

## Valkyrie 3961

### [Chapter 3961: Treated](#)

This scene was so tragic that everyone present was shocked and stunned.

The world quieted down instantly, and even the aura of countless mighty nobles on the steps dissipated Wu Zong. Above the towering steps, there was a terrible suffocation. The powerful people below all looked at everything in front of them in shock. The dead mountain and blood sea, the many powerful people under the Huluan clan have been beheaded, and several big earth sages, Together, it was also wiped out by Qin Chen

, The top big formation could not stop Qin Chen's footsteps.

The Venerables of the Ten Thousand Races were suffocated, looking at the corpses all over the ground, they were terrified. With their height and experience, they could hardly imagine what kind of power it was.

Or, they still can't believe what happened before them will be true.

Those are the masters of the Huolun clan, as well as the ghosts, the vajra, and the night demon. Which one is not a famous powerhouse on the battlefield of ten thousand races, but the power of a large camp, with a prestigious reputation. .

At this moment, they came here in order to find the opportunity to break through the Heavenly Lord, and achieve the supreme Heavenly Lord in the clan in the future.

It can be said that there are countless powerhouses in the Vientiane God Store. Except for the peak earthly respects of the great tribes such as the deep soul, the ten thousand meteors, and the shadow charm, they are already the more prestigious masters in the next level. Up.

But in a blink of an eye... In just a blink of an eye, all fell here? In the terrible silence, Qin Chen stepped forward slowly, booming, his figure was like electricity, and he suddenly came to the only remaining Huo Luan Shizi, grabbed Huo Luan Shizi's throat, and lifted it high. His eyes are like looking at an ant: "You, Still want to fight against this seat? "

Everything stopped, everyone looked at Qin Chen in front of them, with one hand stuck high on Huo Luan Shizi's neck, and his whole body was held in the air. ? All this happened so fast. At this moment, Huo Luan Shizi was completely stunned. He couldn't even react to the reaction. In other words, he didn't have the chance to react at all, because he was no more than a pinnacle. Qin Chen's Space Seal

Locked, even the masters such as Ghost Zen Dizun cannot escape death, let alone him?

Huoluan Shizi was completely frightened, even so scared that he was so frightened that he couldn't believe all this, he was stupid on the spot.

After breaking through the pinnacle respect, and then receiving the blessing of the dragon soul and the baptism of the chaotic green lotus, Qin Chen's power has reached a perverted level, afraid that he would dare to compete with the pinnacle respect.

The body of the true dragon is combined with the six reincarnation sword bodies, and the two divine bodies are juxtaposed. How terrible is this? Then there is the speed of the power of thunder, plus space blockade, and top kendo attainments.

Absolute strength, plus absolute defense, plus absolute speed and absolute attack, means that this can destroy everything, and Qin Chen's true dragon body is a powerful weapon, which can be called invincible.

The dragon race was originally the most powerful race in the universe, and didn't even need to practice any top-level body-refining techniques, and it was definitely not comparable to the average monster race.

Qin Chen stood on the high platform like this, holding Huo Luan Shizi in one hand, and under his feet, there was blood and corpses everywhere.

The demise of several earth sages and many human sacreds is comparable to a large-scale war of the top races on the battlefield of ten thousand races. Now, the fall of so many lives is only born by the hands of a true dragon race.

Everyone was dumbfounded, and everyone was shocked. Whether it was the Venerable of the Ten Thousand Races below, or the Venerable Huolun Clan who was still alive and screaming, everyone was shocked.

The prince Jinwu also sucked in air-conditioning, and even the strong Jinwu clan on the side also had eyelids jumping wildly, and almost had a heart attack.

The real dragons in front of them are terrible, they are almost like a freak. If it weren't for the Golden Crow Prince to prevent them from shooting, they would really go up, and I'm afraid they would end up not much better than the Huoluan.

At this moment, Prince Jinwu finally knew why Qin Chen refused his proposal repeatedly and ignored his help at all. The person in front of him would need their help again, fearing that he alone could kill all of them. Right.

No wonder it is a true dragon master who can meet the predecessors of the Cat King.

When Qin Chen broke into the Huolun clan's large array, everyone thought he was going to die.

But now, when everyone saw that Qin Chen was so violent, destroying the Huluan tribe's formation like a ruin, everyone knew how ridiculous their previous thoughts were.

The scene of Qin Chen slaying many powerful men in one effort, such an overbearing method of breaking the formation, shocked everyone, this is the beauty of violence, straightforward and simple, shocking everyone's hearts.

Thanks to the Huolun Clan's desire to occupy the treasures of the opponent and prevent them from taking action, otherwise, they are afraid that they will also have to face Qin Chen opponents, and at that time, facing them, I am afraid that it is also a purgatory scene.

At this moment, time seemed to have stopped, Huo Luan Shizi was like a fish leaving the water, being stuck high in the air by Qin Chen with one hand, his eyes rolled white.

The picture seems to stop at this moment, and this scene is imprinted on everyone's hearts, I am afraid it will be unforgettable for everyone present.

Huoluan Shizi wanted to struggle, but Qin Chen got her neck stuck and couldn't move at all. His eyes turned white and he almost died.

Huo Luan Shizi finally caught his breath. He was so frightened that he was so scared that he felt like death was so close to him, and for the first time he really tasted the feeling of his life in the hands of others. ? "You, you can't treat me like this!" Huo Luan Shizi screamed: "I am the descendant of Huo Luan clan. If you dare to touch my finger, my Huo Luan clan will never give up. My Huluan clan is the enemy, and my demon clan is the enemy, even then

Escape to the ends of the world, no one can escape to death! "

At this juncture of life and death, Huo Luan Shizi moved out of his identity, and now maybe only his Huo Luan descendant identity can save his life.

Everyone held their breath. Although it would be a shame to move out of the backing to scare people at this time, for the current Huo Luan son, his identity as a descendant of the Huo Luan clan has become the only life-saving straw.

Everyone knows that Huoluan Shizi's position in Huoluan Clan is absolutely extraordinary, just like the Golden Crow Prince. It is certainly not trivial for the clan to send a master of earthly masters to guard him, and he has a heavenly background. The Huolun clan is a big clan of the demon clan, and it is a tyrant of the demon clan. Offending the Huluan clan is really possible to offend the entire demon clan, and the demon clan belongs to the top ten big clan in the universe, even in the human alliance. , Is also a relationship with Human Race

, Not subordinates. Everyone was curious about what Qin Chen would do. You must know that if Huoluan Shizi was killed, he would definitely stand in opposition to the Huluan Clan and the Demon Clan, and would even provoke Tianzun to chase him down.

#### [Chapter 3962: Give him a good time](#)

"Huolun Clan?" Qin Chen said with a smile, and said leisurely: "This seat even dares to stun the Ten Thousand Meteorite Divine Sovereign of the Human Race Star God Palace, the Jiuyue Divine Sovereign of the Human Race Dayu Divine Mountain and the Bone Race Bone Youhuang are not concerned. Come on, what is your Huolun clan? It falls on me,

Not to mention the Huolun clan, even the demon clan demon, this seat dare to kill! "

"hiss!"

When everyone heard this, they couldn't help but breathe in air-conditioning, all of them dumbfounded.

This is overbearing, too overbearing. However, what Qin Chen said was also the truth. At the entrance of this chaos mystery, Qin Chen did face the Bone You Sovereign and other powerhouses without any fear. These are all peak earth sages, and they are numbered among the major forces. The strong, how can they be afraid of fire

Luan?

However, Qin Chen just said that even the demons of the demon race dared to kill, which still caused many people's hearts to jump wildly.

There were several members of the Demon Clan at the scene with ugly faces, but they did not dare to have the slightest objection. At this time, who would dare to touch Qin Chen's mold.

"You..." Huo Luan's face paled in fright, and screamed: "You, me, my Huo Luan clan..."? "Well, I don't want to listen to nonsense. The reason why I didn't kill you the first time, it's just because you are the ancestor of the Huolun clan. Since you have an extraordinary status in the Huolun clan, you must have the inherited magical powers of the Huolun clan. Well, this seat has

Some interest. "

"You... what do you want to do?"

Huoluan Shizi looked horrified, and shouted pale.

