[Chapter 3941: Huoluan Shizi](#)

However, at this moment, Qin Chen was not in the mood to put his gaze on the bodies of the Vajra Divine and Ghost Zen, and his gaze stared into the depths of the fire world.

At this time, there were also a few venerables who came from nowhere. When they resisted this place, the venerables who had just arrived were shocked, their mouths opened wide, and they could not be closed for a long time.

In fact, no one who came here dared to come close to the front. All the people stayed on the surface of the golden flames, watching from a distance, they didn't dare to lean over.

When the Venerable who had been here for a long time saw that the newcomer was shocked, he couldn't help but smiled and said, "Be scared. I was scared when I first came.

If someone can observe this world, they will be shocked to discover that the ocean in front of them is not just the golden merit and lotus fire, but is divided into two colors.

One half is the golden lotus fire with golden light, and the other half of the ocean is the milky white flame, forming two distinct types. However, this is not a shocking place. The most shocking thing is that the two flames of different colors are separated from the place where everyone is standing, one left and the other right, connecting to the sky, and the sky is as dark as ink. The extinct black lotus fire and

The red lotus fire that looked like blood was connected one after another. The world-killing black lotus fire and the karma fire red lotus fire are also divided into two distinct colors in the sky. The four flames of different colors occupy four different directions, and they are connected together to form a cause in front of everyone. Four flames

And the world of horror evolved.

Moreover, these four kinds of flames kept rolling and surging, and that scene, I'm afraid it will be hard to forget in a lifetime.

When Qin Chen came here, for some reason, he actually felt the emptiness of karma in his body and shook it slightly, imitating what kind of attraction the Buddha was attracted to.

"Senior Honghuang Ancestral Dragon, are you bringing me here?"

Qin Chen sucked in a cold air, and Hong Huang Zulong brought him here. Is there chaos jade in this sea of fire? It doesn't look like it at all.

"Well, the depths of the fire world here are not the core of the fire world, but only the periphery. If you want to truly enter the fire world, you must pass through these four-color flame channels to truly enter the fire. The heart of the world."

"What kind of passage is this?"

Qin Chen was a little speechless, and the world in front of him was all shrouded in flames of these four colors, which was simply a sea of flames.

Moreover, if it were all merits, the golden lotus fire would be fine, but the flames here, there are also the world-extinguishing black lotus fire and the karma red lotus fire, such a flame, if it is contaminated with a trace, it will be instantly annihilated.

Who would dare to break into it rashly?

It is no wonder that so many venerables have gathered here, but no one dares to go deep into them.

Obviously, this is the end that everyone can reach, and it is extremely difficult to enter it again.

"Senior Ancestral Dragon, how can we enter the core of the fire world?"

Qin Chen asked in doubt, he believed that Honghuang Zulong brought him here, there must be a way to enter this fire world. "Hehe, there are natural ways, but you are not good now. You have already absorbed part of the golden lotus fire before, and then you need to absorb the milky white lotus fire, so that the flame in your body will get some transformation." Prehistoric

Zu Long said.

Purifying the white lotus fire?

Qin Chen looked at the white flame on the other side of the ground, and that should be the white lotus fire.

Qin Chen immediately walked towards the place where the white lotus fire was cleansing the world.

It's just that before Qin Chen walked far, a young Venerable approached him. This young venerable person was covered in red flames, and his body was filled with the aura of fire, and behind him, there was a shadow of a deity, as if a deity was protecting his way. When the fire is pulsating

At that time, the divine voice of heaven sounded, as if heaven preached for him.

When the young venerable saw Qin Chen, he folded his hands and said, "This must be the famous Long Chen brother."

Qin Chen glanced at the young venerable. The vitality aura in the young venerable body was not strong, obviously not big, but he was already the peak power of human veneration, and obviously should be a certain top inheritor of a certain clan.

"Your Excellency?" Qin Chen asked in doubt. This person was surging with demon energy, obviously from the demon clan. Since the previous demon clan's Shadow Charm Earthly Sovereign and Heavenly Wolf Earthly Sovereign had spoken for him, Qin Chen was not too good Too arrogant.

"This one is the Huo Luan son of our Demon Race!" a demon tribe's venerable said proudly.

The first son of Huoluan, is the top prince of the monster family, and also a famous genius of the monster family.

When many venerables nearby saw the two of them, many venerables were moved by them. Some people whispered: "Huoluan Shizi is drawing people to join their camp."

"That is Long Chen of the True Dragon Clan, and a fierce man. Even the Bone You Sovereign and the Ten Thousand Fallen Earth Sovereign of the Human Clan dared to smash. He also killed the Dark Walking Earth Sovereign of the Dark Night Clan before. Draw in."

"I don't know what's the matter with the son of Huoluan?"

Qin Chen said after taking a look at Huoluan Shizi. Huo Luan Shizi said lightly: "I think Brother Long Chen also thought of going to the other side of the sea of fire, but Brother Long Chen just came here, he should not know very well about this place, this sea of fire is so dangerous, easily break into it, and it will be wiped out in an instant. , Already before

Many people rushed out and fell into this sea of flames, and even the strongest of the earth could not get through it. Brother Long Chen wanted to go there alone, even if it is impossible, it is better to join hands and go together. "

"Really?" Qin Chen said lightly. He lacks interest in this kind of alliance. There are predecessors of the ancient Ancestral Dragon, and he has many ways to go.

I am afraid that the predecessors of the predecessor Ancestral Dragon have a deeper understanding of this place than the top powerhouses of the ten thousand races. "Brother Long Chen may not know yet. My Huolun clan has already united many masters. The True Dragon clan where Long Chen belongs is also related to my monster clan. As long as we work together, plus my Huluan clan is The orthodox royal family in the flame line of the monster race,

You can definitely reach the other side. "Huoluan Shizi lobbied Qin Chen.

At this time, many races on the field have formed alliances, and if they want to gather the strength of everyone to overcome the current difficulties, all races have formed their own alliances.

There are indeed many masters on the side of Huluan Shizi, because Huluan clan has an amazing understanding of flames, and there is a certain advantage in this flame world. Many people think that he may get through, so they allied with him.

Qin Chen slayed the Dark Walking Earth Venerable, who was also a master of the True Dragon Clan, and established a lot of prestige. This Huo Luan son was naturally willing to extend an olive branch to him. However, Qin Chen just smiled for Huoluan Shizi's lobbying, shook his head and said, "Huoluan Shizi has taken kindly, and I prefer to be alone."

[Chapter 3942: Goodbye prince](#)

Huo Luan's son still refused to give up, saying: "Brother Long Chen, as the saying goes, there are so many people and strength, and there is no one who can pass alone. Our alliance has our clan masters who can turn the tide and know the flames. Avenue is now

Feeling the burning sea and looking for a way to get through, why don't Brother Long Chen join hands with me? It will be beneficial for everyone to take care of each other. "

"Sorry, Long is not interested." Qin Chen rebuffed.

He has a great ancestor dragon, and he does not need to form an alliance. What's more, after forming an alliance, he will inevitably be restrained, which Qin Chen doesn't like.

"Presumptuous, Huo Luan Shi Zi personally invited you, that is to save your face, don't be shameless."

"Yes, who do you think you are? Huo Luan Shi Zi is in my monster race, that is also the top arrogant, and is expected to be in charge of fire in the future The Luan clan, who has achieved the existence of Tianzun, will inevitably become one of the top powers in the demon clan.

Is it for the sake of your real dragon clan, do you really think you have something great? "The true dragon clan, in the ancient times, was a member of my monster clan. I am considered to be a subordinate of my monster clan. In the future, I am afraid that I will have to accept the order of the son of Huolun. You join the alliance of the son of Huolun. In the future, your true dragon clan will merge into the demon clan,

Own Huluan Shizi covers you, but I don't know the kindness! "

Behind Huoluan Shizi, several monster clan masters said coldly, their eyes were cold, and when they didn't agree, they were murderous.

Huoluan Shizi remained silent, but did not stop. "Heh!" Qin Chen shook his head, thinking that this Huo Luan son was sincerely inviting him. Who knows, it's just because of his identity as the true dragon clan, perhaps, using his true dragon clan identity to break into the true dragon clan. Win the real dragon to join

The intention of his line.

