

## Valkyrie 4011

### [Chapter 4011: Blood River Saint Ancestor](#)

Seeing that the blood shadow was about to sink into Qin Chen's body.

With a boom, all of a sudden, the true dragon air surging in Qin Chen's body, an immense dragon power instantly diffused out of Qin Chen's body, blasting the \*\*\*\* magical shadow away.

"Blood River Saint Ancestor, it turns out to be you old thing."

The icy voice of Honghuang Zulong came.

The terrifying aura of true dragons instantly swept out from the jade disc of good fortune in the universe.

"Honghuang Zulong, is it you?"

The \*\*\*\* breath made a sound of anger, and screamed: "Why are you on this guy, no wonder my ancestor always felt something was wrong, you didn't even die."

In the void, a blood-colored figure emerged, towering into the sky, like an eternal god, in charge of everything.

"Huh, Blood River Saint Ancestor, you old thing is not dead, how can I die? My ancestor has long felt that something is wrong here, the chaotic jade map, and these chaotic auras are very strange, it turns out that it was a trap you laid."

Roar!

In the chaotic world, the primordial ancestor dragon projected out and turned into a world-famous dragon god, antagonizing the blood river ancestor.

Ever since he came to Chaos Galaxy, Honghuang Ancestral Dragon has always felt that something is wrong, and Qin Chen is the same. He has always been on guard, but he did not expect that there was an ancient powerhouse hidden here.

This person must be one of the great powers of ancient times.

"Human race boy, leave this blood river saint ancestor to me to deal with, you go to deal with that dark woman." Honghuang Zulong said in a deep voice: "Be careful to be taken by the blood river old thing."

"Then thank Senior Honghuang Zulong."

Qin Chen said respectfully, and then quickly rushed to Shangguan Wan'er.

Shangguan Wan'er looked at the vast blood shadows in the sky, snorted, and turned to leave here, but Qin Chen turned into a real dragon and came in an instant. Terrible powers lingered out, entwining Shangguan Wan'er, Capture her.

However, the power of these true dragons had not been entangled in Shangguan Wan'er's body, they had been directly crushed by Shangguan Wan'er.

That does not work.

Shangguan Wan'er was too strong, and she couldn't be captured by Zhen Qi alone, unless her body was used to clamp her.

Qin Chen rushed up directly, Long Jiao threw his legs out, and flew across his body, spreading his legs like a large pair of scissors, cutting Shangguan Wan'er in the middle!

His one leg hit the front door of Shangguan Wan'er, and the other leg hit the hind calf of Shangguan Wan'er.

boom! Shangguan Wan'er resisted violently. Qin Chen couldn't let her go, but he took advantage of the situation and twisted her body. His legs were about to lock each other. However, Shangguan Wan'er's body was shaken, she was too strong, she wanted Fly Qin Chen, the critical moment,

Qin Chen urged the time rule, causing the void to shake slightly.

boom!

Qin Chen's legs were quite sharp, taking advantage of the moment when time was stagnant, he finally got entangled and leaned on his back, his legs wrapped around Shangguan Wan'er's waist like two iron ropes.

This action took place between the electric light and flint, which seemed ambiguous, but it was quite dangerous.

Shangguan Wan'er's eyes were cold, her anger turned into anger, and she broke out completely. The dark power in her body surged, condensed in the back of her head, and banged her head towards Qin Chen. Qin Chen's pupils contracted, his hands protruding out, like gold forged, the power of the true dragon recovered, he leaned forward and wanted to grab Shangguan Wan'er's head. He was confident in his body and was sure that he could use this method. Trapped Wan'er and figure out her body

Up change.

Shangguan Wan'er was furious. How could she tolerate a man holding her head with both hands?

Especially, the posture between them was very inelegant. Against this background, she was full of demonic energy and dark blood surging out.

In the bang, they collided violently.

A pair of dark wings flickered out from behind Shangguan Wan'er, and instantly rolled back, wrapping Qin Chen there, like a fairy clam in the sea, opening a pair of crystal clear clam shells to seal the prey, and then smelt it.

Qin Chen naturally stimulated the confrontation, his fists blasted forward like electricity, and his legs were locked on the opponent's waist, with desperate force, both legs glowed like a metal \*\*\*\* chain, to cut off the slender waist. .

"Wan'er, it's me."

Qin Chen kept transmitting voices, and his soul shook Shangguan Wan'er's soul, trying to awaken her and restore her original consciousness.

However, Shangguan Wan'er's eyes were cold, she was not moved by Qin Chen's voice, her complexion was fair and shiny, and her beautiful face was full of anger and killing intent.

She burst out of dark light, and she had already used top supernatural powers to form a body guard ring to shake Qin Chen out and isolate him.

However, Qin Chen was very firm and would not let go. He fought close and hit close.

His legs seemed to have taken root, and he locked the small waist that Yingying was holding on, and his hands wrapped around Shangguan Wan'er. Although the posture was ambiguous, there was no evil thought in Qin Chen's heart. He just wanted to wake up. Shangguan Wan'er. However, Shangguan Wan'er is too strong, and the power of darkness is too surging. This is a power that is not inferior to the blood of the King of Darkness. It is too terrifying. The pair of dark wings is becoming more and more monstrous. It is really good to wrap Qin Chen inside. Refining him into a pool of pus and blood can.

At this time, Qin Chen felt pain in his skin, and the opponent's magical powers were terrifying, and the real dragon body could not resist it.

However, he was unwilling to retreat, after all, he still had the upper hand, locked on the opponent.

For a while, he was hard to get off.

The two are deadlocked.

Either Shangguan Wan'er refines him into a pool of blood, or he completely imprisons Shangguan Wan'er.

boom!

Shangguan Wan'er was furious, and the two fought. They fell from the sky and smashed directly into the Chaos River below. Then with a bang, they rushed into the interior of Chaos Jade Island.

Qin Chen is dangerous here, and the great ancestor dragon and the saint ancestor of the blood river are also fighting.

Rumble!

With the collision of the top power with the scent of the cosmos, the Honghuang Ancestral Dragon has only one dragon ball after all, which only contains his original soul, and his true soul power is still in the soul lake where the Chaos Dragon Nest is located. If you are fighting in the Chaos Dragon Nest, the Primordial Ancestor Dragon is no less inferior to anyone, but in this Chaos River, this Blood River Saint Ancestor also does not know how many years he has been here to operate, instantly mobilizing the chaotic aura and the remaining dark demon energy, and will bring the great Zulong Forced

Back again and again.

However, Honghuang Ancestral Dragon was not afraid. If Qin Chen's chaotic world was formed, he might still be afraid of the other party, but after the chaotic world was formed, he was not afraid. Once in danger, he could instantly return to the chaotic world. in.

Just as the two sides were confronting each other, swish, a figure suddenly submerged into this dark mist area.

It is Mo Li.

"this is....."

He looked up, thinking that he could see some treasure, but he saw a blood-colored figure that pierced the sky, confronting a giant dragon that pierced the sky and the earth. The overwhelming pressure made his soul tremble.

Damn, what's the situation? He was dumbfounded, and, where is Qin Chen?

#### [Chapter 4012: Who provoked whom](#)

In the void, the roaring dragon might surging, the \*\*\*\* breath filled, and the two terrifying forces confronted each other, causing a shocking wave. Such a scene made Moli feel a strong sense of shock.

His soul, under this breath, was deeply suppressed, and his soul was trembling.

What's happening here?

Mo Li was almost stunned, completely unaware of what happened.

"Honghuang Ancestor Dragon? Blood River Saint Ancestor?"

Demon Ancestor Luo Hu also said in shock, with a dull and sluggish expression. He had long suspected Qin Chen that there was an ancestral dragon hidden in Qin Chen's body. Now that he saw the ancestral dragon, Luohu Mozu was still extremely shocked. After hundreds of millions of years and countless epochs, he really saw some of the characters back then. Still make him

Extremely shocked.

