[Chapter 3991: Origin of Chaos](#)

Fortunately, after Qin Chen and Moli reached four thousand miles, they stopped and sat cross-legged, obviously unable to move on.

This made everyone breathe a sigh of relief, otherwise, many people would be scared of heart disease.

Qin Chen, Mo Li, and Red Flame Demon Lord continued to feel here.

This time, Qin Chen and Mo Li spent a little longer time, and after a few hours, they stood up again.

With Qin Chen's move, the venerables present were once again bewildered.

Only a few hours now?

Did the two of them end their feelings?

Many people are going crazy, you know, in the area outside the dark stars, there are still many earth sages who haven't moved for a day or two.

And what about Qin Chen and Mo Li? It was only a few hours, just after reaching a distance of four thousand miles, how could he move again?

boom!

The billowing black flame breath blasted Qin Chen's body, but Qin Chen remained motionless and kept moving forward, completely breaking everyone's illusions.

These guys started again.

Four thousand five hundred miles.

Five thousand miles.

This time, Qin Chen and the others came directly to a distance of five thousand miles.

Then I sat cross-legged again and began to feel.

After half a day, Qin Chen stood up again.

Everyone was shocked and numb.

that's it.

When the day passes.

Both Qin Chen and Moli have come to a place seven thousand miles away, have surpassed countless earthly masters, and even many of the top powers who have come here as early as half a month ago, have been taken by Qin Chen and Mo Li transcends.

But Red Flame Demon Lord was finally thrown off this time. She stopped at a place of 6,000 miles away. Like those old-fashioned earth sages, she could only stay here and feel, and could not rush forward.

"These two boys." Now, in front of Qin Chen and the others, there are only the peak earth sages of various races, such as the Yuanhun Earth Sovereign, Wan Yi Earth Sovereign, and Shadow Charm Earth Sovereign. Most of them are located in eight thousand miles, cross-legged feeling, now the nearest and Qin

The distance between Chen and them was only a few hundred miles away.

At this position, Qin Chen and the others could already vaguely feel the terrifying power contained in this dark star.

boom!

Above the dark stars, the billowing chaos aura surged, and Qin Chen even saw a vast dark world in it, as if it contained an endless world in its depths.

Vaguely, Qin Chen even saw a universe born in this dark star. That power was more terrifying than any chaotic power Qin Chen had felt before, like the originator of chaos.

Qin Chen was shocked.

"This is the power of Chaos Jade Bi."

Honghuang Zulong said in a deep voice: "The chaos jade bi is really in this dark star."

Chaos Jade Bi.

Qin Chen sucked in air, and what Honghuang Zulong asked himself to take away was such a treasure? Qin Chen lowered his heart and took a deep breath. He knew that although the chaotic aura clearly appeared in front of his eyes, it was definitely not that easy to get the chaotic jade bib. Let alone enter this dark star, It's not that easy

.

At this moment, above the dark stars, the billowing chaotic aura surging like black flames, filled with pure chaotic power.

This power is permeating from this dark star, and it can only be felt when it is eight thousand miles away.

"This is the source of chaos."

Honghuang Zulong said in a deep voice: "This is the chaotic jade biscuit. If you want to get the chaotic jade bibi, you must first understand the origin of the chaos."

The origin of chaos? Qin Chen's gaze condensed, and when he looked at it intently, he saw that they were absorbing this power at the eight thousand li position. Obviously, they all knew the extraordinary power of this power. A trace of chaotic origin escapes

At that time, many of the top powers' peak earth respects will exude a terrible aura, attracting these chaotic origins, drawing them, and absorbing, refining, and understanding.

They also relied on absorbing the origin of this chaos, and only moved forward a little bit, and they have come to this place more than eight thousand miles.

As long as they continue to absorb the source of this chaos, they can continue to move forward until they completely set foot on the dark stars.

Therefore, the powerful people such as Yuanshun Earth Sovereign are all vying for the power of this chaotic origin. Whoever can absorb more will be able to understand some of the chaotic origins, and enter the dark stars earlier and get more opportunities.

Originally, this chaotic origin was only contended for by the apex of the top powers of various races. After realizing that Qin Chen and Moli entered the range of seven thousand miles, they also possessed such qualifications and began to be able to absorb the power of the chaotic origin.

However, the source of this chaos is obviously a scarce resource. When Qin Chen and Moli approached, they naturally provoke the rejection of these top powerhouses.

"Hmph, these two boys, what qualifications do they have to come to this place? Why can they absorb the origin of this chaos."

Wan Yudi said with a cold voice, his eyes killing intent. If Qin Chen and Moli are the pinnacles of the top powers in the universe, perhaps Wanyudi can bear it for a while, but Qin Chen and Moli are just two juniors, and their cultivation bases are far inferior to them. In a short time

This place naturally attracted a lot of dissatisfaction from the strong.

Even some forces that did not conflict with Qin Chen or Mo Li at all showed unkind cold eyes. It's not that they have enmity, but that the top powerhouses have their own dignity. Qin Chen and Moli are not in their circle, but they have come to their position, and they have to grab rare resources with them. , This will naturally

People are dissatisfied.

"The origin of chaos." Qin Chen and Mo Li ignored these gazes, staring at the chaotic origin that escaped. Those who had the ancestors of the great and desolate Ancestral Dragon and Luohu Demon ancestors all knew that no matter how much chaos aura they had felt before, It's just chaos, here

Other places where the Vientiane God hides can also be felt.

Only this chaotic origin is the scarcest resource in the core of the chaotic galaxy.

Boom!

Qin Chen and Mo Li moved forward slowly, approaching the area of eight thousand miles, preparing to find a space to refine and absorb the origin of the chaos.

However, in the area in front of him, there are pinnacle divine beings sitting cross-legged everywhere. Don't look at this dark star being extremely large and vast, but in fact, the area Qin Chen and the others enter from the periphery is very limited, and not every place can be approached. Therefore, in this limited area, sit cross-legged with the peaks of all races. Earth respect,

Although not full of dangdang, but it is also sporadic, each has its own territory.

Even, there will be influence and conflict between each other. Qin Chen and Mo Li also saw that when a chaotic origin aura escaped before, several powerful men immediately plundered them, relying on their respective strengths to obtain a strength. . In other words, as long as Qin Chen and Mo Li are close, they will conflict with the interests of these people.

[Chapter 3992: Bully](#)

boom!

Qin Chen and Mo Li didn't rush to absorb the origin of the chaos between the heaven and the earth, but continued to approach. The two slowly moved forward, understanding and approaching.

Seven thousand and one hundred miles!

Seven thousand five hundred miles!

Seven thousand eight hundred miles!

Finally, the two stopped close to eight thousand miles.

boom!

A terrible shock hit Qin Chen and Moli severely, and the billowing chaotic flame swept through, causing Qin Chen and Moli to sway, almost unable to stand.

What a powerful chaotic impact.

Qin Chen and Mo Li changed colors. No wonder they have been here cross-legged, they have never entered the dark stars. When they reach the range of eight thousand miles, the impact has suddenly increased several times. Qin Chen and Moli both felt the terrible impact. , Visible, the more

In the depths, this impact might be stronger.

Unless you have enough sense of the power of the Primordial Chaos here, even Qin Chen and Mo Li would be unable to do anything.

"How can such a terrible chaotic impact enter that dark star?"

Qin Chen changed his color secretly. It took him to have a deep understanding of the dark stars before he could get inside. The figure he saw before was vaguely familiar. Could it really be her?

Qin Chen couldn't help but wonder.

boom!