In this case, Qin Chen naturally didn't bother to pay attention to the other party.

"Different ways, don't seek each other, say goodbye." Qin Chen didn't bother to pay attention to the other party, and turned to leave. Such an arrogant attitude made Huo Luan Shi Zi's heart dissatisfied. The Huo Luan clan is ancient and powerful in the Yao clan. Otherwise, there are so many powerful monsters in the Yao clan, and there are some masters in the earth. How can it be his turn to come to the pinnacle. To be the leader? Nothing more than

Because of his Huluan status, and he is also the descendant of the current Huluan ancestor. As the heir of the Huolun clan, as the heir of the Huolun clan, as a generation of ancestors, he has always been high above. The reason why he came to lobby Qin Chen today is because he heard that Qin Chen is strong and comes from the true dragon clan, Lian Ying Mei Di Zun and Tian Wolf Di Zun

They must be drawn together, otherwise how can a mere kid get into his eyes.

Unexpectedly, Qin Chen didn't give him any affection at all. He was too self-righteous. Huo Luan couldn't help but said in a deep voice: "Brother Long Chen, go out to rely on friends, Huo is really inviting you, is your Excellency a bit too shameless? "

"Long-winded!" Qin Chen waved his hand and said, "It's my business whether I want to join, please let me go. Long has no time to waste here!"

Huluan Shizi's face suddenly sank, and it was far more than just displeased.

"You ungrateful animal."

"Presumptuous, how dare to talk to Huo Luan Shizi like this."

"Things that do not live or die, really give you a face."

Among the monster clan, a famous expert walked out with murderous aura, and many monster clan masters stared at him, and there were even a few earthly superiors.

"This guy....."

In the distance, the King Kong Dizun of the Juyan Clan, the Ghost Zen Dizun of the Yinfo Clan and others all looked at here with a sneer, watching the excitement.

The ghost Zen Dizun looked at Qin Chen indifferently, but he knew that Qin Chen had the brace he wanted. If he could get that brace, he would be even more like a fish in this secret realm.

However, he also knew that it was difficult to kill Qin Chen on his own, but if Qin Chen clashed with other races, he could take advantage of it.

"Boy, you real dragon clan, you can also be regarded as the subordinate of my monster clan, so bold and bold, I don't want Huo Luan Shizi to bow his head and admit his mistake, kneel down and beg for mercy, offend my monster clan, do you want to die?!"

A demon clan senior came up coldly, his body surged with murderous aura.

"Human race boy, it seems that you are not very popular among these ten thousand races?" Honghuang Zulong teased in the jade disc of good fortune in the universe.

Qin Chen was speechless, "Senior Ancestral Dragon, this guy said that your True Dragon Clan is a member of his Monster Clan, aren't you angry?" "What's so angry about this? The True Dragon Clan is the True Dragon Clan, and the Monster Clan is the Monster Clan. , When all races have their ups and downs, I heard you say that human races and demons are in charge of the world. In the age of the ancestors, human races and demons were both small races. The real power is me.

These primordial beings, born from the cosmos, the primordial primordial beings born in Hongmeng Newborn, are prehistoric aliens, but now? Tell this world how many primordial spirits are still alive? Everything rotates, there is a law of birth and death, so be calm. "

Honghuang Zulong said lightly.

Damn, Qin Chen is speechless, when did this great ancestor dragon have this kind of consciousness? He thought he would be furious when he heard the people of the Monster Race say that the True Dragon Race was under the command of the Monster Race, so calm?

admire! The thought in Qin Chen's heart hasn't fallen yet, and the Honghuang Zulong scolds again, "But, this monster is indeed too brave, what is it, dare to say that my true dragon is controlled by his monster? , Human Race kid, kill me

He, Long Ye, I think this kid is very upset. "

Qin Chen sweated coldly.

Long Ye, you said it was calm.

"roll!"

Qin Chen raised his head, and said coldly to the Monster Race's Earth Sovereign, if it hadn't been for the Shadow Charm Earth Sovereign and the Heavenly Wolf Earth Sovereign to have helped him, he would have been too lazy to talk nonsense with each other.

"you wanna die!"

The Monster Race Earth Venerable's eyes froze, and the terrible murderous aura rose in his body. Behind him, a golden hair roared phantom, and he slapped it down against Qin Chen, obviously unable to hold back. Murderous.

Qin Chen's eyes were cold, just about to do something, suddenly--

"Hehe, Huoluan, when can you represent the Yaozu?"

boom!

In the distance of the sea of fire, a golden fire light suddenly surged, and then, a huge golden crow appeared, and with a bang, it shook the golden hairy roaring monster clan's place.

Whoosh whoosh!

A group of Yaozu masters followed, and the leading people were filled with golden flames. The core of them had the weakest breath. He was just a person, but stood at the forefront of the team.

"Prince Golden Crow?"

Seeing the person coming, Qin Chen was instantly stunned. This person was the Golden Crow Prince of the Demon Race's imperial tomb, the Golden Crow Prince of the Emperor's Mausoleum and the Little Demon King of the Ten Thousand Demon Mountain Range. The result, if it weren't for the **** cat to speak,

The Golden Crow Prince and Little Demon King were afraid that Qin Chen had already wiped out them. Unexpectedly, I actually saw Prince Golden Crow here today.

[Chapter 3943: Moss bird](#)

boom! Prince Golden Crow stood proudly in the sky, with a trace of the Venerable aura surging on his body. From this Venerable aura, Qin Chen vaguely felt some traces of the great avenues of Venerable Skyfire and Wanling Demon Venerable. Obviously, he tried in the heavens. Venerable Skyfire and All Souls

Demon Lord's Demon Fire Avenue still gave the opponent a lot of help.

"Imperial Tomb Jinwu Clan!"

The Golden Retriever Jade Earth Zun was flew out, his face was ugly, and he said in a low voice, with cold light flickering in his eyes.

"Why? Are you dissatisfied with my prince? It's just a golden retriever dog. Who gave you the courage to do something with this prince's friend?" The Golden Crow prince was very arrogant, and sneered at the golden retriever. Disdainful.

"You..." The Golden Retriever Jin Dizun's face was ugly.

"What am I? Go away." Prince Jinwu's eyes were cold: "Believe it or not, this prince gave an order to destroy your Jin Maoyan clan, what is it?"

The Golden Crow Prince said with a cold voice, the golden flames blooming on his body, really like a **** of flames.

The Golden Retriever Jian Di Zun was annoyed in his heart, but he dared not show it at all. He just looked angrily at the group of Golden Crow Princes in front of him, and retreated behind Huoluan Shizi. Reprimanded by the Golden Crow Prince, who was only a human being, the Golden Crow Clan did not dare to be dissatisfied, because he knew the terrible of the imperial tomb Jinwu Clan, that is the real top race of the Yao Clan in charge of the world, his own Golden Crow Clan. Also in Yaozu

It's a strong clan, but the Jinwu clan in the imperial tomb is really annihilation.

"Prince Golden Crow, what do you mean?"

Huo Luan Shizi was angry, stepped forward, coldly staring at the Golden Crow Prince, his expression unhappy, murderous intent blooming. "What's the meaning? Isn't it okay to see if you are not pleasing to the eye? Just you, assorted feather bird, is also particularly suitable to represent the demon race?" Prince Jinwu said with disdain: "This prince is looking at you? Unhappy, today this friend of the true dragon clan, I Prince Jinwu is settled, go away

."

"Prince Golden Crow, do you dare to stop me?"

The elder Huo Luan shouted and banged, and his body was blazing through the sky. Yo, a sharp roar soared into the sky, turning into a fire-luan soaring for nine days, releasing a roaring flame. In this sea of fire, it is really like a god. general.

"Cut, Miscellaneous Bird, you can breathe fire? I can't?"

boom!

Prince Golden Crow revealed his body, a three-legged Golden Crow standing proudly in the sky, and the Golden Crow was racing against the sun. The flame aura on his body was not weaker than that of Huo Luan Shizi. The scorching flame aura made him seem like a scorching sun.

