

Valkyrie 3881

[Chapter 3881: In the wrong](#)

Therefore, as soon as he made his move, he used his full strength. They are so bold and must have some means. Even the real dragon guy may have some hole cards, but he made up his mind that no matter what hole cards the opponent has, he must let him The other party knows,

What is the fate of offending yourself.

Thunder treasure?

Qin Chen had been wary of Yin Hai Dizun for a long time, and now he saw Yin Hai Dizun directly shoot, but he didn't expect that Yin Hai Dizun would use thunder-type treasure to deal with him, it was blind. Got a glance. When Yin Hai Di Zun made a move, even Demon Li and Chiyan Demon Lord were shocked. This Yin Hai Di Zun was far more terrifying than Deep Fish Di Zun. I didn't expect this person to have such a powerful thunder weapon. Thunder series treasure is definitely among many attack treasures

Can Qin Chen stop the top class?

Mo Li just thought of this, and for a moment the thunder light treasure displayed by Yin Hai Di Zun made a sneer of thunder and lightning, and then turned into a thunderous arc with the thickness of the child's arm in the sky and blasted down.

The sky full of thunder arc with a booming sound, the power is astonishing, it seems that the space around Qin Chen and the others is also a bit unstable by the sky full of thunder arc. The faces of the White Bone Divine Venerable, the Wushuang Divine Venerable, and the Lingyue Divine Venerable were condensed. They always thought that although the Yin Hai Divine Venerable was strong, they might not have any advantage over their own. People are shinning in their hearts, Yin

Haiti Zun unexpectedly still has such a thunder light treasure.

If in a battle with them, Yin Hai Di Zun suddenly displayed this treasure, they would even suffer in a hurry.

What's more, this is the first attack of this Thunder Light Treasure. Who knows what other powerful methods this Thunder Light Treasure will have next?

They were shocked, but they looked at Qin Chen and the others one after another, because they all wanted to know where Qin Chen and the others were so emboldened and dared to compete with them in a high-sounding manner.

What they never expected was that Qin Chen didn't move anymore in the face of Yin Hai Dizun's attack, as if completely stunned.

Is this guy crazy?

The others were stunned. Even these elders, they didn't dare to directly bear the lightning attack from the yin Hai eldest. The boy of the true dragon clan in front of him was no more than a human being, wouldn't he be afraid of being bombarded to ashes by the yin Hai eldest?

Mo Li and Chi Yan Demon Lord were also dumbfounded, what was Qin Chen doing? But they didn't dare to be motionless under this thunder light like Qin Chen. The two of them did not hesitate and directly displayed the JiuJue Divine Mountain Array and the Star Core.

Rumble!

Suddenly the rumbling sacred mountain and the core of the stars immediately surrounded the two of them, making them only feel the thunder light pressure on their bodies relieved.

The next moment, the endless thunder light poured down, covering the three of them.

Chi Chi Chi Chi!

Endless thunder light wanders. Qin Chen did not move, not because he could not hide, nor was it to show his strong defense power, but when the lightning fell on, Qin Chen had a vague feeling that the power of the lightning was almost not too great for him. Even if it falls on him

On his body, there is no difference at all from Tickle.

Qin Chen didn't know why he felt this way? But as soon as this feeling appeared, Qin Chen had an urge to experience it.

Rumble! The endless thunder light fell, and blasted on Qin Chen. Each of these thunder lights had the power to severely injure and even kill the deity. The sky full of thunder lights united, even an ordinary earthly deity would be injured, and even be blown out. , Body weight

What shocked Qin Chen was that the thunder light exposed to him, really like itching, it just made him numb, but there was no sharp pain.

Moreover, after these lightning rays fell on him, they even penetrated into his body, and were instantly absorbed by his body, a vaguely terrifying thunder power wandering in Qin Chen's blood.

Thunder blood? Qin Chen was shocked to feel the changes in his body. When he was in Tianwu Continent, it was the thunder bloodline that awakened. Later, when he broke through the holy realm, the power of the bloodline became the law of origin and integrated into his body. He has always been a killer of Qin Chen. But Qin Chen

Unexpectedly, after breaking through the Venerable, the thunderous aura in his blood became more and more terrifying, and even the lightning of this class of Earth Venerable could not harm him.

Qin Chen himself was extremely shocked.

He knew that after he broke through the realm of the venerable, the realm of body refining had been astonishingly improved, and coupled with the genetic leap, his defense power was astonishing.

However, after all, he is only in the middle stage of the respect, and he is not as powerful as an attack at the level of the respect, just to the point of tickle him, right?

What's more, he has not urged the Haotian Divine Armor yet.

The reason for all this is very likely to be related to his Thunder bloodline.

Although he didn't know the specific reason, Qin Chen already understood that his body's defense against thunder attacks had reached an extremely terrifying level.

"Boom..."

The thunder arcs of countless babies' arms blasted down, and Qin Chen was completely swallowed by the lightning, and he couldn't even see his figure. On the contrary, it was Mo Li and Chiyan Demon Lord, under the defense of the Jiuju Divine Mountain Array and Nebula Chain. Resisted.

"This is... the ancient sacred mountain? The treasure of Human Race Dayu sacred mountain?"

"And that star core... from the Human Star God Palace!" Seeing the Jiuju Divine Mountain Great Array and the Star Core displayed by Mo Li and Chiyan Demon Lord, many of the venerables present were shocked. These two treasures are not human. Are the treasures of Daewoo Mountain and Star God Palace? And Daewoo Mountain and Star God Palace are both humans

The top power, there is Tianzun, how can the treasures of these two powers fall into the hands of these two guys?

Could it be...

One possibility appeared in everyone's mind, making everyone shocked.

Mo Li and Chi Yan Demon Lord resisted the invasion of thunder light, and they were very frightened in their hearts. Damn, these two treasures actually came from Human Race Dayu Shenshan and Star God Palace respectively. This Qin Chen... is so special.

At this moment, the two finally understood why Qin Chen had lent this treasure to the two of them, and also asked them to swear not to tell the origin. This clearly meant that they would be blamed.

Daewoo Shenshan and Star God Palace have also heard of them. They are both the top powers of the human race. If these two powers are allowed to learn about this news, then...

Mo Li and Demon Lord Chiyan were about to vomit blood.

What makes them vomit blood even more, what is Qin Chen doing?

They looked at Qin Chen who was not far away. They were very close to Qin Chen. Others only saw Qin Chen surrounded by endless lightning, but they could see Qin Chen's faint figure.

Boom boom boom! Rays of thunder light fell down and blasted on Qin Chen's body, and the sound he made was a strange dull sound, not at all the ear-piercing sound of thunder arc bombardment.

[Chapter 3882: You are not respectable](#)

"Hehe, is this your attack?"

In the endless thunder, a mocking voice sounded.

"what?"

Everyone including Yin Hai Di Zun was stunned.

Everyone would think that after the thunder arc, Qin Chen was already a mass of ash, even if there was something, it was just some ash. But after the dazzling arc of thunder struck, everyone's eyes straightened, and the arc dissipated. Qin Chen under the huge thunder light just reached out and patted the dust on his body, or slapped a fly away. , That expression is extremely relaxed

. But there is no dust on his body? Not to mention the dust, that is, his clothes are not wrinkled, and his hair is not messed up.

Not only was Qin Chen okay, even Mo Li and Chi Yan Demon Lord were also safe.

At this moment, the scene became deadly silent.

Everyone has seen the power of the sky full of thunder arcs that Yin Hai Dizun has played, and no one dares to think that he can escape unscathed, even his clothes can't afford to fold.

To be sure, everyone thinks they cannot do it. But Qin Chen actually did it. Once he didn't sacrifice the noble treasure, and secondly, he didn't make any obvious movements. He stood still and stopped this terrifying attack.

The corners of the eyes of the surrounding White Bone Dizun and the others twitched, and he realized that he seemed to underestimate Qin Chen, and Qin Chen was even more powerful than he thought, or much more powerful.

Mo Li and Chi Yan Demon Lord were also in awe. They knew that they could resist safely, all because Qin Chen absorbed most of the thunder attacks, that is to say, Qin Chen's strength far exceeded his expectations.

