him to decide.

Next, under the leadership of Duan Lingtian, Qin Chen left the auction site through the back door of the auction house.

"Big Brother, according to our informant in the Tianxing Chamber of Commerce, Qin Chen of the First Pill Pavilion has just left the auction site under Duan Lingtian's leadership and seems to have gone outside the city."

Among the distinguished guests of the Zhu family, a warrior of the Zhu family came in quietly, and after a few words to Zhu Hongjun, Zhu Hongjun suddenly screamed.

"Oh, that kid is leaving? It's really shrewd, leaving through the back door of the auction house, really we won't get the news?" Zhu Hongzhi smiled coldly.

"Big brother, what shall we do now?" Zhu Hongjun was eager to fist, with a grim look on his face.

"What can I do? Notify Wu Xiufu Palace Master Wu Lengfan immediately, saying that the snake is out of the cave, let them lead people to join us, chase them immediately, huh, wanting to escape from the palm of the old man in Wucheng is really naive."

"Hehe, brother, let's set off quickly. That kid used to spend money to buy the Heavenly Fragile Armor and Blood Spirit Fire. I'm afraid he doesn't know that these two treasures will fall into our hands."

Zhu Hongjun gave a grinning smile, with a hideous murderous intent in his eyes.

In silence, Zhu Hongzhi, Zhu Hongjun and other masters of the Zhu family, as well as masters such as Wu Lengfan of Wu Xiu Mansion, all left quietly. In the box they were in, only a few small people were left.

"Chairman, Zhu Hongzhi and Zhu Hongjun in the Zhu family box have left, and Wu Lengfan, the head of the Wuxiu Mansion in the box of Wu Xiu Mansion, has also left the auction. Looking at the direction, he should be chasing Master Qin."

As soon as Zhu Hongzhi and the others left, a steward of the auction house came to Duan Lingtian and reported the news.

"The Zhu Family and Wu Xiu Mansion are actually united. It seems that I still don't give up on Master Qin." Duan Lingtian squinted his eyes, his eyes showed cold.

At this moment, another steward came over: "President, the guest in Box 30, said there is something important to leave, let us settle the auction fee for the blood and spirit fire first."

"Huh?" Duan Lingtian furrowed his brows, and his heart shuddered: Master Qin asked about this person's situation before, could he see anything?

After hesitating for a moment, he said solemnly: "Come to him."

"Yes!" The steward retreated.

Another human said: "President Master Qin is there..."

Duan Lingtian said: "Don't worry about it, let him go."

He was sure that Qin Chen left in such a hurry, he must know that Zhu's family and Wu Xiu's mansion would be disadvantageous to him, even the guest in box 30, Qin Chen should have seen something, but since he did not ask for permission Help yourself, you should have your own plan.

After Qin Chen left the auction, he did not pause, and immediately came to the outside of Wucheng City Gate and swept towards the Xuanzhong Mountain Range.

Whoosh whoosh!

After Qin Chen, Zhu Hongzhi, Wu Lengfan and others followed closely and came to the gate of the city.

"Patriarch Zhu, Chief Wu!"

The city guard hurried up to salute.

"What about Qin Chen?"

"I just left here and went to the Xuanzhong Mountain Range." The guard said hurriedly.

"Huh, do you want to use the Xuanzhong Mountain Range to escape our pursuit? Well thought, but unfortunately too naive." Zhu Hongzhi sneered.

"Hehe, big brother, I'm afraid that kid doesn't know yet, big brother, you have anticipated this possibility for him a long time ago, and set up a Tianluodi Internet cafe in front."

Zhu Hongjun also laughed aside.

"go!"

A group of people gave a low voice and immediately followed up.

Chapter 386: Trapped

Whoosh!

Above the boundless wilderness, a figure was swiftly moving, and in the distance, the profound mountain range gradually appeared in the line of sight.

Qin Chen's figure is like electricity, and he keeps approaching.

In the process of flying by, he released his mental power with all his strength. As expected, after a short while, several figures suddenly appeared behind him. It was Zhu Hongjun from the Zhu family.

Unexpectedly, beside Zhu Hongjun, there was another powerful man with extraordinary momentum. Qin Chen remembered that it should be the head of Wu Xiu Palace, Wu Lengfan.

Qin Chen sneered. It seems that in order to keep themselves, the Zhu family not only dispatched themselves, but also colluded with Wu Xiu Mansion.

But for this group of people, Qin Chen didn't care at all. Instead, he condensed his spiritual power. The powerful soul power, like an invisible wave, spread out.

Sure enough, ten miles away behind Zhu Hongjun and the others, the cloaked man in Box 30 also followed closely, closely following Qin Chen and Zhu Hongjun's group.

