

Valkyrie 4051

[Chapter 4051: Admitted wrong](#)

"This river, how terrible it feels, is it very similar to the Nether Galaxy in the Dark City?" "It's more than similar. My tribe told me that the galaxy is full of chaotic powers, almost the same as the Nether Galaxy, and the gods are not. However, this person from the true dragon tribe collects a large amount of water from the galaxy.

treasure. "

"This method is terrible. It's no wonder that the Yuansun Earth Venerables of the Yuan Demon Race have died in his hands." "Hmph, the reason why he can kill the Yuansun Earth Venerables is not because of his strength. , As far as I know, this person should have reached an agreement with a supernatural tortoise in the galaxy. The supernatural tortoise does not know what kind of creature it is.

After swallowing the human race Wanyu Dizun and the Demon Race's many pinnacle divines, the Yuanhun Dizun was afraid that this person would also be dragged into the Chaos River by this person, and the Yuanshun Dizun was killed by that divine turtle. "

"In that case, although this person is strong, it may not be impossible to fight?" "This is natural, and this person has almost obtained the top treasure in the dark star. Although I don't know what it is, this true dragon clan person , Absolute treasures are numerous, not to mention, just the treasures on them are not the same

Average. "

"That also means that if you can find this person and get the treasures from him, I'm afraid you will have the resources to break through the Heavenly Sovereign."

"So scary?"

boom!

Suddenly it exploded.

The camps around the ten thousand race battlefield are all boiling.

"Hey, when a venerable of our clan entered the Vientiane God Treasure, there seemed to be a true dragon clan expert in that place. Could it be that the true dragon clan was in that place?"

In each camp, there are clansmen who entered the Vientiane God Zang with Qin Chen, all showing excitement.

Because, they all saw that when the entrance of a certain Vientiane God Treasure in the Eastern District was opened, there was a True Dragon tribe who took action. So, if the True Dragon tribe is still alive, it is very likely that it is near that area. "Now all races are sending masters to go first, but even the top races such as demons and humans, it would take a lot of time to send real Heavenly Masters to there, and it would be difficult to get there. Since our race has Where is the Lord

, If you can get there as soon as possible, kill the true dragon tribe and take away the treasures from him, then..."

In various camps, many people were so excited that they immediately hid themselves, and immediately sent the news to the venerables at the entrance of Qin Chen.

Information transmission is naturally extremely fast.

Soon, in the entrance area where Qin Chen was located, all the veterans of the ten thousand races who came out alive got the news.

"What? The true dragon people who are killing in the Vientiane God Treasure are in my area?"

The masters of the patriarchs received the news, and their scalp numb, both excited and terrified.

The excitement is that this is an excellent opportunity, and what is horrified is that with their strength, if they find Qin Chen, they may not be able to keep Qin Chen.

"To find the position of the true dragon clan, it is best to test out his identity and stare at the other party. There will be a strong person in the clan soon."

Soon, the masters of all races received the message. Today's Qin Chen is like a piece of sweet steamed bun, which has already been targeted by thousands of people. For some small races, even if they can't kill Qin Chen and take away the treasures from Qin Chen's body, it only takes the first time Find Qin Chen and lock Qin Chen's location

At that time, contact with top races such as demons and human races. By selling news, I am afraid that you can make a lot of money, and you can also make good relations with those top races.

In an instant, various orders were passed out and fell into the hands of many venerables in the entrance area where Qin Chen was.

Find the true dragon people.

At the entrance area of the Vientiane God Treasure, the venerables of all races raised their heads excitedly after receiving the news.

Where are the true dragons?

These people looked at each other, but frowned.

"The true dragons absolutely hide their identity."

In an instant, such a thought came to their minds. Because these people, including the first one who came out of the Vientiane God's Treasure, and the last one, there were no real dragon masters, but when they entered before, there was indeed a real dragon master who appeared here. If he was in the dark Stars

The true dragon tribe who killed the Quartet in the middle, with the strength of the opponent, would never fall easily.

But since there are no True Dragons here, there is only one possibility, the other party has hidden their identity.

"Quickly, look for it right away and see if there are any Venerables that I have never seen before."

Although there are many venerables on the battlefield of Ten Thousand Races and come from all races, the truly famous venerables are all familiar with each other. Even if you don't know them, others will know them.

In this extremely fast-transmitting universe, with the exception of a few venerables who have been shut out for a long time, come from some small clans, or who don't like to show their faces, there are very few venerables that everyone does not know.

"The True Dragon tribe must have hidden their identity, so to speak, this person must be hidden among those venerables who have never been seen here."

"Look, look for those venerables who have never seen it before, it is very likely that it is the disguise of the true dragon tribe."

"He must be here. Find out immediately. Top races such as demons and humans are offering great rewards."

Boom boom boom! Originally, these venerables left from the Vientiane God's Treasure and would definitely return to their camp and race for the first time, but now, they are all excited and boiled, because both the demons and human races have offered major rewards, as long as you find the true dragons ,inform

For specific locations, the two big clans will have treasures rewards.

This is a great opportunity to curry favor with those top races.

Of course, there are also some races who covet the treasures of Qin Chen's body and will also look for Qin Chen.

In an instant, countless sages scattered and searched everywhere.

"This Venerable has never seen it before."

"kill!"

boom!

Someone saw the venerable who he didn't know, and they just shot. Suddenly, a terrible streamer struck him, and the person didn't dare to approach the opponent for fear of encountering Qin Chen, but it was fine to attack from a distance.

When the Venerable was being attacked, he suddenly roared in anger, "Damn, you are mistaken, I am Clover Earth Venerable, from the Jiuxu Clan, not the True Dragon Clan you are looking for."

Many people watched the Divine Lord, his anxious expression changed, and he hurriedly transformed into a member of the Jiuxu Clan to defend him, because he also received news from the clan and naturally knew why these people attacked him.

If it is recognized as a member of the true dragon clan, it will be over.

"Alfalfa Dizun? I seem to have heard of this name. The Jiuxu tribe does seem to have such a Dizun."

"The aura on this person is indeed the aura of the Nine Beard Clan, it should be a mistake."

"Damn, good Jiuxu tribe, what kind of pretense, it's just a small race, bad luck." When many venerables saw the Jiuxu tribe revealing their body, they suddenly snorted and were dissatisfied, but turned around and left. Obviously too lazy to waste time with these Jiuxu people.

[Chapter 4052: Sea Demon](#)

Boom boom boom!

For a time, many venerables rushed frantically between the heavens and the earth near this entrance, as long as they saw someone they didn't know, they would take action immediately and look for Qin Chen's trail.

At this time, in a certain place in this void, Qin Chen's perception was so keen, while other people of the tribe hadn't perceived him, they perceived the abnormal changes nearby.

This made his face suddenly change.

These guys seem to be searching for something.

"Something should happen, leave here first."

Qin Chen's eyes condensed, and he turned and flew quickly toward the outside world.

And just as Qin Chen flew quickly towards other places in this entrance area, in a void outside this entrance area, three powerful demons with terrifying aura were quickly approaching here.

These three auras exude the terrifying rules of the heavens, the devil's energy is as strong as the ocean, and the three powerhouses have different appearances, but at this moment they are gathering together, passing through the void, and flying by. "According to the information received so far, the three of us were practicing in the ancient chin secret realm. The ancient chin secret realm is the top secret realm closest to this entrance area. We came here as soon as we got the news. Now it seems

...The three of us should have arrived here first. "Yes, the ancient chin secret realm is the closest top secret realm here. It is dangerous, but there are almost no treasures. It has always been a place where other top powers don't bother to enter. Therefore, other top powers want to come and need to consume.

The time is far longer than I waited. "Haha, this should be our luck. In this ten thousand race battlefield, there are almost no other top forces sitting on the ground, and the three of us are lucky and happen to be nearby. If we can seize this opportunity, My sea demon may

Then I can rise, and I will be just around the corner when I enter Tianzun. "

These three alien masters, with vast aura surging in their bodies, but there is terrible water vapor in their demon aura, they are obviously strong in the sea demon clan.

The sea demon race, the second-tier race of the demon race, this is an extremely powerful demon race in ancient times, and once squeezed out of the top demon race. But later, in the several all-out wars of the demons, the sea demons suffered heavy losses in order to compete for the status of the top race. They were suppressed by the dead demons and other forces. After hundreds of millions of years, they finally became a better than the saint demons. , Dead demons, etc.

The weaker second-line demons.

