

Valkyrie 3971

[Chapter 3971: Tortoise of the Sun](#)

"catch him!"

boom!

At the moment when the golden sea turtle appeared, many venerables made their moves. In a short time, the atmosphere of the venerable billowed between the heaven and the earth, and various attacks were like a net of heaven and earth, enveloping the golden sea turtle.

Caught it! Many people are ecstatic, the heaven and the earth are densely packed with laws. At this moment, at least a hundred sages have taken action, and many of them are masters of the earth sage level. The vast chain of laws and gods has turned into a net of heaven and earth, turning this small mountain-like net. Golden sea

Turtle live in the net.

"Huh, just because of these guys, want to catch this blazing sun turtle?" Honghuang Zulong sneered. As soon as his voice fell, he buzzed, and this huge golden sea turtle suddenly burst out with scorching sun aura, booming, golden power surged straight into the sky, like a volcanic eruption, vast golden Chaos

Shaking for nine days, the law of the sky and the net that wrapped him was torn apart in an instant.

what?

All the sages were stunned, and hundreds of sacreds made their moves, but they couldn't trap the golden turtle?

boom!

This divine sun turtle was besieged by so many venerables and let out an angry roar, regardless of continuing to chase the little dragon that disappeared from Qin Chen, he rushed towards the chaotic galaxy below.

"Can't let him enter this galaxy."

"Keep him!"

One of the surrounding venerables screamed in anger, and one after another came over.

"Roar!" One of the thunderous roars sounded, and I saw a golden giant measuring thousands of feet suddenly appear in the world. This golden giant, majestic and majestic, stepped on the precious weapon with both feet. Walking in the waves, the whole person is very majestic, double

The hand seems to be able to hold up the sky.

It is a giant of the earth.

This giant clan master roared, his hands gleaming with divine light, and his palms were like the sky, grabbed and photographed the golden giant tortoise like a small mountain, trying to subdue him.

"Senior Honghuang Zulong, do we want to do it?"

When Qin Chen saw this, his face changed slightly.

The giant tribe is a rather powerful race in the universe. The giant tribe is known as the darling of the heavens and the earth, and is born with supernatural power. Any giant tribe is born into a holy realm.

Although there are some special powerful races in the universe, they are born in the holy realm, but many of them are mortal sages. However, although the baby of this giant race only has the cultivation base of the holy realm, it is extremely powerful and possesses the holy land. power.

In other words, as soon as any giant tribe is born, it can compete with Earth Saints for power.

How abnormal is this?

No matter which race it is, even the Monster Race, True Dragon Race, and other races respect power, but when it comes to power, there are few comparisons with Giant Race. There used to be a saying in the universe that the giants are born with divine power. They don't need to practice. As the body grows, their strength will increase exponentially. Others have to use the power of tens of thousands of years of cultivation to treat the giants. Say,

No need to practice, just a hundred years of natural growth.

This shows the degree of metamorphosis of the giants in terms of power.

And the giants in front of them are obviously the strongest earth-sages. Although such a strong might not be able to reach the peak earth-sovereigns, in terms of strength, they are definitely stronger than the peak earth-sages such as Bone Youhuang. "Don't do it, let this giant tribe do it. With your current cultivation base, if you dare to stop this fierce sun turtle, you are afraid that you will ask for hardship. As for this giant tribe, hey, if he can stop the fiery sun Divine tortoise, my ancestor took off his head and served him

Chamber pot. "

Honghuang Zulong said with disdain.

Qin Chen was shocked, is this Sun Turtle so strong? Even looking very hard, he saw that the blazing sun turtle finally collided with the giant clan.

"Get up!"

This thousand-foot-tall giant roared, sounded like thunder, deafening, with golden light blooming on its body, and its hands were like two pillars of heaven. They wanted to catch the Tortoise. However, the moment his hands collided with the Tortoise, Boom...The roar sounded like the sky collapsed, and the sun **** tortoise slammed the giant's earth venerable back again and again, and clicked, he heard the harsh bone cracking sound, this sun **** The tortoise held the golden giant with his hands forcibly

The pressure broke, and then fell heavily into the chaotic galaxy.

boom!

Above the chaotic galaxy, the waves surging, rolled up huge waves.

"what!"

Everyone saw that the golden giant clan's hands were abruptly broken, twisted there, the whole person roared in pain, and the scalp that made people look numb. "This...this..." Qin Chen was also stunned. He was very close to the tortoise of the Fierce Sun, and he arrived naturally. The tortoise of the Fierce Sun did not use any means, just relying on his own weight to make this natural. The divine power of the giants is like a pillar of double

The hands are crushed, how heavy is this guy?

"Hey, this great tortoise of the Fierce Sun, so big, I am afraid that it has already lived for several epochs." Honghuang Zulong suddenly smiled: "Human kid, do you know what this great tortoise eats?"

"What?" Qin Chen couldn't help asking. "The food of the Fierce Sun Turtle is the chaotic air in the chaotic galaxy, and the stars in the chaotic galaxy." Honghuang Zulong laughed and said: "He has gathered countless stars in his body, the core of stars. , Constantly blessing his body

In the past, hundreds of millions of years later, do you think this blazing sun turtle weighs? "

hiss!

Qin Chen suddenly sucked in air-conditioning.

For hundreds of millions of years, I have been eating stars as food, and there is such a perversion in this world.

"Then how can I catch him?" Qin Chen was speechless. With this weight, let alone the giant clan, he couldn't hold him.

"Who said he was going to take him?" Honghuang Zulong laughed: "You just need to follow him. Come on, don't let him run, follow."

The voice of the great ancestor Zulong fell, and Qin Chen hurriedly controlled his figure and followed him up.

Wow!

After this scorching sun turtle was besieged by the venerable ten thousand races, it did not have much murderous aura, entered the chaotic galaxy, and instantly moved happily, the golden figure like a scorching sun was extremely clear in the chaotic galaxy.

And the magical thing is that this blazing sun turtle did not sneak into the depths of the chaotic galaxy, but was next to the surface of the water, constantly swimming, sometimes leaping high and happily, and then dived deeply. Swim to the distance of Xinghai extremely fast.

"Keep up with him."

"Quickly follow this golden sea turtle." Not only Qin Chen followed, but many venerables who had originally fished here also followed. Many of them stared at Qin Chen. This golden sea turtle was attracted by Qin Chen. , But Qin Chen didn't do anything strangely before, and now

Instead, follow this turtle.

Such a weird behavior naturally caused many venerable eyes to flicker.

Those who can come here are not idiots, they have guessed something vaguely.

Rumble! Suddenly, a very spectacular scene appeared on this chaotic galaxy. Many venerables, in mighty, followed a golden sea turtle, flew quickly over the chaotic galaxy.

[Chapter 3972: These idiots](#)

Over the chaotic galaxy, the vast starlight surged, and a famous venerable person followed a golden figure, forming a shocking picture above the chaotic galaxy.

"what is that?"

"So many sages seem to be chasing something."

"Go, let's follow."

The chaotic galaxy surging, rolling up a huge shocking wave, the movement here was too loud, and it instantly attracted the attention of countless venerables who were near here, all of them flew by and joined the team.

Gradually, this team became more and more vast.

"Keep up, don't lose it."

Honghuang Zulong reminded in Qin Chen's Universe Good Fortune Jade Disc that he urged the real dragon to soar in the chaotic galaxy, the real dragon roared for nine days, the clouds and the fog, and he stared at the blazing sun turtle.

In this chaotic galaxy, the speed of the tortoise is extremely fast, but Qin Chen's speed is not inferior to this tortoise, not to mention that Qin Chen has refined a thousand years of light, and caught up with the sun in the blink of an eye The turtle.

Qin Chen's divine sense stared at the tortoise of the strong sun, no matter whether the tortoise of the strong sun jumped or dived, it could not escape Qin Chen's tracking.

At this time, the other venerables who were following the Divine Sun Turtle were all attacking the Divine Sun Turtle below, trying to stop the Divine Sun Turtle.

Boom boom boom!

The power of the venerables fell, and the Chaos Galaxy suddenly rolled up the stormy waves, and the huge waves rushed straight into the sky, vast and boundless.

"This group of idiots, with their strength, how can they hurt the Tortoise of the Fiery Sun?" Honghuang Zulong sneered.

