[Chapter 3931: Chaos Jade](#)

After a while, Qin Chen had a black mysterious rune on the palm of his left hand. The rune was a black bead with an ancestral dragon drawn in the middle of the circle, like a tattoo.

Qin Chen had already felt that he had a slight connection with this soul space, and as long as he was willing, he could bring this soul space into his body, or into the jade disc of good fortune.

As for leaving this soul space, Qin Chen also had a thought.

"Xiaolong, you go out first."

Qin Chen's eyes flashed, eh, he gently urged the soul space, and suddenly, the little dragon that was originally located in the soul space had appeared in the soul lake, and once again came to the dragon ball transformed from the black soul space. "Human kid, are you still afraid that I will lie to you by Lord Dragon? Lord Dragon, I told you to go with you, so naturally you won't break your promise. The premise is that you have to fulfill the conditions of Lord Dragon." Honghuang Zulong laughed and said: "Okay. , You can now collect the soul space of the ancestor

Into your body. "Qin Chen squinted, "Don't worry, although I can control this soul space now, but my control is entirely based on your shots. Once you enter my body, it will isolate me from this soul space." Control, how can I

Isn't it left to you? "

Qin Chen didn't dare to rashly take this ancestral dragon into his own body, and even Qin Chen was afraid of it among the jade discs. With the strength of the ancestor dragon, who knew what would happen? "Hehe, are you afraid that I'll be wrong with you, Lord Long? Okay, what do you want to do?" Honghuang Ancestral Dragon is careless, "As for the dragon soul of the ancestor and refining the ancestor you mentioned before, you Don't think about it, you know, I won't agree to Long Ye

Yes, you can't do it even if you promised it. I don't think you were serious before. "This is really right by the great ancestor dragon. Qin Chen said before that he would refine his dragon soul and enslave him. It was indeed just to threaten the opponent. With the soul power of the ancestor dragon, it is impossible for Qin Chen to enslave him now. , Forcibly in the opponent's dragon soul

Branding the soul mark, on the contrary, will be backlashed, seeking a dead end.

"You can sign a contract between you and me." Qin Chen said.

"Okay, let's just say, what contract to sign." Honghuang Zulong is very casual. In his opinion, Qin Chen's soul is too weak, what contract can he sign with himself? Even if it is signed by force, he can tear it up at any time.

This is also why he is willing to follow Qin Chen to leave, because he cannot be restrained at all.

"Om!" Qin Chen sat cross-legged, his divine soul made contact with the external body, and suddenly, from the body's universe fortune jade disc, a strong breath of the magic tree of ten thousand realms was transmitted, billowing. The magical energy of Qin Chen formed a

The Taoist Soul Contract was suspended in front of Honghuang Ancestral Dragon.

Moreover, on top of the Divine Soul Contract, there is the thunder light that verdicts the Divine Thunder, and the power of the Divine Emperor Totem. These are almost the most powerful forces in Qin Chen's body. As for the power of darkness, Qin Chen has not used it for the time being, because the power of darkness does not belong to the power of this universe, and the primordial ancestor dragon is the primordial being. What effect does it have

Not worth the loss.

"The breath of the ancestor tree of the demon race? How many leaves did you cut from the ancestor tree of the demon race? And the power to judge the thunder of the gods, tusk, how worried are you that Lord Long will lose my word and get fat?"

Honghuang Ancestral Dragon smashed his mouth and said, his eyes flashed, but he didn't hesitate to separate a force from his dragon soul and integrated it into this contract.

In his opinion, even if these three powers were combined, Qin Chen would not be able to complete a complete contract with him. With the strength of his soul, he could tear the contract at any time.

Rumble!

When the dragon soul of the prehistoric ancestor dragon was combined with this contract, a terrifying aura rushed out of that contract and merged into the soul of the prehistoric ancestor dragon.

"Huh? What? This..."

The eyes of the Honghuang Ancestor's Long Eyes suddenly rounded. Not only was the contract between him and Qin Chen completed, he also vaguely felt that a vague force had entered his dragon soul, and could even vaguely affect himself. soul.

how can that be?

The face of Honghuang Zulong suddenly hard to look, boom, his body is surging with billowing aura, and the terrifying wild and chaotic energy bursts, and this contract force is about to be torn up.

"Why, you have to tear up the contract as soon as it is signed?"

Qin Chen looked at Honghuang Zulong coldly, "What you and I signed is a peace contract, not a servitude contract. Are you unwilling to accept this peace contract? Or is the so-called transaction deceived me?"

Hong Huang Zulong was slightly startled, his face suddenly embarrassed. In fact, the reason why he had promised Qin Chen before was that he really had this thought, because he was sure that Qin Chen could not have the means to restrain himself, even if he followed Qin Chen, as long as he was willing, he could regain his soul at any time. Space control

Quan even launched an attack on Qin Chen's soul.

Unexpectedly, Qin Chen actually signed a spirit contract with him.

"Ahem, why? My ancestor said, as long as you fulfill my two conditions, I will definitely follow you, you and I will join hands, regardless of each other." Honghuang Zulong smiled embarrassedly.

He also didn't think that he would definitely take action against Qin Chen, since the contract is now completed, he doesn't bother to tear his face with Qin Chen for the time being.

"Hmph, although this divine soul contract has been formed, but the original ancestor wants to tear it apart, it only takes some effort, it is not difficult." Honghuang Zulong said secretly in his heart.

Qin Chen looked at the expression of the Great Ancestral Dragon, how could he not know the other side's thoughts, even if the Great Ancestral Dragon was not dissident now, who could guarantee that he would not be dissident in the future? So this soul contract is a necessary method.

Now that the Soul Contract is formed, Qin Chen immediately perceives that the Ten Thousand Realms Demon Tree has a certain connection with the Dragon Soul of the Primordial Ancestral Dragon, and even if the Primordial Ancestral Dragon forcibly wants to tear the contract, he will have to pay a huge price. .

The Magic Tree of Ten Thousand Worlds is not so easy to get rid of.

Whoosh!

Qin Chen left his divine soul from the soul space and appeared in front of the black dragon ball, followed by Qin Chen's divine soul, and quickly returned to Qin Chen's body along the law chain.

boom!

When Qin Chen's soul was combined with the soul in his body, Qin Chen's body suddenly filled with the power of a vast soul.

In an instant, Qin Chen's soul strength increased a lot in an instant, and his mind was empty, and the power of the dragon soul turned into a real dragon phantom, hovering over his soul. If Qin Chen had the body of a real dragon, the blood of a real dragon, and the aura of a real dragon, but he did not have the soul of a real dragon, then Qin Chen's soul now contains a trace of real dragon aura, even if it is If he really entered the True Dragon Clan, no one could tell that he was originally a human.

[Chapter 3932: Metamorphosis](#)

It can be said that as long as Qin Chen is willing, he can completely become a member of the True Dragon tribe without any abnormalities.

In addition, Qin Chen's soul strength has also reached the point of surpassing the peak earthly respect, even if it is the peak earthly respect, it may not necessarily have Qin Chen's soul more terrifying.

In the soul lake. In the dragon ball soul space, sensing the departure of Qin Chen's spirit, the great ancestor dragon suddenly snorted: "Huh, this human race kid is really cunning. He actually signed a spirit contract with my ancestor, but it's okay, wait. I enter his body

, The soul recovers a little more, as long as the ancestor is willing, he can tear the soul contract at any time, and how can he restrain the ancestor with the few branches of the Demon Tree of Ten Thousand Worlds in the hands of that human race kid? "

Honghuang Zulong laughed, with a sense of refreshment in his grasp.

The changes in Qin Chen's aura also attracted the attention of other venerables around the soul lake.

"Why does the temperament of this kid seem to have changed?"

"You feel it too? Why do I feel that the true dragon aura on this kid seems to be stronger? Is it my illusion?"

"Could it be that he has made a breakthrough? But the power of the Venerable in him does not seem to have changed?"

Many venerables around him were whispering, and even some of the elders, their eyes fell on Qin Chen, and they kept flickering. I have to say that Qin Chen's soul has changed, and the feeling of mastering the dragon soul is too obvious. If Qin Chen in the past only gave people an invisible feeling, then Qin Chen now can't see it here. Through the feeling, it gives a more

Deep, like the vastness of the abyss of chaos.