"This old thing is not dead, and the Blood River Saint Ancestor..."

Luohu Demon Ancestor stared around, his gaze condensed, because he felt that in the billowing chaotic river and the black mist, there was a surging of blood, which contained the laws of heaven's movement, and the circulation of rules turned into shining talisman. The text flashes.

"Honghuang Ancestral Dragon? Blood River Saint Ancestor? Senior Luohu Demon Ancestor, what is going on?" Mo Li was a little confused, still not clearing the situation. "Didn't I say that in your friend's body, there is very likely an old thing from the ancient times? This is the great and wild ancestor dragon. Both of these were born in the opening of the universe. The primordial soul and chaos

Chaos God and Demon, the reason why your friend evolved a real dragon and possessed a dragon soul is precisely because of the prehistoric ancestor dragon. "As for the Saint Ancestor of the Blood River..." Demon Ancestor Luo's tone was dignified, showing a trace of surprise: "The original ancestor was still

wondering why there are so many chaotic jade maps in the Chaos Galaxy, now it seems, Most likely this river of blood

The trap set by the ancestors. "

"Trap?" Mo Li's pupils shrank suddenly, bursting out cold light, thoughtfully. "Yes, this blood river ancestor is the blood ancestor that came out of the ancient chaos. It contains the heavenly way of blood. He can integrate his blood rules into any power. Once he inhales this power, as long as he moves the blood Rules, it's very possible

Manipulate the person who has absorbed the power of blood, so that everyone present will become a turtle in his urn! "

"So, Qin Chen..." Mo Li was startled.

According to Luohu Mozu, the prehistoric ancestor dragon was parasitic in Qin Chen's body. Now, here he only sees the prehistoric ancestor dragon and the blood river sacred ancestor, but he has never seen Qin Chen. Could it be that Qin Chen has already ...

impossible! Mo Li shook his head. He couldn't believe that Qin Chen would fall here. The two of them, ascending to the heavens from the Tianwu Continent, have gone through many distresses along the way. Although the Blood River Saint Ancestor is an ancient Chaos God and Demon, he can say that he can kill. Qin Chen, he is

I can't believe it.

As for who knows Qin Chen best in this world, Moli is definitely one of the top ones.

How could this kid die so easily...

Mo Li's eyes flickered.

"Senior Luohu Demon Ancestor, look at what's wrong around here?"

Mo Li hurriedly said.

"something wrong?"

Demon Ancestor Luo Hui turned his gaze and saw the chaotic jade island suddenly, his pupils suddenly shrank, "This is... No, the chaotic jade bi is gone."

Luohu Demon Ancestor was shocked, unbelievable. This chaotic jade island is composed of chaotic jade. It is crystal clear and exudes the aura of the origin of chaos. However, in this aura of chaos origin, it has lost a core power, which is clearly the disappearance of chaos jade. symptom

And, the disappearance of this source is not long, obviously it just disappeared not long ago.

"Damn, it was definitely taken away by the kid Qin Chen."

Mo Li angrily said, he knew that this kid had absolutely no good things here.

Boom boom boom!

In the void, Blood River Saint Ancestor and Honghuang Ancestral Dragon faced off frantically. The two collided with each other, roaring and fighting fiercely. Although the Blood River Saint Ancestor has been operating here for many years, the Primordial Ancestral Dragon has gained the aura of the world of chaos, and in its control of the chaos, it must surpass the Blood River Saint Ancestor, and this place is where the Chaos Jade Bi is. , Contains endless terrible

The power of Chaos makes the Primordial Ancestor Dragon no less inferior to the Saint Ancestor of the Blood River.

"Senior Demon Ancestor Luohu, what shall we do now?"

The vast and wild atmosphere was suppressed, making it difficult for Mo Li to breathe, his face was heavy, and the chaotic jade disappeared. This is the most precious thing in this world that Senior Luohu Demon Ancestor said.

"Hmph, let them confront these two old things, let's take advantage of the fisherman's profit." Luohu Demon Ancestor said with a grinning smile. "Luohu Demon Ancestor, this old thing... it seems that you don't want to make a move." In the sky, Honghuang Zulong saw that Luohu Demon Ancestor did not act at all, and couldn't help but sneered in his heart. He thought it was enough to sit on the mountain and watch the tiger fight? So many arranged by the ancestor of the blood river

Nian's hard work, how can an outsider break in.

"Hahaha, here's another guy." Sure enough, when Moli appeared in this black misty area, the Blood River Saint Ancestor immediately showed ecstasy. Now he has only one blood soul left, otherwise neither I'm thinking about taking away Qin Chen. If I can take away the person in front of me, I will be able to

Take a lot of advantage.

boom!

A \*\*\*\* breath, instantly wrapped towards the magic.

"Damn it."

Mo Li's face changed suddenly, damn, isn't this guy fighting against Hong Huang Zulong?

Why did you stare at yourself suddenly.

"Jie Jie Jie, boy, become a flesh of the saint ancestor."

The blood river sacred ancestor laughed grinningly, and the power of the rolling blood instantly poured into Moli's body, to occupy Moli's body.

The power of the billowing blood, madly rolled towards the devil.

"My day..."

Moli was going crazy, and a \*\*\*\* halo was flowing in his body, and a wave of blood with a wild aura slowly poured into his body, trying to confuse his mind.

I'm so provoked by someone.

Mo Li's face was depressed, and he was about to be taken away from him as soon as he came. Why did he treat himself as prey every time?

Is there anything worse than yourself?

Rumble! The power of billowing blood continued to permeate, trying to enter Moli's body, Moli's eyes were cold, the soul sea was surging crazily, and the power of the magic gu was running, and I saw the formation of a terrible swallowing black hole in Moli's body. The power of the devil is being devil

Li urged.

"Want to take me away, don't think about it."

Mo Li's body is overwhelmingly devilish, like a demon god. Although under the pressure of the blood river ancestor, his soul is shocked and his operation is extremely difficult, but his will is soaring to resist the blood qi invasion of the blood river ancestor. "Quack, hehe, he is just a little venerable who dares to resist the erosion of his ancestors. Do you think there are ancient demon gods in your body to resist?"

#### [Chapter 4013: Wan'er, it's me](#)

The ancestor of the blood river laughed wildly. Qin Chen resisted his invasion before. He was irritated. He couldn't think of another guy. As long as he robbed this guy and got the help of the tangible body, he condensed billions here. Ten thousand years of blood ancestor power

There will be a carrier, and it will not be easy to suppress the prehistoric group by then.

In the eyes of the Blood River Saint Ancestor, with his strength, even if only the power of the soul is left, he can easily take away the magic power.

boom!

The power of billowing blood rushed into the magic li's body instantly. The ancient magic gu's power in the magic li ran wildly, but it could only absorb a little blood ancestor's power, more blood power, and penetrate into the magic li's cells and flesh. Manipulate magic.

"Quack, kid, don't resist, in front of my ancestors, you will be obediently arrested. Don't worry, my ancestor will not let your body be ashamed..."

The Blood River Saint Zu haha laughed, and the terrifying power of blood quickly came to the sea of soul of Moli. The soul sea of Moli is a deep sea, and the vast, black and deep sea water surging, shocked the ancestor of the blood river. I did not expect this Venerable, the soul sea in his body was so extraordinary, it made blood He Shengzu felt it

A kind of profound.

As long as he occupies this kid's soul sea, he can completely control the opponent's body.

"Hahaha, boy, give the body to the ancestor."

