

## Valkyrie 4031

### [Chapter 4031: Dark knot](#)

"Why did the ancestor of Yuanmo transform Shangguan Wan'er into a member of the Dark Clan?" Qin Chen asked. "This is because my father and grandfather did not want to be controlled by the dark forces. My father and grandfather told me that he had discovered a secret of the dark power of the dark clan. If he controls this secret, he may truly control the dark power. Over the years,

My father and grandfather had been studying the power of darkness. This daughter should also be an attempt by him. Now it seems that my father and grandfather succeeded. "Qin Chen stared at Shangguan Wan'er. At this moment, Shangguan Wan'er was filled with the power of darkness. It was really like a dark tribe, and the whole body was full of darkness, which is shocking. If you don't know Wan'er, Qin Chen is afraid. I thought the person in front of me

He is a member of the dark race.

"What's the secret?" Qin Chen looked at the Lord of Yuanmo in doubt.

"This subordinate doesn't know." The Lord of Abyss Demon shook his head.

"Then what is the curse you mentioned earlier?"

Qin Chen asked again.

The Lord of Yuanmo said: "Those who want to be transformed into the Demon Race must undergo the transformation of the power of the Demon Soul Source Device, and this transformation process is extremely painful..."

Following the narration of the Lord of Abyss Demon, Qin Chen also gradually understood how much pain Shangguan Wan'er had experienced. The transformation of Shangguan Wan'er's body was definitely not accomplished overnight. According to the Lord of Yuanmo, a human disciple like Shangguan Wan'er can only fully accommodate the power of darkness by completely accepting the baptism of the Demon Soul Source Device. This process is Extremely painful

Yes, according to the Lord of the Deep Demon, the ancestor of the Deep Demon even caused the death of many demon lords in the process of trying. Those demon lords could not bear the power baptism of the demon soul generator, and they were on the spot. Blasted and died, soul flies away.

The whole baptism process has to endure endless pain and torture before it can be transformed. This process, even many venerable masters of the Yuanmo tribe, cannot bear it. Of course, the benefits are also huge. The original magic weapon of the Yuanmo tribe is not terrible, and it is enough to make the first-order ordinary people achieve the top level. Strong

.

This should also be the reason why Wan'er has the current cultivation base. In this baptism process, because of the intense pain, Shangguan Wan'er's own will in order to protect herself was infinitely concealing her own emotions, making herself an emotionally numb person, which is also the reason for her amnesia.

Because her memory was suppressed in the deepest part of her soul during such painful process. Qin Chen looked at Wan'er with pity, his eyes throbbled. What kind of pain did she suffer? Only reached the current level. Recalling that in Tianwu Continent, Wan'er, as the master of the magical demons, had practiced the ruthless way for hundreds of years.

Poor, but now, he has withstood a terrible baptism that even the demon veteran could not bear.

What kind of will made her endure such pain?

Is it yourself?

Qin Chen thought of some of Wan'er's previous reactions to him, and his heart throbbled.

The Lord of Yuanmo went on to say, "After accepting the transformation of the Demon Soul Source Device, in the initial stage, it is necessary to bear the baptism of the Demon Soul Source Device at regular intervals and communicate with the Demon Soul Source Device, otherwise the Demon Source in the body will explode. , Exploded and died."

"what?"

Qin Chen was startled, "Is there no other way?"

In this way, if Wan'er does not return to the Infinite Demon Prison, wouldn't it be bound to die?

Qin Chen stepped forward, and as expected, felt a strong and violent demon origin aura in Wan'er's body, which changed his color.

No wonder the ancestor of Yuanmo can let Wan'er leave without worry. This is because Wan'er who has undergone the transformation of the Demon Soul Source Device must accept the baptism of the Demon Soul Source Device at regular intervals, otherwise he will riot and become Madness even died on the spot.

This is a consolidation process that requires the stability of the Demon Soul Source Device, and only after enough time can you completely get rid of the Demon Soul Source Device. Of course, experiencing the baptism of the demon soul source device has another advantage, that is, the person who has experienced the baptism of the demon soul source device will have a certain connection between the soul and the demon soul source device, and the demon soul source device is the treasure of the Yuan Demon clan. Inherited from ancient times, in the Infinite Demon Prison

They already existed when they were born. Such a person, whose soul origin is blessed by the Demon Soul Generator, will not be enslaved by anyone.

In other words, as strong as the ancestor of the abyss, it is impossible to plant servitude to Shangguan Wan'er.

The current Wan'er just lost the memory of the past, instead of being enslaved by the ancestor of the abyss.

"Is there any solution?"

Qin Chen asked, but the Lord of Yuanmo shook his head. There is no answer for this.

This caused Qin Chen's heart to sink. He was going to trap Shangguan Wan'er in the chaos world temporarily to solve her problems, but now it seems that he can't trap Wan'er at all, otherwise he won't get the Demon Soul Generator. Wan'er will die.

At this time, Honghuang Ancestor Dragon and Blood River Saint Ancestor also came forward to check.

A hint of hope emerged in Qin Chen's heart. The Primordial Ancestral Dragon and the Holy Ancestor of the Blood River are both chaotic creatures, and there may be a solution, but it may not be.

But after studying for a long time, Honghuang Zulong and Blood River Saint Ancestor shook their heads. They couldn't solve the problems on Shangguan Wan'er, which made Qin Chen's heart heavy and his face ugly.

"Although the problem of the demon source riot in her body cannot be solved, I have a way to restore her memory."

Suddenly, Hong Huang Zulong said, looking at the blood river ancestor.

"Could it be that the method you said is..." The Blood River Saint Ancestor was startled.

"What is it?" Qin Chen asked hurriedly. Even if the problem of the Demon Soul Source Device baptism cannot be solved, it is extremely important for Qin Chen to restore Wan'er's memory.

"Ahem, this method is really a bit..." Honghuang Zulong scratched his head.

Qin Chen suddenly felt a bad feeling in his heart. "It's the secret knot of the pearl fetus!" Honghuang Zulong said with a smile: "The reason why she lost her memory was because she suffered extremely terrible pain at the time, which made her memory completely sealed in dust. This kind of dusty memory is almost impossible. May be awakened except

It is not from the inside, that the new life force is bred to gradually awaken her memory. "

"The pearly fetus is secretly knotted? The force of new life?" Qin Chen was speechless.

Damn, what is this, is this to let him and Shangguan Wan'er give birth to a child?

Qin Chen was speechless with a black line on his face, "Is there no other way besides this?" Saint Ancestor Blood River stepped forward and said respectfully: "My lord, this is really a good way, because my lord also has this kind of darkness in your body. The power, with your dark power, left a life mark in her body, which can not only wake her up secretly

This is the easiest and most perfect way. "

"And there is only one way." Honghuang Zulong said bitterly.

[Chapter 4032: you are silly](#)

"Let me think about it again." Qin Chen couldn't make up his mind.

Honghuang Zulong nodded, and said: "If you don't want her to get dark, you can just leave a life mark, but the way this life mark is left must be...you are also a man, you should understand."

After speaking, Honghuang Zulong and the others were silent, no longer speaking. Qin Chen felt Shangguan Wan'er in the chaos, how could he do something like that to Wan'er? Although he and Wan'er had a lot of experience in the previous life, in this life, he and Wan'er were not married after all, and Wan'er I'm still Sisi's teacher

father.

"Master, to make a decision, you must be fast, this person has not much time left." The Lord of the Deep Demon stepped forward and said.

"Fine."

A resolute light suddenly burst out of Qin Chen's pupils.

He stepped out and instantly entered the boundless chaos. The power of this tumbling chaos completely enveloped Qin Chen and Shangguan Wan'er in an instant, disappearing.

"Lao Long, do you think that the adults would use this method?" Blood River Saint Ancestor asked curiously.

"Hey, don't you know if you check with God's Sense?"

The Honghuang Ancestral Dragon smiled wryly, a soul power quietly diffused out, and it was about to seep into the chaotic aura and explore the reality.

"Get out of here!"

Suddenly, a cold shout sounded, booming, rolling chaotic flames, instantly permeating, instantly burning the soul and consciousness of the prehistoric ancestor dragon into ashes, and at the same time, this chaotic flame suddenly enveloped the body of the prehistoric ancestor dragon. .

"Don't...I can't get out of here?" Honghuang Zulong yelled in a hurry, whizzing a long way, and muttered: "Really, I don't know how to respect the old and love the young."

