

## Valkyrie 3901

### [Chapter 3901: Rival Three](#)

"Young man, hand over the Chaos Fruit on your body, thinking that you are a true dragon clan. I will wait for the three brothers to spare you not to die."

After the appearance of the three Mi clan, they stared at Qin Chen instantly and said with a cold voice.

Whoosh whoosh!

At this moment, the masters of Yin Hai Dizun, Golden Sword Dizun, Wushuang Dizun, etc., also fell one after another, seeing the scene in front of them, and their eyes suddenly condensed.

"It's him?"

Jin Jian Dizun and the others condensed, staring at Qin Chen. At this moment, the eyes of other powerful people around were condensed. After they came to this ruined place, they had already learned some information. The Golden Sword Earth Sovereign and others were the first Earth Sovereign masters who discovered this place before. There was a mess here

Chaos Fruit appears.

In this way, the real dragon guy in front of him is really likely to have two Chaos Fruits on his body, and may take the Chaos Fruits from the Golden Sword Earth Sovereign and others, which also made everyone slightly vigilant towards Qin Chen. Although the Golden Sword Earth Sovereigns are not top-level Earth Sovereign masters, they are all powerful Earth Sovereigns, but Qin Chen's breath is clearly only the realm of Human Sovereign, but they can \*\*\*\* the chaos fruit from the Golden Sword Earth Sovereign. What's in the body

secret?

Those who can come here are not idiots, so naturally they have guesses.

"Huh? There is Chaos Fruit on this kid?"

Not far away, Gui Chan Di Zun took a breath of air, how many treasures are there on this guy? It's a pity that he didn't have full confidence in taking the opponent, otherwise the two Chaos Fruits alone would be enough to make him fight the opponent desperately.

"Junior, do you obediently catch it, or you want our three brothers to do it." The eldest brother of the Mi clan stood with a shield, like an unbreakable ancient sacred mountain, said in a deep voice. The other two of the three masters of the Mi clan also quickly stepped forward and surrounded Qin Chen. They also felt the eagerness of other powerful people around them, and they naturally wanted to get the Chaos Fruit the first time, so that Qin Chen obediently hand it over

Best, if it doesn't work, then just start plundering.

The other powerhouses who had heard that Qin Chen had Chaos Fruit on his body flashed his eyes and stopped moving.

They also wanted to see what Qin Chen did. Qin Chen sneered, ah, a black spear suddenly appeared in his hand, which he obtained from the deep fish earth venerable. At this time, this black spear was a dragon under Qin Chen's blood. It's so agitated, like a magic weapon

. Qin Chen held a spear and pointed directly at the other party. Feng Qingyun said calmly: "Too much nonsense, take it." As soon as the words fell, the sound of the spear trembling sounded. At this time, this black spear was in his The dragon is infused with spirit, booming, black

The light skyrocketed, blooming a heart-palpitating breath. "Arrogant!" The second brother screamed, and the two swords instantly attacked, and the swords rushed down like a flood. An earthly respecter shot and flooded the world with a sword. What a terrible sight this is.

Easily flattened, you can split the world.

The billowing wave of swords swept towards Qin Chen, swallowing him.

"Do you dare to speak up with such swordsmanship?" Qin Chen sneered, and with a thud, the black spear burst out. At this moment, the aura on the black spear exploded like a flood dragon.

The spear ran across the sky, like a dark Taotao river traversing the sky and the earth, even the old man of the Mi tribe's Taotao sword light was far less than the terrifying dragon spear that Qin Chen released.

Roar!

Above the spear, the sound of dragon chants resounded, instantly turning into a black flood dragon, roaring and swept out.

The hob of the second child of the Mi clan was instantly overwhelmed by this dragon, and the domineering black spear smashed down, destroying it.

The sound of "clang clang clang"? Under the bombardment of such a spear, the blades of the three elders of the Mi clan shattered on the spot, and the ruins were crushed and destroyed by this terrifying dragon, scaring many people. Backed up one after another.

boom!

Moreover, in this spear, there is also the destructive mood that Qin Chen has understood. The terrifying aura of destruction soars into the sky. Combined with the power of the true dragon in Qin Chen, an unprecedented terrifying power has erupted.

Qin Chen just came here at his fingertips. At this time, the spear was overpowering, and the spear technique was so clever that he couldn't stop him as the second child of the Mi clan's three veterans.

The black dragon tore the light of the sword from the three elders of the Mi clan, and slammed. When the eldest of the Mi clan was in danger, the giant shields of the three bosses of the Mi clan instantly blocked Qin Chen's spear for him. .

Bang bang bang! Under this impact, the three elders of Mi tribe backed back again and again, with terrible blood and earth-sovereign power surging on their bodies, and their faces were heavy, and they stepped out of the void one after another. Outside the universe

Sora will be directly crushed and burst open.

"So strong!"

Everyone was surprised. They don't know Qin Chen's strength, but the strengths of the Mi Clan's three veterans can't be more clearly understood. They are by no means trivial, but who would have thought that this true dragon clan boy in front of him could repel the Mi Clan's three veterans with one move. The second child, the boss is also bombed

Back again and again.

Just this moment, made everyone awake, why this true dragon clan kid was able to \*\*\*\* the fruit of chaos from the hands of the Bones Venerable and the others. At the moment when Qin Chen waved his spear and his power was exhausted, the third of the Mi clan's three veterans acted. He kept staring at Qin Chen. The long rope in his hand instantly hit Qin Chen's vitals, as fast as lightning, silent and silent. , Like a poisonous snake hiding in the dark

In this way, Qin Chen's most fatal blow was given at the most suitable time.

This strike was too fast, faster than lightning, and this strike was about to pierce Qin Chen's head, extremely vicious.

But, who is Qin Chen afraid of than speed?

What's more, with Qin Chen's perception of space, who can sneak Qin Chen?

when! Qin Chen shook his fist and boomed. The dragon spirit in his left hand surged, and the dragon claw suddenly appeared behind his head. At the moment of the moment, he actually blocked the zip line from his head and grabbed it with the dragon claw. At the same time, Qin Chen's right hand spears around, like water soaked

It was empty, soaring in an instant, bursting into the chest of the three eldest of the Mi clan.

When someone else attacked him, he immediately took it and immediately counterattacked.

"What?" The look of the youngest of the Mi clan's three veterans changed drastically. During the crisis, he hurriedly took the zip line back, but the zip line was caught by Qin Chen's dragon claws and was actually firmly nailed to the void. In the middle, he didn't move, seeing the black spear shot by Qin Chen burst

Puncture the youngest of the three Mi clan. With a sound of "Block!", the giant shields of the three elders of the Mi clan seemed to have a life, and instantly stood in front of the third, blocking Qin Chen's spear.

### [Chapter 3902: Unstoppable](#)

The whole process is long, but in fact it was just a flash of lightning.

But at this moment.

The three elders of the Mi clan crossed with two swords, rushing down from the nine heavens.

The cross blade instantly locked Qin Chen, this blow locked Qin Chen instantly like a sky lock, and could kill Qin Chen at this instant.

"No time to play with you."

Qin Chen yelled, "Boom!" With a loud noise, Qin Chen's dragon energy surged into the sky, and the power of the real dragon surged. In an instant, a real dragon phantom roared proudly for nine days, rushing out, and making everyone The spatial force of heart palpitations suddenly diffused out.

In an instant, the world seemed to set off a turbulent wave of thousands of feet, and the billowing dragon energy immediately caused the black spear in Qin Chen's hand to spew out terrifying black light, and the billowing black light seemed to be able to engulf the world.

"Chang!"

"Roar!"

The real dragon screamed into the sky, and the black aura from the black spear rushed into the sky, turning into a black real dragon, and with one spear, the black dragon appeared, enough to swallow the big sun and stars in the sky.

This is Qin Chen's overbearing blow that combines the might of his own true dragon.

Unstoppable!

Moreover, at the same time as the power of the true dragon was released, the spatial realm within Qin Chen's body also swept across the void in an instant. With a "boom", the Mantian blade of the three elders of the Mi clan was instantly cut off. Seeing that Lao Er would be killed by the black dragon evolved by Qin Chen's spear, but the three bosses of the Mi clan magically Appeared in front of the second child, trying to block Qin

This blow of dust.

"It's over!"

Qin Chen yelled, the spear glowing to the sky, the endless true dragon aura turned the black spear into a black flood dragon, and with a boom, it instantly penetrated the boss's huge shield.