However, the sea demons have been recharging their energy and trying to return to the ranks of the top demons. "If the true dragons are really here, they will be shocked when they get the information, and they will inevitably go to other areas and flee here. The most likely of these are these three areas. The three of us will guard them separately. These three directions, no

No matter which direction he comes from, the three of us can find him and stop him. "

"Hmph, this is also luck." A Sea Demon Clan sneer sneered, Boom, on his body, the aura of the Peak Earth Sovereign was surging, and there were strands of the Heaven Sovereign aura exuding, obviously touching the threshold of the Heaven Sovereign The top peak earth respect. Moreover, the Heavenly Venerable aura on these three people is far more terrifying than the Abyssal Soul Earth Venerables who touched the threshold of the Heavenly Venerable in the Vientiane God Store. Obviously, these three sea demon experts are afraid of many years. I have already touched the Tianzun Gate before

Threshold, it's just that it has been unable to break through, and even the power of the earthly respect in the body has such a trace, faintly exuding the aura of the heavenly respect.

However, it was too difficult to break through the realm of Tianzun.

It is more difficult to break through the earthly respect compared to the human respect. There are many peak earthly respectable masters. In their lifetime, even if they touch the Tianzun realm early in their lives, they never really break through the Tianzun realm when they are finally dying.

These three powerful sea demons are obviously in this state.

This shows that their talents are not enough, and their opportunities are not enough. If they continue to do this, they will not be able to break through for hundreds of millions of years. Unless they get a huge opportunity, there will be such a possibility. "The Lord Molten Flame has received news from us and is rushing. His order is that we must guard this place and find the true dragon clan. We must not let him escape. After he arrives, we will deal with it. True Dragon Race

hand. "Are we just waiting here?" "A rumbling voice sounded: "We are the first strong people to arrive here, but if we wait for a moment, it won't be easy to say. The human race, the monster race, the zerg race and all the cosmic races are sending the strong men here, who

I know if there are any Celestial Venerables passing by and other Peak Earth Venerables just like us. If they get on the ground first, wouldn't we come so early in vain? "Indeed, even if the Lord Molten Flame Tianzun arrived in time, there are so many treasures on the True Dragon Clan, and this person was captured by Lord Molten Flame Tianzun, how many treasures can I wait? In my opinion, Jialan Earthzun, you have space treasures and

Supernatural powers, the fastest, why don't you come to guard this place, I and the Demon Sha Earth Sovereign take the initiative to attack, with the ability of me and the Demon Sha Earth Sovereign, once encounter the True Dragon Clan, you can completely capture him. "

"This....."

"Why are you still hesitating? Soon the powerhouses of other races are here, Demon Lord Earth Venerable, do you agree?" A peak Earth Venerable with tentacles all over his body said in a deep voice.

"I agree." Demon Evil Earth Sovereign is a burly and peak Earth Sovereign powerhouse, with a terrifying aura surging on his body, squinting his fierce twinkling eyes, and said coldly: "I heard that the true dragon people are in Vientiane. I got the top chaos treasure in the gods, if so

, As long as this thing is obtained by us, it will not be difficult for the three of us to step into the realm of Tianzun with our current cultivation base. "Yes, if you hesitate, do you want to give all the credit to Molten Flame Heavenly Venerate?" Hmph, he is just a little better luck than us, and the Heavenly Lord who just broke through. Back then, he was at the same level as us. "The Sea Demon Clan with tentacles all over it

Fengdi Zunhan said.

"Well, you two will go to capture the real dragon boy. If you really meet, capture each other, and get a lot of treasures, you can divide the profit according to the concerted efforts of the three of us."

"This is nature, Jialan Earth Venerable, I have waited for the three of us to live and die together for so long, can you still believe me and Demon Sha Earth Venerable?"

"Naturally trust it."

The three sea demons peaked at each other and all smiled.

Whoosh! Whoosh! Two of them flew through the air at the same time. One was about seventy meters high, with hideous demonic tentacles, ugly, with mucus squirming on his body, like an octopus monster, holding a simple handle in his hand. Scarlet spear

There are deep formations and lines on it. The other was about a hundred meters high, covered in a black battle robe, burly body, with sharp fins on his back, cutting the void.

[Chapter 4053: Run away](#)

"Moshu Earth Lord, wait for your soul attack... it is best to kill the true dragon clan directly. If you can't kill it, it can also affect the opponent's resistance. Then I will fight them in close combat!" Venerable Octopus with a simple spear said lowly

, "With the power of my sleepy demon spear, I will use the burning life yuan to use my ultimate skill... No matter how strong his defense is, under the terrible attack of my fusion of all powers comparable to the Tianzun level, I can completely He was trapped and grabbed."

"The Sleepy Sky Demon Spear is a half-step Heavenly Sovereign weapon, and its power is unmatched." The Demon Demon Earth Sovereign in the black shirt also smiled, "It will definitely succeed in one fell swoop."

The Blood Seal Earth Sovereign is a pinnacle Earth Sovereign of the Sea Demon Clan. He has three top treasures in his body, and his weapon for close combat is the half-step heavenly weapon! The so-called Half-Step Heavenly Sovereign Tool is when it is refined into the Heavenly Sovereign Supreme Treasure, it produces some broken treasures, which are more powerful than the general peak Earthly Sovereign treasures.

All are terrifying, but compared to the Heavenly Sovereign Supreme Treasure, it is a lot less valuable.

This class of treasures, combined with the close combat skills of the Blood Seal Earth Venerable...Even if you encounter an ordinary Heavenly Venerable, you can also play a few tricks. Once he attacks with all his strength, he will indeed explode the endurance limit of the peak earth treasure.

In other words, as long as the Blood Seal Earth Sovereign is willing to work hard, no matter how strong the Peak Earth Sovereign is, it cannot withstand his attack.

"When the time comes, the offense will be handed over to me, Demon Lord, you will rely on your soul to attack at that time, don't let the true dragon tribe escape."

"give it to me."

The Demon Evil Earth Sovereign and the Blood Seal Earth Sovereign turned side by side into two streams of light in mid-air, and flew towards the entrance of the Vientiane God Reservoir, where Qin Chen was.

The entrance of Vientiane God Zang is not far away.

Qin Chen was flying quickly, although he had hidden his figure, but some other venerables had discovered it.

"This person has never seen it before, kill!" When an earthly respecter saw this, his gaze condensed, and instantly turned into a streamer to kill Qin Chen. Boom, he raised his hand, and there was a treasure in his hand, this treasure. , Is composed of densely packed things like water, turning into a long river,

Swept towards Qin Chen instantly.

"Ok?"

Qin Chen frowned and raised his hand abruptly. A huge palm appeared in the void, exuding a terrible **** light, squeezing this long river of treasure attacks instantly.

"what?"

The earth statue was shocked and attacked so strongly.

Although he is not the Peak Earth Sovereign, after experiencing the Vientiane God Store, he is only one step away from the Peak Earth Sovereign. How an ordinary Venerable can instantly destroy his attack, suddenly a spirit in his mind.

"Quickly, come here and find the strong person who is suspected of being a True Dragon Clan."

The deity immediately anxiously sent a message.

Although Qin Chen's current appearance is completely different from those of the True Dragon tribe, there are not many people in this world who can have such a strong power. However, as soon as he sent the message, Qin Chen already appeared in front of him, banging, and grabbing at him with a palm. The power of the terrifying blood rule burst out like the ocean in an instant. , And thoroughly

Shrouded, imprisoned firmly.

"Do not!"

This master of the earth was struggling frantically, trying to rush out of Qin Chen's shackles, but it was useless and Qin Chen directly took him in the void.

"Say, why do you want to shoot this seat?" Qin Chenhan said.

"Misunderstanding, this is a misunderstanding..." The respecter hurriedly explained, followed by a stern scream. Qin Chen didn't listen to the nonsense of the other party at all, and directly exploded his legs into nothingness, and at the same time pinched his legs. The message jade slip on his body, the soul penetrated into it, and instantly felt

The message in it.

what?

Qin Chen, who sensed the information inside, instantly set off a huge wave in his heart.

Damn it! Qin Chen was furious. He felt that something was wrong before, so he left the entrance area for the first time. He didn't expect that, as he guessed, the person who entered the Vientiane God's Treasury would inevitably enter from which entrance. Which one enter

Mouth to leave.

And now, all races are searching for their own tracks, and have locked the entrance where they left.

The masters of the ten thousand races are all killing towards the inside, aiming at themselves and plundering their treasures.

"Damn it, it's no wonder these guys are madly attacking any venerable who they don't know, so they are trying to find me."

Qin Chen was furious. In this entrance area, Qin Chen is naturally fearless. He will kill one by one, and kill one pair. However, no matter how strong Qin Chen is, he will not dare to challenge the strong. If any strong Tianzun arrives here, How dare Qin Chen guarantee that he can go from heaven?

