[Chapter 3951: Qinglian Industry Fire](#)

This group of chaotic air, bursting with brilliant light, flew towards Qin Chen quickly, as if attracted by some kind of attraction.

"Human race boy, this must be something in your body that attracts this thing. This is a great opportunity." Honghuang Ancestral Dragon looked excited.

Although he didn't know what was in this chaotic air, what it left behind was definitely extraordinary.

"Wow!"

I saw this ray of light surging rapidly toward the void of karma fire in front of Qin Chen, and entered the void of karma fire in a hurry, and then disappeared.

Is this emptiness fire?

Qin Chen was startled, he looked at the Void Karma Fire nervously, thinking that there would be some movement in the Void Karma Fire, but to Qin Chen's surprise, there was no change in the Void Karma Fire.

No... no more?

Hong Huang Zulong is also a little surprised, is this over?

"Human race boy, what has just entered your nihilism fire?" Honghuang Zulong asked.

"I do not know either."

Qin Chen was shocked, he really didn't see clearly.

Moreover, after this thing entered the Void Karma Fire, it disappeared in the blink of an eye, even Qin Chen, the owner of the Void Karma Fire, couldn't even perceive it.

Rumble!

When this thing entered the fire of nihilism, there was a sudden loud noise from the whole world, like the sky and the earth cracking, and the whole world seemed to sway. ? At the periphery of this void, in the direction of the sea of fire, the sea of fire of four colors is surging crazily at this moment, and the sea of fire suddenly emits extremely bright light, and the bursting power seems to be able to slaughter all gods and demons and destroy Heaven and earth

.

"What happened?" This sudden change shocked the Huoluan Shizi, the Golden Crow Prince and others who were in the boundary between the merit golden lotus fire and the pure white lotus fire.

At this moment, in this sea of fire, all the venerables who were crazily comprehending the power of the sea of fire and preparing to enter the depths of the fire world, all looked up at the sky in amazement, staring at the four seas of fire ahead.

Huhuhu!

Under the eyes of everyone, these four seas of fire are rapidly converging, spreading across the entire world, covering everything around them, retreating quickly, and disappearing at an astonishing speed.

"What happened? Why did the sea of flame suddenly disappear?"

All the sages were astonished, all of them dumbfounded, so fierce, afraid that they had existed here for tens of thousands of years. Why did they disappear suddenly in a few years? Could it be that what happened here?

After being astonished, all the venerable faces showed ecstasy. The disappearance of this sea of fire, for them, obviously meant that they could enter the depths of this world.

"Haha, go!"

A venerable exclaimed in ecstasy, shouted loudly, and swept toward the depths of the world for the first time.

"His Royal Highness!" On the side of Prince Jinwu, several masters looked at him. "Go, let's go in too." Prince Jinwu sighed. He was here before comprehending the avenue of the sea of fire. For other venerables, the disappearance of the sea of fire is obviously a huge benefit. You can enter the depths for the first time, but To the Golden Crow Prince

In terms of understanding the merits of the Golden Lotus Fire and Purifying the World White Lotus Fire, it is a huge gain in itself.

If he can stay here for ten thousand years, he will definitely be able to surpass the many masters in the clan under the control of the flame and become one of the top powerhouses.

While the Golden Crow Prince and the others entered the depths of the world one after another, after the four seas of fire disappeared, they instantly turned into four flames.

The monstrous sea of fire that originally shrouded the endless void turned out to be four fist-sized flame lotus flowers. The four refining flowers were in four colors of gold, white, black, and red. The four flame lotus flowers quickly entered the Great Avenue.

Above the steps. At this time, the roar between the world and the earth also made Qin Chen stunned, but he was not in the area of the sea of fire. He didn't know that the sea of four colors of flames that now filled the fire world had completely disappeared. Amidst the rumbling, Qin Chen suddenly raised his head and saw four tracks Streamer

Coming quickly.

"what is that?"

Qin Chen's face was astonished, and the next moment, four flame lotus slammed into the void of karma in front of Qin Chen.

"It's the four great lotus fires..."

Honghuang Zulong was dumbfounded, blurted out, God, what did he see? The four big lotus fires took the initiative to enter Qin Chen's emptiness fire.

At this time, the great ancestor dragon was going crazy. It was the first time he had seen such a thing when he grew up, and the whole dragon was shocked.

When these four lotus fires entered the flames of nothingness, Qin Chen's flames of nothingness turned into the appearance of a lotus flower, a breath of life, blooming above the flames of nothingness that looked like a lotus flower. .

"Qinglian Demon Fire?"

Qin Chen's eyes widened. At this moment, the appearance of this void karma fire was indeed similar to that of Qinglian Demon Fire, but it was completely different. At least that kind of aura was far beyond the original Qinglian Demon Fire.

It was like a green lotus blooming in the chaos, exuding a vast aura.

This breath made Qin Chen feel suffocated, and there was an illusion that he would burn to ashes instantly.

But in an instant, the aura above the Void Karma Fire quickly introverted, and gradually turned into a light blue color, like a green lotus blooming, becoming extremely flat.

But Qin Chen felt the terrifying power contained in the fire of this green lotus industry.

"Boss, the smell of this flame is terrifying."

Little Ant and Little Huo shockedly said that they were cultivated from the Qinglian Demon Fire, and even the flame nourished their existence for them, but the Qinglian Karma fire in front of them gave them a strong shock. feel.

Qin Chen urged the Void Karma Fire in a hurry, and he was relieved that the Void Karma Fire was still under his control. For a moment before, Qin Chen even thought that the Void Karma Fire would get rid of his control.

Qin Chen felt the flame in front of him, above the flame, Qin Chen actually felt a breath of life.

It seems that this nihilistic fire has life.

"Senior Ancestral Dragon, what happened to my emptiness..."

Qin Chen was a little confused, flame has life? How is this possible?

Although it is said that all things in the heavens and the earth have spirits, such as sky fire and other things, consciousness will also be born, but consciousness is consciousness and life is life. These are two completely different things.

It's like when we see a grass or a flower, although it may not be conscious, it is definitely life.

And like some puppets, some remnants are injected into it. Although they have a certain consciousness and can think, they will never regard the puppets as life. There was a feeling that life was born in this nihilistic fire in front of him.

[Chapter 3952: Enlightenment Principle](#)

"This... My ancestor is also not sure."

Hong Huang Zulong was stunned, and Qin Chen was a little dazed by the changes that had taken place in his emptiness.

"However, this should be a good thing, not a bad thing." Honghuang Zulong said.

If the thing in the chaos is what it left behind, then the benefits Qin Chen has gained are absolutely amazing.

Although it may not be reflected now, in the future, it will definitely be able to see the clues.

"Let's go, there should be nothing here now." Honghuang Zulong said.

Qin Chen nodded and tried to put this nihilism in his body, but to Qin Chen's shock, this nihilism was unable to enter his body for a while.

"Your nihilistic fire has undergone a transformation. Unless you sacrifice it again, it will be under your control, but it will never be taken away."

Honghuang Zulong instantly saw the clue.

Must be sacrificed again?

Qin Chen's gaze condensed, he obviously felt this too, after all, the emptiness in front of him had radically changed.

"If that's the case, then I will try again."

Qin Chen's eyes were burning, this emptiness of karma fire was his karma fire, still under his control, Qin Chen believed that he would surely be able to sacrifice again.

Immediately, he sat cross-legged on this high platform, and began to sacrifice the Qinglian Karma in front of him.

What Qin Chen didn't know was that when the four great lotus fires entered the fire of nihilism, countless sages had ascended to this world.

