[Chapter 3871: Tree of Chaos](#)

Above the ruins, the vast halo bloomed, and many people swiftly approached, all standing near the ruins, excitedly watching the amazing vision in front of them.

They are all waiting, waiting for the powerful treasure that caused this mysterious vision to be born.

Under the eyes of everyone, the bright aurora continued to bloom, and gradually, it seemed that something appeared inside.

"Something has appeared."

"What kind of treasure is that?"

Everyone held their breath and stared into the light curtain. Then everyone saw that a gray tree several feet high appeared in the general light curtain of the mirage. This tree has no branches or leaves, only simple branches, and on the tops of these simple branches, there are green fruits, which are haunted by the surrounding halo, some faintly, but God Know as

When the fruit falls on these fruits, you will immediately feel the endless chaotic aura, and around the fruit tree, there is the power of terrible vicissitudes of life constantly surging.

"Fruit tree? This treasure turned out to be a fruit tree?"

The eyes of countless strong men who have been waiting here for a long time showed excitement.

There are all kinds of treasures in this Vientiane God Treasure, and the fruit tree that can trigger such a terrifying vision is definitely not an ordinary thing.

"What a strong atmosphere of chaos..."

"Are these fruits all chaotic fruits?"

As the appearance of the fruit tree gradually became clear, many people became excited. Such a strong chaotic air, coupled with the power of time and years in the periphery, is very similar to the legendary chaotic fruit.

The fruit of chaos is the fruit formed by absorbing the power of ancient chaos and the aura of heaven and earth when the universe was opened up. Every fruit of chaos has terrible power and contains chaotic power.

A chaotic fruit can create a master master, and even the chaotic fruit has a certain effect on the earthly deity and the heavenly deity. This is one of the top fruits in the universe. On the battlefield of Ten Thousand Races, there are also some Secret Realms with Chaos Fruits, but they are basically not many. The few are often only one, and the more are only three or two. But now, a fruit tree has appeared in this ruin , And on this fruit tree

It is actually full of Chaos Fruits, how can everyone not be shocked and excited?

The Chaos Fruit Tree turned out to be Chaos Fruit.

Such treasures, even Tianzun will have to fight for it.

boom! In an instant, the entire ruins were in an uproar. All the people near the ruins were staring at this fruit tree greedily. Although it was impossible to see how many chaotic fruits had grown on the fruit tree, there were still dozens of them. If

It can fall into their hands, not only can improve their strength, but also give birth to countless masters for their clan.

At the originally calm scene, the murderous spirit lingered in an instant, everyone looked at it, and it seemed that it was possible to rush to compete at any time. At this time, two more venerables came to the periphery of the ruins. Both of them were extraordinary, and they were both masters in the realm of Earthly Sovereign. One of them, dressed in gray, was seeing the power of countless years. After the cyan fruit, I was shocked

Called out: "Chaos Fruit?"

When he finished saying this sentence, he immediately rushed up at the fastest speed, and at the same time the heat in his eyes melted the power of the surrounding years.

"The Chaos Fruit is not yet mature, so you can't go up..." Before his companion had time to say this, he had already rushed to the vicinity of the light curtain where the power of the years lingered. When the gray-clothed Dizun's greed broke out, he didn't even think of anything else. When he rushed into the light curtain, he felt that something was wrong. He found that no one rushed up with him, and he was still late. Those people don't

But he didn't rush up with him, and there was even no one to stop him. No, this gray-clothed earth-sovereign reacted instantly, but before he turned around, he already felt the force of endless years pressed against him, and he even felt difficult to breathe. At this moment, the only thing he can feel is he

The lifespan is fast passing by.

The people surrounding the light curtain could clearly see the gray-clothed earth-zun slowly getting old, his hair quickly turning white at a speed visible to the naked eye, and his appearance quickly aging down.

He was horrified and wanted to turn around, but the speed at which he turned was extremely slow, as if it was hundreds of thousands of years old. When he turned around completely, there was only a pair of skinny left behind, even this skinny. Also quickly corrupted. He glanced at the people around the ruins unwillingly, and slowly fell down. When he fell, he was thin and had a torso. After he fell to the ground, his hair and the skin that had driven him all melted away, leaving only a pale pair.

Withered bones emerged from the shriveled clothes.

Moreover, that dry bone was weathered rapidly at an astonishing speed. Together with the clothing, it turned into ashes in an instant, with nothing left, as if such a person had never appeared here.

In less than half of the incense, a master of the earthly master died like this, and even before he died, he could not even take a step, let alone display the same magical power.

The life span of an earthly respect is at least hundreds of thousands of years or even longer.

But within this incense stick, he seemed to have gone through hundreds of millions of years, instantly turning into ashes.

The ruins are still the ruins, and the tree of chaos in the light curtain is still surrounded by the breath of time, but all the masters who surrounded the ruins took a breath of air, and their cold hair stood up, and their hearts felt cold.

The greed in those people's eyes instantly reduced a lot, their expressions became dignified and cautious, and everyone's eyes were horrified. Everyone knows that the growth of the Chaos Tree is extremely terrible, and the maturation of the Chaos Fruits takes a long time. Before the Chaos Fruits mature, the Chaos Tree will instinctively release powerful magical powers to protect its fruits from being picked.

, Normally, only when it is mature will there be such a glimmer of life.

So they are all guarding here, and they didn't rush into action.

But no one thought that the guardian of the chaos tree was so terrible. In an instant, a master of the earth was turned into ashes, which made them not shocked.

However, there is still no one who chooses to leave. These people are still out there, obviously waiting for the fruit of Chaos to mature.

Who is willing to give up such a treasure?

Two more rays of light appeared on the periphery of the ruins. Two men in cloaks came. They were surrounded by a faint cold breath, but they couldn't tell whether they were the demons or the human races. Their faces were completely covered by the cloaks. If Qin Chen was here, he would definitely feel that the breath of these two people was familiar.

[Chapter 3872: Haihai Land](#)

"Magic Li, it's the tree of chaos!" One of the cloaked people called out in shock, his voice was crisp, very sweet, like a mature young woman.

"It turned out to be the Chaos Tree, and there are so many Chaos Fruits on it." Another person also said in shock, his voice hoarse, with a magnetic magic sound, giving people a feeling of magic sound.

These two were not others, it was Mo Li and Chiyan Demon Lord who came here from the black market.

The voices of the two suddenly became excited. "Master Chiyan, the chaotic fruit is the fruit of the chaos law. As long as you get one, you can break through the realm of the nobleman. That's fine. The key is that the chaotic power contained in the chaotic fruit can wash the body and make the flesh Get transformed

, And under the power of chaos, feel the supreme way of heaven in the universe. This is priceless. "Devil Li's eyes bloomed with a cold light. The Red Flame Demon Lord was also a little sluggish, and his eyes lighted: "Unexpectedly, after we entered the Vientiane God Store, our luck was so good that we directly met the Chaos Tree, such treasures. , Even Tianzun has to fight for it, if we get it, I'm afraid

More than half of the resources for breakthroughs in the earth and heaven have been obtained. "The Demon Lord Chiyan suddenly looked at Demon Li, and said excitedly: "Li'er, if the magic power you cultivate, if it is nourished by this chaotic fruit, it will surely be able to go a long way, and it will be completely stable, and it will not enter the realm of the earth in the future. Hard thing, this time we consume

The two Vientiane God Tibetan tokens obtained from the black market with all the resources and hard work are a big profit. "

The cloak surged, and the cloak on the face of the Red Flame Demon Lord spread out, revealing a mature and charming face. If Qin Chen saw it, he would be stunned. This turned out to be the body of the Red Face Martial Emperor. "No!" Mo Li shook his head, his eyes solemn: "Master Chiyan, the power of chaos contained in this chaotic fruit can not only comprehend the universe, but also nourish the physical body. You used to break through the realm of the nobleman in the black market. Deliberately destroying meat

Body, reshape the body, but the physical material we found is nothing more than the ordinary spiritual material of the Venerable. If you can get this chaotic fruit, your physical body can be transformed, and then you can stand in the ranks of the top demon body. "

Both of them are well aware of the power of Chaos Fruit, and both are thinking about each other.

