

Valkyrie 4061

[Chapter 4061: did not find](#)

Many Venerables of Ten Thousand Races have seen these treasures and used various concealment methods to try to avoid the detection of the magic bell. However, no matter what methods they use, such as escape into the void, hide their figure, etc., this ? A special force,

Can cover them.

Even if it is hidden no matter how secretly it is, under the magic bell of listening to the sky, it will be taken care of strictly, and the breath of the body will be captured.

This shocked and stunned all the powerful people around.

The Tingtian Demon Bell is indeed the top detection treasure of the Demon Race. It is simply too strong. Under such treasures, how can the True Dragon Clan evade?

Everyone stared at the Molten Flame Heavenly Venerable with breath-holding, as long as he moved, the powerhouses of the ten thousand races would be alarmed.

In the secret realm of ancient chin.

boom!

At the moment when Qin Chen perceives the arrival of the Molten Flame Heavenly Sovereign, he immediately entered the ancient chin secret realm and continued to deepen.

Rumble!

The terrible black whirlwind continued to shroud his body, trying to annihilate his body.

The ancient chin secret realm was originally a top secret realm. It was dangerous, and ordinary gods did not dare to rush into Qin Chen's body. These forces shattered Qin Chen's body, cutting his body like a sharp blade, causing his The flesh aches.

But in Qin Chen's heart, Extraordinary did not shrink at all, instead, he continued to deepen into the secret realm of ancient chin.

The greater the damage this ancient chin secret realm did to him, Qin Chen was also excited, because only the stronger the storm here, the harder it is for the demon **** to find his existence.

"Puff puff puff..."

Many whirlwinds continuously enveloped Qin Chen.

Honghuang Zulong was surprised: "Hey, this power is a bit weird."

"The power of destruction carries the breath of death, but it is somewhat similar to the power of the Origin Demon Demon Ancestor." The Blood River Saint Ancestor was also surprised.

"Is this the place where a clone of the Origin Demon Demon Ancestor is annihilated?"

Honghuang Zulong and Blood River Saint Ancestor looked at each other.

The Origin Demon Demon Ancestor was also one of the three thousand gods and demons in ancient times, but the power here is very similar to that of the Origin Demon Demon Ancestor. "It's no wonder that people from the Sea Demon Race come here to practice." The Lord of the Abyss Demon also said: "It turns out that it is the power transformed by a certain chaos **** and demon in ancient times. It is indeed beneficial to my Demon Race, but the power in it. Too violent, not below the earth

If you dare to enter, the strong Tianzun absorbs this violent power and the gains are not worth the loss. It is only for those half-step Tianzun who want to break through the Tianzun, but still can't break through, have some tasteless effects. "

Honghuang Ancestral Dragon said: "The power of the source demon can erode the flesh the most, but it is a great help for tempering the flesh, and this place also contains the origin of the source demon demon ancestor, and it does help you to break through the earth."

boom!

Qin Chen kept entering the depths of the ancient chin secret realm, but at this moment, an invisible force diffused from outside the ancient chin secret realm, and instantly poured into the whirlwind of the ancient chin secret realm.

Huhuhu!

This weird power was quickly annihilated by the black whirlwind in the ancient chin secret realm, but it still passed Qin Chen's body, and swept towards the distance at an astonishing speed, instantly disappearing at the end of the sky.

"this is....."

Ye Xuan's face was horrified, looking at the place where the fluctuations were coming from, what a powerful perceptual power, Master Tianzun, this is definitely the skill of perception performed by Master Tianzun.

Moreover, this power of perception is too mysterious, Qin Chen can vaguely perceive that this power of perception comes from the void hundreds of millions of miles away, which is not far from where he and the demons were fighting before.

"The demon **** is searching for my whereabouts." Qin Chen's heart sank immediately and his face was shocked. It was too terrifying. The demon **** was so far away from him that he could perceive this place. The method of the **** was so terrifying. ?

"Master, this is the detection fluctuation of Ting Tian Devil Bell." The Master of Abyss Demon said suddenly.

The master of Tingtian Devil Bell said: "Ting Tian Devil Bell is a heavenly treasure of my demon clan. It is specially used to detect others. It can be sensed even if it is outside the void of hundreds of thousands of miles. The strong can't avoid it easily, but fortunately we are here now

In the ancient chin secret realm, this detection force should have been greatly suppressed. Subordinates can block this detection force for you. If it is outside, it may be directly detected by the opponent. "

Hum!

An invisible force surged from the Lord of the Abyss, and the feeling of being spied on Qin Chen disappeared instantly.

"so close."

Qin Chen felt relieved, but fortunately, he entered the ancient chin secret realm in time, otherwise he was afraid that he would have been discovered now.

With cold eyes, Qin Chen kept going deep into the secret realm of the ancient chin, then cross-legged somewhere, and started to practice.

Boom boom boom!

In the chaotic world, the terrifying power of the Magnificence and the Primordial Primordial Primordial Chaos quickly poured into Qin Chen's body. Moreover, the origins of Wanyu Dizun and Jiuyue Dizun were also refined and refined by Qin Chen. Absorbed into one's own body.

A terrifying force crazily condensed in Qin Chen's body, and began to impact the realm of Di Zun.

And when Qin Chen hit the realm of Di Zun.

Ten Thousand Races Battlefield.

Hum!

The terrible Ting Tian Devil Bell fluctuated swept out, and after a long time, it slowly dissipated.

Huh!

The eyes of Molten Yan Tianzun opened quickly, and the eyeballs showed a hint of shock and horror.

"did you find it?"

The Blood Seal Earth Sovereign and the others looked nervously at the Molten Flame Heavenly Sovereign, and in the distance, some of the peak Earth Sovereigns of other races also looked at the Molten Flame Heavenly Sovereign nervously, paying attention to his actions at any time.

"how is this possible?"

A horrified expression appeared in the eyes of Molten Flame Heavenly Venerable. In his previous perception, he had not discovered Qin Chen's trace.

How could a small true dragon tribe escape his tracking, let alone listen to the tracking of the sky magic bell, even if the powerhouse of the Tianzun level is trapped in this heaven, he would never want to escape the tracking of the sky magic bell.

Molten Tianzun closed his eyes and boomed, the devilish energy billowing in his body soared into the sky, crazily rushing into the Tingtian magic bell.

Hum!

He saw the trembling sound of the Devil's bell trembling, frantically spinning, and a more terrifying coercion swept across the sky instantly.

How is this going? Why did Molten Flame Tianzun urge Hearing Devil's Bell again?

Many people were surprised.

Could it be said that Molten Flame Heavenly Venerable didn't find the True Dragon tribe, right? The horror of listening to the devil bell, as long as it is the top powerhouse among the ten thousand races, there is nothing you don't know. This is a Tianzun-class treasure used by the demons to monitor the battlefield base camp of the ten thousand races. , It is impossible not to be discovered,

How can a true dragon tribe escape the detection of the Tingtian Magic Bell?

However, the actions of the Molten Flame Heavenly Venerate caused everyone to wonder. They were also a little dumbfounded, they wanted to ask but didn't dare to ask, they just stood aside, trembling.

[Chapter 4062: Falling Star Tianzun](#)

The vast Tingtian magic bell fluctuated, once again swept away, instantly spreading across the entire area.

This time, the Molten Flame Heavenly Venerate displayed all his solutions, urging the Ting Tian Devil Bell to its extreme, extending it to the widest area of this area, and it stopped until the border blocked by the powerful tens of thousands.

No.

still none!

Molten Tianzun looked dazed, hell, could this kid disappear out of thin air?

He opened his eyes, and his icy gaze instantly fell on the devil's earthly master and the blood-stained earthly master. The heart of the demon's evil spirit jumped, and the terrible pressure was suppressed, and his legs were a little weak.

"Are you sure you fought against that True Dragon clan member not long ago? Is this place? Only half a day after this person left?"

Rongyan Tianzun said coldly, he was already a little angry.

"My lord, this is true."

"It's true."

The Blood Seal Earth Sovereign and the Demon Sha Earth Sovereign shivered.

"For half a day, why can't Ting Tian Mo Ling detect the trace of the True Dragon Clan."

The Molten Heavenly Sovereign roared, and the terrifying coercion severely impacted on the Demon Sha Earthly Sovereign and blasted them out.

boom!

As soon as this remark came out, the audience boiled, and everyone was in a daze. Their guess was true, and the Molten Flame Heavenly Sovereign didn't find the trace of the True Dragon Clan.

This is too unexpected, right?

Many people were already desperate, thinking that the true dragon people must fall into the hands of the demons, but now, many people are dumbfounded, a little unbelievable.

How come? This is how Molten Flame Tianzun is urging the sound of the devil's bell. It is almost impossible to find a true dragon tribe.

Even if it is a Tianzun, as long as he is in this area, he will definitely be searched out.

"My lord, is that kid already running away?"

The **** land respected in disbelief.

"In half a day, you will be able to break out of this encirclement? How is it possible?" Molten Tianzun gritted his teeth, and the endless demonic power swept like a vast ocean, shaking the world.

wrong.

His eyes were cold, and there must be something wrong.