As soon as many venerables stepped on this land, they were shocked by the magic here. There were avenues everywhere, making everyone very excited, as if there were countless treasures waiting for them to dig.

However, all the venerables searched and searched, but there was no treasure at all. It was not until this time that everyone began to discover that there seemed to be no treasures here, and some were just the infinite and vast roads.

However, no matter how strong the venerable is, he can't understand the mystery of this world at a glance. After all, not everyone is like Qin Chen, with the ancestors of the great and wild, leading the way.

But those who entered this place, after all, are the top big clans of the demon race, such as the Golden Crow Prince and the Huoluan Shizi. Some elders behind them, after some discussion, immediately got a conclusion.

That is this place, it is a piece of Taoism, and it is a piece of Chaos Taoism, here, you can feel the power of the Chaos, and you can also make yourself amazingly transformed.

Moreover, any breath here is transformed by the avenue.

At this conclusion, everyone was shocked, and the news quickly spread.

"What, this is a piece of chaotic earth, you can feel the power of chaos, understand the world's top avenue?" All the young monks who set foot on this land could not help but be shocked.

"It's no wonder that everything here is derived from the avenue, it turned out to be like this." Many powerful people were excited, and many venerables began to try to comprehend this land, wanting to understand the chaotic avenue in it. The first to gain was the Golden Crow Prince, Huoluan Shizi and other Fire Dao Venerables. After Huo Luan Shizi felt for a moment, he was shocked and said: "It's amazing, there is the top flame Dao here, which is better than my Huo Luan. The ancestors of the clan Not weak. "

"The Avenue of Flames here is simply tailor-made for my Golden Crow clan!" The Golden Crow Prince also spoke in shock, looking excited. The two races were attracted by the avenues here, and they were deeply obsessed with it. Although they all have top avenue inheritance, they have benefited a lot from understanding the chaotic road in front of them. Therefore, they are by analogy, even in their own clan. Tao

Go further on the road. ?Prince Jinwu and Shiluan are from top-notch clan after all. Not only are they extremely talented, hardly anyone can match them, but they have practiced the top skills and avenues in the clan since they were young. Above the Lord,

So when they observe this chaotic land, they will soon gain.

Rumble!

The power of the rolling avenue filled the power of the two powerful people, as if they had suddenly realized.

"It's not limited to the inheritance of the Jinwu and Huolun tribes?" After the evaluation of the two tribes was passed out, everyone was shocked.

Countless sages all sat cross-legged one after another, and began to feel this world. The top avenue in the universe is evolving here, and there is a chance to feel it. What a shocking news. For everyone, what treasure is no longer important. If you can understand the chaotic avenue here, it is definitely end

Life has benefited a lot, and it is even expected to touch the Tianzun barrier in the future.

Isn't this the purpose of their coming to Vientiane Godzang?

Suddenly, no matter where it is in this chaotic Taoist soil, one or two Venerables can be seen everywhere, trying to comprehend the mystery of this world. ? But what is involved here is the Chaos Avenue and all the Taos of the universe. These avenues are integrated. If you want to gain something, you must peel off the cocoon and feel a little bit. Or, like the big clans like the Jinwu tribe, they have top avenues.

Then according to one's own avenues to fit, can you have a chance to get some gains.

Otherwise, it is not easy to understand the chaotic avenue here, even if it is not easy to snoop out a little fur, it is bound to be difficult. Many venerables stay here to observe the heaven and the earth, but the harvest is very little. On their way to observe and comprehend, although they can be sure that there is a great way between the heaven and the earth, they can even sense the way of the heavens in it, but think To be clear

It's harder to understand the mystery of the great road and go straight to the source than to reach the sky.

Many venerables did not give up and changed one place after another, hoping that they could learn a little from it, but no matter how many places they changed, they would have little gain.

Occasionally, there are a few strong people who have gained something, but only a glimpse of the fur, but despite this, they still benefit a lot and are deeply intoxicated.

"A genius is a genius, and the inheritors who are born in the top big clan are born in the big clan after all." Many venerables who hadn't harvested finally had to admire. ?Because at this time, the Golden Crow Prince and the Huoluan Shizi have already gained, and the world they have comprehended actually stretches, and the gods are wandering around, like a silky cocoon, a strand of Dao pattern emerges in front of them, and more of

The law of heaven and earth was imprinted in their bodies.

Firelights bloomed on them.

Seeing the gains of the Golden Crow Prince and Huoluan Shizi, any venerable could not help but admire them, and even a deep jealousy emerged. ? The same arrival at this place, but with different gains, naturally no one can remain calm.

[Chapter 3953: Treasure](#)

Although the Golden Crow Prince and the Huolun Shizi only caught one or two of them, they were ecstatic in their hearts. The other venerables didn't know what they were facing, but they already understood what they enlightened. Dadao

It's so simple, it doesn't even matter whether it is a top avenue, because this place involves the origin of their Flame Clan's cultivation, and they benefit a lot by analogy.

Even if they get nothing in the way of chaos, they can use the power here to get the inheritance from their ancestors faster and stimulate their own inheritance power.

"Om!" Just when many people envied the gains of the Golden Crow Prince and Huo Luan Shizi, the other end of this land suddenly burst into the sky, and the ray of light of the avenue was thrown high above the sky.

"What happened?" Many people were curious and rushed in that direction.

When many venerables rushed to the place where the light came out of the avenue, they saw a barrier in front of them.

At this moment, someone is moving forward in the barrier of this avenue, deepening inward.

"There is a road barrier here, and it seems that you can reach new places if you go deeper."

Someone exclaimed, explaining to the newcomers.

Suddenly, many people here were excited. They were here before and didn't find any treasures, but now they saw the barrier of the avenue, and they came to their senses one by one, maybe the treasure is in the barrier of the avenue.

For a time, many people were attracted over and began to break down the barrier of the road.

Moreover, even the Golden Crow Prince and Huo Luan Shizi and others were attracted over, and began to move forward with his subordinates.

King Kong Dizun and Ghost Zen Dizun and others also took action.

Suddenly, everyone was surrounded by thick road gods, bombarding the road barrier in front.

To everyone's surprise, after the avenue barrier was blasted open, there were new ones below, and the power of each avenue barrier was gradually increasing.

"This... must be some kind of test."

Someone is excited.

Otherwise, why the power of this road barrier is gradually increasing, which cannot be easily explained.

Many people are excited and keep moving forward.

In their opinion, once they pass the avenue barrier test, they will definitely have amazing gains.

Even if there are infinite treasures behind the barrier of this road, it is not necessarily true. Many people are hoping for it.

Boom boom boom!

The Golden Crow Prince and the Huluan Shizi brought many masters together, and their speed was obviously the fastest.

In addition, the other venerables also joined forces one after another. If they don't join hands here, even if they get the treasure, they will not have the chance to enjoy it.

Even Ghost Zen Dizun has found a team to form an alliance. Although everyone knows that each other has ghosts, at least everyone is in the same team. If you move forward alone, I am afraid that you will be far behind.

Of course, some people thought of Qin Chen who had entered here before, wondering where he went. At the beginning, they wondered if Qin Chen had entered the depths of the barrier of the avenue, but when they reached more than a hundred barriers, they all shook their heads. With Qin Chen alone, it was extremely difficult to enter the barrier of this avenue. At

.

With more than one hundred barriers on the avenue, the power has reached a very abnormal point, and everyone needs to work together.

Everyone kept moving forward.

Finally, without knowing how long it took, the team of Prince Jinwu took the lead in breaking through the 150th Avenue barrier.

"Finally passed."