"This...the Golden Crow Prince and the Huoluan Shizi have targeted them. These are the top races among the monster races. They are actually fighting here?" "This is too normal. The Golden Crow and Huolun races are both monsters. The key to the top strong clan is that both clans practice the fire system. They have been competing since ancient times until now. There has been such a flame secret realm here. As long as the fire system is strong, they will smell it.

The wind came, and it seemed that the Golden Crow had just received the news and rushed. "

"This is really... now this sea of flames has prevented me from waiting for so many people. These two clans are both powerful clans of fire. Can't they join hands to break through the shackles of the sea of flames?"

"Hey, let the Golden Crow and Huolun tribe join forces, it's harder than the human race and the demons join hands."

Many venerables around were talking about it. On the surface, the Jinwu tribe and the Huolun tribe fought because of Qin Chen, but as long as they knew something about the monster tribe, it was clear that this was entirely due to their own problems. Qin Chen didn't expect the Golden Crow Prince to stand out for himself. Although he had spared him and the Little Demon King of the Ten Thousand Demon Mountain Range under the words of the **** cat, Qin Chen now looks like a true dragon, this Golden Crow Prince. I definitely don't know him

of.

Rumble!

In the void, the Golden Crow and Huolun tribes looked indifferently. Behind the Golden Crow Prince and Huolun Shizi, there were earth-sovereign powerhouses rising up, and the flames bloomed on them. They were both top powerhouses sent by the two clans to protect them. Look at each other.

"How about? Miscellaneous bird, fight if you want!"

The three-legged golden crow stood proudly in the sky, evoking the billowing flame aura, as if it merged with the golden flame ocean formed by the golden lotus fire below, giving a strong shock.

"His Royal Highness, it is extremely unwise to confront this Golden Crow Clan here." Behind Huo Luan Shi Zi, an earthly respecter of Huo Luan clan reminded him, his face solemn. Huoluan Shizi's face was ugly, but he also knew that this place was indeed not a good place to resolve the conflict between the two clans, huh, he snorted coldly, glanced at Qin Chen coldly, and suddenly turned and fell down, with other Huoluan clan and monster clan. The master came to the golden fire

On the side, re-understand.

"Hey, Miscellaneous Bird is scared." Prince Jinwu sneered, but did not continue to provoke him, but fell down and came to Qin Chen.

"Boy, don't be grateful to me. To tell you the truth, I didn't confront this miscellaneous bird because of you. This prince just saw him not pleasing to his eyes." Before Qin Chen could speak, Prince Jin Wu said lightly.

"Did I say that I want to be grateful?" Qin Chen touched his nose, why hasn't seen him for decades, this Prince Jinwu has become more and more narcissistic?

However, he could also see that Prince Golden Crow did not recognize himself, otherwise it would not be this attitude. Qin Chen shook his head and walked straight to the other side of the ocean where the Jingshi White Lotus Fire was.

"Are the people of the True Dragon Clan have such a bad temper?" Prince Jinwu glared. Although he didn't intend to save the opponent, it is a fact that he repelled Jin Maoyan for the other party. This true dragon boy has this attitude?

"His Royal Highness, do you want to be a subordinate..." An earthly respecter walked up and said coldly. "Don't cause trouble, this place is very weird and it is of great benefit to my Jinwu people. We didn't

come to Vientiane God Store to cause trouble. It is the right way to seize the time to crack the secret here." The Prince Jinwu put away his frivolousness and became stable, and said lowly. ,

At the same time, he looked at Qin Chen's back in confusion, always feeling that something was wrong.

"Yes, Your Royal Highness." The Golden Crow clan powerhouse respectfully said. Seeing the Golden Crow Crown Prince staring at Qin Chen motionless, he asked in confusion: "Your Royal Highness?"

"It's okay." Prince Jinwu shook his head. For some reason, he always felt that Qin Chen in front of him had a very familiar feeling, as if he had seen it somewhere.

"I admitted it wrong, right."

He has never dealt with people from the true dragon clan.

"Unexpectedly this kid is so lucky. At this time, someone will help." Not far away, Gui Chan Dizun looked ugly, but he waited for Qin Chen to clash with the Huolun clan to take advantage of the fisherman's profit. Did not fight.

Under all eyes, Qin Chen walked towards the area where the Jingshi White Lotus Fire was.

"This guy..." Everyone who saw this scene stared at the Venerable. Does this true dragon want to enter the white ocean?

[Chapter 3944: Absorb the flame](#)

Many of the Venerables who came here first have already learned a lot about this place.

Many people know that in this ocean of flames, the golden flames are the mildest. As long as you are careful, it will not cause any harm to everyone present.

And the red and black flames are the most terrifying. They only need to be contaminated with a trace, and they will be directly burned into ashes. Before, some earthly respecters who did not believe in evil, touched a trace of two kinds of flames, and directly turned into ashes, unable to resist.

And this white flame is somewhere between the two. After someone touches the white flame, they fall on the spot, but some venerables who practice the fire system can resist some of the power of the white flame, under the white flame. Can survive.

Therefore, many people believe that the key to entering the depths of the sea of fire lies in this white flame.

But this white flame is extremely terrifying, and no one can perceive it, unless it is a strong flame race such as the Huolun tribe and the Jinwu tribe.

Before he knew it, Qin Chen had come to the edge of the Jingshi White Lotus Fire, and was already quite close to the Jingshi White Lotus Fire, and even the flames of the Jingshi White Lotus Fire could almost lick him.

Qin Chen's actions attracted the attention of many venerables, and many people looked towards Qin Chen. "What is he going to do?" But most people just stopped and watched from a distance. Like such a

terrifying ocean, not many venerables are willing to approach, let alone enter this white ocean. This is simply seeking a dead end. Huo Luan

The strong clan dared to come closer, trying to comprehend this white flame.

"Does this kid want to comprehend this white flame?" Someone couldn't help but guess.

"Looking for a dead end." Huoluan Shizi sneered, looking at Qin Chen from a distance. Even many masters of the earthly masters, such as the extraordinary powerhouses such as the earthly masters of ghosts, are watching Qin Chen from a distance. Many people want to cross this ocean of flames. Many people have tried it, but none of them. Success, some retreat, some

People fell here on the spot.

That is a restricted zone.

"Boy of the true dragon clan, that white flame is not like this golden flame. People who are not practicing the fire system cannot approach it rashly."

Upon seeing this, Prince Jinwu suddenly reminded him that although he had just arrived here, he naturally had channels to obtain information here, so he kindly reminded him.

However, Qin Chen ignored the Golden Crow Prince, but went straight to the Jingshi White Lotus Fire and sat down cross-legged at the junction of the golden and white flame ocean.

Hum!

A trace of the world-cleaning white lotus fire, attracted by Qin Chen, unexpectedly lingered towards Qin Chen slowly.

"This kid... is really igniting white flames."

Everyone sucked in air-conditioning, their eyes widened. This is too bold. Are you really afraid of death? Gui Chan Dizun's gaze flashed, his figure quietly moved forward, with excitement in his heart, he couldn't wait to see the scene of Qin Chen being burned to ashes, as long as Qin Chen died, he would take it away immediately. The storage space on Qin Chen

Time, and then leave here for the first time.

Regardless of what is in the depths of this flame world, in the eyes of Ghost Chan Earth Venerable, it is enough to get the wristband on Qin Chen.

Prince Jinwu shook his head. If this guy doesn't listen to advice, then he can't help it.

"Ok?"

But the next moment, everyone was surprised. After the traces of white flames lingered on Qin Chen, Qin Chen didn't have any accidents.

"This guy is okay.

Everyone was shocked, and then felt a trace of flame lingering from Qin Chen's body, and the son of Huo Luan couldn't help but be astonished and said: "This kid also cultivates the way of flame?"

Everyone was speechless, and obviously didn't expect a true dragon clan to practice the way of fire.

No wonder this guy dared to enter the ocean of white flames, because he had cultivated the way of flames.

At this moment, Qin Chen ignored other people's attitudes, but was completely immersed in it. The silky white lotus fire slowly surrounded Qin Chen, and began to linger in Qin Chen's body.