The hearts of many earth honourers present were shocked. No wonder this true dragon clan dared to intervene in the fight for Chaos Fruit, he did have this confidence. Including the White Bone Dizun and others, their eyes were a bit sharp, although they also claimed to be able to withstand the lightning attack of the Yin Hai Dizun, but they asked themselves that they were too far apart from Qin Chen, under this terrifying lightning arc. , Qin Chen didn't move

, Can't even afford the wrinkles of clothes, is this something ordinary venerables can do? Even the top of the earthly respect does not dare to be so arrogant, right?

What kind of pervert is this guy?

For a time, the scene was deadly silent.

The reason why the scene was deadly silent was because what Qin Chen did was not something that a person respecting the martial artist could do. This was even an existence that was even more terrifying than that.

Yin Hai Di Zun was also shocked. He had never seen anyone stand still, unscathed under his Thunder Bead. So he was almost stunned. Is this something that a person who respects martial arts can do? Can't even do it at the top of the earth?

In an instant, he reacted, his back was already dripping with cold sweat.

Without waiting for him to retreat, Qin Chen sneered and said, "I hit me with thunder, do you want to retreat? Don't dream..."

Qin Chen hadn't finished speaking. With a move in his heart, the power of thunder in his body surged, his hand raised, and a thunder attack had been sacrificed, but what he offered was only a thunder arc sword. A thunder arc sword with the thickness of an adult's arm, and still as black as ink, it was Qin Chen who absorbed the thunder attack of the former Yin Hai Dizun, and then released the attack after stimulating the thunder bloodline in his body, "booming" thunder and silk Flashing

In the meantime, the Thunder Arc Sword was about to fall on Yin Hai Dizun's body. An imminent danger came, and Yin Hai Di Zun was flustered, and even the Thunder Light Treasure could not be retracted in front of him. He only knows to avoid this thunder arc sword, although this thunder arc sword has not yet landed on him, but

He already knew that he would never be able to withstand the power of this thunder arc sword.

But the next moment he even started to sweat the top of his head. He found that the surrounding space had turned into a quagmire, and his movement became slow.

"It's the realm of space!" The Yin Hai Divine Master was extremely furious. He did not expect that Qin Chen alone could use the realm. Originally, he was a master of the realm, and it was impossible for him to be so embarrassed in Qin Chen's realm. I didn't expect such a field at all

Jing, so that his reaction was slightly slow.

At this moment, he had only time to shift his head over.

"Boom..." The black Thunder Arc Sword hit the shoulder of Yin Hai Dizun without hesitation.

puff!

Yin Hai Dizun's whole body was blasted out directly, hitting the ground heavily, embedded in the hard ruined ground, and one of his arms had disappeared.

After squirting a bit of blood, Yin Hai Di Zun rushed out of the ruins in an instant, and a vast field was swept out. At the same time, regardless of his own serious injury, he resisted the thunder light treasure in front of him, looking at him in anger. Qin Chen.

"Your Excellency is not a martial artist..."

Yin Hai Di Zun roared, Qin Chen is definitely not a man who respects the martial arts. If he is a man who respects the martial arts, how could it be possible to display the space domain, how could there be such a terrible attack?

At this moment, Yin Hai Di Zun had only one thought in his mind, and that was that Qin Chen had definitely hidden his cultivation base. Otherwise, how could the opponent hit with a thunder arc sword at will, seriously injuring himself? And also free up the space field? He can even easily withstand his own thunder attack, although Qin Chen's breath is just human respect, but

It was Yin Hai Dizun but couldn't believe it at all.

How can a person be so strong?

The other earthly respects present, such as the white bones respected one and the others, looked at Qin Chen's eyes with shock.

They also believed that Qin Chen was the **** of the earth, just like the Yin Hai Dizun, only that they had practiced some kind of concealment technique to keep everyone present.

This is definitely a pervert who pretends to be a pig and eats a tiger. It is obviously the respect of the earth, but it hides the respect of the adult.

"Everyone, this person is definitely an earthly respect!"

Yin Hai Dizun retreated to the crowd of Bone Dizun for the first time, and said in a deep voice, while hurriedly swallowing the pill, his eyes were horrified.

He has already admitted.

There is no way to deny counseling, he knew very well in his heart that Qin Chen was just a random Thunder Arc Sword, which would seriously injure him. What if the opponent sends out a few, even a dozen Thunder Arc Swords? Even if he was prepared, he would definitely be embarrassed. Unless the Bone Divine and the others are willing to join hands to deal with this guy, but Yin Hai Di Zun is very clear about the virtues of Bone Divine and their virtues. If Qin Chen did not show his strength, perhaps they would fish in troubled waters, but now after showing his strength, who would dare

Rush?

After all, the alliance between everyone is not that strong.

However, after all, they had formed an alliance and allowed Yin Hai Di Zun to be killed. It was definitely not in their interests. Qin Chen's strength had already made them extremely vigilant. The Bone Divine Venerable immediately walked out and said, "Your Excellency is a good method. I will admire it. However, since you have hurt one arm of the Yin Hai Di Zun, you must be forgiving and forgiving."

[Chapter 3883: Chaotic fruit ripening](#)

Qin Chen did intend to kill Yin Hai Di Zun Liwei, but after he looked at the atmosphere on the scene, he knew that this should be impossible. These people should not agree to kill Yin Hai Di Zun, once they start fighting, Face so much by myself

The earthly respect is bound to be troublesome. Only Qin Chen knew that the reason why he was able to severely injure Yin Hai Dizun in an instant was because of his sudden shot, and the scene of resisting the thunder frightened everyone present. In fact, his strength was by no means as those people imagined. can

I was afraid that once the battle started, Qin Chen couldn't be sure in his heart when faced with so many respects.

"How is it? Does this seat have the qualification to compete for Chaos Fruit?"

Qin Chen said coldly, scanning everyone.

He came here for the Chaos Fruit, not to kill people and severely wound the Yin Hai Di Zun, the purpose of establishing power has been achieved.

Your Excellency, since you have this level of strength, I am naturally willing to accept Your Excellency to join the team for the Chaos Fruit. "

The bones respect arched hands. Yin Hai Di Zun's face was extremely pale. He was already ecstatic when he heard Qin Chen forgiving him. Although he hated Qin Chen, he did not dare to show it. To protect his face, he must have absolute strength. If there is no strength

, Also can't recognize the form, that is to die.

Seeing that Qin Chen did not continue to kill Yin Hai Di Zun, Bone Di Zun and others were relieved. It seemed that this real dragon clan powerhouse didn't want to kill.

"By the way, I don't know where the Sea Clan Deep Fish Dizun who left with these two little brothers before went?"

The Bone Divine Lord asked again, he actually had some guesses in his mind, but he still asked deliberately. Before Mo Li and Chi Yan Demon Lord could answer, Qin Chen sneered: "That Deep Fish Dizun was killed by my two friends, huh, this person does not weigh his own weight, and dares to chase after me. Friends, my two friends have extraordinary methods, no one dares

kill? Not to mention the sea race, the venerables of the human race and the demon race can not be killed. "

Mo Li and Chi Yan Demon Lord almost vomited blood after hearing this.

The eyelids of the two of them throbbed, and they wanted to jump out and say that you obviously killed the person, but in the end they could only knock off their teeth and swallow them with blood.

Bitter! Bone Dizun and the others were awe-inspiring, some Qin Chen Zhuyu was in front of them, but they did not dare to underestimate Mo Li and Chi Yan Demon Lord. These two guys could escape from their hands before, it was already incredible, plus Sacred Mountain and Stars from the Show

The core was clearly captured by the people who killed Dayu Shenshan and Star God Palace, and Wushuang respected them without the slightest doubt.

While Yin Hai Dizun hid on the side, his heart was very frightened. Shenyu Dizun had always been his follower, but he never wanted to die directly in the Vientiane God Cang, but he did not dare to stand out for Shenyu Dizun. He regrets it to the extreme now. He obviously didn't get this chaotic fruit. He had to come out for the treasure. Now the deep fish **** on his side has fallen, and he was also seriously injured. On the contrary, he respected them a little bit. No loss,

Now it seems that he is a pig.

It's just that now that he can save his life, it is already a great fortunate, where there is still half a word of nonsense.

His heart was filled with resentment, and when he was going to compete for the Chaos Fruit, he had a chance to kill Qin Chen and the others.

For a while, the atmosphere on the court became weird, and many masters waited quietly.

Qin Chen didn't bother to pay attention to other people, but closed his eyes to rest his mind, immersed in the feeling of the power of thunder before.

