

## Valkyrie 3981

### [Chapter 3981: So persuaded?](#)

"Boy, go back, otherwise this seat will just tear you up." Gu Youhuang yelled coldly.

Had it not been for Yuanhun Dizun who had been wooing Qin Chen, he would have abolished this kid long ago. Suddenly, in the periphery of the Dark Stars, many powerful men came over. There were powers such as Wan Yi Di Zun, as well as powers of other top races such as the Golden Crow Prince. Qin Chen also saw the Tu Moyu of the Dead Demon in the crowd. , Lingyuan of the Holy Demon Race, also

There are characters such as the Little Demon King from the Ten Thousand Demon Mountain Range, but they all came to the Vientiane God Store.

However, they obviously didn't know Qin Chen in true dragon state. Yuanhundizun looked over indifferently, and frowned at Qin Chen, "True Dragon people, this place is the agreement of my ten thousand races, and only the top races of ten thousand races are eligible to enter. If you want to enter, you can join me. Clan, my demons can give you shelter,

But if you forcefully break the rules of my ten thousand races, don't blame my Yuanhun for being rude. "Earth Soul Earth Sovereign, talk nonsense with him, forget it, and the two guys around him, I heard that they have the star core of my Star Palace and the Primordial Sacred Mountain of Dayu Sacred Mountain, if you let me know They once treated me Star God Palace brother

The sub-rival is a member of your demons, and this seat is also infallible. "

Wan Yu Di Zun looked at the three Qin Chen with cold eyes, and said in a cold voice.

"Huh, people who dare to move my Dayu Shenshan, chasing to the end of the world, they will not escape the chase of this seat." Jiuyue Dizun also said coldly, murderously.

People of other races were stunned.

Human Race and Demon Race have always been rivals, but because of this true Dragon Race guy, can the Demon Race and the Human Race join forces? Among the human race, there are also some peak earth sages of other forces frowning and looking at the actions of Wanyu Earthsho, Jiuyue Earthsho, Star God Palace and Dayu Shenshan, it is clear that they are to push this true dragon race away from the forces that are hostile to the human race. Not in the interests of the human race

.

But Star God Palace and Dayu Shenshan are the top forces in the human race after all, but they can't help but give face. "Hehe, these are really powerful." Qin Chen suddenly sneered, "Why do you represent the ten thousand races? Isn't my true dragon race not the universe ten thousand races? There are also many races present, the same is true. Can represent the universe, why

Why should you be represented? "

Mo Li licked his tongue, stared at the eagle and quacked and laughed.

Qin Chen's words also caused a commotion among the powerful people of the ten thousand races present. Yeah, why are they able to represent the ten thousand races of the universe? Are they small races that are not the pinnacle races are not the ten thousand races of the universe?

"Hahaha." Suddenly Bone Youhuang laughed, "Why should we be represented? Boy, your true dragon clan is also a well-known race in the universe, don't you understand? Everything is because of strength. , If your true dragon clan has a peak today

The earth-sovereign is here, and this seat will recognize your identity, and you will have a place to enter the dark stars. Unfortunately, you are the only true dragon clan today, so you can only follow the orders of me. Don't you understand this truth? "

"Strength? If we join forces, we can also overturn your so-called representatives." Qin Chen said coldly, and then said to everyone present: "If you are willing to join me, Long Mou is willing to clear the way."

As soon as these words came out, the minds of many venerables who were originally located in the area of the chaos aura were surging. Indeed, there are not many powerhouses close to the dark stars. Although they are all the top races in the universe, each of them is the top powerhouse, but in terms of number, these ten thousand race powerhouses are more dominant. If they are ten thousand Neng Lian

Together, you may not be afraid.

What's more, Qin Chen also took the initiative to clear the way.

Thinking of the treasures in the dark stars, many people's minds become active. "Hahaha, boy, if you want to intensify the contradiction and rely on these guys to support you, I am afraid that you have miscalculated?" Bone Youhuang said with a sneer, and then turned his head to look at the many Venerable Ten Thousand Races , Sneered: "I want to see it,

If anyone dared to break through, if he took a step forward, he would retreat to my seat, regardless of the killing. "

Boom!

The endless evil spirit on Bone Youhuang's body surged, and the billowing bony air flowed. Under his gaze, the expressions of the venerables of the ten thousand races who were ready to move suddenly changed, and their hearts felt cold, and they couldn't help but retreat.

They wanted to take advantage of Qin Chen's hands, but after feeling Bone Youhuang's killing intent, they didn't dare to do anything. "Hmph, do you really think that you can repel this seat by joining forces? Even if you repel this seat, you will certainly offend the top powers of the ten thousand races, such as Lord Yuansoul, and make such a decision for a little treasure. Some preparations have to be made." Bone

Youhuang said gloomily.

The Venerable who was about to walk out, suddenly all retracted.

Even if they can defeat Bone Youhuang, they can offend Yuanhun Dizun and the others, and they are afraid that they will not escape trouble if they leave the Vientiane God Treasure.

"Human kid, it seems that all the races today are cowards?"

Honghuang Zulong said speechlessly, are these guys so daunting?

Qin Chen was also a little speechless, and this person of ten thousand races was a bit too embarrassed.

"Boy, you've seen it too, go back obediently."

Gu Youhuang said to Qin Chen triumphantly.

"Just now Yuanhun Dizun said that entering here depends on strength. Since this seat has strength, why should I go back." Qin Chen smiled.

Since the Venerable Ten Thousand Races are not willing to stand up, it is the same on his own.

"boom!"

After the words fell, Qin Chen's figure suddenly moved, turning into a real dragon and rushing towards the Bone Youhuang: "You are the guard of this dark star. If so, defeat you, this seat will naturally enter."

Qin Chen originally wanted to take these venerables into the dark stars together, but since these guys made such a choice, it is no wonder Qin Chen.

With Qin Chen's move, the expressions of all the experts present changed drastically. What does this real dragon kid want to do? Actually take the initiative to do something against Bone Youhuang?

Isn't this looking for death? The Bone Race is also a big family in the universe. Although it is not as good as the Zerg, Monster, Sea, etc., but it is only like the Zerg. As the leader of the Bone Race this time, Bone You Emperor is the pinnacle of the earth, and his strength is by no means small. But this is also the Lord of the Ten Thousand Races

The real reason for drinking back.

Because, if they really want to start, even if they can rush out of Bone Youhuang's blockade, they will surely suffer heavy casualties.

I never thought that Qin Chen would do it alone now.

"Boy, this is your own death, no wonder I."

When Gu Youhuang saw this, he was shocked and angry, and was shocked that Qin Chen dared to take the initiative to attack. Angrily, Qin Chen's move was too far from his eyes.

"Kill!" He shouted angrily, the murderous aura billowing on his body instantly rose to the sky.

### [Chapter 3982: Just look](#)

"Boy, do you think you can beat this seat? Recklessly."

boom! Between the world and the earth, Bone Youhuang's body instantly became extremely huge, his voice was cold, his voice fell, the sea of bones covered the sky, and the endless white bones instantly flooded the sky and the earth, his bones were stretched out, and each bone ring soared like a starry sky. Like a waterfall

, Hanging down for nine days, at this time, Bone Youhuang's whole person is like a \*\*\*\* king above nine days, and every ray of his blood can crush the stars. ? "This is the attainments of the pinnacle Earth Venerable. Although there is still not a small distance from the Heavenly Venerable, but with such a Venerable aura and such a heavenly path, even those who are also powerful Earth Venerables will sigh inferiorly." Youhuang's astonishing backbone, surrounded by

The powerhouses of the earthly respect realm could not help but mumbled.

Although they are both earth-sovereigns, the newly promoted earth-sovereigns, ordinary earth-sovereigns, and stronger earth-sovereigns are completely different from the pinnacles.

Especially the peak earth statues like Bone Youhuang who came to Vientiane God Store to find the opportunity to break through the realm of Heavenly Sovereign are even more extraordinary.

More than one of the earth-sovereigns was amazed, and the earth-sovereigns of the ten thousand races present, or the many of them who had retreated in the chaos aura area could not help but be amazed. Don't look at the Bone You Emperor being always yelled at in front of the powerful people like the Deep Soul Earth Sovereign. That's because the opponent is a powerful person of the Abyss Demon Clan, and the Bone Race and the Zerg Clan are dependent on the Demon Clan, let alone the Bone Race Bone Youhuang, even if it's the land of the dead demons and other top demons

Zun, under certain circumstances, he had to listen to some words of Yuanhun Di Zun, and he didn't dare to be too disobedient.

But it must not be the slightest look at Bone Youhuang.