Qin Chen's heart sank. This man in the cloak is indeed not a good person. He just auctioned off the blood spirit fire, and in the blink of an eye, he was auctioned off to the blood spirit fire. He even ignored the exciting auction. Obviously there was something else. What purpose.

Moreover, besides paying attention to the blood spirit fire he had just auctioned off, this person did not show up, but carefully followed Zhu Hongjun and the others, maybe he also fancy Zhu Hongjun and the group.

Zhu Family and Wu Xiu Mansion probably didn't know that behind them, there was a terrifying powerhouse who was following them.

The man in the cloak had a very high level of cultivation. After hiding, even masters like Zhu Hongzhi of the Zhu family and Wu Lengfan of the Wu Xiu Mansion were unaware of it, and they didn't know that there was a oriole behind him.

Qin Chen's soul power has reached the stage of condensing the soul, and his spiritual power has also broken through the fourth stage. In addition, he has cultivated the extremely terrifying Wan Shen tactic, so he can detect the opponent.

Even so, Qin Chen was still cautious, for fear that the other party would find that he was spying on him.

Moreover, Qin Chen still has a great doubt, what is the purpose of the other party doing this?

If it's just for a little money, there is no need to be so troublesome. With this person's cultivation base, in the five northwestern countries, you can walk sideways. If you want to make money, there are so many opportunities.

A Tier 5 Wuzong can evacuate a large family like the Zhu family in minutes.

But he took out such a mysterious flame, and repeatedly got it up for auction at auctions, which is totally unreasonable.

While flying by, Qin Chen secretly portrayed the formation. Ever since he knew that this cloaked man was a Wuzong, he had a strong sense of crisis in his heart, always portraying the formation.

With his current cultivation base, if he really wants to fight, he is not at all an opponent of Tier 5 Wuzong, and even trying to escape is extremely difficult.

What Qin Chen is doing now is to make his hope of escape bigger.

If Zhu Hongzhi and Wu Lengfan knew that the formation that Qin Chen portrayed was not against them, I don't know what the group would think.

In fact, it was really like this. From the beginning to the end, Qin Chen didn't put Zhu Hongzhi in his eyes. Even if they were the powerhouses of the late Profound Rank, he would not have any problems with trying to escape even if he was not an opponent.

It was the man in the cloak that really made Qin Chen jealous. Not only did the man in the cloak have a weird background and terrifying cultivation base, but also his aura in Qin Chen's eyes was also extremely powerful. The kind of powerful aura and keen intuition were not even the ability of ordinary Wuzong experts. have.

You know, in places like the Northwest, ordinary Xuan-level martial artists break through Wuzong and put them to the outside world. That is also the weakest Wuzong. After all, there are no special masters in the northwest, and the cultivation methods are very common.

But the aura on this person was extremely terrifying, and Qin Chen felt an unprecedented strong crisis.

In the distance, the Xuanzhong Mountain Range was getting closer and clearer.

Just when Qin Chen was about to approach the Xuanzhong Mountain Range and swept into it.

"Hahaha."

A burst of laughter suddenly sounded, and a group of powerful men suddenly swept out from both sides of the wilderness, each holding a battle knife, surrounding Qin Chen in the center.

"Who are you? Why stop Ben Shao from going."

Qin Chen stopped, frowned, pretending not to know the identity of the other party.

"Who? Hahahaha."

"Boy, you've been in Wucheng for so many days, don't you even know who you have offended?"

"Tsk tsk, master alchemy master, so awesome identity, brothers, how many pills do you think the other party has?"

"Hehehe, we'll know soon."

After stopping Qin Chen's route to the Xuanzhong Mountain Range, the group of people did not rush to take action, but instead looked at Qin Chen in a leisurely manner, and smiled slyly.

"Several, we have never complained. There is no need to have trouble with me. If you want to cultivate a pill, that's okay. As long as you bring out high-level materials and the cost of refining, this master doesn't mind giving you two furnaces." Qin Chen said calmly.

Puff!

Hearing that, the group of people in front of them all smiled and looked at Qin Chen like an idiot.

"Brothers, what did I hear, this guy thought we were looking for him to refine the pill?"

"If we have to give high-level materials and refining costs, isn't it because the brains of alchemy are stupid?"

"Does this guy really think he's still in the first pill pavilion? Is he surrounded by others?"

Qin Chen frowned and said coldly: "If you are not looking for me to refine the pill, then please quickly get out of it. I have something to do and I will enter the Xuanzhong Mountain Range soon."

"At this time, do you still want to enter the Xuanzhong Mountain Range? I think it is almost the same as entering the hell.

A thunderous sneer came, and several figures quickly fell in front of Qin Chen.

"It's you? The Zhu family! What do you want to do?" Qin Chen's face sank, and when he saw that it was from the Zhu family, a trace of panic could not be seen in his eyes, but he quickly pretended to be calm.

