### [Chapter 4081: Hand of Stars](#)

He only saw Qin Chen swooping forward like a real dragon phantom, Longwei trembling, that force directly tore the skin on the surface of his body, and a violent sting was transmitted from his mind to the limbs.

Qin Chen stared at him once again, beat the Fallen Dog and regarded him as his core target.

"The hand of the stars, pick the stars and take the moon, the sun and the moon rotate, the heavens and the earth are a dream."? The star-falling Tianzun judged it in an instant. Qin Chen's claw is not something he can resist. Although he is Tianzun, , Qin Chen's power is unreasonable, the vast power of rules, and the true dragon's aura, plus endless

The sword river and the origin of chaos, as well as the billowing flame aura, can definitely explode him with one claw. Before, he destroyed 8% of his origin with a single blow. If this blow is real, he will lose at least 15% or even more. If it loses more than 30 or 40% of his origin, he 'S combat power will inevitably drop instantly, in other

Tianzun lost the ability to protect himself.

Regardless of their five heavenly beings joining forces, after all, they come from different races, and there are still many powerful people outside. Once they have the opportunity, these guys will definitely not hesitate to behead him, take everything from him, and treat him as a trophy.

At this critical juncture, the hand of the stars in his hand shot a dazzling divine rainbow and flew up like a five-fingered mountain that stretched across the sky. It crossed in front of him and resisted Qin Chen's sharp claws.

boom!

Qin Chen slammed the "Hand of the Stars" with one claw, and the Heavenly Sovereign Supreme Treasure, which condensed the starlight to the sky, suddenly burst out a strong forbidden law, spread out, and swept towards Qin Chen's body.

"True dragon sword qi, originating from the long river, chaos is only me!" Qin Chen uttered a long roar, and his body moved forward again, with another claw, the Avenue of Origin, the generation and death of the civilization chapters of the Ganges River, and countless civilization rules poured out. And, the ten thousand star clock made a sound, countless stars gushing out of it

, Blasted towards the hand of the stars, besides that, Qin Chen rang the Haotian Drum.

Boom!

The sound wave formed by the Haotian Drum swept out, violently blasting everywhere in the world.

In addition, Qin Chen quietly integrated a trace of the power of the ancient ancestor dragon in his own power, and a real dragon breath that seemed to have emerged from the ancient prehistoric, suppressed the eternal capital.

Klang Klang!

This breath was too terrifying, it actually broke the light of the heavenly treasure on the "Hand of the Stars" every inch, and finally went to the false and kept the truth, and directly hit the claw, like a dragon probing claw, on the body of the hand of the star. The Hand of the Stars is a pair of top-class Celestial Venerable materials, which has smelted countless stars. It vibrates endlessly, like a five-fingered mountain, hit by a stone from the sky. The sound wave radiates again, shaking the body of the falling star Celestial Venerable behind.

split.

puff!

The body of Fallen Star Heavenly Sovereign split open, and the body backed back again and again, and the big mouthful of blood sprayed out, and he could no longer hold the "Hand of the Stars". This powerful Heavenly Sovereign Treasure actually flew up in the sky, letting go, and reached the secret realm of the ancient chin. high altitude.

Was flew by Qin Chen.

"What? The hands of the stars of Falling Star Heavenly Sovereign were blown away?"

"What are you kidding? The hand of the star is a treasure of the Heavenly Sovereign, and it was directly bombarded with divine consciousness and out of the control of the Heavenly Sovereign Falling Star. Now the hand of the star has lost its master and has become a thing of no owner."

"If we can seize the hand, the hand of the stars is also a good thing, but we will join forces first to kill this true dragon kid."

"Molten flames, deep ocean cubes, kingdom of ten thousand bones, sacred mountain descends."

Molten Tianzun, Minghai Tianzun, Spirit Bone Tianzun, and Gushan Tianzun saw this scene, and at the same time, they jointly launched a blow against Qin Chen, and at the same time, they held the hands of the stars with their big hands. ? Four Heavenly Lords, the true Heavenly Lords, how ferocious is they teamed up? No one knows, but only saw that wherever the attack went, everything in the ancient chin secret realm turned into chaotic vitality, and then turned into various rules.

Thousands of space fragments were intermingled with each other, and among them, various magical killing moves appeared, blasting and killing Qin Chen.

"My star hand."

The Star Falling Heavenly Sovereign was furious, ignoring the serious injury, soaring into the sky, trying to \*\*\*\* his own star.

The Heavenly Venerable Treasure is too rare. Even if he is a Heavenly Venerable, he only has this one. How can he let this Heavenly Venerable Treasure out of his control?

"Hahaha."

"Your opponent is me."

In the void, the Golden Dragon Tianzun stepped out, he laughed out loud, majestic and majestic, the golden river outside his body, the Wanlin River, guarding himself, at the same time, the golden warhammer in his hand was raised high.

"Zhou Mie!"

boom!

The entire void suddenly darkened, and then, countless golden hammer shadows emerged, and layers of hammer shadows merged together. The universe was empty and silent. Under the eyes of everyone, the vast golden warhammer slammed down. .

Hum!

Silently. Two terrifying forces collided, with a bang, the body of the Golden Dragon Heavenly Sovereign shook wildly and backed back again and again. However, the combined blow of the four great Heavenly Sovereigns also shook directly under the shadow of the hammer. Most of the power was eliminated, but there was still a small amount of power. Part, kill

Came out and flocked to Qin Chen.

"Boy, be careful!"

Jinlong Tianzun hurriedly drank to Qin Chen.

He can only do so much. In the face of the four heavenly venerables, he can hit with all his strength and it is impossible to blast the four heavenly venerables. It is the ultimate that can annihilate most of the power.

"Huh, why not be afraid of such an attack."

Faced with these attacks, Qin Chen's body shook, the Vast Sky Divine Armor urged, and the Void Mirage Bracers quickly blessed his true dragon power to the extreme, and in the chaotic world, the power of the Primordial Ancestor Dragon and Blood River Saint Ancestor, Also blessed on Qin Chen.

The entire chaotic world began to rotate, forming a portal.

boom!

The combined blow of the four great heavenly masters penetrated the eternal age, shattered the sun and the moon, and landed on Qin Chen.

"It's in!" Gushan Tianzun and the others stared, and it seemed that although most of their attacks had been annihilated by the Golden Dragon Tianzun, even this part of the remaining power was enough to seriously injure a strong Tianzun. , Qin Chen, how can I resist

?

However, a scene that shocked everyone happened.

Rumble! A terrifying attack blasted Qin Chen's body, his energy exploded, but Qin Chen stood still, and there seemed to be a black hole in his body, exuding a powerful suction, and those attacks were all sucked in. Black hole

Among them, all disappeared.

It seems to have been completely swallowed up.

"This scene....."

"Here again."

In the distance, there was a master of the earth who had entered the dark stars of the Vientiane God Hidden, his scalp was numb. They thought that in the dark stars, Yuanhun Dizun and other Peak Divine Venerables joined forces to target Qin Chen, but they attacked Qin Chen, but Qin Chen felt like a black hole in his body, capable of swallowing everything. Yuanhun Dizun and others

Everything fell.

Now, this scene has appeared again. However, the object was transformed from a peak earthly respecter like Yuanshun Earthly respect to a powerful heavenly respecter like Molten Flame Heavenly Venerate.

#### [Chapter 4082: Hand of Refining Stars](#)

The reincarnation of history has caused all the venerables of all races who have experienced the journey of the dark stars to beat their hearts.

"impossible!"

Gushan Tianzun and the others roared wildly, their eyes widened, how could someone swallow the attacks of their four great heavenly sovereigns, this is simply impossible.

Is that kid the pinnacle of heaven?

It should be noted that Tianzun who is as strong as the Golden Dragon can only resist their attacks and be injured, but what about Qin Chen? It is a huge joke for a ground-sovereign who just broke through to dare to absorb the power of these heavenly-sovereigns.

They roared like crazy and couldn't believe their eyes.

"In my dictionary, there is no word 'impossible.' There is nothing impossible in this world." Qin Chen sneered, if he faced the attacks of the four heavenly venerables, he would really not dare to do so, but, The Golden Dragon Heavenly Sovereign smashed most of the power of the Heavenly Sovereign, and the Haotian Divine Armor blocked most of the powers, and finally entered his body.

The attack absorbed by the Chaos World was actually very weak, and Qin Chen was naturally fearless.

Boom! The power of the billowing Tianzun entered the chaotic world. Such a terrifying power of the Tianzun immediately caused a shocking wave in the chaotic world. The chaotic world was rumbling and roaring. However, in the Great Ancestral Dragon, the Holy Ancestor of the Blood River, and the Abyss Demon Lord and others

Under the cooperation of these Heavenly Lords, the power of these Heavenly Lords was instantly suppressed.

"Hahaha, such a strong Tianzun breath, yes, yes, this is a great tonic."