In the front, strands of the power of the original source of Chaos linger. "Human race boy, feel it here, this is the power of the origin of chaos, the tangible carrier of chaos, carrying part of the avenue, containing the secret of the origin of chaos, absorbing part of it is to comprehend the secrets of the entire ancient universe and penetrate the rules

And order etc. "Honghuang Ancestral Dragon said in a deep voice: "You can enter the dark star only if you have enough sense of the origin of chaos here. Otherwise, even this constellation will not allow you to enter this dark star, but well, you are in the fire world. The benefits and you

His talent, I feel that the origin of chaos shouldn't be a difficult task, and I'm afraid it is ten times or a hundred times faster than the average venerable. "

Hong Huang Zulong was full of confidence in Qin Chen.

On the other half, Luohu Demon Ancestor was also sternly at the demon: "If you want to enter the dark stars, there is no other way. You can only absorb as much of the chaotic source as possible. When you absorb enough chaotic source, naturally you will not be repelled by the chaotic aura here." "However, you have to be careful. You want all things like Primordial Chaos. If you want to absorb it, it's best to find an open place, or you have to compete for the other side's place, otherwise, if you are crowded in a group Among the strong,

A chaos origin comes over, and many powerful people plunder, even if you are talented, you are afraid that you will become passive. "

Luohu Mozu explained Moli in detail.

"You'd better stay away from the real dragon kid next to you. This guy, the speed of absorbing the breath of chaos before is terrifying, and I have to guard against it."

There is no need for Luohu Demon Ancestor's reminder. Mo Li, who had come here with Qin Chen, quickly moved a little farther away from Qin Chen. To be honest, he is not afraid of others, most afraid of Qin Chen. Always very imaginary.

However, no matter how Moli and Qin Chen want to avoid other people, this area is not large, and Qin Chen and Moli will still be located next to some powerful people.

However, Qin Chen and Mo Li were very low-key. They didn't directly break into the crowd. Instead, they found a place with a little less Peak Earth Venerable at a place close to Eight Thousand Miles.

"Huh?!" After Qin Chen and Mo Li sat down, Wan Yi Di Zun of Human Star God Palace, Jiu Yue Di Zun of Human Dayu Divine Mountain, and other peak Earth Zuns who could not understand Qin Chen and Mo Li, Quietly approached, appeared in Qin Chen and Mo Li

The front is empty.

Including the peak earthly respects of some strong races who walked very close to them, naturally top masters are indispensable!

This group of people surrounded Qin Chen and Mo Li. This was to put pressure on them together and compete with them for the essence of Chaos. If they all compete with them, the consequences will be bad.

"Made, bully!" Prince Jinwu was stunned in the distance. Others were also stunned. Originally, Wan Yu Di Zun had their own place. They didn't expect Qin Chen and Mo Li to come over and just sat down.

These guys actually changed places and quietly approached Qin Chen and Mo Li. Qin Chen and

Moli's path to absorb the origin of Chaos was sealed.

Is this too bullying?

"Who are these people? There is no way for others to survive, a bunch of bastards." Not far away, the Chiyen Demon Lord said angrily. Seeing these guys stop them with devilish power, he felt angry.

"Your name is Long Chen. I didn't think that the true dragon clan had such a arrogant talent. You can come to my monster clan. This seat can keep you safe."

At this moment, Ying Mei Di Zun spoke, his face was very calm, and he greeted Qin Chen to go to her. This time, she did not ask Qin Chen to join her demon clan on behalf of the true dragon clan, because Qin Chen's strength has attracted her attention. Although Qin Chen may have attracted some of her chaotic origins in the past, it is harmless and she does not think that Qin Chenneng

It took too much from her hand, but it was better than Qin Chen staying in the pile of people like Wan Yu Di Zun.

Qin Chen calmly said, "It's okay, the demon sister, sit aside, just some clowns, and you will use these little tricks. I will make them regret their decision."

"Miss Sister? Hug!"

Ying Mei Di Zun chuckles, this real dragon kid is really interesting, does he know how old he is? Just call your own little sister.

As for the other people, they are fried, it is too arrogant. Among them are the peak earth respecters, and there are veteran strong people of various races. They are actually despised and humiliated by a small peak respecter?

"Hey, kid, you can tell me a lot, don't cry when you look back." Wan Yu Dizun sneered, his eyes cold.

He didn't care what his identity was, anyway, he saw Qin Chen and Moli extremely upset. With him, he would never allow any of them to absorb the origin of the chaos.

"You belong to the Moon Demon Race? But come to this seat. Since you are a Demon Race, this seat can keep you safe."

At this moment, the Yuan Soul Earth Venerable of the Yuan Demon Race suddenly said to Mo Li.

The Demon Race is a big family in the universe. There are many powerful clans under their command. They naturally occupy a large area outside the dark stars, and there is really enough space to accommodate the Demon Li.

Hearing the words of Yuanhun Dizun, Wanyu Dizun suddenly changed color, but he knew that Moli had the star core of their Star God Palace. This person was very likely to have killed his Star God Palace master. He had already become He will kill the members on the list. However, Yuanhun Dizun speaks, naturally no one will disobey, the demons are the leader race in the universe, and their status and status are not low in this kind of place.

[Chapter 3993: Rob](#)

But Mo Li smiled slightly: "Thank you Yuan Hun Di Zun for your kindness, the juniors are fine here."

Damn, actually refused.

Many people are speechless. The kid of the demon clan is really ignorant this month. Yuan Hun Di Zun greets you, but dare to refuse?

"Boy, come here soon."

"Little Moon Demon Race, Master Yuanhun Dizun greets you, that's a guy who gives you the face of the Moon Demon Race.

"I don't have any eyesight at all."

On the side, strong clan masters such as the Dead Demon Race, Saint Demon Race, and Spirit Demon Race all scolded.

Yuan Hun Dizun was expressionless, but there was also a hint of coldness in the depths of his eyes, and the Demon Race had never dared to disobey him.

"Haha, the goodwill of the adults is appreciated by the younger generation, but the younger generation thinks it is a good place to be with the masters of all races and lively."

Mo Li said with a smile.

puff!

Everyone was speechless and about to vomit blood. What is the reason? Moli smiled, but he sneered again and again in his heart, really when he didn't know the purpose of Yuanhun Dizun? I didn't see this Yuanshun Di Zun speaking for him when he was in the Chaos Aura area before, and when he used it before, the Hundred Demon God Formation came.

Soul Earth Venerable suddenly invited him as an old senior, afraid? Is he thinking about something on his body?

"I don't know what it is."

Some of the demons snorted coldly, their expressions unhappy.

Wan Yu Di Zun's expressions were quite a bit excited, haha, since this demon kid is looking for death, don't blame them.

"Look at it, the origin of chaos is here."

Just when the Yuanhun Dizun wanted to say something, suddenly, someone exclaimed.

"Om!"

At this moment, among the dark stars, a tide surged violently, and then a vast chaos aura swept out, among which, a breath of astonishing chaos origin swept over.

Damn, the original aura of Chaos that has swept through this time is so big.

Many people are overjoyed. The power of this chaotic origin is surging and dissipating along with the chaotic tide, sometimes more and sometimes less, this time there are hundreds of chaotic origins, and each one is quite thick, with the thickness of adult thighs. , Surging above

The power of the billowing chaos.

Boom!

At this moment, everyone felt that the original aura of chaos hit their faces, making everyone almost surrender. They couldn't help but bow their heads and wanted to worship. This is the origin of chaos, which represents the essence of chaos, and is the original force born when the ancient universe was opened. It contains the rules of the avenue and became the carrier of the avenue. Although it has gone through hundreds of millions of years, it still leaves a lot of trust in it.