He settled down. At first, he wondered if Qin Chen had escaped. After all, even Tianzun could not escape his exploration by listening to the magic bell of the sky, but after he pondered carefully, he found that this was impossible.

In the detection of Ting Tian Devil Bell just now, there were powerful people of ten thousand races surrounded in any direction in this area, and some of them were not weak in strength, and even respected them at the same level as the blood seal.

If the true dragon clan leaves from a certain direction, they will inevitably meet, and there is almost no possibility of escape.

What's more, in just half a day, in order to listen to the coverage of the sky magic bell, it is impossible for the true dragon people to leave this area unless they are really masters of the sky.

"He must still be somewhere."

Molten Tianzun took a deep breath and looked at the eagle.

boom! He urged the Devil's Bell for the third time, hum, and under the huge impact, all the patriarchs of the ten thousand races in this area felt a terrible aura sweeping over them, as if they were going to spy on themselves. Avoid this breath

Detecting, even some close people, under this power, have bursts of dizziness in their minds. Only a few powerful patriarchs can maintain their sanity, but they also feel confused in their minds.

That powerful detection power spreads little by little.

This time, the Molten Flame Tianzun did not intend to sense this area at the fastest speed, but to perceive every inch of the void in an inch, a little, and a little bit from the inside out.

"That kid will never run far, he must be in this area. It should have used some special means to avoid the detection of Tingtian Magic Bell."

Rong Yan Tianzun affirmed in his heart and kept exploring.

This time, he took a very long time.

In the secret realm of ancient chin. The power of the billowing origin kept pouring into Qin Chen's body, ka ka ka, Qin Chen's body was constantly suffering from the haunting of terrifying aura, a vast aura emerged from Qin Chen's body, and continued towards the realm of the respect Sprint

.

"Boom boom boom!"

The Blood River Saint Ancestor, the Primordial Ancestral Dragon, and the Lord of Abyss Demon also all shot one after another, motivating the power in Qin Chen's body to prepare him for his assault on the realm of Divine Venerable. Qin Chen has gained too much in the Vientiane God's Treasure this time, especially the storage rings of Yuanhun Di Zun, and the treasures in it are endless and mighty. The sacred veins of the Venerable are affected by Qin Chen. Quickly blend into the body and become

The firm cornerstone of his breakthrough.

Gradually, a mysterious meaning slowly appeared in Qin Chen's body, and many civilizations bloomed in the book of origin.

Qin Chen felt that an impenetrable coercion enveloped him, as if the origin of the universe opened his eyes and stared at him.

In Qin Chen's body, all kinds of power were urged to the extreme by him, preparing for the impact on the earth.

one day.

Two days.

Three days!

Ten Thousand Races Battlefield

Rongyan Tianzun opened his eyes again.

"impossible!"

Molten Tianzun roared, the terrifying aura rushed away, and the whole world turned into dust and fell into chaos.

"Where did that kid go?"

Molten Tianzun was murderous and frightened.

This time, he carefully searched every piece of void in this world, but he didn't even find the kid, which made him completely angry.

what?

The Blood Seal Earth Sovereign and the Demon Sword Earth Sovereign were also shocked, the Lord Molten Flame Heavenly Sovereign still didn't find the kid?

Not only was the Blood Seal Dizun shocked, but other powerful people of all races were also shocked. How could it be? Did the true dragon tribe really escape from under everyone's eyelids?

"No, it must be here, it must be in this area, I must have missed something." Rong Yan Tianzun said coldly.

And at this moment--

"boom!"

An equally terrifying fluctuation came in an instant, and at the same time it enveloped the entire ten thousand race battlefield area, and the **** of the heaven and earth that had been suppressed by the Molten Flame Heavenly Venerate was instantly broken up.

"Another Tianzun!"

"Two gods."

Everyone was shocked, but which force's Heavenly Lord had come?

Just saw the sky, a strong man wearing a star robe came, and the endless aura was diffused, and the majesty was endless. Everyone seemed to see the stars falling down from the sky, forming terrifying meteors. Picture.

"Falling Star Tianzun!"

"It's the Starfalling Heavenly Lord, the deputy master of the Star God Palace."

Many people were shocked that the second Tianzun who arrived was actually the Tianzun of Renzun Star God Palace.

Think about it, too, in the Vientiane God Treasure, the Ten Thousand Meteorites of the Star God Palace also fell into the hands of the True Dragon Clan. How could the Star God Palace not send a strong person the first time.

"Falling Star Celestial Venerable!" A sharp light flashed in that one eye of Molten Flame Celestial Venerate.

The Starfalling Heavenly Venerable among the endless stars stepped forward, staring at the Molten Heavenly Venerable, seeing the Tingtian magic bell on the Molten Heavenly Venerable's head, frowning and saying, "Malting Flame Heavenly Venerable, have you never found the trace of that true dragon?"

This surprised him very much.

After listening to the devil bell, the Molten Flame Heavenly Sovereign could not find the trace of the true dragon tribe. He had received a message earlier, thinking it was an intelligence error, but now he was shocked and frowned.

"Hmph, you try." Rong Yan Tianzun sneered.

The starfall Tianzun's eyes were cold, he didn't use his magical powers to search, even the Melting Flame Tianzun could not find the other party, and he couldn't even find him.

But in such a short period of time, how could the true dragons leave?

But is there any way that the true dragon tribe can escape the search of the Tingtian Devil's Bell in such a short period of time, this is something that even his Heavenly Lord can't easily do.

"Secret Realm?" Suddenly, Starfalling Heavenly Sovereign thought of a possibility.

[Chapter 4063: Almost cheated](#)

Only the top-level secret realm could cover part of the detection of the Tingtian Devil's bell, and it was possible for the opponent to escape the detection of the Molten Heavenly Lord.

So, in this area, what secrets are there to achieve this?

Falling Star Tianzun quickly opened the map of the battlefield of ten thousand races.

After a while, his gaze fell on a secret realm-the ancient chin secret realm!

The ancient chin secret realm, a top secret realm on the battlefield of ten thousand races, is dangerous, but there are very few treasures, so it is a secret realm that is easy to be forgotten. But at this moment, Starfall Heavenly Venerable focused his attention on this ancient chin secret realm, because in this area, only the ancient chin secret realm meets the top secret realm standards, and only this ancient chin secret realm can it be possible to block some

Listen to the detection of the magic bell.

Of course, it's only part.

Normally speaking, even if the general goddess enters the ancient chin secret realm, it is impossible to completely avoid the detection of the hearing sky magic bell, unless it enters the very deep part of the ancient chin secret realm and has some special means.

If it were at the beginning, Starfalling Heavenly Venerable would not connect Qin Chen with the ancient chin secret realm, or even consider it, because he didn't believe that Qin Chen could escape the search of the melting flame Tianzun by hiding in the ancient chin secret realm.

but now.....

It's been a few days since Molten Tianzun came to this area, but he still couldn't find the trace of the true dragon tribe. This ancient chin secret realm is the most likely one.

Thinking of this, Starfall Tianzun's heart moved, but his face didn't move. He just sneered: "Molten Flame Tianzun, since you can't find the true dragon clan even if you use the Tingtian Devil's bell, let alone I." "It seems that this person is very likely to have left. It's really extraordinary." Falling Star Tianzun said with emotion, "I can escape from under the noses of so many people of my tens of thousands of people. It is indeed somewhat capable. No wonder it can be so extraordinary in Wanxiang God. , Nothing more, since this

The person has left, and that seat is gone. "

The falling star Tianzun's voice fell, and he stepped directly out of this area.

His speed is not hurried, he stepped out in one step, the void folded, the stars fell, and he was extremely free and easy, which made many people admire.

"Falling Star Tianzun is leaving now?"

Everyone was a little surprised, this Falling Star Heavenly Venerable is too free and easy, right? But think about it, the Molten Flame Heavenly Sovereign came here as early as three days ago. It took so long, and with the Tingtian Devil Bell, he has never found the trace of the True Dragon Clan. I'm afraid it's true. It is very likely that the dragons have

Escaped here by some method.

Thinking of this, many people are amazed. They can leave quietly in a situation surrounded by all the races. Such a method is indeed shocking.

"This Starfalling Heavenly Venerable, on the contrary, knows the current affairs, knows the power of my Demon Clan to hear the devil's bell, naturally I dare not arrogantly see the Molten Flame Heavenly Venerable." The Bloody Zhang Dizun sneered and flattered.

The Molten Flame Heavenly Sovereign also smiled slightly, and he did not expect that the Falling Star Heavenly Sovereign would leave so readily after arriving here, which surprised him.

It can be seen the prestige of Ting Tian Mo Ling among the ten thousand races. "It is said that the Starfalling Heavenly Sovereign of the Star God Palace has a fiery temper and is decisive in killing and killing. This time the Wanyue Di Zun of the Star God Palace was beheaded by the true dragon tribe in the Vientiane God Store. It is reasonable to say that it should be murderous. After searching carefully, I didn't expect to see the melting sky

Master Zun, he didn't even have the confidence to search, and only Master Mongyan Tianzun had such a face. "The Demon Lord also hurriedly complimented.