The three powerhouses of Honghuang Ancestral Dragon, quack and laughed, absorbed the power of these Heavenly Lords, and the remaining power nourished the chaotic world.

Ignoring the attacks of the four great celestial beings, Qin Chen soared into the sky amidst the vast roar, yelling at the falling star celestial being, "Go!"

boom!

The billions of true dragon sword qi turned into a prehistoric true dragon, and flew out of the Starfalling Heavenly Sovereign, while Qin Chen's dragon claws firmly grasped the hand of the star and captured it.

In an instant, the change seemed to be the rotation of the sun and the moon, the hand of the stars, the treasure of Heavenly Sovereign, had changed ownership, and fell into Qin Chen's hands from Heavenly Sovereign Falling Star. ? However, the hand of the stars, after all, is the treasure of the star-falling Tianzun. It is the Tianzun's divine tool that has been refined by the Star God Palace for hundreds of millions of years. It possesses the indomitable instinct and will fall into Qin Chen's palm. Stop expanding, swelling, wanting to blow up Qin

Chen's big hand rushed out.

"He can't surrender the hand of the stars and kill him."

"good chance!"

"Bone Kingdom of God, come out, the world of bones, the creatures of the bone race, are omnipotent."

"The ancient sacred mountain, with many shadows, shining on the sun and the moon, destroying the sky and the earth, and shattering the void."

Although the Four Great Heavenly Venerables were in shock, they did not even think about it at this moment, and performed the ultimate move against Qin Chen. At this moment, everyone has completely displayed their last earth-shattering killer, regardless of any dignity.

The strength Qin Chen showed was too terrifying, earth-shattering, unparalleled, and there was even a trace of fear in their hearts, because everything Qin Chen did was beyond their understanding.

They all knew how powerful they were. At this moment, they didn't dare to treat Qin Chen as a junior, completely unreserved, and tried their best to use any means to suppress the bottom of the box. "Ah, the real dragon boy, it's terribly hateful, this hand of the star is mine, do you think it can be easily taken away? Don't think about it, don't think about it, kill me." The star-falling Tianzun was hysterical, and Qin Chen took his hand , Captured the hand of the stars, this is

The endless shame took away his biggest trump card, the root of the world, which made him almost crazy!

The huge body of the falling star Tianzun began to urge, all the will, desperately, attacked Qin Chen!

"Hand of the stars, don't you want to surrender me?"

Qin Chen stood high in the sky, grasping the "Hand of the Stars", the hand of the stars roared violently, and the endless starlight burst out, to be out of Qin Chen's palm without being controlled by him.

Qin Chen looked arrogant and icy. Facing the attacks of the crowd, he remained motionless. His body shook. The origin of the billowing chaos swept out, and the river of true dragon sword aura surged to protect him.

At the most critical moment, Qin Chen directly urged the Wanxing Clock out.

Hum!

The starlight on the Wanxing Clock was shining, and the terrifying starlight burst directly, protecting Qin Chen inside.

Suddenly, the Four Great Heavenly Sovereigns plus all the attacks from the Falling Star Heavenly Sovereign hit the Ten Thousand Star Clock directly. The Wanxing Clock is the most precious treasure of the Star Lord in the Star God Palace when he was young. It is the pinnacle treasure of the earth, but under the nourishment of the star Lord, it has been turned into a half-step heavenly treasure for hundreds of millions of years, even compared to the average half-step. Tianzun treasures are scary, compared to

Tianzun treasure is only one step away.

But at this moment, under the attack of the five great celestial beings, the ten thousand star clock directly made a clicking sound, and then burst into pieces, turning into sky starlight fragments.

Rumble!

After the five great heavenly veterans joined forces and smashed the ten thousand star clock, they continued to move forward vastly. The combined attack of the five great celestial beings was too strong, and the other four great celestial beings also mobilized the celestial treasures, how could it be completely resisted by the mere Wanxing Bell, and the terrifying attack that poured out immediately blasted the dragon sword. On, with a boom,

The long river of true dragon sword energy burst into pieces in an instant, and the attacks of the five heavenly veterans were indeed powerful, as strong as Qin Chen, and could not be resisted. However, after the long river of true dragon sword energy, there is a vast source of chaos. The source of chaos trembles and blocks most of the attacks. Then...the endless rules of origin, then the Haotian Divine Armor, layered defenses, Cover Qin Chen's body

, And ultimately Qin Chen's true dragon body.

boom!

The endless attack blasted Qin Chen out, his dragon scales shattered and blood dripping. However, Qin Chen's expression did not change at all, because although he was injured, it was only a skin injury. With the protection of the origin of chaos, he was blessed by the dragon soul of the great ancestor dragon, and his body has surpassed to reach an unimaginable

The extreme level, Tianzun's desperate blow, could not be easily shaken.

Under the protection of the source of terror, Qin Chen spouted a mouthful of blood and sprayed it directly on the shattered starlight of the Ten Thousand-Star Clock. Qin Chen's big hand reached out and exploded the power of the core of the Ten Thousand-Star Clock. Squeezed into his hands completely.

Hundreds of millions of stars condensed in his hands.

"The hand of the stars, refine it for me."

Qin Chen spit out a mouthful of blood again, sprayed it on the hand of the violently trembling star, and the technique of patching up the sky in his body immediately urged. I saw the light of the broken ten thousand star clock condensed in Qin Chen's hand dissipate and evolved into a large formation, fused with the essence and blood that Qin Chen spit out from the hand of the star, and poured into the hand of the star. The air was raging, and it sounded like an ice-breaking sound.

### [Chapter 4083: Swallowed](#)

The Starfalling Heavenly Sovereign shook, and again spouted a mouthful of blood. He looked at the hand of the star in Qin Chen's hand in horror. It no longer oscillated and expanded, but gradually shrank. This indicated that Qin Chen had refined the star. Hands.

The hand of the stars really does not belong to him.

A Tianzun treasure had already fallen into Qin Chen's hands.

"He refined the hand of the stars so quickly?"

"How is it possible? The hand of the star was snatched away before the falling star Tianzun died? The hand of the star is a treasure of the heavens, with an unyielding will, how can it be refined so easily?" , This guy is a lunatic, did you see that, he deliberately displayed the Wanxing Clock, let the five heavenly masters attack, directly explode, and then use the power of the Wanxing Clock to smelt the hand of the stars, because the Wanxing Clock is a star \*\*\*\* When the Lord of the Palace was young

The treasure contains the top source of the Star God Palace, enough to invade the hands of the stars. "

"Good decisive, good means."

The Venerables of the Ten Thousand Races in the distance were shocked when they saw this scene, and those who saw through Qin Chen's methods were even more shocked.

What a terrible means. It is important to know that the treasure of Tianzun is too difficult to refining. Change to a Tianzun. Even if the star-falling heavenlyzun falls, his hand of the star falls into the hands of other heavenly. He wants to completely eliminate the will of the star-falling heavenlyzun and remove the stars. Hand refining, no

It may not be known for thousands of years, and various special methods must be used.

But what about Qin Chen? Decisively let the five heavenly venerables explode the Ten Thousand Star Clock, and then use the power of the Ten Thousand Star Clock to refine the hand of the stars, and use

the power of the stars to target the power of the stars. This method and this decisiveness shocked everyone.

This was a treasure of the Star Lord of the Star God Palace when he was young, and it would be destroyed if he said it was destroyed.

"Good means."

Even Jinlong Tianzun was dumbfounded, his scalp numb.

When did their True Dragons appear such a monster, it was far more terrifying than he thought.

"To kill him, you must kill him, otherwise all of our forces will be unlucky and must kill him."

"He has only one person, we can still kill him as long as we really cooperate."

The five Heavenly Sovereigns had red eyes, and cold air emerged from the soles of their feet, instantly rushing to the top of their heads.

Qin Chen's horror was far beyond their imagination, and they knew well that now they had already forged a blood feud with Qin Chen. If they didn't kill Qin Chen this time, there would be endless troubles. Their tribes are in the big camp on the battlefield of ten thousand races. I'm afraid I will encounter the end.

At this moment, Minghai Tianzun and the others finally knew why other tens of thousands of tribes had clearly arrived here, but they had not done anything. They were afraid of changes, and it was not a good idea to be an enemy of the true dragon clan.

"kill!"

At this time, their five heavenly veterans had no chance of retreating, and they all slew like crazy.

Falling Star Tianzun spit out a breath of Origin Qi, the starlight rolled, and the whole person went crazy, and the rest of the Origin began to burn, blasting towards Qin Chen fiercely.

He worked desperately, and it was either Qin Chen's death or his death today.

"Bone God Kingdom!"

The Bone Race master, Spirit Bone Heavenly Sovereign, roared again and again, and also played the strongest faculty. This time, the Bone God Kingdom no longer appeared in the void in a vain manner, but appeared between the sky and the earth, directly rumbling down and hitting. Xiang Qin Chen's body.

This is the kingdom of the Bone Race, containing the lifelong backbone of the Bone Race. First, it is a small world with countless Bone Race powers and unmatched power.