"Naturally, I extracted your talents and supernatural powers." Qin Chen smiled and squeezed his five fingers, and there was a sound of smashing bones. The eyes of Huo Luan Shizi opened wide, and Qin Chen instantly pulled out a red color from the top of his head. Flame \*\*\*\* chain.

"what!"

Huoluan Shizi screamed sorrowfully, and the talent avenue and supernatural powers of the Huoluan clan were pulled out abruptly. The scene was extremely frightening, making all the venerable faces pale and horrified.

Qin Chen's eyes were indifferent. This Huo Luan son was looking for his troubles over and over again, and he naturally wouldn't let him die easily. Under the gaze of everyone, Qin Chen extracted the supernatural powers of the Huo Luan son. After a full incense, the Huo Luan son's screams gradually weakened, and Qin Chen carried him silently. The origin is broken and has become

A dead man, dying. Qin Chen threw Huo Luan Shizi's body on the ground like trash, but Huo Luan Shizi writhed painfully, but couldn't even move. His eyes were dull, and he couldn't believe it until now. Really abolished myself, refined myself

Own magical powers.

His dignified Hulan son, turned out to be a useless person, his origins were destroyed, and his Hulan clan's reputation did not even frighten him. Such a thing would never have been imagined before him.

The audience was so silent that even the sound of the silver needle falling to the ground was audible, Huo Luan Shizi lay there in pain, dying, his eyes widened, and his eyes were filled with disbelief until now.

This is really shocking, Qin Chen actually refines the supernatural powers of Huo Luan Shizi in front of everyone, making him a cripple.

This is a declaration of war on the Huolun clan. No matter how broad-minded the Huoluan clan is, how broad-minded the Huoluan clan is, the Huoluan clan will never forgive the murderer who abolishes his inheritance in front of everyone. !

Qin Chen's behavior is not at odds with Huolun's clan, and even immortal. Everyone who saw this scene was shocked. The people of the True Dragon clan were too cruel. Anyway, they were once in the same line of the monster clan.

However, the Monster Race has been trying to win over the True Dragon Race for the past few years. I don't know if the Monster Race's high-level leaders will collapse on the spot after they know this news?

Is it to sacrifice the Huolun clan to continue to win over the true dragon clan, or to use this opportunity to fight the true dragon clan?

Everyone is terrified. No matter what the result, Huolun's son has been abandoned, and has become a shame to Huolun clan. In the future, even if he can return to Huolun clan alive, he is afraid that he will be executed directly.

Because of the shame of his ethnic group.

"People don't offend me, and I don't offend people. If people offend me, they will be doubled back." Qin Chen said lightly, and didn't take the matter of refining Huoluan Shizi into his heart.

There are too many lice and it doesn't itch, Qin Chen is now more offended, many of the Huoluan clan.

"Your Excellency, you..." Prince Jinwu smiled bitterly. This real dragon clan guy is really overbearing. He didn't even dare to do things like abolishing Huluan Shizi. This is provoking Huluan clan. It must be passed on. Will cause the Huluan clan to be angry, and the Golden Crow Prince is sure

, This matter will inevitably spread out, because there are too many venerable races present.

In this way, the face of the Huolun clan is born in front of the ten thousand clan, how can the high-level Huoluan clan be willing to give up.

Qin Chen was playing with fire and set himself on fire!

"Does anyone still want to kill me for treasure?" Kicked Huoluan Shizi off the steps, Qin Chen turned around and looked at all the venerables on the steps.

Qin Chen smiled faintly, and said slowly and leisurely: "I am a very kind person. If you want to kill me for treasure, you can say it generously. This seat is very welcome."

The audience was silent, and everyone was silent with cold sweat on their foreheads.

The Venerable Ten Thousand Races who were still alive at this time had long been scared, and even such powerful people as the Ghost Zen Di Zun and Mu Luan Di Zun were like ants in Qin Chen's hands, let alone naturally.

Not long ago, these powerful men of the Huoluan clan regarded the venerables of the ten thousand races present as ants, and directly drove them away. They regarded Qin Chen as ants, and the opponents who wanted to slaughter them, but in front of Qin Chen, they were the ants!

How dare these patriarchs dare to remember the treasures of Qin Chen, let alone attack Qin Chen. Qin Chen looked at the Venerable Ten Thousand Races and said slowly: "Since everyone has no objections,

that's fine. By the way, when I was practicing on this platform before, I seemed to hear the masters of the Huolun clan. Seems to be driving you out, this place is mine

Can a clan's treasure land be occupied by a clan, everyone? "

"Yes Yes!"

On the steps, the venerables of the ten thousand races were a little confused, what did Qin Chen want to do? It's just that Qin Chen's power is pressing now, no one dares to resist, dare to disobey, can only express his head dully. Qin Chen said with a smile: "The reason why I used to attack this Huolun tribe was also to help you out. My true dragon tribe has never done anything to bully men and women. This Huo Luan son is abandoned, no

After all, Huo Luan Shizi still has a breath, and it's painful to be alive, so please give him a happy life, everyone present. "

Everyone looked at each other when they heard this.

What does Qin Chen mean? Let them kill Huo Luan Shizi? Many people broke out in a cold sweat instantly.

#### [Chapter 3963: White lotus](#)

impossible!

Everyone is terrified and has the urge to turn around and leave.

It is important to know that Huolun's son is still alive. If they dare to act on Huolun's son, once they are known by the Huolun clan, they will definitely be targeted by the other party and become part of the beheading of the Huolun clan's descendant. Willing to take it?

Qin Chen smiled and looked at the people, and said lightly: "No way, I am standing up for you, I can't let me carry it alone? Can't let the hero shed blood and tears, what do you say?"

Go to your sister's bleeding and tears.

This is obviously to drag everyone into the water.

Quite a lot of feelings were in distress, and they were almost shouting angrily. This true dragon is not only strong in defense, but also so thick-skinned? It's too shameless.

Obviously you killed this Huolun clan guy alone, but letting others make up the knife is shameless.

However, at this moment, even if someone is dissatisfied with Qin Chen's words, they still dare not say anything. After all, the fate of Ghost Chan Di Zun and others is the best lesson.

"Since everyone has no opinion on what I said, let's see who will come first, I believe you don't want to waste time here? After all, everyone is very busy, and they have to search for treasures elsewhere." Qin Chen smiled. To say.

However, everyone on the court looked at each other, no one spoke, and a few even retreated faintly, preparing to leave here.

"In this way, it's you first!"

Qin Chen suddenly pointed at the crowd to put a sea clan's venerable one last. This person stared at him with murderous aura and clearly had no good intentions.

"I....."

The Sea Clan Venerable was dumbfounded, and he couldn't advance or retreat under the gaze of all eyes. Suddenly, he gritted his teeth, swished, and retreated quickly, and even wanted to leave here.

I want him to do it first and dream. Once he does it, he will also be targeted by the Huolun clan, but if he doesn't do it, once he leaves here, he only needs to pass on Qin Chen's news. At that time, the true dragon clan master will be targeted by countless strong people. There is no doubt that this Vientiane God must die

.

Whoosh!

His figure was like electricity, and it turned into a ray of light, but just as he moved and banged, a figure appeared in front of him, with a bang, stepping him heavily under his feet, so fast that everyone could not even react.

It was Qin Chen.

"Ah!" the sea clan roared in pain, "I do it, I do it."

However, before his words fell, Qin Chen stomped down with a bang, and directly stomped him, killing him on the spot.

"Well, who else wants to escape?"

Qin Chen squinted his eyes and looked at everyone present.

It is not that he is cruel, but in front of the treasure, who is not tempted? The Venerable Ten Thousand Races left here, who is not hostile to him, wants to kill him and take away the treasures from him.

It's just that because of the previous Huluan Shizi's cleaning up, so many people present were driven out, otherwise, everyone who was present must have their share in the hands of Qin Chen.

Naturally, Qin Chen wouldn't be idiot enough to just let everyone leave.

Once these guys pass on the news here, he will inevitably become the target of the top powerhouses of the Ten Thousand Clan in the Vientiane Gods.

"Well, who will do it first?"

Qin Chen looked at everyone present coldly.

"Let me do it first."