The three elders of Mi clan widened his eyes, roared, and the power of the earth sage rolled on him, trying to withstand Qin Chen's blow, but it was useless...

Qin Chen contained the true dragon's secret attack, and directly penetrated his body, piercing his body instantly, splashing blood.

"Big Brother!"

The second child of the three Mi clan was shocked and roared. But it was too late. With a "poof", the black spear went round and round in the void. After piercing the boss, it instantly penetrated the sky of the second child, nailing his body firmly to this piece. In the void, blood spurts from the entire population,

The origin within the body quickly dissipated.

Qin Chen's spear directly penetrated his origin, and the power of the earth-sovereign level dissipated madly.

"Big brother, second brother!" At this moment, the frightened youngest suddenly attacked, with a bang, the body of the Mi clan's third youngest was filled with blood and blood, which was held by Qin Chen in the zip line. It burst out with an amazing breath, whirled wildly, and burst into cries instantly.

With the shocking power, he directly followed Qin Chen's dragon claw arm and rushed into Qin Chen's body.

At the same time, the third of the three Mi clan shook his body, suddenly escaped into the void, turned into an afterimage, and in a flash, he had already come behind Qin Chen, his claws were like sharp blades, facing Qin Chen's head fiercely. Capture it.

"Humph!" Qin Chen snorted coldly, and the dragon gas inside his body spit out, and he closed his hand, and the black spear was instantly withdrawn from the body of the third child of the Mi clan, and then a spear was his backhand, under the roaring dragon Qi, Qin. At the same time, Chen's left hand dragon claw firmly restrained the zip line,

Pull back.

Wow! The zipline chain rattles frantically, and immediately stuns the figure of the third of the three Mizus who grabbed Qin Chen's head. The next moment, Qin Chen's black spear exploded and snorted. The youngest third's furious eyes penetrated him instantly.

Head, directly exploded that head.

In the blink of an eye, the three Mi clan died tragically under Qin Chen's black spear. He was soaked in blood, and on his right hand dragon's claw, the blood dripped, like a killer god, standing proudly in the void.

Hum!

From the three bodies of Mi clan, an invisible soul light rose up. This was the soul of the three Mi clan, who wanted to leave the soul without being obliterated by Qin Chen.

"Huh!" Qin Chen sneered. In his body, the billowing dragon energy was released, the power of the true dragon swept across the world, countless true dragons roared, and many venerables retreated in horror, the endless dragon energy turned into a hideous true dragon, floating in the sky, facing the Mizu three

Respectfully swallowed.

The three soul lights were instantly swallowed by Qin Chen into the mouth of the real dragon phantom. At the same time, the jade disc in Qin Chen's body was slightly shaken, the Ten Thousand Worlds Demon Tree flashed, and the three souls of the Mi Clan were lost. Swallowed instantly, supplemented as nourishment.

In an instant, all three of the Mi clan were alive and dead, including the spirit of Qin Chen, which made everyone's eyes wide open and felt it was incredible. At this time, Qin Chen quietly suspended the world, raised his hand, and Qin Chen took away the storage rings and treasures of the three Mi clan in

an instant. The true dragon's aura on his body roared continuously, and the dragon was so powerful that he rolled up high. The true dragon's air can roll down the stars in the sky

The same, in the blood sea of Cyclonus, a roaring real dragon phantom roared, rising and falling.

Qin Chen swallowed the billowing qi and blood of the three Mi clan. Since leaving the Void Tide Sea, Qin Chen has seldom swallowed the power, origin and blood of other masters, not because the book of origin cannot be swallowed, but the body of Qin Chen's human race, swallowing too many powers of other races. Is there

Injury that can turn around.

Although Qin Chen has full confidence in thoroughly refining these powers and turning them into his own power, with this skill, it is better to look for some natural treasures and cultivate better by himself, but there are no side effects. However, now Qin Chen's true dragon body is extremely powerful. The true dragon's blood is also one of the top racial blood in the universe. The power of Qin Chen's true dragon was only through the heart of the druid. Evolution, naturally dare not swallow it easily,

I'm afraid it will have a mixed negative effect on the blood of the real dragon in the body.

But now, after absorbing this golden power and comprehending the real dragon, the qi and blood of the three Mi clan will not have much influence on the blood of the real dragon in Qin Chen's body. On the contrary, it can strengthen the real dragon. The power of the body.

Roar! At this time, Qin Chen felt the billowing blood pouring into his body. With Qin Chen's physique, it was strong enough to withstand the endless blood qi of the Mi clan's three deities. Before the change, under such massive blood qi perfusion, his body must be difficult to bear. However, at this time Qin

Chen enjoyed this feeling very much. When the surging blood was poured into his body, he felt like he was submerged in a sea of blood, feeling the mystery of the earth-zun.

"Three of the Mi clan, looking for a dead end!"

As if carrying a sea of blood on his back, Qin Chen slowly walked towards the light film vortex below. He smiled calmly and said with a calm tone, but he kept his words, speaks the way, high above, like a real dragon descending into the world. ? At this time, many people's hearts sank, Qin Chen killed the three Mi clan so easily, this is too heavenly.

### [Chapter 3903: Bone Youhuang](#)

At this moment, everyone stared at Qin Chen, sucking in air-conditioning, not daring to act rashly.

The three Mi clan are not the top masters among the many strong players present, but they are definitely not weak. They were killed by Qin Chen in front of them. This kind of strong shock caused everyone to feel palpitations. cold.

Putting it to the outside world, how could such an earth-sovereign master like the Mi clan three, even in the battlefield of the ten thousand clan, be a leader-level figure, how could they fall so easily?

But in this Vientiane God Treasure, the crisis is too strong, and countless masters will fall every time, even if they are as strong as the masters of the earth, they dare not say that it is innocent, making everyone palpitations.

"Bone Earth Venerable, why, are you still obsessed with the chaotic fruit on this seat? If so, why not come and get it yourself?"

Qin Chen sneered, staring at the White Bone Venerable, and stepped out.

boom!

Suddenly, the terrible dragon spirit rushed into the sky, and there were Wanlong dragons flying on Qin Chen, and he rushed towards the boneless earthly master.

"Huh!" At this time, a cold snort sounded, boom, from behind the white bone earth prince, a monstrous spine swept out, it was a huge white bone claw, I don't know how wide this claw is. As if coming out from another world, with a bang, reaching

Block Qin Chen's attack.

Boom!

In this world, the billowing venerable aura swept across, like a tsunami, spreading in all directions.

Pedal!

Under this breath, Qin Chen snorted and backed back again and again. If it weren't for the body of a true dragon, the ordinary earthly body would definitely not be able to resist it, and cracks on the spot would be possible.

Immediately afterwards, from that void, a golden bone master appeared. This bone master, his bones were golden, like jade, glowing brightly, bursting out a terrifying breath that made the heart palpitating.

"Master Bone Youhuang!"

Seeing this person, Bone Dizun hurriedly saluted him respectfully.

"It's from the Bone Race."

"The leader is the Bone Clan's leader of the Vientiane God Zang this time, Bone Youhuang."

"Bone Youhuang is rumored to be the pinnacle of Earthly Sovereign more than 200,000 years ago. He has been seeking opportunities to break through the realm of Heavenly Sovereign, but he has also arrived unexpectedly."

Seeing this golden bone clan master, many people changed their colors and uttered in shock.

"Peak Earth Sovereign!"

Qin Chen also condensed his eyes, with endless solemn expressions in his eyes.

The strength of this Bone Youhuang gave him a strong shock, and he was definitely the top powerhouse among the earthly respecters, much more terrifying than the ghostly Zen earthly statues.

And behind the golden bone clan master, followed by a group of bone clan experts, each with extraordinary aura.

"Boy of the True Dragon Race, do you really treat my Bone Race as no one?"

Bone Youhuang's entire body exudes a breath of gold and jade. Although it is a body of golden bone and no flesh and blood, the breath of life that erupts is like a vast ocean, covering the sky.

"Haha, Bone Youhuang, you are so angry, who angered you?" At this moment, a loud laughter sounded, and another terrible breath came in the void, booming, monstrous The demon spirit is rolling, this is a huge silver wolf, the body is ten thousand feet high, stepping into the air, and then quickly becoming a

A middle-aged man with long silver hair and a crescent mark on his forehead.

"Demon Race Sky Wolf Earth Sovereign."

The crowd exclaimed, this is also a top master, the pinnacle of power.

"The Heavenly Wolf Divine Sovereign, your demons want to stop me?"