"This is the white lotus fire that purifies the world. This fire can purify the soul, the body, and even the flame. It is an extraordinary flame power." In Qin Chen's mind, the voice of the Honghuang Zulong rang.

Sure enough, after this trace of white lotus fire entered Qin Chen's body, Qin Chen felt that his soul and body had become pure, as if he had received some kind of washing.

This shocked Qin Chen. It should be understood that Qin Chen's body has undergone the washing of six reincarnation sword paths, and coupled with the genetic changes of the mysterious black stone stele in the Nether Galaxy, Qin Chen's body has been transformed to an extreme, but this pure white lotus fire is from another angle. wash

Purging Qin Chen's body gradually made Qin Chen's body become ethereal.

The power of the world-cleaning white lotus fire slowly penetrated into Qin Chen's mind where the void karma fire was. Qin Chen urged the void karma fire to try to swallow the power of the world-cleaning white lotus fire. "It's useless, the white lotus fire is more difficult to absorb than the merits of the golden lotus fire. Based on your current understanding of the way of fire, you can only use the white lotus fire to wash your body and soul, but you cannot absorb it into your body." Hong Huangzu Long said lightly, but he

Before the words fell, the eyes suddenly became round...

"how....."

The traces of clean world white lotus fire in Qin Chen's mind slowly poured into Qin Chen's mind, and merged with the emptiness of karma fire.

"Impossible, with your way of flame, it is impossible to contain the pure white lotus fire..."

Hong Huang Zulong's eyes were round and confused, and he murmured: "What's the matter? Why can this kid absorb the white lotus fire?" Qin Chen was also shocked. He could not absorb the golden lotus fire before. Qin Chen had no hope for this white lotus fire, but he did not expect that when he absorbed the white lotus fire, he originally blended into himself.

The golden lotus fire breath of merit in the unknowing fire unexpectedly aroused the power of the golden lotus fire of merit on the other side, causing the golden lotus fire of merit and the power of the pure white lotus fire to merge together and stay in Qin Chen's body. "What the **** is going on? Your Void Karma Fire can carry the power of the golden lotus fire of merit and the white lotus fire of purifying the world. It is impossible. Even the highest sky fire in the universe can hardly do this, you What is the fire of nihilism?"

Fusion of flames? "The Void Karma Fire is not a natural flame, but a fusion of several top flames. The fusion of different flames will also make the Void Karma Fire have different effects. Now Qin Chen's Void Karma Fire can actually absorb it. Merit Golden Lotus Fire and Net

There is only one possibility for the world white lotus fire, that is, in Qin Chen's nihil karma fire, there is a balance or flame that contains two kinds of flames. Qin Chen was also quite shocked when he heard the words of Honghuang Zulong. His eyes flashed, and a thought suddenly came up, muttering: "Could it be that..."

[Chapter 3945: Into the depths](#)

At this moment, what appeared in Qin Chen's mind was Qinglian Demon Fire.

If one of the many flames that Qin Chen constitutes the Void Karma Fire is related to this meritorious Golden Lotus Fire and the Purifying White Lotus Fire, there is only the Qinglian Demon Fire.

However, the Qinglian Demon Fire was only obtained by Qin Chen from the Tianwu Continent, and what did it have to do with this meritorious Golden Lotus Fire and the Purifying White Lotus Fire?

call!

The billowing merit golden lotus fire and the world-cleaning white lotus fire fused together, and two kinds of flames, gold and white, faintly bloomed above Qin Chen's void fire. The primordial ancestral dragon became excited, "Haha, well, I didn't expect you to absorb the merits of the golden lotus fire and the cleansing white lotus fire. Human race boy, I really underestimated you. It took a lot of time to enter the fire world, but now It's simple

."

"Did you see those flames floating in the distance?"

Honghuang Zulong suddenly said to Qin Chen.

Qin Chen couldn't help nodding. In the void of the sea of flames in the distance, from time to time, there were flames floating in the void. These flames were golden, white, black and red.

These flames floated out of the sea of fire of each color, floating slowly in the void. "There is a bridge for you to enter the depths of the fire world, but before that, you have to reach the floating flames."

Honghuang Zulong said solemnly: "You need to run the merits you just absorbed, the golden lotus fire and the net. World White Lotus Fire, along these two

The dividing line of the ocean of flames gradually approached, before reaching the four-color flames. "

"Go along the dividing line?" "Yes, remember, you must keep your balance, and you must not pour into the sea of fire anywhere, otherwise it will fall short and burn into nothingness on the spot, even Longye I can't save You." Honghuang Zulong's voice was solemn: "Now let's start.

"

Qin Chen took a deep breath, opened his eyes, and started to move forward slowly along the dividing line.

"What is that kid doing?"

"He is not going to enter the depths of the sea of fire, right?"

Qin Chen's actions once again attracted the attention of many venerables present, and everyone was dumbfounded.

Qin Chen's previous move to withstand the Jingshi Bailian Fire had already left many people stunned. They didn't expect Qin Chen to go deep into the fire along the dividing line.

Are you looking for death?

"Is this guy crazy?" "A former Feiyu clan cultivating fire system supernatural powers, relied on his amazing body skills, coupled with a strong understanding of the fire system laws, after feeling the white sea of fire for a while, Trying to fly over the sea of white flames into the depths, what is the result?

Didn't it turn to ashes? "

"Even though the true dragon race is physically strong, under this flame, it will also turn to ashes. It really won't die if you don't die."

Many people are cynic and speechless. In fact, before this, many people have tried various methods, some want to fly over, and some want to use treasures to rush over, but they are all the same, as long as they step into the depths of the fire, no matter who they are, no matter who they have What kind of treasure,

As long as you enter a certain range, you can't escape death.

After the failures of several venerables who practiced the Great Dao of Fire, no one dared to try to overcome the sea of fire any more, and they all wanted to find other ways.

Qin Chen looked at the flames floating in the depths of the sea of fire from a distance, then squinted his eyes, perceiving the two flames below, and walked in a little bit.

He believed that the great ancestor dragon knew about this place, and at the same time, after absorbing the merits of the Golden Lotus Fire and the Purifying White Lotus Fire, Qin Chen also felt that if he walked along this dividing line, it was indeed not dangerous.

Qin Chen took a deep breath, the aura of true dragon surging in his body, a flame of nothingness lingered around him, and a horrible flame aura spread out.

"He really is going to pass!" Seeing this scene from a distance, many venerables were suddenly upset.

"Can he succeed?"

Some people think that Qin Chen is dying, but there are also people who secretly hope that Qin Chen can succeed. So many people have tried and failed before, and everyone has almost despaired. If Qin Chen can successfully cross the sea of flames, at least it means that it is not impossible.

"Hmph, I don't know how to live or die, wait for a place to die!" Of course there are people who hope that Qin Chen will fail, and Huo Luan Shizi is one of them.

"Why is the flame aura on this guy a bit familiar? As if I've seen it here." Prince Jinwu frowned again.

Whoosh! Qin Chen slowly entered the depths of the sea of fire. Qin Chen felt a strong pressure instantly. It didn't take long to enter along the boundary line of the sea of fire. A more terrifying fire force came from both sides. Swept over

, More than several times stronger than the outermost force.

Suddenly, the dragon scales on Qin Chen's body seemed to be burning, and the whole person was to be burned.

However, at a critical moment, Qin Chen immediately urged the void karma fire in his body, and the power of the two terrifying flames lingering around was immediately balanced by the void karma fire in Qin Chen's body.

Qin Chen walked on the dividing line and kept going deeper.

One hundred meters!

Five hundred meters!

One thousand meters!

Ten thousand meters!

Such a distance is not a distance at all to the venerable, but here, Qin Chen has walked for hundreds of breaths of time.

At the moment of a stick of incense, Qin Chen finally came to the depths of the ocean of flames.

"What? This kid really went in?"

"impossible!"

Many venerables were surprised, and some even jumped up in disbelief.

However, the scene before him made everyone understand that Qin Chen really did it.

"Huh, next is the place where the four-color ocean merges. There is that black and **** flame. That's terrifying, and it's impossible to get through."