Suddenly, a voice sounded, it was Prince Golden Crow.

"His Royal Highness."

The two great masters of the Golden Crow tribe suddenly changed their colors and said that Prince Golden Crow didn't need to take this muddy water.

"It's okay, this prince has long seen this Huo Luan son not pleasing to his eyes. If this brother hadn't acted first, the prince would kill the Huo Luan son."

When the words fell, Prince Jinwu came to Huoluan Shizi, and when he pointed it out, he snorted, and a burnt hole appeared in Huoluan Shizi's body.

"Ah!" Huo Luan Shizi screamed. He hadn't died yet, the blow of the Golden Crow Prince suddenly made him miserable.

"You all go up too." Prince Jinwu said to the people under his command. He naturally knew Qin Chen's purpose and was willing to follow the boat.

The Jinwu people sighed, but didn't dare to disobey the order of the Jinwu Prince. They stepped forward one after another, and everyone gave Huoluan Shizi.

When it comes to their cultivation base, as long as they deliberately keep their hands, it is enough to make Huo Luan Shizi suffer thousands of swords and not die. With the Golden Crow Prince and they set an example in front of them, the remaining patriarchs helplessly stepped forward and shot Huolun Shizi one after another. However, they were very careful and cautious, because they all knew that he must not let Huoluan Shizi Dying

Own hands.

Suddenly, on the steps, the screams of Huo Luan Shi Zi continued to hear, and those venerables of all races looked at the pain Huo Luan Shi Zi, their faces turned pale, and their expressions were frightened.

They all secretly warned themselves that if they offend anyone in the future, they can't offend Long Chen of this true dragon clan, it's so painful.

After a stick of incense, each of the many venerables present gave Huoluan Shizi a moment. At this time Huoluan Shizi was already utterly utterly \*\*\*\* and in a panic. The dignified family was even more embarrassed than a tramp.

"Well, the vitality of Huoluan Shizi is really tenacious." Qin Chen said pity when he came to Huoluan Shizi.

Huluan Shizi looked at Qin Chen in horror, and his heart was full of regret. If he was given another chance, he would not dare to provoke Qin Chen to death, but it was too late.

puff!

With a single blow, Qin Chen exploded the Huo Luan Shizi instantly and killed him on the spot.

"Well, goodbye everyone, Prince Golden Crow, there will be a period later."

Qin Chen arched his hands at the crowd, smiled slightly, shook his figure, and disappeared here with a swipe.

"The devil, it's really the devil."

"Cruel, too cruel."

"Why did Huo Luan's son offend this person? He wanted to die."

"This kid is too despicable, and now we are all his accomplices in killing Huluan Shizi."

After seeing Qin Chen's departure, a group of venerables of ten thousand races suddenly discussed, filled with indignation, and accused Qin Chen of cruelty.

"It's not a white lotus flower, what a pure pretense." Prince Jinwu glanced at the people present with disdain, and turned away with the people under his command. What is cruel Qin Chen's method? Everyone present is a venerable person who can become a venerable person. Which is not the dead mountain and blood sea killed, even if he, the prince of the Golden Crow tribe, has received endless resource support all the way, and his hands are also covered with blood.

, These people who have been killed from all ethnic groups and become the venerable, everyone is afraid that they are contaminated with hundreds of millions of living beings, pretending to be white lotus.

cruel?

What kind of cruelty is this in a universe where the weak and the strong eat? People who refine their souls and souls are everywhere, Qin Chen is already extremely kind, and Qin Chen's methods are extremely appreciated by Prince Golden Crow.

"However, how does Long Chen give me an extremely familiar feeling?" Prince Jinwu frowned and muttered as he left. Qin Chen and the Golden Crow Prince and the others left, and the Venerables of the Ten Thousand Races at the scene immediately scattered and fled. The treasures here are gone, and they are unwilling to stay here, and they should hurry up and search for treasures elsewhere.

### [Chapter 3964: Chaos Galaxy](#)

boom!

In the fire world of this side, Qin Chen quickly left, his body like electricity, exuding chaotic energy.

He walked between the heavens and the earth, the real dragon aura surged, and his body was filled with billowing dragon might, really like a real dragon, running horizontally and horizontally for nine days, the aura was so amazing, it hit thousands of miles, unlike a human being.

"Boy, you are more and more like my true dragons."

Hong Huang Zulong laughed loudly and said there, the black dragon ball turned into a dragon-shaped phantom in Qin Chen's Universe Jade Plate, holding a leg of lamb in one hand, and holding a pot in the other. Wine, gulping and drinking.

This is the delicious delicacy that Qin Chen has stored in the jade plate of Qiankun's good fortune. All kinds of treasures are top ingredients of all ethnic groups. At this time, he was eaten and drunk by the great ancestor dragon. He has not eaten and drunk so happily for countless years. .

"Shut your mouth, so much food is still blocking your mouth?"

Qin Chen said silently.

However, the harvest this time is indeed huge. Qin Chen's Lingtai Qingming, the yingying \*\*\*\* soars into the sky, and the soul sea, a green lotus swaying, reflecting the eternal blue sky.

"You kid, so courageous, how dare you be so embarrassed by you, Lord Long."

Hong Huang Zulong laughed, seemingly dissatisfied, but actually laughing.

He admired Qin Chen more and more, and the Human Race kid in front of him indeed fit his temper.

"Senior Honghuang Ancestral Dragon, where shall we go next?"

Qin Chen spoke.

"Well, go to a special place, Chaos Jade Bi is very likely to be there."

Honghuang Zulong opened his mouth, his mouth full of oil with the big leg of lamb in his hand, his eyes widened like a bell, "But that place is very dangerous, you have to be careful."

"Could it be more dangerous than this fire world?" Qin Chen wondered.

"Oh, what is the fire world? By comparison, the fire world can only be regarded as a gentle town." Honghuang Zulong said with disdain.

"What a metaphor."

Qin Chen was speechless, and the fire world could only be regarded as a gentle town. How dangerous would that place be? How did Qin Chen feel that this wild ancestor dragon was so unreliable.

Of course, he was just complaining about it. In fact, if he hadn't led the way, this fire world would not be so easy for him to enter, nor would he get so much harvest.

boom!

Qin Chen left the fire world and followed the instructions of the prehistoric Ancestral Dragon. Along the way, broken stars stood in the sky and the earth, exuding an aura of decay and aging, and it was dilapidated.

The stars are dying and the day is bleak. It is very silent here, like a land of undead. The lonely and dilapidated starry sky is full of dilapidated stars after the death of stars. It is too desolate.

"Unexpectedly, it looks like this here."

Honghuang Zulong sighed.

"Senior Honghuang Zulong, what exactly is this place?" Qin Chen was curious. It should be noted that this is the battlefield of ten thousand races, and the depths of the secret realm of the Vientiane Gods are from ancient times. Although it is now dilapidated, it can be seen that this place must be an extraordinary place in the ancient times, otherwise the prehistoric ancestor dragon cannot appear

Here.

"This is the market!" Honghuang Zulong said.

"Xu?" "Xu is the ancestral land that was born when the universe was opened up. It is also the birthplace of chaotic gods and demons in ancient times. Although these chaotic creatures were born from chaos and nurtured by heaven and earth, this place is the place where we were born, and

It is the final home of many primordial beings. "

Honghuang Zulong sighed, but didn't say much.

"Where will the original soul belong?"

Qin Chen murmured, "Then in this world, besides you, are there other unborn spirits?" "This is natural." Chaos Ancestral Dragon said, "But it's hard to say whether they are still there or not. In addition to the primordial beings, there are also other existences, like the one in the fire world, and then left. This? How many years have passed, really can

I am afraid that very few survived. "

Qin Chen was shocked. From the ancient times, the universe has survived to the present. How long is this history?