The blood river saint ancestor laughed loudly, the rules of rolling blood quickly permeated, just when these rules of blood were about to completely occupy the soul of Moli, in the sea of souls of Moli, a terrible power of the devil rose into the sky.

boom! Accompanied by the power of the demon \*\*\*\* rising to the sky, is a vast demon phantom, this demon phantom human body has a snake tail, has four arms, a hideous face, opens a huge mouth, and suddenly the swallowing power surges, and instantly Blood River Saint Ancestor lingers

The power of blood that came was swallowed crazily into his body.

"what?"

The ancestor of the blood river let out a roar that shook the sky, and the power of the rolling blood surging crazily on the devil's body. It was ferocious, like an angry demon, roaring and shattering the galaxy.

"Luohu Demon Ancestor..."

The Blood River Saint Ancestor roared in anger. What he entered into the devil's body was the power of blood he had condensed for hundreds of millions of years. Although it was only one piece, it was also formed by his endless efforts. Unexpectedly, he was swallowed by the power of the devil in this kid's body, and this devil Power

It was the Demon Ancestor of Luohu who came from the same ancient time as him.

boom!

The Blood River Saint Ancestor went crazy in an instant, is he too unlucky?

The guy who had previously seized the house possessed the Primordial Ancestor Dragon in his body, and this guy also had the Demon Ancestor Rahu in his body. Once a person was unlucky, he would really clog his teeth when he drinks water.

The power of a strand of blood was swallowed, and the blood river ancestor's vitality was greatly injured in an instant.

"Hahaha, old stuff, you have suffered a lot."

The Great Ancestor Dragon laughed loudly. This Blood River Saint Ancestor actually wanted to swallow the boy in front of him, but there was Demon Ancestor Rahu in his body. If this Blood River Saint Ancestor thought the other party was just a teenager, it would be ridiculous.

Sure enough, the Blood River Saint Ancestor suffered instantly.

boom!

At this time, the Demon Ancestor Luohu couldn't hide it. A ghost of the demon \*\*\*\* came out of Mo Li's body. Above this chaotic river, three wild ancient powerhouses stood facing each other, with a strong murderous intent that shook the world.

At this moment, inside that chaotic jade island, Qin Chen and Shangguan Wan'er were entangled crazily.

The two were in physical contact, but there was no ambiguity, and some were just murderous.

Shangguan Wan'er was full of dark rays of light, her wings like the night sky, and she flew backwards towards the strong wall of Chaos Jade with a bang when she waved slightly.

Qin Chen groaned, his back slammed into the mountain formed by the hard chaotic jade, and blood spilled from the corner of his mouth.

The power of darkness in Shangguan Wan'er's body was permeated, and all the dark runes appeared in the blood, resonating, and the flames of darkness became more and more bright, burning the opponent.

However, Qin Chen was endless, chaos filled his body, and he locked Shangguan Wan'er's neck with his hands, strangling the snow-white and elegant neck.

Shangguan Wan'er wouldn't give him this opportunity, she became angry, tumbling in the air, crashing into the surrounding mountains, and finally the two rammed into the interior of Chaos Jade Island together.

With a bang, they smashed into the chaotic jade ground together, and suddenly the place was torn apart, the jade shattered to the sky, and a huge deep pit appeared.

This place is really too hard, it is Qin Chen's copper muscles and iron bones, his flesh is so powerful, and the real dragon's blood is boiling.

The entire island is composed of the hardest chaotic jade, which is the core of the chaos origin. It is really tough, and it is hard to shake with it, and it is difficult to take advantage of the flesh and blood.

Qin Chen's mouth and nose were bleeding. The most important thing was that the whole body was burned by the dark flames, and the pain was unbearable, and the clothes turned into ashes. If he had not evolved the Haotian Divine Armor to withstand most attacks, he would have to Run completely naked.

Even so, Shangguan Wan'er was furious, her eyes were cold, she was holy and noble, when was a man approached so close, she was ashamed, but there was an inexplicable posture in her body, this \*\*\*\* bastard.

Shangguan Wan'er tossed more fiercely, booming, and the dark light filled the sky, and rushed to the sky, and then ran into the chaotic jade wall and the chaos.

Qin Chen snorted one after another, and the two were engaged in a suicidal decisive battle. Such a heavy injury caused not only Qin Chen to feel uncomfortable, Qi Qiao bleeds, and Shangguan Wan'er herself was also uncomfortable.

"Wan'er, it's me!" Qin Chen roared. He didn't know what happened to Shangguan Wan'er, but he could feel her pain. If he just let go, Shangguan Wan'er didn't know where he would go, and, Why did Shangguan Wan'er become a member of the dark race? Very much

Many things, he wants to know.

If Sisi knew that she saw Wan'er, but let her leave, would Sisi feel uncomfortable too?

Qin Chen locked Shangguan Wan'er's white and delicate neck, his body turned into a human form, no longer a real dragon, his hands suddenly exerted force, trying to stabilize Shangguan Wan'er's head, and his eyes met her.

"Wan'er, it's me, I'm Qin Chen!"

Qin Chen shouted angrily. In his pupils, a divine rainbow bloomed, and at the center of his eyebrows, there was a constant flow of Taoist spirits, which was about to impact Shangguan Wan'er's mind.

He doesn't believe it, Shangguan Wan'er will forget about herself.

"Qin Chen?"

At this moment, Wan'er's body was shocked, her eyes were misty, as if she had thought of something, she was a little dazed, but then she roared in pain, the power of darkness surged, and she went crazy again. With a bang, part of her body bloomed with black light. This black light, noble light, with a unique temperament, but containing monstrous magical energy, made Qin Chen's hand hurt and blood flowed out of her fingers. Freed from Qin Chen.

#### [Chapter 4014: Deepest memory](#)

It worked, and Wan'er really remembered herself.

Qin Chen was excited. At least Wan'er's actions made Qin Chen understand that there must be memories of the past in Wan'er's soul, but it seemed to be suppressed.

Boom!

Thunder erupted, Qin Chen kept calling after locking her, calling with soul, but he found that the effect was not good.

Shangguan Wan'er struggled hard, Qin Chen pressed his hands and hugged the opponent tightly, the soul light struck, Shangguan Wan'er strenuously turned his head, at this moment, Qin Chen's mouth inadvertently touched Shangguan Wan'er.

Shangguan Wan'er's body trembled abruptly, and there was pain and struggle in her eyes, as if she wanted to remember something.

this is.....

Qin Chen was excited.

At this moment, Qin Chen remembered the Wu Yu of that year. He and "Shangguan Xier" kissed me and I was actually accompanied by Wan'er. This was Wan'er's favorite gesture at the beginning.

Wan'er still has memories of what happened back then.

"let me go."

Wan'er shouted angrily, turned her head, and saw Qin Chen's affectionate eyes. Inexplicably, her heart beat violently.

"Wan'er, you must still remember me."

Qin Chen gritted his teeth, in order to wake Wan'er, he had to.

Wan'er was bitten by thunder, and this feeling was deeply engraved in her memory. Her mind was in chaos, and her face suddenly changed color when she could not be touched so intimately by Qin Chen.

Qin Chen never thought of Wan'er who couldn't wake up himself.

Qin Chen felt a sharp pain in his heart. He didn't know what happened to Wan'er, and why he couldn't remember everything. At the moment when Wan'er fell into the mumbling completely, Qin Chen took Wan'er, brushed it, and entered directly into the Universe Jade Plate.

### [Chapter 4015: Charge island](#)

Huh!

Qin Chen and Shangguan Wan'er appeared abruptly in the chaotic world transformed by Qiankun's good fortune jade disc. When Shangguan Wan'er discovered that she was in a brand new world, she suddenly woke up, and at this moment, Qin Chen raised her hand suddenly, rumbling, the power of the billowing chaos circulates rapidly, the power of the vast world is like one Root tentacle

Wrap Shangguan Wan'er.

"let me go."

Shangguan Wan'er looked at Qin Chen coldly, and the power of darkness in her eyes surged, causing the power of the world to oscillate continuously, trying to break out of the blockade of this chaotic world.