"This place is the place of the dragon's nest. It must be the habitat of a certain true dragon clan in ancient times. And this kid, as the true dragon clan, has obtained some special harvest and treasure in this soul lake? "

An earth respecter secretly guessed,

Not only him, but the eyes of the other elders who looked at Qin Chen flashed coldly. They also had the same guess that Qin Chen had gained some kind of special gain in this soul lake, otherwise, they would not be able to explain what happened to him. Variety.

For a while, many of the surrounding venerables looked a little weird when they looked at Qin Chen, their eyes flickering.

At this moment, Qin Chen naturally did not pay attention to the venerables around him. He quickly pulled the law chain. At the other end of the law chain was the little dragon. His pliers clamped the black dragon ball and was quickly Qin Chen caught it.

Wow!

The law chain surging, making a rustling sound, was quickly pulled up.

Many venerables around were staring at Qin Chen. At the moment, seeing Qin Chen's actions, all of them dazzled, and there was fiery light in their eyes.

"Did this kid catch a certain aquatic tank?"

This is the first thought that pops up in the minds of many venerables.

Suddenly, the eyes of each venerable were fiery, looking forward to seeing it, wanting to see what aquatic tank Qin Chen caught. It is true that Qin Chen has stayed here for too long. Qin Chen is also one of the first batch of venerables to enter this soul lake, but now the venerables here have changed several batches, only Qin Chen I haven't caught the water plant tank, now

At last there is a move, how can people not expect.

boom!

When the little dragon and the dragon ball were drawn to the surface of the soul lake by Qin Chen, Qin Chen directly urged the Universe Good Fortune Jade Plate, and at the moment when the little dragon and the dragon ball came out of the water, the little dragon and the black dragon ball were included in the Universe Good Fortune Jade Plate.

Everyone only saw a red and black shadow flashing, and the God Chain of Law in Qin Chen's hand had disappeared.

"what is that?"

"Why did it suddenly disappear? Did you see it just now? It seems that the kid didn't catch the aquatic tank, but a crayfish."

"I have also seen it. That crayfish seems to be the one he put in the soul lake before, and there seems to be a black thing on the crayfish tongs?"

"You saw it too? I thought I was dazzled!"

Many strong people around were in an uproar, and there was a lot of discussion. What happened at this time? The crayfish that Qin Chen released before did not die in this soul lake, and some kind of treasure was dug out from the soul lake?

The news spread, and everyone present changed color and excited.

For a long time, all the Venerables here had fished from this lake of souls, only aquatic tanks, and every aquatic tank was guarded by evil things, and there was no exception.

But Qin Chen? Instead of catching the aquatic tank, nor attacking by the murderous object, it was a crayfish that was caught by the **** chain of the law, causing the crayfish to pull a treasure from the lake of soul. How could everyone not be excited?

What's more, combined with the identity of Qin Chen's true dragon clan and the changes in Qin Chen's body before, the eyes of many venerables around here instantly changed.

This true dragon kid must have got some treasure in this soul lake.

An emotion called greed spread instantly in the hearts of every venerable.

But these venerables were excited and greedy, but Qin Chen completely ignored them, but directly infiltrated the perception into the jade disc of good fortune.

"Boy, this is your storage space?" In the Universe Fortune Jade Plate, the Ancestral Dragon is completely dazed. Although he is in the dragon ball where the soul space is, he can clearly perceive the outside world. The scene, at this moment, I perceive the vast space in the jade disc of good fortune from the universe,

Long was completely dumbfounded.

Especially when he saw the Devil Tree of Ten Thousand Worlds, his eyes became even more round.

"The Demon Ancestor Tree? Am I really dazzled? You dug up the entire Demon Ancestral Tree? But this Demon Ancestor Tree doesn't seem to be in peak state?" Honghuang Ancestral Dragon was dumbfounded, a little confused, He thought that Qin Chen had obtained several branches of the Demon Tree of Ten Thousand Worlds, and he said that he didn't need to bother at all. Who ever thought that Qin Chen signed the Soul Contract with himself using the branches of the Demon Clan's Ancestor Tree?

A whole demon ancestor tree.

How did this human kid do it?

Didn't the Mozu skin this kid?

And what shocked Honghuang Zulong more was Qin Chen's jade disc.

"Small world, there is a small world in this human race boy?"

The Honghuang Ancestral Dragon was going crazy. He always thought that this was a powerful storage ring on Qin Chen, but he did not expect it to be a small world.

Small world? That is the world where creatures can survive, with its own operating rules and laws, which is already the same as the real world.

"It's over."

At the same time, Hong Huang Zulong's heart sank suddenly.

This is so special, he pitted himself. When he entered the jade disc of good fortune in the universe, the great ancestor dragon had already felt that he was bound by a powerful force, which was the power of this small world.

[Chapter 3933: Pit yourself](#)

At this moment, Hong Huang Zulong really wanted to cry without tears.

Lord Long, I am wronged!

The reason why Honghuang Zulong was willing to agree to Qin Chen so readily was because he thought that Qin Chen could not limit himself.

Even if he had actually signed the Soul Contract before, he thought that way.

After all, he is a primordial being, a prehistoric ancestor dragon, the most primitive ancestor of the entire dragon race in the universe, even if the soul is imprisoned in the soul space dragon ball, it is not equal to a small human race.

Moreover, Qin Chen at best included himself in his body.

But now...

Honghuang Zulong really cried.

He was too confident, so he pitted himself.

The ancestor of the demon clan, coupled with the small world, combined these two things, he really became a turtle in the urn.

"How is it? Senior ancestor, my place is not bad, right?"

Qin Chen smiled at the great ancestor dragon and said, when the great ancestor dragon entered the universe of good fortune jade disc, Qin Chen clearly felt that his universal good fortune jade disc had a strong influence on the soul space of that great ancestor dragon. Used for pressing. The Universe Good Fortune Jade Disk is a small world controlled by Qin Chen. In this small world, all the rules are controlled by Qin Chen. Originally, Qin Chen was worried that the Universe Good Fortune Jade Disk would not be able to suppress the great ancestor dragon, but now I feel it, Relying on the world

Even if the magic tree and Qiankun's good fortune jade disc, this primordial ancestor dragon really wants to make trouble here, Qin Chen has enough time to react.

"Yes, yes!"

Honghuang Zulong smiled and said, if Qin Chen could see the scene in the soul space, he would find that the smile of Honghuang Zulong would be more ugly than crying.

And Honghuang Zulong is also carefully observing Qin Chen's great fortune jade disc.

From this look, I was secretly awe-inspiring, this small world, extremely perfect, has formed a unique domain of laws, and here is the power of the years, and there are patches of medicine fields.

In addition to the Demon Tree of the Ten Thousand Realms, there is also a tree exuding the aura of heaven on the side, which complements the Demon Tree of the Thousand Realms.

"What kind of tree is this? The fruit on this tree actually contains the power of heaven?"

Honghuang Zulong was surprised, the origin of this tree is definitely not trivial.

"This tree is called the Heavenly Dao Divine Tree. It is one of the ten sources of the heavens. Don't you know the predecessor of the great ancestor?" Qin Chen frowned, and Hong Huang Zulong had never heard of the Heavenly Dao Divine Tree?

"The source of the Ten Great Dao of Heaven? The tone is quite big!" Honghuang Zulong said in surprise: "However, it is indeed a bit extraordinary, containing endless Dao source rules. It should be a treasure born after my age."

Honghuang Zulong shook his head and said proudly: "My ancestor, I am the primordial being. I am a powerful man who pioneered the universe. Naturally, I don't care about the source of the ten great avenues.

"Boss, what is this stuff? It's such a big tone."

At this moment, two unpleasant voices sounded, Xiao Yi and Xiao Huo came here with the Huo Refining Insect and the Breath-Eating Ant brothers, looking at the black dragon ball floating here, their expressions were very disdainful.

"It's still a new life, Boss, where did you get this bragging guy, a black, earthy bead, what kind of garlic?"

Little ants and little fire surrounded the black dragon ball, looking up and down.

"Who would dare to talk to you, Lord Long, and me like this? I am so angry with my ancestor."

Hong Huang Zulong suddenly exploded when he heard it. Damn, what kind of identity is he, who is so despised by others, how can he bear it?