As soon as this remark came out, Rongyan Tianzun frowned.

wrong!

His eyes were thoughtful, and he always felt something was wrong.

But what is wrong?

Molten Tianzun continued to meditate, recalling what the Demon Devil Earth had said before, suddenly a divine rainbow burst into his eyes.

He finally knew what was wrong. This time, the Star God Palace has fallen many disciples in the Vientiane God Store. Even the backbone of the Star God Palace such as Wan Mi Di Zun died in the Vientiane God Store. With the temper of the Star Falling Heaven God, even if he knows how to use it. It took days and nights to listen to the magic bell

I have never found a member of the True Dragon Clan, and the other party is very likely to leave, and I will not leave without asking myself.

Empathy.

If it was him, at least he had to search for it himself to be at ease.

But what about this falling star heaven?

If something goes wrong, there must be a demon!

"Wow!"

Molten Tianzun quickly took out the map of the battlefield of the ten thousand races here, and quickly searched up, carefully observing the direction where the falling star Tianzun was leaving, and the pupils of the eyes suddenly burst into light.

"Ancient Chin Secret Realm!"

Rongyan Tianzun blurted out.

The direction that Starfalling Heavenly Sovereign is heading is exactly where the ancient chin secret realm is located.

Why did I forget the secret realm of the ancient chin? Molten Tianzun's face changed drastically, and he immediately understood that he had made a mistake. He didn't consider the ancient chin secret realm at first because although the ancient chin secret realm is a top secret realm, it can also penetrate into it with the terrifying sound of the magic bell. Generally strong

Inside, it will also be captured by the Ting Tian Mo Ling.

But what he considered was the most common situation.

If the true dragon people have some special hiding methods, the ancient chin secret realm is definitely one of the most likely places to hide in this ten thousand race battlefield.

"Good, you falling star heaven."

When Molten Tianzun thought of this, he couldn't help himself anymore. Boom, his body flickered, and the whole person turned into a streamer, swiftly rushing in the direction where the falling star heaven was going, stepped out, and disappeared. not see.

"Ancient chin secret realm? What did Master Molten Flame Tianzun just say?"

"Could it be that the real dragon kid is hiding in the secret realm of the ancient chin?"

"How is it possible, we just came out of the ancient chin secret realm?"

The Blood Seal Earth Sovereign and the others looked at the disappearance of Molten Flame Heavenly Sovereign, one by one was a little dazed, and immediately swept in the direction where Molten Flame Heavenly Sovereign had left.

In the vast void, the Starfalling Heavenly Venerable pretended to leave, but his attention was always focused on the Molten Flame Heavenly Venerable. When he saw the Molten Flame Heavenly Venerable suddenly leave and flew toward him, the Starfalling Heavenly Venerable immediately knew that the Molten Flame Heavenly Venerable had understood Up.

He snorted coldly, and he didn't care to hide his figure. Boom, the stars were shining, and the whole person was like a shooting star that cut through the sky, rushing towards the ancient chin secret realm.

Race against time.

Who can find the true dragon tribe first, can take the initiative.

"This Starfall Heavenly Sovereign... Damn it, as expected he is going to the ancient chin secret realm."

Molten Tianzun's expression was furious, and he was almost deceived by this guy. With a bang, he no longer concealed it, and chased madly towards the Falling Star Heavenly Lord, and must not let the Falling Star Heavenly Lord lead the True Dragon Clan first. go.

The actions of the Starfalling Heavenly Sovereign and the Molten Flame Heavenly Sovereign also immediately shocked all the strong in this ten thousand race battlefield.

boom!

A lot of people are boiling, have fallen star Tianzun and Molten Flame Tianzun found the true dragon people? When both the Starfalling Heavenly Venerable and the Molten Flame Heavenly Venerable went frantically to the ancient chin secret realm, in the depths of the ancient chin secret realm, Qin Chen had also reached the most critical moment of breaking through the earthly sovereign.

[Chapter 4064: Tianzun shot](#)

In the secret realm of the ancient chin, the power of the heavens and the earth madly poured into Qin Chen's body, causing every cell of Qin Chen's flesh to rise rapidly.

boom!

Various vast powers condensed in Qin Chen's body, evolving the aura of the world, and you can see that various extraordinary powers condense in Qin Chen's body, like the opening of a chaotic universe, and the world is born, converging and flowing.

Beside Qin Chen, a group of pitch-black whirlwinds flowed around, forming a unique field around Qin Chen, sealing off any breath of heaven and earth, as vast as the ocean.

In the chaotic world, the Lord of the Primordial Ancestral Dragon, the Saint Ancestor of the Blood River, and the Abyssal Demon always pays attention to Qin Chen and perceives the power in his body, all of which are also changing colors at this time.

In the past few days, Qin Chen has continuously absorbed the power of the Primordial Chaos and the Great Meng, and condensed the holy veins of the venerable. The power in his body has already condensed to a limit, but he has never stepped into the realm of the earthly venerable.

In his body, the deep power continues to condense, but it has always seemed to be blocked by some kind of barrier, not allowing him to go further.

"The master's comprehension, the control of the power of the heavens and the earth, and the power in the body have already reached an extremely terrifying point, and even far surpasses the average peak earthly respect. Why can't I always enter the earthly respect state?"

The Lord of the Abyss looked at Qin Chen solemnly with a look of astonishment. According to his understanding, the power in Qin Chen's body has long been condensed to the extreme. Breaking through the realm of the earthly respect should be a matter of course and easy. However, since Qin Chen raised his power to the extreme more than a day ago, he has not made sense.

Chengzhang stepped into the realm of Dizun, and seemed to be stuck.

This is the first time that the Lord of Abyss Demon has encountered it. He was once one of the top powerhouses of the Abyss, but he could not figure out the changes in Qin Chen at all.

"This kid's body is indeed weird, and I faintly feel that it seems that the heavens of the universe are restricting his breakthrough." Honghuang Zulong doubted.

"Universe Heaven?" The Lord of Abyss Demon was shocked.

Blood River Saint Ancestor said solemnly: "I have this feeling too, old thing, have you felt it, there seems to be a special power in the adult body?" "Huh, did you feel it too?" Honghuang Zulong looked over. When this kid entered the lake of my soul, I wanted to swallow his soul power, but I was swallowed by a terrifying power. Now it seems that there must be still in his body

I wait for a secret that I don't know. "

The Primordial Ancestral Dragon and the Saint Ancestor of the Blood River were amazed, it was the first time that they had encountered such strengths as Qin Chen, but could not even break through the realm of the earthly sovereign.

"Ok?"

Suddenly, Honghuang Ancestral Dragon looked up: "No, there is Tianzun who broke into this secret realm. This is troublesome."

In fact, there is no need to speak from the prehistoric ancestor dragon, the blood river sacred ancestor and the others also felt the terrifying force that suddenly broke into the ancient chin secret.

boom!

In the secret realm of the ancient chin, a figure surrounded by the light of stars suddenly appeared, and it was the star-falling heavenly sovereign who came at the fastest speed.

"The ancient chin secret realm, Ben Tianzun just took a look, is this kid here?"

After entering the ancient chin secret realm, the falling star Tianzun did not hesitate at all, and the terrifying power of the Tianzun suddenly spread, and the mighty Tianzun power swept across and spread rapidly toward the depths of the ancient chin secret realm. The ancient chin secret realm is the top secret realm on the battlefield of ten thousand races, and it is dangerous, but this danger is mainly for the warriors of the human respect and earth respect level. When they reach the heavenly respect level, the ancient chin secret realm cannot easily be brought to them. How many come

Hurts.

The power of the Heavenly Sovereign of Falling Stars spread in quickly, and the power of the whirlwinds could not stop him from prying.

"That's..." The next moment, a divine rainbow suddenly burst out of the eyes of the Starfall Heavenly Venerable, and he saw the depths of the ancient chin secret realm, a figure sitting in the depths of the ancient chin secret realm, surrounded by a terrifying chaotic atmosphere. , The vast divine might, like a **** walking in the kingdom of the supreme god

The king who comes out will rule the world.

"This kid really is here. This is... the power of the Primal Chaos? Is he breaking through?" The Falling Star Tianzun was furious and sneered. He never expected that Qin Chen would be so bold at this time. He didn't know how to escape, but instead broke through in this ancient chin secret realm. Does he want to rely on himself to get it from the Vientiane God Store?

Treasure, break through the realm, against the many powerful people of the ten thousand races?

Falling Star Tianzun was irritated by such a move. However, he also had to admire the fact that this kid did have the means. Most people often didn't think that at this time, they would not leave, but would hide in the secret realm and break through. If it were not for his knowledge of the actions of the Molten Flame Heavenly Venerate, it was calculated.

If you don't give the other party some more time, it is really possible for the other party to succeed.

As soon as the falling star Tianzun moved his body, he would immediately enter the ancient chin secret realm and capture Qin Chen. But without waiting for him to make a move, hum, an invisible force has swept from outside the ancient chin secret. This force, with a strong sense of monitoring, permeated the star-falling god, and at the same time diffused through the ancient chin secret realm. Endless Void in

.