Escape from Zun's hands?

"escape!"

"Flee now." Qin Chen understood instantly.

"dead!"

Qin Chen squeezed the earthly master directly into the air, swallowed his soul and origin in an instant, and then quickly fled here.

"hateful!"

He scolded that the previous elder had already passed on the news here, and many venerables who received the message were afraid that he would come to verify it as soon as possible, and he would definitely be exposed.

"boom!"

Qin Chen's blood was released, and the whole person rushed towards the depths of the ten thousand race battlefield without looking back.

On the vast and terrifying battlefield of ten thousand races, stretch of low hills.

"Fast, fast, fast." Qin Chen's speed increased to the extreme.

"The powerful people of the ten thousand races will gather soon, I have to leave quickly, and I got the news too late, I am afraid that the demon clan's Tianzun, the Star God Palace's Tianzun and other strong, must have arrived in the first time. "

Qin Chen's eyes flickered as he kept flying by. This is the disadvantage of his acting alone. If he can join a certain top power, I am afraid that he has received the news for the first time, and he will not entangle here for too long. Although he has consciously left for the first time, he still wastes some Time

between.

Qin Chen's speed increased and he kept flying by.

This time it was an escape.

However, many of the venerables who had received news from the earthly deity had just come out from the entrance and were all nearby. After they got the news, they rushed over and immediately found Qin Chen's trace.

"it's him."

"The master of the earthly master who has never seen before."

"Stop him!"

These tens of thousands of powerhouses attacked Qin Chen frantically, and didn't even bother to care if Qin Chen was the true dragon clan they were looking for, so they immediately attacked Qin Chen.

"Boom!"

The world shook, and the terrifying attack turned into a stream of light, and quickly came to Qin Chen.

"These bastards." Qin Chen's eyes were cold, his body was surging with blood, and his blood was rushing into the sky. The whole person walked out of the void like a blood god, blasted out with a punch, and banged, and Qin Chen's numerous attacks were instantly detonated by Qin Chen. When it came to pieces, Qin Chen turned into a streamer and rushed out directly.

[Chapter 4054: Fatal encounter](#)

"what?"

Those venerables who attacked Qin Chen were all startled. With a punch, all their attacks were exploded. This person was too strong, definitely at the level of the peak earth sage, and even more terrifying than the average peak earth sage. .

"Monstrous Blood Light, I have never seen it before, a member of the True Dragon Clan, this person is definitely the True Dragon Clan member."

The Venerables of the Ten Thousand Clan were excited, and rushed over frantically to stop Qin Chen. Qin Chen took a cold look at these venerables, his eyes were indifferent, and his heart was filled with cold light, hateful, if it were normal times, Qin Chen would have done something with them, but now at this critical moment, Qin Chen can only care about them. ,the first

Time to escape here.

This made these venerables more sure of Qin Chen's identity.

"Stop him, he is the true dragon clan."

"It's definitely him."

Boom boom boom!

Countless venerables of the ten thousand races gathered continuously and surrounded Qin Chen from all directions.

"dead!"

Qin Chen roared, his eyes bursting with blood, and he killed the two venerables who were blocking the front. When the two venerables saw this, they were so scared that they retreated hurriedly.

But how can it be done? With a snort, Qin Chen directly crushed and exploded, and was wiped out.

"Wow!"

Qin Chen burned his blood light, speed blessing to the extreme.

Whoosh!

Xun turned into a **** light flying through the air. At this moment, the two apex Earth Sovereigns of the Sea Demon Race, the Blood Seal Earth Sovereign and the Demon Sword Earth Sovereign, are flying side by side. The main reason is that the battlefield of these ten thousand races is too wide. From the area they reached to Qin Where the dust is, it takes a long time to fly alone,

This is also the reason why the Blood Seal Earth Sovereign and Demon Sha Earth Sovereign have not arrived yet.

Their spiritual consciousness is permeated, searching for the surrounding breath, looking for Qin Chen.

"Look, bloody!"

"Many sages are chasing after the blood light."

"What are they talking about? Are those from the True Dragon tribe?"

"have met."

The Blood Seal Earth Sovereign and the Demon Evil Earth Sovereign saw it at a glance, and they all showed excitement, and swiftly swept towards Qin Chen.

The two of them rushed towards Qin Chen from outside.

Qin Chen is rushing outside!

Naturally, they will be able to see each other and meet, not far away!

"Huh?" Qin Chen also saw the two masters of the Sea Mozu, his eyes condensed instantly: "Mozu, so fast?!"

Whoosh!

Qin Chen continued to fly, only turning a little bit away from the two streamers.

call! call!

But the two powerful auras quickly approached by turning sharply.

"not good."

"He came staring at me." Qin Chen's heart sank suddenly.

"Someone has arrived."

And at this time, the venerables of the ten thousand races also saw the **** earth-sovereign and demon evil earth-sovereign that flew quickly.

"The tentacles all over the sky... is the **** earth-zun, the **** earth-zun of the sea demon clan, and the one next to it is the demon evil earth-zun!"

The venerables of the ten thousand races all said in surprise, and quickly recognized the two of them.

The Blood Seal Earth Sovereign, the Demon Evil Earth Sovereign... are all the peak Earth Sovereign existence a million years ago. I heard that they have also entered the Vientiane God Store. They have already touched the Heavenly Sovereign Threshold, but they have never broken through.

These two people are by no means ordinary peak earthly respects!

Why is the speed of the demons so fast?

All the venerables present were shocked. Although they wanted to stop Qin Chen, it did not mean that they wanted Qin Chen to fall into the hands of the demons. They all represented their own race.

There is also a difference between the Peak Earth Sovereign and the Peak Earth Sovereign. Powers like the Blood Seal Earth Sovereign are infinitely close to the Heavenly Sovereign level masters, and they also possess top treasures. I heard that there is a broken half-step Heavenly Sovereign Supreme Treasure. .

The Demon Sha Earth Sovereign is the peak Earth Sovereign who is good at soul attack and erosion!

"True Dragon people, you can't escape."

"Hand over the Chaos Treasure!"

A low and majestic voice, a domineering voice that invaded the soul, came at the same time.

The Blood Seal Earth Sovereign and the Demon Sword Earth Sovereign are well-known, absolutely not easy to mess with.

"Roar..." Qin Chen also felt the terrifying aura on the two of them. This was a breath far more terrifying than the Yuanhun Earth Venerable. Compared to the Yuanshun Earth Venerable, he touched the threshold of the Heavenly Venerable, but he was hiding in the Vientiane God. In the harvest, in fact there is still some distance from Tianzun

from.

But the two demon races, the Heavenly Venerable aura surging on their bodies is already very terrifying, and they are afraid that they have already condensed the broken Heavenly Venerable aura, and they are definitely more terrifying powerhouses than the Yuanshun Earth Venerable.

"Can't hide it anymore." Qin Chen's gaze narrowed. He knew that his disguise was useless. Since the other party focused on him, he would not give up easily. Roar, Qin Chen roared and instantly transformed into a true dragon clan. In the appearance of a human, a terrible chaos dragon grows behind it

Wing, the chaotic wings shook, crossed an arc, and flew directly in another direction.

"True Dragon Clan."

"He really is a member of the True Dragon Clan."

"Stop him."

The venerables of the ten thousand races were all excited.

The **** earth-sovereign and demon evil earth-sovereign in the distance watched this scene indifferently, obviously everything was under control.

"I'll leave it to you." The blood seal respected.

Demon Sha Di Zun looked at Qin Chen from a distance, a magic light flashed in his eyes. Suddenly, the flow of the surrounding space was distorted, and an invisible soul attack instantly passed through the spatial distance, caught up with Qin Chen, and directly penetrated into Qin Chen's body, and began to erode every cell of Qin Chen. Qin Chen's physical cells contained him. Soul meaning

Zhi, once eroded, Qin Chen is dead.

"Get out!" Qin Chen's soul sea surged and shouted angrily. In the soul sea, the rolling soul aura swept out. At the same time, the chaotic green lotus swayed, and the terrible soul flame quickly filled.

boom!

boom!

boom!

The soul eroded and wanted to invade again and again, but Qin Chen's own will consciousness was extremely strong, not to mention the chaos Qinglian guarding him, no matter what the soul eroded, Qin Chen could not be shaken. Demon Sha Dizun sat in the distance looking stupidly in mid-air with satisfaction, but flew in one direction according to his habitual surname, and Qin Chen, whose resistance was getting slower and slower, immediately transmitted the sound to the **** zun beside him: "I feel that it should not have been able to erode success, no

While he resisted my soul attack, he was also affected, so I will leave it to you. "

"Hahaha, just look at me." The **** seal of Di Zun drew a stream of light and rushed directly to Qin Chen in the distance.