The Bone Youhuang said in a cold voice, murderous aura, and saw golden flames burning on his body, forming flame totems. "Hey, Bone Youhuang, you are wrong. Why do my monsters stop you? How can Sirius represent my monsters? However, after all, the true dragons are also among my monsters. I can't let your seniors be so deceived

Shame? "

A chuckle sounded all over the world, with a sense of temptation, a graceful woman stepped forward, exuding a sense of terror.

"Shadow Demon God!"

Many people have changed color. This is another giant of the Yaozu, a master of the pinnacle earthly respect level.

Bone Youhuang's face sank, "Shadow Demons, True Dragon Race is a member of your Monster Race? Why don't I know? Even the True Dragon Race doesn't admit this, but your Monster Race has to lick it up. Is it too cheap?"

Bone Youhuang said coldly.

Everyone nodded, this is true. The monster clan has always wanted to let the true dragon clan join the monster clan, but the true dragon clan never admits that he is a member of the monster clan. According to reason, the true dragon clan and the monster clan are still It really doesn't matter.

"Hey, the current True Dragon Clan doesn't recognize this, but as long as my Monster Clan is sincere to the True Dragon Clan, it may not be certain when the True Dragon Clan will return to my Monster Clan, isn't it, little brother?"

The Shadow Charm Earth Sovereign giggled at Qin Chen, and among the golden vertical pupils, a series of illusory phantoms flashed through, making Qin Chen's heart Ling Ran. The Earth Sovereign was not as unbearable as he thought, these peak Earth Sovereigns, what None of them are easy to follow.

Along with the appearance of the Heavenly Wolf Earth Sovereign and Shadow Magic Earth Sovereign, a terrible aura descended in the void.

"Huh? That's..."

Boom! Between the heaven and the earth, there is a billowing aura, and the ruins in the distance are like stars falling. This is a group of masters, surrounded by stars, and the power of endless stars floats and sinks on them, as if they dominate the operation of the stars, the sun and the moon Alternate

Gods.

"The Ten Thousand Meteorites of the Human Star God Palace."

The crowd exclaimed.

This is another giant, the top powerhouse in the pinnacle.

Qin Chen's eyes also condensed, Wan Yi Di Zun? Star God Palace, his eyes gradually became cold.

As for Mo Li and Chi Yan Demon Lord, hiding behind the ruins, their bodies shrank a lot, and then stared at Qin Chen fiercely.

No way, the two of them received the Star Core and other treasures given to them by Qin Chen, and they had long been seen by the Golden Sword Earth Venerable. Once they were passed to the Ten Thousand Fallen Earth Venerable, they would not be able to escape and hunt down.

With the arrival of these many powerhouses, the atmosphere on the court suddenly became serious.

The powerhouses of the ten thousand races gathered together, and no one dared to make a sound or show their heads easily. Even a master like Ghost Zen Dizun also concealed his figure and did not dare to go too far.

"It turned out to be Lord Wanyudi from Star God Palace."

Upon seeing this, the Bone Divine Venerable's eyes flashed suddenly, "There is something at the bottom, I want to tell you Lord Wan Xu Di Zun."

"En? Bone Race guy?"

Wan Yu Di Zun stared coldly at the Bone Di Zun, what does this Bone Race person want to say to himself. The Bone Divine Venerable also knew that he was not to be seen by the Ten Thousand Fallen Divine Venerables, and hurriedly said: "When I was plundering the fruits of Chaos before I went down, I saw this true dragon guy with two people from the demon race, and that demon race The person also owns the predecessor in the Star God Palace alone

Some star cores are clearly obtained by masters who killed your Star God Palace. "

As soon as these words came out, the distant Demon Li and Chiyan Demon suddenly shook their hearts and scolded.

And Qin Chen's heart was also cold. Everyone on the field stared at Qin Chen instantly.

[Chapter 3904: Blind](#)

"Star core?"

Wan Yu Di Zun's eyes fell on Qin Chen in an instant. With a boom, Qin Chen felt the countless stars spinning in front of him. These stars, like the big sun in the sky, would burst open in an instant, even knocking Qin Chen's soul away.

"What a strong breath!" Qin Chen sucked in the air. This pinnacle earthly respect was really terrifying, and it was much stronger than other earthly respects. However, Qin Chen stayed still, letting the opponent's infinite attack fall on him, his body crackled, like a giant dragon unfolding, and the terrifying dragon power suddenly surged from his body, and the real dragon was overwhelmed. Qin Chen is fixed here

Fang Tiandi, motionless. "What is the core of the stars? Venerable Ten Thousand Meteorites, you are a strong man in the Human Race Star God Palace, but you hear a Bone Race guy provoke a divorce. Does your Star God Palace represent the Human Race and be an enemy of my True Dragon Race? If my true dragon clan is just Yu

A small race in Zhou, but it's not easy to bully. Qin Chen said coldly.

He is naturally fearless. With his strength, even if it is not the opponent of Wan Yi Di Zun, it is not so easy for the opponent to kill him.

"Huh?" Wan Yudi's eyes condensed, and Qin Chen was able to block his star power, but there were two things.

"Enemy with your True Dragon Clan?" Wan Yu Dizun sneered, "You kill my Star God Palace disciple first, and you are hostile to our Star God Palace. How come I am your enemy."

Let the human race be hostile to the true dragon race, this responsibility is too great to bear.

"Did your eye see me killing your Star God Palace disciple? The top powerhouse in Star God Palace, are you blind?" Qin Chen said with disdain.

"you....."

Wan Yu Di Zun's face was cold, boom, he moved suddenly, his big hand came to Qin Chen, and suddenly, the heaven and the earth rumbling and roaring, a galaxy swept over, and he was about to wrap Qin Chen. But before the attack came to Qin Chen, the Shadow Charm Earth Venerable moved. She stood in front of Qin Chen, banging, she resisted Wan Yu Di Zun's attack, and smiled and said, "Wan Yu Di Venerable, why get angry What? The previous words were just what the Bone Race guy said

, The Bone Race is not my Human Race Alliance, who knows the true and false, but don't fall into the trap of others. "Bone Divine Venerable suddenly sneered: "Wan Yu Di Venerable, don't dare to make up these words, besides me, Yin Hai Di Venerable, Wushuang Di Venerable, and even the Golden Sword Di Vener of your human race have also seen it, yes. , Those two masters of the demons are not only from your Star God Palace

At the core of the stars, there is also the Great Ancient Divine Mountain Array of the Human Race Dayu Divine Mountain. How dare you say anything? "

"Which Demon Clan guy has my Daewoo Sacred Mountain Great Ancient Mountain Formation?"

boom!

As soon as the voice of the Bone Divine Lord fell, a rage resounded through the world, and in the void, a burly strong man like a rock wall descended, wrapped around his body, like a mountain directly descending, giving people a sense of depression.

"Dayu Sacred Mountain-Jiuyue Dizun!"

The crowd exclaimed, another top powerhouse in the human race.

As soon as he arrived, the Shadow Charm Earth Sovereign also changed a little,? If Wanxue Earth Sovereign and Jiuyue Earth Sovereign joined forces, she would also be difficult to resist, not to mention that there were powerful people such as Bone Youhuang on the opposite side.

As soon as the Jiuyue Earth Sovereign arrived, he understood the ins and outs of the matter, and immediately looked at the Golden Sword Earth Sovereign.

Golden Sword Dizun hurriedly said respectfully: "The two seniors, the demon masters around this person before, do have the Star Core and the Primordial Mountain."

Hearing this, Jiuyue Dizun's eyes suddenly looked at Qin Chen coldly. "What do you look at? Are you as blind as Wan Yu Di Zun?" Qin Chen sneered: "You have heard that, the Golden Sword Di Zun and the White Bone Di Zun have both said that it belongs to the people of the Demon Race around me. The two demon people I know in this Vientiane God Store, quasi

Prepared to draw me into the Demon Race, but my true dragon race has always been neutral, and this seat naturally did not agree. In order to draw me in, these two people informed me of the Chaos Tree and I agreed to walk with them. "

"You are looking for, and you should look for those two demon guys. What is it to find me?"

Qin Chen sneered.

Everyone was shocked, everyone was stunned, and Qin Chen... was too daring to speak to Jiuyue Dizun and Wanyu Dizun like this. However, everyone has also heard that the people who displayed the Star Core and the Primordial Mountain before are indeed members of the Demon Race. Although they are walking with Qin Chen, in the Vientiane Gods, the Bone Race can fight with the Human Race, the True Dragon Race and the Demon Race. Together, it can replace

What is the table?