"Senior Ancestral Dragon, isn't the lifespan of the primordial beings infinite?" Qin Chen was curious. It should be noted that in the sword mound, the sword ancestor of the Tongtian sword pavilion has also survived to the present. He is a very old strong. But compared to the prehistoric ancestor dragon, Jian ancestor is still very young, can only be regarded as a younger generation, and even the prehistoric ancestor dragon is afraid

I have never heard of Sword Ancestor. This is a strong man who has lived through countless epochs. Could it be that the life span of a new life can be so long? "Life?" Honghuang Zulong smiled: "Human race boy, the essence of life is energy. At this level of my waiting, as long as the energy is there and the soul is there, it won't fall. Some top powerhouses can be reborn with blood. Rebirth for the blood? Come to me

At this level, any drop of blood contains the origin, which can be copied infinitely. As long as the energy is immortal, the divine body is immortal. "

The essence of life is energy?

Qin Chen thoughtfully. Honghuang Ancestral Dragon continued, "The reason why the original ancestor has survived to the present is based on the seal. Why do you think that the original ancestor condensed the Dragon Ball and sealed yourself? The purpose is to put yourself into a deep sleep and reduce energy consumption. Will fly as soon as possible

Posan. "And as far as I know, some powerful people can seal themselves in the gods and crystals, seal their own strength, and they can also survive the crisis of the epoch, live to the next epoch, and wait until a new opportunity arrives. Can break out of the crystal and seize a new world

To continue life. "

The explanation by Honghuang Zulong also made Qin Chen understand a lot.

boom!

And at this moment, suddenly, in the depths of the dark space and time, a vague energy wave flashed, buzzing, a vast starlight, as if coming from a distance, quickly passing Qin Chen, and then spreading to the rear, instantly spread all over the world.

Qin Chen looked around and saw the depths of the endless ruins, there seemed to be a vast galaxy, like a waterfall of stars, winding in the depths of this lonely universe.

"Chaotic Galaxy...it's there." Honghuang Zulong suddenly said.

"Chaotic Galaxy?"

Qin Chen looked up and saw that the galaxy exuded a vast aura, as if it penetrated the Three Realms, permeating the depths of the universe, with a shocking charm.

However, when he saw this chaotic galaxy, for some reason, Qin Chen thought of the Nether Galaxy inexplicably. This galaxy was clearly different from the Nether Galaxy, but it gave people the feeling that it was inexplicably connected. .

"Senior Honghuang Ancestral Dragon, is the chaotic jade you talking about in this chaotic galaxy?" Qin Chen asked. "Yes, if the fire world doesn't have it, the greatest possibility is here, because the chaotic galaxy is the core of this world, but if the chaotic jade bi is in this chaotic galaxy, it will never be outside. It's inside, you want to find, it's still a bit difficult."

#### [Chapter 3965: Spirit Turtle](#)

Honghuang Zulong said in a deep voice: "Moreover, the Chaos Galaxy is now in a period of fluctuation, I am afraid that something has happened in it."

Period of volatility?

Qin Chen was puzzled. "The Chaos Galaxy is the core of this market. It has always been calm, but once something happens inside, it will release chaotic starlight to fill the entire market and enter a state of fluctuation. In this state, Chaos Galaxy will be more

Danger. Now this chaotic galaxy actually emits chaotic starlight, it can be seen that there should be some kind of change in this chaotic galaxy." Honghuang Zulong explained.

"Could someone have broken in? It caused the chaos galaxy to change?"

Qin Chen's heart sank. This is not impossible. After all, too many masters have entered here. Qin Chen had lost too much time in Chaos Dragon Nest and Fire Realm before, and it was not impossible that someone came here first.

"It's definitely not simply someone breaking in. It's not that simple to enter the Chaos Galaxy. Let's hurry and pass." Honghuang Zulong frowned.

Whoosh!

Qin Chen swiftly flew toward the chaotic galaxy, but under his constant flight, he found that the chaotic galaxy had not retracted from his position. "The Chaos Galaxy is not located in this world, but in another realm. It seems to be very close now, but there is still a very far distance." Honghuang Zulong explained:

"Go on, speed up, the Chaos Galaxy appears. And there are fluctuations, which will cause the world to change. I am afraid that the world where we are will soon be closed, and it will not last too long. You have to enter the Chaos Galaxy before it closes and find the place of the Chaos Jade Bi. Otherwise I can only close this world

Before, I returned to the Chaos Dragon Nest and couldn't leave with you. "

Qin Chen was startled, and it seemed that the time left for him was running out.

However, Qin Chen knew very well that even without these factors, the time for the opening of the Vientiane God Treasure was almost over, and he must complete the task of the Primordial Ancestral Dragon as soon as possible.

Boom, Qin Chen's figure turned into a thunder light, and under the instructions of the prehistoric Ancestral Dragon, he quickly moved forward and entered the depths of this lonely universe.

As Qin Chen continued to deepen, trails of chaotic starlight continued to diffuse, and even all the powerful who entered the secret realm of the Vientiane God Hidden felt this power.

In the distance, outside the fire world, Prince Jinwu and others also sensed this power one after another, and suddenly looked into the depths of the world. In the distant world, chaotic stars filled the sky and saw a galaxy emerge.

"That is....."

The Prince Jinwu and the others showed their brilliance, and with a movement, they flew towards the bright galaxy.

Not only Prince Golden Crow and others, in a dark mystery in this lonely starry sky, a billowing magic light suddenly surged, rumbling, and terrifying magic energy soared into the sky, turned into an endless ocean, surging.

"what is that?"

Beyond this starry sky, a group of sea clan masters perceives the aura of the chaotic galaxy in the distance, flying quickly one by one, passing by here, suddenly feels the terrible magic energy surging in the dark secret realm.

In this devilish energy, there is an ancient and wild atmosphere, which gives them a strong sense of suffocation.

"Master Spirit Turtle."

A group of sea clan masters all looked at the leader of the sea clan master. This sea clan master was old-fashioned, carrying a heavy shell on his back, and the rolling aura on his body was restrained. It was actually a sea clan's spirit turtle. Root scepter.

This is a strong man who is close to the pinnacle, with extraordinary aura.

Behind him, there are many masters of the sea clan, one of the masters of the earth-zun has only one arm. If Qin Chen is here, he must recognize that this person is the Yin Hai Dizun whose arm was cut off by him.

At this moment, this group of people all looked at the secret realm surging with terrible devil energy, and their eyes showed excitement.

Because these changes obviously represent some top treasure here.

In the excitement of these sea clan masters, suddenly, the billowing aura suddenly dissipated, and then, swish and swish, two figures flew out of the secret realm.

One of these two is a young master of the Demon Race, with billowing demon energy surging through his body, while the other is a gorgeous woman. The most important thing is that such a hot woman is surrounded by a faint red magic flame atmosphere, and the faint magic energy combined with the flame gives people a more hot feeling. Just standing here, she has Dignified and charming

Thousands of appearances make people fall into endless reverie.

Many sea clan powerhouses present met her gazes, both young and old involuntarily swallowed their saliva, and their breathing became heavy in an instant.

"It's you?" Yin Hai Dizun saw the other party, his eyes condensed suddenly, and then showed a spiteful color.

"Master Linggui, it was these two people who took away the Chaos Fruits from their subordinates, and they possessed the celestial core of the Human Star God Palace and the Primordial Sacred Mountain Treasure of Dayu Shenshan."

Yin Hai Di Zun shouted to the leading Spirit Turtle Di Zun.

"Yin Hai Di Zun?!"

The man and the woman, at this moment, also looked at the group of people from the Sea Clan in front of them with cold eyes, with a cold meaning in their eyes.

These two were not others, they were Mo Li and Chi Yan Demon Lord who separated from Qin Chen after entering this place.

It is a pity that Qin Chen, who is most familiar with the two of them, is not here. If Qin Chen is here, he will definitely be able to feel that the temperament of Mo Li and Chiyan Demon Lord at this time has surprisingly changed, and it must be some kind of amazing. inherited.

"Boy, are you afraid that you didn't expect it? Will you meet this seat here today?" Yin Hai Dizun sneered. Naturally he couldn't see the changes in Mo Li and Chi Yan Demon Lord, but even if he could. He wouldn't care at all, after all, before the Chaos Fruit, Mo Li and Chiyan Demon Lord were not his right at all.

He was directly chased and killed by the Deep Fish Earth Sovereign. If it were not for Qin Chen, he would have killed the two guys here. It was also because of these two guys that one of his arms was cut off by Qin Chen.