It can be said that the Bone You Emperor really wanted to be murderous, and rushed into the venerables of the ten thousand races, like entering the realm of no one.

Here is the power of the pinnacle Earth Venerable, and it is also where the Bone You Sovereign dared to use the Venerable Tool to directly blast the powerful people of the ten thousand races into the whirlpool.

Because, to a certain extent, Bone You Sovereign was indeed the strongest among the countless patriarchs present, except for the pinnacle earth-zun who had already entered the periphery of the dark stars.

"Boom..." Bone Youhuang was full of murderous aura, and looked at Qin Chen cruelly. It was Qin Chen who took the initiative to attack, and he was no wonder. At this moment, the Emperor Bone You stepped on, the sky was shaken, and then there was a roar. The entire sky turned into a sea of bones, and peaks of bones appeared in the sky, spewing out an endless sea of bones. A scene of destruction

.

Suddenly, the sky changed, the endless mountain of bones erupted, and the surging bone sea burned millions of miles of void, making people look at it.

"What kind of unique knowledge is this!" The Bone Youhuang made a move and shocked the four people. Even many older generations of earth sages failed to recognize what kind of unique knowledge this was. Such power made many people's hearts beat.

"Then the true dragon kid will definitely die."

"Hey, why do you have to fight Bone You Emperor? Didn't you see Bone You Emperor always wanting to do something against him?"

"It's really a dead end." In the black chaotic aura area, many venerable patriarchs sighed. They all knew that Qin Chen was bound to die at this time, based on the cultivation level of the real dragon in front of him. Breath, it is absolutely impossible to be the opponent of Bone You Emperor, I am afraid that even he is the enemy

No qualifications.

In the dark star position, the top powerhouses of the ten thousand races also shook their heads.

"This kid..." The Shadow Magic Earth Sovereign and the Heavenly Wolf Earth Sovereign sighed. They still wanted to draw Qin Chen to join their monster clan, and it was a good show to the true dragon clan, but they did not expect Qin Chen to be so irony. Feel the black chaos aura in this dark star.

How could Yi come here because of Qin Chen and stop Bone Youhuang.

Yuanhun Dizun also shook his head. He had drawn in Qin Chen before, and he had also drawn in true dragons for the Demon Race, but Qin Chen wanted to die, so he couldn't stop him.

In this case, he drank the Bone-Release Youhuang again, fearing that even the Bone Clan would be unhappy with him.

As for Wanyu Dizun, Jiuyue Dizun and others, they even sneered. They wished that Qin Chen would die here. For some reason, they looked very uncomfortable with Qin Chen.

"This guy from the true dragon clan has some courage, but it's a pity."

On the side of the Demon Race, the Little Demon King of the Ten Thousand Demon Mountain Range sighed.

"Hehe, don't sigh in a hurry, this person may not die so easily, at least this prince is ashamed." At the side of the Little Demon King, the Golden Crow Prince smiled suddenly.

He knew Qin Chen's strength, the Huluan clan's earth-sovereign couldn't do a few tricks in Qin Chen's hands. Although the Bone You Emperor was strong, he was afraid that he wanted to kill Qin Chen.

What's more, Qin Chen is still a friend of Lord Cat Sovereign, and Prince Jinwu naturally doesn't want Qin Chen to be in trouble.

"Oh?"

It was just the words of the Golden Crow Prince that made the Little Demon King frowned. How could the Golden Crow Prince give such a high evaluation to this true dragon? He knew that Prince Golden Crow had always been an extremely proud person.

"Just look at it."

Prince Jinwu's eyes flashed.

In the void, the endless bone mountain, at this moment, suddenly suppressed Qin Chen. "??? Humph, open it to me!" When the endless bone mountain erupted, Qin Chen's eyes condensed, his body turned into a dragon, roaring for nine days, violently soaring into the sky, his fists slammed down, "boom" There was a loud noise, the void collapsed, and the overbearing punch was like a storm.

In this way, everything was overturned, and the bone mountains were overturned by the tyrannosaurus-like fist strength, and the bone mountains were blown to pieces. The scene was spectacular.

Especially when the bone mountains are bombed, it feels like the end is coming. It is so real that people can't help but feel scared.

what?

This scene instantly stunned countless venerables present.

"Kill!" When the bone mountains exploded, the figure of Bone Youhuang appeared, his expression was solemn, but he did not expect Qin Chen to blast off his own attack.

"Huh, there are two things, no wonder it's so arrogant, but unfortunately, I still have to die."

Bone Youhuang gave a long roar, like a demon roar, he stepped out in an instant, each step driving the rhythm of heaven and earth, it seemed that heaven and earth were beating every step of his step.

Bone You Emperor stepped out step by step, heaven and earth beating for his rhythm, the void was distorted like a wave, at this moment, Bone You Emperor had disappeared.

"Roar!" The bone skeleton roared. At this time, a bone skeleton rushed out. The bone skeleton stepped on all directions and rushed in with its raging bones. The momentum was like a rainbow, and no one could stop it. It could smash the world and trample mountains and rivers. .

The Bone Skeleton rushed and stepped towards Qin Chen, with a shocking prestige, even more frightening than the pressure of the Nine Heavens Mountain. Under Bone's feet, Qin Chen would be crushed at any time.

"Good come!" Qin Chen laughed, jumped up instantly, covered the sky with his big hand, and met the four legs of the bone skeleton, and instantly caught the four legs of the bone skeleton, even if the bone could smash the mountains and rivers, he was still caught by Qin Chen. Subverted. ? At this time, Qin Chen was like a rebirth of the overlord, real dragon roaring, overturning the bones with one hand, tearing the bones with both hands, the bones were torn in half, and the stubble was flying.

### [Chapter 3983: Battle Bone Youhuang](#)

Although many people know that this is not the real Bone Venerable, it is only derived from the Great Dao, but when Qin Chen tears the bone skeleton in half, when the bone stubble splashes and flies, this scene is really true. It was shocking.

Boom...boom...boom!

However, at this time, Bone Youhuang's steps sounded, and each step sounded like the sound of a great road. Then, roaring bursts, boom... boom... boom...In an instant, the world trembled, and countless people changed their colors. ?At this time, everyone saw a head of skeletons running in the sky. These

skeletons were of various races, with animal forms, human forms, and all kinds of weird appearances, and their breath was extremely terrifying. Let those present not

The Young Master changed color.

At this time, these bones and skeletons are like ten thousand horses galloping, each bone is rushing, each bone is stepping on all directions, stepping on the mountains and rivers, rolling the raging bones and rushing forward, like destroying the world.

Seeing tens of thousands of white bones rushing forward, Qin Chen stood up and faced the white bones stepping on the broken mountains and rivers, his fists blasted out, and the white bones collapsed. He swung in the void like a real dragon, and the dragon's claws fell everywhere. It's a bone splash...

Suddenly, Qin Chen's figure jumped, sometimes only his claws pulled up a white bone, madly drawing above the void, sometimes a punch was blown to the head of a white bone, the stubble splashed, and sometimes the white bone was torn apart with bare hands. Two halves...

Suddenly, Qin Chen smashed into the thousands of white bones with his bare hands. He came to kill one by one, and cut the other when he encountered a pair. The stubble was dripping and his bones splashed. ? At this moment, Qin Chen resurged like a true ancient dragon, killing a \*\*\*\* path among thousands of white bones, thousands of white bones rushing like a scourge, and Qin Chen just like a mainstay, he just cracked open. Powerful bones

.

Smashing into such a group of white bones like a scourge, Qin Chen, bare-handed, did not use any magical powers, did not display any secret skills, smashed the stubble, and beheaded one after another with pure strength and speed.

But these white bones attacked Qin Chen, but they couldn't cause any damage to Qin Chen's hard physical body.

Such a scene changed everyone's color, and everyone was amazed by it.

This true dragon clan powerhouse is indeed terrifying. No wonder he has such a confidence that he may have been torn into pieces by the endless bones and skeletons when he is replaced by any earthly respect.

"Boom, boom, boom!"

Bone Youhuang's steps still sounded, and there was flame burning in his eyes, his expression was angry, and he was angry for not being able to kill Qin Chen in a short time.

With the sound of his steps, more and more bones rushed out, it seems that this sky has become a world of bones, countless bones have crushed the sky, and the endless bones have turned into a sea of bones. Rush away. ?At this time, the sky seems to have become a den of bones and skeletons, there are countless bones and skeletons rushing out, there are as many as you want, endless bones can be killed, endless, even if Qin Chen is strong, Seems to be exhausted

Qin Chen.