"He can only go so far."

After the shock, Huo Luan Shizi sneered.

Because, in the depths, the sea of four-color flames approached more and more, and the flames of various colors floated in the void, floating aimlessly, if Qin Chen continued to enter, they would inevitably collide.

Therefore, even if Qin Chen has entered a place deeper than outsiders, it is still useless. Qin Chen stopped here, then stared at the floating flames. These flames are like clouds. They are golden, white, and red, and deep black, floating in the sky and earth.

, There is no rule.

According to Honghuang Zulong, this flame is the only way Qin Chen can enter the fire world.

"Senior Honghuang Zulong, what should I do next?" Qin Chen asked. "Boy, you step on the golden flame, then the blood flame, then white, finally black, and then gold. If you proceed with this pattern, you can enter the depths of the flames." Honghuang Zulong said in detail. .

[Chapter 3946: Shocked Long Ye](#)

"Gold, blood, white, black?" Qin Chen muttered in his heart.

Since Senior Ancestral Dragon said this order, there must be his reasons.

Qin Chen stared to the front, and he saw the flames floating from there, with various colors, large and small, small like a jade plate, and large even like a house.

"Hey, what is this kid doing there? Don't you want to go inside?" Huo Luan Shizi sneered.

"Impossible, here is the limit. If you want to enter, you will inevitably encounter blood and black flames."

"Look, this kid will return soon."

Many people sneered.

"Human kid, do you see the golden flame in front of your left? Jump up."

Qin Chen silently calculated the clouds of flames in front of him, and at this moment, the voice of the Great Desolate Ancestral Dragon suddenly sounded in Qin Chen's mind.

Hearing this, Qin Chen didn't hesitate and jumped directly towards the golden flame.

"What does this kid want to do?"

Everyone was stunned. They couldn't fly at all in the range of the sea of fire. With this leap, Qin Chen would inevitably jump into the sea of fire and leave the boundary line, and once he left the boundary line, there was only one death.

"No, he wanted to jump on that golden flame."

Suddenly, someone exclaimed, seeing Qin Chen's purpose.

It's just that the golden flame is just a flame, can it hold people? Under the gaze of the crowd, Qin Chen leaped and fell directly on the golden flame. What shocked everyone was that Qin Chen sank suddenly and landed firmly on the golden flame. And that golden flame, unexpectedly slowly

Driving Qin Chen to the depths of the sea of fire.

"Damn it."

At the rear, everyone was stunned. In fact, it is not only Qin Chen that would think of entering such an idea by stepping on a flame. Someone had considered it before, but it simply didn't work. If you want to step on the floating flame, you must first go deep, but even Huo Luan

The strong of the clan can't get into the depths of the flame.

But Qin Chen did it. It was a miracle that shocked everyone.

Qin Chen stepped on the golden flames, and suddenly a terrifying force of golden lotus fire began to enter Qin Chen's body.

This power of golden lotus fire was nothing at first, but as time passed, more and more condensed in Qin Chen's body, causing Qin Chen's true dragon body to start to heat up, and even burn.

"If you can't hold on, jump on the red flame." The voice of the Honghuang Ancestral Dragon came, "A red flame is in front of you, but be careful, don't fall. Once you fall, you will definitely die. "

Qin Chen looked over, and indeed a red flame floated slowly. Qin Chen took a deep breath and roared, his body was filled with the aura of the true dragon, and his whole body leaped suddenly, swish, and jumped directly to the red flame.

"Is this kid crazy?"

Seeing this scene, everyone's expressions were astonished. Everyone could understand Qin Chen's actions before, but this red flame had a strong burning mood. Anyone who got a trace of it would be incinerated on the spot. Qin Chen was looking for death. ?

Under the gaze of everyone's eyes, everyone saw Qin Chen suddenly jump onto the red flame.

As soon as it fell on the red flames, a terrifying force of karma fire quickly poured into Qin Chen's body. With that terrifying flame aura, Qin Chen had an illusion that he was about to turn to ashes on the spot.

However, when this power entered Qin Chen's body, the flame power that Qin Chen had absorbed in the previous merit golden lotus fire gradually diffused out, and actually resisted the burning power of this karma-red lotus fire. "Boy, pay attention, the power of the golden lotus fire of this merit can only stop the power of the red lotus fire of karma for a moment. You must find the flame of the pure white lotus fire within ten breaths, and jump on it, otherwise, once the golden lotus fire of merit The power of disappearing

, Your physical body will be burned into nothingness on the spot. "Honghuang Zulong said solemnly.

"Really?" Qin Chen was puzzled, because he was shocked to discover that after the power of this karma red lotus fire entered his body, besides being resisted by the merit gold lotus fire, it was also absorbed by the void karma fire in his body. The power of silk industry fiery red lotus fire,

It doesn't seem to be as scary as imagined.

"I...day..."

At this time, Hong Huang Zulong also sensed the changes in Qin Chen's body, and couldn't help being dumbfounded.

"Boy, what the **** is the void karma fire in your body? Can even karma fire red lotus fire be absorbed?"

Hong Huang Zulong was almost speechless.

Based on his understanding of Qin Chen, Qin Chen's current cultivation base and strength are simply impossible to withstand the power of the red lotus fire, but in fact? This kid in front of him is actually absorbing the power of the red lotus fire, which is really a ghost.

Hong Huang Zulong instantly felt his dragon face hot.

What a shame!

This kid is simply a freak.

"You kid, you are more perverted than Longye I imagined." Honghuang Zulong said speechlessly: "You don't need to worry, at least within a hundred breaths, you will be fine, but it's hard to tell if it exceeds a hundred breaths."

Qin Chen also felt that although the Void Karma Fire could absorb the power of the Karma Red Lotus Fire, it could not be absorbed all the time. Once it exceeded a hundred breaths, it might be dangerous.

However, Hundred Breath of Time also gave Qin Chen a lot of leeway to observe the flames in front of him safely.

Not long after, a pure white lotus fire floated by Qin Chen, and Qin Chen swished and jumped directly on it.

The breath of the Purifying White Lotus Fire instantly poured into Qin Chen's body and was absorbed by Qin Chen. However, Qin Chen did not stay on it for long, and soon chose a World Extinguishing Black Lotus Fire to jump on.

boom! This world-extinguishing black lotus fire is as terrifying as the karma-fire and red lotus fire. A terrible world-killing power permeated, and Qin Chen almost burned on the spot, but at the moment when the power of the world-extinguishing black lotus fire surged. , The power of the Purifying White Lotus Fire previously absorbed

It resisted most of it, and the remaining small part was also absorbed and swallowed by the void karma fire in Qin Chen's body.

The primordial ancestral dragon is about to be stunned, and can even absorb the black lotus fire of exterminating the world. This kid... Not being able to stay for more than five breaths is the most dangerous link. It seems that Qin Chen will not be in any danger for at least three breaths.

risk.

In this way, Qin Chen kept jumping around on the flames. Because of the fire of emptiness, Qin Chen had enough time to calculate, and Qin Chen didn't have to worry about being in danger.

After a stick of incense, Qin Chen went deeper and deeper, and slowly disappeared in front of everyone. Beyond the fire, the other venerables were astonished as a wooden chicken, all petrified on the spot.

[Chapter 3947: Chaos Road Soil](#)

"Hey, I'm not mistaken, right? The real dragon guy really got inside?"

A middle-aged venerable pushed his friend beside him, his eyes were dull and unbelievable.

"You don't seem to be mistaken, I saw it too." His friend rubbed his eyes and his expression was a little dazed.

"How can he be safe from the red and black flames?"

"Could it be that the red and black flames in the depths won't hurt people at all?" The most unbelievable thing was Huoluan Shizi and others. They came here more than half a month earlier than Qin Chen, but what happened? Qin Chen, who had not been here for a long time, actually entered the depths of the sea of fire ahead of them, instantly making their faces fierce.

That's right.

However, Qin Chen's success also caused them to be beaten instantly.

"Elder Mu Luan!"

Huoluan Shizi instantly looked at an earth-zun of his Huolun clan. This earth-zun was sent by the clan to protect him. The cultivation base is extremely strong, and he has the most understanding of the golden and white flame ocean.