## [Chapter 3966: Magic circle](#)

"Boy, what baby do you get here? Hand it over quickly."

Yin Haidi Zunhan said.

When the rest of the Sea Clan saw this, their bodies shook, and instantly surrounded Mo Li and Chiyan Demon Lord.

"Hehehehe." Many sea people grinned and looked at the red flame Demon Lord with the body of the rosy Emperor Wuhuang, licking his tongue, his eyes showed lustful fiery eyes.

She is really a beauty of a human race, and she also possesses the temperament of a demon race. This temperament that is constantly transforming between angels and demons makes each of them feel like a fire burning in their lower abdomen.

Such beauties, even if you search for their sea clan, I am afraid that you will not find a few. Only the top beauties such as the princess of the sea clan can compare them?

"Li'er, these disgusting men."

Red Flame Demon Lord felt the greasy and slippery eyes of these sea races, and his face suddenly became extremely ugly. The reason why he reshaped the beautiful body of the Red Face Martial Emperor was to stay with Moli forever. His body can only be appreciated by Moli. At this time, the Chiyan Demon Lord was so angry that he could not wait for these seas The clan's eyeballs are dug out

Come down.

"That is....."

On the other side, Mo Li ignored the Sea Clan's group of people, just staring at the location of Chaos Galaxy, as if he had understood something, there was a hint of surprise in his eyes.

"Boy, I'm talking to you again, didn't you hear me?"

Yin Hai Di Zun was annoyed, and the cold voice shouted sharply at the demon. In front of Master Ling Turtle, this guy dared to ignore him so much.

boom! The Yin Hai Divine Venerable couldn't help it anymore, his body shook, and he slammed directly towards the magic. Suddenly, the heaven and the earth broke. Although the Yin Hai Divine has lost an arm, he is still a master of the ground, after all, the world is rolling. The air of the sea permeates, the whole

The world suddenly turned into a world of the sea, and the sea race domain was permeated, instantly enveloping the magic power.

At the same time, the murderous intent on Yin Hai Dizun's body erupted, and he wanted to take down Moli immediately to relieve the hatred in his heart.

"Hahaha, Yin Hai Dizun, it's okay to kill this kid, but don't kill the beauty beside him. I'll enjoy it when I look back."

"Tsk tsk, such a stunning human woman is really the best, it must be very enjoyable to play with."

"Quack, hahaha!"

This group of sea clan masters laughed loudly, without paying attention to Mo Li and Chiyan Demon Lord.

This is because they have all felt it. The aura on Mo Li and Chiyan Demon Lord is not very strong. They have just stepped into the earthly respect, so how can they be their opponents? Can be easily won.

And the facts are like this. Facing the attack of the Yin Hai Divine Lord, Mo Li seemed to be sluggish, just looking at the Chaos Galaxy, ignoring the attack of the Yin Hai Divine Lord.

"Boy, I will take you first, and then, in front of you, play your woman to death." Yin Hai Dizun's eyes were sinister. He had long wanted to kill Demon Li, but he was destroyed by Qin Chen before. Now, he found The team of their Sea Clan, now they have encountered Mo Li, they killed these two guys first, and after they turned around to find Qin Chen,

The boy of the true dragon clan was killed in his hands to relieve his hatred. But now, he won't kill Mo Li in the first place, because he was also attracted by the Chiyan Demon Lord. He only felt that this woman was so attractive, even more enchanting than when she was in the Chaos Tree before. Many, there is a kind of desire

The impulse to stop.

He wanted to hold Moli and this beautiful woman, and then in front of Moli, he played with many masters of the Sea Clan alive and killed this plump young woman, allowing him to watch his beloved woman being played to death.

As soon as Yin Hai Dizun's words fell, he had a calm expression of magic before, and suddenly turned his head, his eyes exploded with cold light that would destroy the world.

"Really?" Under the cold voice, Mo Li suddenly exploded with terrible black magic energy, booming, these black magic energy, like tentacles, rushed out, madly stabs Yin Hai Dizun, puff puff Amidst the popping sound, the realm of Yin Hai Dizun unexpectedly

It was directly penetrated, and then these tentacles pierced his body under the horrified eyes of Yin Hai Di Zun.

"what!"

Yin Hai Di Zun seemed to be pierced by an octopus, twisted in horror in the void, struggling in pain.

"The woman who played with me? That devil will play with you first."

Cuckoo! The origin of the Earth Zun inside the Yin Hai Earth Sovereign was quickly swallowed by these black devilish tentacles, and then poured into Moli's body. He screamed in pain, and his body shrivelled at a speed visible to the naked eye, looking at Moli's eyes. What emerged is

Endless panic.

"Yin Hai Di Zun."

"not good."

"Put down Yin Hai Di Zun."

"kill him!"

The other sea races were originally looking at the lively with a smile, but at this moment they all screamed and blasted, one by one bursting out terrifying auras, killing them one after another. Moreover, the face of the Spirit Turtle Earth Zun also changed. The magical methods were too weird, and directly bound the Yin Hai Earth Zun, leaving him with no resistance. Although the strength of the Yin Hai Earth Zun is not very strong among the Earth Zun, But at any rate he is also an earthly respecter, unexpectedly

So there is no resistance?

boom!

Ling Turtle Dizun's heart shuddered, and he didn't dare to be careless, and moved in anger, and the scepter in his hand slammed down against the demon. Suddenly, the sky and the earth collapsed, the stars and seas floated and sank, the sun and the moon burst, the sky and the earth were dead, and the rolling power poured down. The scepter turned into a huge spirit turtle, full of pitch black, enveloped the atmosphere of the sea people, Li give a stick

Beheaded.

"Sea Clan? Haha!" Looking at the countless Sea Clan masters who were killing him, Mo Li was murderous, suddenly sneered, the voice fell, and a thing was thrown out, instantly trapping the huge spirit turtle. ? There was a loud "boom", like a chaotic purgatory being opened. Hundreds of giant chaotic shadows stood out, and all the hundreds of chaotic shadows exuded terrible magic power. When the shadows stretched out their claws, instantly Cover the sky, a hundred magic shadows instantly

Turns the world in his hands into a huge magic mountain.

"Boom...boom...boom..." Under the demon mountain, the chaotic atmosphere was permeated, hanging from the sky and the earth, and all the magical shadows and giant turtles disappeared in this instant.

At this moment, the endless magic power soared into the sky. In an instant, the magic power flooded everything, and even the entire magic mountain disappeared under the vast magic power, leaving only one invisible to the edge. Great array.

This large formation seems to have opened up the world alone, hanging high in the starry sky, just such a huge large array hanging above the starry sky, and in the endless world of the large array sitting 100 demon-like shadows. ?The hundred demon shadows are all protected by magic armor, and each demon shadow exudes the breath of a demon god. This great formation seems to be the country of demons, and the hundred demon shadows in the great formation seem to be the supreme gods and demons of this country!

[Chapter 3967: Chaos Demon](#)

There is no shadow of anyone in the Sea Clan anymore. Whether it is a huge spirit ghost or a Sea Clan master such as Yin Hai Dizun, all have disappeared. The vast array of demon gods is suspended in the starry sky, guarded by hundreds of demon gods, whether it is the aura emitted by this great array or the aura of the hundreds of demon gods, it shocks the universe forever and gives people a kind of Endless evil

Feeling evil.

"That is....."

In the distance, several venerables passed by, seeing this scene, one by one was stunned.

What did they see? The sea clan's spirit turtle Dizun led a group of sea clan powerhouses who were instantly swallowed by the big formation held by Mo Li. Such a scene made their hearts beat wildly.

Even many people shivered, their legs were a little weak, they looked up at such a magic circle, not to mention ordinary sages, even those top earth sages were hairy in their hearts.

"Boom! Rumble!" Vaguely, among the hundred demon gods, the rumbling roar resounded. Obviously, it was a group of masters of the sea clan trying to rush out of this big formation, but this big formation seemed to be located in another realm. In general, it makes Linggui Dizun and others unable to

Breaking free, it was like entering Qin Chen's jade disc of good fortune, completely controlled by the master of the great formation.

"Devil Li, this Hundred Demon God Formation was seen by these guys, do you want to..." Chiyan Demon Lord stared at the venerables in the distance, and a cold color bloomed in his eyes, and a strong killing intent was permeated, obviously. Moved to kill.