"This is too terrible." The countless sages below changed color, and the older generations of earth sages all had ugly faces, and they couldn't help muttering, these skeletons are almost endless, how can they fight?

"Is this the pinnacle respect?"

Many earthly priests were terrified. Seeing such a domineering and ferocious supernatural power, even the big clan experts couldn't help but sigh with emotion.

This kind of human sea tactics, if they are used, are afraid that they have been overwhelmed by the Infinite Bone Legion. Even if the true dragon clan is strong, as long as the Bone Legion cannot be killed, what's the use?

In the end it was dead.

"Boom...boom...boom..." I saw countless bones and skeletons rushing out, here has become a world of bones, endless bones fill the sky, the scene is extremely tragic, and everyone is shocked when they see it.

Qin Chen killed one after another, but the countless bones were still inexhaustible, and even more and more, it seemed that the countless bones wanted Qin Chen to eat!

At this time, Bone Youhuang seemed to be the \*\*\*\* of the Bone Race. He summoned all the bones of the universe and all the worlds here, and it seemed that all the bones were summoned by him and came galloping.

"It's really troublesome." Among the bones army, Qin Chen frowned. Naturally, he had a way to explode these bones. Apart from anything else, as long as the chaotic green lotus fire was displayed, these bones could be burned. Qin Chen doesn't want to be violent to this Bone You Emperor

Show too much strength.

"Mo Li, Chi Yan, what are you two doing in a daze, do you want me to do it alone?" Qin Chen spoke to Mo Li and Chi Yan Demon Lord below.

"Hey hey, here it comes." Mo Li chuckled, his figure suddenly rose up into the sky, and together with Chi Yan Demon Lord, facing the sky full of white bones and skeletons, he was not afraid of fear, boom, Mo Li's body, rolling magic energy swept Came out, instantly enveloped these skeletons, and the Red Flame Demon

A billowing magic fire surged out of Jun's body, wrapping the bones and skeletons around him.

"Are these two guys crazy?"

The Venerable Ten Thousand Races around looked at it.

Bone Youhuang also looked cold,? These two demons are looking for death, don't blame him for being rude.

Countless white bones and skeletons also rushed towards Mo Li and Chiyan Demon Lord.

In the next moment, everyone changed color.

I saw the white bones and skeletons wrapped in the demon qi and the red flame demon monarch demon flames, unexpectedly uttered a stern roar, their heads disintegrated under the devil qi, becoming charred and decayed.

what?

Such a scene stunned everyone. Even the Abyssal Soul Earth Venerable was startled, his eyes burst with a sharp light, when did such two top arrogances appear in this little Moon Demon Race? This kind of terrible devilish energy, even if it is the saint son and saint of some big clans of the demon clan, I am afraid it is nothing more than that.

? "Haha." Qin Chen slayed the bones and skeletons one after another. He was tired of killing them. Seeing that Mo Li and others had blocked the skeleton army for him, he suddenly screamed and jumped up. At this moment, his In the body, the terrible true dragon breath erupted

, The sword intent rose to the sky one after another, and countless true dragon sword auras condensed crazily and turned into a vast river of swords. "Cut!" Qin Chen let out a long whistle. At this moment, he struck with both hands together, and in an instant, the endless sword river behind him struck together. Cut out, over nine days, cut up

Heaven, cut down the underground palace.

Jianhe was cut out, all indestructible, nothing to stop, I saw bone stubble splashing, like a bone rain, countless bones were chopped into pieces at this moment, countless bone stubble rolled down, piled up like a mountain! The white bones all over the sky were cut instantly, and the bone you emperor finally appeared. In this stone, fire and electricity, Qin Chen leaped at an incredible speed and drove over the endless sword river. The sword river turned into a real dragon and roared, rushing towards the face of Bone Youhuang, with sword energy soaring into the sky.

#### [Chapter 3984: Ten Thousand Bone Origin](#)

"court death!"

Bone Youhuang didn't even think about it, and blasted him with a punch. ? Jianhe and Bone Boxing banged in the air instantly, with a bang. At this moment, time seemed to have stopped. The incomparable power seemed to be holding onto the bursting space. Everyone saw the Jianhe and Jianhe displayed by the two of them. Bone fist in the air

. ? "Rumble" loudly roared, then, the Venerable's qi burst, the void where the attack was located was instantly shattered and obliterated, and a terrible black hole appeared. With a "pop", the Bone You Emperor suffered a loss. Was shocked and flew out and rolled in the air

Just stand firm.

"How could it be..." Seeing that Bone Youhuang was collapsed by Qin Chen's Jianhe, the venerables of the ten thousand races couldn't help but yelled, and they couldn't believe it. ?Even the peak earth sages such as the Yuanshun Earth Sovereign can see their figures move, fluctuating in the vast flames near the dark stars, a top arrogant of the Zerg race can't help but stand up suddenly, can't help it. Yelled and said, "This

The true dragon brat is not even the earth-sovereign, how could it be possible to collapse the bone you of the peak earth-sovereign? "

However, he just stood up and boomed, the chaotic atmosphere escaping from the billowing dark stars surged, his complexion suddenly changed, and he hurriedly tried to stabilize his figure, but with a pop, a mouthful of blood spurted out and he was directly bombarded. Flew out.

At the critical moment, a secret treasure on his body glowed and stabilized his physical body, but he was also seriously injured, and was blown away countless distances, farther from the dark star.

He sat cross-legged, condensing his origin, only then stabilized his figure and his face was blue. It is extremely difficult to get close to this dark star. He spent a lot of energy and time before he finally got to which position. He couldn't think of a careless one. It was a failure. He was blown so far and wanted to return. previous

Location, not a moment, it is impossible.

"Damn it, it's all this \*\*\*\* true dragon kid." The Zerg Tianjiao yelled, his face ugly.

Upon seeing this, Qin Chen's eyes flashed.

But other people didn't pay attention to his thoughts at all, they all looked at Qin Chen with surprise.

"This real dragon kid is really extraordinary."

"It's no wonder that I dare to challenge Bone Youhuang, just the previous one is by no means comparable to ordinary dignity."

"True Dragon Clan, are you such a wicked one? No wonder all the clan want to win."

A veteran Dizun couldn't help but sighed, even if he was not reconciled, he seemed extremely helpless.

At this time, Bone Youhuang stood still, staring at the faint cold glow in Qin Chen's eyes, and slowly said: "Great, the stronger you are, the more I will kill you by myself. I will let you know that you and The real gap between me!" As soon as the words fell, there was a roar. At this time, a colorful skeleton phantom was suspended above his head. When these colorful skeleton phantoms emerged, there was endless colorful skeletons in the world. Turned into a vast seven

The kingdom of color bones.

This sky full of colorful rays of light lingered on Bone Youhuang's body. This was the essence of blood, origin, and the power of the avenue of various auras, and finally, Bone Youhuang was transformed into a golden body.

"Bone Source of Ten Thousand Races!" As soon as she saw the power of the origin of the breath of Ten Thousand Races lingering on Bone You Emperor, many of the Ten Thousand Clan Venerables at the scene gritted their teeth. This was before Bone You Emperor urged the Bone Throne and killed him. Many of them have absorbed a lot of origin and blood

And condensed. This should be an agreement between Bone You Emperor and Yuanhun Dizun and other powerful people of all races. Bone You Emperor will block them from entering the dark stars. In this way, Bone You Emperor will lose the opportunity to enter the dark stars. At the same time, they

Leaders can enter the dark stars wholeheartedly and search for treasures.

Of course, in return, the Bone You Emperor could make a reckless move at the moment when the ten thousand clan powerhouse came here, as long as the ten thousand clan veteran who was beheaded by him could be swallowed by him, it was regarded as his gain.

The Bone Race is an extremely special race that can devour the bones and essence of others to strengthen its own body. In this universe, only the Demon Race is willing to accept the Bone Race's refuge.

At this moment, Bone You Emperor urged the bone source of the ten thousand races that he had absorbed before, causing his body to surge with a bright breath.

This is to melt the power of all races in oneself.

"As soon as the bone source of the ten thousand clan comes out, this true dragon clan boy will undoubtedly die."

