### [Chapter 3891: Chuang Sheng's Dream Butterfly](#)

In the void, the power of faint golden emptiness poured into Qin Chen's body, causing the true dragon aura on Qin Chen's body to instantly become more and more dense.

"Is this pale golden power the power of a certain ancient dragon clan? Otherwise, why can it increase the true dragon power in my body?" Qin Chen was shocked, because he tried to absorb it with other power, but it didn't help. The light golden power only reacts with the power of the true dragon in his body, continuously growing his true dragon aura, and cannot act on other powers.

on.

Roar!

The slight golden power entered the body. Although it was extremely subtle, a real dragon roar suddenly appeared in Qin Chen's body. Vaguely, Qin Chen seemed to see a giant dragon soaring into the sky.

And this dragon is himself.

A trace of golden power entered Qin Chen's body, and the dragon power in Qin Chen's body slowly increased, and the dragon scales on his body became more and more real, as if they had become real dragon scales, as solid as a rock.

Even at this moment, Qin Chen's mind was blank, and he suddenly forgot about himself. At this moment... as if he were a true dragon.

Joy, happiness, anger, roar, madness... Travel the universe by yourself!

Fighting with the enemy, \*\*\*\* battle in the endless void, the battle continues one by one galaxy...

Qin Chen gradually closed his eyes cross-legged, motionless.

Everything is false.

The real dragon is real!

A long time, a long time... Many years have passed since Qin Chen turned into a real dragon.

In Qin Chen's consciousness, one year, ten years, and a hundred years passed. In Qin Chen's own consciousness, he thought he was a real dragon, living and passing by in endless years.

In battle.

I don't know how long it took.

Wow!

Qin Chen opened his eyes suddenly, and his whole body was suddenly excited. "Is this Zhuang Sheng's Dream Butterfly?" Qin Chen was shocked, his entire body was standing up. The moment he opened his

eyes, he was in a daze to identify whether he was Qin Chen or a true dragon, but he soon became fully awake. Oh, Qin Chen's intention

The determination, the human soul, made him wake up in an instant and can recover from the illusion.

"True dragon? Very powerful."

Qin Chen was shocked. This slight golden power could make him transform into a real dragon in a flash, immersed in that feeling. This method is too powerful.

If it weren't for his extremely powerful soul, he would not even be able to wake up from his dream when he changed to the level of the Holy Lord, and he would really regard himself as a true dragon clan.

Real dragons and humans are in a completely different state of existence, and they also represent two kinds of objects.

Qin Chen lowered his head and looked at his hands.

At this moment, both hands are sharp claws, and the scales are all over.

Suddenly, Qin Chen swung a claw.

Roar!

Vaguely, there seemed to be a real dragon emerging from Qin Chen's body. No, it should be that he was a real dragon, not a real dragon in size, but an inner temperament, all kinds of auras, all in the posture of a real dragon. He swung a claw, and a huge dragon claw emerged in the void, surrounded by countless luster, blooming incomparably mysterious profound meaning, on top of Qin Chen's five sharp claws, the roots of Qin Chen's five sharp claws burst out with a rainbow, booming, Void trembles, Qin Chen's claw

Next, there was a terrible illusion that tore this world apart.

"So strong, is this a real dragon attack?"

Qin Chen was shocked.

The perception of the world of consciousness for more than a hundred years made him really think that he is a real dragon, and his power has increased several times under one claw.

In the past, even though Qin Chen used the dragon body to make his moves, he was only using supernatural powers, profound meanings, and rules.

Now, in the process of incarnation of a real dragon in Yimeng for a hundred years, Qin Chen truly understood what kind of state a real dragon should be.

Inside the body, the mighty real dragon surging, Qin Chen really turned into a real dragon clan at this moment.

"Roar!"

Qin Chen looked up to the sky and roared, the dragon mighty, invincible.

"What the \*\*\*\* is this pale golden power!"

Qin Chen came back to his senses, his heart was shocked, it was just a trace, the power of the nobleman in his body did not increase too much, but whether it was the dragon body or the power of the real dragon, there was an amazing increase.

It's a pity that the pale golden power of this world has been absorbed by him, and he can't feel it anymore.

"There should be in the depths of this ruined place."

Qin Chen murmured, because the strong attraction was still there.

"Ok?"

Qin Chen suddenly raised his head, and then he sensed a burst of breath, which was approaching quickly. It should be his roar that alarmed many nearby masters, and there were a few breaths that were quite powerful. "In this land of ruins, there should have been a lot of strong people. Be careful first, but before that, kill that guy first." A cold light burst out of Qin Chen's eyes. The next moment, his figure in a flash, suddenly disappeared into the void

in.

Not long after Qin Chen left.

Huh huh!

Several figures appeared here, and these people were surging with devilish energy all over their bodies. Obviously, they were all masters of the demon clan, and they were all of the earthly respect level.

"What a strong dragon breath, who was here just now?"

These demon masters looked at the eagle bird, murderously.

"It doesn't matter, a few adults have already come here, hurry up and gather."

These people perceive the next four weeks, but fail to find Qin Chen's trail, and finally leave one after another.

Huh!

Among the endless ruins, Qin Chen flew quickly.

On his body, the power of destiny is running, and he constantly calculates the location of the man in black.

Qin Chen sneered at the corner of his mouth, his eyes were cold, and the man in black had been chasing him and he had been staring at him.

Along with Qin Chen's power to spur his destiny, the breath of the black-clothed man Earth Venerable has been looming in his mind.

"This guy, the speed is so fast, he has already gone so far."

Qin Chen continued to deepen and quickly approached the opponent.

"Well, he stopped."

Just as Qin Chen was about to approach the black-clothed man, suddenly, Qin Chen felt that the black-clothed man had stopped not far in front.

"boom!"

Immediately afterwards, a thunderous roar resounded, followed by a roar of anger.

"Why do you wait for me to shoot."

Qin Chen was so familiar with this voice, it turned out to be magical.

Isn't it so coincidental?

Qin Chen's figure flickered and quietly fell down, and he saw the man in black in front of the man in a ruin in the distance, Mo Li looked at this man extremely frightened.

"Hand over the Chaos Fruit, and spare your life." The man in black said gloomily.

"Hmph, that Chaos Fruit has already been taken by me, I want it, it's impossible!" Mo Li Han said.

"Used it?" The man in black looked at a secret formation behind Moli, his face changed slightly.

[Chapter 3892: Is a pervert](#)

Humph!

The man in black snorted coldly and snorted. A terrifying black rainbow light burst out from his body in an instant. This black rainbow light soared in an instant, and crashed down against the formation.

"Go away!"

Mo Li shouted angrily and blasted a punch, the magic light burst into the sky, and immediately exploded the rainbow light, and Mo Li also flew out to stabilize his figure.

"Ok?"

The man in black changed his color slightly, and he didn't even blow the boy out of the man.

"Unexpectedly, your strength has increased so much." The man in black squinted his eyes.

"Do you know me?" Mo Li's eyes sank.

"Hahaha, don't pretend, don't you dare to say that you don't know me?" The man in black smiled grimly, "Pretend in front of this seat, do you think this seat will be deceived by you?"

Mo Li's face was uncertain. "It should be your little lover in the formation behind you? Huh, obviously they are two big men, and one of them is a monster. They actually reshaped their bodies and got together. This taste is really admired by this seat. Tsk tut." The man in black sneered

Said: "Originally, this seat only wanted to take away the chaotic fruit from you, but I didn't expect that the chaotic fruit of your little lover was also refined. If so, then this seat can only You are all killed."

The panic on Mo Li's face gradually dissipated, and his eyes slowly became cold.

"When did you recognize us?" Mo Li said coldly.

"I recognized it a long time ago. You have been in the black market for so many years, and you frequently go out to sea. Every time you go out to sea, you frequently take out Shenguang fish. Do you really treat others as idiots?" The black man said with a sneer.

In the distance, Qin Chen's mind was shocked, and his eyes became cold.

This man in black really came from the black market. It seems that when he was chasing and killing himself, he also focused on the Shenguang fish on his body, but how did this person know that he had so many Shenguang fish.

Because everything in the black market is a secret, this is a rule that has been maintained for many years, and it is impossible to leak it easily, otherwise the black market cannot be so big.

"Feng Dan Di Zun, really good means." Mo Li suddenly said coldly.

"Oh? You actually know your name?"