"You color dragon, hundreds of millions of years have passed, and I can't think of this virtue." Blood River Saint Ancestor stepped forward and said speechlessly. "Huh, don't you want to take a peek? Lao Long, I've been single for a long time, do I have some hobbies? What's more, this kid said that he wanted to find me several female dragons, but now he hasn't cashed any of them. Yeah, I feel good

Going crookedly. "

Honghuang Zulong groaned. Of course, he just said casually. Naturally, he wouldn't really forcefully spy on Qin Chen. Doing this kind of thing in Qin Chen's chaotic world is really looking for a dead end.

In the fog of chaos.

"Wan'er." Qin Chen sat quietly in front of Wan'er, stroking Wan'er's perfect face. Once Wan'er and Shangguan Xi'er were twin sisters, they were also the number one beauty in Tianwu Continent, their looks were naturally extraordinary. In this life, after Wan'er was baptized in darkness,

A kind of magical aura was increasingly dissipating all over his body.

This dark temperament is enough to attract countless men crazy for her.

Her body is perfect, her graceful body is concave and convex, and the power of darkness turns into threads of silk, which wraps Shangguan Wan'er's body to form a black cocoon like a cicada pupa.

"Wan'er, I will never let you die here." Qin Chen's eyes were firm, and he murmured. He closed his eyes and operated the Heavenly Soul Forbidden Technique. Boom, a terrible soul power, from the center of his eyebrows. It shoots out suddenly and slowly enters Wan'er's body. He wants to stay in Wan'er's body.

A mark of soul and life helps Wan'er awaken her memory.

Qin Chen had been parasitized by spiritual seeds, and he naturally knew the pattern. The so-called life imprints were actually similar to spiritual seeds, only turning them into life seeds.

The billowing life force lingered from Qin Chen's body, turned into a phantom of Qin Chen, and slowly entered Wan'er's dark soul.

In Wan'er's soul sea, the power of darkness is permeated, and the aura of the demon origin is rolling. In the depths of this endless soul sea, Qin Chen constantly penetrates into the core of her soul and finds the place where her memory is sealed.

If it were outside, Qin Chen couldn't do all of this at all, but in this chaotic world, Qin Chen's control of the rules reached the level of the creator, so he could do it, but there were also terrible risks. Suddenly, in the depths of Wan'er's soul, Qin Chen seemed to see a faint figure of Wan'er. This figure seemed to be enveloped by a puff of black smoke, her beautiful body reflected in the black mist, hazy Obscured

.

"That is... Wan'er's sealed memory form? If you want to leave the seed of life in her body, you must borrow part of her life force to be undetected..."

Qin Chen's eyes flashed and slowly approached. When Qin Chen's soul power approached this figure, this figure also seemed to see Qin Chen.

"dust....."

This figure looked at Qin Chen with a look of excitement, she recognized Qin Chen.

"Sure enough, it is Wan'er's memory."

Qin Chen was excited and quickly approached.

But at this moment, Boom, the scene in front of him changed, and Qin Chen's location suddenly became a room filled with fragrance and flower petals, and the ground under his feet was also covered with a luxurious red carpet.

Wan'er was wearing light gauze, and only covered her key parts with some gauze.

Wan'er has a gorgeous posture, no matter from which angle it is beautiful, no dust and no dirt, sometimes young and shy, sometimes bold and hot, sometimes charming, sometimes elegant and quiet...

And the scene here is exactly the same as Qin Chen's residence in Wuyu in the previous life. This is the picture of herself and Qin Chen together in Wan'er's memory.

She added fragrance to her red sleeves and served Qin Chen. When Qin Chen was refining medicine and alchemy, she had been silently accompanying Qin Chen, making all preparations for Qin Chen.

I still remember that in the previous life of Wuyu, Qin Chen was in his palace, practicing hard in retreat, refining various medicinal pills, and studying various special bloodlines, all accompanied by Wan'er silently and worked tirelessly.

Today, these pictures have been engraved in the deepest part of Wan'er's soul. This is the most unforgettable time in her life, and the memory she least wants to give up.

In the depths of Wan'er's soul today, there is such a pure land, which seals the best time of Wan'er and her past life here, and never wants to be defiled.

Qin Chen's heart was shocked severely, and the corners of his eyes were wet.

Wan'er, too stupid.

She was obviously only sent by Shangguan Xi'er to deceive herself, but for her, she just believed her sister credulously, but fell in love with a man she shouldn't fall in love with, and became her life's nightmare.

However, in Shangguan Xi'er's view, this should be her nightmare years, but in Wan'er's mind, it is the happiest and most desired image of her life.

If time can flow, she is willing to stay with Qin Chen until the red face.

"Wan'er, you are so stupid!" Qin Chen was full of hatred towards Shangguan Xi'er in his previous life. Later, when he knew the truth, he was also full of resentment towards Wan'er who had deceived himself together. However, seeing the past in Wan'er's soul After the pictures and scenes, one by one of the past appeared, and the corners of Qin Chen's eyes were wet.

[Chapter 4033: I want you](#)

She is also a poor woman.

Wan'er was only used, but fell in love with someone she shouldn't love.

"Dust, is that you? Did you come to see me?"

In the depths of this soul, the forbidden Wan'er suddenly hugged Qin Chen, tears filled her eyes, she was crying hard, and suddenly, a tear from the corner of her eyes danced around Qin Chen. Those smart eyes looked towards Qin Chen affectionately, with an instinct to please him, showing his perfect posture in front of Qin Chen, showing the most moving side, a depressed moan in his throat, red lips wriggling. , Exuding infinite

Longing, two pink tender catkins wrapped around Qin Chen's neck.

How she longed to spend a good night with Qin Chen.

That kind of charming scenes tested men too much, making Qin Chen instantly sink into this pair of memories of the past.

"No way!"

Qin Chen suddenly woke up, and when he pushed Wan'er away, there was an incense bed with a curtain in the hall.

On the incense bed, Wan'er was lying lazily, with one hand propping her head, looking expectantly here.

Through the hazy curtain, Qin Chen saw that she seemed to wear only a silk gauze that was as thin as a cicada's wings.

"Dust, I want you." Wan'er looked at Qin Chen pitifully. With that kind of compassion, Qin Chen's heart melted suddenly, as if there was a kind of magic power. This is Wan'er's spiritual world. In the world, Wan'er's miss for Qin Chen completely erupted.

Qin Chen's eyes became blurred.

That murmur contained infinite magic power, pulling Qin Chen's recovered mind into the mire again.

This is such a powerful longing that Qin Chen's sanity was sinking and unable to resist.

Qin Chen walked slowly to the side of the incense bed. This familiar scene aroused the gentle town Qin Chen had missed the most. Qin Chen plunged into the pink curtain.

As you can see, Wan'er is lying on the incense bed impressively. She is plump, with crystal clear skin, white and flawless, and curvy. She outlines the perfect line and makes her bloody.

She grinned and slowly got up, her eyes filled with amorous feelings, and she pulled Qin Chen onto the incense bed and slowly put it down.

Qin Chen sinks into it, and is at her mercy.

With affection in her eyes, Wan'er slowly took off his clothes.

The gauze curtain fell, and there were bursts of gasping noise.

I don't know how long it took.

Qin Chen woke up suddenly, opened his eyes, and appeared out of the seal memory in sweat, gasping for breath.

Looking up, I saw that not far away, Wan'er was already enveloped by the billowing black mist. She looked at Qin Chen affectionately, her eyes were calm, relaxed, and smiling, as if what happened before was just one thing. Dreamlike.

No, it's not a dream!

Qin Chen could feel that his own soul breath was already tainted with a trace of demon origin aura.

This is contaminated in previous dreams.

In the black fog, Wan'er looked at Qin Chen with a smile, as if a breath of life was gestating in the body of this soul.

The corner of her eyes was full of satisfaction, and being able to have a good time with Qin Chen was like her long-cherished wish in this life. Qin Chen wanted to say something, but Wan'er waved her hand. Although there was attachment in her eyes, it was more resolute. The next moment, Wan'er's memory of this soul was swallowed by the billowing black mist and brought into endless In the dark abyss, Disappear.

"Wan'er." Qin Chen whispered and boomed, and the whole person suddenly woke up. This soul power also returned to his body. At this moment, Qin Chen felt a life in Wan'er's body. Breath, this is a soul life team

Wu breath is a seed of life that he left in Wan'er.

This seed will gradually grow until one day, it will break through the dark blockade and bring back Wan'er's memory.

Seeing Wan'er sleeping there, Qin Chen sighed softly, and his whole body instantly walked out of the chaos.

"Hey, Human Race boy, how is it done?"

With a sigh, Honghuang Ancestral Dragon appeared in front of Qin Chen instantly, raised his head, and kept peeping inside, his eyes curious.

"roll!"

Qin Chen was speechless, kicking the prehistoric ancestral dragon with one foot. This predominant ancestral dragon had a good strength. How could it be that color?