Interest, too many mysteries. Now, it is flowing with endless brilliance, accompanied by the chaotic tides. Vaguely, you can see the chaotic origin of the chaos, as if there are various orderly biological evolutions, and there is the sound of dragons and tigers. Real dragon, that

It is a prehistoric tiger, fighting for hegemony and roaring.

In some chaos origins, there are real dragons soaring, some are tigers descending from the mountains, and some are flying true phoenixes. There are also unicorns and brave lying on rocks.

All kinds of auras are permeated, and these visions are all transformed by the aura of chaos, representing the origin of heaven and earth.

Qin Chen even saw the phoenix flying up into the sky with flames, Kunpeng wings covering the sky, cutting off the sky, and golden winged roc tearing the starry sky and flying above the sky.

This is amazing.

The billowing chaotic aura came, and the intense pressure made everyone afraid of being careless.

Even the Yuanhun Dizun and the others, who were here as early as possible, did not dare to act rashly at this moment, for fear that someone would accidentally be blasted out and have to start over again, which would fall short.

Do it!

When the power of the origin of chaos swept through the world of 2,000 miles and was about to come to everyone, many people were running their noble origins one after another, and various Dao rules evolved to attract these origins of chaos.

Before the source of chaos, they didn't dare to directly intercept it. Not to mention that in the tide of chaos, they could easily be shaken out. The source of chaos was definitely not something they could resist. There used to be a strong person from the pinnacle who wanted to directly capture a chaos origin, but was directly bombarded by this chaos origin, and was seriously injured on the spot. Later, it took several days to come here again and fell behind others. A big chunk

Here, they can only mobilize their own power to attract the power of the chaos origin, but cannot directly intercept it.

boom!

The origin of the chaos flew over, and Qin Chen moved as soon as the others started their hands.

Qin Chen sits here, staring at the origin of the chaos, and goes all out to run the power of the origin in the body, and then secretly activates the blood of the dark king in the body. After passing through the dark and chaotic aura area, Qin Chen already had some insights into this chaotic aura, and he was covered by the dragon soul aura, and he could quietly run the blood of the king of darkness without escaping the power of darkness, and would not be affected by others.

People are aware.

This is where Qin Chen's confidence lies!

Rumble!

As the dark aura urged, the chaotic origins in the Chaos Tide were suddenly drawn, and the auras on the chaotic origin suddenly surged like a tide and plunged into Qin Chen's body.

This made his body glow instantly, black light lingered, and chaos surging. This experience was so wonderful. It was a pure high-level energy, as well as an amazing universe. It was sucked into the body, merged and understood by him.

"Stop him!" Wan Yu Dizun changed his color and scolded in disbelief.

They stopped in front of Qin Chen, and they hadn't ignited the Primordial Chaos. They didn't expect that these Primal Chaos would bypass them and be attracted by Qin Chen first.

In fact, at this moment, everyone had started, while absorbing them madly, they wanted to suppress Qin Chen and interfere with his refining and absorbing the essence of Chaos.

For Qin Chen, this naturally has an impact. However, he is not afraid, his mind is immersed in his body, the blood of the Dark King is spurred, and Qin Chen is still running the chaotic green lotus in his mind. This is the special power he has in the fire world, and he is also amazing with this chaotic aura. Attractive, even black

Above the blood of the Dark King.

The effect is amazing. When Qin Chen urged the Chaos Qinglian in the Soul Sea, the Dark King's Blood in his body didn't even need to be urged, and there was a terrible aura permeating, crushing everything!

Boom!

In an instant, the many chaotic origins surging in the chaotic tide, some of the chaotic origins flew directly, and some of the chaotic origins were about to break, flying towards him, and submerged in him.

This effect is too shocking, in front of the powerful people of the ten thousand races, under the eyelids of many peak earth sages, looting wildly, ignoring them!

"How is it possible?!" Wan Mi Di Zun was the first to exclaim. Qin Chen calmed down, how could it be impossible? At the beginning, you must know what terrible power the chaotic green lotus in his body contained? The four great lotus fires have been absorbed, the power of that chaos, even Qin Chen's heart palpitations, that is even the heart of the ancient dragon

The power of the shocking world is not much worse than this Chaos Galaxy.

Now, Qin Chen is just a small test! Want to intercept him and absorb the origin of chaos? The only people who don't know good or bad are them.

[Chapter 3994: invincible position](#)

At this moment, everyone was in a daze, all in shock, dumbfounded, and looked over.

Many people's pupils shrank suddenly, their bodies shook wildly, and they were almost speechless.

What did they see?

Wan Yu Di Zun and others joined forces to block the True Dragon and the Demon Boy, preventing them from absorbing the power of the Primordial Chaos. As a result, the True Dragon Boy was not affected at all, and the absorption was so crazy, almost predatory.

Is that the source of chaos? The tangible carrier of Chaos Avenue!

This is the origin of the chaos that formed when the universe opened up, everything was revived, and Hongmeng was first established, and it has unpredictable power.

Rumble!

The origins of this chaos are shining brightly, showing the spirits of all races, accompanied by the roar of the terrifying road, deafening, like a sky thunder.

Such scenes and visions made everyone tremble, and while resonating with them, they also gave birth to a kind of fear and awe.

The origin of the chaos contains the aura of the opening up of the universe. Even after hundreds of millions of years, this aura may have dimmed and passed, but it is also terrible, with inexplicable coercion, which makes people tremble.

In the previous time, even the peak earth sages such as the Yuan Soul Earth Sovereign and the Wanyu Earth Sovereign could only absorb it bit by bit, requiring a lot of energy to guide.

But now?

Qin Chen was so ferocious. At the very beginning, he was desperately trying to attract the power of the chaotic origin, and he was also aroused. The chaotic origins were directly attracted by Qin Chen and poured in one after another.

Many people feel that their legs are weak, and facing the source of chaos is like facing the avatar of the universe, their bodies are trembling, but he is unaffected and has no sense of awe.

He is plundering!

"Block him!"

Wan Yu Di Zun's face was ugly, his eyes were green, and he didn't care about the sound transmission. Instead, he bluntly rebuked, shouting at the surrounding masters, and decided to join forces to destroy, so that Qin Chen would not smoothly absorb the origin of chaos!

At this time, Qin Chen was very comfortable, and his whole body was warm. Above the soul sea in his body, the chaotic green lotus swayed, reflecting the sky, emitting a blue halo, and absorbing the special chaotic energy of the outside world like a sea of rivers.

Even if the chain of order from the origin of chaos, after entering his body, it was not able to suppress it. Instead, it was submerged in the chaotic green lotus, absorbed, and refined one original symbol after another!

For Chaos Qinglian, this is simply a big tonic. Qin Chen glowed all over, as if shrouded in the gorgeous sun, his whole body was warm, billions of rays of sunshine, black light lingering, everything revived, although most of the absorbed chaotic origin was absorbed by the chaotic green lotus, that chaotic green Lotus, it's like

A bottomless pit, constantly absorbing the origin of the chaos attracted by Qin Chen, but a part of it escaped and merged into Qin Chen's body, strengthening Qin Chen's body.

Qin Chen couldn't wait to roar to the sky, his whole body was too comfortable, as if returning to the mother's womb of heaven and earth, nourished by chaos, it was too good for him.

At this moment, if someone can see through his flesh and blood, he can find that his cells are violently differentiated and then reorganized, and they are undergoing amazing transformation.

Qin Chen had already discharged some impurities from his body, and his metabolism was too fast. Some dirt was removed by smelting, and even the next layer of old skin was peeled off.

At this moment, the Primordial Dao, where the Primordial Origin of Chaos was absorbed by him, all turned into strands of the Primordial Divine Light, submerged in his flesh and blood, blending with him.