"The Bone Source of the Ten Thousand Races is the power of the Ten Thousand Races absorbed by the Bone You Sovereign. The average bone clan powerhouse can only absorb a small amount of the Bone Origin of Ten Thousand Races, but the Bone Sovereign Sovereign is the pinnacle and can absorb the power of the Ten Thousand Races. Take charge of the eternal ages." "Hahahaha, this is the reason why Lord Boneyou is willing to stay outside. Even in the battlefield of ten thousand races, Lord Boneyouhuang cannot swallow too many powerful people of ten thousand races, because every ten thousand races Venerables are not so easy to kill, they will provoke

It's shockingly criticized, but in this Vientiane God Treasure, Lord Bone You Emperor can swallow enough powerful people of the ten thousand races. With this, Lord Bone You Emperor does not need to enter this dark star, it is possible to touch the way of Heavenly Sovereign and step into the realm of Heavenly Sovereignty. . "

Under Bone You Emperor's command, some of the Bone Clan's strong men were very excited, especially the Bone Earth Venerable, with an excited expression, leading some Bone Clan Venerables could not help but cheer for the Bone You Emperor. "The bone source of the ten thousand races absorbed by the Lord Bone Youhuang has reached the color of colorful, and the golden bone source can be condensed on the surface of his body!" The Bone Dizun of the bone race couldn't help but said excitedly: "Just absorb enough. Lord of the Ten Thousand Races, Master Bone Youhuang entered

The realm of Tianzun is just around the corner, and will surely become another mainstay of my bone clan by then! "

The strength of Bone Youhuang has changed the colors of all the powerful people.

Even that Wan Yi Di Zun and the others frowned slightly, wondering whether it was a right or wrong decision to let Bone You Emperor sit on the periphery of the town, but when everyone entered this place, he would kill once. "The bone source of the true dragon race, to be honest, this seat has not been

refined yet, I really want to know what it is like, it will be delicious!" Bone Youhuang said gloomily, and he let out a long whistle. The colorful bone source power above the head, instantly

It poured in and poured into his body. In an instant, Bone Youhuang's whole body changed, his body creaked and his body turned into a golden bone beast, gold glittering. ? At this moment, Bone Youhuang disappeared, and what appeared in front of everyone was a huge golden bone beast. This huge golden-bone beast lies between heaven and earth, and its head is bigger than a mountain. When this huge golden-bone beast looks down on everyone

At that time, like a beast of chaos aloft, the light like a divine torch shivered in the hearts of the world, and could not help but want to bow to the ground. "What's this?" Bone You Emperor suddenly turned into a huge golden bone beast, which shocked everyone. Bone You Emperor was obviously a strong bone clan, how could he become such a beast.

### [Chapter 3985: Golden Bone Beast](#)

This fierce beast has a hideous face, and the world is afraid that no one will recognize it. What a fierce beast is this. "Could it be that this is what a peerless technique?" Seeing Bone Youhuang transforming into a huge golden-bone beast, many people were dumbfounded, especially when the momentum of the huge golden-bone beast in front of them was frightening. People who are shallow think they have met

The ancient beasts worshipped on the ground. "This is not a peerless technique, this is the deity of Bone Youhuang!" An older generation of Earth Zun murmured: "It is rumored that Bone Youhuang is a fierce beast of the Bone Clan. Later, he condensed his human form. As a boneless body, appeared in front of the world, but,

When he becomes the main body, it is his strongest fighting state. "It turns out that the Bone You Emperor itself is a fierce beast awakening in the Bone Race heritage. His majestic human body is only condensed by him. After all, like today, human figures still occupy the absolute mainstream. Yaozu and other races,

When going out, they also like to transform into a human appearance, but when they really fight, their body state is the strongest.

The Bone You Emperor displayed his strongest posture. Moreover, the bones on his body are golden, combined with the previous bone sources of the ten thousand races, it is obvious that his transformation has reached an extremely terrifying point. The true dragon cultivation base in front of him can generally possess such combat power.

The bone source of this true dragon tribe has been swallowed, and it is really possible to touch the threshold of Tianzun.

The masters of the bone race, the more bone sources they absorb, the stronger their strength. "Roar..." A roar stunned nine days, the golden bone beast high above the sky gave a long roar, and rushed down in the air. A pair of golden bone beast claws pressed against Qin Chen, and the golden bone beast claws pressed. Down, the sky is falling apart, the yin and yang are falling apart, no one knows this

How powerful a pair of golden-bone fierce beast claws are when pressed, under the golden-bone fierce beast claws, even if the earth is not able to withstand a single blow, it may be suddenly pinched into blood mist by that huge invincible power.

"Interesting, Ten Thousand Clan Bone Origin?" "Boom!" A loud noise blasted the sky, Qin Chen also made a long roar, and the chaotic dragon claws blasted out, and thousands of dragon claws turned into a claw at this moment, the claws are as huge as the sky. , In the end, with a loud bang, Qin Chen's claws blocked the claws of the golden bone and the fierce beast.

The two claws of the fierce beast were pressed on the dragon's claws.

"Bang, bang, bang..." At this time, under the pressure of the golden-bone beast's claws, Qin Chen's body was sinking one after another. vigorously.

This is the terrifying power of the pinnacle.

"Hey, it's getting more and more interesting."

However, under this terrifying claws, Qin Chen laughed. The bone source of the ten thousand races, I don't know how to compare the dragon bones of his true dragon race and the six sword bones of reincarnation?

"You are looking for death." Seeing that Qin Chen could still laugh under his own bombardment, Bone Youhuang was furious. In an instant, the golden tail behind him pulled out, the speed was so fast, Qin Chen made a "bang". Was drawn by the golden giant tail, the whole person was drawn thousands of miles away

, The chaos on his body exploded.

"Roar!" At the moment Qin Chen was drawn into the air, the huge golden-bone fierce beast overtook Qin Chen, pressing his claws towards Qin Chen, trying to crush Qin Chen into meat sauce!

However, in an instant, the true dragon roared to the sky, and Qin Chen instantly transformed into a chaotic true dragon, and instantly escaped from the golden bone beast giant claws at an incredible speed, and swooped down against the sky, and could crack all the claws. The golden bone beast caught it.

"Bang, bang, bang..." All of a sudden, the sky broke and the ground broke, the sun and the moon were dark, one was a chaotic real dragon that covered the sky, and the other was a huge and fierce beast with golden bones, fighting together from the sky to the ground. , From air combat to Chaos Sea!

This battle was very fierce. The terrifying claws of the Chaos True Dragon tore off a large piece of bone of the Golden Bone Fierce Beast, and the Golden Bone Fierce Beast also bit down the large scale armor of the Chaotic True Dragon. The two sides fought with breath. Sputtering, tearing the sky again and again.

This battle makes people feel swaying and fascinated. For everyone, including the pinnacle, they feel that this is definitely the most brilliant battle of the Vientiane Godzang. ?The chaos dragon fights the golden-bone beast, this is what an unimaginable thing, although countless dragon scales splashed, Qin Chen was not really seriously injured, the chaotic dragon scales were nothing more than Qin Chen's

avenue, and the golden-bone beast The bone stubble is only the source of the bones of the ten thousand races

, But despite this, all of this is so real under the form of the great avenues of the two of them. The divine power they burst out is just like the divine power of the real chaotic dragon and the golden bone beast.

"It's unbelievable, this true dragon guy can actually fight the Bone Youhuang to such a level? It's hard to imagine how this person cultivated."

"Abnormal, really perverted, there are such arrogances in the true dragon clan, why have you never heard of it." In this battle, even the Yuansun Earth Venerable was shocked, and the Shadow Charm Earth Venerable was concentrating, and the Ten Thousand Fallen Earth Venerables. The pinnacles are all dignified, even if they don't like Qin Chen anymore, they still have to marvel at such a shocking battle.

Have to admit that Qin Chen is powerful.

Even the White Bone Divine Venerable also changed color. Although he saw Qin Chen not pleasing to his eyes, he wished to kill Qin Chen himself, but in today's battle, he had to admit that only a top powerhouse like Bone Youhuang was worthy of Qin Chen's opponent.

In other words, it is his kind of earth-sovereign, who is not worthy to match Qin Chen.

The chaotic true dragon and the golden bone beast fought until the sky collapsed. In the end, the chaotic true dragon that covered the sky flashed in an instant, and the huge body disappeared suddenly, and at an incredible speed, it instantly came to the back of the golden bone beast transformed by the Bone You Emperor. on.

boom! The endless sword energy erupted from Qin Chen's body. At this moment, the true dragon sword energy in Qin Chen's body instantly exploded, and the endless dragon soul also condensed, combined with the terrifying black chaotic power mastered in this chaotic aura area, densely packed Sword Qi turned into

The real dragon claw, one claw pierced fiercely into the huge body of the golden bone beast, this claw is extremely domineering, it seems that this claw has the power to open the sky and the earth. With a "bang", the golden-bone beast fell from the air because this claw pierced its body. The moment the golden-bone beast was about to hit the ground, the huge body disappeared suddenly and the bones were quiet. The emperor revealed his human body, jumped up instantly, and again

The time is above the nine heavens.