"Senior Honghuang Ancestral Dragon, do you want to stop them?" Qin Chen squinted his eyes and said with a murderous look. This divine sun turtle is related to the key to his finding the chaotic jade bi, how can these guys be afraid of destruction. "It's okay, let them go, don't hurt the tortoise of the strong sun,

their shot is to have some fun for the tortoise of the strong sun." Honghuang Zulong sneered: "This guy is probably lonely here too. , Otherwise the little dragon won't appear, just

Attracted its attention. "

"Senior Ancestral Dragon, can this God Tortoise of the Strong Sun take us where we are going?" Qin Chen couldn't help asking as he watched the God Turtle of the Strong Sun swim happily.

Honghuang Zulong smiled and said: "Absolutely, he is not as simple as a tortoise. Although he rarely attacks people actively, don't underestimate him." Just like that, in this galaxy, there is a roar and a lot of The Venerable swiftly followed the giant Tortoise of the Scorching Sun, swimming swiftly, and sometimes leaping high above the galaxy. It was extremely splendid, spectacular, and sometimes diving deep.

Yu Xinghe hadn't moved for a long time, but no matter how he swam, he couldn't get rid of Qin Chen and the others.

While Qin Chen and others were chasing the Tortoise of the Fiery Sun, Mo Li and Demon Chiyan finally came to the Chaos Galaxy under the leadership of the Chaos God and Demon.

"Senior, we are in Chaos Galaxy, what should we do next?" Mo Li asked in a deep voice.

"We must first look for something in this chaotic galaxy!"

"Looking for something?"

"Yes, that's a turtle." The Chaos God and Demon nodded.

Mo Li and Chi Yan Demon Lord looked at each other with a stunned look, looking for a turtle in this chaotic galaxy. What the **** is this? "Hey, don't take it too seriously. This turtle is extremely special. It is a special product in this chaotic galaxy. Only this turtle can take us into the core of this chaotic galaxy. Otherwise, even the original demon ancestor can't Find that core

The place of the heart. "The Chaos God and Demon's tone is proud: "This secret, very few people know about it, and only the original Demon Ancestor can bring you such benefits. Look around and see if you are on this Chaos Galaxy. Are there many venerables of various races fishing Chaos Fish? Hey, these idiots, they think that catching a few chaotic fish with chaotic air is a great harvest, as everyone knows, this chaotic fish is actually the most inconspicuous thing in the chaotic galaxy, even if it jumps up to a hundred. ,

Qianjo, without entering the core of the Chaos Galaxy, can only be regarded as picking up sesame seeds and losing watermelon. "

The Chaos God and Demon stood high on the road, proud.

Mo Li glanced around and said, "Senior, no one seems to be fishing Chaos Fish here?"

"Nonsense, let the demon ancestor come and see, how could no one be fishing Chaos Fish?"

A trace of chaotic devilish energy emerged from Moli's body, and it was the chaotic **** and demon residing in Moli's body that was perceiving the surroundings. This look was suddenly dumbfounded.

"Hey, the venerables of this session are not strong. No one is fishing Chaos Fish. Are they all idiots? I wonder if Chaos Fish can be caught here?"

The Chaos God and Demon muttered, "No matter what, I will teach you a way now, there is a certain probability that you can find that turtle, you listen to me, first..."

boom! The chaotic gods and demons hadn't finished speaking yet, the distant chaotic galaxy, stormy waves swept across the sea, and then they saw that a group of mighty powerhouses were on the chaotic galaxy thousands of miles away. Fly quickly on

The degree is amazing.

The number of these sages is extremely astonishing. At this moment, they are flying across the galaxy at an extremely fast speed, as if they are chasing something.

"Senior, there seem to be many venerables who are tracking something over there."

Mo Li hurriedly said.

"Don't pay attention to them, these guys, what can they chase, I will teach you how to catch the mysterious sea turtle. Although it is hard to say that you can catch it, there is still a high probability. Just find the turtle..."

The Chaos God and Demon was talking righteously, and the Chiyan Demon suddenly exclaimed: "Moli, look at the guy who is chasing the front."

"Asshole, how dare you interrupt this demon ancestor, what's so good about those guys, listen to the demon ancestor, so that you can get the treasure." The chaotic **** and demon disdainfully said.

"It's Qin Chen..." Mo Li had already followed Chiyan Demon Lord's gaze at the moment, and Li light burst out of his eyes.

"It's the demon." The voice of Demon Lord Chiyan was trembling, as if his wife had gone out to cheat and met her husband's panic while shopping on the street.

Damn, why is my voice trembling.

The Chiyan Demon Lord is going crazy, they have already received the help of the Primordial Chaos God and Demon in this Vientiane God Treasure, and their cultivation base has also been advancing by leaps and bounds. Now it should be the kid Qin Chen who is afraid of them and depends on them.

"Oh? Is that the opponent you talked about before?" The Chaos God Demon understood the reason for the shock of the two, and said with disdain: "Don't pay attention to them, no matter what they are chasing, it is impossible for the demon ancestor to bring you great benefits. "No, senior, will Qin Chen follow the turtle you mentioned..." Mo Li saw Qin Chen, his eyelids twitched, and a bad thought came out in his heart.

[Chapter 3973: Rahu Mozu](#)

No wonder Mo Li thought so.

Starting from the secret realm of the ancient southern capital of the Tianwu Continent, whether it is the secret realm of the heavenly demon in the land of a hundred dynasties or whatever, as long as it is in the secret realm, the kid Qin Chen is like opening the hanger, and can always suppress him.

As long as it is where Qin Chen is there, he will be very unlucky.

So now even if it is in the heavens, to the Vientiane God Treasure on the battlefield of ten thousand races, to this Chaos Galaxy, with the help of the ancient Chaos Gods and Demons, seeing Qin Chen, Mo Li will instinctively have such an idea.

His heart is also bitter. "Cut, I think you are thinking too much." The Chaos God and Demon suddenly laughed disdainfully: "Except for this Demon Ancestor, how can anyone else know the secret of this Chaos Galaxy? Even if they do, how can they find it? The mysterious turtle...

..."

boom! When the chaos **** and demon spoke, suddenly, thousands of miles away, in the chaos galaxy, a golden sea turtle leapt up from the galaxy like a scorching sun, as if a golden scorching sun, rose to the sky, shining through the ages, blooming itself The light

He Re, and then slammed into the chaotic galaxy again, shocked the waves, and caused waves of exclamations in the distance.

"Moli, you... have you seen it?"

Chiyan Demon Lord Cherry opened his mouth, and an incredible color surged from his beautiful eyes.

"I saw it." Mo Li was also dumbfounded, his expression dull.

What did they see?

A golden sea turtle is being chased by Qin Chen and the others.

"Pre... Senior..." Chi Yan stammered, "Did you... see..."

silence.

An awkward silence.

"Look at you big-headed ghost, hurry up and chase you."

The next moment, an angry roar sounded, Mo Li and Chi Yan Demon Lord suddenly chased after them.

Whoosh whoosh!

The two of them straddled the void and kept approaching, and in a moment they had already approached this sea area, and at the same time they were far close to Qin Chen and his team.

Sure enough, under the chaotic galaxy, a golden shadow continued to swim happily, and Qin Chen stood proudly in front of everyone at an astonishing speed.

Mo Li and Chi Yan Demon Lord quickly approached the back of the team and found a celebrity martial artist.

"Brother, what are you doing?" Mo Li asked.

"Damn, demons!"

The Human Race Ren Zun saw that it was the Demon Race, and almost copied the weapon directly, but thought that this was the Vientiane God Store, his expression seemed to be constipated and said: "We are chasing a turtle."

He said, and at the same time the divine sense was staring at the sea, constantly sweeping.

"What's the background of this turtle? So many of you want to chase?" Mo Li deliberately talked. "Boy, don't ask, what can this guy know? It must be the tortoise of the Fierce Sun who accidentally appeared here and attracted so many venerables to chase after him. Is it possible that you thought it was the tortoise they found? Isn't this even the demon ancestor?"

A fetish that can be easily found. "The Chaos God Demon said with disdain. "I don't know. "The Human Race Ren Zun really shook his head, obviously didn't want to talk to Mo Li, and said lightly: "If you want to know, ask the real dragon kid in front of you. This turtle was caught from this galaxy with a crayfish. , Everyone is following

Let him chase..."

In Mo Li's mind, the voice of the chaotic **** and demon that had been babbling suddenly stopped.

really.....