"Star God Palace and Dayu Shenshan, two hypocritical human race forces, are eyeing the chaotic fruit on this seat, and they want to be enemies of my true dragon race, and what excuses are they looking for." Qin Chen continued.

Make other people's eyes jump wildly.

The Shadow Charm Earth Sovereign and the Heavenly Wolf Earth Sovereign looked at Qin Chen speechlessly, this real dragon clan is too sturdy, right? I curse directly here, saying that the two peaks respect hypocrisy, this...is really courageous.

Jiuyue Dizun and Wanyu Dizun were furious and lingered with murderous intent. No one had ever dared to speak to them like this in front of them. However, this is not over yet, Qin Chen continued: "Two hypocritical guys, are there few alliance masters killed by your two major forces? Well, I have seen your experts in the Star God Palace and Dayu Shenshan sneak attack on the human race. And the masters in the Yaozu's own alliance

, Use black market tokens to obtain merit points and sell them. "

Qin Chen threw a heavy bomb: "Compared to you, the two demons who wooed me are Yi Bo Yuntian."  
boom!

A word shook the thousand layers of waves.

Everyone looked at the Jiuyue Dizun and Wanyu Dizun. Although it was a hidden rule to use the black market token to hunt down the alliance's masters, Qin Chen said it still caused discoloration of other races.

Star God Palace and Dayu Shenshan are both the top human race forces, controlling a lot of the right to speak in the human race alliance, and what they do is much worse than ordinary small races.

"Nonsense, you are looking for death!"

Venerable Wanyu Earth could no longer hold back, the terrifying light of the stars all over his body burst out, and he would attack Qin Chen.

"Hahaha, well said, Human Race has always been so hypocritical."

Boom!

And at this moment, in the sky, a torrent of monstrous demon aura also came, and several masters of demon clan exuding terrifying aura directly descended on this world.

"Devil!"

Everyone raised their heads with palpitations, and looked over.

Several demon masters with terrifying aura surging on their bodies directly descended.

Behind them is the mighty Mozu powerhouse.

This caused a lot of people's hearts to sink, and their entire bodies were erected.

"Bone Youhuang, are your Bone Race ready to make an alliance with Human Race?"

The leading Demon Race expert, with a deep devilish qi surging from his body, said coldly towards the Bone You Emperor.

"This..." Gu Youhuang suddenly stiffened, unable to speak.

### [Chapter 3905: Shadow Walker](#)

The Bone Race, like the Zerg forces, obey the orders of the Demon Race and belong to the Demon Race Alliance. Although in this Vientiane God Treasure, the races are not as opposed to each other as on the

battlefield of the Ten Thousand Races, but now the Demon Race powerhouse speaks, Also instantly let Guyou

The emperor shivered.

If the Demon Race has other thoughts about his Bone Race, then he can become a Bone Race sinner.

"Earth Soul, this..."

Gu Youhuang hurriedly explained.

"Hmph, no need to say more." Yuanhun Dizun was so majestic, he looked at Wan Xu Dizun and the others coldly, and then said to Qin Chen: "Little brother, although you are from the True Dragon Clan, you will see if you look back. When it's troublesome, you can find someone from my Demon Race, I promise, your true dragon is in my Demon Race

In, you will definitely get courtesy. "

Suddenly, the faces of other races on the field changed slightly, and the faces of several other top players of the human race were also difficult to look. If the demons were really attracted to the real dragon race, it would definitely be a huge loss to the human race alliance. "Chuck, Yuanhun Dizun, you're too much, you're all drawn to my monster race." Yingmei Dizun said with a light smile, and then said to Qin Chen: "Little brother, come, turn around You follow me, sister, I promise to protect your safety.

"

Ying Mei Di Zun stretched graceful posture, had to say, extremely hot.

"No, my true dragons don't need the blessing of any race!"

Qin Chen said lightly.

"I have a temper, sister likes it."

Not only did Yingmei Dizun not care, but he admired Qin Chen even more.

Not far away, Mo Li and Chi Yan Demon Lord were hidden there, speechless.

This Qin Chen is really a good method. It was originally dangerous. How could he be drawn to him by all the races in the blink of an eye?

However, the two of them were also secretly grateful to Qin Chen, knowing that Qin Chen had not betrayed them, otherwise they could hide from others based on Qin Chen's perception of their aura, but they could never hide it from Qin Chen.

At this time, the two of them had completely forgotten. The two of them were stared at by the people of Star God Palace and Dayu Shenshan because Qin Chen had given them the core of the stars and the ancient sacred mountain.

Rumble!

And at this moment, the rolling void below the crowd suddenly conveyed an astonishing aura, and then, the light film in the void suddenly opened.

An aura of chaos burst out from the ruins.

"The secret world is open."

"go!"

Suddenly, the many top powers who were originally full of gunpowder and staring at them all swept toward the light film one by one, obviously wanting to seize the opportunity and enter it first.

Qin Chen's body was also attracted by a strong breath of the real dragon.

"Little brother, go, follow me, sister to keep you safe." Yingmei Dizun said with a light smile, full of charm.

Naturally, Qin Chen would not pay attention to this person, swish, and immediately entered this secret realm in a flash.

"what is that....."

Then, everyone was astonished. After passing through this light film, everyone seemed to have arrived in a ruined starry sky. In this world, there were many disabled stars floating, all kinds of stars bloomed, and the sun was shining.

Moreover, Qin Chen also saw the endless void. There were many cave houses hidden in the nebula. What attracted Qin Chen was a huge nest, suspended in the gloomy starry sky, located in the endless starry sky. The end.

Here, Qin Chen felt that the power of the venerable in his body was strongly suppressed.

Whoosh whoosh!

Suddenly, all kinds of streamers flickered. Although I don't know where it is, the many powerful people who came here felt a strong breath from those things like caves and nests suspended in the starry sky.

There are definitely treasures in it.

Yuanhun Dizun, Wanyu Dizun and others have chosen targets and flew towards those places, wanting to spy on the treasures in them for the first time.

"go!"

Qin Chen also flew towards the place that attracted him, like a dragon's nest, his heart was beating, is that the dragon's nest of an ancient true dragon?

Although Qin Chen had never seen the dragon nest of an ancient true dragon, but for some reason, he had such a feeling inexplicably in his heart.

Qin Chen seemed to be drawn inexplicably, attracted to the dragon nest.

The only thing that puzzled Qin Chen was that there were also some strong men present, who seemed to be the same as him, with a faint light blooming in the pupils, as if attracted by inexplicable power, they flew to other places.

Are those strong people also attracted by special powers?

Qin Chen was puzzled in his heart and was thinking.

"puff--"

Suddenly the blood light flashed, and a cold light suddenly appeared from the void of Qin Chen's body, piercing his chest straight. Qin Chen was attracted by the dragon's nest, and his spirit was completely immersed in it. At this moment, someone attacked Qin Chen like a ghost, trying to kill Qin Chen with one blow. Qin Chen's reaction was fast enough, but the knife still swept his chest, actually cutting him

The dragon scales on his body were cut open, dripping with blood.

At this moment, the other party also blasted a treasure seal, trying to break Qin Chen's head, Qin Chen pressed a letter with both hands, and with a "bang", his whole body was shaken out, and he slammed into an abandoned star. .

The person who attacked was too fast. At this moment, it was a fatal blow to Qin Chen with two strokes. The other party was afraid that he had been lurking for a long time, and was waiting for the best time to give Qin Chen a fatal blow.

"The Dark Walking Earth Sovereign--" Seeing the figure whose shadow disappeared in a flash under a single blow, someone felt the battle here, his face changed greatly, and he cried out. ? Darkwalking Earth Venerable, this is an extremely terrifying figure of the Dark Night Race. He is very good at assassinating. Although he is not a killer, many people on the battlefield of Ten Thousand Races are extremely jealous of him, because the Shadowwalking Earth Venerable has a talented supernatural power that can hide. Void, murder

In the invisible, among the strong at the same level, it is extremely difficult to escape his assassination.

"Huh? This kid is not dead?"

Seeing that he couldn't kill Qin Chen with a single blow, the eyes of the Dark Xing Di Zun revealed a hint of surprise.

He also knew before that Qin Chen possessed two Chaos Fruits, and his purpose was to kill Qin Chen, \*\*\*\* the two fruits, and then explore this special place, but he did not expect that Qin Chen was only injured in one blow. .

The defense of the true dragons is indeed terrible.

"boom!"