It is listening to the magic bell. The Molten Heavenly Venerable Yaoyao knew that after the Starfall Heavenly Venerable entered the ancient chin secret realm, he was frightened and angry. For fear that he would miss the opportunity, the Molten Heavenly Venerable immediately urged the hearing heaven magic bell to perceive everything in the ancient chin secret realm. This time, he Under full perception , I immediately noticed something wrong in the ancient chin secret realm.

"Is that true dragon kid really in the ancient chin secret realm?"

Molten Tianzun was shocked and angry.

He worked so hard to be the first to come here, and he actually made a wedding dress for the Fallen Star Tianzun?

Molten Tianzun desperately burned the power of Tianzun in his body and rushed crazy.

"Not good!" Seeing the torrentially plundered Molten Heavenly Venerable, Heavenly Venerable Falling Star felt anxious, and he understood in an instant. If he breaks into the secret realm of the ancient chin and captures Qin Chen, this time will be enough to melt the flames. Tianzun arrived, thinking of this, in his body

A vast starlight rose up, and instantly turned into a starlight giant hand to grab and shoot Qin Chen.

He must capture Qin Chen as quickly as possible to have enough right to speak.

boom!

At this moment, the entire ancient chin secret realm was boiling, the endless dark whirlwind rushed into the sky, the starlight giant hand rumbling over, straddling the endless void, straight to the top of Qin Chen's head, and fell towards Qin Chen.

"Falling Star Tianzun, stop!"

Molten Tianzun shouted angrily, the devilish energy in his body soared to the sky, killing him.

But how did the Falling Star Tianzun listen to the orders of the Molten Flame Tianzun, the starlight palm straddling the endless void, without any pause at all. In the depths of the ancient chin secret realm, Qin Chen, who was at a critical moment of breakthrough, suddenly opened his eyes, and saw the big hand that the Starfalling Heavenly Sovereign popped out in the depths of infinite time and space, and the crisis came.

[Chapter 4065: The real power of heaven](#)

Capture in the air!

A big starlight hand came volleyed into the sky, crushing the ages, causing the gods and demons to fall! This is Tianzun's shot, the target is not their respective strong enemies, but Qin Chen.

Qin Chen's real test came.

Originally, Qin Chen's plan was to break through the realm of earthly respect here and break out of the siege.

However, he never expected that his breakthrough would be so difficult, like a moat, stuck him here.

In fact, when he made this decision and chose to enter the ancient chin secret realm, he had already expected this moment to come, but he had no other way to stay in the ancient chin secret realm. Sooner or later, he would be found and even be caught. Catching turtles in the urn.

But staying in the outside world will be the same, and even be exposed earlier. Instead, entering the ancient chin secret realm would give him some time to break through, but Qin Chen did not expect that before he could completely break through, the Starfalling Heavenly Venerable would have found himself, and directly displayed his great supernatural powers. Rush

Before Molten Tianzun, capture him.

boom!

In the endless black whirlwind, Qin Chen stood up suddenly, and a rainbow burst into his eyes.

He knew that it was too late to break through, and the most urgent thing was to resist this great supernatural power of Falling Star Heavenly Venerable before he could consider the next thing.

?Xingxing Tianzun's palm blasted out, and his vigor erupted, traversing the ancient chin secret realm

time and space, immeasurable, like the Tianzhu collapsed and cracked. In an instant, Qin Chen quickly calculated in his mind, and as a result, he felt that there was no other way but to resist, Tian Zun Qi

The lock of interest was too terrifying, and the Starfalling Heavenly Venerate made a strong move in order not to give Qin Chen a chance, making it impossible for Qin Chen to escape.

"Trendy boy, be careful." Honghuang Zulong reminded hurriedly.

"Huh, Star God Palace Tianzun? Wouldn't it be so easy to capture me?"

Qin Chen's body shook, and suddenly the original aura of chaos in his body erupted, like a volcanic eruption, a kind of vast majesty spouted from his body. "Thousands of magical powers, guard my body, Heavenly Sovereign's strike, unshakable!" Qin Chen roared wildly, unfolding all his powers, he knew that he could not afford to lose now, it was the most dangerous moment ever. Once captured, must

Undoubtedly, this is not someone else's action, but Tianzun, the real top giant in the universe.

A Celestial Venerable is enough to make a race a second-tier race in the universe, which shows the Celestial Venerable's status in the universe.

Even on the battlefield of ten thousand races, a Celestial Venerable can sit in a camp of top races and guard one side. This is the great official in the universe, the real big man, and Qin Chen can feel that the blow of the star-falling Heavenly Venerable has triggered the top supernatural powers of his Star God Palace, in order to capture himself for the first time. , Enough to tear the eternal universe

, Destroy the endless starry sky. Compressed by the starlight hand, Qin Chen's body, the Haotian Divine Armor reappeared, the laws of the heavens, the original supernatural powers, layered on top of each other, condensed, all manifested one by one, rotating around him, exuding vastness one by one. Power from god

The secret void draws power, it seems that all the gods and demons of the ages have appeared, and Qin Chen attracted the power in the chaotic world, and the power of the original source was instilled into the chaotic world, ready to go.

Boom! The palm shadow is an unimaginable power. It is not comparable to the peak earthly respect and the half-step heavenly respect. The invincibility and many magical powers and laws that Qin Chen has evolved are all shattered at the moment the palm is pressed down! as

A huge sacred mountain is crushing a mound, this is the essential gap. Even if it is Half-Step Tianzun, to break Qin Chen's layers of rules and supernatural powers, I'm afraid he will have to use countless methods to burn his own lifespan, and even use Half-Step Tianzun's treasure, but the falling star Tianzun will oppress each layer. Rules without blowing

Power.

Click, click, click!

Qin Chen's body surfaced the phantom condensed by the true dragon's energy, which was directly shattered by the palm of his hand. It turned into the source of the true dragon and penetrated into the chaotic world. At the same time, his body's many supernatural powers were also shattered.

Many guarding methods, one destruction after another, was originally strong and tyrannical, possessing countless top ideas, strong as the towering figure of the monarch of heaven and earth, but now, in an instant, it was oppressed by the palm of one third.

what! what! what! Qin Chen's fighting spirit was boiling, his whole body urged, and all his potential was released. There was endless anger and anger in his eyes: "If you want to kill me, it's not that simple. No matter what Tianzun takes, he can't destroy me. Invincible body, I want to turn the sky

Respect, eternal and immortal! "

Hum!

The Haotian divine armor covered the whole body, and layers of dragon scale armor emerged from the body.

In addition, on the surface of Qin Chen's body, the black scale armor obtained in the Vientiane God's possession also emerged, covering the position where Qin Chen was directly suppressed by the palm of the starlight.

Moreover, Qin Chen was actually comprehending and absorbing the attack of the falling star heaven.

He wanted to withstand the blow of Tianzun, to prove his great way, to impact his own realm, and to break through the shackles in his body!

This is simply crazy.

The Detective Tianzun crushed the ancient times and obliterated everything. It directly destroyed Qin Chen's thousands of origin rules, broke the real dragon phantom, and even shattered Qin Chen's body protection supernatural powers.

"So this is Tianzun? The real Tianzun shot!"

Qin Chen's heart was shaken. When he was in the Abyss of Sword Burying, he had felt the action of the mountain lord of the Dayu Shenshan and the lord of the Star God Palace, but they were just a clone, a remnant, extremely weak. .

In addition, Qin Chen has also seen the shots of half-step Tianzun-level powerhouses such as the Blood Zhang Dizun. Although powerful, they are not unmatched.

However, after Qin Chen really felt the power of the falling star Tianzun, he finally understood that the distance between the clone of that day, the half-step Tianzun and Tianzun himself made the shot himself, and the difference is simply impossible to calculate. ? However, this is a great opportunity for Qin Chen. Tianzun will kill him. If he can resist and smoothly block him, he can understand the profound meaning of Tianzun's blow. For the next breakthrough to the realm of earthly respect, Immeasurable

The role, and even succeeded in becoming a solid force to help him break through the earthly respect.

So Qin Chen tried it at this moment.

All kinds of magical powers were urged to the extreme by Qin Chen.

For a moment, for a moment, letting the Buddha go is endless years.

The terrible impact of Tianzun's blow was finally completely suppressed. Qin Chen felt that everything was gone. It seemed that even his body was destroyed, and his will almost smelled of shattering. This is the will of the heavenly being contained in the power of that palm. Enough to crush everything and obliterate the ages.

[Chapter 4066: blocked](#)

"I am immortal, forever."

Qin Chen roared, the origin of chaos in his body surged wildly.

boom!

The huge palm was finally completely pressed down, and the chaotic aura of Qin Chen's body suddenly burst, and a terrifying force of Heavenly Sovereign leaned forward and blasted into his body.

The Haotian divine armor glowed, and the scale armor bloomed with a divine rainbow. Under Qin Chen's mad urging, it exploded with the strongest power and resisted a full 80% of the attacks.

At this moment, in Qin Chen's body, the power of the origin of the Dao rises, and they reflect each other. Suddenly, the entire Book of Origin and the Dao of Origin have reached the maximum, and all the essences are transformed into the insight of Origin.