"Little baby, don't waste time on these guys. The Chaos Galaxy began to fluctuate. Obviously, a master has entered the depths of the Chaos Galaxy. If you don't go there, I am afraid that the chance of getting the treasure is not great."

At this moment, a cold voice suddenly resounded in Mo Li's body, and this cold voice resounded like a ghost in the world, making Mo Li's expression instantly respectful.

"Yes, senior." Mo Li respectfully said to the voice.

"If that's the case, let's go, how about? How powerful is the Hundred Demon Divine Formation that this demon ancestor gave you?" The magnificent cold voice smiled.

"Senior is worthy of being an ancient chaos \*\*\*\* and demon, and the disciples admire it." Mo Li respectfully said. "Huh, that's natural. This formation was my ancestor. I personally sacrificed it in those years. It's a pity that in these endless years, this formation has been very broken, and now there are only very subtle powers left. If it is the heyday, let alone Charge these little things

, Even if it is the first life, it will change color. "

The cold voice laughed and said, billowing devilish energy soaring into the sky, like a vast ocean.

This magical power actually resided in a chaotic \*\*\*\* and demon in his body.

Boom boom boom!

In this Hundred Demon God Formation, the roaring roar resounded, obviously the Spirit Turtle Land Sovereign roared and bombarded continuously.

"Let them go, as long as they are trapped by this Hundred Demon Array, with the strength of this group of little guys, they can't escape to death. They won't last long, and sooner or later they will reduce the cost and be absorbed and refined by my Hundred Demon Array."

"Master Chi Yan, let's go!"

Mo Li put away the Hundred Demon God Formation, and flew towards the chaotic galaxy instantly.

"Senior, where is this Chaos Galaxy?" Mo Li curiously asked while flying by.

This Chaos God and Demon is an ancient God and Demon that Moli encountered in this secret realm. In the words of the other party, this is a God and Demon who has awakened from the ancient chaos. After Mo Li and Chiyan Demon Lord entered this secret realm, they went through numerous tests with the Venerable Ten Thousand Clan, and almost died several times. Later I learned that these experiences were set by the remnant soul left by this chaotic \*\*\*\* and demon. , And Mo Li and Chi Yan Demon Lord from

Among the many venerables, they broke out of the siege and survived.

As for the other venerables who broke into this secret realm with them and tried to find treasures, they all fell into this secret realm, and their bodies disappeared. When Mo Li and Chiyan Demon Lord came to the end of the assessment together, the Chaos God and Demon told them that only one of them could obtain the final treasure, and the other must die, and who would obtain the treasure in the end? People can do

Decided.

Mo Li and Chi Yan Demon Lord collapsed at the time. How could they be willing to face such a life-and-death decision after they had finally gone through numerous difficulties?

The two even decided that they would rather kill them, but they knew that with their strength, they would only face death in the end.

They can only choose whether to die by themselves or the other side.

Therefore, when the Chaos God and Demon sent them to a separate place of choice, Mo Li and Chi Yan Demon Lord both chose to let each other survive.

What they didn't expect was that when they made this decision, both of them survived.

Later, the chaotic \*\*\*\* and demon told them that this was the only solution for them to survive. Only if each other let each other survive, they could leave here alive, otherwise, no matter what choice they made, the two would die here.

In the words of the Chaos God and Demon, he never expected that among the demons of his descendants of the Chaos God and Demon, there would be such a loving and righteous couple who were willing to sacrifice for each other.

Both Moli and Chiyan Demon Lord have gained tremendous benefits, and their cultivation bases have advanced by leaps and bounds. At the same time, Moli has also received the approval of this chaotic \*\*\*\* and demon, parasitic on Moli, ready to follow Moli to leave the world.

In the words of this Chaos God and Demon, with his help, Mo Li can be lawless in this market world, and no one can compare with Mo Li, because he knows everything about this world. Hearing Mo Li's question, the Chaos God and Demon suddenly said proudly: "Chaos Galaxy is the core place of this ruins world. It can be said to be the secret place of this world. Back then, I waited for many primordial creatures, Chaos God and Demon. The reason why I am here is because of the special nature of the market world. In this chaotic galaxy, there are many treasures, but there are many dangers inside. In the entire universe, I am afraid that there are only those chaotic gods and demons and the original creatures of the year. This Chaos Galaxy knows something. No

After so many years, the primordial souls in this world are probably dead, but they are cheap original demon ancestors. "

The Chaos God and Demon is very proud: "With the demon ancestor, I guarantee that the treasure in the Chaos Galaxy must be yours. I heard before that you seem to have an old opponent?"

"Yes." The Chiyan Demon hurriedly said with a bitter face: "As long as this person is there, the treasures are almost of us." "Don't worry." The Chaos God and Demon was very proud: "Hmm, photo If you say that, this child must be the integrator of the heavens and the earth's air fortune, and can suppress your air fortune, but this time with the demon ancestor, this treasure in the chaotic galaxy must be

Yours, the demon ancestor will break his luck, quack. "Thank you, senior. "Chiyan Demon Lord said excitedly.

### [Chapter 3968: Stalwart](#)

"It's a small thing." The Chaos God and Demon proudly said.

"This... Senior, can I have a request?" Mo Li suddenly said.

"Say!"

"If you encounter this person in the past, please don't kill this person!" Mo Li said.

"Li'er, you..." Chi Yan Demon Lord suddenly looked over, not understanding why Mo Li made such a request.

"Oh, why?" This Chaos God and Demon suddenly became interested. "My ancestor heard that this person seems to be your adversary, so why don't you let my ancestor kill him?" The demon's eyes were firm, like the stars in the night sky. Shining light: "Then Qin Chen is indeed the opponent of the younger generation, but this person has helped me in this place where the gods are hidden. This is one of them. Secondly, we are all from the lower realms, and we are quite good at fighting all the way. Yuanyuan, kill him, there will be one less opponent on the way for the junior to reach the top of invincibility. The most

important thing is that the junior does not want to pretend to be the hand of the senior, but hopes to defeat him by himself and let him know who is the number one in this universe.

Tianjiao. "

The demon is powerful, his eyes are firm.

He wanted to defeat Qin Chen upright and recover the shame he had lost. "Hahaha, okay!" The Chaos God and Demon laughed loudly: "It is worthy of being a descendant of the original ancestor. You can refine the eternal demon gu, put it to death and resurrect, this is brave; you can set it in the original ancestor In the assessment, defeating the enemies and reaching the final test is conspiracy; you are willing to dedicate yourself to your lover without fear of your own death, which is sentimental; you can speak for your opponents and are not willing to pretend to be others, which is righteous. It's my ancestor's luck to meet such a courageous, strategic, loving and righteous person.

Don't worry, with your ancestors, you will surely become the most shining star in the universe, in charge of eternity, and the highest achievement. "

The Chaos God Demon laughed loudly, devilishly soaring.

Red Flame Demon Lord also looked at Mo Li with bright eyes, his eyes softened and became worshipped.

"It is worthy of being my Liege, fearless of challenge, not temptation, keeping my heart, upright and stalwart." Chiyan Demon Lord worships Moli in his heart. At this moment, Moli's figure is so stalwart and tall. Make him feel ashamed.

Hearing the praise of Chaos God Demon and Chiyan Demon Lord, Moli's eyes were cold, but the corners of his mouth twitched. In fact, there is another reason why he has not said it, that is, even if his strength has improved by leaps and bounds, far surpassing that of the past, and there is also the help of the chaos gods and demons in the chaos that was born from the opening of the universe in this secret realm. Li Yi

There was an old feeling that he was not Qin Chen's opponent.

Although this feeling was very vague, he didn't know why, such a thought came out in his heart.

"Huh, how is it possible that with my talent, I will definitely become the top powerhouse, then Qin Chen will be defeated by me sooner or later."

Mo Li said silently in his heart, and at the same time he kept flying towards the Chaos Galaxy.

In the endless void, Ye Xuan was also flying quickly towards the Chaos Galaxy.

While flying continuously, Qin Chen also began to sort out the many treasures he had obtained after slaying the Huolun clan.

Wow!