Prince Jinwu was excited, raised his head, and saw a towering step in front of him.

boom!

After the team led by the Jinwu tribe passed, the team led by the Huolun tribe also passed the barrier.

go!

Prince Jinwu's face changed slightly. On this step, who knows what treasures are there, whoever goes up first will be able to take the lead. Who doesn't want to be the first.

Immediately, Prince Jinwu led his subordinates to climb up quickly, but Huo Luan Shizi was naturally unwilling to fall behind, his eyes fixed, and he started climbing for the first time.

And when this big force was climbing, the team behind was also anxious. Many venerables all united and made all of their moves, breaking the barrier and rushing up the steps.

"Look, there is a fairy medicine."

Suddenly, someone exclaimed and saw an immortal medicine growing here, with bright red fruits, and it even seemed to faintly emit a fragrance.

Suddenly a group of venerables rushed forward.

"Go away!"

boom! These venerables shot frantically and attacked each other, violently roaring through the world. One of the elders was the fastest. He came to the fairy medicine for the first time and picked the fairy medicine. However, his hand just touched it. This fairy medicine instantly turned into Chaos Qi

The interest dissipated.

"Where is the fairy medicine? Where did you go?"

Everyone was stunned, the immortal medicine that was still here just now disappeared.

"This is the Qi of Chaos, not the elixir, but the Qi of Chaos."

Suddenly an earthly statue of the Golden Crow clan spoke.

Turned by Chaos?

Everyone was stunned. But then, someone exclaimed again. Not far away, a bird flew by, and many venerables immediately shot. This time, everyone looked carefully. Sure enough, when a venerable caught the bird, this The birds instantly turn into chaos and dissipate

see.

"It's really transformed by the chaos."

These venerables were stunned.

The chaotic air evolved into lifelike lives, not to mention they had never seen it before, and they had never heard of it.

"This place is absolutely extraordinary!"

The strong said in a low voice.

This caused the enthusiasm of other people to rush up the steps one by one, wanting to see what treasures are on the steps.

If there are any treasures on this step, it must be extremely extraordinary, no small thing, I am afraid that even Tianzun will be crazy.

Whoosh whoosh!

In an instant, this group of people sprinted frantically. At this moment, at the top of the steps, the chaotic air surging from Qin Chen's body, his whole person has been integrated into this cyan flame. Around his body, the cyan leaves turned into flowers and bones, surrounding him. intermediate,

Born in chaos.

Rumble! Qin Chen felt the power of the venerable surging in his body. It was originally the cultivation base of the peak human being in the mid-term. Unknowingly, it has entered the late stage of the human being, and the green lotus karma fire is gradually being a little bit by him. Re-improvement, and his spirit

The soul merges together.

At this time, many venerables were already close to the top of the steps under the frenzied sprint. Although they were all panting, their hearts were hot.

"what is that?"

Suddenly, a venerable shouted and pointed to the top of the steps.

Someone had sharp eyes and saw a faint cyan light from the top of the steps from a distance, as if a treasure was born in it.

"A treasure was born." A venerable shouted, his expression excited. Suddenly, everyone's eyes heated up.

[Chapter 3954: Deceive too much](#)

At this moment, everyone was crazy. Looking at the cyan light on the top of the steps, where, the chaotic aura filled the sky, and the cyan halo that reflected the sky bloomed. This scene was too vast, and the chaotic aura exuding covered the sky and the sun, as if The sky can be covered.

The top treasure is definitely the top treasure.

Everyone was crazy, their eyes were frenzied, and they were about to rush upward. "Except for the Yaozu, everyone else immediately left here!" At this moment, a loud shout sounded, and there was an immediate commotion in the crowd, because the team led by Shizi Huolun, who was walking in the front of the steps, immediately blocked it. Stay up the stairs

Channel, people of other races are being expelled.

"Why?" The venerables of the other races were suddenly angrily. People like them finally came here, how could they leave so easily?

Many people looked at the Golden Crow Prince one after another, because they all knew that the Golden Crow Clan of the Yao Clan's imperial tomb and the Huolun Clan didn't deal with it. "Prince Golden Crow, this is a matter of opportunity for our demon race. The team of you and my tribe has already occupied a lot of power among the current sages. In the face of my demon race's chance, I think you should know what to do!" Huo Luan Shizi said lightly to Prince Jinwu

: "As long as I get this treasure, I can guarantee that you and I will have the opportunity to compete fairly."

Hearing this, the other sages present changed their colors.

Prince Jinwu flashed his eyes, there was a big sun flame in his eyes, smiled slightly, did not speak, but his refusal to speak was just an attitude.

Although the Jinwu and Huolun tribes cannot deal with each other, in the face of treasures and interests, both the human and the demons can cooperate. What is the impossible for him and the Huolun tribe to cooperate? The struggle of spirit is the most meaningless.

Feeling the look of the Golden Crow Prince, everyone's heart sank. Although the Golden Crow Prince did not speak, everyone already knew his attitude.

"The people of the demon race can stay, and all the others leave, that's right now!" The light on the high platform of the step order is getting brighter and brighter, and gradually more powerful demon races are expelling the venerables of other races.

"This is not the place of your monster clan." A strong ghost clan said angrily.

The ghost tribe can be regarded as a great clan in the universe, and they speak with such confidence. But before he could finish his words, he was thrown out by an earth veteran under Huo Luan's son. Bang, the strong ghost clan fell heavily on the steps, and several gourds on the spot nearly rolled off and burned. Flames, hurriedly

, Extinguish the flame, a little embarrassed.

"Vajra Divine!" The non-demon tribe's face changed, but there was still a strong ghost from the ghost tribe who said in a deep voice: "Vajra Divine, you are from the Giant Rock tribe, don't deceive people too much." "Hahaha, Although this seat is not a monster race, but a giant rock race, but at the invitation of Huoluan Shizi, this seat has promised to temporarily join Huoluan Shizi's team. If Rong Huoluan Shizi will not give up, this seat will naturally be Huoluan Shizi. Solve problems.

"The King Kong Dizun laughed and said, the golden light on his body flickered, and the Dacheng King Kong Eucharist urged to the extreme.

"Damn, you deceive people too much."

"What about deceiving people too much?"

As the sneer sounded, a strong man with Yin Buddha on his head came out, and the faint Yin Qi lingered and swept across his body, giving people a sense of horror like falling into hell.

"Ghost Zen Dizun!" The expelled Venerable couldn't help but sink in his heart.

Guichan Dizun is a member of the Yin Buddha tribe. In terms of fame, he is not under the Vajra Dizun, but he actually took refuge in the Huolun tribe. It's not just the Ghost Zen Dizun and the Vajra Dizun who came forward. In the crowd, there were also several prestigious earth-sovereign masters who came out, such as the Night Demon Dizun. It can be said that the Huluan Shizi plus the Golden Crow Prince This side already occupies a large part of here

Split the strength.

Shizi Huoluan's eyes flashed, staying on the strong man of the ghost race, and sneered: "The ghost race ants dare to make noise here, is it impatient to live?"

The face of the strong ghost clan became extremely ugly, even though it was so humiliating it was difficult to swallow, but he had no choice.

Even if the venerables of other races present were very dissatisfied and even felt angry, but the situation was stronger than the others, they could only swallow their anger into their stomachs.

Nowadays, everyone can understand that Huolun Shizi, Golden Crow Prince and the others want to monopolize the treasures on this high platform. It is probably impossible for others to take advantage of the treasures here.

The venerables of other races were very unwilling, but also helpless. After all, the strength of the opponent was there.