Hum! Qin Chen was oppressed to the extreme body, and burst out with a earth-shaking roar, all the origin civilizations gathered into a magical power, shot out in the air, collided with the palm of Tianzun, immediately centered on himself, everything

Turned into powder.

The sky and the earth shattered, and the dark whirlwind exploded wildly.

Whoosh whoosh!

At this time, many venerables of the ten thousand races who were already close to the secret realm of the ancient chin also entered this place, seeing this scene with their own eyes, and all of them were shocked.

"What? The true dragons are really here?"

"Have you seen it? Starfalling Heavenly Sovereign shot that kid, hiss, is that kid dead?"

"Falling Star Tianzun is the deputy palace lord of the Human Star God Palace. He is powerful enough to reach the sky. Tianzun has a palm on this person's body. Although he passes through the endless void and traverses the ancient chin secret realm with heavy hurricanes, it is enough to kill many top powers."

"It's too terrifying. With a palm shot, the entire ancient chin secret realm is roaring and bursting. Is this the strength of Tianzun? Then the true dragon brat can defeat the powerhouses such as the deep soul, but when Tianzun takes action, he is afraid Can't bear it, right?"

"He was blown up by the volley, and there is no bone left..."

Falling Star Tianzun shot it out with a palm, and many of the ten thousand clan powerhouses who entered this place saw an extremely tragic scene. Under that towering palm, the True Dragon clan erupted with unprecedented supernatural powers, and then between the collisions, everything became invisible. .

Everyone thought that Qin Chen had fallen in this palm.

After all, the power of this palm is too great, directly exploding a dark void in the ancient chin secret realm.

"Get up!" Seeing the powerful people of the Ten Thousand Clan coming, the star-falling Tianzun didn't change his expression. He snorted and grabbed the camera directly into the void. After all, this is the depths of the ancient chin secret realm, and the dark whirlwind is rolling The falling star Tianzun can't distinguish the specific situation clearly.

, He only knew that he had shot a solid existence, and grabbed it with a big hand. He had to condense the power of starlight in the depths of the ancient chin secret realm, and grab Qin Chen.

Regardless of whether the opponent is dead or not, the treasures on this person must be obtained by oneself.

However, just at the moment when the phantom of the starlight palm of Falling Star Tianzun was about to condense again.

boom!

In that place that was bombed, a series of terrifying true dragon sword aura condensed, and the billowing evil aura turned into a sky full of sword light, the sword light was mighty, forming a majestic river bursting, piercing the starlight palms. Shattered into pieces.

what?

Isn't that true dragon people still dead?

Many people looked over in shock, and then they saw that Qin Chen appeared in the rolling starlight, covered in blood, obviously suffering a heavy injury, but his eyes were brighter than ever before, and his body was erect.

Survively survived the terrible blow of Falling Star Heavenly Venerable!

Many people are shocked, is this still a human? This is simply invincible, and many people have scalp tingling.

That is Tianzun's action, the power that can destroy a nebula with a single finger, can actually be resisted, is this still a human? Who can kill him.

impossible!

The Starfalling Heavenly Sovereign also roared wildly and lost his temper for an instant. He never expected that Qin Chen would block his palm.

"It's really amazing to respect a palm this day."

Qin Chen had palpitations in his heart. If he hadn't had the power of the Chaos World to provide a continuous source of Chaos, if he hadn't had the Haotian Divine Armor, which had reduced the attack by 70% or 80%, he would definitely be bombed by the previous blow. No bones exist.

But now, he survived, and he felt the power of the strike from the falling star, and he had a new understanding in his heart.

"Huh, starlight condenses, give me a photo."

The falling star Tianzun became angry and stepped forward. The laws within his body were condensed, and the vast stars bloomed. The power of the stars around Qin Chen, which had burst apart, quickly condensed, and unexpectedly turned into a starlight hand again to capture Qin Chen.

"You want to condense the power of the stars, have you asked me?" Qin Chen sneered and wiped the blood from the corner of his mouth. Suddenly, a ten thousand star clock appeared in his hand, humming, shaking at the power of the surrounding Tianzun, suddenly, the rolling Tianzun The starlight is quickly converged by the ten thousand star clock, sucked into it, and the light on the ten thousand star clock blooms and changes

It's so brilliant.

"Million Star Clock."

The falling star Tianzun roared, this kid used the Wanxing Clock to absorb the power of his Tianzun. In fact, if you are outside, this is impossible, but this place is an ancient chin secret realm, with a terrible dark whirlwind surging. Although the Starfall Heavenly Lord is not afraid of this ancient chin secret realm, he wants to spur a blast here. The power of the stars, since

However, it was more than ten times more difficult than the outside world, and Qin Chen seized the opportunity.

"Boy, do you think you can escape the attack of this seat? You kill my Star God Palace powerhouse, today, this seat will take you."

The Star Falling Heaven Venerable screamed, stepped forward, and slapped Qin Chen again. This time, the palm of the star's palm was even more terrifying, covering the sky and the sun. The dark whirlwind in the ancient chin secret realm was blasted by them. burst.

boom!

In the distance, many venerables of ten thousand races just felt this breath, and they were shaken out, one by one, their breath was empty.

Seeing that the Star Falling Star Tianzun wanted to attack Qin Chen again.

Abruptly--

"boom!"

A wave of the same terrifying moment came, and at the same time enveloped the entire ancient chin secret realm. The terrifying space constraints that originally bound the entire ancient chin secret realm shattered instantly.

"Another Tianzun!"

"It is the Molten Flame Heavenly Sovereign who has arrived."

Many people turned their heads and looked around, and saw that the Molten Flame Heavenly Venerate was full of murderous aura, and instantly entered the ancient chin secret realm. Molten Tianzun was full of anger and anger. He was the first person to come here. He was actually boarded by the Falling Star Tianzun. The moment he entered the ancient chin secret realm, the Molten Tianzun rumblingly opened his mouth, and a molten palm suppressed it. , Will fall star

The palm of Tianzun shot instantly exploded.

boom!

Two terrifying powers of Heavenly Sovereign produced a shocking explosion in this ancient chin secret realm.

"Molten Flame Celestial Venerable, do you dare to stop me?" Falling Star Celestial Venerable was frightened. He had already taken action as soon as possible. He didn't expect to be driven by Molten Flame Celestial Venerable. Damn, he never thought that Qin Chen was so strong. Actually blocked his first attack.

[Chapter 4067: Jinlong Tianzun](#)

"Is there anything I dare not? Falling Star Heavenly Venerable, you don't give me a lot of face, right? Dignified human race, don't you even understand the principle of coming first?"

Molten Tianzun's tone was cold, and the star-falling heavenly Lord still had a face to speak. He was the first Tianzun strong to come to this area, okay?

"This person killed my Star God Palace powerhouse, today, this seat will win it."

Starfalling Tianzun shouted angrily, and went directly into the infinite black whirlwind, rushing towards Qin Chen, and layers of stars swept out of his body to prevent Molten Tianzun from taking action.

"Hmph, in front of me, you can't succeed. This person also killed many powerful people in my Demon Race. Only my Demon Race can capture this person."

The Molten Tianzun in the endless devil qi snorted angrily.

"Boom!" Every inch of the ancient chin secret realm trembles. The endless star light released by the star-falling Tianzun is quickly eroded by the billowing molten demon energy. The two compete for the space in this ancient chin secret realm. Right, in their whole body, ancient chin secret

The terrifying dark whirlwind of the environment was repelled one after another, like duckweed without roots.

And the Molten Flame Tianzun also flew towards Qin Chen.

"Falling Star Tianzun!" In a place like the ancient chin secret realm, the strong Tianzun can't traverse the void. He needs to get a little closer to Qin Chen in the depths of the secret realm. The Molten Tianzun roars, and the roar directly blows through the layers of space. Ringing in the ears of Falling Star Tianzun, "That true dragon

It is the prey of my demons, with this seat, this person will never fall into your hands. "The two celestial venerations collided and approached Qin Chen. The vast murderous intent caused the other venerables to change their colors, and even the blood-scared earth-sovereign, the demon evil earth-sovereign and others just stayed in the ancient chin secret realm. At the entrance, he looked horrified and didn't dare to enter

The Secret Realm of Ancient Chin Minutes.

Such a terrifying power is not something they can participate in. It is better than their so-called half-step heavenly veterans. If they dare to rush in, they are afraid that they will only be broken into pieces.

The two heavenly veterans used each other's magical powers to prevent each other from entering, and the two sides fought against each other, but Qin Chen, who was in the depths of this secret realm, had a chance to breathe.

Qin Chen's eyes are cold, his body is surging, and he feels the power of Tianzun.

"Falling Star Tianzun, do you have to be an enemy of my demons?" Molten Tianzun was angry. Under mutual interference, they marched hard and furiously competed for control of this world. Molten Tianzun roared. Said: "You angered me..." "Hmph, don't say anything! This vast universe, everything else is fake, the strength is the first." The falling star Tianzun also coldly snorted, "Molten flame Tianzun, I can Give you face, give you the face of the demons, leave this true dragon tribe to you, but this person Many treasures on the mountain must belong to our Star God Palace. "

What they cared about was actually the treasure Qin Chen got from the Vientiane God Treasure. Because, at their level, their understanding of the Vientiane Divine Treasure far exceeds that of some ordinary venerables. They all vaguely know that the treasures contained in the Vientiane Divine Treasure are terrifying. If they don't guess wrong, this thing can even make They these days

The deities have peeped into the mysteries of higher levels.