Although Bone Youhuang did not hit the ground, the bones on his shoulders shattered, and a scapula was exploded. He suffered a big loss just now, and Qin Chen's dragon sword energy not only broke the shape of his body. , Also shattered his shoulders.

At this time, the huge Chaos True Dragon disappeared, and Qin Chen revealed his true appearance. Although he looked a little embarrassed, he was not injured. ?Although the fierce golden beast and the real dragon just smashed into pieces, the scales and bone stubble spattered, they were just the form of the avenue, neither of them hurt the body, only Qin Chen's last blow could shatter the bones. The emperor's shoulders!

## [Chapter 3986: This scam](#)

"what?"

This surprising scene changed everyone's color.

Bone You Emperor lost?

Although Bone Youhuang only shattered his shoulder blades, in the previous battle, the real dragon that Qin Chen transformed into was forced into a human form and his shoulder blades shattered. A lot of things could already be seen.

The dignified and pinnacle Earth Zun actually lost to a true dragon kid?

impossible!

Many people went crazy and couldn't believe the scene before them.

Wan Yu Di Zun and the others were also dumbfounded, the peak Di Zun's aura fluctuated, almost not being blasted out by the chaotic aura of the dark stars, and hurriedly stabilized his figure.

Visible vibrations in their hearts.

"Boy, you angered me."

Bone Youhuang obviously has no face, but at this moment he feels his face is hot, and in his eyes, the dark flame blooms with a terrible aura and is extremely angry.

How shame it is to be defeated by a junior of the true dragon tribe?

This is completely different from what he imagined at the beginning.

"boom!"

The terrible spine burst out from Bone Youhuang's body.

"Okay, okay, okay, the stronger you are, the more successful you will be in killing you." Bone Youhuang stared at Qin Chen, his whole body exuding a majestic aura. At this time, his whole body was like a vast ocean, majestic and majestic. .

At this moment, the aura of Bone Youhuang's whole person changed a lot, like the thundercloud before the storm.

Rumble!

The Bone You Emperor seemed to be one with the heaven and the earth, it seemed that he was the heaven and the earth, and the heaven and the earth were him. At this time, the Bone You Emperor was like an emperor who governed the earth, and the way of the king was majestic.

With a "hum", on the top of Bone You Emperor's head, the vast bones soared to the sky, and a white bone throne appeared between the heaven and the earth, and the whole person sat cross-legged, like a county king.

"Bone Throne!"

Seeing this Bone Throne, many people gritted their teeth with hatred. Before, Bone You Emperor used this Bone Throne and killed many people.

"The Bone Throne, this is Bone You Emperor's pinnacle treasure, unmatched."

"Trouble."

Many people are discolored. They have all seen the power of the Bone Throne. Such a treasure can easily crush the strong, how can Qin Chen resist?

The eyes of everyone were in full view, Bone Youhuang sat on the Bone Throne. When he sat cross-legged, his flaws were gone. There were no flaws or flaws in his whole body, and people didn't know where to start. As well.

Become a walking bone king.

The Bone Throne of the Bone You Emperor was cast by him by sacrificing the skeletons of the powerful of the ten thousand races, and after countless tempering, he condensed a terrible big formation for his Bone Throne, which can block the world.

I don't know how many famous people have died under the bone throne of the Bone You Emperor.

"If you can't beat it, just use the treasure?"

Qin Chen smiled coldly.

"As long as it can kill you, the same."

Bone Youhuang coldly said, the previous battle with Qin Chen let him know that it is not easy to kill Qin Chen without relying on external force, if that is the case, why not use the Bone Throne.

"Then I'm not interested." Qin Chen smiled suddenly, and said to the magic behind him: "After playing for a long time, you should have done something, right? I'll leave it to you next."

What?

Mo Li and Chi Yan Demon Lord were taken aback.

not good!

Mo Li felt bad in his heart.

However, before he had time to speak, Qin Chen shook his figure, swish, and turned into a chaotic true dragon, flashing in the void, and the space collapsed, and the whole person flew straight to the dark star.

He didn't even fight anymore.

The Venerable Ten Thousand Races who were present were a little confused.

"Huh, want to run?"

The Bone You Emperor shouted angrily, booming, the Bone Throne came towards Qin Chen's suppression, and the vast array of Bone Bone skyrocketed to cover Qin Chen instantly.

However, the power of a strange space flashed across Qin Chen's body, and, on his body, the real dragon sword aura surged, and the real dragon sword aura turned into a vast ocean. It is to join a trace of fire world power.

boom!

Qin Chen's vast sword vigorously collided with the terrifying sword formation formed by the White Bone Throne.

With a bang, the Bone Throne squeaked, and the vast array formed by Qin Chen's sword aura and the power of the fire world, with a click, was directly exploded and opened a gap.

Following this flaw, Qin Chen shook his figure and directly entered the chaotic aura surrounding the dark stars.

"This power...It was you who broke this bone throne before."

The Bone Youhuang was furious, and he remembered that when he had blocked the ten thousand clan powerhouse before, there was a terrifying burning force that broke his white bone formation, which was very similar to the power that Qin Chen displayed.

"This guy, let's go too."

Seeing Qin Chen rushing directly into the dark stars, throwing himself and Demon Lord Chiyan here, Mo Li was almost crazy.

This guy did not say hello in advance.

Whoosh!

The expressions of Mo Li and Chi Yan Demon Lord changed slightly, they flashed directly, and followed Qin Chen to the dark stars.

"You two boys, don't want to run."

Bone Youhuang's expression changed, he let Qin Chen seize the opportunity to rush into the dark stars, how could it be possible for Mo Li and Chiyan Demon Lord to also rush in.

Immediately, he sprinkled all his anger on Mo Li and Demon Lord Chiyan, and the terrifying white bone formation was like a vast sky, suppressing them.

"Oh shit!"

Mo Li was about to vomit blood.

Qin Chen, this scam, this kid, definitely has the strength to defeat Bone Youhuang, but now, he has chosen Sayazi to run away. This clearly does not want to reveal his strength.

"kill!"

Mo Li's eyes were cold, he naturally did not fear Bone You Emperor, but if he played against Bone You Emperor, he would definitely expose his special strength.

"Hundred Demon God Formation!"

Facing the Bone Throne of Bone You Emperor, Mo Li was helpless and could only display his Hundred Demon God Formation. With a loud "boom", it was like a chaotic purgatory being opened. Hundreds of giant chaotic shadows stood out, and all the hundreds of chaotic shadows exuded terrible magic power. When the magic shadows stretched out their claws, they instantly covered it. Live in the sky, a hundred magic shadows

Turns the world in his hands into a huge magic mountain. "Boom...boom...boom..." Under the demon mountain, the chaotic aura is permeated, hanging from the sky and the earth. At this moment, the endless magic power soars into the sky, and in an instant, the magic power floods everything, even the whole seat The magic mountain disappeared under the mighty magic power,

Only a large array that makes people unable to see the edge is left.

This large formation seems to have opened up the world alone, hanging high in the starry sky, just such a huge large array hanging above the starry sky, and in the endless world of the large array sitting 100 demon-like shadows.

All of these 100 demon shadows are protected by demon armor, and each demon shadow exudes an aura like a demon god. This great formation seems to be the country of demons, and the hundred demon shadows in the great formation seem to be the supreme gods and demons of this country!

boom!

Under the eyes of everyone, this vast array of Hundred Demons and the Bone Throne crashed together. There was a click, and in just an instant, the bone throne of the Bone You Emperor made a harsh cracking sound.

[Chapter 3987: Approach quickly](#)

Boom!

In the void, the phantoms of the hundred demon gods towered up in the sky and collided with the huge formation of the bone throne. Visible to the naked eye, the Bone Throne urged by the Bone You Sovereign made an ear-piercing click, and you could see the huge bone formation formed by the Bone Throne, constantly bursting and twisting under the shadow of these hundred demon gods. In an instant, there are hundreds of them to reach the sky

The bones were exploded.

boom!

The Bone Throne was exploded by Demon Li, but Mo Li did not take advantage of the victory to pursue it. Instead, his eyes flashed. He put away the Hundred Demon Divine Formation, pulled the Chiyan Demon Lord, and instantly entered the outer area of the dark stars. .

The Bone Youhuang on the other side was shocked and flew out, his body exploded with bone aura, and the whole person spit out a bit of original bone aura. The severe trauma in his body, especially his bone throne, was blown away. Extremely embarrassed.

"Master Bone Youhuang."