He looked at the gas-depleting ants and the fire-refining insects with unhappy eyes, and when he saw that it was a black worm, his eyes suddenly became round.

"Hiss, the Great Spirit Worm!"

The eyes of Honghuang Zulong were shocked.

Hongmeng Spirit Worm?

Qin Chen's heart moved. Aren't Xiao Yi and Xiao Huo strange spirit insects of Tianwu Continent? Where is the name of this Great Spirit Worm?

"Senior Honghuang Zulong, do you know Xiaoyi and Xiaohuo?" Qin Chen asked in confusion. "Hmph, they should be the celestial worms you raised? Do you have a lot of good things? However, these guys' blood is not pure, they should be descendants of the celestial worms. In front of me

So arrogant. "

The Honghuang Ancestral Dragon calmed down and said proudly, but there were still strange lights in his eyes.

"Damn, the most annoying person, boss, I can't help it anymore. This guy doesn't seem to know who is the boss here, Xiaohuo, let us teach him a lesson." Xiao Yi said to him. Xiao Huo said something, and immediately led countless gas-eater ants and fire worms to surround the black dragon ball instantly, and bite it, but the black dragon ball of the great ancestor dragon is naturally not something Xiao Huo and Xiao Hu can bite off. Bite for a long time,

No harm at all.

"Hahaha, a bunch of little worms want to swallow your grandfather Zulong too. I don't know how high the earth is." Honghuang Zulong laughed, rumbling, a wave of dragon energy swept out of the soul space, bringing the little ants and the little fire. They swayed.

"Damn, how come this guy is like the stone in the pit, smelly and hard."

Xiaoyi and Xiaohuo looked at the prehistoric ancestor dragon suspiciously, and they could naturally feel the extraordinariness of the prehistoric ancestor dragon.

"A bunch of **** bugs, who do you scold?"

If Honghuang Ancestral Dragon could come out now, he would definitely be trembling with anger. In his capacity, when was he scolded like this.

"You are the one who scolds, what's the matter? Come out if you have the ability, come out and let's fight each other, and we will single out you one by one. What does it mean to hide in a turtle shell?"

The little ant said with disdain, and curled his lips. "A big talk is as fierce as a tiger, look back at 250."

The great ancestor dragon is going crazy, when will he suffer such humiliation, even in ancient times, those top powerhouses will respect him respectfully.

"If it's not that my ancestor can't come out temporarily, I must let you know why the flowers are so red? A group of insects singled out my ancestor, something that has no brains. Do you know what is singled out?" Honghuang Zulong was angry. Dizzy.

"Cut, you can't come out for the time being? I think you should be afraid of us, right? Hiding in the tortoise shell, you are still arrogant, I really don't understand."

"Dragon Ball, this is the original dragon ball of the ancestor, and it is a tortoise shell. You know a hammer." Honghuang Zulong roared. "Dragon Ball? What kind of pretense, is this Dragon Ball? Boss..." Xiao Yi looked at Qin Chen, "Where did you get such a thing? I actually pretended to be Long Zu. I think it's a worm and it's almost the same. No, I scold him. Worm, this is to give him face, our world

Don't be such a scum, this guy is an ant, um, a mayfly! "

Xiao Yi and Xiao Huo nodded frequently. If an ancestral dragon had a physical body, it would be so angry that it would vomit blood and vomit blood on the spot. The dignified ancestral dragon was scolded for doing something like ants and mayflies. This...the heart is not ancient.

[Chapter 3934: Self-evident innocence](#)

Seeing this scene, Qin Chen couldn't help but want to laugh. The Honghuang Ancestral Dragon was held in this dragon ball, afraid that he would be held mad.

"Little Ant Xiaohuo, this guy is the prehistoric ancestor dragon in this secret realm, the ancient primordial creature, you are a little more polite to him, don't scum and scold him."

Qin Chen said with a smile. "Okay, since the boss spoke up, we will give you face to the boss, but what is this thing? Dragon ancestor and Xiao Huo absolutely don't believe it. Xiao Ling is not convinced. We will call him Xiao Long Long, but this It's purely because of you, the boss

On the face. "

The little ant crossed his waist and said reluctantly.

Xiaolonglong?

Qin Chen couldn't help it anymore, he laughed, he could already imagine the face of the great ancestor dragon now, it is estimated that life is better than death.

"I'll take you out of here first, Xiaoyi Xiaohuo, you first take the predecessor of the great and wild Ancestral Dragon... No, first take Xiaolonglong to familiarize yourself with the environment." Qin Chen couldn't help but say.

"No, Human Race kid, my ancestor doesn't want this group of unseen guys to take me, you... take me around here." Honghuang Zulong said to Xiaolong.

"We still don't bother to serve you." Xiao Yi and Xiao Huo said with disdain.

The great ancestor dragon was furious, resisting his anger, and said to Xiaolong: "Take me to familiar with it."

While talking, he suppressed his anger in the soul space, gritted his teeth and said: "I bear it, I bear it, a bunch of small bugs, there are a lot of ancestors, I don't care about them, I bear... I really can't bear it. !"

The ancestral dragon was so angry.

Huh!

Qin Chen's figure flickered, and his soul left the Universe Jade Plate and returned to his body. Seeing Qin Chen leaving, the little ant stared at the Great Netherworld Claw Red Dragon with the visiting prehistoric Ancestral Dragon, and whispered to the Fire Refining Insect: "Little Huo, this guy is too bragging. You will listen to me in the future. , In front of him, don't give him face, otherwise our two positions in the world of the boss will be low in the future, don't you know. This is my brother teaching you to be a bug in the world, turn around and call the big brother of the worm , Big brother sleeps all day long, don't know how to fight for favor in front of the boss, let's go

A few can be beaten into the cold palace. "

"Little ant, do you think this guy is really a prehistoric ancestor?" Xiao Huo said blankly. "It doesn't matter if he is." The little ant crouched on his hips, "Huh, here, it's the dragon who has to cross it, it's the tiger who is lying on his stomach, we are seniors, don't you know, you see, we scolded him for a long time, boss I didn't stop it, so the boss was not very happy with him.

Ah, bragging in front of the boss, I can't bear it anyway. "

"Okay, I listen to you anyway."

Little fire said.

"Well, we have to work together, but we can't let a newcomer compare."

The little ant smashed his mouth, "This guy is really hard!"

Outside the soul lake.

Qin Chen already felt a lot of unkind eyes around him.

"The soul lake here should not be able to collect the Chaos Jade Bi, so leave here first."

Qin Chen didn't even look around, and he was about to leave here after shaking his body.

"Your Excellency is so anxious to leave, is it a guilty conscience?" However, as soon as Qin Chen's figure moved, several people in front of him blocked Qin Chen's path.

These people are just a few powerful men who also fished in this soul lake before. Among them, the leader is a demon clan. He smiled and looked at Qin Chen with his eyes burning. At this time, after stopping Qin Chen, the atmosphere was tense. To the extreme.

"Your Excellency, what do you mean?"

Qin Chen frowned, and at the same time Qin Chen also saw that in addition to the master of the demon clan, the masters of other races around him were gradually approaching.

"Haha, it's meaningless, this Black Cloud Earth Venerable, a member of the Yin Demon Race, didn't deliberately want to be an enemy of your Excellency, but recently, my Yin Demon Race lost an extremely important thing." Staring at Qin Chen gloomily and said.

"What do you care about me if your Yin Mozu lost something?" Qin Chen said with a sneer. Heiyun Di Zun Yin smiled and said: "Some time ago, a fellow from the True Dragon Clan sneaked into my Yin Demon Clan and stole my Yin Demon Clan's treasures, even though the true dragon clan master hid it. His true colors, but his body

The material, breath and appearance cannot be changed. Ever since I saw you, this seat has always felt that your back is very familiar. Now that I remember, you are the real dragon kid who sneaked into my Yin Mozu. "

As soon as Heiyun Dizun said this, the faces of others around him became weird, but Old God Qin Chen was at ease and calm.

"This deity has never been to your Yin Demon Clan, how can you enter your Yin Demon Clan?" Qin Chen's cold expression had calmed down at this time, but instead he showed a faint sneer and said calmly.

"Of course you won't admit it, but this seat confirmed that you are the true dragon clan master who entered my Yin Mo Clan. Could this seat still wrong you for no reason?" Heiyun Di Zun said gloomily .