Heavenly Venerable Minghai, Heavenly Molten Flame, Heavenly Venerable Gushan also all shot frantically, trying to kill Qin Chen.

"Hmph, good coming, Senior Jinlong Tianzun, kill with me."

Qin Chen snorted coldly, facing the attacks of the five heavenly veterans without fear.

Hum!

Qin Chen grabbed it with a big hand, the hand of the stars appeared in his hand, and the rolling star light turned into a giant hand and blasted out.

"Hahaha, okay, kill, whoever dares to target my true dragon clan must die!"

Jinlong Tianzun also laughed loudly, rumbling, and stepped out, the warhammer engulfed the golden river and bombarded it out.

Boom! ? Terrible attack collision, the entire ancient chin secret realm vibrated violently, as if it was about to collapse, banging, the barrier outside the ancient chin secret, making a clicking sound, the dark whirlwind swept out, this one stood on the battlefield of ten thousand races Billions of years of ancient times

The secret realm collapsed at this moment.

"No, run away."

"Quit."

The powerful people of the ten thousand races at the entrance of the ancient chin secret realm all roared, retreating frantically in panic.

Seven Heavenly Sovereign level fights, they still dare to be around here, that is looking for death.

Rumble!

In the endless roar, the explosion roar, and the fascinating chaotic aura, I saw Qin Chen stepping out.

"what?"

The five gods are going crazy, is this kid invincible?

In the chaos, Qin Chen held the hand of the star, and in one step he came to the face of the falling star Tianzun, and Rumble photographed the huge star palm.

The star-falling Tianzun's face changed, he felt the horrible breath of the hand of the stars, and backed back again and again, but the star dragon claws grew bigger and bigger, and finally burst the sky. The whole world is the shadow of the stars dragon claws. Falling.

Falling Star Tianzun's eyes are blood red, fight it!

He gritted his teeth, this is his treasure, but now, his treasure has given him the crisis of death.

His hands once again condensed into Xinghai, truly showing his true strength as a peerless heavenly sovereign.

However, Qin Chen was expressionless, still urging the hands of the stars to bombard down.

The two attacks collided, and eternal starlight burst out in an instant.

Click!

The dazzling starlight dissipated in the next moment, and the falling star Tianzun was slapped down, half of his body turned into mud, and he roared in pain, and countless laws shot out from the body to form the other half of the body.

However, Qin Chen didn't give him any chance, holding the sharp claw of the hand of the stars, waved it again, and turned it over, as if the sky and the earth turned over, covering the falling star heaven.

what!

Falling Star Tianzun, the whole person's eyes went black, and he was covered by the stars and dragon claws. ? Then the hand of the star, directly squeezed, and the eternal imprisonment of the falling star Tianzun, everyone heard it, among the stars and dragon claws, there was a dull sound of thumping, shaking constantly, it seemed to be one The heart is beating, terrifying

, I understood, Qin Chen sealed the Starfalling Heavenly Sovereign with the hands of the stars.

He sealed a deity of heaven and life in it, ready to be refined.

The hand of the stars, the heavenly treasures, can cover even the heavens and the earth, just like the bones of the kingdom of God, as strong as the heavenly sovereign once it is enveloped by it, it will truly fall into the clutches of the clutch and cannot extricate itself.

"Swallow!" Qin Chen held the Starfalling Heavenly Venerable with the hand of the stars, opened his big mouth, and boomed, an infinite swallowing force was born in Qin Chen's huge mouth of the true dragon, swallowing suddenly, the body of the Starfalling Heavenly Venerable She was immediately enveloped by endless stars, swallowed by Qin Chen, and actually entered the world of chaos.

#### [Chapter 4084: Invincible](#)

"Hahaha." In the chaotic world, the three powerful ancestors of the ancestors were ecstatic, and suppressed the severely injured Heavenly Falling Star. The Devil Tree of the Ten Thousand Realms, the Tree of Chaos and the Divine Sun Turtle also rushed out, booming. With a sound, he directly suppressed the falling star Tianzun in the chaotic world

in.

"Falling Star Tianzun was swallowed in one bite!"

"day!"

"Mad, really crazy!" The remaining four heavenly veterans were almost mad, stunned, what they saw, the dignified star-falling heavenly veteran was swallowed by this true dragon tribe, and after it was swallowed into the body, this is true The dragon people don't have any discomfort, it seems to fall

Xing Tianzun has been completely refined.

One by one, the scalp was numb and the soles of the feet were cold.

Even produced a sense of sadness.

The dignified falling star Tianzun was actually suppressed by his own Tianzun treasure, the hand of the stars, and then swallowed by a true dragon clan whose cultivation was not as good as his own. This was too awkward and too miserable to die.

At this moment, the Four Heavenly Sovereigns even gave birth to retreat. "It doesn't matter! Falling Star Tianzun has been tempered, he must have been sealed, suppressed by the chaotic treasure in this true dragon clan, but a strong Tianzun is not so easy to seal, and it is not so easy to die. On the contrary, this kid wants town

It takes a huge amount of power to crush the Star Heavenly Sovereign, which is our opportunity. "

Divine light appeared in the eyes of Spirit Bone Tianzun, and he suddenly rushed up and reached behind Qin Chen. The pale white bones and sharp claws pierced Qin Chen's body fiercely.

boom!

And his Bone God Kingdom was suppressed, blocking Qin Chen's actions.

"Bone Tianwei, heartbreaking!"

Ling Bone Tianzun finally seized the opportunity to kill Qin Chen with one blow.

Crackling... There was a burst of noise, and the two claws of the Spirit Bone Heavenly Venerable pierced Qin Chen's body. This was a blow from the Heavenly Venerable.

However, on Qin Chen's body, only a faint crack appeared in the body of the dragon scale, and the huge chaotic origin inside it was completely restored after a while, and it was as clean as new.

"It's the treasure of defense."

Ling Bone Tianzun finally discovered something wrong with Qin Chen's body. His scale armor was not a physical body, but a defensive divine armor, which was extremely hard.

No wonder Qin Chen is so strong, everything is the armor on his body, the armor that can block the attack of the Heavenly Lord.

What level of treasure is this? Is the pinnacle heavenly treasure?

When the Spirit Bone Heavenly Sovereign was frightened, the billowing sword energy on Qin Chen's body instantly turned into a sky-reaching sword, slashing towards the Spirit Bone Heavenly Sovereign.

Huh!

The sword energy was vertical and horizontal, reaching the sky and the earth, almost freezing the void, and beheading the head of the spirit bone Tianzun. The anger of the Spirit Bone Heavenly Sovereign stopped abruptly, rumbling, the river of sword aura crazily slashed on the Spirit Bone Heavenly Sovereign's neck, and the chaotic origins on the neck collided with the power of the Bone Heavenly Sovereign, with a bang, the Spirit Bone Tianzun finally couldn't resist, the whole

The head flew out, separated from the body, and was cut off by Qin Chen.

Although he is the Celestial Lord, Qin Chen's attack is too strong, enough to crush everything!

"Damn it! My head, my head."

Although the head of the Spirit Bone Celestial Venerable has been cut off, it is still immortal. A Celestial Venerable is almost immortal and will never die for hundreds of millions of calamities. Moreover, he is a master of the Bone Race, and his body is made of white bones, not ordinary. Body.

Qin Chen moved his body and looked at the head with cold eyes. Suddenly, the hand of the stars protruded out, and a seal of the Origin Divine Array appeared in the air, intertwined with the latitude and longitude, and unexpectedly sealed the head and pulled it over.

Then, the billowing chaotic lotus fire filled out, and everyone was shocked to see that the head of the spirit bone Tianzun was burned by the billowing chaotic lotus fire in the hands of Qin Chen's stars, refining frantically.

Click! Click!

A crack suddenly appeared on the white bone head, which was quickly refined.

"No!" The Spirit Bone Heavenly Sovereign who had lost his head roared and roared. In the neck, the laws of the Great Way were once again intertwined to reconsolidate the head, but Qin Chen rushed over, violently trampled on the void, every step with incomparability the power of

, The shock caused a crack in the body of the spirit bone Tianzun, and the spirit bone Tianzun was to be exploded to prevent him from gathering his head.

"Bone God Kingdom!"

Ling Bone Tianzun was finally frightened, and above his head, the terrifying White Bone God Kingdom was suddenly suppressed to stop Qin Chen's actions, and at the same time his body lost his head and retreated madly.

Whoosh!

He shook his body, escaped into the void, and even fled directly outside the ancient chin secret, which was shrinking.

"Humph!"

Qin Chen snorted coldly.

Click! ? He grabbed it with a big hand, and the giant star hand directly blasted towards the bone \*\*\*\* kingdom above his head, booming, powerful force, bombarding into the bone \*\*\*\* kingdom, suddenly, the endless bones world in the bone \*\*\*\* kingdom, endless explosions, countless Bones

At this moment, they screamed and exploded, and then exploded suddenly, turning into a billowing white bone aura.