The Demon Lord also followed behind. "True Dragon Clan!" The Bloody Land Sovereign held up the ancient blood-colored spear in his hand. The magic pattern on the gun began to show countless demon rules and secret patterns, and a monstrous Demon Clan breath enveloped the Bloody Land Sovereign. Vaguely with blood, so bloody

Zun's eyes gradually turned crimson and crazily, exhaling endless evil spirits, and at the same time quickly approached Qin Chen.

"give me--"

"dead!!!"

The Blood Seal Earth Sovereign screamed frantically, and the power of the peak Earth Sovereign body was completely burned, and a large amount of terrifying energy poured into the spear in his hand, suddenly swinging the weird spear in his hand.

puff! The tip of the spear was like blood black lightning, piercing directly at Qin Chen who seemed to have just awakened and only had time to close the dragon wings to protect himself.

[Chapter 4055: Black Sand Scale](#)

"Chang!" The tip of the gun is powerful against the sky. Wherever it passes, the stability of the space on the battlefield of ten thousand races is directly distorted, producing spatial rotating ripples visible to the naked eye, and finally stabbing Qin Chen's wings. .

"Haotian Divine Armor!"

Qin Chen roared and buzzed in his heart. Black light waves surged out of his body. These light waves became dense scales, which appeared on the surface of Qin Chen's body, causing the dragon scales all over him to become The color of darkness.

After breaking through the Venerable, the function of the Haotian Divine Armor was more developed by Qin Chen, and it could already be changed.

Bang! ! !

This blow was powerful.

At the moment when the Haotian Divine Armor was formed, it had already bombarded Qin Chen. Qin Chen was like a meteor, which was directly hit by the impact and flew away.

"Quickly chase, don't let him use his strength to escape." Bloody Zhang Dizun even said.

Whoosh! Whoosh!

Demon evil spirits and blood seals were chasing after them.

This terrible impact continued to blast into Qin Chen's body, raging under the weakening of the Haotian Divine Armor. "It's so powerful." Qin Chen felt his own damage as the impact turned into a shooting star and flew away. "This is just touching the strength of the strongest person on the threshold, so truly How terrible would the strong Tianzun

? "

Qin Chen's body kept emitting a rumbling roar, and the terrifying **** aura continued to penetrate into his body, conveying vast courage and aura.

This made Qin Chen's expression solemn, and the strength of the two Demon Race masters who blocked him was stronger than he had imagined.

"Master, this is a master of the Sea Demon Race. The Sea Demon Race is a second-tier race in my Demon Race, but in ancient times, it used to be the top Demon Race at the same level as the Dead Demon Race."

The Lord of Abyss Demon explained. "These two guys, one should be the sea demon blood medal change in the sea demon clan, and the other is transformed from the sea demon shark. The sea demon shark's innate and magical power is soul attack, as for the blood spear in the sea demon blood medal. It should be a half-step Tianzun device

, Should be formed by the failure of refining a certain Tianzun artifact, so it can cause great damage and penetrating effects to the owner's body. "

The Lord of the Abyss was once the heir of the Abyss, and he knew all the members of the Demon Clan extremely well, so he could naturally give Qin Chen many suggestions.

"Half-step Heavenly Venerable, it's no wonder that the power of the scarlet spear is condensed like a diamond, almost piercing my defenses, even the terrible **** impact still rages in my body, and is finally annihilated by my Lord's chaos origin."

Qin Chen squinted: "Just taking it just now caused me a little damage."

Compared to Qin Chen's terrifying resilience, and the powerful Chaos True Dragon body, this damage was not worth mentioning.

But Qin Chen was still shocked, and his heart sank. This is not a real Tianzun master and a real Tianzun treasure. It already possesses such power. What's more, it is the power that is weakened by about 80% by his Vast Sky Divine Armor. If there is no Vast Heaven Divine Armor, it is just Ordinary bodyguard

Armor, I'm afraid it can weaken one or two achievements.

Eighty percent and one-two percent, the difference is several times.

If all the power of this blow poured into Qin Chen's body, he might be injured.

The key is that the opponent is not a true Tianzun master yet, so what about replacing him with a real Tianzun?

Qin Chen originally thought that with his own strength, he might be able to compete with a master of Tianzun, but now he deeply understands that with his current strength, it is far from enough to fight a master of Tianzun.

"Well, is this true dragon tribe okay?"

Qin Chen was shocked, but the Bloody Zun, who was quickly chasing behind him, was shocked, his eyes rounded.

"With this blow of mine, the ordinary pinnacle can be killed with one blow, even if he is the same half-step Tianzun like me, I am afraid that he will be injured, but now..."

call out!

Qin Chen's wings flicked, a thousand years of light merged into his body, hum, the whole figure turned into a stream of light, and the speed continued to soar.

"What a fast speed." The Blood Seal Earth Sovereign continued, "Devil Sha Earth Sovereign, hurry, stop him."

"Give it to me." The evil spirit earth respected Qin Chen who was fleeing in the distance, and once again used the soul attack method. The dark souls flowed like a big net, blocking Qin Chen's body, wanting to affect Qin Chen, but This time... Qin Chen's speed is not at all

With the slightest impact, and speeding up, the whole figure turned into a light.

"The other party is completely unaffected by my soul attack?" Demon Sha Di Zun showed shocked expression.

"You got fooled." The Blood Seal screamed through the voice transmission, "It seems that he was not affected at all just now. I am afraid he is defending himself against the sky. He came to pick me up deliberately and wanted to test my strength... , How dare you play Oden like this!!!" "Mosha Dizun, you immediately stop him, I want him to know the consequences of playing with me!" Bloody Zhang Dizun roared lowly, with blood in his eyes. After possessing the Sleepy Demon Gun, his hostility is getting stronger and stronger, and he can usually control it, but

Once detonated, you will be completely mad.

And he, who is furious, will also be the most terrifying.

The Demon Lord also looked indifferently at the figure of Qin Chen in the distance, immediately waved his hand, swish, and a long river densely packed with billions of black sand appeared. The long river composed of these black sands turned out to be scales. The Demon Shark is changed by the Sea Demon

Shark, and the name of the shark is because their scales are like sand, extremely fine and sharp, and the long river of black sand he displayed is the black scales that he shed. Formed by A, the vast

The long river of black scale armor quickly swept towards Qin Chen.

He is not only terrible soul attacks, but also powerful weapon attacks.

I saw the vast river, covering Qin Chen across the sky.

"Not good." Qin Chen, who was fleeing quickly, saw the crowd of hundreds of millions of black shadows flying behind him, and knew it was not good.

These long rivers of black sand contained a terrifying aura of the venerable, and the faint coercion in it even contained the aura of the heavenly venerable.

"True Dragon Sword River!" Qin Chen immediately propped up his wings, the wings exuding chaos aura grew wildly, countless true dragon sword aura shot out from him, and also turned into a river of sword aura, resisting him. . With a bang, the True Dragon Sword River and the Heisha Changhe quickly collided, and suddenly there was an earth-shattering roar. These black sands were almost everywhere, piercing Qin Chen's body from all angles. These black sands seemed small, but grains. But the same

Like a dagger with a handle, every grain of gravel and scale armor slammed into Qin Chen's body with a terrifying impact like a star.

boom!

Qin Chen was tumbling out, the sword aura clanging loudly, two long rivers, one vast and one dark, collided crazily. Being blocked by this black sand river, Qin Chen's speed dropped sharply, and the Demon Sha, the Blood Seal Earth Sovereign who were chasing behind, quickly approached.

[Chapter 4056: withdraw](#)

"Two hateful guys, still chasing after!"

"I am here with the Haotian Divine Armor, the two of them thought they could do anything to me?"

"Before, I just wanted to feel the power of this half-step Tianzun strongman, so I deliberately pretended to be affected by the soul attack. Otherwise, I really thought it could attack me?"

"I also used this long river of scale armor to stop me, huh, if I urge the Void Mirage Bracers, induce the evil sword ring and the endless evil power, combined with the chaos true dragon sword energy, it can be much stronger than this guy's black sand river attack." Qin Chen glanced indifferently with his head to the rear. He didn't regard the Blood Seal Earth Sovereign and the Demon Sword Earth Sovereign as a threat at all. Although he had not broken through the Earth Sovereign realm yet, his attack was not considered against the sky. Powerful body, fully sufficient

In order to make the devil evil earthly respect and the **** earthly respect two despair.

I just wanted to feel the power of Tianzun in the second half of the step. Now that I have felt it, I naturally have to leave.