"Hahaha, what do you want to do? Aren't you arrogant at the auction just now? Why are you not arrogant anymore? After the auction is over, the auction is not over, so you left in a hurry, why bother."

Don't mention how proud Zhu Hongjun is. Wasn't this kid very arrogant before, why is it suddenly withered now, knowing that he is afraid?

When the voice fell, Zhu Hongjun didn't say a word, and patted Qin Chen directly with a palm.

The huge palm exuded a monstrous energy, and the cultivation base of the mid-Profound level peak was seen in an instant, suddenly descending on Qin Chen.

boom!

The immense momentum shook Qin Chen away fiercely. He kept flying backwards for hundreds of meters. He spouted a mouthful of blood on the spot and fell heavily to the ground.

Chapter 387

That huge palm print, majestic and majestic, shocked the void, as if the gods and demons reached out their claws and wiped out everything.

In the void, the power of the palm was shaking, and there was an astonishing true power lingering, slowly dissipating.

Opposite, Qin Chen fell to the ground in embarrassment, with blood spilling from the corner of his mouth, as if he had lost his combat effectiveness and was motionless.

"Hahaha, at this level of cultivation, dare to be mad in Wucheng!"

Everyone in the Zhu family was startled, and immediately laughed.

Qin Chen established the first pill pavilion in Wucheng and caused a violent disturbance.

The key is this point of cultivation. I was still showing off at the auction before, and I don't know where the courage came from.

Do you really think that if you climb the Star Chamber of Commerce, you will be safe and sound?

"Brother, this person hasn't even reached the profound level, and he's a complete cultivation base, but in the later stage of the sky level, he is not enough."

Zhu Hongjun sneered, showing disdain.

opposite.

Qin Chen's face was like golden paper, and he felt helpless, fighting with others and forcing himself to vomit blood. This was really depressing.

But Qin Chen knew that once he revealed his true strength, Zhu Family and Wu Xiu Mansion would definitely try their best. By then, Zhu Hongzhi and Wu Lengfan, the two great late-stage powerhouses of the Profound Level, would act together. He would not pretend to vomit blood, but really vomit blood. Up.

Therefore, he can only be weak, so that the opponent can relax his vigilance.

Da da!

Amidst the laughter, Zhu Hongjun stepped forward. He stepped heavily on the ground, knocking in his heart like the sound of death.

"Boy, I thought you were so good, so you only have this ability. Let's talk about who you are, what is the purpose of coming to our Wucheng, and your pills are really made by you personally. ?"

Zhu Hongjun looked at Qin Chen coldly, with real power lingering all over his body.

"Pooh!"

Qin Chen spit out fiercely at him.

"Second Master Zhu, talk nonsense with him. It's better to kill him directly and take his storage ring to see what's in it. I remember him just now, but he spent 8 million silver coins and bought the Heavenly

Crest Armor and The mysterious fire, I want to store the treasures in the ring, there must be a lot of them."

A middle-aged man from Wu Xiu Mansion stepped forward and said gloomily. His eyes were greedy, and he stared at the storage ring in Qin Chen's hand. As soon as he stretched out his hand, he was about to grasp Qin Chen's storage ring.

"Wait..."

Zhu Hongzhi suddenly uttered a loud voice and noticed something wrong with Qin Chen.

With Qin Chen's arrogance in Wucheng, he shouldn't be such an idiot and be caught by them so easily. Moreover, if Qin Chen joined the Sky Star Chamber of Commerce, such a master alchemist, how could the Sky Star Chamber of Commerce not send people? Protect, let him be injured and captured by his Zhu family so easily?

Zhu Hongzhi didn't feel surprised that Qin Chen was intercepted by himself and had no way of retreating. After all, they and Wu Xiu Mansion had been prepared for a long time. It was extremely difficult for a fly to fly out, let alone a big living person.

But Qin Chen was so simple to be subdued, but he was puzzled, and something was vaguely felt in his heart.

However, he said too late, and the voice had not yet fallen, Qin Chen, who was lying on the ground, suddenly moved.

call out!

A sharp sword light, shining through the void, bursting out with an extremely brilliant light, shocked everyone's eyes.

Puff!

At the next moment, the head of the middle-aged man's stunned and angry eyes rose into the sky, and blood spurted out nearly ten feet away.

Simultaneously!

Qin Chen's figure is like electricity, and the rusty sword in his hand is shining brightly, like a scared rainbow, quickly stabs Zhu Hongjun.

Zhu Hongjun was shocked, and immediately furious: "Good boy, you were lying to me just now, looking for death." Before the words fell, his palm suddenly lifted, instantly turning into a crimson color, blooming with a steaming breath, toward Qin Chen slashed down suddenly.