"It looks like today, do you have to wrong me?" Qin Chen said with squinting eyes.

"Hey, since everyone has come to this soul lake, it is considered destined, why should the sword be drawn?" At this moment, a voice sounded, and a ghost master behind Heiyun Dizun came and said with a smile.

Qin Chen couldn't help but smile when he saw a ghost clan coming up to make peace. He didn't get angry at all. Such a small trick is not as good as his magic eye. Qin Chen wants to see what these guys are doing.

I saw the master of the ghost tribe persuade and said: "In this Vientiane God Treasure, why should everyone be so arrogant? For the treasure, the human race and the demons can join hands, not to mention the true dragon race. You don't need to fight like that. "

"Yinfeng Ghost Venerable also makes sense, but now Heiyun Dizun has said that the great treasure of the Yin Demon Clan was stolen by a fellow of the True Dragon Clan. Isn't it hard to explain?"

At this time, another venerable spoke. "This is..." Yinfeng Guizun frowned. These people were not embarrassed at all when they sang the double spring, and their faces were not red at all. They heard the Yinfeng Guizun frowned and said: "Now this true Friends of the Dragon Race said that they had never been to the Yinmo Race

, But Heiyun Dizun said that the treasure of his clan was stolen by the friend of the true dragon clan in front of him. Anyway, this matter is justified by the public and the wife is justified, so why not! "Yin Feng

Gui Zun said to Hei Yun Di Zun: "A good thing like a noble treasure, ordinary people will not take it at will after stealing it. I am afraid that it should still be on him, as long as the friend of the true dragon clan keeps his own storage. The space gives you a look at Heiyun Dizun. If there is really no noble treasure inside, it means that you may have misunderstood the Heiyun Dizun. I apologize to this friend of the true dragon clan and let him leave, how about? "

[Chapter 3935: Is the double acting finished?](#)

Heiyun Dizun coldly snorted, and said: "For the face of all the friends present, I can barely agree to this approach." Yinfeng Guizun breathed a sigh of relief and turned to Qin Chen and said: "This true dragon clan Friends of, since Heiyun Dizun agreed, you might as well show your storage space to Heiyun Dizun. There are so many people watching, if Heiyun Dizun doesn't

If I can find the treasures of my own clan, I will naturally ask for justice for my friend. What do you think of my friend? This can also prove your innocence. "

"What do you think?"

Yinfeng Ghost Venerable said to the other Venerables present.

Behind Qin Chen, the other venerables by the soul lake squinted and said nothing, not knowing what they were thinking, but with a sneer.

However, several venerables around Heiyun Dizun spoke one after another, thinking that this was a good idea.

"Friend, in full view, you don't have to worry that the Black Cloud Divine Being will covet the treasures in your storage space, it is the most suitable method." Yinfeng Ghost Venerable smiled and persuaded Qin Chen.

"Did the double reeds finished? Well done."

Happiness!

Qin Chen smiled and applauded, "If it evolves, you can get out of the way, and the deity should leave after watching the show."

"You..." Yinfeng Guizun's face suddenly became hard to look: "Friend, I'm helping you!"

Heiyun Dizun's face is also hard to look. As for the Venerables who looked at this place around the other soul lakes, their faces also showed weird colors. Naturally, they all knew what the Yin Demon Race and the Yin Wind Ghost Venerable were doing. They would not believe anything they stole a heavy treasure. , This is clearly intended to be false

The people trapped in this True Dragon Clan, but they didn't expect Qin Chen to say such decisive words. This is really not afraid of offending the Yin Mo Clan.

"Friends..." Yinfeng Guizun wanted to say something, but Qin Chen waved his hand directly to stop Yinfeng Guizun's words. He smiled, his smile was calm, but also very cold, and he looked lazily at Heiyun to respect them. At a glance, he said slowly: "What do you want to do

Well, the deity also knows that the deity now gives you two choices, either to get rid of immediately, or I personally kill you and kick your heads, which one do you like? "Qin Chen's words like this immediately made everyone else around him dumbfounded. These words are too domineering and arrogant? Even some of the earth sages present frowned, although they were not very happy to see the black cloud earth sage. But they all know that dark clouds

Zun is the Earth Zun of the Yin Demon Race. In terms of identity and strength, there are very few compared with him. He is definitely a giant, and although the Yin Wind Ghost Zun is weaker than the Heiyun Earth Zun, it is nothing. General character.

For the other venerables present, neither the Yinfeng Ghost Venerable nor the Black Cloud Earth Venerable are so easy to provoke. They do not represent one of them, and there is a powerful ethnic group behind them.

Although the status of the True Dragon Clan is detached, it is absolutely impossible to fight against a top-level clan like the Demon Clan.

"You... don't know what to live or die." Heiyun Dizun's face was completely gloomy, and cold light burst into his eyes. He said he had given Qin Chen enough face, and gave the other party a step down, but? I thought this guy was so ignorant. "My friend, Heiyun Dizun has agreed to my proposal. You must find your own way..." Yinfeng Ghost Venerable was still going to say something, but Qin Chen suddenly sneered before he could finish his words. Qin Chen has not finished speaking yet.

Then he went out like lightning.

Roar!

Suddenly, the sound of a terrifying dragon's roar resounded across the heavens and the earth, and Qin Chen's claws were sharply sharpened, turning into a dragon's claw to reach the front of Yinfeng Ghost Venerable.

"Boy, do you think you will be invincible if you kill the Shadowwalker Earth Venerable?" Yinfeng Ghost Venerable roared, his body suddenly burst into countless ghosts, the ghosts were dense, turning into endless ghosts, and, In his body, gusts of yin wind madly swept out, the terrible yin wind was like Wang Yangyi

In this way, Qin Chen must be enveloped and bound.

"It's Devil May Cry Dead Wind!"

"The top supernatural powers of the Yinfeng Ghost Venerable, once wrapped by this Devil May Cry Death Wind, the whole person's soul is like falling into the ghost world, instantly falling into endless sinking, and instantly turning into a walking corpse." "This true dragon kid is still too big Now that he is young, why bother with the other side so hard? With so many people on the other side, aren't they seeking their own way of death? This Black Cloud Earth Venerable and they should have only taken a fancy to the treasures he had previously obtained from the lake of souls.

."

"Do you think this kid can't see it? It's just that the people of the true dragon clan are always more irritable, more rigid!"

Many discussions around him sighed. Although they all knew that Qin Chen was not weak, it was still somewhat unwise for Qin Chen to offend so many experts such as Heiyun Dizun.

"Jie Jie Jie, kid of the true dragon clan, this deity wants to see how you arrogant in the devil's Devil May Cry dead wind, swallow me!"

The cold and icy voice of Yinfeng Guizun echoed between the heavens and the earth, and the endless Yin Qi and Guifeng instantly enveloped Qin Chen. The speed was so fast that it was too late for Qin Chen to hide.

In this Devil May Cry dead wind, the soul that is as strong as the earth-zun will sink, do not discern things, and finally be played to death by him alive. However, before Yinfeng Guizun's voice fell, he heard a duck-like roar. The next moment, the endless Devil May Cry died away, and everyone was shocked to see that Qin Chen exuded a terrible voice. The real dragon breath,

His thick dragon claws clasped Yinfeng Guizun's throat firmly and lifted Yinfeng Guizun into the void.

what?

Everyone around was dumbfounded.

What did they see? A master of the earth-sovereign was actually held by Qin Chen in a moment, which peaked their imagination.

"Boy, let me go!"

Yinfeng Guizun said in horror, booming, rolling ghost aura permeated his body, constantly impacting Qin Chen's soul, but Qin Chen remained motionless. If it is said that before entering this lake of soul, this Yinfeng Ghost Venerable's soul attack of Devil May Cry Dead Wind could have some impact on Qin Chen, now Qin Chen has gained the power of the Dragon Soul of the Primordial Ancestral Dragon. Have already been surprised

As far as Qin Chen is concerned, the world is changing, and this Yinfeng Ghost Venerable's soul attack is like a tickling.

boom!