The power of the horrible dark rules was extremely terrifying and pervasive, but Qin Chen spurred the chaotic jade bi, containing the world's first-born aura of majesty, and suppressed this power suddenly. If it were the jade disc of good fortune in the past, it might not be able to trap Shangguan Wan'er at this moment, but the jade disc of good fortune in the world has evolved into a chaotic world. With the surging power, this is Qin Chen's unique rule of heaven. Jiang Shangguanwan

Children imprison this place.

"Xiaolong, you will watch her for me."

Qin Chen said something and turned around and left the chaotic world.

Roar! The next moment a roar sounded, and from the ghostly galaxy lake, a vast real dragon phantom rose up into the sky. This real dragon was red in color and thickly armored, like a spar, flowing through the shining real dragon. Power is nether

Giant pliers red dragon.

The little dragons today absorbed the power of the Great Meng at the moment when the chaotic world was formed, and they have already transformed into a true dragon family. On the red scale armor, the nether aura circulates, with the terrifying power of the nether galaxy.

Xiaolong is a creature in the Nether Galaxy, naturally with the breath of the Dark Universe Nether Galaxy, and this is what makes him different.

Today's Qin Chen can only trap Shangguan Wan'er first, and then turn around to solve her problems. Qin Chen suspects that Wan'er's abnormal changes will definitely be unable to get rid of the relationship with Yuanmo Clan.

Inside the Chaos Jade Island, Qin Chen appeared suddenly. "This chaotic jade island is condensed by the original chaotic aura of the chaotic jade bib for hundreds of millions of years, and it is also the core of this chaotic river. As long as it is taken into the jade disc of good fortune from the universe, it will surely make the universe alive. The Chaos World in the Jade Disc

Make yours more perfect! "Beyond the Chaos Jade Island, there was a rumble roaring, and the prehistoric Ancestral Dragon and the Demon Ancestor Luohu fought against the Saint Ancestor of the Blood River, but Qin Chen's eyes flashed, and his divine consciousness penetrated directly into the long and deep underground of the entire Chaos Jade Island, and he felt it. Of this chaotic jade island

The vastness is endless.

This small island is the size of an ancient city and contains the chaotic atmosphere of the core. Although it is not comparable to the top chaotic treasures of the universe such as Chaos Jade Bi, it is also extraordinary, and even the most powerful ones are coveted.

The entire island is like a primitive beast, sleeping in the Chaos River, the whole body is glittering and shining, showing terrifying power, it seems that it is a little bit of rotation, the world is about to explode, and it is about to wake up.

How many chaotic origins does such a chaotic jade island contain? Take it out for fear that it will build a top-notch race, and there is no need to worry about insufficient resources. Of course, Qin Chen wants to put away this chaotic jade island, as long as it is for the chaotic world, the chaotic aura that the chaotic jade bi is constantly escaping from is enough to support the continuous growth of the chaotic world, but the speed will be lacking.

Ingesting this chaotic jade island into the chaotic world will be of great benefit to the formation of the chaotic world.

"go with!"

Qin Chen raised his hand abruptly, banging and banging, waves of terrible world power swept out of Qin Chen's body, turned into beams of light, and fell into this chaotic jade island one after another. Qin Chen is located at the core of the Chaos Jade Island. He has made thousands of handprints and countless laws of heaven. He went deep into the island and began to seal the Chaos Jade Island. The entire Chaos Island trembled violently, the world was collapsing, and the Chaos River was falling. Break, whole

The dark stars are rumbling inside.

"what?"

Above the Chaos River, the demon ancestor Luohu and others who were fighting turned around in amazement, and then saw a scene that shocked them.

Rumble!

This small chaotic jade island, which contained countless chaotic origins, shook violently. Around the small island, the atmosphere of the world surged, and the atmosphere of space continued to bloom.

"This is someone charging Chaos Jade Island!"

Saint Ancestor of Blood River was horrified in his heart and was almost crazy. Who was actually collecting Chaos Jade Island?

The sky and the earth roared with a bang. The entire chaotic jade island soared into the sky under the eyes of everyone, and the space was shaken everywhere. A huge deep pit appeared in the chaotic river, and the river poured back, forming a waterfall.

Hum!

The huge chaotic jade island was suspended in the air, and then suddenly flashed, suddenly disappeared, and was moved into the chaotic world by Qin Chen.

In the void, Qin Chen appeared, floating the sky.

"Sure enough, it's Qin Chen..." Mo Li gritted his teeth, his eyes were green, and he was fighting with this blood river ancestor here, but Qin Chen hid in this chaotic jade island, not only chaos Jade Bi was taken away, and now I have taken the entire chaotic jade island.

This is too much!

At this moment, Mo Li wanted to go up and \*\*\*\* back the Chaos Jade Island that Qin Chen had put away.

However, he didn't dare to act rashly, but urged the Hundred Demon God Array, together with Luohu Demon Ancestor, to fight against the Blood River Saint Ancestor, and there was no chance at all.

"Hahaha, this humanoid kid, I like it."

Hong Huang Zulong was overjoyed. He saw Qin Chen appear alone and put away the Chaos Jade Island, and immediately knew that Qin Chen was afraid that he had already solved the dark woman before.

Putting away the Chaos Jade Island, Qin Chen turned around and was about to pounce on the ancestral dragon.

At this moment, the power of a vast space flashed by Qin Chen's side, and suddenly a fruit tree blooming with a vast divine light appeared. It was the tree of chaos. Around the tree of chaos, the breath of time flowed and quickly approached Qin Chen. .

Chaos tree? Qin Chen's eyes condensed, and Mo Li's eyes were straight. This is a treasure tree that many of them were fighting for before. A fruit of chaos can cultivate a master master, and this chaos of chaos There are so many chaotic fruits on the tree,

How many venerable masters can be cultivated?

When the Tree of Chaos swept over, Qin Chen felt awe-inspiring. Although his current strength was more than several times stronger than before he entered this place, Qin Chen was still a little frightened when faced with such treasures as the Tree of Chaos. Because the tree of chaos contains the terrible

breath of time, this is the magical power that the tree of chaos has condensed for hundreds of millions of years. Before the strong people such as the bones of the earth venerable, before the chaos fruit matures, no one dares to enter the scope of the tree of chaos. A strong man of the level broke in, and under the power of the tree of chaos, he instantly turned into ashes. This kind of ability to control the years is afraid that the strong man may also fall, and Qin Chen is naturally awe-inspiring.

#### [Chapter 4016: Wanlong Great Array](#)

Seeing this chaotic tree swept over, Qin Chen instantly understood that he should have taken away the entire chaotic jade island, and this chaotic jade island should be where the chaotic tree grew, the chaotic jade island disappeared, and the chaotic tree it is bound to be angry.

"Hmph, this kid Qin Chen actually put away the Chaos Jade Island, this is angering this Chaos Tree. With the Chaos Tree's strength, I am afraid that he will be invincible even if he died here. ..."

Mo Li's eyes rolled, suddenly showing expectation.

Once Qin Chen died, wouldn't he become the biggest gainer? Even if you can escape the chasing of the Chaos Tree, why should you leave some good things? Didn't it make yourself cheaper in the end?

Hehehe.

Mo Li was excited. In the void, Qin Chen stared at the tree of chaos, running the origin of time in his body. Even if the tree of chaos was hostile to him, under the blessing of the origin of time, he could react immediately and enter the world of chaos. Dodge

A catastrophe. And just when Qin Chen was carefully operating the origin of time and preparing to fight the tree of chaos, hum, after the tree of chaos got close to Qin Chen, it did not continue to spur the power of the years, but bloomed with the light of the rainbow, and passed it on. Vaguely

awareness.

The tree of chaos is a treasure born when the world was opened up, and Hongmeng was born with spirit.