"Anyway, I have to get rid of the two of them, otherwise I will be trapped by them. Once the gods arrive, then I will be in trouble."

"But if you want to get rid of them, I am afraid that it is possible to teach them a tough lesson first."

"Roar!"

Qin Chen suddenly roared and boomed, and the wings behind his back suddenly closed, turning into a real dragon and dashing into the sky.

A true dragon has no wings. It has two wings. It is a demon dragon. If a true dragon wants to perform the strongest attack, it will naturally restore its true dragon form.

boom! The true dragon that Qin Chen transformed into no longer flees, but turned around, staring at the evil spirit earthly master and the blood-scared earth-sovereign with cold eyes, and rushed towards the two of them. This immediately made the blood-scared earth-sovereign overjoyed and shouted: "The stupid true dragons are looking for death, I

Naturally satisfy your wishes. "

boom! The Blood Seal Earth Zun under the power of Burning Venerable directly greeted Xiang Qin Chen.

"Through the sky!" Qin Chen waved his sharp claws with a bang. Above the sharp claws, the chaotic aura surged, like a pillar of heaven, he grabbed and photographed towards the blood-stained goddess behind.

"Hahaha..." There was a layer of blood in the eyes of the Blood Seal Earth Sovereign, and the entire sleepy demon spear in his hand was covered with a layer of blood, completely entering the craziest state.

Huhuhu! In his body, tentacles filled the sky, rushing towards Qin Chen.

It's like the collision of two planets!

boom! Void shook, and I saw Qin Chen roaring and using that sharp claw to grab again and again, while the blood seal of the earth dodges again and again while madly stabbing the spear in his hand. The way he stabbed the spear is very strange, more and more every time. Hurry up, the breath of the Lord

Becoming stronger and stronger, the power of the spear also skyrocketed.

"Puff puff puff..."

Fight thousands of tricks instantly.

The Blood Seal Dizun first retreated violently, the blood in his eyes had dissipated, and instead of the previous tyranny, some were furious. "What's going on? Blood seal, the Heaven-shaking magical powers of your Sleepy Sky Demon Spear are useless?" Demon Sha Di Zun flew over, "Your Heaven-Smashing Heavenly Powers use the special Heavenly Lord material secret method contained in this Sleepy Sky Demon Spear. Urge, and will burn your noble source,

With so many guns down, didn't it mean that I couldn't hold back a strong person at the Tianzun level for half a step, and failed to kill this kid? "

With these thousands of strokes, the blood-scared earth-zun frantically urges the origin in his body. Every time he makes a shot, the origin consumes a part. With so many moves, his origin burns a few percent, and the aura in his body has been consumed. a lot of.

"This, this..." The eyes of the Blood Seal Earth Sovereign were full of anger, "Impossible, impossible, I, I consumed a full 5% of the Sovereign origin, enough to kill all the peak Earth Sovereign powers. , But the aura of this true dragon tribe hasn't weakened!"

The Demon Evil Earth Sovereign and Blood Seal Earth Sovereign looked at Qin Chen in the distance in anger. Qin Chen glanced at them coldly and snorted at the same time. At the same time, the mighty river of chaotic sword aura suddenly swept away. At the same time, in Qin Chen's body, horrible devil sand surged out. , Displayed with the Demon Lord

The Heisha Changhe of the city is very similar, but it is many times stronger than the black Changhe that the other party displays.

The vast demon sand swept across, covering the world in an instant. For a time, the demon evil earth sage and the blood seal earth sacred completely fell in it, and their expressions changed greatly: "This is...the sand of the devil?"

The billowing sand of the demon instantly swept toward this demon evil earth respect and blood seal earth respect.

"No, go back!"

The evil spirit earth sovereign and blood seal earth sage retreated madly, and a river of black gravel appeared in the hand of that evil spirit earth sage, and the vast river hurriedly resisted in front of him.

And the **** tentacles rushed out of the **** tentacles, and each of these tentacles reached the sky and the earth, exuding a palpitating aura, blocking him in front of him.

puff! puff! puff!

The sand of the devil condensed the growth whip, and drew it crazily towards the **** of the evil spirit and the **** of blood. The terrifying demon aura contained in the sand of the devil continued to penetrate into the two of them.

"Sleepy Demon Spear!"

The Blood Seal Earth Sovereign roared, and the dazzling blood burst out from the spear in his hand, and stab Qin Chen with a crazy shot.

boom!

The blood light condensed into a pillar that opened up to the sky, descending directly and piercing Qin Chen.

"Humph!" Qin Chen snorted. In his body, the Wanxing Bell and Haotian Drum were energized instantly. Boom, he heard the sound of a shocking drum. Qin Chen suddenly realized that Haotian Drum and Haotian Drum were on him. Haotian Divine Armor actually has a certain connection, although it is not with Xu

The mirage bracers were general, completely belonging to the Haotian Divine Armor, but there was indeed a certain secret connection between the two.

Boom!

The Haotian Drum vibrated, snorted, and the invisible power swept out, the blood-scared earthly respect and the evil spirit earthly respect changed color, and a mouthful of blood was spit out together.

"Damn it! Withdraw!"

The Demon Evil Earth Sovereign and the Blood Seal Earth Sovereign were so frightened that they could no longer chase Qin Chen. The source of their bodies surged wildly, directly rushing out of Qin Chen's shackles, burning the original source, and fleeing here instantly.

"Hmph, these two guys are indeed somewhat capable." Qin Chen's eyes were cold, watching the departure of the Demon God and the Blood Seal, his eyes showed chills, but he did not chase them, the Demon God The strength of the Blood Seal Earth Venerable is no small thing, and they are much more terrifying than the Deep Soul Earth Venerable

The strong, want to kill the two of them, it is not small.

The key is here, the Ten Thousand World Demon Tree and other trump cards can't be used at all. Instead of wasting time, it is better to leave here quickly.

Whoosh!

Qin Chen's figure shook, his body suddenly turned into a light, and he quickly left here.

The top priority is to leave and hide.

"Neither the Demon Sword Earth Sovereign nor the Blood Seal Earth Sovereign could stop that guy?"

In the distance, the many venerables of the ten thousand races who had tracked Qin Chen before had their eyes widened, showing incredible expressions. Qin Chen's strength far exceeded their expectations, and for a while, they did not dare to continue to track them up to find Qin Chen's troubles.

[Chapter 4057: Ancient Chin Secret Realm](#)

Above the battlefield of the Ten Thousand Races, the Demon Evil Earth Sovereign and the Blood Seal Earth Sovereign looked at Qin Chen who was leaving, staring at each other with horror and solemnity in their eyes.

"This son is indeed somewhat capable. It is no wonder that so many powerful people can be killed in the Vientiane Divine Treasure, and even Yuanhun Dizun they have died in his hands."

The Blood Seal Dizun's eyes were cold, and he said in a low voice: "This person's defense is probably stronger or not weaker than mine."

"What should I do now?" The evil spirits looked at the blood seal in a cold voice, "If the Molten Flame Tianzun knows that we have played against him, let him run away, I am afraid it will be a big trouble."

The two strong men looked at each other.

Big trouble! They only knew that Qin Chen had killed Yuanhun Dizun and others in the Vientiane God Store, but they never thought that Qin Chen was so terrifying. Not afraid of the physical body of the demon spear, top-level soul defense, and treasures such as the sand of the devil. These factors combine

Come, enough to make them desperate for these half-step Tianzun. "We can't help it." Demon Shadi said with respect, "With the strength of the two of us, that kid is enough to hurt us. If we get closer, we will be in danger. However, the most urgent thing is not to let He runs away. Otherwise so many people see

We moved our hands, if Molten Flame Heavenly Venerate knew about it, you and I would not escape punishment. "

Hum!

But at this moment, the messenger jade slip on the blood seal earthlyzun suddenly lighted up, and he quickly took out the jade slip, and when he checked it carefully, his expression suddenly changed.

"What's wrong?" Demon Sha Earth Sovereign looked over.

"Master Molten Flame Heaven is about to arrive. The most urgent thing is to keep an eye on the real dragon guy and never let him run away."

boom!

The words of the Blood Seal Earth Sovereign fell, and immediately blasted out, flying quickly towards the place where Qin Chen disappeared.

In the message, the Molten Flame Heavenly Sovereign has arrived at the fastest speed, and the Demon Race is one of the top strengths in the universe. It needs to arrange a round and several can escape.

In the vast ancient forest of the Primordial Star of the Ten Thousand Clan Battlefield, Qin Chen lurked in it, with a trace of worry in his eyes.

"How to do?"

"The original plan no longer works."