Qin Chen rushed out of the abandoned stars, the cut skin on his body healed quickly, and sneered at the secretive respect: "Come again."

"Kill--" At this moment, a roar rang out, "boom, boom, boom" and the void roared like a huge beast. A huge stone man behind Qin Chen rushed towards him like Like a mad cow, with his huge body

Hit Qin Chen straight.

Is a master of the giant rock clan. "Get out of here--" Qin Chen yelled coldly, and hit his chest with a big fist. With a "boom", Qin Chen's punch could break a mountain, but when hitting this person's chest, just like hitting an iron mountain, this huge stone man was completely fine.

#### [Chapter 3906: Dacheng Vajra Eucharist](#)

With a "bang", Qin Chen was stunned by the giant rock clan master in front of him. "Hahaha, the strength of the true dragon clan is nothing more than that. Compared with my giant rock clan, it is really not worth mentioning. Hand over the chaos fruit and spare you not to die." The giant rock clan master rushed to Qin again like a barbarian bull. Dust, crazy

.

"The Vajra of the Giant Rock Clan." At this time, when someone saw the scene here, they all said in surprise. This is another master with the same fame as the Dark Xing Di Zun. He has extraordinary strength. Although the Giant Rock Clan is not ranked as the top in the universe, the strength of this King Kong Di Zun is extraordinary. The reason why it is called King Kong is because of his cultivation. The top

The exercise method is the Holy Physique of the Great King Kong. This exercise method is the top exercise method circulating among the giant rock tribe, and it is called one of the top 108 exercise methods in the modern universe.

There are thousands of races in the universe, with many races, which last for countless billions of years.

Although this Dacheng Vajra Communion ranks the bottom of the 108 top-level exercises in the universe, it is already extremely powerful and extraordinary.

boom!

At this moment, the Vajra Dizun burst out with breath, and on the body formed by the rock, the color of Vajra bloomed vaguely, it really seemed to be a giant of Vajra, with unparalleled might.

"The first perfect form of the Dacheng King Kong Eucharist, the \*\*\*\* armor protects the body!"

Seeing the King Kong Dizun evolving into the color of King Kong, the powerhouse who swept to other places couldn't help but feel moved.

The Dacheng Vajra Eucharist is extremely difficult to cultivate. The first level alone is extremely difficult, and there are very few who can cultivate to perfect form, and this Vajra Deity is one of them, and it has the title of this place.

It's just that everyone didn't expect that this King Kong Earth Venerable would act on Qin Chen as soon as he came up, and it was directly a killer move, apparently trying to capture Qin Chen in a short time and take away the Chaos Fruit.

But also, no one knows what treasures are in this ruined starry sky secret realm. In comparison, as long as two Chaos Fruits are obtained, it is enough to be called a big harvest.

A bird in hand and a thousand birds in the forest, which one to choose, maybe everyone has a different understanding.

However, both the Dark Walking Earth Zun and the Diamond Earth Zun have made their own choices.

When the Vajra is killed, a Vajra is already against the sky, and how strong is a Dacheng Vajra who has cultivated to the Xiaocheng realm?

Boom boom boom...

At this moment, King Kong Dizun rushed madly, trembling in the void, and he dashed and rushed towards Qin Chen with the most ferocious posture. To him, his impenetrable body was the most powerful weapon.

"Strength? Get me down!" Qin Chen yelled angrily when he knew the situation of his opponent, and the dragon claws condensed and turned into endless fist power, and blasted at the King Kong Divine Master again.

At this time, the energy of dragon blood was violent, and the vitality of the venerable exploded, and the powerful dragon power condensed in Qin Chen's body, bringing Qin Chen's rushing blood like a stormy sea, causing Qin Chen's power to soar wildly.

Hum!

Qin Chen stretched out and turned into a real dragon born, shocking nine heavens and ten earth. He directly evolved the form of a real dragon he had felt, and collided with the King Kong Divine Master in an invincible posture.

boom! The heavens roared loudly, the Vajra Master was struck by Qin Chen's paw, and his body suddenly flashed with the color of Vajra, and the brightness was uncertain. The powerful shock wave instantly bombarded the two of them, and both of them remained motionless in this universe, Qin. Dragon Qi in the dust

It constantly rushed into the body of King Kong Dizun like a vast ocean.

With a puff, King Kong's body shook and spit out a mouthful of blood.

"What?" He was shocked. However, the Vajra Vajra is like Xiaoqiang who can't kill him. Although Qin Chen vomits blood under such a powerful and domineering power, he is still unable to bombard him. Unparalleled powerful

defense.

"This Dacheng King Kong Eucharist is really powerful!"

Qin Chen's discoloration, one of the top body-refining techniques in the universe, was really extraordinary. This attack, the ordinary earthly deity might have been bombarded directly, but this diamond earthly deity was just injured.

"Ha, ha, ha, you can't kill this seat." Qin Chen spit out blood with a punch, and the King Kong Dizun laughed wildly. His Dacheng King Kong Eucharist can withstand the attack of the Earth Zun treasure. How hard is his body.

"is it?"

Qin Chen laughed, the starry sky was shining, the power of the six reincarnation swords in his body quietly circulated, and on his right hand, the Void Mirage Bracer also appeared secretly. Suddenly, the endless sword energy in Qin Chen condensed towards the diamond land Zun came madly.

Puff puff puff!

At this moment, Qin Chen was like a big day in the heavens, and the dragon-shaped sword gas turned into a river and rolled out. With the blessing of the virtual mirage bracers, the true dragon gas instantly soared and shot crazily on the chest of the Vajra Vajra .

"Kacha..." The sound of broken bones sounded, King Kong Dizun screamed, and blood spurted wildly. Under Qin Chen's blow, his body couldn't hold it, but he still didn't kill him.

"You...you...can't kill me, what I cultivate is the Dacheng Vajra Eucharist!" Vajra Vajra roared, but at this moment, his words were not so confident anymore. At this moment, many people were horrified. The Vajra Earthzun is an Earthzun who has practiced top-level physical exercises. His body can stop the Earthzun from being picked up, but now he is hit by this real dragon kid. Broken bones, how is this

Something terrible?

"Then see if I can kill you."

Qin Chen sneered, his body surged with sword aura, combined with the true dragon's aura, the whole person was like a sword aura dragon, crushing towards the king of the king.

"call out!"

And just at this moment, suddenly, a dark shadow in the void flashed, and then a terrible cold light burst out, directly rolling towards Qin Chen's head.

It's a secret traveler!

He had been staring at Qin Chen secretly, looking for a chance to strike. This time, he directly targeted Qin Chen's head and launched an attack, hoping to kill Qin Chen here.

"I've been waiting for you for a long time."

Qin Chen suddenly sneered, and rushed towards the King Kong Dizun's figure and turned around instantly, with sharp claws placed in front of him, under his claws, and the void seemed to be frozen. With a loud sound, the cold light was placed on Li. Above the claws.

"what?"

Secretly Xing Di Zun was shocked, the pitch-black sharp blade in his hand exuded a cold air, even when it was shot, it would not emit the slightest fluctuation, it was a top-level assassination holy weapon.

Rumor has it that this kind of dagger is made from the tail bones of the ancestors of the Dark Night tribe. It can blend with the breath of the void. It is passed down from generation to generation. These weapons are used for assassination. The most terrifying Extremely. But now, this dagger was stuck tightly in the void by Qin Chen, unable to move.

### [Chapter 3907: Chaotic shadow](#)

The daggers of the dark night tribe are all inherited from the dark night tribe, how can the dark-walking earth-sovereign abandon it?

boom!

The power of the dark night surging all over him, and the power of the dark night circulates, trying to take the dagger back from Qin Chen's hand.

"The power of the dark night is indeed special." Qin Chen's heart moved. The power of the dark night clan is indeed much more special than the normal power. It has a hidden power that can condense the escaping energy into itself and hide its breath. .

It's a pity that Qin Chen has such a strong understanding of space for others, even if the Dark Night Race can hide his breath, how can he hide his fluctuations in space?

In addition, the Dark Xing Dizun also made a decision he regretted for a lifetime, that is, he was unwilling to abandon the weapons handed down by their clan.

Roar! Qin Chen's sharp claws held the opponent's dagger, and the whole person turned into a real dragon. Vaguely, a huge real dragon appeared in the sky, roaring, and the real dragon's tail, under the horrible sword light, turned into A great sword that reaches the sky,

Toward the secret line to respect suddenly withdrawn.

Shit!