When Mo Li was talking to Chi Yan Demon Lord, the light curtain in front of him quickly dimmed. The splendid mirage that was originally as high as 100,000 li suddenly became tens of thousands of meters high, and the chaotic tree in it became more and more growing. Be clear.

"The Chaos Fruit is about to mature."

Someone exclaimed.

This is the tree of chaos converging its power. Generally, this means that the fruit of chaos is about to mature.

And seeing the countless rays of light converging, the eyes of the many powerhouses present all showed ecstasy.

The mirage, which was 100,000 miles high before, spread too far away. I am afraid that people within tens of thousands of miles or even farther away can feel the anomaly here.

In this way, there will be a steady stream of masters coming from nearby, and with the delay of time, the chances of the powers who were originally here to get the fruits of chaos will be greatly diluted.

But now, the aura of the tree of chaos has actually converged to a size of ten thousand meters. Although it is still quite astonishing, it is more than a hundred times, a thousand times weaker than the previous halo of 100,000 miles...

In this way, unless it is a nearby warrior, other people can hardly feel it. Moreover, the warriors who were originally nearby were already attracted by the halo of 100,000 miles. That is to say, as long as the chaotic fruit can mature as soon as possible, those masters who are competing for these fruits are also present. Probability must

Ten times, hundreds of times improvement.

This makes them how not fine.

And at this moment.

A few people suddenly turned around and left the periphery of the ruins, and they were going to swept toward the periphery.

"Master Chi Yan, someone actually left. It looks like these guys should have moved to rescue soldiers."

Feeling someone leaving, Mo Li squinted and said. "The tree of chaos is an abnormal crisis. Before it matures, if you go up rashly, there is only a dead end. The maturation of the chaotic fruit takes hundreds of millions of years. It is rumored that one era can bear a mature chaotic fruit, so the chaotic fruit is

In order to accelerate the ripening of the fruit, the power of countless years will linger around. In the power of these years, one second may be ten thousand years. "Red Flame Demon Lord sighed: "This power of time will only disappear as the chaotic fruit matures. If the chaotic fruit is not mature, it will go up to death, unless it is a power that has completely controlled the law of time, but it is completely Control time

The law, I am afraid that even Tianzun may not be able to do it, and it is impossible to enter this Vientiane God Treasure. "

"And now the light of the tree of chaos has converged, which means that the fruit of chaos is about to mature. I am afraid that there are more than a dozen masters of the earth who are present. If the fruit matures immediately, the ordinary people present will not have a chance at all."

Mo Li squinted his eyes and said. Those who left want to leave here because they know this. Anyway, before the Chaos Fruit is mature, no one can get it. They leave here to contact the masters of their own race so that they can wait for the Chaos Fruit.

Snatch it again when it's ripe. Seeing the appearance of the chaotic fruit in front of you, it won't be long before it matures. The Red Flame Demon Lord nodded and looked at the eagle bird. He also saw that this chaotic fruit is about to mature, and there are some martial artists like them on the field. It is extremely difficult to win the chaotic fruit in the hands of masters. So in this

In time, moving to rescue soldiers is undoubtedly the most appropriate method.

"Huh, who told you to leave?"

At this moment, a cold snort suddenly sounded.

Whoosh!

A figure blooming with cold and cold light suddenly appeared in front of these people and stopped them.

"Yin Hai Di Zun, what do you want to do?"

The few people stopped for a moment, and said in anger.

Whoosh whoosh!

As soon as Yin Hai Di Zun moved, the masters who had followed him quickly surrounded those guys.

The action here immediately attracted the attention of everyone present, and they all looked at it.

"You stay here, you are not allowed to go anywhere."

Yin Hai Di Zun said coldly.

"Why!"

One of the pinnacles shouted angrily, "I'm from the Saint-Hyun clan, why should Yin Hai Di Zun stop us?"

"Why? I can kill you easily!" Yin Hai Di Zun said coldly, Then, he turned his head and looked at several earth sages on the field: "Golden Sword Earth Sovereign, Unparalleled Earth Sovereign, Bone Sovereign... You are all top masters of all races on the battlefield

, How about a proposal next? "He rumblingly said, speaking to the earth sages.

[Chapter 3873: Haitian Array](#)

"Yin Hai Di Zun, please say."

Said the white bones sullenly. Yin Hai Di Zun said indifferently: "The tree of chaos is an innate chaotic strange thing. This thing is extraordinary and should be obtained by those who can, but now there is a lot of **** present, so this seat proposes to trap these guys here. Do not participate in Chaos Fruit

How about the competition? "

As soon as this remark came out, many people present changed their faces.

Today, the number of strong players on the field has exceeded one hundred, among which, there are close to more than ten masters of earthly respect, and the rest are masters of pinnacle humanity. Except for some of the pinnacles who followed these masters of the earthly masters, the other ones came alone in twos and threes. They had little hope of getting the fruits of chaos. If all the earthly masters present were united, then he

We will completely lose the fight for Chaos Fruit.

"Yinhai Dizun, this is not the place of your Sea Clan," a pinnacle person could not help but angrily said. But before he could finish his words, he was shocked by Wushuang Di Zun. He laughed, his body was burly, and said: "Yes, yes, Yin Hai Di Zun, I like your idea, except for a few races like me. Besides, no one else is qualified

Compete for Chaos Fruit. "

"Wu Shuang Di Zun!" The warrior's face changed when he saw this, but a master of the monster race still said in a deep voice: "Wu Shuang Di Zun, don't deceive people too much!"

"What about deceiving people too much?" Along with the sound of sneer, a master covered with bones came out, and the sound of bones rubbing loudly.

"The White Bone Venerable!" The monster clan master's heart sank.

It was not only the White Bone Earth Sovereign who came forward, but also several other Earth Sovereigns. It can be said that most of the more than a dozen Earth Sovereigns gathered here.

Wushuang Dizun glanced at him, staying on the monster clan expert, and sneered: "Although your monster clan is strong, there is no top expert here. A pinnacle person in your area dares to make noise here, is it alive? I'm getting impatient!"

The face of the Yaozu Renzun became extremely ugly, even though it was difficult to swallow such humiliation, he had no choice.

Even if the powerful people of other ethnic groups present are very dissatisfied and even feel angry, but the situation is better than the others, they can only swallow their anger into their stomachs.

Nowadays, everyone can understand that Wushuang Dizun and Bone Dizun want to monopolize this chaotic tree, and it is impossible for others to take advantage of the treasures here.

The monks of other races were very unwilling, but also helpless. After all, the strength of the opponent was there.

Once the masters of the Yin Hai Dizun, the White Bone Dizun, and the Wushuang Dizun join hands, they almost all represent the most powerful force at the moment.

Yin Hai Di Zun, they are all famous powerhouses on the battlefield of ten thousand races, and their path is extremely deep. Even if the powerhouses of other races are determined to win the treasure, they are probably powerless.

The masters of the Saint-Hyun clan in front of the Yin Hai Di Zun said coldly: "Yin Hai Di Zun, I have no idea of competing for the treasures here, so I am going to leave. Please let me go."

"Hahaha." Yin Haidi smiled coldly, "I'm afraid I'm sorry, I can only let a few of you stay here, and wait for the Chaos Fruit to mature before leaving here."

"Why do you..." the master of the Sheng Xuan clan said in anger.

The hearts of other people also sank, and this Yin Hai Dizun was too much, constantly not allowing them to compete for Chaos Fruit, and even restricting them from leaving.

Not far away, Mo Li couldn't help but feel cold in their hearts. He already knows the method of Yin Hai Dizun. This is to trap everyone here so that they can't leave to find help. At the same time, they are not allowed to participate in the battle for treasures. In this way, this chaos tree Fruit of Chaos, since

Then it became something in their pockets.

Mo Li and Chi Yan Demon Lord looked at each other, faintly worried.

They were all just human-sovereign masters. Without this, in the chaotic situation, Moli might not be able to plunder some of the chaotic fruits from the earth-sovereign masters. He was extremely confident in his methods.

But if these elders on the field join forces, it will be troublesome. With his strength, how can he fight against so many elders?

"Li'er, what shall we do?" Chi Yan Demon also knew how terrible things were, transcribed.

"Look at the situation first."

Mo Li believes that the strong people present are all from different forces, and such a tacit understanding can never be easily achieved.