A scorching breath swept across, under the hood of Qin Chen, and slammed on the long sword that Qin Chen pierced with a bang. Zhu Hongjun only felt that a sharp aura swept across, and a scar appeared on his palm, and at the same time, the giant wave had already wrapped Qin Chen in.

But Qin Chen was smashed out again, flying backwards tens of meters away, falling heavily to the ground, and then another blood spurted out.

This time he was even more miserable. The robes on his body were shattered, revealing the dark armor of the sky inside. On the bare arms, faint burn marks appeared, and even the hair was burnt and curled.

Qin Chen snorted and stared at Zhu Hongjun, as if he was annoyed that he could not kill him before, but he was thinking in his heart, after this sneak attack, the man in the cloak should relax his vigilance about his cultivation base, right?

His purpose for doing this was not because of the Zhu Family and Wu Xiu Mansion at all, but was to confuse the cloaked man to let him know that his strength was 'really' average.

"This is what you rely on? Just now dare to pretend to be dead and want to attack me? Damn it!"

Seeing the bloodshot in his palm, Zhu Hongjun was furious. If the warrior of Wu Xiu Mansion had not stood in front of him and had been beheaded by Qin Chen beforehand, his reaction would not have been so fast. If there was no such person, I am afraid he won't be as simple as just hurting a little flesh, maybe it will suffer a bit of a dark loss.

What a cunning kid.

"Originally, I wanted you to die decently. Now I have decided to smash your body into pieces and torture you to death a little bit, so that you know the fate and consequences of offending my Zhu family." Zhu Hongjun stepped towards Qin Chen. , His face grim.

This time, he didn't have any relaxation, and his real power was running to the extreme.

Although he knew that Qin Chen had been severely injured and had almost no combat effectiveness, he still had no slack. He didn't want the same thing to happen a second time, although the probability of a second occurrence was negligibly low.

"Hahaha."

Faced with this mortal situation, Qin Chen actually laughed at this moment, he wiped the blood from the corner of his mouth, and looked at Zhu Hongjun's expression like an idiot.

Everyone frowned and felt something wrong.

Zhu Hongjun frowned: "At this time, you are still laughing, do you know that you are going to die and are completely desperate?"

Qin Chen sneered: "I laughed. I was laughing at you as an idiot. You didn't know that I was delaying time. Now, my reinforcements have arrived, do you know?"

Reinforcements?

Surprised, Zhu Hongzhi and the others hurriedly looked around.

Whoosh!

At this moment, Qin Chen shook his figure, leaped quickly, and was about to rush towards the crowd.

"Huh, I wanted to find a chance to escape and stay with me."

boom!

Coming with a palm, Qin Chen was blown out again and fell heavily to the ground.

"Smelly boy, I'll abolish you first, and then let you experience the pain of being worse than death." Zhu Hongjun walked towards Qin Chen step by step, full of murderous intent.

"call!"

At this moment, a sound of wind sounded, and everyone was immediately alert and hurriedly turned their heads to see a cloaked man slowly walking out from a place not far behind them.

Chapter 388

"Are there really reinforcements?"

Zhu Hongzhi and the others all shrank their pupils, staring at the cloaked man who appeared suddenly, their eyes became extremely sharp.

Just now because of Qin Chen's reminder, all their perceptions were released far away, and they did not feel anyone around them at all, but the other party quietly walked out from a place not far away from them, and instantly surprised Zhu Hongzhi and Wu Lengfan. There was a cold sweat.

Glancing at each other, the two of them looked solemn. With their cultivation base, they didn't even notice the existence of this cloaked man just now, which is really unreasonable.

The only explanation is that this cloaked man has a terrifying cultivation base, not even weaker than them, or possesses a unique technique in hiding aura.

Qin Chen was relieved to see the cloak man appear.

He had previously pretended not to be Zhu Hongjun's opponent, the purpose was to make this cloaked man think that his life would be in danger.

There was a faint feeling in Qin Chen's heart that the other party put out the mysterious blood and spirit fire auction, not just wanting to auction back the blood and spirit fire to make money, but for some other purpose.

If so, the other party shouldn't just watch him die.

The appearance of the cloaked man immediately verified Qin Chen's conjecture, and while he was relieved, he was also more vigilant about what purpose the other party had.

"Who is your excellency, please report your name."

Zhu Hongzhi and Wu Lengfan looked at the cloaked man warily. In their hearts, Qin Chen could take out so many pills in Wucheng and kill Wu Liangyu. There must be a strong man sitting behind him. Could it be the cloaked man in front of him? What?