Time passed bit by bit.

There are also some people approaching here, but if it is a person who respects the martial arts, they will be directly killed here, and if it is a respect for the earth, if they are not sure to leave the other party, everyone can only agree to the party to join.

When the time comes, each has its own ability.

It was the seventh day that Qin Chen arrived.

Hum!

The tree of chaos in the light curtain suddenly passed a thick chaotic aura, and the strong chaotic aura quickly spread across everyone's body, causing a huge shock of the power of the Lord.

Huh! Huh! Huh!

On the tree of chaos, the three chaotic fruits suddenly burst into dazzling light, and a strong chaotic aura spread out.

"The Chaos Fruit is ripe."

"Hurry up!"

boom!

Suddenly, all the powerhouses staring at the Chaos Fruit were startled.

With so many Chaos Fruits on the Chaos Tree, only three ripened for the first time, and there are so many strong ones here, which is not enough.

In an instant, some people's eyes lit up and they flew out quickly.

"Li'er, let's do it too."

Chi Yan Demon Lord said immediately.

"Not in a hurry."

Mo Li, who was flying by, stopped in an instant, because Qin Chen on the side did not move, and even many of the earthly masters present did not move, just approaching the edge of the chaos tree.

Many of the moves are the pinnacle human masters under the command of each place.

Demon Chiyan realized it instantly. The Tree of Chaos is dangerous and inexplicable. Before the safety is ensured, the masters of the earth will fall instantly. The first person to fight for the fruit of the chaos will bear the most risk, and even if anyone grabs the fruit of the chaos, it will be the target of the public.

The odds are low, and they are obviously observing the situation.

These three Chaos Fruits have a very high probability for them, and the only thing that can pose a threat to them is only the top princes of other races. In fact, with so many people present, none of them are idiots. The pinnacles of all the forces that are dispatched naturally know the danger, but they also know that staying behind with their own strength will definitely not get the fruits of chaos. The only hope is

Hope is to take a fight when it is mature, if it succeeds, one step closer to strength is just around the corner.

Whoosh! Whoosh! Whoosh!

In the first time, about seven or eight celebrities and masters rushed up, their speed was so fast, one by one turned into streamers on the ruins, rushing to the chaotic fruit in the light curtain.

Around the tree of chaos, the power of time lingers, these powers of time surging, forming a vortex, these masters are well aware of the danger, avoiding the time vortex in the light curtain, and quickly approaching the chaotic fruit.

Seeing that the first person was only a few hundred meters away from the Chaos Fruit, suddenly an invisible force of time permeated, and the face on this person's face quickly grew old.

The power of time is still there.

The White Bone Dizun and others were horrified.

"No, the power of this time is far less terrible than before."

Then, the White Bone Venerables and the others woke up in shock. With the strength of these human beings, if the power of time is as terrible as before, these guys can't hold on for so long, they are afraid that it will be directly turned into ashes in an instant.

Now, even though the power of time is powerful, even these masters of humanity can resist one or two, then these elders of them will certainly be able to hold on for a while.

"Do it!"

Boom boom boom! Almost for an instant, all the earthly respects moved with eyebrows.

[Chapter 3884: Spit it out](#)

"Hands!" At this moment Qin Chen also moved. He had already seen the situation on the scene. The power of time on the Chaos Fruit had begun to weaken, not because the power of the Tree of Chaos was weakened, but every time the Chaos Fruit matured. , Time on the tree of chaos

The power will be weakened for a certain period of time.

This is the law of the movement of heaven.

Chong Chong Chong!

A group of earthly respects moved, and their speed soared to the extreme.

At this time, it is time to test who is fast and who can resist the erosion of time.

"Get out of here!"

"dead!"

Many powerhouses on the scene went crazy, and even when sprinting, if anyone flew in the front, the powerhouse behind would attack in one round, which was an indiscriminate attack.

"Get in the crowd first."

Qin Chen's eyes flashed. This time is not a time of irony. The first one will definitely become a bird, and will be attacked by the nearly twenty earth sages behind. Who can hold it?

Unless it is at the last moment, you can make a strong shot.

Qin Chen glanced around and saw that Mo Li and Chi Yan Demon Lord were also in the crowd. They were not dropped, and the speed was extremely astonishing. At the same time, the two eyes flickered and they were communicating with each other.

Immediately afterwards, Qin Chen also saw that the man in black who had chased him down was also mixed in the crowd, hiding his breath and acting harmless to humans and animals.

"Humph."

Qin Chen's eyes were cold, he had already recognized this guy since he came to the ruins, but he didn't do anything because of everyone's eyesight.

But very now, the man in black did not recognize him.

Rush! The speed of a group of earth veneration is so fast, they have arrived near the tree of chaos in an instant. In an instant, everyone is suffocated, as if they have entered an obscure space. The power of time envelops everyone and accelerates. Everyone body

Metabolism.

In an instant, wrinkles began to slowly appear in the corners of the eyes of the two Divine Masters, and the lifespan began to pass.

What a terrible power of time?

Everyone was shocked, the power of this time, the power was extremely amazing, even the master of the earthly respect, could not resist for a time, and needed to resist with all his strength.

"The power of time?"

Qin Chen's heart moved. When he entered this area, the origin of time in his mind showed a hint of excitement, as if he had come to a place that made him extremely comfortable.

Moreover, after a trace of the power of time entered his body, it was slowly absorbed by the source of time in his body.

The power of time emanating from the tree of chaos, for the origin of time, turned out to be a great tonic, and it was even easier to absorb than the power of time in the previous time zone.

Whoosh!

And at this moment, a pinnacle person before that, because of the early shot, he was already close to the tree of chaos, his beard and hair were faintly pale, obviously it was a short period of time that he lost too much life.

However, the lifespan of a venerable person is extremely long. Once he leaves this area, he can slowly recover. As long as he can get the Chaos Fruit, all his efforts will be rewarded.

"He is approaching." Everyone looked coldly. This pinnacle person was extremely fast, struggling to lose his life, and instantly came to the chaos tree and sucked one of the three chaos fruit. , Om, that chaotic fruit instantly fell into his hand, and then this person charged

Rising from the sky, flying away.

He was not greedy. He only snatched one of the three in order not to become a target. Unfortunately, he underestimated the temptation of Chaos Fruit, and the others didn't even want to miss a Chaos Fruit.

"Spit it out!"

Unanimously, several venerables near him, shouting in anger, all shot together and bombarded him.

"Camto, come to me."

This pinnacle man is strong, with scales on his face, and even barbs on his back, belonging to the same ethnic group.

As soon as he got the Chaos Fruit, the master of the earth-sovereign of his clan screamed loudly and greeted him frantically.

However, it was too late.

Scream! The eyes of this pinnacle human master were horrified, and his speed had been increased to the extreme, but how could he withstand the combined blow of so many masters? In an instant, this person was instantly torn to pieces, and the chaotic fruit fell from the air. Human

The armor and space ring were thrown around.

Whoosh whoosh whoosh... No one can describe the situation at this time. In an instant, all the strong men who were confident that they could bear the erosion of time moved, and more than twenty figures rushed out and rushed out. The chaotic fruit that fell in the void, and some pinnacles

Zun, it was this guy's storage ring and armor that rushed towards.

Many people pride themselves on being unable to plunder Chaos Fruits, and being able to obtain the treasure and storage ring of a pinnacle is also not a small gain.

And Qin Chen moved too, but his goal was not the Chaos Fruit, but the Chaos Tree. This tree of chaos can give birth to the power of time, and it has a huge effect on the origin of time. Once you can get this tree of chaos, transplant it into the jade disc of good fortune in the universe, not only can you get a lot of chaotic fruits, you can even bring yourself of

The origin of time is truly elevated and forms the realm of time.

Once the time domain takes shape, no matter how many respects Qin Chen is, he is not afraid.

Therefore, even exposing the Haotian Divine Armor is worth it.

Along with Qin Chen, there were most of the masters of the earthly masters, but there were also a few earthly masters who abandoned the tree of chaos and slew towards the fallen fruit of chaos, Mo Li and Demon Lord Chiyan Also turned around and rushed there.

"These two guys are shrewd."

Qin Chen's eyes flashed, but did not continue to pay attention, but quickly rushed towards the Chaos Tree.