Qin Chen waved his hand. Suddenly, pieces of supreme treasures appeared in his Universe Fortune Jade Plate, a large number of supreme treasures suspended in mid-air, which were all harvests from this

Vientiane God Treasure this time, but most of them were just ordinary supreme treasures. Powerful treasure

The number is extremely small.

On the contrary, there were two good treasures on the elders of the Huolun clan and the Earth Zun of the Night Demon, and of course the treasures of the Ghost Zen Earth Zun.

"But the most important thing to me is this phantom bracer!"

Qin Chen whispered, and with a movement of his mind, the bracer on the Ghost Zen Earth Venerable had appeared in Qin Chen's hands.

As soon as this brace appeared, the Haotian Divine Armor in Qin Chen's body immediately emitted a trace of fluctuations, and Qin Chen's other Void Mirage Bracer continued to exude a terrifying aura.

"That's how it feels."

Qin Chen was excited and joyful. He poured in his own soul power, and wiped out the mark of the ghost and Zen in this virtual mirage bracer, and then used his soul power, little by little. This phantom mirage left marks in the wristband.

Woo!

With Qin Chen's urging, this virtual mirage brace continued to exude a terrifying aura.

Rumble! In addition, the Haotian Divine Armor on Qin Chen's body also appeared. This set of Haotian Divine Armor was covering Qin Chen's dragon body, like a forest iron armor, exuding an icy luster in this gloomy universe. Only the virtual mirage bracers violently shake

Trembling.

Wow! After Qin Chen left a real mark on this Void Mirage Bracer, the Void Mirage Bracer began to wrap around Qin Chen's left hand little by little, and an inexplicable force of secret magic flowed out of the Bracer and entered Into the Haotian Divine Armor, and then with

The breath on the other virtual mirage wristband gradually approached, combined with each other, and began to undergo qualitative changes.

Waves of great coercion spread.

The coercion scattered at this moment is the real coercion! This combined moment... is the moment that this mysterious treasure has not concealed.

"Okay, such a strong coercion." Qin Chen flew in the universe, astonished by it, and suddenly he became more excited and looking forward to it.

The power released by the two pairs of wristbands is like the combination of sophisticated equipment layer by layer. Even the secret patterns on the two wristbands are combined to form a larger and more mysterious secret pattern, and the endless pressure is constantly dispersed. open.....

Moreover, the power of these two treasures gradually merged with the Haotian Divine Armor.

Before, these treasures were a set, but in fact they were still one piece. Now, these two bracers are completely integrated with the Haotian God, releasing an astonishing fluctuating aura.

Watching this scene carefully, it feels very long, in fact it is over in just tens of seconds.

Everything returned to calm. Only this vast divine armor was suspended on Qin Chen's body, and this divine armor was not only simply imprinted on Qin Chen's body, but also deeply engraved on Qin Chen's body. In the middle, the dragon scales on Qin Chen's body gradually

Fused together.

"What a magical feeling."

At this moment, Qin Chen felt that he was not wearing a divine armor, but a film-like thing, as if a certain layer of skin had grown on his body.

"This treasure..."

Among the jade discs of good fortune in the Universe, the Primordial Ancestral Dragon was also a little shocked, his eyes flickering, and the aura emanating from this Haotian Divine Armor changed his color.

"Come on, Void Mirage Bracers, let me feel your current power." Qin Chen began to arouse the power of the dragon in his body. With the blessing of this phantom bracer, Qin Chen suddenly turned into an ancestral dragon, with waves of dragon power surging from his body, and the horror of the dragon power suddenly formed something similar to ancient times. Dragon-like breath.

#### [Chapter 3969: Time and Space Avenue](#)

"Return to ancestors!"

Qin Chen was shocked. The original Void Mirage Bracers were to enhance the power of secret methods, such as special powers such as the power of Longwei. When these two bracers were combined, they not only increased the power of Longwei on Qin Chen, but also faintly let Qin Chen's Long Weiqi

Interest, there has been a unique change.

Actually began to show the aura of chaos.

"Chaos Longwei."

This is the special dragon power unique to the great ancestral dragon, but at this moment, Qin Chen actually displayed it.

"You kid..."

The Honghuang Ancestral Dragon was also completely dumbfounded, staring at the Haotian Divine Armor on Qin Chen's body. This thing could allow Qin Chen's body to be filled with Chaos Longwei, which he couldn't think of. Chaos Dragon Power is the Dragon Power breath that can only be possessed by the primordial spirits born in Chaos. Although Qin Chen has obtained the power of his dragon soul, it is impossible to display such a truly formed Chaos Dragon Power. The scene before me,

But it shocked the prehistoric ancestor dragon.

Although the Chaos Dragon Power on Qin Chen's body was very thin, it was a miracle in itself to be able to display it.

Rumble!

Qin Chen urged various special forces on his body, not only the Chaos Longwei could be urged, but other special forces also had some special changes.

Even when he urged the power of time, he faintly moved the surrounding space.

Qin Chen could feel that he could appear anywhere in this world.

"This is the power of time and space!"

Among the jade discs of good fortune in the universe, the ancestors of the great fortune were shocked.

"Spacetime?"

Qin Chen was surprised. "Yes, the power of time and space is one of the most magical forces in the universe." Honghuang Zulong said: "The universe opened up, chaos was born, and three thousand avenues were born between heaven and earth. Among these avenues, there are congenital avenues and some Hou Tian Da Da, and Xian Tian Da

There is a saying in Tao, time is respect, space is king, and the avenue that combines time and space is the avenue of time and space. "

"Time is the respect and space is the king?" Qin Chen murmured, "Senior means that time and space are the strongest among the three thousand avenues?" Hong Huang Zulong shook his head and said, "This is just a statement, in fact. , There is another sentence after these two sentences in the Primordial Era: Fate does not come out, cause and effect are the emperor, strength is supreme! Can it be said that the Dao of Strength is the first heaven?"

, There is also the saying that yin and yang do not come out, fate comes first. "These statements are not absolute. There is no difference between the three thousand chaotic avenues, everyone has their own different understanding, but there is no doubt that the innate avenues such as time and space must be superior to the avenue of swords. Sword Avenue and Houtian Avenue

Above, because Xiantian Dao represents the regular operation of the universe and is the embodiment of the origin of the universe. "When you understand the Xiantian Dao, you can get a glimpse of the essence of the universe. However, although the Xiantian Dao is above the Houtian Dao, it cannot be said that the Xiantian Dao must be stronger than the Houtian Dao in terms of power. Swordsmanship can be practiced to the extreme, and it can be broken. Open time and space,

To cut off cause and effect, everything depends on how strong your understanding of the great road is. "

"But there is no doubt that the Tao of Time and Space is still the top avenue in this universe."

Hong Huang Zulong looked at Qin Chen in shock.

The way of time and space, this is a supernatural power that they were not necessarily capable of grasping by the unborn spirits and the chaos gods and demons, but they actually saw it in a human race kid.

Qin Chen also understood the power of time and space.

This virtual mirage bracer actually combined its own power of space and time, and the combination of the two can actually have an impact on time and space.

call!

call!

Qin Chen urged the power of time and space, and suddenly, Qin Chen's figure flying across the universe became blurred in an instant.

Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!

In the endless starry sky, countless Qin Chen appeared almost instantly, there were hundreds of them.

These Qin Chens were separated by thousands of miles from each other, and in an instant, a distance of a million miles passed by, and hundreds of Qin Chen continued to dissipate, leaving only the one Qin Chen a million miles away.

"Hahaha... incredible power of time and space!"

"This trick can provoke the chaos of time and space, allowing my body to appear in any area in this time and space. Every figure is the body, and it is the 'me' in different time and space!" Qin Chen excitedly said. .

The power of time can freeze time, and the power of space can block space.

However, these are too elementary, and the combined power of time and space can cause even more terrifying effects.

But just with such a display, Qin Chen felt that the power of time and space in his body had been greatly weakened, which was obviously extremely lossy.

"This trick is called Chaos Time and Space, and it has become my new killer." Qin Chen murmured.