"A pharmacist, but there is no powerful warrior behind him, and he wants to grab food from other forces. I really don't know that the sky is huge. I really think that I can refine a powerful pill, and others will not dare to move you?" The cloak People didn't pay attention to Zhu Hongzhi and Wu Lengfan's inquiry, but stared at Qin Chen disdainfully, as if there was no one else.

When he said this, his gaze fell on Qin Chen: "I was originally curious, what is the origin of a pharmacist who can take out the fourth-grade pill, or who is behind it, but unfortunately, it really disappoints me. ."

Qin Chen bit his lip, but said nothing, but in his heart he wanted to know what the purpose of this cloaked man was? If you just want to retake the blood spirit fire, you can wait for the Zhu Family and Wu Xiu Mansion to kill themselves before retaking it again.

But what is the purpose of appearing now?

The man in the cloak didn't wait for Qin Chen to speak, and said to himself: "You just auctioned off the green lotus fire at the Tianxing Chamber of Commerce auction. In such a short period of time, I shouldn't have time to refine it. Tell you the truth. , For some reason, the old man needs to refine a special pill, and that pill can only be refined after refining this green lotus fire. Now I give you a chance, as long as you can make Lian Yihuo is successfully refining, the old man will solve this for you, how about saving you?"

Could it be that the purpose of the man in the cloak selling Qinglian Different Fire is to make him refine the pill?

But Qin Chen felt that there seemed to be some problems with his words, but he couldn't figure out where there was a problem.

Zhu Family and Wu Xiu Mansion had been a little jealous because they were silently invaded nearby by the other party, but at this time they couldn't help hearing each other's words.

"Your Excellency, what you said is too big, this person is enemies with my Zhu Family and Wu Xiu Mansion. I must stay today. I listened to what your Excellency said. It has nothing to do with it. Why bother? To find a pharmacist, there is a lot of it, why bother to intervene in the affairs of my Zhu family and Wu Xiu mansion. My Zhu family and Wu Xiu mansion are not bullied." Seeing the other party dare to ignore themselves, Zhu Hongzhi and Wu Lengfan At the same time, he gave a cold snort.

Although the opponent can't see the way, it seems to be very strong, but no matter how strong it is, it is no more than one person. Their Zhu Family and Wu Xiu Mansion have now laid a net around here, and there are no less than ten Profound level masters. Would they still be afraid of a source? Unidentified guys are not.

The man in the cloak sneered and said, "Zhu Family? Wu Xiu Mansion? What kind of thing is that, but two soil buns in a remote place, also arrogant in front of me?"

"Patriarch, talk nonsense with him and do him directly."

When an elder of the Zhu family heard this, he couldn't bear it anymore, and he burst into a loud shout. An iron rod suddenly appeared in his hand, and he knocked it crazily towards the top of the cloaked man.

The iron rod and the dazzling lines that flow through the roads are obviously also an extremely incredible treasure soldier, and the void burst while swinging, and the power can almost smash a mountain.

Zhu Hongzhi's eyes flashed when he saw this, but he didn't stop him. This elder's status in the Zhu family was not low, and his cultivation had reached the peak of the initial stage of the profound level. He was also irritable and terrifying. It was perfect for him to try.

The man in the cloak who hadn't moved just now saw it and snorted coldly. Under the cover of the iron rod, his figure remained motionless until the iron rod was about to fall on top of his head. Then he suddenly raised his hand.

The turbulent rod shadow disappeared in an instant. The elder Zhu didn't even see what it was. The angry expression on his face suddenly stagnated. The next moment, his body sprayed out a blood mist.

He looked at the cloaked man in disbelief, trying to say something in his mouth, but he didn't say a word, he fell straight on the ground, his eyes widened, and he was breathless.

Wow!

The people of Zhu Family and Wu Xiu Mansion were all stunned, staring at the cloaked man with chills.

A warrior at the peak of the early stage of the Xuan rank was killed in an instant, not to mention Zhu Hongzhi and the others, even Qin Chen was secretly shocked, even though he already knew that this cloaked man was a powerful Wuzong, but this was a bit too harsh.

Qin Chen could clearly see the blow of the cloaked man just now. It was a long black line that was extremely cold and cold, like a poisonous snake, at an extremely fast speed, and instantly penetrated the heart of the elder Zhu.

"How dare you kill the elder Zhu Xun, I want you to die." Upon seeing this, an elder who had been close to Zhu Xun was very angry and could not care about anything else. He sacrificed a long sword in his hand and slashed at the cloaked man. past.

This elder's cultivation base is still above Zhu Xun, and his true power has already broken through to the middle stage of the mysterious rank, and he is one of the top powerhouses in the Zhu family.

"Looking for a dead end."

The man in the cloak sneered, his tone was also extremely indifferent, without any fluctuations, raising his hand was a black shadow shot out.