"Prince Golden Crow, this Huluan son has attracted too many people. If the treasure is obtained by him later, I am waiting to take the treasure from him, I am afraid..."

On the side of the Golden Crow Prince, a Golden Crow clan's earthly respect said in a low voice.

Because Huluan Shizi attracted many non-monster masters, the overall strength of Huluan clan team was obviously stronger than their Jinwu clan. "It's just a group of mobs." Prince Jinwu snorted, his eyes flashing coldly: "Let's watch the changes first. Although these guys have taken refuge in the Huoluan clan, they are just expedient to pass through the sea of fire. They are now for exclusive use.

Treasures, these guys naturally try their best to drive away the masters of other races for Huoluan Shizi, but once the treasure is born, what will happen, haha..."

Prince Jinwu gave a meaningful smile.

If Huoluan Shizi really thought that this ghost Zen, Vajra, and Night Demon willingly surrendered to him, he would suffer a big loss, and in the end, there would be a fight.

The Golden Crow tribe can not show up, and can get the benefits of occupying treasures. The Golden Crow Prince is naturally happy to see it.

As for turning over with Huolun Shizi now, that is something that an idiot would do. The geese have not yet gotten their hands, and they argue over cooking or roasting. Isn't that an idiot?

Rumble!

And at this moment, on the steps, Qin Chen's perception has been completely integrated into the green lotus-shaped flame. Qin Chen's first sky fire was the Qinglian Demon Fire, and later received the Youkong Ice Flame, the Great Sun Golden Flame, the Yin-Yang Soul Fire, the Zimei Real Fire, and even received rumors from the hands of Venerable Skyfire The supreme calamity of the Demon Race

And Heavenly Poison Danzun's top flame, Heavenly Poison Entropy Fire, these flames merged to form the Nine Nether Life Flame, which finally evolved into the Void Karma Fire.

Every step of the flame in Qin Chen's body was extremely difficult. It was unexpected that after a reincarnation, the void karmic fire in Qin Chen's body once again turned into a green lotus karmic fire, turning into Qin Chen's first flame.

However, this time the Qinglian Karma Fire in Qin Chen's body and the Qinglian Demon Fire in Qin Chen's body were already two completely different existences. All this is because the merits of the endless sea of fire, the golden lotus fire, the pure white lotus fire, the karma fire red lotus fire, and the world exterminating black lotus fire all merged into his void karma fire.

[Chapter 3955: A lotus](#)

Qin Chen didn't know why after these four flames merged, they turned into a blue lotus flame. But when this flame formed and was completely controlled by Qin Chen, Qin Chen's body suddenly exploded with a shocking atmosphere of chaos. That cyan fire lotus seemed to grow out of chaos, with a magnificent aura. Diffuse, possess

With a trace of life breath.

boom!

After this flame lotus was controlled by Qin Chen, it directly entered Qin Chen's soul sea, and under Qin Chen's shocked eyes, this green lotus fire actually took root in Qin Chen's soul sea.

As if rooted.

The misty chaotic aura and the aura of great fortune lingered, making Qin Chen stunned. Because, he can feel that this green lotus fire is truly rooted in his soul, taking root and sprouting, just like real life, unlike the previous void fire, although it is suspended in Qin Chen thought, but he could

Control at will and perform attacks. However, this green lotus seems to have become a real life, unable to be urged by Qin Chen. The only thing Qin Chen can urge is the cluster of lotus leaves surging on the green lotus. Cluster of green lotus karmic fires, these karmic fires continue to rise and fall, ups and downs

In the chaos.

A lotus everlasting!

Qin Chen's mind suddenly came up with such a sentence. Under the reflection of this green lotus fire, Qin Chen's body was also illuminated transparently, and his soul ascended to the sky with blue moon.

Whether it was the soul sea or the body, Qin Chen seemed to be washed, and the body was perfectly baptized by chaos.

As soon as Qin Chen raised his hand, a lotus flame bloomed in his hand. However, it was only a tiny cluster, which was obtained from the green lotus. It was just a trace, but there was a terrible feeling of burning the world. .

boom!

When this flame appeared, the blue sky was reflected in a green.

Rumble!

Qin Chen's endless chaotic energy was restrained, including the fire of the green lotus, all converged into Qin Chen's body.

And this scene also attracted the attention of countless venerables on the steps.

"The treasure is about to be born."

Everyone was excited, and it seemed that even the masters of the Huolun clan couldn't care about driving away the masters of other clan. They all looked up, and there was endless enthusiasm in their eyes.

"Swish swish!"

Huo Luan Shizi and others led the masters, one after another, to compete for the treasure in the chaotic atmosphere on the stage.

The aura from above shocked everyone, knowing that this treasure is absolutely extraordinary.

Below, the other venerables also quietly stepped forward, but did not dare to push too close, their eyes flickered.

Under the eyes of everyone, on the high platform at the top of the steps, the endless chaotic air dissipated, and a black shadow appeared like nothing.

"Coming out, coming out."

All eyes are fiery.

boom!

The Huluan Shizi's eyes were crazy, and he immediately grabbed and photographed the dark shadow in the chaotic atmosphere.

boom!

However, in the next moment, Huo Luan Shizi shot his hand in what manner, and flew out in what manner, and fell to the ground embarrassedly under the eyes of everyone.

"what?"

Everyone looked over in astonishment, Huolun Shizi also looked at the dissipated chaotic aura in amazement, and there was a figure slowly emerging there.

"I said Huo Luan Shizi, you failed to win me up before, why, now you want to pull me into your team? My son is not good at this, I advise you, or stay away from me."

When everyone was shocked, Qin Chen's figure appeared in the chaos and said lazily.

what?

Everyone was dumbfounded in astonishment, and in the chaotic atmosphere of the high platform that they thought was a treasure, it turned out to be this true dragon clan.

"When did this kid come up?"

Everyone was going crazy, all stunned.

They never expected that Qin Chen would be here, and, obviously, before they arrived, he was already here. So, what they always thought of as the treasure was this true dragon kid?

"wrong!"

Suddenly, everyone looked at the high platform. At this moment, the chaotic aura dissipated and everyone saw that there was a high platform behind Qin Chen, but now it was empty and nothing was left.

Could it be that.....

A guess floated from everyone's mind.

If there is no treasure on this high platform, they don't believe it, then the only possibility is that the treasure has been taken away by Qin Chen who came first.

Otherwise, I can't explain all this.

If this is the case, everyone is stunned, then the chaotic aura on Qin Chen's body is most likely left behind after obtaining this treasure.

For a while, everyone's eyes were frantic, but this time, their eyes were on Qin Chen.

"Prince." The master of the Golden Crow family obviously thought of this, and hurriedly looked at the Prince of the Golden Crow.

"Let's watch the changes first." Prince Jinwu said in a deep voice, his eyes flickering.

He is not an idiot, he can naturally think of what others can think of.

And the other venerables did not move forward to Qin Chen immediately, but all their eyes fell on Huoluan Shizi.

"The boy of the true dragon clan, I didn't expect you to be here." Huo Luan Shizi stood up, gritted his teeth and said, he was rejected by Qin Chen before, and this was a great shame, and he wanted to avenge him.

It's just that Qin Chen was protected by the Golden Crow Prince before, and he was a bit of a rat avoidance. Now seeing this scene, he instantly understood that this is the best opportunity to target Qin Chen.

"Boy, was there a treasure here just now? Say, where did that treasure go." Huo Luan Shizi said in a deep voice to Qin Chen. Before dealing with Qin Chen, it would be best if he could get the treasure.