Mo Li shut up, and it was Qin Chen again, this guy was indispensable no matter where he went.

"Senior, didn't you say that no one can find this turtle? Why..." Mo Li was puzzled.

silence.

Awkward silence!

"This... I don't know, luck, yes, this kid must be luck."

After a long while, the Chaos God and Demon became angry.

He is almost speechless. This Mozu kid is not on the road. Doesn't he mention which pot to open?

"What are you doing with so much nonsense? Keep up. This is the Tortoise of the Fiery Sun. Follow him to find the core place of the Chaos Galaxy." The Chaos Snake Demon couldn't wait to find a place to dig down.

Mo Li didn't care about the mood of this chaotic **** and demon. He didn't think that what the Chaos God and Demon had said was deceiving him. This supernatural tortoise is definitely an extraordinary thing. Otherwise, so many venerables chase after them, and even many sages still take action from time to time, but they have never taken this supernatural tortoise. Won, this shows that one

spot.

And what he cares about is that Qin Chen also knows the tortoise of the blazing sun, and also used a special method to fish it up. It should be noted that even the chaotic gods and demon in the Vientiane God's Treasury said they found the blazing sun. The turtle is not an easy task.

"This kid Qin Chen must have got some amazing gains here."

Mo Li's eyes burst out cold light.

"Go, follow me up."

Mo Li spoke to the Chi Yan Demon Monarch, and the two accelerated, and instantly came to the forefront, and came to Qin Chen's side.

"Oh? Are you here too?"

Qin Chen saw Mo Li and Chi Yan Demon Lord, smiled slightly, but his eyes condensed. The strength of this Demon Li and Chiyan Demon Lord increased so quickly, Qin Chen carefully looked at the two of them, and their cultivation bases have improved a lot compared to when they first entered here, faintly, there is even a breath of magic swallowing the world. , And, an old and simple mix

Chaos aura lingers, although this power is very subtle, but what does Qin Chen perceive? He was keenly aware of it.

This is definitely not the breath that Chaos Fruit brings to them, the two definitely got some amazing and huge gains here.

"This is the opponent in your mouth? Let this demon ancestor take a look at what is special about this person." The chaotic **** and demon in Moli's body suddenly spoke, and a chaotic demon energy from the ancients spread out and enveloped Live in Qin Chen.

"Huh?" Qin Chen only felt his body cold, an inexplicable aura lingered, the power of the dragon soul in Qin Chen's body suddenly exploded, and the power of the real dragon rolling over his body swept through, preventing the other party from prying. The power is extremely terrifying, Qin Chen's true dragon

The mighty power could not be resisted, but he felt this force wandering through his body, trying to pry out his secret.

"Hmph, steal the sky!" Qin Chen snorted coldly, and immediately, the power of the source burst, and the terrifying laws of the gods chain surged in his body, and the soul of the sea was above the sea, and the eternal green lotus gently swayed , A green lotus fire suddenly spread out, burning up

This bleak chaos demonic energy.

"what!"

In Mo Li's body, the Chaos God Demon suddenly let out a scream like a scream, and the Chaos Demon Qi released out like a poisonous snake quickly retracted.

"Senior, what's wrong with you?"

Mo Li was shocked. He knew that the predecessor of the Chaos God and Demon was testing Qin Chen before, but he did not expect that even this God and Demon from the Chaos actually suffered from Qin Chen.

"Damn, this kid is really weird, what's so special, this kid seems to have the power of the fire world, and this demon ancestor is pained to death." The Chaos God Demon cursed, shocked in his voice.

"Hey, human boy, the chaotic devilish energy that entered your body just now seems to be the breath of Luohu Demon Ancestor!" In the Universe Good Fortune Jade Plate, Honghuang Ancestral Dragon suddenly said in shock.

[Chapter 3974: Pack ticket](#)

"That old thing Luohu is alive?" Honghuang Zulong's voice was surprised.

"Luohu Demon Ancestor?"

Qin Chen questioned. "The Demon Ancestor Luohu is one of the three thousand Chaos Gods and Demons born in the Chaos. This old thing had a lot of battles with the primordial beings such as me back then. I did not expect to live in this world and survived. Haha, the old man, Demon Zu Luo

Xi is not a good person. "

Judging from the tone of the original Ancestral Dragon, this Demon Ancestor Luo Hu didn't seem to deal with him very well.

However, when Qin Chen knew the Chaos Three Thousand Gods and Demons, he was still a little shocked. He couldn't imagine that in the ancient times, so many creatures were born in the Chaos, including the unborn spirits and the chaotic snakes and demons.

Moreover, this Chaos God Demon seems to have some origins with the current Demon Race.

"Moli, you acted on me as soon as you came up. Do you want to tear up the agreement with Ben Shao and do it with Shao Ben?" Qin Chen looked at Mo Li coldly. "Qin Chen, it was an accident before." Moli felt Qin Chen's breath, and his heart palpitated. At this moment, the chaotic dragon power emanating from Qin Chen's body also shocked him strongly. Obviously, Qin was in this Vientiane God Treasure. The dust is not small

reward.

"Hmph, Master Ben knows that it was not your hand, otherwise, how would you spare you, but I would warn that old fellow in your body, if you dare to test Ben Shao, I will not blame Ben Shao for being polite." Qin Chen Leng snorted.

Mo Li was shocked and looked at Qin Chen in amazement. He didn't expect Qin Chen to see the existence of another ancient powerhouse in his body.

"Ah, ah, my ancestor is mad to death." The demon ancestor Luohu was dizzy with anger and said to Qin Chen, "Boy, do you know who the ancestor is?"

boom!

In Qin Chen's mind, the billowing aura of chaotic gods and demons permeated, exuding the pressure that shook the world. "I don't care who you are, even if you are the Chaos God and Demon, Ben Shao can still kill you." Qin Chen coldly snorted: "If you can do it, you have to wait until now, I'm afraid there is only one remnant soul left. Or is it a source? If you dare to provoke Ben Shao, Ben Shao will die

To your host, let your soul fly away. "

"You...ah, you are so angry with the demon ancestor..."

Luohu Demon Ancestor was going crazy, but he was really worried that Qin Chen killed Moli, and now he was parasitized in Moli's body, and once Moli fell, he would not escape death.

"Damn, this kid is so crazy."

Demon Ancestor Luohu cursed, but Qin Chen could do nothing.

"Hahaha, I'm afraid this Demon Ancestor Luohu is already mad, quack."

In the jade disc of good fortune in the universe, Honghuang Zulong was laughing up and down, seeing an old friend of the ancient times, the Chaos God and Demon, being taught by a younger generation like Qin Chen, his heart was simply extremely happy.

"Hey, this Demon Ancestor Luohu was also a lawless existence in ancient times. Whoever dares to scold him must be the end of a direct war. Now, hahaha, Huluo Pingyang was bullied by a dog, Longyou Shoal was caught in a shrimp show, quack!"

Honghuang Zulong was almost laughing crazy.

"It makes you look so good." Xiao Yi and Xiao Huo said suddenly.

"I....."

The primordial ancestor dragon stopped talking. Although he was a little better than Luohu Demon ancestor, he was still trapped in Qin Chen's jade disc of great fortune and could not get out at all. It's really the crow that thinks the pig is black. Don't laugh at anyone. .

"You two little things can't talk, can you shut up." Long Ye's mood immediately went bad.

On the other side, Demon Ancestor Luo Hu did not speak anymore after roaring in anger for a long time.

"Senior, senior?" Mo Li said. "Hmph, this kid is indeed a bit weird." Demon Zu Luohu narrowed his eyes, "Didn't you say that this kid is a human race? How come he is a true dragon race? Moreover, he has the power of the Chaos lotus fire of the fire world. ...The chaotic lotus fire, wait for me

Chaos gods and demons can't easily collect them, this kid is too evil. "

"Senior, Qin Chen is indeed a human race. I dare to pack a vote. The reason why he is the body of a real dragon should be evolved using some kind of real dragon secret method. The essence is still a human race." Chi Yan Demon Lord affirmed. "Hit you a big-headed ghost. The soul of this person contains the power of the dragon soul. It is clearly a true dragon soul. How can it be evolved by secret methods? Any secret method can only evolve breath, and it will never change the soul. , The soul changes, then

It is a real dragon. "

"Dragon soul?" Mo Li and Chiyen Demon Lord were stunned. Qin Chen actually possessed the soul of the true dragon clan, why didn't they know?