Feeling the meaning coming from the Chaos Tree, Qin Chen was stunned, frowned and said, "You mean, you want to enter my space like Chaos Jade Island?"

The Tree of Chaos clashed, and the fruit branches fell down, as if nodding to Qin Chen. Qin Chen was a little stunned. He didn't expect that the Tree of Chaos actually meant this. It seemed to be a bit similar to the God Tree of Heaven. He was overjoyed in his heart. He directly released a force of space, and the Tree of Chaos immediately entered here. share

In the power of space, it disappeared with a sigh.

In the next moment, the Tree of Chaos had already appeared in Qin Chen's Universe Jade Plate. It felt the world in the jade disc of good fortune of the universe, excited, buzzing, the whole body glowed, and it suddenly came to the place of the \*\*\*\* tree of heaven and the demon tree of the ten thousand worlds, and felt the aura of the demon in the demon tree of the ten thousand worlds, the chaos The tree was suddenly unhappy

Quickly, I turned directly to the side of the Heavenly Dao Divine Tree, occupying the most central position in the chaotic world below the chaotic jade bib, and then took root and swayed excitedly.

"The tree of chaos was actually taken away by this kid?" Not only was it his turn to be dumbfounded, but even the ancestor of the blood river looked dull. The tree of chaos is the spirit of heaven and earth, and he was trapped here for hundreds of millions. In 2009, I naturally knew that there was a tree of chaos growing on the island of chaos jade, but I had never beaten a tree of chaos.

Because he knows his current state very well, it is impossible for him to be recognized by the Chaos Tree.

But know, how long has Qin Chen been here? Not only took away the Chaos Jade Bi, the Chaos Jade Island, and now even the Chaos Tree was taken away, what kind of monster did he recruit?

"Hahaha, Human Race kid, come here quickly, there is only one remnant soul left in this blood river saint ancestor, and he is about to suppress him." Honghuang Zulong laughed.

"That's what I meant." Qin Chen's eyes were cold and icy. When he came here, Shangguan Wan'er was absorbing the dark aura that contained the power of the blood ancestor. Qin Chen didn't know about Shangguan Wan'er's status and this. Is there any connection between the ancestors of the blood river?

Long did not say, he also wanted to capture the Blood River Saint Ancestor.

boom!

Qin Chen came and joined the battle group directly.

In an instant, Qin Chen and Mo Li were on the field, together with the Desolate Ancestral Dragon and Luohu Demon Ancestor, fighting against the Blood River Saint Ancestor.

"Devil Li, Senior Ancestral Dragon, and Senior Demon Ancestor Luohu, right? You three, trap this Blood River Saint Ancestor, and leave this to me."

Qin Chen was floating over the Chaos River, his eyes were cold, and there was a faint glow in his eyes, like a ghost.

He is angry now, angry at the state of Shangguan Wan'er.

"Boy, who are you talking to, little human boy, dare to order my ancestor."

Luohu Demon Ancestor said with a cold voice, his tone was very unhappy, this kid, who didn't look at his identity, dare to talk to the great Luohu Demon Ancestor like this.

"Ok?"

Qin Chen's eyes were cold, You Ning looked over, and Luohu Demon Ancestor suddenly felt a terrible chill from Qin Chen's pupils.

"Remember, I don't care who you are. I think you and I stand in the same position. I won't hold them accountable. Otherwise, I won't blame me for being polite." Qin Chen snorted coldly. He also understands after so many experiences. There are a lot of things, the ancestral dragon, the demon ancestor of Luohu, and the ancestor of the blood river are indeed powerful. They are all the primordial

spirits and the chaos gods and demons. In the ancient times, their strength must be the honorable ancestor.

, But now they have a powerful soul, but they have lost their bodies.

Each of them used to be a world-class powerhouse, occupying a space and dominating the primordial universe.

Such feats should be passed down forever.

But today, they are just a remnant soul, and how sad they are trapped here.

If it were other times, Qin Chen was still in the mood to talk to this Demon Ancestor Luohu, but thinking of Shangguan Wan'er's state, Qin Chen's heart was cold, like an ice cellar.

"you....."

Luohu Demon Ancestor jumped so angry.

"Senior, why do you have general knowledge with him?" Mo Li hurriedly said. He was really afraid of any conflict between Demon Ancestor Luohu and Qin Chen. He could feel that Qin Chen's mood was very bad, and there was endless anger in his body.

This makes him puzzled and unhappy.

Damn, you have got so many babies, and you are still angry, too much, but you don't even get the root hair!

"Old Luohu, listen to me, first solve this blood river saint ancestor." Honghuang Zulong laughed loudly, discouraged, and boomed, above his dragon ball, the aura of souls erupted, and suddenly appeared between heaven and earth. A real dragon phantom, in an instant, tens of thousands of real dragons appeared in the world, covering this

Fang Tiandi turned into a vast array of dragon gods, heading towards the suppression of the blood river ancestor.

"Ten Thousand Dragons Great Formation, hiss, you old stuff are desperate." Luohu Demon Ancestor was shocked. The Wanlong Great Formation was extremely terrifying, and it was the top great formation of the ancient dragon clan. It's easy for the big formation, it's nothing at all, but now, the only remaining soul of the dragon ball

, If you want to set up this ten thousand dragon formation, you must divide a lot of the dragon souls you have left, which is equivalent to suicide.

Such an old thing as the ancestor dragon is willing to take such a risk? He stared at Qin Chen intently, what kind of magic power does this Human Race kid have that would allow the Great Desolate Ancestral Dragon to do such a thing under his command?

#### [Chapter 4017: Suppress the Blood River](#)

"Hmph, Demon Ancestor Luohu, what are you doing in a daze, and don't let me suppress the blood river."

The great ancestor dragon saw Luohu Demon ancestor stunned, and couldn't help shouting coldly. Ten thousand dragon shadows suppressed it. In the vast dragon body, a blood-light figure was like a giant giant, struggling to bombard.

"Hands!" Luohu Demon Ancestor whispered. Although he didn't know why Honghuang Ancestral Dragon would obey Qin Chen's words so much, he wouldn't be called Demon Ancestor Luohu if he didn't seize such a good opportunity. If he could swallow it Part of the power of the Blood River Saint Ancestor, right His resurrection in the future will have tremendous benefits.

Buzzing!

I saw the rolling shadow of the demon \*\*\*\* in the void, Luohu Demon Ancestor and Demon Li together spurred the Hundred Demon God Formation, and the hundreds of demon gods walked out of the void.

boom!

Luohu Demon Ancestor, Moli, and Honghuang Ancestral Dragon teamed up to instantly trap the infinite vitality in this terrifying array.

"The Great Ancestor Dragon, Luohu Demon Ancestor, just relying on you two old things, also want to suppress the original ancestor?" Blood River Saint Ancestor Longlong said, not afraid of the Great Ancestral Dragon's Ten Thousand Dragon Array and Luohu Demon Ancestor's hundred. The Demon God Formation, as his voice fell, the blood surging out in the Chaos River below, this is where he has lived for hundreds of millions of years

, In countless epochs, he has integrated his countless powers into this chaotic river, which can be described as ubiquitous.

Boom boom boom!

Below the Chaos River, blood is rolling. This is the home of the Blood River Saint Ancestor, which is similar to the Chaos Dragon Nest of the Primordial Ancestor Dragon. Here, the two masters of the Luohu Demon Ancestor and the Primordial Ancestor Dragon can't suppress the Blood River Saint. Ancestor.

"Old things, this Blood River Saint Ancestor can't suppress it."

Luohu Demon Ancestor said with an ugly face, they would lose too much power if they suppressed it like this. If they return without success, then they will suffer.

"Luohu Demon Ancestor, what anxious, Human Race kid, it's his turn to shoot."