The Heavenly Venerable Treasure, the White Bone God Kingdom, was crumbling under Qin Chen's bombardment, and the billowing white bone gas was refined and absorbed by Qin Chen.

"come back!"

The Spirit Bone Heavenly Sovereign who rushed out of the secret realm of the ancient chin roared and boomed, and the White Bone God Kingdom suddenly escaped into the void, disappeared, and returned to the Spirit Bone Heavenly Sovereign body.

puff!

Linggutian respected the injury and exhaled a spine.

"what!"

He roared madly, and in just this instant, the power in his White Bone God Kingdom was swallowed by about 10%, and his origin was lost by 20%.

Qin Chen stayed still, did not chase and kill the Spirit Bone Celestial Venerable, but the Qi of the Primal Chaos Dragon soared into the sky, powerfully refining the absorbed white bone aura and the head of the Spirit Bone Celestial Venerable in the hands of the stars. Under the gaze of everyone's eyes, everyone saw that the head of the Spirit Bone Heavenly Venerable was directly turned into powder under Qin Chen's refining, and the real fire burned, completely refining the head of the Spirit Bone Heavenly Venerable into nothingness and turning it into a pure Tianzun. Origin, by Qin Chen

Inhaled into the body.

It was between the brief encounters that the Heavenly Venerable Starfalling Star was swallowed by Qin Chen directly. The Spiritual Bone Heavenly Venerable was beheaded and his body was severely injured. Even the Heavenly Venerable Supreme White Bone God Kingdom was damaged.

They are all masterpieces of Qin Chen.

silence!

The audience was silent.

Qin Chen is like the same demon god, standing proud of the world, refreshing everyone's cognition with the power of one person. "Go! Go fast!" Seeing this scene, Molten Flame Tianzun was shocked, and finally knew what kind of abnormality the True Dragon tribe they were about to hunt, and how terrifying the other party was. He and Tianzun Gushan, Minghai Tianzun looked at each other

, Suddenly leaped to the outside of the ancient chin secret, about to flee.

However, as soon as the three of them took off, Qin Chen crossed the ages and came to the three of them.

boom! With a punch, the body of Rongyan Tianzun exploded.

Qin Chen tore his big hand, Minghai Tianzun let out a scream, and the other arm was torn off. Qin Chen was invincible, holding the "Hand of the Stars", hanging a long river of true dragon sword energy, and using the way of chaos, he shattered the ages and sank to the earth. Tianzun's body.

[Chapter 4085: Top Tianzun](#)

"Ahhh, Deep Sea Rubik's Cube, running Profound meaning..."

Heavenly Venerable Minghai knows that this moment is the most critical time. If he is careless, he will be sealed by Qin Chen and fall into the hands of his opponents. The body that will not be polished will also be refined into the power of the source, and will be completely destroyed. Fall. ? He urged the Deep Sea Rubik's Cube to run the highest profundity of the Sea Clan. The body was occupied in the heavens and the earth. It seemed to be combined with the core element in the universe. Immediately, a line of Sea Clan light burst out from the center of his eyebrows. Qin Chen's eyebrows, this

It is a killer move, one blow.

However, the exploding body of Molten Tianzun, the burning molten demon fire, reunited and recovered again, the molten demon fire rushed toward Qin Chen wanton, while his figure rushed toward the ancient chin secret.

As for Gushan Tianzun, it turned into a sacred mountain with a bang, hit the phantom of the sacred mountain suspended in the eternal universe to cover the sky and obscured the sun, rushing to Qin Chen, flying to the sacred mountain, as for his body rose up into the sky, tearing the void. .

The three Heavenly Sovereigns simultaneously performed their ultimate moves and fled outward.

The light of the sea clan from Tianzun Minghai hit Qin Chen's eyebrows.

The divine light in Qin Chen's eyes exploded, and a divine rainbow was exploded. The divine rainbow exploded, and suddenly the universe seemed to condense and shrink, colliding with the light of the sea clan, and annihilated with a bang.

But Minghai Tianzun seized this opportunity and escaped the ancient chin secret realm.

The three heavenly veterans are throwing their heads around, in a panic.

"Kill!" Qin Chen narrowed his eyes, knowing that it was impossible to kill the three great celestial beings. Although he was strong, he was not the celestial being after all. It was impossible to chase and kill all the five great celestial beings. The sacred mountain of Shantianzun, extinguished the molten demon fire,

Pounced on the Molten Tianzun.

This is the demon Tianzun, the first to chase down his strong, is his first goal.

Wow. ? Qin Chen stepped on the world, chased, the aura turned earth-shaking, the chaos flowed, the world returned to the ruins, just when Molten Tianzun had just escaped and reached the exit of the ancient chin secret realm, the hand of Qin Chen's stars cut through the void, dense and dense real dragon Long river of sword energy,

It was intertwined into a sword net, combined with the light of the stars, and covered by the light of the stars, the Molten Heavenly Venerate was sealed in a world before it even screamed, and it was cut apart and turned into a long river of molten flames, spewing everywhere. .

"Origin Divine Formation! Seal!" Qin Chen's eyes shot out the formation marks of Origin Divine Formation, and immediately sealed these molten flames in the air, and the chaotic green lotus fire in his body spewed out. Under the sweep of Chaos Origin, the Molten Celestial Venerable exploded and shot Wu

The long river of demon fire pulls toward his body, to seal it up.

"Ahhhhh..."

In that molten flame demon fire was the body of the Molten Celestial Venerable. He wanted to continue to merge and re-condense into the body of the Molten Flame Celestial Venerable, but it was still unable to condense and uttered endless screams.

However, there is still a blossoming flame that wants to rush out of Qin Chen's shackles. After all, he is a strong Tianzun. How can it be so easy to be sealed.

"Devil's Sand!"

In Qin Chen's body, the billowing sand of the devil spouted out, and the sand of the devil in the sky turned into chains, which instantly penetrated the demon fire of the Molten Flame Heavenly Venerable, imprisoning him.

Under the gaze of everyone's eyes, the river of molten demon fire transformed by the Molten Flame Heavenly Venerate was suppressed little by little by Qin Chen and swallowed into the body little by little, without any news.

At this time, Tianzun Gushan and Tianzun Minghai had already escaped the ancient chin secret realm.

"Zhou Mie!"

boom!

Jinlong Tianzun yelled and blasted out with a hammer. The golden hammer shadow overwhelmed the sky and directly hit the back of Gushan Tianzun. The shadow of Gushan Tianzun escaped into the void and let out a scream, blood spattered, and then Disappear.

He was badly injured, severely wounded by the blow of Jinlong Tianzun.

However, the Golden Dragon Heavenly Sovereign could not prevent the Gushan Heavenly Sovereign from escaping. The Heavenly Sovereign powerhouse is extremely difficult to kill, and it is extremely difficult to be trapped if he wants to go down. The reason why the Molten Heavenly Venerable was killed by Qin Chen was entirely because the Molten Heavenly Venerable himself was seriously injured, and Qin Chen possessed the Chaos Qinglian Fire to suppress the opponent. After all, the Chaos Qinglian Fire was fused with the disaster and the underworld fire. Erminghuo is a disaster of the demons

Is it possible to break away from the supreme source flame and the fusion of Molten Tianzun? Coupled with the sand of the devil, the Molten Tianzun was directly pulled and sealed.

Huhuhu!

Between the sky and the earth, the dark whirlwind whizzed, and the entire ten thousand race battlefield was silent.

Outside the ancient chin secret, the powerful of the tens of thousands were shocked and silent.

At this moment, the ancient chin secret realm was completely dilapidated, and everyone was silent and shocked.

terrible!

too frightening.

At this time, everyone looked at Qin Chen, not at a person, but at a demon god, a killing god, and a terrifying killing \*\*\*\* who did no evil.

The five heavenly sovereigns besieged Qin Chen, the result? Qin Chen suppressed the two celestial beings, the falling star Tianzun and the Moltenyan Tianzun.

Tianzun Lingbone lost his head, Tianzun Minghai lost both arms, Gushantian respected the injury and fled in embarrassment.

Such a record simply shocked the world.

All the powerful people of the ten thousand races who saw this scene through the monitoring array were silent, unable to speak a word, and there was an endless shock in their hearts.

The dilapidated ancient secret realm, the ancient secret secret realm that has stood on the battlefield of thousands of races for hundreds of millions of years, because of this battle, it broke directly, and countless dark whirlwinds swept across an ancient secret realm. In this battle In, directly die.

Unspeakable shock.

Qin Chen stood proudly in the dilapidated void of the ancient chin secret realm. He was only a junior of the true dragon clan, but at this moment, no one regarded him as a junior.

"Senior Jinlong Tianzun, are you okay?"

Qin Chen came to Jinlong Tianzun and asked.

"Hahaha, I'm fine, ok, good, I never thought that a genius like you would appear in the true dragon clan. It's incredible, hahaha, good!"