Such benefits are unimaginable, Qin Chen felt that his own flesh and blood was mutating.

It should be noted that Qin Chen's body is definitely not an ordinary body, not to mention that he has experienced the baptism of the six reincarnation sword roads, condensing the sword bones, and reshaping the body. That is to say, the top-level exercises that he cultivates are also in the minority. Various divine bodies.

In addition, Qin Chen has also been transformed by the true dragon clan, possessing a dragon soul, and turning his body into a dragon. At the same time, Qin Chen has also obtained the Crystal Stele of Nirvana in the Nether Xinghe, and cultivated the mysterious body exercises to gain his own genes. New metamorphosis.

But now, Qin Chen's physical body is actually still improving under this chaotic origin.

When Qin Chen looked inside, he found that the cells in his body were highly active and terrifying, far more than usual. This was the simplest and primitive evolution.

In just such a moment, his physical body has received extraordinary nourishment, with a slight improvement.

Although not much has changed, for Qin Chen, it is undoubtedly a huge gain.

After all, this is just the beginning.

boom!

The origin of the billowing chaos was attracted by Qin Chen and poured into his body.

Powerful people such as Wanyu Dizun, Jiuyue Dizun, Ghost and Insect Dizun all had their eyes straight. They found that they could not stop it. Qin Chen was absorbing the power of the origin of chaos. The whole process seemed like a natural success, and there seemed to be an invisible passage between the two. ,connected together! "Block him, absolutely can't give him a chance to fuse him with the origin of chaos and refine his physical body. If he absorbs enough of the origin of chaos by him, he will definitely make an amazing breakthrough. Then he will become a **** and surpass. I wait, it's not that

Maybe, if he is not given a chance to grow up, he cannot be allowed to rise here! "

Wan Yi Di Zun Li roared, he understood everything clearly, staring at the surrounding Earth Zuns, and the surrounding Earth Zuns all carried a suffocating aura, showing a cold color, and did everything they could to stop the chaos. origin.

Nearby, the chaotic energy surged, and with the birth of the chaotic tide, the billowing chaotic black flames filled out, powerful and suffocating, dangerous and sensational.

The roots of the chaotic origins swept in, constantly overflowing the chain of order gods, blooming with an astonishing breath.

In such a vast place, but accompanied by murderous aura, Wan Yu Di Zun, Jiu Yue Di Zun and others constantly interfered with Qin Chen, prevented him from attracting the Primordial Origin of Chaos, and prevented him from obtaining great opportunities.

Blocking the way of wealth is like killing a parent.

In the field of warriors, it is even more serious to prevent people from breaking through and suppress their evolution, because it is tantamount to strangling their future, which is very vicious.

This is definitely a big feud, endless! Now Wanyu Dizun, Jiuyue Dizun and others are doing this kind of thing, and they are very upright. As early as the beginning, they deliberately attracted some people to Qin Chen to resist Qin Chen and Moli. I want to kill the future of the two, to block

They are gaining here and want to interrupt their future for life!

In the void, the whole body of this group of people glowed, and the origins of the various venerables swept across the vastness and the vastness of the ocean to attract those chaotic origins, especially those attracted by Qin Chen and submerged in his body.

"Humph!"

Qin Chen sneered and was angry at the same time. These guys were really uneasy and kind, with awe-inspiring killing intent. But soon, he was relieved again, because it was possible to be blocked by the blood of the Dark King alone, but with the Chaos Qinglian, the great ancestor dragon was surprised how fast Qin Chen absorbed the origin of the Chaos and stood completely on it. invincible position.

[Chapter 3995: Anti-predation](#)

"My mother, human boy, your speed at absorbing the origin of chaos is so awesome than Lord Long."

In the jade disc of good fortune in the universe, Lord Long's eyes widened, and his eyes were almost bursting. He knew exactly what the origin of chaos was. He was as strong as him, and he didn't dare to absorb the power of the origin of chaos easily, but now Qin Chen is so easy. The origin of chaos is like an initiative to enter his body. Let Honghuangzu

Long's heart palpitated, knowing that what Qin Chen had obtained in the fire world before was absolutely incredible.

"Hey, these guys are going to be out of luck."

Thinking of a certain possibility, Long Ye squinted his eyes and smiled exceptionally, looking at the outsiders such as Wan Yu Di Zun and others, looking gloating.

These guys, who is not good enough to provoke Qin Chen? Isn't this looking for death by yourself?

boom!

Qin Chen glowed, and the joint efforts of Wan Yu Di Zun and others could not prevent him from absorbing the origin of chaos.

What surprised everyone even more was that Wan Yu Di Zun was looted instead in the process of absorbing the origin of chaos.

When some chaotic fragments flew towards them, they were absorbed by the powerful aura emitted by Qin Chen and forcibly taken away.

"This?!" Wan Yu Di Zun was shocked. He could reach the pinnacle of the Earth Zun, the high-level of the Human Race Star God Palace, and master the power of the stars. This trip is to find the top master who breaks through the Heavens, this time one of the leaders of the Human Race.

He is arrogant, confident, and arrogant. As a result, he was "robbed" on this occasion?

He was originally preventing Qin Chen and wanted to take away his chance, but now that this catastrophic consequence occurred, he was robbed.

Not only did he fail to contain Qin Chen's due effect, he also brushed past him with the opportunity he deserved, and the chaotic matter escaped!

"what!"

Jiuyue Dizun was also exclaiming, his hair was flying, his face was full of anger and shock, and his chance was robbed. Not only the two of them, but the other tribes, such as the Divine Ghost and Insect, were

greeted, and the pinnacle Divine that surrounded Qin Chen and theirs was also dizzy, because some of the Primal Chaos they had attracted to Qin Chen unexpectedly flew over and was looted

. At first, some of them did not participate in the fight with Qin Chen, they just blocked Qin Chen and didn't want to gain the slightest gain from Qin Chen and Mo Li. They were located in a position that was not as core as Wan Yu Di Zun and they belonged to the periphery. Boast

The masters such as Wan Yu Di Zun are there, they don't need them to contain Qin Chen at all, they only need to block the void in front of Qin Chen, otherwise the source of chaos will leak from them.

Therefore, at the beginning they were all absorbed in peace of mind. As a result, they flew towards their chaotic origin, the strands of cosmic secrets, which were about to be attracted by them and entered their bodies, but suddenly disappeared, actually submerged into Qin Chen's body behind.

"I...day!"

Not far away, Mo Li almost spit out swear words, and looked at Qin Chen's lingering light, almost speechless.

He did not expect that Qin Chen was so awesome that he could plunder so many Primal Chaos from the hands of so many Peak Earth Venerables. To be honest, Moli and Qin Chen dared to be behind these peaks, apart from not wanting to get close to these people to avoid confrontation, it was also because of their confidence in themselves, whether it was Qin Chen or Moli, they boasted that they would not be afraid. These strong

Their interception, only then dared to refuse Yuanhundi's solicitation.

Absorbing the origin of chaos depends not only on location, but also on the attraction of chaos.

At this point, possessing the magic power of the Chaos God Demon Luohu Demon Ancestor in his body couldn't be more confident. Even, Moli originally had an impulse to compete with Qin Chen. When he saw Qin Chen so frantically absorbing the chaotic power in the chaotic aura region before, Moli was very unconvinced, and Luohu Demon Ancestor was also very dissatisfied. Convinced because

And I told him before that if he was there, Mo Li would be the biggest gainer here.

The origin of chaos, as the demon ancestor of chaos **** and demon, Luohu, is familiar with this kind of breath.

But now...

Mo Li was full of cold sweat and looked silly.