"Why?" Yin Hai Dizun sneered looking at the few Saint-Hyun clan guys in front of him: "I can kill you with one hand. If you talk nonsense, don't prepare or leave here."

"you....."

The masters of the Saint-Hyun clan were angry, but seeing the cold eyes of Yin Hai Di Zun, they didn't dare to say a word.

With the strength of Yin Hai Dizun, they can indeed be easily obliterated.

"Huh, it's almost the same." Yin Hai Dizun sneered, and then threw a formation in an instant, boom, and suddenly, the rays of light bloomed, forming a unique field.

"You guys, go in."

Yin Hai Di Zun said coldly: "This is the sea and sky array of this seat. As long as you go in obediently, this seat will not embarrass you. As long as this chaotic fruit is ripe and distributed, you can leave safely." Then, no waiting for the master of the Saint-Hyun clan to speak, Yin Hai Di Zun looked at Bai Bone Di Zun and others again, and suggested: "Everyone, there are too many people who fish in troubled waters here. I think you all know the power of the Chaos Tree. These people have no sense. By the time taking away the chaos fruit is small, and it is not good to accidentally provoke the chaos tree. "

"Yin Hai Dizun, what do you want?" Wushuang Dizun said coldly.

Wushuang Dizun and Yin Hai Dizun have nothing to do with each other, but it is not impossible to cooperate for such treasures as Chaos Fruit.

In Vientiane Godzang, there is no one who cannot cooperate.

"It's very simple. There are so many people present. There are too many people. All the people who don't want to join the sea and sky array. At that time, the chaotic fruit competition will only be between us, how about?"

"Hahaha, this is a good idea."

Not waiting for Wushuang Dizun to speak, but Bone Dizun laughed.

"no problem."

Wushuang Di Zun also said.

"Golden Sword Earth Sovereign, what do you think?"

"And Lingyue Dizun!"

Yin Hai Dizun and others looked at the other Dizun.

Among them, the Golden Sword Earth Sovereign is the Human Race Earth Sovereign. If on the battlefield of ten thousand races, there may be a big battle between each other, but in this case, facing the treasure, they can only nod their heads.

"agree."

"I agree."

A famous place said one after another.

Among them, a man in black also nodded lightly. If Qin Chen were here, he would definitely recognize him, this person was the master of the Kryptonella tribe who hunted him down.

[Chapter 3874: Chaos war](#)

quickly!

All the elders on the field agree, because once they disagree, they will be targeted by other elders.

In an instant, there was a quick classification on the field, and it seemed that in addition to the more than a dozen people led by the earth-zun, there were nearly a hundred celebrities and masters who were instantly rejected.

Yin Hai Di Zun nodded, staring at Mo Li and a group of masters who were not backed by Earth Zun, and sneered: "Have you heard, you all have entered the sea and sky formation in this seat."

"Yinhai Dizun, don't deceive people too much."

Many people came here with great pains, naturally they didn't want to just get caught.

Yin Hai Di Zun said indifferently: "Treasures have the strength to get it. You have no strength and can only follow the orders. Since you don't move, then this seat will let you in personally." Yin Hai Di Zun's voice fell, and he immediately moved towards those present. Many masters came, booming, he stepped out with his big hands, and suddenly, the power of the billowing earth-sovereign turned into a vast ocean, swept across the world, only to hear the snoring sound, one after another terrible Wang

The foreign shadow shot out, invincible.

Although there are many warriors in this ruin land, many of them are masters of the human respect level. Together, they may not be the opponents of the Yinhai Divine. They retreat in embarrassment and are gradually forced to enter the sea and sky formation.

"Yinhai Dizun, you are too much." Several masters of the Shengxuan clan roared, and they were the first to bear the brunt of Yinhai Dizun.

"Yin Hai Di Zun, aren't you afraid to provoke anger?"

"Everyone, the Vientiane God Treasure is the Vientiane God Treasure of all races. What you have done is too much?"

Angrily rang out one after another.

This Yin Hai Di Zun will not only drive them out of the qualifications for the Chaos Fruit, but even imprison them, who can bear it?

"court death."

Yin Hai Di Zun's face became cold, "This seat has already given you a chance, but it seems that you don't want this opportunity. In that case, this seat will serve you."

laugh!

The palm of the hand was waved, and a huge palm burst out. The complexion of the venerable Saint-Hyun clan changed drastically, and their figure swiftly retreated, but no matter how fast they were, how quickly they passed Yin Hai Dizun's applause, with a few bangs, a few people flew out, their chests The defensive armor is distorted, and the power of the boundless earth is constantly disappearing.

Grinding the life force in the two of them.

Finally, with a chuckle, several members of the Shengxuan clan turned into blood mist and burst into pieces, leaving no bones.

"Hahaha, Yin Hai Dizun, good job."

The Bone Divine Lord laughed loudly and stepped forward, his skeleton vibrated and his spine was soaring.

"hateful."

The remaining strong men looked ugly and angry.

"For what you see, enter the Haitian Formation obediently, otherwise you will fall to the ground." Yin Hai Zun coldly.

"Asshole."

Seeing this scene, the powerful men who came to the depths of the ruins with heavy casualties and tried their best, all had pale faces, but they had no choice but to obey Yin Hai Dizun's orders and enter the sea and sky formation.

Rumble! This sea and sky array is surging with terrible energy, and its power is infinite. Once it enters it, even if the earthly deity wants to fight for it, it will take some effort. If the strength of these people on the scene step into it, it doesn't matter whether the Yin Hai Divine will end up. To them

Do it, it will inevitably miss the battle for the fruits of chaos.

"It's really toasting and not eating fine wine." Looking at the strong men who slowly entered the Haitian formation in anger, Yin Hai Dizun sneered.

"Li'er, what should I do?" Chiyan Demon Lord said solemnly.

There was a cold light in Mo Li's eyes, and it was impossible for him to enter the sea and sky array. Once inside, the chaotic fruit would really be out of his share, and he would be slaughtered.

However, with his current strength, it is impossible to resist so many masters.

"It is impossible to enter the sea and sky array. Since the Yin Hai Divine Master wants to monopolize this chaotic tree, then we will muddy this pool of clear water."

Mo Li said, while speaking, under the eyes of Yin Hai Di Zun, he slowly walked towards the sea and sky formation, but when the two were about to enter the sea and sky formation.

boom!

Mo Li and Chi Yan Demon Lord suddenly turned into two streams of light. With a thud, they wanted to swept away from the ruins. With them, they could not fight against so many masters on the scene, but if they could attract more powerful players, it might not be possible. Do not fish in troubled waters.

"court death."

Yin Hai Di Zun moved at the moment when Mo Li and Chi Yan Demon Lord swayed. He grinned, and a terrifying ocean swept out in an instant, blasting, covering the world.

"I knew someone would be unruly."

Yin Hai Di Zun gave a grinning laugh, and the terrifying dark ocean turned into a black sea, directly covering Mo Li and Chi Yan Demon Lord.

"It's the realm of the earthly respect, broken..." Mo Li and Chi Yan Demon Lord roared, hum, a terrible black light emerged from both of them. This black light, with a strong corrosive and devouring power, was madly devouring this Yin. Haiti respects the Black Sea realm, and at the same time the two of them are constantly in shape, constantly

Rushed out of the ruins.

"What?" Yin Hai Di Zun was taken aback. Originally, in his imagination, the direct realm appeared, covering the two people, and then directly obliterating the two, killing the chickens and the monkeys again, but who would have thought that these two guys are not high in cultivation. But it's so scary, using some kind of

The secret technique actually tore his Black Sea realm.

Two people are only respectable, how can they tear apart his earthly respect realm?

A cold glow burst out of Yin Hai Di Zun's eyes, and his big hand protruded. Suddenly, between the heavens and the earth, the power of the rolling Dizun condensed and turned into a huge pitch-black palm, shaking the void, and fiercely facing the devil and the red flame demon. Captured and taken.

"Everyone, what are you waiting for? Do you really think this Yin Hai Di Zun will let you go after getting the Chaos Fruit? Entering his sea and sky array, with his fierce means, once he gets the Chaos Fruit, he will inevitably cut the grass and remove the roots, no Let you send the news

Pass it out, don't leave at this time, but wait when. "

Mo Li let out a sharp roar, a magical brilliance bloomed in his eyes.