Honghuang Zulong suddenly said to Qin Chen.

Qin Chen had been preparing for a long time. He walked step by step at this moment, crackling, his body, the rolling thunder power burst out, thunder light surged, and the whole person instantly turned into a thunder god.

"Judging God Thunder!"

The Demon Ancestor Luohu lost his voice in shock and recognized the power of Qin Chen.

"Om!" In addition to the ruling \*\*\*\* thunder, Qin Chen's left hand, the nine-star \*\*\*\* emperor tactics, suddenly, a vast \*\*\*\* emperor totem blooms, suspending the sky, this \*\*\*\* emperor totem blooms with a terrifying aura, suppressing the world, even in the ancient ancestor dragon , Luohu Demon Ancestor, Blood River

Under the breath of the ancient gods and demons like the ancestors, they are not inferior in the slightest.

Mo Li was shocked, that was...

He narrowed his eyes and remembered that the power of the \*\*\*\* emperor totem that Qin Chen was urging at the moment was very similar to the mysterious person that had appeared in the void at the time. At the beginning, Qin Chen was chased and killed by the venerable demon ancestor sent by the ancestor of the deep demon in the sea of void tides. As a result, Qin Chen led the venerable demon clan into the void sea, and a mysterious strongman appeared in the void sea, directly chasing and killing Qin Chen. The Demon Lord is locked into the void like a dead dog

In the sea, and the power of the virtual sea is displaying this unique totem power, and it is unexpected that Qin Chen can also use it.

Qin Chen urged the power of the totem and the power of the ruling gods to turn into a terrifying totem halo, and a heaven-reaching ruling sword, and slashed frantically against the blood river saint ancestor who was suppressed by the Ten Thousand Dragons Array and the Hundred Demon God Array. Fall down.

Crackling!

The billowing thunder light surged and crazily poured into the blood, and the blood river saint ancestor suddenly roared in anger, but immediately, he laughed loudly: "What can I do as a sir, this level of judgment God Thunder , Also want to suppress the ancestor?"

The Blood River Saint Ancestor was extremely shocked at first, but as Qin Chen's ruling Divine Thunder power entered his body, he couldn't help laughing. Although the power of this ruling divine thunder is strong, it can continuously annihilate his blood power, and the totem power can also suppress part of his blood power, but he has left the blood power for hundreds of millions of years in this chaotic river. , Not afraid of Qin Chen at all

The power of the ruling God Thunder is annihilated.

After all, Qin Chen's cultivation base is too weak, but how much power of blood can the peak person's cultivation base obliterate him?

Together? Ten Dao? Hundred Ways? Thousand Ways?

And the power of blood he stayed in this chaotic river was billions, as long as the chaotic river survived, he would be fearless.

"Ancient Ancestral Dragon, is this your not anxious?" Luohu Demon Ancestor also perceives it at this time. Because of the cultivation base, Qin Chen has the ruling divine thunder, but he cannot cause fatal damage to the Holy Ancestor of Blood River. It's okay to kill the enemy with a higher rank among the ten thousand clan, but the blood river saint ancestor is a universe open

The chaotic creatures of the time, even if there is only one remnant soul, this ability alone is indestructible.

"What hurry?" Honghuang Zulong said with disdain.

"what?"

Luohu Mozu was surprised, does this kid have any other cards?

Before the doubts settled in his heart, I felt that countless black branches suddenly appeared in Qin Chen's body. Boom and boom, black branches poured out frantically, piercing into the blood of the ancestor of the blood river. .

"what!"

The Blood River Saint Ancestor suddenly roared.

"The Demon Ancestor Tree?" Luohu Demon Ancestor said in shock, feeling the aura of the Demon Tree of Ten Thousand Realms on Qin Chen, and he was going crazy.

He is a Chaos God Demon, how can he not know the ancestor tree of the Demon Race? That was the magic tree born in the cosmos, and the universe was nurtured. Even these chaotic gods and demons like to sit under the ancestral tree of the demons to enlighten the way. The ancestor tree of the demon clan is somewhat similar to the tree of chaos. One is bred in chaos, and the other is condensed by the negative forces in the Great Meng. Among the two, the tree of chaos contains the power of chaos and can absorb the power of time. Clan ancestor tree

The soul has a certain shock.

Therefore, Luohu Demon Ancestor and the rest of their souls are not afraid of the Chaos Tree, but they are absolutely afraid of the suppression of the Demon Ancestor Tree.

The tentacles of the demon ancestor tree rushed into the blood madly, suppressing the soul of the blood river ancestor.

The Blood River Saint Ancestor finally got furious, and felt the crisis for the first time, the endless blood boiled, as if the end was coming.

"Hahaha, Old Blood River Saint Ancestor, I'm finally scared."

Hong Huang Zulong laughed.

"Huh, this Demon Clan ancestor tree is not in its peak state at first glance, and also wants to suppress the original ancestor?"

The ancestor of the blood river roared, and the blood was filled with blood. Except for the blood pressure suppressed by the demon tree of the other ten thousand worlds, the rest of the blood madly rushed into the \*\*\*\* of the Ten Thousand Dragons Array and the Hundred Demon God Array to enter this chaotic river.

"No, Human Race kid, don't let his spirit enter this chaotic river."

Honghuang Zulong hurriedly said. Once the spirit of the blood river saint ancestor entered the chaotic river, with such a vast chaotic river, with their current ability, it was impossible to force the blood river saint ancestor out.

#### [Chapter 4018: Income chaos](#)

"Huh, Chaos Jade Bi, rejection!"

There is no need for the ancestors of the prehistoric dragons to order, Qin Chen has already urged the chaotic jade bi, a misty chaotic core force diffused out of Qin Chen's body, and immediately poured into the chaotic river.

boom!

The entire Chaos River suddenly glowed.

It should be understood that the formation of this chaotic river itself is formed by the chaotic aura that the chaotic jade bib has continuously emitted for hundreds of millions of years. Now the chaotic jade bib has been controlled by Qin Chen. As long as Qin Chen is willing, how can the ancestor of the blood river enter in this chaotic river. The vast Chaos River bloomed with terrible light, and you saw a trace of \*\*\*\* aura being repelled by the Chaos River. It was the original power of the Blood River Saint Ancestor, and his original power was driven by Qin Chen's Chaos Jade Bi. Down, directly from the Chaos River

Rebuked out, forming a towering \*\*\*\* figure.

This blood-colored phantom, like a rolling blood-colored river condensed, constantly surging and flowing, exuding a \*\*\*\* aura, the power of suppressing the eternal blood is permeated, making everyone present heart palpitations.

After all, this is the power of blood that has been condensed by the Blood River Saint Ancestor for hundreds of millions of years.

It's like the ancestral dragon in the soul lake of the Chaos Dragon Nest. The power of that lake was condensed by him for hundreds of millions of years. How terrible would it be? It must not be inferior to the blood power of this blood river ancestor.

"You..." However, the endless blood power gathered together, but at this time the blood river saint ancestor was completely panicked, because not only he could not enter the chaotic river, even all his power in the chaotic river was also rejected. Came out, which means that he

The bottom was exposed in front of Luohu Demon Ancestor and Honghuang Ancestral Dragon.

This is undoubtedly an extremely dangerous thing for a powerhouse of his level.

"Hmph, I want to completely force the ancestor out, it's not that simple." The blood river sage roared, and blood runes filled the air. He frantically bombarded the Ten Thousand Dragons Array and the Hundred Demon God Array, and now the blood river has gathered all the power. The saint ancestor is simply not what the great ancestor dragon and the demon ancestor of Luohu in the away game can trap, even Qin Chen's

The Devil Tree of the Ten Thousand Realms could not completely trap this Blood River Saint Ancestor.

"Hahahaha, I said, you can't trap your ancestor at all."