There were also masters such as the Earth Sovereign in Black, the Earth Sovereign White Bone, the Earth Sword of the Golden Sword, and the Earth Sovereign Spirit Yue who swept past with Qin Chen. Among them, several of the Earth Sovereign joined forces to form an alliance in a faint manner. Rushed forward.

Obviously they all know that in the presence of so many respected people on the scene, it is no way to fight alone. Only by working together can you get huge benefits.

"You can't let these joined hands approach the tree of chaos first."

Qin Chen's eyes flashed, once these venerables joined hands close to the tree of chaos, it would be troublesome to attack again.

Whoosh!

Qin Chen, the power of the rules of time quickly lingered, and the whole person ignored the power of time present, thundering and roaring on his body, and the power of a real dragon surged out of him, the speed greatly increased in an instant.

From a distance, Qin Chen was like a thunder dragon surrounded by thunder light, shining so that the world was full of thunder light.

"Quick!" The White Bone Dizun and the others were shocked when they saw this. Qin Chen's previous shots gave them a glimmer of understanding of Qin Chen's strength, but they didn't realize it at all. Qin Chen exuded from this chaotic tree. In the time zone, this speed could even explode, which was beyond their expectations.

[Chapter 3885: Take the fruit](#)

"Get out of this real dragon guy first."

Many elders looked at each other, and the thought came out in their minds at the same time. Almost at the same moment, the bodies of many elders rose with fierce momentum, and the power of the venerable condensed between their palms, and they were about to strike Qin Chen like lightning.

"Space field."

They are fast, and Qin Chen is faster. At the moment when the speed skyrocketed to the extreme, Qin Chen's spatial realm was already open, covering the world in an instant. At the same time, a round tripod and a piece of black armor appeared behind Qin Chen. sheet.

"court death!"

Bai Bone Di Zun and the others fell into Qin Chen's spatial domain, their speed was stagnant, and they couldn't help but burst out in anger and anger, and jointly issued a strong blow.

How terrible is the combination of so many masters? With a bang, the pitch-black Yuanding defensive treasure obtained from Deep Fish Dizun was instantly blasted out, trembling violently, Qin Chen even heard a slight cracking sound from inside the Yuanding, and then, the rest The shock wave crashed on

On top of the black armor behind Qin Chen.

The black armor made a crisp roar, and abruptly resisted many attacks, but there was still a terrible impact, and it quickly sank into Qin Chen's body.

"Humph!"

Qin Chen snorted. No matter how strong his physical body is, it would be difficult to withstand so many joint blows from the earthly masters without using the Haotian Divine Armor. A sweet smell came from his throat.

At the same time, a terrible soul shock fell into Qin Chen's mind.

"It's the talented supernatural power of the man in black."

Qin Chen snorted coldly. He had already experienced the innate supernatural powers of this black-clothed earthly respecter. In his mind, the soul sea was shaking, and the heavenly soul forbidden technique was operating, which instantly slammed this soul into the soul sea. Outside.

The current Qin Chen is no longer the one who was chased and killed in embarrassment at the beginning. After breaking through the Venerable, even if he did not display the Haotian Divine Armor, he could easily withstand the attacks of most of the Earth Venerables.

"What, this is actually blocked?"

Behind, the White Bone Dizun and the others let out an angry sound, a little unbelievable.

Whoosh!

After such a pause, Qin Chen came to the Chaos Tree for the first time.

"stop."

"Dare to touch the Chaos Fruit, I want you to die without a place to die."

"Stay!" Before the White Bone Dizun and the others made a move, there was some restraint, because they all needed to guard against other people. I didn't expect such an oversight to be taken advantage of by Qin Chen. He was immediately furious and furiously attacked Qin. Dust, gnash your teeth one by one, without

Keep your hands.

"Leave the Chaos Fruit."

At the same time, there were dozens of other venerable masters who were plundering Chaos Fruit.

Qin Chen's eyes flashed, what he wanted was not the Chaos Fruit, but the Chaos Tree.

"Come!"

Qin Chen collected it abruptly, but there was a sudden tremor in the jade disc of good fortune of heaven and earth, and the tree of chaos remained motionless, as if deeply rooted in the ruins, Qin Chen couldn't stop it at all.

On the contrary, it was a jade disc of good fortune from heaven and earth, and there was a tremor.

"how come?"

Qin Chen was shocked. This feeling was somewhat similar to that when he conquered the Heavenly Dao Divine Tree, the Heavenly Dao Divine Tree was alive, and it was almost difficult to absorb it when it did not willingly enter the Universe Jade Plate. However, this time is a little different from the Heavenly Path God Tree. This chaotic tree contains endless and terrifying chaotic power. This chaotic power comes from the beginning of the universe, and it is like a world, which led to Qin Chen's creation of jade discs. Unable to

Absorb it in.

The Universe Jade Plate is a top world, but this tree of chaos is also similar to a top world, and it was also born from the world when the universe opened up, when Hongmeng was born.

boom!

The terrible power shook, Qin Chen groaned suddenly, and was backlashed by the Chaos Tree.

Immediately afterwards, the attacks of countless venerables had already come.

Rumble!

Qin Chen was instantly swallowed by endless attacks.

"Hahaha."

"This kid is dumbfounded."

"This Chaos Fruit is mine."

Whoosh whoosh!

The White Bone Dizun and the others came over and grabbed the chaotic fruit together.

"Damn it!" Qin Chen was furious. At the moment when countless attacks came, Qin Chen spurred the dragon energy to the sky, and was enveloped by endless lightning and dragon power. Then, the Haotian Divine Armor in his body quietly moved and covered Flesh, and the body is touched by the black scales

Block.

Countless attacks fell on him, and more than 80% of them were resisted, and only 20% did not penetrate into his body.

In the next moment, Qin Chen instantly converged the Haotian Divine Armor.

The whole process was completed in one go, and there was almost no pause. The Bone Dizun and the others took care of Qin Chen. The moment he shot Qin Chen, all of them rushed to the Chaos Fruit, and almost no one noticed Qin Chen here.

boom!

In the endless attack, Qin Chen's figure was like electricity, and he rushed out directly, urging the space domain, and came to a chaotic fruit for the first time.

"What? This kid is not dead?"

"No, he took the Chaos Fruit."

A group of people roared in anger, and Qin Chen lifted his hand in full view, and directly included a chaotic fruit in his jade plate.

Then he looked at another Chaos Fruit.

"court death!"

Some of the strong men rushed towards Qin Chen, while the others rushed towards the remaining chaotic fruit.

The one who rushed to the front was the White Bone Venerable.

"Hahaha, this chaotic fruit belongs to me."

The Bone Divine Lord laughed, sticking out his right hand, and a withered bone claw flew out, and he was about to pick the chaotic fruit.

But at this moment.

Huh!

A black figure passed by, and the chaotic fruit suddenly disappeared.

"who is it?"

The White Bone Lord roared in anger, and his skull was about to crack. Seeing that he was about to get the Chaos Fruit, he was even preempted by others.

The Bone Divine Venerable looked at it angrily, and it was the man in black.

"court death!"

The White Bone Divine Venerable instantly culled towards the black-clothed man Di Zun.

"Damn, the Chaos Fruit is gone."

But the other strong men saw that all three Chaos Fruits had been picked, and their expressions were frightened.

"Hmph, you go grab this Chaos Fruit, I'll collect this Chaos Tree."

An earth-sovereign master, gloomy, with his palm sticking out, Rumbling's big hand actually grabbed the entire tree of chaos directly, apparently holding the same idea as Qin Chen at the beginning, to take away the tree of chaos.

However, Qin Chen just wanted to include the tree of chaos in the jade disc of good fortune in the universe, but the master of the earth is actually going to uproot the tree of chaos.

"This guy....."

When other people saw it, their expressions were furious, and they uprooted the entire tree of chaos. This... is it too bold?

But at the moment when this guy was about to grab the Chaos Tree.

boom!

The Tree of Chaos felt the attack and went violent instantly.

Puff puff! The branches were like a long whip, suddenly bursting out, with a chuckle, like a sharp blade inserted into the tofu, instantly piercing the master of the earth into the void.

[Chapter 3886: Shinto power](#)

Everyone was horrified for an instant, looking at the master of the earth who was pierced by the chaos tree.

This is an earth-sovereign, a figure like a world-class powerhouse, who should be aloft, extremely difficult to kill, but now, it is penetrated by the tree of chaos in an instant, is this too terrifying?