Before Qin Chen knew that all the races were chasing him, he immediately decided to escape. At that time, his plan was to escape this area and leave the battlefield of the races far away.

However, the appearance of the Blood Seal Earth Sovereign and others caused Qin Chen to wake up in an instant, and the plan to escape from here was completely unworkable. Although the battlefield of Ten Thousand Races is vast recently, if powerful forces such as demons, human races, and monster races come in the first time, no matter which direction you run, you will be in danger. Respect him with the evil spirit

We met head on.

This time it was okay, what Qin Chen encountered was only the **** respected them, but if he met a Tianzun next time, it would be completely over.

Therefore, after a battle with the Blood Seal Earth Sovereign and Demon Sword Earth Sovereign... but Qin Chen immediately changed his plan. "They both flew here to find me. Obviously the movements of the various races are very fast. It is estimated that the Demon Race and they have already started the arrangement at the first time." Qin Chen secretly said, from the Blood Seal Earth Sovereign, Demon Sage Earth Sovereign and himself Engagement can be determined-the layout of the demons is very early!

I'm afraid that the Tianzun of the demon race has arrived as soon as possible, and the intelligence of the Star God Palace and other races is not much worse than that of the demon race.

Qin Chen felt a chill in his heart. From this point of view, he was afraid that many top experts had already been eyeing him.

"I am now running to the outside of this area. It is destined to be an act of death. It is purely for sin and suffering. Although the battlefield of all races is vast, there are many strong ones. All races must come from their respective camps, enough to bring this place. The blockade is too watery."

"then what do I do?"

Qin Chen thought in his heart, "Running to the outside world is dangerous, and hiding in this area is also dangerous. With the power of the gods and the means of the tens of thousands of people, I am afraid that I can turn this place upside down, even if I hide harder. Will be found out."

"Unless, I can break through the realm of earthly respect."

Qin Chen's eyes bloomed with cold light.

He has already understood the gap between himself and the strong Tianzun. With his current ability, it is extremely difficult to escape Tianzun's pursuit.

The point is that Qin Chen doesn't know how many powerful people have been sent by the ten thousand races. If all the races are focusing on him, then I am afraid that there will not be only one heavenly master.

If he was chased by a Heavenly Lord alone, Qin Chen might still have hope of escape, but if several Heavenly Lords besieged him together, Qin Chen could not imagine how he could escape.

Unless breaking through the realm of respect.

"As long as I can break through the earth, my strength will surely advance by leaps and bounds, and then..."

Qin Chen's heart was extremely calm, and now he was only one step away from the realm of the earthly respect, and it was not impossible to break through the earthly respect.

"Human race boy, if you want to break through the earth, blood river and I can help you." Honghuang Ancestral Dragon said in a deep voice in the chaotic world.

"Master, I can also help." The master of the abyss said.

He was also a former Tianzun pinnacle powerhouse. Although his cultivation level had fallen a lot, his realm far surpassed Qin Chen now.

Honghuang Zulong and the others were also very depressed. They didn't expect to encounter such trouble when they first came to the outside world.

Qin Chen's eyes were solemn.

In this way, breaking through the earthly respect is undoubtedly the best way.

"However, a breakthrough here is absolutely impossible."

Qin Chen glanced around. It was too dangerous. If the Demon Race Heavenly Sovereign arrived, he would be able to search for it soon. Qin Chen didn't dare to take the slightest chance with a top-level clan.

"If I want to break through the earth, I must hide in a relatively safe place."

Qin Chen suddenly took out the map of the battlefield of ten thousand races.

On the map, there are many places in this area.

"Ok?"

Suddenly, Qin Chen's eyes fell on one of the areas.

Ancient chin secret realm!

Qin Chen thought about it, and his eyes brightened.

This ancient chin secret realm is one of the top secret realms in this area, and it is dangerous, even if the strong Tianzun enters, he dare not take it arbitrarily. "According to the truth, the camp of the Demon Race is far away in another place. This place is a neutral area. Even if there are people from the Demon Race, they will only be ordinary Demon Race powerhouses, like the Blood Seal Earth Sovereign and the Demon Sword Earth Sovereign. This half-step Tianzun level powerhouse came here

Here, there is only one possibility, and that is to enter the ancient chin secret realm. "

Qin Chen's eyes lit up suddenly.

"Everything has been explained. The Blood Seal Earth Zun and the others are adventuring in the ancient chin secret realm. After receiving a message, they came here before they can arrive before the Demon Heaven Zun, and the time is right."

"In that case, at least for a short time, the ancient chin secret realm should be safe."

In an instant, Qin Chen made up his mind that the ancient chin secret realm should be the most suitable place for him to break through the earthly respect.

"It should be able to hold back some time."

Whoosh!

Qin Chen set off again in an instant, quietly skimming towards the ancient chin secret realm.

Boom boom boom!

And when Qin Chen went to the ancient chin secret realm to break through the earthly respect realm, streams of light swept across the void in all directions from this area. Just as Qin Chen had expected, the powerhouse of the ten thousand races approached this area from all directions. If Qin Chen wanted to rush out of here, he would definitely meet them.

[Chapter 4058: Real Dragon Patriarch](#)

At this moment, a well-known master has gathered here and quickly approached.

"That kid is in this area."

"We have received news that the demons of the demons and the blood seal have already come to this area first, and have already met the kid, and there has been a battle."

"What? The Demon Lord and the others have come here and fought the guy from the true dragon clan? Could it be that the guy from the true dragon clan has fallen into the hands of the demon?"

In all directions of this world, a number of masters came one after another, murderous, exuding terrible murderous intent, communicating with each other.

When Qin Chen and Demon Sha Di Zun fought against them, a lot of patriarchs gathered around them, so the news spread out in the first place.

"That's not true. It is said that the true dragon clan is extremely abnormal. The Demon Sha Earth Sovereign and the Blood Seal Earth Sovereign have never taken him down, but let him run away."

"what?"

Many strong people who received the news were palpitated and dumbfounded. Both the evil spirit and the blood seal are the top powerhouses in the sea demon clan. It has been many years since they have touched the realm of the sky. It is not an exaggeration to be the strongest under the sky, let alone the blood seal. Rumor has it that there is also a half-step Tianzun device.

The big strong teamed up and didn't stop the kid.

This.....

hiss!

Many people took a cold breath and gained a new understanding of Qin Chen's strength. It is no wonder that Qin Chen was able to kill Yuanhun Dizun and others in the Vientiane Divine Hidden. When did the True Dragon Clan appear such a strong against the sky Up? However, the stronger Qin Chen is, the more excited these powerhouses are. Those who can enter the Mysterious Realm of the Vientiane God Hidden are the strongest ones, but the Peak Earth Venerable, even if they get a certain benefit and have a breakthrough in their cultivation, they will be the best. Most of them touch the threshold of Tianzun

, No matter how strong and amazing the talent, you still need to consolidate the cultivation base after leaving, it is impossible to be much stronger than the demons and the evil spirits.

After all, the Demon Evil Earth Sovereign and the Blood Seal Earth Sovereign were also masters who entered the Vientiane God Store, but now...

Chaos treasure!

This person must have gained some top-level benefits and treasures from within that dark star, otherwise, how could he escape from the hands of the **** earthly master and the evil spirit earthly master.

Suddenly, the forces of the tens of thousands who received the news were all excited. They had already regarded Qin Chen as a great moving treasure. As long as Qin Chen was captured, it might not necessarily be possible to directly give birth to a Heavenly Venerable.

"The top priority is not to let the true dragon people leave here."

Boom boom boom!

A well-known strong man flew everywhere, swiftly moving in all directions, guarding every corner of this area, and preventing Qin Chen from fleeing here.

Although all races wanted Qin Chen, the interests of all races were the same in this matter.

With the fermentation of the Vientiane God Tibetan affairs, the news here quickly spread to all corners of the universe.

Here is a hidden void, lonely and cold, with huge meteorites floating in the void, like a dead sea of night, exuding a cold atmosphere.

Boom!

And at this moment, suddenly, a burly figure in the void suddenly appeared. This figure exuded a breath of heaven, like a god, step by step to the deepest part of the lonely universe, and then bowed down respectfully.

"Old Ancestor!" As the figure's voice fell, a pair of blood-colored eyes suddenly appeared in the endless void of loneliness in the distance. These blood-colored eyes were too huge, as if the entire universe in front of them, with blood-colored eyes. Horrible blooming in

The breath, the huge meteorites, the stars, in front of the suspended **** eyes, are like grains of sand, extremely small.

"Isn't the ancestor already handing over all the affairs of the clan to you? As the patriarch of the true dragon clan, as long as it is not something that endangers the survival of my true dragon clan, you can decide."