"Treasure, what treasure?" Qin Chen looked at everyone present with a smile, and felt everyone's fiery eyes, Qin Chen smiled lightly: "I am here but I haven't seen any treasure." "You lie to ghosts." What? There is such a high platform here, how can there be no treasures?" Huo Luan Shizi roared: "Besides, there are no treasures here. What's the matter with the chaotic aura on you? Come on, do you sacrifice the treasures? Up, or

Ate it. "I'm practicing here, can I feel the chaotic avenue?" "Qin Chen said with a chuckle: "You should have felt the avenue here before. This is a good place to practice the avenue of chaos. Everyone has a rare opportunity. Running around is not good.

Why not come here in vain? "Boy of the true dragon clan, it seems that you are reluctant to say, practice and lie to ghosts?" There is really a way to heaven, you don't go, and there is no way to hell, you want to break in. "Huo Luan Shizi returned to his previous calmness, his eyes were cold and murderous said.

[Chapter 3956: So what if](#)

Seeing this scene, Gui Chan Di Zun's eyes flashed, and he was a little eager to try. He knew Qin Chen's power, so he didn't rush up by himself stupidly.

He was alone, afraid it would be difficult to deal with Qin Chen.

However, he has now joined Huo Luan Shizi's team. As long as he unites with many powerful players on the scene and jointly wins Qin Chen, it is definitely a breeze.

They were all the masters of the earth sages of all races, and they were very confident that they could hold Qin Chen alone.

Gui Chan Di Zun's eyes flickered, secretly calculating. Qin Chen took a lazy look at Huoluan Shizi, and said, "Hell? Where is hell? You dare to call it hell? What's more, even the seat of **** will kill him as well. I have to search for treasures elsewhere

Bei, there is no time to waste time with you here. "My Buddha is merciful!" "Before Huo Luan Shi Zi could speak, Gui Chan Di Zun suddenly gave a yin smile. There were Taoist Yin Buddhas appearing all over his body, and the sound of Buddha sounded all over his body, but the whole person exuded a gloomy breath, like a statue from the ground. Ghost

Buddha, when Yinyin smiles, it makes people creepy.

Moreover, Guichan Dizun is also known as a cruel person. I don't know how many people in the Yinfo clan mention his name, and they will be frightened. ?Gui Chandi respected Yin Yin with a smile, and said: "Friends of the true dragon clan, the old man kindly reminds my friends, Huo Luan Shi Zi has always been kind to you, and you will not do anything to you. You said that you did not get the treasure. Storage space

Come out, let Huoluan Shizi and I wait for a check. If there is really no treasure, I believe Huoluan Shizi will not embarrass you. "Otherwise, there are so many powerful people of all races here now, and you are one person. So many people have worked so hard to come here. If you don't see anything, let your Excellency leave safely alone, for fear of everyone. Isn't it happy in my heart?

"

The ghost said with squinted eyes.

Qin Chen's eyes were cold, and he looked at Ghost Chan Di Zun, while Gui Chan Di Zun looked at Qin Chen gloomily, staring at Qin Chen, without any fear or retreat.

Qin Chen instantly understood the purpose of this ghost Zen earth-zun. This was to use Huo Luan Shizi and so many people present to fight with himself to seize the virtual mirage bracers from his body.

"Don't you feel happy in your heart?" Qin Chen raised his eyelids, laughed, and said, "What if you are not happy? Why do you have to make you happy?" After saying that, he walked down the steps.

Huoluan Shizi gave a wink, and suddenly a group of strong men rushed up and blocked the way Qin Chen left.

"Your Excellency is embarrassed. If you don't hand over the treasure, I am afraid that you will not be able to go out alive today." King Kong said with a smile.

Qin Chen looked at the group of venerables who were blocking his way, then glanced at the many venerables of the ten thousand races on the steps, and smiled lightly. All the venerables present seemed eager to try. Some of them came from the top big clans and some Tribe.

"Really?" Qin Chen looked at Huoluan Shizi, and then at the Golden Crow Prince. On the side of the Golden Crow Prince, there were also some masters who came up and blocked the way down, obviously a little eager to try.

"Why, Prince Golden Crow, you have to make trouble with this seat?" Qin Chen ignored Huo Luan's son, but said with a smile at Prince Golden Crow.

"Brother Long Chen, I'm sorry, this place is too important. It is not my prince who wants to fight you. It is really a treasure at the moment. It is a matter of the future of the ethnic group. The prince can't stay out of it."

Prince Jinwu stepped forward and said with his hands folded. After all, Qin Chen was the first person to come here. Whether it was the boundless sea of fire before, or this mysterious chaotic road soil, as well as the special road barriers and the chaotic creatures on the steps, they all showed this world. Not ordinary, able to

The treasures appearing here must be treasures that even Tianzun must be moved by the heart, and the Golden Crow Clan also cannot be relieved.

"But Brother Long Chen, this prince has a suggestion." Prince Jinwu said in a loud voice: "As long as you are willing to hand over the treasures obtained here and divide it with my Jinwu clan, I can protect Brother Longchen. You can leave safely."

As soon as Prince Golden Crow said this, Huo Luan Shizi's face suddenly changed slightly, and he shouted: "Prince Golden Crow, you and I are both members of the demon race, don't make mistakes."

The Golden Crow Crown Prince ignored Huo Luan's son, but stared at Qin Chen: "What do you think of Brother Long Chen?" Their purpose of staying here is nothing more than to obtain the treasures here, but the strong here are like clouds, not to mention other races. Just being Huluan's son, his strength is not weaker than his own. If you have it, you can get it with no effort.

With the possibility of half a treasure, Prince Golden Crow was naturally unwilling to be an enemy of others.

As for Huo Luan Shizi and others who would take action against him after obtaining the treasure, the Golden Crow Prince did not fear in the slightest. He may not be invincible to the powerhouses of the ten thousand races present, but with his Golden Crow's background, there is no problem at all to protect himself.

"Hahaha, Prince Golden Crow, if this seat really got any treasure, it would be worth considering if it can be divided and given to you. It's a pity, I forgive you for not agreeing to this proposal," Qin Chen said with a smile. "Prince Golden Crow, you are kind to help others, you can see how others treat you." Huo Luan Shizi sneered: "This person is afraid that he did not put you in his eyes at all. It is better to join hands and kill him. As for Treasures belong, and then distribute them later

what? "

Prince Golden Crow was rejected by Qin Chen, and his expression was a little embarrassed. He claimed that he was already very sincere. If Qin Chen wanted to monopolize the treasure, then he couldn't blame him for being unjust.

"Never mind, capture this person first, as for the treasure, distribute it later." Prince Jinwu had already made up his mind with the burning sun in his eyes.

There is no doubt that Qin Chen has been driven to a dead end and has nowhere to go.

Huluan Shizi's determination to put Qin Chen to death is already obvious, and Qin Chen, a true dragon clan, no matter how powerful, is absolutely unable to stand alone against so many masters present.

"There is a dead end." The venerables of other races couldn't help being pitiful for Qin Chen, and in such a desperate situation, he had no choice but to obediently behave.

In such a situation, fighting against Huolun Shizi and the others would be a dead end no matter how much you resisted. If you were to capture the treasure and hand over the treasure, you might be able to save your life.

After all, the Yaozu still wanted to win over the true dragon. However, while many people present were sighing, many people were also secretly afraid. Huo Luan Shizi and his party were so aggressive. Now it is Qin Chen, and it may be them next, but the powerhouses of other races are also helpless. , In the front of the world, the Monster Race undoubtedly occupied absolute power.

[Chapter 3957: Slaughter](#)

However, Qin Chen smiled and said, "So, I seem to have no choice but to surrender?"