In the void, the dragon's energy boiled, with a suffocating aura, and instantly came to the dark-walking earthly respect, the speed was so fast that it even made it too late to react.

"What?" The Dark Walker Earth Venerable was shocked. The whole process was long, but it was only a moment before Qin Chen turned around and clamped the Dark Walker Earth Lord's dagger, then turned into a real dragon, and the dragon tail phantom evolves into a sword shadow to the sky. Kill, the whole process was done in one go,

There is a kind of ingenious beauty.

But falling in the eyes of the Dark Xing Dizun, it was endless fear.

boom!

He hurriedly backed away, ignoring the dagger held by Qin Chen, trying to avoid Qin Chen's ultimate move.

But it was already too late. This dagger was the bait used by Qin Chen to catch the Darkwalking Earth Venerable. When the Darkwalking Earth Venerable didn't abandon the dagger for the first time, it was

already doomed to his end. Imprisoned in the void, puff, the giant tail of the true dragon that Qin Chen has evolved instantly blasted on the Dark Walker's body, the sword aura exploded, and the Dark Walker's groundmaster screamed, and the whole person was shocked out instantly, and an astonishing line appeared on his waist Gap, blood dripping, almost blocked

Waist split.

He has a light body and a restrained aura, and his assassination methods are terrible, but he does not have the defense of the Vajra, how can he resist Qin Chen's ultimate move?

Secretly Xing Di Zun was frightened in his heart, and if he could not heal his injuries, he would escape into the void.

But how could Qin Chen give him a chance to use the space domain, Qin Chen confines this space, and the earth venerable stealthily feels his figure suffocated, the next moment -

"Ah!" An extremely screaming scream sounded, and a pair of dragon claws appeared on the chest of the shadow traveler, but the shadow traveler was too late to escape and was torn in half by the double dragon claws.

"If you want to kill me, you have to have the consciousness of death."

Qin Chen's dragon's arm shook, and the secret origin and the laws of the Great Dao were swallowed by Qin Chen's income from the universe jade disc, and then threw the torn corpse in half, sneered.

I don't know whether it was the Dark Traveling Earth Venerable ambushing Qin Chen or Qin Chen ambushing the Dark Traveling Earth Venerable, but it doesn't matter at this time, the Dark Walking Earth Venerable only has the corpse torn in half. In fact, it is not easy for Qin Chen to kill him with the strength of the Dark Walking Earth Venerable. It is a pity that the other party was too confident and assassinated Qin Chen twice, but Qin Chen seized the opportunity and took advantage of the other party's reluctance. Abandon the idea of dagger, give the other party cloth

There was a trap.

If the opponent has the defense of the Vajra, there may be a possibility of escape, but it is a pity that he made this mistake, and only death greets him. However, it is not just the secretly walking earth-sovereigns, the vast majority of earth-sovereigns in this world will not abandon their weapons for the first time. How many people have such courage? In times of crisis, you can survive without hesitation

What?

"hiss!"

In the distance, the many powerful men who saw this scene all sucked in air-conditioning, one by one in shock.

Secretly walking the earth-sovereign, the famous earth-sovereign master on the battlefield of ten thousand races, just died like this?

Even the Vajra Earthzun shuddered in fright, and he couldn't care about anything else. With a bang, he turned and left directly, never daring to entangle Qin Chen anymore.

This guy is too cruel.

"Hmph." Qin Chen looked at the direction where the Vajra Divine Master flew away, and did not pursue it. Instead, he shook his figure and flew directly towards the dragon nest.

At this moment, there are many strong people like Qin Chen, choosing the location of the dragon's nest, and after the delays of the dark-walking earthly master and the vajra earthly master, those powerful ones entered the dragon's nest earlier than Qin Chen.

Qin Chen changed color, shook his figure, and hurried into the dragon's nest.

Hum!

As soon as he entered the dragon's nest, a billowing chaotic aura lingered around. This aura was too rich, even more rich than the Vientiane God Store.

"There must be chaotic treasures here."

Qin Chen's thoughts flashed, and his gaze was staring around the Chaos Dragon Nest. The dragon's nest is extremely vast, with thousands of twists and turns, like a small secret cave world, leading to countless spatial points, no one knows the specific space. What's the point.

And the powerhouses who entered before have obviously entered various spatial points, not knowing where they went.

"That direction!"

Qin Chen sensed the direction of the attraction through the breath of the true dragon, and quickly found a direction to enter. However, as soon as Qin Chen rushed into the dragon's nest, suddenly, a scream came from the dragon's nest, and then Qin Chen saw that a venerable who rushed into the dragon's nest was covered with The invisible black phantom is entangled, painful

He roared, and his body was rapidly declining, and the Venerable Origin and vitality in his body continued to melt away.

"help me!"

This is a pinnacle human figure. He rushed to the forefront before thinking that he had a chance to obtain treasures. But now, the blood in his body is constantly flowing away, turning into a corpse, never dying for a while, terrifying and hairy.

"What is that?" Qin Chen was frightened and sucked in air-conditioning. At this moment, swish, from the space around the dragon's nest, black phantoms suddenly rushed towards Qin Chen, whistling, These black phantoms are chaotic, full of endless chaos,

Qin Chen will be wrapped in it in an instant.

"roll!"

Qin Chen shouted angrily, the true dragon aura in his body was surging, turning into a series of true dragon sword aura, slashing towards those phantoms madly.

Puff puff puff, these black phantoms were quickly cut off under Qin Chen's slaying, but the next moment, these phantoms condense again, and even the different phantoms can condense and move towards Qin Chen again. Pounced.

"The power of the real dragon!" Qin Chen shouted angrily, urging the power of the real dragon, the billowing real dragon breath enveloped these black phantoms, trying to obliterate these black phantoms.

### [Chapter 3908: Shenlongmu](#)

However, these black phantoms contained terrifying power of chaos, with a chaotic and tyrannical aura. No matter how Qin Chen used the true dragon's aura to obliterate, these chaotic and tyrannical black phantoms were still not wiped out, and they rushed towards Qin Chen frantically. Come.

This made Qin Chen hairy and cold.

What the \*\*\*\* is this?

What made Qin Chen even more shocked was that Qin Chen found that the true dragon aura he displayed, not only was unable to obliterate these black phantoms, but seemed to make up for them, making these black phantoms even more fierce.

"Void Karma Fire!" Qin Chen yelled coldly. Suddenly, a billowing flame burned on Qin Chen's body. This time, the black chaotic phantom finally twisted continuously under the refining of void Karma fire, making a screaming sound. , In which the darkness of nothingness is constantly being

In the end, only a pure chaotic power remained, floating in the air.

However, Qin Chen dared not refine this chaotic power rashly, and could only let this chaotic power dissipate in the air quietly.

What the \*\*\*\* is this? Qin Chen is dark, this black shadow is something he has never seen before. If the magic shadow in the sword mound is the magic shadow containing the power of darkness, then the black in the mysterious realm of the \*\*\*\* hidden The phantom is a kind of violence with chaos

The inexplicable power of breath is composed of chaotic breath.

Could it be that this place has also been invaded by the people of the Dark Abyss?

Qin Chen thought. The reason why the sword mound of the Southern Heavenly Tongtian Sword Pavilion has a combination of dark power and demon energy is because it used to be a battleground between the Demon Race and the Tongtian Sword Pavilion, and countless masters of the Demon Race and the Dark Race have fallen there. After countless years

A special place was formed after the change, but why are there these similar magical shadows, but there are completely different black shadows?

Qin Chen glanced at the old earth-sovereign before him. This person was shriveled, his life aura had long since dissipated and turned into a corpse. In the end, his entire body slowly weathered, as well as his flesh and weapons.

"It seems you need to be more careful."

Qin Chen was concentrating, this place was so strange that Qin Chen had to be vigilant.

Whoosh!

Qin Chen flew towards the inside, the dragon's nest was very large, and the space was surrounded by layers, making it difficult to distinguish the direction.

Passing through the layers of space, Qin Chen saw a vast scene in an instant.

"That is....."

Looking around, one could see the huge trees crossed together, giving Qin Chen a strong shock.

"Is this the legendary dragon tree?"

Qin Chen was shocked. It was rumored that the Shenlong Wood was the place where the true dragons inhabit. Just like the fire phoenix only willing to inhabit the sycamore, so does the true dragon. They like to build the Shenlong wood into their own nest and dwell in it.

Some people say that this is because the Shenlong Wood contains a special aura that can contain the aura of a true dragon, but no one knows whether this is true or not except for the true dragon clan.