In Qin Chen's body, the billowing real dragon aura exploded, carrying the aura of chaos, and the spatial domain was like a barrier, imprisoning Yinfeng Ghost Venerable in his own hands. On Qin Chen's arm, the Void Mirage Bracers appeared, and the Evil Sword Ring and the War Spirit God Ring also appeared. The billowing evil spirit and flames swept across, under the blessing of the Void Mirage Bracers, the power of the Rolling Dragon Soul instantly wrapped around. Had Yinfeng Guizun.

[Chapter 3936: Devil stepped](#)

"what!"

Yinfeng Guizun let out a screaming scream, his physical body was burning, and the billowing evil spirit and dragon soul aura burned, causing his physical body to continue to be annihilated.

"Heiyun Dizun, save me..."

Yinfeng Guizun said in horror.

This miserable scene caused everyone to turn pale and pale.

"Boy, put down Yinfeng Guizun, this seat advises you not to mistake yourself." Heiyun Dizun also looked a little shocked, and said harshly to Qin Chen.

"Don't mistake yourself?" Qin Chen sneered, "If you have the ability, do it yourself!"

"you....."

boom!

The billowing demonic energy lingered on Heiyun Dizun's body, majestic and majestic. A terrifying demonic cloud swept across his body, drawing this heaven and earth into the land of the demons.

In the dark world, the billowing magic cloud lingered, giving people a feeling of devilish energy.

"So strong!"

"This is the Demon Cloud Domain of the Demon Cloud Earth Venerable. In this domain, his strength can be maximized, while others will be strongly suppressed." Feeling the rolling demon cloud suddenly haunting from heaven and earth, surrounding him Many venerables were moved and changed their colors. The Yinfeng Guizun used to respect the horse's head with the black cloud ground before, but not only because the black cloud ground zun is a member of the Yinmo clan, but more importantly, the black cloud ground

Zun's strength is also extremely terrifying. As a master of the Yin Demon Clan, Heiyun Earthzun is very burly and tall like a giant. At this time, the black cloud Earthzun's body is full of magic clouds, and the dark magic light hangs on his head, when his blood is rushing like a flood. At the time, it makes people feel black

Yun Dizun is a wild beast, like a huge rhino, it can knock over sacred mountains, plow through the earth, and be aggressive!

"It deserves to be the Venerable Black Cloud Earth Venerable!" Seeing the ferocious aura of the Black Cloud Land Venerable, many people marveled at him. The Black Cloud Land Venerable has today's prestige, but it's not like the Assassination Talent of the Dark Sky Clan. Coming.

Heiyun Dizun proudly, with the sky above his head and feet on the ground, looking at Qin Chen, he said with a cold voice: "Give you one last chance, let go of Yinfeng Guizun."

Qin Chen sneered and looked at Heiyun Dizun, "Dang Yin Demon Clan, can you just talk about it? I can give you one last chance. Those who don't want to die will roll away under my feet, otherwise you will be the next moment." "You're looking for death!" Heiyun Dizun's eyes burst out with cold light, and his face was blue with anger. He shouted, and a huge monument appeared in his body. When the huge

monument rose into the sky, it instantly turned into a giant mountain. Very huge, this is the natal Lord of the Black Cloud Earth Lord

Treasure Black Cloud Monument!

With a loud "boom", I saw the black cloud stele floating in the black clouds. In the body of the stele, a demon shadow appeared, as if there were demon gods living here. Appear in the cloud stele! ? "Black Cloud Demon God!" Whenever he saw the phantom of the demon **** appearing in the treasure of the Black Cloud Earth Venerable, some people couldn't help but said: "This is the supreme magic way of the Black Cloud Earth Venerable Zun's treasure. Legend has it that the stone used to refine this black cloud stele was

The devil has set foot, so with the spirit of the devil, you can easily suppress the strong! "

Many people are discolored, the demon god, the founder of the demon race, this is the top powerhouse in the real ancient era, and represents the highest road of the demon race. The rocks he has stepped on will become under the influence of his devil energy. Arcana.

Of course, this is just a legend. As for how the Black Cloud Tablet was made, no one knows, it is just the publicity of the Yinmozu.

But even so, the breath that bloomed at this moment was enough to change everyone's color. "Boy, die!" Heiyun Earth Sovereign yelled, his black cloud stele was like a giant hand covering the whole world, the black cloud stele shot down, turned out to be thousands of demons roaring, one The stele held the breath of a demon shadow and shot Qin Chen

.

Such an overbearing treasure of the natal venerable was photographed, and the roar continued, and the void was shaking. If this monument was photographed in a place like the battlefield of ten thousand races, it would be enough to crush a large camp.

"So powerful!" Seeing the black cloud stele of Heiyun Earth Venerable was taken, many people moved back and moved away from the Heiyun Earth Venerable to avoid harming the pond fish. With a loud "boom", the huge black cloud stele shot towards Qin Chen, and at the moment when the huge black cloud stele was about to be shot on Qin Chen, swish, swish, black cloud earth respect the several venerables behind him They also moved, appearing behind Qin Chen one after another, cold light flashing

Shuo, one after another, the venerables killed Qin Chen.

"not good!"

When other people saw this scene, they were all dumbfounded. This Yin Mozu guy is too despicable. It doesn't count as if you do it yourself, and even let your subordinates sneak a sneak attack. How can this true dragon guy resist?

The speed of these venerables was too fast. Obviously, they had been prepared for a long time, and each of them had a hideous face, bursting out all their strength, and attacking and killing Qin Chen.

"Hey, this guy is dead, and he is the one who lost his life for the treasure." Seeing Qin Chen's black cloud stele photographed on his head, there are many venerables suddenly attacking and killing them, everyone thinks Qin Chen is dead.

With a "bang", at this moment, the Black Cloud Tablet was photographed, and the attacks of many venerables also blasted Qin Chen's back, which made the venerables who attacked ecstatically in their hearts.

Everyone thought that Qin Chen was dead, and they regretted it.

However, at this time, it was extremely silent. When everyone saw the scene in front of them clearly, their eyes opened wide, and they couldn't believe their eyes. At this time, I saw Qin Chen holding the Yinfeng Guizun in one hand, and the other hand firmly received the Black Cloud Tablet. The extremely heavy Black Cloud Tablet was held in his hand by Qin Chen's left hand. Shadow bombarded Qin Chen, but he couldn't make any progress at all

. What is even more shocking is the attack of those sneak attackers. At this moment, many venerable weapons blasted on Qin Chen's back, but on Qin Chen's back, a black scale armor appeared, and this scale armor blocked it. Most of the attacks, and Qin Chen whole person

Surrounded by dragon scales, the mighty power of the real dragon rolling in his body exploded. Those attacks blasted his back. He didn't even wrinkle his brows, and his body never shook.

"Your attacks are too weak. Didn't you eat all of them?" Qin Chen looked back, glanced at several venerables who attacked, and said with a smile.

The ecstatic venerables were scared to death by Qin Chen. At this time, he discovered that his venerable weapon hadn't blasted into Qin Chen's body at all, but had only injured Qin Chen's flesh.

What is this defense? Everyone was stunned. Although the strength of their venerables was not as good as the Black Cloud Earth Venerable, the Yinfeng Ghost Venerable, and the Darkwalking Earth Venerable, they were also extraordinary in strength, enough to explode the general dignity, but now? The combination of all their attacks made it impossible for Qin Chen to break through.

[Chapter 3937: Who else lost the treasure](#)

This.....

Several earth-sovereigns were so scared that they turned around and wanted to escape. At this moment, Qin Chen forcibly snatched the Heiyun earth-sovere's black cloud stele, like a door, violently swiped and pumped. Several venerables who want to escape.

With a "bang", several venerables were slapped like a fly by the black cloud stele. The blood stained the ground. Several venerables were directly exploded, and the whole person was shot in. On the ground beside this soul lake, blood was flowing.

"Come back!" Heiyun Dizun shouted angrily, the billowing magic cloud aura in his body, he wanted to recall his black cloud monument, with a "buzz", the black cloud monument in Qin Chen's hand trembled. However, the power of the true dragon in Qin Chen broke out, and quietly urged

The power of the Demon Tree of Ten Thousand Worlds in the jade disc of good fortune in the universe, the power of the palm of the hand combined with the power of the Demon Tree of Ten Thousand Worlds, easily suppressed the Black Cloud Monument!

"impossible!"