The Bone Divine Master rushed up one after another, all of them were stunned. What did they see? Not only did Qin Chen break the Bone You Emperor's blockade and rushed into the outer area of the dark stars, the two demons almost blasted the bone throne of Bone You Emperor. This scene made them bones. Ethnic

Every strong man has a tingling scalp and a cold sweat.

Not only the bones respected the powerhouses of these bone races, but the venerables of the ten thousand races present were all dumbfounded. At the same time, those who were shocked were the souls of the soul and the others in the dark stars.

"That's..." Including the Yuansun Earth Venerable, almost all the Peak Earth Venerables changed their expressions drastically, looking at the Hundred Demon God Formation that Moli had previously displayed, even though the Hundred Demon Shadows had been absorbed by the Moli. In the body, the terrifying devilish energy that can escape from heaven and earth

, Which still made many powerhouses present discolored.

"What was the big formation before?"

"Have you seen? One hundred ghosts of the demon gods, each one is like a god, it's terrifying."

"It's not just because of the ghost of the devil, but also the chaotic aura. This thing is definitely not a treasure hidden by the Vientiane God."

"It's also necessary to say that the Bone Throne Array is the pinnacle treasure of the Bone Race Bone Youhuang, the top treasure of the Earth Sovereign level, unless it is the Heavenly Sovereign Treasure, how can ordinary Earth Sovereign Treasures blast away? ?"

"Treasure of Heaven? Hiss!"

For a time, there were air-conditioning sounds everywhere on the court, and many people were shocked, their hearts beating wildly, and their eyes frantic. Although they can't feel the level of the treasure of the Demon Lord and Demon God phantom displayed by the Demon Li, they can make the Demon Li such a person whose cultivation is far inferior to the Bone You Emperor, directly blasting the Bone You Emperor's top-level formation, Even if you think with your feet, you can

Imagine that this thing is very likely to be a treasure of heaven. Heavenly Sovereign Treasure, this is a treasure that even powerful Heavenly Sovereigns must be crazy about. It actually fell into the hands of a demon kid. The key is that the aura on Demon Li's body is not terrible, it's just in the realm of Earthly. Mid-term land respect

No, I was able to blast away the Bone Throne of the Bone You Emperor. It can be seen that this Heavenly Venerable Treasure is not very difficult to activate. If they were obtained, anyone would be able to use it.

"hiss!"

For an instant, everyone's eyes were fiery, and even the eyes of the Yuanhun Di Zun were frantically looking at Mo Li.

"hateful."

The Venerable Ten Thousand Races was shocked by the heavenly treasure on Mo Li, and Bone You Emperor's heart was filled with endless anger.

He was dignified and secluded, the pinnacle venerable figure, losing one after another in the hands of a few young venerables who had never heard of him.

"Where to go!"

Bone Youhuang looked furious, driving the Bone Throne and rushing into the dark stars in an instant, chasing after the magic.

If he doesn't kill Demon Li, he won't have any face.

boom! As soon as he entered this dark star region, the power of the billowing darkness and chaos was like a vast ocean, crashing on his body, puff, an astonishing roar instantly sounded above his skeleton, and the whole person was affected by this. Black chaos

The retreat of the bombardment.

The black chaos aura pervading the dark stars is extremely terrifying, even if it is as strong as the Bone Youhuang, it is impossible to break into it easily, and it will be oppressed by the black chaos aura.

But Bone Youhuang didn't have the slightest worry on his face. He couldn't easily enter this dark star, and Qin Chen and Moli naturally couldn't easily enter.

With the strength of Bone Youhuang, it is not difficult to catch up with Mo Li and Qin Chen.

This is not only the Bone You Emperor who thinks so, but all the venerables of the ten thousand races present think so. The dark stars in front of me burst out with a terrible dark and chaotic aura. Only the more you understand this dark and chaotic aura, the more you can resist the power of this dark and chaotic aura. For so long, even the soul of the deep soul can't even be included. thorough

Entering into this dark star, at present it is only thousands of miles away, Qin Chen and Moli are naturally not good, even with the strength of Qin Chen and Moli, they can definitely only hold the Yuan Soul Earth Venerable far away. Their backs are nothing more.

But when Bone Youhuang raised his head and looked forward, his face suddenly changed.

"A hundred miles!"

"Two hundred miles!"

"Three hundred miles!"

"Five hundred miles!"

"A thousand miles!"

Qin Chen, Mo Li and Red Flame Demon Lord all had aura surging in them, as if they were entering no man's land. Qin Chen and the others walked too fast, and even the venerables of the ten thousand races on the scene couldn't keep up.

"Look..." Seeing Qin Chen and the others keep going deep into the dark stars, many people were stunned, especially when Qin Chen and the others entered the depths of a thousand miles in an instant, all these guys were shocked.

It should be known that the outer periphery of this dark star is about tens of thousands of miles away from the ground of the dark star. This distance is in the void of the outside world. For these venerables, it is only a distance that can be crossed in the blink of an eye.

But under the bombardment of this billowing dark and chaotic aura, even the deepest deepest earth-sun Earthlord did not come to a place seven or eight thousand miles away. There is still some distance from the dark stars, but Qin Chen?

In the blink of an eye, a distance of thousands of miles was crossed. How could this make everyone not surprised? Don't underestimate the distance of thousands of miles, even if they were respected in the first place, it took a lot of time to get here.

Although Wan Yu Di Zun was originally to comprehend the dark and chaotic aura, and their speed did not reach the extreme, Qin Chen and their speed still surprised everyone.

You know, Bone Youhuang, who was following them, could only walk seven or eight hundred miles with great effort.

"These guys... how could it be possible?" Bone Youhuang looked furious.

boom!

He urged the cultivation base of his Peak Earth Venerable to the extreme, and the bones on his body surged, rushing madly towards Qin Chen, Moli and Red Flame Demon Lord, obviously trying to block the advancement of several people. But when Bone Youhuang went forward frantically, constantly resisting the black chaotic aura, and finally after deepening a thousand miles, he raised his head, but was shocked to see that Qin Chen and Moli had reached the depths of 1,500 miles.

#### [Chapter 3988: Living creatures on the stars](#)

In the blink of an eye, he went further five hundred miles.

impossible! Everyone was going crazy. Qin Chen and Moli went too fast and too fast, and many people couldn't calculate how much they had gone deep. If it weren't for the many top talents of the ten thousand races around, they were walking very slowly. If it wasn't for Bone Youhuang

Comparing from the rear, everyone saw Qin Chen and the others walking so easily, they all doubted whether this dark and chaotic aura had lost its original power.

Suddenly, the whole scene was extremely silent, and everyone was stunned.

Everything in front of them completely subverted their imagination. Qin Chen, Moli, and Red Flame Demon Lord are not like the venerables who approached the dark stars for the first time, but like they have tried hundreds of thousands here. It's so easy.

Not to mention the venerables of the outside world, just one or two thousand miles in front of Qin Chen and the others, there are also some tianjiao and ordinary earthly veterans from the top powers who are also struggling to support them at a place of about two to three thousand miles.

Some of them took a few hours to get to this place, some even took a few days, but what about Qin Chen and others? It only took a moment to reach a place of fifteen hundred miles.

wrong!

After such a pause, it was even close to two thousand miles.

Many people are going crazy. Many people who have walked through this dark and chaotic atmosphere understand that the void in front of them is not an ordinary void, full of terrible oppression and resistance, even if the peak earth veteran can walk thousands of miles deep, it is impossible. Like Qin Chen and the others

So easy.

Apart from other things, Bone You Emperor, such a pinnacle earthly respect, was also pushed behind Qin Chen and the others. When Qin Chen and the others went deep into two thousand miles, Bone You Emperor only went deep more than one thousand two hundred miles.

Moreover, Bone Youhuang was still the pinnacle earth-zun who had tried to approach the dark stars before.

How did these three guys do it?

Many people are at a loss and are going crazy. What they didn't know was that although Qin Chen and Moli had never tried to enter this dark star, they had absorbed a large amount of black chaos aura, the power of the black chaos aura area before.

, In fact, is very similar to the power of the dark chaotic flame outside this dark star, and the two are almost the same.

Qin Chen's resistance to the black aura far surpassed the average peak earthly respect.

Qin Chen and the others are still going deep, two thousand three hundred miles, two thousand five hundred miles...

At this time, the whole scene was quiet, especially for the Bone Race, they were all stupid all of a sudden, they were completely stupid, for a while, all the Bone Race people present were at a loss. Originally, they expected that Lord Bone You Emperor could catch up with Qin Chen and the others, behead a few people, and restore the reputation of the Bone Race. But seeing all this before them, their hearts were desperate, Lord Bone You even Qin Chen and others Can't keep up, how is it possible

Kill them.