No matter what, Shenlong wood is the top material in the universe, because it takes hundreds of millions of years for a piece of Shenlong wood to grow and complete, and it needs to absorb countless breaths and treasures between heaven and earth.

In particular, the real top Shenlong wood is best grown by absorbing the Qi of Chaos, but after countless epochs, there are fewer and fewer places in the universe that contain the Qi of Chaos, which leads to the Shenlong Wood in the universe. Also less and less. Rumor has it that, apart from the ancestral land of the True Dragon clan, there is also the Shenlong Wood. There is no Shenlong Wood growing in many places in the universe. Even if some are found on the battlefield of the Ten Thousand Clan, they only grew and stayed here in ancient times. Some ancient

Left by the strong.

A master of the True Dragon tribe once said to the Ten Thousand Clan that if any race can find the Shenlong Wood, it can exchange it with his True Dragon tribe. As long as the treasures of the True Dragon tribe can be exchanged, this shows the rarity of this Divine Dragon Wood. But now, Qin Chen couldn't help being shocked. Looking around, there were thick trees everywhere in this dragon's nest. That kind of breath made the true dragon's energy in his body extremely active, like a burning match entered. To a full of oxygen

In the world, a fiery atmosphere burst out in an instant.

It even gave Qin Chen a feeling that as long as he stays in this dragon nest, he does not need to practice, and the true dragon energy in his body can continue to grow, even higher than the cultivation in the battlefield of ten thousand races. Faster.

"Shenlong wood, so many Shenlong wood."

Qin Chen was shocked, opened his mouth wide, dumbfounded, and could hardly believe his eyes.

Looking around, countless huge dragon trees are intertwined, like a horned dragon. It is impossible to see where the roots and heads are, and the eyes are filled. In the outside world, the True Dragon tribe once said that even a one-meter-long Shenlong Wood can be exchanged for the True Dragon Clan as a treasure, and the Shenlong Wood in this dragon nest is densely packed, more than one meter? I'm afraid that there are more than thousands of kilometers, so densely packed

Intertwined, extremely complicated.

"It's Shenlongmu."

"It really seems to be Shenlongmu."

"Haha, aren't we getting rich?"

Qin Chen could see that these woods were the legendary Shenlong Wood based on the true dragon aura, but there were other venerables who came here, and Shenlong Wood, as the top material in the universe, was naturally known by some people.

Suddenly, a fiery light burst out of the eyes of a venerable person, and the whole person instantly turned into a stream of light, and instantly flew towards the dragon wood.

Boom!

Without saying a word, one of the Venerables went directly to the Shenlong Wood to grab and shoot. Suddenly, the billowing Venerable's power was like a vast ocean, wrapping the Shenlong Wood and trying to take the Shenlong Wood into his storage ring. Ring. How terrible is the power of a venerable person? Even if it is a star, it can be picked up like a candy and played in the palm of your hand. Although the dragon's nest in front of you is very large with crossed branches, it certainly cannot withstand the taking of a venerable one.

.

However, when this Venerable's terrifying aura enveloped this piece of Shenlong wood, when he tried to ingest them into the storage ring, the piece of Shenlong wood did not move at all.

It seems that these Shenlong woods are rooted in this void, no matter how he takes them, they can't move.

"impossible?"

The Venerable looked surprised: "This Shenlongmu cannot be captured at all."

He frowned slightly, thinking that he was too domineering, so he took all the Shenlong wood directly, which led to failure. Therefore, he once again grabbed and photographed the Shenlong wood in front of him.

Rumble! Suddenly, the terrifying power of the Venerable is permeated, directly covering the section of the huge Shenlong Wood in front of him, which is only about ten meters in size. For the Venerable, it is as simple as blowing a particle of dust.

## [Chapter 3909: Black fly](#)

However, no matter how hard he tried, the Shenlong wood remained motionless, as if it had taken root.

"how is this possible?"

The venerable was furious, and with his strength, he couldn't even pick up a dragon wood. At this moment, the other venerables couldn't be completely convinced by this person's words. They shot one after another, but no matter how these venerables took action, the dragon wood stayed still, even if they tried to eat milk. Can't hold it

Afraid of one.

"How can this dragon's nest be taken away so easily."

Whoosh!

At this moment, Qin Chen rushed into this area, he had already sensed the special nature of Shenlongmu, but he didn't rush into it.

There is such a place in the ruins and secret space of the Mysterious Secret Realm Vientiane God Hidden in this ten thousand race battlefield, there is also a dragon nest in it, if it can be easily moved away, it will surprise Qin Chen.

A dragon's nest is here, and it is still such a huge dragon's nest, which means that in an unknown era, there was once a top powerhouse of the true dragon family entrenched here. That's all right. After Qin Chen incarnates the True Dragon Clan, he has also learned some information about the True Dragon Clan. In today's universe, Shenlong Wood is scarce. Even the top powerhouse of the True Dragon Clan's dragon nest is only a few hundred meters away. , A thousand-meter dragon

It's just wood, but where is this dragon's nest? The illusion of the vast Shenlong wood-packed roots, lost in this void, is extremely large, and I am afraid that the patriarch of the true dragon clan today is not qualified to live, and even surpasses the ancestral dragon nest of the true dragon clan.

How can such treasures be easily captured?

"It's the guy named Long Chen from the True Dragon Race."

"He's here too?" When Qin Chen entered this void, many of the venerables who entered first felt Qin Chen's existence, and their hearts were stunned. Today, Qin Chen is also considered a fierce name, even the bones of Youhuang. , Wan Yu Di Zun, such a strong person, dare to swear directly

, Definitely not easy to mess with.

What's more, many people have also seen the scene of Qin Chen tearing up the dark traveler after entering the world, knowing that he is a murderous guy, and all of them are secretly awe-inspiring.

At least, the vast majority of people present boasted that facing a strong man like Dark Walk Dizun, even if they could escape his assassination, they would never be able to kill the opponent.

Among the many powerful people who entered this mysterious land this time, it can be said that those who are truly sure to kill the Dark-Walking Earth-Zun are also the peak Earth-Zuns of a few top powers, such as the Ten Thousand Fallen Earth-Sovereign and the Deep Soul Earth-Zun. , Are not sure.

This also caused many venerables present to stay away from Qin Chen.

"This Long Chen is a true dragon clan, and he must have a unique method for Shenlongmu. I wonder if he can pick up this Shenlongmu?"

As soon as Qin Chen arrived, many people's eyes fell on Qin Chen instantly, staring at him to see how he would behave.

Qin Chen's thoughts moved and he came to one of the Shenlong Woods and touched the huge Shenlong Wood with his palm. Suddenly, a special force activated the true dragon Qi in Qin Chen, causing the true dragon Qi in Qin Chen to reappear. Jumped with excitement. However, this time getting closer, Qin Chen vaguely felt that although this Shenlong Wood exudes a special power that can warm and nourish the aura of a real dragon, the life aura of this Shenlong Wood itself is like an old man. , Weeping old , Like a residual candle, which must be extinguished at any time.

This surprised Qin Chen. It should be known that the lifespan of the Shenlong wood is extremely long. A tree can grow for hundreds of millions of years. Even if it is cut down to build a dragon's nest after it grows, it can maintain its vigorous vitality and immortality for hundreds of millions of years.

Shenlong Mu is a sacred tree. Although it has been cut down, it can absorb the power of heaven and earth from the void and nourish itself. I have never heard of a Shenlong tree in this state.

How long has this Shenlong wood been kept here?

Qin Chen was shocked.

There was a movement in his heart, and immediately afterwards, he also began to display the aura of the true dragon, trying to take this Shenlong wood photo into the jade disc of good fortune in the universe.

Hum! The aura of the true dragon envelops the Shenlongmu, instantly making everyone look at it with bated breath. If Qin Chen really can take this dragon nest away, let alone the whole dragon nest, even if it's just a piece of Shenlongmu. Is a huge gain, enough to make people

Jealous.

For a while, everyone's breathing was stagnant.

However, the dragon's energy flashed, and the dragon's nest remained motionless, even the piece of dragon wood in front of Qin Chen did not move.

"Can't even the True Dragon Clan pick up this Shenlong Wood?"

The other venerables around saw that they didn't know what it felt like, and they felt lost and fortunate.

"Huh, I don't believe it anymore."

A venerable gaze flashed, and a divine rainbow burst out in his eyes, Qiang, a black battle sword suddenly appeared in his hand, and a hideous beast head was engraved on the handle of the battle knife, exuding a monstrous aura.

boom!