"Ok."

Elder Mu Luan nodded, his eyes were solemn, and according to Qin Chen's method, along the dividing line, gradually walked towards the depths of the sea of fire.

However, this elder Mu Luan was much slower than Qin Chen's speed. It took a full hour before he came to the depths of the sea of fire, and then his eyes fell on the floating flames.

"Gold, red, white, black..."

Elder Mu Luan whispered, he was extremely cautious when observing nature, and he remembered the color of the flame that Qin Chen had beaten before.

Although he didn't know why Qin Chen jumped on the four flames in this order, at least these four sequences were feasible and successful.

He stared at the flame ahead and saw a golden flame slowly drifting.

Whoosh!

A cold light flashed in his eyes, his figure shook, and he jumped up toward the golden flame.

In the distance, everyone's breathing was stagnant, and everyone opened their eyes wide, not even daring to breathe.

Elder Mu Luan jumped into the golden flame and stopped instantly.

It succeeded.

Everyone was ecstatic that this golden flame could actually stand up. Not only could the True Dragons stand up before, but they could also stand up.

At this moment, Elder Mu Luan saw a **** flame floating again and jumped up suddenly, standing on it again, and the **** flame didn't burn him.

This surprised everyone again.

However, before everyone was pleasantly surprised, Elder Mu Luan looked a little horrified, because he felt a terrible power coming from the blood flame, and he couldn't find the white flame in front of him for a while.

"Not good!" He exclaimed, his face suddenly changed, and then he jumped from the blood flame.

boom!

The moment he jumped up, his right foot burst into flames and was violently engulfed by **** flames.

"Ah!" Elder Mu Luan screamed, his eyes flashed fiercely, his right hand slammed, and his right leg was cut off with a chuckle, the whole person screamed in pain, his right leg Directly burned to ashes, and his whole person was behind

Backed, fell on the golden flame, and then fell to the boundary line of the sea of fire below, the whole body was sweating and painful.

However, fortunately, he acted decisively, he immediately jumped out of the blood-colored flame when he sensed something bad, and cut off his right leg immediately, otherwise he would be incinerated into nothingness.

"Elder Mu Luan!"

The son of Huluan exclaimed, Elder Muluan is the strongest earthly respect in their clan, but he didn't succeed?

"I understand!"

At this time, Prince Jinwu's eyes flashed, attracting everyone's attention.

"This flame can indeed carry people through, but the time on different flames is different, and the next flame must be found in the shortest time. If it is too late to find it, it will be burned into nothingness on the spot."

Prince Jinwu blinked his eyes.

And his words also made people ponder. After a while, one by one, it was really true. In this way, it seems simple, but it is actually extremely difficult. It must be surprisingly sensitive to the observation of these flames.

Elder Mu Luan still had good luck. At the periphery, if he had already entered the depths, he would not be able to retreat if he was not careful. There was only a dead end. This made the hearts of everyone sinking, but there were also some decisions. Many people bowed their hands to Prince Golden Crow, thanking Prince Golden Crow for his outspoken words. If Prince Golden Crow hadn't directly said it, it would take a lot of time for others to find this pattern.

Time and energy.

On the side Huoluan Shizi couldn't help but hate his teeth itch. It was obvious that the elders of his Huoluan tribe risked their lives and tried to come out. He even made Prince Jinwu a good person, which is hateful.

After this incident, everyone didn't dare to go deep, one by one, they felt the power of the sea of fire, and at the same time began to observe the law of this flame.

While these venerables were looking for ways to enter the depths of the sea of fire, Qin Chen kept beating on the flames.

With every flame, Qin Chen could absorb the power of some different fire lotus. Gradually, Qin Chen's, Qin Chen felt that his nihilistic fire became unusual, a chaotic aura, from the nihilistic fire. Slowly filled out.

This change made Qin Chen quite surprised.

This sea of fire was extremely long, and after about half a day, Qin Chen finally saw the end of the fire.

At the end of the sea of fire, it turned out to be a chaotic world, and there was no flame on the ground, but a chaotic earth.

Qin Chen stepped on the last black flame and came to the shore. After the flame approached here, it went out with a puff, and Qin Chen also instantly fell on the ground.

Suddenly, there was a loud buzzing sound, and Qin Chen stepped on the chaotic ground. On the ground, terrible chaotic auras surged, evolving into a stunning avenue, and at the same time, flame laws emerged.

Under Qin Chen's feet, a ruled road emerged, filling the depths of this chaos.

"where is this place?"

Qin Chen was shocked. His whole figure seemed to be integrated into the avenue. Chaos and his aura were combined. Every time Qin Chen took a step, the terrible atmosphere of the avenue of Chaos was lit up under his feet, like a bell in the morning and a drum, vast and rising.

In this chaotic aura, there were astonishing powers of various laws, which shocked Qin Chen like the origin of heaven and earth. "This is the land of chaos, and it is also a place of nourishment for a great road. It contains various laws of the universe's movement. When you step on it, the great road in your body will resonate with the chaotic road here and evolve." Hong Huangzu Long suddenly said: "Every avenue around you was not born out of thin air, but evolved according to the laws and avenues mastered in your body."

[Chapter 3948: Avenue barrier](#)

Qin Chen thoughtfully, he stepped forward, and suddenly, the sound of all kinds of great avenues pierced through, and the dragons and phoenixes all over his body were auspicious, evolving dao dao immortal chapters, setting him off like a god.

Moreover, the power of the Great Dao emerging from Qin Chen's body was too much, hundreds of thousands, brilliant and vast. It is true that there are too many laws and avenues absorbed in Qin Chen's

Book of Origins. Almost all the powerhouses killed by Qin Chen will be absorbed by Qin Chen's Book of Origins as long as they have the avenues, forming a chapter of civilization. , Just different

Dao and civilization are both strong and weak.

But here, they all showed up, all kinds of avenues were colorful, really like fairy sounds.

"How many avenues did your kid cultivate?"

The great ancestor dragon was still calm at first, but as Qin Chen deepened, the sounds of various great roads continued to reverberate, as if they had never been repeated, he suddenly became a bit speechless.

The universe is known as the Three Thousand Avenues. This Three Thousand Avenues is nothing more than an imaginary number. In fact, there are tens of thousands of avenues between heaven and earth, which cannot be counted.

However, the general martial artist would only choose a few kinds of avenues for cultivation. There are at least a hundred kinds of avenues for cultivation like Qin Chen.

"Boy, it's not that I said you. The practice of Dao Principles is not the better. You must be proficient in a few of them and practice them to the extreme. If you practice too much, you will only be greedy and not chew." Hong Huang Zulong is very true serious.

Qin Chen just smiled. These avenues weren't deliberately studied by him. They were collected by the Book of Origin and became his own avenues. In fact, Qin Chen didn't spend too much energy in practicing these avenues.

"Senior Honghuang Ancestral Dragon, is that chaotic jade bi in this chaotic earth?"

Qin Chen walked on the chaotic earth and looked around curiously. The depths of the fire world were such a mysterious earth that surprised Qin Chen.

"Chaos Jade Bi is here or not, I have not counted, but this is one of the places where Chaos Jade Bi may appear, so I have to come."

"Then where do we go next?" Qin Chen asked.

"You just need to keep going deep, I need to know something." Honghuang Zulong's tone is very heavy. Obviously, there are some things he pays attention to here, which is very extraordinary.

Qin Chen saw that Honghuang Zulong had said so, so he didn't say anything, just kept entering.

As Qin Chen deepened, the surrounding chaotic aura became more concentrated, and Qin Chen felt a trace of resistance on the principles of the Great Dao.

this is.....

Qin Chen was surprised.