Don't say he looked silly, Luohu Demon Ancestor was all confused.

Rumble!

The origin of the billowing chaos, like a flood, flooded into Qin Chen's body crazily, various visions flooded the sky, this scene was so shocking, it made the demon ancestor Luo Hui, who was still talking big before, looked confused.

"There is absolutely chaos treasure on this person."

Luohu Demon Ancestor said condensedly.

"Chaos treasure?" Mo Li looked over in astonishment. "Yes, if he does not have chaotic treasures on his body, he would never be able to absorb the chaos origin at such a speed, and the chaos origin is extremely terrifying. Even if this kid has the ability to attract it, he will never be able to absorb these quickly with his cultivation base. mix

The source of chaos is absorbed, but now you look carefully..."

Luohu Demon Ancestor said solemnly: "After these chaotic origins entered his body, it was like entering a bottomless pit, not fully integrated into his body. It can be seen that there is definitely some kind of treasure in this child that can swallow this chaotic origin."

After all, the Demon Ancestor of Luohu was an ancient Chaos God and Demon, and what he knew was naturally extraordinary.

"I....."

Mo Li was speechless, unable to speak half a word.

Damn, I was thinking of competing with Qin Chen, now it seems that Xuan, fortunately, he deliberately moved a little farther away from Qin Chen with some thoughts, otherwise, would he still live like this?

Under Qin Chen's breath, he was afraid that he hadn't even nodded his head. Although I was shocked and speechless in my heart, he still had the confidence in the demon. He boasted that no matter how strong Qin Chen was, he also had his own special features. He was a person with an ancient demon gu, and he still had the Demon Ancestor Luohu in his body. Qin Chen occupied it alone

Limelight.

Hum!

He urged the origin, cross-legged in this void, feeling the chaos, and attracted the power of the chaos origin.

At this moment, Qin Chen's body surged in chaos, shocking everyone.

Venerable Wan Yu Di and others who blocked Qin Chen were shocked and anxious, and at the same time very anxious. In this cruel situation where you fight for me, Qin Chen's gain means their loss.

The source of chaos that emerges each time is not infinite.

A group of people were anxious. They wanted to stifle Qin Chen's growth space, but now they discovered that they couldn't stop Qin Chen at all, but were being plundered by Qin Chen.

It's really bad.

Even some of their good fortune were cut off by Qin Chen and robbed of them.

At this time, Qin Chen's heart was comfortable, his eyes opened and closed, and chaotic light beams faintly emerged from the golden pupils. It can be said that the eyes are like electricity, and the activity of his own flesh and blood is still increasing.

Roar! In his body, there is a real dragon roaring, this is when the origin of chaos enters the body, it merges into the dragon soul, and evolves the natural aura.

[Chapter 3996: Chaos Treasure](#)

Qin Chen could clearly feel that his strength was improving and his physical body was improving.

In just an hour, his physical body's strength has been greatly increased, more than doubled, and the legendary true dragon's body has been achieved!

Outside of him, the true dragon's aura bloomed, and his body became more and more radiant, like a cast of steel, like an ancient **** and demon, returning from the resurrection of that ancient prehistoric era!

He could feel that he was getting stronger, and Qin Chen was convinced that as long as he was willing to absorb enough power of the chaotic origin, he could even touch a higher realm!

boom!

The chaotic aura surging on Qin Chen's body was completely enveloped by the infinite source of chaos.

"Why is this?" someone whispered, going crazy.

At this time, not to mention the people such as Wanyu Dizun, Jiuyue Dizun, Ghost and Insect Dizun, etc., even the Yuanhun Dizun, Yingmei Dizun and others were surprised. In fact, everyone was surprised. The Golden Crow, Imperial Mausoleum, and Sky Wolf of the Demon Race, as well as the Dead Demon Race, Saint Demon Race, and other top powers in the Human Race were shocked, because each of them was in Facing the source of chaos

Shocked, as if facing God!

They were nervous and in awe, because that was the origin of chaos, the power of the opening of the universe, but why didn't Qin Chen have this experience? He seemed too peaceful, not suppressed by the source of chaos.

As for them, even if they can attract so many Primal Chaos, they don't dare to blend into the body, because it is too fast and will cause the physical body to collapse, and they can't bear it.

Today, a younger generation whose cultivation base is weaker than theirs is being absorbed so quickly.

"How could he absorb the origin of Chaos with such a big mouth, how could it be possible?" Some ancient experts refused to accept.

In fact, Jiuyue Dizun and Ghost Chong Dizun were even more upset, trying to stop Qin Chen, but now it seems that they are becoming more and more fulfilled!

"Could it be that there is some kind of strange treasure in his body?"

At this moment, someone said so.

As soon as this remark came out, the eyes of many strong people present flashed, indeed, it is really possible.

Many people's eyes flicker.

They don't believe that Qin Chen can absorb these chaotic origins on his own, because even Yuanhun Dizun and others can't do it, but if Qin Chen has some special treasure, it may not be necessary.

The gleaming light on Qin Chen's body was not necessarily the result of his own attraction to the origin of the chaos, but it could also be the result of the treasure.

But what kind of treasure is it? Can absorb the origin of chaos?

"I know that this person fished a special treasure in the soul lake of a certain dragon nest secret."

Suddenly, on the periphery of the dark stars, a strong person spoke in the distance.

These are some of the powerful people who stayed with Qin Chen on the edge of the soul lake before, and they told the truth at this moment.

"That soul lake, I've been to this seat before. It's indeed extraordinary. You can fish a lot of treasures from it. What kind of treasure did this real dragon kid catch?"

"I don't know, but he didn't catch it by himself, but dropped a crayfish in the soul lake before picking up the treasure."

"What? Impossible. The soul lake is extremely dangerous. I'm afraid that even Tianzun can't enter. Then what crayfish can enter it?"

"What lie to you, this is what I saw with my own eyes."

Various opinions came from the venerables of the ten thousand races.

hiss!

In the soul lake of the Dragon Nest Secret Realm, some kind of treasure was caught? Yuanhun Dizun and the others were shocked. They had never been to the dragon's nest secret realm, but they had also heard from some people that there was a terrible secret realm full of Shenlong wood, which was most likely the habitat of an ancient dragon clan. The real dragon kid really follows it

It's really possible to get some kind of treasure in it.

"Dragon Nest Secret Realm? Isn't it that old thing?"

Luohu Mozu suddenly whispered.

"Senior, what did you say?" Mo Li was taken aback.

"Nothing, I just thought of an old thing." Luohu Demon Ancestor frowned: "However, even that old thing, it is impossible for this kid to absorb the power of the Primordial Chaos so recklessly, right?"

Luohu Demon Ancestor frowned.

At this time, there were discussions everywhere on the court, but the Golden Crow Prince and others looked weird.

They knew that Qin Chen had also obtained some terrible inheritance in the fire world. At that time, on the steps, chaos aura was surging, visions filled the sky, and the benefits Qin Chen had gained in that mysterious place were absolutely extraordinary.

However, regarding the matter of the fire world, Prince Golden Crow would naturally not speak, because the first son of Huo Luan fell there, everyone has a share, and no one wants to cause trouble to the upper body. "Hmph, this kid not only got the treasure in the dragon's nest, he also got the chaos treasure in the mystery of the lotus flame. There is chaos in the mystery, which is very extraordinary and contains the rules of chaos, I guess, This person is because

Only then can it absorb the origin of chaos so quickly, right? "

At this time, a series of gloomy voices sounded, not knowing where they came from.

"who is it?"

Prince Jinwu suddenly looked at him, who? How dare to speak out about the fire world? Don't want to live anymore?