After solving Wan'er's matter, Qin Chen suddenly appeared outside the Universe Good Fortune Jade Plate, and at the same time, Wan'er appeared with him.

"boom!"

As soon as Wan'er appeared in the outside world, she woke up in an instant, and slammed Qin Chen with a punch, booming, the power of the billowing darkness surged, and Wan'er took advantage of this power to fly backwards quickly and watched vigilantly Qin Chen.

"what did you do to me?"

Wan'er drank, her face was ugly, she lost a lot of memories, only remembering that this kid was fighting against herself before, but what happened later, she didn't remember anything.

However, the boy in front of him suddenly seemed less annoying, as if he had become familiar.

What did he do to himself?

And at this time, Moli also flew out from the black fog. At this moment, the terrible dark aura surged from Moli's body, and the whole body exuded a vague atmosphere of earthly respect. I don't know what I got here. What are the benefits.

"Shangguan Xier?"

When he saw Shangguan Wan'er, his expression was shocked, isn't Shangguan Xi'er already dead? Why are you still alive?

"wrong....."

Mo Li suddenly looked at Qin Chen with weird eyes. How could Shangguan Xi'er suddenly appear here? Couldn't it be from a certain space in Qin Chen's body?

Jinwu Cangjiao?

Mo Li's eyes widened suddenly, and he thought that this kid was a real gentleman. Unexpectedly, he still has such a hobby, and it is infuriating.

"What Shangguan Xi'er? Get out!" When Shangguan Wan'er heard the name, she felt a little resentful in her heart. She violently shot at the magical force. The force of darkness struck him, and the magical force hurriedly resisted, with a boom, he felt bored. With a snort, he flew backwards in a hurry, incredible

Looking at each other.

The power of darkness?

No, this is no longer the power of darkness, but the 'Shangguan Xier' in front of him is a member of the dark clan.

"What exactly is going on?"

Mo Li looked at Qin Chen sharply, there was definitely some secret in it.

Rumble!

At this moment, all of a sudden, the whole world shook.

"Huh." Shangguan Wan'er stared at Qin Chen and Moli, she could feel the extraordinariness of the two of them. When she raised her hand, the remaining dark mist suddenly turned into a long dragon, which was constrained by Shangguan Wan'er into her body, and she was back. The shape flickered, and the whole person disappeared suddenly.

#### [Chapter 4034: Tianzun threshold](#)

"Qin Chen, who is this person? Why is he exactly the same as Shangguan Xi'er?" Mo Li stared at Qin Chen.

"You ask me, how do I know?"

Qin Chen whitened his eyes, and then hovered over the Chaos River.

In an instant, the billowing chaos aura permeated his body, and the next moment, the chaotic river below turned into a huge ocean and quickly entered Qin Chen's body.

Qin Chen was absorbing the power of this Chaos River.

This is the chaotic jade bib that has been flowing out for hundreds of millions of years, and contains terrible chaotic aura. Qin Chen needs a lot of chaotic aura to evolve into a chaotic world, and he will naturally not let it go.

After the power of these Chaos River entered Qin Chen's body, most of them entered the Chaos World, but there was still a trace of the chaotic origin that was integrated into Qin Chen's body, making his body slowly solidified and accumulated Getting thicker.

Qin Chen was preparing to attack the realm of Di Zun.

Although he had completely broken through the realm of the nobleman in this Vientiane God Treasure, he had obtained so many adventures, and he had already reached the pinnacle of the nobleman, and he was only one step away from the realm of the nobleman.

Now that he has such an opportunity, he will naturally seize it and keep accumulating.

In his body, the aura of chaos is getting stronger and stronger, and his savings are getting stronger and stronger, almost triggering a catastrophe of heaven and earth almost anytime and anywhere, passing through terrible levels and becoming a respected earth. But he knows that the realm of the earth-sovereign is not trivial. Many people can't reach the peak of the respected person in a lifetime. Once stepped out, whether it is the body or the soul, there will be a huge transformation. At the realm of the earth-sovereign, they will achieve the unity of body and soul. , The body

Perfect fit with soul.

Therefore, in the process of promotion, people's thoughts must be completely pinned in the heavens and the earth, and the calamity caused by that time is not trivial.

Especially for him, it is very likely that a terrible catastrophe will come down, and Qin Chen is not even sure whether it will reach the calamity of the heavenly sovereign. Qin Chen did some calculations and found that he was not absolutely sure, because in this Vientiane God Treasure, the universe and heaven could not descend. If a breakthrough is made here, even if it succeeds, there will be huge hidden dangers that cannot be integrated with the universe and heaven.

Be in perfect condition. "The soul and the body are one, the heavens return the sun, all the power, return to the original one..." Qin Chen slowly absorbed, and the last chaotic origin almost merged into his cells. Of course, most of them were merged. In the chaotic world, turned into chaos

Chaos River.

With the current strength of Qin Chen, he couldn't absorb so much Chaos Origin at all.

"This kid..."

Mo Li watched Qin Chen frantically absorb the Chaos River, his jealous eyes were red, and he turned around and disappeared here. He must also look for good things, otherwise all the treasures here would

be Qin Chen alone. Take it away. And when Qin Chen frantically absorbed the Chaos River, above the dark stars, many powerful people of the ten thousand races came. The disappearance of the Chaos Jade Bi and the Chaos Jade Island made the power of the chaos spit out by the dark stars quickly weakened. , There are many strong people

Falling on the dark stars.

However, Yuanhun Earthzun and the others, who came to the dark star first, searched the dark star for a long time and found many terrifying ancient heritage.

This dark star is like a treasure land, allowing them to see a higher realm, with extraordinary transformations, vaguely touching the threshold of Tianzun, but lacking enough power.

And after searching for a long time, Yuanhun Dizun finally found the space entrance inside the dark star, and entered the inner space of the dark star one after another, seeing the chaotic river rolling in this space, all of them were ecstatic.

So many sources of chaos are terrible.

They are short of resources, so much chaos origin, once absorbed, not to mention that it will allow them to directly enter the realm of Heavenly Venerable, it is enough to reduce countless time and get an astonishing transformation.

After leaving this place, he will merge with the universe and heaven, and break through the heaven, which is just around the corner.

In their excitement, these people frantically absorbed the chaotic origin below, and they could absorb it, but they were surprised to feel that the chaotic origin was constantly decreasing, as if it was converging in a certain direction.

Yuanhun Dizun and others rushed towards the place where the origin of chaos converged.

But when they arrived here, they were shocked dumbfounded. It turned out that Qin Chen was frantically devouring the source of chaos.

"It's the boy of the true dragon clan."

Wan Yu Di Zun and the others were furious in an instant, and their enemies were extremely jealous when they met.

boom! ? A terrifying light of stars was born from the void, cut open the void, brilliant, brilliant, and with the terrible impact of destroying the galaxy, it descended on Qin Chen's head and began to destroy Qin Chen's body. In the starlight, one by one The stars shine,

There is a smell of Tianhe collapse.

A terrible attack, an instant, sneak attack.

"Who!"

Qin Chen awakened fiercely, his eyes burst out with a divine rainbow, the real dragon's energy in his body soared, and a terrible fist wind, which instantly turned into a chaotic real dragon, roaring into the void, lifelike.

The real dragon shadow and the light of the stars immediately collided and collided with each other, bursting out glorious lights, the stars became more and more dense, the storms, the attacks were endless.

But Qin Chen always downplayed, and after a slight shock, he took off the starlight.

"The power of the Star God? Venerable Ten Thousand Meteorites?" Qin Chen knew it in the instant that the light of the stars was the magical power of the Star God Palace, and it was such a terrifying power except for Wan There will be no other people in the Fallen Land Lord. In the past, Qin Chen was invincible in the face of Wanyu Dizun, such a peak earth-zun, but in this Vientiane God Treasure, Qin Chen met again and again. Although he has not broken the realm of the earth-zun, he has already touched the earth-zun. The threshold is just a step away,

With the strength of his own venerable, it is enough to fight against the powerhouse of the peak earthly venerable level.

Such an improvement is not terrible. "Wanyu Dizun, I know it's you. You have repeatedly targeted the deity since you entered this Vientiane God Treasure. Now you still want to sneak attack the deity. Get out of me!" Qin Chen suddenly punched out, rolling out the real dragon. Out of anger, a space burst

Exploding, a figure appeared in it, it was Wan Yu Di Zun.

The Ten Thousand Fallen Earth Venerable at this time was a bit more terrifying than when he was outside of the dark stars. It seemed that he had received some transformation and benefits, and he had a faintly transcendent temperament.

He has black hair fluttering, like a \*\*\*\* or devil walking in the world, his eyes are shining stars, murderous, surrounded by the power of the galaxy, wherever he goes, people will worship his glory.