"This is Chaos Dao Soil. Everything here is formed by the Chaos Dao and evolved into various laws and avenues. The deeper the chaos Dao, the stronger the atmosphere and the more it will suppress the

Dao." Honghuang Zulong explained: "Actually, this is a good place to practice avenues, because all your avenues will be manifested very clearly. Through the manifestation of your Taoism by the Chaos Avenue, you can clearly observe your Taoism. All kinds of

Questions and deficiencies, and to check the missing and fill the vacancies, it can be said that this is a magical place of spiritual practice. "

So amazing? Qin Chen was shocked. He carefully perceives the past, and sure enough, the manifested Dao, under the rejection of this chaotic aura, shows various patterns, various Dao patterns, Dao Zhang, Dao Qi, and Dao meanings. , Through these lines, Qin Chen can

It is clear enough to see where there is incompleteness in his avenue.

Some of Qin Chen's weaker avenues were first suppressed, and some mistakes and flaws appeared, while some of the more powerful avenues were still able to resist and performed quite satisfactorily.

"Amazing."

Qin Chen was shocked. This is really a treasure place for cultivating the Dao. It should be understood that after reaching the Saint Master Realm, the martial artist's understanding of the Dao will become difficult, especially in the later Saint Master Realm. It is necessary to be in harmony with Heaven. Hom.

As for the realm of the nobleman, not to mention it, and the realm of the earthly respect requires the formation of its own Dao realm.

It can be said that the farther behind and the improvement of strength, the perception of the principle of the road becomes more important.

If any force in the universe possesses such a treasure land, many powerful men can definitely be born, and given the other party a certain amount of time, it will surely become the top martial arts sacred land between heaven and earth.

"Senior Ancestral Dragon, how did this Chaos Dao soil form?" Qin Chen asked, if such a place can evolve from the outside world, he is still worried that the human race will not rise?

"I know what you are thinking, but the formation of Chaos Dao Soil is not so easy..." Honghuang Zulong said in a deep voice, and Qin Chen actually felt a slight lowness in his voice.

What happened to Honghuang Zulong?

Qin Chen keenly felt the other party's emotions, why suddenly became so low.

Rumble!

Qin Chen kept moving forward. Gradually, the aura of Chaos became stronger and stronger. In front of Qin Chen's eyes, even phantoms of the Avenue of Chaos appeared, making it more and more difficult for him to move forward.

When Qin Chen walked to a certain place, a barrier of nothingness suddenly appeared in front of Qin Chen's eyes, preventing Qin Chen from deepening.

"This is..." Qin Chen frowned. "The avenue barrier, this is Chaos Daotu's assessment of the entrants. If you want to go deeper, you must urge your own avenue to blast the avenue barrier in front of you. Only after blasting the avenue barrier, you can go deeper. The place."

Honghuang Zulong said.

Qin Chen's eyes moved, urging the road to smash the barrier? Boom, in his body, a rolling avenue surged out, randomly spurring a golden avenue, and with a click, the avenue barrier in front of him suddenly shattered.

"It seems easy!" Qin Chen said.

"Hmph, this is only the outermost road barrier, you will know the difficulty behind."

Honghuang Zulong snorted coldly.

Sure enough, it didn't take long before Qin Chen encountered the second road barrier.

"boom!"

Qin Chen urged the road again and smashed it to pieces.

Before long, Qin Chen encountered the third avenue barrier.

Then came the fourth.

the fifth!

The tenth!

This avenue barrier seems to be endless, and you will encounter one every some distance.

At the beginning, Qin Chen urged a avenue casually, and he could blast it open, but later, the barrier of the avenue became stronger and stronger, and Qin Chen needed to urge some avenues he was more familiar with before he could blast it open. .

And the deeper it gets, the more difficult it becomes.

When he reached the hundredth avenue barrier, Qin Chen was already out of breath.

"One hundred barriers on the avenue, your kid's understanding on the avenue does have some ways." Honghuang Zulong said in a deep voice, "but here is a hurdle, it depends on whether you can break it."

"is it?"

Qin Chen stared at the barrier of the avenue ahead. After previous experience, Qin Chen knew that ordinary avenues could not blast the barrier in front of him. A terrible sword intent surged out of his body. The Avenue of Swords!

[Chapter 3949: Create life](#)

Buzzing! At this moment, a powerful avenue emerged from Qin Chen. It was the avenue of swords. The endless sword aura slashed on the avenue barrier in front of him. He heard a fierce roar, and the avenue barrier in front of him continued. Tremor, boom

However, Qin Chen split a gap.

Splitting the road ahead weakened the aura oppressing Qin Chen, enabling him to continue forward.

"The Avenue of Swords, it seems that this is one of your strongest avenues." Honghuang Zulong said.

Qin Chen did not speak. The Dao of Swords was indeed one of his top avenues, but it was not the strongest.

After knocking open this barrier, Qin Chen continued to move forward. After a while, a barrier appeared again...

In this way, after Qin Chen's Sword Avenue smashed twenty-one barriers in succession, he finally could not smash new barriers.

"Space Avenue!"

After that, Qin Chen began to urge Space Avenue.

They broke open one after another, and then they also lost the ability to break open.

Then there is the Avenue of Time!

One by one, the avenues were constantly displayed from Qin Chen.

Then there is the Avenue of Thunder!

When Qin Chen smashed one hundred and fifty barriers, Qin Chen was completely exhausted.

The one that appeared in front of Qin Chen this time was finally not a new barrier. The road ahead suddenly seemed to have come to an end, and a land of steps appeared.

And above the steps.

Pieces of vast chaotic air surging, and in that chaotic air, there are unexpected chaotic figures flashing past.

"what is that?"

In front of Qin Chen's eyes, a series of floating phantoms passed by, beautifully stunning, which shocked him extremely.

"This is the origin of chaos!"

"The origin of chaos?"

"Have you seen the phantom of the streamer here? These streamers represent the rules of various chaos, the creatures evolved from the chaos."

Qin Chen looked at it intently, and as expected, these phantoms turned out to be heads of birds and beasts, surging in the chaotic atmosphere above this step.

Qin Chen was completely stunned. If it hadn't been for the reminder of the great ancestor dragon, he would even think that these were real beings, but unexpectedly, they were just creatures simulated by the chaotic aura.

"This, what is this place?" Qin Chen couldn't get back to his senses for a long time, and finally took a deep breath and asked the Honghuang Zulong incredibly.

Honghuang Zulong said: "A place of experimentation, there is an existence against the heavens who came out of Hongmeng, left his own feelings here, and regarded it as his own home, and then this place became a holy land in the universe. "

"Experimental place?" Qin Chen looked at the steps and the chaotic phantom in shock, "Are these avenues and these chaotic phantoms the result of his experiment?" "No, those are just the existence that naturally reveals itself? The breath, the breath that it exudes, has evolved into the Great Dao of Heaven and Earth, forming all kinds of chaotic things, and even I waited for these primordial creatures, chaotic creatures, to get

Power to it. "

Even the great ancestor dragon wants to get the power of the opponent, what kind of existence is this?

"Senior Honghuang Zulong, who is this?" Qin Chen looked at the world. I am afraid that there are countless avenues hidden in it. If you can comprehend all the avenues, I am afraid that countless people will be crazy about it.

Honghuang Zulong shook his head and said, "I didn't say that the other party was a human."

"not human?"

"You'll know when you go up. If you can get to the top of this step, you'll know. This is the answer I want to know." Honghuang Zulong said.

This made Qin Chen even more curious, what was the answer Honghuang Zulong wanted? Qin Chen did not continue to inquire. After spending so long with Honghuang Zulong, he understood the other party's temper. As long as the other party wanted to tell him, he would definitely say it, but if Honghuang Zulong didn't want to tell him, then no matter what Qin Chen did. Ask all

There will be no answers.

Step by step!

boom! Qin Chen instantly felt a strong chaotic aura pouring into his body. In this chaotic aura, Qin Chen even felt the aura of the opening of the universe and the birth of Hongmeng. This aura, and the soul of the ancient dragon chaos

The aura is very similar, but it is much purer than the Chaos Qi in the Primordial Ancestral Dragon.

More pure, more transparent. If the power of chaos on the Honghuang Ancestral Dragon carries his unique domineering aura of true dragons, then the aura of chaos here is too mild, and full of rich life force, making Qin Chen seem to see the entire universe. Newborn

, I saw the agility of life.

Originally, Qin Chen couldn't feel so much at all with Qin Chen's strength, but for some reason, Qin Chen had such a feeling.