"Dakun Soul Magic Book!"

Demon Li roared and boomed, and the devilish energy in his body soared to the sky, and in an instant, it actually resisted the huge palm of Yin Hai Di Zun.

When the rest of the people saw this, they all moved.

"Kill, kill out."

"This Yin Hai Di Zun doesn't want us to leave alive, so it's better to kill it now."

"Fight with them." Many of the people present also roared, banging, and releasing their own powerful attacks. Suddenly, various attacks rose to the sky. Although the strength of Yin Hai Divine is strong, Hundreds of human masters all shot together, and the power was so terrible, they heard a bang, and the crackling sound rang, and the Black Sea area of the Yin Hai Divine was torn open in an instant.

[Chapter 3875: Deep Fish Di Zun](#)

Whoosh whoosh!

A famous celebrity master wants to rush out.

"What are you still trying to do, do not do anything, and kill them, otherwise the news will spread, and the probability of us getting the Chaos Fruit will be greatly reduced." Yin Hai Divine Master roared at the rest of the Divine Master.

"Quack!" As soon as his voice fell, the Bone Venerable had already made his move. In the world, boneless claws protruded from the void, and directly grabbed and photographed the countless human masters who were fleeing. The banging sound is harsh, two of them are weaker

The venerable master was directly squeezed and exploded, bloody, and the origin exploded.

There is also the pinnacle of human beings, they are crazy to fight, and they are crazy to fight against the bones.

On the field, Wushuang Dizun, Lingyue Dizun and others have also moved. In the face of interests, there is no human alliance or demonic alliance. As long as they are not of their own, they are all enemies.

There are dozens of Chaos Fruits on the Chaos Tree in front of you. This is an amazing wealth. Whoever is willing to pass on the news and share with others.

"kill!"

Immediately, the seven or eight earth sages shot together, beheading the many masters of humanity present, and in an instant, many earth sages fell.

"Fight with you."

boom!

One of the venerables roared and exploded directly to the source, and the explosion that caused it was instantly transmitted.

"Fight!" With this person in front, the remaining few who knew that they were about to be killed also directly exploded, rumbling, and suddenly, a terrible roar resounded throughout the world, and the shock wave caused by the self-detonation swept like a vast ocean. Open, tearing apart many realms

.

In terms of strength, these human respects are far from the opponents of the earthly respects, but the power formed by the self-destructive origin of the human respectables, the general earthly respects dare not ignore, and one after another resists.

Rumble!

Amidst the thunderous roar, silhouettes flew in all directions.

"Damn it!"

Yin Hai Di Zun looked fierce and murderous.

"Chasing, never let them escape, Deep Fish Dizun, you go and kill those two black robe boys!"

Yin Hai Di Zun roared.

Suddenly, a pitch-black figure flew out, rushing directly towards the place where Mo Li and Chi Yan Demon Lord disappeared. All of this was caused by Mo Li and Chi Yan Demon Lord. How is Haitian Zun and others not angry.

The Bone Venerable also chased and killed some of the remaining human races, but these people flew in all directions, and no one knows whether they can kill them all. They can only kill as many as they can. .

"And you..." Yin Hai Di Zun looked at more than a dozen celebrity masters who had entered the Haitian Array, and immediately spurred the Haitian Array, rumbling, and the whole Array was roaring, like a millstone, and began to crush these people. Lord, I want to wipe them out in the sea and sky array

.

"Yin Hai Di Zun, I have already entered the sea and sky formation, why do you want to kill me and wait."

"Stop, Yin Hai Di Zun."

Many senior masters in the Haitian Array screamed in horror, their expressions angry, and they resisted one by one. However, their strength is far inferior to the Yin Hai Dizun. After entering the big formation, they are even more artificially used as a knife. The light is crushed down, causing the people in the big formation to scream. , One by one was crushed to death

.

The other elders on the side watched, their eyelids throbbed, but no one spoke.

There is no mercy in the Vientiane God Treasure, and there is no mercy in the universe. As long as people are not of their own race, they are all foreign races.

Although Mo Li and Chi Yan Demon Lord took the first step, their cultivation bases were too low, and they could barely fight against the masters of the earthly masters, but they would never be able to kill them.

Therefore, after the two rushed out of the ruins, they flee madly at the first time. They need to escape from the chase of the earth-zun behind them, and then find a place with many people, and then find someone to make the muddy water of the chaotic tree. Finally fish in troubled waters.

However, the top priority is to escape from the chase of the Earth Zun first.

"Damn, this Yin Hai Divine Venerable is really hateful, and it sent a Divine Venerable to chase us down."

Mo Li and Chi Yan Demon Lord looked at the Deep Fish Di Zun behind them with ferocious eyes, their eyes were cold. This Deep Fish Divine Venerable has been following the Yin Hai Divine before. Although they did not speak, Moli and Chiyan Demon Lord knew that this Deep Fish Divine Venerable must be in an alliance with the Yin Hai Divine, and it is regarded as Yin Hai Divine hiding in the crowd. One of the killers in

Before they were hunted down, they were all exposed.

How did they know that Yin Hai Di Zun was extremely angry at the two of them at this moment. If it weren't for the actions of Mo Li and Chi Yan Demon Lord, Yin Hai Di Zun's plan would have been successful long ago, how could it have been like this.

At this moment, Mo Li and Chi Yan Demon Lord looked at the Deep Fish Earth Sovereign who was getting closer and closer behind them, and their hearts were extremely cold. Even if they had increased their speed to the extreme, they could not get rid of the Deep Fish Earth Sovereign behind them. Mo Li and Chi Yan Demon Lord knew that once they were overtaken, they might not be able to succeed if they wanted to kill them, but after a great battle, they would be injured, and once they were injured, even if they could escape Hunting down, attracting many

The strong will also completely miss the fruit of Chaos and will only make wedding dresses for them.

Therefore, Mo Li and Red Flame Demon Lord who understood this flee madly, just to escape the tracking of this deep fish.

However, this Deep Fish Divine Venerable's tracking method was extremely familiar, and the speed was amazing, no matter how Moli and Chiyan Demon Lord escaped, they could not escape his tracking, but Deep Fish Divine Venerable got closer and closer to them.

"Hmph, don't run away, you two little guys can't escape from the palm of your hand."

Deep Fish Dizun gave a cold cry, shot away from afar, and boomed, and saw in the void, a huge kun, surmounted by thorns and thorns.

Boom!

The Kun was extremely fast, soaring for ninety thousand miles, and instantly came behind them. The endless water system rules. The two of them were shaken out. The blood in their bodies shook, almost vomiting blood.

"Damn it, you can't go on like this."

Mo Li's gaze was stern, "I'll block this guy, Lord Chi Yan, you go to other people, there is news of Chaos Fruit, which will definitely attract other experts."

"No, you go, Mo Li, I will stop him." Chi Yan Demon Lord roared.

It's just that their words haven't fallen yet, and the air is shaking, and a figure has appeared in front of them, blocking their way.

"I said, both of you don't give in. No one wants to leave alive today." The Deep Fish Divine Exalted all over his body bloomed with an earth-sound breath, permeating the surroundings, and the terrifying realm instantly enveloped the world. Mo Li and Chi Yan Demon Lord sank in their hearts. Now they are wrapped in an Earthly Sovereign Domain, and they can only fight one battle, otherwise they would never want to leave safely.

[Chapter 3876: I know why he wanted to kill me](#)

"Kill!" This deep fish **** stopped Moli and Chiyan Demon Lord, and before the two of them could speak, he sacrificed a five-color **** catch, and this five-color **** caught the magic moment when he sacrificed it. Surrounded by Demon Chiyan, Moli and Demon Chiyan can only roar

Voice, displayed their magical powers.

boom!

A flame bloomed, and the flames of the Red Flame Demon Lord lingered, like a fire god, his black robe dispersed, revealing a worldly beauty, a graceful posture, and extremely charming. On the other hand, Moli is a billowing demonic energy emerging from his body, the breath of Dakun Soul Magic Code technique lingers out, and there is also a dark bell in his hand, this bell vibrates, and suddenly the spirit power lingers. , Formed a soul light

Guard.