The man in black was a little surprised. "Hmph, you stared at me, do you really think I didn't notice it?" The panic on Mo Li's face completely disappeared, and a sneer was outlined at the corner of his mouth. In front of the man in black, there was not the slightest panic: "Feng Dan Di Zun, A master of the Krypton race

In the black market, some fraudulent activities were carried out, but they were never expelled from the black market. If I am not wrong, someone in the black market should support you. "

The black-clothed man Dizun's eyes gradually became cold: "You are investigating me?" "Hmph, I have noticed you since you stared at me, and I still need to deliberately investigate? You think you are hiding well, but it's a pity Little Lord, I have never seen anything in my life? There are too many people who want to kill me, so you want to kill me too? Wishful thinking

. "Mo Li said coldly.

This time it was the turn of the man in black that Di Zun's expression flickered, and he stared at Mo Li coldly: "What else do you know?" "I know a lot." Mo Li sneered: "I still know, the one behind you People in the black market should not be the masters of the black market. Otherwise, you won't do anything to follow the young master. I have observed you for a long time. If I guess right, you

The latter should be the Qilan messenger of the black market, right? "

"You..." The pupils of the man in black suddenly shrank, and cold light burst into his eyes.

"Why, I was right?"

Mo Li sneered.

"Huh, what Qilan messenger, ridiculous." The black man said respectfully. "Haha, do you want to quibble in front of the little master?" Mo Li sneered, "In the black market, I have observed you, and you will enter the black market auction every once in a while. If you guessed correctly, the one who met you should be Qilan messenger, right? Black market rules

Nobody in the black market can act on customers, but you are eyeing this young master. It seems that there are many people you and Qilan messenger secretly framed. "

"nonsense!"

boom!

The man in black has completely changed, and a murderous aura of heaven and earth permeates out of him. Suddenly, a terrifying force permeates the heaven and earth, completely confining the heaven and the earth, forming a forbidden space.

Forbidden space!

It is one of the ultimate moves of this man in black.

"Why, want to kill people and kill people?" Mo Li laughed loudly, "Do you really think you could kill me? To tell you the truth, I know a lot, and I still know that you are going to die today."

"Only you? Respected alone?"

The man in black sneered with disdain.

However, he was extremely vigilant in his heart, and he was cold.

Because, when the person in front of him was in the black market, he was indeed ordered by Qilan's messenger to stare at him, because every time Mo Li entered the Nether Galaxy, he would return with a full load and gain a lot.

It's okay once or twice, but this time, it will naturally be noticed.

In addition, Mo Li and Chiyan Demon Lord spent quite some time in the black market, and they were naturally noticed by Qilan's messenger, and ordered the man in black to follow and inquire.

But what made the man in black Di Zun never expected was that the Mo Li in front of him knew that he had been being followed, and even investigated his life, origin, and the envoy of Qilan behind him.

This makes his heart cold.

What kind of pervert is this guy?

At this time, the murderous spirit in the black-clothed man Di Zun's heart was completely locked in Mo Li, today, he must die, otherwise once the news returns to the black market, then both he and Qilan messenger will be in trouble. "Boy, there are too many things you shouldn't know." The black-clothed man Dizun's eyes were sharp, "When you entered the black market, you were only a half-step Venerable. In just a few years, you have risen to this level. There must be a secret in you,

I want to see where you are so confident. "

The voice of the man in black fell, booming, and bright silk threads burst out of his body, and these bright silk threads quickly blocked the surrounding world.

Facing the ban of the man in black, Mo Li did not move, letting the other side show a terrifying space blockade, combined with the forbidden space, completely confined him in this world.

This made the man in black slightly change color, is this guy crazy? Indifferent to the methods you use? "Are you protecting the guy behind you? Well, it does have a taste. Although it was made by the monster race's reinvented body, she is indeed a good figure. She should be refining Chaos Fruit? Don't worry, after killing you, I will enjoy it

Although she is a bit disgusting, I have never tasted the taste of waiting for a woman, hahaha..." Feng Dan Dizun laughed, his eyes were cold, and he deliberately stimulated the magical nerves, trying to see what he was doing. Clues.

### [Chapter 3893: Kill with one claw](#)

Unexpectedly, Mo Li was completely indifferent.

"Exciting generals?"

Mo Li grinned: "It's naive to use the radical technique in front of me, but I can tell you why I'm so calm, Master."

After the words fell, Mo Li suddenly looked at the void behind the man in black, and said lightly: "Qin Chen, after listening for so long, should he come out?"

Ok?

The man in black turned his head suddenly, and there was nothing behind him, where are the others?

However, before he could speak, he saw a figure walking out slowly in the ruins not far behind him, it was Qin Chen.

Qin Chen was listening in secret before, but he didn't expect Mo Li to discover himself.

"How did you find me?" Qin Chen frowned.

His concealment method is extremely powerful, and the masters of the earth-sovereign can't find it easily, how did Mo Li know it.

"This guy has your breath on him. That breath is too unique. This guy can't smell it, but it seems too obvious to me." Mo Li said calmly, "You leave clues on him, so naturally you have to follow this person. Come."

"It's you?"

When the man in black saw Qin Chen, his expression was startled, and his entire body instantly stood up, making him extremely nervous.

Qin Chen's strength, in his opinion, was far above the magic power, and could definitely threaten him.

"Unique breath?" Qin Chen frowned, is his thunderous breath so obvious? If it is so obvious, why didn't this black-clothed man earth-zun notice?

What Qin Chen didn't know was that Moli naturally had a strong feeling for him. As long as he appeared next to Moli, Moli would feel uncomfortable when he felt a trace of breath.

"Fengshan Dizun? Qilan messenger? What he said is true?"

Qin Chen didn't delve into this problem, after walking out, his eyes fell on the black-clothed man's earth vener, and said coldly. "Your Excellency, you and I have no grudges in the past, and I have no grievances in the past, but this person is talking nonsense. Although I don't know what the relationship is between you, if you don't interfere in today's affairs, I can give the Chaos Fruit How about you?" Black

Ren Di Zun said solemnly. What he wants to kill most now is Demon Li. As long as he kills Demon Li, even without the Chaos Fruit, he will be able to \*\*\*\* it back from Qin Chen if he has the next opportunity, but if he lets Demon Li escape, it will burst out. The secret between his Qilan messengers, that

He is in trouble.

"Hahaha, no hatred in the past, no resentment in the past?" Moli suddenly laughed: "If I guessed right, you have definitely hunted down this person, and, just after the black market auction not long ago, Qin Chen, Am I right?"

Mo Li sneered and said: "With your harvest in the Nether Galaxy, it's strange that this guy doesn't look at you."

"Harvest in the Nether Galaxy? The auction not long ago?" The man in black looked at Qin Chen in anger, "You, could it be..."

"You speak less, no one will treat you as dumb." Qin Chen coldly glanced at the magic, boom, the next moment, Qin Chen's figure suddenly moved.

Roar!

Qin Chen was full of real dragon's might, and slammed toward the black-clothed man.

boom! I saw countless secret patterns on the surface of Qin Chen's dragon body instantly, and the whole person turned into a dazzling golden light directly towards the black-clothed man. At this moment... Qin Chen felt like a real dragon roared at his opponent in the memory of a century. . Real Dragon's Simple One

Throwing also contains the way of true dragons. And Qin Chen's flutter... also contained the top secret technique of that terrifying true dragon.

One flutter, fierce and amazingly fast.

Relying on Qin Chen's cultivation base alone, it is actually quite difficult to kill this man in black, but after realizing the power of the true dragon, the strength of Qin Chen's true dragon body has been amazingly improved!

"Fail!" Qin Chen instantly arrived in front of the man in black, his right hand turned into a claw, and the countless small secret patterns on his fingers flowed and combined with each other, instantly turned into dazzling golden light, and grabbed directly at the man in black.

"Damn it!"

The face of the man in black suddenly changed.

"boom!"

Facing Qin Chen's attack, the man in black did not dare to be careless, the terrifying power of the sacred person in his body surged and instantly condensed into a point, and then he opened his mouth sharply at Qin Chen's attack.

"call!"

An invisible attack blasted directly towards Qin Chen at a speed like a burst of light.

Rumble!

This is a black invisible light wave, and there is no substantial existence, it is the terrifying soul attack of the man in black.