However, the voice came from the chaotic atmosphere area among the venerables of the ten thousand races. It was gloomy and very misty, and after processing, people could not tell where it came from, and naturally they didn't know who said it.

Moreover, this person also knew the risk, and after speaking, he closed his mouth and stopped speaking.

However, even so, news has spread.

Everyone knows that Qin Chen has also gotten against the heavens in a place with Chaos Dao Soil.

hiss!

How much benefit did this real dragon kid get from this Vientiane God Store?

Many people sucked in air-conditioning.

If it's about others, the venerables of the ten thousand races might not believe it, but Qin Chen's previous performance was too bad, and people have to be so suspicious.

This is most likely true.

boom!

For a while, the audience was in an uproar, and many people looked at Qin Chen with fiery eyes. There were at least two extraordinary treasures on this true dragon clan.

Even not far away, the eyes of the top powerhouses like Yuanhundizun flashed.

Even if they are the leaders, the Peak Earth Sovereign, who has gained a lot here, no one dares to say what heaven-defying treasure is obtained. This true dragon kid is lucky, right?

However, even though they coveted Qin Chen, no one did it at this time. In this chaotic tide, if one is not careful, it is possible that all previous efforts will be abandoned.

Wan Yu Di Zun's eyes were cold. Although Qin Chen had robbed them of their chance, they didn't stop, and they were all fighting for the origin of chaos with all their strength.

These chaotic matter, getting a strand is an opportunity, which can expand the upper limit of their ultimate achievement in this life!

This is tantamount to raising the ceiling, making their lives more brilliant and amazing!

The road to Tianzun is even right in front of him. Therefore, although everyone feels uncomfortable, they are still racing against time, strengthening themselves, and comprehending the origin of the chaos that flies toward them.

[Chapter 3997: Give one more](#)

But soon, Wan Yu Di Zun and the others couldn't sit still, they couldn't absorb the origin of chaos after they failed to restrain Qin Chen.

In this area, many cyan halos appeared outside Qin Chen, with a terrifying chaotic aura, but there was a simple and simple aura in it, like a bottomless pit, absorbing chaotic matter frantically.

People found that the cyan aura outside Qin Chen's body almost formed a whirlpool, the effect was too amazing, he was spinning frantically, plundering the chaotic origin of those around him, and it was impossible to guard against. At this time, Jiuyue Dizun and others wanted to cry without tears. They could still absorb a lot of the origin of chaos in the past. At least, in this world, they are not inferior to anyone. They are all peak Dizun, and even they have The secret method can be better than other races

Fengdi Zuns can more absorb the origin of chaos. But now, they are speechless. The group of people in front of Qin Chen can only temporarily stabilize two or three of them facing the ten chaotic origins. As for the rest, they are all attracted by Qin Chen. This kind of scene , Make them very broken

.

Some masters of other races even regretted why they had to oppose Qin Chen in order to curry favor with the top human race forces, and now they can't get up.

The head of Wan Yu Di Zun Star God's hair danced wildly, and his eyes were sharp as cold electricity. He really wanted to kill Qin Chen with his hands. He felt too angry. Jiuyue Dizun was trembling with his fingers, the breath of the ancient sacred mountain in his body was surging, and he wanted to bombard it several times, but he resisted it, because at this moment the chaotic tide was too high, he didn't want to act rashly. Chaos Tides

Booming out, it fell short, so it was too bad. "Everyone, it can't go on like this anymore. I wait for each to absorb the origin of chaos. I am afraid it will be difficult to resist this child. We must work together. Regardless of whether we can absorb it, we must first pull back the origin of chaos that this child has attracted away! "Someone is cold

Soundtrack, daoming purpose.

This makes many people nod.

As this continues, all the chaotic origins of their piece will soon be attracted by Qin Chen.

A single person can't restrain Qin Chen, but once they join hands, they will not absorb the origin of the chaos, but will pull back from Qin Chen together, which may not be hopeless.

boom!

Many people shot directly, and the terrifying aura surged together. Those more than a dozen powerful men who blocked Qin Chen, fused their powers together, attracted the chaos origin, and prevented Qin Chen from absorbing it alone. However, the result was desperate. More than a dozen of them joined forces, and the effect was not great, and it did not cause too much hindrance to Qin Chen. Absorb the essence of chaos, physique

stronger.

This makes everyone discolored.

why?

There is simply no world, more than a dozen peak earth sages have joined forces, and they are not as good as a true dragon boy? People can't believe their eyes.

"Hey, kid of the Moon Demon Race, don't you want to kill this kid?"

At this moment, the ghost and insect Dizun spoke and suddenly said to Mo Li.

This caused everyone to turn their heads.

"This true dragon kid is too much. It has absorbed too much chaos origin. Almost all the chaos origins here have been absorbed. Can you still tolerate?" said the ghost and bug Di Zun, with a bewitching power in his voice. Everyone suddenly showed their spirits, they could see the plan of the ghost and insect Earth Zun, indeed, Moli came here with Qin Chen, and the relationship between them was good, but after Qin Chen absorbed the origin of the chaos so madly, Leading to magic

The origin of chaos cannot be absorbed at all.

Gui Chong Di Zun obviously seized such an opportunity to provoke the relationship between the two.

Wonderful!

They are still some distance away from Qin Chen. If they make a move, there are still some risks, but if they can confuse Moli and let Moli act on Qin Chen, then sit back and relax, and they can watch tiger fights from the shore.

Mo Li opened his eyes, glanced at the Dizun Gui Chong, and sneered: "Brother Long Chen is my friend, what can't I bear?" "I don't think it is necessarily?" Di Zun Gui Chong's eyes flickered, and said The invisible power permeated out, and sneered: "You treat him as a friend, but he may not treat you as a friend. Otherwise, how can he swallow so many chaotic origins?"

Not to you? Based on the person's attraction to the origin of chaos, it should be no problem at all to divide the origin of chaos to you. "

When Gui Cong Di Zun's words fell, Mo Li looked at Qin Chen's face suddenly turned bad.

"Huh? Does this provocation work?"

Many people were stunned, but immediately, Wan Mi Di Zun's eyes flashed and they had already seen the clues.

The invisible power surged through the ghost and insect earth respect, and this invisible power permeated out and was affecting the magic power.

"It's a bewitching technique!"

Many people change their colors and their eyes become solemn. This is a special method of the ghost and bug Dizun family. It can use a kind of spiritual power to confuse others, directly invade others' minds, and interfere with others' judgments.

Unexpectedly, the ghost and insect Dizun is so bold, and if he is not careful, he will inevitably cause terrible damage to himself if he uses such secret techniques in such a place.

"Then what do you want me to do?"

Mo Li said coldly.

"Take a shot at this kid, we will help you. By then, as long as this kid is driven away, I will be able to absorb the origin of the chaos." Gui Chong Di Zun said bewildered, with a hint of inexplicable aura in his tone.

To succeed.

Many people clenched their fists.

"Well, it's okay for me to make a shot. Is there any benefit? It's no good, I don't do it." Mo Li said with a trace of struggle on his face, as if he was caught in a certain hesitation, and his consciousness was a little confused.

This caused many people to change their colors, the ghosts and insects are too strong, this special method, in this dark star region, can actually interfere with a top power, which is very extraordinary.

Regardless of the aura on Moli's body, he is far from reaching the pinnacle of Earthly Sovereign realm, but he is already very extraordinary if he can walk here. It should not be underestimated, but even so, he is still controlled by the ghostly bug Earthly Sovereign. Living.

"Kill him, don't you have a treasure?" The ghost said in a quiet voice.

"No, I won't do it without treasures."