These guys are too enchanting, right?

Not only the Bone Race was depressed, but also the people of Yuanhun Dizun and others were shocked. In the distance, the Venerables of Ten Thousand Races were originally watching the excitement. At this time, they saw that the Bone You Emperor was flying towards the depths of the dark stars. The expressions of many powerful men who were originally blocked by the Bone You Emperor outside the dark stars moved. Rushing toward this dark star

Come.

Upon seeing this, Yuanhun Dizun and the others changed their expressions.

"Bone Youhuang, exit."

A murderous aura surged from Yuanhun Earth Venerable.

The Bone Youhuang, who was chasing Mo Li with a murderous aura, changed their face slightly, and hurriedly said, "Master Yuanhun Dizun, let me kill these boys."

"Your task is to guard the periphery of the dark stars, don't forget our agreement!" Yuan Hun Dizun said coldly.

Wan Yu Di Zun and others also scolded one after another.

Compared to killing Qin Chen, it was even more difficult for them to accept that so many venerable races broke into this dark star region.

Bone Youhuang was angry. Although helpless, he could only obey the orders of Yuanhun Di Zun. He could only watch Qin Chen and the others go deep into the dark stars while he quickly backed away.

"A bunch of trash, get out of me."

It was difficult for Bone Youhuang to rush to the dark stars, but it was extremely easy to retreat. In an instant, he had already returned to the previous area. He quickly urged the Bone Throne to directly move towards the town of Venerable Ten Thousand Races that rushed to the dark stars. Kill away.

Boom!

The terrifying Bone Throne was suppressed. Suddenly, the screams resounded, and some of the patriarchs rushing towards the dark stars were directly exploded by the angry Bone You Emperor, turned into blood mist, and Bone You The emperor directly refines and swallows.

"You rubbish, whoever dares to trespass here, don't talk about it."

The Bone Youhuang looked up to the sky and roared, and released all the previous suffocation on these patriarchs. Peter and the others backed back and furious.

In this regard, Qin Chen and Mo Li didn't have the least words. These guys, Qin Chen actively invited them to fight Bone Youhuang before, but no one dared to take action. Now, Qin Chen naturally wouldn't speak for them.

Qin Chen, Mo Li and Red Flame Demon Lord kept going deep, and quickly entered a place of three thousand miles.

This place is already close to the place where Prince Jinwu and the others felt.

"Your Excellency is extraordinary, this prince admires."

Prince Golden Crow said to Qin Chen with emotion, that being able to kill the general from Bone Youhuang's hands, forcing the other party to jump into thunder, is afraid that there are not many people in the younger generation.

After approaching three thousand miles, Qin Chen stopped.

It's not that he couldn't move forward, but that he kept moving forward before to avoid the Bone You Emperor's chase. Now that he came here, Bone You Emperor could no longer dare to come up. Qin Chen didn't need to rush towards the dark stars. Up.

Moreover, the dark and chaotic aura of this place has already given Qin Chen some obstacles, and Qin Chen must feel a lot here.

Standing in the void, Qin Chen stared at the huge star. At this moment, the huge star had a black chaotic aura coming out from time to time, like a black flame, billowing and surging constantly.

Although this huge star was still black and had a monstrous black chaotic aura surging at the same time, Qin Chen could vaguely see its outline as it got closer.

This huge star seems to be made up of black magma, it seems to be pieced together one by one, and it even seems to be able to see the flow of this black magma.

"What's inside!" When Qin Chen searched this huge dark star over and over again, after searching over and over again, she finally found that there was something in this star. ?In this star, there seems to be something left at the innermost point. Although the star of this star looks like black magma, the inside of the star will flow from time to time, but the innermost star of this star vaguely seems to have a person sitting cross-legged inside

.

This shocked Qin Chen. And someone on the dark stars?

[Chapter 3989: White-eyed wolf](#)

"what is that?"

Qin Chen was shocked and looked at it carefully. Above the black star, there seemed to be a figure sitting cross-legged, but Qin Chen couldn't tell the appearance of the chaotic atmosphere surrounding him.

Immediately, the billowing black aura surged, covering the figure. When Qin Chen looked over, the figure seemed to disappear in a blink of an eye.

"Senior Ancestral Dragon, have you seen it?" Qin Chen couldn't believe it. How could there be anyone on this dark star? It should be understood that even the soul of the earth and the others are only seven

or eight thousand miles away, and there are still two to three thousand miles away from entering the dark star, and they can't get close. How could anyone rush to it?

Yuan soul respects them in front?

"Above this dark star, there is a woman." Honghuang Zulong said.

"woman?"

Qin Chen's heart was shocked, because of the figure before, he felt a little familiar, and thought he had read it wrong.

"Senior Honghuang Zulong, have you seen it too?"

Qin Chen felt awe-inspiring. Senior Honghuang Zulong said so. Obviously, it is impossible to make a mistake, but how could that familiar figure appear on the dark stars?

Qin Chen looked at it intently, but on that dark star, black arrogance surged, and the image of the figure had completely disappeared, and could no longer be captured.

What made Qin Chen even more puzzled was that they hadn't seen Yuanhun Dizun?

Qin Chen looked suspiciously at the location of Yuan Hun Di Zun in front of them, but Yuan Hun Di Zun and them did not have any commotion, as if they had never seen the figure on the dark stars, and they appeared extremely calm.

This is obviously very abnormal.

If Wan Yu Di Zun saw someone enter the dark stars in front of them, would it be such a performance? It should be very anxious.

But now, they are very calm, as if they have seen nothing.

Could it be that he and the predecessor Honghuang Zulong made a mistake?

"Qin Chen, you just hurt me miserably." At this moment, Mo Li brought Chi Yan Demon Lord to Qin Chen's position, and when he came up, he said dissatisfied.

"I didn't seem to be doing anything?" Qin Chen said with a smile. "You haven't done anything yet? If it weren't for you to run away, how could I be stared at by the Bone You Emperor, so that even my trump cards were exposed. You didn't see the eyes of Yuan Soul respecting me before, I'm afraid he has been eyeing it." Mo Liwu

Language.

"The previous big formation was your trump card? I don't think it is necessarily." Qin Chen smiled.

"you....."

Mo Li was speechless. He knew that there was nothing good to be with Qin Chen, but he was not talking about anything. After all, Qin Chen had resisted Bone Youhuang for him at the beginning.

"By the way, did you see a woman on that dark star before?"

At this time, Mo Li said with a puzzled look.

"Did you see it too?" Qin Chen squinted his eyes. If he even saw Moli, it was obviously not an illusion: "Demon Ancestor Luohu told you?"

"How did you know!"

In an instant, Mo Li looked at Qin Chen in horror.

In his body, Demon Ancestor Luo Hu also widened his eyes.

Damn, how did this kid know about me?

It should be understood that although Demon Ancestor Luohu had a confrontation with Qin Chen before, he never exposed his name, but now Qin Chen said the name of Demon Ancestor Luohu in an instant. How could Mo Li and Demon Ancestor Luohu not be shocked? .

Luohu Demon Ancestor was a chaotic \*\*\*\* and demon in ancient times. According to the truth, Qin Chen should have never heard of it.

There is absolutely no secret in this person.

In front of Qin Chen, Demon Ancestor Luo Hu instantly felt naked as he was seen through.

"Hehe, you don't need to know how I knew it, what else did Demon Ancestor Luohu say?" Qin Chen squinted.

"Huh, kid, how did you know my identity?" At this moment, Luohu Demon Ancestor's cold voice instantly resounded in Qin Chen's mind.

"Is it not easy?"

Qin Chen smiled slightly: "The Hundred Demon God Formation you used before is the famous formation of the ancient Chaos God Demon Luohu Demon Ancestor. Idiots can guess it!"

"Really?" Luohu Mozu said suspiciously.

After so many epochs, his own great fame, is there such a prestige in this universe? Let the other person see his identity at a glance?

"Master Luohu Demon Ancestor, don't be fooled by him." Mo Li hurriedly said. "Moli, this is what you are wrong. If I'm not wrong, you can get so many benefits in this Vientiane God Store. I'm afraid it's all because of the help of the demon ancestor Rahu. The prestige of the demon ancestor Rahu resounds throughout the universe. Say it's me, even the universe

As long as any three-year-old child in China sees this Hundred Demon God Formation, he is afraid that he will recognize the Demon Ancestor Rahu. If you say this, doesn't it mean that Demon Ancestor Rahu has borrowed from the universe? This is not so bad! "

Qin Chen shook his head and sighed, looking at Mo Li like a white-eyed wolf: "While enjoying the benefits of Luohu Demon Ancestor's predecessor, while still slandering the Luohu Demon Ancestor, hey, white-eyed wolf."