This is a treasure that the pinnacle Tianzun must be crazy.

"Hahaha, it's a joke." Molten Tianzun roared, the devilish energy was rolling, "Let's see, my demons are still afraid that your Star God Palace will fail, Little Star God Palace, don't get into trouble?"

"Huh!" "Devil, you can also represent the devil. My Star God Palace is not a vegetarian?" The Falling Star Tianzun is not afraid at all, and hums angrily, "In the secret realm of ancient chin Can get a little closer to that kid, but I came earlier than you, naturally better than

You arrive at that kid earlier. "

He said that, but Heavenly Fallen Star was somewhat jealous.

Because this time he also knows that the Demon Race has suffered heavy losses, and the powerhouses of the top Demon Race have fallen...This is such a major event, I am afraid that the Demon Race Demon Ancestor has already paid attention. In comparison, it's a lot worse.

It is definitely not a trivial matter to be targeted by the demons. "Your Demon Race is strong, but my Human Race is not weak." Falling Star Tianzun sneered. Although Star God Palace is not as good as the entire Demon Race, Star God Palace is also a member of the Human Race Alliance. As long as he gets the treasure, he is willing to share the profit. Go out some, I'm afraid I won't find it

ally?

Just as the Starfalling Heavenly Sovereign and the Molten Flame Heavenly Sovereign were constantly approaching Qin Chen in this ancient chin secret realm, another extremely powerful aura descended from the entrance of the ten thousand race battlefield to the ancient chin secret realm.

boom!

A majestic figure of tens of thousands of feet tall, covered with vast golden scales, appeared instantly. "Molten Flame Heavenly Venerable, Falling Star Heavenly Venerable, the two of them have taken such actions against my True Dragon Clan people, are they a bit too much?" There was a mighty voice, and some Ruoyuwu voices began to sound. These voices were very small, but In each of the ancient chin secrets

Sounds in the heart of a strong man.

Rumble! A golden river appeared in the mighty ancient chin secret realm for an instant, covering the entrance of the ancient chin secret realm. I saw patches of golden scales in this vaguely golden river, and the dense golden scales exuded huge pressure. This

For a moment, all the powerhouses of the ten thousand races outside the ancient chin secret realm were completely afraid to move.

"Golden Dragon Tianzun!" Starfall Tianzun said in shock.

"Golden Dragon Heavenly Venerable!" Molten Flame Heavenly Venerable was also surprised.

As for the powerhouses of the ten thousand races in the periphery, they did not dare to take a breath. The Heavenly Sovereign of the True Dragon Clan has always been hidden from the world and rarely appeared from the outside world. It is unexpected that this time even the Heavenly Sovereign of the True Dragon Clan was shocked.

But think about it, the kid in front of you is the strong of the true dragon clan. These masters are being chased by the ten thousand clan. As the true dragon clan, how can you ignore it?

It's just that the true dragons rarely enter the battlefield of the ten thousand races, which also caused them to have no imagination at all that the heavenly sovereign of the true dragons would come so soon.

Jinlong Tianzun entered the battlefield, immediately drove the golden river, swept into the depths of the ancient chin secret realm, and flew quickly towards Qin Chen.

"Two, give me a face to the True Dragon Clan. This person is a member of my True Dragon Clan. If you two can give this person to my True Dragon Clan, my True Dragon Clan will be grateful and disrespectful."

Jinlong Tianzun said loudly, quickly entering the depths of the ancient chin secret realm, and constantly approaching. The complexion of Molten Heavenly Venerable and Starfall Heavenly Venerable has changed. In fact, in recent years, both demons and humans have been trying to win over the true dragons. This is why they have been in the Vientiane God Store before, the Shadow Enchanted Earth Zun, and the Yuanshun Land Zundu once showed good things to Qin Chen

.

However, I want to win, and now both of their two major forces have strong men who have been killed by Qin Chen, and Qin Chen still has the top Chaos Treasure he has obtained from the Vientiane God's Treasure. How can it be that way in the face of interests? Let Qin Chen out?

"Boom!" "Boom!"

The speed of the Molten Heavenly Venerable and the Starfalling Heavenly Venerable increased, and they approached Qin Chen more frantically.

"Ok?"

The golden dragon Tianzun instantly understood the purpose of the two, the cold light in the golden eyes flickered and boomed, the golden river of countless scales formed mighty, rushing into the endless dark whirlwind and quickly blasted towards the two powerful forces. He will use one person to block the two heavenly deities.

[Chapter 4068: Still practicing](#)

The vast golden river is like a vast ocean, sweeping across the entire sky, covering the whole world.

This momentum is too terrifying, sweeping everything, like a river of gods descending from above the nine heavens, it is indestructible, everything does not sweep, and it crushes everything.

The gleaming scales, each piece of dazzling brilliance, golden, contains terrible power.

If a strong person sees it, he will be surprised, because the scales contain the terrifying majesty of the avenue, and every avenue of scales is extremely terrifying, like a lower plane world.

This is Tianzun, who speaks the law freely, and the power contained in any piece of scale armor is extraordinary.

boom!

Jinlong Tianzun showed his might, knowing Qin Chen's crisis, and without any hesitation, he directly displayed his strongest golden river, to block the melting flames and falling stars.

The ancient chin secret realm is the top secret realm in this ten thousand race battlefield. It can be described as dangerous and no small thing, but in front of the golden river of the Golden Dragon

Heavenly Lord, countless dark whirlwinds are quickly wiped out, and there is almost no possibility of resistance.

Playing this top-level secret realm in the palm of one's hands has shocked many powerhouses, even those who call themselves Half-Step Tianzun, such as the Blood Seal Divine Master, all have scalp tingling.

"Huh, Jinlong Tianzun, you want to kill me and wait for you?"

The Molten Tianzun gave a cold cry, and sternly shouted at the Starfalling Heavenly Sovereign: "Falling Star Heavenly Sovereign, we joined hands to stop this golden scale river."

"can!"

Starfall Heavenly Venerate nodded, and said so directly, he didn't care about his identity in the different camps of Molten Flame Heavenly Venerate. Molten Tianzun received a reply. He immediately took a step forward and with a bang, waves of molten flame demon fire appeared in this area of heaven and earth. This molten flame demon fire was said to be demon fire, but it was like molten flame, not a bunch of flowers. But clusters, like fluid flames

Generally, it instantly transforms into a monstrous river of flames, blocking it before the golden river. Suddenly, the void vibrated and the energy boiled. The lava fire released by the Molten Tianzun blocked the golden long river. The two sides collided and shot out an astonishing impact. The two long rivers, one golden, one black and red, are like two clear worlds. Do not

Suddenly shot out an astonishing impact.

哐!

The entire ancient chin secret realm is boiling. "Humph." Golden Dragon Tianzun coldly snorted, stepped out, buzzing, his body, with golden light shining, turned into a golden dragon, the dragon roared, flying across the sky, the golden river suddenly glowed, billions of scales made a clanging sound, As sharp as a handle

The sharp blade of the Molten Demon quickly cut open the river of fire, approaching the Molten Heavenly Lord.

"what?"

Molten Tianzun was shocked and felt a strong threat. Jinlong Tianzun was worthy of being a true dragon clan powerhouse, and his eruption was even more terrifying than he had imagined.

"Falling Star Tianzun!"

He turned his head and greeted the Starfalling Heavenly Sovereign to take action. Facing the Golden Dragon Heavenly Sovereign, he would naturally not be resisted by himself. At this time, one more person would increase his combat power. What's more, this action can also block the Starfalling Heavenly Sovereign's action. Let him resist it alone?

However, when he looked back, his eyes widened.

by!

The **** of Falling Star Heavenly Sovereign had clearly stated before that he would block the Golden Dragon Heavenly Sovereign together, but who would have thought that he should have slipped away by himself and used this opportunity to quickly approach Qin Chen.

"Damn, damn, damn!"

Rongyan Tianzun was so angry that Qiqiao gave birth to smoke, he was almost crazy.

"Falling Star Tianzun, say yes to resist together, what are you doing?"

Molten Tianzun roared. Falling Star Tianzun said: "Molten Flame Tianzun, you first block this Golden Dragon Tianzun, this person is here to rescue this true dragon boy, you and I will fight together, only let him succeed, it is better to resist him first, and I will catch him. True Dragon people, get well then

Office, you and I are half of each other. "

"What am I..."

Molten Tianzun is mad, I believe you big-headed ghost, you insidious fellow.

Falling Star Tianzun doesn't resist, so why does he resist alone? If there is no benefit, do all the wedding dresses for others.

"How can it be so easy to monopolize the benefits?"

With a roar, the Molten Heavenly Venerate did not stop the Golden Dragon Heavenly Venerate from taking action, but instead gave way. Boom, the mighty golden river swept across the void and rushed towards the Falling Star Heavenly Venerate.