Qin Chen stepped up on this step.

suddenly. Qin Chen stopped, and saw a little deer jumping up and down on the steps in front of him. The little deer looked at Qin Chen, a stranger who broke into this place. His clear and bright eyes moved and his ears rose slightly. Staring at Qin Chen curiously

, As if I had never seen a creature like Qin Chen before.

"Senior Honghuang Zulong, this is..."

Qin Chen was taken aback, how could a deer suddenly appear here?

"This is not a real deer, just a chaotic atmosphere."

Chaos?

Qin Chen took a closer look. The deer was taken aback by Qin Chen's actions, and hurriedly left. Only at this moment, Qin Chen felt that the other party was really not a life, but a breath of chaos. Out of existence.

However, this appearance was too real, and coupled with the chaotic aura everywhere, Qin Chen couldn't tell whether the other party was a real life for a while.

"Unexpectedly, it has already tried this step. If it is really successful, it is really against the sky, but it should have failed." Honghuang Zulong also shocked.

"What failed?" Qin Chen couldn't help but said.

"Create life." Honghuang Zulong sighed: "However, it was obviously unsuccessful. You can see from here. It used to make countless attempts but failed."

"Creating life?" Qin Chen's heart was shaken, what kind of existence was this? Does this exist in this world? At least, Qin Chen has a small world, and he can't create life at all. He can form mountains and rivers in the small world, but he can't create life at all. This is the result of the evolution of the universe. Unexpectedly, there is

Existence dared to do such a thing, if it is really successful, then what is it?

"This is too bad, this is something God can do!" Qin Chen muttered. "This is naturally against the sky, but it is also very dangerous, because it is against the universe and heaven. Even in our time, few people dare to do such a thing, God?" Honghuang Zulong sneered, "So-called Naturally, the 'God' could not do it. In our time, only it dared to do it, and it was qualified."

[Chapter 3950: It's gone](#)

Qin Chen is even more curious, what kind of existence can make Honghuang Zulong have such an evaluation!

Qin Chen continued to climb up the stairs.

A strong chaotic aura kept rushing towards his face, and Qin Chen madly absorbed it. The chaotic aura here was so strong that Qin Chen's body was full of the roar of the road.

Suddenly, a stronger chaotic air lingered, and in this chaotic air, Qin Chen felt an open sky power, which made Qin Chen feel excited.

"Unexpectedly, it left all such power."

Honghuang Zulong spoke, with a low voice in his voice.

"Senior Ancestral Dragon, what is this?" "This is a trace of its original power. If anyone can master it, he will be able to ascend to the sky and control the avenue in one step. Unfortunately, you are a human race and it is impossible to master it, let alone you. I can't grasp it, this is its origin, although it's only a billionth

A little bit of one is not easy to grasp, but you can feel this power. By the way, the group of little creatures in your space can also feel it, but whether it can be absorbed depends on their own destiny. . "

Qin Chen's heart moved. He knew that Honghuang Zulong was talking about little ants and little fire. When little ants and little fire were about to be released, they immediately surrounded Qin Chen with excitement. The spirit worm was also released by Qin Chen.

"Boss, so comfortable breath." Little Ant, Xiao Huo and Xiao Ling all excitedly said, huh, they took a deep breath, and this wave of power entered their bodies one after another, but the strange thing is that these After the power entered the little ants and little fire, little ants and little fire

Their bodies are like a funnel, flowing out one after another.

"How is this going?"

Qin Chen said in astonishment, Little Ant and Little Huo can swallow all power, this is the first time we have seen this situation. "They are not strong enough to carry such power, let alone them, even their ancestors, Hongmeng ancestors may not be able to carry it, because this power belongs to it and is unique, even me. Can't suck

Close, let alone them. "Honghuang Zulong smiled: "However, these little guys are not nothing, even if they are absorbed, they will all flow away. After all, they have left traces in their bodies, which will greatly benefit them in the future. Kind of benefit is your root

I couldn't imagine it, and even gave them the possibility of returning to their ancestors. I am very curious about whether these little guys can return to their ancestors and become real ancestors in the future.

"Huh, what's so great about the Hongmeng Spirit Worm, we must be even more powerful than the Hongmeng Spirit Worm in the future." "Little Ant and Little Huo muttered, sucking in the chaotic aura around them, but after these auras entered them, they flowed again.

It dripped out and couldn't be stored in their bodies at all, it was extremely magical.

Even Qin Chen tried to use the Universe Good Fortune Jade Disc to gather these special auras, and wanted to store them in the Universe Good Fortune Jade Disc, but no matter Qin Chen urged the Universe Good Fortune Jade Disc, these special auras could not be absorbed at all.

This made Qin Chen a little speechless. In this little secret realm of the Vientiane God Hidden, the shock of the Universe Good Fortune Jade Disc was a bit big, and Qin Chen was somewhat used to the Universe Good Fortune Jade Disc not being able to absorb it.

"It's useless, no storage space can carry such power, and your small world is the same, unless you can get the chaotic jade bib and transform your small world into a chaotic world, maybe there is a slight possibility." Hong Huang Zu Long smiled: "But you can also absorb these powers. Although they can't exist in your body, it is also good for you to undergo the baptism of such powers. These benefits will not appear on the bright side, but absolutely Will let you

Surprised in the future. "

Qin Chen immediately absorbed these powers, and as expected, after entering Qin Chen's body, these powers could not be preserved like Little Ant and Little Fire, and they flowed out one after another. Qin Chen had the explanation of the great ancestor dragon, but he didn't care much, but when the breath approached Qin Chen's mind, suddenly, it seemed that he was attracted by something, and the power around him turned toward him. In Qin Chen's mind

The fire of nihilism in surging over.

"this is....."

Qin Chen was shocked to see that the special chaotic power around him had not flowed out after entering his void karma fire, but seemed to have been completely swallowed by the void karma fire.

call! At this moment, Qin Chen's whole person is like a whirlpool, and the void karma fire is the center of this whirlpool. A large amount of chaotic aura rushes into the void karma fire crazily, and then disappears, and the void karma fire gives Qin Chen the feeling , Like becoming

More agile in general.

"Human race boy, on you..."

Such a terrifying vision made Honghuang Zulong stunned in shock. He just said that Qin Chen couldn't absorb it, but when he turned his head, Qin Chen was constantly absorbing the power of Chaos, which was too faceless.

In an instant, all the auras here disappeared, and they all entered the fire of nihilism. In the dark, Qin Chen felt that the fire of nihilism seemed to have undergone some transformation, but Qin Chen didn't know what it was.

"What kind of flame fusion is your nihilistic fire... why..."

Hong Huang Zulong looked at Qin Chen in shock.

"I don't know." Qin Chen was also a little shocked, he had a vague guess in his heart, but he didn't know whether it was true or not.

After the Void Karma Fire absorbed these forces, the steps in front suddenly became much clearer, revealing a passage directly above.

"Go, go up."

Hong Huang Zulong didn't care about being shocked, and hurriedly said to Qin Chen.

Qin Chen hurriedly stepped forward along this passage, pedaling, pedaling. I don't know how long the steps are. Qin Chen only knew that when he was tired of running, the steps in front of him finally came to an end.

Above the steps is a platform.

Qin Chen opened his eyes wide and looked at the center of the platform.

In the center of this platform is a chaotic air, which seems to be wrapped in the same thing, but the chaotic air is full of mist, and it is impossible to see what is inside.

"It seems that Chaos Jade Bi is not here, it has already left."

Honghuang Zulong sighed.

"it?"

Qin Chen was shocked. Could it be that the predecessors of the ancestors of the ancient dragon have tried to create life?

"Then... on the platform." Qin Chen moved in his heart.

"This should be something it left behind." Honghuang Zulong shook his head: "If it is there, maybe I will be able to get out of trouble, but unfortunately...Since it is not there, let's go, this thing is not something you can take. ."

As soon as Honghuang Zulong's voice fell, he saw the chaotic air in the center of the platform, suddenly as if he had sensed something, he flew directly towards Qin Chen.

"My day..." Honghuang Zulong's eyes widened suddenly.