"Good baby." Deep Fish Di Zun is obviously a person who knows the goods. When he looked at the magical soul light bell, he knew that it was definitely a top-level offensive and defensive treasure, and his eyes suddenly showed greed.

"Boom..." The colorful **** scratch hit the pitch-black bell, and the black light overflowed and roared. The black bell in Moli's hand is definitely not weaker than the treasure caught by the opponent's five-color gods. How can the cultivation of Moli be so bad, but with this impact, he was blown out, and the person was still in the air, so he snorted. The black bell also dimmed,

In an instant, it withdrew dozens of meters.

It was certain that if it weren't for the black bell, this magical lilt was not a groan, but a few mouthfuls of blood from the injury.

"The demon flame confuses the crowd..."

Upon seeing this, Demon Chiyan yelled, the flames rolling on his body soared into the sky, and Emperor Wu Yan, the red face, rose into the sky, the glow of the glow was bright, and the rolling flames tilted.

"En? This guy is obviously a human body, how can the aura he releases, not only has the aura of the demon race, but also the aura of the demon race?"

Deep Fish Dizun looked at the Red Flame Demon in surprise, but he snorted coldly, and his body was turbulent. Suddenly, the waves surged. Several huge giant whales rose into the sky and hit the Red Flame Demon. Zhenfei went out.

"Hey, he didn't die, there must be a big secret in him."

Deep Fish Dizun looked at Demon Li and Demon Chiyan in shock, these two people, who were obviously only human beings, still blocked his attack under his domain, which made him not surprised.

The Deep Fish Dizun blasted Moli and the others into the air. Although he was surprised in his heart, he did not continue to act on the Red Flame Demon Lord, but urged the deep sea realm to continuously bombard the Moli.

puff!

The black bell on Moli's body dimmed suddenly and was shaken out, and the deep fish Dizun directly grabbed and photographed the black bell. He saw that this thing must be a heavy treasure.

It's just that his hand hadn't touched the black bell, a wave flashed, and the black bell had disappeared.

A man wearing plain clothes and full of dragon spirit was holding a black bell in his hand. He didn't even look at the deep fish, but instead stared at the angry Mo Li and Chi Yan not far away. Demon Lord.

"Hongyan Emperor Wu?"

Seeing Mo Li and Chi Yan Demon Lord, the man with real dragon breath said in surprise, his eyes revealed an incredible expression.

"It's you...Magic!"

Then, the real dragon man looked at the magic, his pupils bloomed with cold light, and at the same time he snorted, "No wonder the breath of this black bell is so familiar."

"You...you are..."

Mo Li and Chi Yan Demon Lord stared blankly at the real dragon man in front of them. They didn't know this person at all, in order to recognize themselves and Chi Yan Demon Lord in an instant. No, his name was the Red Face Martial Emperor.

And the name of Hongyan Wuhuang is only known by the talents of Tianwu Continent. Could it be that this person...

Suddenly, Mo Li's eyes condensed, and he said in anger, "You are... Qin Chen!"

"Huh? You know?"

Upon seeing this, Shenyu Dizun's eyes condensed, and he looked at Qin Chen, and he was relieved when he saw that Qin Chen's cultivation base was not a human being.

"Why are you two being chased and killed?" The visitor was Qin Chen. He was nearby and saw the battle. He wanted to leave, but the breath of the black bell triggered by the magical force reminded him of being here. The breath of the noble soul demon race where the Heavenly Poison Pill Lord inheritance is located, and the breath of the noble soul demon race

It was extremely close, and only then took a closer look. I didn't expect to see Mo Li and Chiyan Demon Lord being hunted down.

What surprised Qin Chen even more was that Mo Li and Chi Yan Demon Sovereign had also become master masters, but didn't Chi Yan Demon Sovereign have already turned into a monster race? How did it become the appearance of the red face Wuhuang again? This bad taste is a bit too heavy, right?

Before Mo Li and Chi Yan Demon Lord had time to return to Qin Chen, the Deep Fish Earth Sovereign had already arrived in front of Qin Chen, and the terrifying Deep Sea Domain had already wrapped Qin Chen in.

"This friend, do you want to intervene in the grievances between us?" Shen Yu Dizun stared at the black bell in Qin Chen's hand and frowned with a sneer.

"Intervene in the grievances between you? When did you see me doing it?" Qin Chen said disdainfully.

Shen Yu Di Zun coldly pointed to the black bell in Qin Chen's hand and said: "This precious treasure is mine now. You have taken my precious treasure. This is not a hands-on. Do it?"

After hearing this, Qin Chen immediately raised the black bell in his hand and said, "This treasure is in my hand, and it is naturally mine. As for the grievances between you, I don't want to care about it, and I don't want to care about it. Let go. Domain, I want to leave."

Qin Chen said coldly.

He was just curious, so he didn't want to mix up the grievances between Mo Li and this respect.

Mo Li and Chi Yan Demon Lord's face suddenly hard to look.

"Oh?" Deep Fish Dizun's eyes narrowed, "So, since you don't want to interfere, so what if this thing is given to you, but you can't leave for the time being. After I kill these two guys, since Will withdraw from the domain, and you can leave at that time."

Deep Fish Dizun said coldly.

"Qin Chen, do you really think this guy will let you go? But after killing us, he will kill you again."

Mo Li said coldly, for some reason, after seeing Qin Chen, his heart calmed down instead.

"What about this?"

Qin Chen said with a smile, "After he kills you, if he kills me again, it won't be too late for Ben Shao to teach him."

"you....."

Mo was so angry that he was about to vomit blood.

He and Qin Chen are both from the Tianwu Continent anyway, so why doesn't this guy have any human touch? He was so angry.

Moreover, the aura on Qin Chen's body had also reached the realm of venerable, which made him secretly startled.

This kid, how could he break his realm so quickly? Obviously he was only half-step Venerable in the black market not long ago.

"Do you know why he chased us?"

Mo Li's eyes flashed and suddenly sneered. "Huh?" Shen Yu Dizun's complexion changed, and he immediately shot, and came to suppress Mo Li, obviously not wanting Mo Li to finish speaking.

[Chapter 3877: Not interested](#)

boom!

In the void, a giant kunfish appeared between the sky and the earth, and the giant kunfish surged and slammed towards the devil.

"Hahaha, just because you want to kill me, wishful thinking?"

Mo Li let out a big laugh. From the whole body, a series of pitch-black silk threads escaped. These silk threads continued to linger, unexpectedly like creatures, and pierced into that Kun's body in the sound of puff puff.

The kun condensed by the power of this huge earth respecter instantly let out a stern roar, and was actually slowly corroded and swallowed under the countless black silk threads.

"Here...Magic Gu!"

Deep Fish Dizun said in shock, Demon Gu is an extremely evil thing in the Demon Race. It can swallow everything in the world. It uses the Demon Race as its host, madly absorbing external power and devil energy. This kind of thing, even people of the demon race, dare not refining easily, because once it is parasitized by the demon gu, although the cultivation base can be quickly improved, the absorption of external power can be increased by hundreds or thousands of times, but at the same time the consequences Terrorize the machine,

Once the demon gu grows up, it will backfire the host, and the stronger the demon gu, the more so. And the demon gu of this guy in front of him can even absorb the power of his own earth-sovereign, and the person in front of him is actually refined in his body, and depending on the growth and proficiency of the demon gu, it is very likely that this is the case. Before the Lord, the Holy Land

The magic gu that the world has already actively refined, it's not right, it's even possible before the Holy Master.

Is this guy a lunatic?

Even if he can quickly increase his strength by virtue of the Demon Gu, the Demon Gu will gradually become fully integrated with his body, and in the end, he will completely become a puppet, allowing it to be controlled by the Demon Gu.

"Hahaha, it's good to know Demon Gu, you can't kill me at all." Mo Li roared.

"Huh, do you really think I can't kill you?"

Shen Yudi Zunhan said in a voice, well, a conch-like treasure appeared in his hand, oo...This conch treasure was moved by him, and it instantly sent a terrifying sound wave that hit the soul.

Under this terrible sound wave, the black silk thread released by the magic gu in the devil's body was actually strongly suppressed.

Moreover, this deep fish land respect urged his deep sea realm, rolling over to the magic, and suddenly this world became his territory completely and controlled for him.