Even the Molten Flame Heavenly Sovereign used the power of the Flame Demon Clan to cover the void and reversely block the location of the Starfalling Heavenly Sovereign.

"Tianyan Tianzun, what are you doing?" Starfall Tianzun changed color and had to stop him.

Cang Dang!

The golden river collided with the sky full of stars, and the falling star Tianzun suddenly felt that a terrible force had come. He kicked and kicked, his figure retreated, and he had to stop and resist the golden dragon Tianzun with all his strength.

How could the real dragon people's body be so terrible?

The star-falling Tianzun changed color, no wonder this true dragon race is not many, but it has a reputation in the universe, and indeed there are two times.

The billowing golden river must encircle the falling star Tianzun.

"The power of the stars." The terrifying light of stars burst out from the body of the falling star Tianzun, and the bright light of the stars turned into a starlight barrier, blocking it in front of him, banging banging, and the golden river continuously bombarded the starlight barrier. Up, making the falling star Tianzun back again and again

"Tianyan Tianzun, why don't you stop him?!" Falling Star Tianzun shouted angrily.

"Falling Star Tianzun, what do you think?"

Rongyan Tianzun stepped forward, this falling star Tianzun still has the face to ask this?

The falling star Tianzun was speechless, and said in a deep voice: "If you let this Golden Dragon Tianzun come, you and I may fall short."

Molten Yan Tianzun said calmly: "Wait until he arrives."

"you....."

The falling star Tianzun gritted his teeth, constantly resisting the attack of Jinlong Tianzun.

And taking advantage of this opportunity, Jinlong Tianzun and Molten Tianzun kept approaching.

The tens of thousands of powerhouses who saw this scene in the distance were speechless, thinking that the Starfalling Heavenly Venerable and the Molten Flame Heavenly Venerable would join forces, but unexpectedly, the two sides had conflicted before they even fought.

"Golden Dragon Tianzun?"

Qin Chen looked at the Golden Dragon Heavenly Sovereign who was stepping in the distance, and his heart moved, the True Dragon Clan actually had a master coming, is it here to save himself?

Hum! His heart moved slightly, but the power in his body did not stagnate at all, but continued to gather strength, because Qin Chen could feel that his distance from the realm of the respected realm was really just a step away, as long as he broke through the suppression between heaven and earth Own power

You can break through with the amount, and at that time, you can truly control your own destiny.

Not far away, Qin Chen sat down cross-legged and thunder roared in his body, assaulting a higher level.

"Then true dragon brat, who is still cultivating at this time?"

"Crazy man, at this time, I still don't want to escape, he is still cultivating."

"It's too idiotic."

Many powerful people of ten thousand races saw this scene, and their eyes were speechless. And after the delay between the Molten Flame Heavenly Venerable and the Falling Star Heavenly Venerable, the Golden Dragon Heavenly Venerable finally came to death, and he landed directly on this world.

[Chapter 4069: Really team up](#)

"Sky Venerable Molten Flame, don't stop him yet." Starfall Tianzun saw the Heaven Venerable Molten Flame and the Golden Dragon arrive, his face suddenly changed, and he shouted angrily.

"Hehe, Jinlong Tianzun will leave it to you."

The Molten Tianzun ignored the falling star Tianzun at all, staring at Qin Chen, and a fiery light burst out, directly towards Qin Chen.

"Golden Dragon Heavenly Venerable, don't stop him, otherwise your true dragon guy will be killed by Molten Flame Heavenly Venerable." Starfall Heavenly Venerable said, changing color.

At this time, instead, he fell behind the Molten Flame Heavenly Venerate.

"Humph."

Jinlong Tianzun snorted coldly, and a long golden river suddenly spread out from the golden river on display, and the mighty long river immediately swept toward the molten sky.

The Golden Dragon Tianzun actually wanted to resist the two great Tianzuns with his own power.

Molten Tianzun frowned, this Golden Dragon Tianzun was an arrogant method, but how could he be afraid of the other side with a mere golden river.

"Go away!" The Molten Tianzun coldly yelled, and a vast river of molten flames suddenly appeared in the void, and from the river of molten flames, a flame-flaming phantom of the flames emerged, straddling Stepping out, this flame demon phantom is extremely tall, like

It was like propping up the entire universe, shaking the river of molten flame demon fire with both hands, treating the river of molten flame demon fire as a long whip, and swung it down against the golden river.

boom!

The vast river of molten flames swept down, and the erupted power caused the entire ancient chin secret realm to rumble, bang, bang, and bang. Many ancient meteorites in the ancient chin secret realm exploded directly, the land cracked and the mountain peaks collapsed.

So strong! The Venerables of the Ten Thousand Races were trembling, their auras shivering under the suppression of this force, and the Starfalling Heavenly Venerable's eyes widened and furious, the power that the Molten Flame Heavenly Venerable exploded at this moment was more powerful than resisting the gold. In the long river

, A lot stronger, it is obvious that Molten Flame Heavenly Venerate hadn't used all its strength to resist Golden Dragon Heavenly Venerate before.

"He did it deliberately." Starfall Tianzun was frightened and angry. It is true that he had deceived Molten Tianzun before and deliberately did not try to get the opponent to resist Golden Dragon Tianzun, but he seized the opportunity to capture that Qin Chen. The Melting Flame Tianzun actually didn't show his full strength either.

Regardless of whether he makes a move or not, he will use the Golden Dragon Heavenly Sovereign to block him so that he can get a chance to capture Qin Chen.

"It's really despicable." Fallen Star Tianzun roared in his heart. Now the Molten Heavenly Venerate is the closest to the True Dragon Clan. As long as he resists the attack from the Golden Dragon Tianzun, he can

descend in front of the True Dragon Clan and grab the opponent directly. At that time, they completely fell short

Up.

"Hahaha."

Molten Tianzun looked up to the sky and laughed, and the vast river of molten demon fire swept down with a bang. The golden river formed by the Wanlin River shook violently and swayed endlessly, and the scales and armors were constantly shaking under the river of molten demon fire. . At the same time, Tianzun Molten was about to deal with Qin Chen not far away. At this moment, Tianzun Jinlong suddenly sneered, and a pitch-black bead suddenly spit out from his mouth, roaring, the pitch-black bead was rolling black. Qi surging, instantly turned into one

A black fierce beast descended on this heaven and earth and rushed towards the Molten Heavenly Lord.

"What?" Molten Tianzun was shocked, and a terrible spirit power swept over him. He had to stop and deal with Qin Chen, wave a **** claw, and collided with the towering spirit beast. There are dazzling secret patterns and secret patterns on the body

Condensed together, it finally merged into the bead on the forehead of the black soul beast, bursting out a jet of dark soul light rushing into the body of the molten sky.

"what!"

Molten Tianzun roared, his body shook, and the river of molten flames on display also shook violently, and the whole person flew out with a bang, looking at Jinlong Tianzun in anger.

Almost, he suffered a great loss from the Golden Dragon Heavenly Venerable, and he didn't expect this Golden Dragon Heavenly Venerable to have such a hand.

boom!

After blocking, the Golden Dragon Tianzun finally came here.

The vast golden river surrounds his body, coldly staring at the Molten Flame Heavenly Venerable and the Falling Star Heavenly Venerable.

At this moment, Jinlong Tianzun proudly stood in this black whirlwind, the aura of the ancient chin secret realm followed the fluctuations here. Molten Heavenly Venerable and Fallen Star Heavenly Venerable's faces were blue, and they looked at each other with annoyance and unwillingness in their eyes. They two came here earlier than Golden Dragon Heavenly Venerable. When Golden Dragon Heavenly Venerable appeared, they did not look at Golden Dragon Heavenly Venerable. Inside while

They were thinking about how to use the Golden Dragon Tianzun to stop the opponent.

But the result...

Their act of dragging behind each other gave Jinlong Tianzun a chance, giving Jinlong Tianzun a chance to come to them and face each other.

Variables suddenly arise.

Qin Chen also watched this scene, his heart moved slightly. This Golden Dragon Heavenly Venerate did have some means. In fact, he had already seen the contradiction between Molten Flame Heavenly Venerate and Fallen Star Heavenly Venerate, and took advantage of this.

"Well, is this the descendant of my true dragon clan? Yes, yes, it looks pretty pleasing to the eye." In the Chaos World, the ancestral dragon tusk said: "Unfortunately, it's not a female dragon, which makes me a little disappointed."

Blood River Saint Ancestor: "... "Little guy." Jinlong Tianzun stood proudly in this world, suddenly looked at Qin Chen, and a powerful voice sounded in Qin Chen's ears: "I haven't seen you in the real dragon ancestor. , Are you a true dragon who has been wandering in the universe? Normally, wandering

The true dragons of the people who have cultivated to the realm of the Holy Lord have a great possibility of being detected by my true dragons and brought back to the ancestral land. Unexpectedly, you are all venerable, but you haven't been back yet? "Woo, you may not know who I am, I am the Golden Dragon Heavenly Sovereign of the True Dragon Race." "Golden Dragon Tianzun looked at Qin Chen: "I only received an order from the patriarch, only to find out that some of my True Dragon clan had entered the Vientiane God Treasure, and made a surprise in the Vientiane God Treasure.