The owner of the **** eyes said coldly.

"Ancestor, things are different this time. Although it's just a member of my true dragon clan, it may be an enemy of the ten thousand clan."

The burly phantom hurriedly said.

"Oh?" Bloody eyes shone coldly, "Let's talk, what's the matter?"

The owner of these **** eyes is the ancestor of the true dragon clan today, the ancestor of the true dragon.

However, he had no matter what happened many thousands of years ago, and the current True Dragon Clan is the current patriarch of the True Dragon Clan. "My ancestor, because of the Vientiane God Store, a disciple of my True Dragon Clan entered the Vientiane God Store, opened one of the secret realms, and killed the leaders of many forces such as the Abyss Demon Race and the Human Race Star God Palace. , Got this time Vientiane God

A certain heaven-shattering treasure in the hideout is the most precious treasure of Chaos, but now he is being chased by the ten thousand races on the battlefield. "

"The Chaos Supreme Treasure? Could it be that secret realm in the Vientiane God Treasure?"

A divine rainbow suddenly appeared in the blood-colored eyes of the true dragon ancestor.

"Ancestor, do you know that secret realm?"

Real Dragon Patriarch said in astonishment. "I understand that the Vientiane God Store is the secret realm of the ancient universe. In the depths of the Vientiane God Store, there is a chaotic galaxy that contains the power and aura of the original universe. There are also many ancient treasures in it. What really got is that

The treasure in the secret realm is not a trivial matter for fear of being a future achievement. "The blood-colored pupils stared coldly at the true dragon patriarch, and rumblingly said: "Since this thing was acquired by my disciple, what else are you here to report?" Wouldn't you bring this person back to my true dragon secret land? Unexpectedly, my ancestor has been in retreat for so many thousands of years.

A talented tribe, in which line does he come from? "This is what the subordinates want to report. "The true dragon patriarch has a strange face: "Nowadays, both humans and demons are trying to win over our clan, and they are eyeing each other on the battlefield of ten thousand races, tit-for-tat, my true dragon clan wants to not mix with it, and at this time it is my true dragon clan sage.

When the earth was opened, so this time in Vientiane God Treasure, my true dragon clan never had any disciples in it, and I investigated, that Long Chen was not a disciple of my true dragon clan ancestor land. "

"what?"

The ancestor of the true dragon was instantly astonished: "Could it be that they are the people of my clan drifting outside?"

The universe is vast and boundless, and the true dragons have always been hidden. Therefore, very few people know about the ancestral land. For hundreds of millions of years, there have been countless disciples of the true dragons scattered everywhere in the universe for various reasons, unable to return to the ancestral land.

For hundreds of millions of years, there have been quite a few True Dragons who have drifted in the universe.

"Then what are you waiting for?" The real dragon ancestor's eyes were cold, booming, and a terrifying aura swept out. Stars and meteorites burst into pieces, and the stars in the sky were directly exploded. .

"Even the people of my true dragon clan scattered outside, even if they have never returned to their ancestors to be baptized, but as long as they are the true dragon clan, they are my clan members. How can you allow others to slaughter them wantonly? You immediately set out to bring him back."

Real Long Ancestor said coldly. "Old ancestor, my subordinate understands that although the subordinate has sent the nearest tribe on the battlefield of ten thousand races, but this tribe is quite far away, plus the demons and other forces have already acted before I waited. , Now it can only be resigned to fate." The true dragon patriarch sighed.

[Chapter 4059: Heaven comes](#)

Ten Thousand Races Battlefield

A core area is dangerous, the world is dark, and there are ancient mountain peaks everywhere. On the black ground, the gravel is rolling, and the dark soul beasts roar, staring at a vast river in this core realm.

This river, full of gold, exudes the breath of a vast real dragon, like a turbulent long river, constantly rushing, like a moat, dividing many soul beasts.

These soul beasts will be annihilated and swallowed by the golden river when they are near here, and they will be crushed and turned into nutrients.

This golden river has been here for hundreds of thousands of years, and the top soul beasts that had been heard to change color in this dangerous place have been swallowed a lot and become an endangered species.

This place is a dangerous place for the Ten Thousand Races battlefield that even the Peak Earth Lord dare not rush into.

And today.

"Boom!" The vast golden river that had been sitting here for hundreds of thousands of years suddenly disappeared out of thin air, turning into a series of dragon scales and quickly draped on a towering figure of tens of thousands of feet, Jinlong Tianzun, and saw the golden dragon Tianzun wearing it. Ten thousand scales, golden eyes,

Suspended in this pitch-black mid-air, like a scorching sun, it bloomed with endless divine light, looking at the void from a distance.

"The head of the patriarch told me that a genius of my true dragon clan was lost in the Vientiane God Treasure this time. Ten thousand clan hunted and killed him and ordered me to go to rescue."

"Interesting, for tens of thousands of years, I have never seen such a genius in the true dragon clan. I was able to suppress the ten thousand clan in the Vientiane God Tibetan experience."

boom!

Jinlong Tianzun immediately took a step in the void... and disappeared.

"Where is Wanlinhe?"

"The Wanlin River has disappeared."

"Could it be that the **** fellow of the true dragon clan has left our secret realm?" The countless soul beasts in this black and dangerous land found that the mighty and mighty golden Wanlin River that had suppressed itself for hundreds of thousands of years had disappeared. After a long time, they finally woke up, this true dragon clan powerhouse has indeed left. Since this true dragon clan guy came here hundreds of thousands of years ago, their soul beasts have fallen into extremely miserable days. , This guy always

Let's leave.

A place sealed off by the Sea Mozu Jialan Dizun.

A streamer quickly approached. "Blood Seal Earth Sovereign, you finally came back, I got a message before, you two fought against Long Chen of the true dragon clan? The result was repelled by the opponent, what is going on? What about people?" Jialan Dizun looked ugly

Said anxiously.

"How can this news spread so quickly, those tens of thousands of people, damn..." The Bloody Sovereign snorted coldly, his face ugly.

"That True Dragon Clan is indeed very terrifying. Both I and Demon Sha Dizun underestimated him, and neither teamed up to take him down." The **** Zun Dizun said with iron.

"Where is he now?" Jialan Dizun changed his color.

"The Demon Lord and I went to track him the first time, but unfortunately let him run away. Now the Demon Lord is still searching for the traces of the true dragon people. I will come back first and block it from another direction. "Blood Zhang Dizun gritted his teeth.

Hearing this, Jialan Earthly Sovereign knew instantly that the Blood Seal Earthly Sovereign and Demon Sha Earthly Sovereign should have failed.

"Damn it." Jialan Earth Sovereign was shocked for an instant. If the Molten Flame Heavenly Sovereign arrived and learned that they had let the kid run away, I was afraid...

at this time--

boom!

Suddenly a figure appeared in the distance ahead.

"It's a master of the Yaozu."

"There are also human masters here."

Jialan Earth Sovereign and Blood Seal Earth Sovereign suddenly raised their heads, and saw some strong men of other races descending one after another, all top masters of similar level to them.

This shows that the powerhouses of the other ten thousand races have also arrived one after another. Seeing Jialan Earth Sovereign and Blood Seal Earth Sovereign nearby, the eyes of the masters of these races were bright. They also received the news of the previous Blood Seal Earth Sovereign and Demon Sage Earth Sovereign fighting Qin Chen. Respect here, you will immediately understand, Qin Chen It is also very likely to be nearby.

"Damn, the masters of other races have arrived, our time advantage no longer exists."

Jialan Dizun's face changed slightly, and his heart became more nervous.

It would be okay if they had captured Qin Chen in the end, if the True Dragon tribe was finally captured by the human or monster tribe, the three of them were afraid that they would not escape punishment.

With the passage of time, some of the nearest ten thousand clan powerhouses arrived one after another, and many powerhouses were still on the way, and they formed a huge encirclement with tacit understanding, sealing many areas. If it is a master of the demons, humans, or demons who have obtained the Chaos Supreme Treasure, although the ten thousand races will also covet it, they may not be treated as a grand ceremony. After all, the human and demons are too strong. I want to siege these two

The top masters of the clan must be prepared for the battle.

However, the identity of Qin Chen's true dragon clan made the eyes of the tens of thousands of people fierce, as if staring at a piece of sweet steamed bun. Although the true dragons are also top races in the universe, in terms of strength, they are much stronger than many ordinary races, but because they do not participate in the battlefield of ten thousand races at all, they often live in seclusion, which makes ten thousand races awe of the true dragons, far inferior. magic

The top races, such as the tribe, human race, and even the monster race.