"Well, could it be..." Demon Zu Luo suddenly frowned and said in a deep voice.

"Senior, what's the matter with you?" Seeing that Demon Ancestor Luohu stopped talking, Mo Li asked in confusion.

Luohu Mozu shook his head: "It's okay, I just thought of an old guy just now, but I can explain the reason for that kid."

"Is it your friend, senior?" "Friend? Who really wants to be friends with that kind of guy, huh, that's an old thing who likes to lean on and sell the old, likes to be pretentious, as if the world is the biggest, the demon ancestor sees him It has been pleasing to the eye for a long time, but the old thing has some strength

, Otherwise the Mozu would have killed him. "Luo Hui Demon Ancestor hummed.

Between the two talks, suddenly...

boom!

After walking around for a long time, the tortoise finally came to the deepest part of this chaotic galaxy.

Hum!

Above this chaotic galaxy, there was a vortex, and above that vortex, there was a starlight film, which made this sea area look no different from other chaotic galaxies from a distance.

If it hadn't been for this blazing sun tortoise to bring them here, it would be extremely difficult for others to find here, and they could only rely on luck. When he came to the edge of this vortex, the Tortoise of the Fiery Sun was particularly excited, cheering, he leaped high, splashing the stars, when the stars fell, like endless silver light, faint In between, it's like making people hear silver beads falling

The voice is average.

With a swish, the Tortoise of the Fiery Sun instantly entered the whirlpool and disappeared.

"This is the core place of Galaxy, follow up!"

Honghuang Zulong suddenly let out a low cry.

Qin Chen did not hesitate, and followed the Divine Sun Turtle into the vortex. The moment Qin Chen entered the vortex, Mo Li, Red Flame Demon Lord, and many venerables all rushed into the vortex. .

With a flower in front of them, Qin Chen and the others had already reached the depths of this whirlpool, as if they had entered another piece of heaven and earth, and a group of people wanted to stabilize themselves in the void.

Can't wait for everyone to stabilize their body.

suddenly--

boom!

A terrifying aura suddenly enveloped from all directions, as if it had been waiting for a long time, and instantly blasted towards Qin Chen and many other venerables.

"Ah!" On the spot, there was a scream from the strong, and some of the venerables were directly crushed by this force, and they were blasted into blood mist.

[Chapter 3975: Shirahone Imperial throne](#)

Rumble!

In the sky, a huge white bone throne appeared. This throne reached the sky, made of roots and white bones. It was vast and boundless, blocking the world. The Bone Throne is extremely huge, and the roots of the bones reach the sky. If you look closely, you can see that on these bones, the great chains are surging. The laws of the gods are blooming, and the chaotic energy is surging. The bones seem to be able to hold a piece

The sky is general, and the sky is invincible.

"Bone Youhuang!"

Someone in the crowd roared, roaring and shaking the sky, because everyone saw that the Bone Throne that enveloped all of them was the Bone You Sovereign displayed, and the huge Bone Throne was instantly suppressed towards the remaining sages. Come.

"Kill out!"

boom!

Among the crowd, there was an earth-sovereign yelling. Suddenly, an earth-sovereign exuded chaos, and the whole body seemed to turn into a peng bird, rising to the sky, the big peng spreading its wings and swinging for ninety thousand miles, this posture was amazing.

This is also an earth-sovereign, with a lofty body, a powerful shadow shaking the world, and an invincible posture, as if it could tear the sky apart and rush out a hole.

"Hahaha, seek your own death." Bone Youhuang sneered, his eyes burst with light, and the infinite aura exploded above the white bone throne, vaguely, it seemed to see a huge white bone figure sitting side by side. On the bone throne, he reached out to heaven and earth

Palm of the hand.

boom!

This is a huge white bone palm. The bones on the palm are piercing the sky, and the bones fingers are murderous. If it can tear the heavens and all the worlds, it will slam the strong earthly master who is incarnate as a bird. At this moment, the huge white bone claw seemed to condense the chaotic murderous aura of the ten thousand worlds. With a sound of "Ah!", the peng bird in the incarnation of

the earthly statue was caught by the white bone claw, penetrating the void and bones. The claws pierced the huge bird

In his body, this claw is extremely domineering, it seems that this claw has the power to break the world.

With a bang, the peng bird fell from the air because the claw pierced his body. When the boned claws were about to tear the peng bird abruptly, the huge peng bird's body disappeared suddenly, and this earth respecter Reveal the truth, retreat crazy. Although he escaped from the bones and claws, his body has been pierced by the bones' palms, and his body was dripping with blood. Holes appeared in his chest. The claws of the bone throne not only broke his. The shape of the avenue, but also thorn

Through his body.

At this time, the Bone You Emperor saw that his White Bone Throne had not killed the opponent with a single blow, revealing a trace of suspicion, Yin Yin smiled, and was about to make another shot.

"kill!"

At this moment, an angry shout rang from the crowd, and along with this angry shout, all the Venerables who followed into the whirlpool shot together.

Because everyone knows that if you don't kill, once you are targeted by the Bone You Emperor, even strong people like Wu Peng Dizun can easily be seriously injured.

Only by joining forces can we get out.

"Quack, good time!"

The Bone You Emperor grinned and banged, the white bone throne revolved, and the bones radiated into the sky, turning into a scorching sun, and the billowing bones seemed to shatter everything in the world and shroud it below.

Rumble!

Countless powerhouses shot, and the venerable Qi turned into a long river, crashing against the white bone throne, bursting out with a shocking roar.

However, it didn't even blow away for a while.

at this time!

"Do it!" Qin Chen and Mo Li, who were in the crowd, glanced at each other, and secretly acted.

Hum!

Inside Qin Chen, the invisible sword aura surged. This sword aura condensed the power of the chaotic green lotus fire, mixed in the attacks of countless venerables, and instantly slashed towards the bone throne.

Mo Li's eyes flashed as well, a special Demon Gu power filled his body, turned into a chaotic magic light, and blasted on the bone throne. There was a loud bang, and the Bone Throne, which had been

trembling constantly under the bombardment of many venerables, suddenly made a slight clicking sound, and the chaotic energy on it was instantly blasted by half, and, the power of the fire of chaotic green lotus Combine Kendo

The power suddenly didn't enter the bone throne.

With a click, the bone formation on the bone throne was suddenly damaged. Seizing this opportunity, everyone escaped from the bone throne.

"Damn it, who is it?"

Bone Youhuang roared, his eyes were cold, staring at the many venerables below. Someone had attacked before and instantly broke the defense of his Bone Throne, leaving his Bone Throne with a trace of damage. What is it? people?

"Bone Youhuang, how dare you besiege me and wait, are you going to fight my ten thousand clan?"

An earthly respect roared, stepped forward with murderous aura, looking at Bone Youhuang with cold eyes, endless murderous aura surged all over his body, angrily.

This Bone Youhuang is too despicable. He actually guards under this vortex, and shoots at all those who enter this place. How can such a move make people not angry?

Moreover, Bone You Emperor turned out to attack indiscriminately, which was obviously to be hostile to the ten thousand races. "Hahaha, just with a few of you, also worthy of representing the ten thousand clan? Keep your eyes open and take a good look, the strong here represents the ten thousand clan." Bone Youhuang snorted, and instantly retracted the bone throne and took a closer look. Later, I couldn't help but look ugly,

Part of the great formation in the throne of his precious bones was actually damaged. Who moved his hands?

He glanced icily at everyone present, trying to find the guy who had worked on his bone throne.

When the other venerables present heard the words and looked forward, their faces instantly condensed, revealing a shocking expression.

Qin Chen also stopped and stood in the void, looking in front of him.

After Qin Chen came to this Vientiane God Treasure, he had already witnessed one miracle after another. It can be said that he was not surprised to see anything, but when he saw this scene before him, Qin Chen still couldn't help but feel embarrassed. .

In the depths of this chaotic galaxy, a huge planet floats and sinks here. This is a star that is out of the ordinary. This star is too large to measure, floating in the depths of the galaxy. ? This star is huge and dark, like a magic star. Its terrible is far more than this. This huge star emits billions of meters of chaotic energy, and the chaotic energy sweeps through it. It seems that it can sweep through nine days, it seems that it can sweep through.

Volume Ten Thousand Worlds!

Endless chaotic energy gushes out from this huge star, and countless chaotic energy jumps. In this endless chaotic energy, it is difficult for people to see what is inside.