The power of his earthly respect has almost reached a state of peaking and perfection, round and flawless... this is the performance of touching the threshold of the heavenly respect.

#### [Chapter 4035: Pinnacle siege](#)

"The boy of the true dragon clan, today is your time of death. You took away the ten thousand star clock of my Star God Palace and killed my Star God Palace disciples. But you never imagined that we got a lot from this dark star Benefits, even touched the Tianzun Gate

Threshold, today, I will take back the Ten Thousand Star Clock of my Star God Palace and smash you into ten thousand pieces! "

Wan Yu Di Zun finger Qin Chen, hatred to the sky, and the water of the Tianhe River could not be washed away.

"Touched the threshold of Tianzun?" Qin Chen smiled coldly, "Even the Wanxing Clock can be lost, so you want to kill me?" "Qin Chen, I admit that you are great, but Wanyu Dizun can't kill you. What about

me?" A tall man wearing a lofty, sacred mountain walked out. The whole body of this man was bathed in a towering air, like a god.

body.

It is Jiuyue Dizun.

"Jiuyue Dizun!"

Qin Chen smiled coldly.

This Jiuyue Divine Venerable also circulated an aura that blended with the Dao of Heaven. Obviously, like the Wanyu Divine Venerable, it also had an amazing transformation and gained a lot of benefits.

However, no matter what benefits they get, it is impossible for Qin Chen to get as many benefits.

"The defeated general is also arrogant in front of me?" Qin Chen sneered.

"And me..." Two voices passed, and both the ghost and the worm Earth Zun and the Giant Eye Earth Zun came out, "You are a scourge, the boy of the true dragon clan. , Killed you..."? How do you know that Qin Chen glanced at them coldly, his eyes flashed with disdain, and he spit out two words: "The ants are also shouting in front of me. A lesson from you, since you have to die, the deity

Have a good time with you, just a few ants! "

"Oh? So much confidence? What about my deep soul?"

Boom!

A demon energy exploded in the air, and the demon energy condensed into a majestic scene, as if the Primordial Demon Boat smashed through the void, and a demon \*\*\*\* who was only in ancient legends came out, it was the Yuanhun Di Zun.

Behind the Yuanhun Dizun, there are also some other demon masters in the pinnacle.

In addition, there are also some masters of the ten thousand races and other races, all appearing together. Seeing so many peak earth sages surrounding him, Qin Chen's expression suddenly became dignified. There are one or two peak earth sects alone, Qin Chen has no fear, but there are so many sacred earth sects, especially among them, there are so many peak earth sects. Approach the realm of Tianzun, touch

The top powerhouse who reached the threshold of Tianzun naturally changed Qin Chen's color.

Especially, someone like Yuanhun Dizun must also have treasures of the Yuan Demon Race on his body, and it must be like the Wanxing Bell, which is no small thing.

This group of people united and was extremely dangerous.

In the distance, there are still some weaker Ten Thousand Clan, who also seized the opportunity to enter the Chaos River inside the dark stars, looking at them from a distance with amazement.

How can this true dragon kid be besieged and killed by so many peak earth sages?

"His Royal Highness, should we also take action?"

In the distance, Prince Golden Crow also came here, beside him, a master of the Golden Crow clan, quietly said, they knew the benefits Qin Chen had gained in the fire world, killing Qin Chen, they also had a huge gain.

"To shut up."

Prince Jinwu yelled, "Did you forget what I said? This person can only be a friend, not an enemy. We, the Jinwu tribe, are such ungrateful people?"

The master of the Jinwu tribe looked embarrassed suddenly.

"Hahaha, Golden Crow prince, now I know why you can become the successor prince of the Golden Crow clan, your vision is indeed much better than some junk goods in your clan."

At the side, the Little Demon King also laughed, and the master of the Ten Thousand Demon Mountain Range beside him also followed him, and did not do anything.

"A friend of Lord Cat Sovereign...It's a pity that I am too weak to help the other party."

The Little Demon King shook his head.

Although the Little Demon King and the Golden Crow Prince were unable to help the influence, with the status of the imperial mausoleum and the Ten Thousand Demon Mountain Range, the two of them had influenced many people of the demon race and did not attack Qin Chen.

In the face of so many masters, Qin Chen not only didn't retreat in the slightest, but a divine rainbow burst out of his eyes.

Killing intent, endless bitter killing intent.

"well."

Qin Chen was extremely dissatisfied with the Yuanmozu because of Shangguan Wan'er's affairs. He couldn't think that this Yuanshun earth-zun would have to find a door to die by himself, and Qin Chen's killing intent was unable to press Nai.

It just so happened that if the Lord of Abyss Demon wanted to restore his previous cultivation base, he also needed to absorb a large amount of the power of the Demon Race. Now this opportunity is good. "Earth Soul Earth Sovereign, Wan Yi Earth Sovereign, Jiuyue Earth Sovereign, you are from hostile races, and you are actually targeting my True Dragon Clan as a neutral race? You came to besiege me. Do I feel honored, or do you feel shameless?" Qin Chen laughed

Come. "Huh, real dragon boy, you provoke the anger of the people, no matter what my ten thousand people are in the outside world, but in this Vientiane God Treasure, they are all for seeking breakthrough hope. You ruin our chances, naturally don't blame me for waiting. Killing you, I have already broken through the honor and disgrace of the world. I only seek benefits, without shame and morality. In this reckless universe, I fight for the first line to break through the vitality." Yuanhun Dizun said with a sneer: "I will let go of the honor and disgrace. , Which means that you are dead, hand over your treasures

, And tell the secret that you can absorb the origin of these chaos, I can save you a whole corpse. "

"If you want to know, just take it yourself." Qin Chen sneered.

"Don't talk nonsense, let's go together and kill him!" Wan Yu Dizun's hideous face: "After killing him, he will be skinned and cramped and soul-struck."

"Earth Soul Earth Venerable, you are here to suppress this person, I will wait to take action and kill this 獠." Jiuyue Earth Venerable said: "You can get a third of the benefits of this child."

"Huh, this is natural!" Yuan Hun Dizun sneered, nodded, and made a big hand. Suddenly a sky fell, surrounded by magic light, and everyone seemed to be standing on the vast sea of magic and crossing the other shore.

The magic light shrouded, turning this chaotic world into the doomsday ocean of the demons.

"The magic sea sinks."

Everyone was shocked, this was the top method of the Abyssal Demon Race. "Everyone, you can do it. I have already displayed the Demon Sea Sinking, sealed off the surroundings, and restrained this person. He has no escape, and can only be killed by our team." Yuanhun Dizun took his hand and put his back behind: "Boy of the true dragon clan, before you die,

What else to say? "? "A small Abyss Demon Clan's means can trap me?" It's a joke, don't you think about it, even if you can kill me? All people have to pull to cushion their backs? "Qin Chen has the Wanxing Bell in his left hand and the Haotian Drum in his right hand. There is no wind in his robe.

Automatically, like a banner, wrapping his body, standing in the ancient river of chaos, never changing despite the scouring of the years. ?Faced with so many masters, he was not afraid, stood up, with the supreme power of immortality.

#### [Chapter 4036: Waste reuse](#)

"Do it!"

Seeing Qin Chen's appearance, the Jiuyue Divine Master immediately coldly snorted: "Can't give him a chance to accumulate strength!" The breath of rolling stone came out, and the breath of infinite stone instantly turned into a stone knife. This stone knife exudes the power of rolling stone, as if to

The world is petrified.

"Petrochemical rules!"

The stone knife shone with the light, the law lingered, and the top-level master's blow suppressed everything, and the power between the sky and the earth seemed to freeze, aiming at Qin Chen's whole body and cutting down, looking for the weakness of Qin Chen.

"The light of the gods' eyes!" Jumu Dizun also shot, in his eye pupils, there was a direct explosion of the rolling divine rainbow. In those huge eye pupils, the civilization of heaven and earth evolved, and the sun, moon and stars were circulating. , As if experiencing the opening of a world.

"Star God is coming!"? Wan Yu Dizun stepped forward, the rolling starlight on his body shone, his body instantly became bigger, like a \*\*\*\* and demon coming out of the void, the rolling starlight in his body condensed a majestic body outside Starlight figure, all kinds of stars in this figure

The power of is flickering, as if the power of the endless stars in the universe is condensed into his body.

Such a terrifying star \*\*\*\* phantom, shocking the ancients, towering to the sky, giving people a strong shock. On the other hand, the ghost and insect earth-zun is incarnation of an ugly ghost, covered in a terrifying armor. This armor is bone-stabed and ferocious. It is his body, and on top of it, there is a layer of \*\*\*\* scale armor. , This is also their family

One of the top treasures, fused with itself, exuding cold and poisonous power.