Qin Chen's figure was like electricity, turned into a thousand-year-old light, escaped the detection of many divine senses, and quickly came to the dark place.

Rumble!

What caught Qin Chen's eyes was a terrifying and dangerous place with countless black cyclones, these cyclones exuded the coercion of destroying everything, like ocean waves, surging and pulsing.

Ancient chin secret realm!

Qin Chen's divine consciousness swept into these black cyclones, and was instantly fragmented, becoming very weak, weakened by more than one tenth. "This is the ancient chin secret realm. It is rumored that there are countless dangerous places on this ten thousand race battlefield. These dangerous places have been formed during countless years of various wars on the ten thousand race battlefield. There are many treasures left in some secret realms. Although dangerous, they are also Some repairs

The top place to practice. "Qin Chen's eyes flashed.

"And this ancient chin secret realm is dangerous, but there are almost no treasures, so there are few strong people coming, but the master of the sea demon clan should cultivate here not long ago."

"I hope this can stop the ten thousand races from pursuing and killing them."

Qin Chen squinted his eyes and gradually approached the ancient chin secret realm, looking for a breakthrough.

And at this moment--

"boom....."

An incredible coercion instantly fell on the battlefield of the ten thousand races, and diffused away. Qin Chen, who was outside the ancient chin secret, instantly sensed a terrible aura coming and swept away. It was a kind of completeness to the entire world. control! "Control one side of the world?" A trace of horror flashed across Qin Chen's eyes, he knew...there was heaven, it had come!

[Chapter 4060: Ting Tian magic bell](#)

On the battlefield of Ten Thousand Races, in the void overhead, a towering figure was slowly landing, stepping on the wilderness. His body is majestic, covered in armor like molten flames, his eyes are gloomy like an abyss, his body is burning with billowing magical melting flames, and that melting flame one eye is as if he could see all the movement on the battlefield of ten thousand races instantly, allowing the surrounding space All

Shuddered.

boom!

The entire area of the Ten Thousand Races Battlefield, no matter how much it exists, felt an inexplicable breath coming down and enveloped it.

"No, Tianzun has come."

"It's Tianzun!"

"Tianzun unexpectedly descended on this ten thousand race battlefield so soon."

The ten thousand clan powerhouses who arrived first were shocked. They had arrived at the fastest speed, but before they could find the true dragon clan, there was a heavenly presence.

They are all top powerhouses on the battlefield of ten thousand races, and they are all terrifying existences that are impacting the realm of Tianzun. The antiques of all races can still have strong heart palpitations when facing the strong Tianzun.

Half-step Tianzun, although some top-level Half-step Tianzun can compete with the most common Tianzun's power.

But the so-called power here... is actually the power of the most common Tianzun's subsequent blow, and it is still the case that the Tianzun does not use the treasure? But, how can the Tianzun not have the treasure?

Therefore, the half-step Tianzun who really dare to provoke the Tianzun, and really dare to fight with the Tianzun... is really extremely rare, and only the top inheritors of the top clans can dare to try this way in the face of some ordinary Tianzun. But you must know that almost none of those who can become Tianzun are ordinary. Each of them is the most amazing existence in this universe. At least there is not such a powerful Half-Step Tianzun among the powerful people of the ten thousand races who are coming. To this powerful

When the breath came, they all understood that it was after the arrival of a heavenly sovereign... everyone's heart sank, and their own light was dormant.

This vast aura spread, and the powerful people in this area were shocked.

Which clan of heaven has come?

Everyone knows that the sooner the Heavenly Lord of any clan arrives, the greater the chance of catching Qin Chen.

boom!

When everyone looked up, they saw a towering figure shrouded in darkness and demon energy descending, the monstrous demon energy sweeping across the world like a vast ocean.

"It's the demon god."

"The Flame Demon Race Molten Heavenly Sovereign."

"The people of the demons came the fastest."

Many people were taken aback.

"It's Lord Rongyan Tianzun!"

The Blood Seal Earth Sovereign and Jialan Earth Sovereign felt this power, and they were also shocked.

Molten Tianzun walked in the void, and the strong men of other races around evaded one after another, not daring to stare at him. If this guy goes crazy, it would be troublesome to do something with them.

Molten Heavenly Venerable stepped into the void, the aura of Heavenly Venerable was permeated, and he came step by step, the space under his feet flashing, and the endless void folds under his feet. In an instant, he had already arrived in front of the Bloody Zun and the others.

"I have seen Master Molten Flame Heavenly Venerate."

The Blood Seal Earth Sovereign and the Jialan Earth Sovereign saw the Molten Heaven Sovereign, their heads lowered, their expressions panicked.

"What about the real dragon kid? I heard that you have already fought each other before?" Rong Yan Tianzun said coldly.

"Master Huimingyan Tianzun..." Bloody Zhang Dizun was trembling with cold sweat and couldn't say a word.

"boom!"

A terrible shock blasted on the blood-scared earth-sovereign and Jialan earth-sovereign, and the two spit out a mouthful of blood. They were blasted out instantly and knelt on the ground with a thud.

"Trash." The faint cold light bloomed in the eyes of the Molten Flame Heavenly Venerable, "I asked you to stare at that kid long ago, but you have to do it. If you let that kid run away, see how your Sea Demon Race apologizes. This kid will be killed. The Lord of the Yuanhun of the Yuanmozu, I'm afraid that even Lord Demon Ancestor

Will pay attention, hum. "

"The Demon Lord should be tracking that kid, I'll wait for it."

The Molten Heavenly Sovereign picked up the Blood Seal Earth Sovereign and the Jialan Earth Sovereign, and in an instant, they crossed the endless distance to the demon evil Earth Sovereign.

In the distance, the powerhouses of other ten thousand races quickly followed the Molten Flame Heavenly Venerate.

The Demon Race is the first strong man to come to this world, and it is possible to find Qin Chen after following the Demon Race.

When the Molten Heavenly Sovereign found the Demon Sage Earth Sovereign, the Demon Sage Earth Sovereign was standing in a valley looking terrified.

"Trash." The Molten Heavenly Venerable knew that the demonic evil spirit must have lost Qin Chen's traces, kicked him out with a bang, and the demonic evil spirit was plunged into the ground. The body is cracked, and there is resentment in my heart, but I dare not say a word,

Just knelt on the ground, shivering, like a quail.

"The true dragon guy should still be near this area. Now that all the tens of thousands of people are blocking his position, I don't believe he can fly his wings."

Molten Tianzun sat cross-legged, a black simple bell suddenly appeared in his hand. On this simple bell is engraved with the power of complex runes. The black magical runes swim like tadpoles, nurturing the mystery of the avenue, which makes people feel like they are trapped in it, as if they are in a silence. Vanishing void

The world has fallen forever.

"Listen to the magic bell!"

Both the Jialan Earth Sovereign and the Blood Seal Earth Sovereign were surprised. The Tingtian Demon Bell is a top-level special treasure among the demons. It belongs to the Tianzun treasure. However, its power lies not in the enemy, but in the detection. It can monitor the movement of all the strong in the world and the detection range. Size and fineness

The degree will vary depending on the strength.

This thing has always been sitting in the demon clan's camp on the battlefield of the ten thousand clan, monitoring the movement of the ten thousand clan nearby, unexpectedly it was brought here by the Molten Flame Heavenly Sovereign.

Hum!

Molten Heavenly Sovereign sat cross-legged, an immense power of demon energy instantly poured into the Tingtian magic bell, booming, the Tingtian magic bell swelled in the wind, and instantly turned into a vast mountain like a mountain, towering majestically.

The quaint bells are like a Primordial Demon Mountain, hovering above the head of the Molten Flame Heavenly Sovereign, quickly rotating, making the sound of jingle bells.

This voice, like an eternal ghost, diffused out, shocking everyone present.

boom!

The terrifying sound wave swept in all directions at an astonishing speed.

"The demons listen to the devil's bell!"

Many people felt palpitations in their hearts when they saw this scene. The Tinging Demon Bell is the treasure of the demons to suppress the big camp. It will only be activated when a critical battle such as the Ten Thousand Clan War occurs to lock opponents. Now, for a true dragon tribe, they finally want to see this Tinging Demon today. The bell shows off

?

The terrible sound waves of the devil's bells filled with astonishing speed.

One hundred thousand miles!

Millions of miles!

Thousands of miles!

...

Listening to the devil's bells diffused extremely fast, and wherever they passed, every strong man felt an invisible force coming, and instantly enveloped himself. Although this force has no harmful effect, it is extremely strange. No matter where each warrior hides, it can be covered by this magic bell of the ears of heaven, and it is impossible to avoid it.