"Huh?" Mo Li frowned, this guy is really troublesome, and the earth-sovereign is really difficult to deal with, and he is suppressed a lot in the domain alone.

Of course, it may not be so easy for this deep sea earth respecter to kill him.

Mo Li instantly looked at Qin Chen, hehe with a smile: "This guy is so crazy trying to kill us because we saw the Chaos Tree!"

Chaos tree?

At the beginning, Qin Chen leisurely watched the confrontation between Shenyu Dizun and Moli, and was quite amazed at Moli's strength, but when he heard the chaotic tree, Qin Chen's eyes suddenly A magical rainbow burst out.

What is Mo Li talking about? Chaos tree?

"You are talking about the tree of chaos that can grow chaotic fruits?"

Qin Chen said in a deep voice. Qin Chen already possessed the God Tree of Heaven and the Demon Tree of Ten Thousand Worlds. Naturally, he knew how powerful the tree of chaos is. First of all, the fruit of chaos is extremely terrifying. A fruit of chaos can give birth to a noble one. Chaos Poison

The reason why he was able to break through the Venerable was because he swallowed a chaotic fruit. In addition, the fruit of chaos contains the aura of chaos, which is the wild aura when the universe was opened up. The power in it contains the supreme rules of the universe. A chaos fruit is extremely powerful for the promotion of the nobleman, even if it is Tianzun, it has a certain effect.

fruit.

Therefore, a tree of chaos, let alone the respect of the human being and the respect of the earth, even if the **** of heaven sees it, it will be crazy and fight. "Hahaha, of course it is the tree of chaos that can produce chaotic fruits, and the tree of chaos is already full of chaotic fruits, at least dozens of them, and they are about to mature. To get the fruit of chaos

, Just want to kill all the venerables who saw the tree of chaos, how? I wonder if you are not interested in this tree of chaos? "

Mo Li said fiercely, staring at Qin Chen.

"It's interesting." Qin Chen glanced at Mo Li coldly. If what the Mo Li said is true, a tree of chaos is really an amazing treasure.

"Hmph, just because you want to get the Chaos Fruit? You are looking for death!"

Deep Fish Dizun coldly snorted, seeing that Qin Chen also knew the Tree of Chaos, the killing intent in his eyes instantly overflowed.

"You shouldn't know the news of the Chaos Tree."

When the words fell, this Deep Fish Dizun instantly urged his five-color spirit to catch Qin Chen fiercely.

"So, is the news about the Tree of Chaos true?"

Qin Chen became excited in an instant, an invisible spatial force in his body was instantly displayed, which was Qin Chen's spatial domain.

Click! Click!

As soon as Qin Chen's spatial domain was released, Shen Yu Di Zun felt that his deep sea domain made a violent cracking sound, and the surging space domain tore through the deep sea domain of Deep Fish Di Zun, making him feel intense pressure.

The face of Shenyu Dizun suddenly changed. He already understood that Qin Chen was so powerful, it was definitely not the simple cultivation base he showed. How could it be possible for a human being to release the domain?

Mo Li and Chi Yan Demon Lord also looked at Qin Chen in shock, their minds a little confused.

Although they also knew that Qin Chen's strength was absolutely terrifying. After all, they knew Qin Chen's terrible all the way from the Tianwu Continent, but they did not expect that Qin Chen even mastered the domain.

"Impossible, my devil is the proud son of heaven. Even I have not mastered the domain. This kid has mastered the domain first? No, I also have to master the domain."

Mo Li was angry in his heart, his eyes were stern, and he quickly sensed the domain aura released by Qin Chen.

Click!

The spatial realm is permeated, and the deep-sea realm of Shenyu Dizun is opened up in an instant.

The Deep Fish Dizun immediately urged his power, and the breath of the five-color **** grasped more and more skyrocketing, igniting endless murderous rays to completely envelope Qin Chen.

"Qin Chen is also too daring, he has already opened up the opponent's domain, and he doesn't even know about preemptive strikes."

Demon Lord Chiyan and Mo Li couldn't help being shocked and anxious when they saw Qin Chen let the other's gods catch the cover down.

Seeing that the five-color **** grasp was about to grab Qin Chen, the evil sword ring on Qin Chen's right hand emerged at this time, and at the same time he blasted out with a punch. Booming, the endless evil spirit, sword intent and fist intent burst into the sky, and instantly blasted above the five-color **** catch. If it wasn't for Qin Chen to see how the opponent's supernatural powers are, can the five-color **** catch kill mang be fully stimulated Coming out is another matter.

[Chapter 3878: Will only hinder](#)

boom! I heard a harsh roar resounding, and the endless sword light and fist intent instantly pierced the void, and the place in the space that was struck by sword intent and fist intent collapsed suddenly, just like endless sword intent and Fist took away everything in the space

.

The majestic and violent sword aura and fist intent merged together, directly cutting through the opponent's five-color killing mans.

The five-color killing light that had just formed was like a thin layer of thin snow that had only fallen when it met the scorching sun, and it melted in an instant, disappeared in the blink of an eye, and there was no more colorful murderous intent.

Mo Li was dumbfounded when he watched from the side, he had no idea that Qin Chen's strength was so strong that he not only formed his own domain, but also smashed a blow from a strong earthly master with one punch.

Although Deep Fish Di Zun's attack might not kill him, Mo Li would never tear the opponent's attack as easily as Qin Chen.

How does this guy practice? When I was in Tianwu Continent, I was always so perverted. When I arrived in the Celestial Realm, why was it also so perverted?

Mo Li didn't know that Qin Chen was already reducing his strength. If Qin Chen urged the Void Mirage Bracers to stimulate his own special power, the power of the sword energy and fist that he exploded could skyrocket instantly. At this time, the Shenyu Dizun who used the five-color **** catching suddenly became horrified. Qin Chen smashed his five-color god's killer with a punch, and at the same time, the space domain was instantly diffused, and it was directly enveloped with a bang. A world, will he

Wrapped, and at the same time, a black spear appeared in Qin Chen's hand, which was the weapon of the Jufeng Earth Venerable.

call out!

Qin Chen urged the black spear to forcefully kill it, and suddenly a black spear light that pierced the sky, covering the sky and obscuring the sun, surged toward the deep fish. Despair and anger emerged in the eyes of the **** of deep fish. The five-color killer light caught by the five-color **** has been completely melted by Qin Chen's sword energy and fist, and even the surrounding void has been sealed off. Dare not think about the rest, five

Lushenzhao was forcibly aroused by him again, and blocked in front of him. At the same time, a huge round tripod also appeared in front of him.

Even if he desperately died, he still had to block Qin Chen's magical powers. At the same time, Deep Fish Dizun released his deep sea realm to the extreme, and the surrounding water waves suddenly aroused. These water waves have no breath at all, but as long as they are wrapped or suppressed by the water waves, even It's hard to breathe, let alone

To say that the vitality is working.

It's just that his water wave just triggered the first water wave, and a huge spear shadow appeared before the water wave.

Boom, the water wave that originally hit Qin Chen was like a bubble that had been poked into a hole, and it poured out in a rush, forming an overwhelming rush around the battle of several people, washing away all the surrounding air.

"Boom..."

Immediately afterwards, the black spear ignited the rainbow, struck the five-color **** and smashed it on the round tripod that Shenyu Dizun later sacrificed, making a loud noise.

Deep Fish Dizun let out a muffled snort, only to feel that a huge and incomparable force hit his body, and sent him out heavily, spouting several mouthfuls of blood in the void, his expression instantly wilting. Qin Chen shook his head. After a fight, he already understood that although this Deep Fish Earth Venerable is an Earth Venerable master, his aura is not very strong. In terms of strength, even Jufeng Earth Venerable is inferior. No wonder he was even magical before. And Chiyan Demon Lord can't take it
Come.

After Deep Fish Dizun was blasted out by a spear, panic suddenly appeared in his pupils, and he couldn't care about anything else, and he was about to flee here after his body swayed.

"Want to go, have you gone?"

Qin Chen sneered, and the chain of nebula formed by the Nine Jue Divine Mountain Array and the Ninety-Nine Star Cores burst out in an instant, immediately blocking the Deep Fish Divine Hall. However, the Jiuju Shenshan Array and the Nebula Chain Array are only treasures of the two peak humans, Venerable Jueshan and Xidoro. Only one is from the Dayu Shenshan and the other is from the Star God Palace, so they are more powerful than ordinary ones. Respect the treasure

A little tougher, but after all, it is not a treasure from the earth.