"True Dragon Boy, for your own good, it's better to catch it with your hands." King Kong said with a smile.

The ghost Buddha did not say a word, but the power of the ghost Buddha surged through his body, and a Buddha of the Yin Buddha began to appear between the heaven and the earth.

And that Ye Mo Di Zun was also incarnate in the dark sky, hiding in the void.

As for the masters of the Huluan clan, they blocked all parts of the steps. In addition, the Golden Crow prince of the Jinwu clan was also eyeing, leading the masters and guarding one side.

Not to mention that there are other powerful people of ten thousand races present, scattered everywhere, it is really like a net of heaven and earth.

"True dragon clan ants, catch them with your hands!" On the Huluan clan side inside the steps, a venerable person shouted: "If you dare to resist, you will kill you."

"Yes, if you dare to be an enemy of Huoluan Shizi, you have long seen you are not pleasing to your eyes. No matter who you are, as long as you offend Huoluan Shizi, you will die without a place to be buried." Infected by this atmosphere, many Huluan tribes will The sages who came down all followed and drank.

At this time, in the eyes of the venerables of the ten thousand races, Qin Chen is already the meat on the chopping board, and they are the butchers with butcher knives in their hands. Struggling in general.

"Long, you have time to catch it now, come and kneel down and beg for mercy to my son!" Seeing Qin Chen being forced into desperation, Huo Luan's son felt happy. Today, he must humiliate this true dragon ant, Snow shame!

Having formed such a powerful alliance, Huo Luan Shizi is full of confidence, and it will be easy to win Qin Chen.

Qin Chen glanced at the people with a smile, and slowly said: "I was in a good mood today, but unfortunately some people don't have eyes!" He paused when he said this. This is indeed the truth. Qin Chen has spent countless hard work and finally came here. Although he has never found the chaotic jade, he has realized the true meaning of chaos and obtained the four great lotus fires, which made his own void karma fire extraordinary. Metamorphosis

Such unparalleled gains made Qin Chen feel particularly good, but Huo Luan Shizi and the others did not know how to live or die, which broke his good mood.

If Huoluan Shizi, they knew how to advance and retreat, and Qin Chen's mood today would really not care about them, but Huoluan Shizi and the others really thought they were in control of the overall situation. "That's fine, some people don't know whether they live or die, that's nothing." Qin Chen squinted his eyes, looked at the many venerables present, laughed, and said, "Since you like looking for death so much, then I will fulfill you. Let this monster race's Huo Luan Yi

Pulse, one less heir! "

Qin Chen suddenly said such arrogant and arrogant words, the other venerables of all races in the presence couldn't help but stare at each other, while the master of Huolun clan stared at him glaringly.

"Things that do not live or die!" Huo Luan Shizi laughed wildly, and said, "I'm not ashamed when I die! Everyone, do it and kill him."

"Things that do not know whether they live or die, die!" Huo Luan Shizi's subordinates were already very angry. Huo Luan Shizi gave an order, and everyone suddenly became emotional and shouted, and they sacrificed their treasures mercilessly. Boom to Qin Chen.

They were happy to mutilate Qin Chen's body with a knife, or even blast him into meat sauce. They enjoyed the thrill of this slaughter very much.

boom!

The Vajra, the Ghost Zen, and the Night Demon also moved, but they didn't make the first move, they were just approaching, looking for opportunities, they were not in a hurry.

"Sigh." The Prince Jinwu sighed softly, but his figure followed, dormant in the void.

With a sound of "Zheng!" Qin Chen drew out the sword of a venerable under the steps, holding the sword in his hand, and the sword light suddenly flooded the sky. The terrifying sword light flooded the world like a vast ocean, as if there was a sky-reaching one. The stone pillars spread rapidly.

Roar!

On Qin Chen, the aura of the true dragon permeated out, and the mighty dragon was vast, and a huge phantom shadow of the true dragon appeared in the world, roaring in anger, the true dragon roared, the world collapsed, and everything was up and down. On Qin Chen, a piece of scale armor emerged, sharp claws, he held a sharp sword, held it high, the dragon energy surged above the sharp sword, turning into a river of sword energy, and this river of sword energy quickly merged in Together, turned into a huge sword that stretches through the sky, like

The Tianzhu was like a pillar, and he smashed down against the many masters of the Huluan clan below. With a roar, the endless sword aura permeated, and instantly shattered all the treasure attacks that rushed towards Qin Chen. The sword light penetrated the endless void directly, and directly penetrated many of the venerables who shot them. All of his subordinates are nailed

On the ground, as the sizzling sound rang, the sword light continuously cuts through their bodies, eliminating the power of the nobleman in their bodies.

Puff puff!

A stream of blood spurted out, instantly turning this place into a **** of corpses, a sea of blood.

As soon as Qin Chen made his move, it was his powerful sword avenue. The terrifying sword intent was permeated, such as six reincarnations, with killing and destruction, combined with the terrifying true dragon aura unique to the true dragon family, so that everyone could see The Venerables are all afraid.

"Ah!" The screams came and went one after another. Under this sword, dozens of venerables were directly penetrated, either dead or seriously injured, lying on the steps, blood shed all over the ground.

Seeing this scene, I don't know how many people shuddered and their whole bodies were terrified.

"Trendy boy, I want to tell Lord Long, I should have done it a long time ago, and have been hailing with them for so long." Among the jade discs of good fortune in the universe, Honghuang Zulong said with disdain.

All the masters on the scene were also stunned. Qin Chen blasted back more than a dozen experts with a single sword. Such strength was frightening.

Although the masters of the earth-zun on the side of Huluan Shizi have not yet started, when such a picture is still creepy.

"Kill this little beast!" When Huo Luan Shizi saw this, his face became extremely ugly. He didn't expect that so many of them surrounded Qin Chen and asked Qin Chen to kill a few first.

"Kill!" The many venerables on the steps roared, and with a roar, dozens of powerful men rushed towards Qin Chen.

Many of them are members of other tribes who have taken refuge in Huoluan Shizi, because they want to obtain treasures and must exert more effort to get Huoluan Shizi's reward.

Among these powerhouses of various races, among them, there are extraordinary masters of the earthly respect.

"It seems that we are going to kill them." Qin Chen smiled faintly and slashed at them mercilessly.

Hum!

On Qin Chen, the spatial domain was suddenly released, covering this void. In addition, the Void Mirage Bracer also appeared, and under Qin Chen's urging, the chaotic energy on his arm soared into the sky and merged into the sharp sword.

[Chapter 3958: Three secret methods](#)

"Zheng!" Jianming nine days, this sword is supreme and unfeeling, just like the supreme sword above the nine heavens, cutting down with a sword, killing all the mortals, leaving nothing, the supremacy, the lore and ruthless.

Roar!

Moreover, in this sword, a real dragon emerges, representing the artistic conception of a real dragon, as if there really is an ancient real dragon, stepping out of the prehistoric cosmos and slaying all directions.

"Puff!" The sword swept across, and the scene was extremely spectacular. Heads flew out one by one, and blood spewed up, like a fountain, and the sky began to rain blood. After these heads fly far, far away, you can still see your body, you can see the high blood spurting out of the neck, and these heads roll to the ground, and a pair of eyes are wide open. I didn't even watch it when I died.

Know what this sword looks like.

Everyone was shocked by this scene, killing dozens of people with one sword, and the blood sprayed on the ground gathered into a river, which flowed to the lower part of the steps and dyed the earth red.