Jinlong Tianzun's dragon scales were shattered and he was covered with blood, but endless excitement and endless pride emerged in his heart.

This battle completely played their true dragon clan's reputation, and it won't take long for the true dragon clan's Tianwei to become famous throughout the universe and spread.

"Let's go, get out of here first."

Jin Long Tianzun said to Qin Chen, it is not the time to be happy, the crisis has not been resolved yet.

boom!

Qin Chen and Jinlong Tianzun stepped forward, and instantly arrived outside the ancient chin secret.

The hearts of the two men sank suddenly.

Because, they felt that in the void of this ten thousand race battlefield, a horrible aura spread from all directions and fell on them one after another.

This is Tianzun strong.

In the void of this ten thousand race battlefield, at this time, countless powerful men have come, and they are dormant here.

If these Heavenly Venerable masters shot together, even if the two of them were strong, they would not escape death.

"Human race boy, be careful, here, there are top-level Tianzun powerhouses." In the chaotic world, Honghuang Zulong said solemnly, with a solemn tone.

#### [Chapter 4086: Yaozu early](#)

Qin Chen also felt that there were many terrifying powers dormant in the endless void, which was mighty and shocking.

Vaguely, Qin Chen seemed to see the powerhouse of the Zerg race, the powerhouse of the Monster race, the powerhouse of the Star Clan, the powerhouse of the Giant race, and even the powerhouse of the Human race...

Qin Chen was shocked, and his eyes were full of killing intent.

No matter what race these guys are from, if you dare to stop him, you will definitely kill them.

If you want to \*\*\*\* something from him, then step over his body.

"go!"

Qin Chen stepped out and said solemnly to Jinlong Tianzun.

Jinlong Tianzun nodded, and the two watched vigilantly, leaving Qin Chen.

However, the two moved slightly, and there were some Heavenly Lords in the void, quietly emerging, blocking their way.

Boom! What appeared in the lead was the appearance of a towering palace covered with flames. When this palace appeared, the void around the battlefield of ten thousand races was shrouded in endless red flames, a sky with crystal-clear hair and sharp claws.

The wolf walked out of the void.

"Sirius Clan Celestial Lord!"

Jinlong Tianzun said solemnly. Beside this Red Kou Tianzun, one with golden fur, one-eyed, scaly abdomen, and fierce claws walked out, and rumbling, a series of terrifying golden whirlwinds surrounded its whole body, and the golden whirlwinds turned out to be roots. Golden

His hair is so sharp that it can penetrate the void. In addition, to the left of the Heavenly Venerable Red Kou of the Sirius tribe, there is a enchanting woman, graceful and slender like a water snake, but her eyes are full of endless charm, and the corners of her mouth are outlined with a sneer. Wow, on her

Lines of fine scale armor appeared and disappeared, disappeared and reappeared.

"Zhai Ru Tianzun, Moon Snake Tianzun!"

Jinlong Tianzun said coldly: "Why, do you demons want to stop me from waiting?"

boom!

The Ten Thousand Scales River was vast, the golden scales swept across, the Golden Dragon Tianzun's tone was cold, without a trace of withdrawal or timidity, there are thousands of laws in the golden pupils, like the world is opening up.

"Monster!"

In the distance, some Celestial Masters in the void sensed that the three powerhouses of the Demon Race came out and whispered. As one of the top ten races in the universe, the Demon Race did have such confidence.

However, the demon race dares to stand out so directly, the celestial lords of other races are still surprised. It should be noted that the previous miserable encounters of the five great celestial lords such as the melting flame celestial master are ahead.

"Hahaha, Golden Dragon Tianzun, you think too much, my monster and true dragons are a family, how can I stop both of them." Chikou Tianzun laughed.

"Then you still don't let go."

Jinlong Tianzun squinted his eyes, and there was a fierce glow in the depths of his eyes. How could he not know the methods of the Sky Wolf tribe? He has always been extremely insidious among the monster tribes. The people who have been overshadowed by him do not know where they are. Can believe. "Golden Dragon God, your true dragon tribe and my demon tribe are originally from the same family. Seeing that the true dragon tribe has a genius, my demon tribe is naturally happy for you. Now that all races are paying attention to the true dragon tribe, why not come to my demon tribe? Be a guest, my monster clan is in this ten thousand clan

There is a big camp on the battlefield, which can protect both of you. "Chi Kou Tianzun said with a smile, squinting.

Go to Yaozu Daying as a guest?

Jinlong Tianzun sneered, "This is not necessary, next time I have the opportunity, this seat will personally visit the Yaozu as a guest, and we will leave today."

Entering the Yaozu camp, isn't this falling into the mouth of a tiger? Not to mention that the True Dragon Race and the Demon Race only once had a relationship. When facing the treasures, some races in the same Demon Race will fight and fight bloodily. It is rumored that this Sky Wolf family once occupied the other Demon Race. Strong family territory, relying on

The terrifying strength made those races dare not resist at all. Who would dare to enter such a camp.

"Hey, Big Brother Golden Dragon, Red Kou Tianzun invited you so sincerely. If Big Brother Golden Dragon doesn't agree, he won't give me the face of the demon race, right?" Moon Snake Tianzun swayed his enchanting posture, giggling, "And , The moon snake sister always respects

A strong man of the Yangzhen Dragon Clan, I really want to talk to you Bingzhuye with Big Brother Jinlong? "

Moon Snake Tianzun said with a chuckle, a faint light radiating from his eyes.

Bingzhuye talk? In the distance, many Tianzun glanced at each other, and his eyes flashed with a trace of jealousy. This month, Tianzun Tianzun is not a jealous, but he is not an easy master. This person is a powerful person in the Viper clan, with extremely harsh methods. The strong who died in his hands do not

Know where.

If Jinlong Tianzun really agreed to her request, he would be eaten immediately without bones left.

"I'm not interested, I said, today, I have something to do, please let the three of you get out of the way, otherwise, I won't blame you for being polite."

Jinlong Tianzun is no longer interested in imagining that the snake is going down with the other party. With a thud, Wanlin River blooms with endless golden light and is about to rush out.

"It seems that Jinlong Tianzun doesn't give face to the moon snake girl." Moon Snake Tianzun said gloomily. "Hmph, your excellency is so majestic." Chi Kou Tianzun's eyes were cold, and a cold light bloomed in his eyes, "Since Jinlong Tianzun is going to leave, then leave this kid behind. This kid is hiding in the Vientiane God to kill my monster race. Of people, my demon will naturally bring back

Ying asked about it, but Jinlong Tianzun, you can rest assured that my monster clan just wants this person to be a guest. "

Chi Kou Tianzun stared at Qin Chen and said.

really!

Many people sneered. The target of the Red Kou Tianzun was obviously the real dragon kid, who really wanted to set up an archway after becoming a bitch.

"Red Kou Tianzun, do you Sirius really want to be an enemy of my true dragons?" Golden Dragon Tianzun roared and boomed, and the pressure of the rolling Tianzun spread out.

"Hmph, I represent the Monster Race, not the Sky Wolf Race. Today, this child must go to my Monster Race Demon Temple for inquiry, otherwise..."

The rolling red flames on Chi Kou Tianzun's body filled out, and the four hoof claws fell in the flame palace, instantly stunned the world.

"Monster!"

Qin Chen's eyes were cold, and he was just about to shoot with Jinlong Tianzun.

But at this moment...

Rumble!

"Crimson Kou Tianzun, just a dead wolf, who gives you the qualification to represent the demon clan and the demon temple."

In the distance, a rumbling roar resounded throughout the world, and in an instant sounded in the hearts of all the powerhouses, like this rumbling roar from the ears of many heavenly masters in the surrounding void, as if to directly explode the heart. general.

This voice was suppressed with endless coercion from Heaven, including Jinlong Tianzun and Qin Chen feeling an astonishing sense of oppression.

The vast battlefield of thousands of races. A vast golden streamer appeared out of thin air. This golden streamer was so huge that it covered the sky and the sun, as if it had covered the entire battlefield of all races in an instant. This golden figure was too huge, vast and boundless, as if from Ten thousand

Coming from the end of the battlefield. This golden figure came to the sky above this world in an instant.

#### [Chapter 4087: good temper](#)

This is a monster beast with golden wings on its back, but looks like a unicorn. Its wings are not too long, covering the sky and sun.

But these are all secondary. Its aura is too majestic, rumbling, he appeared in this world, bang bang bang, this ten thousand race battlefield is rumbling and roaring, the surrounding void is roaring under its breath Bursts, as if to shatter.

this is.....

Many people looked up at the sky in shock. At this moment, the countless tens of thousands of powerhouses present, and many heavenly veterans, were all heart palpitations, and felt an astonishing pressure in their hearts.

"Golden Lin Tianzun!" Chi Kou Tianzun was shocked.

"It's the Golden Scales of the Demon God Temple." Moon Snake Tianzun also changed color, and Zhai Ru Tianzun, who had never spoken on the side, was even more palpitated.