Things that move the earth and heaven are being chased by all races now, so I rushed here the first time. Don't worry, I am a member of the true dragon clan, not everyone can kill. "

"Xie Jinlong Tianzun." Qin Chen said.

"No, I am here today, no one can touch you." Jinlong Tianzun said in a strong voice: "After a while, you will follow me, leave here, and return to the real dragon ancestor."

"Yes." Qin Chen said, his eyes flashed.

If the Golden Dragon Tianzun can leave here safely, Qin Chen will naturally not miss it. Moreover, Qin Chen has the predecessor of the ancient Ancestral Dragon in his body, and his soul has also been transformed by the Dragon Soul. He is not afraid to be seen after entering the True Dragon Ancestral Land. Human identity.

"Hmph, Golden Dragon Heavenly Venerable, you want to take this person away with you alone?"

Molten Tianzun and Falling Star Tianzun looked at each other with cold eyes.

"Falling star, do you still want to fight with me at this time? The strength of this Golden Dragon Heavenly Venerable is not trivial. The pioneer will drive him away. Otherwise, you and I will really go back empty-handed."

"It's okay." Heavenly Fallen Star and Heavenly Molten Flame transmitted voices to each other, and they really joined forces.

[Chapter 4070: Top Tianzun Treasure](#)

"Hey, then... kill it!"

Molten Tianzun's voice fell, and a cold light burst out of his pupils.

He and the Starfall Heavenly Sovereign join forces, but will he fear the Golden Dragon Heavenly Sovereign? If the Golden Dragon Celestial Venerable is ignorant, they don't mind slaying a Celestial Venerable from the True Dragon Clan and devouring his power.

"Bang!" "Bang!" "Bang!"

The Molten Heavenly Sovereign is huge, seeming to step on the void slowly, but at an astonishing speed, wrapped in the terrible Molten Demon Fire, it soon swept across to the Golden Dragon Heavenly Sovereign.

boom!

The Starfalling Heavenly Sovereign on the side also moved. He was surrounded by stars, heavy enough to destroy the sky and the earth, close to the Molten Flame Heavenly Sovereign.

"Acridine!" Accompanied by the high-pitched roar containing soul impact, the Molten Heavenly Venerate and the Falling Star Heavenly Venerate exploded in an instant, the huge palm of the starlight gleamed, the vast river of magic light pierced the sky, and they wanted to grab the Golden Dragon Heavenly Lord.

Snapped!

Wherever he went, the extremely condensed space broke open, completely covering the Golden Dragon Heavenly Sovereign.

"Bang!" With a crisp sound, Jinlong Tianzun surrounded the golden Ten Thousand Scales River and flew away instantly.

"It can block it, and it's still a little bit capable." The faintly glowing Molten Tianzun phantom in the distant place smiled and said, "But luck is only this time, next time you will..." The two celestial beings of the Star God Palace!" The golden dragon celestial being flying upside down in the distance stopped abruptly. Under the vast golden light, his eyes were full of warfare, and he laughed loudly, "Awesome, the combination of molten demon fire and star light, There is such a strange

The special effect actually contains a strong soul attack, but unfortunately it is not enough to stop this seat from leaving, but it is not possible to let you leave, then this seat will... knock you back. "

The rough voice shocked all parties.

"The Molten Flame Heavenly Venerable and the Falling Star Heavenly Venerable are teaming up, he doesn't care about it?" The Ten Thousand Clan Venerables who watched the battle in the distance were shocked.

"Arrogant, but I like it." Honghuang Zulong senior laughed and said: "Old Blood River, have you seen it? This is the offspring of the old man."

"Huh, a little Tianzun, what is there to be proud of." The blood river ancestor said with disdain, the old thing's proud expression is really awkward.

"Hahaha, you are jealous." Honghuang Zulong smiled.

Molten Flame Heavenly Sovereign and Fallen Star Heavenly Sovereign were really angry.

"It's arrogant!" Starfall Tianzun's eyes were cold, "It is rumored that the true dragons are strong in flesh and powerful to the sky. This seat is just right to learn." The **** glow of the molten Tianzun is even more cold and cold: "My Melting Tianzun is vertical and horizontal. On the battlefield of ten thousand races, there is no way to deal with the enemy, but it is true that I have never fought against the Heavenly Lord of the True Dragon Tribe. Since you are so confident, I will join forces with the Heavenly Lord of Falling Star

Please enlighten me! "

The Molten Heavenly Sovereign and the Falling Star Heavenly Sovereign stepped out, each snorting coldly, and the Heavenly Sovereign Qi surged and enveloped the Golden Dragon Heavenly Sovereign again.

The Golden Dragon Tianzun, who surrounded the meandering golden Wanlin River in the distance, let out a loud shout: "Wanlin plus body!"

"Wow!" The sky full of golden rivers turned into scales, and crazily condensed on Jinlong Tianzun, turning Jinlong Tianzun into a golden war god, and a golden war hammer appeared in his hand. This golden war hammer was covered with layers. Scaly armor, suddenly lifted

.

boom!

The golden light of the warhammer shines. Suddenly a golden hammer phantom appeared in the surrounding time and space, and each golden hammer phantom was as wide as a sacred mountain through the sky, as if golden pillars appeared, and there were countless golden hammer phantoms scattered around. All directions,

Under these countless golden hammer phantoms, every place where the incomparably condensed ancient chin secret realm was oppressed began to crack apart.

Countless dark whirlwinds exploded.

now!

There are countless golden hammer phantoms that reach the sky, and each phantom is tens of thousands of feet away. For a time, in the endless space, the golden dragon heaven holding the hammer is like the core of the world, and then his powerful arms face The front swings out, the golden hammer swings out!

Suddenly, countless golden hammer phantoms also quickly gathered and merged into the hammer, causing the whole hammer to emit an extremely dazzling golden light.

"Kill!" With a bang, the Molten Heavenly Venerable directly turned into a towering flame demon giant, burning through the sky with the molten flame demon fire. In the river of molten flame demon fire all over his body, blood-colored magic stones appeared, and the falling star heavenly Venerable body Also evolve the infinite stars, the palms glow,

A star glove appeared. On the glove, the starlight condensed, making it dazzling.

Infinite stars and starlight merged into the long river of Scarlet Molten Demon Fire, and the attack of the Falling Star Tianzun was combined with the Heavenly Molten Demon Fire.

boom!

The two Tianzun shots at the same time.

"Boom!"

The sky trembled.

The two sides collided, shaking the earth, the Golden Dragon Heavenly Venerate retreated a few steps and then stopped, while the Molten Flame Heavenly Venerate and the Falling Star Heavenly Venerate retreated dozens of steps at the same time.

Boom boom boom boom!

Under their feet, pieces of emptiness shattered, and wherever they retreated, which piece of emptiness turned into powder.

It was quiet.

The veterans of the ten thousand races in the distance were shocked, but the Molten Flame Heavenly Venerate and the Falling Star Heavenly Venerate couldn't believe it.

"Your sacred hammer is the heavenly treasure? Top heavenly treasure!" Falling star Tianzun suddenly uttered a frightened voice, "You actually have a top heavenly treasure!"

"Not long after I got it, try my warhammer with you." The Golden Dragon Heavenly Sovereign stood in the void, with the golden dragon beard fluttering, but there was an absolute dominance. "Your two Heavenly Sovereigns are indeed powerful, but compared to my warhammer... ..It's still far away." Molten Tianzun said coldly: "Although you have the treasure of Tianzun, but logically speaking, you can't suppress me and Tianzun Tianzun, because my long river of molten flames is also a weapon of Tianzun. The Celestial Gloves of the Celestial Lord are also Celestial Instruments. I will join forces and add two more

The combination of the powers of the Heavenly Sovereign Device... Not only did you block it, but you could actually gain the upper hand. Your attainments in the Heavenly Sovereign realm were powerful, powerful. You deserve my best effort. "

"Oh, I haven't tried my best yet? Come on, I haven't tried my best!" Jinlong Tianzun laughed, the laughter made the void tremble.

"Falling Star Tianzun." Molten Yan Tianzun said, "Go ahead, don't hide and tuck."

"Okay, let this Golden Dragon Heavenly Venerable take a look." The Starfalling Heavenly Venerable is also completely angry. This time it is not only a battle for Qin Chen, but also a battle for Li Wei. If they join forces, they can't even repel the Golden Dragon Heavenly Venerable. , Was suppressed... That's really a big joke.

Suddenly! The huge Molten Heavenly Venerable's body began to glow with a faint red light of melting flames, and countless red lights began to condense into a demon clan secret pattern pattern, making the aura of the entire Molten Flame Heavenly Venerable more and more powerful, bursts of molten flame. Light and magic fire, keep flying

Enter the body of Rongyan Tianzun.

Molten Tianzun changed rapidly, turning into a hideous monster. "It's the incarnation of the Flame Beast of the Flame Demon Clan." The Blood Seal Earth Venerable and the others watched the battle from a distance, and they were suddenly shocked when they saw the change of the Molten Flame Heaven Venerable.