For a moment, everyone was terrified. Fortunately, they didn't step forward. Instead, they stepped forward, afraid that they might not be any better than this place.

"Ah, save me!"

This earth master roared in pain, his expression furious, his eyes frightened, and his heart was full of endless fear.

He struggled desperately, continuously releasing the power of the earth-sovereign body, and rolling out, some of the attacks were terrifying, and blasted on the chaotic tree, but he could not hurt the chaotic tree at all.

The tree of chaos is too powerful. Since the opening of the universe, the era of Hongmeng has been handed down. How strong is the accumulation of hundreds of millions of years and countless epochs? If it is an earthly respect, it can explode at will, but it is too weak.

This earthly master roared in pain, but to no avail, he was pulled a little bit into the depths of the Chaos Tree.

puff!

His face quickly grew old, with gray hair, and instantly turned to ashes, his body was annihilated, and his bones disappeared, but his origin was absorbed by the tree of chaos. Qin Chen was horrified. The tree of chaos was too terrifying. Just like this person, he had picked up the tree of chaos, but the difference was that he just wanted to add the tree of chaos to the world of jade discs. In, did not shoot directly, no

In that case, his fate will definitely be exactly the same as that of the earth-zun, life and death will disappear.

Qin Chen was not sure whether he could stop the tree of chaos.

boom!

In the distance, there was also a fierce roar.

"Boy, hand over the Chaos Fruit, otherwise I want you to die and be buried."

There was a roar of fright.

Qin Chen hurriedly turned his head and looked around, and saw the location of another Chaos Fruit, and a group of people were fighting.

At this moment, the Chaos Fruit was actually taken in the palm of his hand by Mo Li.

Damn, how did you do it? I have to say that at this time, Qin Chen admires Demon Li very much. There are also several masters of the earth-sovereign who rushed to the chaotic fruit before, and Moli alone can **** the chaotic fruit from a group of earth-sovereign highs. , Just waiting

The paragraph is shocking.

However, Moli received the Chaos Fruit, but it was not a benefit. Instead, it was hostile by countless people. Perceiving the aura of the human beings on Moli, these elders suddenly went crazy and killed them one after another.

Seeing Mo Li was about to be surrounded by these masters of the earthly respect.

"Lier."

Suddenly, Red Flame Demon Lord let out a roar.

"Om!"

Chiyan Demon Lord danced in a fiery red robe, and the beautiful face of Emperor Wuyan appeared in front of everyone. On her head, long hair was flying, and in her body, a billowing flame rose into the sky.

This flame, with a red and black color, had both a billowing demonic energy and a palpable demonic energy. Moreover, on the top of Chiyan Demon Lord's head, a beast shadow that looked like a mouse and a ground-penetrating armor appeared between the sky and the earth. This phantom shadow was floating in the sky, with cold eyes staring at the many powerful men who were besieging the demon. Spread out with a silent shock

.

Hum!

The terrifying power permeated out, and for an instant, the world seemed to be imprisoned. All the strong men who besieged the devil were imprisoned in the void, with fright and anger in their eyes.

"Innate supernatural powers? Or law supernatural powers? Or the power of martial souls? Demonic inheritance?"

In front of the Tree of Chaos, the Bone Venerable and other powerful people were dumbfounded.

A person who displayed his talents and supernatural powers actually imprisoned a lot of earthly masters. How could they not be upset in such scenes.

Qin Chen was also shocked. The Scarlet Flame Demon Lord was really extraordinary. He actually possessed such a talented magical power. This talented magical power was somewhat similar to his time rules. It was a kind of imprisoning power that could be imprisoned for a moment. Many masters.

From Chiyan Demon Lord, Qin Chen actually felt three different powers: human, demon and demons. However, after all, the Red Flame Demon Lord's cultivation base is too low. Although his talents and supernatural powers are terrifying, they only imprison other people for an instant. Boom, the earth and human masters on the field are burning their inner strength, one by one. Soaring, just listen

The creaking sound was endless, and the magical powers of the many earth and sages in the confinement were instantly torn apart.

kill!

These masters roared, ignoring the action of Demon Lord Chiyan, and all killed them.

Taking away the Chaos Fruit from Moli's body is their most critical right now.

However, at the moment when Chiyan Demon Lord imprisoned the opponent, Moli finally got a breath. Under the eyes of everyone, Moli instantly threw the chaotic fruit in his hand into his own mouth.

boom!

An air of chaos burst into the sky, blooming from Moli.

He actually swallowed this chaotic fruit directly.

"Crazy, is this guy crazy?"

"You swallowed the Chaos Fruit directly?" "Although the Chaos Fruit is powerful, it must be refined into an elixir, because the Chaos Fruit has grown for a very long time and will absorb countless forces between the heavens and the earth. No one knows what toxins are contained in it. Even if it is a breakthrough, there are huge hidden dangers

."

Many people looked at the magic in disbelief.

Qin Chen was also shocked, Mo Li directly swallowed the Chaos Fruit.

It should be known that the Poisonous Venerable Chaos under his Chendi Pavilion had obtained the fruit of Chaos on the battlefield of ten thousand races. In order to keep the fruit, he had to swallow the fruit of Chaos and broke through the realm of the Venerable.

However, there was also a huge hidden danger left in his body. Over the years, the pain was so painful that if it hadn't been for Qin Chen, he might have died violently.

And Mo Li swallowed the Chaos Fruit without hesitation, isn't it afraid that the Chaos Fruit contains backlash power?

Hum!

Mo Li's body was surrounded by a billowing chaotic aura, and his strength was rising rapidly.

Originally, Mo Li was the same as Qin Chen, but was similar to the realm of mid-term human respect, but now, it directly impacts the state of peak human respect.

"Kill him and take back the Chaos Fruit."

The strong men who surrounded Moli saw it, their eyes were green, their eyes were frightened, and they roared together and launched a fierce attack on Moli.

Even if Moli swallowed the Chaos Fruit, even if they could not regain the Chaos Fruit, they still had to kill the Moli to relieve their hatred.

Rumble!

The boundless torrent of Venerables swept through, swallowing the magic power in, and the whole person was drowned in the terrifying energy.

"he died!"

"Is the Chaos Fruit still there?" a group of people yelled frantically, the power of the soul swept, searching for the Chaos Fruit everywhere, for fear of falling behind others.

[Chapter 3887: Mature again](#)

In the midair, the energy dissipated, and a figure flew upside down from the explosion. His body was shining with bright light, and he snorted under the attack of many powerful people, but it did not fall.

It's magic!

On his body, the billowing chaotic aura lingered and was quickly refined.

"What? He didn't die?"

"The air of chaos is exposed? In such a short time, he actually refined the fruit of chaos?"

"Devil Gu, it is the breath of Devil Gu."

"Damn, this kid has magic gu refining in his body, what a lunatic."

A group of people were dumbfounded, a horrible demon gu swallowing power loomed out of Mo Li's body, and the whole body was surrounded by the aura of chaos. This was clearly the appearance of the power of refining chaos, which shocked everyone.

"Meteor Demon Gu, really powerful." Mo Li's face was savage, and the blood surging in his body, the devilish energy was strong.

"Li'er, are you okay?"

Whoosh!

Chiyan Demon Lord rushed over and stood beside Moli.

Seeing this, everyone else looked ugly. Before so many people joined forces, they hadn't been able to kill Demon Li. Now the Demon Master in front of them has refined the Chaos Fruit, can they still kill it?

Even if you kill it, I'm afraid you won't get Chaos Fruit.

"There are Chaos Fruits on those two people."

Suddenly, everyone's eyes focused on Qin Chen and the man in black, and the remaining two chaotic fruits were previously given by Qin Chen and the man in black.

"Boy, hand over the Chaos Fruit, and spare you not to die, otherwise, my unparalleled respect will kill you."

"Yes, the Chaos Fruit is not something you can get as a kid. Hand it over, otherwise today will be your death date."

A famous person approached, murderous and fierce.

Hum!

And at this moment, the power of time lingered on the tree of chaos that had already restored its calm, and it turned out that five chaotic fruits lit up, blooming with vast divine light, and five chaotic fruits matured.

"Five more Chaos Fruits are actually ripe."

"good chance."

The five rays of light bloomed and immediately attracted everyone's attention. Suddenly, rapturous sounds rang out. The Bone Dizun and others who had rushed to Qin Chen and the Black-Clothed Earth Zun, looked overjoyed, and rushed to the chaos tree.