Zhu Hongzhi hurriedly intercepted, "Elder Zhu Guang, be careful."

But it was too late. The black shadow was so fast, the latter came first, and instantly disintegrated the light of Elder Zhu Guang's sword. The next moment, the black shadow penetrated his body, causing a \*\*\*\* mist.

"you....."

Elder Zhu Guang stared at the cloaked man, a large amount of visceral fragments gushing out of his mouth, and then fell to the ground with a thump and fell.

Chapter 389: Four in Five Elements Array

"Elder Zhu Guang."

At this moment, everyone was furious, looking at the scene in front of them silly, and their hearts were chilling like falling into an ice cellar.

Zhu Xun, Zhu Guang elders, are one of the top powerhouses in the Zhu family. They can't even pass a single move under this cloak man. Who is this guy?

With such a cultivation base, I am afraid that even Zhu Hongzhi himself may not be able to achieve this effect.

At the same time, it aroused the blood anger of the Zhu family.

"kill!"

"kill him!"

"Avenge for Elder Zhu Guang and Elder Zhu Xun."

The strong Zhu family are crazy.

"Since you don't know how to promote, then I will kill you all."

The man in the cloak sneered and rushed over like a bat.

"Stop him!"

Without orders, the Zhu Family and the many powerful men in Wu Xiu Mansion have all rushed forward, and the dense attacks turned into endless torrents, wrapping the cloaked man tightly.

The terrifying true power that gathered was surging around, trying to break through the sky.

Huh!

A black shadow flashed by, and the man in the cloak did not retreat but moved forward. He instantly swept into the sky attack. His figure was like electricity, swiping back and forth. In the torrent of countless attacks, he walked in a leisurely courtyard like no one else. The realm.

He came to the front of many warriors, raised his right hand, black air currents, like a poisonous snake attacking, scattered in all directions.

next moment!

"what!"

Countless screams sounded, and more than a dozen warriors from the Zhu Family and Wu Xiu Mansion had their heads shattered.

This scene stunned everyone present.

With one move, more than a dozen warriors have fallen, what kind of monster is this?

"Open the big array."

Zhu Hongzhi turned pale and hurriedly shouted.

Hum!

Between the heaven and the earth, I don't know when, there are invisible streamers blooming and rising into the sky.

These lights, shining brightly, blooming with endless mighty power, come quietly.

Every strong man in the Zhu family stood around, his face sank, and under their feet, there were weird array flags that sealed the void in all directions.

But when countless streamers merged to form a complete whole, Zhu Hongzhi finally breathed a long sigh of relief.

This formation, called the Four-in-One Five Elements Formation, is the Zhu family's town clan formation. Their Zhu family has been standing in Wucheng for so many years, relying on this formation.

It can be seen from the name of this formation that this formation is arranged according to the four-in-five elements. The complete formation is a fifth-order formation. However, the four-in-five element formation obtained by the ancestors of the Zhu family has already a little broken, coupled with the limitations of Zhu Family's cultivation base, made them only able to display the formation technique cultivation base of Tier 4 peak.

But it is enough.

Zhu Hongzhi originally brought this formation for the purpose of dealing with the people of the Sky Star Chamber of Commerce, but he did not expect to use it on this cloaked man.

This battle is 10%, and the power is infinite, and if he sits in the heart of the battle, even the warriors at the peak of the late stage of the Xuan rank are difficult to please, and they must hate it.

"Everyone, follow me to drive the formation and kill this dog, Wu Lengfan, you take everyone from Wu Xiu Mansion and help."

Zhu Hongzhi's eyes were ferocious, and the bodies of many Zhu family masters had completely aroused the anger in his heart, and wanted to kill the cloaked man in this formation.

boom!

As his voice fell and the big formation started, countless arrays of light and sharp lights were accompanied by astonishing whistling sounds, like locusts, swept toward the cloaked man, about to blast the cloaked man into ashes.

"Small bugs!"

Trapped by this Tier 4 pinnacle formation, the cloak man still didn't panic, and after a cold smile, he stepped on the right front side.

With this step taken, the attack he was enduring immediately plunged into a blind spot. The formation of the original 10% attack dropped by at least half in an instant, and then he raised his hand and slashed it out with a palm.

boom!

Astonishing power bloomed on the palm, and the heart-palpitating breath diffused. Everyone in the formation seemed to be plunged into the ice and snow for a moment, stiff and fearful.

In the next moment, the sky swept through the array of light burst into pieces, and was shattered by the cloak man's palm.

Then, the man in the cloak slapped another palm, with a bang, the large array shook violently, countless bursts of light scattered and swayed, and all the Zhu family powerhouses who controlled the large array snorted.

what?