The Blood River Saint Ancestor laughed loudly, and directly exploded the Ten Thousand Dragons Formation and the Hundred Demon God Formation with a bang, causing Luohu Demon Ancestor and Honghuang Ancestral Dragon to hum together, and their spirits fluctuated.

Immediately afterwards, the Holy Ancestor of the Blood River slammed into the Chaos River below, trying to disappear. Although the Ancestral Dragon and Demon Lord Luohu couldn't trap him, he couldn't kill them either. On the contrary, the Demon Tree of the Ten Thousand Realms could absorb the power that imprisoned him. Instead of continuing to fight and wear it down, it is better to enter the Chaos River and disappear. Anyway, Honghuang Zu Long

They couldn't take him again.

"Not good." Luohu Demon Ancestor's face changed a lot when he saw that, if he really let the Blood River Saint Ancestor run away, then they would have suffered a big loss this time, and they would have lost their souls without saying anything.

At this moment, Qin Chen's eyes flashed suddenly, and a sneer was drawn at the corner of his mouth.

"Hmph, what I want is you to return to Chaos River."

The divine rainbow bloomed in his eyes, and the moment the ancestor of the blood river entered the chaotic river, the jade disc of good fortune from the universe suddenly revolved, and the chaotic jade bi in the chaotic world bloomed with an endless source of power.

"Come!"

Hearing Qin Chen yelled, the Chaos River below burst into the sky, turning into a column of water to the sky, rushing towards the Chaos World, and being madly collected by Qin Chen into the Universe Jade Plate.

"What? No!" In this chaotic river, the ancestor of the blood river, who had just entered it before it had time to spread, let out a roar of anger, and hurriedly wanted to escape from the chaotic river, but it was too late, together with the vast chaos The river disappeared between heaven and earth in an instant

.

The chaotic jade bi is the core of this world. As long as there is the chaotic jade, Qin Chen can naturally put away the water in the chaotic river below.

If this blood river ancestor does not enter the Chaos River, with Qin Chen's current strength, I am afraid that such a distant ancient ancestor cannot be included in the jade disc.

Wow!

The endless chaotic river water vapor poured down, and the world suddenly recovered calm.

"Human kid, where did you receive the Blood River Saint Ancestor?"

Demon Ancestor Luohu looked at Qin Chen in fright, with strong jealousy in his eyes. In the blink of an eye, the ancestor of the blood river was taken away by Qin Chen. These scenes made his heart chill and his entire body was erected.

This is an ancient \*\*\*\* and demon-level powerhouse. Even he can't get into the Hundred Demon God Formation, but he was taken away by the human race kid in front of him. At this time, Demon Ancestor Luo Hui looked at Qin Chen with strong dread.

Of course it is more anger.

Damn, it was too much, it was clear that the blood river saint ancestor was suppressed by them together, and now Qin Chen had all taken it away by himself, then he did it for nothing?

Qin Chen glanced at Demon Ancestor Luohu indifferently, and said coldly: "The Saint Ancestor of the Blood River was taken into my little world by me, why do you want to go too?"

"Small World, who are you lying to?" Demon Ancestor Luo Hu said with a cold snort, sweating on his forehead.

Mo Li also looked ugly, and couldn't help but said: "Qin Chen, you are a bit too much, everyone is also a partner in the battle anyway, you have taken everything away, what will Senior Demon Ancestor Luohu and I take?"

Qin Chen looked at Mo Li with a weird expression. This Mo Li actually said he was a partner with him? Is he serious? Qin Chen glanced at the black mist not far away and said: "Here, where is the special dark power, it is a little different from the dark power obtained by the demons outside, you should be interested, you can study it carefully, as for other, This Chaos River should be

There are also treasures, what you can get is your own good fortune, and I will not stop it. "

This dark mist did not disappear with the disappearance of the blood river ancestor, so Qin Chen vaguely understood that this dark power was not left by the blood river ancestor?

After the words fell, Qin Chen's figure shook, disappeared suddenly, and entered the chaotic world.

He needs to torture the Blood River Saint Ancestor.

"Haha, I also leave."

The great ancestor dragon laughed, swished, and entered the chaotic world.

"Damn, these two guys..."

Luohu Demon Ancestor jumped with anger.

I knew I wouldn't cooperate with them, and I was a bit stingy.

"Senior Demon Ancestor Luohu, what shall we do now?" Mo Li said silently. "What can we do? That fog is indeed a bit weird, let's go and study it." Luohu Demon Ancestor sneered: "Don't worry, this blood river ancestor is suppressed by them, like this old monster, It's not that easy to surrender

Fallen, otherwise, how can you live to the present, hum, they will eat. "The Demon Ancestor Luohu said with disdain, if the Saint Ancestor of the Blood River was really so easy to kill and refining, they would have fallen in the long river for a long time, and would not survive now. Although Qin Chen took the Saint Ancestor of the Blood River, If you want to refine the other party, I am afraid that it will not be possible to do it without countless years.

#### [Chapter 4019: Blood River Array](#)

In the chaotic world, the endless chaotic aura surged, and the blood river ancestor appeared here, and suddenly surged crazy.

Rumble!

The entire chaotic world is shaking violently.

Huh!

A figure flashed in the next moment.

Qin Chen suddenly appeared here.

Beside Qin Chen, the ancestral dragon also appeared.

"Boss!"

Xiaolong hurried over, facing Qin Chen, and then looking at the wild Ancestral Dragon, his eyes showed respect.

After all, Ancestral Dragon is his ancestor.

"Xiaolong, how is Wan'er?"

Qin Chen asked.

"Boss, she's okay, she just wants to shock and leave here." Xiaolong said respectfully.

"Smelly boy, what's this place? Let the ancestor go out, and the great ancestor dragon, you are so dignified, and you are messing with a human race boy, too shameful of my chaotic creature."

The ancestor of the blood river roared, like a blood-colored giant who opened the world, he evolved endless blood rules in his hands, turned into a giant axe, and left here like that Pangu opened the sky.

"Don't bother, you can't get out in my world."

Qin Chen said with a cold snort, secretly awe-inspiring in his heart, this blood river saint ancestor is really strong, if it hadn't been for the world-famous jade plate to have undergone earth-shaking transformation, relying on the previous small world, it might not necessarily be blasted by him.

Even if there is only one remnant soul left, the Blood River Saint Ancestor is still strong and terrifying.

"Your world?" Blood River Saint Ancestor sneered: "Hmph, what your world is, it's just a small world. See how your ancestor bombarded your small world. A small world deserves to trap your ancestor. "

Rumble!

The Blood River Saint Ancestor frantically urged his blood power to bombard everywhere. Qin Chen's eyes were indifferent, and he looked at Saint Ancestor of the Blood River coldly, a group of chaotic power surged in his hand: "I don't care who you were, I, Qin Chen, from today onwards, will be your master, before this, I need you to tell me what she is

what happened. "

Qin Chen pointed at Shangguan Wan'er, his eyes were cold.

His voice is indifferent, as if a \*\*\*\* is issuing a decree, not to be rebellious.

But falling into the ears of Saint Ancestor of the Blood River made him madly angry and laughed wildly.

"Ha ha ha ha ha ha ha ha....."

The voice of Blood River Saint Ancestor roared, with disdain and contempt, and laughed wantonly, his voice was ear-sounding, like a rumble of thunder rolling, as if he had heard an extremely funny joke.

"Qin Chen? Master?" "Boy, do you think you can do whatever you want by bringing the ancestor into a small world? I think you still don't understand the situation, even if you trap the ancestor and want to hold the ancestor Ancestor, it's impossible, just relying on your small human race, this

Even if the ancestor lets you refining, depending on your cultivation level, I am afraid that it will not be absorbed, hahahaha. "

The ancestor of the blood river laughed wildly, "Boy, give you one last chance, let go of your ancestor, otherwise, even in this small world, your ancestor can easily kill you."