"Poisonous rules!"

Terrible toxins permeated the ghost and insect earth-sovereign body, which could corrode the world.

The terrible power of poison seemed to turn Qin Chen directly into pus and blood, otherwise he would not give up.

In addition, some masters of the demon clan came from all directions, sealing the void, and the billowing demon gas turned into a vast ocean to envelop Qin Chen. Such a scene made everyone discolored.

How terrible is the combination of so many peaks? I am afraid that no matter how strong it is, the strongest will be instantly exploded. Qin Chen still stood still, and snorted coldly. In his body, the terrifying dragon soul power poured out, instantly urging the Wanxing Bell and the Haotian Drum, bang, Haotian Drum vibrated, the world petrified, and the deafening roar resounded, like There was a big explosion, and

In the Ten Thousand Star Clock, there are also terrible stars shining. With a sound, stars spin out rapidly from it. Each star is a huge white dwarf neutron star, sinking vigorously and invincible.

Boom! The rolling stars combined with the terrifying power of the Haotian Drum, fused together, ringing the death knell of the doomsday, and several Hongzhong dalu resounded throughout the world. With this blow, Qin Chen actually took the stone knives and the stars of the Jiuyue Earth God's shadow and many other attacks, together

Shake away.

Wan Yu Di Zun backed back again and again, his face was incredible, and the star \*\*\*\* phantom shook violently. There are traces of cracks on the stone knife of Jiuyue Dizun, the eyes are sharp and murderous, the giant-eye Dizun is flying upside down, the stinging pain is coming from the huge eyes, and the ghost and insect earth-zun screams. Vomiting blood appeared in the armor package

the sound of.

The four teamed up to strike, and they were all repelled by Qin Chen!

The ghost and insect Earth Zun was shocked to vomit blood.

boom!

The terrifying aura rushed out, and many surrounding earthly veterans could not get close to Qin Chen.

But Qin Chen didn't move! "Huh, it's all rubbish. If you want to kill me, it's better in the next life. However, the deity wants to break through, but it lacks resources and strength. Your rules and origins can be analyzed by me and become the nourishment for my breakthrough perception. After all, you All fast

Those who have to touch the threshold of Tianzun are considered waste utilization. "Qin Chen sneered, and stepped forward. The Haotian Drum and Wanxing Bell in his hands shook again. The vast aura came, and the bright light was surging on it. The combined power of the Wanxing Clock and Haotian Drum was so extraordinary. , A combination of both

It was perfect, being fused by Qin Chen, aimed at the ghost and insect earth-sovereign not far away, and directly bombarded out.

Hum!

The Ghost Chong Dizun's whole body shook, as if stiff, and a horrified emotion appeared on his face. He was enveloped by all the power of Qin Chen, as if being stared at by a top-level Tianzun expert, spreading from the depths of his soul. Here comes fear.

impossible!

He roared, but he was a dignified pinnacle, the top powerhouse close to the threshold of the sky, was actually shocked by the breath of a junior? It's ridiculous.

boom! His body shook, trying to break free from Qin Chen's bondage, but in Qin Chen's body, the original aura of chaos filled out, and the power of the dragon soul urged it to the extreme. In the void, a real dragon roared, just like in the ancient wilderness. Zu Long walked out, so angry

The rest made him feel jealous and couldn't move a finger at all.

At this moment, he knew Qin Chen's horror, and he had been against Qin Chen repeatedly, now he was almost crazy.

"Stop it!" The Giant Eye Dizun roared, and another divine rainbow blasted from his pupils. This divine rainbow, composed of endless rules, destroyed the world.

Qin Chen held the Wanxing Bell and Haotian Drum in his hand, and instantly enveloped the ghost and insects, and flicked his finger.

Hum! A real dragon's finger strength that can wipe out a world appeared, and within that finger strength, a billowing flame aura permeated. It was part of the power of the chaotic green lotus fire that Qin Chen integrated into his own chaotic aura. Blast out, enough

To obliterate the top powerhouse. A finger with a terrifying flame aura collided with the eyes of the giant eye earth-zun, and the giant eye earth-zun roared, his body turned somersaults in the air, the whole person screamed, and the giant hand like a mountain covered his one eye and issued Scream

II.

In his hands, many blood flowed down, his seven orifices were bleeding, his eyes were burned by the chaotic green lotus fire, he couldn't see, he kept screaming.

Qin Chen merged with a finger of Chaos Qinglianhuo, and severely wounded Jumu Dizun!

boom! Moreover, Qin Chen combined the attacks of the Wanxing Bell and the Haotian Drum, and came down in an instant. He had already sealed the Ghost and Insect Earth Venerable. With a click, he saw that the Ghost and Insect Earth Zun was affected by the terrifying power of stars and the ancient times. The body armor crushed by the power of the mountain shattered

, The whole person flew out heavily, dripping with blood.

During Qin Chen's strong shot, the Divine Ghost and the Giant Eye were seriously injured. With a bang, the chaotic aura surging on Qin Chen's body, the whole person is like a \*\*\*\* and devil who came out of the chaos, and killed the ghost and insects, a chaotic dragon, the shadow of the sky, and the whole body are endless. The true dragon sword aura, the brilliant majesty, the sword slashes the sun and the moon, bursting from the scroll.

#### [Chapter 4037: Demon Crystal Sand](#)

This is also Qin Chen's strategy. Even if he has the power to reach the sky, he is not afraid of the peak earthly superiors at all, but there are many hole cards in his body that cannot be used. In the face of so many peak earthly superiors, Qin Chen must also be cautious and want to gain a real advantage. , Of Qin Chen

The strategy is to kill the weaker earth sages such as the ghosts and insects first.

From the weak point, disrupt the opponent's offense.

"Hmph, I want to kill the ghost and insect Earth Venerable, have you asked me?" Suddenly, a voice resounded, it was the Yuan Soul Earth Venerable, the leader of the Abyss Demon Clan, the top powerhouse, and finally made a move. When you shot it, quicksand that looked like black crystals appeared in your hands, and every quicksand seemed to be

The most perfect and crystal clear laws of the magic way are condensed. Among them, there are even the ghosts of the demon gods gathered in their hands without dispersing, transforming into thousands of forms, turning into a torrential river, and condensing into a magic whip.

Snapped!

This long whip made of demon energy crystal sand, the void seemed to stop after a stroke, and the chaotic dragon energy around Qin Chen was also torn apart, there was a sign of being drawn to pieces.

"Master, this is the sand of the devil!"

Among the jade disc of good fortune in the universe, the Lord of Yuanmo hurriedly shouted when seeing this.

Demon Sand? "Devil's Sand is the top treasure of my Abyssal Demon Race. It is infinitely powerful. It is rumored that the Demon's Sand was a person who surpassed the supreme-level ancestor in the ancient times of my Abyssal Demon Race. The spirit of the magic way diffused out, making

One side of the world is imaginary, and the surrounding land, which is surrounded by the atmosphere of these magic roads, instantly deserts, forming a lot of sands of the devil. This is the crystallization of the top ancestor of my deep demon clan. "

The Lord of Abyss Demon hurriedly explained. Although "Devil's Sand" is not a treasure, it contains terrifying magical laws. When combined, it possesses terrifying strength. It is unexpected to be refined by the Abyssal Demon. It must be the help of the ancestor of the Abyssal Demon, otherwise it is only by the Yuan. Soul and earth respect, is fundamental

Can't do this.

This kind of thing, although it is not a real weapon, a \*\*\*\* weapon, but it is extremely terrifying, not inferior to these top treasures, even strong or weak, even if it is obtained by a strong person of the gods, there are no small ones. effect.

According to the rumors, the "Devil's Sand" is extremely rare in the world, and ordinary members of the Abyssal Demon tribe cannot obtain it. ? "Devil's Sand" formed a long whip, whipped, the sky quaked, everything was torn apart, the Wanxing Bell and Haotian Drum could not resist, this is the pure magical way of erosion and cutting power, has reached the world To the extreme, cutting top treasures

Effortlessly.

Yuanhun Dizun, holding the whip of the devil and bombarding it, as if an immortal god, one whip exploded the protective gas of Qin Chen's Chaos Dragon Qi, entangling Qin Chen's body. At this time, Qin Chen could no longer take care of killing the ghosts and insects. The Wanxing Clock and the Haotian Drum revolved. All kinds of stars evolve, the drums rumbling, and the two forces merged in the void, crashing with the whip of the devil. Collide together, every time you touch

Chuangdu erupted with a terrifying roar, and the Chaos River on this side rolled up the stormy waves and rushed straight into the sky, as if to roll down the galaxies on the sky.