"This Human Race kid is obviously a Human Race, but the real dragon mood on his body is not trivial. I am afraid that he understands the real dragon mood better than some real dragon masters."
Honghuang Zulong muttered.

Qin Chen's blow just now really stimulated the power of the dragon soul, and evolved a true dragon flying into the sky, which was definitely not something that ordinary true dragons could display.

This must be an artistic conception that can evolve by comprehending the ancient real dragon and understanding the artistic conception of the true dragon family to the extreme.

"Arrangement!" Huoluan Shizi's complexion changed drastically when he saw that the Ghost Zen Dizun immediately sacrificed a formation flag, which was the Brahma Ten Thousand Buddha Flag. Boom, the formation flag was flaring in the wind and fluttering in the wind, turning into a Yin Buddha, instantly shrouded this world.

"Night is coming."

Ye Mo Di Zun also gave a gloomy sneer. Suddenly, the billowing dark aura covered the sky and obscured the sun, and it instantly merged with the Yin Buddha formed by the Brahma Ten Thousand Buddha Flag, turning into a billowing pitch black sky.

The entire large array of ghosts was full of ghosts, but there was a loud Buddha's name in it, and the Buddha's light was even more emitted.

Such a scene makes people feel chills in their backs, as if a ghost and Buddha crawled out of hell.

In fact, there are ghost Buddhas. One after another Yin Buddhas with a halo on their heads appeared in the formation. They sang and sang the Buddha's name there, forming a huge Yin formation.

"The Brahma Ten Thousand Buddha Banner of the Yin Buddha Clan, and the Supreme Night Demon Secret Array of the Night Demon Dizun!" Someone recognized these two large formations, and couldn't help shouting. On the steps, the complexion of the other patriarchs of ten thousand races suddenly

changed, and they immediately hid away. The legendary Brahma Ten Thousand Buddhas Banner is an extremely evil formation flag. It is a method of fame of the ghost Zen, which can evolve Yin. The Buddha was born, shielding the six senses of man,

Make people fall into sinking, unable to escape.

As for the Supreme Night Demon Secret Array, it is the top killer of the Night Demon Earth Lord. It is rumored that once trapped in this formation, even a living person will be refined into a Night Demon puppet.

These two great earth sages, one shot is the strongest method, it is creepy.

And next to Huoluan Shizi, the two Huolun clan's earth-sovereigns were also guarding aside. The fire of Huoluan was surging on his body. These flames turned into a large array of flames and moved towards Qin Chen. Surround Qin Chen.

At this moment, Qin Chen was on the high platform at the top of the steps, unable to retreat at all. Moving forward, he wanted to enter the big formation.

The three secret methods, the three top methods, if Qin Chen were really trapped inside, it would really be a net of heaven and earth, and it would be impossible to escape.

"Hahaha, the real dragon boy, just wait to die obediently." Huluan son laughed loudly.

When Prince Jinwu saw this, his expression changed, and he shouted, "Do it."

boom!

A group of masters of the Golden Crow tribe also jumped out one after another.

Because the Golden Crow Prince and they all knew that if Qin Chen really fell into this big formation, he would become something in the Huo Luan clan's pocket, and the treasures here would probably not have his Golden Crow's share.

"Prince Golden Crow, why should you be so anxious?" Huo Luan Shizi said in a deep voice when his face changed.

But Prince Jinwu ignored him, just stared at Qin Chen. Facing this treacherous scene, Qin Chen smiled faintly, and suddenly smiled at the killed Golden Crow master: "Prince Golden Crow, go back quickly. A senior asked me to bring you a word. After the blood is activated, Is the ancestor of Dijun satisfied?"

"

This unending sentence made Huolun Shizi and the others all stunned. What is this kid doing? Do you have a relationship with the Prince Jinwu?

It's ridiculous, don't say one is the Golden Crow clan, the other is the True Dragon clan, even if it is among the same clan, facing the treasures of this place, I am afraid that it will be mentioned in the same room.

However, when Qin Chen's words fell, Prince Jin Wu was shocked, his face suddenly changed.

"What are you talking about?" He looked shocked, and said aloud.

"Hehe, that senior, who claims to be Senior Cat Sovereign, let this seat take him to say hello to your Excellency." Qin Chen smiled lightly.

"Cat... Senior Cat King..."

boom!

Prince Jinwu's body shook, as if he was struck by lightning, his action towards Qin Chen stopped suddenly.

"Golden Crow people, stop me."

Prince Golden Crow said to the master of the Golden Crow clan next to him.

"His Royal Highness."

"Did I say stop hearing it?"

Prince Jinwu gave a cold cry, and then said solemnly to Qin Chen, "Your Excellency and Senior Cat Sovereign?" At this moment, the turbulent waves were already in the heart of Prince Jinwu, because he remembered the time when he tried in the heavens. The Little Demon King of the Ten Thousand Demon Mountain Range failed to compete for the inheritance of the Heavenly Fire Venerable and the Wanling Demon Venerable.

At the critical moment, Lord Cat Sovereign spoke and spared their lives.

The most important thing is that Lord Cat Sovereign also awakened the blood in his body for him and the Little Demon King, motivating the innate and supernatural powers of the Jinwu Clan in the imperial tomb. After returning to the imperial tomb, he was retreated and slept for countless years. The ancestors summoned.

Since then, he has become the heir of the current Golden Crow from an ordinary Golden Crow prince, and has obtained countless resources to become the Lord.

Otherwise, even though he called the Prince of the Golden Crow, their clan is actually like a master. There are also many brothers and sisters in the clan who have the blood of the Golden Crow. Why would the clan let him come to this Vientiane God Treasure and send him to the clan? The elders follow.

Everything is because of the gift of the cat king.

Now that he heard the news of the predecessor of the Emperor Cat from the real dragon population in front of him, how he is not excited, he must ask the real dragon in front of him to understand.

"It doesn't matter, Senior Cat Sovereign, it's just a relationship with this seat, so, for the sake of Senior Cat Sovereign, you can retreat."

Qin Chen said with a light smile, but a cold light flashed deep in his eyes.

In fact, he wanted to kill the Golden Crow Prince. It was not that difficult. In the heaven trial, he had left the dark soul light in the Golden Crow Prince. As long as he was induced, even if the Golden Crow Prince

broke through the realm of the nobleman, he would be hit hard. . However, for the face of the **** cat, Qin Chen didn't want to destroy the Golden Crow Prince.

[Chapter 3959: Strong break](#)

Prince Golden Crow was also considered to have some connections with Qin Chen, so Qin Chen was willing to give the other party a chance, but didn't know if the other party was willing to seize it.

If it was the Golden Crow Prince, he still had to do something to himself in this situation, then Qin Chen wouldn't mind. He would eat roasted Golden Crow today.

Prince Golden Crow stood proudly in the sky, full of the sun's fire, billowing golden flames soaring into the sky, and the burst of momentum swept through the nine heavens and ten places, shocking the eternal sky, but he was motionless, as if he was sluggish. Under the breath of the vast sun, the venerables of the ten thousand races were shocked. Although they didn't know what Qin Chen and Prince Jin Wu meant, the actions of Prince Jin Wu after Qin Chen spoke made everyone understand. The real dragon

The predecessor of the Emperor Cat whom the boy said is definitely a person who has a huge influence on the Golden Crow Prince and even the Golden Crow. Even Huluan Shizi's eyes were uncertain, and his heart was cold. He thought carefully, but he couldn't imagine, what kind of master among the monster race, who is called the predecessor of the cat king? Is it a master of the Nine Lives Cat Clan? But even the Nine Lives Cat Clan is the emperor

Clan, but at most similar to his Huolun clan, it is impossible to affect the Jinwu clan of the imperial tomb.