Not only them, but Jinlong Tianzun also looked solemn and his heart sank completely.

On the battlefield of thousands of races, thousands of golden rays of light bloomed, the monstrous figure of the demon race, introverted, turned into a man with an extremely handsome face, a golden robe, very luxurious and unassuming, full of golden long hair flying, unruly. .

"Master Jinlin." Qin Chen's heart was shocked. This person was not someone else. It was the Jinlin he had seen when he asked Hantian in the Eastern Heaven Realm. When Hantian was facing a catastrophe, it was Jin Lin who came forward and resisted. Many sages, otherwise it would be troublesome to ask Hantian

I didn't expect to see it again here today.

However, if Jin Lin didn't know him now, he was Qin Chen who asked Hantian. "Be careful, this person is the Jinlin Tianzun of the Demon Race, the peak Tianzun powerhouse, and one of the titans of the Demon Temple." Golden Dragon Tianzun said to Qin Chen through the sound transmission, he can clearly feel it, even if he faces the five great Tianzuns, he is not afraid. Jinlong Tianzun at the moment

Qi has become extremely solemn.

The name of the person, the shadow of the tree.

The prestige of Jinlin came from fighting with Xiaoyao Supreme of the Human Race. On the battlefield of the two races of Human and Demon, Jin Lin accompanied Xiaoyao Supreme, beheading many powerful demons, rising all the way to the peak, and leaving behind. Prestige.

Otherwise, how could a monster race powerhouse who soared up from the lower plane, like the giants of other top monster race powerhouses, become one of the giants in the Monster Temple?

As soon as the Jinlin arrived, the entire battlefield of the ten thousand races was in an uproar, and many Tianzun powerhouses whispered, and their hearts were heavy. If Jinlin makes a move, the Golden Dragon Tianzun and the real dragon kid will definitely fall into the hands of the monsters, unless the top giants of other races come, such as the Star God Palace Lord, the Dayu Shenshan Mountain Lord, but even these giants want From the hands of Jinlin Tianzun

It's boring to rob people for fear, unless many giants attack in groups.

At this moment, everyone's eyes fell on Jin Lin, and the atmosphere was heavy.

"Golden Lin Tianzun!"

Jinlong Tianzun said solemnly.

"Golden Dragon, I have heard of you." Jinlin Tianzun smiled and said: "You...very good."

Jinlong Tianzun looked dazed, what kind of opening is this? Isn't it a fraud?

Jinlin Tianzun turned his head to look at Qin Chen, his eyes narrowed with a smile.

Feeling Jinlin Tianzun's smile, Qin Chen was a little stunned. He felt that the other party seemed to recognize himself.

impossible?

I am now a member of the True Dragon tribe. Even the Golden Dragon Celestial Venerable cannot see his own specialness. How can the Jinlin Celestial Venerable figure out?

"All the elders of the Yaozu obey the order, leave this place, and let the true dragons leave."

Jin Lin looked at Jinlong Tianzun and Qin Chen with a smile, and then faced Chikou Tianzun and others behind him.

Chi Kou Tianzun's face suddenly changed, and he said in anger, "Golden Lin Tianzun, why?"

"Why?" The eyes of Jinlin Tianzun staring at Chi Kou Tianzun gradually became cold, and he saw a terrifying aura permeating his body, turning into a golden ocean and swept away towards the surrounding void. Oppressed away, suddenly, Chi Kou Tianzun body

The palace above thundered and trembled.

The terrifying golden oppressive force suppressed, causing all the flames around the palace of the Red Kou Tianzun to be extinguished.

The palace of Red Kou Tianzun is like a small boat, swaying in the wide void, as if it will capsize every moment. The surrounding Moon Snake Tianzun and Zhai Ru Tianzun's expressions all changed, and Qin Chen was also stunned to watch this scene. The golden scale Tianzun just released a golden breath, and the oppressive Chikou Tianzun's palace could only barely

block. "The Jinlin Tianzun is really terrifying, its power is endless, and it is irresistible." In the distance, Tianzun exclaimed in secret: "It is said that this Jinlin Tianzun was already the peak Tianzun powerhouse during the war between humans and demons. Now many thousands of years have passed. , This Jinlin Tianzun heal

It's terrible. "

"I'm afraid it's not far from the Supreme Realm, right?"

"Supreme, supreme is not so easy to break through."

The masters of the ten thousand races breathed solemnly.

"So strong!"

Qin Chen was also shocked. At the beginning, Jinlin Tianzun could not make a move at all in the Eastern Heaven Realm. This also caused Qin Chen to not understand the opponent's strength. At this moment, he knew the opponent's terrible.

This Jinlin Tianzun is already so strong, how terrible is Xiaoyao Supreme, the owner of this Jinlin Tianzun?

"Now, don't you go back? You are embarrassed here, and you two, how can you fight with this seat?" Jinlin Tianzun sneered and looked at Moon Snake Tianzun and Zhai Ru Tianzun.

"Golden Lin Tianzun, I'll leave right away." Moon Snake Tianzun had previously beckoned in front of Jinlong Tianzun, but he didn't dare to say anything in front of Jin Lin, turned around and left here.

The Viper family dare not offend the giants of the Demon Temple.

"hateful."

Chikou Tianzun gritted his teeth, but he didn't dare to disobey Jinlin Tianzun's orders. He knew that Jinlin Tianzun was a lunatic. If he really dared to disobey the opponent, he might even kill him directly.

"Farewell."

He gave a cold snort, turned and left here, disappearing.

"Haha, Golden Dragon Tianzun, your true dragons have made a big bargain this time. Next time you have the opportunity, come to my monster clan to sit down, and I will personally accompany you." Jin Lin laughed, and then glanced at Qin Chen. , The whole person has disappeared.

Jinlong Tianzun has been a little confused now.

"This Jinlin Tianzun has a really good temper." In the sky, Tianzun exclaimed: "Rumors say that this Jinlin Tianzun is extremely domineering. I don't think that is the case."

"Good temper?" The Tianzun next to him sneered: "You haven't seen the scene of Jinlin Tianzun's killing in the past, and even the Tianzun masters of the monster race dare to scold like this, but what is the Chikou Tianzun of the monster race? You don't know the character, you are not afraid of the sky

Exist, even if the Jinlin Tianzun scolded him and ran away dingy, if the Jinlin Tianzun had a good temper, would the Chikou Tianzun leave in such a dingy manner? "

That day Zun was stunned.

"Hmph, be careful. There is no one who has a reputation in the universe who is good at it, especially the slaughtered figures like Jinlin Tianzun. If necessary, I am afraid that you and me can be destroyed by turning your hands." Zun said in a low voice that day.

"Yeah." Another Tianzun nodded.

#### [Chapter 4088: Ancient Craftsman Tianzun](#)

Jinlin Tianzun appeared and scolded the master of the monster clan away, making the field silent.

Many people's minds are floating.

With the power of the Jinlin Tianzun, it is entirely possible to capture the Golden Dragon Tianzun and the true dragon clan members, but he is indifferent, and even actively scolds the monster clan masters?

This puzzled many people.

Chaos Supreme Treasure is no trivial matter. It is of great help to Tianzun, especially Jinlin and other peak Tianzun masters, who impact the existence of the Supreme Realm. The demand for Chaos Supreme Treasure should be far more than ordinary Tianzun, and they would rather give up...

This makes many people think and think hard, there must be reasons they don't know, otherwise Jinlin Tianzun would never do it.

He is one of the most lawless beings in the universe. He has always been grumpy and murderous. He is not afraid of the heavens and the earth. He is willing to retreat.

This made many of the powerhouses of the ten thousand races who wanted to take action against Jinlong Tianzun and Qin Chen a little fear and retreat.

"Everyone, do you want to stop me from waiting?"

Jinlong Tianzun and Qin Chen stared into the void, murderous, and the vast Tianzun Qi released.

"Naturally not. The true dragons are one of the ten thousand races in the universe. The treasures in the Vientiane God's Treasure can be obtained by those who can. Naturally, I work hard to do such things. I work hard to congratulate the true dragons. A lot of gains."

In the void, a rumbling roar sounded, and the human race Tianzun spoke.

Days work?

Qin Chen looked up and vaguely saw a majestic figure. Tianzuo Tianzun actually came. I wonder how Wuxue and Ruyue were working in Tianzun?

"It turned out to be the ancient craftsman Tianzun, this true dragon killed you at the Star God Palace of the human race, and the human race, as a top clan, let the masters of the human race and heaven go unpunished."

A gloomy voice suddenly sounded, reaching everyone's ears. "Huh, it turned out to be the puppet Tianzun of the ghost tribe. The Star God Palace is the Star God Palace, and the Human Race is the Human Race. This true dragon tribe is in conflict with the Star God Palace and Dayu Shenshan in the Vientiane God Store. It is to compete for treasures. Star God Palace and Daewoo God Mountain are against each other,

I have never had any personal grievances with the True Dragons in my day job. Why do I want to stand out for the Star God Palace and Dayu God Mountain? The Star God Palace cannot represent my human race. "

Tianzun ancient craftsman Tianzun snorted coldly, "Farewell."