However, the terrifying attack of the Sand of Devil Spirit could not penetrate Qin Chen's body. Yuanhun Earthzun's face was solemn, and he also knew that he had encountered a strong enemy, the whip of the demon changed, and suddenly rumbling back, turned into a mouth of the magic way, the blade of the devil, trembling in his hand, slices of knives The light swayed and formed the magic way

The origin, the glory of the magic way, the beginning of the magic way, shot over.

With a knife in hand, the gods and demons will not stay, and the sand of the devil will last forever. ?Earth Soul of the Deep Soul truly showed the supreme strength that touched the threshold of the Celestial Lord, almost half of the foot has crossed the threshold of the Celestial Lord, the tyrannical aura, right on the heaven and earth, like the demon \*\*\*\* Tianzun, stepping out of the void, wanting to kill everything enemy

.

His strength far surpassed the Ten Thousand Falling Earth Venerable, as well as the powerhouses of the top human race such as the Jiuyue Earth Venerable.

The sand of the devil is in hand, constantly changing, playing various rules of the magic way, strangling everything, any earthly respect involved in it will be wiped out, even the average peak earthly-level master cannot resist the sand of the demon. The impact.

Boo!

The magic path condensed by the sand of the devil slashed on the Ten Thousand Star Clock, blasting a piece of magic light. With a sound, Qin Chen immediately felt that the law of starlight in the Ten Thousand Star Clock could not be resisted. .

This Ten Thousand Star Clock, after all, was only the pinnacle treasure of the Palace Master of the Star God Palace when he was young. Compared with the sand of the devil, the sand of the devil, which surpassed the law of the devil released by the supreme power of the demon clan, still has it. Some gaps.

Dangdang.

The starlight burst on the Wanxing Clock, and the power in it was constantly attenuated. The magic power of the sand of the devil, the peak earthly treasure could not be resisted, unless it was the heavenly treasure, it might have the power to fight.

In an instant, the rolling dragon energy in Qin Chen revolved, and he calculated thousands of ways to deal with it, and found out the most perfect method.

"All the treasures are included in my body, and receive the baptism of the devil." Qin Chen's mind moved, the Wanxing Bell and Haotian Drum all entered into his body, and the chaos aura permeated Qin Chen's body. The scales of the dragon, the laws of chaos and the chaos, became extremely tough, and Qin Chen turned into a dragon \*\*\*\* with his bare hands.

The body, the claws bombarded the devil's knife into the devil's sand.

Dangdang...

After several consecutive sounds, Qin Chen's claws of the dragon \*\*\*\* collided with the indestructible sand of the demon spirit, and the power of the true dragon in his body was constantly surging.

"What? Can actually withstand the sand of the devil!"

The Yuanhun Earth Venerable saw Qin Chen smashing the sand of the devil with his dragon claws, and he couldn't help being shocked. The sand of the devil could destroy even the pinnacle Earth Venerable artifact, so why couldn't Qin Chen's body be destroyed? How powerful is this body? In fact, Qin Chen's body is indeed tyrannical. It has absorbed many powers of the origin of Chaos and has undergone countless transformations. The power of the dragon soul released by the prehistoric ancestor dragon has become a real predecessor. Dragon body

, The physical strength is unparalleled.

What's more powerful is that Qin Chen still has a jade disc in his body.

The only thing that demon sand can cause harm to Qin Chen is the top-level demon way killing intent contained therein, but this killing intent rule can enter the chaotic world through the jade disc of good fortune of the universe, and this part of the power will be affected. The Lord of Abyss Devoured. With the blood and status of the Lord of the Abyss, the identity of the Abyssal Demon Race is far superior to that of the Abyssal Earth Venerable, and the understanding of the sand of the Demon Spirit is much stronger than that of the Abyssal Earth Lord. The Great Abyss Demon Race Road contained in the sand is a terrible disaster for others, even for other strong demon races, but to the Lord of Abyss Demon Race, it is a great tonic.

#### [Chapter 4038: Holy Demon Soul Burst](#)

The attacks of the Yuanhun Earth Venerable, while tempering the body of Qin Chen's dragon, are also improving the strength of the Lord of the Abyss.

This is also one of the real reasons why Qin Chen is not afraid of the sand of the devil.

Bang, bang, bang...It seems that one world after another is exploding, the swords of the Yuanhun Earth Venerable are brilliant, each sword contains the supreme and invincible magical power, and they slashed Qin Chen's arm, dragon claw, and dragon body one after another. On the top, there are bursts of spirits, the eyes of the earth zun

Everyone will be blinded by the brilliance. The power of the explosion made the severely wounded ghosts and insects earth-zun and giant-eyed earth-zun not be able to get close. On the contrary, the powerful people such as Wanmei and Jiuyue Earthzun can barely approach, but they also attack. Not on Qin Chen's body. ? Qin Chen is playing more and more freely, and the more he beats, the more energetic he is here. He has absorbed a lot of the power of the Primordial Chaos here. Although his cultivation level is constantly improving, he is actually a little vain. I can't expect that at this time, Yuanhun Dizun leads so many masters Come around

Kill him. Especially for a master like Yuanshun Earth Venerable, the pressure on him is not trivial. Each of the attacks of the Devil's Sand is a power that can severely damage the peak Earth Venerable, but it makes him under pressure, secretly comprehend, Many mixed

The origin of the chaos, many forces, are all digested in the body, forming one's own true strength, consolidating one's own cultivation base, and laying a firm foundation for the following breakthroughs.

The firmness of his dragon body is condensed again, and the chaotic dragon body is slowly formed, and everything is integrated.

"Kill! The demon soul attacks, the holy demon soul explodes!" At this moment, behind the Yuanhun Dizun, a master of the peak demon clan shouted angrily. This master of the demon clan, his eyes are eagles, and his soul breath is extremely terrifying. , A black magic crystal suddenly appeared in his hand, which looked like an eye,

When anyone sees it, it feels like falling into an abyss, feeling a terrible impact in their mind and soul.

At this moment, the demon crystal was directly blasted by the master of the demon clan, and when the demon blade broke through the layers of chaotic energy, it blasted on Qin Chen and exploded.

boom! The earth-shaking loud noise passed, and a demon soul storm rose from Qin Chen's body, which exploded the entire space to rupture.

"Successful!" The demon master was overjoyed.

This person is just a peak Earth Zun of the Saint Demon Race, following the Yuan Soul Earth Zun, sneaking attacks in secret.

The holy demon race is best at soul attack. This demon crystal is a treasure of his holy demon race. The peak earthly-sovereign level master is bombarded, and the soul will explode, and the soul will be scattered. At this time, it fell on Qin Chen. There is no doubt that Qin Chen will die.

But the next moment, he opened his eyes wide, and found that Qin Chen's dragon soul was rolling throughout his body, and the soul aura had not been extinguished. Instead, he took a sharp breath. The power of the billowing demonic soul storm was actually sucked into his body. In, disappeared.

This is what Qin Chen has inhaled into the chaotic world, merged into the body of the Lord of the Abyss, and strengthened the Lord of the Abyss.

Rumble!

In the chaotic world, the Lord of Abyssal Demon's aura continued to rise, and he was directly restored to the level of the earthly respect, and was still an extraordinary level of the earthly respect. The Lord of the Abyss was once a master of the pinnacle Heavenly Sovereign level, and the heir of the next generation of the Abyssal Demon Clan. Later, because of the invasion of the lower realm, he was suppressed by the thunder figure for countless years, leaving only a remnant soul because of the power of the magic source. Without annihilation

, And when his power was the weakest, he even fell to the level of the Holy Master.

Now, in Qin Chen's chaotic world, under the suppression of the Ten Thousand Realms Demon Tree, he is constantly recovering. After absorbing so much demon sand aura and the power of the holy demon clan's demon crystal soul explosion, he actually recovered directly to the ground. Respect level.

This recovery speed is not unpleasant.

The power of the billowing demon explosion not only failed to harm Qin Chen, it actually became the nourishment in Qin Chen's body, and became the source of power for the Lord of Abyss to strengthen himself. Of course, this is also because Qin Chen's Universe Fortune Jade Disk can only break through the chaotic world from his small world. If it were the original small world, Qin Chen would never absorb the power of this magical explosion and enter the Universe Fortune Jade Disk. The world makes a giant

The big damage will also expose the jade discs in Qin Chen's body.

The billowing demon burst away, and Qin Chen didn't have any damage in the void. Standing in the air, he was an invincible body. The heaven and the earth that stood tall forever, if the heaven and the earth are immortal, he will not die.

The Chaos River, surging below him, set him off like a dragon god.