The \*\*\*\* ancestor said in a cold voice, walking madly, and his blood was soaring to the sky, covering the sky and the sun.

Ancestor Dragon frowned on the side. Indeed, what the Holy Ancestor of Blood River said was not an exaggeration. With Qin Chen's cultivation base, it's okay to trap Saint Ancestor of Blood River, but he wanted to make him surrender and refine him. It is not easy.

If they are so good at refining, how can they live to the present? I'm afraid it has already turned into the dust of history.

"Boy, don't let the ancestor go soon, do you know how long the ancestor has lived? Millions of years can't be counted. What do you know as a kid?"

"Billions of years?"

Qin Chen sneered, did he stay inside this dark star like a dead dog?

"you wanna die!"

The Blood River Saint Ancestor roared, his body suddenly threw out.

That majestic body suddenly burst out into the sky, majestic like wind and clouds, landslides and seas.

When the power exploded, the entire chaotic world was shaking, accompanied by the howling sound like countless blood demons.

Facing the thumping Blood River Saint Ancestor, Qin Chen stood still, suddenly bursting into endless chaotic energy.

The chaotic world is his world, here, he is the \*\*\*\* of the world!

The power of the Heavenly Dao in the vast chaotic world suddenly lingered out, like a sky pillar, forming a moat, blocking the attack of the blood river ancestors.

Boom boom boom!

No matter how the blood river saint ancestor attacks, he can't break this chaos rule, and no matter how he rushes towards Qin Chen, the distance between him and Qin Chen seems to never be pulled in, so he can only step on the spot.

The ancestor of the blood river was furious and roared: "I don't believe the ancestor, the blood river is big formation, open!"

Boom boom boom boom!

The Blood River Saint Ancestor suddenly made a move. With the waving of his arm, the origin of blood rose, and the blood beams turned into pillars of light that reached the sky, quickly forming, covering Qin Chen from different directions.

The blood in the sky is all suppressing and blocking the blood formation, covering Qin Chen from all angles and all voids.

The blood river formation cast by the blood river ancestors is not an exaggeration to say that it is the most powerful blood formation in the world, layered on top of each other, like traveling through thousands of worlds and endless spaces, no matter how strong it is. Never want to get rid of easily.

But Qin Chen didn't move... letting the \*\*\*\* array attack.

And when the first blood-colored array touched Qin Chen, the blood river ancestor's body suddenly trembled.

Bang Bang Bang Bang Bang Bang...

The heavy blood formation, like countless fragile soap bubbles, carried a terrible storm that swept through everything, but the moment it touched Qin Chen, it all collapsed in an instant.

The disintegration of every blood formation will bring about an extremely terrifying \*\*\*\* storm, countless \*\*\*\* storms, enough to easily destroy a world.

But standing in the center of the Scarlet Storm, Qin Chen's mouth was half grin, his whole body motionless. Even his coat, the tips of his hair, were not even raised.

Not to mention the slightest damage.

"What?" Endless astonishment emerged from the face of Saint Ancestor of Blood River.

"Law of Control? Chaos World?"

Blood River Saint Ancestor gritted his teeth and said.

In fact, based on his insight, the moment he first entered, he already vaguely felt that this world was definitely not an ordinary small world. How could the small world trap him?

However, he didn't dare to think about the chaotic world. The chaotic world was extremely terrifying. Even a chaotic creature like him could not have it. How could a small human beings own it.

But now, he finally believed that what he was ingested by Qin Chen was a chaotic world.

In this chaotic world, the chaotic rules that this human race kid controls together is the \*\*\*\* in this world, unmatched.

"Boy, even if this is a chaotic world, you can't suppress me, let alone refine me." Blood River Saint Ancestor roared.

This is where his confidence lies.

In the chaotic world, it is indeed extremely difficult for him to hurt the opponent, but the opponent wants to refine him, and he realizes that it is possible.

"Really?" Qin Chen sketched a cold sneer at the corner of his mouth, and a billowing cyan flame suddenly lit up in his pupils.

#### [Chapter 4020: Flame torture](#)

At this moment, Qin Chen was actually smiling, but his smile gave people a strong sense of fear, as if something bad was about to happen.

In Qin Chen's smiling pupils, two cyan flames burst out slowly like small flames.

The strength of the Blood River Saint Ancestor is indeed through the sky, and if he wants to refine it, he is afraid that he will not succeed for hundreds of millions of years, and even his strength is enough to cause no small trouble to Qin Chen in this chaotic world.

However, this is Qin Chen's chaotic world after all.

All the heavens, rules, the breath of chaos, and the breath of Hongmeng here are all forces that Qin Chen can control at will!

The cyan firelight reflected in the \*\*\*\* eyes of the \*\*\*\* ancestor of the blood river, causing him to frown slightly, and then, his vision was completely flooded by the cyan firelight.

boom.....

The flames burst, the chaos and the blue light shines.

For the first time in the history of the chaotic world, a chaotic flame was ignited, and a vast cyan lotus phantom bloomed in this world, a chaotic green lotus.

A lotus everlasting!

This swaying chaotic green lotus phantom is extremely huge, with its roots reaching the sky, and it grows in this chaotic world with endless aura. Chaos Qinglian, the top treasure born in the chaos of heaven and earth, although the Chaos Qinglian in Qin Chen's mind is just a phantom, in the outside

In this scene, the scalp of the ancestor dragon who was watching was numb and trembling all over.

Ruthless, too ruthless!

Hong Huang Zulong's heart trembled, so who can bear this? To be honest, if a strong man of his level was in ancient times, these simple four lotus fires alone would not be able to harm their origin. After all, none of them was a strong man who came out of the chaos, just a trivial one. Four lotus fires, which I'm afraid it can cause harm to their bodies, but it is almost impossible to burn them.

But the point is that they are not in the ancient times, and all that is left is only a soul.

This is not the most important thing. The most important thing is that this is the world of chaos. If it is outside, such as the terrifying sea of fire in the fire world, the powerful people such as the ancestor dragon can escape safely even if they can't resist it. It can be described as safe. But here is the chaotic world, a world completely controlled by Qin Chen. These avenues, time, and space are completely controlled by Qin Chen. This makes the Blood River Saint Ancestor impossible to avoid as long as Qin Chen is willing and can only let Qin Chen do it. Dust control

The flames of fear crazily penetrated every part of the Blood River Saint Ancestor.

What a terrible torture is this? The blood river sacred ancestor with only the power of the soul has a strong aura, and the power in the body is probably immeasurable like a galaxy, but what about it? Even the terrible origin cannot prevent the invasion of flames. There is nothing in this chaotic world.

The law shields the pervasive pain.

Honghuang Zulong couldn't help but shudder.

This Human Race kid is so cruel!

Unknowingly, he had already controlled such a power, and if it was him, I was afraid that he would suffer from these methods by Qin Chen.

"Chaotic Qinglian... You actually subdued the power of the fire world, ah ah ah..." In the ghostly crying roar, the ancestor of the blood river roared up to the sky, roaring in anger, his power was released in chaos, extremely concentrated, terrifying blood The power of the river, extremely cohesive and convergent, made himself smaller, making this terrible flame treat him

The damage can be minimized in terms of physical coverage.

However, the previous short tens of breaths of effort have caused damage to the blood river ancestors that have not been suffered for hundreds of millions of years.

"Tell me, what happened to her."

Qin Chen pointed to Shangguan Wan'er in the chaos in the distance, and said coldly to the ancestor of the blood river, like a god, looking down on his subjects, and uttering the voice of heaven. Shangguan Wan'er entered this place only after this experience. With the management of the blood river ancestor for hundreds of thousands of years, everything that happened after Shangguan Wan'er came in, the blood river ancestor must have completely converged into his eyes and knew everything.