"You..." Gui Chong Di Zun's heart was depressed. This Cai fan, Boom, raised his hand, and a black jade box flew over and fell into the hands of Mo Li, "This is a treasure that this seat got here. Are you ready to do it now?"

Mo Li took the jade box and shook his head: "One treasure is not enough, and another one is almost the same."

"you....."

The ghost and insect earthzun was startled, and then suddenly came to his senses: "You...you are not under my control?"

"Give me another treasure, I'll do it." "Believe you, a big-headed ghost." Gui Chong Di Zun was crazy, and his devil's appearance was clearly confiscated of his control.

[Chapter 3998: Secret of Talent](#)

"Sniff, but this ghost and bug earth-zun is really an idiot, it's so cheating."

Mo Li put the jade box away, and his misty expression suddenly squinted.

The others were going crazy, and Mo Li actually fooled the ghost to respect a treasure for nothing.

Then, Mo Li sat cross-legged, and the magic power surging on his body, suddenly, several chaotic origins flew towards him.

what?

Many people were shocked that Mo Li was able to **** the origin of the chaos from Qin Chen's hands. You must know, this is something that even Venerable Wan Yu Di had never done?

Originally, Qin Chen alone had made Wan Yu Di Zun and the others nothing, but now coupled with the magic power, they suddenly couldn't even absorb the residue.

"It won't work like this."

"They must be stopped."

The ghosts and insects can't help them anymore.

With a "buzz", at this moment, the ghost and insect Earth Venerable's body suddenly surged with a terrible aura. At this moment, the ghost and insect Earth Venerable's body stretched out with black halos, a total of ninety-nine and eighty-one black lights surrounded the ghost and insect land. Respect.

"Giant eyes, you also do it."

At this time, Wan Xudi said solemnly.

"This..." Jumu Dizun, a powerful man from the Jumu tribe beside him, changed his expression slightly.

"The talented supernatural powers of your giant eyes clan can kill enemies across space." Wan Meteo Di Zun said coldly.

He only said a word, and Jumu Dizun suddenly stopped explaining.

The Giant Eye Race is a human race that relies on the human race. He can come here by relying on the top power of the human race. Now Wan Yidi respects them and he can't get rid of it.

"Kill..." The ghost and insect earth-zun and the giant eye earth-zun yelled, and the two of them instantly burst into the sky. At this moment, the essence of the heavens and the earth seemed to be drained by them. At this moment, the power of the heavens and the earth is all by them. Borrow the same.

At this moment, the dazzling avenue surrounds them two like a galaxy. At this moment, the two of them are surging in blood, returning to their origins, and the power of the endless earth is erupting on them!

"Giant Eye Secret Technique... the power of ghosts and insects..." When they saw the situation of the two of them, many people were moved. As soon as the ghosts and insects earth-zun and the giant eye earth-zun used their own clan's magical powers, it was necessary Put Qin Chen and Demon to death! "Huh..." Seeing the two special supernatural powers smashed, Qin Chen sneered, and with a loud "bang", the chaotic green lotus inside his body turned sharply, and the aura of chaotic green lotus filled with endless chaos. Power was poured into Qin Chen's body instantly, at this moment

, Qin Chen rushed into the depths of the void like the power of chaos that contained Wan Hai!

At this moment, Qin Chen seemed to be carrying the eternal blue sky, and his figure was illuminated with turquoise chaotic energy, and a road surrounded Qin Chen.

"What kind of innate supernatural power is this!" Seeing Qin Chen directly aroused such a terrible vision, many people were moved by it.

"No, this is not a talented supernatural power, this is the power of Chaos Tide?" A big man couldn't help but say in surprise when he saw the power of Chaos that Qin Chen had induced.

However, the Chaos Tide is not trivial. Everyone can only resist it. It has never been heard that anyone can provoke it. Now that Qin Chen makes a move and provokes the power of the Chaos Tide around him, why is this not surprising? The three simultaneously performed terrible supernatural powers. Qin Chen was floating in the chaos, while the giant eyed **** was standing behind him, like a **** standing behind him, and the ghost and bug earth **** was overwhelming in his body. There is a surging of secret skills in the family, absorbing

The power of some great avenues turned into terrifying monsters.

At this moment, the three of them are facing each other with top-level magical powers, which makes many venerables stunned, and also makes many venerables look envious and jealous. They are magical secret arts, and only the top powers have such luxury. s method!

"Boom--" Finally, the giant eye earth respect and the ghost earth zun fought Qin Chen, the power of the giant eye earth zun's giant eyes killed them, and the demon insect of the ghost earth zun swallowed the world and encroached on the world, even the law If you can swallow it, you have to eat Qin Chen with a mouth.

But Qin Chen carried the power of chaos on his back. On top of the endless chaotic tide, the tide expanded infinitely in an instant. In an instant, Qin Chen's power replaced the heaven and the earth, and his chaotic tide replaced the void tide.

"Boom...Boom...Boom..." The three top supernatural powers instantly fought together, tearing the sky apart.

"Bang!" In the end, the three supernatural powers blasted out at the same time. With the ultimate blow, Qin Chen's chaotic tide prevailed, and the expansion of heaven and earth instantly pushed back the giant gods and monsters.

"Boom, boom, boom!" In the air, the ghost and insect Earth Zun and Giant Eye Earth Zun were shaken back several steps by the chaotic tide, and the two of them suddenly changed their faces.

puff!

With this movement, they were instantly drawn by the terrifying chaotic power on the dark stars, and they vomited a mouthful of blood, and their bodies were about to be blasted directly out by the chaotic tide.

"not good!"

Seeing this scene, the venerables of the ten thousand races all changed color, and many people's eyes showed horror.

Everyone guessed about Qin Chen's strength, but they never expected that Qin Chen was so terrible. Now that Qin Chen used his own power to block the giant eyed and ghosts, and even gained the upper hand, everyone thought it is aghast.

The giant eyes and ghosts were swept by the terrifying chaotic tide, and they were about to leave this place directly.

The strength of the source rushed through the two of them, hurriedly stabilized their figures, sat cross-legged, their figures kept shaking, and the world shook.

But in the end, the two of them stabilized their figures, vomiting blood together, their faces were pale and their expressions wilted.

They were all seriously injured, not in Qin Chen's hands, but in the rolling of the Chaos Tide.

However, the consequences are already very good. At least the two of them have not been bombed out. Once they fly out, it will take at least a few days before they want to return here. This is a big deal for the zeniths. A huge loss.

"Damn, my origin is damaged."

At this time, the Giant Eyed Dizun and the Ghost-Chong Dizun calmed down, each of them turned into anger, and felt resentful, because in order to stabilize their positions and forcibly resist the chaotic tide, they hurt their origins, causing them to suffer severe injuries.

Dizun Wanyu and Jiuyue took a deep breath, their eyes staring at Qin Chen coldly.

"Boy, it's too late to surrender now!" Wan Yudi said coldly.

Qin Chen glanced at them, and said lazily: "Don't be wordy, just shoot if you have the kind, and show your assassin. I will accompany you, Master."

Qin Chen sneered.

"Damn it, boy, since you are determined to die, then this seat will fulfill you sooner!" Wan Yu Di Zun snorted, and when the words fell, a "clang" bell rang, and he had sacrificed a treasure. When the treasure of Wan Yi Di Zun was sacrificed, it floated on top of his head, and endless starlight flashed between the heaven and the earth.

[Chapter 3999: Wanxing Clock](#)

This is a giant clock full of stars. The entire giant clock is overwhelmingly starlit, and countless stars appear in the starlight. These stars bloom vast and evolve into the universe.

The dense stars suspend the heaven and the earth, intertwined into a dense network of stars.