At this moment, Zhu Hongzhi's heart sank completely. He no longer dared to imagine who he provoked? Even the attack of the four-in-one and five-element formation can be easily smashed. You must know that when he was replaced, the blow just now definitely made him vomit blood, but the opponent did nothing.

And under the palm of the opponent, the four-in-one and five-element formation was trembling.

Is it a warrior at the peak of the late Xuan rank?

No, even a warrior at the peak of the late Xuan rank, doesn't have such a terrifying strength, right?

With a pale face, Zhu Hongzhi dared not continue to imagine.

But at this point, it is no longer what he can do if he wants to close it. The sword is out of its sheath, and there is no blood to return. He knows very well that today it is either the other party's death or his death.

puff!

A mouthful of blood spurted out and blended into the big formation. The entire four-in-five-element formation was even more radiant, and the pressure descended, as if suppressing the eternal sky, making people breathless.

"Palace Master Wu, haven't you shot yet?"

Zhu Hongzhi roared at the strong man in Wu Xiu Mansion.

"on!"

Wu Lengfan's eyes were cold and he let out a stern cry, and the dozens of Wu Xiu mans who were ambushing here immediately all killed the cloaked man.

At this moment, Wu Lengfan had some regrets in his heart. He regretted agreeing to the conditions of the Zhu family. Although the man in the cloak in front of him could not see his face, in Wu Lengfan's feelings, he seemed to have a pair of cold, bloodthirsty eyes staring at him coldly. Under these eyes, he was like a lamb trembling at the feet of a wolf, and there was a trace of fear in his heart.

He snorted and shook his head vigorously, dispelling the fear, a cold force covering his whole body, suppressing it.

boom!

Dozens of powerful men in Wu Xiu Mansion took action together, together with the four-in-five-element formation urged by Zhu Hongzhi, combined together, before the attack, the whole earth was trembling, and countless ravines cracked.

But the man in the cloak remained motionless, and Qin Chen could even feel the sneer outlined under the other's cloak.

He immediately knew that even if the Zhu Family and Wu Xiu Mansion joined forces, it was estimated that they would not be his opponent.

really.

Countless attacks fell, and the ground was blown away by the sky and rubble, but the man in the cloak was in a large formation. He was in a weird figure. He repeatedly avoided many attacks. Even if it fell on him, it just blasted his robe. A hole, but no physical injuries.

Then, he instantly rushed into the Wu Xiu Mansion crowd and shot again and again.

Puff puff!

A stream of black light flashed, and every time it flashed, a strong man in Wu Xiu Mansion was pierced through his body, sprayed with bleeding fog, and with the blink of an eye, dozens of people brought by Wu Xiu Mansion died seven or eighty-eight. , There are only a few left.

And this man in the cloak has no injuries at all.

Chapter 390

"Damn it!"

Wu Lengfan and Zhu Hongzhi were really furious. With so many people joining hands and the four-in-five-element formation, they were actually not the opponents of this cloaked man.

What made them tremble even more was that under the repeated attacks of the cloak man, the four-in-one and five-element formation continued to collapse and faltered, and there was a tendency to break.

Zhu Hongzhi's heart was completely cold.

Under the four-element five-element formation, the cloaked man could kill them so easily. Once the four-element five-element formation was shattered, with their cultivation base, they could not escape the cloaked man's killer.

"Impossible, how could... how could this cloak man's cultivation base be so terrible?"

Zhu Hongzhi and Wu Lengfan were shocked. They have been in Wucheng for so long. They have never heard of such a master in the five northwestern countries. In the past, there were countless five masters who were designed to kill by them. Anyway, they came to Wucheng. They are all the heinous people in the five countries, and I didn't expect that they would capsize in the gutter today.

At this moment, they no longer dared to have the slightest reservation, each of them looked savagely, stimulating the power of the blood in the body, and at the same time swallowing a large amount of medicine, trying to kill the cloaked man.

But successive attacks can only stop the opponent's killing speed, not to mention killing the cloaked man, and even the ability to stop him from killing.

"The five elements break the formation!"

Zhu Hongzhi knew that he would die if he continued like this. He could no longer care about other things. He did his best to urge the big formation. In a short time, all the Zhu family members spewed a mouthful of blood and a large amount of blood, merged into the big formation, making it faltering. The big array is even more powerful.

boom!

There seems to be a big mountain, heavily suppressed.

At the same time Wu Lengfan also let out a loud roar, his whole body blooming with cold light, and a heart-palpitating cold wave swept toward the cloaked man.

The three forces rushed together, and the people of the Zhu family and Wu Lengfan snorted at the same time, and blood exploded from all parts of their bodies, but the cloaked man seemed to be stopped, and a black mist lingered around him, like tentacles, constantly twisting. Resist the oppression of the formation.

For a while, the two sides fell into a certain stalemate.