With a bang, I saw the deep fish Dizun instantly transform into a huge whale, and with the click, it would shatter the Jiuju Divine Mountain Array and the Nebula Chain Array. However, before he shook the two large formations, the black spear in Qin Chen's hand had already struck the black round cauldron behind Shenyu Dizun. A shocking sound came, and the shadow of the cauldron was splashed. Was blown out in an instant, followed by the black

The color spear pierced the deep fish Dizun's back quickly.

With a tearing sound, the black spear nailed Deep Fish Di Zun firmly in the void, and a deep gully was pierced out of his chest.

"No, don't kill me... you have something..." Deep fish screamed in pain, terrified, his body twisted crazily, trying to break away from Qin Chen's shackles, but before he finished speaking, Qin Chen left the war spirit **** Ji appeared, a sky-reaching flame of war, billowing and burning, completely enveloping the deep fish land

Respect.

"what!"

The next moment, a screaming scream sounded, and the whole body of Deep Fish Dizun was under the flames of war, and instantly disappeared and turned into ashes.

On the side, Mo Li and Chi Yan Demon Lord were completely dumbfounded. They thought that no matter how powerful Qin Chen was, they only wanted to join forces with Qin Chen to resist the attack of this deep fish earth venerable and let this deep fish earth venerable retreat, but they did not expect that Qin Chen would suddenly , I killed Deep Fish Di Zun here

in.

Such a shocking scene shocked Mo Li involuntarily.

"Pervert, really is a pervert."

Mo Li murmured, his face pale. The face of Demon Lord Red Flame was also extremely unsightly. At the beginning, in the secret realm of Void Tide Sea Sky Poison Pill Venerable, he still didn't understand that after seeing You Qianxue, Mo Li was horrified and wanted to leave. After all, Qin Chen was a great demon. No matter how strong, everyone is

Almost came to heaven.

But now, he finally knows how terrifying Moli's intuition is. What a special point, the name of the Great Demon is really not just casual talk.

Naturally, Qin Chen didn't bother to pay attention to the shock in the hearts of Mo Li and Chi Yan Demon Lord. As soon as he lifted his hand, he instantly put all the storage rings and treasures of the Deep Fish Divine Venerable into the Universe Jade Plate.

"Okay, let's go, take me to the location of the Chaos Tree." Qin Chen looked at Mo Li and Chi Yan Demon Lord, and said lightly.

The tone of this command made Mo Li upset in an instant, remembering the fear when he was dominated by Qin Chen in Tianwu Continent.

"Hmph, I can take you to the location of the Chaos Tree, but to make it clear in advance, this time we are cooperating." Mo Li said solemnly.

"Is there a difference?" Qin Chen glanced at Demon Li and Demon Chiyan. "With the strength of the two of you, whether it is cooperation or my order, the result will be the same, will it only be a hindrance?"

[Chapter 3879: Would be so kind](#)

"Who said it would only be a hindrance." Mo Li said angrily, Qin Chen actually underestimated him.

"Okay, then what do you think of a cooperative method?"

Qin Chen looked at Mo Li with a smile. This guy was really stubborn. If it wasn't for the difficulties in the Tianwu Continent back then, he and Chiyan Demon Lord also took action against foreign enemies. For the sake of Void Tide Sea, Qin Chen also helped You Qianxue. I didn't bother to talk nonsense with them.

However, these two people are also from the Tianwu Continent anyway, and they have witnessed a lot along the way. As long as the two people don't find their own way to trouble themselves, Qin Chen will not bother to kill them.

Qin Chen is not a murderer.

Moreover, Qin Chen vaguely felt that this Moli definitely still had a hole card on his body. This guy knew too well. He was an extremely crazy person. If he didn't have a hole card, how could he be so arrogant. It would be difficult to kill him. small.

At the very least, it is definitely more troublesome than Jufeng Dizun. This is Qin Chen's intuition, and Qin Chen believes in this.

"Huh, cooperation means that the relationship between you and me is equal. We will take you to the tree of chaos and cooperate with each other. However, if you take what you need, whoever gets the fruit of chaos will own the fruit of chaos. How about fighting?"

Mo Li said solemnly.

"Okay, do whatever you like." Qin Chen didn't bother to argue about these things, wondering what this demon always struggles with equal status? Would he still oppress him to fail?

Qin Chen's casual attitude made Mo Li more uncomfortable. Doesn't this kid know how hard he worked to reach the position where he can negotiate terms with him today?

"Well, you follow us, we will now take you to the location of the Chaos Tree."

Whoosh!

Mo Li and Chi Yan Demon Sovereign immediately rose to the sky and swept towards the ruins.

"Huh?" Qin Chen's eyes flashed, he had already seen that the injuries of Mo Li and Chi Yan Demon Lord had been healed in this short moment. These two guys did have two accidents.

"Li'er, are we really going to cooperate with this big demon?" Demon Lord Chiyan glanced at Qin Chen and spoke to Mo Li.

"Otherwise, what can I do? The chaotic fruit is about to mature, and it is too late." Mo Li shook his head.

"But, with this big demon, we have never done anything good." The Chiyan Demon was a little trembling, there was no way, the shadow was too deep.

No matter that time in the secret realm, as long as Qin Chen was there, they would not be better off.

"Why don't I know this?" Mo Li almost vomited blood, is he the biggest victim? Since Gu Nandu, he has been pressed by Qin Chen. Can this feeling be better? "This time is different. We are cooperating with this great demon. Don't forget, when did this great demon suffer a loss in previous secret realms? At the beginning of the void tide sea, he was only a holy master, but even a demon. The Demon Lord couldn't kill him.

If you have great luck, cooperate with him, maybe you and I will have amazing gains!" Mao Li said.

He himself is also a person of great fortune, otherwise he would not be able to live until now, but compared with Qin Chen, he was much worse. The two of them joined forces, and there was a feeling that there would be a big gain this time.

"That's true." Red Flame Demon Lord nodded, "But how did this great demon become the body of a true dragon? It is said that the true dragon family is an extremely powerful race in the universe. This great demon is obviously a human race. Arrived?"

"Who knows." Mo Li glanced at Qin Chen: "Maybe this great demon killed a real dragon, and swallowed this true dragon is not necessarily true. What can this great demon do? Won't come out."

"That's right." Chiyen Demon Lord nodded, deeply agreeing.

He knew Qin Chen's brutality. Qin Chen followed, watching the two people whispering in front of him, but he didn't bother to pay attention. Of course, Qin Chen didn't care about it. Instead, he operated the destiny technique. From the two of them, he didn't feel the slightest aura of danger. In other words, the two people's

He really cooperated sincerely and didn't undermine his mind.

That being the case, Qin Chen would naturally not harm them.

"Qin Chen, let me talk about the situation in the ruins first..."

In the process of flying by, Mo Li didn't hide it, and immediately told the original situation.

"The Deep Fish Divine Venerable you killed before is a cooperative relationship with the Yin Hai Divine Venerable, so when you are in the ruins, you must be careful that the Yin Hai Divine Venerable will target you." Mo Li warned.

"Yin Hai Di Zun?"

Qin Chen murmured, he didn't expect that there were so many masters of the earth in the ruins, so it seemed that this time it was not easy.

With Qin Chen's strength, ordinary earth-sovereigns are naturally fearless now, but the strong are like clouds in this Vientiane God Hidden, who knows whether there is an old monster hidden.

The same is the respect of the earth, the difference between strength and weakness is as straight as the world.

"Haha, it's okay, when I look back, I will say that the Deep Fish Earth Venerable was killed by the two of you. Ben Shao saved both of you. Can't let Ben Shao take the blame for you two?" Qin Chen said with a smile.

"you....."

Mo Li felt that he was about to be killed by Qin Chenqi before he got the Chaos Fruit.

"Also, my black bell treasure is on you. Since you and I have cooperated, it is better to return this black bell treasure to me." Mo Li said to Qin Chen. "Black bells?" Qin Chen smiled, "You should have obtained this from Venerable Soul Demon Race, right? Back in the Void Tide Sea, the Venerable Soul Demon Race was supposed to be my prey, but who knew Taken away by you, now this black bell treasure is

It's a supplement to Ben Shao. "

Qin Chen said lightly.