Such a star that gushes out endless chaotic energy, if it is not supported in the shining galaxy, it is hard to see that it is a star. ? Many of the venerables present were also dumbfounded. Looking at this star, I don't know why. Seeing such a weird superstar, everyone is always a little uneasy. In this endless chaotic atmosphere, it seems that it leads to One full of endless

Like a dark place, anyone who enters it will sink instantly. This star seems to lead to hell.

[Chapter 3976: Dark stars](#)

No matter who it is, seeing such a star will feel that it is full of magical aura, as if it is an entrance to hell, with chaos, and at the same time, there is a cosmic atmosphere, which shocks people. And the blazing sun turtle they had tracked before, saw this star surging with endless black chaotic gas, but it seemed extraordinarily cheerful. He was full of golden flames, swimming in this black chaotic gas, as if to enter this black In the stars

same.

And what shocked everyone even more was that in this space, besides the many Bone Race powerhouses led by Bone Youhuang, there were even other powerhouses of ten thousand races. Moreover, these venerables are the top powerhouses of all races. They sat cross-legged in the chaotic air spitting out of the black stars. They were far and near, seeming to feel something. The black chaotic air was in their bodies. Surrounding, manifesting avenue

, So that everyone was entwined with a black magical aura.

"Earth Soul Master!"

"Shadow Demon God!"

"Ten Thousand Meteorites!"

"Jiuyue Dizun!"

Seeing a figure in this mysterious space, everyone changed their colors. There are many powerful people from all races here, and they are all the top powerhouses among the big clans.

At this moment, these powerful men of all races saw the magical sun tortoise swimming, and their eyes burst into divine rainbows, and they displayed the magic chain of laws and entangled the magical sun tortoise, actually wanting this Capture the Tortoise of the Strong Sun.

Boom boom boom! A chain of gods burst out of a rainbow, entwining strongly towards the tortoise of the blazing sun, each chain of gods contains different laws, there are the great roads of the demon clan, the demon aura of the abyssal demon clan surges, and there are thousands of falling. On the **** chain of the god, the stars are vast

, As if one star after another are connected in series, and into the avenue of the **** chain of the Jiuyue Dizun, one after another ancient sacred mountains evolved, the sacred mountains are mighty, suppress everything, and move toward the strong suppression of the strong sun turtle .

boom! The sky and the earth are chaotic, the sky is falling apart, the sun and the moon are not light, so many masters all shot together, how powerful is the picture produced? It cannot be described in words, but in front of this black chaotic star, the attacks performed by the powerful people of all races,

But as small as a mayfly, like an ant in the heavens, like sand and dust in the desert sea, like stars in the sky.

Moreover, beside this master of ten thousand races, there is a strong man of all races sitting cross-legged, floating in the black chaotic stars.

Bone Youhuang is just one of them.

Everyone's expressions have changed. The ten thousand clan powerhouses are all here, and the Bone You Emperor's actions are unexpectedly unobstructed. What does this show? Obviously it showed that Bone Youhuang's actions were clearly promised by the powerful tens of thousands.

Qin Chen stared at the powerful man of ten thousand races, his eyes condensed, and he said solemnly: "Senior Ancestral Dragon, don't you mean that the core of Chaos Galaxy is extremely difficult to find? Only the scorching sun turtle can find it. Why is there such a place? What a master?"

Honghuang Zulong looked sluggish, "Damn, it's impossible, this place at the core of the chaotic galaxy is extremely difficult to find, how could so many people gather here?"

"There must be something weird in this."

He said solemnly, his tone was very positive, there were definitely changes he didn't know about here.

In Mo Li's body, Demon Ancestor Luohu was also talking about the same thing as Mo Li.

Qin Chen looked at the black star. Around the black star, the powerful people of the ten thousand races gathered here. Looking around, almost the strongest of the top big clans had arrived.

This made Qin Chen understand that this shouldn't be an accident. If it was an accident, it would be impossible for so many people to gather here. Perhaps, as Hong Huang Zulong said, there should be some unknown reason that made everyone Gathered here.

Boom!

At this time, many divine chains condensed towards the fierce sun turtle, and the roots of the divine chain reached the sky, trying to lock the fierce sun turtle. This made Qin Chen squeeze a sweat. There are so many powerful people, and each of them is the existence of the pinnacle earthly respect, such as the deep soul earthly respect and the ten thousand falling earthly respect, are all powerful people who are expected to spy on the way of the Taoist heavenly respect. , Is the backbone of a big force, this kind of strong

Together, will this blazing sun turtle be caught?

"Hmph, just because these guys want to catch the Tortoise of the Fiery Sun, in the next life."

Honghuang Zulong sneered. Outside the black stars, just when the countless **** chains were about to lock the tortoise, the tortoise suddenly shook his body and banged. On the tortoise shell on his back, a bright golden light appeared. Ancient runes, these runes touch

When encountering the **** chains, these **** chains were torn apart.

"What kind of turtle is this?"

"Stop him!"

Yuan Soul Dizun and the others screamed, one after another shot to stop the Divine Sun Turtle, but the Divine Sun Turtle flashed into the depths of the black stars and disappeared.

"Did you see where this blazing sun turtle disappeared? Follow." Honghuang Zulong said suddenly in a deep voice.

Whoosh!

When Qin Chen moved, Mo Li moved, and the three of them quickly approached the black star.

"Boy, without the permission of this seat, no one is allowed to enter this chaotic star." Suddenly, Bone Youhuang's figure flashed, and instantly appeared in front of Qin Chen three people, and said with a gloomy smile.

"Why?" Qin Chen's eyes sank.

"Hahaha, why? Just because this is the rule of my ten thousand races, well, you can enter if you want, you can only get close to the periphery of the chaotic stars, as far as you go deeper, it won't work, and all of you are the same."

Bone Youhuang smiled and looked at the powerful tens of thousands of people present.

"What if I have to wait to enter?" Mo Li said coldly.

"Hey, kid of the Demon Race?" Bone Youhuang glanced at Demon Li, and said with a smile: "The same is true of Demon Race. If you want to enter this chaotic star, you must get the consent of your Demon Race Deep Soul Earth Venerable, otherwise. , I can only stop you."

Qin Chen changed color.

This is the deliberate teamwork of several powerful people of the ten thousand races, blocking the place, so that other people can't get close to this dark star.

This is troublesome now.

Qin Chen's face was hard to look like, if the ten thousand races joined forces, no matter how strong he was, he wouldn't be able to be hostile to these ten thousand races.

Have to think of a way.

And the words of Bone Youhuang also caused other venerables to change their colors one after another. With Bone Youhuang blocking and ten thousand tribes uniting, they couldn't enter this chaotic star at all.

"Master Yuanhun Earthzun, I am the same Demon Wind Demon Earthzun. If I want to enter this chaotic star, please raise your hand to let your subordinates enter."

At this time, a Demon Race Earth Sovereign in the crowd stepped forward and shouted to the Yuanhun Earth Sovereign in the chaotic atmosphere of the distant black stars. The same demon race is a middle-level race in the demon race, and it can be considered to have some status and can speak something with the deep demon race.

[Chapter 3977: Shadow Demon Race](#)

"Hmm." Seeing that the soul of the deep soul suddenly looked over, his eyes were indifferent, and Ronglong said: "All the strong demon races, except for my deep demon race and the top demons under his command, the rest of the demons are only allowed here. Cultivation in the chaotic air outside the chaotic stars, do not approach the chaotic

Chaos stars. "

As soon as the words came out, the face of the Wind Demon Land Sovereign of the same Demon Race suddenly changed, and the words of the Yuan Soul Land Master clearly did not allow him to enter with the Demon Race.

The so-called Abyss Demon Race and its subordinate top Demon Race means that in addition to the Abyss Demon Race, only the First Demon Races under the Abyss Demon Race, Death Demon Race, Saint Demon Race, and Heaven Demon Race are eligible to enter. The rest of the demons cannot enter.

"Master Yuanhun Earth Venerable, subordinate..." Feng Demon Earth Venerable was still saying something, but was interrupted directly by Yuan Soul Earth Venerable.

"Wind Demon Earth Sovereign, do you and the Demon Race want to defy the orders of my Abyss Demon Race?"

A rush of murderous intent came from far away.

Feng Mo Di Zun's expression changed, and he hurriedly said, "The subordinates dare not."