And, while performing soul attacks. "Kill!" A glimmer of cold light flashed across the eyes of the man in black, and then he opened his mouth suddenly, and he spewed out several black lights again. The black lights were like several black dragons, entwining each other and exploding. , Fly directly to Qin Chen in the distance

.

boom! These black lights are the killer of this black-clothed earthly respect. Qin Chen almost fell under this trick. If he did not use the power of darkness, he would definitely live and die. At this moment, this black-clothed earthly respected directly displayed it. Got his best trick, and

Moreover, burning the power of the venerable has released his assassin to the extreme, which is several times more terrifying than before.

boom!

After the invisible soul attacked, it was accompanied by a terrifying black flood dragon impact, and the space it passed was shockingly powerful.

He tried desperately.

The people of the true dragon clan and the demon clan in front of him know so much that they must die, and the man of the true dragon clan is his greatest threat. He must be killed or seriously injured immediately before he can hope. .

"This trick again?"

Qin Chen sneered. Facing these two terrible attacks, Qin Chen's eyes were cold, hum, a dark and hideous armor appeared on his body instantly.

"Haotian Divine Armor!"

The pitch-black armor appeared instantly, covering Qin Chen's body, hideously terrifying.

"It's you....."

The man in black also recognized Qin Chen at the moment, and roared in anger, the guy he was chasing and killing was obviously not a true dragon, how could he now become a true dragon.

"dead!"

But at this time, he couldn't think about that much, the only idea was to obliterate Qin Chen.

boom!

Finally, the moment Qin Chen's body was covered by the Haotian Divine Armor, the soul attack and the terrifying black flood dragon had already impacted Qin Chen's body.

puff!

The Haotian Divine Armor surged with invisible light, quickly eliminating the power of this soul impact.

10%!

50%!

90%!

At the beginning, when Qin Chen was only half-step Venerable, he could only weaken 90% of the attacks, but now, after breaking through the Venerable, he instantly resisted 90% of the attacks of the man in black.

In the last 10% of the attack, he instantly sank into Qin Chen's body.

"broken!"

Qin Chen roared, this last 10% attack was unable to penetrate Qin Chen's true dragon body at all, and was scattered by an instant blast, unscathed.

"But so."

Qin Chen was excited, the attack that made him desperate at first, but now, he can't break his defense at all.

what?

The man in black was completely dumbfounded, his eyes horrified.

"Hahaha, it's time for me..." Qin Chen's heart was full of joy, feeling that this moment completely coincided with the real dragon in his sleep for a hundred years.

Pounce!

Tear the claws!

Legs are like tails, like whips...

boom!

A real dragon phantom flashed past, and Qin Chen's claws protruded with unmatched power.

puff! Directly through the chest of the man in black.

[Chapter 3894: Know well](#)

boom!

Qin Chen stuck out a claw, the terrifying real dragon phantom vibrated, and made a vast roar. The dragons roared in waves, and the vastness and boundlessness directly tore open the body defense of the man in black, directly submerging into his body. in.

what?

Mo Li frowned and his pupils shrank suddenly. He was so confident because he knew that Qin Chen was nearby. With the strength of him and Qin Chen, once they joined forces, the man in black could not take advantage.

But Mo Li never imagined that Qin Chen was so strong that he instantly tore the flesh of the black-clothed man Earth Venerable under one claw.

"boom!"

The man in black was torn to the flesh, and he let out a roar of anger. His body melted quickly and exploded, but after a while, he appeared in another world.

"Ok?"

Qin Chen frowned, curious about his supernatural powers.

"This is the innate magical power of the Krypura tribe. If you want to kill them, you can only wipe out their origin a little bit, because the body of the Krypura tribe can reproduce indefinitely and can be reborn with blood."

Mo Li said solemnly, this is what he got from investigating the other party.

"Hahaha, boy, you can't kill me." Feng Dandi's gaze was stern.

"Blood rebirth?"

Qin Chen sneered, "Young Master Ben wants to see, how do you rebirth with a drop of blood, magic, you go up and kill him."

"Me?" Mo Li was stunned.

"Why, this person is here to kill you, you can't let me come alone."

Qin Chen said lightly: "You go up and shoot, I'll take the battle for you."

"You..." Mo Li was depressed and wanted to vomit blood, but under Qin Chen's gaze, his figure shook, and he suddenly slashed towards the man in black.

"I won't play with you anymore."

Feng Dan Dizun sneered, his figure shook, and he suddenly wanted to leave here.

"Want to go? Space field!"

boom!

The power of the vast space in Qin Chen's body permeated out, and in an instant, the entire void was completely imprisoned by him, and at the same time, the man in black was also firmly imprisoned in the void.

The black-clothed man's earth-zun looked cold and stern, broken, he roared, opened his mouth, and suddenly, a black streamer burst out of his mouth, and this black streamer turned into a black dragon, tearing the void to flee here. .

However, as soon as his power broke through a layer of void, Qin Chen once again surged out of space power.

Layers of void were broken open, and this black-clothed man's earth-sovereign was also blocked layer by layer, unable to escape Qin Chen's bondage.

"kill!"

Mo Li was angry in his heart, and directly killed him.

"Boy, get out..."

The Black Man Dizun blasted out with a punch, screaming, black rays of light resembling stars, instantly floating in the endless sky, the sky full of black rays of light, turned into a dark night, enveloping the magic power layer by layer.

"The magic light shines!" The magic screamed, and in his body, a vast magic light suddenly burned. These magic lights contained the power of unique rules. When they burned, they were actually a net made of black silk threads. , A little bit of ablation, instantly

Torn apart.

The man in black was suddenly shocked, how could it be possible?

He looked at Moli in anger. In his opinion, with his strength, killing Moli should be easy, but he never expected that such an ordinary person could dissolve the power of his earthly respect.

call out!

In the pupils of his eyes, endless soul light rotates, forming an invisible sharp shuttle.

Jian Shuo made a piercing sound, and suddenly fell into Mo Li's mind. This was the talent of his Kryptonite.

However, as soon as this power enters the body of the demon, the spirit of the demon gu lingers in the body of the demon, swallowing this soul power in an instant, and, a kind of soul demon power, from the body of the demon. Haunted out.

"impossible!"

This black-clothed man is going crazy, Qin Chen can block his attack, but this guy in front of him can also block his attack, how could there be so many perverts in this world, and it happened that all were He met?

Where do these monsters come from?

Rumble!

In the void sealed by Qin Chen, the black-clothed man Dizun and Mo Li fought madly, while Qin Chen watched graciously.

"Sure enough, this magical Li had already prepared."

Qin Chen sneered.

Who is Mo Li? Qin Chen has been familiar with him since the Tianwu Continent. This is definitely a master who refuses to suffer. Now that he knows that this Kryptonite master has been staring at him, how could he not be prepared?

I'm afraid that if I don't come here, Moli may not be at a disadvantage when facing the master of the Kryptonite clan.

Therefore, Qin Chen took the initiative to let Mo Li take the initiative instead of being a bystander.

Of course, Qin Chen didn't waste his energy either. In his domain, Qin Chen was breaking down the power of the Kryptonite. "This universe, all races, is truly amazing. There are various races, and each race has its own unique talents and abilities. This Kryptonite can disperse its life force into its source of venerable. The power of the Lord enters the body

Any part of it. "

"If you want to kill them, you must obliterate all the power of the venerable in their bodies, and the life force in any cell must be obliterated, otherwise, even if there is only a drop of blood, they can be resurrected and reborn."

Qin Chen murmured, carefully perceiving the life state of the man in black, and gained insights from it.

This characteristic of the Kryptonites has both advantages and disadvantages.

The advantage is that it is extremely difficult to kill, but the disadvantage is that the life force is integrated into the source and spreads all over the body, but it also becomes very difficult when you want to improve.

"Boom boom boom!"

In the void, the trembling sound was endless, and Mo Li and the Kryptonite clan fought wildly. Although Mo Li had been prepared for a long time, his cultivation base was not as good as the opponent, so it was not easy to kill the opponent.

However, relying on its own means, Mo Li actually had the upper hand in the fight against the Kryptonite tribe.

"This magical power does have some means."

Qin Chen murmured, his eyes flickering.

From Demon Li, Qin Chen felt many different powers, but the strongest was the power of Demon Gu. This supernatural power was able to swallow the power of various attributes, which was a metamorphosis.

In addition, Qin Chen also sensed the breath of a noble soul demon clan from Moli.

"It seems that this demon can rise to this level so quickly, and it will be transformed in the soul, and it is inseparable from the noble soul demon race."

"Furthermore, there is still an aura of annihilation storm on his body. In this case, someone who had been circulating outside the black market tried to absorb the annihilation storm and break through, and they should be talking about magic."