After the words fell, the ancient craftsman Tianzun turned directly and left, Qin Chen vaguely felt the distant void, and a terrible breath disappeared.

"Haha, since Tianjiao has quit, then I also quit the Virtual Temple."

"True Dragon Race, congratulations."

"Farewell!!"

The ancient craftsman Tianzun left, and the other strong human races also turned and left.

This caused the surrounding Ghost Race, Zerg Race and other forces' masters to frown. The two top forces of Human Race and Demon Race are gone, should they make their own moves?

What puzzled them the most was the Demon Race. Among this Demon Race, apart from the slain Molten Flame Heavenly Venerate, no other Heavenly Venerates arrived. This was far from the status of the Demon Race.

There is more than one big camp for the demons on the battlefield of ten thousand races. After so long, it stands to reason that other Heavenly Lords should have arrived, and there is no news?

There is weird.

The Ten Thousand Clan Tianzun present felt something wrong.

Whether it is the monster, human, or demons, they all feel an unusual aura.

"go!"

Seeing that no one answered, Jin Long Tianzun yelled, rumbling, the golden river engulfed him and Qin Chen, and quickly flew towards the outside of the ten thousand race battlefield.

In the void of the four directions, Ten Thousand Clan Tianzun watched the two leave, hesitated for a long time, but in the end no one dared to take action and let Qin Chen and the others leave.

This battle finally ended.

And everything that happened here, like a hurricane, spread rapidly throughout the universe.

The whole universe was a sensation.

Huhu!

Qin Chen and Jinlong Tianzun swiftly flew across the void in the endless battlefield of ten thousand races.

"Weird, the monster race and the respected person actually gave up the siege of us, it is really weird."

On the way, Jinlong Tianzun was still a little puzzled.

Qin Chen also showed curiosity in his heart. He now looks like a true dragon. According to the truth, no one knows his identity, but for some reason, he always feels that the Jinlin seems to recognize himself.

"Don't care about it, your name is Long Chen? Hahaha, I don't think that my true dragon clan actually has a genius and powerful like you. This time I return to the true dragon ancestor land, the patriarch and ancestor will be extremely excited."

Jin Long Tianzun looked excited. When he received the order from the patriarch, he just wanted to rescue the younger generation in his clan at once, but he never thought that Qin Chen's strength was so terrifying, he was afraid that he would not give up more than himself.

Inexplicably more of such a top expert, the patriarch and ancestor must be extremely excited.

"Patriarch? Patriarch?"

Qin Chen felt guilty in his heart. He knew that he was not a true dragon. If the patriarch and ancestor of the true dragon caught the clue, it would be troublesome.

Pretending to be the true dragon clan, the true dragon clan master will definitely be angry.

"True Dragon Ancestral Land, Human Race kid, you follow him, my ancestor promises you are fine."

Honghuang Zulong seemed to know Qin Chen's worries and said with a smile.

He is the true ancestor of the True Dragon Clan, and he is worried about not being recognized by the True Dragon Clan?

"You can only take one step and count one step." Qin Chen is not so optimistic. The ancestral dragon is indeed born in the ancient world, the ancestor of the true dragon clan, but after all, he is a strong man before countless years, I am afraid that it is true now. The ancestors of the dragon clan had never seen him at all, even if they knew

What will be the consequences of the identity of the great ancestor dragon is not yet clear.

What's more, Senior Honghuang Ancestral Dragon now has only one remnant soul left, not in his heyday.

"Senior Jinlong Tianzun, where are we going now?" Qin Chen asked, it was not like leaving the ten thousand race battlefield. "Although my true dragons have never had camps on the battlefield of ten thousand races, there are also some simple points, which have teleportation wormholes, which can lead to some areas near the true dragon ancestors. The purpose is for my true dragons to enter ten thousand. Clan battlefield experience

And practice, as long as we enter the wormhole, we are truly safe. "

Qin Chen nodded, and then asked, "After entering the wormhole, did he directly reach the True Dragon Ancestral Land?"

"Haha, that's not naturally." Jinlong Tianzun smiled, "The location of my true dragon ancestral land is extremely secret. It has always been a secret in the universe. Entering the wormhole is not enough to enter the one near my true dragon ancestral land. In special areas, it's not so easy to reach the real dragon ancestors

. "Qin Chen's heart moved. If this is the case, he can leave the battlefield of the Ten Thousand Races through the True Dragon Clan wormhole, and then find another excuse to leave. It will naturally be safer to go to the True Dragon Ancestor Land when he is ready.

#### [Chapter 4089: Supreme big hand](#)

When Qin Chen and Jinlong Tianzun flew quickly on the battlefield of ten thousand races. In the endless starry sky above the battlefield of ten thousand races, in the depths of the universe, in the dark ruins in the depths of many stars, suddenly a pair of eyes filled with endless darkness opened, vaguely, as if seeing A figure that reaches the sky

, is staring at the ten thousand race battlefield below. If at this time, the top celestial masters look at the starry sky, you can see the battlefield of ten thousand races, just like a huge land suspended in the dark world, boundless, and around that huge land, there are countless of

The stars, halos like eggshells, enveloped the battlefield of ten thousand races. And the entire battlefield of ten thousand races was shrouded in a halo like an eggshell. Looking carefully, the battlefield of ten thousand races is layered on top of each other, layer by layer. I don't know how much space is hidden, not just on the surface, but hidden inside. Endless

Mystery.

This is a lot of secrets and dangerous places, and countless spaces are folded.

And outside the battlefield of ten thousand races, there are endless nebulae. Each nebula contains hundreds of billions of stars, and there are countless creatures on it. Among those nebulae, there is even more mysterious void.

The entire universe, I don't know how big, how many races, how many powerhouses with supernatural powers, and how many legends are being played every moment.

At this moment, this pair of eye pupils actually looked at the battlefield of ten thousand races from the endless dark ruins of the universe, penetrating layers of space, layers of secrets, layers of nebula, layers of planes folded, and finally landed on Qin Chen and Jinlong Tianzun's body.

Suddenly, a terrifying figure towering over the dark ruins appeared, and a terrifying super hand suddenly appeared in the endless starry sky! This super big hand is much bigger than anyone imagined. It flew out from the other end of a huge nebula, and the palm of the hand could actually cover the entire nebula, covering some of the stars' light, exuding monstrous light. Devilish

, Grabbing Qin Chen's location.

This terrifying big hand's violent demonic energy fluctuations directly caused some nebulae around to disintegrate, and countless stars burst out. Such a terrifying existence is no longer a method of the Celestial Lord level. No matter how strong the Celestial Lord is, this terrifying method cannot be used. From the remote battlefield of the ten thousand races directly onto the battlefield of the ten thousand races, the space of the universe fundamentally blocks them. Can't do this

Big hands, layers of space seem to be non-existent, this is clearly the kind of peerless powerhouse with extremely terrifying cultivation. ? This terrifying giant demon hand grabbed Qin Chen and Jinlong Tianzun. It is conceivable that as long as it is caught, Qin Chen and Jinlong Tianzun will be crushed into ashes instantly, leaving nothing behind. , Heaven and earth, no one

Jinlin Tianzun wouldn't be able to save them.

Because of such a terrifying big hand, Jinlin Tianzun could not resist.

The magical power that can travel through the endless void and directly descend on the battlefield of ten thousand races from the billions of stars is no longer the power that a strong man of the Tianzun level can imagine.

At this time, Qin Chen, who was on the battlefield of ten thousand races, was completely unaware of the appearance of this big hand, because he could not see the scene of the endless starry sky above the battlefield of ten thousand races.

But all of a sudden, he was suddenly excited, as if there was a haze over his soul, a huge panic, covering all of his soul, at this moment, he felt great danger?

"what happened?"

This kind of strong sixth sense shocked Qin Chen's heart. He hurriedly calculated his fate. After a long river of fate, he saw that his fate was enveloped by layers of black mist, and a breath of death radiated.

Life and death crisis. Qin Chen's heart was pounding wildly. He didn't know what was going on, but it was definitely very bad, because the entire void of the Ten Thousand Races battlefield began to rumbling and roaring like an earthquake. He didn't know where the danger was. pass

Handed over.

"Human kid, it's the starry sky. Above the starry sky above us, there is a terrifying force that is suppressing it. No, at least it is a master of the supreme level."

Honghuang Zulong and Blood River Saint Ancestor were furious.

"sky?"

Qin Chen looked up and saw only the dark starry sky and endless stars, but could not see any shadows.

Rumble!

At this moment, not only Qin Chen, but also the countless powerhouses on the battlefield of Ten Thousand Races felt a strong heart palpitations, and their souls burst into pieces.

Above the endless void, that super magic hand was about to be caught.

at this time!