"This kid, the future must be extraordinary."

The Primordial Ancestor Dragon and the Saint Ancestor of the Blood River both said in shock, that Qin Chen's temperament, detached from heaven and earth, shocked them extremely.

"Kill! Star God strikes."

Wan Yu Di Zun and the others roared, furious, seized the opportunity, and also played the most powerful force of destruction. The original life span of the whole body was burned, and a star god's light tore through the ancients and bombarded Qin Chen's head.

Immediately afterwards, the Primordial Divine Fist of Jiuyue Dizun also blasted towards Qin Chen's back.

Powerful people such as Giant Eye Dizun and Ghost Chong Dizun were also killed, and they were terrified. Qin Chen's strength exceeded their expectations, and their hearts were shocked.

Rumble!

The shocking explosion resounded.

Various top supernatural powers blasted Qin Chen's body, but Qin Chen stood upright all the time. With these attacks, the Chaos Dragon's body stood tall, forming a dimensional world, swallowing all these powers.

"No, you guys, he is condensing his physical body. Our attacks cannot break his defenses. We can only strengthen his physical body. We must merge together and exceed the limit of his endurance to kill him in one blow."

Yuanhun Dizun roared and saw the clues. He knew that Qin Chen was powerful. The sand of the devil in his hand spread out again, condensed, combined, and turned into a magic spear. Above the magic spear, the billowing magic energy penetrated the sky. .

"Fusion attack."

Yuan Hun Di Zun yelled, and immediately, many powerful people showed their strength one after another, integrating their own power into this magic spear.

Hum!

The whole magic spear blasted, and the aura on it skyrocketed, and a demon \*\*\*\* phantom appeared behind Yuanhun Dizun. Holding the magic spear, he shot Qin Chen fiercely.

With a bang, the void collapsed. This magic spear was so powerful that it seemed to pierce the heavens and the earth. In a moment, it came to Qin Chen.

In Qin Chen's eyes, a rolling light flickered. Suddenly, he didn't evade, and let the magic spear stabbed into his dragon's body.

puff!

The magic spear directly penetrated Qin Chen's body.

"Okay, it worked."

Yuan Hun Dizun was overjoyed, and without waiting for him to activate the power in the magic spear, he tore Qin Chen to pieces, suddenly his face changed drastically. "Devil's sand, suppression, these treasures fall into your hands. They are orbs covered in dust. Why don't you give it to me." Qin Chen allowed the magic spear to penetrate his body, grabbed it with a big hand, and the two chaotic dragon claws carried terrible laws. Power, grabbed this magic spear at once, and actually wanted to \*\*\*\* the magic spear in his hand and subdue it.

#### [Chapter 4039: Like a god](#)

A true dragon clan powerhouse actually wants to subdue the Demon Sands of the Abyss Demon Clan, which makes many people unbelievable.

The power of each race is different, how can the power of the Dragon race be able to subdue the treasure of the Abyss Demon Race.

But the next moment, no one can laugh. "Not good!" Yuan Hun Dizun's expression was furious, because he felt it. Although this magic spear seemed to penetrate Qin Chen's body, it did not cause Qin Chen any harm, but seemed to have penetrated another dimension. Generally, and in that dimension

In the middle, an invisible force enveloped the sand of the demon, and was actually taking control of the sand of the demon.

"how can that be?"

His heart shook wildly, and his robes all over his body were torn apart by his own demon energy, revealing a strong demon body, and the rolling magic power surged out of his body to pull out the demon spear.

"Haha, since it's here, don't leave."

Qin Chen grasped the magic spear in one hand, and the condensed dragon claws slammed down at the Yuanhun Earth Venerable.

boom!

With a punch, Qin Chen bombarded the Yuanhun Earth Venerable, smashing the devilish energy on his body, and could not continue to operate. The Yuanhun Earth Venerable retreated again and again, and the whole body demon source had a tendency to collapse.

"Which Yuansun Earth Sovereign, leader of the Demon Race? But so!" Qin Chen stepped forward again, spitting out the chaotic dragon energy billowing in his body, sending countless powerful people around him flying away.

"not good!"

The Yuanhun Earthzun instantly felt that the sand of the demon was gradually losing his control.

how is this possible?

He could not imagine how Qin Chen refined the sand of the demon. This was transformed by the magic way of his ancient ancestors of the Abyss Demon Clan. Except for his Abyss Demon Clan, no other race could successfully refining, even Tianzun could not. .

But now, this scene has actually happened.

How did he know that it was not Qin Chen who refined the sand of the demon, but the Lord of the Abyss in the Chaos World, on the understanding of the way of the Abyss, on the strength of his own blood, and how can he compete with the Abyss? Compared with the heir's Lord of Abyss?

Even if the Lord of Abyss Demon is just a remnant soul, he can easily refine his Demon Sand.

This is a crush from the deep roots of the racial soul.

"The sand of the devil, blend into my body, and be under my control!" Qin Chen roared, his body shook with chaos and dragon energy, and with a bang, the sand of the devil, which was condensed into a magic spear by the deep soul, exploded suddenly. It broke apart and turned into countless magic crystals, and then Qin Chen opened his mouth and swallowed directly into his body.

In the body, disappeared.

Of course, this was not really swallowed by him, but entered into the world of chaos and was smelted by the Lord of Abyss Demon.

But it fell into the eyes of Yuanhun Dizun, but he was like a ghost, his eyes were round, and there were dense goose bumps all over his body, and he couldn't believe it. "Everyone! He is no longer a human being. He has completely turned into a monster, not a monster. How could he swallow the sand of my Abyss Demon Race!" The Yuanhun Earth Venerable was going crazy when he saw this scene, and roared Growled, "He must be beheaded, this guy

I suspect that it is not the true dragons, but the monsters. The sands of our demon spirits are not so good for refining. Although they were swallowed by him, they must have imprisoned his power. Now is the best chance to kill him. "

Yuan Hun Dizun's scalp was numb, but he did not retreat and stepped forward again.

If he lost the sand of the devil, he must take it back, or he would return to the deep demon clan, the ancestor must kill him.

"Join to kill, communicate with the source, burn life, and fight the enemy together." Other peak earth venerations also found that the situation was not good, their scalp was numb, and Qin Chen was too abnormal. It exceeded their imagination and not only took away Wanxing. Zhong, Haotian Drum, now even the Demon Sands of the Abyss Demon Race can be captured, go on, who knows

What will happen?

Once the sand of the devil is refined and controlled by the opponent, like a Wanxing clock and a Haotian drum, where can they still survive?

"What are you waiting for? And you, Yaozu, Yuzu...you are still watching the show, and you are not waiting for me to kill this dragon."

Gui Chong Di Zun and the others snarled frantically at other strong races in the distance.

"Hmph, do you still want to drag people into the water? The deity kills you first before talking."

Qin Chen yelled coldly, boomed, and stepped out. The chaotic dragon qi that was rolling on his body was released, and the whole person suddenly turned into a real dragon qi and disappeared into the void suddenly.

Missing.

"No, the ghost and insect earth-zun, quickly retreat!" The giant eye earth-zun opened his \*\*\*\* eyes, and the world in front of him was blurred in an instant, and then he vaguely saw a vague figure, in an instant, it was already When he arrived in front of the ghost and insect Earthzun, he was frightened and hurriedly roared, in his eyes

A magical rainbow burst out and shot towards Qin Chen, trying to buy the ghost and bug Dizun time to escape.

"It's late!" Qin Chen's body suddenly appeared in front of the ghost and insect Dizun, and the divine rainbow burst out. Qin Chen didn't even look at it. The dragon claws protruded, like the claws outside the sky, instantly Hongguang squeezed and smashed, and the giant eye earth zun ejected a mouthful of blood, his face

pale.

At the same time, Qin Chen's other claw suddenly appeared in front of Gui Chong Di Zun like a \*\*\*\* and devil protruding his claw, and instantly caught him under Gui Cong Di Zun's horrified gaze. Above the poisonous scales on the body.

"You actually grabbed me with your hands, who do you think you are? Tianzun?" The ghost and insect earth zun was terrified, with a hideous face, and shouted: "Poison explosion!"

The poisonous scales on his body suddenly exploded, and the power of the evil poisonous rules instantly permeated, like a grieving ghost, enveloped Qin Chen, about to penetrate into Qin Chen's body.

Qin Chen couldn't avoid it at such a close distance.

"Huh, just a few toxins, all invincible."

Qin Chen sneered. He was the descendant of the Heavenly Poison Pill Venerable, and the rules of poison reached the peak. What's more, his body was condensed into a chaotic dragon body, how could he be afraid of the rules of poison in this area.