"you....."

Mo Li is almost vomiting blood, so you are a white-eyed wolf, you can say so bluntly, actor.

"Hahaha, I like to hear these words. The Demon Ancestor thought that back then, it was also a famous existence among the Chaos Gods and Demons. Although countless epochs have passed, it is not impossible that the prestige of the Demon Ancestor will be spread in the universe. ."

"Little Li, you are ignorant, doesn't it mean that this little brother doesn't know it, I see you, you will have to learn from this little brother in the future."

The Demon Ancestor Luohu was triumphant when he heard it, full of self-confidence, and his vanity was unprecedentedly satisfied.

Mo Li didn't want to say a word anymore, was this Demon Ancestor Luohu too capable of fooling you?

Are you three years old? "By the way, Senior Demon Ancestor Luohu, have you seen anything on this dark star before? The ancient times must have been the core place where the Chaos Galaxy was often visited. You must have a deep understanding of this place, right? Other Chaos Gods

Demon, the primordial spirit may not be as clear as the predecessors understood. "

Qin Chen flashed his eyes suddenly and asked with a smile.

"Haha, real dragon boy, you really asked the right person." Luohu Mozu laughed, and the more he looked at Qin Chen, the more pleasing he felt. If an ordinary person praised himself so much, Demon Ancestor Luohu would not care at all, but Qin Chen had already shown his strength and specialness before, and Qin Chen had scorned Demon Ancestor Luohu before. Now his attitude Unexpectedly

Becoming so respectful, immediately let Luohu Demon Ancestor float up. "On the understanding of this dark star, I am afraid that no one has much more than me. This dark star seems to be a star, but it is a chaotic world. The whole world is constantly changing all the time. Therefore, if you Anything you see on this dark star may not be really above this dark star, it may be located inside this dark star."

#### [Chapter 3990: This little fox](#)

"It's just that the change of the power of Chaos makes him appear here. Similarly, if you can set foot on this dark star in the future, you have to be careful, because the terrible power of Chaos may tear you up in an instant. crack."

Luohu Demon Ancestor said proudly.

That's it.

Qin Chen nodded, thoughtfully.

Just listening to the ancestor Luo Hu continued to say proudly: "Boy, at this point, even if it is the old thing that is the ancestor of your true dragon family, Honghuang Zulong, I am afraid that it may not be known."

"Honghuang Ancestral Dragon?"

Qin Chen wondered, as if it was the first time he heard this name.

"Could it be that you were able to come here without being guided by your true dragon ancestors?"  
Luohu Demon Ancestor's voice was also full of doubts.

"The younger generation doesn't know what the older generation is talking about, but the younger generation remembers the teachings of the older generation. Okay, the younger generation will work hard to understand and try to enter the dark star as soon as possible."

Qin Chen immediately sat cross-legged in this void, and the billowing chaotic aura surged, Qin Chen immediately realized.

"This little fox."

The Demon Ancestor Luohu cursed angrily.

Only then did Mo Li slow down. The Demon Ancestor Luohu had been so naive before, and he was afraid that he did this deliberately. The purpose was to discover the secrets of Qin Chen. Who knew that this fellow Qin Chen could not leak water.

"Fundamental Ancestral Dragon?" Mo Li doubted: "Senior, is this ancient ancestral ancestor dragon also an ancient 3,000 chaotic \*\*\*\* and demon?" "Hmph, that old thing is naturally not. One of the creatures can be regarded as the ancestor of the true dragon race in the universe today. Didn't you say that this kid is a human race? But he possesses the aura of a dragon soul.

Except for the old thing about the ancient dragon, this demon ancestor couldn't figure out how this kid had the dragon soul, so he deliberately tried it out. "

"So that's the case." Mo Li knew that he was afraid of misunderstanding the Demon Ancestor Luohu.

"You didn't really think that the demon ancestor had believed this kid, did you? He was too boastful to touch the north?" Luohu Demon ancestor coldly snorted.

Mo Li looked embarrassed: "Naturally not." "It's almost the same. How could this demon ancestor be that kind of superficial guy, but well, this demon ancestor was indeed famous and famous in the universe, maybe this kid really came from there. From the Hundred Demon God Array, you can see the origin of the demon ancestor, alas, invincible is really lonely.

, Even if hundreds of millions of years passed, the prestige of the demon ancestor was still chanted in this universe, and it will last forever. If you can do this, you can search the entire universe. "

Luohu Mozu looked like a hero and lonely.

Mo Li: "..."

Mo Li was also speechless for the narcissism of Luohu Demon Ancestor. He also sat cross-legged, directly comprehending the black chaotic aura.

boom!

Suddenly, Qin Chen and Mo Li were surrounded by a surging chaotic aura, slowly entering their bodies, and they were analyzed by them.

With the previous experience in the chaotic aura area, coupled with the help of the Honghuang Ancestral Dragon and Luohu Demon Ancestor, Qin Chen and Moli's perception of the chaotic aura far exceeds that of ordinary venerables.

Everyone saw that the aura surging on the two of them, exuding a vast aura.

"So strong!"

Many people were alarmed and looked over.

Because Qin Chen and Moli were too special, the roar that they caused was much stronger than the surrounding Golden Crow princes, and even stronger than the general old-brand earth-zun.

No wonder these guys can get into a place so close to the dark stars in such a short time, there are indeed two brushes.

"This guy, I am afraid that he has gained an incredible heritage in this Vientiane God Treasure."

The eyes of Wan Yu Di Zun and others fell on Mo Li and Qin Chen, revealing a cold light.

The cultivation bases of Mo Li and Qin Chen are far inferior to the aura they can express, but they are so strong, why?

In their opinion, it is impossible to explain it at all, unless the two have an amazing inheritance in this Vientiane God Treasure, this is possible.

Especially the Golden Crow Prince and others who have experienced in the fire world, knowing that Qin Chen has received amazing benefits when he was in the fire world, they are also a little surprised.

As for Mo Li, before it even urged at least Tianzun Supreme Treasure, so that everyone present did not covet it.

Boom!

Qin Chen and Mo Li cross-legged in this chaos, constantly perceiving and analyzing the chaotic aura, and the chaotic aura's repulsive force against them at the beginning quickly weakened.

Only an hour later, Qin Chen and Mo Li both had their eyes flashed, and suddenly stood up, and at the same time stepped forward.

what?

Everyone was shocked.

These two guys ended their feelings so quickly, and they want to move on. How is this possible?

by!

Many of the Venerables who have been here for quite a long time were startled and couldn't help but grab their scalp.

They have stayed here for a long time, and naturally they know that even the apex of the souls of the souls, often need to feel for a long time before they can improve and move forward.

But Qin Chen and Mo Li had only realized for an hour, they were about to try to move forward?

Do they just want to try, but don't really want to move forward? Otherwise, the speed of this perception is too fast, right?

Boom!

Under all eyes, Qin Chen and Mo Li took Chi Yan Demon Lord forward.

Two thousand five hundred miles!

Two thousand eight hundred miles!

Three thousand miles!

In a moment, the three of them had already reached a depth of three thousand miles.

This.....

The audience was silent, everyone was stunned.

This is so terrifying that many people can't understand it.

Really moved forward. Moreover, he immediately came to the position of three thousand miles. This is the place where the prince and \*\*\*\* sons came from behind the top clans such as the Golden Crow Prince. The difference is that the Golden Crow Prince came to this position. Full consumption

After spending several days, when Qin Chen and the others went deep into the chaotic aura area, the other party had already entered the dark stars.

But Qin Chen and the others came to this place, it only took less than two hours.

"What? Are they still going deeper?"

The next moment, everyone was shocked again.

Because after reaching a distance of three thousand miles, Qin Chen and Mo Li didn't stop, and they continued to move forward.

Three thousand and one hundred miles.

Three thousand three hundred miles.

Three thousand five hundred miles.

Four thousand miles!

Qin Chen and Mo Li stopped at a distance of four thousand miles.

hiss!

Suddenly the sound of inhaling air-conditioning sounded one after another on the court.

Two hours and a distance of four thousand miles, it should be noted that it took a few days for some of the strong earth sages to get to this position. These two guys are too abnormal, right? What made

everyone even more depressed was that Chi Yan Demon Lord, a graceful and plump woman, had followed him to a distance of four thousand miles, leaving many people stunned.