Heiyun Earth Venerable was so scared that his soul flew up, and his eyes were about to protrude. The Black Cloud Tablet is his life-sage treasure, and it is impossible for outsiders to take it, unless this person is much stronger than him. Realm.

However, Qin Chen in front of him was clearly in realm, not so strong at all.

How did you do it?

Heiyun Dizun only felt that there seemed to be a horrible aura, suppressing his black cloud monument, making him unable to recapture his own black cloud monument for a while.

"This stele is good, but the deity barely accepted it."

Qin Chen sneered. This Black Cloud Stele did have some ways. If it was Qin Chen's own power alone, it might not be captured for a while, unless the Abyssal Demon Dao and the power of darkness were exposed. However, Qin Chen has the Demon Tree of Ten Thousand Worlds. what.

This is the ancestor tree of the demon clan, the origin of the demon clan. Even the prehistoric ancestor dragon can be suppressed under certain conditions, and it can't suppress the black cloud stele in this area.

Of course, Qin Chen was even more excited by his body. After obtaining the dragon soul breath of the prehistoric ancestor dragon, Qin Chen not only got his soul transformed, but his true dragon body was nourished by the soul breath. Although he had never made a breakthrough in realm, but in terms of physical strength, With crazy mention

Rise.

The demons and demons themselves are known for their physical defenses, and the true dragon race, as the top race of the demons back then, is definitely one of the top existences in the demons back then in terms of physical defense.

Now that Qin Chen's body is truly incarnate as the body of a true dragon, coupled with the body-refining techniques he cultivated, Qin Chen's body instantly reached a metamorphosis.

Let Qin Chen not urge the Haotian Divine Armor, just by relying on the black scale armor and his own physical defenses, he could withstand the sneak attacks of those venerables.

"Eat me!"

Qin Chen sneered, and then he slammed it with the Black Cloud Tablet. When the Black Cloud Tablet came with the power of the real dragon's body, the avenue roared, and countless rays of light burst into the sky and the earth. All trembling.

When a monument came, Heiyun Dizun felt the power of the sky and the earth. The weight of this Heiyun tablet can definitely crush the earth. Even if the Heiyun tablet is in his hands, the strength of the Heiyun tablet with a full blow is far inferior. Qin Chen's attack was terrifying. Qin Chen smashed a black cloud stele, like a billion-headed real dragon roaring, and as a result, these tens of millions of ancient sacred mountains were suppressed. Compared with the impulse of the black cloud, it was another kind of domineering, rampant, as if Can suppress the death gods

Zun was so scared that his soul flew up.

Heiyun Dizun yelled wildly and sacrificed his most powerful treasures in one breath. All kinds of treasures, whether defensive or not, were urged by him to resist Qin Chen's. This blow. With a loud "bang", the stars above the nine heavens swayed for it. Under this blow, even the stars in the sky seemed to be exploded, and the black cloud monument shattered with one blow. All the treasures of the earth-zun, such a powerful black cloud monument,

Coupled with Qin Chen's overbearing power, it is conceivable how terrifying the power is. What's more, Qin Chen also urged the Bracer of the Void Mirage, raising his unique true dragon clan power to a level.

Rumble!

Absolute power crushed everything and destroyed everything. With a loud bang, the many treasures of Heiyun Dizun simply couldn't resist a blow. They were thrown out one after another, and some of the lower-level treasures broke directly. Was bombed on the spot.

Heiyun Dizun's whole person was shocked, his body split, and a squirt of blood, his face turned pale, under this blow, if there were not so many treasures guarding, I am afraid he has also been It became a blood mist.

But even so, there was severe pain in his body, the bones were all shattered, the demonic body collapsed, and demonic blood was sprayed everywhere, which was extremely miserable.

Heiyun Dizun was frightened and frightened at this time. He knew that he had provoked the evil star. He didn't dare to think about it, and he didn't care about Yinfeng Guizun. He turned around and fled, trying to flee here.

Heiyun Dizun just leaped up, and Qin Chen turned into a real dragon. The dragon traveled for nine days. Qin Chen stepped across the void and instantly appeared in front of Heiyun Dizun, blocking his path.

"Master Heiyun Dizun, where did your prestige go?" Qin Chen blocked the way of Heiyun Dizun and said with a slow smile.

Heiyun Dizun's face was pale, and he yelled anxiously: "This friend, listen to me..."? However, Qin Chen didn't give the other party a chance to speak at all, his eyes were cold, and the mighty real dragon exploded again. Juan, the black cloud stele in his hand was directly photographed, and this time Qin Chen used all the power in his physical body.

Qi blooms, concealing everything, and displays the space domain, binding the world.

Heiyun Dizun's face was pale, he turned around and fled. He did not hesitate to burn his own origin to speed up and escape, but no matter how fast he was under the constraints of Qin Chen's space, he couldn't match the speed of the black cloud monument.

With a "boom", when the Black Cloud Stele fell, Heiyun Dizun let out a stern roar, and watched his fleshly body, a little bit shattered under the bombardment of the Black Cloud Stele.

puff!

Under the gaze of everyone, the extremely fast black cloud stele shot him into a **** mist, without even the bones falling.

"Now it is your turn."

Qin Chen slapped Heiyun Dizun to death, smiling at the Yinfeng Guizun with his right hand.

"Friend, if you have something to say..."

Yinfeng Guizun was so frightened that he was stunned and screamed in horror.

but.

With a puff, Qin Chen didn't give him a chance to speak at all, grabbing his right paw, forcibly squeezed Yinfeng Guizun and turned it into blood mist.

The billowing blood mist, Origin and many other forces were collected by Qin Chen one after another in the jade disc of good fortune in the universe, and used to nourish treasures such as the magic tree of the world.

This scene made everyone look pale and looked at Qin Chen tremblingly.

What did they see? The Black Cloud Earth Venerable of the Yin Demon Race was killed by Qin Chen with a few moves, and he still died under his own treasure of the natal Venerable. This scene, how not terrifying, is simply too magical.

For a moment, everyone inhaled air-conditioning, their faces pale.

"By the way, who else in your clan lost the treasure and was stolen by me? You can come up to ask for justice!" Putting away the scattered treasures of Heiyun Dizun and others, Qin Chen looked towards the soul lake with a smile. On the side, humans and animals said with a harmless smile.

[Chapter 3938: Chaos World](#)

On the edge of the soul lake, Qin Chen looked at everyone present with a smile, with a harmless appearance, his smile was amiable, with a sunny breath, and it made people feel like a big boy next door.

But the other venerables present were all standing up with cold hair, and cold sweat broke out from behind each one, feeling like falling into an ice cellar.

On the edge of the soul lake, blood is still permeating, and the aura of Dao Dao law lingers, making people clearly remember the previous battle here.

The Dark Cloud Earth Sovereign of the Yin Demon Clan is not the peak Earth Sovereign, but among the Earth Sovereigns, it is quite famous and not an ordinary person. But just like that, the young man of the True Dragon Clan in front of him was directly shot to death here. There is no bones left, no one is shocked.

For a while, there was no sound on the court.

"Hehe, if no one loses the treasure, then I am leaving?"

Qin Chen said indifferently, and when no one spoke, he shook his body and suddenly disappeared here.

After Qin Chen left, the many venerables on the edge of the soul lake breathed a sigh of relief and looked at each other one by one, and there was endless horror in their eyes.

"A stele smashed the Dark Cloud Earth Zun of the Yin Demon Race to death, the real Dragon Race guys, are they all so abnormal?"

"Strong, too strong, I'm afraid the strength of this child has reached an extremely terrifying point."

"The Heiyun Earth Venerable and the Yinfeng Ghost Venerable thought they were proud, and they found a plan to frame the true dragon clan boy. I am afraid they didn't expect that they were looking for death."

Many people are whispering, but there is not much sadness, and some are just gloating. The people of the demons have always been extremely arrogant. In the final analysis, it is because the guys of the true dragons caught good things from this lake of souls, so they provoke others to target them. If it is any one of them, if they get the treasure,

They will also be targeted by the Black Cloud Dizun.

Therefore, no one will sympathize with Heiyun Dizun and others.

However, they also knew very well that Heiyun Dizun had an extraordinary position in the Yin Demon Race, and once the news of his death spread out, this True Dragon Race guy was afraid that he would also face many troubles.

But these are not what they can care about.