Qin Chen also knew that this trick could not be used frequently. He had a faint feeling that if it was used too frequently, it would even destroy the origin of time. "Hmph, your move is just the rudiment of the way of time. The way of time and space on your body are too weak. It's just a way of time and space simulated with treasures, which is far from the real way of time and space." Honghuang Zulong said with a curled mouth.

, Very disdain.

"Senior Ancestral Dragon, aren't you jealous?" Qin Chen smiled. How could he feel that Senior Ancestral Dragon was a little bit sour in his words.

"Bah, my ancestor would be jealous of you, what is the Avenue of Time and Space? In my heyday, Lord Dragon, I can go against the chaos of time and space and travel the past and the future. You know what a fart!" Honghuang Zulong said proudly.

"Senior, you are the strongest." Qin Chen said with a smile.

"You stinky boy." Honghuang Zulong was so dizzy when he saw Qin Chen being so perfunctory. This boy, do you know what it means to respect the old and love the young?

Putting away the Haotian Divine Armor, Qin Chen felt that this Haotian Divine Armor was absolutely extraordinary. Only the Divine Armor and the wristband were so terrifying. If you get other parts and gather one set, what effect will it have? ? It's a pity that Qin Chen still doesn't know where the other parts are. Originally, Qin Chen thought that the parts of the Haotian Divine Armor were all in the Nether Star River. Whoever thought that Ghost Zen Earth Venerable had a Void Mirage Bracer on his body. This ghostly Zen place respects the Nether Star River

It was obtained from somewhere else.

"Everything can only be reckless."

Qin Chen shook his head.

For such treasures, everything can only be determined by chance and cannot be forced.

Under the leadership of Honghuang Zulong, Qin Chen kept moving forward. He didn't know how long he had traveled in the void. Qin Chen finally saw a bright, gleaming silver light, dazzling and seductive. ? When Qin Chen arrived, he could not help but be shocked when he saw the scene in front of him. A hanging galaxy falls here like a waterfall. Here, a hanging galaxy gathers a vast and boundless galaxy, which is infinite, and when you look around, you can't see the edge.

### [Chapter 3970: The sun rises](#)

The sea of stars is rippling with silver waves, which looks extremely dreamy. It seems to be a silver ocean, but it is like an endless gathering of stars. The gleaming light is not so real, giving people a dreamlike feeling.

In the sea of stars, stars rise and fall, and these stars are filled with the air of chaos. If the ghost galaxy is a dark river, then this chaotic galaxy is a long silver river, vast and endless. .

At this moment, on the edge of the chaotic galaxy, many masters have gathered. These masters are floating above the chaotic galaxy, urging pieces of the precious treasures, and they all hold fish in their hands. Rod, fishing.

"It's the boy of the true dragon clan."

Seeing Qin Chen approaching, many venerables around him all looked at him, but they didn't do much.

Some of them, who were in the Chaos Dragon Nest before, also appeared here. After seeing Qin Chen, their expressions changed slightly.

"Huh? These guys are fishing in this galaxy?" Qin Chen was moved by the silver light of the star sea in front of him. It is incredible that such a place exists in the world.

However, seeing these venerables fishing, Qin Chen was also a little speechless. Do these guys regard this chaotic galaxy as a ghost galaxy?

It's just that before this thought fell, I heard a scream. Suddenly, a venerable slammed his fishing rod, and a fish with chaotic aura surging on his body was caught by him, and it was immediately put into the storage space. .

"Hahaha, got another one."

This Venerable was very excited, his face was agitated, and the other Venerables around looked at him with special envy.

"Damn, there are really fish!"

Qin Chen looked dull. "What's so strange about this? In the chaotic galaxy, heaven and earth auras are bred, naturally there will be living creatures, and these fishes contain chaos aura, which is a great tonic for any venerable person." Hong Huang Zulong said with disdain, then

The tone was obviously strange that Qin Chen was rare.

Qin Chen was speechless, frowning and said: "So, that chaotic jade bi is also in this chaotic galaxy? Need fishing to get it out?"

Weird colors emerged in his heart, isn't this the same as Nether Galaxy?

"How can a treasure like Chaos Jade Bi be obtained by fishing?" Honghuang Zulong looked at Qin Chen with an idiotic expression, "If you want to get the Chaos Jade Bi, you must enter the depths of the Chaos Galaxy."

"Can this Chaos Galaxy enter?"

If this chaotic galaxy could enter, how could these venerables stay here to fish?

It should be understood that in the Nether Galaxy, the Celestial Venerable cannot cross and will die when entering. This chaotic galaxy breath is not weaker than the Nether Galaxy. Qin Chen is sure that if he enters it, he will definitely die. "There are many crises in the chaotic galaxy, and you will certainly die if you enter it with your current strength. However, being unable to enter here does not mean that the entire chaotic galaxy cannot be entered. There is a place in this chaotic galaxy that you can safely enter.

So you must find that place first. "

"Where is that place?" Qin Chen asked.

"My ancestor doesn't know either." Honghuang Zulong shook his head.

"I..." Qin Chen was almost swearing, you don't know how to say a hammer. "I don't know, but something knows, don't you have the Nether Giant Claw Red Dragon Crayfish? Let him enter this chaotic galaxy. Now he has awakened the dragon soul and can swim in this chaotic galaxy for a certain period of time, you just let him find

One thing, only by finding such a thing, we can find that place in Chaos Galaxy. "Honghuang Zulong said.

"Can the little dragon enter? What does he need to find?" "Don't ask, you will know when you look back. Let the Nether Giant Clamp Red Dragon enter. The Chaos Galaxy has fluctuated before, which means that someone has already entered this chaos. In the special place of Galaxy, if you waste time, I am afraid it will be too late.

"

The voice of Honghuang Zulong fell, and a divine thought was immediately passed into Xiaolong's mind.

"Go, find this existence in this chaotic galaxy, remember the formula I gave you, enter this chaotic galaxy, you can use the formula I give you, and you can attract the attention of that thing."

Qin Chen immediately threw Xiaolong into the Chaos Galaxy after seeing the instructions from Honghuang Zulong.

Flop!

After the dragon entered the chaotic galaxy, it immediately turned into a dragon shadow and quickly disappeared.

"Really all right?"

Qin Chen was surprised. After Xiaolong entered the Chaos Galaxy, he was not obliterated by the Chaos Galaxy. Although he did not walk smoothly in the Nether Galaxy, he was still very comfortable.

However, Qin Chen's actions instantly attracted the attention of many venerables present.

What did the kid throw into this galaxy?

"It looks like a crayfish."

Someone blurted out with sharp eyes.

"This guy..." The venerables who had intersected with Qin Chen in the Chaos Dragon Nest Soul Lake before were all dumbfounded. When Qin Chen was in the Soul Lake, he used this little lobster to catch a fish. A treasure, unexpectedly still there

Use the same moves.

For a while, many venerables approached slightly, wanting to see what good things Qin Chen could catch with the dragon.

Qin Chen crossed his knees on the galaxy, and time passed by.

Suddenly, with a boom, there were violent fluctuations in the chaotic galaxy below, and the entire chaotic galaxy surged.

"Attention, this thing is attracted." Honghuang Zulong said suddenly.

As soon as his voice fell, the little dragon turned into a real dragon phantom, rising from the chaotic galaxy to the sky, rushing directly to Qin Chen, and entering Qin Chen's universe of fortune jade disc.

And as the little dragon soared up into the sky, a golden sea turtle slammed into the sky from the chaotic galaxy. This golden sea turtle was as large as a hill and had a thick golden tortoise shell on its back, filled with the breath of chaos. , Of the tortoiseshell

Above, there are mottled traces, turning into golden chains, and the moment it rushes out of the chaotic galaxy rises into the sky like a scorching sun.

"Hi, what treasure is this?"

"A golden sea turtle."

"Take it!" The many venerables who originally fished here were all shocked. They were fishing here, but they caught some chaotic fish. Apart from that, they haven't seen anything else, but I didn't expect it. , Qin Chen actually attracted

A golden sea turtle came out.

At the same time, many venerables looked at Qin Chen with fiery eyes, and they all saw it. It was the crayfish on Qin Chen who led out the golden sea turtle. This crayfish has such abilities. If it were obtained by oneself, wouldn't it? Sent? Many venerable eyes showed greed.