But the breath of the cloaked man was still so calm, as if he didn't put the stalemate in front of him in his eyes at all, his black tentacles twisted crazily, a little bit to withdraw the pressure of the formation.

Qin Chen was secretly shocked. When he first saw the man in the cloak from the auction house, he knew that the man in the cloak was terrible, and he didn't expect to be more terrifying than he thought.

This four-in-one and five-element formation is also the formation of the fourth-order peak anyway. Under the urge of Zhu Hongzhi and the others to sacrifice their lives with blood, they have already approached the fifth-order mark, and they only barely suppressed the cloaked man.

However, Qin Chen was also a determined person. Seeing that the cloak man was in a deadlock, he knew that it was this time to take action. Otherwise, after the cloak man resolved Zhu Family and Wu Xiu's mansion, he would not have a chance even if he wanted to escape.

The moment Qin Chen decided to shoot, he flew up, the mysterious rust sword turned into a sword light, and slammed out.

In an instant, there seemed to be thunder surging in the sky, several thunder-like sword lights, engulfed with astonishing murderous intent, slashed towards the cloak man, at the moment the mysterious rust sword shot, the three flying knives also simultaneously burst out from Qin Chen's sleeve, turned into three black streams, and instantly appeared in front of the cloak man.

At the same time, Qin Chen also used the mental storm. It is not that he does not want to use the magic imprisonment cage, but the display of the magic imprisonment cage needs time to brew. If he wants to use this opportunity to seriously injure the opponent, You must make the quickest shot and never allow the opponent to have the slightest time to react.

The three attacks were shot almost simultaneously, like violent storms, violent and swift.

With the strength of Qin Chen's fourth-order mental power, the Hei Ming Xuan Tie Flying Sword was spurred at this time, and its power was far better than before. Even a warrior in the late Xuan-level stage could be seriously injured.

And the rotating sword light, with an immortal sword intent, turned into layers of sharp swirling sword lights, swirling out layer by layer.

As for Qin Chen's mental storm, it swept towards the opponent at the fastest speed.

But at the moment of the shot, a strong sense of crisis suddenly rose in Qin Chen's heart, and he was suddenly shocked, and a bad premonition surged into his heart.

He finally understood where the abnormal feeling came from before. It was simply that everything went too smoothly, thinking that the people of the Zhu Family and the Wu Xiu Mansion could restrain each other?

This cloaked man has been passively parrying the Zhu Family and Wu Xiu's attacks from the very beginning, but with his fifth-order Wuzong cultivation base, it is impossible for him to be so passive. Jia and Wu Xiu's Mansion are in a deadlock.

He did this because he wanted to see his hole cards clearly, and he, thinking that the other party was really in a deadlock, didn't even see through the other party's acting.

boom!

As soon as Qin Chen understood, the cloak man suddenly shot out dozens of black tentacles. These tentacles squirmed frantically, as if evolving a set of martial skills, blocking all his escape routes and wrapping them towards him.

"broken!"

Qin Chen was shocked, roared, and the sword light was shining, shooting in all directions.

Puff puff!

But these black tentacles were very tough. After the mysterious rust sword was cut up, it made a dull sound of hitting the leather, and it was impossible to cut it.

At the same time with three bangs, the three flying knives that Qin Chen shot secretly were all swept away by the tentacles deep in the cloak man's body, which did not hurt him at all.

The only thing that is fortunate is that the cloak man's resistance to the mental storm is not so strong. When the strong mental power rushed into his mind, his eyes immediately stagnated, and after an instant, he immediately returned to normal.

Although it was only a moment of effort, Qin Chen seized this opportunity.

"burst!"

Regardless of hiding the clumsiness, Qin Chen's hand instantly appeared a simple authentic talisman, it was the fifth-order authentic talisman that he had snatched from Qin Feng in the preliminary test of the Five Kingdoms Grand Competition.

Qin Chen detonated it without hesitation as soon as this true talisman was taken out.

boom!

A group of crimson light suddenly exploded in the void. The scorching air wave impacted in all directions. The black tentacles displayed by the cloak man were instantly torn into pieces under the searing air wave. The earth trembled violently, and at the same time, the strong momentum sent Qin Chen away in a violent earthquake.

In the inverted flight, the power of that true talisman exploded, Qin Chen tried his best to lead the cloak man.

The endless heat wave envelops the cloaked man in an instant.

"Um..." a muffled hum came out of the heat wave, and then, in the red heat wave, it seemed like another huge black thing woke up and twisted, sweeping the sea into the sky instantly.

Under the attack of this fifth-order amplitude, the cloaked man's body was scorched, and a trace of blood spilled out of the corner of his mouth. It was obvious that he suffered a lot of dark losses. The original posture of calm and relaxed, completely disappeared.