His complexion was ugly, so he had to retreat obediently, where there was also a surging of black chaotic air, which was the only place they could enter.

Not only was this Wind Demon Earth Venerable being blocked, but other Venerables including Human Race and Demon Race wanted to enter it, but also were blocked by the Earth Venerable Human Race and Monster Race. If you want to enter, only the Hexi Woman of the race can do so.

At this moment, everyone has seen that this chaotic star is definitely an extraordinary place, even the most core place of this secret realm, otherwise it would not be possible to attract such attention from the powerful.

"Boy, go back quickly."

Bone Youhuang looked at Qin Chen with a grin. He wanted to do something against Qin Chen before, but it was a pity that he was blocked by them. If Qin Chen dared to offend this forbidden step now, he would be happy to kill Qin Chen directly. Here.

Everyone looked at Qin Chen.

"Well, true dragon clan, if you are willing to join my deep demon clan and cooperate with my demon clan, this seat can promise you a place."

At this moment, Yuanhun Dizun suddenly spoke.

This made Bone You Emperor and the Bone Dizun's face slightly changed behind him.

Damn, is the real dragon so cool? "Hahaha, Yuanhun Dizun, why have you been wooing my monster clan? Long Chen, you don't need to agree to him, your true dragon clan is originally my monster clan's subordinate, and I also know that you cannot be the master of the true dragon clan, so , If you are willing to be my shadow monster clan

Ke Qing, I can also give you a place." Yingmei Dizun smiled.

This caused many people to change their colors. Damn, the true dragon clan is so cool. If you directly become a guest, the shadowy **** is willing to let him in. How generous is this. Even some powerful people who are already outside the chaotic star are discolored. It should be noted that although the Shadow Charm Earth Sovereign can enter this chaotic star, there are not many places that belong to his Shadow Demon Clan. Qin Chen is given one. She will have fewer shadow demons

Go for a place.

"Thank you for your kind intentions, this young master wants to enter this chaotic star, without anyone's wooing, shadow charm earth respect, your kindness, I also appreciate it."

Qin Chen laughed, then shook his figure, left here directly, and entered the Chaos Qi realm on the side.

"This kid, I don't know how to seize such a good opportunity."

"What an idiot, if it were me, I would definitely agree."

Many Venerables said secretly.

"If you change your mind, the promise of this seat will be effective at any time." The Shadow Demon Clan's Shadow Demon said with a smile.

"Shadow Charm, you really are willing to pay for it." The Heavenly Wolf Divine Sovereign sneered: "You Shadow Demon Race, I'm afraid there are not many places, right?"

"Cut, a dead dog, can I be happy?" Yingmeidi sneered.

"Which demon clan are you from again?" At this time, the eyes of Yuanhun Dizun focused on Demon Li and Demon Chiyan.

He is a master of the Abyssal Demon Race, and he keenly felt a special Demon Race aura from the two of them, and this aura was very strange, which attracted his attention.

"Senior Wanyu Dizun and Jiuyue Dizun were previously on these two people, possessing the star core and the Primordial Sacred Mountain, and they both got a Chaos Fruit respectively, and they were connected with the true dragon clan boy."

In the Human Race area, the Golden Sword Dizun and the Wushuang Dizun saw Mo Li and Chiyan Demon Lord, and hurriedly spoke. "Oh, that's them?" Wan Yu Di Zun and Jiu Yue Di Zun looked cold, squinted, but looked at Yuan Soul Di Zun, did not say anything, just coldly said: "First feel this dark star Power, turn around and solve this true dragon and these two

Demon kid. "

"The junior belongs to the Moon Demon Race."

Mo Li and Chi Yan Demon Lord flashed their eyes, they were stared at by Yuanhun Di Zun, bowed their heads respectfully.

"Moon Demon Race?" Yuanhun Dizun pondered for a moment, "Well, it turned out to be just a small clan."

Immediately turning his head, he also lost interest in Mo Li and Chi Yan Demon Lord.

When Mo Li and Chi Yan Demon Lord saw this, they immediately turned around and came to the chaotic breath area.

"Qin Chen, didn't you actually do it?" Mo Li walked to Qin Chen's side, frowning and wondering.

"Aren't you not doing it? Don't tell me, you are afraid of the Bone Youhuang?" Qin Chen smiled, squinting, and then stopped talking, sitting in this chaotic aura field, seeming to understand something. .

"Huh, Bone Youhuang?!"

Mo Li snorted coldly, Bone Youhuang? He was afraid of a fart. Seeing Qin Chen not speaking, he walked aside and squinted.

"Magic, what the **** is Qin Chen doing?"

Chi Yan Demon said in doubt. "I don't know, this person's methods are extraordinary, he did this, there must be his intention, perhaps, it is to prove something." Mo Li frowned, he believed that with Qin Chen's strength, it is impossible to fear the Bone Youhuang. , It's just a big deal

.

"That guy is the leader race of the Demon Race today?" At this time, Demon Ancestor Luo's gloomy voice sounded. "Yes, senior, this person is called Yuanhun Dizun, and he belongs to the Abyss Demon Race. In the universe, the Demon Race is led by the Abyss Demon Race, followed by the Sky Demon Race and Saint Demon Race. There is a top powerhouse called the ancestor of the deep demon, who is now the demon

The leader of, is also the demon ancestor of the Mozu today. "Mao Li said.

"The ancestor of the deep demon? Humph, all kinds of cats and dogs have dared to call themselves the ancestors these days." Demon ancestor Luohu coldly snorted.

"Senior, what shall we do next?" "Don't worry, this dark star is definitely not so easy to enter. Don't look at those guys already close to the dark star. In fact, they are trapped in the chaotic atmosphere and can't easily Leave, once they leave, they can only start again, they lightly

Yi can't do it. This chaotic star area is very dangerous, and it is also a good thing to feel for a moment in this chaotic aura area. "The Demon Ancestor Luo Hu said in a deep voice: "I haven't been here for hundreds of millions of years. Many of the things here are not familiar. So many people come here. It must be weird. Let me take a closer look, you remember. Be careful, that kid, it should be

The same idea. "

Luohu Mozu's voice fell, and suddenly fell silent.

"This core place is weird!" At this moment in Qin Chen's body, Hong Huang Zulong also squinted his eyes and said with a positive tone.

[Chapter 3978: Qin Chen's anxiety](#)

"What the **** is this black star?" Qin Chen frowned and asked.

"To be honest, I am not very clear. When I came here, it was not like this." Honghuang Zulong shook his head.

"What should I do?" Qin Chen was speechless. "Huh, I won't know when I get closer." Honghuang Ancestral Dragon was very disdainful. "You should have seen it too. Those so-called powerful people of ten thousand races can't get close to this black star at the moment, and they are only in this black now Periphery of the stars

The energy, just a little closer. And this chaotic air area also contains a trace of energy from this black star, and the perception here is equally effective, I don't believe you will not know this truth. "

"Although the skull is not weak, you shouldn't be afraid of the other party, right? The reason why you didn't do it, I think you are going to wait for the masters here to gather more, do it together?"

Honghuang Zulong sneered. Qin Chen smiled. He was really for this purpose. He was not afraid of Bone Youhuang, but, after all, this was the rule set by the ten thousand clan. It would be impossible for him to offend the ten thousand clan by himself, but he gathered here. More and more people will gather together

The power will also grow stronger.

After all, there are only a large number of people who are not qualified to enter the black stars, which is the mainstream.

The most important thing is that Qin Chen has to figure out why there are so many masters here, which is completely different from what Honghuang Zulong said before.

This made Qin Chen always feel uneasy.

Immediately, Qin Chen entered the chaotic aura area. With a loud bang, although this area of black chaos aura is not a small distance from the dark stars, when Qin Chen and the others enter, it is like a dark storm is set off here, and the billowing monstrous chaotic aura is like a blaze blocking it.

Their approach seems to repel them out.

If it weren't for Qin Chen's strong cultivation base, he would have been overturned long ago, but even so, Qin Chen still felt strong oppression and shock.

It's no wonder that Yuanhun Dizun can't get close to the dark star, the dark star is indeed terrifying.

Not far away, Mo Li and Chi Yan Demon Lord also crossed their knees, almost being shocked.

call!

Qin Chen closed his eyes and sat cross-legged. Suddenly, the power of the billowing darkness and chaos encircled Qin Chen.

"this is....."