"The annihilation storm contains the power of annihilation, combined with the power of his magic gu, it really complements each other."

Qin Chen spoke softly, his eyes flickering. He seemed calm, but in fact he fully understood the power of Moli and Kryptonite masters.

#### [Chapter 3895: Familiar beauty](#)

"This bastard."

In the spatial realm, the magic is so angry that his head is about to explode.

I worked hard here to deal with that Fengshan Di Zun, but Qin Chen? It turned out to be watching.

If it weren't for Master Chi Yan who needs to protect himself here, there is no need to receive such qi. Mo Li became angry from anger, and kept making shots, casting all his qi on the earth-sovereign man in black, rumbling, the power of the billowing magic gu haunted his body, and the terrible magic light bloomed, constantly annihilating the man in black. Respect the breath of life on the body,

Obliterate and absorb the origin of his venerable.

"No, I will die here if this continues."

The man in black was extremely frightened.

He directly burned his life force and started desperately.

I saw the black-clothed Di Zun of the Krypton Ras tribe, his figure quickly enlarged, turning into a towering figure of hundreds of feet, with a billowing black flame burning on his body, this is the breath of life and the power of the Di Zun burning.

Shoo! Then, from this body, more than ten black shadows were quickly separated. Each of these more than ten black shadows was more than ten feet high, majestic and majestic, exuding a terrible aura. These black shadows surrounded him, constantly rotating,

In an instant, a vast array was formed, a total of seventeen shadows, burning at the same time, forming a strange whole.

Black silk threads connected the dozens of figures, and then, the dozens of figures lit up at the same time, and a heart-palpitating breath spread out.

"not good!"

Mo Li's eyes narrowed, "This guy is going to blow himself up."

As soon as Mo Li's words fell, the light on these dozen figures became brighter and brighter and more dazzling, and finally...

Boom, boom, boom, boom, boom...

More than a dozen towering figures, more than ten feet high, exploded in an instant.

Rumble!

Suddenly, a terrible shock wave swept across wildly, the void was violently shaking, and the space domain formed by Qin Chen was also bombarded with numerous loopholes.

The billowing power swept away, the sky was trembling, and the endless impact condensed into a long river, slammed against the magic li, and blasted the magic li.

"No, Feng Dandi is going to escape."

Mo Li shouted loudly.

"Can you escape?"

Qin Chen sneered, "Time rules."

Hum!

In Qin Chen's mind, the origin of time urged, and in an instant, this world was imprisoned in the void, everything stopped running, time was imprisoned, and even the self-destructed clone of Fengdan Dizun was frozen.

what?

Feng Dan Dizun was imprisoned in the void, unable to move his body even if he moved, and there was endless panic in his eyes.

What time is this supernatural power?

It is not that he was not imprisoned by Qin Chen's time rules. When he was chasing Qin Chen, Qin Chen used the time rules, but at that time, Qin Chen's time rules only imprisoned him for a moment.

But now, the power of the venerable in his body is all imprisoned, and he can't get rid of the constraints of the rules of time.

how can that be?

It should be understood that the improvement of the power of time requires a new understanding, like Qin Chen breaking through the realm of the venerable, the origin of the body and the power of the

venerable increase, but in the rules of time, if there is no new understanding, it is also impossible to improve.

But now, Qin Chen's control over the time rules, so much improvement, makes Feng Dan Di Zun unable to believe it.

How did he do it?

boom!

Time is imprisoned, everything is still in the world, Qin Chen's eyes are cold, and when he raises his hand, the giant cauldron formed by the palace of Zixiaodou and the ten thousand azure-gold sacred furnace suddenly shakes out, and instantly comes to the top of Fengdan Dizun's head, facing Push him down.

"Battered!"

Feng Dan Dizun roared, and at the moment the giant cauldron fell, the power of the avenue was violently shaken, finally breaking free from Qin Chen's time constraints, but the giant cauldron had already been covered, and he was taken into it with a bang.

Klang Klang!

Seeing the giant cauldron trembling violently, Feng Dan Dizun made a frantic move in it, blasting Qin Chen's giant cauldron and breaking free.

"Nothing Karma Fire!"

After taking Fengdan Dizun into the Pill Furnace, Qin Chen quickly urged the sky fire in his body, and the sky was burning and licked the pill furnace. Qin Chen was actually in this void, directly refining Fengdan Dizun.

"Ah! Let me out!"

Roars came out one after another, and the entire giant cauldron kept trembling, Qin Chen spurred the Void Karma Fire, and the power of the billowing flame burned. Gradually, Fengdan Dizun was continuously refined, and the voice became smaller and smaller.

"Hmph, rebirth from a drop of blood, I will refine you thoroughly, and see how you are reborn."

Qin Chen sneered, and converged the Void Karma Fire and the Great Ding into the Universe Jade Plate, and continued to refine in the Universe World.

On the side, Mo Li's brows jumped straight, and he was shocked.

too strong. Qin Chen's giant cauldron is amazing in power, and the emptiness of flame also exudes an aura that shocks him. What's more terrifying is the previous time rule, which confines the emptiness, directly imprisoning such characters as Di Zun in black, unable to move. Such means

, How not palpitating.

Mo Li couldn't guarantee that if he faced Qin Chen, he could resist Qin Chen's shot.

Whoosh!

Qin Chen's figure shook, and he went straight to Mo Li.

scare!

Mo Li looked at Qin Chen vigilantly, his brows jumped, the big demon, this is really the big demon.

"Don't worry, I won't eat you again."

Qin Chen was speechless, how did this magical Li see himself like a quail, how could he be arrogant and domineering before?

"The origins of this black-clothed man, and the Qilan messenger, are all true?"

Qin Chen asked.

What he wants to know most is obviously the origin of the man in black.

"Naturally it is true."

Mo Li told Qin Chen some of the information he knew, and didn't keep it in the slightest.

"Emissary Qilan."

Qin Chen's eyes were cold, and this person had better pray that he would not meet him, otherwise he would never be merciful even if he was from the black market.

boom!

And at this moment, the formation where Demon Chiyan was in, suddenly roared violently, and Qin Chen and Moli suddenly looked over.

I saw the big formation opened, and a graceful figure came out of the formation. The figure was rugged. He was wearing a scarlet robe, his hair was curled up, his nose was red, and his figure was extremely hot.

It is the "Hongyan Wuhuang".

However, the current "Fuyan Wuhuang" is surrounded by a billowing chaotic air, his skin is as soft as white jade, exuding the brilliance of divinity, and has a unique temperament blooming.

I have to say that the face of the woman in front of him made Qin Chen amazed when he saw it, she was definitely a familiar beauty.

"Li'er, are you okay?"

Seeing Qin Chen here, the "Red Face Martial Emperor"'s face changed, his figure shook, and he suddenly stood in front of Mo Li. Those beautiful eyes looked at Qin Chen coldly, murderously.

"Chiyan Demon Lord, can you stop looking at me with that kind of eyes? Ben Shao doesn't like men." Qin Chen's cold hair stood up, shaking with disgust.

[Chapter 3896: Strongly attracted](#)

"Qin Chen, what do you want to do to Li'er?" Chi Yan Demon Lord shouted sharply.

Looking at Demon Chiyan, who looked like Emperor Wuyan in front of him, Qin Chen was unable to complain.

"You think too much. If I want to deal with Moli, it's still your turn to refine the Chaos Fruit?"

Qin Chen sneered.

"Boom!"

At this moment, the entire ruined place suddenly began to rumbling.

"what is that?"

Qin Chen turned around suddenly, and immediately felt a strong attraction, transmitted from the depths of the endless ruins.

This breath caused the power of the true dragon in Qin Chen to tremble with excitement.

"go!"

Qin Chen's figure shook, and flew straight towards the place where the horrible attraction was transmitted. Mo Li and Chi Yan Demon Lord also felt the terrifying power and flew in one after another.

Qin Chen's speed is extremely fast, and he keeps deepening. Along the way, Qin Chen perceives a burst of aura constantly appearing all over his body. He is obviously the top expert who entered this ruined land. After sensing the aura, he flew in one after another.

"What the \*\*\*\* is there?"

Qin Chen was secretly shocked, as he deepened, he felt the surging of the true dragon's air in his body more and more, the billowing true dragon's air was like the ocean, giving Qin Chen a strong sense of attraction.

Combined with the previous golden power, is this ruin really related to the true dragon family?

Is flying by.

"Wow!"

Qin Chen, who swooped to the bottom of the ruins, stopped abruptly, and at the same time Qin Chen slightly looked at the bracer of the virtual mirage.