"His Royal Highness."

Behind the Golden Crow Prince, the two Golden Crow tribe's earthly superiors reminded in a deep voice that they stared at Qin Chen fiercely, unable to hold back.

"Get out!"

Prince Jinwu said in a deep voice. He looked at Qin Chen and took a deep breath: "This prince looks at the face of Senior Cat Sovereign. He withdrew from the battle for treasures here and turned around to say hello to Senior Cat Sovereign."

After finishing speaking, the prince Jinwu took the master of the Jinwu tribe and turned and retreated directly to the lower step, standing with the other powerful men of the ten thousand races.

"Your Excellency, if you need my Jinwu Clan's help, just speak up, and I can block the Huolun Clan master for a moment."

At the same time, the voice of Prince Golden Crow rang in Qin Chen's mind.

"Then I would like to thank Prince Golden Crow for his kindness, but I don't have to." Qin Chen said in a light voice, this Prince Jin Crow was really interesting.

Seeing Qin Chen's refusal, Prince Jinwu didn't force it.

"Master Huoluan Shizi..." On the Huoluan clan, many masters looked at Huoluan Shizi.

Huoluan Shizi sneered. Since the Golden Crow Prince was willing to withdraw from the fight for Qin Chen, it was undoubtedly good news for him. As for the reason for the launch of the Golden Crow Prince, he didn't bother to bother about it.

"kill!"

Huoluan Shizi sneered, and suddenly, the masters of the Ghost Zen Dizun, the Ye Mo Dizun and the Huoluan clan urged the big formation to approach.

Rumble!

On the steps, the Venerable Yin Buddha emerged, extremely tall, with abundance of Yin Qi, like a ghost Buddha from hell, the large array constantly approached the high platform to swallow Qin Chen.

"It's just a small skill for carving insects." Qin Chen raised his mouth, the space around his body seemed to tremble, and his whole body disappeared at an incredible speed, and instantly rushed into the big formation.

His speed is so fast, no one can see how Qin Chen rushed into the big formation. The Venerables of the Ten Thousand Races under the steps took a breath, and someone couldn't help but be shocked and said: "Is this kid crazy? I didn't want to escape from here, but he took the initiative to rush into the Brahma Ten Thousand Buddha Banner and the Supreme Night Demon secret array. , It's a dead end,

If you are trapped by the Huolun clan, you will be refined into a puppet in a moment! "

"He's too reckless, it's not like that if he wants to kill him." Although Qin Chen slashed the many strong men with one sword, it was amazing, but his behavior of rushing into the big formation seemed to many people to seek his own death.

"Hahaha, this kid is seeking his own death, kill me, don't let him rush out!"

Huoluan Shizi was overjoyed, shouting angrily, booming booming, in the great formation, many masters are culling towards Qin Chen. The leader of them is the Vajra, bang bang bang, his footsteps are stomping, every step he falls, he shakes like the sky, like a savage god, his body is full of golden secret patterns, this It is the Eucharist of the Great King Kong, and,

The golden light of his Dacheng Vajra body evolves into a golden giant with wide-eyed eyes, three heads and six arms, just like a raging King Kong, and Brahman sings a rumbling roar.

"Dacheng Vajra Physique Dacheng Realm!" Many people are shocked. Dacheng Vajra Physique is an untransmitted secret method in the Giant Rock Clan, and it is one of the top 108 physical exercises in the universe. Once you have cultivated to Dacheng state , The vajra aroused by the flesh will evolve into the vajra to suppress the devil

all.

The Dacheng Vajra Communion of the Vajra Dizun obviously got a huge breakthrough here.

At the same time, the Ghost Zen Dizun also moved, his eyes were cold, and he urged the Brahma Ten Thousand Buddha Banner to inject all the blood into the large array. A huge and incomparable Yin Buddha immediately blocked the sky and slaughtered in an incomparable insidious force. under.

The Night Demon Earth Sovereign was also killed, the Supreme Night Demon's secret array rolled, and the rolling force of the Night Demon swept the world.

Huoluan Shizi and others also rushed in.

However, Qin Chen in the center of the formation didn't mean to escape at all. He just gave a sneer, the real dragon's energy in his body exploded, and Dazu stepped down fiercely.

At this moment, the terrifying physique of the true dragon body was shining brightly, and silky laws lingered endlessly, erupting in an invincible posture.

The sky and the earth were covered by Qin Chen's huge foot. Nine days were broken and the stars were destroyed. No matter how big the sky and the earth were, they couldn't bear this terrible foot.

Under this blow, the dragon soul in Qin Chen's body was urged, and the billowing power surged, the original power soared to the sky, and the aura of chaos permeated. Under this single step, countless cold-yin Buddhas around him shattered on the spot, emitting endless Ghostly.

The Secret Array of the Supreme Night Demon also collapsed instantly, and the dark night was under Qin Chen's blazing true dragon power, as if the white snow met the scorching sun, it was quickly melted and squeezed out, and a vacuum zone was instantly formed around Qin Chen. .

At this time, the King Kong Divine Lord had already come to his death. He had a hideous face, and he turned into a huge mountain with a fist. His body was covered with rocks, and the diamond energy exploded, and he came to Qin Chen with a force of lightning speed.

Boom boom boom!

The earth quaked, the sky broke and the earth cracked. Before this fist hit Qin Chen, there was a kind of ruining the sky, crushing the sky and crushing everything in the world. The world was shaking violently.

"roll!"

Qin Chen yelled sharply, his eyes bursting with cold light, not only was the power of the true dragon spurred inside his body, the six swords of reincarnation, the former immortal body, the body of the true dragon combined, as if turned into a chaotic body. , A paw fell down.

Roar! Vaguely, one could see a real dragon phantom on Qin Chen's arched back. This real dragon roared for nine days, like a dragon god, completely integrated into Qin Chen's claws. Soul broken.

[Chapter 3960: Sword Slashing Fire Luan](#)

With a bang, the dragon's claws exuding chaos and the giant rock fists exuding golden light bombarded together. In the void, the towering dragon **** and the three-headed six-armed diamond phantom collided with each other. In an instant, the sky and the earth were cracked, and the world collapsed.

People just feel that the eyes are bright, the dazzling light makes everyone unable to open their eyes, and the roar of the sky is cracked everywhere.

The next moment, a screaming scream sounded, and in the endless light, the huge body of King Kong Dizun flew out heavily, covered in blood, his right arm was already shattered, blood dripping, bone stubble, and arms. And off.

With a punch, the Vajra Dizun, who is famous in the universe for its Dacheng Vajra Body, was directly injured and his arm was crushed.

"impossible!"

The King Kong Lord roared wildly, his bald head and arrogant face, the muscles twisted, his eyes were incredulous and angry.

"The incarnation of giant rock, King Kong is invincible!"

Ho Ho Ho... The rocky air on the King Kong Di Zun soared into the sky, like the same **** and devil. The King Kong phantom that stood tall and held the sky suddenly intruded into his body, and his whole body seemed to fill the sky. Layer of golden skin, boom, he is like

The same bull came blasting towards Qin Chen.

He couldn't believe what Qin Chen had done to him. He was a master of the Juyan Clan. The Dacheng Vajra Physique was unparalleled, not to mention the extraordinary gains in this land. Dacheng Vajra Physique has been cultivated to the realm of Dacheng. .

But just now? How could he accept Qin Chen in a single blow?

Ho Ho Ho!

He is like a bull, blasting towards Qin Chen.

"I don't know how to live or die!" Qin Chen sneered.