Suddenly, Qin Chen opened his eyes, and there was a hint of shock in his pupils.

Because, in this black chaotic aura, he felt a special power, this power is quite similar to the power of darkness, but it is different.

What power is this?

When Qin Chen was shocked, not far away, Mo Li was expressionless, just comprehending the dark and chaotic aura, and even slowly absorbing it, obviously Mo Li did not feel such a power.

Not only Mo Li, but also the people like Yuan Soul Earth Venerable didn't feel it at all. "What the **** is this black star? Why is there such a power similar to the power of darkness? The power of darkness is the power of the dark forces outside the universe. How can it be suppressed by the heavens of the universe in this chaotic galaxy? ?

Will it not be rejected by the Cosmos Avenue? "

For an instant, Qin Chen was full of doubts.

He looked at the dark star, and the longer he watched, the more uneasy he lingered. He always felt that this dark star had an unspeakable premonition.

He looked at Yingmei Dizun and the others, if they could feel this dark power, it would be impossible for them to comprehend and cultivate here.

And now, no one in the room is abnormal, obviously no one except him can perceive it.

Qin Chen carefully sensed such a force, but immediately, his brows wrinkled again.

Because although this breath is somewhat similar to the power of darkness, it seems to be different. If it weren't for the power of the dark royal family in his body, it would be impossible to feel it. "Human race boy, what's the matter with you, why don't you feel this breath?" Honghuang Zulong said in a deep voice, "The chaotic jade bib is very likely to be in this black star. If you want to get the chaotic jade bib, you must enter it. Among the black stars, and must

Must hurry up before others, otherwise, I am afraid that this opportunity will be lost. "

Qin Chen lowered his heart. Now that he was here, he could only do so, because he must get the Chaos Jade Bi.

Hum!

Inside Qin Chen, the billowing aura surged, and, under the cover of the dragon soul, the power of the Dark King's blood that originated from the depths of the source quietly operated.

Qin Chen was shocked by this movement.

Because under the power of the Dark King's blood, this black chaotic aura was easily absorbed into his body, slowly flowing in his body.

The strong shock of the black chaos aura on Qin Chen before suddenly weakened a lot.

The blood power of the Dark King actually has such an effect?

Qin Chen was dumbfounded.

However, even though the black chaotic aura oppressed him a lot, it still oppressed Qin Chen. Obviously, the power of the Dark King's blood could not allow Qin Chen to completely offset this chaotic aura's rejection.

But at least it's much better than before.

Qin Chen continued to absorb, and immediately, the billowing dark and chaotic aura continuously poured into Qin Chen's body, and at the same time, Qin Chen suddenly entered the depths of the black chaotic aura.

Mo Li and Chi Yan Demon Lord couldn't help being surprised. Is Qin Chen crazy? They are also comprehending the power of this black chaotic aura, and the magic body is pregnant with ancient demon gu, which can swallow all power. Even so, he is only trying to perceive this black chaotic aura, but Qin Chen? Actually entered directly

Entering the depths of the black chaotic aura area, what is this not looking for death?

However, Mo Li thought that the monstrous black chaotic aura would lift Qin Chen away, but the result was completely out of his expectation. Qin Chen rushed forward, the monstrous black chaotic aura did not stop Qin Chen, and what was even more terrifying was that when Qin Chen approached the black chaotic aura, it seemed that more black chaotic aura surged in and brought Qin Chen away. Body shape swallowed

Gone.

"What is this kid doing?"

"Are you looking for death?"

"Dare to rush into this black chaotic aura area, are you crazy?" In this area, there are tens of thousands of powerful people who feel the chaos aura here, and they can't help being stunned when they see it. You must know that some people have already arrived here before Qin Chen arrives. However, even if they feel it now, they dare not enter the black aura

The place where the breath area is too deep, because someone tried to break in before, but without exception, all disappeared and disappeared directly in the black chaotic breath area, life and death unknown.

Qin Chen went in like this, fearing that it would be hard to escape. Many people shook their heads, especially when they saw Qin Chen being overwhelmed by the black chaos aura, they shook their heads and sighed.

[Chapter 3979: Swallow Chaos Air](#)

In the black chaotic aura area, Qin Chen was floating here unharmed, his figure was completely swallowed by the black chaotic aura, but the whole person was still unharmed.

It seems to feel Qin Chen's breath, countless black chaotic auras are constantly surging crazily, wanting to enter Qin Chen's body.

"boom!"

In this isolated breath, Qin Chen quietly circulated the blood of the Dark King, he wanted to figure out the connection between the two.

When he was running the blood of the dark king, countless black chaotic auras around him crazily approached him, as if Qin Chen himself had an attraction that made this monstrous black chaotic aura irresistible. "Boom...boom...boom..." At this time, the roaring sound resounded throughout the chaotic aura area, and I saw the endless black chaotic aura rushing towards Qin Chen like a flood bursting a bank. Go straight to Qin Chen like a thousand troops

. ? At this time Qin Chen's body was madly absorbing the countless black chaotic aura, and inhaled the endless black chaotic aura, and the endless black chaotic aura was like a moth flying into the fire, as if trying to fill Qin Chen desperately same

.

No matter whether the monstrous black chaotic aura was absorbed by Qin Chen, or the monstrous black chaotic aura wanted to assimilate Qin Chen like moths to a fire, in short, all the monstrous black chaotic aura poured into Qin Chen.

As a result, Qin Chen swallowed countless monstrous black chaotic auras in just a few moments. No one can imagine this scene. Just look at this monstrous black chaotic aura and know how powerful it is.

"This kid..."

The primordial ancestor dragon in the jade disc of good fortune in the universe was also stunned. He could feel that there was a very special power in Qin Chen's body, which was madly devouring these black chaotic aura.

This is something he never expected.

"I'm afraid there are more secrets in this child than I thought?" Honghuang Zulong said in shock.

"You guys, you can also go out and swallow these chaotic auras. These chaotic auras are also good for you and can make your physical bodies evolve faster." Honghuang Ancestral Dragon said to Xiaoyi and Xiaohuo.

"You bad old man can be so kind?"

Xiaoyi and Xiaohuo looked suspiciously at Honghuang Zulong.

What am I...

Hong Huang Zulong was so angry that he almost didn't pinch the little ants and little fire to death. These dead bugs were so speechless.

However, Xiaoyi and Xiaohuo just said casually, and they could also feel that the outside atmosphere made them feel like they were drooling.

Buzzing!

In an instant, Little Ant and Little Huo appeared in this void one after another, and then swallowed them with big mouths.

Outside the chaotic breath area, Mo Li suddenly frowned, "Master Chi Yan, have you heard anything inside?"

"Did you hear that too?" Chi Yan looked at Mo Li.

In the depths of this black chaotic aura area, there seemed to be bursts of roaring sound, but this sound was extremely remote, he thought it was an illusion at first.

"I'll go in and take a look, you are outside."

Mo Li had already resisted the chaotic aura to a certain extent at this moment, and with a swish of his figure, he entered the depths of the dark chaotic aura.

Seeing Mo Li entering, many venerables around shook their heads, and another went in to die. "What kind of kid, this demon ancestor taught you that this chaotic aura is much faster than other venerables, right? Combined with your own demon gu, you can easily absorb the chaotic aura here without being backlashed. So, looking back, you will be better than others

Enter into the dark stars at a faster speed, huh, the demon ancestor has already said that with the demon ancestor there, no one here can compare to you, and the treasures here will definitely be yours."

In the depths of the black chaotic aura area, Demon Ancestor Luo Hu said proudly, triumphantly.

If it weren't for him, how could Moli not be affected by this black chaotic aura so quickly?

Rumble!

At this time, the roar deep in this area became clearer and clearer.

When Moli came to the depths of this dark and chaotic aura area and waved his hand, Moli's eyes suddenly became round, and the Demon Ancestor Luohu also shut up suddenly, unable to say a word.

What did they see?

In the depths of the black chaotic aura, a figure sat cross-legged, and the billowing chaotic aura poured into his body, like an astonishing black hole. Even the monstrous black chaotic aura could not drown this sound.

"Damn, it's the real dragon kid..."

Demon Ancestor Luohu was stunned, watching this scene in disbelief. It was hard to believe that Qin Chen could behave like this in this black chaotic aura. If he hadn't seen it with his own eyes, he couldn't believe that all this was true. Not only Qin Chen, beside him, there is also a black and crushed insects. These insects are like a vacuum cleaner eating the surrounding chaotic aura. He was still boasting that Mo Li could swallow the black chaotic aura fast with his help.