I saw the virtual mirage wristbands that converged into my body trembling slightly, as if I felt something that attracted him, and the Haotian Divine Armor also radiated slightly under this breath.

"what happened?"

Qin Chen was shocked at the moment.

Wow! Qin Chen's right hand, the brace of the virtual mirage appeared inexplicably, slowly glowing, as if breathing, and trembling slightly, high and high... The tremor was extremely fast, and it was not controlled by Qin Chen at all, as if someone was in the distance. There is a strangeness in one direction

The source of Qin Chen's virtual mirage bracers crazily attracted.

Moreover, this thing is also attractive to the Haotian Divine Armor, but in contrast, the vibration of the Void Mirage Bracer is more obvious.

It's like a magnet.

Desperately attracting the Void Mirage Bracer.

"The Void Mirage Bracer has already recognized the Lord." Qin Chen was shocked. "The treasure of the Lord's recognition is absolutely according to the master's order. How can there be uncontrolled situations? And that direction—"

Qin Chen raised his head and looked in a direction far away in the sky. He felt that if he didn't suppress...the Void Mirage Bracers would fly directly in that direction with him.

"This, what's going on?"

In the direction Qin Chen sensed, a figure was standing in the air in the distance.

This is a bald man with a burly figure, wearing a Buddha robe, and on the bright bald head, there are some ring scars. This is actually a monk, but the monk is all over, gloomy, and there is no such kind of pudu. The righteousness of all beings.

And on the monk's left hand, there was a wrist guard, which was also trembling slightly at this moment. Although the tremor was small, it trembled crazily.

"Huh?" The bald monk Dizun turned his head to look at his wristband, and then looked in the direction of gravity. "What's the matter, my wristband is a top treasure. I have controlled countless years, and I have never encountered it. Under control."

He is powerful, respected, and comes from a hidden race. Their tribe rarely appears in the universe, but like the opening of the Vientiane God Store, their tribe will inevitably send a master to be born. This time, he came to this Vientiane God Store, the purpose is to find opportunities, hope to break through the realm of heaven in the future, let them Race becomes

More powerful.

However, he has experienced countless terrible dangers in his life, but it was the first time in history that the bracer appeared out of control.

"?? What's the reason?" The bald monk Dizun's eyes flashed a glimmer of cold light, and there was a faint expectation.

"Could it be that... in the mysterious ruins hidden by the Vientiane God, there is actually a treasure that attracts my wristband?"

Whoosh?????!

His body ?????? flashed, passing a strange black streamer, and he quickly flew in the direction he sensed. ?? Qin????? Chen also perceives the attractiveness in the distance. The virtual mirage bracer

on his right hand has naturally appeared, and he can't control it at all. It is the Haotian Divine Armor, which can still be lurking in his body, Qin Chen Looking up into the air, he could clearly feel that

The attraction is getting stronger and stronger, it seems that the source of gravity is constantly approaching.

"???? That's the direction."

Qin Chen frowned, and he also shifted his direction. Although the powerful force that attracted the dragon energy in his body below made him want to go down for the first time, but the force of attraction that made the virtual mirage wrist vibrate, it also made Qin Chen unable to refuse.

"Moli, how did the demon head go in that direction?"

The Red Flame Demon Lord who was following Qin Chen said to Demon Li in doubt.

"Don't worry about him, the wristband in his hand appeared suddenly and trembling faintly. If I'm not mistaken, this should be the wristband that was auctioned off at the black market auction. Is there something that attracted this wristband? Treasures appeared?" Mo Li's eyes flashed, "Even so, it is the chance of this demon head. It has nothing to do with us. I can feel that under this ruin, something that has been sealed for a long time has opened. Among the ruins, there are absolutely amazing treasures. Let's first

Go down, otherwise when the demon arrives, where the treasure is, we still have our share. "

Seeing Qin Chen leave, Mo Li didn't feel lost, but ecstasy emerged.

As long as Qin Chen was there, he would basically not be able to take advantage, and a psychological shadow would have formed long ago.

"It makes sense."

Demon Chiyan nodded, he didn't like the light bulb Qin Chen here.

"Black spots!"

Qin Chen flew quickly, and after a while, he saw a black streamer in an instant. There was a faint black spot in the streamer approaching quickly. It was obviously a top powerhouse.

"?????? is him." Qin Chen raised his head and stared at him.

And the black light in the distance kept approaching, and at the same time, looking down in this direction, he also saw Qin Chen with a phantom bracer.

Both saw each other.

Look at each other!

"No, it's the wristband of his left hand." Qin Chen's eyes quickly fell on the wristband of the strong man's left hand.

And the bald monk Dizun looked down, his gaze also fell on Qin Chen's right mirage wristband, and the two felt almost at the same time...It was the two wristbands that attracted each other.

"Could it be that the virtual mirage bracers should be a pair?" Qin Chen's eyes flashed before he was ecstatic.

It must be.

If Haotian Divine Armor is a suit, then it must be able to cover all the warriors. It is absolutely impossible for the right hand to have a wristband, but the left hand does not.

Bracers must be a pair. And now, the black-clothed bald-headed earth-zun's left hand is most likely another virtual mirage bracer.

### [Chapter 3897: Ghost Zen Di Zun](#)

"My wristband, is it incomplete?" The bald monk Dizun also showed ecstasy.

The two eyes looked at each other.

The killing intention did not cover up. "No wonder I got this brace in my hand back then. Even if I recognize the Lord, there is no detailed information. I thought... it was because the strong man who made this secret brace didn't leave a message in it! Now it seems that I This Secret Bracer is fundamentally

It is an incomplete treasure! "

The bald monk Dizun was excited.

The bracer in his left hand can enhance the abilities of the secret technique and is one of his top treasures.

After he got this treasure back then, he studied for a long time before he came up with the method to use.

"Normal treasures, there will be information left, but my secret magic wrist brace is very mysterious, and the material is also tenacious and tough, even the great existence such as Tianzun can't be easily destroyed."

The bald monk Dizun became more and more excited, "Yes, I have always had doubts...because a truly powerful Tianzun is completely possible to destroy a piece of Dizun Supreme Treasure."

"But the treasure I got, Tianzun can't break it!" "I always thought...the material of my secret technique bracer is slightly special. Now it seems that my secret technique bracer is simply some extremely powerful treasure. A certain part of this part. The material of this part is naturally extremely high."

Some guesses and doubts hidden in Zun's heart are suddenly clear at this moment!

"It doesn't matter what treasure this secret technique bracer is? But there is at least one pair, and the bracer in the hand of the dragon brat in front of me is definitely the other one of my bracer."

The treasures who have been recognized as the Lord can attract each other...it is incredible.

The two people are one, only this can explain everything.

Qin Chen looked up at the sky, and the bald monk Dizun in the sky also looked down at Qin Chen below. Those who have had a lot of thoughts flashed through their minds in an instant. Qin Chen possessed the Vast Sky Divine Armor. These treasures were extremely terrifying, and this Void Mirage Bracer was one of the parts of the Vast Sky Divine Armor. So far, Qin Chen hasn't figured out what happened to his Haotian Divine Armor

What level of treasure is it.

But what is certain is that at least it is also the highest treasure.

Since acquiring the Vast Sky Divine Armor, Qin Chen has relied on the Vast Sky Divine Armor to escape the chase of the Fengdan Divine Lord. This can be regarded as one of his strongest cards today.

Although Qin Chen used Void Mirage Bracers few, it could raise the level of special power. These treasures were also extremely rare, not to mention one of the parts of the Haotian Divine Armor.

Therefore, it is naturally impossible for Qin Chen to give up this treasure.

And the bald monk Dizun was also cold in his heart, his secret technique bracer, which can enhance the power of the special secret technique, is particularly effective for his family.

This is also one of his hole cards.

"A piece of broken parts is so perfect." The bald monk Dizun secretly said, "If it is a complete combination, what should it be?" "???" "This secret bracer has saved me several times and left me on the ground. The realm of Zun, overwhelming many peers in the clan, has never disappointed me." The bald monk Di Zun also looked down at Qin Chen, his eyes blooming with excitement: "It turns out that the secret method bracers are a pair.

It is the incomplete part of a certain powerful treasure, no matter what, another one must be obtained! Once the two bracers are combined, there will be a qualitative change and a surge of power! "Qin????? Chen raised his head and stared at the figure in midair. There are records of some famous races in the universe within the human race, and Qin Chen naturally wrote them all down. Except for a few, they have been hiding. Most of Qin Chen can recognize it

.