He waved his saber, and he slashed down at the Shenlong wood in front of him.

Seeing such a treasure is right in front of him, but he can't take it away at all, so he can't help it.

This scene instantly changed the colors of everyone around him.

This guy actually wanted to split the Shenlong Wood and then take it away. After the change of color, the eyes of the other venerables flashed. Not to mention, this is really a good idea. Since you can't take away the whole dragon's nest, or even the whole dragon's nest, if you can split the Shenlong wood, Take it away is also a good way

.

boom!

Under the gaze of the crowd, the black saber spurred by the venerable erupted with a terrible energy, and crashed down on the dragon wood.

However, there was a sense of breath on the Shenlong Wood, and the full blow of the Venerable did not cause the slightest damage to the Shenlong Wood, but left a white trace.

"What a hard Shenlong wood."

The other sages originally wanted to use this method, but they were all dumbfounded when they saw this scene.

Although the Venerable is not strong, it is only a pinnacle, but he can't even split the surface of the Shenlong Wood, leaving only a knife mark. Even if the Earth Venerable makes a move, I am afraid it may not be able to split the Shenlong Wood. Off.

"What was that just now?"

When the others were down, Qin Chen's eyes were condensed. When the Shenlongmu resisted the opponent's knife light, Qin Chen seemed to see a black light flashing.

Sure enough, just when the Venerable who shot his eyes was disappointed and a little depressed, the buzzing sounds of "buzz, buzz, buzz" sounded, and suddenly a series of black flying insects flew from the back of the Shenlong wood. come out.

"No, what's that? Run away—" Everyone was shocked when they saw the flying insects flying out. They turned around and fled. "Ah—" Suddenly, the screams fluctuated. Although these strong men flee desperately, the flying insects were too fast. In the blink of an eye, the Venerable who shot before, and the few people around him, all surrounded by this black flying insect.

[Chapter 3910: Void Eater](#)

Under the eyes of everyone, these black flying insects surrounded these venerables and gnawed frantically. Everyone felt that their scalp was numb, and then they heard the screams and screams. Those venerables were all swallowed by this strange black flying insect. When the flying insects flew by at an unparalleled speed, all the strong only left the skeleton,

In the end, even the skeleton was directly eaten away.

When the black flying insects swallowed these venerables, they all returned to the back of the Shenlong Wood, and then disappeared.

Seeing a few venerables instantly swallowed so much that there was nothing left, it made the other venerables who were present could not help but look horrified, and no one dared to approach it, let alone do anything to Shenlongmu.

"Is that the legendary Void Eater?"

Many venerables had their hairs horrified, and their entire bodies were erected, and one of them said in horror.

A venerable person beside him couldn't help saying: "What is the Void Devourer?" The earthly deity's beard grayed out, and he seemed to have a lot of knowledge. He trembled, "Void Devourer is a very dangerous evil insect. I like to eat all kinds of sacred gold and wood, and the body is so hard that it can even swallow the void, so it is called the Void Devourer, but this kind of evil insect is very rare in the universe. I want to see the Void Devourer outside. It's an easy thing, but there are quite a few in the Vientiane God's Treasure. Many people have encountered it in the depths of the Vientiane God's Treasure, but they are all rare.

The amount, but I didn't expect that there would be so many Void Devourers in this secret realm. "

"It seems that everyone has to be careful. If you want to obtain the treasures in this dragon's nest, you must be careful when you encounter the Void Devouring Insect." The earthly master said tremblingly.

"This thing is so terrible? Even if we join hands, we can't kill it?" someone said.

"Humph." The old man snorted coldly, "Void Devouring Insects are extremely dangerous. They like to hide in the void or in their food, and the bigger the Void Devouring Insects, the stronger. Legend has it that there are insect ancestors in the world, even invincible. Can be swallowed."

"Can swallow invincible existence!" Hearing this, Qin Chen couldn't help but be moved. In the universe, it is not an existence that can be called invincible casually, even if it is an existence such as a clan leader or a god, it cannot be called invincible. It is conceivable that the existence of Invincibility is so powerful, but the Void Devouring Worm can swallow it. This

It's even more terrifying. When you can, and there are people who are desperate, one of the earthly masters snorted coldly, looked at the shallow traces of the dragon wood that was split, and said coldly: "The spirit worms were terrible just now, but they swallowed them too. It's just a few people respecting it. Rumor has it

Worms are afraid of flames, as long as they practice flame techniques, they will be fearless. "

His voice fell, and a long saw appeared in his hand. The long saw emitted a sharp light and saw the dragon wood.

Before that person can leave a pale trace, he may not be able to saw the dragon wood.

Click! Click!

Suddenly, an ear-piercing sound rang, and the magical aura bloomed on the Shenlong wood, and the treasure displayed by this earthly deity could not cut it apart.

"I don't believe it anymore."

boom!

The terrible aura erupted from the whole body, the power of the billowing earth-zun was permeated, and the dazzling law of the \*\*\*\* chain broke out on the long saw of the treasure.

Shenlong wood is a treasure. Any piece of it in the black market is enough to be auctioned at the auction house, not to mention it is the treasure that the true dragon clan desires. As long as you bring back one piece, there will be no other gains this time, and it will be complete. .

However, this Shenlongmu was extremely hard, and the previous person could still leave a trace on it, but after the saw broke out, Shenlongmu seemed to be awakened, not even a trace appeared.

Even the white mark left by the respected person before slowly disappeared, as if healed himself.

"impossible!"

This old monster said in fright, his voice just fell, and with a "buzz", a large number of Void Devouring Insects flew up from the Shenlong Wood Void.

This old earth-sovereign monster gave a cold snort and was extremely confident. He opened his mouth and spewed out the sun-eclipsing fire, and the billowing fire burned a large number of virgin insects in the blink of an eye.

"A bunch of bugs alone." The old monster was so confident that he snorted and immediately took out a treasure bottle. As soon as the bottle was opened, a burst of colorful force flowed out, blessed on the saw, and attacked more violently. .

There was a "hum", however, this time only one Void Devourer flew underground, and this Void Devourer was still bigger than a human head.

"My god, it's the Void Devouring Insect King here." When the Earth Venerable Recognising Void Devouring Insect saw such a Void Devouring Insect, his face changed drastically. All of a sudden, the surrounding Venerables immediately dispersed. Flee, far away from such a Void Eater. "It's a small bug, and dare to be presumptuous." And this old monster of the earth respected with confidence, sneered, opened his mouth and spewed out the sun-eclipsing fire, "Ah -", a screaming screamed, the king of worms ignore the eclipse fire, and penetrate this instantly

Hearing the sound of "clicking" on the body of an old earth-sovereign monster, in the blink of an eye, this old earth-sovereign monster was gnawed away by the Void Devouring Insect King, with no bones left.

Such a scene made many people feel terrified. When faced with such a Void Devouring Insect King, a mid-term Earth Venerable didn't even have the power to fight back. This was terrifying.

It should be noted that this old monster of the earth respect, in terms of strength, is absolutely similar to the earth respect of the vajra and the earth respect of the dark.

It wasn't until the Void Devouring Insect King got into the ground that the Venerable who had fled around walked back in shock. "Hey, this is the end of arrogance." The old man who spoke before then couldn't help but sneered, and said: "The Void Devouring Insect is infinitely powerful. A Void Devouring Insect King can damage even the Peak Earth Venerable. He was once in Vientiane. There is a peak of a ghost in the depths of the gods

The Zun encountered a treasure and plundered it. As a result, it provokes a group of Void Devourers led by the Void Devourer King. They were eaten completely without much time. Even a mid-term Earth Zun dare to fight the Void Devourer King? "

"Void Devouring Worms are very fierce. I advise you not to provoke them. I dare say that even if they are here, even if they are here, they have to weigh and provoke the fate of these Void Devourers." The elder continued.

Seeing that even the mid-term Earth Venerables end up like this, the remaining Venerables around him are even more afraid to do anything to the Shenlong Wood. Although the Shenlong Wood is good, but for these Shenlong Woods to lose their lives here, it would not be worth the loss.

"This Void Eater..."

Not far away, Qin Chen's eyes moved. This Void Devouring Insect was somewhat similar to the Air Devouring Ants and Fire Refining Insects he owned. I wonder if there is any connection?

"Little Ant, Little Huo, did you see those bugs just now? Do you know those bugs?" Qin Chen immediately awakened Little Ant and Little Huo in the jade plate of Universe Good Fortune, and asked hurriedly.