Yeah, but now it seems that Mo Li can only compare with Qin Chen, at best he can only compare with these insects.

"I....."

The Demon Ancestor Luohu is a bit swearing, is he shameless of the ancient Demon Ancestor? How many times have you been slapped in the face by this kid?

At this time, Luohu Demon Ancestor finally understood why Moli always feared that Qin Chen, this kid was evil.

Mo Li immediately sat cross-legged in this area, absorbing the billowing chaotic air, and feeling the power here.

I don't know how long it took before Qin Chen's Chaos Qi had reached a state of abnormality, and Qin Chen finally opened his eyes.

At this time, Qin Chen felt that his physical body had undergone some kind of transformation, an inexplicable change, but he couldn't tell where the specific change was.

After exhausting the terrifying black chaos aura, the trace of Dark King's blood in Qin Chen's body has finally changed. Such a thing is unbelievable.

Seeing Moli here, Qin Chen couldn't help being surprised.

"You guy has finally swallowed it." Mo Li stared at Qin Chen with a vague look, like an angry little wife.

"How long have I absorbed?" Qin Chen asked in confusion, he was completely immersed in refining, and even forgot the time.

"Three days!" Mo Li said speechlessly. He couldn't hold on after two days of frenzied devouring, but Qin Chen held on for three days, that's all, the key is the speed at which he absorbs, compared to Qin Chen. , It's like a little witch and a big witch, they are not at the same level at all

on.

In three days, Qin Chen and Mo Li had an inexplicable transformation in their bodies, and the black chaotic aura greatly weakened their repelling power.

"Three days, almost, let's go out." Qin Chen squinted, and it hasn't been long since the end of the Vientiane God Cang, he can't continue to waste time.

[Chapter 3980: Chaos Map](#)

When Qin Chen and Mo Li walked out of this black chaotic aura area, they stunned everyone present.

Countless venerables of the ten thousand races looked at the two dumbfoundedly. This was the first time someone could walk out alive after being drowned in this chaotic atmosphere.

"Lier!"

Seeing Demon Li coming out, Chiyan Demon Lord quickly surrounded him, but looking at Qin Chen, his eyes flickered, and he even hesitated while pinching the corner of his clothes with two fingers.

"What are you afraid of? I won't eat you?" Qin Chen glanced at the Red Flame Demon in a wordless manner. Is this still the alien demon Crimson Demon who was lawless in the heavenly demon secret realm? Why is it like a little daughter-in-law?

However, Chiyan Demon Lord's figure is indeed good.

I remember that when I was in the Guyu Realm, this confidante Wuhuang had also targeted me, and had some entanglements with him, cough, cough, can't think about it anymore, Qin Chen is afraid that he will vomit.

Qin Chen looked up. At this time, more powerful men had gathered in this area.

I'm afraid that most of the strong people who have entered the Vientiane God Treasure have gathered here.

"Well, Prince Golden Crow?" Qin Chen even saw Prince Golden Crow on the periphery of the dark star, but the imperial tomb demon clan of the Prince Jin Crow was obviously of extraordinary status and was actually allowed to enter the periphery of the dark star, and most of the warriors, Still blocked outside

, Can only comprehend in the black chaotic breath area that the dark stars shed. "There are so many more people?" Mo Li also frowned. According to Luohu Demon Ancestor, this place should be an extremely secretive place. Now even the Fierce Sun Turtle has entered the dark stars, why is it still here? Can keep people coming in

?

This is too unreasonable.

"Li'er, I have already asked how these guys got here." Chiyan Demon Lord said.

Qin Chen even looked over.

Red Flame Demon Lord glanced at Moli, and when he saw Moli nodded, he said, "These people came here through the map."

"map?"

Qin Chen and Mo Li frowned.

"It's this thing, I bought it from a monster race."

The Chiyan Demon Lord took out a piece of black jade slip, and the two of them swept into the jade slip, and they saw a rough map of the Chaos Galaxy in it, marking the location of the core place.

"This is... Chaos Jade? It's something unique to this ruins world." Honghuang Zulong said in shock.

"Chaotic Jade?"

Qin Chen was puzzled. Honghuang Zulong explained, with a serious tone: "Chaotic jade is a kind of waste produced outside the chaotic jade bib. Although it is a waste, it is also quite special. It can have a certain connection with the chaotic jade bib, or through It can always be felt

Attract to Chaos Jade Bi. "I understand how these people came here. The core place of Chaos Galaxy is hidden because it is constantly changing, but as long as there is Chaos Jade, no matter how it changes, you can perceive it through Chaos Jade. Core place

Location, and enter here. "

Honghuang Ancestral Dragon looked serious: "In other words, the chaotic jade must be in this core place, otherwise the chaotic jade will lose the function of the map."

The emergence of Chaos Jade at least verified that Chaos Jade Bi must be here, but at the same time, another problem emerged.

That's why there is a map made of chaotic jade in this secret realm?

Who made this map?

And where did they get it?

"Where did these people get this chaotic jade?"

There is no need for Qin Chen to ask, Mo Li has already spoken to Demon Chiyan.

"I've inquired about the origins of this jade slip. They were all obtained by these people from various treasures in this secret realm. In addition, some people were fishing in this chaotic galaxy." Red Flame Demon Jun explained.

"Is there a huge number of jade slip maps?" Mo Li was surprised.

Red Flame Demon Lord nodded: "It is estimated that there are hundreds of yuan just because I inquired."

hiss!

In the jade disc of good fortune in the universe, Hong Huang Zulong sucked in air. "Human race boy, you have to be careful." His face was serious: "Chaotic jade is actually nothing. If chaotic jade bi is here, then the number of chaotic jade born over hundreds of millions of years is probably uncountable, but who is here? Left in Chaos Jade

Got a map of this place? "

This makes Honghuang Zulong look solemn.

Because leaving a message in Chaos Jade is not something ordinary people can do. At least, no one can do this among the many descendants present.

This requires an amazing understanding of the laws of chaos.

"Will it be left by the powerful people of the ten thousand races who have entered this Vientiane God Treasure?"

Qin Chen frowned.

This is not impossible. After all, the opening of the Vientiane God Treasure has been opened more than once. Who knows if anyone has ever entered here? "It's hard to say." Honghuang Zulong shook his head, "It's unlikely, but it's not impossible. For example, you, now after absorbing and perceiving so much Chaos Qi, if you are guided by Lord Dragon, you may not be unable to make it. Out of this chaotic jade map

Come. "

"However, this is only one of the possibilities, if not, it is worth pondering."

On the other side, Mo Li's expression was also quite serious, and it was obvious that Demon Ancestor Luohu had also made clear to him the problem.

"do not care."

Qin Chen squinted his eyes, no matter what the problem is here, he must get the Chaos Jade Bi.

At least, the appearance of this chaotic jade means that the chaotic jade must be here. This is good news.

"go!"

Qin Chen and Mo Li looked at each other, and the two of them shook their bodies and flew straight towards the dark star with Chi Yan Demon Lord. After absorbing and comprehending enough chaotic aura, they finally decided to enter the dark star.

"Huh, kid, stop!"

However, before Qin Chen and Mo Li entered the periphery of the dark stars, a cold snort sounded, and the Bone You Emperor shook his body and appeared in front of them suddenly.

"Boy, what do you want to do? Go back."

Bone Youhuang said with a cold voice, his eyes cold.

Immediately, the eyes of countless venerables around were attracted, and they all looked at this place, showing a look of surprise. This is... someone wants to disobey the authority of Bone Youhuang?

"The dignified bone clan master, Bone Youhuang, is actually willing to be a dog of ten thousand clan? What benefits do these guys give you?"

Qin Chen said with a chuckle.

"Quack."

Mo Li also grinned gloomily, with a sharp voice, his eyes looked at Bone Youhuang, slowly turning, like a hungry wolf staring at his prey, making people look panicked.

"Boy, what are you talking about?"

boom!

A terrifying aura surged from Bone Youhuang's body, and the sky-reaching bone energy surged like an ocean, his murderous aura was full of murderous aura, and the cold murderous intent directly covered the three of Qin Chen, Moli and Chiyan Demon Lord, and endless chills bloomed from him. He is a strong man at the pinnacle, and he was insulted as a dog. When did he suffer such shame?