"?? Yin Buddha!"

Qin Chen felt cold in his heart.

The Yin Buddha tribe is a neutral race, rarely born, just like the true dragon tribe, but extremely powerful. It has helped the demons in some battles and is not friendly to the demons.

The status of the Yin Buddha in the universe is similar to that of the True Dragons. For the monsters and ghosts in the universe, the Yin Buddha has always been considered as one of its branches.

"The guy from the Yin Buddha tribe is extremely difficult to deal with, and this person has a very strong atmosphere of the earthly respect, even if it is not the peak earthly respect, it is close to this level."

Qin????? Chen stared at each other, and suddenly felt bad.

This? The Yin Buddha clan master is absolutely difficult to entangle, this class of strong, is far more terrifying than that Fengdan Di Zun.

Turn off the ??? key, the Yin Buddha tribe has a lot of means, and the means of escape is even more powerful! ??? "???" Although I relied on the Haotian Divine Armor, the aura of the true dragon, and was not afraid of the Peak Earth Sovereign, and all kinds of methods were used, the Peak Earth Sovereign might not be able to win me, but the same, I want Killing these characters, with my current strength..." Qin Chen felt the opponent's difficulty

"?? Real Dragon Clan guy?" At this moment, Yin Buddha Clan's bald monk Dizun is also staring at Qin Chen. True Dragon Clan guys are extremely difficult to deal with. It is not easy to kill the real dragon clan guys, and, He also couldn't see Qin Chen's cultivation base, it just faintly radiated from Qin Chen.

Judging from the aura of, this person's strength is definitely the level of respect for the earth.

If it is the respected person, he can't resist the coercion and breath of the Yin Buddha on his body.

Qin Chen and Yin Buddha clan masters stared at their opponents, both wanted to seize the opponent's virtual mirage wristbands, but they all felt that the opponent was difficult.

"I, Ghost Zen Dizun." Yin Buddha Clan Dizun slowly descended, standing in the void, and said.

"???? Me, Long Chen of the true dragon clan." Qin Chen said in a low voice. ?? Ghost???? Zen Di Zun raised his head slightly, his gaze fell on Qin Chen like a dark abyss, and smiled: "Venerable of the true dragon clan, the treasures of the bracers you got and the treasures of my bras seem to be Special origin. I want your bracer treasure... you propose

Condition it. "

Qin Chen sneered in his heart, is this guy an idiot? Will sell Void Mirage Bracers.

"One piece of Tianzun Supreme Treasure." Qin Chen sneered.

"????? Humph." Ghost Zen Dizun frowned, his eyes cold suddenly.

Heavenly treasure?

Are you kidding me?

This is a treasure that all the heavenly lords are fighting for. Even if these two bracers are integrated, they may not be inferior to the treasure of the celestial being when they are combined. This kid wants the celestial treasure to exchange it. Is he playing with himself?

"?????? You don't want to exchange?" Ghost Chandi Zunhan said.

"? Don't you?" Qin Chen sneered. The two people just spoke to each other, and their eyes were facing each other and they understood each other's determination. Obviously, both of them attached great importance to their wristbands... If you want to exchange treasures, it would be extremely high.

Treasures are good. And that level of treasure, the two of them

It's impossible to pay, and I'm afraid I can't bear it.

boom! boom!

Almost both of them moved at the same time.

"?? Then you die!" Ghost Zen Dizun's eyes passed the terrible murderous intent, his body was so ghostly, and there was a halo after another in his head, like a Yin Buddha. Immediately afterwards, this ghost Zen sacrificed a big banner, and the banner hunted. When the banner was covered, the entire sky was dark. At this moment, the world was shrouded in darkness. At this moment, in the darkness Walking out of an ancient Buddha is like walking out of hell, with black shadow and ghost.

### [Chapter 3898: Tianwu Baolun](#)

Countless black Yin Buddhas carry a suffocating aura. These Yin Buddhas are surrounded by black streamers. These streamers turn into ferocious ghosts, each with their teeth and claws, all kinds of dark and negative auras constantly surging, making people feel

The Deity of Ghost Zen in front of him is not like a Buddha at all, but like a ghost.

This ghostly and dense ancient Buddha formed a vast array of Haotian, and began to sing, a series of Buddhist runes suspended in the sky, completely enveloping Qin Chen.

"Only by you?" Qin Chen's true dragon's aura burned, urging the true dragon's might, and rushed directly over with a roar!

Rumble! Qin Chen smashed into the endless void, and killed an ancient Buddha. Each ancient Buddha was gloomy and exuding a chilling light. These Yin Buddhas all sang, and the dark Buddha light shrouded them. Is to drag Qin Chen into endless purgatory

Among.

What kind of Buddha is this to save sentient beings? This is clearly a murderous Buddha.

Roar!

Qin Chen's body was surging with dragon energy, and the whole person was transformed into a huge real dragon, the real dragon's feet are nearly a thousand feet long, and the huge body is flying in the void. The dragon sees the head and misses the tail, and one claw falls down, which contains the real dragon tail. .

Puff puff! The cloudy Buddha in the sky all shook, the two collided, and there was an astonishing roar. Qin Chen realized the true dragon's profound meaning. With one claw and flick, he carried the atmosphere of the ancient times, just like a supernatural dragon coming out of the ancient times. , Peerless, so

The strong breath gave the ghost Zen a strong shock.

"Huh? You real dragon boy..." Ghost Chandi said coldly, and didn't know if he didn't fight Qin Chen, but at the first fight, he instantly felt the aura on Qin Chen, which was far inferior to him. True dragon might overwhelmingly unparalleled, like gods and demons born, but the true source of power, even

Even the deity hasn't arrived.

"Respect the real dragon?"

Ghost Zen Dizun was pleasantly surprised, but immediately frowned: "No!" If Qin Chen is just a person respecting a true dragon, then under the suppression of his supreme treasure, he would be annihilated into nothingness immediately, but now Qin Chen is here. Under his ghost cicada buddha, he stayed still, that vast real dragon, eight heavenly majesty, soaring in the sky,

Under the suppression of many Yin Buddhas, they towered majestically, not letting the wind fall at all, causing the ghost cicada to change its color.

"Hmph, Yin Buddha fits together." The ghost zen divinely yelled, and the Brahman sang loudly in his mouth, rumbling, in this heaven and earth, the Yin Buddhas dancing with the heavenly dance wheel quickly merged together, one statue The Buddha's fusion, thousands of people and thousands of faces, suddenly hideous, suddenly dignified, and suddenly cold

, Suddenly solemn.

A yin Buddha with a height of thousands of feet stands in the void, towering, and exudes endless ghostly yin breath on his body. The breath rushes to the sky, forming a huge life wheel behind the Yin Buddha's head. Out.

"Alaya know!"

Gui Chan Di Zun coldly drank, his left hand and secret method bracer suddenly illuminated the vast divine light, blessing on this Yin Buddha, and enhancing the terrible power of this thousand-zhang Buddha.

This majestic Buddha, composed of countless Yin Buddhas, suddenly opened his eyes.

boom!

An invisible air machine surged and enveloped a world.

In an instant, Qin Chen felt as if he had fallen into an endless abyss, the surrounding area was pitch black, his five senses disappeared, and he was about to sink into an endless sink.

All sentient beings have Alaya Consciousness, perfect and pure, born out of the world, and same as Nirvana.

This is the unique trick of the Ghost Zen Dizun, the heavenly dance wheel, which closes the perception and spiritual consciousness of all things in the world, making it sink into a sea of endless sins, and life and death cannot be controlled by itself.

Qin Chen was like an outcast who had been banished from the void, he couldn't see his way and the future.

"Huh, the heart of the true dragon!" Qin Chen shouted angrily. At this time, the sea of true dragon gas on his body continued to roar, and the power of the dragon was overwhelming, and the power of the

true dragon rolled up high could roll down the stars in the sky. , In the sea of powerful real dragons, there is a terrible breath of real dragons recovering

Su.

True dragons, the top creatures between heaven and earth, their majesty shocks heaven and earth, and their power is extraordinary.

Immediately afterwards, Qin Chen urged the Void Mirage Bracers. Suddenly, the power of the true dragon on his body was soaring, making Qin Chen's mind clear and crystal clear. Surrounded by the cloud of Buddha, he instantly broke through this terrifying place. Bondage.