The billowing poison gas blasted Qin Chen's body, but couldn't penetrate Qin Chen's body at all.

"How could this be?"

Dizun ghost said in horror.

Qin Chen didn't care about his anger, the terrifying real dragon's claws, directly protruding out, in the incomparably fearful eyes of the ghost and insects, instantly blasted on him.

Click! Click!

Puff!

The armor protection on the surface of the ghost and insect Earth Venerable exploded layer by layer, and Qin Chen's real dragon claws seemed to be in an unmanned state, and immediately submerged directly into the body of the ghost and insect earth sovereign, piercing him in the void.

"what!"

The ghost worm Dizun let out a scream, blood spurted all over his body.

"crack!"

Qin Chen roared.

boom!

Gui Cong Di Zun's whole person with armor, was directly exploded, blood splattering the sky!

Countless rules of the peak earth respect, the void splashing, the soul of the ghost and insect earth respect, soaring into the sky.

"Ah, everyone, save me!" The body was torn apart, and the ghost and bug Dizun urged the flesh to regroup, and at the same time shouted for help at them.

At this moment, his peak earthly respect finally felt the threat of death, and endless fear emerged in his heart. "True dragon kid, quickly put down the ghost and insect Earth Zun, otherwise, no one can save you!" Giant Eye Earth Zun shouted: "Today's matter, we can write off for a sum of money, it has never happened, otherwise, the anger of all races, You don't

Can bear. "

"The anger of the ten thousand clan? You are also worthy to represent the ten thousand clan? All those who besieged the deity today, none of the deity will let go." Qin Chen whistled, his palm directly covered the body of the ghost and insect earth, as well as his soul. They were all caught and photographed, and then a terrible devouring force emerged from the body. With a snorted sound, the body and soul of the ghost and insects were straightened.

Then swallowed, turned into nothingness. Qin Chen's dragon body was stained with blood, standing proudly here, like a \*\*\*\* or devil.

#### [Chapter 4040: Mass killing](#)

The Ghost Earth Venerable, a pinnacle Earth Venerable master, almost touched the powerhouse of the Heavenly Venerable Realm, and was just assassinated by Qin Chen and swallowed into his body on the spot.

This kind of scene made everyone feel chills, and chills came out from deep in their hearts.

How could this real dragon kid be so terrible? Some people who had met Qin Chen in the Dragon Soul Lake were even more palpitating. He clearly remembered that when they met Qin Chen, Qin Chen was only a strong person at the level of human respect, but now? So many peak earth sages have never

He was besieged, but he was directly beheaded by him in the crowd.

This is almost like a slap in the face of these ten thousand top powerhouses. "Hmph, I said long ago, don't fight this kid, you guys have seen it too." Prince Jinwu sneered at the masters of the monster race around him, causing the two masters of the Golden Crow race around him to show their foreheads. Khan, can't say half a word

Come.

In the void, the soul of the ghost and insect earth, the entire body, including the armor, the poisonous rules, and all the treasures that have been swallowed by Qin Chen, directly included in the Universe Good Fortune Jade Plate. At Qin Chen's current position, naturally he would not easily melt the power of such masters as the ghost and bug Dizun directly into his body. After all, this is a strong man who has touched the threshold of the Tianzun. Sometimes, he absorbs too much mixed power. , Not

What is a good thing, although it can improve the cultivation base, but it will affect one's own origin.

With Qin Chen's current strength, if he wants to break through the earthly respect, it is best to absorb the true origin power instead of directly refining the ghost and insect earthly respect.

"No, the ghost and insect Dizun is dead, and he was swallowed up alive, lunatic, really a lunatic."

Seeing Qin Chen slaying the Divine Ghost and Insect, swallowing everything in the Divine Ghost and Insect directly, they were dumbfounded.

They were not shocked by Qin Chen killing the Divine Insect, but Qin Chen swallowed the Divine Insect.

What the \*\*\*\* is this? Is the person in front of him really the strongest of the true dragon clan? If it weren't for the fact that Qin Chen's breath of dragon power could not be faked, they would even think that Qin Chen was a person of the Spirit Eater, and a person of the Spirit Eater, could they improve themselves by directly devouring others.

Huh? Otherwise, even a master of the Abyssal Demon Race could refine others, and it would be impossible to swallow such a powerful person like Gui Chong Di Zun directly.

"Kill him, you must kill him."

Yuanhun Dizun roared, walking in the air and stepping into the air. When the ghost and insect Dizun died, he knew that the trouble was serious.

"Everlasting, the gods will live forever, the magic sky is invincible, and I alone dominate!"

Boom! Yuansun Earth Venerable finally unfolded his true strength, his whole body burned with devil energy, and between the resonance of the heaven and the earth, strong ripples appeared in the avenue. In his body, the billowing demon might spread out, and his body was covered with Layers of Dark Demon

Kai made a terrible blow that melted his spirit. This is the Yuansun Earth Venerable eruption. His eyes are dark, really like a demon god. In the flesh, the rolling magic power blooms. What's more terrifying is that his Venerable breath is faintly, there is a terrible power to suppress the world. Diffuse, as if overriding

Above everyone on the scene.

It is the breath of heaven.

The Yuansun Earth Venerable has gained a lot here. Although he has not directly entered the realm of the Heavenly Sovereign, he has already touched the realm of the Heavenly Sovereign and is already trying to use the power of the Heavenly Sovereign.

At this moment, all the power is blessed on him, the universe is turned upside down, and the power of magic is immeasurable. At this moment, the soul of the soul is transformed into a troll \*\*\*\* who is invincible, tearing the sky with his fists and bombarding him. "What is so solemn, in front of the deity, the gods will lower his noble head!" Qin Chen yelled, punched out, his momentum skyrocketed, and the chaotic aura on his body gave rise to the mystery of the universe. This is the origin of chaos. The power of Qin

The dust urges, birth and death, death and birth again, transforming into a real dragon and sword river.

Wow!

The vast real dragon sword river exploded and collided with that Tongtian.

boom!

The earthly sovereign of Yuanshun burst out of the sky-reaching magic power and was instantly destroyed, the earthly sovereign of Yuanshun was shaken off, cracks appeared all over his body, and blood flowed out.

what?

Many people were shocked, and the Yuanhun Earth Venerable was repelled?

"Giant eye magic, a ray of life!"

At this time, Jumu Dizun tried his best to mobilize his own strength, the light of his pupils turned into training, killing Qin Chen's weakness.

"kill!"

Wanyu Dizun, Jiuyue Dizun, and many powerful people have come to forcefully kill.

咚咚咚! Qin Chen walked with tiger steps, walking in the void, his whole body no longer had the slightest weakness, perfection, that pupil bombarded him, containing a kind of decomposition power, to break down his body, this is the law of the giant eye clan Power, indeed extremely

Special and extraordinary, I'm afraid that even the general peak earth respect can't resist it.

Unfortunately, it was Qin Chen that he met.

Qin Chen's body turned into colored glaze, perfect without any flaws, his giant eyes and pupils crazily decomposed his physical body, but Qin Chen's genetic power was so strong that it could not be decomposed at all, and there was not even a trace of it. "How could this happen? My giant eye magic is the supreme secret technique of my race. As long as the genetic body is defective, it can tear the other side's Dao origin, even if it is the top of the universe like the Dacheng Diamond Eucharist together with the cultivation technique, As long as you don't practice to perfection

The non-leakage realm can also be decomposed, why can't his body be destroyed? "The Giant Eye Dizun retreats again and again, his one-eyed star is round, and he is about to go crazy.? "You still want to go, don't you have a relationship with the ghost and insect Dizun? He is dead, but you are surviving, it is too much, the deity will perfect you now, let you stay and fly in hell! "Qin Chen's cold voice, without any emotion, straight

Then he approached the Giant Eye Earth Zun, his claws were pinched into the Destroying Dragon Claws, on the sharp claws, the lines were clear, and the power of chaos bloomed from the roots.

collapse!

It was as if a dragon \*\*\*\* protruded his claws, captured the universe, picked the stars and took the moon, settling down the mountains and rivers, the giant eyes and the earth screamed, snorted, and Qin Chen's claws directly grabbed a hole.

"Receive!" Qin Chen roared, and the billowing chaos aura enveloped the giant eye Earth Zun, and then opened the huge mouth, a dimensional world seemed to emerge from his mouth, swallowing it suddenly, and gave the half-dead giant eye Earth Zun Swallowed directly into the body,

It disappeared in an instant, as if it had entered another void.

"This guy is terrifying..."

"Not an opponent at all."

"Lunatic, this guy is a lunatic." The top powerhouses of the top human race forces, such as Wan Yi Di Zun, Jiu Yue Di Zun, etc. were simply scared and horrified.