"Ten Thousand Star Clock!" When they saw this giant clock, many of the ten thousand sages' complexions changed drastically. One earthly respect took a breath and said, "This is the ten thousand star clock of the Star God Palace. A top-notch artifact!"? "This was a valuable artifact that was formed by condensing countless stars when the Lord of the Star Palace was young. It contains tens of thousands of stars and can suppress the eternal world. It has suppressed a big family who offended the Star Palace. , That is hundreds of millions of creatures, directly killed by the town

. "There are strong people from other races who know the origin of this giant clock, and can't help but feel terrified.? Ten thousand star clock, this is the precious treasure used by the master of the Star God Palace when he was young. One of the favorite weapons, among the many venerable weapons in the Star God Palace, has a huge reputation, especially in the battlefield of ten thousand races.

Here, there is also an amazing reputation. According to legend, the Palace Lord of the Star God once killed countless powerful enemies with this bell, and put the remnants of the powerful enemy's souls into the ten thousand star clock for rituals. If an ordinary exalted instrument swallowed so many powerful creatures of ten thousand races, it would have long been Resentment is soaring, ghost is full of spirits, and it is a evil weapon

Up. But this ten thousand star clock is the condensed sun of the sun in the universe, so that it can guarantee that it will still be shining. This thing once contained the top reputation in the universe. Later, the star **** palace master broke through the heavenly realm and was placed by the star **** palace master The treasure in the Star God Palace

In the library.

Before that, many people knew that Wanyu Dizun must have a top-level venerable weapon, but they didn't expect to bring their horrible ten thousand star clock to the Star God Palace.

There was a "hum", time and space fluctuated. At this moment, Jiuyue Dizun no longer kept it, sacrificed his killer Lan, and a treasure appeared. The treasure of the Jiuyue Dizun is a giant drum. The outer body of this giant clock is jet black, as if it were cast with black gold. You can see that the giant drum is extremely heavy. There are not many decorative patterns on the giant drum. A pattern, that is a mountain,

A majestic and magnificent mountain, this mountain is surrounded by clouds and mist.

Although this mountain is carved on the skin of a giant drum with a few strokes, it makes people feel its hugeness, as if such a mountain can suppress the nine realms.

"Here, this is the Haotian Drum, Daewoo Shenshan's handwriting is too big, I actually handed the Haotian Drum to Jiuyue Earth Venerable!" Seeing this giant drum, many people opened their eyes wide and were surprised and surprised. envy.

"Is it the invincible treasure obtained by the legendary Mountain Master Dayu?" People who have not seen the Haotian Drum could not help but open their eyes and look at the giant clock.

"Exactly, it is said that Daewoo Mountain Lord has benefited a lot from this drum. Although it cannot be said that this drum made him the mountain owner of Daewoo Sacred Mountain, it is rumored that the value of this drum is not worse than the treasure of Tianzun." A big man saw it. Said with this drum.

Many people also speculated that there must be a top-ranking weapon on the Jiuyue Earthly Sovereign, but they did not expect that the Jiuyue Earthly Sovereign was actually a Haotian drum.

Even the peak earthly statues, such as the Yuanhun Earthly Sovereign, saw these two treasures with dignified eyes. ? Back then, Mountain Lord Daewoo got a treasure that was against the sky in the Nether Galaxy. This incident was talked about by later generations. Later, everyone knew that the treasure was the Haotian Drum. Rumors say that Mountain Lord Dayu once Spend a lot on this Haotian drum

With painstaking efforts, a gossip came out, because Daewoo Mountain Master believed that the Haotian Drum was not just a weapon.

However, this is just a gossip, outsiders have no chance to contact the Haotian Drum, and they don't know how mysterious it is. ?Dayu Shenshan has always been very precious to Haotian Drum, but in this life, Daewoo Mountain Master gave it to Jiuyue Dizun. Daewoo Divine Mountain obviously hopes that Jiuyue Dizun can protect his Daewoo Divine Mountain in this Vientiane God Treasure. Disciple, hope

He was able to comprehend some of the mystery of the Haotian Drum just like Daewoo Mountain Master did when he was young.

In the eyes of Dayu Mountain Master, only when Jiuyue Dizun can fully control the Haotian Drum, he is qualified to become Tianzun and become the next mountain master of Dayu Shenshan. Jiuyue Dizun also longed that he could control the Haotian Drum like his ancestor Daewoo Mountain Master. If he could control the Haotian Drum like his ancestor Daewoo Mountain Master, he would have the capital to compete with the top inheritors of the universe. Achieve the most in the universe of this era

The pinnacle of power!

"Haotian Drum!" Looking at the treasure of Jiuyue Dizun, Qin Chen narrowed his eyes, couldn't help smiling, and licked his lips.

Because of this drum, he had really heard that it was a treasure that was recorded in the inheritance of Butian Palace. This caused Qin Chen's eyelids to jump, his eyes squinted, watching the sinking and floating above Jiuyue Dizun's head. Haotian drum on the top.

Mo Li knew Qin Chen best. When he saw Qin Chen's expression, he immediately had a hunch that he knew that someone would be out of luck. ? At this moment, countless people in the audience were holding their breath and watching this scene on the void. Qin Chen and the three of them were facing each other. Wanyu Dizun's Wanxing Clock

, Exuding the aura of suppressing everything in the world, making people tremble involuntarily.

The Haotian Drum, this is a supreme treasure, the Wanxing Clock, is also the top treasure of the Star God Palace. Although it swallows infinite lives and contains amazing resentment, the power of the treasure is grand.

Under the majesty of the supreme venerable treasure, many powerful people of the ten thousand races can not help but have weak legs, and the unhelpful people sway and tremble.

"If you have any treasure, please take it out, otherwise, there will be no chance again." At this moment, Jiuyue Dizun said coldly. ? At this time, the Jiuyue Dizun and Wanyu Dizun were full of confidence. They came with two invincible soldiers, and they could definitely kill Qin Chen into dregs. Under these two invincible soldiers, even if Qin Chen possessed something The top treasures can't take the slightest should!

At this time, in the eyes of outsiders, even if Qin Chen's strength is above the Jiuyue Dizun and the Wanxing Clock, if there is no imperial weapon, he will definitely be suppressed by the Haotian Drum and Wanxing Clock, and he will definitely be the two invincibles. The soldiers blasted and killed them.

"Treasure?" Qin Chen glanced at them slowly, and said, "Is it necessary to deal with you? My bare hands are enough." As he said, spread his hands.

"This is too crazy," Qin Chen said in an uproar. Everyone has seen Qin Chen's arrogance, but it is too arrogant to pick up two invincible soldiers with bare hands, not to mention Qin Chen, even if it is the Yuan soul of the Yuan Demon Clan, I am afraid that I dare not dare to use my bare hands. Take two invincible soldiers at the same time.

[Chapter 4000: Red Flame Star](#)

"Things that do not live or die, kill!" Wan Yu Di Zun smiled coldly and shouted, and instantly all the Venerable Qi poured into the Wanxing Clock, and the Wanxing Clock instantly shining stars to the sky, with a harsh roar, From the star clock

The lasing came out.

This red flame star is extremely huge, and the huge flames are so terrifying that it makes people look scared. When this red flame star blasted out, it instantly set off an endless flame aura, seeming to turn the entire void into a sea of flames. Once the Wanxing Clock broke out, countless venerables sat on the ground in the distance, not to mention ordinary venerables, even ordinary earthly veterans could not stand at this moment. Many people slumped on the ground, even if they were The princes of the Golden Crow tribe are also trembling,

Although Chi Yan Xingchen rushed towards Qin Chen, it seemed to be floating above everyone's head, and they couldn't stop them with the power of the earthly respect.