At this moment, Qin Chen seemed to feel the astonishing attraction from the ruins. That powerful force made Qin Chen penetrate the Alaya consciousness attack of the ghost Buddha, the Yin Buddha Tianwu Baolun, and the spirit platform was clear. , Not stained with dust. At this time, Qin Chen stood quietly, feeling the mystery of the true dragon's heart, and feeling the roaring breath of the true dragon sea pouring into his body. At this time, with the tyranny of his physique, he could bear the true dragon. The endless power of the sea of sea, before being replaced, Qin Chen's body must be difficult to bear under the shock of such a massive aura, but in this ruined land, after absorbing the golden power, Qin Chen at this time really enjoyed it. This kind of feeling, when the surging true dragon aura poured into his

When I was inside, I felt like I was submerged in the ocean, feeling the mystery of the power of a true dragon. ? And, because of the shielding of the Alaya Consciousness, Qin Chen felt that at the bottom of the ruins, there was not only the terrifying power that attracted the power of the real dragon in his body, but also other things. The same terrible power is here

In the depths of the earth, there is definitely something amazing, coming from different creatures and different creatures.

What exactly is it?

Qin Chen's heart was horrified, and he only felt that it was deep and vast, and could not be spied on.

Of course, at this moment, Qin Chen didn't have much time to think about it. The dragon energy in his body was agitated and broke out completely. Originally, his true dragon body was the heart of refining the druid, gifted by nature, and evolved, but in the ruins of the Vientiane God hiding place, he absorbed a lot of golden power, making his body Really got transformed, just like

Turned into a real dragon.

Roar!

Qin Chen urged the mystery of the true dragon clan and rushed into the endless darkness like a king. The dragon claws protruded, enough to squeeze the mountains and rivers of stars, instantly tear the enclosed space of the Tianwu treasure wheel, and grabbed the ancient Buddha.

"What? This person actually rushed out of Tianwu Baolun Alayashi's ban." The ghost Zen earthzun changed color. With this move, even the earthzun master could not easily escape, and would fall into an endless abyss. , I don't know the past and the future, the five senses disappeared, falling into endless sinking, but I didn't expect Qin Chen to break free.

Come.

Moreover, at this moment, he had already urged the secret method bracers. Under the ban of the Brahma Ten Thousand Buddha Banner, even the strong among the earthly deities, he was sure to imprison him, who expected Qin Chen to fight.

"Kill me!" Qin Chen laughed. Although the Yin Buddha's Alaya Consciousness had imprisoned him for an instant, it made Qin Chen more aware of the power of the true dragon and more clearly perceive the power at the bottom of the ruins. , It is quite rewarding.

#### [Chapter 3899: Brahma Ten Thousand Buddhas Banner](#)

Qin Chen made a move. This time, he didn't use too much power. Instead, he faced the enemy with the body of a true dragon. Moreover, the virtual mirage bracer in his right hand urged him to make the true dragon aura on his body more powerful.

The mighty power of the true dragon is also a special power that can be blessed.

Suddenly, the sky was full of dragon claw phantoms, and the vast dragon claw phantoms combined together and turned into huge claws. Above the claws, the laws flowed and the avenues were entangled, and immediately shook the evolving Yin Buddha. The Yin Buddha sang, thousands of arms dancing, magnificent, resisting Qin Chen's attack, but Qin Chen urged the true dragon's energy to the extreme, and the dragon claw was like an infinite method, hum, under this claw , All the mystery of heaven and earth has been reduced

Among them, relying on the terrifying true dragon power, this Yin Buddha instantly smashed and flew out. At this time, it is useless how the ghost Zen ground statue can promote the Brahma Ten Thousand Buddha Banner. A Yin Buddha continuously walks out of the void, but is constantly bombarded by Qin Chen, and a dragon claw protrudes directly into the Yin Buddha. Under the void, there are also dragon claws

Then, directly squeeze a Yin Buddha. Qin Chen entered this Yin-Buddha formation. He was already meeting the gods and killing the gods, encountering the Buddha and slaughtering the Buddha. No one could stop him. The dragon claws carried the power of the real dragon, and some were shot out with the most ordinary claws. Smashed out at the most unparalleled speed, and some borrowed infinite power

Shoot your opponent to pieces...

At this moment, it is useless for the Ghost Zen Earth Sovereign to be a strong one among the Earth Sovereigns. Even if his treasure flag can block the heaven and the earth, it cannot block Qin Chen. At this time, Qin Chen is like an ancient giant dragon running away. Kill wherever you go.

With my own strength, he carried the Mantian Yin Buddha with his bare hands. In this way, the Mantian Yin Buddha in the Brahma Ten Thousand Buddha Array, which was displayed by the ghost meditation statue, was retreating. The killing was about to let the ghost meditation land. Zun collapsed.

"It's the Secret Technique Bracer." The Ghost Zen Dizun was almost mad. He stared at the virtual mirage bracer on Qin Chen's right hand dragon arm, his eyes were sharp, he could feel that Qin Chen's true

dragon breath was in the guard. Under the blessing of the wrist, it exudes a more and more vast aura, otherwise Qin Chen's own

The strength is simply unable to resist the attack of the ten thousand Buddhas. His Brahma Ten Thousand Buddha Banner can be trapped even by the Earth Lord, and it is difficult to kill it. Now Qin Chen is carrying the Dragon Qi Ocean, with his head hanging on his back, and the dragon claws are towering and no one can stop him. Smashed to pieces, smashed his full sky Yin Buddha to cracks,

This is still bare-handed.

"Ten Thousand Buddhas Pilgrimage -" Gui Chan Di Zun was pressed into urgency, and he roared wildly, his treasure flag unfolded, and the hunting and hunting treasure flag opened, just like opening a Buddha territory, but this Buddha territory The country is gloomy like a ghost domain. At this moment, this endless land of Buddhism turned out to be so loud that it seemed to be summoned, walking out of the treasure flag held by the ghost and meditation land, the ten thousand Buddhas formed a formation, and instantly trapped Qin Chen, the Buddha stick Shoot down at the same time, like a ten thousand sticks

kind.

At this moment, ten thousand sticks shattered mountains and rivers and the world, even the strong of ten thousand races could not escape under such a large formation of Yin Buddha, under the suppression of such a ghost, even the fierce strong would be crushed. . "Break it for me--" Qin Chen laughed wildly, and the body of the real dragon rose up into the sky. At this moment, Qin Chen's body stretched out and instantly transformed into a giant dragon of ten thousand feet, soaring into the sky, this is the dragon that he has realized. Clouds and rain, at this moment, nothing

On the contrary, the rule of exhausting the dragon's energy enveloped the Buddha's territory of the Ghost Zen Dizun. A towering and huge mountain-like claw protruded from the clouds and suddenly enveloped the Buddha's territory.

"Boom!"

Qin Chen's dragon claw arm grabbed and captured thousands of Yin Buddhas and annihilated them, and the terrifying stick shadow also turned into a sky-reaching phantom and fell down. Qin Chen flashed in front of him, and a piece of black scale armor appeared in an instant. Under Qin Chen's breath of real dragon, the scale roared and instantly became as big as a mountain, blocking the vast shadow of the stick. I heard a bang, at this moment, ten million

The cudgel condensed by the shadow of the stick vibrated, and the force from the smashing shook tightly one after another, shaking Qin Chen's body, and the blood in his body surged, thundering and sweet, almost vomiting blood.

It has to be said that the Buddha's territory transformed by thousands of Yin Buddhas is vast and boundless, and the power of Yin Buddhas also reaches the sky. After the power is stacked to the limit, it is almost invincible.

If Qin Chen had not possessed this black armor and scale defense supreme treasure, and the real dragon body had invincible defense, and replaced it with an ordinary earthly statue, he would be bombarded directly under this stick.

However, Qin Chen held it up at this moment. Although his body vibrated, the blood surged in his body, and the scales on his body made a crackling sound, he still blocked it after all.

And immediately afterwards, Qin Chen's strongest dragon energy attack finally blasted down.

boom!

The huge sharp claws, with an unrivaled aura, tore in an instant.

"Boom..." The world shattered, the sky full of Yin Buddha was directly exploded at this moment, and the ten thousand Buddhas were destroyed, and the towering and huge Qianzhang Yin Buddha also made a thud, and the body trembled, and the sky was full of body. Sanskrit rules are all shocking, as for the ghost Zen behind it

The Earth Zun also gave a muffled snort, and was stunned high, a fishy gas surged in his mouth, and a trace of blood overflowed from the corner of his mouth.