This black bell contains the profound meaning of the soul, but it is an extraordinary thing.

"you....."

The devil was so angry that he would vomit blood.

"This thing is a treasure that I finally got. You just took it away, so what kind of cooperation are you talking about?" Mo Li angrily said, like a angry little wife.

"Big Demon...Uh, no, Qin Chen, you have also seen that, Li'er and I are not as strong as you. We are counting on this black bell to save our lives, look..." Chi Yan Demon Lord also said.

"Li Er?"

Qin Chen looked suspiciously at Mo Li and Demon Lord Chiyan, how could he always feel that these two were weird.

Qin Chen sneered: "Don't pretend to be pitiful, you two, with your methods, there is more than that."

Speaking of this, Qin Chen's eyes flashed suddenly, as if thinking of something.

He smiled and said, "Of course, now that we are working together, we can naturally focus on the overall situation, so..." Qin Chen immediately took out the Jiuque Divine Mountain Array and the Star Core.

"These two treasures are both seals and seals. Treasures, although they are not earth-sovereign treasures, their power is close. If you refine them, they will surely gain your life-saving ability

For promotion, I will lend you first. "

As Qin Chen said, he handed these two treasures up. These two treasures no longer have a great effect on Qin Chen now. They are tasteless, and they can't be taken out easily. Just take this opportunity...

Mo Li and Chi Yan Demon Lord looked at Qin Chen suspiciously. They had seen the power of these two treasures before. Although they were not as good as the black bells, they were indeed terrifying in terms of seals.

But would Qin Chen be so kind? Mo Li and Chi Yan Demon Lord always felt something was wrong.

Chapter 3880: Lightning Treasure

"However, you have to swear that after lending you these two treasures, you can't say that you got them from me." Qin Chen looked at Mo Li and Chi Yan Mo Jundao.

"How do I feel weird?" Mo Li frowned, "Qin Chen, isn't there something you want to pit us?"

"Hmph, I kindly lend you treasures, but you still don't appreciate it. I think you two have gone through a lot of hardships after you came to the heavens. If you don't want them, then you will be pulled down."

Qin Chen turned his head and was about to put these two treasures into the jade disc.

"Don't..." Mo Li hurriedly said, "It's us who treat the gentleman's belly with a little human heart."

The two hurriedly took the treasure and swore.

"Li'er, would this great demon give us self-defense treasures so kindly?" Chiyen Demon Lord was still a little worried.

"Of course there are some tricks, but you have to get some tricks!"

Mo Li was depressed and could not help. There were too few treasures on his body. Before Qin Chen released the power of the Jiujuue Divine Mountain Array and the core of the stars, he could see clearly that with this treasure, the defense against them would naturally be improved.

Hum!

The two picked up the Jiujuue Divine Mountain Great Formation and the Star Core to refine them. Rumble, the talents of the two were extremely high, and the two treasures had already been refined by Qin Chen. There is no difficulty.

In an instant, the two of them had each refining these two treasures.

"Good baby!"

I didn't know before refining. After refining, Moli and Chiyen Demon Lord knew the power of these two treasures. They were extraordinary. They were able to form a huge array of Nine Jue God Mountain and Nebula Chain, which can block the void, respectively. Zhenfeng means.

This made Mo Li and Chi Yan Demon Lord look at Qin Chen's gaze, instantly becoming kind.

This big demon also has a kind time!

Next, Qin Chen discussed some countermeasures and plans with Mo Li and Red Flame Demon Lord, and only then approached the ruins.

"Just ahead!"

Not long after the three of them entered the ruins, in the distance, a ten-thousand-square-foot light curtain emerged from the sky, and at the same time a strong atmosphere of chaos filled out.

"It's so rich and chaotic."

Qin Chen looked at the light curtain, and one of the ancient trees was looming, trembling slightly, and it was full of fruits, which implies the number of heaven.

And near the light curtain, stood a group of strong men, and the scene was full of blood and murderous aura. Obviously, they had just experienced a fight, and there was blood everywhere.

"Qin Chen, there are a few more earth-sovereigns here. It should be the earth-sovereign who rushed over after we left." Moli glanced at the ruins, and said through the voice: "Qin Chen, what should we do next?" "Now The chaotic fruit has not yet fully matured. If it enters the ruins directly, it may trigger hostility from the Yin Hai Dizun, and it will be targeted before the fruit matures. However, if it does not enter the scene and waits for the fruit to mature before taking action, I am afraid it will

One step behind others. "Red Flame Demon Jundao.

In this kind of treasure hunting, one step behind is very likely to lose the opportunity to obtain the Chaos Fruit.

"Follow me."

Qin Chen said calmly, and it was not a good move to let him hide behind.

With a flickering figure, Qin Chen took Mo Li and Chi Yan Mojun to the ruins instantly.

As soon as Qin Chen and the others fell, they attracted the gaze of many powerful people present.

"You two guys dare to come back?" When Yin Hai Dizun saw Mo Li and Chi Yan Demon Lord, his face suddenly sank, exuding rich murderous intent.

"Yin Hai Di Zun, this chaos tree was not planted by you, why should we not dare to come back?" Mo Li suddenly laughed, and glanced at Yin Hai Di Zun, his face showing no fear at all.

"Quack, Yin Hai Dizun, it seems that these two little guys are not afraid of you." A screaming sound rang out, and it was the white bone Dizun walking slowly, with blood on his hands, two In the eyes, a dark flame was burning.

At the same time, the other elders took their subordinates, and their eyes fell on the three Qin Chen.

These guys had formed an alliance secretly, and naturally they were not allowed to share a piece of the pie. At the same time, almost all their eyes fell on Qin Chen.

Demon Li and Demon Chiyan fled before, but now, they dare to return here in a high-sounding manner. Where is the confidence?

Except for Qin Chen, they couldn't think of other possibilities.

"A guy from the true dragon clan?"

Their hearts shuddered, the real dragon aura on Qin Chen's body made them instantly recognize the identity of Qin Chen's true dragon clan, which is a big clan in the universe.

However, there are many strong people present, and the strength of this place is respected. Even the demon from the demon clan dare to kill them, naturally they will not be too afraid of the true dragon clan.

"Everyone, my friend also has a share of the discoveries here. In Xia Longchen, I just want to share a piece of the pie. I hope that everyone will not be offended by the river."

Qin Chen glanced at the many powerhouses present and said lightly.

Looking around, there are more than a dozen earth sages present. No matter how strong Qin Chen is, it is impossible for one person to be an opponent of so many people.

The other elders all looked at Qin Chen in amazement, where did this real dragon guy come from? Dare to take food from their mouths? However, the other elders did not speak. The true dragons are considered to be one of the top races in the universe. The key is that the number of true dragons is extremely rare. Unlike the demons, they have many levels. They killed a true dragon and passed it out. They kind

Clan will inevitably have some influence.

What's more, they all knew that Yin Hai Di Zun would never let these three guys go.

Sure enough, Yin Hai Di Zun sneered directly after hearing Qin Chen's words.

"Hahaha, the well water does not offend the river water, you are a small person, and you have a big tone." Yin Haidi said coldly, and the eagle's eyes were getting more and more gaze. He had carefully sensed Qin Chen's breath, but it was just a person. Realm only, I thought these two guys had found some backing, but I didn't think they were just a respectable kid, even if they came from

What about the true dragons?

"If you want to die, you have to see what you can do."

boom! Yin Hai Di Zun's voice fell, and a terrible breath lingered from him, directly suppressed. Then, a blue treasure appeared in the hands of Yin Hai Di Zun, and this treasure was filled with Leiguang's orb, that

The thunder and lightning on the ball uttered a scoffing sound, and immediately enveloped the area of a hundred miles, and Qin Chen and the three were just under his thunder light. Yin Hai Di Zun used his full force when he shot, and even displayed his top-ranked treasures. Although he was rampant, he was cautious by nature. Before Moli and Chiyan Demon Lord could escape his pursuit, the strength of the two Among the human beings, it is definitely a level against the sky. Now that he is coming so strong, Yin Hai Di Zun is disdainful, but in his heart he is not careless.