One is the chaotic fruit that can be picked directly, and the other is to kill the strong like Qin Chen to get the chaotic fruit. That is easy, which is difficult, idiots know.

Suddenly, the crowd was mighty and rushed directly to Chaos Fruit again.

"Mature again!"

Qin Chen was also pleasantly surprised, his figure shook, and he swept towards the Chaos Tree again.

"This son didn't run away, and still want to grab another Chaos Fruit?"

"What a big appetite."

"Five Chaos Fruits, I must get one."

The White Bone Dizun and the others looked furious and rushed forward.

Whoosh whoosh!

The group of powerhouses who originally surrounded the devil li quickly shifted their targets and plundered the Chaos Tree. They all knew that if they continued to surround the devil li, there would be no good results, so it was better to grab the chaos fruit directly.

"Go, Master Chi Yan, let's go too."

Mo Li said something to the Chiyan Demon Lord, and he flicked and killed him.

He got the Chaos Fruit, but Chiyan Demon Lord hasn't gotten it yet, why would he be willing to eat alone.

In front of the Tree of Chaos, a large number of venerables fought together and formed a mass. Their purpose was to stop others. No one had yet received any of the five Chaos Fruits.

boom!

Many strong players fought, and instantly became a mess.

At this moment, the Bone Divine Venerable broke out and rushed towards the Chaos Fruit, and saw a flash of white light. The Bone Divine Venerable came to two of the Chaos Fruits and stretched out his hand to **** the Chaos Fruit.

"Wan Jian Chaozong!"

The Golden Sword Earth Sovereign slashed out with a single sword, and the rumbling sword light blasted a wave of air, intercepted in front of the Bone Earth Sovereign, cutting off the suction power, and his body flashed continuously, and he also reached the Chaos Fruit.

"Bone Dungeon!"

Bone Divine Venerable You Han's eyes flickered, and the sharp claws tore towards the Golden Sword Divine Venerable.

Bang!

The sword energy of the Golden Sword Divine Venerable collided with the sharp claws of the Bone Divine Venerable, blocking the opponent's wild Venerable's impact.

"come!"

Lingyue Dizun's figure shook, his wings surged, his mouth opened, an invisible suction was born, turned into a storm, and swallowed two chaotic fruits.

"Bring me off!"

Wushuang Dizun arrived at the last one to get rid of the venerable fight. He yelled, and his spear flew out from behind, turning into a black tornado, pierced out with a shot, sweeping away the spirit of Lingyue Dizun. Fragmented.

"Golden Sword Opens the Sky!" The Golden Sword Divine Sovereign stood tall, approaching the two Chaos Fruits at an astonishing speed, and a set of golden armor appeared on his body. At the same time, his right hand shot out continuously. The sword shadow flew out densely, wrapping towards Chaos Fruit real.

Boom!

The Wushuang Earth Sovereign and the White Bone Earth Sovereign will not watch the Golden Sword Earth Sovereign get the longevity fruit, one after another attacked, one is guarded by the power of the Sovereign who crushed the surface of the Golden Sword Earth Sovereign, and one attacked the Golden Sword Earth Sovereign to display. Jian Guang. The golden armor on the surface of the body vibrated, the Golden Sword Master snorted, blood spilled from the corners of his mouth, and the sword light he swayed was also destroyed seven or eighty eight, but there was still sword light penetrating through layers of obstacles, and one wrapped it up. Took two Chaos Fruits and took them

.

"Flying Wing Slash!"

At the critical moment, Lingyue Dizun's attack arrived, and the white wings turned into two white lights, tearing the sky and smashing the sword light in the sky.

Whoosh! Whoosh!

The sword light shattered, and the two Chaos Fruits were thrown away in different directions.

"hateful!"

The Golden Sword Earth Venerable was very angry. He was the closest to Chaos Fruit. He struggled to get injured. He wanted to win the Chaos Fruit. However, there were too many people competing for the Chaos Fruit. Joint attack.

Moreover, other strong men have also been killed.

Several Chaos Fruits flew upside down everywhere, and the crowd quickly divided into several teams, each chasing one of them.

The chaotic fruit fluttered very fast, but several people fought faster. In just one breath, they fought each other several times, like a dream bubble, the strong power of the Lord shook the surrounding sky constantly.

"Too intense."

Some respected persons who felt that they were not strong enough and did not take a shot stood outside, stunned at the chaotic confrontation.

Many earthly respects have already exerted their full strength at this moment, and the bones of the earthly respected them restrained each other, trying to grab them first without letting each other get the Chaos Fruit.

However, at this time, the rest of the earthly statues also got rid of the battle group and rushed over.

"This Chaos Fruit is mine."

A Black Clan Earth Lord happened to appear in front of the Chaos Fruit that the White Bone Earth Lord and the Golden Sword Earth Lord were chasing. With surprise on his face, he directly grabbed the Chaos Fruit.

"Just you want to get Chaos Fruit."

"Go back to me." The Golden Sword and the White Bone screamed at the same time, and lightning shot.

[Chapter 3888: Ruin mutation](#)

With a bang, how could the black armor clan withstand the attack of the two peak powers, snorted, and flew out. The black armor on his body broke directly, and his body was seriously injured, and his stature smashed into the chaos without being partial. tree.

"not good!"

This person's face changed drastically, and he ran the power of the venerable to prevent him from rushing to the chaotic tree. However, it was too late and his body hit the chaotic tree heavily.

puff!

The tree of chaos was attacked, and the branches and leaves danced all over the sky, wrapping him instantly and piercing through it.

"Do not!"

The black-clad clan god's eyes were horrified, the life force on his body quickly faded, and the whole person quickly became old, instantly turning to ashes, with no bones left.

"Hmph, get out of me if you don't want to die."

The masters such as Bone Dizun coldly looked at the other powerhouses, and said murderously.

"Go!" Upon seeing this, a few celebrity masters thought they were not strong enough, and rushed back. They don't want to lose their lives here. The treasures are very rare, but there are too many masters competing for it. If you fight for it, you will die accidentally

Here.

For a while, besides the Golden Sword Earth Sovereign, the White Bone Sovereign and other powerful Earth Sovereigns, no one dared to push too hard near this Chaos Fruit.

"Good opportunity, success or failure depends on this."

A sharp light flashed in the eyes of the Golden Sword Earth Venerable, and he knew that only by temporarily repelling the Bone Earth Venerable could he obtain the Chaos Fruit.

"The sword road is endless!"

With a cold shout, the Golden Sword Earth Zun frantically mobilized the power of the venerable in his body, and slashed out with all his strength. The golden sword light diffused the power of the horrible sword energy, and rushed towards the nearest white bone elder.

"Copper bars and iron bones!"

The Bone Divine Venerable also had the same idea, his whole body burned, turned into a stream of light and swept over, repelling the Golden Sword Divine Venerable, and the Chaos Fruit was what was in his bag.

Boom!

The bright bone light collided with the golden sword energy, and the powerful shock wave spread, and the golden sword and bones all retreated backward.

In a flash!

Huh!

A figure flashed past, and the Chaos Fruit disappeared.

It's Qin Chen.

Qin Chen had never joined the battle group before. At this moment, he seized the opportunity to take away the Chaos Fruit when the Bone and the Golden Sword made a big shot.

"what?"

"That kid."

The Golden Sword Earth Venerable and the White Bone Earth Venerable were instantly furious. The two of them worked so hard to fight for so long, but they were given the first step by others?

"Spit it out to me."

"Hand over the Chaos Fruit."

A thunderous roar resounded through the world, a golden and white streamer rushed from a distance and hit Qin Chen.

"Humph!"

Qin Chen's figure flickered, and the art expert was bold and swept directly towards the crowd.

Boom!

The scene was suddenly chaotic.

And the other side.

"Damn it, hand over the treasure!"

An angry roar sounded, and Qin Chen saw at a glance that Mo Li had actually obtained another Chaos Fruit.

Naturally, it attracted the anger of countless people.

Damn, this guy...

Qin Chen was speechless, and Moli was too awesome, and he actually got the second Chaos Fruit.

However, taking advantage of the chaos, Qin Chen opened his distance instantly, and he quickly approached the Chaos Tree.

Hum!

The power of time lingered one after another, and Qin Chen's body of time originated without fear.