At the moment, the remaining venerables of the soul lake converged, returned to the edge of the lake one after another, and started fishing.

Qin Chen caught an inexplicable treasure through the crayfish in the Nether Star River. If they did the same, they might have had such a harvest.

Since then, many of the venerables here have brought out the good things on their bodies, and various treasures have been brought out to try to send the chain of the gods to the soul lake. What if they can succeed?

It's a pity that the living creatures they took out would turn into ashes as soon as they entered the soul lake, and there was nothing left, and some of the dead creatures they took out were also dropped into the sea without a sound.

In the endless dragon nest, Qin Chen returned along the same path.

"Senior Honghuang Ancestral Dragon, this dragon nest is..."

Passing by Dragon Nest, Qin Chen couldn't help asking. "Hehe, isn't it spectacular." The Honghuang Zulong tone was triumphant: "This dragon's nest was the place where my ancestors practiced back then. The ancestor I collected many gods in the world and condensed it, the deepest Where is a base material of Shenlong wood

, I am afraid that there is no more domineering dragon nest in this world. "

Honghuang Zulong said proudly.

"What's so great? Isn't it just a broken nest? Right now, I can only hide in this broken rock." The little ant said with a curled mouth.

"Bug, believe it or not, I baked you." Honghuang Zulong was trembling with anger, "I am Dragon Ball, do you understand Dragon Ball? Unseen hillbilly."

Honghuang Ancestral Dragon and Little Ant scolded again, leaving Qin Chen speechless. After stopping Little Ant, he continued to inquire about Honghuang Ancestral Dragon about this secret realm.

"Senior Honghuang Ancestral Dragon, how do you put this dragon nest back away? After all, this is your old nest. If you leave with me, you have to take this old nest away for you too." "Haha, you want to take away the chaos." Dragon Nest? It's not impossible." Honghuang Zulong smiled and said: "With your current strength, it's definitely not enough. The Chaos Dragon Nest contains thousands of spaces. It's not as simple as what you can see. Becoming the top material of the true dragon clan is also because of its special power. You didn't have a dragon soul before, so you don't feel special, but if you enter the core of the dragon's nest now and let the ancestors move me, you can experience this The special of Dragon Nest

Up. "Honghuang Zulong glanced at the little dragon and said, "Don't say anything else. Originally, this little guy wanted to transform into a real dragon. It would be difficult if he didn't have a tens of thousands of years. However, if he cultivates in this chaotic dragon nest, he is afraid. The time spent can be thousands or even ten thousand times

This can be regarded as the treasure of my true dragon clan. "

Qin Chen was shocked when he heard that, could the time for Xiaolong's cultivation be reduced by a thousand or ten thousand times? When Honghuang Zulong said this, Qin Chen had a clear understanding of the power of Chaos Dragon Nest. "However, just like the soul lake of Lord Dragon and my soul, this Chaos Dragon Nest is definitely not the storage space of ordinary storage space. Even your small world is helpless, unless...as I said before. , Let your little world evolve

Become a chaotic world. "

"Chaotic world?" "I thought you had only one storage space, but I didn't expect you to have a small world. As long as you can find the chaotic jade, your small world can evolve into a chaotic space. Then, With my help from Lord Long, put this away

Chaos Dragon Nest is no more. "

Chaos Jade Bi?

A look of excitement surged in Qin Chen's eyes, he was more and more looking forward to that chaotic jade bi.

It took Qin Chen a lot of time to enter the place of the dragon's nest, but it didn't take long to get out. After only a moment, Qin Chen had left the dragon's nest and came to this deserted mystery.

Looking around, in the distance, many abandoned stars and broken caves are floating, giving people a feeling of vastness, and the Dragon Nest where Qin Chen is located is just a corner of this world.

"Unexpectedly, this place is so broken."

The great ancestor dragon left the dragon's nest and sighed inexplicably when he sensed the outside scene.

Qin Chen's heart moved, "Senior Ancestral Dragon, what is this place? Why did it become like this, and how did your strength of the older generation be trapped in this black dragon ball?" This place is in the ancient times. , It is definitely an extremely heaven-defying place, and from the previous narrative of the ancestral dragon, he seemed to have no choice but to seal his own? Soul in the black dragon ball. What happened back then that caused all this?

[Chapter 3939: Fire world](#)

"This... it's a long story. It's about a huge secret in the universe." Honghuang Zulong sighed. "In ancient times, there was a turmoil here, which swept many unborn creatures at that time. It was an accident. It's a fate, but it's very complicated. You still don't want to know this secret, or

The author said, you still can't bear such cause and effect. "

"Cut, I think you can only be self-styled because you have been beaten up, right?" Xiao Yi said on the side. This time, Hong Huang Zulong was not crazy. He just looked at Xiao Yi with a serious expression and said lightly: "Whatever you say, but this is related to a secret of the universe. Even I only know a little about it. After all, I was not in contact. To the deepest part, naturally you can't say too much. If you say it right, it's okay, but if you say it wrong, it will cause this human race kid to have some unspeakable misunderstanding of the universe, and it will harm him unless he does this. I will always be a little respect in my life

Those who do not want to go to the end of life evolution. "

Qin Chen's heart shuddered. What Honghuang Zulong said was very mysterious, but Qin Chen could feel that although he deliberately concealed something, he did not lie to himself.

A secret about the universe? What's that? It would actually affect his future path, which is a bit exaggerated.

"Is it such an exaggeration?" Xiao Yi and Xiao Huo seemed to be shocked by the serious prehistoric Ancestral Dragon. "What do you mean?" Honghuang Ancestral Dragon said lightly: "Don't say anything else, your ancestor Hongmeng ancestral insects also fought here in the past, **** and empty, otherwise there will be such a virtual worm here, this is your ancestors back then The breath left behind

Although it has been extremely weak for hundreds of millions of years, it is still a new life derived from it. "

This made Qin Chen **** in air-conditioning, somewhat shocked.

These Void Devourers, who even had to retreat from the Peak Earth Venerable, were actually transformed by the aura left behind after the Hongmeng Ancestral Insect war, which was indeed surprising.

In the endless void, various mysterious forces surged.

"Senior Honghuang Ancestral Dragon, where is that chaotic jade birch?" Qin Chen said.

"I don't know it now, but this thing is definitely in this world." Honghuang Zulong said: "You feel it, where the flame is the heaviest here, let's go to the fire world first!"

"Fire world?"

"Yes, this heaven and earth should have a secret domain containing endless flames, but I don't know where it is, Lord Long, because this heaven and earth are not static and you need to spy on your own." Qin Chen Nodded, and then sat cross-legged in the void. He didn't know what was here. He could only listen to this wild ancestor dragon for a while. If the opponent has any unruly intentions, he can completely use the universe before the opponent makes a move. jade

Disc and the Devil Tree of Ten Thousand Worlds, counter-attack.

Qin Chen closed his eyes, and the flames of emptiness flowed out, an invisible aura permeated, feeling the changes in this world.

Suddenly, everything around him became ethereal, and everything in the sky and the earth turned into nothingness. Then, in this void space, various colorful colors surged out, showing different auras.

Qin Chen immediately understood that every breath here represented a powerful mystery, like the Chaos Dragon Nest closest to it, showing the power of wood attributes.

"what!"

When Qin Chen spurred the Void Karma Fire, Hong Huang Zulong looked at the Void Flame floating above Qin Chen's head with some surprise.

"This kid... there are really a lot of treasures on his body, and even the flames of nihilism are condensed. This is a must-have for which way to go."

He murmured, apparently surprised by the void of karma floating above Qin Chen's head.

In Qin Chen's perception of nothingness, a flash of light gradually emerged.

As a pharmacist and tool refining master, Qin Chen controlled the way of flames far beyond ordinary venerables, and by relying on the flames of void karma, Qin Chen felt the power of flames from this void space.

Qin Chen's eyes suddenly opened, looking at an abandoned world in the distance, he vaguely felt that there was a faint flame aura in that direction, which should be the fire world that the ancient ancestor dragon said.

With a movement, Qin Chen flew towards the emptiness in an instant.

This space is empty and there is almost no one, but Qin Chen knows very well that almost all the strong men in the entire Vientiane God Treasure have gathered in this space, but they have all entered various secret realms. in.

"Senior Honghuang Ancestral Dragon, will the Chaos Jade Bi be taken away?"