From the other end of another nebula in the Great Ruins of Endless Darkness, with a sudden bang, a super-powerful hand with dazzling light also flew out and directly grabbed the terrifying hand.

boom! Two big hands covering the sky, fighting in the vast dark sky and stars, the previous horror hand was grabbed by the later super big hand, shrank, suddenly pinched a fist, and the void seemed to light up A few mysterious runes, one

Boxing out.

Rumble! Rumble!

Thousands of stars disintegrated, and stars burst into pieces, turning into infinite meteorite fragments, drifting in the universe.

"The ancestor of the deep demon, you are also a strong man about to surpass the supreme level, hiding in the dark to make such a shot at the junior, is it too much?"

The rumbling roar resounded, and at the other end of the endless nebula, a majestic figure emerged, standing upright and boundless.

This is a strong human race, but his figure is extremely majestic, invincible in the world, and his eyes are like nebulae, blooming with divine rainbows.

"Xiaoyao Supreme!"

A cold and dark shout sounded, with resentment and anger.

The person who displayed the hand of the Heavenly Demon turned out to be the ancestor of the Demon Race, the ancestor of the Abyss Demon.

It's no wonder that the Demon Race did not have a master. It turned out that the ancestors of the Abyssal Demon had been ambushing here long ago and wanted to perform a killing blow on Qin Chen.

At this moment, a figure wearing a magic robe appeared in the endless darkness. Although he did not show his face, he felt like a source of ten thousand demons. The billowing demonic energy was released from him, really like It is a demon who travels.

"Xiaoyao Supreme, you shouldn't stop me." The Ancestor of Abyss Demon snorted coldly, "You should know that you and I have the same purpose, and what I do is not only for my demons, but also for this. All the creatures of the universe."

Xiaoyao Supreme sneered, "No, we have different paths and different goals. The ancestor of the deep demon, you should go. Don't forget the promise that the Supreme Power can not enter the battlefield of ten thousand races. Do you want to set off another one? Is there a big war?"

The ancestor of Yuanmo sneered: "Xiaoyao Supreme, do you think that your ancestor is afraid of you? It just so happens that the ancestor wants to see if you have made any progress in your cultivation level after so many years."

boom! The ancestor of Yuanmo coldly killed Xiaoyao Supreme.

boom!

Unimaginable in this battle, in the endless darkness of the big ruins, the dark and lonely star field turned upside down, and the two heavenly figures collided, causing billions of ripples in an instant.

Silently.

The countless rays of light in this dark ruins disappeared, and only the rules flowed.

The Supreme is too powerful and has reached the extreme point that this universe can bear. If the Venerable is beyond the existence of the heavens and is not tolerated by the universe and the heavens, then the supreme has reached an extreme in the suppression of the universe and the heavens. The only thing in the universe that can suppress them is nothing but the supreme rule of the universe.

Then.

It can be said that when the supreme makes a move, the heavens of the universe must follow their will and cannot resist. What a terrible power this is.

The Supreme said that if there is light, there must be light in the universe, and the Supreme said that if there is fire, there must be fire in the universe.

Under the supreme rules of the universe, the Supremes are the universe and heaven.

One of the ancestors of the deep demon is the ancestor of the current demon race, Xiaoyao Supreme, and the other is the leader of the Human Alliance. They are not ordinary supreme levels, and they have already touched the peak of the supreme, which can be regarded as the strongest level in the universe.

They don't need to take any action at all,? The sky is trembling, the earth is cracking, the wind and clouds are turbulent, the boundless universe and heaven surround them, controlled by them, and they evolve into a series of attacks and blast out.

boom! If it were not for the supreme rules of the universe between heaven and earth to suppress the two supreme faintly, their attacks could even pierce the universe, rumbling, the origin of the universe

seemed to have been induced, suppressed, and prevented them from causing terror to the universe.  
hurt

If the Supreme takes action, the universe will be hurt. "Xiaoyao Supreme, why bother? You and I are all pursuing the path of detachment, truly free from the rule of this universe. You and I know that if you are not detached, you will never live forever. On the day of the most terrible era of disasters, As the universe dies

Death, I am on the right path. "

The ancestor of the deep demon Longlong said, the universe and heaven shattered under his voice, and his eyes were like the sun and the moon, stepping over and taking control of the sky. "No, you are only on the path of destroying the universe. In order to seek transcendence, you gave up the world where you were born and raised you, and gave up the billions of creatures in this universe. Doing so will only accelerate the arrival of disaster. Make you succeed, this universe

Hundreds of millions of creatures in China will die because of you. "

Xiaoyao Zhizun said coldly, his figure is actually not that tall, it is only the height of ordinary people, but ordinary people seem to look up to a billion-meter-high god, only to worship. "You are too kind." The ancestor of the deep demon sneered and said: "In this universe, apart from me and others, there are only ants. Why should the gods care about the life and death of the ants? You are the pinnacle supreme. If you and I join hands, Why don't you worry about it?

If you dare to stop me, the ancestor can only kill you, why bother for a little ant to be the enemy of the ancestor, hand him over, you can leave alive. "

"Foolish people talk about dreams." Xiaoyao Supreme said scornfully: "You and I are different, don't seek each other, why don't talk nonsense."

"Stubborn!"

The ancestor of the deep demon roared and boomed, and the power of the dark origin swept out of his body.

Rumble!

In the cosmic sky, countless dark thunder lights emerged, and the supreme rules emerged, madly suppressing the ancestors of the deep demon.

This is the source of darkness.

With such a terrifying concentration of the dark source power, even the supreme rule of the universe cannot withstand it, and it must be suppressed and suppressed.

"Hahaha, the rules of the universe, still thinking about suppressing the ancestor? The ancestor is destined to be a detached person, you can't suppress it."

boom!

The ancestor of the deep demon was surrounded by dark light, fused with his own devil energy, and there was a taste of bright combination, a feeling of mellowness.

Suddenly, the suppression of him by the rules of the universe was significantly weakened, as if he couldn't sense the power of darkness in him.

"Ok?"

Xiaoyao Supreme changed his color, the ancestor of the deep demon's understanding of the power of darkness unexpectedly reached such a level, there was a feeling of tonghui and clear heart, how did he integrate the power of darkness with his own power so perfectly? The power of darkness is transmitted from the dark forces outside the universe, and has always been suppressed by the supreme rules of the universe. If the ancestors of the deep demon truly integrate this power of darkness with their own magic source, the supreme rules of the universe cannot be detected and suppressed, then To the universe

The destruction of the rules will be extremely shocking and terrifying.

"Send you on the road."

The ancestor of the Abyssal Demon opened his mouth, his voice overbearing, full of Demon God Emperor's might, and immediately caused countless stars to tremble. If there is a Venerable here, just this breath can make them shatter their hearts and souls. "Ancestor Yuanmo, do you really think of yourself as invincible? It's just a dog of the dark forces." Xiaoyao Supreme sneered. He actually took the initiative and pressed it out with one hand. A light suddenly appeared in his body, booming, and turned into a simple tall Tower, blooming scary

The chaotic aura, to the suppression of the ancestors of the deep demon.

On this high tower appeared one after another ancient runes, and the height of the rules was exceeded, as if to reveal the true meaning of heaven and earth.

"Huangtian Tower!"

The ancestor of the Abyss Demon Longlong said, his eyes suddenly became solemn, and he bullied himself up.

Cang Dang!

The power of darkness collided with the Wild Tower, inspiring billions of divine light.

at this time.

On the battlefield of ten thousand races, some strong men finally felt the battle in the depths of the endless starry sky, one by one raised their heads, as if vaguely aware of something.

However, deep in their hearts, they felt trembling, and they didn't even have the courage to go up and look at it, because they all had a feeling that if they dared to go up like this, they would be frightened and wiped out.

boom! boom! boom!

The two supreme beings are at war. This is terrible. The world is torn apart by life, as if the end of the famine is coming.

universe.

The vastness is unmatched.

The battle between Yuanmo ancestors and Xiaoyao Supreme also shocked the attention of countless powerful men in the depths of the universe.

One by one, eyes that looked like an abyss opened in the depths of the universe, staring at it through hundreds of millions of time and space.

"Ancestor of Abyss Demon!"

"Xiaoyao Supreme!"

The whispered thunderous roar echoed between the heaven and the earth.

"go!"

On the battlefield of Ten Thousand Clan, Qin Chen and Jinlong Tianzun also felt this terrifying aura, and the two quickly flew by.

"Long Chen, there are supreme-level powerhouses fighting in this endless void on the battlefield of ten thousand races, go, go quickly."

Jinlong Tianzun exclaimed in surprise.

"Supreme class."

"It's the supreme class."

Jinlong Tianzun had fear in his heart, and he was well-informed, but facing the supreme-level powerhouse, he was still a little horrified and shocked.

That's a supreme master. These existences are almost all the ancestors of some powerful races in the universe, and the universe will be exploded when they turn their hands, and they are simply not able to resist.