The whole process was long, but in a moment, Qin Chen got another Chaos Fruit, which was huge.

However, Qin Chen knew that it was only the beginning, and the many earth veneration present were absolutely unwilling to get the Chaos Fruit by him, so he could only get close to the Chaos Tree.

Sure enough, when Qin Chen approached the Chaos Tree, the expressions of the others changed slightly.

"hateful."

The tree of chaos is very dangerous. Instead of chasing Qin Chen, it is better to **** the rest.

After all, there are three Chaos Fruits that have not been taken away.

Boom!

Suddenly, a fierce fight began again, Qin Chen stared at the battlefield, as long as he had a chance, he would shoot again.

It's a pity that this time more than a dozen Earth Sovereigns surrounded three Chaos Fruits, and he naturally lost the opportunity to shoot again.

And neither he nor Mo Li left the scene, because it was okay for them not to move, and they would become targets when they moved.

After a fight, these three Chaos Fruits were immediately obtained by the Golden Sword Earth Sovereign, the Lingyue Earth Sovereign, and the other Bimd Earth Sovereign with three eyes.

"Damn it!"

The White Bone and Unparalleled Earth Zun have achieved nothing.

"Boy, hand over the Chaos Fruit."

Bone and Wushuang Dizun stared at Qin Chen, angrily.

Because now only Qin Chen has two Chaos Fruits on his body, and the harvest is the greatest.

"If you want to get Chaos Fruit, come with strength."

Qin Chen sneered.

"Thinking that hiding under the tree of chaos is nothing you can do with you? Go die!"

"Unparalleled palm!"

Wushuang Di Zun let out a cold cry, the black light on his body bloomed, a misty black palm shadow formed in front of him, and he blasted towards Qin Chen.

"The breath of the true dragon!"

Facing such a powerful person like Wushuang Dizun, Qin Chen naturally wouldn't carelessly, sneered and blasted a punch.

Rumble!

The true dragon's energy and the black fist light crazily collided together, making a intensive clash, and the strong energy shook the void around the rock.

However, because Wushuang Dizun did not dare to approach the Chaos Tree, his attack quickly weakened after entering the time zone.

"Damn it, blocked it."

Wushuang Dizun was furious, and he also saw Qin Chen's methods.

"Huh, is it okay to hide in the Chaos Tree area? Let me come."

Bone Di Zun gave a gloomy sneer, and suddenly shot at the Chaos Tree behind Qin Chen from a distance.

"This boneless god..."

Others said in shock, the Bone Venerable actually wanted to attack the Chaos Tree, let the Chaos Tree deal with Qin Chen, and obliterate him.

But isn't he afraid of losing the Chaos Fruit?

Qin Chen's color changed, this boneless respect, what a cruel method.

His figure moved, just about to take a shot. Suddenly, Qin Chen felt the chaotic tree behind him, suddenly a slight change occurred.

Rumble!

The next moment, the entire ruins began to vibrate.

"what?"

"what happened?"

Everyone looked at it in amazement, and Qin Chen opened his eyes wide, and saw the chaos tree behind him, shaking and sinking toward the bottom of the ruins.

The tree of chaos moved.

Whoosh!

The Tree of Chaos shook, the ruins collapsed, and the Tree of Chaos suddenly sank into the ground.

This scene stunned everyone.

Rumble!

Then, the entire ruins began to collapse, and under the ground, a magnificent ruin was revealed.

"There are ruins under this ruined place."

Everyone was stunned.

Whoosh!

Before everyone was shocked, Mo Li and Chi Yan Demon Lord shook their bodies and sank straight into the ruins below.

"These two guys ran away."

"Among the ruins, there must be treasures."

"Follow the tree of chaos." Angrily rang out, and the scene was instantly chaotic.

[Chapter 3889: Thunder clone](#)

Originally, this place was a ruin of ancient monuments, with barren land everywhere.

Now, the entire ruins are roaring and roaring. In an instant, all kinds of visions filled the world, the scene was terrifying, and the world changed color.

Hum!

In the sky above the ruins, all kinds of astonishing chaotic air surged, and the entire Vientiane ****
hiding place was rumbling and shaking.

"What a terrifying vision."

Qin Chen frowned. At this moment, he vaguely felt that the qi in the entire Vientiane God Treasure had been mobilized, as if something was recovering.

"There is definitely something under this ruin."

Qin Chen's eyes condensed, the deep breath even faintly vibrated the true dragon aura in Qin Chen's body.

"Why does my true dragon breath have a strong sense of desire? What is under this ruin?"

Qin Chen looked shocked.

go!

In the chaos, Qin Chen's figure shook, and instantly entered the waste, sneaking in.

"Follow up."

The White Bone Divine Venerable and the Golden Sword Divine Venerable snorted coldly when they saw it, and their bodies flickered, and they plunged into the underground hole that suddenly appeared, closely following Qin Chen's figure.

Qin Chen had two Chaos Fruits on him, and he was the one who had obtained the most Chaos Fruits before, and they naturally refused to give up easily.

Moreover, the amazing vision here also made everyone understand that there must be an amazing secret in the ruins.

In the Vientiane God Store, treasures will be unearthed in every vision, and this time, it turned out that the ruins of a huge underground palace appeared, and the relics flashed, so they were not excited.

"Li'er, the breath of the tree of chaos disappeared, how do we go?"

Mo Li and Chi Yan Demon Lord were the first to enter this underground ruin, Chi Yan Demon Lord immediately asked.

"Master Chiyen, there are too many strong people here, and, with the previous movement, I am afraid that the very distant masters in the Vientiane Divine Hidden can perceive it. You must first find a place to improve your strength, otherwise you and I are in danger. "

"it is good!"

Mo Li and Chi Yan Demon Lord's eyes flickered, and the two of them were extremely decisive, and they directly found a place to continue deepening.

"Huh, these two guys run fast."

Qin Chen squinted his eyes, and he belonged to the one who entered the underground ruins later. He felt the surroundings for a moment, and his brows suddenly frowned.

In his perception, the aura of the tree of chaos has disappeared, deep into the depths of the earth, not knowing where it went.

"Ok?"

Suddenly, Qin Chen turned his head and saw a figure in black swaying.

"It's the respect of the man in black."

An icy murderous intent bloomed in Qin Chen's eyes.

When he came out of the black market, the man in black chased and killed him all the way, making him extremely embarrassed. Now that Qin Chen breaks through the realm of the nobleman, he has long wanted to avenge his pursuit.

"Leave the Chaos Fruit."

Qin Chen's eyes flashed, his mind moved slightly, his figure suddenly moved, and he slammed a punch at the black-clothed man.

Boom! On him, the breath of the real dragon surged, and the power of the rolling thunder and lightning poured out, condensed into the breath of the real dragon of thunder and lightning, and a roaring thunder dragon emerged in the void. This thunder dragon is a hundred feet long and exudes billowing thunder light, true dragon overwhelming

Diffuse, biting away at the man in black.

The man in black entered the ground, frowning and figuring out something, sensing Qin Chen's attack, his expression suddenly changed drastically.

Buzzing.

In his body, bright silk threads appeared, and the silk threads filled the sky quickly, blocking the void and blocking Qin Chen's Thunder Dragon attack.

Boom! The terrifying Thunder Dragon instantly tore the sky silk thread of the opponent, broke the void blockade, and slammed on the man in black, making him snort, his figure quickly withdrew, his breath slightly fluctuating, a pair of ice cold Cold eyes

Staring at Qin Chen.

So strong!

The power of the billowing thunder made his body numb, and there was a feeling that his soul was paralyzed.

No wonder this son was able to severely injure Yin Hai Di Zun with a single move, and won two Chaos Fruits, his strength was extraordinary.

The person in black said with a cold voice: "Guy of the true dragon clan, I don't want to be your enemy, don't ask for trouble. You have two Chaos Fruits on your body, and you want to plunder my Chaos Fruits. Take care of yourself first. ."

When the voice fell, the black-clothed man's earth snorted coldly, his figure flashed suddenly, and he swept toward the depths of the ruins.

Seeing the other person's leaving figure, Qin Chen sneered. In his perception, a vague thunderous breath quickly entered the depths of the ruins, combined with the power of destiny, clearly presented in his mind.