This is what Qin Chen is most worried about.

"Don't worry, the Chaos Jade Bi is extraordinary. It is not easy for ordinary people to ingest, and it is extremely secretive. It will not be taken away so easily." Honghuang Zulong was very confident.

Qin Chen relaxed and continued to move forward. Suddenly, there was a floating ruin in front of him. In the ruins, there were a group of flames floating, and in the middle of these flames, there was a flame vortex, rolling and spinning. .

The flames rushed into the whirlpool.

And that flame breath is transmitted from this whirlpool.

"right here."

Honghuang Zulong said suddenly.

"This is the fire world?" Qin Chen looked at the ruins, the floating flames, and the small whirlpool, somewhat surprised. "The fire world is in this flame vortex. You can reach the fire world when you enter it, but you have to be careful not to be touched by these suspended flames. Once you touch it, even a tiny spark , I'm afraid it can be fatal to you

Hurt, and if you are wrapped in that flame, Lord Long, I will not be able to save you, I am afraid that you will be burned into nothingness on the spot. "

Qin Chen's heart shuddered, so terrifying? However, when Honghuang Zulong said so, Qin Chen naturally didn't dare to be careless. He cautiously avoided a patch of fire. Fortunately, these flames just float here and are not aggressive. Otherwise, there are so many suspended flames that Qin Chen wants Coming to the whirlpool

It was not an easy task before.

"Now jump into the whirlpool." Honghuang Zulong said.

Qin Chen took a deep breath and jumped down without hesitation. He followed the fire in the whirlpool and kept falling. After falling for a long time, Qin Chen suddenly stepped onto the ground.

When he walked out of the vortex, Qin Chen saw a vast ocean of fire, and the light of the fire turned out to be faintly golden, which made the entire ocean of fire look like a vast sea of gold.

"What is that?" Qin Chen suddenly looked up at the sky. The sky above his head was actually covered by a thick black flame. This black flame covered the vast ocean of golden fire, and these black flames were rolling endlessly, looking like black blood. Flowing, it feels like a wave of blood rolling in the sky.

[Chapter 3940: Merit Golden Lotus Fire](#)

Moreover, there was a rumbling roar from time to time in this thick black sea of fire, as if some kind of wild beast was roaring.

The billowing flame aura came down, and Qin Chen stood in the middle of the flames of the vast sea and sky, feeling incomparably small.

At this time, Qin Chen was like a boat drifting on the sea, with a feeling that he would be annihilated at any time.

Hum! Inside Qin Chen, the void karma fire surging, resisting the aura of endless flames around him, Qin Chen has a feeling that the vast golden flames and black blood flames in front of him contain extremely terrifying power, as strong as the peak of the gods entering them. afraid

It will also be crushed to pieces and burned to nothingness. "This is a remarkable thing." Honghuang Zulong looked at the black blood flames in the sky, then looked at the vast golden ocean flames, and said: "This is left by an invincible strongman in the ancient times. Power compared to you

The flames are much stronger now. I thought he could live through reincarnation and go further than me. Now it seems that the old thing is probably gone, even more pitiful than me. "

Qin Chen heard a trace of emotion in the tone of the prehistoric Ancestral Dragon. He said lightly: "Let's go!"

"Shall we fly over?" Qin Chen couldn't help but said as he looked at the vast golden flame sea in front of him. "No, this place can't fly. If you really want to fly into the sky forcibly, the black and **** flames above will burn you out! This place is enveloped by invincible power, and it is difficult for anyone to fly over. We can only be Walk on the flames!" Hong Huang

Zu Long shook his head.

Hearing the words of Honghuang Zulong, Qin Chen couldn't help but try to fly. Sure enough, he was only a few feet away from the ground, and was suddenly suppressed by an extremely heavy force. He couldn't even fly up.

A world of curiosity.

Qin Chen was a little shocked, this world was shrouded by invisible power, even he couldn't move an inch, it was indeed very strange.

"Walking on the flames, this golden flame aura is so terrifying, if you are not careful, you will be burned into ashes!" Qin Chen said solemnly. "This golden flame is called the golden lotus fire of merit. As long as you don't deliberately provoke it, at least there will be no danger to your life. On the contrary, the black flame and the red flame are the extinguishing black lotus fire and the karma fire red lotus fire. A trace of life

Life is dangerous, so be very careful. "

Honghuang Zulong said so. Qin Chen heard that his figure swayed, and he instantly swept over the golden flame ocean. Sure enough, his feet stepped on the golden flame ocean, and his feet seemed to be stepping directly on a piece of soft, uneven cotton, billowing meritorious golden lotus fire. Blooming scary

The heat, but as long as you don't fall into this golden flame ocean, just stand on top of this flame, there won't be much danger.

"Let's go, there should have been a lot of people in this fire world, we have to get inside as soon as possible." Honghuang Zulong reminded. ,

Qin Chen nodded, shook his figure, turned into a streamer, and walked continuously on the waves above the golden flame ocean, as fast as lightning.

"It's amazing."

Qin Chen stepped on the golden sea of flames, perceiving the world around him. There were no other laws in this world, only the most pure aura of the laws of the fire system, which filled Qin Chen's mind.

"You have nihilistic karmic fire in your cultivation, but you can run the rules of fire to see if you can absorb these merits and golden lotus fire."

Honghuang Zulong said suddenly. Qin Chen's heart moved. In fact, he did not need to be reminded by Honghuang Zulong. He was already trying. The void karma fire in his body surged, and Qin Chen felt the breath of the golden lotus fire slowly entering his body. In, then

Melted into his nihilism.

It's just that after the power of the golden lotus fire of these merits enters the fire of nihilism, it will quickly dissipate immediately, and it cannot be preserved in the fire of nihilism. Flying all the way, Qin Chen kept absorbing the golden lotus fire of merits, but after a long time, Qin Chen realized that his void karma fire hadn't improved much at all, and all the golden lotus fires of merit entering his body were once again. Escape,

It seemed that Qin Chen's body was like a funnel.

It is impossible to preserve any merits of the Golden Lotus Fire.

"How is this going?"

Qin Chen frowned. "Your way of fire is still too weak to absorb the golden lotus fire of merit. Moreover, the way of fire in this fire world follows another path, but you are not without gain. The golden lotus fire of merit can Make your flame more

Adding purity, you seem to have not absorbed it, but in fact, your flame has already undergone some fundamental transformation. "

Honghuang Zulong said.

"Huh!" Qin Chen felt it carefully, "Really."

Although the aura of the Void Karma Fire did not become stronger, with the entry of the golden lotus fire of this merit, the Void Karma Fire seemed to be different, but Qin Chen couldn't tell what was different.

"Don't worry, you slowly absorb it, and you will know the changes in the flames in your body when you look back." Honghuang Zulong said with a smile.

Hearing this, Qin Chen became more interested, constantly flying through this golden flame, and at the same time constantly absorbing the power of the merit golden lotus flame, washing his own emptiness fire.

This sea of golden flames was extremely vast, and Qin Chen kept flying by here, and I don't know how long it took before Qin Chen finally reached the depths of this golden sea of flames.

That is.....

Qin Chen looked around. In the depths of the golden sea of flames, many powerful men had already gathered. A famous venerable stood proudly on the sea of golden flames. They all stopped, as if by something. To block the general.

And these venerables have different auras on their bodies, each of them is extremely deep, some pedaling on a huge boat, some standing in the air, each urging the treasures, floating above the golden ocean, with extraordinary aura.

Here, many of the venerables stopped and got together, staring at the front, as if they were discussing something.

Moreover, Qin Chen also saw a lot of earthly superiors here, and there were some top-level masters, all of whom were famous, but they all stopped here.

"They are..." Qin Chen was surprised.

"Hehe, they are blocked here. It is not so easy to cross this sea of flames and enter the depths of the fire world." Honghuang Zulong said with a smile.

"Is it here?" Qin Chen was puzzled. He quickly approached and attracted the attention of many venerables present. They looked over one by one. However, people often approached here, and Qin Chen approached here, many before seeing Qin Chen. The masters who had killed the Darkwalking Earth Venerable showed solemnity, and here, Qin Chen actually saw the King Kong Earth Zun of the Giant Rock Clan and the Ghost Zen Earth Zun of the Yin Buddha Clan.