At the critical moment, the ghostly spirit surged in his body. Behind him, a rotating black hole appeared. Injury repaired.

Qin Chen was originally prepared to take advantage of the victory and pursue and attack the ghost Zen Earth Zun, but when he saw this, his figure stopped suddenly, his eyes cold. Qin Chen now only fights with the body of a real dragon, the real trump cards are not displayed, such as the Haotian Divine Armor, such as various magical powers, and time rules. If the previous blow, he can damage the ghost and Zen. , Qin Chen must decide, even if it is Shi

Show all the cards, but also kill the opponent and take away another phantom bracer.

Seeing that Ghost Zen Earth Venerable, his injuries healed in an instant, Qin Chen's eyes suddenly sank. This person is worthy of being a master of Yin Buddhism. His strength is far beyond that of ordinary Earth Venerables. It is difficult to kill him. It's not easy.

Qin Chen's heart sank, frowning slightly. He vaguely felt that even if the cards were all out, it would not be easy to kill the person, and it might even let the other person escape. Here, many masters in the Vientiane Godzang are coming one after another. Once they are seen , Will inevitably reveal identity , Inevitably some of the gains outweigh the losses.

After he decided to move, the strength of the Ghost Chan Earth Venerable caused Qin Chen to retreat slightly, and he would not do things that he was not sure about.

"hateful!"

Ghost Zen Dizun wiped off the blood from the corners of his mouth, his eyes were gloomy, like a ghost.

He thought that with his strength, once Qin Chen was killed by the Secret Technique Bracer, his strength would be greatly improved, but now it seems that Qin Chen's strength is far beyond his expectations. After a fight, Qin Chen's mighty dragon was not weakened at all.

[Chapter 3900: Three Mizu](#)

"Humph!"

The two looked at each other, their eyes faint, and they knew that no one could do anything in a short time.

"With my strength, although there is still a hole card that has not been shot, this place is extremely mysterious. If it is to kill this person, I am seriously injured, I am afraid it will not be worth the loss."

Gui Chan Di Zun's eyes flashed and his mind was dull.

Boom!

At this moment, under the ruins, a power that made people palpitations from the depths of the soul suddenly lingered.

"That is....."

Qin Chen and Ghost Zen Dizun suddenly lowered their heads and looked towards the depths of the ruins below. In the next moment, the two of them coincided with each other, and their bodies simultaneously swept into the void, rushing towards the ruins below.

Both of them are strong, and they made a decision in an instant. Since they are not sure to win the other side, it is better to stop and wait until they are able to fight.

The top priority is to investigate the source of this ruined place.

Whizzing!

Qin Chen's thoughts surged, fleeing into the void, and continuously descending. As Qin Chen descended, the aura that made his heart palpitations grew stronger, Qin Chen flickered, and after a while, he had already reached the bottom of the ruins.

"Many strong people."

At the bottom of the ruins, there were many strong men standing there, all of them exuding a vast aura, towering majestically like a moat, staring below.

"What is that?" Qin Chen also looked at the depths of the ruins where many powerful men were staring.

In the next moment, Qin Chenhan's hair stood up. Deep in the ruins, there was a dark cave. In the cave, there were numerous holes and countless passages, and a breath of ancient times lingered out. .

"It's so rich and chaotic."

Qin Chen was shocked. From the dark cave, Qin Chen felt a strong aura of chaos, and there was a trace of time in this breath.

"It's the tree of chaos!"

Qin Chen woke up instantly, and the tree of chaos had definitely appeared in this dark cave just now.

"Could it be that the Tree of Chaos escaped here just now?"

The Tree of Chaos is a strange treasure from the heavens and the earth, one of the top treasures between the heavens and the earth, even Tianzun is crazy, and the supreme is not necessarily able to take it lightly. The place where the heavens and the earth grows must be extraordinary.

The place is said to be a cave, but in fact it is not an exaggeration to say that it is a small world. The inner space is layered on top of each other, giving people a feeling of thousands of layers.

At this moment, outside the dark cave, a faint light film was forming, and this light film exuded a palpable breath, constantly flickering, connecting the cave.

"This light film should be some kind of ban. It's no small matter."

Qin Chen frowned. There was no need to test. Qin Chen knew that this light film could not be broken easily. Otherwise, many powerful people here would have rushed into this cave for the first time. Now this time. At the same time, Qin Chen also saw many powerhouses at the scene. I saw that there were many experts standing densely around the cave. The vast majority of the powerhouses had a deep aura, and they were all of Earthly Sovereign level. Some masters

The breath of Qin Chen also suddenly changed color, like a vast ocean, giving Qin Chen a strong shock.

"Peak Earth Sovereign!" Qin Chen's gaze condensed. With his current cultivation base, ordinary Earth Sovereigns are not scary at all, but if you encounter the Peak Earth Sovereign, you have to be more careful. Don't say anything else, just the previous ones. Ghost Zen Earth Zun, has never been the peak Earth Zun cultivation base, so easily

It can't be won, the pinnacle of the true top family is definitely not one that can match it.

And when Qin Chen arrived, other masters present also looked over.

"Huh? Another one?"

"Venerable True Dragon Race?"

"The aura on this person should be in the realm of respect, right? Can he come here? Real dragons really have two sons."

Quite a few people saw Qin Chen's identity, and they secretly discussed that it would be impossible without two brushes to come here alone with respect to their strength. Those with weak strength would have died here long ago.

And along with Qin Chen, there will be Ghost Zen Earth Zun.

"The ghost Zen of the Yin Buddha tribe."

As soon as the Ghost Chan Di Zun fell, there was an instant low voice on the court, which was much stronger than Qin Chen.

This ghost cicada deity should also have some famous names in the universe, and there are a lot of people who know him, and they all talked aloud.

The ghost Zen Dizun looked at Qin Chen coldly, did not say much, and shook his figure before coming to the periphery of the cave, staring into the cave, his eyes faint.

"Huh? Qin Chen definitely has something to do with that Ghost Zen Earth Venerable?"

In the distance, in a dark corner, Mo Li, Chiyan Demon Lord and others who came here first saw this scene, their eyes flashed.

"This Qin Chen left before, should be to meet this ghost Zen Di Zun." Mo Li low voice transmission, took a breath of cold air. The name of the ghost Zen Earth Venerable, he had heard a little when he was in the Demon Realm, his strength was extraordinary, and he was no small in the Earth Venerable, but Qin Chen and him, even after a great battle, retreated all over his body, causing Mo Li to fight. Qin Chen's strength,

Have a deeper understanding.

But at this moment, a ray of light flashed suddenly, and a figure arrived, but it was Qin Chen and their old acquaintances, the Bones Venerable.

"Well, it's you?"

As soon as the white bones came over, his eyes fell on Qin Chen.

"The Bones Venerable, why, do you know him?"

There were some acquaintances of the bones around, and said in surprise.

"There are two Chaos Fruits on this person." The Bone Dizun's eyes flashed and said gloomily.

what?

Chaos fruit.

In an instant, everyone's eyes fell on Qin Chen, bursting out a fiery light.

Chaos Fruit, this is the top treasure, don't you want it?

Qin Chen's eyes were cold, this bones respectful of sinister heart.

Sure enough, as soon as the voice of the White Bone Divine Venerable fell, he instantly jumped out of the three venerables from the crowd, blocking Qin Chen's path.

One of the three venerables is holding a huge shield, one is holding a double sword, and the other is a long rope around the arm. The three venerables are surrounded by rings of gods, a total of eight rings of gods, and the breath of the earth is surging. .

"The three Mizus!" Seeing these three places, many people felt ashamed. ? The three deities of the Mi clan, the three earth sages in front of them are masters of the Mi clan. The Mi clan is only a small clan, but the reputation of the Mi clan is extremely loud, because these three sages are all the strength of the earth sages, although They are all ordinary earthly respects, but the key is that these three

Ming and Di Zun have always acted together and traveled through the universe.

Therefore, ordinary venerables did not dare to provoke them. A single shot was equivalent to facing three masters of earthly veterans, how could they fight.

Moreover, the three extinct patriarchs are brothers. They grew up together and practiced together since they were young. They practiced a set of joint skills since they were young. In the face of the enemy, it's good to be one person or thousands of horses. The three brothers all join hands at the same time. The three eldest brothers hold shields for defense, the second brother doubles swords for attack, the third brother Changsuo for sneak attack, and the three brothers. The coordination is seamless. Once they start their hands, few people can break through their alliance, and even some big clan's elders can easily die in the hands of their three brothers.