"Huh!" Qin Chen sneered at the corner of his mouth. He didn't really want to kill the man in black here before. After all, there are many people here, but they only leave a mark on the opponent. With this mark, He can easily find the man in black

There is no need to worry about him running away.

"Do you still want to target me? You also want to find Ben Shao's trace?"

Qin Chen glanced towards the rear, and in his perception, the aura of the White Bone and the Golden Sword was approaching quickly, and he had obviously not given up on plundering the Chaos Fruit on his body.

"Thunder clone."

Shit!

The billowing thunder light surged on Qin Chen. The next moment, Qin Chen's body suddenly exploded, seven or eight thunder light real dragon shadows, bursting in all directions, deep into the ruins.

Among the seven or eight figures, only one is his body, and the rest is just the clone formed by the power of thunder and the aura of the true dragon.

This kind of blindfolding technique may not work well in the heavens, but in the Vientiane God Store, the consciousness of everyone is severely suppressed, and it has been tried repeatedly.

But Qin Chen's true body was mixed among many clones, and quickly penetrated into the ruins.

At the moment Qin Chen left.

Huh huh!

Several figures appeared in the place where Qin Chen was before.

"Huh? Why is that guy's breath everywhere?"

The White Bone Dizun, the Golden Sword Dizun and the others sensed the surroundings for a while, their expressions changed slightly, "It's a clone technique."

"hateful."

The expressions on their faces suddenly became difficult to look at, urging their spiritual consciousness, perceiving the aura of Qin Chen around them, and trying to find the truest Qin Chen location.

However, it is not perceptible at all.

"Go, we each follow one direction and keep in touch."

The White Bone Dizun, the Golden Sword Dizun and the others looked at each other, and immediately followed the direction they identified.

However, as they tracked, Qin Chen's breath completely disappeared from their perception.

And when Qin Chen and the others went deep into the ruins.

The terrifying vision caused by the ruins, as Qin Chen expected, instantly attracted the attention of many powerful people deep in the entire Vientiane God Hidden.

"That's..." In a certain area deep in the Vientiane God Hidden, a strong man opened his eyes. On his body, the billowing aura revealed and opened his eyes, as if there were thousands of stars. Falling from his pupils.

[Chapter 3890: Wan Yi Di Zun](#)

"Master Wan Yi Di Zun, what's wrong?"

Beside this man in star robes, there are many masters, some respected, and some respected earth, opening their eyes one after another.

Many of them had the power of stars surging in their bodies, and they were all talents and masters from the human race.

"There should be top treasures in the Vientiane God Treasure."

In this person's eye pupils, endless stars revolved and fell, as if seeing through everything in the world, the power of the rolling earthly respect, and the suppression of the rest of the earthly statues had difficulty breathing.

This is actually a peak earth respect.

In the Vientiane God's Treasure, the Heavenly Sovereign cannot enter, and the Peak Earth Sovereign is already the highest power able to enter. They are here to find opportunities and find an opportunity to break through the Tianzun.

In general, only the top powers are eligible to send the pinnacle goddess to the Vientiane gods, because the number of places in the Vientiane gods squeeze by a pinnacle goddess is almost equivalent to several ordinary gods and dozens of celebrity masters.

"You people, follow me. The remaining people continue to practice here. The treasure land is definitely dangerous. You can't enter it rashly. Once you break in, you will die."

When the voice fell, the Ten Thousand Fallen Earth Venerable raised his hand and pointed to the several Earth Venerables in the crowd, and then disappeared into the space between the heavens and the earth in an instant.

"go!"

The figures of these masters of the earth-zun were swayed and followed closely behind.

"Master Wan Yi Di Zun is our Star God Palace's most promising top master. This time he will definitely win the treasure."

"Sure enough, there is a terrifying aura surging in the distance, the treasure that can make all the lord Wanyu Dizun care about, is it a treasure from the heavens?"

"Don't think about it so much. I wait for my cultivation base to be too weak, otherwise Master Wan Yi Di Zun will not let me wait here for cultivation. Master Wan Yi Di Zun has created such a place, just to let us be here. There can be gains."

This group of people, obviously Star God Palace, and the many masters supported by Star God Palace, said one by one in shock.

Not only here.

In almost the entire Vientiane God's hidden place, the strong felt the terrible aura power here.

Boom boom boom!

Human, Demon, Monster, Sea, Starry, Zerg...

Countless top races, the top masters who came to the Vientiane God Store, were all disturbed and dispatched one after another to the location of the ruined land.

"Om!"

At the same time, in a chaotic core place extremely deep in the Vientiane God Hidden, a misty and graceful figure suspended here, consuming the power between heaven and earth.

Suddenly, she opened her eyes and stared at the ruins.

"The ruins, the ancient atmosphere, is that the hidden place in the Vientiane God Treasure that the Master told me before I left?"

She murmured, at that moment, the origin of the endless magic path flashed, and this graceful figure had disappeared here.

Naturally, Qin Chen didn't know the shock here, and it had already alarmed the entire top master of the Vientiane God Store. He kept going deep and quickly sneaking in.

As he deepened, the scene before him shocked him.

Under this ground, there is a huge ruin, countless palaces and ruins are buried here, like a prehistoric cemetery, and like the collapse of a huge prehistoric empire.

Moreover, the buildings and appearances here are by no means what they have in this era, but are extremely ancient, with many runes that even Qin Chen can't recognize.

"This should not be the product of this era, but the ruins of a very old age."

Qin Chen murmured.

The Vientiane God Store has a long history, originated from the opening up of the heavens and the earth, and has experienced a long time, so Qin Chen didn't know what era it was a product.

"The dust returns to the dust, the soil returns to the earth. Even the gods and demons of the world when the universe was opened, are not going to be annihilated in this historical dust and turn into a pile of loess."

Qin Chen suddenly felt a little emotional.

Although I don't know what age this is the relic, but the ancient and extremely powerful force that can build such a magnificent palace here must be extremely powerful, but now, it has disappeared and disappeared without a trace.

"However, why is there a force that echoes the aura of the real dragon in my body? Is it possible that the ruins here are related to the real dragon clan?"

Qin Chen closed his eyes, pinched the tactics with one hand, spurred the power of fate, and spread the spiritual consciousness to understand the surrounding environment.

However, after a few breaths, Qin Chen opened his eyes and said in a deep voice: "There really is a breath here that resonates with the power of the true dragon in my body, but it is very ethereal and extremely difficult to capture."

"Let me try again."

Roar! Qin Chen's dragon scales appeared all over his body, as if transformed into a demon dragon, his eyes bloomed with a scarlet aura, and the power of a venerable dragon's breath came out, the space around him suddenly shook, a vast expanse Weili does not know where it came from, like

It's like walking in the air, pinching Qin Chen at once.

A strange pair of pupils appeared in Qin Chen's eyes, and the Heavenly Soul Forbidden Technique was operating, and he looked around.

Various scenes continuously appeared in the blood-colored pupils, filtering out what they saw one by one.

Various energies began to show different colors in Qin Chen's pupils. Among them, there was a golden emptiness, like a cloud of smoke, slowly lingering in the world.

The force that echoes oneself is this invisible force.

"The source of this power..."

Qin Chen's pupils shrank suddenly, and the true dragon state was directly retracted, and the golden power filtered out of the pupils instantly dissipated invisible.

Qin Chen sensed that there was no one around, and turned into a human body again, and this power immediately disappeared.

The entire space is shrouded in this power, and the true dragon's aura is the traction of this power. Only Qin Chen can perceive this power in the state of a true dragon.

Qin Chen's whole person turned into a thunder light, and he pierced through the air with a "swish", with the goal of trying to find the place where this golden power was strongest.

However, no matter how deep Qin Chen goes, this invisible force seems to be everywhere, and it can't be said that there is more or less, so naturally there is no way to find the source.

"Forget it, it's extremely difficult to find the source. Why don't you try to absorb it?"

Qin Chen's frowning brows gradually unfolded, and his eyes lit up: "This is not necessarily an opportunity. This golden power is very powerful. No matter what it is, as long as I can refine and absorb it, it can definitely improve my true dragon. body."

Do what you think.

Qin Chen immediately found a secret place, sat cross-legged, and began to absorb the mysterious power between the heaven and the earth.

Qin Chen slightly urged the power of the true dragon in his body, and suddenly, this golden mysterious power, like stars, gradually entered his body.

Hum!

Qin Chen burst into a powerful real dragon power instantly. It really works!
